## Novel Automobile to Visit Haskell Next Saturday

Through the efforts of Courtney Hunt & Co., local Friendly Five Shoe dealer, one of the most unusual and talked of automobiles will visit here Saturday.

The automobile is literally a traveling broadcasting station, a miniature movie theatre, a show room and a movable living room all combined.

It is the Friendly Five Aero Car, good-will ambassador of Friendly Five Shoes, which is known more famously as the "Friendly Five Flyer."

The car was built of special airplane construction by Glenn Curtiss, one of the fathers of aviation. With its full stream-line effect it is capable of a road speed of seventy-five miles an hour.

The interior is comfortably fitted with wicker chairs. The broadcasting station is in the rear offset where programs may be broadcast or received, whether the car is standing or moving. A special demonstration of this will be given in front of Courtney Hunt & Co. store at 1:30 p. m. when the car is scheduled to arrive.

## Home of Vernon Lane Is Burned

The home of Mr. and Mrs. Vernon Lane in the Midway community, was totally destroyed by fire Saturday night, August 29th. All furniture and household goods in the home were also destroyed, the fire having spread throughout the house before it was discovered.

Mr. and Mrs. Lane had gone to the Gilliam community, a few miles away, to attend preaching services, and were unaware of the fire until they had returned home.

A small amount of insurance was carried on the house, a 4-room structure owned by R. W. Herrin. No insurance was carried on household goods and furniture.

Mr. and Mrs. A. W. McGregor from Waco accompanied by their son and wife Mr. and Mrs. G. G. McGregor from Waco accompanied by their son and wife Mr. and Mrs. G. L. McGregor from Dallas is spending several days visiting in the home of Mr. and Mrs. Chas. McGregor of this place.

## BRANCH CO-OP OFFICE WILL BE OPENED HERE IN NEAR FUTURE

## FORMAL OPENING HOLT GROCERY HELD SATURDAY

The formal opening of the W. A. Holt Store—Haskell's newest grocery establishment—was held last Saturday, and according to Mr. Holt the attendance throughout the day was even greater than had been anticipated. All items in the store were specially priced for the occasion, and the store was thronged throughout the entire day with busy shoppers.

In connection with the formal opening, a special demonstration of Maxwell House Coffee and Tea was given under the direction of company representatives, and iced drinks were served during the day to all who visited the store.

The new store will be operated by Messrs. Frank Davis and J. C. Holt, both of this city, with W. A. Holt, owner of the establishment, devoting the major part of his time to the store which he owns at Weibert.

## Mr. and Mrs. Perdue Celebrate Wedding Anniversary

Mr. and Mrs. B. M. Perdue were the honorees at a surprise dinner and family reunion held at their home Saturday, Sept. 5th, commemorating their Golden Wedding Anniversary.

The occasion was planned by Mr. and Mrs. Perdue's children and other relatives, and was kept a secret from them until Saturday afternoon, when members of the family gathered and spread a surprise dinner at the family home.

The following children, and their families, were guests in the Perdue home for the anniversary celebration: Mrs. Otis Smith, Fort Worth; Mrs. Bob Walker, Rochester; Mrs. T. P. Perdue, K. R. Perdue, Mack Perdue, Hilton Perdue, Haskell.

One niece of Mr. Perdue's and 23 grandchildren and 2 great-grandchildren were also present. One son, J. B. Perdue of Melrose, N. M. was unable to attend.

In the afternoon a host of friends and well-wishers called at the home, and the honorees were the recipients of a number of useful presents and good wishes.

## Kiddies Have Great Time at Theatre

Last Saturday over two hundred kiddies visited the Texas Theatre matinee and all received prizes and the management has arranged for the kiddies have another big matinee this Saturday. Candy bars, balloons, whistles and puggles will be given at the afternoon show. The first show starts at 2:30 and second show about 4 p. m. Regular prices prevail at Saturday Matinees.

The following out-of-town visitors were in Haskell Saturday to attend the funeral of J. M. Cass: Mr. and Mrs. R. O. Cass and J. H. Williams and daughter Robbie Jean of Quanah; Mrs. B. F. Cass of Amarillo; Mr. and Mrs. R. N. Cass and Earnest Cass, of Belton.

Mrs. Emmick and Miss Dell Wood of Dallas, Miss Ruby Louler of Denton, and Mr. and Mrs. Leonard Harrison from Seymour spent the week end with Mr. and Mrs. W. B. and Mr. and Mrs. Bob Harrison of Haskell.

Mr. and Mrs. M. U. Lively and daughter Clara Ann left Sunday for their home in Shreveport, La., after spending 2 months with their parents, Mr. and Mrs. J. T. Therman near Weibert.

Raymond Ford of Abilene, district manager of the Texas Cotton Co-operative Association was a visitor in Haskell Monday, en route to Seymour for a meeting with Co-Op members of that section.

While in Haskell, Mr. Ford stated that plans were being rapidly worked out for the opening of a branch office in Haskell, in charge of a government licensed classer to serve cotton growers of this section. The slow movement of cotton has somewhat delayed the opening of the branch office here, he said, due to the fact that a number of the association's classers were still in the cotton regions of South Texas. However, Mr. Ford stated that the local office would be opened in the very near future, and its services would be available to all farmers of this section.

## JONES COX & CO. OPEN MODERN FUNERAL PARLOR

Jones, Cox & Company, hardware and furniture dealers and pioneer undertaking establishment of this section, have recently completed the remodeling of a part of their furniture store into a modern funeral parlor.

The new addition to the store is fitted throughout along modern lines, with every facility that is found in like establishments in the larger cities. A display room for caskets, etc., is also maintained in this department, together with a tastefully arranged reception room and morgue.

The public is invited to visit this new department of the store.

## Sayles Community Items of Interest

## Atwater-Kent Audition Test Held Saturday

The Haskell County Atwater-Kent Audition Contest was held at the Methodist Church in this city last Saturday, Sept. 5th. There were six contestants—two young women and four men. All of the voices were unusually good.

## KINNEY FUNERAL HOME FORMALLY OPENED SATURDAY

More than two thousand people attended the opening of the new Kinney Funeral Home here last Saturday according to J. H. Kinney, manager. A constant stream of people passed through the establishment from 4 o'clock Saturday afternoon until 10 o'clock at night.

Kinney was surprised as well pleased at the success of the formal opening. There were visitors from practically every community in Haskell county present. The management had made plans to entertain several hundred people had purchased souvenirs to care of 1000 visitors if necessary, but this supply was soon exhausted and Mr. Kinney purchased carnations he could find in florist shops of this section in effort to give each visitor a memento.

Haskell Municipal Band furnished music for the occasion.

## CRAWFORD IN "LAUGHING SINNERS"

For the first time there has been so much transition on the screen as achieved by Joan Crawford in "Laughing Sinners," her new Goldwyn-Mayer starring vehicle which will be shown at the Theatre, Monday and Tuesday.

Joan Crawford in a role even more dramatic than her characterization in "Joan swiftly changes from a top roadhouse entertainer to a Salvation Army crusader in the Kenyon son play, 'The Torch Song,' scored such a hit on Broadway last season. It is by far her best performance. Her brilliant and gripping lines and readings of character rise to a dramatic climax in the scene which discharges the uniform of a soldier in a feeble effort to justify himself.

Hamilton and Clark Gable leading man honors, the former traveling salesman sweat the latter playing the role of a warship devotion.

Beaumont directed the feature with valuation of the relations. It is to be noted that Beaumont filmed last picture, "Damon, Foola, as well as her first big hit, "Dancing Daughters."

Lela Welsh left this morning for Wichita Falls where she will spend several days with her relatives and friends.

# Haskell County . . . . . History

## Twenty Years Ago Today—1911

M. A. Clifton has 40 acres of millet that is just simply immense. He will let it mature and thresh it for seed millet. 20 acres of it is the small millet and 20 acres is the big german millet.

We understand that the cotton in the Foster community promises to make a bale per acre. Jim Thompson was in the half belt and was in town Saturday and reports that the cotton has come out and is fruiting heavily.

D. Scott who has been at Temple for some time is at home again.

M. H. Gilliam went to Stamford to meet his mother Mrs. Anderson from Bell County who will visit him. Mrs. Anderson is 81 years old.

George Peterson who was the assistant Cashier of the Farmers National Bank at this place a while back, passed thru town on the south bound train Sunday.

Mrs. Hancock of Mullens, Texas is visiting the family of her brother Dr. L. F. Taylor.

Mrs. Solon Smith accompanied by her son J. S. Smith arrived here Wednesday. They have ranch property in the eastern part of Haskell County and are related to N. T. and Dr. J. D. Smith, whom they are visiting.

R. W. Herrin returned Friday from a visit to his old friend, Mr. Pruitt in Navarro County.

Mrs. John Rike and Mr. and Mrs. R. C. Montgomery, returned from Graham where they have been visiting Mr. and Mrs. E. H. Morrison.

R. B. Fields made a business trip to Throckmorton County this week where he has several farms.

Mrs. J. T. Ellis visited in O'Brien this week.

## Thirty Years Ago Today—1901

Talbert Hannon of Texarkana, who has been visiting relatives in this county returned home Wednesday.

A. A. Brewer and family returned home last week from Merkel where they spent the summer.

N. W. Moody is having a neat residence erected on the land he recently bought about two and one-half miles east of town.

Miss Ethel Alexander left Monday for Georgetown where she will attend another session at Southwestern University.

J. W. Jones of Munday was down Wednesday and informed us that the gin at that place opened the cotton season on the Saturday before by turning out two bales. The first bale ginned was sold to a local dealer at 8 cents per pound. A premium of \$5.00 was paid to the producer.

H. S. Wilson is now a happy man—his wife and child arrived Wednesday evening from Kentucky, being met at Stamford by Mr. Wilson.

John Robertson and wife are domiciled in Haskell. Mr. Robertson has accepted a position in his fathers store through the fall season.

Jno. B. Baker and wife are in Dallas this week, where Mr. Baker is attending to business. They will visit relatives at other points before returning.

Mr. and Mrs. John Couch attend Evangelist Mulkey services at Stamford on Sunday.

Mrs. J. W. Meadors has accepted a position with the F. O. Alexander & Son Dry Goods department.

C. D. Grissom and family spent several days in Stamford this week attending the Mulkey meeting.

Prof. Litsey informed us Thursday evening that the enrollment in the Haskell Public Schools up to that time were 254 pupils, and said that everything was starting off nicely.

L. M. Garrett official Cotton Weigher for Haskell is preparing a yard and scales for the cotton season.

Bob Keen of Tennessee and Miss Mary Draper of Haskell were married on Wednesday, the 4th inst., Rev. J. H. Edmonds officiating.

## Forty Years Ago Today—1891

The election for Incorporation was held last Tuesday and it passed off quietly—the vote was 33 for and 90 against incorporation.

J. E. Guinn of Cleburne was in the city this week. He has purchased a large amount of property in this county and is well pleased with the country.

The new addition to the school building makes it large enough to accommodate all the pupils and school will begin Monday with a complete corps of teachers.

This week has been a noted one for bill collectors, every man in town seems to want all that is due him. We heard one man suggest that we have a grand barbecue and all get drunk and rub out and begin anew. We favor the scheme if our foreign creditors will join in the spree.

G. W. Hazelwood, Miller Hammons, John Agnew, R. M. Dickenson and R. E. Martin went down on the Clear Fork fishing Wednesday. They carried a good camping outfit and plenty of bait. There is no doubt, but that they catch, kill and shoot lots of fish. The quantity and quality of the bait was immense.

John Killough, will arrive tonight from Waco. Mr. Killough is a cousin to our fellow townsmen—has located permanently with us and we extend a cordial welcome to him and lady.

## FARMER TELLS WHY HE HAS HOOVER PROSPERITY

"I'm on a cash basis now, but I ain't got no cash," writes a Tennessee man to his home town newspaper. He makes other amusing statements about his present circumstances. The letter follows:

Holier Rock, Junction, Tenn., July 2, 1931.  
Dear Editor—

There seems to be so much talk about our so-called Republican prosperity. I believe 'tis my duty to write my views of same and to help analyze the conditions as far as possible, so's we can make up our minds that we had auto change our ways of living.

I have taken my own case for instance. I see my mistakes and many others have acted likewise. I bought a Ford instead of a farm and it is worn out, but the farm I figured on is still O. K. I invested in a radio instead of a cow, and the radio gives static instead of milk.

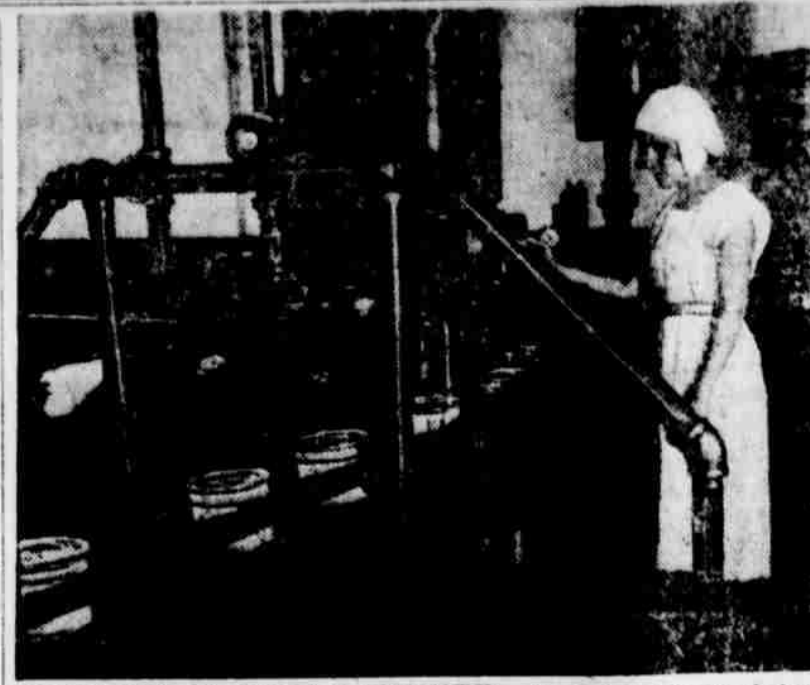

I am feeding 5 hounds that answer to the names of Red, Wing, Slobber, Jake and Bayrum instead of five pigs. I had our piano tuned instead of a well cleaned out. I spent my cash in 1928 and used my credit in 1929 and traded off my future wages in installments in 1930 so hard times caught me in bad shape last fall.

If I had spent my last \$10 for flour and meat instead of gas and oil, I would have been O. K. I built a nice garage last year instead of covering barn and I loaded on a mountain two weeks instead of being in the pasture fixing it so my cow won't get out but she is dry and mortgaged to boot for two blankets my wife got from an agent, instead of paying the preacher.

I am on a cash basis now but I ain't got no cash. I am tied to the end of a rope and the man I am working for is busted on account of nobody paying him, and his cotton won't sell because nobody won't buy cotton clothes, all the gals wear slick, silky stockings, and silk underclothes right here in our cotton patches. I had \$4.00 saved up for a

rainy day, but it turned dry and I spent the \$4.00 for two inner tubes. I tried hard to make both ends meet with a turnip patch, but when I got my turnips ready to sell, everybody else was selling turnips for nothing and the market was glutted. I'm worried plum to the bone and my wife's kin folks are coming over next Tuesday to spend two weeks.

Write or phone me if you hear of any relief from the government coming down my way.—Ex.

**SIXTY KNOCK-OUTS A MINUTE:** Air is knocked out of sixty cans of coffee a minute by this new machine just perfected by General Foods Corporation. By creating an almost perfect vacuum, the coffee is kept fresh for a long period of time. The new method is technically known as the vita-fresh process.

**HOME-TOWN BOYS GET ROUSING WELCOME IN BOSTON:** Boston tried recently to outdo the celebrated welcome parties staged in New York when the city turned out en masse to greet Russell Boardman and John Polando, New York-to-Turkey fliers.

**Tough**  
A Russian was being led off to execution by a squad of Bolshevik soldiers on a rainy morning.

**Naval Engagement**  
Captain (receiving new middy): "Well my boy, the old story, I suppose—fool of the family sent to sea?"  
"Oh, no, sir," replied the youth, "that's all altered since your day."

**A Stroke of Genius**  
"There's a fine fellow in the college crew."  
"Yes, he's a gentleman and a sculler."

## BETTY SUPERB IN EXPLOSIVE HUMAN DRAMA

Packed with fine human drama, realism, comedy and pathos, Radio Pictures' "The Lady Refuses," has about everything the most critical theatre patron could wish for a night's movie entertainment.

It's sure-fire, but for more than that. Some of the scenes are unforgettable, and Betty Compson who plays the featured role, rises to greater heights than ever before. There is something living and tangible about this picture and its human characters, something that makes the spectator accept its verity and live with the action.

Perhaps one of the reasons is that it starts out being unconventional and keeps right on until the end. Much credit for this must be divided as deserved between the authors, Robert Milton and Guy Bolton, and the director, George Archainbaud.

For instance, our heroine is a "vamp" in the plot she hires herself out to win the love of the hero. Never take a woman at her face value.

And don't judge a woman's character by the clothes she wears. These points of estimate, which have been used for centuries in the evolution of womanly qualities and virtues, are proved radically wrong in Radio Pictures' "The Lady Refuses."

Because her clothes create the impression she is not a lady, Betty is hired by an anxious father to lay a love trap for his erring son. However, appearances belie her real character and the woman emerges out of the tangle a little more than a street angel.

**Old Flames**  
Mrs. Reed (with newspaper): "It says here that a woman in Omaha has just cremated her third husband."

Miss Willing: "Heigho! Isn't that just the way? Some of us can't get one and other women have husbands to burn."

## Smiles

Why take life too seriously? You'll never get out of it alive.

**Vacuum Cleaning**  
Psychanalyst: "Don't try to think, madam, just tell me what's on your mind."

**Smack!**  
Father: "Doesn't that young man know how to say good-night?"  
Daughter: "I'll say he does!"

**Horse Sense**  
A farmer once asked the editor of a country paper for advice, as follows:  
"I have a horse that at times appears normal, but at other times is lame to an alarming degree. What shall I do?"

The reply came:  
"The next time your horse appears normal sell him."

**Besides Feet**  
Enthusiastic Agent: "Now, there is a house without a flaw!"  
Customer: "My gosh, what do you walk on?"

**Banditry**  
"I can't seem to find 'The Stars and Stripes Forever.'"  
"Someone must have stolen a march on you."

**The Rising Generation**  
Rubber flooring is being advertised for nurseries. For bouncing babies?

**Hand-to-Hand Combat**  
"If a man smashed a clock, could he be accused of killing time?"  
"Not if he could prove that the clock struck first."

A surgeon says that the drinking habit can be cured by a simple operation. Bisecting the esophagus, for example.

**Telling the Truth**  
Bertha: "And they are keeping their engagement a secret, aren't they?"  
Mattie: "Well, that's what they are telling everybody."

**Things Half-Forgotten**  
Merchant: "Look here, you've been owing me this bill for a year. I'll meet you half-way. I'm ready to forget half what you owe me."  
Debtor: "Fine! I'll meet you. I'll forget the other half."

**Married to 'Em**  
"I want to know if I have grounds for divorce."  
"Are you married?"  
"Yes."  
"Of course you have."

**Hand-Picked**  
Wife: "How do you like the potato salad?"  
Hubby: "It's delicious. Did you buy it yourself?"

It's been suggested that the cotton grower plow under every stalk of cotton as a means of eliminating the surplus. We thought that the boll weevil was capable of the job if left alone.

## A BAD FIX THAT HOLDS YOU BACK

Tax bowels are one of nature's chief safety valves for throwing out impurities. Keep them in a healthy, active condition with a movement each day. Black-Draught will go far towards cleaning the system and will help you to avoid the effects of self-poisoning.

**CONSTIPATION**  
"If I let myself get constipated," says Mr. A. B. Brannon, 413 Galveston Ave., Gaffney, S. C., "I find soon that my head is dull and aching. A few doses of Black-Draught will make me feel like new. I know when one lets himself go, the system gets clogged and he gets tired and sluggish. This was my trouble till I learned of Black-Draught and have used it. Results have been splendid."

### Modern Electrical Refrigeration Keeps Vegetables Crisp and Tasty

**HAPPY** electric refrigerator owners have eliminated the problem of preserving fresh fruits and vegetables during these hot summer months. They merely place perishables in the spacious moist-air compartment, where their fresh-from-the-garden taste and appearance is maintained for an indefinite period. Even wilted and unusable greens become firm and fresh after over-night storage in the moist-air section!

Just imagine the hot-weather-convenience of this one advantage alone—think of the substantial economies that will result from the savings to be gained. And the moist-air compartment is just one of many Electric Refrigeration advantages.

Ask a salesman to show you the new Frigidaires. Ask for a demonstration of the Hydrator, Cold Control, acid-resisting porcelain-on-steel and many other superiorities of the beautiful new models. No obligation, of course, and terms can be arranged to suit the most modest budget requirements.

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule . . . and adds only a small amount to your total bill?

### SAGERTON

The Sagerton High School opened Monday August 31, with a large enrollment. We hope to have another successful term of school this year. We are glad to say that we have all of the same teachers of last term with us, with another young lady added to the high school, so we are looking forward for success.

After the opening of school Monday morning, while most of the parents were out, the P. T. A. had a full meeting and attended to some business. Mrs. Travis Bell was elected president, Mrs. Ed Wilson, vice president, Mrs. J. A. Clark, secretary and president, these places being made vacant since the close of school. It was also agreed to have a meeting together, which was held Friday night, all patrons of the school to come and enjoy a free program presented by the P. T. A. Everyone that came enjoyed the program after which ice-cream and coffee was served to all.

### The Good Luck Pals Take a Journey "Then and Now"

On Monday August 31, Mrs. J. U. Fields took the Good Luck Pals (Home Economic Girls) on a "Then and Now" journey honoring Mrs. Ed Sprowls. We would like to tell all about our journey and everything that we saw on our way but space will not permit. We found an unlimited collection of curios and antiques from Egypt, Italy, Palestine, Mexico and many other places. We enjoyed and appreciated the opportunity of seeing and hearing about these interesting articles. Many of the girls selected their favorite feature product which they would like to be left to at the end of the journey.

A delicious salad plate was served consisting of veal salad, waffles, punch and spiced devils food cake. We returned to our respective homes happy, hoping to soon qualify for the love seat.

### Josselet Club.

The Josselet H. D. Club met at the home of Mrs. Walter Wheeler, Sept. 8, with 18 members and 8 visitors present. We were glad to have some of our old members present and hope they will be regular in their attendance from now on.

Miss Partlow was present and gave a demonstration on watermelon rind preserves and showed the difference in coloring, which was very interesting.

Our next meeting will be at the home of Mrs. Floyd McGuire, Sept. 22. All ladies are asked to take their exhibits on that day. —Reporter

# What will it be, Skipper....

# SAIL or STEAM

An Old Sea Captain once said "Any windjammer can ride out a storm with the hatches battened down and the sails clewed up; but it takes a steamship to ride out a dead calm."

The steamship captain doesn't wait for trade winds to blow him into the Port of Profits. He musters those trade winds with the driving power of live steam...piles fuel under his advertising boilers . . . starts his craft towards Profits and usually reaches port before the old-fashioned skippers have spread their sails for an occasional buying breeze.

Becalmed on a glassy sea today, business will eventually be favored by that buying breeze. But why wait for it? The powerful engines of NEWSPAPER ADVERTISING are ready and waiting to stir up the unruffled expanse of buying-indifference. And fuel is cheap . . . much cheaper than marking time while some wiser navigator gets to port ahead of you.

Put more steam behind your efforts with well-planned Newspaper advertising

## RAISE GARDENS, SAYS FORD

Orders have gone forth from Henry Ford that every married man in the great Ford factories next year shall raise a garden. It will do no good to plead that they have no land or no skill in farming. Those necessities will be provided by Mr. Ford who will donate the land and furnish agricultural experts to oversee the planting and harvesting. This may be an infringement of the personal rights of Ford employes to do as they see fit on their own time, but it is an idea with a sound background of common sense. Factory employment from its very nature is bound to be seasonal and subject to fluctuations and could well be supplemented by the raising of a good part of the family living from the soil. Many a worker who has been without work for six months or more would be better able to watch the approach of a hard winter without dread if his cellar were full of potatoes and the shelves were stocked with canned fruit and vegetables. It is a good idea.

## HONORARY DEGREES

Among the valuable public services that may be placed to the credit of Will Rogers, his recent debunking of honorary degrees is conspicuous and refreshing. When he was offered the honorary degree of L. H. D. (Doctor of Humalities) by Oklahoma City University he gracefully declined the honor in a telegram which was both humorous and evidently sincere.

After explaining that the highest degree he would accept would be A. B. (Doctor of Applause) only if conferred by the kindergarten department of the Oolagay public school, Will said:

"What are you trying to do? Make a joke out of college degrees? They are in bad enough repute as it is, without trying to hand 'em around to comedians. The whole honorary degree thing is the 'hokey.' I saw some college give Mellon one, and he is a billion bucks short. I got too much respect for people that work and earn 'em to see 'em handed around to every notorious character."

In recognition of Will's good judgment The Eagle of Dothan, Alabama, suggests that every university in the country should with one accord confer upon him the degree of C. S. B. (Doctor of Common Sense.)

Collegiate degrees conferred as a result of conformance to curriculum requirements are generally futile enough. The honorary degree is not only futile, but positively amusing to anyone with a sense of humor approaching that of Will Rogers.

## DRIFTING AND ACTING

Although he personally advertised himself as the advance agent of prosperity in his speech accepting the Republican nomination at Palo Alto, even Mr. Hoover by this time must be pretty thoroughly disillusioned on both his own and his party's prosperity myth.

Mr. Hoover has not only failed to make good on his promise, but he has let the country drift through the most severe crisis in its history without displaying a semblance of the constructive leadership which the country was led to believe he possessed. He has appealed for confidence and optimism, but at the same time, through his indecision and evasion, he has done nothing to inspire confidence. At times when the American public looks to him for courageous and decisive leadership, it has been a habit for him to appoint a commission instead.

With the approach of the third winter of suffering due to widespread unemployment, President Hoover has appointed another commission. He has summoned to his aid the able Walter S. Gifford and a capable array of business executives. For what purpose? To seek to remove the cause of the economic depression? No, to direct the activities of relief agencies. Of course it is necessary to provide relief for those in distress, but in this emergency they should look beyond the mere co-ordination of relief agencies. Is President Hoover prepared to deal only with the effects of the depression while ignoring the cause? The 6,000,000 or more unemployed want jobs, not handouts.

In contrast with Mr. Hoover's conception of the duties of his office is the vigorous action of Governor Franklin D. Roosevelt of New York. Governor Roosevelt does not rest his unemployment relief program on the appointment of a committee. His is a clear cut, boldly conceived plan involving a fifty per cent increase in the state income tax, and the expenditure of a \$20,000,000 fund to be used to relieve destitution and unemployment, with a committee of three, selected by the Governor himself, to manage the job.

The Roosevelt plan rests on a direct assumption of responsibility with the recognition that where local agencies are inadequate, the state must step in. He shows no hesitancy in shouldering his load.

It is not unlikely that Mr. Hoover and Governor Roosevelt will be opposing candidates for the presidency in 1932, and the manner in which they are facing their respective tasks is enlightening. One continues to appoint committees, while the other proceeds directly with his program and plan.

## NEWS FROM OVER WEST TEXAS

### Cotton Yield Out 50 Per Cent In Baylor County.

From the Baylor County Banner. The last two weeks has seen a reduction of about 50 per cent in cotton prospects. The plant has thrown off many of its forms, and it is getting too late to put on more, unless rain should come at once, which does not seem probable. The situation is especially serious in most of the district in the northwest section, where a large per cent of the crop is late, after the earlier planting was blown out. The stalk there is small, with hardly a chance now to make enough to pay for picking. The only consoling thought is that cotton is at such a low price our loss will not be heavy.

### M. E. T. Now Giving Free Freight Delivery on Katy Shipments.

From the Rotan Advance. Beginning September 1st the Katy is giving patrons in Rotan free freight delivery service on shipments originating on the Katy lines. This is expected to be made to include freight from other lines in the state and on out of state shipments in the near future.

### Western Union Has Discontinued City Office in Munday.

From the Munday Times. The Western Union Telegraph Company has discontinued its up-town office here, and hereafter all messages handled by this company will have to go through the local spot of the Wichita Valley Railway, and will be handled by the railroad telegraph operators.

The local chamber of commerce entered a protest against the discontinuation of the office, but it was disregarded, as were the protests of individual patrons.

The receipts of the company have fallen off materially since the depression set in and representatives of the company stated that the patronage would not justify the expense incurred in maintaining the town office here.

### Whiskey Still Stolen From Court House at Crowell.

From Crowell News. A complete distilling plant, including a 100-gallon copper coker, rough and coiled pipe, was stolen from the court house here some time Friday night.

This large still was captured on Sept. 21, 1929, by Sheriff Que R. Roden and Jack Roden, deputy, in Pease River breaks, about 18 miles northeast of Crowell. The offenders spent two nights in the heavy brush surrounding the still before capturing it and arresting its operators, two others have escaped, but who were later arrested.

### Highway Patrolman Stops Sub in Stanton.

(From Stanton Reporter) Highway Patrolman, Freece on regular run was just out of Stanton, at noon Thursday, when he saw a heavily loaded bus coming in from the west. He was in his car had to take to the ditch to get around. He drove on and turned around and tried to pass the bus, but kept on the wrong side of the road, paying not the slightest attention to hanks from his car.

When the bus reached Stanton, Freece invited them to a weighing station, and before they were allowed to proceed on their way, the bus was left 985.00 in fines with Milt Vater for Martin coun-

ty; three counts, driving on wrong side of road; underweight, registered as 14,700 pounds and actual weight, 20,000 pounds; chauffeur badge.

The bus was filled with passengers, was not any of the regular lines which runs through Stanton, and was on its way from Los Angeles to Chicago.

### Man Accidentally Killed Sunday.

Rochester Reporter. Last Sunday morning our community was shocked when the news was given out that a man had been killed on the railroad in the corporate limits of the town. Upon inquiry it was found to be a young man about 25 years of age, who was identified by papers in a valise he had with him as Fred Baker of Fletcher, Okla. He and two companions were coming here and were riding on a freight train, and upon learning that the train did not stop here, Mr. Baker attempted to jump from the train which was going too fast for him to land safely, and he was hurled to his death, probably never knowing what struck him. His companions did not attempt to alight but went on to Rule and came back to see after him.

The body was not found for probably an hour after his death by the train crew.

An inquest was held and a verdict of death by accident was rendered. The local undertaking establishment of Mansell & Smith took charge of the body, preparing it for burial, awaiting instructions from his family at Fletcher. Two or three of his brothers-in-law came to look after the remains and the body was shipped to Fletcher for burial.

Deceasee leaves a wife and one child to mourn his unfortunate demise.

### J. B. Keeling Dies Suddenly Monday of Heart Attack.

From the Stamford American. J. B. Keeling, age 73, a resident of Stamford for the past 20 years died suddenly at 2:30 o'clock Monday afternoon of a heart attack which he suffered while building a cement sidewalk on West Oliver street. Death came almost immediately following the attack.

### Fort Worth Cats Coming to Goree.

The Goree Advocate. According to Mr. Forrest Daniel, manager of the local ball team, Goree will play a game in the Fort Worth park with the Fort Worth Cats about September 20th. The time has not been announced but will be about that date.

Goree's ball playing has attracted quite a little attention this year, she having won the championship of the Brazos Valley League for the first half of the season and the Cats were glad to sign up for a game here. Watch for further announcements and get ready to be here. A game with this team which is a member of the Texas League should be a treat to all ball fans here.

### Paving South of Quanah on Highway 51 Begun.

Chillicothe Valley News. Construction of paving on Highway 51, south of Quanah, was scheduled to be started this morning by the J. P. Foty construction company. The cement will be poured from Quanah to the Pease River.

County Engineer John Nabers of Wilbarger, is to supervise the work for the state highway department and is to remain in Quanah for the duration of the project. Local labor is being used as specified in the contract, officials saying outside labor had very little chance of securing employment on the job. Equipment and material for the construction of the project has kept Mr. Foty busy for the past month or so.

### New Kind of Feed Seems to Be Good.

From the Paducah Post. Saturday afternoon W. R. Simp-

kins brought a sample of a new kind of feed to the printing office. It was a cross between maize and kafir corn. The heads of the grain were perfect, having a bright luster, and were a little heavier than either of the varieties alone.

Mr. Simpkins stated he had two acres planted in this new kind of feed, and that he felt certain it would average a ton to the acre.

One of the chief talking points for this Half and Half feed as it is called, is that it is drouth resisting.

The new variety had been planted later than some of his maize, yet it matured earlier and better than the maize. It seems this is the feed for this country, and especially during a time when a drouth is in evidence.

S. A. Hughes returned Saturday from Carlsbad New Mexico, where he had been visiting the family of his son Sam Hughes. Sam and his family accompanied him home, returning to Carlsbad Sunday.

### CARD OF THANKS

To our thoroughly kind friends, who gave us assistance and sympathy throughout the long illness and death of our dear husband, father and grandfather. We wish to thank you from the depth of our hearts. To Dr. Cummins and Mr. and Mrs. Ed Sprowls, we are indebted for many special kindnesses. To Mr. Holden and to those who contributed the lovely floral offering and to each and every one for

any kindness shown us, we thank you. May God's richest blessings be upon you and may each of you have the comfort of kind friends in your sorrow as we have had.—Mrs. J. M. Cass, Mr. and Mrs. R. N. Cass and family, Mr. and Mrs. W. M. Cass and family, Mr. and Mrs. E. C. Cass and family, Miss Ola Cass, etc.

Miss Jewell Paxton left Thursday for Lubbock where she will teach in the public school during the present term.

IMPROVEMENTS BEING MADE BY W. T. U. C.

Through the construction of new electric lines and facilities, the West Texas Utilities Company will extend modern transmission line electric service to new residential, commercial and oilfield customers, according to information contained in the company's regular construction report. Work on the project is going forward at the present time. In addition to the service extensions, work is scheduled on existing equipment which will strengthen and improve service now rendered to customers. The most important projects are as follows:

Two miles east of Vernon, a 12,000-115 volt transformer will be connected to the Oklahoma highline, and service rendered to the Needler Store, at Lela, new transformers and service lines will carry service to a cotton gin; the distribution system at Dumas will be extended to serve a new public school building; a two-wire secondary line will be built out of Haskell to serve two filling stations south of the city; at Dalhart the distribution system will be extended to serve new customers; at Wellington a 2,300 volt service line will be extended to an ice plant, and at Bradshaw the distribution system will be improved and service furnished to the Putnam Gin Company.

New oilfield extensions will be made from Iraan, where a three-phase, 440 volt line will serve the Easter and McCurdy Company with power to pump four wells, and in the Royston oilfield, where 9,600 feet of 12 Kv. distribution line will be constructed to take care of new drilling contracts in the Fisher County section.

Modern sewer service will be extended to new customers in West Vernon through the extension of 370 feet of six-inch tile sewer line. As a part of its program of standard office identification throughout its properties, the company will install a double-faced electric sign on the office of the recently-acquired Dalhart Public Service Company, Dalhart.

The construction work included in the report is going forward at the present time. Regular construction and maintenance crews of the West Texas Utilities Company are handling the work.
