HASKELL'S PROGRESSIVE STORE

TELLING THE WORLD

Outside and Inside Dope on Haskell County People As Told By Our Rambling Representative

There seems to be a political boom in Haskell county and the tide of enthusiasm is running high. Numerous candidates are already in the field and many are waiting for their friends to solicit them to enter. When they all get in and get well groomed up you can watch for their smoke. Things will get warm when the race actually begins.

Some of the boys who are in the race have never been in a campaign and cannot realize how they will feel when they begin to hear of themselves as others see them. The sometimes it is very provoking but after the race it is just believed to be campaign thunder and those who spread the news will beg your pardon and tell you their words were unformed. Don't take anything for granted and do not believe everything you hear about yourself. Always remember that folks do not vote as they talk and pray.

After our tussle with the Flu and other hindering causes we are again permitted to pursue our work unimpeded. It is a fine time to be in the country away from the grind of the city and see fields and meadows spreading out before the eyes of one who loves and admires their beauty. This is a vision sublime and what manner of man is he who does not love the rolling prairies bedecked with beautiful homes, churches and school buildings?

Thursday afternoon we visited Rube taking time to go inside a few of the business houses and see a few friends. We could not visit all the business portion of Rube in one short afternoon so we did not attempt it. Part of course we spent a few moments in the post office and in Rube where the photograph was in full blast all the time.

We had a short talk with Hans Mader A. N. Davis who says his hand is doing nicely and the largest number of pieces in the hand he has been able to report in concert was 24 in number. He is doing a great work and is also a good singer in connection with his hand playing.

We spent a few moments in the Barber shop of Claude Norman and E. E. Luck. They live on long hair and whiskers and they seem to be getting their share.

Dr. J. C. Davis met us with that usual smile and ask us about how we were feeling etc. I guess that is a habit of the Doctor to ask about the ailment of the folks.

Judge J. W. Mason was still stepping lively and was in a rush about his affairs and we only had a few words with him.

G. F. Flowers one of Rube's old time citizens gave us his compliments for the efforts of the Free Press in getting out a real country paper. Mr. Flowers just said in plain words it was the best county paper he knew of and that he was glad to be a reader of the Haskell Free Press. Words like that from a man who knows argue us on with more energy and zeal.

We learned that E. E. Norman was building a nice building to better house his progressive grocery store and that Leon is building a new steam drying room to his cleaning establishment. Both are permanent improvements for the city of Rube.

We also noted D. T. Dotson of Haskell collector for the West Texas Utilities Company strolling the streets with his bill book under his arm. They tell us that Dotson gets the money and leaves them in a good humor.

J. L. Linville of that progressive city said keep the Free Press coming. It likes the county paper.

O. Cole a progressive young business man who is a booster for the city gave us his check for the Free Press for a year that he might keep posted on the

things from the capital city. Mr. Cole is a member of the firm that bought the Chambers Bros. Grocery Store. He knows the grocery business and enjoys his patrons and his friends.

We were soon on the road home after leaving Mr. Cole's Store having spent a pleasant afternoon in Rube.

Friday morning found us with that same rambling desire and we cranked up our motor and hit the hall for the city of Wrenneth. We reached the city without a single incident worthy of mention and we spent a short while among the contented citizens of that city.

We spent a few moments in the store of Walter Holt and noted they were doing nicely and then we came down to the Therwanger store and they were busy waiting on their trade. J. T. Therwanger of the farm west of Wrenneth was in the store and we spent a short while listening to him tell of the progress of the farm and the farmers of the county. He is a very successful farmer and he is to be congratulated for his success. We are going to visit his place in the near future and tell you all about him. He is in the chicken business now.

W. L. Johnson is building a new home in Wrenneth and the Pennington Gas Co. is repairing the managers residence. Wrenneth is building steadily all the while according to Leon Jones who keeps the records straight.

We made a little stop to Monday and came back to Knox City that afternoon. We saw a number of friends along the way and enjoyed seeing them. Rev. L. S. Jenkins of Gorse was among the friends we talked with. He is just the same old Jink that we have always known. Jim Lewis of Monday another old time friend was among the number we saw. Also S. T. Eady and family of Monday were visited in their big store at Monday.

When we reached Knox City we spent a short while in the barber shop of Press Hitchcock and later on went to O'Brien where we attended the week end revival being held at the Baptist church in that city. Rev. P. O. O'Brien of Monday was doing the preaching. After the close of the services we went to the home of H. M. Cooner one of our old friends and spent the remainder of the night. We enjoyed being with these folks and I think we want to our sleeping apartments between 11 and 12 o'clock. His daughter Miss Stella who is teaching in the Foster school was spending the week end with some folks and attending the revival. Mr. Cooner is doing some repair work on his car and he expects to put up a new yard fence. Mrs. Cooner has lots of chickens and she is getting lots of eggs from the flock. They gave us a fine breakfast and we enjoyed it very much. We believe that Miss Stella made the good

discuss but we do not care about too many of our Haskell county boys knowing it or Foster might lose a good school teacher. We hope to be able to pass that way again soon.

Next morning we drove to O'Brien and spent the morning hours in the city again attending the services at 11 o'clock of the revival, going to the home of the Cotton Seed King S. N. Reed for dinner. Here we had another good meal and friendly association of this family made a lasting impression on us. Mr. Reed is one of the greatest public spirited men in the county. He sponsors with his means anything that he believes to be good for his town or his community. You can always depend on him to help in every good cause the best interest of his town or community needs. We did not tell him all we knew because we found out that he was a member of the recent Grand Jury. You know being a grand juror makes a fellow some times just a little inquisitive. But S. N. let us down pret to light and we left his place for Haskell arriving here about 3 o'clock that afternoon and found the streets just as we had expected, crowded with people from every where.

More next week.

A Delightful Birthday Dinner

Mr. and Mrs. Will Atchison of the Roberts community gave a delightful birthday dinner in honor of Mrs. W. J. Via of Danison Texas, who is visiting them. A nice table was spread and there was a beautiful feast of chicken and dressing, pies and cakes and all kinds of vegetable and many other good eats served to a large circle of friends and neighbors. Many expressions of thanks were given the host and hostess for the good dinner and all the friendly associations enjoyed by all.

Mrs. Via lived in that community for 10 years and was Guardian for the Woodmen circle for five years during her sojourn. She is now blind and has been for the past several years, but it is wonderful the things she can do without sight. She can sew and do many other things that look almost impossible for one to do in her condition. She is here visiting old friends in the Vontress and Roberts communities and also in Haskell. She is very cheerful and happy for one in her condition and often thanks her Maker that every thing is as well with her as it is. She is looking forward to the days beyond this vale of tears where there will be no night no sorrow, no parting of friends, but where the redeemed shall live forever around the throne of God.

Sends in Subscription from Plains
We just had a letter from M. O. Field of Plainview sending in his subscription in order that he might get news and especially the political news. He said that it was raining at Plainview when he was writing the letter. He is a former business man of Haskell and wants to hear from his former home.

Lady of Cooksprings Community III
Mrs. W. A. Taylor of the Cooksprings community North West of Rube is reported very ill and her many friends are very anxious for her speedy recovery.

E. L. Livingood and family of the Post community were shopping in the city Saturday. Mr. Livingood is a pioneer citizen of Haskell county who has succeeded in farming and is a diverter always growing his living from the farm and selling the surplus. He has many fine chickens that he is breeding up.
Mr. and Mrs. E. B. McDonald of Weaver community were shopping in the city Saturday.

BOY KICKED BY MULE SERIOUSLY INJURED
Henry Sanders, son of Mr. and Mrs. R. A. Durham living one and one-half miles west of town was seriously injured when kicked by a mule Saturday morning. He had gone into the lot to harness a team and soon his cries were heard by a neighbor who ran to the lot and found him lying on the ground in an unconscious condition. He was carried into the house and medical aid summoned and on last report he was doing nicely. He is a fourth grade pupil in the south ward school.

Fred Reid of the Wrenneth State Bank was in the city on business Monday.

Frequent Bilious Attacks
"I suffered with severe bilious attacks which came on me two or three times every month," says Mr. Ollie Miller, of Murray, Ky.
"I would become dizzy. My head would ache terribly, feeling as if it would almost burst. It felt exactly like a tight band was being drawn closer and closer around my temples."
"My stomach would be so upset I could not retain any kind of nourishment for hours. I would have to quit work and go to bed."
"My color was awful. I was yellow and my skin was drawn and dry. I did not have any energy—no ambition to work. I was just about half sick most of the time because of these spells."
"One day one of my neighbors, who has used Theford's Black-Draught for years, said he had noticed how bad my color was and thought it would help me."
"I got some Black-Draught immediately and began to take it regularly until I got my system clear of the poison I had been absorbing. I soon began to feel better and developed a fine appetite. I had no more bad headaches or bilious spells."

Miss Mary Ella Pace Compliments Miss Claire Wofford of Dallas.

Miss Claire Wofford of Dallas was last week's guest of Miss Mary Ella Pace and on Friday afternoon Miss Pace complimented her guest with a bridge tea. Five tables were arranged in the reception suite that was made very attractive with vases of fiesias and a warm glow from candelabra containing red candles. At the close of the games it was found that Mrs. Clyde Grissom had won high score and she was given a leather vanity. The honor guest was given a beautiful fountain pen set. Guests were Misses Dolly Louise Chambers, Maybelle Taylor, Lela Welsh, Rosella Chrisman, Mary Patterson, Ermine Daugherty, Lois Earnest, Maurine Shook, Madalin Hunt, and Mrs. Clyde Grissom, Mrs. John P. The Douglas School.

On last Monday just before the morning recess hour we visited the Douglas school, ten miles east of Haskell. This is a one teacher school, taught by Miss Alma Sprowls. A flag pole had been

erected just in front of the building. On entering the school room the first impression was the splendid array of prints of good pictures, "Old Iron Sides," "Hope," "The Angelus," "Blue Boy," "The Torn Hat," "The Gleaners," and "The Spring Song." On the front board was drawn a February calendar, to the right of which stood Abraham Lincoln and to the left George Washington and kneeling among a group of hearts was St. Valentine. This was a very impressive way of teaching the three holidays of the month. The pupils proudly exhibited the valentines they were making for their mothers and for each other and Miss Sprowls explained that an air ship was being built and would be called the Spirit of St. Valentine and would contain the valentines

on February the 14th, when they would be distributed. A new set of loose leaf reference books were near by. There are twenty-six pupils enrolled in this school.

Do Ducks Get It

A story is going the rounds that an old southern negro who was asked by the proprietor of a store how he happened to need credit when he'd had such a good cotton crop.

"De ducks got about all dat cotton sah," was the mournful reply.

"What do you mean de ducks got it?"

"Well, you see," explained the old man, "I sent dat cotton up to Memphis and dey deducks the freight, and dey deducks the storage charges, an' dey deducks the commission, an' dey deducks the taxes—yes, sah, de ducks got all my cotton and dat's why I'm here."

George Best of Foster was here Saturday. He is the greatest hog raiser in the county and in the near future the Free Press will have a write up of his farm and methods used in growing hogs.

FORCED TO SLEEP IN CHAIR—GAS SO BAD

"Nights I sat up in a chair, I had such stomach gas. I took Adlerika and nothing I eat hurts me now. I sleep fine."—Mrs. Glenn Butler.

Run your skim milk through a new DeLaval

YOUR old separator may be running all right and you may think it is doing good work—but is it? Here is an easy way to satisfy yourself, without expense.

Ask us to bring out a new DeLaval and run your skim-milk through it. The new DeLaval skims so clean that it will certainly recover any butter-fat you have been losing. Then you can tell exactly whether you are losing or making money from your separator. Thousands have tried this plan and many found a new DeLaval would increase their cream money from \$25 to \$200 a year.

Liberal trade allowances made on old cream separators.

The new DeLaval is the crowning achievement of 48 years of separator manufacture and leadership. It has the wonderful "floating" bowl—the greatest separator improvement in 25 years. It is guaranteed to skim cleaner. It also runs easier and lasts longer.

The Red "O.K." Tag Protects Your Purchase

After we have thoroughly re-conditioned a used car, we attach a red "O.K." tag to the radiator. This tag is the purchaser's guarantee of quality and value—for it shows exactly what mechanical conditioning the car has had.

When you purchase a used car, let this tag eliminate all uncertainty and "guess-work" for you.

Our used car department is showing a wide selection of "O.K.'d" used cars at this time—every one an outstanding value. Come in and see them.

QUALITY AT LOW COST

In Our Repair Shop

We are improving the service in our Repair Department and no expense is being spared to equip it properly. A mechanic may be an expert and a willing honest workman but he cannot produce the high class repair work we are doing without tools and machinery. The latest addition to our equipment is a cylinder hone and an electric valve refacing machine. The cylinder hone will remove scores and bad spots in the cylinder walls and true them up perfectly. The valve refacing machine is an automatic valve grinder, and does away entirely with the guess work.

SEE NATION-WIDE PAVEMENTS SOON

When will it be possible for the Maine motorist to jump into his car and journey to California or Washington without once leaving a paved road?

Paint rumblings heard in the present session of Congress indicate that transcontinental travel may come to pass, not today perhaps, but within, say a decade.

The Holiday bill, introduced by the Illinois representative, which calls for a three billion dollar United States bond issue, has gone through the mazes of the House Ways and Means committee and will doubtless receive some early attention from Congress. This bill which may be termed both visionary and practical, calls for a comprehensive system of hard-surfaced roads to be built and maintained by the United States, so that highway comforts may be enjoyed to quote the author's summary, "right now, while we live."

Congress has also listened to a proposal that a complete nation-wide system of pavements be established by private concerns and operated by the toll method. The assuredly progressive desire is also being carefully considered and in some quarters the opinion is expressed that a congressional commission will be selected to study the practicability of this suggestion.

Is there a need for transcontinental roadways, is a query that can be answered only in the affirmative. Many take it for granted that the automobile and the bus are desirable only for short journeys. Some railroads have declared that they are altogether willing to wipe their hands of short haul business as it was never very profitable. Still, it must be admitted that with the increase in good roads there is a growing tendency for the automobile to extend its radius. For instance, a bus company maintaining transcontinental schedules has issued the statement that the average mileage per passenger out of San Francisco in 1927 was 1,711 miles.

Farmers have increased their marketing radius from ten miles to 50 miles. Week end pleasure seekers may now scurry 100 to 300 miles away from home. The vacationist with two or three weeks at his disposal may wonder from 2,000 to 6,000 miles in his car and not be late for work. The population of this country is growing. At the present rate 210,000,000 will be seeking a livelihood at the conclusion of the twentieth century. If the automobile manufacturers attain their goal, the provision of an automobile for every third person, where will these cars travel?

In the face of all this, it is apparent that the United States cannot build roads too rapidly, particularly if the people of today wish the comforts that are presaged for the present generation's descendants.

The whole nation is now in a receptive mood for more and better highways. Nothing that Congress can do in the way of progressive road legislation will fail for lack of nation-wide support. Scanning road building activities and progress of the last ten years it is apparent that the road building program of the future will greatly surpass that of the past. The question is, when do we start?

GRISSOM ACQUIRES STORE AT VERNON

Dixon Dry Goods company of Vernon has been purchased by J. E. Grissom and Hardy Grissom of Abilene...

The Vernon store is the third Grissom house, the other two being at Abilene and Quanah.

All Grissom store managers are to be in Abilene Thursday for a business conference and to attend the "Fashion Fiesta" of Grissom's Department Store at the Hilton hotel Thursday evening.

LOCAL BOYS TO JOIN PROFESSIONAL BASEBALL

Gus and Frank Clift, sons of Mr. and Mrs. B. T. Clift of this city, have signed baseball contracts with their respective clubs...

Gus joins the Jackson, Miss. team of the Cotton States League under the able management of "Snips" Conley...

Manager Conley had Gus in training at Dallas last spring and he expects to make a first class pitcher out of him...

Frank, younger brother of Gus, has not had much baseball experience, excepting four years in high school and one year at the University of Texas...

Frank is a first baseman of no mean ability, and his batting has always stood him out as a real slugger...

WICHITA FALLS TO HAVE GRAND OPERA NEXT MONTH

On Wednesday night of February 29th, the Chicago Civic Company will open the season in the Memorial auditorium at Wichita Falls...

The company will only appear in two Texas cities, Wichita Falls in North Texas and San Antonio in South Texas...

Rosa Raso in the stellar role of "Aida" is worth going many miles to see and hear. Her voice is peculiarly fitted for the song "Ritorna Vincitor"...

Others in the cast include Cyrene Van Gordon, Chase Baromea, Virginia Lazzari, Ludovico Oliviero, Elnor Mario. The conductor is Giorgio Polareo.

In the opera "Resurrection," we have Mary Garden, our own Mary. Her personality is the most vivid of any grand opera star.

Others in the cast include Rene Mason, Lorna Doone Jackson, Cesare Formichi, Maria Claessens, Anna Hamilton, Desire Deiere, Ludovico Oliviero, Alice d'Hermanov, Jose Mojica, Antonio Nicholich and others.

NOTICE TO FARMERS

We will have a car of Western Wonder Pedigreed Cotton Seed on the track Thursday, Friday and Saturday, February 9, 10 and 11th.

It took a jury at Morrison, Illinois, twelve hours to acquit a man who drove over a chicken. They must have been waiting for someone to offer them "an automobile a block long."

AN ORDINANCE

The State of Texas, City of Haskell, County of Haskell.

On this the 26th day of January, 1928, the City Council of the City of Haskell, Texas, convened in recessed regular session...

WHEREAS, the City Council of the City of Haskell, Texas, de termining the necessity of levying an assessment against property and the owners thereof on portions of certain streets in the City of Haskell...

AND WHEREAS, plans and specifications for the improvement of said streets have been duly prepared and approved as required by law...

WHEREAS, as required by Section 4 of Chapter 106, General Laws passed by the Fortieth Legislature, at its First Called Session, in 1927, this Council has caused the Engineers acting for said City to prepare an estimate of the cost of such improvements...

AND WHEREAS, after due notice of advertisement for bids for said work and improvements had been made, said work of improvement was awarded to the Tibbets Construction Company...

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF HASKELL, TEXAS, that the report or statement of the City Engineer filed with the City Council describing the abutting property and giving the names of property owners and number of front feet...

That the estimate of cost of such proposed improvements, as made by the City Engineers and filed with the City Secretary, having been examined by this Council, is hereby approved.

That the City Council of the said City of Haskell, Texas, does hereby determine to assess against the abutting

property and the owners thereof, two-thirds of the total cost of all of such improvements excluding the cost of engineering and excluding the cost of constructing storm sewers...

That the City Council of the said City of Haskell has hereby determined to assess all the cost of making and constructing improvements in any area between rails and tracks and two feet on each side thereof of the Wichita Valley Railway Company...

That such assessments shall be made after notice to such property owners and all interested persons, and after the hearing herein mentioned...

That the proportionate cost of such improvements which is contemplated to be assessed against such owners and their properties, shall become due and payable as follows: One-sixth cash

SOCIETY

Epworth League Party.
The Epworth League members were entertained last Friday evening in the home of Misses Marjorie and Martha Lou Rogers. Upon arriving the guests drew dainty score cards and began the evening game, which was progressive forty-two. This was enjoyed by all until a delicious salad plate was served, after which the members gathered around the piano and sang several songs. Those present were: Misses Annie Beth Thompson, Janie Lyle Martin, Naomi Potet, Lena Belle Kemp, Mattie Letha Phippen, Virginia Sills, Nancy Guest, Nella V. Wheatley, Ruby Spurlock, Messrs. John English, Claude Phippen, Jewel Gentry, Buford and Chesley Cass, Lewis Smith, Roy Sanders, Tom Patterson, Fred Ellis, Raymond Morgan, Felix Mullino, Marvin Branch and the hostesses.

Jennings-Lambright.
Mr. Floyd Jennings and Miss Vival Lambright were happily married by Rev. C. Jones in this city Thursday afternoon February the 9th. The many friends of the contracting parties wish for them much joy in life.

Fidelis Class of Baptist Church Has Pot Luck Supper.
For some time the Fidelis Class of the Baptist church had been in a contest among themselves and on last Friday evening the losers entertained the winners with a pot luck supper in the home of the president, Mrs. Tom French. A delightful evening of impromptu contests and conversation was spent and the supper consisted of creamed chicken in patty shells, baked potato with cheese, hot rolls, apple pie a la mode and coffee. Class members present besides the teacher Mrs. R. J. Reynolds and house hostess, Mrs. Tom French were: Misses Helen Harbison, Nettie McCollum, Lela Welsh, Elaine Mills, Leta Simmons, Maybelle Taylor, Carry Moser, Mrs. Roy Killingsworth, Mrs. Wiley Reid, Mrs. Ed Sprowls, Mrs. John P. Payne, Mrs. Clayborne Payne, Mrs. Hall, Mrs. Williams, Mrs. Thomas.

Mrs. F. T. Sanders Entertains Sunday School Class.
Mrs. F. T. Sanders entertained her Sunday School class last Friday night with "84." The house was decorated in red hearts and red and white carnations. Mrs. Sanders presented the president of the class, Mack Martin with a belt and buckle and the secretary of the class, Mrs. Myrtle Crow with a pottery vase containing carnations for their fidelity to the class. A plate luncheon of chicken salad, olives, cheese straws, caramel pudding topped with whipped cream and coffee with valentine plate favors was served to Misses Ermine Daugherty, Lewis Manley, Mary Patterson, Rosella Chrisman, Lois Earnest and Miss Alston, Messrs. and Mesdames Marvin Alexander, P. A. Womble, Eugene Hunter, Owen Fouts, Elmer Irwin, Guy Mays, Myrtle Crow, Henry Lee, Ben Bagwell, James Shriver and Messrs Emory Menece, John Rike, David Perrin, Bert Welsh, Raleigh Lemmon, Mack Martin, Wallace Cox, Elmer McKinney, Charlie Richy and Hollis Atkinson.

Shower for Bride.
The members of the Glad Girls Bible Class met at the home of their teacher, Mrs. I. N. Simmons, Saturday afternoon February 11, each girl bringing a nice gift for their friend and class mate Mrs. Willie Chapman, a recent bride. The new home of Mrs. Simmons was made very lovely with valentine decorations. Miss Vera Bradley presided over the brides book. Tiny red fortune hearts were given each girl to be read. Mrs. W. C. Williams sang, "Let Me Call You Sweetheart," accompanied by Miss Mildred Simmons. Little Jean Conner dressed as cupid brought in a large red heart and presented it to the bride, when opened the heart contained many lovely and useful gifts. A plate luncheon was served the following: Misses Ada Davis, Ollie Free, Winona Johnson, Ada Adkins, Ruby Adams, Vivian Bernard, Fannie Roberts, Paye Free, Eudora Bradley, Gladys Conner, Vannie Lee Marrs, Vera Bradley, Beulah Sego, Jennie Lee Hummel of Ft. Worth, Ethel Lou Clanton, Mary Ellen Alvis, Nadine Newsom, Lone Weaver, Mary Emma Whiteker, Laura Mae Wheatley, Eula Force, Verna Gilstrap, Claudie Mae Massie, Lucille Dansby, Irene Dansby, Irene Roberts, Mesdames Joe Lee Ferguson, L. T. Banks, Eula Roberts, W. F. Weaver, Nerva Oates, Roger Wright, W. C. Williams, W. E. Kirkpatrick, E. O. Chapman, Hallie Chapman and hostess Mrs. I. N. Simmons.

Magazine Club Honors Life Members.
The Magazine Club is not only the oldest woman's club in the county but is widely known over this section of the state for its cultural influence. Following are the life members who were honored in the meeting of last Friday afternoon. Mrs. C. L. Lewis, Mrs. O. E. Patterson, Mrs. W. H. Murchison, Mrs. J. U. Fields, Mrs. S. R. Rike, Mrs. R. J. Reynolds, Mrs. F. T. Sanders, Mrs. H. S. Wilson, Mrs. R. R. English, Mrs. C. D. Long, Mrs. E. Sutherland and Mrs. N. T. Smith. Four of the members were not present on account of illness and being absent from the city but they shared the same honors with their contemporaries. The president Mrs. H. M. Smith greeted the guests at the door and presented the life members who composed the receiving line to them. A short program preluded the afternoon of "42." Mrs. J. E. Bernard extended greetings to the life members. Group songs and dances were done by kindergarten pupils of Miss Ruby Fitzgerald, in Valentine costume. In a contest Mrs. W. B. Reid won the prize and was given a potted geranium. The club house was ideally decorated with valentine motifs and baskets of white and red carnations. Valentine tally cards were passed and "42" was played the remainder of the afternoon. Mrs. W. A. Duncan won high score and was given a heart shaped box of candy. Red cream in heart mold and white cake squares with salted nut were served on plates that carried lovely corsages to the life members. Members and guests present beside the honorees were Mrs. H. M. Smith, J. E. Bernard, Theron Cahill,

John and Carlton Couch, Wallace Cox, Tom Davis, John Draper, R. J. Earnest, Tom French, W. N. Huckabee, Guy Mays, Glaziner, Virgil Meadors, R. C. Montgomery, O. E. Oates, John Oates, C. V. Payne, C. Post School Has Carnival On Valentine Evening.
Between two hundred and fifty and three hundred people and possibly more gathered at the Post school last Tuesday evening from the McConnell, Howard, Weaver and numbers of others as well as the immediate community in attendance upon the carnival which was preceded by a splendid valentine program. This whole affair was sponsored by the Home Demonstration Club under the supervision of Miss Matilda Gunn for the purpose of raising funds to send a local lady to the Short Course School at A. and M. College. They will raise the funds, they always do what they start out to do in this progressive community. The raising of the funds will be a small per cent of the good that the coming together in a good time meeting of this kind will accomplish. Principal Elmer Watson announced the following program: A Valentine arrangement of the song "Coming Through the Rye," in song and dance act in costume, Misses Johnnie Luper and Wilmer Caution, with Miss Virginia Clark accompanying at the piano, J. C. Caution gave an amusing reading in pantomime, Valentine read-

ing, Little Miss Dorothy Lee Brimley, Miss Gunn then gave a short talk on the work she is doing for the rural schools and work among the ladies and girls. Next Mr. Watson called all of the married men of the community and the women to stand on either side of the stage and Miss Gunn was asked to pair out the husbands and wives, this proved very amusing as Miss Gunn has not been working in the community long enough to know all of the patrons. A heart shaped box of candy was auctioned off by Jeff Brimbery and Miss Ana Withan won the candy. Then the crowd was invited to go through the carnival where all sorts of fun provoking booths could be seen for one penny each. Cakes, sandwiches, hot chocolate and coffee were also on sale. Judge and Mrs. R. E. Lee, Mr. and Mrs. J. C. Montgomery and her sister, Miss Minnie Ellis, Miss Lois Earnest, Miss Matilda Gunn, Mrs. Estelle Tennyson

Lee, Mrs. P. O. Sanders, Mrs. C. M. Kaigler and Mr. Hollis Atkinson were there from Haskell. The proceeds from the carnival amounted to \$60.00.

A Party.
Mr. and Mrs. H. L. Crow of Tanner-paint community entertained with a party Friday, February 10th for their little son Elton on his fourth birthday. His little friends came in at two o'clock and stayed until five. They played games until three thirty when they were invited to the dining room and surprised with the large delicious birthday cake, topped with candles. Hot chocolate, fruits and candy were also served. They went home wishing to be with Elton on his next birthday. Mr. and Mrs. J. A. Liles of Weinert Route 1, of the Curry Chapel community were shopping in the city Saturday.

The POLICY of PROGRESS

A STATEMENT by GENERAL MOTORS

It is the policy of General Motors to maintain continuous improvement, in every one of its car divisions, with no interruption in production.

This means that you enjoy the benefits of new engineering developments promptly — just as soon as they have been thoroughly tested on the 100-acre Proving Ground.

It means that you can now order the new Chevrolet, Pontiac, Oldsmobile, Oakland, Buick, LaSalle, Cadillac, or GMC Truck, and receive immediate delivery.

Behind this policy of continuous improvement is an organization so widespread and resourceful that it can make and sell quality automobiles more economically than any automobile manufacturer in the world.

In the north and south it logs and mills its own lumber. In the east it makes its own ball bearings and radiators. In the middle west it produces its own plate glass. Its plants are busy in 23 important American cities.

From almost 5,000 suppliers, its materials are mined—steel by the hundreds of thousands of wire by the tens of thousands of miles—cast by the acre—nuts, bolts and washers by the millions. Its sales and service take place through 33,000 dealers. More than 275,000 families go directly to General Motors for their livelihood—almost a million and a half men, women and children in every community in the land.

Meaning so much to so many, General Motors has felt a supreme obligation to look ahead.

Are there methods by which General Motors can be better built to better serve?

Are there new ideas which can increase the safety and pleasure and safety of motoring?

Are there new materials which can add to motor satisfaction?

Such are the questions that all General Motors engineers have always asked. The answers have made it possible, year after year, to offer an increasing measure of beauty in design, modern performance, riding comfort and distinct style. Purchasers are constantly benefiting from the General Motors policy of progress.

day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in said Haskell County, a copy of the following notice:

THE STATE OF TEXAS
To all persons interested in the welfare of the estate of J. H. Roberts, deceased, J. R. Dinsmore was by the County court of Haskell County, Texas on the 9th day of January A. D. 1928, duly appointed Temporary Administrator of the estate of said decedent, which appointment will be made permanent should the court be of the opinion that a permanent Administrator is necessary, unless the same shall be successfully contested at the next term of said Court, commencing on the first Monday in March A. D. 1928, the same being the 3th day of March A. D. 1928, at the Court House thereof, in

Haskell at which time all persons interested in the welfare of the estate of said decedent may appear and contest such appointment of they so desire. Herein fail not, but have you before said court, on the said first day of the next term thereof, showing how you have executed the same.

Given under my hand and the seal of said Court, at office in Haskell, Texas this the 7th day of February A. D. 1928.

(Seal) Emory Menefee, Clerk
County Court Haskell County, Texas
By Ermine Daugherty Deputy.

of straw or less than \$1 per ton of manure. Simple equipment for applying the mixture evenly and in the right amount has been worked out.

Tests of the synthetic manure on a number of crops have given excellent results, and scientists of the University of Missouri regard the new formula as a distinct success.

JURY IN ANSON GIVES ROBBERY 24-YEAR TERM

Dave Hawthorne, of Wichita Falls, 30 years old, was sentenced to serve 35 years in the state penitentiary at Huntsville by a jury trying him for hijacking in 154th district court at Anson Monday. Hawthorne was sentenced exactly one month from the date on which he is alleged to have been a member of a band that held up and robbed W. M. Peel, operator of a filling station at Tuxedo, midway between Stamford and Hamlin. The robbery secured \$50.

The court records show the robbery, January 6.

Dave Hawthorne, arrested January 18.

Indicted January 26.

Tried, sentenced, February 6.

Nine witnesses, most of them from Wichita Falls, testified for the defense. Only three witnesses were used by the state, Peel, his wife and daughter.

The jury was out only 45 minutes. Judge W. R. Chapman presided. Clem Calhoun directed the prosecution.

Two more weeks of court are scheduled at Anson. A four weeks term is slated for Roby following the Anson term, according to Mr. Calhoun.

POSTAL RECEIPTS SHOW INCREASE

The Haskell Postoffice has had a very prosperous year and the reports should be considered satisfactory by the merchants and citizens.

A summary of the report, together with a comparison with the previous year, is given below:

Number of Money Orders issued in 1926, 10,576

Amount of Money Orders Issued in 1926, \$72,134.09

Pees collected on Money Orders issued in 1926, \$949.97

Number of Money Orders Paid in 1926, 955

Amount of Money Orders paid in 1926, \$9,343.77

Total postal receipts for 1926, \$13,476.56

Number of Money Orders issued in 1927, 11,045

Amount of Money Orders issued in 1927, \$93,282.02

Pees collected on Money Orders issued in 1927, \$969.97

Number of Money Orders paid in 1927, 1,042

Amount of Money Orders paid in 1927, \$11,351.05

Total postal receipts for 1927, \$13,579.27

One thing that is very pleasing is the increase in money orders paid and the substantial decrease in money orders issued. This means that more money came here and more of that already here stayed which is the best way known to build a good town.

Haskell has good postal service and the efficiency with which this office is handled by Postmaster Wilson, amply aided by the entire personnel, headed by Assistant Postmaster Branch is worthy of appreciation.

SHADY METHODS

The man who tries to riches gain
By shady methods, tries in vain;
Though he may win great heaps of gold
His lot is hard, his heart is cold.
Of those who hasten to grow rich
But few escape financial ditch.
Most all sure plans you'll find are slow
And those who win are those who grow.
This rule as well to banks apply;
That's why the Farmers State Bank ranks so high.

MANURE CAN BE MADE OF STRAW

Wheat or oat straw may be made into an artificial manure of high fertilizer value at a cost of less than a dollar a ton, according to recent announcements from the College of Agriculture, University of Missouri.

A mixture of 45 per cent ammonium sulphate, 40 per cent agricultural lime stone and 15 per cent acid phosphate is mixed with the straw at threshing time at the rate of 150 pounds of the mixture to a ton of straw. After two or three months in the open the straw has absorbed the rainfall and gone through a process of decay which has made it into a high grade manure which looks and handles like barnyard manure.

One ton of straw will make approximately three tons of the manure. The chemicals cost about \$2.50 for a ton.

SICKLY, PEEVISH CHILDREN

Children suffering from intestinal worms are cross, restless and unhealthy. There are other symptoms, however. If the child is pale, has dark rings under the eyes, bad breath and takes no interest in play, it is almost a certainty that worms are eating away its vitality. The surest remedy for worms is White's Cream Vermifuge. It is positive destruction to the worms but harmless to the child. Price 35c. Sold by

JASON W. SMITH
FOR COUNTY CLERK

We are authorized this week to place the name of Jason W. Smith in our announcement column as a candidate for the office of County Clerk of Haskell County, subject to the action of the Democratic Primary in July.

Mr. Smith hardly needs an introduction to the voters of the county in this election, as he has lived in Haskell County all of his life, and for the past years has been identified with the county in business here.

Mr. Smith is well qualified and acquainted with the duties of the office to which he is a candidate, having served as Deputy County Clerk for five years from 1917 to 1922.

Mr. Smith is a young man of sound business ability, fully competent to discharge the duties of the office with honor and credit to all, and we ask that you give his candidacy fair and impartial consideration.

In connection with his announcement Mr. Smith makes the following statement:

To the People of Haskell County: I wish to take this means to place my name before the people of Haskell County as a candidate for the office of County Clerk, subject to the action of the Democratic Primary in July.

Having had something over five years experience in this office as Deputy County Clerk, serving a portion of this time each of the last two offices, I feel that I am amply qualified to discharge the duties of the office.

Mr. Smith has been a resident of the town of Haskell for the past twenty three years, finishing High School in the year 1905 and commencing as Deputy County Clerk the first of January, 1917.

It has to be able to see each and every voter in the County so that I am able to more fully place my name before you in person, and appreciate your vote at the election and your influence during the campaign.

Jason W. Smith.

MEET AT
MIDWAY FEBRUARY 24

Supper will be given at the Midway school house on Friday night February 24 under the auspices of the Midway Teachers Association. All patriotic school and the public in general is cordially invited to attend and part in the evening's entertainment.

Mrs. J. A. Kemp and son Plainview are visiting the mother and family, Mr. and Mrs. Kemp.

SEWER AND WATER RATES REDUCED

The present City Council has been very active at all times for the best interest of the city and their efficient work is now being realized by every citizen of the town. Many improvements of vital interest to the city have been made and we are now realizing the real benefit of their untiring service in the reduction of the sewer rent from \$175 to \$125 per month. The overplus water rate has been cut from 25 to 15 cents per thousand gallons. This will give Haskell the opportunity to use more water for irrigation purposes with less cost and help to make the more beautiful trees, flowers and shrubbery.

The paving contracts according to a report from the council is being signed with much enthusiasm and citizens seem very anxious for actual work to begin. On streets where they had not planned to pave the citizens are getting up petitions and signing up for paving. One street in the city is reported signed up, all but three property holders, that was not included in the original contract. This shows the public spirit of the greater part of our citizens and that they are behind every movement the City Council is making.

Many other things our city dads have done for the improvement and best interest of the city have seemed just a common place duty but they should be given credit for every thing they have done in their faithful service for the City of Haskell.

WEEK END REVIVAL AT O'BRIEN BAPTIST CHURCH

Rev. P. D. O'Brien pastor of the First Baptist Church at Munday held a week end revival at the O'Brien Baptist church beginning Wednesday evening February the 8th and closing on Sunday night the 12th. Much good was accomplished in the way of stirring up the membership to the realization of their duty and it is expected to stimulate very much the work of the revival which is set for a later date. Rev. O'Brien is one of the greatest preachers of the Haskell association and his faithful efforts were very much appreciated by Rev. Dunlap and his congregation at O'Brien.

5215 POLL TAX PAYMENTS 1927

Poll tax payments for the year of 1927 exceed by several hundred the number issued in the county for any previous year, according to information secured at the office of Tax Collector, Chas. M. Conner.

Poll tax receipts issued for the year of 1927 totaled 5215, an increase of 1,554 over the total number for the year of 1926, which totaled 3661. A part of the increase however, is attributed to the fact that 1928 is election year, but several hundred are credited to increased population of the county.

A list of the poll tax payments by Precincts will be given to our readers just as soon as they are tabulated by the Tax Collector, which requires several weeks of work.

RETURNS FROM FUNERAL OF STEPFATHER AT DENTON

Mrs. W. P. Key and son, Bill, Jr., returned early last week from Denton where Mrs. Key attended the funeral of her step-father W. J. Childs which was held at the First Baptist Church at Denton by Rev. W. C. McClung at 3:30 o'clock Sunday afternoon February the 5th. A large congregation of relatives and friends attended the funeral and followed the body to the Denton Cemetery where it was laid to rest beneath a bank of beautiful flowers placed there by loving friends in keeping with the high esteem in which he was held.

The end came Saturday morning at 4:30 o'clock after a brief illness caused from a recent fall in which he suffered a broken hip. He was 77 years of age at the time of his death and had lived a long beautiful Christian life. He was a member of the Baptist church 57 years and was always loyal to his professed faith.

He is survived by his wife and three daughters. The many friends of the bereaved deeply sympathize with the loved ones.

Mr. and Mrs. Virgil Meadors returned from Dallas Tuesday where Mr. Meadors attended to business affairs and they were guests of Mrs. Meador's sister and family, Mr. and Mrs. J. P. Berry.

Mr. and Mrs. Hardy Grissom of Abilene were Haskell guests Tuesday and Wednesday of this week.

POULTRY ASSN. HOLDS MEETING

Saturday afternoon at 3 o'clock the Central West Texas Poultry Association held a meeting in the city hall presided over by County Agent Trice in which a number of important steps were made for better marketing. The meeting was enthusiastic throughout and the following officers were elected: I. N. Alvis, chairman; S. A. Moser, secretary; membership committee, Earl Atchison, Mrs. T. A. Payne, J. A. Rose. The following members signed up at this meeting: I. W. Kirkpatrick, S. A. Moser, Mrs. John E. Fouts, I. N. Alvis, Earl Atchison, G. D. Payne, J. A. Rose and Mrs. T. A. Payne.

For the present time the pick-up station will be at the home of County Agent Trice and Mrs. Trice will look after the receiving of the shipments.

This meeting is expected to stimulate the association very much in this section.

MRS. C. M. KAIGLER FOR COUNTY CLERK

The Free Press is authorized this week to place the name of Mrs. C. M. Kaigler in our announcement column as a candidate for the office of County Clerk of Haskell County, subject to the action of the Democratic Primary in July.

In making her announcement for the office, Mrs. Kaigler states that she is doing so only after strong solicitation upon the part of friends throughout the county. Mrs. Kaigler has lived practically all of her life in Haskell County, and is the daughter of ex-Sheriff M. E. Park, a pioneer citizen of Haskell County, therefore she is probably acquainted with a majority of the voters of the county and needs no introduction at our hands.

The office of County Clerk is one of the most important offices within the gift of the voters of the county, and we believe that Mrs. Kaigler is well qualified in every way to fill this responsible position with credit to herself and to the county. She states that if the people see fit to elect her, that she will devote her entire time and attention to the duties of the office, and pledges diligent, efficient and courteous service in all matters pertaining to the office. She further states that she is making the race solely upon her own qualifications and merits, and on this basis will appreciate your vote and influence.

Mrs. Kaigler intends to try and see each and every voter of the county before the election is held, and discuss with them in person her qualifications and claims for the office, and in the meantime we ask that you give her candidacy your fair and impartial consideration in making your choice for the office of County Clerk.

J. V. Lewis and young son of Weinert were in the city Saturday and while here made this office a pleasant call. Mr. Lewis is one of the leading farmers of his community and a good citizen. He is a Deacon in the Baptist church and is not a Christian in name only. Bro. Lewis is man with many friends.

Utilities Company Moving Generator To Quitaque

Workmen last week began dissembling the 250 horsepower electric power generator in the plant at Haskell, preparatory to shipping it to Quitaque where it will be placed in the plant being erected there to serve Turkey and Quitaque.

The work at Haskell is under the supervision of George Leach. He expects to have the machinery ready for shipment by February 25.

Construction of the building to house a 450 horsepower generating plant was begun at Quitaque several weeks ago, with John Dunn of the West Texas Utilities Company in charge. Concrete has been poured and workmen have begun erection of steel. The building will be of steel and asbestos and will be fireproof.

A 200 horsepower engine already on the ground and is ready for erection. The building will be completed within a month or five weeks and one of the two generator units will be in operation by April 15.

The electric properties of Turkey and Quitaque were taken over several months ago by the West Texas Utilities Company. They have not been connected to the company's high tension transmission lines and the plant is being erected at Quitaque to assure the communities the same high class service that other towns are receiving.

The plant at Haskell was dissembled because it was insufficient to care for the growing needs there. Haskell now is served by a three-way connection with the transmission system, which assures continuous electric service, even should one or two of the transmission lines break down.

OFFICERS SEIZE WHISKEY IN RAID

Constable J. H. Ivy, assisted by Deputy Sheriff B. M. Gregory and R. E. DeBard, raided the dwelling of a local negro and his wife, on last Saturday night and seized two half gallon jars of whiskey. The negro and his wife were placed in jail. They were later granted bond in Justice Court in the sum of \$300 each, which they readily made and were released to await the action of the Grand Jury.

LOCAL CARPENTER REPORTS THE ERECTION OF TWO HOMES

Henry Smith local carpenter reports the completion of two nice residences in the city. The P. A. Womble residence in the north part of the city is a neat six room stucco with all modern designs and is one of the most beautiful small homes in the city. Mr. and Mrs. Womble have already moved into their new home.

The A. E. McIver home was destroyed by fire some time back, has been rebuilt on the same lot west of the square which is a six room cottage building of frame structure neatly finished. Mr. and Mrs. McIver have also moved into their new home.

POULTRY OWNERS CULLING FLOCKS

Our poultrymen are fast learning the worth of culling their flock of hens and getting rid of the boarders. County Agent Trice reports culling a number of flocks the past week and we are giving below the names of those found upon his records:

Mrs. T. A. Payne of Haskell Route A Silverlaced Wyandottes.

A. D. Bennett, Weinert, Route 1, Rhode Island Reds.

Mr. Hailey, Stamford Route B, White Leghorns.

R. L. Livengood, Stamford, Route 1, Rhode Island Reds.

According to Mr. Trice these flocks were culled closely on egg production. When the boarders are taken out a great saving will be realized in the feed bill with about the same production. He is receiving daily calls to cull flocks for the farmers and poultrymen all over the county.

INTERESTING NEWS ITEMS FROM ROSE COMMUNITY

Several from here attended the singing convention at Howard Sunday afternoon.

The teachers and pupils spent a pleasant day at Midway Friday visiting with other schools of the county.

Mr. Frank Patterson entertained the young folks with a party Saturday night, also Mr. H. R. Collins gave a party. A splendid time was reported from both places.

The Rose Home Demonstration Club will meet Friday February 24 at Mrs. Josh Cleer's as there was no meeting February 10th. Mr. Bill Carrigan and Miss Jones stoler a march on their friends last Saturday and got married. This couple have the best wishes of their many friends.

Farmers are getting their land ready for the 1928 crop.

Mr. and Mrs. Matthews entertained with a singing Sunday night.

Mr. and Mrs. H. L. Thompson and son and Miss Doris Stevens spent the week-end at Mr. McClellan's at Ericsdale.

Mr. and Mrs. Matthews visited in the Vontress community Sunday.

Mr. and Mrs. Elmore Phillips and Mrs. G. W. Henshaw spent Sunday with Mr. Jim Rose and family at Haskell.

Mr. and Mrs. Arthur Newby entertained some of the neighbors with a party Saturday night.

Miss Archie Hambright of Roby came home with Miss Johnnie Morgan and spent last week end, with Mr. and Mrs. Earl Morgan.

MANY FARMS BEING TERRACED

According to County Agent Trice many farmers are terracing their farms over a wide area in Haskell County. He is kept very busy and is seldom seen on the streets or in his office these days. From his records we note the following farms have been terraced:

W. C. Rose of the Rose community.

O. A. Morgan of Sagerton Route 1.

J. F. Elmore, Howard community.

J. T. Kirby of Hughes ranch.

R. L. Leach of the Throckmolder road 1 mile out of town.

Joe Evans of Midway.

W. W. Newton of Bunkerhill community.

J. B. Nanny, Howard community.

C. C. Cunningham of Brushy.

U. D. Thompson, Bunkerhill.

G. F. Conwell, Brushy.

Jess. Cements, Vernon community.

E. A. Lovorn, Bunkerhill.

A. D. Irick, Brushy.

J. A. Rose, Haskell.

There are many others who have asked Mr. Trice at the earliest possible moment to do their terracing, and many have bought their own machines and are doing their own work. There will be many farms in Haskell County under terraces when the crops are planted.

Mr. Trice went to Asperment last Wednesday to assist in the terracing school which was in progress in Stone wall county during the week. He was only away one day on account of the press of his work in Haskell county.

GRAND MOTHER OF COUNTY AGENT TRICE DIES AT WACO

News reached here of the death of Mrs. Mary Trice of Waco grandmother of County Agent W. P. Trice which occurred last week. She was 95 years of age at the time of her death and she had lived more than 40 years in Texas coming from Tennessee to Texas. She was a noble christian woman and was loved by all who knew her. She was converted and joined the Baptist Church at 20 years of age and lived 75 years in the duties of her church and the service of her master. Mr. Trice was unable to attend her bedside because of the illness of his wife and the pressing duties of his work here.

Reynolds is a Haskell County boy, born and reared in the county, the son of Mr. and Mrs. H. S. Wilson, pioneer citizens of Haskell county, and needs no introduction at our hands. For the past three years he has been serving as Deputy County Clerk, and is entirely familiar with the duties of the office, and qualified to discharge them in a competent and satisfactory manner.

In connection with his announcement Mr. Wilson makes the following statement:

To the Voters of Haskell County: I am taking this opportunity to make my announcement as a candidate for the office of County Clerk of Haskell County.

Having been reared in Haskell County I feel that I can appeal to the voters with confidence. In regard to my qualifications, will say that I was employed as Bookkeeper by the Farmers State Bank, Haskell for one year and for the past three years have been serving as Deputy County Clerk under Mr. Meade, and in serving in this capacity the opportunities to qualify myself to fill the office acceptably to all interests in the county has been the very best, and feel that I am only asking for promotion.

The office of the County Clerk is a very important and responsible place as all acts of the County Court and Commissioner's Court must be recorded here, all legal process from the county court is issued from this office and all deeds and land title papers and thousands of chattel mortgages must be filed, recorded and properly indexed so that they can be found at any time and numerous other papers must be handled according to law through this office. The importance of having these papers accurately and neatly recorded and indexed can be readily seen, in order to protect all of the citizens of the county.

"If elected I promise to give you courteous, efficient, and experienced service. And before casting your vote in the July Primary I ask that you give my candidacy due consideration.

Respectfully,
Reynolds Wilson.

MINIATURE COTTON MILL DISPLAYED

A graphic presentation of a miniature of the "Postex" cotton mills at Post Texas, where Giza sheets and pillow case tubs are manufactured was shown at the Courtney Hunt & Company Store several days this week.

This model has been shown in some of the largest retail stores in New York and is now on an extensive tour through the State of Texas, and only recently was displayed at a large department store in Dallas.

The display pictures step by step the manufacture of the sheets and pillow cases.

From one side of the exhibit emerges an automobile truck loaded with raw cotton, which enters the mill.

As the motor truck comes into view the upper part of the mill is lighted, and immediately the transparency below shows the picking machine, the first process in the making of cotton cloth. A section of the wall then gradually lowers and reveals a sample of cotton as it comes from the picking machine. In a second or two, the wall closes and the second transparency shows the carding machine, following which comes another sample of cotton illustrating the progressive refining method used in the preparation of raw cotton. Seven additional series show in proper sequence the processes of roving, spinning, wrapping, weaving, inspection, bleaching, the making of the sheets and pillow cases and the packing of the merchandise ready for shipment.

As the last transparency is illuminated a freight car containing a shipment of the product comes into view.

The review consumes about three minutes. The mechanism reverses automatically, and pictures again, step by step, the interesting story of a cotton fabric.

REYNOLDS WILSON FOR COUNTY CLERK

We take pleasure this week in placing the name of Reynolds Wilson in our announcement column as a candidate for the office of County Clerk, subject to the action of the Democratic Primary in July.

Reynolds is a Haskell County boy, born and reared in the county, the son of Mr. and Mrs. H. S. Wilson, pioneer citizens of Haskell county, and needs no introduction at our hands. For the past three years he has been serving as Deputy County Clerk, and is entirely familiar with the duties of the office, and qualified to discharge them in a competent and satisfactory manner.

In connection with his announcement Mr. Wilson makes the following statement:

To the Voters of Haskell County: I am taking this opportunity to make my announcement as a candidate for the office of County Clerk of Haskell County.

Having been reared in Haskell County I feel that I can appeal to the voters with confidence. In regard to my qualifications, will say that I was employed as Bookkeeper by the Farmers State Bank, Haskell for one year and for the past three years have been serving as Deputy County Clerk under Mr. Meade, and in serving in this capacity the opportunities to qualify myself to fill the office acceptably to all interests in the county has been the very best, and feel that I am only asking for promotion.

The office of the County Clerk is a very important and responsible place as all acts of the County Court and Commissioner's Court must be recorded here, all legal process from the county court is issued from this office and all deeds and land title papers and thousands of chattel mortgages must be filed, recorded and properly indexed so that they can be found at any time and numerous other papers must be handled according to law through this office. The importance of having these papers accurately and neatly recorded and indexed can be readily seen, in order to protect all of the citizens of the county.

"If elected I promise to give you courteous, efficient, and experienced service. And before casting your vote in the July Primary I ask that you give my candidacy due consideration.

Respectfully,
Reynolds Wilson.

O'BRIEN BAPTIST CHURCH INSTALLS NEW Pews

The Baptist Church at O'Brien has recently installed new pews for the entire church building and the pastor Rev. A. D. Dunlap and the membership of this church are very much elated over the achievement. O'Brien has a splendid concrete block church building and a large membership and a progressive city and community who are also proud of what this church has accomplished.
