## STATE FIRE MARSHAL SAYS LOSSES HERE ARE EXCESSIVE

Mayor Emory Menefee has received a letter from the State Fire Marshal in which he states that the fire losses in Haskell during the year 1932, have been excessive, and makes suggestions as to how this loss may be reduced. The letter is as follows:

"The monthly fire reports as made to this Department by your local Fire Marshal during the year 1932 indicate that the fire losses of your city were excessive. We are all aware of this fact—the larger the loss the greater the cost. This applies to every commodity as it does to insurance. It is for this reason that this Department is extremely anxious to reduce your annual fire waste.

"Fire is expensive and may be properly termed as gross extravagance, and to some extent is the result of indifference on the part of most of us. When a business or factory fire occurs, stockholders receive no more dividends; the employees are thrown out of work, and unable to find employment elsewhere. They and their families become, in many instances, public charges; payments on mortgages, taxes, merchandise, and buying power cease. And of greater importance, fire takes human life.

"Our annual fire waste can be reduced by hard work and sincere effort in the following manner: First—Close inspection of all properties by the local fire marshal and local insurance agents. It is in this manner that fire hazards are corrected or removed, and the amount of insurance thereon kept within close proximity of present day values and the profit taken out of fires." Second—An immediate and thorough investigation of each fire as a means of determining the cause of same, and vigorous prosecution of all cases where incendiarism is present. This is one of the most effective deterrents of the crime of arson. Fire prevention, like charity, begins at home. It is an individual obligation. There must be a continuous educational campaign in behalf of fire prevention if we keep our losses low.

"We urge the support and cooperation of all of your people in behalf of this most worthy undertaking, and if they will give it to you and this Department, we know that you will agree that we will soon reduce the cost of insurance to them, as above stated—'more loss means more cost.' Please command them when you think we can be of service to you."

## PAY AUTO LICENSE BEFORE FEB. 1 TO AVOID PENALTY

Tax Collector Ed F. Fouts calls the attention of automobile owners to the fact that only a few days more are left in which car owners may pay their automobile license without penalty, as a penalty of 20 per cent will be added after February 1st.

The 20 per cent penalty will be assessed against all cars registered at any time during the year, if they were operated during the month of January, this year.

## Sheriff Holmes of Seymour Here With Prisoner Friday

Arch Holmes, Baylor county sheriff, was in Haskell Friday on his way home from Abilene with Alfred (Son) Lamb, who is to be tried this week on a burglary charge at Seymour.

Lamb had been held in Abilene for several weeks where he had been convicted on a burglary charge. He is also under indictment charging burglary of a railway depot at Spur and will be turned over to Dickens county officials after the Seymour trial. Sheriff Barrels accompanied Holmes to Abilene after the prisoner.

## COURTNEY HUNT WILL RE-OPEN STORE HERE SOON

Hunt's Store will re-open here next week in the old stand of Courtney Hunt & Company. The Hunt store at Rochester will be moved to Haskell and new merchandise added, bringing the store up to the high standards always maintained by Mr. Hunt.

In speaking of the opening of the new store Mr. Hunt stated that they expect to be open soon after February 1st, with practically the same sales force as heretofore, and will give the same courteous and efficient service they have always rendered in the past.

The many friends of Mr. Hunt will be delighted to know that the store will be re-opened, as this firm has been one of the leaders in every movement for the upbuilding of Haskell and Haskell county for a number of years, and the entire citizenship will be pleased with the announcement of the re-opening of the store.

## Attends Funeral at Gorman

J. H. Kinney and daughter Kathryn were called to Gorman Sunday where Mr. Kinney assisted with the funeral arrangements for Mrs. C. T. Cogburn of that city, who died Saturday morning following a brief illness. Funeral services were held at the Church of Christ in Gorman Sunday afternoon at 2 o'clock, conducted by Rev. Nichols of Ranger. Interment was in De Leon cemetery. Deceased is survived by her husband and one daughter.

Mr. Cogburn is employed by Higginbotham Bros., of Gorman, and Mr. Kinney is a former employee of this firm.

Little Tom Frazier made his arrival at the Knox City hospital Tuesday afternoon, January 24th, and is the son of Judge and Mrs. C. Grissom. The young man tips the scales at 8 pounds.

Mrs. Mary Prichard and Mrs. W. B. Reid of Buckenridge were here a part of this week visiting friends and relatives.

Mr. and Mrs. Guinn Medford of the Howard community are the proud parents of a daughter, born Tuesday.

## NEW FERGUSON PLAN FOR HIGHWAY BOARD TO ELIMINATE ELY

W. R. Ely of Abilene along with the other members of the present highway commission would be swept from their offices if a new bill drafted by Ferguson's friends should be made a law, it was revealed this week. The proposal is to establish an entirely new commission by dividing the state into five districts. The governor would appoint a representative from each of the five districts to serve on the commission, the first two years, after which the office would be elective.

In the proposed arrangement Taylor county along with the neighboring counties of this section would be in district 2.

Following is the list: Hardeman, Wilbarger, Wichita, Clay, Montague, Cooke, Foard, Knox, Baylor, Archer, Haskell, Throckmorton, Young, Jack, Wise, Denton, Tarrant, Parker, Palo Pinto, Stephens, Shackelford, Jones, Fisher, Nolan, Taylor, Callahan, Eastland, Brath, Hood, Somervell, Johnson, Hill, Broussard, Hamilton, Comanche, Brown, Coleman, Runnels, Coke, Concho, McMullen, Mason, Gillespie, Llano, San Saba, Mills, Coryell, McLennan, Falls, Bell, Lampasas, Burnet, Williamson, Blanco, Hays, Caldwell, Bastrop, Lee, Travis and Milam—Abilene Times.

## Perkins-Timberlake Co. Buyers Now In Eastern Markets

According to Raymond Taylor, manager of the local store, F. P. Perkins-Timberlake Co., and R. M. Tittle, merchandise manager, together with assistant buyers of all lines of merchandise handled by this institution, left Sunday for New York and other eastern markets, on a buying trip that will cover a period of several weeks.

The fact that merchandise in all lines is now at the lowest price that it will probably be in many months and that the program of this institution calls for more complete stocks that in many years, will prompt heavy buying.

Mr. Taylor pointed out that the officials of Perkins-Timberlake Company are highly enthusiastic over the prospects for the year 1933 and are buying with confidence—stocking heavily in every line handled by their stores, in an effort to give to the people of this community the greatest values in high grade merchandise ever brought to this city.

## Ravens and Crows Kill Game Birds Of This Section

Ravens and crows, especially ravens, have done considerable damage to game birds in West Texas and the state fish and game department is seeking to eradicate the pests, according to O. D. Cardwell, deputy game warden.

"We have a raven trap in Dickens county," Mr. Cardwell said, "and in two weeks recently we caught over 700 ravens."

The trap, he said, is located close to a hog killing yard and the birds congregate there. As a result, it is easier to catch them. Ravens kill young ducks and quail and other birds and do damage to crops, the warden pointed out.

Farmers whose property is menaced by ravens are advised to build traps.

Another menace to wild fowl is the hawk. "Over in the Stamford country," Mr. Cardwell said, "hunters tell me they locate quail by hawks. I was out driving with a man one afternoon and he saw a hawk circling in the air over a certain spot. 'Bet you there are some quail there,' he told me. 'I asked him how he knew and he said he could tell by the hawk. Sure enough, we found quail. Nine times out of ten that is a good sign.'"

Mr. Cardwell said he killed all the hawks he could find while on his field trips. He also kills road runners. These eat eggs and young birds. A hawk will swoop down and carry off a young quail easily, he said.—The Post Dispatch.

Mr. and Mrs. T. H. Jenkins, Mrs. Moody, Mr. H. Owens of the Plains community were in Haskell Friday of last week working in preparation for their church building.

## Grissom Presides Over Anson Court

Clyde Grissom of Haskell, presiding judge of the 39th district court, heard non-jury cases in 104th district court at Anson Friday for Judge W. R. Chapman.

Judge Chapman, slightly indisposed, remained at his home in Abilene. He was suffering from cold and hoarseness.

## HASKELL MAN KILLED BY ACCIDENTAL SHOT

The accidental discharge of a 22 caliber rifle was fatal here Friday morning for E. E. Frye, 44, Rawleigh goods agent.

Mr. Frye drove the family car to town after telling his wife he would be back shortly and that she could help him load his commercial car at 9 o'clock. When he had failed to call her by 9:30 o'clock, she went into the garage to find her husband's body slumped against the wall. The rifle, which he carried with him in the car on his trips through the country, lay at his side. It is presumed that the gun was accidentally discharged when he started to remove it from the car, preparatory to loading his goods for the daily trip. A coroner's verdict of accidental death was returned.

The body was carried overland to Electra by Jones, Cox & Company and forwarded from there to Tulia, his former home. Funeral services were held Saturday afternoon at 4 o'clock, with interment in the Tulia cemetery.

In addition to his wife, two stepsons, C. D. Smith, 16, and Thomas Smith, 13, survive.

## SMALL FIRE AT THE ELECTRIC GIN

The fire department answered a call to the Haskell Electric Gin shortly after 3 o'clock Thursday afternoon when a small blaze was discovered in a cotton storage house.

The fire was extinguished with no damage to the building and very little loss of cotton stored in the building, according to Manager V. C. Dulaney.

## Miss Nettie McCollum Re-elected Assistant Cashier

In giving the names of the officers and directors of the Haskell National Bank, who were re-elected last week the name of Miss Nettie McCollum, assistant cashier, was omitted from the report.

Miss McCollum was re-elected along with the others and there was no change made in the personnel of the bank's official family.

## Unusual Cotton Plants Discovered Among Aztec Indian Village Ruins

Seed of an ancient Aztec cotton have been tried out by Tom Foster of Wichita Falls and the plants produced 500 bolls. Each plant grows to a height of about eight feet, and the cotton has been classed as two inch staple of the finest quality.

The beginning of this remarkable story goes back several years. Foster, who became rich from oil, decided to pursue his lifelong ambition to prowl in the caves and dwellings of the early American Indians. His search took him to the San Juan River valley in Colorado, where he spent the days exploring the cave dwellings of the Aztecs—the Indian tribe that once roamed the western part of the United States and that lived in Mexico City at the time of Cortes' conquest of that country.

One day while other members of the party tested in the shade, Foster found a sealed door in the rear of a cave high on the mountain side.

He broke into the wall and discovered an air tight chamber containing cottonseed, corn, grain and bean seeds, antelope hides, bone instruments, turkey feathers, willow wifes and other relics.

Carefully he gathered his "find" and carried them to his home where he delighted in studying and exhibiting them to his friends.

The cottonseed which he had discovered he left in his old

## SWAPPING ADS MAY BE PLACED IN PAPER FREE

The old adage that you can't get something for nothing is being knocked into a cocked hat by The Free Press this week, with the announcement that Swap Ads up to 25 words in length will be run absolutely without cost.

This amazing offer will go into effect next week, and will continue for a limited time. It is open to anybody anywhere, subscriber or non-subscriber.

This idea of running Swap Ads without cost to the advertiser is based on the belief that practically every family in this great trading territory has something around the place that they don't need—and that practically every family needs something that some other family has no use for.

Only Swap Ads in which no money is offered or asked will be accepted free, and they must be in the office not later than Tuesday evening at 6 o'clock.

The publishers are willing and anxious to help prepare your ads so that they will bring maximum results.

Just because there is not a surplus of cash in the country is no reason why we can't have many of the things we want and need. Let's swap!

The Free Press will be your middleman—and it will work for nothing.

## Haskell Boy Wins Place In A. & M. Stock Judging

W. B. Kyle, Whitney, won first place in this year's freshman livestock judging contest sponsored by the Saddle and Sirolo club of Texas A & M college. He is a nephew of Dean E. J. Kyle, of the school of agriculture, and a brother of A. B. Kyle, who won the freshman contest in 1931 and the sophomore contest in 1932.

Other winners in the contest include the following: R. H. Simmons Haskell, second; W. B. Allen, Hull, third; H. R. Wilson, Alleton, fourth; H. T. Magers, Breckenridge, fifth; W. L. Boothe, Sweetwater, and A. P. Morkovskoy, Hallettsville, tied for sixth. The seven winners will be awarded gold medals and will be designated as the freshman livestock judging team of the college for the year.

## Carried to Sanitarium

Mrs. Albert Peiser, residing in the Irby community was carried to the Stamford sanitarium Monday for examination and treatment. She has been sick for the past week.

## JOT TYNES MURDER CASE BEING TRIED IN DISTRICT COURT

## FUNERAL OF MRS. W. R. HUNT WILL BE HELD FRIDAY

The funeral services of Mrs. W. R. Hunt, 78, who died at the home of her son, A. B. Hunt in Gorman, Texas, Wednesday afternoon, will be held at the First Methodist Church tomorrow (Friday) afternoon at 2 o'clock, conducted by Rev. A. W. Gordon.

The body is being brought overland from Gorman and will be at the Kinney Funeral Home from 11 o'clock until the funeral.

Mrs. Hunt moved to Haskell county in 1906 and resided here until about three years ago.

## Vernon D. Adcock Appointed Kent County Attorney

Vernon D. Adcock has been appointed County Attorney of Kent county, moving to Clairmont last week, where he took up the duties of the office.

Mr. Adcock has been a member of the firm of Odell & Adcock of Haskell and Throckmorton since last June, when he began the practice of law here. He is a son of Mr. and Mrs. J. W. Adcock of the Post community.

Vernon entered McMurry College at Abilene in 1927, where he studied for two years before taking up his law course. He holds the Bachelor of Law degree and received his license to practice the early part of last year. He has also taught school for four years. He has many friends in this section who will be glad to hear of his appointment and express faith in his ability to make good in the office of County Attorney.

## COLLIER GROCERY WILL MOVE TO THE HOLT LOCATION

The Collier Grocery, which has been located on the east side of the square for a number of years, will move the first of the week to the former W. A. Holt location in the Pierson building on the north side of the square.

The change will give Mr. Collier more floor space and a more convenient location in which to serve his customers.

Mr. Collier has been one of the leading grocers of Haskell for a number of years and the change is being made to the larger location in order to better serve his increasing trade. He will continue to handle Red & White products as one of the units in the Red & White organization.

Mr. Collier expects to move into his new location Monday or Tuesday.

Stop us if you have heard this one. Maybe it's old, but it strikes us as being pretty good. Asked why the Almighty made so many women "beautiful but dumb," a wag replied: "He made them beautiful so that men would marry them and he made them dumb so that they would marry the men."

Another paradox is that while a woman cannot run as fast as a man, she generally manages to catch him somehow.

A writer says that marriage depends upon the fusion of two lives. But it too often ends in confusion.

An "electrical transcription" is merely a phonograph record with a college education.

As we understand it, Mr. Scott is the fellow who put the "knock" in Technocracy.

The race of rivals for the affections of the modern girl is being won by a weak and dumb man.

Jot Tynes, charged by indictment with the murder of D. R. Robertson, was called for trial in district court today. At three o'clock this afternoon the jury was completed and the first witness for the state, Dr. Cadenhead of Weinert, was called to the stand.

The case is being tried before Judge Clyde Grissom, with Henry F. Grindstaff, District Attorney, and B. C. Chapman, County Attorney, representing the state. D. J. Brookerson of Benjamin and Davis and Davis of Haskell representing the defense. About 35 witnesses have been subpoenaed in the case.

The murder charge was filed against Tynes as the result of an automobile accident between Haskell and Weinert on November 6, 1932, in which D. R. Robertson of San Antonio and his brother-in-law, W. W. Chambers of Fort Worth lost their lives. Robertson died in an ambulance on the way to a hospital, and Chambers died a few days later from the result of injuries.

In addition to the two murder charges Tynes has been indicted charged with driving an automobile while intoxicated.

Buster Coffman, who was with Tynes when the accident occurred has also been indicted in connection with the affair.

The jury was completed at three o'clock this afternoon, composed of J. R. Cypert, Walter Watson, H. E. Elliott, J. A. Blake, Geo. Darnell, Olen Carothers, Ira L. Bradley, R. L. Poote, Bob Florence, Ollie Gillean, W. D. Rogers, and Ed Magee.

## KNOB KNOCKERS ATTEMPT BURGLARY OF LOCAL THEATRE

An attempt was made last Thursday night to burglarize the office safe of the Texas Theatre. The knob was broken off the safe door but the would-be burglars were unable to get the safe open. Just how they gained entrance to the building is a mystery. The supposition is that they gained entrance through an upstairs window or with a key that would open the front door. It has also been suggested that they attended the night show and remained hidden in the building when the show was closed for the night.

Nothing of value was missing according to Server Leon, manager of the Texas. The attempted robbery was not discovered until Friday morning.

## DEVICE FOR STARTING TOMATO PLANTS EARLY

Gardeners who wish their tomato plants early will profit by a simple device that has proven helpful. Secure from some hotel or other public place a supply of used paper drinking cups. Plant a seed or two in each cup and let the plants make a good start before spring opens. When frost danger is past, plant the tomato cup and all without breaking the dirt in the cup. This method gives a gain of two or three weeks time in growth over setting out plants that have been pulled out of the dirt.

## Returns From Sanitarium

Mrs. R. C. Whitmire was removed from the Stamford Sanitarium last Friday, where she was carried the first of the week, when she sustained painful injuries in a fall from her back door steps. Examination at the sanitarium revealed that Mrs. Whitmire suffered a broken shoulder and arm from the fall. We are informed that she is doing as well as can be expected. Her daughter, Miss Bessie Whitmire, left her patient at Stamford to be with her mother.

Mr. and Mrs. Jim Schwartz of Segerton are rejoicing over the arrival of a fine boy in their home on January 11th.

Mr. and Mrs. V. S. Payne and the daughter of Abnerady are on their way and to visit with Mrs. Payne, parents, Mr. and Mrs. C. W. Payne.

The race of rivals for the affections of the modern girl is being won by a weak and dumb man.

TOM HUNTER SAYS NO ONE TAX WILL REACH ALL ALIKE

"No one tax will reach all alike, we must have a blended tax system to properly allocate the burden," declared Tom F. Hunter of Wichita Falls, who is in Austin attending the sessions of the State Legislature.

"If we are to have a sales tax, one third of it should be retained by counties in order that the county and school real estate tax might be reduced. Governmental expenses must be reduced.

"One pipeline company, in a depression year, showed a net earning of \$20,157,642.42. It paid a 40 per cent dividend. It paid a total state tax that year of only \$471,877.47. The total tax to the state was only 2.3 per cent of their net earnings, while the home-owner of Texas paid 100 per cent of the net return value of his home in taxes. A part of the 2.3 per cent was the 99 cents on the \$100 valuation, state ad valorem tax. To pass the sales tax and abolish the state ad valorem tax and to quit at that would mean that their tax was reduced 25 per cent on the one hand and no increase by reason of the sales tax, because they are not buyers.

"The voting of the constitutional amendment, exempting a \$3,000 valuation on a homestead, was a great victory for the plain people. It contemplates the shifting of that part of their burden to the organized few of wealth that have heretofore evaded their just portion. Now the sales tax and quit, and you will have this same burden back on this same crowd, increased because of the abolition of the state ad valorem.

"A graduated income tax, levied upon the extreme high bracket is the only tax that they can not pass on to the masses. I believe that in this hour of depression that every person, firm and corporation should come to the rescue of a bankrupting state with the same degree of patriotism that the boys manifested in their enlistment in the recent war; shoulder proportionately the load that we must carry in order to avert these impending dangers—even the big moneyed combines should pay proportionately. Let an income tax be levied upon all who are not buyers and payers under the sales tax. For example, tax all incomes in excess of one hundred thousand dollars. On the first million levy a five per cent tax, on the second million a 10 per cent tax, on the third, 15 per cent tax, on the fourth and fifth, a 25 per cent tax, and on all in excess of five million a 35 per cent tax.

"Let's not only require these big boys to pay in proportion to their ability to earn, but let's discourage these merging combines that have been so destructive to employment. We must not give back to them the great victory that we won at the polls without remuneration for it. Let's don't forget that 60 per cent of our wealth is controlled by one per cent of our people; that the 99 per cent owning the other 40 per cent of our wealth has heretofore been carrying the burden."

To the Citizens of Haskell County

Dear Friends: On retiring from an office of Public Trust, as Commissioner of Precinct No. 3, I wish to thank my friends for their many favors extended me the past four years.

I have endeavored to serve you to the extent of my ability and herewith present to you the condition of Precinct No. 3 on January 1st, 1933 and as I left it January 1, 1933.

Table showing Outstanding Warrants, Current Bills, and Machinery with amounts.

Net Assumption of Debts and Obligations \$11,425.00. Precinct Indebtedness at Jan. 1st, 1933, less Cash on Hand and Loan to Precinct No. 1 10,407.53.

Indebtedness Reduced \$ 1,017.47. You will note the reduction of the Precinct indebtedness of \$1,017.47 was accomplished with very poor tax collections, as 1930 collections were only about 58 per cent and 1931 collections 48 per cent. Had conditions been favorable and collections normal I feel that I could have presented my Precinct to the new court, practically clear of debt.

Respectfully yours, T. F. HUNTER, Commissioner.

Financial Statement and Auditor's Report of the Condition of Haskell County

As Compiled by REX RAGAN, Auditor.

Haskell, Texas, January 21, 1933.

TO THE HONORABLE COMMISSIONERS COURT OF HASKELL COUNTY, Haskell, Texas.

GENTLEMEN:

On the completion of a four year audit of the records of Haskell County, we submit to you our findings in the form of a clearly itemized schedule on all accounts of the County.

In submitting our report, we have prepared for you a separate and complete schedule of the active accounts, showing cash on hand at January 1, 1932 plus receipts for the year and disbursements therefrom.

In preparing these schedules we have shown the disbursements plus all warrants registered against the several accounts and also any obligation against them, to give you the true condition of the several accounts at January 2, 1933.

We have examined each and every account, and hereby certify to the several schedules as being true and correct, so far as we are able to ascertain.

Respectfully submitted,

REX RAGAN, Auditor.

Mr. Estes leaves three children, all of whom were present for the funeral, as follows: Mrs. W. T. Clark, Rochester; Hiral Lee Estes, Folsom, N. M.; and W. P. Estes, Midland, Texas.

### Sagerton

Today we are having beautiful sunshine and spring-like weather.

There is quite a good deal of cotton here in the fields yet. But if this sunshine continues for a week or so most of it will be gathered.

The Ladies Missionary Society met Monday evening with Miss Florine Massie in her home.

D. C. McMillian addressed the people Sunday night with his first trial sermon. There was a nice crowd gathered at the church to hear him. His many friends here wish him success in his effort to preach the gospel.

Mrs. Scott Crabtree has been sick in bed for a week and still is right sick at this writing. She is at the home of Mrs. H. D. Crabtree. Her friends hope she will have a speedy recovery.

Mrs. R. H. Robertson was also on the sick list last week end, but is doing nicely at present.

Mr. and Mrs. J. A. Clark spent the week end in Holiday visiting with their relatives there.

Mr. Clarence Stagemoeller is reported sick with the scarlet fever. He is doing nicely at present.

The unemployed agency here has secured work for a few of the unemployed men of our town. They have been clearing up the surrounding town lots and making the town look better. This will help the town and those seeking work. Mr. Dave Guinn is looking after this.

There are many things being done by the government and state

to try and better the condition of things.

Mrs. Dea Hale and children visited Mrs. Frank Batson last Saturday evening.

Miss Vera Hayes spent the week end in Sweetwater.

Mrs. M. D. Smith and daughter Grace Katherine of Stamford visited Mrs. Joe Smith and Mrs. Frank Batson last Wednesday.

R. H. Robertson and G. A. Lambert spent Sunday in Abilene.

Dr. J. C. Davis of Rule was called to see Mrs. Scott Crabtree who is sick.

Miss Reeder spent the week end

at home in Knox City.

Mrs. W. P. Caudle has returned home after an extended stay at Chillicothe where she was called to the bedside of Mr. Caudle's mother. The report is Mrs. Caudle is a little better. Their many friends here hope she will continue to improve.

All the Leaguers are invited to Rule Saturday night to the District Meeting there, so don't forget. Come Sunday morning to Sunday School. We want you all to come and help us make a good Sunday School.

### Center Point

Health is better here at this writing.

We are glad to welcome Mr. Roy Griswold and family of Stamford to our community to make their home.

From The Stamford American—

The B. Yates Drug Store closed Wednesday, having filed a voluntary petition in bankruptcy with the federal court in Abilene Tuesday. The firm was one of the oldest in Stamford.

### First Car Load of Lynn County Silica Is Shipped to Dallas Manufacturers.

From The Lynn County News—

The first car load of silica from the mine six miles south of town was shipped out to Dallas Monday of this week, according to J. C. Blackburn who has the beds leased. Beginning next week he hopes to ship out at least two car loads per week.

Lynn county's silica will be used by Dallas manufacturing concerns in the production of sweeping compound, soap and paint.

Blackburn is also preparing to put up packages of silica to be placed on sale by drug stores and lumber yards for such uses as cleaning and polishing, wood filling, water-proofing, painting, molding, insulating, and as a substitute for oyster shell in the feeding of poultry. He is already manufacturing floor sweep for local consumption, and those who have used it say the product is better than higher priced floor sweeps.

### Also, Clyde Smith, a floor sweep manufacturer of many years experience in South Texas, and Chris Schnell of Wilson have formed a partnership for manufacture and sale of floor sweep from silica, and they expect to cover the entire Plains territory.

### Youth Arrested When Tries to Pass Check.

From The Stamford American—

A young man about 22 years of age who said he was Alvie Orr, of California, was arrested at Bryant-Link Company's store when he attempted to pass a check against James F. McCulloch's account late Monday.

Ed Lane, who was familiar with McCulloch's signature, suspected that the check was forged and called Chief of Police G. G. Flournoy. When Orr was searched checks bearing McCulloch's and Henry Taylor's names were found. Orr also admitted having passed a check at Penick-Hughes Company.

There are still some people who do not believe in vaccination against smallpox, but the figures seem conclusive in its favor. In Massachusetts, where vaccination is compulsory, only 408 cases of smallpox occurred from 1919 to 1928. In four states where vaccination is not compulsory, and which have about the same total population as Massachusetts—Arizona, Minnesota, North Dakota and Utah—there were 46,130 cases in the same period.

## Better Lighting Will Ease Your Budget Worries

There are budgets that really will work . . . budgets that will show how to bring expenses within income! But they weren't created at a dark and gloomy desk . . . they were the result of calm and intelligent analysis under the cheering atmosphere of good light.

It's surprising what a difference adequate lighting makes! . . . Troubles take on a less terrifying aspect when subjected to the clear, eye-soothing brilliance of the modern electric light. It's not only much easier to work, but the absence of eye-strain keeps your mind clear and alert.

Next time you sit down to plan out the month's expenses, or to write a letter, be sure your light is adequate. You'll find the difference amazing!

A trained employe will be happy to inspect your home-lighting arrangements. There's no obligation, of course . . . and chances are that a simple rearrangement of your present fixtures, or adjustments giving you adequate sized lamps where they're needed, will be all that's necessary.

Do you know that your increased use of Electric Service is billed on a correspondingly low rate schedule . . . and adds only a small amount to your total bill?

## Diers-Drusedow.

Sunday evening December 25th at 6 o'clock Miss Ella Diers and Mr. Carl Drusedow were united in marriage at the Zion's Lutheran Church at Sagerton with Rev. Juergensen performing the ceremony.

The bride is the daughter of Mr. and Mrs. F. Diers of Old Glory, and the groom is the son of Mr. and Mrs. Charles Drusedow of this city.

The bride was dressed in lovely white crepe with accessories to match; her maid of honor, Miss Lorene Ninas, being dressed in yellow crepe. The two bridesmaids, Miss Lorene Drusedow and Miss Elsie Erdman were dressed in yellow and orchid crepe with accessories to match.

Brother to the groom, Mr. Alvin Drusedow, was best man, with Mr. Willie Diers and Mr. Willie Tred- ever as the two waiters.

After the ceremony the bride and groom with their parents, relatives and many friends enjoyed a most delicious supper in the home of the bride's parents.

Following the supper was the opening of the many and beautiful gifts by the bride-maids.

The couple will make their future home at Old Glory with the wishes of much success and happiness from a host of friends.

## Golf Widows Club.

Mrs. F. L. Daugherty was hostess to members of the Golf Widows Club on Tuesday afternoon at her home. The entertaining rooms were very attractive with vases and baskets of sweet peas and snap dragons. After a number of games of "42" Mrs. Daugherty passed a dainty refreshment plate to the following:

Mesdames Jno. W. Pace, Sam A. Roberts, O. E. Patterson, Jno. A. Couch, A. C. Pierson, T. J. Arbuckle, Wallace Cox, Mary Oates, H. S. Wilson, W. M. Reid, R. J. Reynolds, D. L. Cummins.

## North Ward P. T. A.

A large and representative group of parents and teachers attended the regular meeting of the North Ward P. T. A. for January on the eleventh day of this month.

Mrs. Henry's fourth grade pupils

entertained the group with three well chosen songs. Pupils from Mrs. Crow's and Miss Fitzgerald's rooms expressed their thanks to the P. T. A. for the new chairs. These children were Tommy Davis, James Breedlove, A. J. Shriver and James Leo Southern. After one song by the assembly, Mrs. J. E. Reeves read the devotional which was selected to fit the subject for the program on thrift.

Mrs. R. L. Foote made an interesting talk on "Responsibility of Parents and Children Toward Public Property," and Mrs. Nina Young spoke informatively on "Getting Acquainted With Money." Mrs. C. B. Breedlove talked to the P. T. A. on the urgent necessity of raising money by collecting school taxes in order to keep our schools running this and next year.

Mrs. Henry's room had the largest number of mothers present.

A nominating committee was elected with Mrs. C. M. Conner as chairman and with Mrs. Hill Oates and Miss Lewis Manly as members. The next meeting will be held on February 9th. This will be a business meeting for the purpose of electing officers.

## Viola Humphrey Circle.

The Viola Humphrey Circle met in the home of Mrs. John Stoker Monday afternoon with six members present. The meeting was opened by a song, followed by a prayer led by Mrs. Cass. Mrs. Chas. Quattlebaum conducted the Royal Service program, "Lord Send A Revival." After a short business session with Mrs. Crawford presiding the meeting was dismissed with a prayer by Mrs. Quattlebaum.

The following ladies were present: Mesdames Jim Crawford, Chas. Quattlebaum, Chas. Smith, C. Cass, Parkinson, Tom Holland, and John Stoker.

"RAIN" STARRING JOAN CRAWFORD, PICTURED IN NATURAL SETTINGS

"Rain," the Joan Crawford starring vehicle which comes to the Texas Theatre on Sunday and Monday, January 29-30, is the first of a series of feature films to be made by Lewis Milestone, ace director-producer, under his newly-formed affiliation with Joseph M. Schenck and the Art Cinema Corporation.

The story, as you probably know, concerns itself with a girl of non-descript reputation who, with several other passengers on a South Sea schooner, is marooned on the small island of Pago Pago when cholera breaks out among the crew. And the entire action of the story occurs while the quarantine is in effect. The central characters are a brain-storming reformer and the lady of limber morals whom he tries to force into a path of rectitude, with a sergeant of marines siding with the girl and finally winning happiness for her.

As the title implies, rain provides the real background of the yarn. Rain, relentless rain—falling for days on end until the marooned company is driven near to insanity. And it is here that the picture makes one of its principal appeals. Heretofore, sound reproduction of rainstorms upon the screen have left something to be desired. But the newest development of the Western Electric laboratories, called the Wide Range system, has been employed for the first time in this picture, with the result that "Rain" introduces the most perfect sound reproduction to date.

 Friday night Mrs. H. K. Henry and Mrs. Virgil Reynolds arranged a "tag party" honoring their husbands. The party met at the home of Mr. and Mrs. French Robertson at 8 o'clock and from there they went to the Texas Cafe where they served a delicious dinner. Much amusement was enjoyed during the evening as several contests were held—on the most intelligent, amusing and etc., of the bunch. Later the Stags went to the bowling alley and several games were played.

Those enjoying the evening were: Mrs. H. K. Henry, Virgil Reynolds, Lewis Smith, Barton Welsh, Lore Smith, Walter Murchison, George Henshaw, French Robertson, Ed Henshaw, Chas. Grissom, Roy Taylor, Mart Reeves of Dallas.

**Gypsy Ramblers.**  
 The Gypsy Ramblers had a club meeting Wednesday afternoon. At the roll call, we had a business meeting. No doubt that you are reading it was to plan an entertainment. Well, partly you are correct. We planned a hike for Thursday afternoon after school. That is

one of our purposes—fun! And will we have it when we initiate those new members!  
 But listen, that was not all our business meeting was about. We have some big, big aims for our Club and we certainly work hard to carry them out. Don't smile—look at the stage curtain for the High School. That was one of our aims! In order to achieve these plans we need your cooperation. You like to see a good play. Come and see ours that we are going to put on soon. Watch for the description of it in next week's Free Press. We know that it will be worth your money and don't forget that at the same time, your money goes for a useful purpose.

**60 cents\* of every gas bill goes for TAXES**

IN the course of a single year, MORE THAN TWO AND THREE-QUARTER MILLION gas bills are rendered to customers of the Lone Star Gas System. It requires 60c for each and every one of these bills to pay the numerous TAXES levied against the fuel service of this dependable System for the production, transportation and distribution of natural gas.

This money comes from the pockets of the gas consumers, and adds to the cost of gas service. The company acts as an agency for the collection of this tax money from its customers, and has no control over this item of expense which is a part of the rate you pay for natural gas.

\* This figure computed from the amount of taxes paid compared to the average number of bills rendered in a year.

## RELIEF FOR DEBTORS

In his recent appeal to Congress for emergency relief legislation President Hoover sounded the following note of warning:

"The process of forced liquidation through foreclosure and bankruptcy sale of assets of individual and corporate debtors, who through no fault of their own are unable in the present emergency to provide for the payment of their debts in ordinary course as they mature, is utterly destructive of the interests of debtors and creditors alike."

The country's reaction to this appeal for emergency relief legislation is most favorable, as debt relief ranks with unemployment relief as the national issue of greatest urgency.

The country has gone through a long and drastic process of deflation which has hit practically all classes. The value of the dollar has gone up like a skyrocket; it will buy more labor, more goods, more everything—except debts. Debts incurred in prosperity's little dollars must now be paid in depression's big dollars. It can't be done, and something drastic must be done to reduce the value of money to a proper relation with the value of other things.

Creditors who are short-sighted can force their debtors to the wall, and mortgage holders can foreclose, but such wholesale bankruptcies and foreclosures would be "utterly destructive of the interests of debtors and creditors alike."

Committees of Congress have been studying this subject in detail since the report submitted by the President on reform of the bankruptcy law, and rather than risk further delay with the general bankruptcy measure, Senate and House subcommittees have been meeting for several weeks ago with Solicitor Gen'l Thacher perfecting emergency legislation. This should allow debtors, through agreement with a reasonable number of their creditors and the court to effect a readjustment of the debts without the delay of stigma or destruction of values incident to formal bankruptcy proceedings.

While a legal method for actual reduction of the burden of most debtors is in sight, the protection of individual mortgage victims is most difficult because of certain constitutional restrictions.

It is hoped, however, that some way can yet be found for extending to the mortgage victims equal relief with other debtors. That is essential not only to the solution of the farm problem, but also for the general depression.

## PASS UP THE PEDDLER

"Beware. Don't trade with the door-to-door peddler." That is the heading over a page advertisement in an exchange, signed by the merchants of the city.

It points out that the rule of "caveat emptor" prevails when one purchases from an unknown agent. "Let the buyer beware," for there are no comebacks. The continued success of the merchant, however, depends upon his local patronage, and therefore his reputation for fair dealing. He can be reached, endeavors to provide service and correct mistakes. With the peddler he is here today and gone tomorrow.

The advertisements asks: "Do you want to deal with an assortment of 'fly-by-night' traders? Or do you want to deal with your steadfast, reliable, home-town merchants—the men who make up the list of your best citizens, largest taxpayers, public benefactors?"

The irresponsible agent appears at the door. He or she shows you samples of goods. You are prevailed upon to buy for it appears to be a bargain. But you find out differently when the article arrives. It is not in accordance with the sample or representations. It is cheap stuff, may not fit, and is entirely unsatisfactory. It is returned with request for correction or return of money. You receive neither. There is no redress. Your investment is lost.

Many have undergone such experiences, and have profited thereby at a cost. So from the selfish and safe standpoints alone, it pays to patronize the home merchant in preference to the unknown peddler.

Democratic jubilation over the election was capitalized by Boston crooks, who sold tickets for a "Democratic Victory Banquet" at \$25 a plate, but failed to provide any banquet. Among their victims was Mrs. Jessie Wilson Sayre, daughter of the late President Wilson.

Thus far the people of the United States have behaved with commendable common sense in the face of the worst depression that the nation has ever known. There has been an absence of violence, and a disposition to rely upon the ordinary processes of the government to meet the emergencies of the day. Self government has functioned through the stress in a manner that is pleasing to those who believe that our system of government is the best in the world.

Times do change. 25 years ago Mrs. Patrick Campbell, the famous English actress was ordered to desist from smoking in the tea room of the Hotel Plaza in New York, and girls were put on the brazen list if they lifted a skirt above the shoe tops while crossing a muddy street.

Mrs. Ina M. Harper, of San Francisco and New York City, is ruler of a rich and populous island, Palmito del Verda, off the Mexican West coast in the Pacific ocean.

## Haskell County..... History

### 20 YEARS AGO TODAY

At a recent meeting of the W. O. W. Camp located at Roberts school house the following officers were elected: Consul Commander, J. C. Lowellen; Adviser, R. B. Guess; Banker, J. H. Roberts, Clerk D. A. Bunch; Escort, J. P. Reed; Watchman, Henry Mapes; Sentry I. L. McCullough; Physician, L. F. Taylor; Managers, R. Massie, J. A. Mapes, R. B. Merchant.

### 30 YEARS AGO TODAY

Born to Mr. and Mrs. Frank Verdon a boy last Wednesday. Geo. Turner returned last week from Lynn county with his wife. The lady is Miss Dollie Marcy, the daughter of Mr. Z. M. Marcy formerly of this county. The young people will reside in Haskell county.

### 40 YEARS AGO TODAY

J. L. Jones has accepted a position as cashier of the Haskell National Bank. Murray Caudle arrived Tuesday from Grayson county. Mr. Caudle owns a very fine farm on the Double Mountain fork of the Brazos in this county.

### KEEPING ICE FROM THE WINDSHIELD

Almost everyone has his own pet way of keeping ice from forming on the windshield when driving in snow, sleet or cold rains. Some say to take a bag of smoking tobacco, dampen it and rub it over the windshield will keep it free from ice. Others advise rubbing on glycerine. Another effective way, providing it is done properly, is to raise the hood on the driver's side of the car and place a strip of rubber, soft wood, folded piece of cloth or folded cardboard under the back edge to stop the hood from closing down tightly.

## Snap Shots

Just by way of rubbing it in, 1932 had 366 days.

As a step toward getting the government out of competitive business a new contract has been made for about twelve million dollars worth of envelopes to be sold through the postoffices.

### Relieves Women's Pains

Here is an example of how Cardui has helped thousands of women: "I was very thin and pale," writes Mrs. F. H. Scott, of Roanoke, Va. "I suffered from weakness and a severe pain in my back. This pain unnered me, and I did not feel like doing my work. I did not care to go places, and felt worn, tired, day after day. My mother had taken Cardui, and on seeing my condition she advised me to try it. I have never regretted doing so. I took three bottles and it built me up. I gained weight, my color was better and I... I felt my back. I am stronger than I have been in some time." Cardui is sold by local druggists.

## Where Does She Get Her "Pop?"

**SHE** doesn't look seventy. Nor does she feel that old. The woman who stimulates her organs can have energy that women half her age will envy!  
 At middle-age your vital organs begin to slow down. You may not be sick, simply sluggish. But why endure a condition of half-health when there's a stimulant that will stir a stagnant system to new life and energy in a week's time?  
 This remarkable stimulant is perfectly harmless. It is, in fact, a family doctor's prescription. So, if you're tired of trying every patent medicine that comes along, tell the druggist you want a bottle of Dr. Caldwell's syrup pepsin. Take a bit of this delicious syrup every day or so, until you know by the way you feel that your lazy liver is again active, and your bowels are poison-free.  
 Men, women, and children who are run-down, who tire easily, get bilious spells or have frequent headaches, are soon straightened out when they get this prescriptional preparation of pure pepsin, active senna, and fresh laxative herbs. (Syrup pepsin is all the help the bowels need, and you do not form the very bad habit of always taking cathartics.)  
 Keep a bottle of Dr. Caldwell's syrup pepsin in the house, and take a stimulating spoonful every now and then. It is all that a great many people ever take to keep strong and vigorous, and absolutely free from constipation.

# CHURCHES

### FIRST CHRISTIAN CHURCH

Rev. S. J. Shettlesworth of Breckenridge will preach at the First Christian Church Sunday January 29th, at both the morning and evening hour. Subject for the morning, "The Four Corners Gospel." Evening lesson will be on the subject: "Running Away from God."

Brother Shettlesworth is one of our outstanding preachers and shuns not to declare the whole gospel plan of salvation as revealed in the New Testament and you will be benefitted if you come. Especially do we ask that those members of the church who have not been coming recently be present and all others who can do so. This church is carrying on despite the depression and without a pastor.

### PRESBYTERIANS TO VOTE ON PASTOR

All Presbyterians who are in full communion and regular standing are urged to be present and vote, at the close of Sunday School next Sunday, as to whether or not they want to ask for the continued services of Rev. C. A. Tucker as pastor of the church.

This is made necessary by the fact that the original call was "for one year", which has terminated.

### METHODIST CHURCH

Sunday School meets Sunday morning at 9:45. Leagues are meeting at 6:30. Preaching at 11 a. m. and 7:15 p. m. The pastor preaches at the morning hour, using as his subject "Wise and Foolish Builders." At 7:15 Dr. G. S. Slover, presiding elder, preaches, concluding the service with the First Quarterly Conference session for the new year. Every official is urged to be present

at this service and session of the Conference.

We are rejoicing in the splendid work being done by the church choir under the management of Mrs. Bert Welsh and Mrs. O. E. Patterson. Special music features every morning worship service. About the first of March the choir plans to present a comedy play: "Comical Country Cousins." This play will be given in the interest of the pipe organ fund.

### Millions Learn Wonders Crazy Water Crystals

During the past two years, millions of people have learned the wonders of Crazy Water Crystals by drinking Crazy Mineral Water in their own homes. The demand for Crazy Water Crystals is many times today what it was a year ago, and truly the people of America are rapidly coming to realize the merit of Crazy Water Crystals.

For over a half a century increasing numbers of people have been drinking Crazy Water for the wonderful benefits they receive. They have learned to drink their way to health. By modern methods the Crazy Water Company now distributes this water throughout the world. In new and up-to-date plants the mineral water is evaporated and the eleven body-building minerals are left. These minerals are known as Crazy Water Crystals. The standard size package of Crazy Water Crystals will reconstitute approximately fifteen gallons of water in your own home. It costs only 10 cents per gallon when you use the Crystals to reconstitute the water, and this economical price makes it possible for people everywhere to "Drink their way to Health."

Crazy Water Crystals are recommended for any ailment brought on by faulty elimination, such as disorders of the stomach, kidney, bladder and liver, rheumatism, lumbago, grip, high and low blood pressure. Remember, Crazy Water Crystals give perfect elimination without irritation.

### LIENS PENDENS NOTICE

#### THE STATE OF TEXAS

To the Sheriff or Any Constable of Haskell County, Greeting:

You are hereby commanded immediately to make publication of notice of the pendency of the hereinafter described suit once in each week for three consecutive weeks in some newspaper of general circulation published in your county; said suit being one filed and now pending in the District Court of Taylor County, Texas, wherein E. A. Callo-way et al are Plaintiffs and Truston Steel Company et al (including a co-partnership firm known as Sampson Construction Company, and F. O. Bennett and J. W. Sampson and O. O. Sampson, the members thereof; and Fidelity & Deposit Company of Maryland; and Haskell County, Texas) are defendants; said suit being numbered on the docket of said court No. 9170-A, and the nature of said suit being:

The various parties plaintiff and interveners in said suit seek recovery against the defendants Sampson Construction Company and the members thereof, and the Fidelity & Deposit Company of Maryland, and Haskell County, for labor and/or material alleged to have been furnished to and used by said Sampson Construction Company, as contractor, in the construction of

certain improvements and additions to the Court House of Haskell County, Texas, located in Haskell, Haskell County, Texas, under a contract between said Sampson Construction Company and Haskell County executed under date of August 10, 1931. Various parties plaintiff and interveners seek recovery against the said defendant Fidelity & Deposit Company of Maryland as surety for said contractor, Sampson Construction Company, on a certain surety bond alleged to have been executed by said contractor and surety pursuant to the requirements and provisions of Article 5100 of the current Revised Civil Statutes of Texas; in which suit all parties having claims against said surety on said bond and or in connection with said job are required to intervene under Articles 5161, 5162, 5163, and 5164 of the current Revised Civil Statutes of Texas.

Notice, therefore, is hereby given of the pendency of said suit to the end that all parties having any claims against said contractor and surety and or against and in connection with said job may intervene in said cause, become parties thereto, and assert such claims therein; the notice being given pursuant to Article 5104 of the current Revised Civil Statutes of Texas.

Herein Fall Not, and have you

before said Court, at its next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said Court, at office in Haskell, Taylor County, Texas, this 26th day of January, A. D. 1933.

(Seal) BELLE WELLS,  
Clerk, District Court, Taylor County, Texas

# "A \$10 Gold-piece for Sale Cheap"

Not so long ago, an interesting experiment was made, to test the "sales-resistance" of the public. Several men paced the down-town streets of a large city, hawking their wares. And the wares, believe it or not, were ten dollar gold pieces—offered for sale at a dollar. No one bought; the price was reduced to fifty cents; finally to a quarter . . . still no sales!

Only after this experiment appeared as news in the papers did those who turned down the bargain gold become convinced of their mistake. They doubted the evidence of their own senses when they were offered something for nothing, but they believed in the opportunity they'd lost when the newspapers told them the story.

In the papers that you read, you are offered a parallel opportunity—equally genuine, and sponsored by people of proven responsibility. What! You've never seen it? Stop for a minute and think. This newspaper cost you a trifle—which you gladly paid to learn what's happening in the world, to read about people and events. But there's other news here of vital importance to you—about things and services, about automobiles, clothing, food, household wares—about all those things which you pay money for, to live.

The advertisements! Your newspaper-pennies buy this news too. If you read the advertisements, let them show you how, where, what and when to buy; they will save you dollars . . . and put money in your pocket just as surely as if you purchased a bargain gold-piece.

# IMPORTANT

When you ask for a product because, as a result of advertising, do not accept a substitute—substitutes are offered not as a service to you, but for other reasons.

### PEDESTRIANS GIVEN RIGHT AT STREET INTERSECTIONS

It is of prime importance to motorists to know that a pedestrian has the right of way at a crossing, despite traffic signal shifts. This ruling is upheld by the United States Court of Civil Appeals of the District of Columbia.

In effect the court holds that pedestrians have the right of way not only at uncontrolled crossings, but also when they have entered an intersection on a green light, and further holds that the pedestrian has the right of way until he reaches the opposite curb, without regard to the changes of lights during his passage of the crossing. "When a pedestrian steps from a curb to cross the street, having a green signal with him, he does so by way of invitation and cannot be charged with contributory neglect if the signal switches when he is in the street. Caught in this position the obligation rests upon the motorists, not only to observe the situation, but to wait until the crossing is clear," the decision of the high court declares.—Exchange.
