### City Council Orders Lower Gas Rates

Ordinance Setting Out Rates Passed Today  
On Second Reading. Effective Dec. 1.

Following a recent hearing between the City Council and officials of the Stamford and Western Gas Company, relative to securing lower rates for domestic users of natural gas in this city, material reductions in the rates charged have been ordered by the City Council in an ordinance passed on its second reading at the regular meeting of the aldermen this afternoon.

That portion of the ordinance relating to the rate reduction is as follows:

"From and after the first day of December, 1931, the domestic rates for any distributors of natural gas to consumers within the corporate limits of the city of Haskell shall be as follows: The minimum for any consumer shall be \$1.50 per month. For the first 30,000 cubic feet used 50 cents per thousand. There shall be no service charge of any kind. A connection charge of 50 cents shall be allowed."

This action was taken after efforts to secure lower rates through a conference with officials of the gas company had failed, it was stated by members of the Council. At a recent meeting of the Council a petition was filed by the gas company asking for authority to increase the rates now in effect for domestic gas here. This petition was denied by the Council.

The rates set out in the ordinance passed today by the Council are considerably lower than the rates now being charged.

### FRIDAY THE 13TH UNLUCKY DAY FOR VICTIMS OF CRASH

Friday the 13th was fully justified as a day of evil consequences for Cal Wilfong of this city and C. Coleman and R. F. Feemister, Knox county farmers, when a light roadster driven by Wilfong and the heavy truck in which the Knox county men were returning to Vera collided on the pavement three blocks north of the square about dusk Friday evening. Both the car and the truck were considerably damaged, but luckily none of the three men were injured further than suffering a severe shake-up.

The accident occurred near the Public Library, when Wilfong was turning east off Highway 30. He failed to see the approaching truck due to bright lights of cars following, and the Ford roadster he was driving struck about the center of the truck, completely overturning the heavier car, which was partly loaded with cotton bagging and other gin supplies. The cab of the truck was completely demolished and Coleman and Feemister were pinned in the cab, being extricated by persons who were nearby when the accident occurred.

According to expressed versions of the accident, it was another one of those unavoidable happenings which cannot be explained, drivers of both cars being held blameless.

### MANY HUNTERS GO FROM HERE TO DEER COUNTRY

Haskell county is well represented this week in the game country of South Texas, following the opening on Monday of the deer and turkey season, and no less than fifteen local nimrods left here Saturday and Sunday in order to be on hand at their favorite hunting grounds for the opening of the season.

The following list of Haskell parties left Saturday and Sunday:

Chas. Reese, J. C. Reese, Frank Reynolds, George Neeley, R. B. Gues, E. B. McDonald, who will hunt in Harper county and vicinity.

Henry Atkinson and Paul Zahn, who are hunting in Comal county.

Dr. L. P. Taylor and J. W. Gholson, who will join a group from San Saba for a hunt in Gillespie county.

H. M. Smith and Sam A. Roberts, Llano county.

M. D. Field, Menard Field and Paul Frierson will hunt in the vicinity of Fredericksburg.

Mr. and Mrs. W. T. Sarrels were business visitors in Wichita Falls, Monday.

### PLENTIFUL SUPPLY DUCKS REPORTED AS SEASON OPENS

Monday at noon marked the opening of the season on ducks and other migratory game fowls in this section, and from reports of hunters who took advantage of the opening day, the birds are reported plentiful in this section. The recent rains throughout this vicinity, together with the large acreage of feed still standing has drawn thousands of ducks to this section. In fact, they are reported more plentiful here than in the vicinity of Lake Kemp, and several parties of other points were attracted here for the opening of the season.

Mr. and Mrs. Leland Hardigree and Mr. and Mrs. H. B. Harold were visitors in Haskell Sunday afternoon the guests of Miss Dessie Kennedy.

### SHERIFF RETURNS MAN WANTED ON DESERTION CHARGE

Driving over 1700 miles to return a prisoner wanted on Grand Jury indictments charging wife and child desertion was the work of Sheriff W. T. Sarrels last week, when he drove to Waynesburg, Tenn., and took into custody G. B. Tatum, former Haskell county farmer, who is charged with indictments with desertion of his wife and six children.

Tatum was billed by the recent Grand Jury but the bills were not made public because his whereabouts were unknown. Early this month however, Sheriff Sarrels learned that Tatum was in Tennessee and he immediately requested his arrest by officers of that state, who notified the local officers on November 5th that the man was in the custody of Waynesburg officers. Sheriff Sarrels accompanied by Mrs. Sarrels, left Nov. 7th for that city, returning with their prisoner on last Thursday. Tatum was placed in the county jail to await trial on the seven indictments pending against him.

W. H. Johnson of Hamlin transacted business in our city Wednesday.

### PEP RALLY AT NOON FRIDAY IN PREPARATION FOR CLASH OF INDIANS WITH STAMFORD

In order to encourage as large an attendance as possible for the Haskell-Stamford game, arrangements have been made to stage a huge Pep Rally at the High School building Friday at 12:30 o'clock, and every football fan in the city is urged to attend and take part in the Rally. The entire Pop Squad will accompany the team to Stamford if sufficient cars are available and all persons who can furnish transportation for one or more members of the squad are asked to notify school officials.

Friday's game, which will be played at Stamford, promises to be the best of the season, and although the Stamford team is the favorite to win, after defeating the Anson team Armistice Day, Haskell Indians have no idea of turning the game over to them without a stiff battle. The locals have suffered only one defeat, Anson winning by one point, Stamford in turn defeating Anson. A win over Stamford Friday would place the Indians in a very favorable position for the championship and this angle makes the game one of more than usual interest.

The game will be called promptly at 3:15. Admission 50c and 25c.

### LIVE-AT-HOME EXHIBIT FOR HASKELL COUNTY

Future Farmers of Haskell are sponsoring a live at home exhibit for Haskell, Dec. 17-19. The exhibit will be held in the building housing the Haskell County Poultry and Pet Stock Show. Rules of the contest will be published in this paper next week.

This exhibit is being sponsored to encourage the growing of farm products for home use at home, and to secure for the live at home contest for 1932 a list of entries. This contest will also be sponsored by the Haskell Future Farmers.

Mrs. Ed Sprawls, teacher of Home Economics in the Haskell high school, will judge the exhibit. Ribbons and suitable prizes will be awarded the winners. Prizes to be awarded the 1931 Live at Home contest winners will be exhibited.

### Telephone Users Become Stockholders Through New Plan

Public acceptance of the customer-ownership plan offered subscribers by the local telephone company has been highly satisfactory during the first two weeks of the offering. District Manager, Mr. Roy Killingsworth, of the local company announced today. More than 170 customers throughout the territory have become stockholders during this period, according to the announcement.

The stock being offered under the plan by local telephone employees is the common stock of Associated Telephone Utilities Company, parent organization of the local company. The Associated Telephone Utilities System is composed of local telephone companies serving 1980 cities and towns in 25 States. The purpose of the plan, as outlined by officials of the local company, is to secure a wider ownership of the parent company, particularly among customers of the local companies.

The stock is being distributed exclusively through local employees.

Miss Mary Ellen Cannon expression teacher here spent the week-end with her parents Mr. and Mrs. H. E. Cannon in Arlington, Texas.

### Farm Flocks Pay Owners Real Cash For Their Efforts

(By Joe C. Williams)

Two farm flocks in the county have paid their owners some real cash for their efforts in care and feeding. Ira Bradley of Rule with an average flock for the twelve months period ending November 1st, of 133 hens that produced an average of 230.5 eggs per hen, made a total profit of \$305.11 or an average of \$2.31 per hen, with an expense of \$27.50 for the whole flock. For eggs, culls, fryers and broilers he received \$602.51.

Mr. Tommie Bridges also of near Rule with an average flock of 177 hens per month made a profit above all feeding expenses of \$325.79 or a profit of \$1.82 per hen. Needless to say that these two farmers gave their birds the care that is needed to keep them laying in full production during the time when egg prices were at the peak. These two men have used good feed and feeding practices, not so long ago they were using a certain feed that failed to give them the number of eggs that they thought they should get and they changed to another kind of commercial feed, that is giving the good results.

The County Agent has some more record books that are for the use of farmers that have at least a flock of 150 hens. If any one has the required number of hens and otherwise meets the requirements, you may get in touch with him and talk over the proposition.

Mrs. J. U. Fields spent the first part of the week in Bowie, the guest of Mrs. Paul Donald. Tuesday Mrs. Donald entertained twenty guests with a luncheon in Mrs. Fields honor. In the afternoon Mrs. Fields had the pleasure of speaking to over 300 members and guests of the Maids and Matrons Club on their liberation program.

Adolph Gerick, prominent farmer of the Weinstock section, was a caller at our office Thursday to take advantage of our Bargain Day subscription offer now in effect.

### 1.28 INCHES RAIN IN THIS SECTION MONDAY NIGHT

Heavy rains which were general over this section Monday night, came as a boon to farmers who had grain planted and those in need of stock water, but some damage is reported to cotton still in the fields.

The fall here totaled 1.28 inches according to the government gauge in charge of Mrs. P. D. Sanders. The rain was accompanied by a heavy electrical storm, unusual at this time of the year, and light hail is reported in some vicinities.

Farmers and stockmen report plenty of stock water from the rains which will also greatly benefit the growth of winter grass.

### COLORED SCHOOL TO OPEN CURRENT TERM MONDAY

The Haskell colored school will begin the 1931-32 term on Monday, Nov. 22nd, according to announcement of the School Board, with Miss Dovie Cain, teacher for the past several years, in charge.

### VERNON CONFERENCE SENDS NEW PASTOR TO M.E. CHURCH HERE

Annual appointments to Northwest Texas Methodist charges, announced Sunday night at the Vernon Conference, results in a new minister to Haskell. Rev. A. W. Gordon, who has been stationed at Borger for the past year was assigned to Haskell and Rev. E. Gaston Foote who has been with the local Methodist church for three years will have work in Amarillo for the coming year as pastor of the San Jacinto Church.

Rev. Gordon, who will reach Haskell in time to fill his pulpit Sunday morning, comes to Haskell very highly recommended, after completing a year of very successful work in the First Methodist Church of Borger, Texas. One year ago he was transferred to the Northwest Texas Conference from the Texas Conference, coming direct from the church at Pittsburg, Texas. Prior to that appointment, Rev. Gordon held other positions, among them being special worker among young people in some of the larger churches of the cities of that conference.

The retiring pastor, Rev. E. Gaston Foote, has just completed three years of very successful service. Under his ministry the congregation has completed and equipped a splendid education building, redecored the auditorium and installed one of the best pipe organs to be found in this section of Texas. Rev. Foote's preaching has attracted large crowds throughout the three years and many members have been added to the church. He is leaving a splendidly organized Sunday School and a vigorously active system of Leagues.

Equally productive of good has been the work of Mrs. Foote. Her labors among the young people and the children of the church have planted seed which will yield fruit for many years to come.

The best wishes of our entire citizenship will follow these good people into their new field of labor. Their future success in the service of the Lord will bring much joy to their many friends in Haskell.

Below we give in full appointments of pastors in the Stamford District:

Project Stories Of Haskell Future Farmers Class

**\$34.75 Profit On 115 Eggs**

Frank Welsh secured 115 hatching eggs April 11, 1931 at a price of \$3.15 and had them hatched at a cost of only 30c. He raised 71 chickens from these eggs and 35 were pullets and 36 cockerels. Five cockerels of this flock were sold at 75c each and 4 traded for 3 cockerels valued at \$3.75. Twenty-four fryers were used at home valued at \$9.00.

The feed used was grown and starter mash was made by the Haskell Mill at a cost of \$6.30. Other feeds were home grown such as milo, wheat, and oats at a cost of \$6.00.

The total expense on this project was \$17.75, and the value and income from this flock was \$42.00 leaving a profit of \$24.25.

**938 Eggs For 7 Days Labor**

Woodrow Adcock grew 6 1/3 bales of cotton on 24 acres of land. By using a tractor the cotton was produced at an expense of \$30.38. Cotton picking expenses amounted to \$74.38. At present prices the cotton brought \$164.00. \$164.00 less \$74.38 amounts to \$89.62 net income. Woodrow put in only 70 hours in producing the 6 1/3 bales of cotton.

### LUCY!

First reports reaching Haskell regarding the outcome of local nimrods foray in the deer country are to the effect that (Mr.) H. M. Smith and (Mr.) Sam Roberts both had bagged a eight-point buck, Mr. Smith getting his on opening day, with his partner following suit on Tuesday.

This news will probably occasion no surprise among close friends of these two gentlemen, as they freely admitted before leaving that they would likely get their limit the first day or two of hunting.

J. B. Helwards of Weinstock was a visitor in our office Wednesday, and had his name enrolled as a regular reader of the Free Press.

**Gets Arm Broken In Foot Ball Game.**

From the Knox County Herald. Kenneth Edwards sustained a broken arm in the football game Wednesday afternoon of last week between Knox City and Rochester. The game was progressing in a grand way when Kenneth's accident occurred. His left arm was broken in the elbow, a severe break.

Kenneth was treated here at the Hospital by his father Dr. T. S. Edwards and Dr. Frizzell; however, due to the seriousness of the break Dr. Edwards sought other authority on the work which he did. He with Mrs. Edwards and Kenneth, went to Dallas Thursday where they saw a bone specialist, one of the best in the south and an old friend of Dr. Edwards, who found the work of the physicians of the Knox County Hospital beyond question, complimenting it highly, stating it could be no better.

The Edwards family returned home Saturday night. While Kenneth has suffered a great deal with his arm he has the assurance that it will be alright in time. However, he has no doubt played his last football game.

**Jones County Boy Wins Chicago Trip On Poultry Flock.**

From the Stamford American. County Agent C. C. Jobson received word late Sunday night that one of his club boys was winner of one of the 19 trips to The International Livestock Show to be held in Chicago, November 27 to December 3. The Jones county winner is Harold Barrett, son of Mr. and Mrs. W. Y. Barrett, living between Hamlin and Radium. Harold is 17 years of age and won his trip on his poultry demonstration, having made \$273 on his flock during the year. A more detailed report of his record will be published later.

The Santa Fe Railroad gives 19 free trips to Chicago every year to the outstanding 19 boys in the counties which its lines traverse or touch, and one of these trips is valued at \$125. Since the Texas dele-

gation always dresses in cow-boy style, big hats and their cowboy equipment will be given these boys after they are assembled at Fort Worth.

"Fine, my boy," replied his mother. "But what put that idea into your head?"

**Mexican Puller Gets 1500 In Day.**

From the Lynn County News. J. F. Williams, who lives one mile west of Central Church, was in Tuesday and reported a cotton boll pulling record that outshines anything reported thus far. He says that one Manuel Alvarez pulled 1500 pounds of bolls Monday. The Mexican did not start Monday morning until the sun was about an hour high, went to the house for lunch at the noon hour, and quit in the evening at Sunset. Williams says he knows the figures are accurate, for he did the weighing himself, and it will be up to him to pay the Mexican for his day's work. Another man in the same field, an American whom they called K. C., pulled 1171 pounds the same day. Williams says that the Mexican offers to bet that he can pull as much as 2,000 pounds in a day. Does anybody want to call the bet?

Notes, real estate and other assets of the partners were found to be insufficient to offset liabilities of the institution due to about 1,000 depositors. W. S. J. Russell, one of the four partners, was not adjudged bankrupt by Judge Atwell.

**Serious Accident On Rule and Haskell Road.**

From the Rule Review. Sunday night a serious accident occurred on the Rule-Haskell road about three miles out of Rule. A man who stated he was from Roby was driving east. He stated that he turned out to the left to miss an obstruction in the road. A car, driven by Jim McDonald of Mineral Wells, and in which he had his wife and little baby and his mother-in-law, was coming West. The Roby car forced the car driven by McDonald into the ditch. The car turned over several times, the occupants be-

ing pinned under the car. V. X. Norman, who came by helped to get the people from under the wreck. The elder lady was knocked unconscious and was carried to Rochester for treatment. It is said that the man from Roby, soon after the accident, hailed a car going towards Haskell and vanished.

## Mrs. C. M. Kaigler's Expression Classes Put On Negro Minstrel

In the course of the year's study various nationalities are studied in regard to dialect, costumes and customs and so forth and for the month of October the Junior Class in expression has studied the negro. It was not the intent and purpose of the classes to present the programs for the public. But last Tuesday week the south ward junior class gave their program before the entire school and it met with such approval that requests came in for a public program. This was given last Friday night at the High School auditorium to a capacity house that received it with applause and laughter and the children themselves, enjoyed it immensely. Old negro songs were sung accompanied at the piano by Anna Bell Stanton and also accompaniment. Three students from the Morrison Studio gave piano numbers prior to the minstrel. Students who had a part in both programs at South Ward and High School are: Wallace Fletcher, Josephine Parish, Wallace Parish, Paul Roberts, Ruby Sue Persons, Dorothy Josselot, Lottie Thompson, Robert Thompson, Jack Simmons, Joe Isabel, Hazel Foote, LaVerne Bynum, Bobbie Nell Cass, W. C. Rott, Jr., Duffer Crawford, Paul Crawford, Juanita Scott, Wilma Whately, Mildred Mays, Bunis Pay Ratliff, Jimmie Crawford, Eva Joe Edwards, John Thomas Crandal, Oran McClain, Curtis Jordan and Jene Holt.

## Mrs. C. M. Kaigler's Expression Classes Have Sponsored Twelve Programs Since School Opened

We are living in an age when we do things on time and in a hurry, there was a time when a few readings at Thanksgiving, an Easter program and closing of school exercises comprised the dramatics of the average school. But we have learned that we are what we do and we do what we are and so by doing we learn. Therefore the expression class goes rapidly from one program to the next and find at the end of two months it has produced twelve programs. These have been at the churches, the South Ward school, High School, Magazine Club room, and the Texas Theatre and a number of towns adjacent to Haskell. And at this time we are in receipt of invitations to bring programs to three other towns, which we will do with in the near future. Also we are at work on the next Texas Theatre play, "The Brat" which will please the public we have no doubt. Also the senior class is at work on five one act plays which will be produced in chapel the last of November and in December—these comprise such clever comedies as: "The Rev. Mr. Peter Bruce," "Good Medicine," "The Florist Shop," "The Old Family Album" and "Their First Quarrel." All of the above plays will be produced before the first of the year and we will endeavor to have a new and better supply to begin on then—At no time in our long experience in teaching speech arts in Haskell, have the boys and girls responded to whole heartedly, and this is the answer to many of your questions as to how we can sponsor so many programs in such a limited time.

## Gypsy Ramblers Have Hearty Party

Well, the Gypsy Ramblers have been rambling again! We donned our blue overalls, white shirts, red bandanas, and red, white and blue paper caps to celebrate Armistice. We met at the high school at seven o'clock Tuesday, November 10, and ambled down the new pavement to the theatre. Of course we had all kinds of fun on the way. Well, who wouldn't? Boy, the show was fine! And what thrilled us was the welcome

that was put on the screen by the manager. We'll be wanting to have another theatre party pretty pronto! After the show, we ran around and gave a few real peppy yells for ourselves and our sponsors. Those taking part in the fun were Marguerite Anderson, Norma Ann Gilstrap, Ethel Irby, Emma Kate Richey, Lucille Kendall, Margaret Richey, Lois Fouts, Bernice Williamson, Sue Couch, Juanita Stone, Beulah Cass, Frances English, Lilly Fay Stoker, Dixie Orr, Lucille Akins, Alberta Orr, Mildred Grissom, Odell Williamson, Elizabeth Stewart, Kathleen Crawford, Theda Maples, Aurline Cousins, Beatrice Moser, Ava Grindstaff, Dorothy Herren, Lucille Roberts, Emma Grace Harcrow, Louise Warren, Hortense Walling, Betty Ann Hancock, Dorothy Segoy, Lillian Harcrow, and sponsors, Mrs. Wimbish and Miss Vick.

## Home Economics Girls Render Program

Tuesday night, November 10, the Home Economics girls met at the High School with a program directed by Norma Ann Gilstrap on, "Making the Living Room Livable." In our modern homes living rooms are no longer termed "parlors" as in olden days but they are used to bring the members of the family closer together by having a place where they may come in contact with each other and learn each others problems. Different members of the club told us some things that would tend to make our living rooms more livable or home like. Sue Couch made a very interesting talk on "Color in the Home." She told us how much even an old house could be made attractive by the simple use of color. Miss Cannon read for us, "The Home" by Guest, Ethel Irby gave a well organized report on "Literature in the Home." Emma Kate Richey told us how we might induce children to study more effectively by "Convenience in the home," and Eva Dell Squyres discussed "The Living Room as a Place of Comfort." We were glad to have Sue Kinney, Rubie May Grindstaff, Lucille Kindell, Lucille Akins, Marguerite Anderson, Dixie Orr, Lucille Roberts, Mary Francis Collier, Lois Fouts, Betty Ann Hancock, Agnes Grissom, Ruth Josselot, Beulah Cass, Juanita Stone, Stella May Coburn, Elizabeth Stewart, Mollie Hester and Aurline Cousins as visitors to the Club and hope they and others will attend our future meetings. The Club members who have attended all meetings are Era Cass, Vera Cass, Virginia Williams, Marie Adams, Sue Couch, Kathaleen Crawford, Ollie Hester, Ethel Irby, Theda Maples, Emma Kate Richey, Hortense Walling, Mary Ben Chapman, Mildred Grissom, Alberta Orr, Anna Lee Pittman, Maxine Quattlebaum, Louise Roberts and Dorothy Segoy.

## Junior Class Has Wiener Roast

On Friday evening, November 6 the Junior Class assembled at the Haskell High School to go on a wiener roast. We had chosen the place by the windmill in Mr. Felker's pasture to roast our wieners. But, when we got out there in the pasture we couldn't find the windmill. Through the mesquites, down in the gullies, through the highway camps we rode for fully an hour, and still we couldn't find it. Finally Mr. Felker rode with us and showed us the place. There were many new games played such as London Bridge is Falling Down, the Hot Dogs beat the Wieners, Flying Dutchman, and Little White House Over the Hill. We liked to never

## Cows Pay Baylor County Man 73c an Hour for Doing Chores

Cows paid E. V. Kim (right) 73 cents an hour for doing the chores last year. He is a Baylor county tenant farmer who had an average of 87 cows in his herd on which he spent an average of two hours a day. This includes the time of two boys and a girl who helped. The cows could pay these wages because they averaged 2462 pounds of butterfat for the year instead of the State average of 1462 pounds, and because Mr. Kim was skillful in meeting low priced butterfat with more pasture and home grown feed. His feed cost per pound of butterfat produced was 10.1 cents. The profit above feed was \$32.27 for the year. He knows these things because he keeps records as a dairy herd demonstrator working with P. C. Colgin, county agent (left). The two are photographed above weighing milk and recording weights on one of the monthly visits Mr. Colgin makes to the demonstration.

All feed bought during the first year of the demonstration ending last June amounted to \$101.06, and feed from the farm was valued at \$110.12. More home grown feed is used now than in the first year of the demonstration. Last season Mr. Kim had seven acres of sudan pasture but next year he plans to have two acres per cow. The records revealed the important and interesting fact that the high cow gave 332 pounds of fat during the year, and the low cow only 85 pounds. This situation is being met by culling, and by use of better sires obtained through Mr. Kim's membership in his local bull circle.

## Josselot H. D. Club

The Josselot H. D. Club met last Tuesday, Nov. 10, in the home of Mrs. C. A. Thomas, with 11 members present. In the absence of both chairmen, Mrs. E. B. Calloway presided over the meeting. The next meeting will be with Mrs. Everett Taylor, Nov. 24 beginning at 2:30. Every member is asked to be present as this is the day to elect officers. —Reporter.

## The North Ward P. T. A.

Miss Ruby Fitzgerald and Mrs. M. Crow directed the program for this meeting of Nov. 12th, which was given by pupils in their rooms. A dramatization of the story of the Pilgrims from the time they left England until the first Thanksgiving was given by these pupils. The North Ward P. T. A. will soon have a treat for everyone. It has secured the services of several famous specialists to conduct a Baby Health Contest in the interest of health in Haskell. This is to be a burlesque Better Babe Contest—a howling success with prominent men of the town taking part of the doctors, the nurses, the babies, and the crowing mamas. This benefit play for the North Ward P. T. A. will be staged on Dec. 4 at the high school. A scream of laughter from start to finish, don't miss it.

## BEBE DANIELS HAS BEEN IN TWO HUNDRED AND SIXTY-SIX FILMS

Bebe Daniels who appears at the Texas Theatre in "The Honor of the Family," a First National picture among other varied tastes and pursuits, has a penchant for statistics, or at least for the keeping of accurate records; and, according to her own enumeration, the latest picture is her two hundred and sixty sixth film.

The list begins with the long series of comedies which she made with Harold Lloyd. She became his leading lady when she was only fifteen years old, and she appeared in that capacity in no less than twenty-eight one and two reels. After four full-length pictures for Famous Players, in five for R. K. O. and in one for United Artists. For Warner Bros. she has already been seen this year in "My Past," and "The Maltese Falcon."

There are few who can equal that record in motion picture history. Even before she started work with Harold Lloyd, Bebe was a very youthful veteran of the stage, for he made her theatrical debut at the age of ten weeks, in her mother's arms. At eight she was featured but then the societies that make it their business to enforce the child labor laws began to object and for a time Bebe retired from public life.

Despite her extremely busy professional career Miss Daniels (who is now Mrs. Ben Lyon) has never been absorbed in acting to the exclusion of other interests. She is an enthusiastic aviatrix and honorary colonel in the 22nd Army pursuit group, this commission being the only one of the kind ever bestowed by the War Department upon a woman. Also she is the head of a realty company and his all sorts of other investments to look after. And last but not least she is very happy as a young wife who runs her own household and keeps an eye on all the domestic details.

"The Honor of the Family," her latest vehicle, was adapted for the screen from a famous Balzac story. Others featured are Warren William and Alan Nowbray. Lloyd Bacon directed.

## TRIO OF FAVORITE PLAYERS STARRING IN POWERFUL DRAMA AT TEXAS THEATRE

Featuring three stars of exceptional ability and boasting a story of unusual merit, "Transgression," Radio Pictures' widely heralded dramatic hit reaches the screen of the Texas Theatre Monday and Tuesday.

"Beautiful Kay Francis, whose rise to screen stardom has been deserved and rapid, Ricardo Cortez, suave villain of the talkies and Paul Cavanagh, notable stage star, play the principal roles.

The story, from Kate Jordan's novel "The Next Corner," deals with the mental torment of a young woman reared in the peace and quiet of an English countryside who goes to Paris and struggles against conscience and impulse when an ardent lover attempts to sweep her off her feet.

Herbert Brenon, director of such screen classics as "Beau Geste," "Sorrow and Son," "The Case of Sergeant Grisca" and "Beau Ideal," has handled the production with notable success, according to advance information. Brenon considers it one of his major triumphs.

An unusually competent supporting cast includes such favorites as Nance O'Neill, Ruth Weston, John St. Polis, and Adrienne d'Ambri-court.

## On Being Polite

The two cars met head on. But wonder of wonders! The respective drivers who descended from each were extremely apologetic.

"It was my fault," admitted the woman driver of one.

"The fault was all mine," gallantly responded the male driver of the other.

"No," replied the woman, "it was mine."

"Indeed not, madam," rejoined the man. "I saw you coming several blocks away and could easily have darted down a side street."

Abc: "What for you go upstairs two at a time?"

Son: "To save my shoes, father."

Abc: "Dot's right, my son, but look out you don't split your pants."

Inquisitive Woman (eyeing the "catch"): "Oh! Poor little fish."

Dr. Moore: "Well, madam, if he'd kept his mouth shut he wouldn't have got into trouble."

## JOIN THE RED CROSS

A patriotic duty that every Haskell County Citizen can, and should perform is to enroll as a member of the Red Cross in its annual roll which began November 11 and will continue until Thanksgiving. The Red Cross is the greatest of humanitarian organizations, serving all classes, as well as all sections of the country without favor or distinction.

Haskell County has occasion to feel grateful to the American Red Cross for during the past year the Red Cross came to the assistance of more than six hundred families in the county in her drouth relief program. Distributing more than \$9,000.00 worth of food among the needy in addition to 2000 bushels of seed wheat to farmers who were unable to buy seed.

The depression merely brought home to us, as never before the fact that there are times when a stricken community needs and can appreciate a helping hand. Haskell County's quota has been set in the membership drive at one thousand and we believe that the people will respond as they have never done before—because we are able to see from first-hand observation the great work this wonderful organization has done and is doing for humanity.

Haskell County can and will go over the top in the membership drive. Membership dues range from \$1.00 to \$100.00 and all money collected will remain in the treasury of the local Haskell County Chapter with the exception of 50 cents per member. The money remaining in the local Treasury may be used by the Haskell County Chapter, for any Red Cross work they may undertake during the coming year.

## A RISING BAROMETER

The depression barometer is rising. Confidence is being restored. Prosperity is beginning to raise its battered head. The people of the west are looking forward to materially improved industrial, commercial and agricultural conditions in the months to come.

Newspaper editors everywhere are doing their bit in the campaign to give Old Man Depression a kick, energetically delivered and planted in the proper place.

Manufacturers, merchants, agriculturists, business men generally are preaching optimism and turning a deaf ear to the pessimist.

People who have been hiding their money away in dark holes and in old socks are bringing it out and returning it to its proper place—the banks.

The banks themselves are exhibiting a strengthened condition, are making loans again with more regard to the safety of their depositors, and are getting the money of the country back into its old channel of passing from hand to hand.

Manufacturers are beginning to increase their output and are employing more men and women.

Retailers are beginning to experience a revival in business, are finding their customers more cheerful and contented than for many months past.

Farmers and ranchers are looking forward to a better and more prosperous season in 1932.

The oil industry is much improved in the west, thanks to a few hard headed and strong armed governors.

Determined efforts are being made to stabilize the cotton business in the southern states.

There is to be a strong revival of gold mining in the west under approved and less expensive conditions.

There is much talk of restoring silver to our monetary system, thus opening up again an additional avenue of thrift and activity.

And it is the same all along the line of endeavor.

We have passed the crisis in the economic battle of our country, and are again on the broad road to prosperity. True, it is long and steep and will require the united efforts of our people. But we have successfully passed the most dangerous portion of the climb, and the rest will not be difficult to negotiate.

A single publication points out that according to Bradstreet's report for 1930 69 per cent of all business failures were non-advertisers. The fact that he hesitates a minute about insuring his home or place of business, but does not about the business itself? The successful business man is the one who sits around and waits for business to come to him. Bradstreet's percentage shows that the going business man is an advertiser.

The automobile industry is understood to be planning a drive to stem the tide in the public the obsolete character of a majority of the cars now being driven on the road, with a view to stimulating the buying of new and modern cars. They expect 1932 to witness a marked upward trend in the industry.

A good many people are beginning to think it is about time for the government to regulate production and the prices of commodities. The law of supply and demand appears to be functioning somewhat to our disadvantage.

Increased value for silver would mean profit for the United States, says Arthur Brisbane, greatest of all American newspaper writers. Silver is an American metal, and the North American continent has almost a monopoly on its production.

Experts are urging a reduction of fifty per cent in the production of copper. The supply is about double the demand, with the result that vast quantities now on hand can not be used.

Ambassador Charles G. Dawes says the United States and England have got to be friends or civilization goes. The foundation of their friendship, he says, is as solid as the rock of Gibraltar.

The one who always buys high class goods gets the most for his money and the man who fills his life with worthwhile things always reaps the largest reward.

## Along the Way

An explorer reports finding a South American tribe among whom the husbands speak one language and the wives another. Some will consider that an ideal arrangement.

In view of the whoopee cruises, they ought to change their names from ocean liners to ocean winners.

There is an argument as to whether Sir Hubert Wilkins' trip under the Arctic ice was a success. The fact that the Nautilus got back at all convinces us that it was.

A good many actors seem to be competing for the title of "the ham" what am?

Some referred to the late unpleasantness as "the war to end wars." Let's hope that this is the depression to end depressions.

## The Silver Lining

The large number of homicides would be less alarming if more of the right people were the victims.

We read that chemicals may be used to check insanity. Well, some synthetic chemical compounds have no doubt served to give it a start.

The Pathfinder refers to a well known radio crooner as "a medieval romantic minstrel born five centuries too late for beheading. More's the pity!"

A small dose of sodium amytal, it is claimed, will make a person tell intimate things about himself. Most folks tell too much without artificial stimulation.

### GENERAL SERVICES FOR J. F. WEAVER HELD THURSDAY

J. F. Weaver, resident of the Robb community and well-known citizen of this county for the past twenty-six years, passed away at his family home Wednesday evening about 5 o'clock, following an illness of several months duration. General services were held Thursday afternoon at 2:30 o'clock at the First Baptist Church, conducted by Rev. L. N. Alvis of Haskell, with burial in Roberts Cemetery. General services were in charge of H. Kinney of the Kinney Funeral home.

Deceased at the time of his death was 74 years of age. He moved with his family to Haskell county a quarter of a century ago, and many years was engaged in business in this city, moving to his farm northeast of town a number of years ago.

In addition to his widow, Mrs. J. Weaver, the following children survive: Mrs. W. Bartlett, Anson; W. Weaver, Haskell; Mrs. Y. G. Arlett, Anson; V. M. Weaver, Anson; Mrs. S. R. Brooks, Haskell; J. F. Hawks, Tipton, Okla.; J. Weaver, Weimert; Mrs. O. M. Atchews, Weimert; Mrs. T. W. Free, Haskell. Twenty-six grand-children survive.

Pal-bearers were: J. W. Derr, J. Mitchell, A. P. Robertson, W. W. Hov, Oscar Krieger, E. L. Ridling. Temporary pal-bearers were: J. C. Wellen, I. A. Leonard, J. A. Mapes, Stanford, F. G. Alexander, D. Baird.

Flower girls were: Mrs. Hazel Adley, Mrs. Mabel Derr, Mrs. Essie Schell, Miss Estelle Robertson, Mrs. Veta Weaver, Mrs. Cecil Marrs, Miss Ina Matthews, Mrs. Clara Ed. Mrs. Mattie Lou Winters.

### PIONEER PASSES TO HER REWARD

Thelma Malvina Flenniken, wife of T. W. Flenniken, was born April 1, 1860. She was the daughter of W. and Mrs. Alfred Hamblin, and was baptized by her own father when she was but a child.

She was married to T. W. Flenniken on December 22, 1881. To this union were born eight children, all of whom she reared to maturity, all of whom survive, with the exception of two, one of whom died in 1918 and the youngest boy passed by his mother only a few months in his death.

Mrs. Flenniken was stricken more than two years ago with a serious illness, but partially recovered her health after some weeks. A second attack came to her in November, 1929, but again she partially recovered her health. On October 1, she suffered a stroke of apoplexy from which she did not recover and passed to her reward on Nov. 10, 1931.

All of her living children were with her during her last illness and at the time of her death. They are: E. L. Adams of Spur, Texas; W. W. Weatherly of Eunice, Okla.; Mrs. M. O. Satterwhite, Kilgore, Texas; Mr. T. B. Flenniken, Wichita Falls, Texas; Mr. T. E. Flenniken, Weimert, Texas; Mr. V. N. Flenniken, Lamesa, Texas.

Mrs. Flenniken also had twenty-one grand-children and twelve great-grand-children, besides a host of friends who will greatly miss her ministrations of kindness and love.

She moved with her husband to Haskell in 1894 and was affiliated with the First Christian Church there until 1899 when she moved to Jones County. One year later Mr. and Mrs. Flenniken moved to Haskell County, and in the year 1907 they moved into the town of Haskell. She then affiliated with First Christian Church here and has continued a loyal member of the past twenty-four years.

Had Mrs. Flenniken lived to her golden wedding anniversary, she would have passed it on November 10, 1931. Her golden wedding anniversary was already being made to celebrate that event.

Through all this long married life she was a companion of the truest, always kind, helpful, tender and true.

To her children she was a real mother, sympathetic, gentle and kind, always pointing them to the best and best in life, both by precept and example.

She was a kind, considerate friend to all those about her, and to know her was to recognize in her one of the best women.

She will be greatly missed by her band, her children, and her friends, but she has fought the good fight, she has finished the course, she has kept the faith, and she has gone on home to receive the crown.

Life: "The man I refused before married you is now rich," said the lady. "But, remember, by dear, I didn't marry you."

Lawyer: "I must know the whole truth if I am to defend you. Have you told me everything?"  
 The woman: "Everything—except I hid the money."

### J. A. BAILEY PIONEER CITIZEN BURIED SATURDAY

Another of the early pioneers has passed from our midst and gone to his reward, to greet those who have gone before and await the great and final round-up when one and all of the old cow boys and cow men of Haskell County shall have heard and answered the summons to pass over the great divide.

Jim Bailey was one of the oldest and best known of the old boys and to know him was to know a friend. He came to Haskell from Mississippi over forty years ago and has lived in Haskell ever since. A quiet, unassuming cultured gentleman, he united with the Methodist church Oct. 17, 1914 and was a regular attendant upon the services of that church since, serving as a steward for a number of years.

This writer remembers him as a man among his flowers. Day after day as we passed his home he was working with his roses, beds of flowers and tending his training vines and we will miss his pleasant good-morning and his occasional prophesy of what the day's weather would be. But it is the wife of his bosom who will miss him. He was unusually careful that she was well cared for, tenderly waiting upon her at all times. It was a custom of his to secretly grow to full bloom, some beautiful flower and surprise her with it. Yes she will miss him, but she knows where to look for him, for it was only a few evenings before he passed away that he was discussing the beauty of Heaven and the desirability of going there.

Funeral services were conducted at 3 o'clock Saturday afternoon at the First Methodist Church with the pastor, Rev. E. Gaston Foote, in charge. The deceased had not been well for some months, but had not complained and his close friends did not know of his failing health. He died quietly Friday evening at seven o'clock.

Mr. Jim Bailey and Miss Elizabeth Johnson were united in marriage in Haskell, April the 7th, 1901. He is survived by his wife, four brothers and three sisters who are: Messrs Tom Bailey, Ben Bailey, Hugh Bailey and Elton Bailey and Mrs. L. W. Duff, Mrs. Walt Miller and Miss Willie Bailey.

The profuse floral offering sent in by loved ones and friends was added to by flowers from the yard of the deceased. Ladies in charge of the flowers were: Miss Max Field, and Mesdames John P. Payne, V. Reynolds, Bailey Post, C. V. Payne and Miss Kathryn Rike. Active pal-bearers were: J. L. Southern, John Oates, Oscar Oates, Marvin Post, C. V. Payne and Tom Davis. Honorary pal-bearers and many of whom were close friends in those far away cow-boy days were: T. E. Ballard, H. S. Post, F. G. Alexander, John Ellis, D. Scott, T. J. Lemmon, B. Cox, R. C. Montgomery, Mike Watson, R. E. Sherrill, O. E. Patterson, W. A. Kimbrough, J. U. Fields, John Robertson, and C. K. Jones, Jim Ellis and D. L. Cummins.

Funeral arrangements were in charge of W. O. Holden of Jones, Cox and Co.

### AN ORDINANCE

19th day of November A. D. 1931.  
 Emory Menefee, Mayor  
 Attest: D. H. Perrin, City Secretary  
 State of Texas,  
 County of Haskell.

I, D. H. Perrin, City Secretary of the City of Haskell, Texas, do hereby certify that the above and foregoing is a true and correct copy of an ordinance passed on first reading by the City Council of the City of Haskell, Texas, on the 5th day of November 1931.

Witness my hand and seal of said City, this the 9th day of November 1931.

D. H. Perrin, City Secretary, City of Haskell, Texas.

Whereas, The City Council of the City of Haskell, Texas duly served written notice upon the distributors of natural gas within the corporate limits of the City of Haskell, Texas, said notice providing that a hearing would be had on a day certain and at a certain time and place as shown by a copy of said notice attached hereto and made a part hereof, and

Whereas, said notice was duly delivered and representatives of said distributors of natural gas within the corporate limits of Haskell, Texas, did appear in answer to said notice and represent certain alleged facts and did then and there fail to agree and refused to give a material reduction of natural gas rates, and

Whereas, The City Council and the respective members thereof are of the unanimous opinion that the rates for natural gas distributed to consumers within the corporate limits of the City of Haskell, Texas are unfair and unreasonable and that same should be materially reduced:

Therefore be it ordained by the City Council of the City of Haskell, Texas:

Section One: From and after the first day of December 1931 the domestic rates for any distributing company or any distributors of natural gas to consumers within the corporate limits of the City of Haskell, Texas, shall be as follows:

The minimum for any consumer shall be \$1.50 per month. For the first 30,000 cubic feet used 50 cents per thousand. For the next 20,000 cubic feet used 45 cents per thousand. For all over 50,000 cubic feet used 40 cents per thousand. There shall be no service charge of any kind. A reconnection charge of 50 cents shall be allowed.

"Domestic Rates" means for all ordinary uses of natural gas except for industrial uses and commercial uses.

Section Two: The consumer shall be allowed a discount of 10 per cent on any gas bill rendered under the terms of this ordinance if paid within ten days after the date of any such gas bill.

Section Three: This ordinance is severable and if any part is held invalid that fact shall not vitiate the remaining portions thereof.

Section Four: All ordinances, parts of ordinances, or other regulations in conflict with any part of this ordinance are hereby repealed.

Passed on first reading this the 5th day of November A. D. 1931.

Passed on second reading this the
