SOCIETY and Club

Golden Grainger.

The following clipping was taken from "The Prairie," the college paper of West Texas State Teachers College at Canyon. Mrs. Grainger will be remembered here as Miss Geneva Golden. She attended high school here 3 years and was very popular among the young people.

A wedding that came as a surprise to many local residents was the marriage, Monday, March 16, of Miss Geneva Ione Golden and Dr. H. G. Gainger, both of this city (Canyon), at Clovis New Mexico, with the Rev. Mr. Jones, pastor of the Methodist Church of that city officiating. The ceremony was performed at 7:30 o'clock.

The bride wore an attractive rock of blue crepe with blonde accessories. Mrs. Grainger is the daughter of Mr. and Mrs. A. H. Golden of Seymour. She came to Canyon last June with her mother and was enrolled as a Sophomore in the West Texas State Teachers College. She is a member of the Pi Omega and the Epiphany literary societies and has made many friends in the city and has the distinction of being chosen to represent Pi Omega in the contest for the College Queen. Previous to her coming to Canyon she was a student in Baylor University at Waco, and chosen there as the freshman beauty.

Dr. Grainger is the son of Mr. and Mrs. R. L. Grainger of Washington D. C. He has been a resident of Canyon for the past 14 months coming here from Waco where he was a practicing physician. He is a graduate of Kirksville College of Astoropathy and Surgery and since his arrival here has enjoyed a widespread popularity.

Dr. and Mrs. Grainger will be home to their many friends in Canyon at 701 Twentieth Street.

Easter Egg Hunt

The Beginners Department of the First Methodist Church Sunday school will have an Easter egg hunt at the home of Mrs. C. M. Gainger Sunday afternoon April 5. All children in this department are extended an urgent invitation to be present. Hours from 3:30 until 4:30. Wear your little girl frocks and come prepared to have a good time. Two big surprises besides the easter eggs.

Helping the Chinese to Help Themselves

Working to Live—a Famline Prevention Activity

A LIFE SAVING PROGRAM FOR CHINA—
Give food to the starving; Exchange food for labor, as shown above; Develop home industries among farmers and villagers in the famine areas; Make available the demonstrated results of better farming.

AMERICAN charity has under way a movement in China which by reason of the leadership being provided and the examples being set, may, if widely supported, eventually mean the end of famine, the ensuing frightful loss of life, and recurring appeals to this country for help.

China Famine Relief U. S. A., whose headquarters are at 205 East Forty-second Street, New York City, under the leadership of David A. Brown, and acting under the sponsorship and at the request of the Federal Council of the Churches of Christ in America, the Foreign Missions Conference of North America, and the National Christian Council of China, has sent \$1,316,000.00 to China. Rigid economy, minimum overhead, and regular auditing here and in China are component parts of the movement.

There have been no losses worthy of recording, and the money sent from America has built roads and irrigation projects and has dug wells. Multitudes of people have been saved, and hundreds of thousands more now look to the United States with hope and expectancy for the essential assistance which will crown their efforts with life.

plan soon to organize the girls and mothers. These clubs are for recreation, general good will as well as for a means of giving them the gospel.

We are preparing a box for the Orphans Home at Chengchow, the women of W. M. S. are doing that. We have made several garments and a number of handkerchiefs. Our Sunbeams are giving handkerchiefs, fifty in all.

Our work goes well, considering the times. China is undergoing a change which is affecting Christianity greatly, and necessarily causing changes in our work. Some things are very disappointing, but we must be prepared for anything during these latter days, not only in China but everywhere, it is seems we are nearing the time of Jesus coming again. I would say "come quickly Lord Jesus" but when I look about and see so many unsaved and so much to be done to help develop his children to win others, I feel we should pray for more power, wisdom and strength to do our best for our Master, while we wait for his coming. Truly Satan is a living Spirit in this wicked land.

With best wishes, and praying God's blessings upon you, in all your good work I am,
Devotedly yours,
Viola Humphreys.

Silas—What's that I hear, Hiram, about your hired man falling off the roof when he was shingling the barn last week?
Hiram—Yeh. He fell in barrell of turpentine.
Silas—Did it hurt him much?
Hiram—Don't know. They ain't caught him yet.

IMPORANT ANNOUNCEMENT!

Realizing the greatness of CIMARRON from every standpoint, realizing that a really great picture like CIMARRON is produced only once in about five years, realizing that everyone should see a picture, with a real historic background like that of CIMARRON, realizing that to see CIMARRON is an opportunity one gets perhaps only once in a life time, realizing that CIMARRON is one of the greatest pictures of all time, and realizing further and knowing the financial condition of the country, the Texas Theatre announces that they will endeavor to make it possible for everyone in Haskell's trade territory to see the great CIMARRON if they want to see it, whether they have the money at this time or not. An announcement about the above will be made in next weeks paper. Watch for it. The management of the Texas Theatre states that everyone must see the great CIMARRON. Read the following facts about CIMARRON:

'Cimarron' Ranks Among Greatest Feats Ever Attemptd on Screen

Even superlatives are insufficient to describe it on the screen, but perhaps some facts concerning "Cimarron," Radio Pictures' spectacular romance of Oklahoma, will give some idea of its vastness.

A company of thirty stars, headed by Richard Dix, in the role of "Yancy Cravat," appears in Cimarron, at the Texas Theatre, April 17 and 18.

Thirty-five hundred horses, mules and oxen take part in various scenes.

The time covered by the picture, in seven periods, is from 1850 to 1905.

Over 43,000 colorful characters appear in the film, including an entire Indian tribe.

Camera scenes reveal miles of racing human beings in all manner of pre-automobile conveyances.

The town of Oage, Okla., was built on replica five times for as many periods of its history.

A year and six months of steady work, with the entire resources of a big studio to draw upon, were devoted to its filming. It's all packed into two hours of dynamic, thrilling entertainment!

SARGON TRIUMPHS IN STUBBORN CASE

"Since taking Sargon I have felt in better health than in the last five years," stated Mrs. Lula E. Peterson, 7814 Sherman, St., Houston.

MRS. LULA E. PETERSON

"My food upset my stomach and caused gas and bloating; and constipation, which forced me to take laxatives continually, and a rheumatic condition in my joints kept me tired, wornout and miserable. Sargon made me feel like a different woman. My appetite has come back and my stomach is in perfect condition; the rheumatic trouble disappeared; and Sargon Pills overcame my constipation naturally and easily. It's wonderful to have the energy and vigor I feel now!"

Stenographer—Your little girl wants to kiss you over the phone.
Busy Manager—Take the message. I'll get it from you later.
Visitor—Well, Joe, how do you like your little sister?
Joe—Oh, she's all right, I guess but there are lots of things we need worse.
"That's the cat's pajamas," remarked Mr. Henpeck, as he picked up his wife's sleeping-togs.

Berean, "The Glass of Southern Hospitality."

Alright, fellows, next Sunday is the last Sunday of the great contest. And every Berean is expected to be in his place, without fail. Don't wait for some one to ask you just come.

The photographer will be there, and if the camera doesn't break before he gets started good, he will "shoot" us. So let's be there with bells on.

We had a mighty good class last Sunday, although we missed our teacher. Mrs. Brooks was kind enough to consent to teach both classes, and we enjoyed a mighty good lesson, and want her to do it again.

The Cotton Pickers are still ahead, though, the City Slickers gained some ground last Sunday. The score is Cotton Pickers 5400 and City Slickers 5000. All you Cotton Pickers be in your place next Sunday, and bring some one with you. Bring that pal of yours who has not been to that class in a long time, or probably never has been there. Wouldn't you like to see him in that class enjoying the

good things that you are enjoying there.

So, let's stay in there and pitch for that bunch of City Slickers can slip a fast one by us, yet. And that would never do. We have stayed ahead for the entire contest, and it would be a shame for that bunch to beat us here at the last minute. Dou you hear that, City Slickers? Well, are you going to let us do it? Remember the writer is a Cotton Picker, and he wants to "eat that banquet at your expense, but he would like to really earn it, for he is sure he will enjoy it more, if he has had some competition in the process of the winning.

So, that looks as if the entire enrollment of the class ought to be there next Sunday. Let's try that and see what happens.

League Letter:

Dear Lib:

Say, have you been trying to find out the cause of all frowns the boys have been wearing lately, since Sunday. Give up so I can tell you. Not, "What is this thing called love?" But, "Who is this boy call-

ed Lance." He has an effect on the girls not frowns, exactly, but our hearts act queer and our temperature rises, no foolin', he's a real Romeo.

If you haven't met him be sure to come tonight to the young peoples service at 6:45.

And say, he's a real preacher too. He has what we would call pep, vigor and vitality! He talks to us in such a way that we just can't help but listen. Besides he understands us and knows just how to talk to us because he's just a young person, too.

You'll enjoy coming early because we sing and Lance leads us with his trumpet. Then you should hear the boys try to sing bass. We just have a grand time. Be sure and come every nite because you will really enjoy it.

Love,
Lib.

Spring Tonic Party.

If you have an ache or pain, corn or bunion, ankle sprain; come and meet old Dr. Quack, sure to cure or money back.

The above unique invitation was sent to all teachers, officers and students of the Intermediate Department of the Methodist Sunday School, carrying the date, March 26 7:30 o'clock p. m. in assembly room. And in response thirty-two were present on last Thursday night and enjoyed a splendid program and

evening of fun. Mrs. Frank Williams, Superintendent of the Department sponsored the following: Piano Prelude, Christine Tucker; hymn: prayer by Mrs. G. E. Davis; Five Bottles of Spring Tonic, 1st. Thoughtfulness, Mrs. Myrtle Crow; 2nd. and 3rd. Love and Service, Lucile Foote; 4th and 5th Good Deeds and Kindness, Mrs. D. H. Persons, sentence prayers, "Nurses" then led the way into the clinic, where the guests were examined by the hospital corps of doctors and nurses who were D. H. Persons, Fred Sanders, Artie Pippin, Lucile Foote and Juanita Mapes. Stick candy served nicely for thermometers. A prize was given the patient who seemed to suffer the greatest physical pain and the agonizing contortions and audible groans of Mrs. G. E. Davis won all votes for her. After a number of appropriate games were played the nurses served punch in medicine bottles to Mr. and Mrs. D. H. Persons, Mesdames, Myrtle Crow, G. E. Davis, E. G. Foote, Frank Williams, and Misses Lucile Foote, Juanita Mapes, Alene Wheeler, Ruth Josselot, Mildred Grissom, Edith Trantham, Era and Vera Cass, Julian Baughman, Beatrice Wheeler, Norma Anderson, Rose Cousins, Irene and Helen Peters, Fred Sanders, Artie Pippin, Thomas Kaigler, John Kimbrough, C. Celebrates 86th Birthday

On last Sunday, March 29th, a bountiful dinner was spread in the home of Mr. and Mrs. Jesse Josselot

the youngest son, honoring his father, V. J. Josselot's 86th birthday.

All the children and grandchildren that are living here were present except three grandchildren and one great grand child. Mr. and Mrs. Rober Drinnon, Mr. and Mrs. Estel Gilliland, Mr. and Mrs. Albert Turnbow and baby Opal Fay, were the absent ones.

There were 65 present and the honor guests were Mr. and Mrs. A. D. Adams and son, Mr. and Mrs. Homer Tompkins and family, Mr. and Mrs. W. D. Rogers and son, Mrs. L. P. Stephens, Willie J. Duncan, Ray Harden, Alvin Ray Kresger and Edith Trannon.

In the afternoon Grandpa Josselot served the crowd with oranges and apples. The crowd all left in the late afternoon wishing Grandpa many happy returns and that his next birthday he would be as happy and gay as he was on this one.

Great western whoopee—nerve-tingling broncho race—a barn dance chock full of novelty acts—music and cowboy ballads—Romance—neath the shifting shadows of the snow-capped mountains—thrills and laughs—you'll find these and more in "Pardon My Gun," the most novel dialogue western picture ever screened.

You can get along with a wooden leg, but you can't get along with a wooden head. But in order that your brain may be kept clear, you must keep your body fit and well. This cannot be done if one drinks liquor.—Dr. Charles Mayo.

Not only gilt edged but gold-edged was the collateral put up by an aged negress, of Thomasville, Ga., recently. Applying at a bank for a loan of \$5, she was told that she must have an endorser or furnish other security. Returning to the bank later, she brought from home a \$10 gold piece, which the bank accepted as security for the desired loan.

Brown was making a visit to a girl who lived in the country. As they were walking through the field, they noticed a cow and calf rubbing noses in hovine love. He spoke up:

"The sight of that, makes me want to do the same thing."

"Go ahead," she replied, "it's father's cow."

Again, the reliability of circumstantial evidence has been demonstrated. Suspicious officers arrested Henry Glover, of Sat. Paul, Va., who was carrying a leaky suitcase. An investigation disclosed that the dripping liquid was juice from a cracked jar containing sauerkraut.

NEWS FROM OVER WEST TEXAS

Three Miles Concrete Laid on Jones County Highway.

From Western Enterprise, Anson.
 Proeming Bros., contractors, have laid 15,300 feet of concrete up to Wednesday night on Highway No. 4 from Anson towards Hamlin. More than 1200 feet have been laid a day on good runs.
 One-half of the six miles to be paved will be finished with a day's good run.
 On account of being short of material, work was suspended on the job for two days last week.

One of West Texas' Largest Steers Owned by Crowell Rancher.

From Ford County News.
 What is believed to be the largest steer in West Texas is owned by Leslie McAdams and is located on his ranch in the western part of Ford County.
 He was three years old on Feb. 25, 1931. The steer is of shorthorn breeding, however, he is not a pure bred. His mother is an exceptionally large cow and his sire, a pure bred shorthorn, is of normal size. There is a full brother to this steer that is two years old which promises to make an extra large steer also but it is doubtful if he will ever reach the proportions of his brother.
 The steer is not fat but is a well proportioned giant in his class in every way. Although not fat the following measurements give some idea to his size:
 Height, five feet, five inches; length, from nose to tail, nine feet, six inches; heart girth, seven feet, seven inches; around the flank, seven feet, seven inches; three feet round the neck in bell collar position; three feet, four inches around hind leg close up to body and two feet around the fore leg. The steer has not yet been weighed, but catmen estimate his weight at from 700 to 1,800 pounds. He is a fairly smooth animal to be of such large size.
 Mr. McAdams plans to feed him in the near future and may enter him in the stock shows next year. In the past the steer has received the same treatment given the other

Burglars Enter Seymour Homes.

From Baylor County Banner.
 There are a good many sound sleepers in Seymour, including Mrs. R. L. George, who is supposed to be troubled with insomnia. Her husband had his trousers taken from a chair on the side of the bed Tuesday night, said trousers containing a good watch, Mrs. George had forgotten and left her watch on her arm.
 Besides this home, there were articles missing from the L. A. McCluskey, C. H. Mothers and Mrs. G. B. Morris homes. At the former places only some stockings were missing, but a good watch was taken from the Morris home. In addition to this, Sheriff Arch Holmes had a spare wheel taken from his car, parked in front of the house. Officers are working on the case.

Aspermont Workman Injured in Fall.

From Aspermont Star.
 Last Saturday morning an elevator, which was being used in the construction of the new school building here, suddenly fell to the ground from a height of 20 ft., injuring Irvin Lee, 31, one of the workmen. Mr. Lee was rushed to the West Texas Baptist Sanitarium for an examination, which disclosed broken bones in the right foot and a fracture of the right knee. The injured member was placed in a plaster of Paris cast. Mr. Jim Rash, father-in-law of Mr. Lee gave a favorable report today on the condition of the injured man.

Coleman Fishermen Catch 63-Pound Catfish.

From Coleman Democrat-Voice.
 All ye fishermen come sit on the box while we tell about a yellow catfish that was exhibited on the streets of Coleman last Friday afternoon. It was caught in the Colorado river Thursday night by L. G. Powers and John Brown. It measured five or six feet in length, was a foot or more across the back,

Chicken Owners of Quanah Lose Fowls By Theft.

From Chillicothe Valley News.
 According to The Quanah Tribune Chief thieves are working in that city, and are devoting their time to theft of chickens, showing no inclination to take just the scrubs, but are making way with some fine fowls.
 Theft of Bert Thompson's twenty fine Rhode Island Reds makes eleven complaints to have been filed. Officers are working on a lead that the thefts are being committed by negroes, since a report has been made a negro has been selling dressed chickens to other colored people for fifteen cents per pound.

Old Glory Champ in Stenewall County.

From Rule Review.
 Championship of the annual Stenewall county interscholastic league meet was won by Old Glory consolidated school which scored high points in both high and grammar school contests. In high school events Old Glory won 231 points; grammar school Old Glory 182 points.

Tire Thieves Active in Stamford.

From Stamford Leader.
 Sunday night a car at the First Baptist church was touched for a spare tire and a car at the Methodist church was also visited.
 Officers went to work on the cases Monday and it is fair to figure that some pretty good clues are in the hands of the officers.
 On the same night the garage of V. W. Jones was the scene of an attempt to enter. Mr. Jones lost quite a number of gallons of gasoline, so he had his door barricaded better than usual.
 Other reports say there were numerous thefts of more or less amounts over town.

First Hatch of Season Over Thousand Chicks.

From the Merkel Mail.
 More than 1,000 baby chicks were included in the first hatch of the season Thursday morning from the Merkel Hatchery, now owned and operated by Earl Hill. The tray of White Wyandottes belonging to P. Y. Gaither proved a perfect hatch, in the language of the incubator.
 In company with Mr. Irvine and Joe H. Merritt of the Purina company, V. R. Glazener, poultry specialist for the Purina people, has been culling the flocks visited in this section this week and Mr. Glazener reports a most gratifying interest in the chicken-raising line hereabouts.
 It is probable that at a later date he will come here to conduct a week's poultry school.

Fall From Horse Proves Fatal to Rotan Man.

From the Rotan Advance.
 Garnet Henderson, age 20, son of Mr. and Mrs. R. L. Henderson, living 15 miles north of Rotan, died here at 6 o'clock Tuesday morning from the effects of a fall from a horse at his home Monday morning.
 The deceased left the house about sun up Monday morning to drive up some horses. When he did not return when expected his father and his brother, Paul Henderson, went in search for him. His brother found him in a pasture where the horse he was riding had evidently thrown him. Near where he was found a gate was torn down and the fence damaged, appearances being that the horse had pitched through the fence with him. It was estimated that it was two hours after he was hurt before he was found.

Safe Opened Wednesday Night at Crowell High School.

From the Ford County News.
 Entrance to the office at the Crowell High School was gained Wednesday night and a gold watch belonging to I. T. Graves, superintendent, was taken from his desk and about ten dollars in small change was taken from the safe. Just the day before the safe contained about one hundred dollars that was taken in during the one-day play tournament.
 The office was entered through the window above the door however, there was no indication as to how the building was entered or the method that was taken in leaving it. The combination of the safe was worked in opening it and then a lock inside was broken to reach the money.

Monday Business Destroyed by Fire.

From the Haskell Free Press.
 Fire, supposed to have originated from an oil stove, principally destroyed the two-room residence of Owen E. Myers near the plant of the West Texas Utilities Company on Tuesday morning at about 10 o'clock. The fire had gained considerable headway before it was discovered by neighbors, and Mr. and Mrs. Moore barely had time to escape from the burning building and were unable to save any of their household effects. We understand that Mr. Moore carried no insurance, having recently dropped a policy on the property.

Gas Election At Childress Likely.

From Wellington Leader.
 Prospects for an election in which Childress citizens may express their opinion of municipal gas ownership became almost a certainty Monday after the Childress mayor, city secretary, and councilmen returned from an inspection of the municipal gas plant at Mangum. A majority of the Childress councilmen have expressed themselves as favoring such an election, according to the Childress Index, and City Attorney Clyde Davidson of Childress has been instructed to give an opinion on the legality of calling an election at a special session of the council. In case he finds that an election may not be called at a special session, the matter will be taken up at the next meeting of the council on April 6.

 Three Mexicans who undertook to pull a clever ruse at the McCormack Hardware Store Monday are now languishing in the county bastille

Bad Fire Record Costly to Stamford Property Owners.

From the Stamford American.
 Stamford property owners will pay approximately \$13,114 in excess fire insurance premiums this year as a result of the 15 per cent bad fire record charge.
 J. W. DeWeese, state fire insurance commissioner, calls attention to this fact in a letter to Mayor Warren B. Tayman under date of March 23, a copy of which was sent to The American. Commenting on the situation, the state commissioner attributes the heavy loss ratio to "carelessness," to vacant house fires and to over-insurance.
 On the subject of over-insurance, the commissioner has written a separate letter to the insurance

HASKELL COUNTY'S NEW COURTHOUSE

The action of the Commissioners Court Tuesday in contracting for the repairing and remodeling of the Haskell county courthouse, we think, is a commendable step. When the structure is completed our county will have adequate and modern quarters in keeping with the development and progress of this section and our county in particular.

In contracting for the work at this particular time we believe that the employment which will be provided local persons is a factor of great importance and one which will immediately make itself felt as a relief measure of major significance. Work will be provided for a large number of persons for a period of several months during the time of year normally when agricultural activities are at low tide as far as hired workers are concerned.

Another consideration in favor of the improvement program is the fact that building costs are lower now than at any time since the war. This reason alone should prompt the inauguration at this time of any needed construction or repairs, and a casual inspection of the 38-year-old courthouse should readily convince anyone that extensive repairs are badly needed on the building at the present time.

And although the action of the Commissioners Court was opposed by some of our citizens—we venture the prediction that when the improvement program is completed, and its benefits from every angle considered—very few dissenting opinions will then be voiced.

PERSONAL RESPONSIBILITY FOR FIRE

The one great obstacle to fire prevention is the virtual refusal of the individual to realize his personal responsibility in regard to the common hazards that exist, to a greater or lesser degree, in almost every home and business establishment.

Perhaps the most tragic phase of fire is that it is practically wholly unnecessary. Eighty per cent or more of fires—including many of those which cause the greatest waste in both life and property—could have been prevented by the exercise of care and the sort of knowledge that is expounded during the annual Fire Prevention Week and which can be easily obtained from various private organizations or from local fire authorities in any community.

The citizen who disregards fire risks might be termed the "unconscious arsonist," and his name is legion. It is his home that burns, or his factory. But the entire community pays for it, in the loss of taxes on destroyed property, in higher insurance rates, in lost employment or business opportunity. Fire prevention is largely a personal matter—but fire waste is of importance to the entire nation. There has never been a fire, no matter how small, that did not do its part to prevent progress.

In certain European countries the owner of property where fire originates is responsible for damage done to the property of others. We will probably never have such a law in America, nor is it generally wanted, but it would be a good thing if we reflected on the principle it exemplifies.

WATCH YOUR FRIENDS

A county official who has much to do with payrolls has on his desk this formula: "Watch Your Friends." Friends are the finest things in life when they are friends. When a man has nothing to give, no way to reward, is of no particular influence in the community and has no money, he has no trouble with his friends and he has trouble in discovering who are his friends and who are merely professional friends.

When a man is elected to office and power is placed in his hands he has friends flocking about his desk from every direction and all remind of their friendship and end by asking favors. A pretty good rule is to regard as friends those who are not willing to ask favors which might embarrass and be lost on the other side of the line the fellows who desire to capitalize what they call friendship—Chillicothe Valley News.

After deducting those under age, those too old to work, the sick, the insane, the feeble, and those not engaged in gainful occupations, Dr. William M. Stewart, director of the census, says there are only 47,000,000 people working in this country, and that only 40,000,000 to 42,000,000 of these are employed full time.

Dr. Julius Klein, Assistant Secretary of Commerce, states that Asia spends ninety per cent of her earnings for food, and ten per cent for the comforts of life; Europe, on the other hand, spends eighty per cent for food and twenty per cent for the comforts, while the United States spends thirty per cent for food and seventy per cent for comforts.

Why take life too seriously? You'll never get out of it alive.

Mrs. Flip—Are you troubled very much in your neighborhood with borrowing?

Mrs. Flip—Yes a great deal. My neighbors don't seem to have anything I want.

Bud—The next time you bid no trump I'm going to take you out.

Ann—Oh, Bud! And there is such a heavenly moon, too!

Ernie—What would you say if I threw you a kiss?

Ethel—I'd say that you were the laziest guy I ever knew.

Wife—There's a burglar at the silver and another in the pantry eating my pies, call for help.

Newly Wed—Police! Doctor!

Teacher—Leslie, can you make a sentence with "notwithstanding"?

Leslie—I got a hole in the seat of my pants and notwithstanding.

Bob—Are you going to live with your wife when her hair is grey?

Sid—I suppose so, I have lived with her when it was every other color.

Ben—Say, George, isn't Bill your brother?

George—Yes, distantly.

Ben—Distantly, what's that?

George—Well, Bill's my mother's first child and I'm the sixteenth.

Ham—Hey there, Sam, where you gwain?

Sam—I've just gwain down to de hot house to find out why black berries is red when dey is green.

"Dear, are you keeping our accounts up weekly?"

"Yes, very weakly."

Man—Lady, your daughter is spoiled, isn't she?

Lady—No, that's just perfume.

Dr. Adcock—Would you advise me to marry a sensible girl or a beautiful girl?

Dr. Rudolph—I'm afraid you'll never be able to marry either. A beautiful girl could do better and a sensible girl would know better.

Mother—Orward, you should never do anything which you would be ashamed for the whole world to see.

Orward—Hooray! I won't have to take any more baths.

Small Mary Jane—Mother, why hasn't papa any hair?

Mother—Because he thinks so much, dear.

Mary Jane—Why have you so much, mother?

Mother—Run along and play now.

One night a burglar broke into the room of a well-known old maid, took a ten dollar bill that was on the table, and kissed her. Now she leaves a twenty dollar bill there every night.

from a business trip to Austin and other cities. Dr. A. G. Neathery has returned from a visit to his old home at Farmersville. S. H. Johnson and lady left Monday for Austin to spend a few weeks with relatives. The Masonic Lodge of this place will lay the cornerstone of a new lodge room that is to be erected over the Haskell National Bank. C. C. Gardner of Paint Creek was in the city Wednesday and in reply to questions he states he has 12 acres of wheat sown up and doing fine, 6 acres of oats doing well, 17 acres of corn coming up, will plant 40 acres of cotton, 8 acres in millet, sorghum, etc. The Christian brethren have paid the balance on their church building with the exception of \$36.00. This speaks well for such a small membership. None of the Churches of this place have a very large membership owing to the fact that there are so many different denominations, but we are glad to note that they work in harmony and help each other. The following item was published from the Seymour Sun: We counted 10 wagons loaded with lumber going to Haskell at one time Saturday evening near S. Edwards Wagon Yard. Seymour is getting a large

portion of that county's trade and since the establishment of Seymour as a common rate point, will get the entire trade.

AMAZING IS SCENERY IN WESTERN COMEDY "PARDON MY GUN"

Some of the most beautiful scenery ever secured on motion picture film will be seen in "Pardon My Gun," a new Pathe romantic comedy of the west coming to the Texas Theatre on Friday and Saturday next. Practically the entire Lone Pine, one of the most historic western towns in California, and a kaleidoscopic panorama of snow-capped mountains, green meadows, purple-saged grazing lands and majestic pines, from the background for the thrilling action of the story. Mount Whitney, highest peak in the United States, towers more than fourteen thousand feet above the famous Lone Pine Ranch where the company made their headquarters during this location trip. In the opposite direction lay Death Valley, the lowest point in the United States. Needless to say, Director Robert De Lacy missed no opportunity to take advantage of the scenic thrills which Nature had provided for him. Featured in the cast of "Pardon

My Gun" are Sally Star, George Duryea, Robert Edson, Mona Ray, the MacFarlane Brothers, world's champion juvenile riders and ropers, Lee Moran, Harry Woods, Stomp N. Sellit and Harry Watson. Hugh Cummins is credited with the original story and dialogue.

AN ORDINANCE

An Ordinance Regulating the Production of Milk to be Sold in the City of Haskell, Texas, and Prescribing a Penalty for Violations Thereof, and Declaring an Emergency.

Be It Ordained By The City Council of the City of Haskell, Texas:

Section 1: No person either by himself or agent shall sell or export for sale or exchange any unwholesome, unclean, adulterated, or impure milk, or milk from cows kept in stalls, or milk from cows kept in pens, or milk from cows kept in any

place in a state of putrefaction or other deleterious substances, or from sick or diseased cows, or from cows kept in connection with any family in which there are infectious diseases.

Section 2: All cows from which milk is taken to be sold in the city of Haskell, Texas, shall be examined for tuberculosis or other infectious diseases two times in each year at intervals of time not to exceed six months, and after such examination shall file with the City Secretary of the City of Haskell, a certificate of such examination within ten days from the date of such examination.

Section 3: No person either by himself or agent, firm or corporation, operating or conducting any public dairy within or without the city limits of the City of Haskell, and offering milk for sale within the City of Haskell, Texas, shall work, employ or keep in their employ in or about any said place any person infected with or affected by any infectious or contagious disease, or work or employ any person to work in or about any said place, who, at the time of his employment had not in his possession a certificate from some reputable physician of the county where said person is to be employed, attesting the fact that the bearer has been examined by such physicians within one week prior to the time of employment, and that such examination discloses the fact that such person to be employed was free from any infectious or contagious disease; or fail to institute and have made a medical examination of all their employees at intervals of time not to exceed six months and after such examinations promptly discharge from their employment in or about any said place any person found to be infected with or affected by any infectious or contagious disease, and further providing that a copy of such certificate of health shall be filed with the City Secretary within ten days after such examination and be kept on file by the said secretary.

Section 4: Each person either by himself or agent or firm or corporation, operating or conducting any public dairy within or without the city limits of the City of Haskell, Texas, offering milk for sale within the City of Haskell, Texas, shall be subject to a quarterly inspection by the Sanitary Commissioner of the City of Haskell, Texas, and a copy of such Commissioner's report shall be filed with the City Secretary within ten days after such examination.

Any person either by himself or agent, firm or corporation, operating or conducting any public dairy within or without the city limits of the City of Haskell, Texas, who shall violate any of the provisions hereinabove set out shall be deemed guilty of a misdemeanor, and shall be fined the sum of five dollars for each day said violations occur.

Section 5: The fact that there is now no sufficient ordinance regulating the production of milk to be sold in the City of Haskell, and the further fact that there is now urgent demand for such ordinance for the protection of the health of the said city, creates an emergency and an imperative public necessity that rules requiring ordinances to be read at two stated meetings and not to become effective until ten days after publication, be suspended, and such rules are hereby suspended, and this ordinance is suspended on second reading and final passage, and shall take effect and be in force from and after that date and no other date.

stance in a state of putrefaction or other deleterious substances, or from sick or diseased cows, or from cows kept in connection with any family in which there are infectious diseases.

Section 2: All cows from which milk is taken to be sold in the city of Haskell, Texas, shall be examined for tuberculosis or other infectious diseases two times in each year at intervals of time not to exceed six months, and after such examination shall file with the City Secretary of the City of Haskell, a certificate of such examination within ten days from the date of such examination.

Section 3: No person either by himself or agent, firm or corporation, operating or conducting any public dairy within or without the city limits of the City of Haskell, and offering milk for sale within the City of Haskell, Texas, shall work, employ or keep in their employ in or about any said place any person infected with or affected by any infectious or contagious disease, or work or employ any person to work in or about any said place, who, at the time of his employment had not in his possession a certificate from some reputable physician of the county where said person is to be employed, attesting the fact that the bearer has been examined by such physicians within one week prior to the time of employment, and that such examination discloses the fact that such person to be employed was free from any infectious or contagious disease; or fail to institute and have made a medical examination of all their employees at intervals of time not to exceed six months and after such examinations promptly discharge from their employment in or about any said place any person found to be infected with or affected by any infectious or contagious disease, and further providing that a copy of such certificate of health shall be filed with the City Secretary within ten days after such examination and be kept on file by the said secretary.

Section 4: Each person either by himself or agent or firm or corporation, operating or conducting any public dairy within or without the city limits of the City of Haskell, Texas, offering milk for sale within the City of Haskell, Texas, shall be subject to a quarterly inspection by the Sanitary Commissioner of the City of Haskell, Texas, and a copy of such Commissioner's report shall be filed with the City Secretary within ten days after such examination.

Any person either by himself or agent, firm or corporation, operating or conducting any public dairy within or without the city limits of the City of Haskell, Texas, who shall violate any of the provisions hereinabove set out shall be deemed guilty of a misdemeanor, and shall be fined the sum of five dollars for each day said violations occur.

Felt Bad After Eating

"Barton I started taking Black-Draught, three years ago, my health was very bad," writes Mrs. C. C. Carson, 945 Concord St., Beaumont, Texas. "I suffered constantly from constipation. I had headache when I got up in the morning and I felt dull and sluggish. I hardly ate a meal that my food agreed with me. Frequently I would have gas on my stomach, and felt awful. I read about Black-Draught, and I thought it might help me. After I had taken it a little while, I felt much better. It relieved constipation. I keep it on hand so when I need a laxative I will have it. In the three years I have been taking it, I have never found anything as good for constipation."

Easter Sunrise Service For Young People

That first breathless hour of Easter! What it means to Christians, what a glory can be caught from its sacred moments, what more fitting act than to gather at the Lord's house for praise and prayer.

That is what the young people of Haskell will do Sunday in tribute to our risen Master. Every year, the sunrise of Easter finds Haskell's young people moving to some church in the city for the Annual Sunrise Service sponsored by all the Young Peoples Organizations. This year it will be at the Methodist church. It does not last long, but it is surely worth getting up for. We don't mind getting up early if there's something doing! Who wants to sleep when all the rest of his friends are going somewhere. The groups who will participate in this worship service are: The Senior League, The Senior B. Y. P. U.

The Christian Endeavor, The Hi-League, The Intermediate B. Y. P. U., The Christian Workers, Boy Scouts, Hope Makers Club, Gypsy Ramblers, Hebrews, Choral Club, High School Band. Every one is invited. The time is 7 a. m. Set your alarm clock for 6:45.

LOCAL NEWS FROM NEW COOK SECTION

We have been visited with a few sand storms here of late. They only remind us that spring is here. A very interesting program was rendered at the school house Friday night by the school pupils. Miss Ieta Beasley spent last week with Miss Rosa Singleton of near Rule. Oustan O'Pry of Electra spent the week-end with his father, Mr. J. A. O'Pry. Miss Libbie Davis, Fred Davis and Elgin Wright called on Miss

Lois Boyd of Rule Tuesday night. Mr. J. T. Wright and sons, Elgin and Ernest are drilling a well for Chalmers Harris.

Mr. and Mrs. A. L. Acree made a business trip to Stamford Wednesday.

A few musicians gathered at the home of Mr. and Mrs. H. B. Yarbrough, Friday evening and made music. Those taking part in the music were Dallas Hammett, H. B. and Buster Yarbrough, Levi Davis and Leroy Beasley.

Mrs. Acree's sister from Okla. and mother Mrs. Blair of Sweetwater visited her last week.

Miss Lois Mauldin spent last week with her sister Lucile who is staying in Rule and going to high school.

J. A. O'Pry will leave for Dallas next week to have his eyes operated on. We hope he will be much improved when he gets back. He has been suffering with his eyes for several years.

Miss Ellen Johnston of South of Rule spent the week here with her brothers, Rural and Jesse.

School seems to be progressing nicely here of late. Only seven were present on account of the snow and sleet.

Miss Lois Mauldin visited friends at Jud Sunday night.

Snooks Townsend spent Friday night with H. B. Yarbrough.

Mr. and Mrs. J. T. Wright spent Sunday with Mr. and Mrs. J. W. Mason of Rule.

CARD OF THANKS

Our hearts are broken at the passing of our blessed wife, mother, grandmother and sister. "He who hath not suffered does not know all that God would have him know" at times like this words can not express our heartfelt love, appreciation and thanks for the many, many acts of kindness the beautiful flowers and messages. They comforted and brightened our sorrow and pray that we all give God the Glory.

LOCAL NEWS FROM EDWARD SUTTON

It seems that winter isn't over yet, for we had some real cold weather two days last week. Mrs. Emma and children of near Haskell visited relatives in this community Sunday.

Mr. Bob Livengood and son, Homer, of the Post community visited in the home of Mr. and Mrs. Carl Medford Saturday.

Mr. and Mrs. Louie Thane and children visited relatives near Stamford Sunday night.

Mr. and Mrs. Leslie Medford and

little son visited the former mother, Mrs. Emma Medford and children Sunday.

Mr. and Mrs. Gordon Larned and children of the Rose community attended singing in our community Sunday night.

Mr. and Mrs. Henry Tash and daughter of Stamford spent Sunday with the later's mother, Mrs. Emma Medford and children.

Mr. Will Tidwell and children of Haskell visited in the home of Mr. and Mrs. D. Tidwell and family Sunday, evening.

On the morning of March 16, Mrs. R. B. Fowler of this community

passed away at the McKinney Sanatorium where she had been sick for several months.

She was laid to rest in Willow Cemetery at Haskell, Tuesday afternoon. She had been in our community for many years, and her sweet disposition had won her a host of friends.

To know her was to love her. She was a good Christian woman, she will be greatly missed, but there is a sweet assurance that she has passed from this earth to her home, "not made with hands eternal in the Heavens." The sympathy of this community
