VOLUME 83

NUMBER 39

Cotton Harvest Planning Begins on High Plains

Although High Plains cotton growers have no control over the weather, they can manage the harvest timing of their crops to stay one jump ahead of potential weathering losses this fall.

According to weather statistics, the five-year average frost date for Lubbock is in late October. For Muleshoe, that date is almost two weeks earlier, in the middle of the

month.

"As harvest approaches, growers have the opportunity to protect the yield and quality of their crop through harvest aid management," says James Supak, Extension Cotton Specialist with Texas A&M University in Lubbock. "Harvest aid management can speed harvest and minimize potential weathering losses once harvestable bolls are mature."

Supak reports that the High Plains experiences a very short growing season, compared to other sections of the Cotton Belt, and that the actual frost dates vary from year to year. This places added emphasis on the value of a planned termination program for April- and May-planted cotton.

One reason growers often delay harvest, Supak says, is to reap value from late-season heat unit accumulation. "When it comes down to yield, a heat unit in September is of more benefit than one in July," he says. "After early October, though, daily heat unit averages decrease dramatically."

According to Monty Christian, field development specialist for Rhone-Poulenc Ag Company, and based in Lubbock, daily heat unit averages here slide from four-six/day in early October to less than one/day by the end of that month. In Muleshoe, the decline is from three-four/day to zero during October.

"Late-season heat units are important," Christian says. "After early October, however, the added value to be gained from heat units drops off pretty quickly. That's especially true in a year like this one. In 1991, squeezing more yield from every acre should be the number one objective. Yield is the name of the game this season. We're recommending growers, in this area, consider applying PREP* brand ethephon boll opener to their crop during early October. This allows for crop exposure to late-season heat units while setting the stage for maximum yield per acre."

*PREP is the Rhone-Poulenc trademark for ethephon cotton boll opener.

Booster Club To Sell Baked Potatoes Today

The Silverton Booster Club will be selling baked potatoes and all the trimmings at the concession stand during the Junior High and Junior Varsity football games this afternoon.

The Junior High game with Groom begins at 5:00 p.m., followed by the Junior Varsity game at 6:30—if the Junior Varsity team is able to play this game. Illness and injuries may prevent this team from playing.

New Computer Course Offered

Producers wanting to learn more about developing financial statements to improve their record keeping should sign up for a new course to be taught October 2-3 at the Texas A&M University Computer Training and Education Center at Halfway. This course will utilize Quicken 4, a low-cost easy-to-use cash record keeping system that is popular among South Plains farmers.

With the decrease in the cost of computers and the improvements in low-cost, high-quality software, computerized cash record keeping is an option for more and more farmers, according to Dr. Jackie Smith, economist and management specialist with the Texas Agricultural Extension Service in Lubbock. In the rapidly changing agricultural environment, it becomes increasingly important to have, at the fingertips, information for making decisions.

Participants in the course need to be familiar with the Quicken software and have used it enough to be comfortable with transaction entry. The course will begin with a review of Quicken 4, highlighting entering, memorizing and splitting transactions and the use of accounts, categories and classes. Other review topics will include report options and shortcuts to speed transaction entry. Transferring between accounts, customizing, filtering and closing out a year will be covered. Emphasis will be placed on generating reports for complete financial analysis, including the cash flow plan, balance sheet and income statement. QuickPay, a new add-on feature that simplifies payroll record keeping, will be introduced.

The course will run from 9:00 a.m. to 4:00 p.m. each day. Cost for the session will be \$100, which includes workshop materials and catered lunches each day.

Registration is limited to 14 to insure hands-on participation. The deadline for registration is September 27.

For more information contact the County Extension Office or call Dr. Jackie Smith at the Texas A&M Research and Extension Center in Lubbock at 746-6101.

School Participates in Child Feeding Program

Silverton Schools are continuing to take applications from families who believe their children are entitled to free or reduced-price meals. Those who receive food stamps are eligible for free school breakfasts and lunches, and others are eligible for reduced-price meals.

Reduced-price meals are 30¢ for the regularly-priced 35¢ breakfasts, and the regularly-priced 75¢ lunches are reduced to 40¢.

The 1991-92 income eligibility guidelines accompany this article, showing the annual, monthly and weekly incomes for families of various

sizes. If you believe your family's children to be eligible, you may pick up an application form at the school office.

There is no discrimination of any kind toward students in the free or reduced-price meals program, and the information given on the application is kept confidential and used only to determine the family's eligibility for free or reduced-price meals.

Senior Citizens To Have Birthday Party

Silverton Senior Citizens will have their monthly birthday party on Tuesday, October 1.

Refreshments will be served by those who had their birthdays celebrated in September.

Centennial Group To Meet Tonight

There will be a Centennial Committee meeting tonight (Thursday) following the regular meeting of the Briscoe County Activities Association at the showbarn.

Please make sure that your church, club or organization has a representative present.

The Congregation of the CHURCH OF CHRIST
Meeting at Rock Creek

Extends a Gracious Welcome to All To Attend Any and All of Our Services.

SUNDAY
 Morning Worship 10:30 a.m.
 Evening Worship 6:00 p.m.

WEDNESDAY
 Evening 8:00 p.m.

Amarillo, officiating. Burial was in Goodnight Cemetery by Robertson Funeral Directors of Clarendon. Mr. Sutton died at 12:00 p.m. Saturday, September 21, at Palo Duro Convalescent Center in Claude following a lengthy illness.

He was born September 2, 1901, in Tennessee and was married to Ethel Zelia Griffin on February 4, 1921, in Gainesville. She died July 18, 1991.

Mr. Sutton lived in the Ashtola and Clarendon area from 1929 to 1935 when he moved to the Goodnight and Armstrong County area. He had worked most of his life as a farmer and in railroad construction, and had worked for Armstrong County for 15 years before his retirement about 25 years ago.

He was a member of the First Baptist Church in Clarendon.

Other survivors include three daughters, Vereda Hulsey of White Deer, Ouida Filman of Denville, New Jersey and Flo Sexton of Amarillo; two other sons, Howard Sutton of Davenport, California and W. Delbert Sutton of Kimball, Nebraska; 18 grandchildren and 41 great-grandchildren.

Casket bearers were Jake Driskill, Tom Fulgham, Jim Jones, Forest Denton, Joe B. Roy, F. G. Crofford, J. F. White and Willard Cook.

The family suggested memorials be made to the Goodnight Cemetery Association or the Goodnight Community Center.

OMAR G. ORR

Graveside services for Omar G. (Shorty) Orr, 86, were conducted Saturday in the Claude Cemetery. Officiating was the Rev. Don Travis, pastor of First United Methodist Church.

Arrangements were by Robertson Funeral Directors of Clarendon.

Mr. Orr died Thursday, September 19, 1991.

Born in Dallas, he had lived in Tulia most of his life before moving to Claude in 1974. He married Jessie Lee Sanders in 1960 in Silverton. He had worked as a farmer and real estate agent before

Forget each kindness that you do . . . As soon as you have done it . . . Forget the praise that falls on you . . . The moment you have won it . . . Forget the slander that you hear . . . Before you can repeat it . . . Forget each slight, each spite, each sneer . . . Wherever you may meet it . . .

Remember every kindness done . . . To you whate'er it's measure . . . Remember praise by others won . . . And pass it on with pleasure . . . Remember those who lend you aid . . . And be a grateful debtor . . . Remember every promise made . . . And keep it to the letter . . .

How nice 'twould be if knowledge grew . . . On bushes as berries do! Then we would plant our spelling seed . . . And gather all the words we need . . . And sums from the slates we'd wipe . . . And wait for figures to get ripe. We'd go into fields and there we'd pick . . . Whole bushes of arithmetic!

Or if we wish to learn Chinese . . . We'd just go out and shake the trees . . . And grammar then in all our towns . . . Would grow with proper verbs and nouns . . . And in the garden there would be . . . Great bunches of geography . . . And all the passersby would stop . . . And marvel at the crop.

Someone has figured out that the peak years of mental activity must be between the years of four and eighteen. At four you know all the questions. At eighteen you know all the answers. Supposing is good; finding out is better.

I must recognize and accept as the truth, my personal liberty ends where your nose begins . . . A sparrow sat on the window sill and shook his head in

retiring. He was a member of the First United Methodist Church.

Survivors include his wife; two daughters, Cathy Stevens of Claude and Shirley Carroll of Tulia; two sons, Bobby Sanders of Claude and Gary Shaw of Sunray; two sisters, Blanche Copelin of Silverton and Bonnie Davis of Garland; a brother, Bill Orr of Muskogee, Oklahoma; 10 grandchildren and seven great-grandchildren.

The family requested memorials be to the American Heart Association or the American Cancer Society.

doubt; he wondered where those bookworms were, he'd heard so much about.

The most untamable thing in the world has its den behind the teeth . . . If your foot slips you may regain your balance, but if your tongue slips you can never recall your words . . . So remember your tongue is in a wet place; watch it, it may slip . . . It is better to remain silent and be thought a fool, than to open your mouth and remove all doubt . . . If you want to see the natural tendency of the tongue, just notice how large a small cavity feels to the tongue . . . The tongue is a little member and boasts of great things . . . How great a forest is set ablaze by a small fire, and the tongue is a fire . . . It is but three inches long, but it can ruin a man six feet tall . . . If a word spoken in its time is worth one piece of money, silence in its time is golden . . . Blessed is the man who has nothing to say, and cannot be persuaded to say it!

One father said to his only son, "My boy, you are going to be a baker." The boy was curious and asked, "Now just how can you tell that?" "Simply by your loaf."

Marriage: Slippery ice . . . very thin; pretty girl . . . tumbled in. Saw a fellow on the bank; gave a shriek . . . then she sank. Boy on hand . . . heard her shout; jumped right in . . . pulled her out; now he's hers . . . very nice, but she had to break the ice.

Mr. and Mrs. Jerry Patton are announcing the engagement and approaching marriage of their daughter, Lisha DeLyn, to Mr. Kelly James Sanders, son of Mr. and Mrs. Harold Sanders of O'Donnell. The couple will be married December 21, 1991, at the Church of Christ in Silverton. The bride-elect is a graduate of Silverton High School, and is majoring in medical technology at Angelo State University. Her fiance is a graduate of O'Donnell High School, and is majoring in animal science-business at Angelo State.

Texas Contestants to Cook Tasty Recipes

Talented beef cooks from Texas and every other U. S. state will be in the spotlight September 22-24 as state and regional beef cook-off winners get together for the National Beef Cook-Off® in Colorado Springs, Colorado. More than \$35,500 in cash and prizes will be up for grabs in the 18th annual contest.

Sixty-four contestants from all 50 states will be competing in this year's contest for top prizes of \$5,000 in each of the Indoor Conventional, Microwave and Outdoor Barbecue categories. The winning recipes also will compete for the title of Best of Beef, which carries an additional \$10,000 award.

With contestants in all three

categories, Texas is the only state with three Cook-Off representatives. Mary Katherine Meyers of Mexia is representing the state in the Indoor Conventional category, Mark Beridon of Houston will represent Texas in the Microwave category, and Pamela Peacock of El Paso is the state's representative in the Outdoor Barbecue category. Microwave and Outdoor Barbecue representatives are selected regionally.

A major reason for the success of the National Beef Cook-Off® —one of the nation's largest annual cooking contests—is the effort of thousands of cattle industry volunteers across the country, says the Texas Beef Industry Council. Each contest is held at a different location, and is three years in the making, from site selection to actual event.

The National Beef Cook-Off® is

Spelling Bee To Be Directed Here By Debbie Holt

For the 44th year the Amarillo Globe-News will sponsor the National Spelling Bee for students in grades eight and below.

The director in Briscoe County is Debbie Holt of Silverton, a teacher who is on leave of absence.

Joining the newspaper in this educational program is West Texas State University, Canyon. And, serving as bee coordinator for the newspaper is Gene Parker, office of career planning and placement. He has held this position since 1975 when the university joined the Globe-News as a co-sponsor.

The area assigned the two sponsors covers 37 counties in the Texas Panhandle, parts of New Mexico, Oklahoma and Kansas.

Rules established by the national sponsors, the Scripps Howard Newspapers, state that no student in a grade higher than the eighth or older than 16 by the end of the current school term may compete. The Bee is open to any student in a public, private or parochial school. Directors in each of

the counties are responsible for scheduling their own county eliminations.

There are two levels of competition: The Junior Bee is for students in the fifth and lower grades; the Senior Bee is open to students primarily in grades six through eight; however, some directors in the small areas combine the two levels of competition.

Each county Junior winner and each county Senior winner will be guests of the sponsors on April 11, 1992—the date of the Regional Bee to be held on the campus of WTSU. The winner of that competition will represent the sponsors in the 1992 National Bee in Washington, D. C., beginning on May 25. The trip includes free airline tickets for the champion and one parent.

Each of the champions honored in Amarillo will be given special awards.

In most counties students use the booklet prepared by the national sponsors, "Words of the Champions." This booklet is available from Mrs. Bartlett for only 50 cents each and may be ordered by contacting her at the newspaper, Box 2091, Amarillo, Texas 79166. The new 1992 issue will contain more than 500 new words over the previous year's issue.

"I encourage all students to take part in this outstanding program," Parker said. "It is a wonderful opportunity as well as a learning experience and those

of us at WTSU who are involved in the program are pleased that we may recognize those students who excel."

Texas W.I.F.E. Has Convention

Members of Texas Women Involved in Farm Economics (WIFE), met in Lubbock recently for their fifteenth annual convention.

Harry Pruett, director of water rights and uses, Texas Water Commission, Austin, and Richard Bowers, manager of North Plains Water District, Dumas, conducted a seminar on water management.

Brian Murray, senior marketing specialist with the Texas Department of Agriculture, Lubbock, also spoke to the group and showed a video, "Make It Texas." It is a program to add value to the already \$32 billion agricultural dollars that Texas produces annually. By making finished products, Texas could add more dollars to the state's economy.

The banquet speaker was State Representative James E. (Pete) Laney of Hale Center. He updated the group on legislation enacted in the special sessions.

A special recognition program was

presented honoring former Texas WIFE presidents and former officers of National WIFE. Janinne Brooks, Silverton, directed the program using an apple tree and placing apples on it to represent each officer.

Among those honored were Janinne Brooks, former National Resolutions Chairman and chairman of the 1986 National WIFE Convention held in Lubbock.

Officers elected to serve in 1992 were Elva Reeves, Dalhart, president; Inette Johnson, Tulia, first vice president; Lou Simpson, Richland Springs, second vice president; Remona Miller, Tulia, secretary; Dodie McCoy, Hale Center, treasurer, and Janice Hughes, Flomot, publicity-historian.

Texas WIFE sold chances on a king-sized quilt for their annual fund raiser. The winning ticket, drawn Saturday night, belonged to Sid Berry, Hale Center, and was sold by Dodie McCoy.

Attending from the Caprock WIFE Chapter were Janinne Brooks, Ella Colvin, Opal Meyer and Janice Hughes. Bill Brooks attended the Saturday night banquet.

4-H'ers Compete in Fair Capon Show

Briscoe County was well represented in the Capon Show at the South Plains Fair in Lubbock. The show and competition took place Sunday, September 22, at the fairgrounds in Lubbock.

Briscoe County 4-H'ers entering capons were Mandy Pigg, Josh Brooks, Jeremiah Brooks, Briana Sperry, Will Sperry, George Pigg, Jarrett Pigg, Jamie Pigg, Mary Elizabeth Pigg, Wynter Smith, Tracy Guest and Molly Brooks.

Tracy Guest was awarded Grand Champion Capon honors. Reserve Champion Capon award went to Mary Elizabeth Pigg.

Other placings included:

Lightweight division: Tracy Guest, first; Jamie Pigg, second and fourth; Jarrett Pigg, third and eighth; Jeremiah Brooks, seventh and tenth, and Will Sperry, ninth.

Mediumweight division: Mary Pigg, first; Molly Brooks, third; Briana Sperry, fourth; George Pigg, fifth; Tracy Guest, eighth; Will Sperry, tenth.

Heavyweight division: Tracy Guest, first.

New Arrival

Mr. and Mrs. Craig Patton of Lubbock are parents of a son, Cody Craig, born there September 15, 1991. He weighed eight pounds two and one-half ounces, and measured twenty inches long at birth.

Welcoming his brother into the family is Jerry Cole Patton.

Grandparents are Mr. and Mrs. Jerry Patton, Mr. and Mrs. Spencer Gillespie and Mr. and Mrs. Jerry Ulmer.

Great-grandparents are Mr. and Mrs. Oner Cornett, Lallie Patton, Ellie Nutt, Faye Parton and Mrs. Eller.

Lunchroom Menu

September 30 - October 4

Critical Issues to Be Examined at Fall Convention

Critical issues facing the Texas vegetable industry, as well as success stories from around the state, will be examined during the Texas Vegetable Association's fall convention October 2-4 at the Lubbock Plaza Hotel.

One day will be devoted to an integrated vegetable crop management workshop designed especially for growers and consultants.

Four continuing education units for the pesticide applicator license have been approved by the Texas Department of Agriculture for persons attending the entire conference.

Some 200 producers, consultants and representatives of allied industries are expected for the conference. West Texas is a major vegetable producing area of the state.

The conference begins at 2:00 p.m. October 2 with a keynote address by Fred Harper, Extension Service Agent for vegetables in Maricopa County, Arizona. He will examine critical issues including water availability and quality, federal and state regulations, insects, urbanization and labor.

The effects of proposed free trade agreements with Mexico also will be one of the topics.

Dr. John Abernathy, resident director of research at the Texas Agricultural Experiment Station in Lubbock, will report on studies of pesticide pollution of underground water in Texas.

Registration of "minor use" pesticides which are vital to the vegetable industry will be the topic of Gene King and Maruca Lopez, ICI Americas, Inc.

Wednesday's program will conclude with a tour and reception at Teysha Cellars winery.

Thursday, October 3, the convention participants will tour area attractions. These include Back to Earth composting and recycling facilities; Fleming Company fresh produce terminal; Texas Tech Textile Research Center, and the Ranching Heritage Center.

The workshop Friday, October 4, will address crop nutrition, weed control, management of major insects and control of disease, management of broccoli, spinach, snap beans and other crops, and a growers' panel.

Country Western Dance Class Planned At Clarendon College

Clarendon College will be offering a Country Western dance course at the Clarendon College Campus. This will be an eight-week class beginning September 30 and continuing through November 18.

Classes will be held each Monday night from 7:30 to 9:30 in the new Bairfield Activity Center. The course is open to the public and the cost is \$21.00 per person.

Dances to be taught are the Two-step, Waltz, Cotton-eyed Joe, Polka, Schottish and Jitterbug. Instructor for the course is David Waddle, an instructor at Amarillo College, where he has taught Country Western dance for over 10 years.

Registration and payment of the fee will be on the first night of class. The Bairfield Building is located behind the Clarendon College Bulldog Gym. 38-2tn

Cactus Cove Fishing Report

This week's report from Cactus Cove Marina on Lake Mackenzie indicates that the water temperature is 77° at a four-foot depth, and maximum water depth at the dam is 97.5 feet.

Reports are being heard at the marina of channel cat being caught on minnows west of the first boat ramp that are averaging 1½ lbs. each.

September 8, seven pounds of channel cat were caught on minnows in the cove by the second boat ramp by Cecil Prado of Lubbock.

Paul Kammerdiener of Plainview brought in a 3-lb. 2-oz. and a 1½-lb. largemouth bass caught on minnows in the main part of the lake on September 11.

Nine channel cat averaging one to 1½ lbs., 14 nice-sized crappie and three bass weighing 1½ lbs. each were caught on minnows in Deadman Creek September 16 by Red Jennings of Amarillo.

Public Notice

On June 28, 1991, Southwestern Bell Telephone Company (Southwestern Bell) filed an application with the Public Utility Commission of Texas (Commission) to add a new optional service offering for business Private Branch Exchange (PBX) Trunk customers called Digital Loop Service. The application has been assigned Docket No. 10461.

Digital Loop Service provides digital transmission of circuit switched voice and data communications between the customer's premises and the central office. This service allows the customer to use a 1.544 Mbps facility capable of delivering up to 24 line terminations. Southwestern Bell will provide Digital Loop Service within the customer's serving central office where facilities are available.

If approved by the Commission, the rates for the Digital Loop Service facilities will be \$445 per month for each digital transmission loop arrangement which provides a capacity of up to 24 line terminations, plus \$3 per month for each line termination and \$9 per month for each channel termination. The proposed rate for the unlimited use of the central office varies from \$12.25 up to \$18.90 per month for each line termination depending on the rate group classification, determined by the customer's location. Southwestern Bell estimates revenue of \$2.1 million from this offering during the first year.

As proposed by Southwestern Bell, customers who currently receive digital loop compatibility through facilities installed under a special construction agreement will have the option to receive their current digital loop arrangements pursuant to the Digital Loop Service Tariff or continue to pay their current charges until they make a change of location or account. Any increase in the number of line terminations to a customer's current digital transmission loop arrangement will be provided pursuant to the proposed Digital Loop Service Tariff; however, the customer will continue to have the option of paying current charges for the existing digital transmission loop capacity. Southwestern Bell's proposal to "grandfather" existing digital loop facility arrangements is subject to review and approval by the Commission.

Persons who wish to intervene or otherwise participate in these proceedings should notify the Commission as soon as possible, but not later than October 15, 1991. A request to intervene, participate, or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Blvd., Suite 400N, Austin, Texas 78757. Further information may also be obtained by calling the Public Utility Commission Public Information Office at (512) 458-0256. The telecommunications device for the deaf (TDD) number is (512) 458-0221.

Owls Go Down in Defeat to the State-Ranked McLean Tigers

McLean's Tigers showed why they are ranked fifth in the state as they easily defeated Silverton's Owls 37-8 here last Friday night. "They do a psyche job on us," Coach Clyde Parham said. "Our kids just hear the word 'McLean' and it scares them. It was just one of those nights when we couldn't get clicking. Our defense stayed on the field 75 percent of the time, and we only gave up 37 points, so I thought that was pretty good."

The Owl defense, with tough action by cousins Casey Frizzell and Langdon Reagan, held the Tigers to little yardage on their first series and on fourth down partially blocked the punt, causing the ball to go over on the McLean 30. The Owls, however, were unable to move the ball closer to the goal than the 21, where the ball went back to the Tigers.

This time McLean went for a first down on the Silverton 35, and Brian Martin interrupted a pass on the next series by knocking down the aerial. On fourth down, Frank Ramirez, jr. broke up another pass, and the ball went back to the Owls.

The defensive struggle continued, and on Silverton's third play the Tigers recovered an Owl miscue at the 27. After making a first down on the Silverton eight, the Tigers scored with only 1:30 remaining to be played in the

first quarter. Their PAT kick wasn't good, and McLean held a 6-0 lead.

When McLean kicked off to the Owls, a mental error saw the return player take the ball deep in the end zone and carry it out to the one. Brian West ran for four yards on first down and Martin carried to the 11. The Owls were unable to move for a first down and punted short to their own 36.

As the second quarter began, McLean went in for another score with 9:22 remaining on the clock. Their PAT kick was good, and the Tigers moved into a 14-0 lead.

Martin moved the kickoff out to the Silverton 21, but the Owls were unable to move the ball and punted to the McLean 33 on fourth down. Frizzell and Lyndell Ivory stopped the return at that point. McLean's offense, at this point, was in high gear, and with 6:04 remaining before halftime, the Tigers scored, kicked the PAT, and moved ahead 22-0.

Silverton's next series was stopped by a fumble which the Tigers recovered. On their third play from scrimmage, the Tigers returned the favor, with Frizzell pouncing on the loose ball. The Owls weren't able to take advantage of the turnover and punted on fourth down. Defense by Martin, Reagan and Frizzell prevented the Tigers from getting more points, and the first half

ended with the 22-0 score.

The Owls kicked off to open the third period of play, the ball going into the endzone for a touchback. The Tigers fumbled, recovered their own fumble and lost six yards on their first play, and were forced to punt on fourth down. The Owls, likewise, were unable to move the ball and punted to the McLean 25 on fourth down.

This next series for the Tigers culminated in a touchdown with 4:24 remaining in the third quarter. They kicked the PAT, and moved ahead 30-0.

The Owls ran three plays and punted to the McLean 15, and the Tigers came back with a first-down pass to the 35. On their second play following this, Ramirez intercepted a McLean pass. The Owls punted and got penalty yardage stepped off against the Tigers which moved the ball to the 15. As the fourth quarter began, the Tigers proceeded through a couple of first downs to the Silverton five. They scored with 8:08 remaining in the game, passed for the PAT, and moved into a 37-0 lead.

McLean kicked off into the endzone for a touchback, and runs by Martin and West made a first down, after which runs by Lyndell Ivory and West made first-down yardage to the McLean 26. Josh Brooks completed a pass to Martin, after which West carried a touchdown with 2:58 remaining in the game. West kicked the PAT, and the Owls narrowed the score to 37-8.

The Owl defense by Frizzell, Martin and the others held the Tigers on their next series, and brought about a punt to the Silverton 26. Time ran out before the Owls could add points to the score.

The Owls made six first downs as compared with 16 for McLean. Silverton rushed for 124 yards while the Tigers rushed for 181 yards and passed for 173 yards for a total offense of 354 yards.

Looking ahead to Friday's road opponent, Coach Parham said Guthrie, which fell to 1-2 after losing a slugfest to Miami 42-37, is "tougher than a boot again. They have three freshmen starting, but those are the toughest three freshmen I've seen in my life. Guthrie is at least as tough as McLean, maybe tougher cause it's going to be their homecoming. We have to play more consistently and tackle a lot better."

It's a long way to Guthrie, but it is hoped that a large contingent of Owl fans will accompany the team, to help cheer them back onto the road to victory. The Owls are a lot better than they looked last Friday night, but McLean makes lots of people look bad. They deserve your support. Pep Rally is at 3:00 p.m. Friday. Be there!

Junior High Owls Suffered Defeat By McLean Cubs

The always-tough McLean Tiger Cubs showed the Owls that they are for real and that they will provide willing players for their varsity next year as they defeated the Junior High Owls 38-13 last Thursday afternoon at McLean.

Anthony Gamble made a nice run on the first series of plays by the Owls, but McLean carried a touchdown on their first play from scrimmage after they got the ball. They made their conversion point and held an early 7-0 lead.

The Cubs kicked off to the Owls, and

on second down Gamble carried 14 yards to the Silverton 38. The Owls lost some on the next play, and lost the ball via the fumble route on the next play. The Tiger Cubs started on the Silverton 34, passed for a first down on the 18, and made another first down on a play stopped by Gamble. They scored on their next play. Cy Comer prevented their conversion attempt, and the Cubs moved ahead 13-0.

Brandon Sarchet downed the short kickoff at the Silverton 37, but the Owls fumbled and recovered, losing about three yards. After an incomplete pass, a quarterback sack moved the ball back to the Silverton 23, where they didn't get off their punt and the ball went over to the Tiger Cubs.

Zeb Holt stopped the Cub runner after a gain of one yard, but on the next play the Cubs carried to the Silverton 11. They made a first down on the four. Their touchdown pass fell incomplete, and they scored on the next play. There was no conversion, and the Cubs led 19-0.

Sarchet again downed the kickoff, this time on the Silverton 33. The Owls lost three yards on their first play, fumbled, recovered, but lost back to their 23. A face-mask penalty against the Tiger Cubs moved the ball out to the Silverton 30, after which Arnold Garza ran to the 38. McLean was penalized, moving the ball to the McLean 26 for a first down for the Owls.

Next play, Garza was thrown for a loss, and the first half ended without the Owls having any further success.

The Owls kicked off to the Cubs to open the second half, and they carried it out to midfield, where the ball was turned over to the Owls. Zach Baldwin passed complete to Gamble, but the Owls were forced to punt on fourth down. McLean made a first down near the goal and scored on the next play. They ran the conversion, and led 26-0.

Gamble returned the ensuing kickoff to the Silverton 35, and Garza picked up about 12 yards on the next play. Jeremiah Brooks ran for a first down on the McLean 25, after which he carried for a touchdown at the end of the third quarter. Gamble carried the conversion, and the Owls narrowed the score to 25-7.

McLean carried the kickoff all the way for a score, saw their conversion pass fall incomplete, and extended their lead to 31-7.

Gamble took the next kickoff out to the Silverton 32. The Owls lost some on their first play, then passed complete to Brooks on the McLean 15 for a first down. The Owl offense stumbled a bit before a pass was intercepted and taken all the way for a score. The Cubs ran the conversion in, and led 38-7.

After the Cubs kicked off and the ball was taken out to midfield, the Owls lost a little on their first play. Then Garza took the ball all the way for a touchdown. The pass for extra point fell incomplete, and the game ended with the score at 38-13.

This week the Junior High Owls will have their first home game. This will be a rematch with Groom, and is set to begin at 5:00 p.m. Pep Rally is at 12:20 p.m. Be there!

Go Owls!

Junior Varsity Team Has Game With Groom

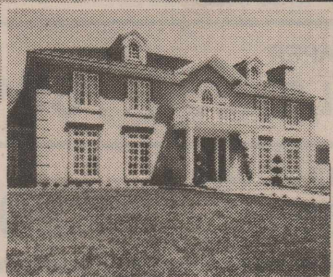

The Junior Varsity Owls have a game scheduled with Groom today (Thursday) at 6:30 p.m. here. Early this week it was not known for sure whether this team would play, due to there being some illness among the players.

Last week's game with McLean was cancelled due to illness and injury, and whether the junior varsity games will be played will probably be last-minute decisions for the rest of their schedule.

"We love our traditional home and the efficiency of the Dual Fuel Heat Pump."

The Hutchersons of Plainview

This traditional-style home was custom designed and built for Mike and Susan Hutcherson. Its unique features are the great room with its towering twenty-foot ceilings and an elegant spiral staircase. It is cooled and heated with a Dual Fuel Heat Pump.

Dual Fuel Heat Pump

Right for any home.

PCCA Announces \$17.1 Million Net Margins at Meet

Plains Cotton Cooperative Association (PCCA) announced recently total net margins of \$17.1 million for fiscal-year-end June 30, 1991 during the Lubbock-based cooperative's 38th annual Stockholders Meeting in Lubbock. The earnings are second only to 1988's \$18.5 million.

PCCA Chairman Jackie Mull announced the board has approved cash distribution totaling \$10.5 million from the 1990-crop earnings. "Most of the checks for this \$10.5 million already have been mailed, and the balance will be mailed within a few days," Mull said.

PCCA also reported record sales of over \$700 million on 2.0 million bales handled from the 1990 crop, the second-highest volume in the coop's history. The previous record sales, just under \$500 million, was established on the 1989 crop.

"Since PCCA purchased the denim mill at Littlefield four years ago, our earnings have totaled almost \$68 million, or about \$17 million per year," PCCA President C. L. Boggs reported. "From those earnings, over \$40 million cash dividends have been paid, or a little over \$10 million per year. Members' equities in this cooperative have grown from slightly over \$16 million in 1978 to over \$73 million today, providing much-needed capital," Boggs added.

Boggs also reported acceptance of PCCA's Electronic Title System (ETS) continues to increase. First introduced in 1989 at PCCA's Sweetwater warehouse, ETS was utilized by the four cooperative warehouses in West Texas and Oklahoma last year. This resulted in substantial savings for the local cooperative gins and the buyers of this cotton by eliminating the handling of paper warehouse receipts.

"We have extended ETS to South Texas cotton producers this year through Gulf Compress in Corpus Christi," Boggs explained. "We believe

ETS will be accepted by the entire U. S. cotton industry within just a few years."

PCCA members overwhelmingly approved an amendment to the cooperative's bylaws during the annual

meeting. The change will permit implementation of a special retirement plan for marketing division equities.

"This should result in substantial additional cash distributions to our stockholders within the next two

months," Boggs stated.

During the meeting, the following directors were re-elected to PCCA's board: Larry Lockwood, Spade; Eddie Smith, Floydada; Charles Macha, Opdyke, and Jackie Mull, Idalou.

Dates Set For Allsup's Clovis Fall Roadraces

Clovis, New Mexico will be the site of the 17th annual Allsup's Fall Roadraces. On October 26, 1991, running enthusiasts from across the southwest will compete in what has become known as one of New Mexico's friendliest Roadraces.

Unique to the Southwest, Allsup's Fall Roadraces offers runners a choice of competing in either a half-marathon, 10,000 meter run, 5,000 meter run or one-mile run. All races will begin promptly at 8:00 a.m. MST at the same location. Running surfaces are flat, fast asphalt throughout the course.

Specially-produced awards by Nambe Mills of Santa Fe will be awarded to the first three male and female finishers in each race and age group. All finishers will receive a specially-designed long-sleeved T-shirt and all registered runners will be eligible for post-race drawings.

Entry fees are \$8.00 if registered before October 5, and \$10.00 after October 5. Entry forms are available at any Allsup's Convenience Store or by contacting Allsup's Roadraces, P. O. Box 1907, Clovis, New Mexico 88102-1907, phone 505-769-2311 Ext. 100.

THE FREEDOM THAT OUR LAWS ENSURE MUST BE PROTECTED

We are fortunate that, due to the wisdom of our founding fathers, we live under the protection of a set of laws that safeguard our freedom; where each level of government has its powers and limitations clearly defined. However, we must never forget that freedom is a fragile thing; often under attack from within as well as from without, by those whose misguided beliefs would make use of its very provisions to destroy it. Throughout our history we have all too frequently had to defend our principles of liberty and democracy on the various battlefields of the world, and there seems to be no end to the process. Let us attend our House of Worship and pray that all people may one day live under a system of God-given freedom like the one that has always blessed our land.

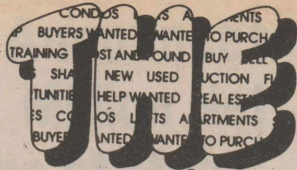

It is my duty to my country to support its Constitution... and to defend it against all enemies.
— William Tyler Page

CARDS OF THANKS

I want to thank Bro. Bryan for being with me and my family when I underwent surgery for the second time. I thank all my children and grandchildren who were with me for three days and the many friends who called and visited me. Most of all, I thank all the church people and individuals who remembered me in prayer.

May God bless each of you. I feel I will soon be well again.
Lottie Owens and family

My thanks to everyone for your prayers, visits, calls, flowers, cards and words of encouragement before, during and since my recent surgery.

I'm so grateful for your thoughtfulness. May God bless you many times over for everything done for me.
Mildred Davis
