**High School Band
 Shows Improvement**

The Haskell High School Band
 and Orchestra is showing a marked
 improvement over last year. The
 band is working hard and Director
 Meacham states that the band will
 soon be ready for business. Every
 boy and girl who has musical talent
 should take advantage of this musi-
 cal training. The band meets for
 rehearsals twice a week at the High
 School Auditorium from 4:00 p. m.
 to 5:30 p. m. and the Orchestra at
 the same hour on Thursdays. We
 need more pupils on trombone,
 clarinet, also, bass and saxophone.
 Pupils who are interested can find
 out all particulars by calling at Mr.
 Meacham's Studio north of the High
 School. There will be articles pub-
 lished in this paper from time to
 time bearing on the subject of
 musical training in the schools. Do
 not neglect your boy or girl, if they
 possess any musical talent develop
 it, you may have a genius.

Messrs. Will Harris and C. D.
 Scott were here from Rochester
 Monday of this week, on business.

CARD OF THANKS
 We take this means of expressing
 our heartfelt thanks to our many
 friends and neighbors for their kind
 and thoughtful deeds and words of
 sympathy during the death of our
 dear Father. We hope and pray
 that when sorrow comes into your

 Free Press Office**

Last Thursday morning the Free
 Press employes were host to two
 classes in the South Ward School
 taught by Misses Nettie Mullino
 and Velma Hambleton. The pupils
 were interested in seeing just how
 a newspaper was made. The classes
 were shown through the different
 departments of the plant, from the
 setting of the type until the paper
 was delivered from the press folded
 and ready for the mails. The Free
 Press was glad to have the pupils
 visit the plant and extend them an
 invitation to come back, again.

HIGH-CLASS CIRCUS COMES TO STAMFORD, TEXAS, ON OCTOBER 8

Boxing kangaroos, just as adept with the gloves as some of the professional boxers, will appear in one of the unusual animal numbers with the Hagenbeck Wallace Circus, when that big show comes to this vicinity for two exhibitions, afternoon and night. The 1929 performance is said to be the best in history and capacity audiences are attending the exhibitions.

Among the outstanding features are Clyde Beatty and his 32 lions and tigers, the Breier Troupe of acrobats, the Ward Flyers, the Riding Hobson and Hodgin Families, Captain Barnardo and his mixed group and many other features of international reputation. "The Geisha," said to be one of the most beautiful spectacles ever produced, will open the show.

W. V. Station at Abilene Will Be Completed Soon

The Wichita Valley railway's new \$20,000 hotel passenger station for Abilene, will be ready for use within 10 days.

The structure, which is of cream brick with white stone trim and with a Spanish effect of curved coping and varicolored tile roof, occupies the site of the old Valley depot and measures 71x32 feet overall.

A dock-paved court, an illuminated runway down the tracks and bracket lights on the side of the building are among the exterior features. Interior includes a spacious general waiting room, separate waiting room for women, waiting room for negroes, large ticket office opening to all waiting rooms and baggage room at the rear of the building, which will be heated by gas radiators.

The old Wichita Valley depot, which was moved back to make room for the improvements, will be demolished and used as a freight depot. Work on the structure is to start soon.

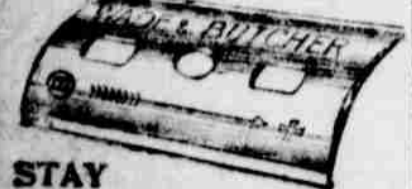

Returns Prisoner Here In Connection With Rule Robbery

Sheriff W. T. Sarrells and Deputy Clarence Lowellen made a trip to Anson Wednesday, bringing back with them Tom Hardy, who is charged in a complaint with receiving and concealing stolen property.

This case is an outgrowth of the robbery of the J. L. Jones Store at Rule early in the year, for which three men have already been tried and sentenced to terms in the penitentiary. It is asserted that a part of the goods stolen from the Rule store were recovered in the Anson store at Wink, which was being operated by Hardy at the time.

Our tariff wall, too, is causing quite a bit of wailing in certain quarters.

TEXAS WOMAN WAS NEAR A BREAKDOWN

"Recently I spent fifty-four dollars in a clinic getting X-rayed for what I was told was chronic gall bladder and intestinal trouble but I am now convinced that Sargon was all I needed. If I had known what a wonderful treatment it was I could have saved lots of money and suffering."

"About two years ago I began to decline into a general weak and run-down condition that steadily grew worse. My stomach was upset and I had awful pains in my back in the region of my kidneys and gall bladder. My appetite was poor and it seemed I couldn't eat anything without pain afterwards. I lost strength and energy and was very much discouraged."

"Before I had finished the first bottle of Sargon I had a splendid appetite and could eat what I wanted without any discomfort. The pains in my back began to ease up and now they have gone entirely. Sargon Soft Mass Pills stimulate my liver and relieve my constipation. I just can't find words to express my gratitude for this marvelous treatment."—Mrs. Ollie Henry, 4805 Maple Ave., Dallas.

First Christian Church to Observe Promotion Day

The annual promotion day program of the First Christian Church will be held in the men's auditorium of the Church at the Bible School hour next Sunday morning. This is an annual event and the children are giving much time to getting ready for the program this year. The parents of the children are requested by those in charge to have them at the Church promptly at 9:45. Visitors are cordially invited. The regular communion services will be immediately following the Bible School.

Word has been received from the pastor, G. Robert Forrester, that he will be in his pulpit the first Sunday in October, ready for the fall and winter work.

"Friendly Fellows" Have Fall Cowboy Round Up Tuesday

The Fall Cowboy Round Up of the Friendly Fellows Sunday School Class of the Methodist Church was held Tuesday evening from eight until ten o'clock in the new banquet hall at the church. This class is made up of young men, thirty four of whom were present on this occasion. The ladies of the church dressed as cowgirls served a cowboy dinner at this time in surenough ranch style, which was thoroughly enjoyed by all. The menu consisted of sausage, brown beans, onions, pickles, cornbread, tea and spiced pudding with sauce.

Rev. E. Gaston Foote, teacher of the class was toastmaster and called on several of those present to make talks. Mr. Emory Menefee, teacher of the Young Ladies Class in the Sunday School made a very impressive talk on Sunday School work. Supt. O. E. Patterson expressed his appreciation for the work of this class and president Mack Martin of the "Friendly Fellows" urged all to take a new hold and help build up the class.

The main feature of the evening's entertainment was a musical program rendered by Stewart Hamblen of Stamford, son of Presiding Elder and Mrs. J. H. Hamblen. Mr. Hamblen better known to radio fans as "Cowboy Joe" played a guitar and sang. Included in his program were a number of Cowboy songs which were especially enjoyed.

After singing a number of songs such as "Sweet Adaline" and "John Brown's Body" and doing some stunts, Rev. Foote made a few remarks to his class and they departed. Those enjoying this occasion were:

Oliver Williams, Wallace Cox, Leo Southern, Ben Bagwell, Bob Wilcox, Elmer McKenney, John Rike, D. H. Persons, H. J. Hamblen, W. O. Holden, Gilly Mulky, Mack Martin, David Perrin, Buford Cox, E. C. Hunter, Guy Mays, T. H. Thigpen.

Church of Christ

(The New Testament Church)

The "Haskell Baptist" Mixed again:
He says, "The Bible plan of salvation fits every Bible Conversion." While that statement is true, yet the application he makes is badly off. Notwithstanding the passage cited, Rom. 4:13, which speaks of what "Abraham our father as pertaining to the flesh, has found." Paul in Heb. 11:13, says, "These all died in faith, not having received the promises." And again verse 39, he says, "And these all having received a good report through faith, received not the promise." Then the requirements of faith in Abraham's time was quite different to the requirements in our time. God required Abraham to offer Isaac, as a test of his faith, Gen. 22. Before he confirmed the promise with an oath to him. But God requires men now to be baptized as a test of their faith before he grants the blessing Gal. 3:26-27. "For ye are all the children of God by Christ. Not as the Haskell Baptist has it, Sept. 19, who says, "Verse 27, explains who should be baptized. The Galatians having become the children of God by faith in Christ Jesus or having put on Christ by faith were fit subjects for baptism." Wonderful how a again, read it above, and note this fact, "Ye are all the children of God by faith in Christ Jesus." Why so Paul? "For as many of you as have been baptized into Christ that faith causes you to be "Baptized into Christ have put on Christ." In fact, Baptism is Faith's action in putting on Christ. It is the way faith puts him on.

But the Haskell Baptist cites a number of passages which he thinks proves salvation by faith without baptism. He cites, "John 3:36." (He intended v. 36.) And quotes, "He that believeth on the Son hath everlasting life." But fails to read the next utterance in the same verse, "And he that obeyeth not the Son, shall not see life; but the wrath of God shall come upon him." This is in the same verse, Revised version. Certainly then, John did not mean that a man was saved by Faith without obedience. And this agrees with Paul, Heb. 5:9, "And being made perfect, he became the author of eternal salvation unto all them that obey him." Then the faith that saves, is a faith that OBEYS GOD.

The passages cited by the gentleman during the personal ministry of Christ, will not serve him, for two reasons, First, Because Christ's Covenant was not in force; Heb. 9:18, "For where a testament is there must also of necessity be the death of the testator. For at all while the testator liveth." So these are not parts of the Will of Christ, that is new as my Father hath sent me, even so send I you. And when he had said this, he breathed on them, and saith unto them, Receive ye the Holy Ghost, Whosoever sins ye remit, Jesus just before ascending into heaven, committed into the hands of his APOSTLES the difference on what condition he may have forgiven sins while in person on earth, it can not be made an example of salvation now, because we are to look to the teaching of his apostles.

The case about the Holy Ghost in Acts 18, will not serve you, for Peter had said, verse 48, "To him give all the prophets witness, that through his name, whosoever believeth in him shall receive the remission of sins." And the being full of the Holy Ghost he did not save them, for they did not reach the NAME through which the believer was to be saved until they were BAPTIZED in his NAME.
Rom. 8:24, The trouble with Baptists, they are not willing to let this represent Christ's death. For they want the man to be made alive before they bury him. But we bury the dead man, and he is resurrected into a new life—The Resurrection.

LIGHT'S GOLDEN JUBILEE TO BE OBSERVED IN HONOR OF EDISON

West Texas will join, on October 21st, with the Nations of the World in observing Light's Golden Jubilee in honor of Thomas Alva Edison. Business houses and residences over the properties of the West Texas

Utilities Company have adopted the plan of extensively illuminating their stores and homes to commemorate the greatest of Edison's 1150 patented inventions, the incandescent lamp. Light's Golden Jubilee, it is pointed out, will be one of the greatest tributes ever paid to a man, living or dead, because it celebrates the achievements of a man whose deeds place him definitely among the immortals. It takes its bigness, its impressiveness, its constructiveness from the man it honors. The man of miracles.

Thomas Alva Edison, born February 11, 1847, came from an humble but well respected family. He was never favored with the advantages of an institutional training, other than that which he received from his mother and that received from his insatiable thirst for reading. Edison went to work at an early age. Starting as a "Butcher" he sold papers and candy on a train. Even at this time Edison had fitted a small laboratory at home and to devote more time to experimenting, he fitted another laboratory in the baggage car of the train he was working on. Later he bought a small press and printed a daily paper on the moving train. He was taught telegraphy and for five years he worked as operator in various Central Western States, continually experimenting. His first invention was a Vote Recorder, very

accurate and efficient, but refused by the politicians at Washington, D. C., who were not enthusiastic over the machine's accuracy. He next invented a stock ticker, sold it for \$10,000 and reverted the money into an efficient laboratory. Then came the invention of the telephone transmitter which he sold for \$100,000. The greatest of all inventions, the incandescent lamp, came a short time later. During the World War, Edison gave his genius to the government when he experimented on and improved some 42 military problems. Even today Mr. Edison is not content to pause and indolently view his invaluable contributions progress the world but, instead, prefers to spend nine hours a day in further experiments.

To determine upon a celebration as big as the event it would commemorate is no easy task. A celebration, no matter how large, would but partly glorify this "Great National Asset." There is a plan, however, that begins with the announcement that on October 31st, the whole world will have the opportunity and privilege of participating in Light's Golden Jubilee. There will be speakers all over the country to carry the story of Light's Golden Jubilee to the many Chambers of Commerce and other clubs, Magazines, the Press and trade journals all over the world will carry extensive stories depicting the

part that light has played in making progress. Henry Ford has established a perpetual tribute to Edison at Dearborn, Michigan, in the form of the Edison School of Technology. Here the eyes of the world will be focused and by means of an International radio hook-up the world can hear about the gigantic celebration that has been planned for one of the greatest inventors.

Plans have been made by the merchants of Abilene and other West Texas cities to have their

stores uniquely decorated with signs, pictures and merchandise relating to the justly famous Edison. All over West Texas replicas of the first lamp built by Edison will be on display. Stores will be decorated in the spirit of the Jubilee. Exact reproductions of The New York Herald of December 21st, 1879, announcing the invention of "Edison's Light," the light which burned "without gas or flame, cheaper than oil," will be distributed to thousands of West Texas readers. Governor

Dan Moody and Mayors of Texas will send out proclamations earnestly requesting that be observed with appropriate activities and exercises, and hours of six to ten p. m. be set by all the people of this State for the people of this State for the celebration of Golden Jubilee.

Mr. Raskob has written a planing how everybody might get everybody might get everybody

CHRYSLER

A JOY IN MOTORING THAT IS WHOLLY NEW

No matter how wide and how varied your motoring experience, you find all the thrill behind the wheel of one of the new Chryslers that came when you drove your first car.

Yet the reason is simple. It is to be found, for instance, in these epochal new advancements of the new "77" and "70"—

- MULTI-RANGE GEAR SHIFT
- DOWN-DRAFT CARBURETION
- SYNCHRONIZED POWER SYSTEM
- PARAFLEX SPRING SUSPENSION
- ARCHITONIC BODIES

and a host of other revolutionary engineering features.

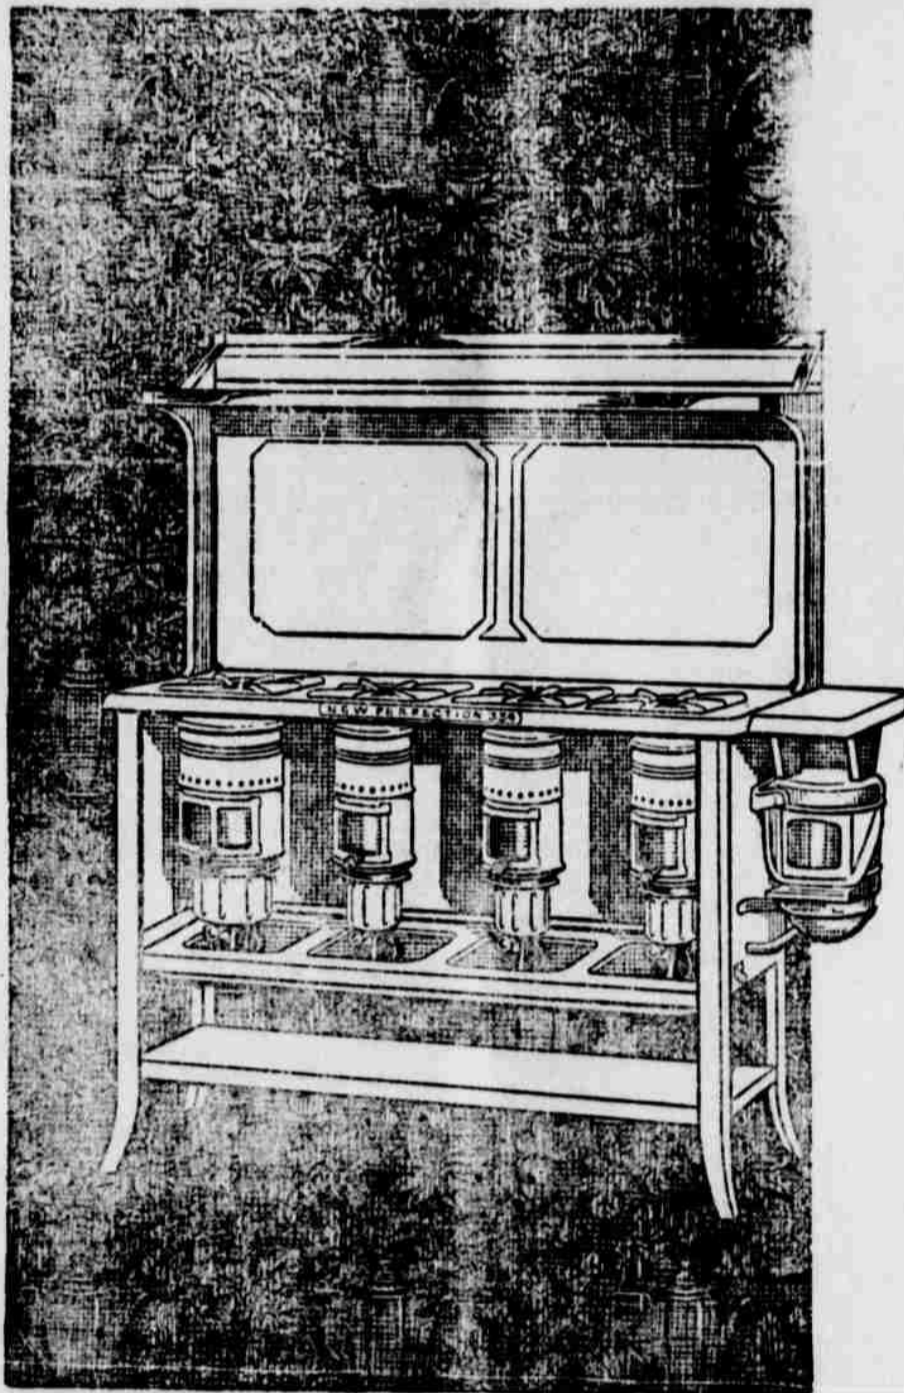

In the "66", lowest-priced Chrysler Six, you will also experience a performance characteristically Chrysler, combined with easy riding and handling—a performance that puts this car as far ahead in the field as the new "77" and "70" and the Imperial are in theirs.

- \$2895 CHRYSLER PRICES—Nine Body Style \$2895 to \$3355, F. O. B. (Special Equipment Extra) WITH MULTI-RANGE GEAR

Money to Loan on Farms; Ranches

I can get you a loan on your farm at a low rate of interest, payable annually; the loan to become due at the end of ten years, and give you the privilege of paying as much as one fifth of the principal each year if you desire to do so. The cost to you will be the abstract fees and recording fees. If you want a new loan or want to renew an old loan write me or come and see me and let me explain to you, and I will get you the best loan to be had, in a company that you will be pleased with and save you money, so you will be satisfied in the future. You get all the money you borrow.

A new Perfection finished in shining porcelain enamel..

YOU won't have to dread a hot kitchen any more, if you put this beautiful new oil stove in it.

It cooks as swiftly as gas, so that your kitchen hours are shortened. Its heat is concentrated on the cooking, so that your kitchen stays cool and comfortable.

And it is delightfully cool to look at: porcelain enamel and Perfection lac finish, in snow-white, silver gray, dove gray. This finish is as hard and smooth as china... as long wearing as iron.

Four Giant Superflex burners, one a "Big Giant", give clean, intense cooking heat. All burners have automatic wick stops.

This stove is equipped with three convenient shelves... closed-in back... extra large grates... removable tray below burners... reversible reservoir.

Wide Choice of Models

It is one of Perfection's new models, which include ranges with built-in ovens, long chimney, short chimney and gasoline stoves.

Prices, \$18 to \$164. Your dealer will doubtless offer you easy terms.

Use a "Live Heat" Oven

For perfect baking, use a Perfection or Puritan "Live Heat" oven, in which hot, fresh air circulates quickly to every corner and is forced out through holes in the side walls. This means speedier baking and better flavored foods.

TEXAS WOMAN WAS NEAR A BREAKDOWN

"Recently I spent fifty-four dollars in a clinic getting X-rayed for what I was told was chronic gall bladder and intestinal trouble, but I am now convinced that Sargon was all I needed. If I had known what a wonderful treatment it was I could have saved lots of money and suffering. "About two years ago I began to decline into a general weak and run-down condition that steadily grew worse. My stomach was upset and I had awful pains in my back, in the region of my kidneys and gall bladder. My appetite was poor and it seemed I couldn't eat anything without pain afterwards. I lost strength and energy and was very much discouraged. "Before I had finished the first bottle of Sargon I had a splendid appetite and could eat what I wanted without any discomfort. The pains in my back began to ease up and now they have gone entirely. Sargon Soft Mass Pills simulate my liver and relieve my constipation. I just can't find words to express my gratitude for this marvelous treatment."—Mrs. Ollie Hengy, 4803 Maple Ave., Dallas.

Epworth League Council Entertained. Business was combined with

pleasure when the officers of the Epworth League met for a waffle supper and business meeting in the home of Mrs. Gaston Foote, Thursday evening at 6:30.

First they wrote letters to absent members, John English, Martha Lou Rogers, Naomi Potet, and a sick member, Grady Murchison. Then they were invited into the dining room where a long table was spread to seat 17. Miss Lois Earnest, Miss Aline Mitchell and Mrs. Foote each presided over an electric waffle iron and my, how the waffles flew! With the waffles was served bacon, tomatoes, honey, maple syrup and spice pudding. At the close of the jolly meal, President Charles Foote called the meeting to order. Anabel Burt read the scripture lesson and Eleanor Foote led in prayer. After roll call each officer gave a report. Each department superintendent, named the members of her department and outlined plans for future work. Charles Foote presented the Standard of Excellence for the Monthly check-up. Vice President Lena Bell Kamp gave us some pointers on how the devotional meeting should be conducted. Treasurer Bates Thornton reported our financial standing, corresponding secretary Eleanor Foote told how many letters she had written this month and how much she had spent for League correspondence. Old and new business was transacted and plans made for the Mission Special Sunday night.

North Ward P. T. A. Will Meet Thursday Afternoon.

The North Ward P. T. A. will meet in the auditorium of the high school Thursday afternoon, Sept. 28. This is to be a business meeting but as several important matters will be discussed and decided it is hoped that the entire membership will attend. In Superintendent Breedlove's talk before the P. T. A. two weeks ago, he stated that the best conditions could not be obtained where there was not a well organized P. T. A. in connection with the school. As Mrs. Theadore Jones has been elected to teach in the schools she has resigned as president of the north ward P. T. A. and a new president will be elected at Thursday's meeting. Let all of the old members come and bring a new member with you.

Mrs. R. J. Reynolds is spending the week in Waco with her son Virgil, who has been seriously ill in a hospital in that city for the past few days. Virgil is attending Baylor University, and his many friends trust that he will soon recover and be able to resume his studies.

Grady Murchison, son of Judge and Mrs. W. H. Murchison, who underwent an operation for appendicitis last week in the Stamford Sanitarium, has recovered sufficiently to be returned home, where he is convalescing.

Epworth Leaguers Entertain With Banquet.

The big social event of the two days Epworth League Convention at the First Methodist Church was on Saturday night when the local leaguers entertained with a cowboy banquet. All of the guests were dressed as cowboys. The banquet table was set in true western ranch country style. Bacon, beans, potatoes, bread, pickles and tya was served. Cowboy songs and whoops and yells were given and in the bean eating contest (knives were used) John Oates Jr. won the prize.

The local hi-leaguers served the banquet. Mrs. Blue, the District Epworth League President made the special after dinner speech. She thanked the leaguers for sending her as a delegate to the League Assem-

bly at Quannah and told interesting things of the meeting.

Miss Louise Kaigler rendered several piano selections and she and Miss Mary Kimbrough were guests of the banquet.

After the entertainment, Rev. Foote delivered his illustrated lecture on the Holy Land.

You'll be out of date within a year without an EIGHT!

America wants to stay in high gear! The public knows that no extra gear shifting can give a six-cylinder motor the smoothness and flexibility of an eight.

The fine cars started it. Today every fine American motor car is an Eight. Now we find the same sweeping trend among cars of more moderate cost.

Studebaker today leads the world in the manufacture of Eights—Eights that are champions—holders of 11 world records for speed and endurance and more American stock car records than all other makes combined.

Drive a smart new Studebaker Eight—President, Commander or Dictator. Compare it point for point. Then remember—your new car will be worth more a year from now—if it's an Eight!—for Eights will then be at a premium in a used car market glutted with sixes.

TO LET CONTRACT THIS WEEK FOR SCHOOL BUILDING

The contract will be let this week for the construction of a 4-room stucco school building for the New Cook school, four miles north of Rule, according to County Superintendent Miss Minnie Ellis.

This building will be located about three-quarters of a mile north of the old Cook Springs school, and will replace the Cook Springs and Corinth schools, these districts having been consolidated this year. The new structure will be modern in every respect, and will involve an expenditure of approximately \$7,000 it is stated. Bonds for the building were voted at an election held last Saturday, and only one vote was cast against the bond issue. The new school will have an enrollment of about 120 pupils, with a faculty of four teachers.

Trustees of the New Cook school are: W. G. Hamilton, president; J. B. Weaver, secretary; and Joe Lowry, J. C. Harris, L. B. White, P. Golden and Dix Carnes.

Born to Mr. and Mrs. C. E. Braye a fine girl on Sunday September 22nd.

Mr. and Mrs. W. P. Trice were in Abilene Sunday.

Ending a sentence with one or more prepositions is now sanctioned even in Boston, and a Boston Globe reporter springs this one: "What did you choose that book for me to read out of to from for?"

Local Feed Company Will Handle Famous Checkerboard Chows

Appointment of the Porter, White & Trice as the exclusive distributors here for the famous Purina Chows has just been announced by Mr. Trice, head of the local concern. This, according to Mr. Trice, is quite a distinction for his firm, in view of the fact that the Purina Mills selects only the outstanding firms to represent them and their products.

"Before taking the Purina line," said Mr. Trice, "I became thoroughly convinced that this company, the largest manufacturer of livestock feeds in America, is actually doing more than it claims. For thirty-five years the Purina Mills has been manufacturing feeds with one point always uppermost; to lower the farmer's production costs by increasing the production of milk, eggs, beef, pork or horsepower; and to prepare livestock for market in the shortest possible time.

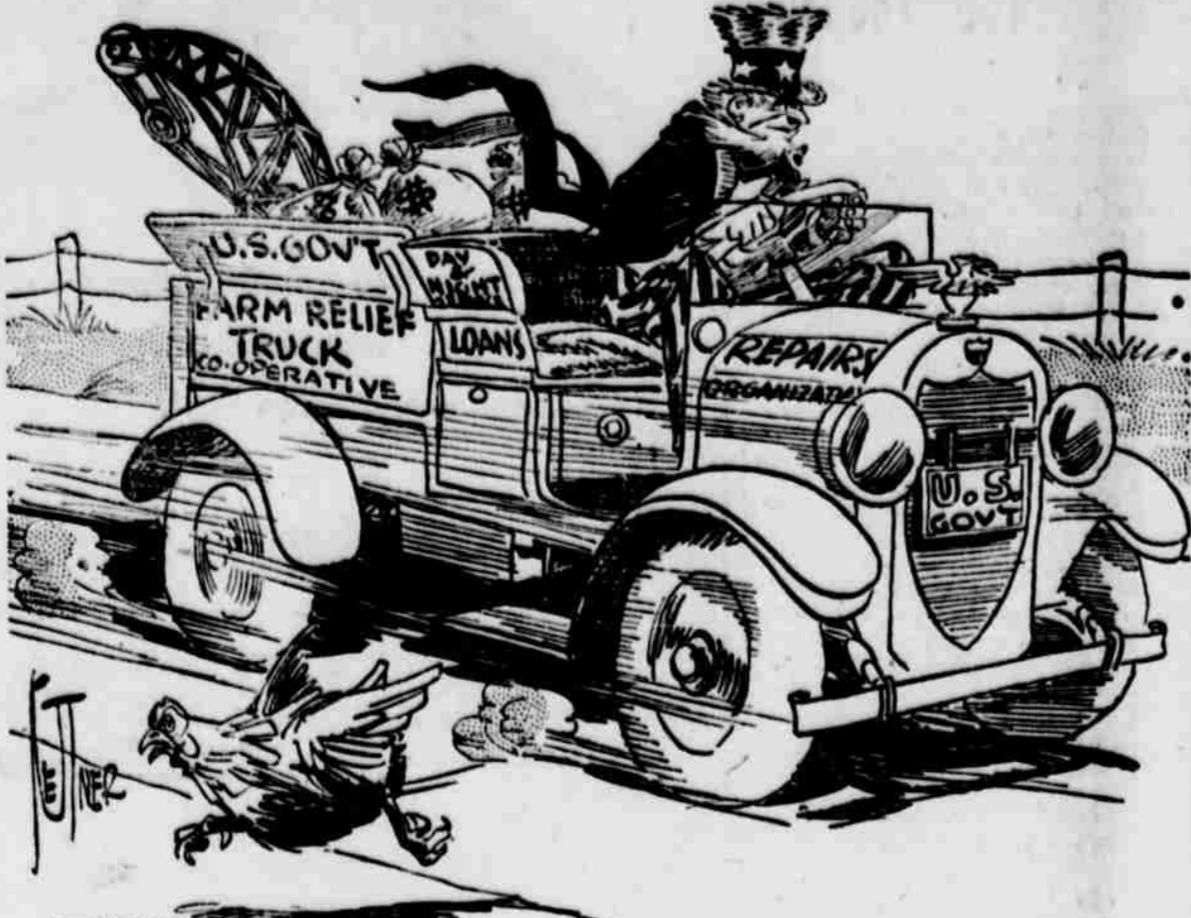

"That they have done that has been proved consistently on the feed lots of America as well as on the experimental farm of the Purina Company itself. Notwithstanding this, chemists and nutrition experts of the company are constantly at work, trying still further to improve the Purina products. The Purina Research Department at St. Louis is in charge of a former professor at the Mississippi A. & M. College. All new discoveries of the experiment stations and colleges are tested in these laboratories, and if they are of advantage in practical feeding, are applied to the manufacture of the Purina Chows. All Chows are sold on the basis of lowering the farmer's cost of production—if they don't do that, we don't want any feeder around Haskell to buy them.

"Right here, I want to emphasize the fact that Purina Chows are not intended to take the place of home grown grains. Their purpose is to supplement the home grains so as to form a complete, balanced ration, and to make the home grains worth more."

Mr. Trice states that it will be the aim of Porter, White & Trice to render a real service to feeders in this territory.

"We will not be satisfied just to sell the Purina line," he declared. "We want to know that it is paying the feeders. For this reason, we will call back on feeders regularly to see that they are feeding for best results. Our organization is equipping itself to give real advice on all problems of poultry and livestock feeding—and the Ralston Purina Company is backing us up 100 per cent."

District Court, at the next regular term thereof, to be held in the County of Haskell at the Court House thereof, in Haskell, Texas on the 23rd day of September, A. D. 1929.

2. That on such day the plaintiff was in possession of said premises and that afterward on the 21st day of October, 1928 the defendants unlawfully entered upon and dispossessed him of such premises and with holds from him the possession thereof.

3. Defendants have occupied and used such premises under such unlawful possession for a period of six months and the rental value thereof during such occupancy is two hundred fifty and no-100 (\$250.00) dollars in which amount by virtue of such wrongs the defendant is justly indebted to plaintiff; but, though repeated demand for the payment thereof has been made of defendant by plaintiff, defendant has failed and refused, and still fails and refuses to pay the same, the plaintiff's damage in the sum of Two Hundred fifty and no-100 dollars.

Wherefore plaintiff prays that the defendant be cited to answer this petition, and that plaintiff have judgment for the title and possession of the above-described premises, for his damage, for costs of suit and for such other and further relief as he may be entitled to either as law or in equity.

E. V. Hardwick,
Attorney for Plaintiff.

This action is brought as well to try title as for damages.

BAPTIST WORKERS CONFERENCE IS WELL ATTENDED

Baptist Workers' Conference of Haskell Baptist Association at the Center View Baptist on Monday of this week. The association is composed of eight churches and many of them were well represented at the meeting. The nature of the meeting created a great deal of interest and no doubt helped to make the months to come an interesting song service.

led by W. M. Free, a helpful devotional service was conducted by Rev. E. J. Barb. He took for his subject, "A Saving Faith Is a Living Faith." The fact that a living faith will produce good works was emphasized.

Rev. W. H. Albertson was assigned the subject, "Origin and Ordinances of the New Testament Church." The subject was intelligently discussed and the spirit of the discussion was greatly appreciated.

Rev. H. R. Whatley dealt with the "History of the New Testament Church." He used a large chart showing the rise of the leading denominations.

Rev. Douglas of Abilene, Texas, spoke on "The Purpose of the New Testament Church." He spent most of his time discussing the things that hindered the church in carrying out its mission.

Mrs. H. R. Whatley spoke on, "What Should Be the Attitude of men toward the W. M. U." The wonderful things the women are doing were forcefully presented.

Rev. C. E. Ball had for a subject, "Men's Responsibility to the W. M. U." His words were helpful and greatly appreciated.

A rising vote of thanks was extended to the Center View people for the splendid lunch and the hospitality with which the visitors were entertained.

The next Worker's Conference will be held with the Curry Chapel Baptist Church.

Tom Alderson to Move Store From Stamford to Sudan

Tom Alderson of Stamford is preparing to move his store, known as "Alderson's" to Sudan, a rapidly growing town on the plains. The store at Stamford will close about the last of this month to reopen in Sudan soon after the first. In Sudan the store will occupy a new brick building. Mr. Alderson says his fixtures will be improved and he will have the best store in that territory.

Mr. Alderson is known by many Haskell people having lived here a number of years before moving to Stamford.

DENTISTS FROM SIX COUNTIES MEET TUESDAY

The Wichita Valley Dental Society composed of dentists of Baylor, Knox, Haskell, Stonewall, Jones and Throckmorton counties, held their annual meeting in this city Tuesday evening at the Tonkawa Hotel.

A number of dentists from over this section were present and a very interesting and instructive meeting was held. The principal address of the evening was read by Dr. Annis of Aspermont, on "The Dentist's Responsibility," and a round table discussion on this subject was joined by all members present. Dr. Ramsey and Dr. Gillispie of Abilene were guests of the evening.

A delicious banquet was served to all present. Beautiful table decorations were furnished by Mrs. J. D. Smith and Mrs. Bruce W. Bryant.

HASKELL GETS FOUR CONFERENCE GAMES ON HOME GROUNDS

Eighteen games are on the championship schedule of the seven schools, comprised by Section A, District 9 of the Class B division of the Texas interscholastic league.

Exactly two months are covered by the calendar of games, starting at Abilene last Monday morning in a game between Roby and Merkel at the West Texas Fair and ending November 22 in a pair of games scheduled at Stamford and at Anson.

Stamford, Anson, Hamlin, Haskell, Merkel, Roby and Sylvester are in the eastern section of the district this year, and every member school with the exception of Sylvester, a new entry, will play representative schedules. Stamford, Anson and Haskell will meet each of the other six teams: Hamlin Merkel and Roby have five games each, and Sylvester is booked for three official contests.

Excepting the fair date of Roby and Merkel at Abilene, and the Armistice day games, the schedule calls for all contests to be played on Friday. Anson's Tigers, championship team of the 1928 campaign, will be feared this fall because of their reputation. Coach Melvin Pittman, however, will have to build almost an entirely new club. Stamford, out of the title picture for several autumns now, is reported to be coming back with a team that is unusually big for a Class B school, and will for that reason, be dangerous to the lighter elevens of the district.

E. M. Connell of Anson heads the district executive committee, which drew up the following card in a recent meeting:

September 23
Roby vs. Merkel at Abilene.

September 27
Sylvester at Haskell.

October 4
Roby at Haskell.

October 11
Merkel at Stamford.
Hamlin at Roby.
Sylvester at Anson.

October 18
Sylvester at Stamford.
Merkel at Haskell.
Anson at Roby.

October 25
Hamlin at Stamford.
Anson at Haskell.

November 1
Stamford at Roby.
Merkel at Anson.
Haskell at Hamlin.

November 11
Anson at Stamford.
Merkel at Hamlin.

November 22
Haskell at Stamford.
Hamlin at Anson.

LIONS HOLD THEIR REGULAR MEETING LAST THURSDAY

Only routine business was transacted at the regular meeting of the Lions Club last week. The meeting was presided over by Lion A. H. Wair. Sam A. Roberts gave a report of the district meeting of executives at Seymour, and the observance of Fire Prevention Week was discussed by Lions Daugherty and Pate. A committee from the Lions Club will be appointed to cooperate with the city officials and fire department during Fire Prevention Week.

The gathering was entertained with two excellent numbers by Miss Lillian Kaigler, who gave a delightful reading, and Miss Anna Bell Burr who rendered a beautiful piano solo. Miss Louise Kaigler, official pianist for the Lions, gave several piano numbers during the luncheon hour.

Claud R. Truett, State Bank Examiner, was introduced to the Club by R. C. Couch as a visitor.

Lion H. Davis officiated in a most capable manner as Tail Twister, and H. Davis officiated in a most capable manner as Tail Twister, and levied a number of fines against members for infractions of the Lions rules.

McNeill & Smith To Handle Line of Aladdin Lamps

McNeill & Smith, local hardware and furniture dealers are making announcement elsewhere in this paper which is of particular interest to every home owner who is without electricity for lighting. They have just secured the local franchise for the famous new instant-light Aladdin kerosene mantle lamp, which gives a beautiful modern white light equal to ten ordinary oil lamps. It is over four times as economical as the best open-flame lamp, the reason being that it burns only 6 per cent kerosene to 94 per cent air. It will save its cost in a few months' time.

The Aladdin is simplicity itself in operation, anyone (even children) can run it. It is perfectly safe. Does not require generating, pumping up, or pre-heating. It gives off no offensive odor, does not spatter, hiss or make the slightest noise, burns without smoke.

These new Aladdins may be secured in either bronze or nickel finish and are available in either table, hanging or floor lamp styles. The Aladdin Floor Lamp is something new and distinctly different, never before available in an oil lamp.

All Aladdins may be equipped with either plain glass shades or decorated glass or parchment shades, except the floor lamp which comes with parchment shade only. All decorated shades are beautifully designed and are in five colors.

Every home not equipped with electricity should have at least one Aladdin. It would be advisable to visit this store at as early a date as possible while the line is complete so that you may secure a wider choice. Read the important announcement elsewhere in the paper for further details.

Citation By Publication
The State of Texas,
To the Sheriff or any Constable of Haskell County—Greeting:
You are hereby commanded, that you summon, by making publication of this citation in some newspaper published in the County of Haskell if there be a newspaper published therein, but if not, then in a newspaper published in the nearest county to said Haskell county, for 4 consecutive weeks previous to the return day hereof, G. W. York whose residence is unknown, to be and appear before the Hon. District Court, at the next regular term thereof, to be holden in the County of Haskell at the Court House thereof, in Haskell, Texas, on the Fourth Monday in day of September, A. D. 1929, then and there to answer a Petition filed in said Court, on the 20th day of August A. D. 1929, in a suit number-

pendant. The nature of the plaintiff's demand being as follows, to-wit: A suit for a divorce, and the plaintiff alleges as follows:

That on or about the 22nd day of March, 1925, plaintiff was legally married to the defendant in Haskell County, Texas, and continued to live with the defendant as his wife, until about the 22nd day of May, 1925, when the defendant, without any cause or provocation whatsoever did voluntarily leave and abandon plaintiff, with the intention of living separate and apart from her, and has continued to so live. That plaintiff never caused, procured nor consented to defendant abandoning her, and that defendant refused to live with her any longer and still refuses to do so.

That plaintiff's name before her said marriage to the defendant was Mrs. Mary Jane Merchant.

Wherefore, plaintiff prays that the defendant be cited in terms of law to appear and answer herein, and that on final trial she have judgment from the court dissolving the said marriage relations, that her former name of Mrs. Jane Merchant be restored to her by judgment of the court, for costs of suit, and for such other and further relief, general and special, legal and equitable,

to which she may be justly entitled, same.

Given under my hand and seal of said Court, at office in Haskell, Texas, this the 20th day of August A. D. 1929.

THINK!

Detroit, Michigan, is the automobile center of the world—it has held this distinction, steadily, for many years.

A large percentage of Detroit's population are skilled workers who know the real worth of an automobile. They are first to recognize built-in value, and to distinguish the real fundamentals of QUALITY which make a car worth the price it sells for.

In May, 1925, a new high record was made when 6,518 Model "T" Ford cars and trucks were sold in Wayne County, (Detroit) Michigan. This record was then considered "THE WONDER OF THE AUTOMOTIVE WORLD." Over 6,000 Ford cars sold in one county in one month!

That was exactly four years ago. Today, Detroit's workers are more highly skilled than ever before, due to the searching light of modern progress. They are even quicker than ever to recognize THE ONE OUTSTANDING VALUE in today's modern automobile.

Now there is a new record—a Model "A" record in every sense of the word.

In May, 1929, in Wayne County, (Detroit) Michigan, there were sold, at retail in this one month—just passed—

9,303

NOW IS THE TIME FOR LAWN GRASSES TO BE SOWN

The urge to seed a new lawn usually comes to people in the spring, but early fall is the time when northern lawn grasses should be sown. Fall sowing enables the grass to stool out before winter arrives to combat weeds better the following spring. After the soil is thoroughly worked preparatory to sowing, the surface should be fined with a rake or similar implement, and bone meal applied at the rate of about 20 pounds to 1,000 square feet. The bone meal helps the grass to make enough to get through the first winter in good condition. The seed should be sown evenly and covered uniformly but lightly. Light rolling after covering is often beneficial.

Dainty equestriennes are numerous with the Hagenbeck-Wallace Circus, which comes to this vicinity for afternoon and night performances within a few days. These girl riders are the equal of any male equestrian and accomplish many feats on a resin-back. It wouldn't be a circus without these petite and pretty riders, and you'll find the Hagenbeck-Wallace girls just as good as the majority of masculine bareback artists. One of the features of the 1929 tour will be the appearance of Clyde Beatty, America's greatest wild animal subjugator, and his 32 lions and tigers. With no other circus will you see such a display of daring and nerve, and so many outstanding wild animal displays. —Stamford, Texas, Oct. 8th.

NOTED EDITOR IS OPPOSED TO BIG BOND PLAN

Fred Robinson of Waco, veteran newspaper man, publicist and patriot who has been frequently mentioned as a suitable person to be governor of Texas, has some very pronounced and interesting views on the highway question and taxation incident thereto. In a recent letter printed in the Dallas News, Mr. Robinson said: "I oppose the proposed road bond issue of about \$300,000,000. "I oppose the rerouting of roads and leaving off the smaller towns, thereby virtually destroying them. "I favor closing the gaps on all important highways in one year, out of the funds, and without increase in taxes. "I favor reducing the gas tax from 4c to 2c and reducing license fees to \$3 for cars costing under \$1,000 with maximum of \$5. "I favor a Highway Commission of three members, elective preferred, that will be in session 365 days a year at annual salary of \$5,000 each, so that any citizen can present his road problems at any time, instead of having to get permission to come to Austin to secure a hearing. "I favor a general reduction of state expenses, with lower taxes all along the line, as I consider this the best way to afford the farmers relief, as also the laboring man, and the average citizen. "While I have made no decision as to entering the race, many of those who know me well are urging that I do so, and if there seems any considerable demand for my services to carry out the policies indicated, from the 1,000,000 automobile taxpayers of the State and (about) 2,000 smaller cities and villages likely to be disastrously affected by a continuation of present policies, I may enter the contest at the proper time, and will do my best to make things 'hum.' "It will really be a contest of the people versus the politicians, with myself merely an incident and striving to be of some benefit to my

native state. "And may I be pardoned for stating my full initials are F. B. R. which all can see are emblematic—For Better Roads." From the Center (Shelby County) Champion.

Prominent Musical Educator, Carre Louise Dunning, Is Dead

Mabel M. Bishop, President of the National Association of Dunning Teachers, received word Monday of Carre Louise Dunning's death in a New York City hospital Sunday morning. She was the originator of the Dunning System Improved Music Study, and founder of the National Association of Dunning Teachers, which is a group of 1900 women who are actively teaching her system in this country today. She has been one of the most prominent educators in the entire musical world and her loss will be felt keenly for she numbered among her intimate friends, artists and composers and teachers in every field of music.

Her death terminated an illness which has confined her to her bed most of the time since July 1st, when she arrived in New York City expecting to teach a Normal class for teachers. This is the first time in the long period of twenty-five years that she has taught Normal Classes in Dunning System there, that her schedule has been interrupted. It now remains for her corps of twenty-four Normal teachers to continue that part of her great work. This National Association of twelve hundred teachers and their thousands of pupils throughout the country are living monuments to her life of service to music. Thousands and thousands of children have journeyed joyously over the shoals of fundamentals of music thanks to her marvelous conceptions of presentation. Her system received the enthusiastic endorsements of such famous men as Paderewski, Godowski, Gabrilovitch, and the exacting Leschetizky with whom she studied five years in Vienna. It is taught not only in the United States, but in Canada, Alaska, England, Australia and Hawaii. Normal classes in Dunning have also been held in Paris, France. A great life has closed—a good soul gone on to its reward.

Haskell Baptists

CORINTHIANS 1:17a EXPLAINED

"For Christ sent me not to baptize, but to preach the gospel." Paul does not deny baptizing people, for he explains in this verse that he did baptize some. He believed in Baptism and the best to carry out the great commission as we find it in Matt. 28:19. Paul was not a pastor, but a great evangelist going from place to place telling the lost about Jesus. His converts were baptized by the pastors. Notice how he makes a difference between baptism and the gospel: "For Christ sent me not to baptize, but to preach the gospel." The gospel is the good news of Jesus and His power to save. The gospel is the power of unto Salvation (Romans 1:16). Since the gospel is the power of unto Salvation and baptism is not the gospel, then baptism cannot save. How is baptism related to the gospel? It is a picture of the gospel. A picture is a likeness of something. We read in Romans 6:4,5 that baptism is a likeness of Christ's death and resurrection. The word gospel means good news. The fact that Christ died for our sins and rose for our justification is the greatest news this world ever heard. This glorious event is pictured in the baptismal service. In brief we are baptized for the following reasons:

- 1. Because it is right (Matt. 3:15).
 - 2. Because our sins have been forgiven and we are full of the Spirit (Acts 10:47).
 - 3. Because it represents an inward cleansing by the blood of Christ (Eph. 5:14; Acts 22:16; 1 Peter 3:21).
 - 4. Because it is a representation of the burial and resurrection of Christ and our own death to sin and resurrection to a new life (Rom. 6:3-5; Col. 2:12).
 - 5. Because it shows our faith in the general resurrection of the dead (1 Cor. 15:29).

PERSONS ARRESTED JOINTLY FOR COW THEFT

Grand jury Tuesday returned charges jointly charging James Bill Choate, Victor and John Williams, with the theft of a cow. Each of the men was charged with the theft of a cow. The case has been set for trial, October 1st. One hundred and fifty witnesses have appeared at the grand jury during the week in which they have been held.

Two Divorces Granted Tuesday in District Court

Two divorces were granted in District Court Tuesday by Hon. Bruce W. Bryant, District Judge. Mrs. Beulah Williams was granted a divorce from R. E. Williams, and Mrs. Mary Jane York, a divorce from G. W. York. The divorce action of Olive Showkeir vs. Elizabeth Showkeir was dismissed after the defendant's attorney had presented evidence that his client had been granted a divorce in Florida from the plaintiff.

RULE COMMUNITY FAIR HAS BANNER ATTENDANCE

Attendance During Three Days Exposition Estimated at Fifteen Thousand.

Rule's first annual community fair passed into history Saturday night—far ahead of the anticipations of its sponsors, the Rule Luncheon club, in its scope and the interest which it has aroused. The fair opened Thursday morning and throughout the three days it held sway, the two exhibit halls, one housing the women's department and the other the agricultural and poultry displays, were thronged with interested crowds. Sponsors estimate that during the three days more than 15,000 persons attended. Friday night was the banner occasion, the attendance at that time being estimated at between 7,000 and 8,000. A large delegation went from Haskell along with the band, and groups also were there from Rochester, Knox City, Sagerton and Old Glory.

Each department was filled with exhibits, the poultry show being especially large with more than 300 birds on display. Prizes aggregating nearly \$500 were awarded to exhibitors. No entry fee was charged, the awards being made from profits derived from a carnival playing at the fair. Exhibits included women's culinary and domestic art work, agricultural products, poultry and livestock.

The fair is the outgrowth of a decision reached three weeks ago by the Rule Luncheon club headed by T. P. Hornbeck as president and H. R. Glass as secretary. Interest of farmers and business men was quickly aroused. Those supervising arrangements of the departments were: E. C. Watson, agriculture; C. O. Davis, poultry and C. E. Orton, livestock. These departments were judged by Fred Reynolds, county agent of Stonevald and C. C. Johnson, county agent of Jones county. The Cowboy band of Simmons university visited the fair Saturday morning and gave a concert. At luncheon the handsomeness of guests of the Rule Luncheon club. Awards announced Saturday afternoon were: Agricultural—White maize, B. E. Karr, Rochester, first; Walter Watson, Rule, second. Red maize: D. L. Hamilton, Rule, first; H. D. Hamilton, Rochester, second. Pet

Farmer's Poultry and Hogs Pay Year's Grocery Bill

An example of what one Haskell county farmer is doing by practicing diversification and poultry raising is shown in an instance called to our attention by R. J. Reynolds, groceryman of this city. Mr. Reynolds states that one of his customers whose name will be furnished on request, called at his store Saturday to pay his account for the year, which covered his purchases for a family of four from January 1st to Sept. 21st—practically nine months. The farmer had been bringing his eggs from a flock of Rhode Island Red hens, together with his surplus of home-killed and cured meat during the winter months of this year, crediting the market price of these products against his account during the nine months. Upon balancing the account, the farmer had a balance of twenty-seven cents to his credit, instead of being in debt to the merchant for his year's supply of groceries. This is only one of several instances of like nature called to our attention by Mr. Reynolds, who states that a number of his customers are paying their grocery bills with eggs and poultry, leaving all money from their crops as a surplus.

Barn at Home of Fred Sanders Burns Saturday

The large barn at the home of Fred Sanders in the east part of the city, was destroyed by fire about three o'clock Saturday afternoon. The fire had spread through the structure before it was discovered, and all the contents of the barn were destroyed in the fire, including a truck, wagon, and several tons of maize. The fire department made a run to the scene, but could be of little service, as the fire was far beyond the reach of the city water mains. The origin of the fire is not certain, but in all probability was caused from burning trash. No insurance was carried on either barn or contents. Genard Field returned Tuesday from Mineral Wells, where he and Mrs. Fields had gone Monday. Mrs. Fields remained in Mineral Wells and will take treatment at a sanitarium in that city. Their many friends trust that she will soon recover her health and be able to return home.

Bond Issue Voted At Throckmorton

By a majority of nearly seven to one, a bond issue for \$50,000 was approved by voters at Throckmorton Saturday. Of the total, \$22,000 will be used for a waterworks system, and \$28,000 for refunding outstanding warrant indebtedness.

Gathering of Cotton Crop Proceeds Rapidly Throughout This Section

The ideal weather during the past ten days has caused a considerable gain in cotton ginnings in Haskell and throughout this section. Gathering of the staple is proceeding rapidly all over the county, with some of the ginneries predicting that the county's yield will be practically gathered within the next thirty or forty days if the weather continues favorable. A total of 452 bales had been ginned by the eight local gins during the first three days of this week, according to their report Wednesday afternoon, bringing the seasons total bales ginned here to 1,162. Cottonseed was bringing \$32 per ton on the local market, with 17c per pound being paid for cotton, middling basis, Wednesday. The report on cotton ginnings for the United States, prior to September 16th, shows a total of 3,353,038 bales ginned in the United States, Texas ginnings totaling 1,262,907 bales. The ginnings reported by States in running bales, counting round bales as half bales, is given below: STATE Bales Alabama 247,426 Arizona 7,200 Arkansas 197,974 California 1,575 Florida 25,200 Georgia 22,200 Louisiana 22,200 Mississippi 22,200 Missouri 1,185 New Mexico 964 N. GOVERNOR APPOINTS CLEM CALHOUN AS BORGER PROSECUTOR

Clem Calhoun, Abilene, district attorney of the 104th district, has been appointed special prosecutor by Governor Moody to assist the rangers at Borger in clearing up the assassination of District Attorney John A. Holmes there two weeks ago. Mr. Calhoun goes to Borger as the state's special prosecutor and not as district attorney. However, he will take charge of the prosecutions pending in the murdered district attorney's office. Calhoun is well known in Haskell, having been District Attorney of this district for several years prior to the enactment of the re-districting bill which took Fisher and Jones Counties from the 99th District and placed them in the 104 District with a part of Taylor County. Calhoun was made District Attorney of the new district at that time and has held that position continuously. In commenting on Calhoun's appointment, Governor Moody is quoted as saying: "I regard Mr. Calhoun as one of the best all-around prosecutors in Texas. He has the background, the ability, and above all, the courage, to take hold of the larger situation and see it through. He cannot be intimidated and he is not to be bested."

WILD DUCKS ARE REPORTED DAMAGING FEED CROPS HERE

Farmers in the Open Section country northwest of Haskell have been suffering heavy damage to their maize crops during the past few days, caused by thousands of wild ducks attracted to the large lakes in that section since the rains of three weeks ago. In conversation Wednesday with Mr. D. Adkins, farmer of that section, he stated that the ducks were making heavy inroads on the maize in that section and that the damage would run into hundreds of dollars. It is unlawful to kill the ducks until Oct. 16th, it is pointed out, and in the intervening time farmers who have maize in the fields are afraid that they will sustain heavy damage to the already short feed crop.

Florable Tragedy Takes Lives of Mother and Brother of Haskell Man

John Simpson and his family left immediately after receiving word of the accident. Funeral services for both the men were held in Anson at 4 o'clock Wednesday afternoon, which were attended by practically the entire citizenship of that city. The bereaved relatives have the heartfelt sympathy of a host of friends in their hour of sorrow. Undergoes Operation Floyd Taylor, son of Dr. and Mrs. L. F. Taylor of this city, is improving after an operation for appendicitis, performed at the Baptist Sanitarium in Abilene Monday morning. Floyd was stricken with appendicitis Saturday night, and was carried to the sanitarium Sunday afternoon. Ben Adelberg of Rochester, proprietor of the New York Bargain Store in that city, was a business visitor here Tuesday. Dr. and Mrs. B. F. Cowley of Christoval, accompanied by Miss Cowley, spent last week in Haskell. Dr. Cowley's sister, Mrs. Cowley, was in Haskell this city.
