VOLUME 82 NUMBER 13

## Drug, Alcohol Survey Reveals Usage by Silverton Students

Results of the American Drug and Alcohol Survey given last October to Silverton Independent School District students indicate that 79% of high school students and 33% of junior high students had used alcohol at least once during the twelve months just prior to the survey being given. The survey was sponsored by the steering committee for Drug and Alcohol Free Youth with Emmett Tomlin as its president. The sixth through twelfth graders in Silverton Independent School District participated in the survey.

The 56-question American Drug and Alcohol Survey, which was developed by Rocky Mountain Behavioral Science Institute of Fort Collins, Colorado has been given to over 250,000 students nationwide. The young people were asked questions about the amounts and types of drugs they have taken, and their beliefs and experiences regarding drugs and alcohol.

While alcohol was listed as the

drug of choice by the Silverton youth surveyed, 11% of the high school students participating indicated that they had used marijuana at least once during the last twelve months. The results also showed that almost any kind of drug used by young people is available, to some extent, to Silverton youth.

Since the survey was given at school, some people may associate drug and alcohol use with school; however, the survey showed that the majority of Silverton young people using drugs and alcohol did so away from school mainly at night with friends, at weekend parties, and while driving around. Young people's drug and alcohol use should be a community concern, the report said.

The report also discussed the young people's perceptions of the harm drugs can cause. While alcohol and marijuana are often viewed as relatively harmless when compared to other drugs, the report warned that these two

substances can be dangerous. Drunk driving is the most obvious threat from alcohol. The report showed that 52% of Silverton Independent School District 9-12th graders have used alcohol "while driving around". Fatal alcohol poisoning and various negative effects from mixing drugs and alcohol also endanger many young people.

While acknowledging the dangers of the various drugs that Silverton youth have been exposed to, the survey report stressed the need to avoid sensationalism regarding the results. The report said it is important to neither overstate nor understate the drug and alcohol use situation among Silverton youth, but to use the data as a solid base on which to build community drug and alcohol use prevention and treatment efforts.

## UIL One-Act Play To Be Presented

The Silverton High School UIL One-Act Play will be presented for the public at 7:00 p.m. Thursday, March 29. Admission will be \$2.00 for adults and \$1.00 for students.

Title of the play is "Breaking Up Is Hard To Do" and is a comedy. The students who will be acting in the play are Penni Fogerson, Teddy Hubbard, Joey Leal, Kirk Couch, Julie Towe, Bryan Ramsey, Tracy Tomlin and Kendal Minyard. Rob Weak, Jim Cogdell and Emmy Garcia are the stage crew. Juannah Jennings is the play director.

The play will be presented for the school March 29 and will be presented for UIL competition at 6:00 p.m. Friday, March 30, at Paducah High School.

## Windbreaks Should Be Planted Early

A proposed windbreak planting site should be examined at least one year before the actual planting is made. This allows sufficient time to determine what land preparations are needed. Properly located windbreaks shield homes, livestock and crops.

Conifers and evergreens form the best protection and they

## Caprock Jamboree Set For April 7

Saturday, April 7, beginning at 7:00 p.m., the Caprock Jamboree will host three new groups. The Plus 50 Fashionettes and The Half-Price Band from Clarendon and The Light House Singers from Dimmitt will provide a variety of entertainment for your enjoyment.

The Valley Methodist Youth will begin serving the meal at 6:00 p.m., so come early and help support these young people.

If you know of a band that would like to be a part of the show, have a representative call (806) 847-2619 before noon Fri-

day, April 6.

It is exciting to see the continued growth of the Jamboree. The March Jamboree had over 500 in attendance from 35 different towns and communities.

All this would not be possible without the support of the local and area newspapers and area radio stations. One of the best advertisements for the Jamboree is friends telling friends.

Don't forget! Bring your lawn chairs, and if you have extra chairs and don't mind sharing, bring them also.

## Community Support Coming In For Senior Soberation '90

Community support for "Senior Soberation '90", a chemical-free graduation night celebration for ALL Silverton High School students, is evidenced by the willingness of local businesses, organizations and individuals to respond to requests for door prizes, food items and donations to this event.

Donors who have pledged contributions since last week's publicity are Briscoe Implement,

Randy Finch and Frito-Lay, Allsup's Convenience Store, Jerry's Malt Shop, Progressive Extension Homemakers Club, Mary John's Flowers & Gifts, ZZZ Services, and Carolyn Luckenbach.

Musical entertainment, games, videos, food and door prizes for all high school students attending will be provided by the generous donations of local and area merchants, clubs and citizens.

The Seniors of '90 hope to start a tradition that will continue for future Senior classes and high school students and that will be supported by all parents who want to provide their young people with a safe environment in which to have fun.

Donations of gifts, food items, or other support may be made by contacting a Senior parent or by making a contribution to the Senior Soberation '90 account at First State Bank.

## Prospective Workers To be Tested Here

The U. S. Census Bureau has issued another call for additional Briscoe County residents to apply for temporary jobs still open.

Applicants for the temporary positions must be 18 years old or over, United States citizens,

should be the heart of any windbreak. A single row of evergreens about 15-20' apart will give good protection. If space is available, a three-row windbreak with two rows of evergreens and a row of shrubs or hardwoods will grow into an attractive shelter that will protect against the coldest winter winds.

The Caprock Soil and Water Conservation District will be ordering trees again in December for the citizens of Briscoe County. If you need assistance in planning a windbreak, contact the Soil Conservation Service office in Silverton, 823-2320.

have valid driver's licenses, social security cards and take written tests.

Census work will last between two and eight weeks for most work.

Tests will be given at 2:00 p.m. on Wednesday, March 28, and Tuesday, April 3, at the Silverton City Hall, 409 Broadway, Silverton.

Applicants should allow approximately two hours for testing and completing of employment applications.

## Breast Cancer Screening Offered Here

The Breast Cancer Screening Project of the Don and Sybil Harrington Cancer Center and High Plains Baptist Hospital of Amarillo will offer breast cancer screening clinics in Silverton and Quitaque.

A clinic will be held in Silverton on Monday, April 23, from 10:00 a.m. to 2:30 p.m. at the Briscoe County Clinic.

A clinic will be held in Quitaque on Friday, April 27, from 10:00 a.m. to 2:30 p.m. at the Methodist Church.

Exams are done by appointment only. For more information about the clinic or to make an appointment, please call the Harrington Cancer Center at (806) 359-4673 or toll free at 1-800-274-4673.

Individual clinic dates for Silverton and Quitaque will be scheduled for future clinics based on community response.

Early detection of breast cancer is the major goal of cancer control for each woman seen in the clinic, which provides low-cost screening which includes a breast exam by a registered

nurse trained in breast cancer detection, teaching of breast self exam, and a mammogram. Individuals will be notified of their results by phone, and their physician will receive a copy of the mammogram report. Financial assistance is available through the Texas Cancer Council for those who qualify.

Currently, the most effective method know to win the battle against breast cancer is early detection. Early detection is best done by following the guidelines recommended by the American Cancer Society for breast cancer screening for women who have no signs or symptoms of breast cancer. The guidelines are:

1. Learn and perform breast self examination every month.

2. Have a physical examination every year.

3. Have a mammogram according to the recommendations by age.

Age 35 to 40: one baseline mammogram

Age 40 to 50: a mammogram every one to two years.

Over 50: yearly mammograms.

## Excitement Abounds In Little Dribbler Games

There was much cheering by fans as their favorite teams won games at Little Dribblers Monday night. Teams that hadn't won a game all season won and teams that hadn't lost a game lost, to the sadness of their fans.

Beginning with the fifth and sixth grade teams, the Gray Team, coached by Max Weaver and Paula Bomar, suffered an

extreme loss late last week when one of their best scorers, rebounders and ball handlers, Phil Patino, suffered a broken arm. The team, which hadn't lost a game all season and hadn't been challenged much, dropped their Monday night match, 18-6, to its nemesis, the Black Team, coached by Bill and Janinne Brooks. Of course, the Black Team fans were elated over the victory while at the same time wishing the injury had not occurred.

Black Team scores were made by Christina Stephens, six; Jeremiah Brooks and Kristi Smith, four points each; Jonathan Ivory and Zeb Holt, two points each.

Scoring for the Gray Team were Anthony Gamble, four points, and Patrick O'Neal, two points.

The Navy Team, coached by Ken Sarchet and Barry Francis, won its first game of the season, taking a 22-16 victory over the Red Team, coached by Larry Comer. There was lots of excitement in this game because of Cy Comer and Brandon Sarchet both hitting three-point baskets.

Scoring for the Navy Team were Brandon Sarchet, 13 points; Roderick Ivory, four; Lori Brannon, three, and Lupe Vargas, two points.

Red Team scores were by Cy Comer and Dedra Johnston, six points each, and Rico Cordes, four points.

In the third and fourth grade division, the Red Team, coached by Dwight Ramsey and Jimmy Burson, defeated the Blue Team, coached by Gary Weaks and Bill Brooks, in Monday night's case coached by Cathey Weaks and Janinne Brooks, 8-2.

Red Team scores were made by Trey Wyatt, four; Kenzie Burson and David Donahoo, two each.

Trey Ziegler made both the Blue Team points.

The Green Team, coached by Barry Francis, was defeated 18-4 by the Yellow Team, coached by Ken and Nancy Wood. Scoring for the Yellow Team were Jay Arnold, eight; Leland Wood, six; Lacy Brunson and Chris Justice, two each.

Jared Holt made all four points for the Green Team.

The Little Dribbler action resumes Friday night. If you want to enjoy a good time for an admission fee of 25c, don't miss it!

## New Arrival

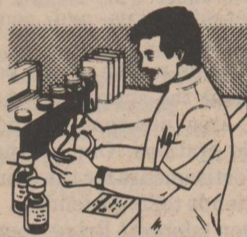

D'Nae Rachelle Kellum arrived at 2:58 p.m. on March 8, 1990 at High Plains Baptist Hospital in Amarillo. She weighed seven pounds and seven ounces, and was 21 inches long.

Parents are David and Denise Kellum. Brothers who greeted her arrival are Desley, Derek and Dean, and one sister, D'Anna.

Grandparents are Myra and Wally Berner of Spearman and Allen and Frances Kellum of Lubbock.

Great-grandparents are Mr. and Mrs. E. W. Dickson of Spearman.

When active, the Paricutin volcano, in central Mexico could spew four million pounds of rock and lava into the air in one minute.

### Health Screening Planned in County

Health screenings, sponsored by the County Extension Home Economics Committee and the County Extension Service, are again being held in Silverton and Quitaque.

Cholesterol, triglycerides and glucose screenings will be offered on April 4, from 10:00 a.m. to 4:00 p.m. in the Silverton City Hall and on April 10, from 10:00 a.m. to 4:00 p.m. at the First National Bank meeting room in Quitaque.

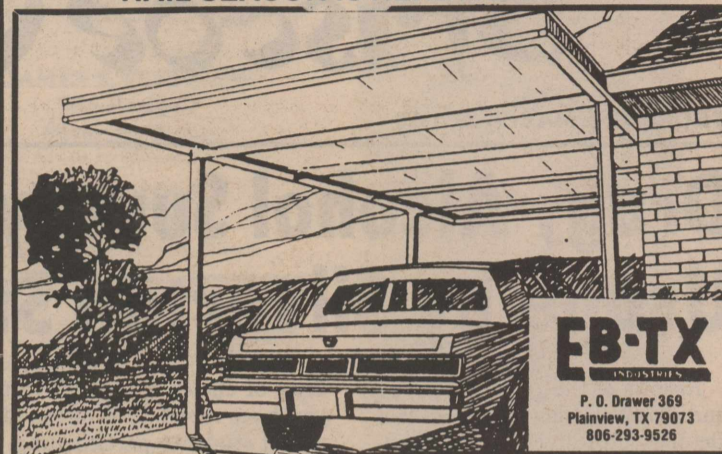

Cost of the cholesterol check is \$6.00. The cost for all three tests—triglycerides, glucose and cholesterol—is \$15.50. A 12-hour fast is required for the triglyceride test.

The committee encourages everyone who had a cholesterol reading of 200 or above at the screenings last year to be re-tested to determine whether diet modification had resulted in a reduction of the cholesterol level.

The committee also is sponsoring breast cancer screening in conjunction with National Cancer Control Month in April. Mammography exams will be conducted by the Don and Sybil Harrington Cancer Center and High Plains Baptist Hospital of Amarillo on Monday, April 23, from 10:00 a.m. to 2:30 p.m. at the Briscoe County Clinic in Silverton and on Friday, April 27, at the First United Methodist Church in Quitaque.

Exams are by appointment only. To make an appointment, call the Harrington Cancer Center at their toll-free number, 1-800-274-4673.

## Mother-Daughter Spring Dinner Planned Here Soon

A Mother-Daughter covered dish dinner will be held for junior high girls and their mothers from 6:00 until 9:00 p.m. Tuesday, April 17, in the Silverton School Cafeteria.

Each mother and daughter attending is asked to bring a covered dish for the meal.

Tips on skin care and hair styling are planned, and a program on Teen Sexuality will be given by Joyce F. Hardin, associate academic dean/professor of education at Lubbock

Christian University.

A senior next school year, she will begin her fourth year as a cheerleader at Brownfield High School.

Miss Stafford, granddaughter of Shafe and Jonnie Weaver of Silverton, was named to the All-Regional Tennis Team, along with eleven of her BHS teammates. The honor was bestowed by the Texas Tennis Coaches Association.

Miss Stafford is a former Silverton resident.

Joyce F. Hardin

Christian University.

Mrs. Hardin is the wife of Daniel C. Hardin, professor of bible and missions at Lubbock Christian and an elder at Broadway Church of Christ. She served as a missionary to South Korea 17 years, has been a public school teacher/reading specialist, was an administrator six years, was a professor at Korea Christian College 12 years, at Abilene Christian University one year and has been a professor at Lubbock Christian 12 years.

She has been a speaker for retreats, ladies' days and workshops for teacher training. She is a coordinator for the women's ministry at Broadway Church of Christ in Lubbock. She has contributed articles and essays to publications in Korea and the United States and has won numerous honors.

Mrs. Hardin is the mother of three married daughters and has six grandchildren.

She will present two topics at the Silverton meeting. Session I will explore "Sexuality—A Gift from God" and Session II will have the topic, "Virginia Slim Model or the Esther Model?"

### Comings And Goings

Arch and Sybil Martin met their grandsons, Tanner and Tatum Cartrite, in Claude Sunday, March 11, and brought the boys here to spend the week visiting relatives. Their mother, Robbie Cartrite, came Tuesday and the group went to Hereford to pick up Cody Whitfill and then traveled on to Amarillo to meet the plane bringing Sue Lynn (Allard) Morris for a visit from Wurtsmith Air Force Base in Michigan. Cody had to return to school at Hereford after meeting his mother's plane, but came to Silverton on Friday, March 16, to rejoin the family group.

Sue Morris and Robbie Cartrite drove to Abilene to visit the air base and look at houses. Sue and her husband, Allen Morris, will be transferred to Abilene October 31.

Saturday, Mitch, Angie and Cassidy Martin had lunch with the family, and Friday, March 23,

Mr. and Mrs. Stan Fogerson announce the engagement and approaching marriage of their daughter, Kristy Lynne, to Jeffrey Lynn Dorman, son of Mr. and Mrs. Roger Dorman of Plainview. The bride-elect is the granddaughter of Mrs. Sylvia Fogerson of Silverton and Mrs. Bailey Elliott of Matador. The prospective bridegroom is the grandson of Mr. and Mrs. Owen Brannon of Clayton, New Mexico. A May 19 wedding is being planned at the Church of Christ in Silverton.

Sybil and Cody returned Sue to the air terminal for her return flight to Michigan.

tha Mae Allard and Jettie Hardcastle this past week.

Mrs. Pearl Burnett of Wayside, Mr. and Mrs. Hubert Hutchins of Portales, New Mexico, Mr. and Mrs. Joe Childress of Fritch, Captain Sue Lynn Morris of Michigan and her son, Cody Whitfill of Hereford visited Ber-

"The Star Spangled Banner," when it was first published, bore the title "The Defense of Fort McHenry."

# Briscoe Cultural Arts Fair Survived the Great Ice-In Sat.

The Briscoe County Extension Homemakers Council would like to thank all the brave souls who attended the first Briscoe County Cultural Arts Fair Saturday. It was a very slick and icy day, but all of the exhibits were fine example of the artistic abilities of many Briscoe County residents. The sponsoring organization really appreciated the artisans who took the time and risked life and limb to place their work on exhibit.

Exhibitors in Class I for Extension Homemakers were Melissa Estes, Angie Smith, Lanita Cantwell, Christine King, Virginia Hardin and Valrie Graham.

Virginia Hardin received the Best of Show designation for her photography titled "Memories".

Other Class I winners were Melissa Estes, first for Handcrafted Toys, first for Ceramics,

and first for Miscellaneous, a vest made from vintage embroidery pieces.

Angie Smith won second for Miscellaneous, with a bandana hair wrap, necklace and earrings set.

Valrie Graham received first-place for her Oil Landscape.

Christine King received first place for her Quilt entry.

Lanita Cantwell received second for her Photography entry, "Holly Beth."

Class II was for 4-H and other youth under 18 years of age, and Penni Fogerson won Best of Show with a Pastel work.

In Class III, Madeline Stone won Best of Show with a China Baby Doll and second with a Handcrafted Toy Cloth Rabbit.

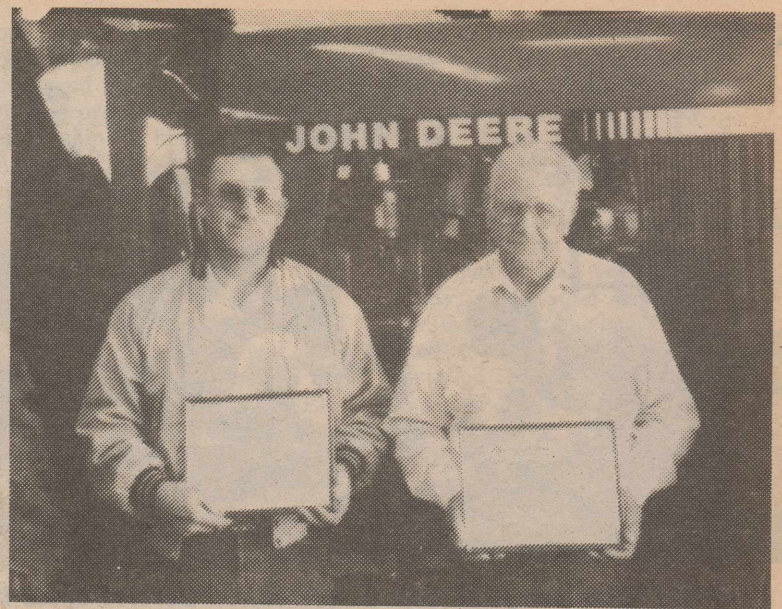

Exhibitors in Class II included Doyle (Spud) Tiffin, Wooden Coyote; Elton Cantwell, Photography Landscape; Lydia Se-

gura, Fiber Arts, Crocheted Afghan; Carolyn Luckenbach, Paintings, Floral Still-Life; Lois Walker, Quilts, Machine Quilted; Louise Chandler, Quilts, Hand Quilted.

Next year all three classes will be divided into categories so that quilts will not be competing against paintings, etc. The response was great in all classes for a first-time event and in such poor weather.

It is hoped to build on this beginning Fair and make it an event that will draw more exhibitors and viewers as the years go by.

There is a whole year available to prepare for the next Briscoe County Cultural Arts Fair, which is open only to residents of Briscoe County, without regard to race, color, religion, handicap, national origin or socioeconomic level. There are no entry fees.

David Johnston and A. R. Martin attended an advanced electrical and hydraulics diagnostics school on Row-Crop Tractors recently at Amarillo College. John Deere Factory-trained instructors and Area Service Managers conducted the school, featuring John Deere's latest technology in electronic warning systems, engine controls and electronically activated hydraulic systems. They were required to pass a "hands on" proficiency test before being awarded a certificate of completion for the course. Briscoe Implement's investment in this type of service training is proof of a commitment to provide the type of product support their customers deserve.

# Globe-News Spelling Bee Held in the Silvertown Schools

The annual Amarillo Globe-News Spelling Bee was held in the Silvertown School Auditorium March 9. There were 28 participants this year, ranging from the fourth grade to the eighth grade. Mrs. Debbie Holt was the director and pronouncer for the Bee this year, and Mrs. Mary Ann Rauch and Mrs. Shirley Reynolds served as judges for the event.

Many participants were eliminated in the first round of competition. The ones who sur-

vived the first round received healthy applause from the audience.

The spellers were finally narrowed down to two, Marshall McCammon and Johnny Patino. Johnny was given the word "checkered", misspelled it and this gave Marshall a chance to spell it correctly. He did and successfully spelled the next word "chewy" which won the competition for him the second year in a row.

Johnny will serve as first

runner-up and in the event that Marshall is ill on the day of the next competition, he will go in his place.

The Regional Spelling Bee will be held at West Texas State University in Canyon on April 14. A luncheon will be served for all area champion spellers and their parents, with the competition to begin at 1:00 p.m.

The participants in this year's Bee and their respective grades are:

Fourth Grade—Windy Wood, Leland Wood, Lacy Brunson, Molly Brooks, Kenzie Burson, Shauna Kingery and Miles Comer.

### LUNCHROOM MENU

April 2 - 6

Monday—Fish and Tartar Sauce, Vegetable Sticks, Black-eyed Peas, Cookies, Milk

Tuesday—Soft Burritos, Salad, Corn, Chips, Cake, Milk

Wednesday—Lasagna, Salad, Cheesestraws, Fruit, Milk

Thursday—Steak and Gravy, Mashed Potatoes, Green Beans, Hot Rolls, Honey and Butter, Milk

Friday—Hamburgers with Cheese, French Fries, Salad, Cookie, Milk

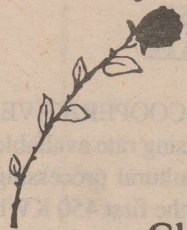

Fifth Grade—Heidi Tiffin, Marshall McCammon, Kim Blazier and Cricelda Vargas.

Sixth Grade—Kristi Smith, Jessica Maciel, Cy Comer, Patricia Patino, Molly Bomar and Zeb Holt.

Seventh Grade—Dewayne Juarez, Brandi Brunson, Rusty Miller and Holly Nance.

Eighth Grade—Ramon Garcia, Matt Francis, Robert Leal, Johnny Patino, Maria Justice, Stony Hubbard and Greg Perkins.

Donald Gibbons of the Soil Conservation Service office in Silverton demonstrated planting a tree for the kindergarten and first grade classes Monday while the students and their teachers watched. The project is beautifying the school grounds, in addition to teaching the children about trees.

## Kindergarten, First Grades Study Trees and Their Effects

Donald Gibbons from the Soil Conservation Service visited students in kindergarten and first grade in the Silverton Schools recently, and discussed how important trees are to the environment. Silverton teachers Tina Nance, Fern Parker and Darrah McCammon, have been showing the students how trees can help prevent erosion and also what part trees play in reducing the greenhouse effect.

The Caprock Soil and Water Conservation District presented

each student with a free tree to take home and plant.

Assistance is available from the Soil Conservation Service for teachers who will be teaching about natural resources. Films, slide shows and demonstrations are available. Contact the Soil Conservation Service at 823-2320.

### HAPPY BIRTHDAY TO ...

March 29—Ruby Reid  
March 30—Jacob Francis, Molly Bomar, Wilma Gill, Cynthia

Glenn, Lisa Farley, Roberta Griffin, Ernestine Meier  
March 31—Terry Davis, Martin Younger, Sylvia Trevino, Angela Henderson

April 1—Martha Cavitt, Billy Settle, Anne Bryant, Nanette Kennedy

April 2—Danny Perkins, Kathy Brown, Paul Brannon, Becky Drew

April 3—Will Rowell, Steve Green

April 4—Jordan Fry

### HAPPY ANNIVERSARY TO ...

March 31—Mr. and Mrs. Troy Jones  
April 1—Mr. and Mrs. Elbert

Stephens  
April 2—Mr. and Mrs. Dean Ziegler  
April 4—Mr. and Mrs. Wimpy Vardell

## Public Invited To Hear Solar Energy Experts

Two solar energy experts will present the program at the next meeting of the Panhandle Energy Network on March 29 at 10:00 a.m. in the Panhandle Regional Planning Commission Boardroom at 2736 West 10th in Amarillo. The meeting, which is sponsored by the PRPC and the Texas Energy Extension Service field

office, Lubbock, is open to the public. Gary Pitner, Executive Director of the PRPC, encourages anyone who has an interest in solar energy to attend.

The Panhandle Energy Network is an organization of city and county administrators from throughout the Panhandle. Its purpose is to provide members with an opportunity to exchange energy management information, meet for training, and work together to secure funds for energy-related projects through grant proposals. The group, which was formed a year ago, meets on a quarterly basis.

The first kindergarten was opened at Blankenburg, near Keilhau, Germany, in the year 1837.

## Public Notice

Southwestern Bell Telephone Company hereby gives notice that it has filed an application requesting the PUC to declare Southwestern Bell's intrastate Billing and Collection market subject to significant competition and to authorize the following form of pricing flexibility: detariffing of the rates, terms and conditions of the Billing and Collection services now offered in Section 8 of Southwestern Bell's intrastate Access Service Tariff. Approval of the application as filed would result in all tariff sheets in Section 8 (Billing and Collection) of Southwestern Bell's Intrastate Access Service Tariff being cancelled, and the service thereafter being provided on a contract basis. Through this application, using procedures established by P.U.C. SUBST. R. 23.27, Southwestern Bell seeks to obtain uniformity of rates, rules and regulations for intrastate and interstate Billing and Collection services.

Approval of this application would remove all rates, terms and conditions applicable to billing and collection from Southwestern Bell's Intrastate Access Service Tariff. Intrastate billing and collection service would continue to be subject to PUC regulatory oversight only to the extent that (1) Southwestern Bell would be required to maintain current price lists at the Commission for the service, and (2) the revenues or losses from the service would be subject to the regulatory treatment specified in P.U.C. SUBST. R. 23.27(p). Further, under procedures established by P.U.C. SUBST. R. 23.27, the PUC's General Counsel, the Public Utility Counsel or any affected person could seek a subsequent review of the rates, terms and conditions of this service.

Persons who wish to intervene or otherwise participate in these proceedings, or who would like further information, should call or contact the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757, (512) 458-0100. Further information may also be obtained by calling the Public Information Office at (512) 458-0227, or (512) 458-0221, teletypewriter for the deaf.

The PUC has assigned this matter to Docket No. 9224. A prehearing conference will be held on April 19, 1990, at 9:00 a.m. at the Commission's offices at 7800 Shoal Creek Boulevard in Austin, Texas. The deadline for filing motions to intervene is April 26, 1990.

## NOTICE OF REQUEST TO CHANGE AGRICULTURAL PROCESSING RATE

Notice is hereby given that LIGHTHOUSE ELECTRIC COOPERATIVE, INC. (the utility) intends to reduce the agricultural processing rate available to cotton gins, grain elevators, and other seasonal agricultural processing services. The existing rate contains an energy charge for the first 450 KWh per KW of peak billing demand of \$.1357 per KWh with all excess KWh billed at the rate of \$.03 per KWh. The proposed rate is 150 KWh per KW of peak billing demand per month, but not more than 450 KWh per KW of peak billing demand per season at \$.1357 per KWh with all excess KWh at the rate of \$.03 per KWh. Based upon billing units in the 12 month period ended December 31, 1989, the proposed rates reduce revenues to the utility by approximately \$50,000 or 0.45% of total operating revenues.

Implementation of the proposed changes is subject to approval by the appropriate regulatory authority. A statement of intent including the proposed revisions of tariff and schedules and a statement specifying in detail each proposed change is available at the general office of the Utility located at Floydada, Texas.

Persons who wish to intervene or otherwise participate in these proceedings should notify the Commission as soon as possible. A request to intervene, participate, or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757. Further information may also be obtained by calling the Public Utility Commission Consumer Affairs Division at (512) 458-0223 or (512) 458-0227, or (512) 458-0221 teletypewriter for the deaf.

Campbell McGinnis  
Attorney for the Utility  
3-8, 3-15c

Every million years an entire thin surface layer of the Moon's soil is turned over 100 times by meteorites that land on the planet.

## Public Notice

Southwestern Bell Telephone Company intends to file an application with the Texas Public Utility Commission to introduce new optional services - Call Control Options. The initial service areas will be Laredo, McAllen and Austin. Expansion into other service areas will be based on availability. Customers in other areas will be notified when these services become available.

Call Control Options include six new services - Call Blocker, Call Cue, Call Return, Priority Call, Call Trace and Selective Call Forwarding. The features will be available to single-line residence and business customers.

**Call Blocker** - enables the customer to block incoming calls from a maximum of three specified telephone numbers and/or to block the last incoming call.

**Call Cue** - enables the customer to automatically redial the last outgoing telephone number dialed. If the recalled number is busy, equipment will monitor the line for a maximum of 30 minutes and will let the customer know when the call can go through.

**Call Return** - enables the customer to automatically redial the telephone number of the most recent incoming call. If the number is busy, Call Return will continue to dial the number for up to 30 minutes, or until it completes the call.

**Priority Call** - provides the customer with a distinctive alerting signal, ring or Call Waiting Tone (if the customer has subscribed to Call Waiting), when the customer is called from a maximum of three preselected telephone numbers.\*

**Call Trace** - enables the customer to initiate a trace of the last incoming call received. The number, date and time will be recorded by Southwestern Bell Telephone so that the call's origin can be identified.

**Selective Call Forwarding** - enables the customer to forward incoming calls from specified telephone numbers (maximum of three) to another telephone number.

### Proposed Rates (monthly)

	Residence		Business	
	Individual	Packaged	Individual	Packaged
Call Blocker	\$3.00	3.00	\$3.00	2.00
Call Return	3.00	3.00	4.00	3.50
Priority Call	2.50	1.00	3.00	2.00
Call Cue	2.00	2.00	4.00	3.50
Selective Call Forwarding	2.00	1.00	2.65	1.00
Call Trace**	1.00	1.00	1.00	1.00

Installation charges for residence customers will be \$2.70 per feature, with a maximum installation charge of \$5.40 per request per line. Installation charges for business customers will be \$5.40 per feature, with a maximum installation charge of \$10.75 per request per line.

The proposed date for Call Control Options to be offered is May 1, 1990. These services, however, will not immediately be available to all customers in all areas of the state. Customers in other areas will be notified when these services become available.

Call Control Options are projected to generate first-year annual revenues of \$1,761,000.

Persons who wish to comment on this application should notify the commission by April 20, 1990. Requests for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757, or you may call the Public Utility Commission Public Information Office at (512) 458-0223 or (512) 458-0227 or (512) 458-0221 teletypewriter for the deaf.

\*Some telephone equipment may not be compatible with Priority Call Service.  
\*\*In addition to the \$1.00 monthly rate, Call Trace will cost \$8.00 per use.

## A Voice From the Country

Earl Cantwell  
*Gems & Allegories*

To be happy, there are four things one must learn to DO: If we would make our record TRUE: To think without confusion CLEARLY: To love his fellowmen SINCERELY: To act from honest motives PURELY: To trust in God and Heaven SECURELY.

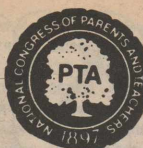

Never sling mud; you may miss your mark, but you will surely get your hands dirty.

I have been reading about the rich young ruler and his obviously wrong decision. It put me to thinking. No matter how much wealth he had, these things he could not do: ride in a car, have surgery in a hospital, turn on a light by pushing a button, buy penicillin, hear a pipe organ, watch TV, wash dishes in running water, type a letter, mow a lawn, fly in an airplane, sleep on an innerspring mattress, nor talk on a phone. If he was rich, what about me?

Do not ask, "Why were the good old days better than today?" But one needs to realize that we do not move ahead by continually gazing in the rear view mirror. One has suggested that the past is a rudder to guide us, not an anchor to drag us. We must learn from the past, but not live in it.

In God we trust—do we or don't we? Does it mean anything—or doesn't it? Would another phrase do just as well?

Our Nation's founders didn't think so! The men who signed the Constitution . . . the men and women who braved the prairie and the mountain to pioneer our land, they didn't think so. But what about us? Does this motto on the coin in our pocket guide us . . . strengthen us? Or have we forgotten the power of the faith expressed in these words? If the future of our country is uncertain . . . if we are worried about tomorrow . . . then perhaps the time has come to put aside small things and turn once more to the faith that made our Nation great. Our country's great leaders down through the years have shared belief in God . . . in their fellowmen . . . and in freedom! In crisis and in peace, they have placed their faith in God's wisdom . . . and in their ability to work out their problems . . . and in the great justice of a free people. Let us do the same today,

## PTA Update

District 8 PTA is pleased to announce the winners of their Cultural Arts Reflections Project. Students in grades K-12 were encouraged to participate in four different categories: Visual Arts, Music, Literature, and Photography.

A theme of "Where Does The Sky End?" was used to encourage the students to be creative. Winners from the Silverton Schools included Michael Reagan, Visual Art, and Jared Francis, Photography.

The purpose of the Reflections Program is to provide an opportunity for children and youth to use their creative talents by expressing themselves through their own original works. The sponsors of this National PTA Program are Reader's Digest, World Book, Inc. and Binney and Smith, makers of Crayola Crayons.

The entries submitted by Michael Reagan and Jared Francis will be forwarded to the state competition in Austin.

At the local level, there were several entries. In the Visual Arts—Primary level, first place went to Daniel Reagan; second to Ryan Minyard, and third to Matt Strange. Intermediate level first place went to Michael Reagan.

Laura McCammon took first place in the Literature category, and in the Music category, first place went to Nathan Francis.

Photography first place primary level winner was Nathan Francis and Jared Francis was first place winner in the intermediate level.

Other entries at the local level included Amanda Estes, Kirby Garvin, Brooke Garvin and Lacy Shely.

Election of officers for the 1990-91 school year was held Tuesday, March 20. Those elected include Beverly Minyard, president; Donna Francis, first vice president (program), Donna Estes, second vice president (projects), Kathy Kingery, secretary-treasurer, and Darrah Mc-

for these faiths renew our strength.

Brightening the life of someone else will put a fresh shine on your own. If you are even too deaf to hear the preacher, the church is a good place for listening to God.

The man who objects to the narrow way sometimes may land in a narrow cell.

Better put your shoulder to the wheel, or your back will be to the wall.

Cammon, reporter.

The Campbell Soup labels have been sent in again this year. With the help of Jo Ann McFall, a large magnet, two soccer balls, and two red balls will be given to the elementary students.

Tina Nance has been submitted as our Phoebe Apperson Hearst Educator of the Year nominee. This is a National PTA Award to an outstanding educator.

Upcoming events include District 8 spring conference in Spearman on April 10.

Teacher Appreciation Week is set for April 23-27 with the luncheon for the teachers to be held on Friday, April 27.

On Wednesday, April 25, PTA is sponsoring a Career Day for students in the sixth through twelfth grades.

The koala bear may spend several weeks in a single tree.

### NOTICE OF TARIFF CHANGE TO CENTRANET® SERVICE

GTE Southwest Incorporated gives notice of its proposed tariff changes to CentraNet® service, which is a Central Office-based service that provides PBX-type features to multi-line business customers and is currently being offered in all company wire centers where such facilities exist to provide the service.

The Public Utility Commission of Texas approved a generic tariff for CentraNet® service up to 100 lines in Docket No. 7652. The proposed tariff revision would establish specific rates for CentraNet® service involving 101 to 400 lines. Other proposed revisions involve the rate applicable to changes, additions, or deletions to the data bases and a new rate is proposed for additional trunks.

The names of the three CentraNet® packages have changed from Standard, Premium, and Deluxe to CentraNet® 1000, CentraNet® 2000, and CentraNet® 3000, respectively. Direct Call Pickup has been added to the three CentraNet® packages while Multiple Call Park and Shared Speed Call 30 have been added to CentraNet® 2000, and Speed Call 30 and Call Forward Busy/No Answer Split have been added to CentraNet® 3000. Flexible Night Answer and Automatic Route Selection also have been added as new optional features.

The proposed changes and new service offerings have been assigned Docket No. 9251, and pursuant to Section 43(d) of the Public Utility Regulatory Act will become effective June 23, 1990. Rates for service will be applicable to customers who subscribe to the service as well as existing customers. Therefore, there will be no effect on any other rates of the company. The company's gross annual revenues will increase by approximately \$399,600, or less than one percent annually.

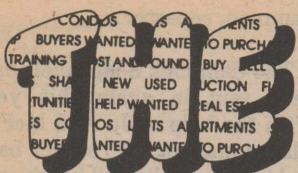

The proposed rates are on file with the Public Utility Commission of Texas, and are available for public inspection at the offices of GTE Southwest Incorporated. Persons who wish to intervene or otherwise participate in these proceedings should notify the Commission. The deadline to intervene in this docket is 3:00 p.m., April 9, 1990.

A request to intervene, participate, or for further information, should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Blvd., Suite 400N, Austin, Texas, 78757. Further information may also be obtained by calling the Public Utility Commission Consumer Affairs Division at (512) 458-0223 or (512) 458-0227 or (512) 458-0221 teletypewriter for the deaf.

**GARLIC OIL**

With Parsley and Chlorophyll

Garlic contains potassium, phosphorus, a significant amount of B and C vitamins, as well as calcium and protein. It's generally accepted that garlic acts as a diuretic, stimulant, expectorant, and sweat promoter. For centuries, it has been a common European remedy for colds, coughs and sore throats. European physicians have reported that garlic has two outstanding medical properties. One is that it tends to open up blood vessels and reduce blood pressure in hypertensive patients. The other property is antibiotic, and several researchers have found that garlic in large amounts can be effective against bacteria that may be resistant to other antibiotics. The addition of parsley and chlorophyll helps remove the aroma of this natural herb wonder, leaving no after-taste or bad breath. Contains no preservatives, no artificial color or flavor, no sugar and no starch.
