ANNOUNCING A New Store for Haskell

We are pleased to announce to the people of Haskell county that we will open a new store in Haskell within the next ten days. We will be located in the new Rike building which is being completed on the east side of the square.

Our Haskell store will be operated upon the same policy that has built our success in our stores elsewhere—that of giving high quality merchandise at lowest possible prices.

We do business on a very low margin of profit—always working for a large volume and a quick turnover. As a result of this plan, we have a fresh stock of seasonable and dependable merchandise. We are starting out here with a new building, new stock—a new store and we intend to keep it new.

Watch for Announcement of Our Opening Date

SEEK ELDORADO LONG FORGOTTEN

Old-Timer to Use Plane in Search for Riches.

Edmonton, Alta.—A trail of blood and gold that stretches back through the last 24 years is the lure which will take a 400-horse-power Fokker plane on a quest into the Far North, 1,400 miles past Edmonton. Its goal, according to an interview appearing in the Edmonton Journal, will be a forgotten Eldorado.

The pilot is Capt. H. A. Oake of the Northern Aerials Mineral Exploration company, and with him in the plane, which will carry close to seven tons of equipment, will be Charlie McLeod, forty-one, old-time prospector and northerner, the only man living to whom is known the location of the "find."

In the mind of McLeod that site of promised wealth lingers as a place of awful tragedy. It was just past the turn of the present century that he and his two brothers, Bill and Frank, following the clues of Indians, found in a hidden canyon signs of untold richness of gold. Three years later Charlie McLeod returned to find the bones of his brothers on the site of their old camp.

Today, however, the old-timer is confident of the success of his new venture. His trip, he mentions, is backed by Jack Hammell, president of the Northern Aerials Mineral Exploration company, the same Hammell who was concerned in the transfer of the Flin Flon mining territory in northern Manitoba to the Harry Payne Whitney interests of New York.

McLeod tells of how he had left his brothers on the site of their claim while he had to go into the Mackenzie river country, many hundred miles to the east. News of their find was carried to the Yukon, whence a stampede started into the mountains.

Bill and Frank were unable to fight off the newcomers and were overcome beside their fires, riddled with bullets. Their murderer, known to McLeod, is since dead. Lack of funds and the inaccessibility of the claim has prevented previous exploration of the property. The assistance of the exploration company has now removed both these obstacles.

Spend \$5,000 Yearly to Check Own Honesty

Austin, Texas.—Building and loan associations of Texas are donating \$5,000 a year to a state fund used for checking up on their professional honesty.

The state's appropriation of \$5,000 annually was found inadequate to pay for the examination and supervision of the associations, which voluntarily supplanted the appropriation with a donation to R. B. Cousins Jr., chairman of the state insurance commission. Cousins is empowered to administer the fund without "strings" and to use it as if it were a state appropriation.

Texas' 30 per cent increase of gross assets in the building and loan business last year was the largest in the nation, according to a report of the National League of Building and Loan Associations. These assets rose from \$1,800,000 in 1916 to more than \$2,000,000 in 1928.

The average interest rate paid to shareholders is 8 per cent and the range is from 7 to 10 per cent.

Cards and Dancing Split English Town

Chepstow, England.—Nine miles from here in an isolated section perched 1,000 feet above the historic Wye valley lies the little village of St. Briavel, which might well be chosen as the seat of modern reformation.

It is a Gloucestershire hamlet and so pious are its residents, that it has been declared sinful to dance and play bridge whilst within the confines of its boundary lines.

The village has split itself in two camps, the majority waging a heated war to make it the purest municipal city in the world.

A Congregational chapel has been closed as the first skirmish of the campaign, and the minister of the chapel is threatened with eviction from his home—all because he allowed dancing to take place in the village assembly hall and because his wife won the second prize at a whist party.

Cowboy Dog Catcher Refuses to Use Net.

Odesa, Texas.—In the face of progress that is changing the "cowboy complexion" of Texas one department of this bustling oil town refuses to bow to the edict of invention.

The city dog catcher will not discard the larval for the more modern dog net. Tom Fifer, who grew up on the plains and learned to lasso from the gaudle years ago, is the duly qualified and accredited dog catcher.

"Save your money," he tells the city council. "I can catch more dogs in a day with my rope than I could with a net in a week. Besides, if some of my old cowpuncher friends saw me running around with a net they'd think I had gone to chasing butterflies and shoot me."

Unintentional Suicide
Many people are slowly poisoning themselves just as surely as if they drank iodine every morning for breakfast. They are daily absorbing the toxins, or poisons, created by accumulated waste matter in their constipated digestive systems. Sooner or later disease will conquer their weakened bodies.

If you have dizzy spells, headaches, coated tongue, bad breath, insomnia, no appetite, bilious attacks or pains in the back and limbs, you are probably suffering from self poisoning caused by constipation. The surest and pleasantest relief for this condition is Herbine, the vegetable cathartic which acts in the natural way. Get a bottle today from Reid's Drug Store and Payne Drug Co.

Citation by Publication.
THE STATE OF TEXAS,
To the Sheriff or any Constable of Haskell County—Greeting:

You Are Hereby Commanded, that you summon, by making publication of this Citation in some newspaper published in the County of Haskell, once in each week for four consecutive weeks previous to the return day hereof, Homer Whigham, whose residence is unknown, to be and appear before the Honorable District Court, at the next regular term thereof, to be holden in the County of Haskell at the Court House thereof, in Haskell, on the 24th day of September, 1928, then and there to answer a Petition filed in said Court, on the 15th day of August, A. D. 1928, in a suit numbered on the docket of said Court No. 3838, wherein Marie Whigham is plaintiff and Homer Whigham is defendant.

The nature of plaintiff's demand, being as follows, to-wit: Plaintiff sues defendant for divorce on account of cruel and outrageous treatment, alleging that they were married on April 28, 1927, and that defendant is a man of violent passions and ungovernable temper; and that during the time she lived with defendant as his wife, he addressed to her the vilest and most opprobrious epithets and threats of personal violence, and that on June 18, 1927, the defendant cursed and abused plaintiff, calling her a low down strumpet, and struck her a severe blow in the face with his fist; and on another occasion, on June 20, 1927, he falsely accused her of infidelity and of undue familiarity with another man, whose name was and is unknown to plaintiff; and that such conduct towards plaintiff was of such a nature as to render their any longer living together unbearable and insupportable, and that she was forced and compelled thereby to abandon defendant and return to her maternal roof, and that defendant has since contributed nothing to her support and maintenance. Plaintiff prays for a divorce, and general and equitable relief.

Herein Fail Not, and have you before said Court, on the said first day of the next term thereof, this writ, with your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Haskell, this the 15th day of August, A. D. 1928.

(Seal) Estelle Tennyson Lee,
Clerk District Court Haskell County, Texas.

CLUB GIRLS LIKE ORDERLY CLOSETS

Old Broomstick Used to Hold Clothes Hangers.

(Prepared by the United States Department of Agriculture.)
The girl in the illustration is a member of one of the 4-H clubs in room improvement directed by the United States Department of Agriculture and the various agricultural colleges. She has made certain changes in her room at the suggestion of the club agent, including the rearrangement of her clothes closet. Freshly painted wood-work and furniture, a revarnished floor, and new covers for her bed and other pieces of furniture were also a part of the improvement she effected. In the closet, which she wanted to make orderly and attractive, she put a lengthwise pole made of an old broomstick, and provided as many clothes hangers as she needed, to economize space and keep her garments fresh and unwrinkled.

Making the Closet Orderly.

Having the closet arranged so that it was just as easy to put things away as to throw them on the bed or a chair, was a direct help in curing this girl of some untidy habits she had developed. Many mothers have doubtless found it difficult to train their daughters to be neat at home, and perhaps the reason is a lack of suitable ways of keeping order.

During the warm months when there are several dresses in the wash for each girl or woman in the family, and a great many for the little tots who wear cotton rompers or bloomer dresses entirely, it is a good plan to keep a supply of hangers downstairs near the ironing board. As each garment is pressed it can be hung on a hanger and placed on a line or a clothes horse until it is dry and well aired.

Miss Dessie Kennedy spent last week end at Rule, the guest of her sister, Mrs. Frank Williams.

Orange Sherbet Always Refreshing in Summer

Ices and sherbets made of fresh fruit juice are always refreshing in hot weather. If egg white is beaten into the mixture after it has been partly frozen the mixture is more fluffy and creamy in texture and to many people less biting cold than a plain ice. These fresh fruit desserts have the merit of contributing to the day's supply of vitamins. This recipe for orange sherbet is from the bureau of home economics:

2 1/2 cups orange juice 1/2 cup sugar
1/2 cup lemon juice 1/4 teaspoon salt
1 egg white

Strain the fruit juices, add the sugar and salt, and stir until the sugar is dissolved. Freeze with a mixture of 1 part of salt to 4 to 6 parts of ice. Turn the crank slowly until the mixture is partly frozen, then quickly add the beaten white of egg, and continue to turn the crank until the ice is firm. Remove the duster, press the contents solidly into the can, cover with waxed paper and replace the top on the can. Pack with more ice and salt and allow to stand an hour or more to ripen before serving.

Curried Chicken With Coconut Quite Unusual

Curries of all kinds have penetrated to the western world from India, and this unusual way of preparing chicken is no exception. The recipe has been tested by the bureau of home economics and found excellent:

1 fowl weighing 2 1/2 to 4 pounds 1/2 tsp. curry
1 quart water 1/2 cup salt
1/2 cup sliced onions

Disjoint the fowl and simmer in the water to which 1 teaspoonful of salt has been added. When the fowl is tender, drain it, and measure the liquid. For each cup of liquid, blend 2 tablespoonfuls of flour with 2 tablespoonfuls of fat removed from the top of the broth. Brown the onion in a small amount of the chicken fat, add the broth and the blended flour and fat, and cook until thickened. Then add the curry and the remaining 1/2 teaspoonful of salt. Remove the skin from the back and legs of the fowl and add the meat to the sauce. Allow the meat to heat through but take care that it does not become broken while stirring. Serve the chicken with flaky boiled rice.

Included in his itinerary next week are Memphis, Chillicothe, Quanah, Vernon, Monday, Stamford and Cisco.

MODERN FARM EQUIPPED ELECTRICALLY TO BE SPECIAL FEATURE OF W. T. FAIR

A modern farm, equipped throughout with electricity, will be one of the principal features of the West Texas Fair to be held in Abilene, Sept. 24-29. It was announced today by the committee on exhibits.

The display, one of the most elaborate and costly ever attempted, will be staged by the West Texas Utilities Co. which serves 104 cities, towns and communities in West Texas. Officials declare this is the first time such an electrical exhibition has been planned for a state fair south of the Mason and Dixon line.

The exhibit will be a replica of the many modern farms now boasted by this section of the country. There will be shown virtually every known electrical machine and appliance manufactured for labor saving and elimination of drudgery.

At the extreme end of the farm will be placed the farm house. One of its outer walls will be torn off in order to afford a clear view of the electrical appliances used in the home. Exquisite electrical fixtures will adorn every room and one of the features of the home equipment will be an ultra modern

electric range and the new Frigidaire. On the back porch will be an electrical churn and aeriator.

The old well in the back yard will have attached a modern electric water pump showing it in actual operation. And finishing off this complete exhibition, down in the old cow lot, will be a bossy feeding from her trough and instead of the hired hand or a member of the family sitting on the three-legged stool milking, will be a time and labor saving electrical milking machine. This machine will be in continuous operation and through the use of a glass tube fair visitors may see just how the machine operates.

Adults Contract Children's Diseases

Adults can, and do, contract many children's diseases. And, usually, they suffer from them much more than children do. For instance, many adults contract worms, an ailment usually associated with children. Sometimes they suffer intensely and take expensive medical treatments, without realizing that worms are the cause of their troubles. Yet, the symptoms are the same as in children, loss of appetite and weight, grinding the teeth and restlessness, itching of the nose and anus, and abdominal pains. And, the same medicine that surely and harmlessly expels round and pin worms from children will do the same for adults—White's Cream Vermifuge, which you can get at Reid's Drug Store or Payne Drug Co.

SHRINKAGE IN HAM CAN BE PREVENTED

Thermometer Assures Success in Cooking Meat.

(Prepared by the United States Department of Agriculture.) Could there be any roast meat more savory and appetizing for high days and holidays than a choice baked ham, crusted with browned sugar, studded with cloves, and redolent of the spicy pan gravy with which it has been basted? Success in cooking such a ham to a turn is assured if you use a meat thermometer, the bureau of home economics of the United States Department of Agriculture tells us.

Whether a ham is to be boiled or baked, it cooks more rapidly and shrinks less when the rind is left on it. Make a tiny slit with a sharp knife or a steel skewer and insert the meat thermometer through the rind into the center of the thickest part of the ham, place it on a rack in a large kettle, cover with hot water, and cook at the simmering point until the meat thermometer registers 160 degrees Fahrenheit. Remove from the fire and let the ham cool in the liquor. The

temperature of the ham will reach 170 degrees to 174 degrees Fahrenheit before it drops. Before baking a ham, soak it overnight in water to cover. Place it on a rack in an open pan and bake in a slow oven (300 degrees Fahrenheit) until the thermometer in the meat registers 100 degrees Fahrenheit. The temperature at the center of the ham continues to rise for about 45 minutes after it is removed from the oven and it will reach 170 degrees to 174 degrees Fahrenheit. Take off the rind, score the fat, coat with the brown sugar mixture, and return to the oven. Whether boiled or baked, the time required for the ham to reach 160 degrees Fahrenheit will be about 25 minutes to the pound.

In addition to greater uniformity of results at different times of cooking and more exactness in results, the thermometer helps to prevent overcooking, so often the cause of lost flavor, poor appearance, and unnecessary shrinkage.

Apricot Charlotte Good as "Company" Dessert

Here's a "company" dessert that will appeal to your guests, whether young or old. It must be made several hours before it is wanted, and that is always an advantage, since it permits the housewife to "get the dessert out of the way" and give her attention to other dishes on the menu. The bureau of home economics sponsors the recipe:

- 1/2 lb. dried apricots 1/2 cup boiling water 2 1/2 cups cold water 1/2 pint whipping cream 1 1/2 lbs. gelatin 1 cup sugar 1/4 teaspoonful salt

Wash the apricots and soak them over night in 2 cupfuls of cold water. Cook the apricots until soft in the water in which they were soaked and press them through a fine sieve or collander. Put the 1/2 cupful of cold water over the gelatin and after it stands for 5 minutes add the boiling water. Stir until the gelatin has dissolved, then add the sugar, salt, and apricot pulp. Chill and fold in the cream which has been whipped. Line a serving dish with lady fingers or slices of sponge cake, and pile the apricot mixture lightly in the center. Place the dish in the cold for an hour or more before serving.

Cottage Cheese

One gallon of skim milk will make about one and one half pounds of cottage cheese. If the milk is sweet it should be placed in a pan and left in a clean, warm place at a temperature of about 75 degrees F. until it clabbers, when it should have a clean, sour flavor. Ordinarily this takes about 30 hours. A small quantity of clean-flavored sour milk mixed with the sweet milk will hasten the process, according to the United States Department of Agriculture.

POULTRY DIRECTOR OF FAIR NOW IN CALIFORNIA

Chas. O. Davis of Rule, Poultry Director of the Haskell County Fair, has gone to California to study Californians method of poultry raising. Mr. Davis will no doubt learn something worth while in California that will be of interest to the poultry exhibitors at the coming fair. Mr. Davis is a real poultry man and has been working to make

this year's fair exhibit one of the best in the state. Haskell has always had a good poultry exhibit. Last year a visitor well versed in poultry raising and exhibits stated that he had just attended the exhibit at Abilene and while Abilene had some few more birds than Haskell—that Haskell had the best quality in her show. Quality is what counts and will in the end be most profitable. If you have a good bird bring it to Haskell and enter it. If it is not good it will not bring a prize, but if it is not good Mr. Van Winkle our judge this year, and by the way who was a judge in the world's poultry show in Los Angeles, Calif., a few years ago, will tell you just why your bird is not worthy of a prize. Cotton, wheat, maize and hogs may go down in the market, but poultry can be raised at a profit in Haskell county. The poultry show this year. Get your birds ready and you will enjoy the sport. Not win this year you will thing better next year. DO SOMETHING FOR THE WEEK WITH Mrs. Wayne Mrs. T. A. Pinckerton. Born to Mr. and Mrs. W. H. on Monday September the fine girl. Mother and babe nicely. Mr. Charlie Rose and daughter of Little Rock Ark. are visiting.

Attention Farmers!

In these days of high production costs, there is little profit in raising a cotton crop only to have it improperly ginned.

Increasing your lint turnout and raising grade of your sample will make your cotton worth more money.

The Haskell Electric Gin is prepared to do first class work all the time.

Feed will be scarce this season therefore you should haul the burrs back home. We will pay our customers Fifty Cents per load for hauling burrs back to your farm either for feed or fertilizer.

Free!

A nice present will be given to first hundred farmers patronizing our gin this season.

SOCIETY and Club

Madames R. J. Reynolds and John P. Payne Hostesses in Lovely Class Party.

Mrs. R. J. Reynolds who is the teacher of the Fideles Class of the Baptist Sunday School and the class president, Mrs. John P. Payne, entertained jointly at the Magazine Club Library last Tuesday evening, honoring pupils of the class who are new teachers in the Haskell schools and teachers who will soon leave Haskell to teach in their several schools. A green and pink color scheme was given emphasis with bowls and baskets of zennias and roses, throughout the library. This lovely complimentary party marked the initiation of fall social affairs. Eighty-four was the diversion, and at the close of ten games the hostesses used dainty pink table spreads on the tables and served brick cream and cake correlating in color with the general theme. Olives were also served. The guest list included: Misses Nettie McCollum, Lela Welsh, Lola Bledsoe, Hazel Wilson, Una DeBard, Lillian Paxton, Hattie Paxton, Elaine Mills, Carrie Moser, Maybelle Taylor, Lois Norton, Leta Simmons, Bertha Carman, Mitchell, Messrs Reynolds Wilson, French Rob-

Amusements at State Fair Will Be Greater Than Ever

There will be plenty of fun at the State Fair at Texas, Dallas, Oct. 6 to 21, as well as plenty that will be instructive. For while the directors well know that the main object of a properly conducted State Fair is the improvement of the farm industries, they realize also that the men, women and children who attend the Fair expect to find some amusement as well.

They realize also that the entertainment must be of the very highest type—clean, moral and elevating. To find such entertainment and to change it—better it, if possible—from year to year, is no child's task. The amusement world is combed each winter and spring to find the shows and acts best suited to State Fair presentation.

This year the directors in charge of amusements and entertainments have succeeded beyond the ordinary. Besides the big musical show in the Auditorium and the daily race program, they have provided a really first-class carnival attraction and placed it in a permanent setting—space through which now flows a continuous paved highway, 25 feet wide with the shows and rides on both sides.

In front of the grand stand each evening there will be offered a hippe drama or open-air circus and dance review, combined. It will offer the most thrilling of bareback, trapeze and bar acts, animal acts of surprising excellence, tumbling and acrobats and close with a stage show, "The Wintre Garden Revue," an entirely new idea in open air entertainment. After the show the entertainment will conclude with a dazzling display of fireworks.

Besides the above briefly mentioned attractions there will be dozens of free shows, bands galore, music broadcasting and fun enough to engender and sustain "the fair spirit," that intangible something which makes such an event a success.

Texas has the largest state fair in the world. In 1927 the attendance was 1,028,317.

The largest day's attendance at the State Fair of Texas in 1927 was 229,877. This was on the second Sunday and broke all known records.

Horse racing will be one of the leading attractions at the State Fair of Texas, Oct. 6 to 21, 1928, as it was in 1927.

Mr. Elmer Wheatly of the Roberts community was in town Saturday.

Mrs. Beckie Dean and daughters Ora Lee and Doris of Long Beach California are visiting the family of J. A. Rose.

FAIR EXHIBITORS ASKED TO NOTIFY MANAGER

W. G. Pope, agricultural manager of the Fair asks all communities independent and rural school districts who plan an exhibit at the fair this year to let him know as early as possible. Space is being taken up very fast and in order to make room for all exhibitors it will be very helpful to Mr. Pope to know some time in advance so that the space can be reserved. Mr. Pope is working hard to make this year's agricultural exhibits show up even better than last year. Mr. Pope is a real fair man and a hard worker for the fair and needs your co-operation to help keep up the Haskell county records in agriculture.

PARADE TO BE BIGGER AND BETTER THAN EVER

J. B. Post, director of parades, has undergone an operation for appendicitis and has not been able to talk with the Haskell people about the big parade for the opening day of the Fair, but wishes everyone to be thinking of their entries. The parade will be taken care of and announcements will be made later, in the meantime, Mr. Post asks everyone to understand that the parade will be one of the principal events of the fair and to make their preparations to take part. No fair in the country can boast of more elaborate parades than have been seen in Haskell. We have received much favorable comment in former years and this year must not be an exception unless it surpasses any former attempt. Everyone can enter some number for the parade. It must be a mile long this year, nothing less will make the showing that is expected. Remember, Abilene will be here on the opening day and will witness the parade. Abilene is our big neighbor and while they can do bigger things it is certain that they cannot do them any better than Haskell. We must do our best this year. Remember the parade is for the opening day—Thursday, October 4th, around 11 o'clock. Be preparing and look for further announcements.

HASKELL WOMAN IN TON LITTER CONTEST

The first entry in the tonlitter contest being sponsored by the progressive Farmer in co-operation with the extension service of A. and M. College, reported from Haskell county is Mrs. W. P. Trice. Mrs. Trice is believed the first entry in this section of the state for the present contest, which was for litters farrowed since August 15, of this year.

The pigs are to be fed for a period of 150 days and will, in addition to the premiums offered for the winners in the contest, be eligible for premiums being offered at the Fort Worth stock show in the spring. Mrs. Trice will be eligible for premiums offered in the class of seven pigs and less.

Adults Contract Children's Diseases

Adults can, and do, contract many children's diseases. And, usually, they suffer from them much more than children do. For instance, many adults contract worms, an ailment usually associated with children. Sometimes they suffer intensely and take expensive medical treatments without realizing that worms are the cause of their troubles. Yet, the symptoms are the same as in children, loss of appetite and weight, grinding the teeth and restless sleep, itching of the nose and anus, and abdominal pains. And, the same medicine that surely and harmlessly expels round and pin worms from children will do the same for adults—White's Cream Vermifuge, which you can get at Reid's Drug Store or Payne Drug Co.

SOCIETY and Club

A Request to The Parents of College Boys and Girls.

It is the pleasure of the Free Press to make a list of all of the Haskell boys and girls who go away to college each year, and we try to do this. But last year quite a number of names were overlooked simply because it is quite a task to remember and chronicle all of the college and university students who go from Haskell today. So we are asking your help so that we may have a complete list for next week's issue. And with this list give us the names of teachers who will teach outside of Haskell schools. A duplicate article will be sent to all of the big West Texas dailies, so please telephone the Society and Club Editor, Mrs. C. M. Kaigler and help us out on this important item of news.

South Side Circle Met With Mrs. Joe Maples Monday.

Members of the South Side Circle of the Baptist Women's Missionary Society met last Monday with Mrs. Joe Maples. This was in a bible study meeting and the south side ladies were fortunate in having their pastor, Rev. H. R. Whatley to teach the lesson, the First chapter of First Peter. Those present were Rev. and Mrs. H. R. Whatley, Mesdames E. B. Davis, Harry Stalcup, J. E. Fouts, Ed Fouts, Charlie Quattibaum, B. Crawford, J. E. Walling, Jeter, Taylor and Stoker and the hostess, Mrs. Maples.

Central Circle.

The Central Circle of the Baptist Women's Missionary Society were guests of Mrs. Vaughn Bailey on Monday afternoon and the hostess taught the mission study book, "Save America." Members present were: Mrs. R. J. Paxton, circle leader, Mesdames R. J. Reynolds, K. L. Simmons, John Ellis, W. L. Norton and hostess Mrs. Vaughn Bailey.

The North Circle B. W. M. S.

The North Circle of the B. W. M. S. met in the home of Mrs. S. A. Roberts at four o'clock Monday afternoon for a social meeting. The program was opened by singing "The Kingdom is Coming." Then the Circle Leader, Mrs. W. C. Williams presented Mrs. Gilstrap who made a splendid talk on the five

fundamental aims of our W. M. U. as follows: Prayer, Study, Serving, Systematic Giving and Enlistment. Mrs. Whiteaker sang, "Jesus Calls Us."

Some Bible contests followed, provoking much excitement and rapid thinking, as Bible names were demanded alphabetically in quick succession. The guests were then invited into the dining room where a pencil and paper were given each one. On the table were displayed a number of pictures and various articles from which the contestants were to gather the names of the eleven foreign countries where our organized W. M. U. work is carried on. Real thinking was again called into play, as some of the artistic efforts of the committee had to be deciphered.

The hostess assisted by Mrs. Williams and Mrs. Kirkpatrick served sandwiches, tea and olives to the guests. The plate favors were little hand-painted book marks. On the top of each was a cleverly drawn Bible, open to our watchword for the year, Isa 54:2. Others present that those present were: Mesdames Milam Diggs, Theodore Jones, S. A. Hughes, Rebecca Osborne, Burton, Jim Fouts, Alvey Couch, Cliff, Eoff and N. I. Simmons.

Miss Nettie McCollum Honors Out of Town Guests.

Miss Nettie McCollum entertained with bridge in her home last Wednesday evening, complimentary to out of town guests. They were Miss Martha Barnum of Ft. Worth; Mrs. Jack Cunningham of San Antonio; and Mrs. Richard Sherrill of Pittsburg, Pa. Cut flowers on stands and tables in the living rooms made a lovely background for the four tables surrounded by the players. The hostess served apricot sherbet and sandwiches to Miss Martha Barnum, Ft. Worth, Mrs. Richard Sherrill, Pittsburg, Pa. and Mrs. Jack Cunningham, San Antonio; Misses Lois Earnest, Lela Welsh, Madalin Hunt, Lewis Manley, Elaine Mills, Patsy Lou Koonce, Florence and Mildred Shook, Helen Harbison, Maybelle Taylor and Mesdames Roy Killingsworth, Wayne Koonce, Lola Welsh and Bert Welsh.

Methodist Women's Missionary Society.

The women of the Methodist Missionary Society of the Methodist Church met in the church last Monday afternoon, after meeting in the homes of the members all through the summer months. There were twenty-five present with one new member. This was a social service program with Mrs. J. U. Fields directing. Social service is the nucleus of mission work, around which all other matter of interest centers and this program was very fine. The opening song was, "Lead On Oh, King Eternal," prayer and then the song, "Take Time To Be Holy." Mrs. Fields gave the devotional, using Jerusalem, The Holy City, and during the devotional Mrs. Bert Welsh sang the beautiful counterpart, "The Holy City." The general theme was, "The World of 'The Call of Our Country.'" Mrs. Ethel Irby, "Neighbors;" and Mrs. S. R. Rike, "Patriotism and Peace." A short business session was presided over by the president, Mrs. J. M. Gose.

Stanley-Black.

Of interest to many Haskell friends will be the announcement of the marriage of Miss Ruth Stanley of Stamford to Mr. Lonny Black of Big Spring. The marriage was solemnized in the home of the bride's parents, Mr. and Mrs. C. H. Stanley of Stamford. Rev. Baxter of the Abilene Christian College performed the ceremony using the beautiful ring ceremony. The groom is the son of Mr. and Mrs. W. D. Black of Abilene. The bride with her parents, Mr. and Mrs. C. H. Stanley, once lived in Haskell and have many friends here to wish for her and the man of her choice prosperity and happiness. Mr. and Mrs. Black will make their home in Big Spring where Mr. Black is connected with a bank in that city.

Rule Couple Marry at the Presbyterian Manse.

Last Tuesday afternoon Mr. A. B. Townsend and Miss Vena Yarbrough of Rule, were happily married in the Presbyterian Manse in Haskell. Rev. M. L.

Baker spoke the ceremony that united this prominent young couple in the bonds of wedlock. After the ceremony, accompanied by friends, they returned to Rule, where a host of friends unite in wishing them a very happy life together.

Mr. and Mrs. Morris U. Lively Move to Shreveport, La.

Mrs. J. T. Therwanger of Weintert is in receipt of a letter from her daughter, Mrs. Morris U. Lively, in which Mrs. Lively states that Mr. Lively has been called to Centenary College, Shreveport, Louisiana, as associate professor of English for this next year. During the months of July and August Mr. Lively acted as assistant professor of English in the East Texas State Teachers College, Commerce, Texas. Mr. and Mrs. Lively will move from Commerce to Shreveport this next week.

Solomon-Littlepage.

Thursday evening at 8 o'clock at the Presbyterian Parsonage, Mr. T. L. Solomon of Haskell was married to Miss Essie Littlepage of Weintert. The ceremony was performed by Rev. M. L. Baker. Several relatives and friends were present.

After the ceremony, the bride and groom were motored out to Mrs. P. D. Solomon's, the groom's mother, where a number of their friends came to congratulate them.

South Ward P. T. A.

The South Ward P. T. A. met in their first regular meeting after the summer vacation on Thursday, Sept. 6th. They elected and appointed the following:

- Secretary—Mrs. Murphy.
- Reporter—Miss Hambleton.
- Librarian—Mrs. Kinnison.
- Finance Chairman—Miss Fitzgerald.
- Health Chairman—Miss Chambers.
- Membership Chairman—Mrs. Maples.
- Committee for repair on slide—Mrs. Crawford and Mrs. Cass.

A contest was started for the purpose

of getting new members. Mrs. Ross Woodall and Mrs. J. E. Bernard are the leaders. Plans were discussed for school lunch room and other plans and problems that are of interest to normal parent and teacher concerning the child.

This live wire organization though small in number has done some wonderful work. While the most of us were resting, they have had their turn water-

ing trees and flowers. Then just before school opened they cleaned the grounds and had them leveled.

Everyone is invited to come to a school ground cleaning this coming Friday afternoon. Then again you are invited to their program on the 25th of this month which Mrs. Kaigler will have charge of.

FORTY-FIRST YEAR

Prospects Bright for the Haskell County Fair

WELCOME FOR ABILENE BOOSTERS

Twenty-five business and professional men of Abilene, Mayor Thos. E. Hayden and the Cowboy Band, were given a warm welcome in Haskell last afternoon, the last day of their trip which took them to several towns and cities over this section.

They were met at the railway station by several hundred people, who gathered in the parade square. The Cowboy Band played several numbers after the courthouse lawn, which was enjoyed by the large crowd.

Mr. Cahill in welcoming the delegation, called attention to the advancement of Haskell in the past few years, mentioning several improvements made which had placed Haskell on a par with her sister cities of Abilene and Amarillo.

Mr. Cahill, president of the Abilene Chamber of Commerce, then made a statement outlining the purpose of the fair, and introduced Dr. R. N. Richardson, who made a statement expressing the appreciation of the Abilene delegation for the welcome given them here. Mr. Richardson was followed by Mayor Hayden, who also praised the welcome, and in a short address urged his hearers of Abilene to do their part for the welfare and progress of Haskell and the towns of this section.

At the conclusion of their trip here, the boosters pledged an attendance of at least 100 citizens from their city at the Haskell Fair on October 4th, which has been designated by the fair as Abilene Day. They will be in Haskell on the occasion by the Simsbury Band, and from the time of their arrival on Friday, far more boosters will be on hand for the Haskell Fair Oct. 4th.

The boosters were dismissed at 2 o'clock in the afternoon, in order that they might be able to take the train for Abilene.

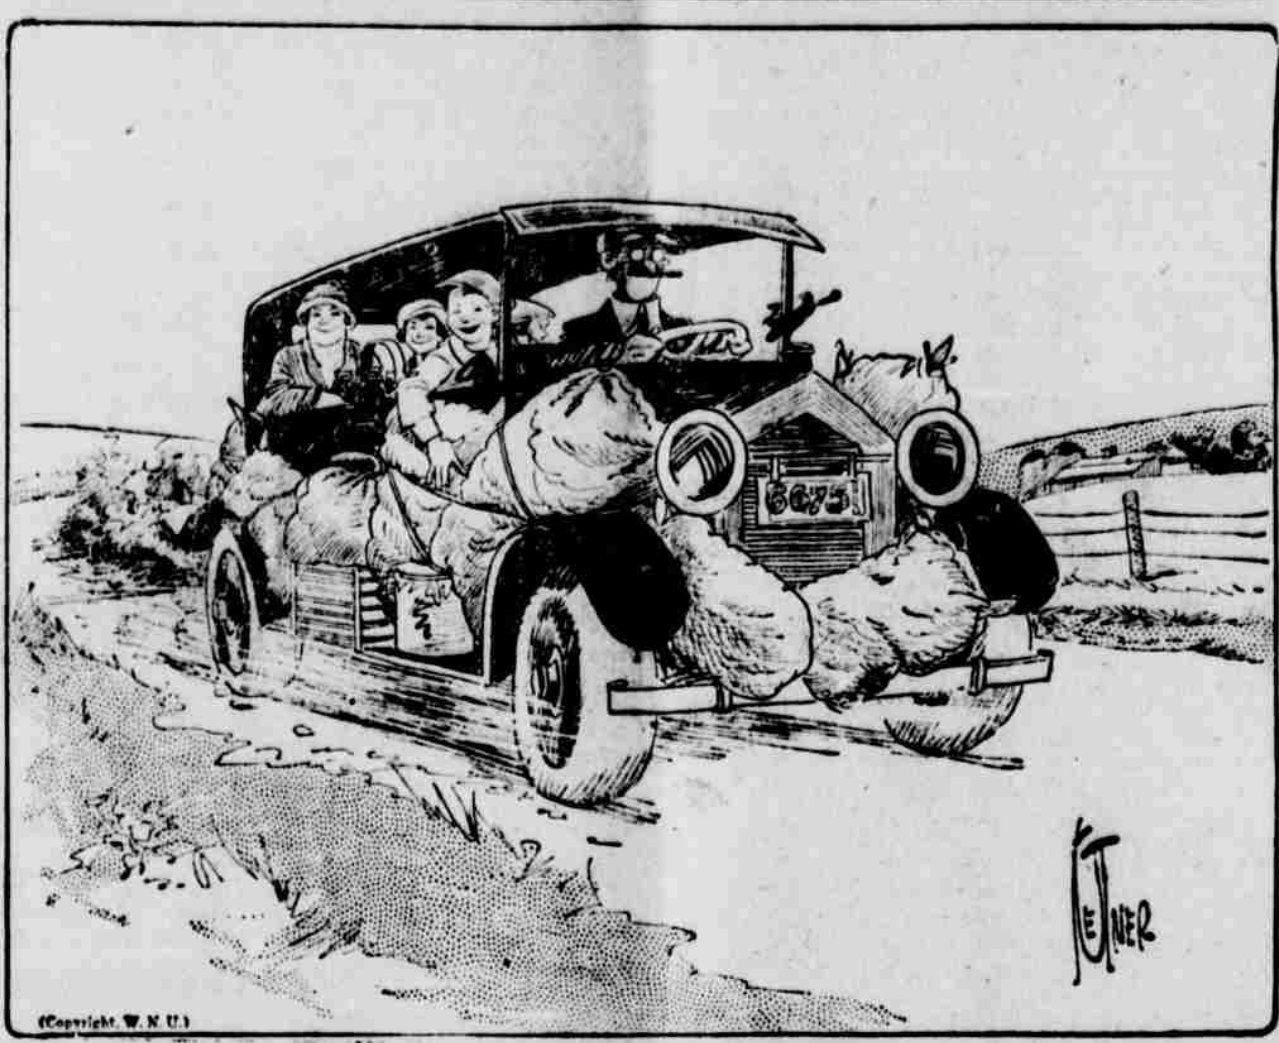

FOSTER COMMUNITY PLANNING FAIR EXHIBIT

Foster Community School District will enter an exhibit at the coming Haskell County Fair for the \$75.00 prize. This enterprising community has taken prizes at our fair and will make strong competition again this year. Nothing a community can do speaks so well as their agricultural exhibits at the County Fair. They are to be commended for this undertaking and no doubt they will earn sufficient money to add to their school equipment.

McConnell School District is considering entering an exhibit, also. It is hoped that this community will make a trial this year as they have not entered before. Their principal, Jason C. Williamson, is a good fair booster and knows the work and with some help from his patrons could make a very good showing. Other communities are figuring on exhibits. No space has yet been reserved for them, but there is still time. Much good to a community will come from the co-operation that is necessary to make an exhibit and the Fair directors hope that there will be more to enter this year than last. It is a well known fact that some items that go to fill the score card have not been raised this year. We cannot afford for them to fail into consideration and judge accordingly, the premiums will still be the same regardless of the fact that some few items cannot be furnished.

Every department of the fair is working to make this another good fair. So far our exhibits have been better each year. We cannot afford for them to fail this year. Many visitors will be here from abroad and Haskell must give a good account of herself. If you are not working for the fair think it over and do your part. The fair is for Haskell County and Haskell County gets the benefit, therefore, you are urged to do your part. Do something for the fair.

Going Home from a Homecoming

Fifth Annual Event Promises to Be Bigger and Better Than Ever.

With the Fifth Annual Haskell County Fair only a short three weeks away, all indications point to one of the most successful expositions in the history of the association. While it is true that agricultural exhibits will likely not excel those of previous years, still we are fortunate in the respect that the scattered rains have assured creditable exhibits of the different varieties of agricultural products.

Increased interest in the various departments outside the agricultural department, assure a larger and more varied competition than any previous fair, and the amusement attractions, including the automobile racing on two days, all give promise of exceeding by far those of any previous year.

Polo Game to Be Special Feature During the Fair

There is talk of a polo game on the fair grounds during the fair. Polo is an interesting game and draws enormous crowds where it is well known. The inside of the fair track is ideal for this game and it is hoped that the details will be worked out to bring in two teams of expert players for the fair visitors to see. Some of the probable teams are, Throckmorton, Woodson, Crowell, Albany, Abilene. All of these towns support good polo teams and we will be indeed fortunate if we can arrange for two of them to meet on our track during the fair. In all probability this same will be on the second day of the fair, Friday October 5th. Announcements will be made later and the public will be advised in time to make arrangements of this interesting event.

ALEXANDER STORE BEING REMODELED

F. G. Alexander & Sons have been remodeling their ready-to-wear department and men's clothing department last week. In their ready-to-wear department a hardwood floor has been laid and cabinets have been made to take care of their large stock of merchandise. The department looks entirely different and has the appearance of a modern ready-to-wear department in a city store. In their men's clothing departments cabinets have been installed which adds to the looks of the department as well as taking better care of their men's clothing. In talking with the reporter they state that their men's clothing sales have increased materially in the past few seasons. This is no doubt due to the care and attention given this department. They also stated that the celebrated Hart, Schaffner & Marx line had been added for the fall season and a stock of all sizes will be carried. The Alexander store has been a modern, well kept store for many years and the recent changes are no doubt necessary to take care of their increasing business.

PROGRESS MADE ON REFINERY PROPOSITION

Directors of the proposed refinery which is planned for some town in this section, are elated over the prospects for the early completion of the project, according to R. P. Lightfoot, who stated Wednesday that the interest manifested in the proposition indicated that the leading citizens of the territory to be served by the proposed refinery were taking an active interest in the matter.

Progress is being rapidly made on the completion of the permanent organization, and additional members are signing up daily in the project, said Mr. Lightfoot. Directors who were chosen from the various sections of the territory to be served, are hard at work on the proposition, with the intention of perfecting the organization at the earliest possible moment. The sentiment of those already in the organization, is that the erection of the refinery in this section would be of vital importance to the entire territory which it would serve, and that the co-operation of all interested parties would assure the completion of the project within a short time.

Purchase Barber Shop

Otto Johnson of the Tonkawa Barber Shop, this week purchased the interest of his partner in the shop, Bonn Adkins, and is now the owner of this popular shop.

Mr. Johnson has been connected with the shop for several months, and states that he has retained his former associates in the shop, which will be conducted in the future along the same lines that has made it popular in the past.

Locally Known Racers Winners in Speed Classic in Ohio

It will be of interest to local racing enthusiasts to learn that Babe Stapp won second money and Chester Gardner won third in a 100-mile race event at Akron, Ohio, last Sunday. Both of these boys have raced on the Haskell track.

Wherever a big race is run in the United States you will find racers who have tried our track. The local track is well known by all race drivers and in the past few weeks requests have been received for entry blanks from half a dozen different states. 200 entry blanks will be mailed today. They will go to drivers throughout the entire United States and the fact that we are on a race circuit makes the fact certain that we will have more entries this year than we will be able to accommodate.

BOB FITZGERALD APPOINTED DEPUTY

"Bob" Fitzgerald of this city has been appointed Deputy Sheriff by Sheriff Al Cousins, taking the place vacated recently by B. M. Gregory, who resigned the office in order to devote his time to the gathering of his crops this fall.

Mr. Fitzgerald is well known here, having been born and raised in Haskell, and his many friends are confident that he will make good in his new position.

"Uncle Mike" Perry, who has served as office deputy for the past year, has also resigned his place in the office, to devote his time to other duties.

WEST TEXAS UTILITIES BUILDING AT RULE

Work is going forward rapidly on the erection of the office building of the West Texas Utilities Company at Rule, according to the local office, and when completed the building will be one of the most modern buildings in any of the towns served by the company. Rule heretofore has been served through the Haskell office of the company, both the rapid growth of our neighboring city, with the resultant increase in business for the company has made the new building necessary in order to adequately serve the needs of our patrons in Rule.

CONTEST PROCEEDINGS FILED IN SHERIFF'S RACE

County Clerk Restrained From Certifying the Name of Sarrels as Nominee.

Alleging fraud and illegality in the conduct of the Democratic Primary on August 25th, Al Cousins, sheriff of Haskell county, filed contest proceedings in District Court last week, seeking to have set aside the official count of the Democratic Executive Committee in four voting boxes, and restraining the County Clerk from certifying the name of W. T. Sarrels as the nominee in the primary.

This action was taken after the official count of the Executive Committee, canvassing the returns of the second primary on August 25, gave Sarrels a majority of 39 votes over Cousins, present sheriff.

The petition recites and alleges among other things, that at said primary in Voting Boxes No. 3, 6, 7, and 8, that among the total votes cast, eighty-eight who are alleged to have voted for Sarrels were not qualified voters, and that the votes cast by them were and are fraudulent, illegal and void.

Forty-two of the allegedly illegal votes were cast at voting box No. 6, (Rochester); thirty-five at O'Brien, No. 7; Seven at Jud. No. 8; and four at voting box No. 3 in Haskell, according to the petition.

Hon. Bruce W. Bryant, District Judge, in whose court the proceedings were filed, has set the hearing for Sept. 27th, during the fall term of District Court, at which time the case will be decided. Restraining orders or injunctions were granted against the County Clerk certifying the name of Sarrels as the nominee of the primary until after the hearing of the case.

And again for the second time, within a space of little more than a year, the official sheriffship of the county is to be decided through the courts. It will be remembered that the present sheriff, Cousins, was appointed in August of last year to fill the unexpired term of J. C. Turnbow, whose resignation was demanded by the Commissioner's Court. Interest is high throughout the county as a result of the contest proceedings, and the probable outcome of the hearing is a matter of keen interest to many.

ROCHESTER MAN GOES TO DALLAS FOR COTTON PICKERS

Frank Scruggs, one of Haskell county's most progressive farmers, who lives in the Rochester community, returned from Dallas Monday of this week and brought a half dozen or more cotton pickers with him. Mr. Scruggs stated that he had a fine cotton crop and that his prospects had been estimated all of the way from thirty to forty bales. We hope that the big estimate proves to be the right guess.

NEW DRY GOODS STORE HERE SOON

Haskell is soon to have a new dry goods store, according to the announcement made in our columns this week by L. Schwarz & Co. They expect to open their store in the new Rike building on the east side of the square within the next ten days, according to the announcement. They will carry a complete stock of new and seasonable merchandise, and as stated in their announcement, the policy of their firm is for a large volume of business at a small margin of profit, which will enable them to offer their patrons very advantageous prices.

New fixtures are being installed in the building this week, and it is stated that a large portion of the new stock is already on hand. Announcement of the opening date of the new store will be given within a few days.

DISTRICT TRUSTEES MEET AT HASKELL

The District Trustee Meeting was held in the District Courtroom in this city last Friday. Miss Minnie Ellis presided. The attendance was good. After calling the house to order the business was dispensed with and announcement was made that the program would be in the form of round table. Thus problems of local interest were discussed by all present. This meeting occurs annually and either meets in August or September.

WELL KNOWN CYBER DIES TUESDAY MORNING

Jno. R. Mayes, well known resident of this city, died at his home here Tuesday morning, after a lingering illness of several months duration.

Funeral services were conducted at the family residence Wednesday morning at 10 o'clock, after which the remains were laid to rest in Willow Cemetery, where a large concourse of bereaved relatives and friends gathered to pay their last tributes to the deceased.

Mr. Mayes had been in poor health for several years, and death came as a relief after weeks of suffering. The deceased is survived by his wife and five children, three sons and two daughters, all of whom were at the bedside when the end came. The bereaved relatives have the heartfelt sympathy of a host of friends in their hour of sorrow.

Mr. and Mrs. J. L. Quinn of Amarillo have returned to their home after a visit to Mrs. Quinn's sister and family. Mr. and Mrs. F. L. Daugherty.

Miss Rachel Elmore of the Irby community is attending school at Haskell.

FIRST BALE COTTON GINNED, THURSDAY

The first bale of cotton from the 1928 crop was ginned in Haskell last Thursday at the Sanders & Crawford Ginn.

The bale weighed 450 pounds, and was brought in by W. E. Adins, who received the premium of \$50.00 given annually by Haskell business men for the first bale of the season. The bale was bought by J. M. Crawford for 18 1/2¢ per pound, netting with the premium, a total of \$153.25 for the bale.

The premium of \$25.00 for the second bale of the season went to H. H. Wheeler of north of town, who brought in his bale the following day, Friday.

TIDWELL SHOWS PLAN ADDED ATTRactions

Added attractions in the way of carnival features are assured visitors to the Fair this year by "Tommy" Tidwell, who will again provide the carnival attractions this year. In a letter from Mr. Tidwell he stated that his shows were carrying a number of added features this year in addition to the large number of attractions with the show last season, and that he was planning on having the largest aggregation of carnival attractions ever brought to Haskell during the coming year.

RULE RECEIVES FIRST BALE COTTON FRIDAY

As at all times, Rule has scored another first place. On last Friday we received our first bale of 1928 cotton, says the Rule Review. Clarence Simpson of the Jud community was the lucky possessor. He received a bonus of \$60 for the first bale. The bale was ginned at the Harrison & Head gin. The bale was sold to Rule cotton buyers and brought the per-pound...

Independent Schools of County Are in Session

Haskell County Schools are beginning early this year. All independent schools are in session, Rule, Weibert, Segerton and others. The following rural schools also begun: Rockdale, Colb, Brubaker, Lake Creek, Ferris and the Midway school will begin Monday morning, September 18.

Ermine Daugherty is on her trip in Corsicana, Texas, the Mrs. J. R. Cooper.

Forbes the little son of Mr. and Mrs. Forbes of the Irby community has his arm Friday.

NEW SHOE SHOP OPENED HERE

Bill McDonald this week completed the installation of his new shoe shop in the frame building just east of the Express Office on Depot street, and opened for business Wednesday morning.

Mr. McDonald has been engaged in this business in Haskell for a number of years, and was proprietor of the While-U-Wait Shop on the north side of the square which was destroyed by fire several months ago. In his new location he has installed modern equipment for serving his patrons, and states that he is in position to give better service than ever. He invites his old friends and patrons to call and see his new shop.

FIRST BALE GINNED AT ROCHESTER FRIDAY

Mr. B. B. Karr of the Jud community brought in the first bale of cotton of the 1928 crop last Friday, August 25. The bale was ginned at the Reeves Gin Co. gin weighing 456 pounds. Mr. Reeves bought the bale and paid 60 cents per pound for it. He also carried a premium paper around to the merchant and business men and received \$60 for Mr. Karr. This year's bale was somewhat later than the first bale received last year, but considering the late season of the crops because of planting some of the receipt of the first bale is fairly early.—Rochester Reporter.

BUNKER HILL REVIVAL CLOSED SUNDAY AFTERNOON

The Bunker Hill Revival closed Sunday afternoon when many young people were baptized. Others united with the church by profession or letter. Rev. W. T. Peacock did the preaching and Paul A. S. Holmes of Aspermont led in the song service, with George Turner, pianist. A free will offering was taken for the party, amounting to about...
