This Season Has become known as a Tornado period. At this season of the year the Twister's Terrifying Threat often becomes a reality laying waste thousands and thousands of dollars' worth of property and snuffing out many lives. Tornadoes are beyond the control of man, and the only defense is insurance to pay for the damage they cause. Almost every day the newspapers carry big headlines with reference to the latest disaster. No locality is exempt—you may be next. Anywhere in this country—windstorms can and do destroy millions of dollars worth of property. Each year adds to the list of places which "could never have a destructive wind storm"—and did. Windstorm insurance rates are so low that it is not worth the risk to be without it. Let us tell you how little it costs to protect yourself from loss through damage done by wind to home, business property or car. Wind destroys a n y where! Play safe and INSURE!

**RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS**  
 That Sections 2 and 3 of

Article 5 of the Constitution of the State of Texas be amended so as to hereafter read as follows:

"Article 5 Section 2. The Supreme Court shall consist of a Chief Justice and eight Associate Justices, any five of whom shall constitute a quorum, and the concurrence of five shall be necessary to a decision of a case; in other matters, until otherwise provided by Law, the jurisdiction of the Court shall

be exercised under such regulations and orders as the Court by a majority vote may prescribe. No person shall be eligible to the office of Chief Justice or Associate Justice of the Supreme Court unless he be, at the time of his election, a citizen of the United States and of this State and unless he shall have attained the age of thirty years, and shall have been a practicing lawyer or a judge of a court, or such lawyer and judge together at least seven years. Said Chief Justice and Associate Justices shall be elected by the qualified voters of the State at a general election, shall hold their offices six years, or until their successors are elected and qualified, and shall receive such compensation as may be provided by law. In case of a vacancy in the office of Chief Justice of the Supreme Court, the Governor shall fill the vacancy until the next general election for State officers, and at such general election the vacancy for the unexpired term shall be filled by election by the qualified voters of the State. The Judges of the Supreme Court who may be in office at the time this amendment takes effect shall continue in office until the expiration of their term of office under the present Constitution, and until their successors are elected and qualified. When this amendment takes effect the Governor shall immediately appoint six additional Associate Justices of the Supreme Court for terms of office so that the terms of two of such appointed Associate Justices shall expire with the term of office of each of the present members of the Supreme Court, and upon the

"Article V. Section 3. The Supreme Court shall have appellate jurisdiction only except as herein specified, which shall be co-extensive with the limits of the State. Its appellate jurisdiction shall extend to questions of law arising in cases of which the Courts of Civil Appeals have appellate jurisdiction under such restrictions and regulations as the Legislature may prescribe. Until otherwise provided by law, the appellate jurisdiction of the Supreme Court shall extend to questions of law arising in the cases in the Courts of Civil Appeals in which the Judges of any Court of Civil Appeals may disagree or where the several Courts of Civil Appeals may hold differently on the same question of law, or where a Statute of the State is held void, and shall within the Court's Appellate Jurisdiction under the Statutes of the State in force when this amendment takes effect. The Supreme Court and the Justices thereof shall have power to issue writs of habeas corpus, as may be prescribed by Law, and under such regulations as may be prescribed by Law, the said Court and the Justices thereof may issue the writs of mandamus, procedendo, certiorari and such other writs, as may be necessary to enforce its jurisdiction. The Legislature may confer original jurisdiction on the Supreme Court to issue writs of quo warranto and mandamus in such cases as may be specified, except as against the Governor of the State.

The Supreme Court shall have power upon affidavit or otherwise as by the Court may be determined, to ascertain such matters of fact as may be necessary to the proper exercise of its jurisdiction. The Supreme Court shall appoint a clerk, who shall give bond in such manner as it may or may hereafter, be required by law, and he may hold his office for four years and shall be subject to removal by said Court for good cause entered of record on the Minutes of said Court who shall receive such compensation as the Legislature may provide."

**In Memoriam**  
 Loice E. Bland, age 24, was laid to rest in the burial park at Haskell on April 16 beneath a mound of lovely flowers. Loice lived a devoted Christian life since he was converted in July 1921 and was a worthy example of young manhood. Cousins of the deceased were pall bearers, Odie, Alfred, Clyde, Claude and Clarence Bland and Ben Powell.

Loice's death came suddenly and as a surprise to family and friends. He leaves to mourn his death a wife, infant daughter, mother, father, three sisters and two brothers and a host of other relatives and friends.

We can not understand why God chose to take Loice from among us, but some day we will know and understand. We know God does know best even though the hours of death are our darkest and saddest.

To the bereaved ones you can go to be with Loice in the heavenly home.

May He who alone can comfort you, console your hearts in this trying hour.  
 —A Friend.

**In Memoriam**

Mrs. Burrow was a devoted Christian and spent her life serving God, her family and neighbors. She is survived by her children and a host of other relatives and friends. The remains were laid to rest in the Willow Cemetery at Haskell Thursday April 18, beneath a mound of flowers. May God comfort the bereaved ones in this dark hour.

In a wet harvest season, a "Caterpillar" Tractor and a "Holt" Combine will harvest your crop without waiting for the field to dry. "Caterpillar" will travel smoothly over fields that would bog down teams or other type tractors. The big, wide wheels of a "Holt" carry it easily over soft spots and sandy hillsides.

No other equipment offers you the advantages—and gives you assurance of such dependable service as "Holt" and "Caterpillar." You need a combine and a tractor—so buy the best you can find—it is the cheapest, always.

## Something Different.

Here-to-fore the Senior Classes of H. H. S. have each presented a play in three acts. To break the monotony of these three-act plays, the Senior Class of 29 presents to the public, Friday evening May 10, three one-act plays. They have been selected from the best of the Walter H. Baker Production and will furnish plenty of entertainment for one evening.

"On Vengeance Night" is a modern play laid in the mountains of Tennessee, a wild atmosphere prevailing the action.

"In the Spring" is a light airy comedy with plenty of romance and action.

The third play is "Darger." This is a stirring and impressive tragedy, the scene of which is laid in an unlighted mine.

Miss Elaine Mills is directing the plays and a big effort is being made both on her part and that of the casts. The Seniors are expecting the support of every loyal citizen. The proceeds will be used to purchase a gift for the school.

One way to keep your clothes up to the minute is to buy them on time.

A New Orleans judge assessed a fine of five cents against a prisoner who had only a dime. That's another application of the new "five and ten" law.

An American general was reprimanded for giving cigarette testimonials. Mexican rebel generals never tell of their reactions to the blindfold test.

The services will be conducted at the usual hours on Sunday April 28, except the evening service will be given way for the meeting at the Methodist church.

Worth and was attended by Elder W. E. Sherrill, and Rev. M. L. Baker. A conference on Men's Presbytery. This conference was attended. Mr. Reynolds Wilson, W. Sherrill and M. L. Baker were ordained to preach. Mr. Charles T. will locate at Rule, and Mr. P. M. plewhite will locate at Roscoe. M. L. Mr. and Mrs. J. F. Scott and family visited their daughter at Dovie last week end.  
The party at Weneborne's was enjoyed by all who attended.  
A few people from Bunker Hill attended singing at McConnell Sunday evening.  
The people of this community are building a union tubernacle which we think will soon be complete, and hope large crowds will be attend services there.

**WIFE OF WELL KNOWN CLOTHING SALESMAN TALKS**

"My Husband and I Both Think Orgatone is Wonderful," Says Mrs. Cates, "It Has Certainly Proven It's Worth To Us."

"I have certainly improved a lot in health and I feel better now in every way, since taking Orgatone," said Mrs. Ola Cates, residing at 903 Austin, St., Wichita Falls, Texas, wife of a well known clothing salesman, while talking with the Orgatone nurse in the Drug Store.  
"For a long time I have suffered with stomach trouble. I was nervous and restless and couldn't get any rest at night. Food soured on my stomach and gas would form causing me to be very uncomfortable all the time. I had very severe headaches, and was going down hill all the time, and tried most everything I read or heard about but nothing helped me. My husband and I, read about Orgatone, and both began taking it. Mr. Cates, takes Orgatone for a general tonic, and a general run-down condition, and thinks it is a very fine medicine.  
"Orgatone has proven it's worth to both of us, it is helping me wonderfully. Food does not sour on my stomach at all now, and I eat anything I want. My headaches have disappeared and are a thing of the past now, and that is saving a whole lot. My husband is in a better condition, and is not as nervous as he was. For a while it was hard for me to eat but Orgatone has relieved all that, and I eat anything and everything I want. Orgatone is certainly worth the price, for it has proven so, to both of us. I am glad to recommend it to anyone suffering as we were."

Genuine Orgatone may be obtained in Haskell from the Oates Drug Store. (Advertisement).

**Nature Thought of Everything**

Nature thought of everything when the human body was made. When the body is about to become ill, nature planned danger signals to warn us. Thus if our children grind their teeth when they sleep, or lack appetite, or suffer from abdominal pains, or itch about the nose and fingers, we should know that they have contracted worms. Then if we are wise, we buy a bottle of White's Cream Vermifuge and safely expel the worms. Thus we avoid the danger of very serious trouble. White's Cream Vermifuge costs only 35c a bottle and can be bought from Reid's Drug Store or Payne Drug Co.

# Farm News

By W. M. FREE  
Field Editor

Monday, April 1st.

Continuing our work on Rochester Route Two we are still visiting farmers in a fine section of country. We find these farmers thrifty and in good spirits, looking forward to a bumper crop for 1929. One thing as you will note from our reports these farmers are going to plant plenty of feed to do them with any thing like normal seasons and also make feed to sell to their less prosperous neighbor who believes he can plant cotton, sell it and buy his feed cheaper than he can grow it. He is like the fellow who believes he can buy his meat cheaper than he can fatten hogs. When it comes to a show-down he has no money or meat.

M. A. Mitchell.

Living on his own farm, eating his bread by the sweat of his face is the policy of M. A. Mitchell who lives near the open section where he has resided since we have been making our trips to the country for the past 13 years. He is happy and contented, believing in better farming and better preparation of ground which he has experienced in the past. He is rebuilding all his ground before planting. He had not planted any maize when we called on him, but doubtless by this time all his feed crop has been planted. He was working in his blacksmith shop when we were there. He learned to do this work years ago and says he enjoys it. He gets his blacksmithing done when he wants it and just what he wants. He is helping Mrs. Mitchell with her flower yard at odd times and takes much interest in the beautifying of their nice home by growing roses and other flowers. He says that prospective look brighter for the farmers this year than usual and is throwing all of his energy into the game. He has some good teams, new two-row farming outfit, two good mares, some sow and shoats and plenty of chickens. These things are essential says Mr. Mitchell in making a living on the farm. He reads the Free Press and has been an editor for a number of years.

H. R. Collier.

One of our leading young farmers is H. R. Collier living on his father's old home place near the Open Section. He has all his ground broken and was ready to plant his feed when we passed that way. He and his brother Pete are cultivating 160 acres of good land. He has two good shoats. Mrs. Collier has about 40 hens and is making the effort to raise a fine bunch of chickens. They killed hogs for their meat and

have one good milk cow. They are making the effort to get a start in life through close work and good management.

V. R. Anderson.

It is a fact beyond question that V. R. Anderson is a good farmer. He was pretty well up with his farm work and his land is in fine condition for planting. Mrs. Anderson has a fine flock of Brown Leghorn hens and they have one of the best cows in the country which gives about four gallons of milk per day. They sell cream besides having all the milk and butter for the family they can use. They had just returned from a visit to their old home in Parker county.

U. B. Willis.

When we reached the home of our old friend U. B. Willis he was at the house and welcomed us into his home which we found to be a very happy abode for Mr. and Mrs. Willis and their five boys. Mr. Willis has his ground in fine condition cultivating about 100 acres of fine sandy land. Last year from 30 acres of land he made 30 bales of cotton and a bountiful supply of feed for his teams. He killed 5 good hogs, has 110 White Leghorn hens and they reported 250 eggs setting for baby chicks to increase their flock. Mr. Willis reads the Free Press and had just called in the office a few days ago and set his date forward for another year.

J. J. Deason.

Our old friend J. J. Deason had gone to Hico, Texas for a short business trip when we arrived at his home late in the afternoon. He has his farm land in fine condition and was ready to plant his crop. He made plenty of feed last year to run the place and also made 40 bales of cotton from less than 100 acres of ground. He killed plenty of hogs for his meat and has hogs for next year's supply and feed to make them fat. Mrs. Deason said they were making very good cows and getting lots of milk and selling some butter. She has a fine flock of B. F. hens and they are laying nicely. She sold a bunch of hogs a few days ago that netted her \$175 each, they averaged above six pounds. Mr. and Mrs. Deason came from Alabama a number of years ago, but they are like Texas and especially Haskell county. They read the Free Press and like the county paper.

Orion Goodson.

Satisfied to follow in the footsteps of his early training we find Orion Goodson tilling the soil, living happily and prospering. He is ready to plant

all crops and doubtless has his feed all planted as we are making this report some weeks later than our visit. Mrs. Goodson has about sixty laying hens of standard bred Reds and she is doing nicely with this flock. Mr. Goodson killed hogs for his meat last year and has 3 good hogs for this fall's supply of meat and lard. They are milking one good cow and sell cream to the creameries.

Tom Brown.

You find most farmers when the sun shines warm in the spring and the vegetation began to creep from the ground begin to get anxious to get the seed in the earth for an early crop. This is the case with T. J. (Tom) Brown a large farmer near Rochester on Route 2. He was running two planters putting maize seed in the ground. He came from Bosque county a few years ago and is now located on the Bettis farm. He expects to grow plenty of feed also a cotton crop. He believes in the idea as much as possible of growing his living from the ground he cultivates.

A. E. Taylor.

We are glad to announce that A. E. Taylor a prosperous farmer on Rochester Route 2 wrote us a check for the remainder of the year to the Free Press when we called at his home. He took time to show us his registered hogs. He has a sow and four pigs of the Duroc Jersey breed and he expects to enter the Haskell County Fair with some of these fine hogs this next fall. He is milking one good cow and his wife has a large flock of White Leghorn hens. He tries to grow most of his living from the farm and some of these days, although he is now a tenant farmer, he will own a farm as many of our home owners have done in the past.

W. M. Rowan.

Transplanted from the state of Arkansas to Haskell county on the Mrs. Neathery farm, Rochester Route 2, we find W. M. Rowan, who was a very busy man with his farm work getting his farm in fine condition for planting. Mrs. Rowan was working on her yard, planting flowers and shrubs to beautify the home. Mr. Rowan is cultivating a large acreage and is getting along fine with it and is looking forward with great expectations from the soil of this well tilled farm to furnish subsistence with profit to himself and family. This family have a fine flock of chickens, some turkeys and a sow and pigs. This is the evidence of the prosperity of these farmers. His father and mother, Mr. and Mrs. B. Rowan are spending the summer with them on the farm.

Joe Jenkins.

We learned that Joe Jenkins one of our young farmers has just moved to the Neathery farm and has his ground all broken and ready to plant his crop.

He is expecting a good crop year for 1929 and is making preparations to cultivate his crop in tip-top style. Mrs. Jenkins has some fine baby chicks and she is a good poultry raiser and likes to work with chickens. They are milking one good cow and have hogs for their meat another year.

Granville Gauntt.

When we arrived at the home of Granville Gauntt one of our Haskell County boys, he was busy repairing his Ford engine for his tractor. He stated he was ready to plant his crop and was waiting a few days for warmer weather. He is a White Leghorn fancier and has quite a large flock of layers and about 200 baby chicks which were growing nicely.

A. A. Gauntt.

We arrived at the home of A. A. Gauntt just a little after noon, but Mrs. Gauntt set out a good dinner for us, which we enjoyed very much. Mr. and Mrs. Gauntt have moved back to the old home place and have erected a new 7 room residence with bath and cellar. This is a stucco framed building nicely finished and well ventilated which is a handsome home with all modern conveniences. Mrs. Gauntt has a fish pond, flower yard and a fine garden which she is giving her personal attention to and Mr. Gauntt is helping her what time he has to spare from his farm affairs. She has about 130 White Leghorns and they are milking five good cows and selling dairy products. They have 475 baby chicks which are growing nicely. They expect to have a fine flock of layers for another year. This new home stands on the spot of ground where New Mid school building was first erected before it was moved to its present location. Mr. Gauntt reads the Free Press.

W. H. Cunningham.

We made our stop at the Joe Hester home place and found that our friend W. H. Cunningham had just arrived from Haskell with some parts for a broken plow. He was very busy but took a few moments to show us his fine Registered Duroc Jersey hogs, his 250 White Leghorn hens, the cackling bird which lays the egg with the partly white shell. He is also a breeder of

Half and Half cotton seed and also pedigreed maize. He has some good jersey cattle. And he is making one of the finest gardens we have seen on our trips. He has been in Texas 4 years and is working hard to become a home owner and he will succeed. He knows the game of better live stock, chickens etc and he will make progress with them in connection with his excellent methods of farming. Mr. Cunningham reads the Free Press and uses our columns for advertising his products for sale from the farm.

J. N. Turner.

Just awhile before the shades of evening began to cast their lengthening shadows, we made our last call for the day at the home of J. N. Turner who happened to be at the house on this occasion. He is one of our best tenant farmers who is looking forward in the near future to becoming a home owner in this the best county in Western Texas. He has his ground nicely prepared and is ready to plant all crops when he deems it best. Mr. Turner said that he always raises his meat and lard supply and there has been only one year of his married life that he did not raise meat and lard and that was during the severe drought. He has two good hogs now and he permits them to run in his horse lot and pick up the waste from his teams and in that way it costs him very little to grow his hogs. He has two good cows and sells butter. Mrs. Turner is a progressive poultry woman and raises lots of chickens every season. She sold \$14.30 worth of hens a few days ago. The hens averaged more than \$1.00 each.

Singing At Curry Chapel.

Next Sunday afternoon beginning at 2:30 o'clock there will be singing at Curry Chapel 8 miles north of the city. This singing is sponsored by I. V. Marrs of that community and Virgil A. Brown of Haskell. They are old timers of Curry Chapel and they insist that every good singer and those who love singing will be at hand and take a part in the program which is expected to be a good one. Don't forget the date.

"THE STEWARDSHIP OF BLOOD"

"The Stewardship of Blood" will be the subject of Rev. W. H. Albertson at the Haskell Baptist Church next Sunday at 11:00 a. m.

Much favorable comment has been made by members of the Haskell Church upon the sermon preached by Rev. Albertson last Sunday. A record crowd is expected to hear him again next Sunday, in the absence of the pastor who is assisting him and the Munday Baptist Church in a revival meeting.

9:45 a. m.—Sunday School. Again, the Sunday School attendance was near the 400 mark April 21, there being 396 present. 450 is the goal set for next Sunday. If every absentee is visited and if every one present last Sunday will come again next Sunday, the goal will be easily attained. Let every class do its best to report a 100 per cent attendance.

# SOCIETY and Club

**Ward Grades Enjoy Outing.**

One of the most enjoyable affairs of the season for the younger group was the picnic given last Friday afternoon in English Park for the three down-town grades of South Ward by the girls. Mrs. Irene Ballard, Miss Alma Lewis and Miss Dolly Louise Chambers were in charge.

At the noon hour mysterious packages, paper bags and ice cream freezers were packed into cars and carried by the happy children and sent to the English Park where the picnic made merry until they were called up to receive the first installment of course. As this was a picnic of ten or twelve course affair, they were given sandwiches, potato chips and pickles and after this repeated several times, fruit was served and then cakes and last came the cream. This writer stayed until all had been served ice cream twice. And were told by Mr. J. M. Crawford that he ought to know as he turned the cream freezer, that the children served three more times.

Present besides the teachers children were Mrs. Allen Sims, Mart Clifton, Mrs. Vaughn Bailey, Pittman, Mrs. Mack Perdue, Mrs. Menefer, Mrs. Ahren, Miss and Mrs. C. M. Kaigler.

**School Class Banquet.**

The second quarterly social of the Men's Bible Class of the First Church was held on the base of the church Friday evening. The affair took the form of an elaborate banquet prepared by Mesdames Holland, Mrs. Ellis, I. N. Sims and W. P. Trice. The table was lavishly decorated with pot plants and flowers was arranged in the shape of an "L". The banquet was served by "Table-hoppers," K. D. Bass, J. H. Bass, Dave Burson and Dave.

H. R. Whitley offered thanks, which Mr. J. M. Crawford gave address of welcome. Mrs. C. T. responded to the address of welcome. Special songs were rendered by Floyd Rose, Mr. Bowman and a quartet of melody singers accompanied at the piano by Mrs. A. C. Bass. Mr. J. H. Bass gave the class prayer.

C. O. Davis in the guise of a married lady surprised the time with some comedy when she appeared on the scene looking for her husband only a few hours, who according to her statement had a gold ring. Mr. Bowman escaped the de-

scription when it was noticed that his feet were not large enough.

Those registering on entrance were Mr. and Mrs. J. M. Crawford, Miss Ida Crawford, Mr. and Mrs. V. A. Brown and son, Jr., Mr. and Mrs. Tom Holland and son, Mr. and Mrs. R. L. Burton, Mr. and Mrs. D. J. Burson, Mr. and Mrs. Jno. Lambkin, J. Horace Bass, Mrs. Grace Bass, Mr. and Mrs. W. E. Kirkpatrick, B. T. Cliff, Mrs. H. J. Whitaker, Mr. and Mrs. Jim Crawford, Mr. and Mrs. Alex Edwards, Mr. and Mrs. C. T. Jones, Mrs. H. R. Whitley, Wilma Whitley, Mr. and Mrs. K. D. Simmons, Mr. and Mrs. P. K. Rose, Mr. and Mrs. Scott Greene, Wm. J. Davis, Mr. and Mrs. John Ellis, Mr. and Mrs. J. E. Walling and daughters and niece, Mr. and Mrs. W. P. Trice and Mr. and Mrs. C. O. Davis of Rule.

**Harmony Club Sponsors Shower For Mrs. Leo Duncan.**

On the afternoon of Wednesday, April 10th, the Harmony Club entertained with a delightful program and miscellaneous shower for Haskell's latest bride, Mrs. Leo Duncan (nee Miss Marjorie Rogers). The Magazine Club Library, where for many years the bride has delighted the public with piano and vocal music, was the scene of the party. The season's choicest flowers were used in decoration. The house party was composed of club members and close friends of the bride and groom's families; Mesdames T. A. Pinkerton, J. Horace Bass, W. W. Koonce, O. E. Patterson, W. A. Duncan, Cate, T. C. Rogers, George H. Morrison, Wm. B. Reid, W. M. Reid, E. Gaston Foote, Sam A. Roberts, C. L. Lewis, Demmitt Hughes, C. W. Williams, Eugene Hunter, Vaughn Bailey and Misses Mildred, Simmons, Martha Lou Rogers and Bessie Bee Kaigler.

Mrs. O. E. Patterson rendered the piano solo, "The Lark." Mrs. E. Gaston Foote read, "A Woman's Answer to a Man's Proposal" and an encore.

Mrs. Foote then as mistress of ceremony in quite an original way, called in the yard man, and he (Miss Bessie Bee Kaigler) dressed in overalls and sun hat, rolled in a bale of cotton and when the wrapping was cut to "sample" the contents, it was found to contain many beautiful and useful gifts for the bride. Over fifty guests responded to the invitation of the Harmony Club to this lovely affair. Cake and ice cream with flowers as plate favors were served.

**Losers Entertain Winners In South Ward P. T. A. Program.**

On last Friday afternoon the South Ward P. T. A. enjoyed a lovely party in the home of Mrs. J. M. Crawford. The occasion was the culmination of a contest for members. The captains were Mrs. Jim Crawford and Mrs. Mart Clifton. The members of the latter side were the winners and were entertained by losers in a very unique way.

The receiving line was composed of the house hostess, Mrs. J. M. Crawford and the losers, Mesdames Tom Davis, Mack Perdue, C. M. Kaigler, J. C.

Montgomery, W. L. Pogue, Jimmie Crawford and Miss Dolly Louise Chambers. Picards were on each of their backs saying—"We hate to do this"—"We are sorry you came"—"Don't expect much to eat." The receiving line stood with their backs to the guests and greeted them over their shoulders.

Each guest registered on a card-board shoe and these were later given out and featured a fortune telling game that proved very amusing.

Other contests with a radio program (Miss Dolly Louise Chambers doing the broadcasting) closed the entertaining feature and Mrs. J. M. Crawford assisted by Mrs. Jimmie Crawford served a delicious plate of sandwiches, cake and punch carrying ludicrous mottoes, regarding table manners.

Members and guests who enjoyed this party were: Mesdames John E. Fouts, W. F. Burt, Joe Maples, Tom Davis, Lavender, C. W. Bledsoe, Mart Clifton, Allen Sims, W. M. Murphy, Irene Ballard, H. J. Hambleton, Mack Perdue, J. C. Montgomery, J. M. Crawford, Sr., C. M. Kaigler, W. L. Pogue, T. M. Potteet, Misses Ida Crawford of Stamford, Misses Alma Sprows, Dolly Louise Chambers, Nettie Mullino and the hostesses Mesdames J. M. Crawford and Jimmie Crawford.

## A LIVING ON THE FARM

When the farmer can sit down to a table abundantly supplied with home-grown fruits and vegetables; milk, butter, meat and eggs from his own farm, then he may well say, in all content, "THIS IS LIVING."

A living at home means just that, and no farmer who gives his home wants his first attention need worry about a "hard winter" or a "lean year."

It is the aim and ambition of this bank to help every farm customer so that he may enjoy the independence and contentment of an assured living at home, with year-round profits all along the way.

### An Oklahoma Mother Says:

"BLACK-DRAUGHT is a fine medicine to give to children. I use it for mine whenever I need to give them a laxative. They don't mind taking it when I make it into a tea, and it quickly relieves constipation and the bad symptoms which come from it. I can recommend it to other mothers, for I have found it useful in my home.

"When I was a child my mother gave it to me whenever I complained of not feeling well. I've always taken it for upset stomach and constipation. It is the only medicine I have taken. A few doses of Black-Draught, now and then, keep my system in order. My husband uses it, too. I hardly see how I could keep house without Black-Draught. It has become a standard with us, in keeping the children and ourselves well."—Mrs. Esther Brandford, Claremore, Okla.

**NOW as never before you should be careful about lubrication**

THE lubrication requirements of the present high speed motors are most exacting. With their fine adjustments, these motors will not operate efficiently with every oil. They require a lubricant which is made especially to meet the particular conditions which they have created.

That's why it's most important to always specify the oil you want—and it will pay you well to insist always on a brand which has back of it the resources and experience of the Continental Oil Company. Then you will always be sure to get the right oil—in the grade made especially for your motor.

Ask for these brands at the better service stations and garages.

**CONTINENTAL OIL COMPANY**

Producers, Refiners and Marketers of high-grade petroleum products in Arkansas, Kansas, Colorado, Idaho, Kansas, Missouri, Montana, Nebraska, New Mexico, Oklahoma, Oregon, South Dakota, Texas, Utah, Washington, Wyoming.

Conoco Amalie is 100% Pennsylvania Oil—refined from premium crudes by a special process. Universally recommended by automotive engineers and lubrication experts.

Through exhaustive laboratory and road tests it has demonstrated its ability to lubricate properly under the most trying conditions of motor operation.

Cunningham of Rochester, who has specialized in the production of pedigreed maize seed for the past several years. This is the dwarf yellow maize of a high production variety. The club boy planting maize in this contest will be required to plant his acre apart from the other grain sorghums on the place. In this way the maize will be kept pure and will furnish a source of good planting seed for Haskell County.
