The intense interest will be a foregone conclusion, as this tire, an outstanding achievement, has been an awe-inspiring wherever it has been exhibited.

### Clint Small Guest of Boneheads at Tuesday Meeting

Hon. Clint Small, of Wellington, candidate for Governor, and Rev. Jack Thompson of Weinert, were guests of the Bonehead Club at the regular weekly meeting and luncheon Tuesday, and brief talks were enjoyed from both visitors. Mr. Small was in Haskell to deliver an address Tuesday afternoon at the courthouse in the interest of his candidacy, and Rev. Thompson was the guest of President E. Gaston Foote whose pulpit he will occupy during the absence of Mr. and Mrs. Foote this summer.

The resignation of Rev. Foote as president of the Club was accepted, and Dennis P. Ratliff was elected as President for the unexpired term. Mr. Foote tendered his resignation because of the fact that he will be away for some two months. He was given three rousing cheers for the efficient work that he has done since the organization of the club, and regret was expressed by every member that he could not be here during the summer.

Plans for the second Trades Day next Monday were discussed, as were other important matters. Joe Williams, County Agent, reported that he had secured a quantity of maize and higarri seed, for the use of the 4-H Club boys, and this movement is being underwritten by the Club.

Cooperation of every member who can attend was promised in making up Haskell's delegation to the W. T. C. C. Convention in Abilene Friday, and the importance of making a good showing at the meet was stressed by several members.

### Attending Elks Convention

T. C. Cahill, accompanied by Mrs. Cahill, left Thursday for Del Rio, where they will attend the State Elks Convention, which meets in that city this week. Mr. Cahill is past Exalted Ruler of the local lodge of Elks, and is an officer of the State Association. He will represent Haskell lodge during the convention.

Mr. and Mrs. W. E. Welsh, and Ruth have gone to visit their son, Dr. Hugh Welsh in Houston, and they will be accompanied home by their son, Barton, who has been attending school in Houston.

### Monday to be Trades Day Here

To Fill Pulpit At M. E. Church

REV. JACK THOMPSON

Rev. Jack Thompson, pastor of the Weinert Methodist Church, will have charge of the preaching services at the First Methodist Church in this city during the absence of the regular pastor, Rev. E. Gaston Foote, who leaves Sunday with his wife for a two-months vacation trip in Europe.

Rev. Thompson is a very forceful and inspiring talker, and the local church is fortunate in securing him during the absence of Rev. Foote. The services next Sunday evening will be conducted by Rev. Thompson, and a cordial invitation is extended all who will to attend.

### Pastor and Party Will Leave Sunday to Tour Europe

Rev. E. Gaston Foote, pastor of the First Methodist Church, accompanied by Mrs. Foote and Misses Nettie and Kathleen Mullino will leave Haskell Sunday afternoon for New York, from where they will leave June 6th for a six-weeks tour of Europe.

The trip from Haskell to New York will be made overland in their car, probably taking five or six days, and they will sail from New York on the S. S. Majestic for London, going from there to Stratford-on-Avon, Oxford and Bedford. Their itinerary carries them from England to Belgium, Holland, Germany, Czech-Slovakia, Austria, Switzerland, Italy and France, where they will visit the principal points of interest. Their tour will be practically the same as that of the Simmons Cowboy Band. Mr. Foote has learned, although the Haskell party is leaving about one week ahead of the Simmons Band.

They will return to the United States July 30th, and Rev. Foote expects to fill his pulpit here on Sunday August 3rd.

Rev. Foote will occupy the pulpit at the regular morning services Sunday morning.

Mrs. Mattie Smith of Temple is a guest in the home of Mr. and Mrs. S. A. Hughes.

Next Monday, June 2nd, will mark the observance of Haskell's second Trades Day, and according to the committee having the occasion in hand, Monday will see a larger crowd than was here for the last Trades Day. Every merchant in Haskell is co-operating and sharing the expense of the event, and suitable entertainment features have been arranged that will provide amusement for all who are here. As heretofore, band music by Haskell's high school band will be heard throughout the day—and other events during the day assure a pleasant and profitable time for all who attend. The program for the day will close at 5 o'clock.

### Rev. I. J. Duff Is New Pastor Baptist Church at Weinert

Rev. I. J. Duff, formerly of Lamesa, has accepted the pastorate of the Weinert Baptist Church and the Smith Chapel church, and moved last week with his family to Weinert, where he will make his future home. Rev. Duff will divide his time between the two churches, which have been without regular pastors for the past few months. He was in Haskell Monday, and was a pleasant caller at this office while in town.

### Child Injured When Struck by Car Monday Eve

Nancy Sue Wair, three and one-half years of age, baby daughter of Mr. and Mrs. A. H. Wair, was seriously injured late Monday afternoon when she was struck by an automobile while crossing the street in front of her home. She was immediately taken to the Stamford Sanitarium, from where it was reported that she suffered the fracture of several bones in her neck. Bruises were also sustained about the body. Physicians at the Sanitarium state that the injuries although serious, are not considered fatal.

The car which struck the little girl was driven by L. D. Ratliff, Jr., of this city, and according to reports, the accident was unavoidable. The little girl had started across the street to join her mother, and had waited for several cars going north to pass. She was standing behind her father's car and could not see the approaching car from the north; likewise Mr. Ratliff did not see the little girl until she came from behind the car, and was unable to turn far enough to avoid striking her. According to those on the scene, the car was being driven at a moderate rate of speed.

The little girl will be confined in the sanitarium for several days before she can be brought home, and it is sincerely hoped that she will soon recover from her injuries with no ill effects.

Mrs. P. A. Womble and children left for Wellington this week to join Mr. Womble, and will make their future home in that city. Their many friends regret their going, but wish for them happiness in their new home.

Marvin Post of Lubbock is in Haskell for a few days this week.

### Small Addresses Voters of Haskell

HON. CLINT C. SMALL

Senator Clint Small of Wellington, Collinworth County made a short talk Tuesday afternoon in the District courtroom in the interest of his candidacy for Governor.

About one hundred citizens gathered to hear Senator Small discuss the issues in the campaign. He talked well received and he won a number of supporters for his candidacy here. During his address here Senator Small said:

"In my race for Governor I shall present a short business program. The State needs careful business management a great deal more than it needs new legislation. In fact, I think everyone would enjoy a legislative truce. Texas should be ready for a political armistice."

"My aim will be to bring about a cessation of political hostilities, a period of legislative peace and an era of business administration. The state government can be made to so function as to aid in the diversification of industry in Texas. The development of natural resources should be encouraged and outside capital invited to Texas to the end that additional wealth may be placed on our tax rolls to help bear the expense of government."

"Along with thoughtful business management we must have fearless and intelligent law enforcement agreeable with the State and Federal Constitutions."

### High School Band Will Contest at W. T. C. C. Meet

Members of the Haskell High School Band will leave Friday morning for Abilene, where they will enter the Band Contests Friday during the West Texas Chamber of Commerce Convention. Mrs. Clyde Grissom has been in Dallas the past week, visiting her sister, Mrs. Post.

Mrs. A. H. Alexander and John R. Oates were in Abilene Monday.

Group 25 It was announced that Group 25 composed of the clubs in Haskell, Knox, Baylor and Throckmorton counties would meet at Benjamin on June 3rd and all members of the Haskell Club were urged by President Henry Alexander to attend the meeting. Mr. Alexander is also President of Group 25.

R. C. Couch Elected R. C. Couch was elected to represent Haskell in the West Texas Chamber of Commerce as director in that organization. This action was taken by the Club for the reason that the Haskell Chamber of Commerce has been inactive for several months and the Club wished to have Haskell represented on the board of directors.

Persons Wins Lion Button D. H. Persons, won the gold button offered by President Alexander for the Lion guessing the nearest to the population of Haskell as announced in the recent census. Lion Persons overguessed the population by two. He said that the reason he did that was he did not like to knock his home town by underestimating the size and he was afraid that he might have overlooked someone when he made the count.

The next meeting of the Club will be held on June 5th.

### Boy Scouts Going Carlsbad Cavern

Convicted of slaying 17-year-old Earl Hamilton, witness against him in a liquor case, Will Fritts, 37, was sentenced to 99 years imprisonment in District Court at Eastland Wednesday.

The jury, which had been reported standing 11 to 1 for the death penalty, was out 43 hours, having received the case late Monday. Hamilton was slain with his father, D. W. Hamilton, near Rochester on October 24, 1928. Fritts was tried for the youth's murder and given the death penalty in District Court at Anson last year. The case, however, was reversed because the indictment did not read "with malice aforethought." After the sentence was reversed the case against Fritts in the youth's death was transferred to Eastland. The case in the father's death is pending at Roby.

Mrs. Hamilton was the star witness for the State. She testified that on the night of the slaying Fritts came to her home and asked to talk to her son. She said that both her husband and son went out on a porch to talk to Fritts. A few minutes later, the witness testified, she heard a shot and found her son lying on the floor near a back door. The defense offered several witnesses who said Fritts had behaved peculiarly at various times. Defense was represented by the law firm of Murchison & Davis of this city. District Attorney Clyde Grissom of this city assisted in the prosecution for the State.

### Quantity of Beer Seized in Raid; Negroes Arrested

Three negroes were arrested and a quantity of home brew was seized in a small negro shack in Rule last Saturday night by Deputy Sheriff Clarence Newell and City Marshal Henry Townsend of Rule. The negroes, giving their names as C. D. Dedman, Huzie Earls and Chas. Royal, were brought to Haskell and placed in jail to await examining trial, on a complaint charging possession and sale of intoxicating liquor. The raid was made by the officers after they had met three youths who were evidently intoxicated, on the road between Haskell and Rule who were questioned as to where they had secured their supply. They are purported to have made statements to the officers in which the negroes were involved, which led to the arrests.

### Appreciation Where Appreciation Is Due

People very often express their thoughts about the employees in the stores, banks, postoffice, in fact all of the people who are giving their services to the world, in every place of business through out the country. This remark is often heard, "That man, or that woman is a good clerk, always so kind and courteous," or some similar remark. While they are praising some, for their good service, let us pause here, and ask ourselves this question, "Do we give the thanks and praise, that is due to the employees of the Telephone Company?"

Let us give a brief history of the Telephone Company employees, in Haskell. First, there is Mr. John W. Pace who has been manager here since October 1920. Mr. Pace has been a friend indeed, to a friend in need; he has ever been ready and willing to help his employees in every way he could. His kindness and courtesy to all will never be forgotten by those who have held a position with this company.

Next comes Miss Nevada Baker, who has given the past ten years of her life to the service of this company. She has at all times, been loyal and true to her work. It is said that if you give the best to the world, the best will come back to you, and it certainly can be said of Miss Baker that she gives her best all the time.

Then there is Roy Killingsworth, who, in his quiet, but very courteous way, has given the past nine years, of faithful service to this company. The same can be said of Myrtle Crow who has been at his desk in the

book-keeping department for the past six years.

There are the "Rubies," Ruby West and Ruby Martin, who have been at their post of duty in the book-keeping department, discharging the duties of the office in their best way, one having been with the company for almost a year, the other, since the fourth of July, 1925.

Next is Walter Williams, who is due a great deal of praise for the work he has been doing for this company. Mr. Williams is the "trouble shooter," and he is on the

book-keeping department for the past six years.

job in stormy weather, as well as in fair. No job of trouble is too much for him, for where there is a will there is a way.

Now let us pause here, and give thanks to the "Hello" girls, to the silent friends of the entire town and community of Haskell. The telephone operators are like the "trouble shooter," on the job in stormy weather, as well as in fair weather. There are very few people who realize just what these girls do for them. Some of these girls have given as many as five years of faithful service to this town and community, through the Telephone office. Some girls have spent from a little less than one year, to three years. All have been faithful to their tasks.

You who hear those voices that say, "number please" do not realize just how many people are waiting to hear those words. Those words can not be said to over four hundred people at the same time, and you who are anxious for the operator to answer you, please remember there are others. These girls who are trying to give you their best service, the service that is required of them, can not give you this good service, that they would like to give you, at the time when there is a storm raging, or when a fire is reported, or even when a shower of rain is coming, and every mother tries to find her children, or tries to call a friend that lives in the country to see if they have had rain, or for the many things for which the telephones are used.

If you fail to get a quick response when you call the operator, remember there are always others calling at that time too, and that the girls are trying to give you their best service, but they can not answer all, at once. They try to give the same kind and courteous service to all.

So while we are thinking of some people who give service, let's think of all, who give service, for we know the following is true.

Wonderful things of folks are said. After they have passed away: Roses adorn the narrow bed, Over the sleeping clay. Praises are heard not by the dead. Roses they can not see; Let us not wait 'til souls have fled, Generous friends to be. Give them the roses while they live. Trying to cheer them on; Useless the flowers that you give. After your friends have gone. Contributed.

## THIS SEASON

Has become known as a Tornado period At this season of the year the Twister's Terrifying Threat often becomes a reality laying waste thousands and thousands of dollars' worth of property and snuffing out many lives. Tornadoes are beyond the control of man, and the only defense is insurance to pay for the damage they cause. Almost every day the newspapers carry big headlines with reference to the latest disaster. No locality is exempt—you may be next. Anywhere in this country—windstorms can and do destroy millions of dollars worth of property. Each year adds to the list of places which "could never have a destructive wind storm"—and did.

Windstorm insurance rates are so low that it is not worth the risk to be without it. Let us tell you how little it costs to protect yourself from loss through damage done by wind to a home, business property or car. Wind destroys a 7-where! Play safe and INSURE.

Mrs. R. L. Kane

Mrs. R. L. Kane of Weinert, Texas, passed to her reward on April 25th, 1930, at the ripe old age of 77 years, 9 months and 3 days.

She was converted and joined

the Baptist Church at the early age of 14 years and lived a consistent member until her death.

She was loved by all who knew her. Although not having any children of her own she practically reared some step-children, as she came into the home when they were young.

The fine character and high ideals of these children will testify to the fine christian training which they received in the home.

Although the last few years of her life she was too old and feeble for active religious service, yet she was always found faithful at her

post of duty:

In her home-going the church has lost a faithful member, and her loved ones a friend and helper indeed. But the memory of her Christian life should be a help to those of us who remain behind on the weary journey of life.

Miss Linda Robertson, of Abilene and formerly of Haskell, is visiting her brother and family, Mr. and Mrs. Ed Robertson.

John L. Robertson of Clyde was the guest of Mr. and Mrs. French Robertson this week.

### GOING THROUGH THE BIBLE IN FOUR SERVICES

At the morning and evening services for the next two Sundays, we are going through the whole Bible. This will be one of the most wonderful trips that you ever took. It may not be very entertaining, but will be very instructive. We think you will enjoy it and know that it will be helpful. There are many mile posts in the Bible and, if you will get them located in your mind, they will help you to keep yourself located. We want to help you memorize an outline of the whole Bible that will give you a clearer idea of the Great Book. To make it plain the following are some of the things that will be discussed at both services next Sunday:

1. CHIEF EVENTS FROM CREATION TO ABRAHAM.
2. CHIEF EVENTS FROM ABRAHAM TO MOSES.
3. CHIEF EVENTS IN THE TRAVELS OF GOD'S PEOPLE FROM EGYPT TO CANAAN.
4. CHIEF EVENTS IN THE CONQUEST OF CANAAN AND THE PERIOD OF THE JUDGES.
5. CHIEF EVENTS IN THE RISE AND GROWTH OF THE KINGDOM.
6. CHIEF EVENTS IN THE DIVISION OF THE KINGDOM.
7. CHIEF EVENTS IN THE CAPTIVITY AND RESTORATION.

We want to locate the mountain peaks of God's Word. This will be a help to your friends. Bring them with you.

Editors are not the only ones who receive strange and crude communications. The Toronto Telegram records the following note received by a druggist: "My baby has eat his father's parish plaster. C. F. Sessinger, a bonding company official, declares that "90 per cent of the people of this country are potential crooks." Meaning it is assumed, that nine out of ten people would steal if the reward were large enough and the chances sufficiently favorable for getting away with it. Of course, most of us like to think we belong to the trustworthy 10 per cent.

A Boston man and his wife are both in the advertising business and their 6-year-old daughter hears a good deal of shop talk around home. When she returns from Sunday school recently with a card containing a Bible text, her mother asked her what it was. **Private Ownership of Utilities**

Capital for the development of electric companies comes, after all, from the public.

These companies may be owned either by public investors or by local governments. The chief difference between the two is that ownership by the investors means working on a business basis, while municipal ownership too often results in political operation.

Private ownership keeps them out of politics, puts a premium on efficient operation and encourages service satisfactory to you.

W. C. Johnston the congenial proprietor of the Texas Service Station located on Walton Street, one block east of the square came to Haskell in 1926. In taking over the business at that time, Mr. Johnston had had no experience in the service station business, but did have definite ideas as to how a service station should be run. With these ideas and a sincere desire to give the public the kind of service expected and demanded of a station, his business has continued to grow and prosper, during these 4 years.

The Texas Service Station handles nothing but highgrade merchandise—among them the well known line of Texaco products, General Tires and Tubes—auto accessories for most any make of car. The Station also has a repair shop in connection with capable mechanics to take care of your motor troubles.

Mr. Johnston recently installed several hundred dollars worth of new equipment to take care of your washing and greasing jobs in the way you would like to have it done and his prices are always as low as you would expect to find anywhere. Mr. Johnston is a booster for Haskell and is always ready and willing to do his part in helping to build a bigger and better Haskell.

Allison Moore Says He Suffered With Stomach Trouble 3 Years Relieved By Orgatone

"I get up every morning now, feeling just fine and all during the day my work does not bother me like it used to," said Allison Moore, a well known contractor and builder residing on rural route 1 Wichita Falls, Texas, some few days ago.  
"For about three years," he continued, "I suffered with stomach trouble and indigestion and gas bothered me a whole lot. I always have a stuffy, stock-up feeling from the gas that would press up around my lungs and at times I could hardly breathe. I am sixty-seven years old and I was always energetic, but I got so languid and run-down that I never felt like working and I would get up in the morning all tired out and by night I would get up in the morning all tired out and by night I would feel years older."

"I don't know what would have happened to me if I hadn't read in the papers about several cases where people who had troubles very much like mine has been greatly benefited by taking Orgatone, so I got a bottle and began using it.  
"Although I have been using this preparation a few weeks my stomach trouble is rapidly disappearing and I believe it will soon be entirely gone. That smothering sensation and that hard lumpy in my stomach does not bother me at all now. The best of it all is the way I feel. I wake up in the morning full of energy and I can now do as much work as anybody on the job. I am

now feeling splendid health and I am sure Orgatone is responsible for it."

Genuine Orgatone may be obtained in Haskell at the Oates Drug Store.

Allison Moore Says He Suffered With Stomach Trouble 3 Years Relieved By Orgatone

"I get up every morning now, feeling just fine and all during the day my work does not bother me like it used to," said Allison Moore, a well known contractor and builder residing on rural route 1 Wichita

Falls, Texas, some few days ago. "For about three years," he continued, "I suffered with stomach trouble and indigestion and gas bothered me a whole lot. I always have a stuffy, stock-up feeling from the gas that would press up around my lungs and at times I could hardly breathe. I am sixty-seven years old and I was always energetic, but I got so languid and run-down that I never felt like working and I would get up in the morning all tired out and by night I would get up in the morning all tired out and by night I would feel years older."

"I don't know what would have happened to me if I hadn't read in the papers about several cases where people who had troubles very much like mine has been greatly benefited by taking Orgatone, so I got a bottle and began using it."

"Although I have been using this preparation a few weeks my stomach trouble is rapidly disappearing and I believe it will soon be entirely gone. That smothering sensation and that hard lump in my stomach does not bother me at all now. The best of it all is the way I feel. I wake up in the morning full of energy and I can now do as much work as anybody on the job. I am

now feeling splendid health and I am sure Orgatone is responsible for it." Genuine Orgatone may be obtained in Haskell at the Oates Drug Store.

## Public Memory

You may have been in business for fifty years and the people know about it. But they forget—new customers are being born every minute, and they grow up and have to be told.

### A Note to Merchants:

Unless you keep telling them, by advertising what you have to offer them, the fellow who has only been in business fifty weeks and who advertises intelligently will prove to you the truth of it.

# You Must Tell Them to Sell Them!
