TEXAS COWBOY REUNION TO BE HELD IN STAMFORD

POOR ATTENDANCE AT STAMFORD MEET TUESDAY NOON

Regular meeting of the Bone Club was held Tuesday at the Coffee hop, with practically no business matters were presented, with reports from several precincts showing progress in the club which the club has under the Trades Day Committee and a great deal of interest in the Third Trades Day, held July 7th. Club was delightfully entertained during the luncheon hour by a series of readings by Mrs. Craddock, and Little Miss Salem of Rule, and their names were voted the best of the meeting was presided over by President, Dennis P. Ratliff, who directed the business session. Efficiency Certificate was voted secretary John (Loudspeaker) in order that there would be no doubt as to his eligibility as a speaker. The Club also has as guest, John A. Couch—as his being present was unanimously accepted.

One of the features of the Texas Cowboy Reunion to be staged in Stamford, June 26, 27 and 28, will be a roundup and get-together of the pioneer cattlemen of the state. A permanent organization of the old-timers will be formed to hold annual meetings in Stamford. Only those who saw actual service in the saddle and on the ranges of the region prior to 1895 will be eligible for membership in the organization. The program of the three-day affair will include many entertainment features. On each afternoon a western cowboy rodeo will be staged and an old-fashioned ranch dance will be given each evening. All early-day citizens of West Texas, will be given special invitations to attend the affair and the directors of the offering say that people of all ages and classes will find a full program to interest and amuse them. The rodeo will be held in a natural amphitheatre a mile west of the business district of Stamford. Comfortable seats will be provided for several thousand and the arena and stock pens have been arranged so as to allow presentation of the contests and exhibitions in a quick and efficient manner. Much interest in the contests is being taken by cowboys on the ranches in West Texas and indications are that there will be at least 100 entrants in the events in which attractive cash prizes will be given the winners. Miss Lena Belle Kemp and Janie Lyle Martin attended the Epworth League Assembly at Canyon last week, and were awarded Christian Culture Certificates for their proficiency in the work of the League. While away they visited with Miss Kemp's sister, Mrs. Elmer

ENCAMPMENT OF H. D. CLUBS WILL BE HELD HERE

The Tri-County Encampment for Womens Home Demonstration Clubs of Haskell, Knox and Baylor Counties will be held in Haskell on July 16 and 17, according to Miss Eileen Partlow, Home Demonstration Agent, who is expecting this year's encampment to be the best yet held. A recreational program which will prove both entertaining and inspirational is being arranged for the two days meet, and every club member in the three counties is expected to be present. A feature of the program as announced will be a stunt from each club, to be given on the evening of the first day's meeting. The complete program for the two days and other information regarding the Encampment will be given in an early issue.

Reunion of Old-Time Cattlemen Held at Graham

T. J. Lemmon, Sr., attended the old-timers Cattlemen's Convention in Graham last Thursday, June 12th. This was a reunion of pioneer cattlemen of this section who were identified with this industry years ago. Mr. Lemmon states that a number of the old-timers were present, and a barbecue was given in their honor underneath the same tree where the Cattlemen's Association was organized in 1877, and he says that although the growth of the town of Graham has obliterated many of the old landmarks, the old tree remains the same and is easily recognizable to the old-timers. Mr. Lemmon had nothing but praise for the Graham folks, saying that they were royal entertainers and certainly knew how to show the visitors a good time.

M. L. Jones Makes Announcement for Commissioner of 4

We are authorized this week to place the name of M. L. (Heavy) Jones in our announcement column as a candidate for the office of Commissioner of Precinct No. 4, subject to the action of the Democratic Primary in July. In making his announcement for this office, Mr. Jones states that he is doing so strictly on his own merits and qualifications, and not on the demerits of any opponent. He has been a resident of Haskell county for the past twenty-six years, and has taken an active part in the development of the county. Most of this time he has resided in Precinct No. 4, serving for a number of years as Public Weigher of that precinct. Since 1922 he has been a trustee of the McConnell School district, and is well informed on public affairs as they pertain to his precinct and the county. He promises if elected, to devote his time and best efforts to a faithful performance of the duties of the office of Commissioner, keeping in mind at all times the needs and best interests of his section and the county as a whole. Although his announcement is made at a late date, Mr. Jones states that he intends to see each voter in his precinct in person if possible, and discuss his candidacy with them before the Primary in July. We take pleasure in presenting his candidacy before our readers, and respectfully ask that you give him due and impartial consideration before casting your ballot for Commissioner of Precinct 4. Mr. and Mrs. Homer Williams and Gene Williams of Dallas and Mr. and Mrs. R. E. Williams of Brockenside have been in Haskell this week, attending estate matters. Mrs. A. Williams will return to Fort Worth with them, where she will reside temporarily.

CENSUS SHOWS 326 UNEMPLOYED IN THE COUNTY

According to information made public by I. E. Barr of Lubbock, Supervisor of the Census for this District, preliminary reports compiled in the recent census show a total of 326 persons unemployed in the county. This total takes into account only persons who are usually working at a gainful occupation, who were reported on the unemployment schedule as without a job, able to work, and looking for a job. The figures are preliminary and subject to correction, and will be supplemented later by data for other classes of persons not at work at the time of the census. Data released for publication for the county is as follows: Unemployed persons in the city of Haskell, 154. Unemployed persons in Justice Precinct No. 1, outside of Haskell, 21. Unemployed persons in Justice Precinct No. 4, 21. Unemployed persons in Rule, 51. Unemployed persons in Justice Precinct No. 5, outside of Rochester, 37. Unemployed persons in the town of Rochester, 16. Unemployed persons in Justice Precinct No. 2, 20. Unemployed persons in Justice Precinct No. 6, outside of Rule, 6. Total of unemployed in the county, 326.

PORTER, WHITE & TRICE MOVE TO NEW LOCATION TUESDAY

The feed store of Porter, White & Trice was moved Tuesday of this week from the Scott building across the street to the Wair building, where it will be located in the future. Mr. Trice states that the new location will afford the same convenience for his customers, and asks that they keep in mind his new place of business. Mr. Trice reports heavy damage to his stock of feeds during the rains Friday night, when his building was flooded with water, but says he has on hand plenty of stock to take care of his customers' demands.

Cemetery Assn. Needs Assistance

On account of the recent heavy rains many of the graves in the Cemetery needs attention. The dirt has settled in two or three hundred graves according to reports and dirt will have to be hauled to fill them up again. The Cemetery association requests that those who have lots in the Cemetery to look after them if at all possible, or if you feel like making a donation of any amount at the present time the money will be appreciated and will come in mighty handy in the present emergency.

Pioneer Baptist Minister of Jones County Is Dead

Rev. J. H. Edmonds, 68, of Anson, who died suddenly at his home Tuesday morning at 7:30, was laid to rest Wednesday afternoon in the Mt. Hope cemetery at Anson. The funeral service was conducted by Dr. Millard A. Jenkins of the Abilene First Baptist church assisted by Rev. G. W. Thomas, Anson pastor. Active pall bearers, all selected by the Rev. Edmonds before his death and all deacons of the various churches of which he had served, are M. L. Manly, Anson; R. S. Palmer, Anson; W. E. Benson, Hamlin; J. S. Hiem, Paducah; Will Link, Aspermont; Mr. Money, Boyd's Chapel. Rev. Edmonds was one of Jones county's pioneers. A resident of the county for forty-six years, he had been a Baptist minister for 33. At the time of his death he was pastor of the Bethel and Boyd Chapel churches, and in the past had similarly served the churches at Anson, Hamlin, Rule and several other points in the section. He was holding a revival at Anson when he became ill. His condition was serious for several days this month, but he had apparently regained his health. Tuesday morning as he was dressing, he was stricken by a heart attack, and died before members of the family could reach him. His widow, four daughters, three sons, and a sister Mrs. A. S. Barkley, who lives next door in Anson, survive. The children are: Mrs. Louis T. Ward, Abilene, Sarah Edmonds and Mrs. Bill Palm of Eastland, both students of the University of Texas; Mrs. Josephine Carothers, Rule; Kyker Edmonds, Ranger; Roy Edmonds, Anson; Sheppard Edmonds, El Paso. All but Sheppard who is in bad health attended the funeral.

Local Fishermen Return From Trip To San Saba River

A party composed of A. C. Pierson, Dr. L. F. Taylor, Jno. E. Fouts, Rev. H. R. Whately and Howard Whately spent last week on the San Saba river fishing. They left Haskell Monday morning and returned Friday night just as the big rain was getting under way. They report a most enjoyable trip, and state that they caught plenty of fish.

Precipitation of 8.62 Inches Friday Night Is Most Disastrous In 40 Years.

FAMILY OF FIVE DROWN IN MILLER CREEK High Waters Flood Many Homes In Haskell With Heavy Damage.

Rainfall of cloudburst proportions flooded this section last Friday evening when a total of nearly nine inches of rain was recorded here in the space of three hours, causing damage estimated at thousands of dollars to property and growing crops. In Haskell dozens of homes were flooded, the waters rising so quickly that numbers of families feared for their safety. However, the peak of high water started falling within a few minutes after it had been reached. With a total of 8.62 inches recorded at Haskell, reports of even heavier precipitation come from Munday and Goree, and near the latter place the entire family of Oscar Tidwell were drowned when flood water of Miller Creek caused them to flee from their home. Mr. and Mrs. Tidwell and their son and daughter, age 10 and 8, and Mrs. Gilliland, the mother of Mrs. Tidwell, all lost their lives. The bodies were recovered Saturday morning by searchers within a few hundred feet of the site of their home. Funeral services for the five were held at Goree Sunday afternoon. Reports of further loss of life were prevalent Saturday and Sunday but so far as authentic reports could be had, no other persons lost their lives in this immediate section, although several narrow escapes from threatening waters were noted. Haskell was without train and bus service throughout Saturday and Sunday, several bridges being washed out between Haskell and Stamford and between this city and Weinert. Several miles of track on the Wichita Valley railway was also washed out by the heavy rains, a section of several hundred feet going out just south of the station. Tracks were reported damaged in a dozen places both north and south of the city, and repair crews from Wichita Falls and Abilene started to work early Saturday morning repairing the damage, but not until Tuesday night could train service be resumed. Bus service was partially resumed Monday, highway crews having completed temporary bridges and marked detours on all highways out of the city. Practically every street in Haskell was washed and damaged considerably, and several miles of sewer ditches were washed to a depth of from three to six feet. No breaks in either water or sewer mains were reported however, but several days will be required to fill in the ditches and repair the streets for traffic. Cellars and basements in every section of town were flooded, with considerable damage resulting, and dozens of small wooden culverts were floated away. Ten or twelve bales of cotton from the yard north of town were floated from ten to twelve blocks, several bales being carried to the West Texas Utilities plant, about a mile from the cotton yard. Estimates of the damage to growing crops vary greatly, with most farmers reporting from 25 to 50 per cent loss on planted stuff. However very little damage is reported in the west part of the county, where the rain totalled only 2 inches. Heaviest rains extended from about three miles west of Haskell to the north and east, and in those sections fields were washed considerably. Cattlemen report a heavy loss of stock, and damage of thousands of dollars to fences. On Ballard's Ranch fifteen miles east of town, one of the ranch buildings located near Paint Creek was washed away, and several miles of fences carried out by the overflow waters. On the X ranch, water from Paint Creek rose to a height of seven feet in the large two-story ranch house occupied by John Culp, and headquarters on the ranch. Mr. Culp was in Haskell, Tuesday, and stated that between two and three thousand dollars damage was sustained at his place. Several small barns and outbuildings were carried away by the flood waters, including a new granary. Mr. Culp stated that they had no warning of the flood, as no rain fell in that section, while about a

miles northwest of his home a ten-inch rain was reported. Three automobiles were submerged in the waters of Paint Creek, where several parties of fishermen were caught in the heavy rains and were unable to move their cars from the creek bottoms due to the rapid rise of the stream. All three cars were recovered Sunday however, when the waters had receded sufficiently for them to be towed out. One instance is cited of a Haskell resident living on a main street who became fearful of the rapid rise of water on his street and staked his car to a tree with a heavy rope to prevent it from being carried away, much to the amusement of passing motorists next morning. The citizens' reputation for sobriety is unquestioned—and anyway, he still has his Ford. Automobiles were stranded in all sections of town, and especially on the paved street leading to the Wichita Valley station, where the water reached a depth of two feet in places. The buildings housing Porter, White & Trice, Texas Service Station, the Western Union, and Keys Confectionery were flooded with from two to ten inches of water. Mr. Trice reporting several hundred dollars damage to his stock of feed and to the Haskell Hatchery in the same building. Old-timers consider Friday's down-pour the most disastrous in the past forty years, citing the fact that in the flood of 1909 the rainfall was spread over two days, while Friday's precipitation was confined to about three hours.

TWO STONEWALL CO. MEN JAILED ON FORGERY CHARGES

Two Stonewall county men, Luther Helms and D. C. Duncan, were arrested by officers of the sheriff's department Monday and placed in the Haskell jail on charges of forgery, three complaints being filed against each of the men. According to the officers, the men were arrested at Sagerton after they had called for packages at the Sagerton postoffice, it being alleged that the men had ordered merchandise from a mail order house and sent as payment checks signed with fictitious names. Federal authorities from Austin investigated the cases, it is stated, and one complaint against each of the men was filed in Federal Court at Abilene by Sheriff Sarrels. Bonds in each of the three state complaints and the Federal complaints were set at \$1,000. The bond of Duncan was perfected and approved and he was released from custody Wednesday, but Helms had not perfected his bonds Thursday morning.

Jerome Sanders Elected Assistant Teacher In Yale

Jerome Sanders of this city, son of Mr. and Mrs. F. T. Sanders, was informed this week that he had been elected a full time Assistant Teacher in the Chemistry Department of Yale University, New Haven, Conn. Jerome recently completed his first year's work in Yale University. He is a graduate of Haskell High School and of Texas Tech at Lubbock. Mr. Sanders will accept the position at Yale and will also resume his studies begun there this year.

Mr. and Mrs. Monn Shoak of Gordon, Texas, were visitors in Haskell Monday of this week. Mr. Shoak is manager of the H. B. Harbin Lumber Yard at Gordon, and states that his firm is engaged in a new business at this time.

Model Gas Kitchen on Wheels

The Lone Star Gas Company has recently introduced a novel method of demonstrating compressed natural gas delivered in portable steel cylinders to homes not having pipe line gas service.

A model kitchen has been especially designed and constructed on a truck chassis. This traveling kitchen tours the suburban communities of Texas giving special demonstrations with compressed gas.

The interior of the truck is equipped with standard gas appliances, including a cook stove, water heater, refrigerator lights and small wall heater. These appliances receive a supply of gas from a standard installation mounted on the rear in a

steel cabinet exactly the same as the installation for service in the home.

Two cylinders are included in the installation. As one cylinder becomes empty it can be cut off and the other turned on; the empty cylinder can be replaced without interrupting service.

The Stamford & Western Gas Co. of Haskell, the distributors of Star STARGAS in this territory, will bring this kitchen to this district for public inspection. The route of the truck is as follows:

Thursday June 19th, McConnell, 9:10 a. m. Haskell 10:1. Blue Bonnet Women, 5 miles south of Rule, 10:35.

any more, the library committee will be glad to have them. At the present time, this is the only way, the number of volumes can be increased as no funds are now available for purchasing new books.

Return From Extended Tour of Northern and Eastern States.

Miss Hazel Mitchell of Weinert, who has been teaching in the Crosbyton High School the past year, Miss Ruby Brown of Ralls and Miss Vivian Campbell of Crosbyton returned last week from an extended tour of the northern and eastern states. Among interesting points visited were Washington, D. C., New York City, Niagara Falls, Canada and Chicago.

Roberts Girls 4-H Club.

The girls of the Roberts 4-H Club met with Miss Partlow at the school house, Thursday morning June 12, at nine o'clock.

Miss Partlow gave a short but interesting lesson on seams and some extra finishing processes. We did not have a long meeting for every one was prepared to go on a picnic.

After the meeting all the girls went with Miss Partlow to the Perris ranch. We ate dinner at 12 o'clock and every one had plenty to eat and were now ready for the hike. In the afternoon, we all hunted plums and after we had hiked all afternoon, we were all tired and returned home about 6 o'clock. Everyone reported a wonderful time.

The following went on the picnic: Miss Partlow, Ethel Druessow, Ena Force, Bula Force, Juanita Mapes, Lily Druessow, Arlene Mapes, Lois Mapes, Evelyn Cobb, Deilah Mapes, Lucille Bird and Dorothy Lewellen.

FIRST CHRISTIAN CHURCH

Bible School 9:45 a. m. Morning worship and Lord's Supper 11:00 a. m.

Junior Church in the basement 11:00 a. m.

Evening services 8:15 p. m.

There was a little falling off in attendance June 15th from that of June 8th. Let us not forget to continue steadfast. Special days are great, but people should not depend on special days to create interest in

the things of the Church. They ought always to have an interest in the King's business without them. If you are one of those who depend on special days, lay that aside and resolve to be a better soldier in the future than you have in the past.

The Junior Church, the oldest of its kind in our city, continues to meet in the basement at 11:00 a. m. Once each month their pastor speaks to them. They observe the Lord's Supper each Lord's Day. We urge the parents to take an interest in this great work and see that their children attend these services. It means much to the future of the church.

The Baylor, Haskell, Knox Counties Fifth Sunday Meeting will be with the Knox City people Sunday, June 23rd. Make your plans now to go and enjoy the day.

INTERESTING NEWS FROM IRBY COMMUNITY

This community was visited Friday night by one of the heaviest rains that ever fell here, when it rained about 15 inches in 5 hours. Some crops were destroyed. The R.

A Zelisko home which is near Paint Creek was washed off the foundation and the barn was completely destroyed. No one was living in the house at the time.

W. S. Moore and daughter Katherine left Sunday morning for Ireland, Texas. Mr. and Mrs. Albert Pieser and son Alton, Mrs. W. F. Zelisko and Mrs. William Von Gonton left for San Angelo, Texas, Sunday to attend the funeral of their uncle and brother-in-law, Frank

Brown. Mrs. Albert Linam and daughter spent Monday with Mrs. Taylor of Cottonwood. J. M. Kelley and two of his boys of Breckenridge were in our city Wednesday. Mr. and Mrs. Bill Brannan baby spent Friday night with Mrs. Major Howard of Dallas. Mr. and Mrs. Martin Reuther of Cottonwood spent Sunday with Mrs. Albert Klose.

Anniversary Dinner.

Mr. and Mrs. Bert Welsh celebrated their second anniversary last Thursday evening June 12th, with a dinner party at 7 o'clock. A centerpiece of gladiolas graced the dining table, which was laid for the guests and a three course luncheon was served. Carnations were used in decorating the living room, where the following guests engaged in bridge for the evening: Mr. and Mrs. C. V. Payne, Theron Cahill, Clyde Grisom, Misses Lela and Lola Welsh, Emory Menefee and Raleigh Lerman, the host and hostess.

Party Honoring Mrs. Reynolds.

Mrs. Virgil Reynolds was again complimented with a beautiful bridge party given by Mrs. French M. Robertson in her home Friday afternoon at four.

The Robertson home was attractive and fragrant with baskets of elder blossoms, gladiolas and larkspur. And a color combination of green and white was followed throughout decorations, some pailies and refreshments which consisted of brick ice cream and cake and ginger ale cooler.

The honoree was presented with an Italian cut work luncheon set and Mrs. C. V. Payne received Madeira napkins as high score.

The following were bridge guests: Mesdames T. G. Cahill, W. B. Welsh, Clyde Grisom, Hill Oates, W. P. Trice, W. H. Murchison, W. M. Reid, C. V. Payne, Tom Davis, Bruce W. Bryant, John Couch, John Pieser,

Phoebe and Misses Maurine Couch, Mary Couch, Mary Sherrill, Gales Robertson, Agnes Cox, Nettie McVollum, Lela Welsh, Nancy Guest, Lucy Martin, June Smith and tea guests as follows: Mesdames H. S. Wilson, R. C. Couch and R. J. Reynolds, and the honoree and hostess.

Birthday Party.

Mr. and Mrs. John E. Robison of west of town entertained with a birthday party honoring Miss Nora Oliphant's seventeenth birthday.

Cake and iced lemonade was served to the following guests: Misses Vida Lee Nichols, Ethel Robison, Elsie and Beatrice Oliphant, Ruby Snodgrass, Dena Thomas, Lorene Holcomb, Ina Brock and Messers Henry Lancaster, Raymond Brooks, Earl and Carl Ammons, Virgil Shaw, Horace Terrill, Carlos and Marvin Phemaster, Lee Brown, Fred Fraley, Robert Robison, Harold and Clifford Eagle, Ike Brown, the honoree, host and hostess.

Everyone reported a nice time.

Public Library Report.

During the past week, 222 books were loaned from the Public Library in the five days open to the public. This is a daily average of 44 books.

No books were donated to the library during the week. This is the first week since the opening as a public library, that several books have not been given to it.

If any one has books which they have not read and do not care for

Keep your eyes on the car using Flashlike Gasoline! See how alertly it gets away! How smoothly, powerfully, and swiftly it slips ahead--out of the crowd--on into the lead!

Flashlike Gasoline is specially designed to afford brilliant, all-round motor performance. With an initial boiling point of 110°, and properly proportioned up to an end-point of 400°, there is instant vaporization and lightning-like release of power. In any weather or temperature, when you step on the gas, you go! Mileage is better, too, for this gasoline burns clean. There are no unburned, wasted fractions to cut down power and dilute your crank-case oil.

With Flashlike Gasoline use Velvet Motor Oil. It's service insurance for your car. Affords safe lubrication at all speeds and temperatures. Seals compression and gives longer life to your motor. Sold at all Humble Dealers' and Humble Stations.

Haskell Baptists

Subject for Sunday 11:00 a. m.—"THE POWERLESS DISCIPLES AND THE MIGHTY CHRIST."

Some of the results of spiritual weakness on the part of God's people are following:

1. It is a disappointment to burdened hearts.
2. It cultivates the unbelief among the unsaved.
3. It is a reflection upon the prayer life of professing Christians.
4. It is a disappointment to the sacrificial Savior.

On the other hand concerning the power of the mighty Christ, we can say:

1. It was a natural consequence of a life of self-denial.
2. It is sufficient for all our needs.
3. It made Him confident in the hour of trial.
4. It made Him an eternal victor over the devil.

The above sketch is taken from Matt. 17:14-21, and will be the line of thought Sunday morning.

Subject for Sunday 8:15 p. m.—"LEAVING EGYPT FOR CANAAN OR FROM EARTH TO HEAVEN."

1. On this trip you must have a guide.
2. On this trip you will be pursued by your old enemies.
3. On this trip you can advance in spite of the combined efforts of the enemy to hinder.
4. On this trip your enemies will be troubled by a divine power.
5. On this trip you are certain of victory.

You should read the fourteenth chapter of Exodus before coming to this service.

We cordially invite you to attend all of our services. You will enjoy a good Sunday School, you will hear soul-stirring music and we will do our best to make the preaching service an hour of worship.

Thin, Pale, Weak
I HAD been through a bad spell of sickness which left me very weak," says Mrs. Virginia Spruce, of Stapleton, Va. "I was pale and lifeless, and my strength did not return."

"I spent most of my time on the bed. I was very nervous, and the least thing upset me. I did not have strength enough to lift a broom. At times I would have had headaches, which would hurt me until I could hardly see."

"Someone asked me why I did not try Cardui. I had read of it, so I thought I would see what it would do for me. It was really remarkable how I came out. My strength returned, and my health was better than it had been in years. I gained in weight about ten pounds. My color was good, and I ceased to suffer from headaches. I have told my friends about Cardui because I was benefited after taking it."

IT HELPED FROM THE VERY FIRST DAY

Chef at Mahaney's Cafeteria Unable To Eat, Run-Down Condition, Orgatone Relieves Him.

"I am very enthusiastic over the benefits I have received since I have taken two bottles of Orgatone," was the statement made by C. W. Gray, 807 Broad Street. Mr. Gray has been chef at Mahaney's cafeteria for four years and is well known here in this city.

"This Orgatone helped me from the very first day I began to take it," he continued "and I simply know that I've never taken anything else in the way of medicines or treatments that did me as much good."

"I've suffered with stomach trouble, and a general run-down condition for a long time. No kind of food agreed with me or gave me any strength and I would suffer for hours with stomach, gas would swell me up and make me feel heavy and miserable. Everytime I ate meat it poisoned me, and I was in such a condition that I couldn't use any kind of tobacco. I was restless and nervous and never got a good night's rest. I was badly constipated."

"Sometime ago I talked with Mr. J. L. McClure, our chief and he recommended Orgatone to me and I began taking it. I have taken two bottles, I can eat anything I want and it digests properly, leaving no gas or sour stomach. I've tried several doctors but they didn't give me any relief from stomach trouble and Orgatone has certainly proved remarkable in my case. I sleep fine every night and my constipation is a thing of the past. I sincerely think Orgatone is a great medicine and I know that it will help anyone suffering as I did and I am more than glad to say a good word for it."

Genuine Orgatone may be obtained in Haskell at the Oates Drug Store.—Adv.

FIRST CHRISTIAN CHURCH

Bible School 9:45 a. m.
Morning worship and Lord's Supper 11:00 a. m.

Junior Church in the basement 11:00 a. m.

Evening services 8:15 p. m.

There was a little falling off in attendance June 15th, from that of June 8th. Let us not forget to continue steadfast. Special days are great, but people should not depend on special days to create interest in the things of the Church. They ought always to have an interest in the King's business without them. If you are one of those who depend on special days, lay that aside and resolve to be a better soldier in the future than you have in the past.

The Junior Church, the oldest of its kind in our city, continues to meet in the basement at 11:00 a. m. Once each month their pastor speaks to them. They observe the Lord's Supper each Lord's Day. We urge the parents to take an interest in this great work and see that their children attend these services. It means much to the future of the church.

The Baylor, Haskell, Knox Counties Fifth Sunday Meeting will be with the Knox City people Sunday, June 29th. Make your plans now to go and enjoy the day.

Indian Ruler Famous for Astronomical Study

There lived in India, in the Seventeenth century, a ruler known as Maharajah Jal Singh II, and being keenly interested in astronomy he evolved a series of structures which, though not now used for practical purposes, constitute the most unique astronomical instruments in existence. He appears to have collected all kinds of astronomical books and sent some workers to foreign countries to gather information. Having determined the kind of instruments required on which to make the necessary recording of the movements of the heavenly bodies, he selected five places in India as the centers in which the observations should be taken. The first he built at Delhi, and then others in Jaipur, Ujain, Benares, and Mathura. The observatories in Delhi and Jaipur have been carefully restored. In addition to a number of metal instruments he erected large masonry instruments, some of them as high as 90 feet. Very careful records were made of the observations of his staff of workers, and modern astronomers have expressed surprise at the valuable information thus collected. The ruler responsible for these instruments died in 1743 and his wives, concubines and science expired with him on his funeral pyre.

Falls of Niagara as Pictured by Hennepin

Father Louis Hennepin saw Niagara when he went West to the upper Mississippi with La Salle's expedition in 1679. He had a poor eye for distances, for in successive narratives he measured Niagara's height as 500 and 600 feet, instead of its maximum of 162, but he had a fair for vivid word pictures:

"Betwixt the Lake Ontario and Erie there is a vast and prodigious cascade of water which falls down after a surprising and astonishing manner. Informing that the universe does not afford its parallel. 'Tis true Italy and Switzerland boast of some such things, but we may well say they are but sorry patterns when compared to this of which we now speak. . . . It (the River Niagara) is so rapid above the descent that it violently hurries down the wild beasts while endeavoring to pass it to feed on the other side, they not being able to withstand the force of its current, which inevitably casts them down headlong above 600 foot. . . ."

From Bad to Worse

A rich old Chinese mandarin had two wives. Said the first to him one day: "I wish you had not so many gray hairs. People jeer at me and call me an old man's darling." "In that case, my dear," he said, "I will pull them all out." And he did so. Shortly afterwards his second wife came to him complaining that now he had only black hairs on his head, she looked, by contrast, a horribly old woman. "Don't worry, my dear. I will pull them out," he said soothingly. But when he had pulled out all the gray and all the black hairs the mandarin was completely bald. And neither of his wives would have anything more to do with him.

Chalk That Up

Pat O'Hara and Mike Murphy (who strangely enough, were Irishmen) had taken jobs at a colliery. Pat one morning broke his shovel when he was down in the mine. He was too lazy, however, to take it to the surface with him, so he left it for his friend, writing on it in chalk:

"Take my shovel out, Mike, I've forgotten it."

But friend Michael knew Pat of old, and refused to be caught by such a trick. So he rubbed the message off and substituted one of his own:

"Take it out yourself. I've never seen it."—London Answers.

Long-Lived Poets

Poets, on the whole, are a long-lived race, writes "Looker-on" in the London Daily Chronicle, and some records are recalled of poets laureate. Of those in office since the time of Ben Jonson, most have reached a good old age and held office for many years. Wordsworth, for instance, lived to be eighty. Sir William Davenant eighty-two, Tenyson eighty-three, and Colley Cibber, eighty-six. The average tenure of the laureateship has been over twenty years. Southey held it for thirty years, and Tenyson for forty-seven.

First Fireplaces Were Wooden

Many of the first fireplaces were built of wood and plastered over on the inside with a sort of mud mortar. These early crude fireplaces were huge things, and unquestionably it is from them we get our story of Santa Claus and the chimney. Certainly he would have had no difficulty coming down these early flues. In fact, they were provided with steps on the inside in order that the men of the house could patch the cracks in the plaster with new mud.—Successful Farming.

Tin Cans Salvaged

Salvaging millions of tin cans around western mining camps has been found a profitable business. The process recovers both the tin and the steel, an average of three tons of tin being recovered weekly and molded into ingots to be used for making new cans.—Popular Mechanics Magazine.

Cummins, and Misses Katherine Rike and Lois Earnest and the hostess.

Sanders-Grathouse.

The marriage of Miss Mary Grathouse of Tahoka and Jerome F. Sanders of Haskell, Saturday morning, June 6, in New York City, culminated a romance begun in Texas Tech in Lubbock, when both the bride and groom attended school there. Miss Grathouse, daughter of Mr. and Mrs. Grathouse, received her degree from that school this June, and was the youngest girl ever graduated from the Tech. She was very active in all school activities both social and literary. She comes of one of the oldest and best known families in Tahoka. Mr. Sanders, son of Mr. and Mrs. F. T. Sanders, graduated from Tech in 1920 and has been attending Yale University the past year. He will resume his work there next year, where he is majoring in Chemical Engineering and hold a scholarship for work already done. He is well known in Haskell, having lived here all of his life, and his family being pioneer citizens of the County. Mr. and Mrs. Sanders will make their home in New York City for the summer where he will again be employed by the Standard Oil Co. of Elizabeth, New Jersey.

Methodist W. M. S.

Mrs. Bruce W. Bryant's Circle of the Methodist Missionary Society met in the home of Mrs. R. J. Earnest Monday afternoon in their regular Circle meeting. Mrs. Guy Mays was in charge and Mrs. Mulkey directed a program on "The Boyhood of Christ." Song—"More About Jesus." Devotional—Mrs. S. R. Rike.

"Slaughter of the Innocent"—Mrs. J. M. Martin.

Closing Prayer—Mrs. C. L. Lewis. Ice cream and lady fingers were served by the circle members to the following: Mesdames G. E. Mays, P. G. Alexander, W. A. Kimbrough, C. B. Breedlove, Ethel Irby, J. G. Mulkey, Irene Ballard, B. Cox, Earl Morgan, Myrtle Crow, C. L. Lewis, F. L. Caldwell, Thomson, Simons, Cate, Josslet, S. R. Rike, Mart Clifton, H. M. Smith, J. M. Martin, Shriver, P. T. Sanders, R. J. Earnest and Bruce W. Bryant.

Colonial Card Club.

Mrs. Dennis P. Ratliff entertained the Colonial Card Club in her home Tuesday afternoon, with a pretty party, using chasta daisies, snapdragons, sun flowers and sweet peas in her living room and dining room, where tables were arranged for bridge.

A delicious pineapple salad plate was served, with yellow and green sandwiches and green tea, further carrying out the yellow and green idea.

After the social hour, a business meeting was held, and Mrs. J. B. Post was elected president, and three new members were invited to join the club.

The following guests and members were present: Mesdames Herman Bettis, Harry Bettis, Wright, W. P. Trice, Courtney Hunt, Roy Ratliff, Lynn Pace, J. B. Post, John V. Davis, D. C. Bradley, J. E. Bernard, C. V. Payne, and Misses Elizabeth Bettis, Agnes Cox, Mary Couch and Maurine Couch and the hostess.

Mrs. Virgil Brown, who has been seriously ill for the past few weeks is reported some better Thursday morning, and her many friends trust that she will soon regain her wanted health.

Miss Galen Robertson, who has been teaching in the Seymour Public Schools, is at home with her parents for the summer.

Mrs. May Lagow and daughter Miss Stella Mae of Menard are spending several days with Mrs. Lagow's sister, Mrs. W. P. Trice.

Mrs. Fannie Sullivan and little granddaughter Davie Sue, have returned home after a weeks visit with Mr. and Mrs. C. W. Bledsoe.

Mrs. M. A. McLaughlin and children from Ralls, who have been visiting her father and mother Mr. and Mrs. C. W. Bledsoe for the past two weeks have returned home.

Mrs. J. W. Hill, of Amarillo, is the guest of her parents, Judge and Mrs. Joe A. Jones of this city this week.

Mr. and Mrs. A. H. Alexander and Mr. and Mrs. J. R. Oates have returned from their fishing trip in the interior of Mexico. They reported heavy rains in the Southern portion of the State and were delayed in their return home by the rise of the Concho river.

MAN CAN'T SLEEP, GETS NERVOUS, HATES PEOPLE

"I could not sleep and got so nervous I hated everybody. Since taking Vinol, I can sleep 10 hours and feel full of pep all day."—Julius Bender.

For 30 years doctors have prescribed Vinol because it contains important mineral elements of iron, calcium and cod liver peptone. The very FIRST bottle brings sound sleep and a BIG appetite. Nervous, wornout people are surprised how QUICK Vinol gives new life and pep! Tastes delicious. Martin's Drug Store.

Erwin Whitmire of Fort Worth is in Haskell this week, spending a part of his vacation with his parents, Mr. and Mrs. R. C. Whitmire. Erwin has just returned from a ten-days trip in the north, visiting in St. Louis, Chicago, Niagara Falls, points in Canada and in New York City, where he attended the championship fight last week between Sharkey and Schmelling. Regarding the fight, Erwin says he has

seen better battles right here in Haskell in the "good old school days." As for his trip to Canada, Erwin had no comment to make—except that he saw no resemblance between that country and the plains of West Texas.

Miss Matilda Gunn of Austin, and the former Home Demonstration Agent of this County is visiting Mr. and Mrs. Hill Oates this week.

Mrs. W. E. Kirkpatrick and family of Dimmitt, accompanied by her brother Reid Hughes returned home Monday after a two weeks visit here with her parents Mr. and Mrs. S. A. Hughes.

R. M. Hancock, wife and little daughter Sarah of Ft. Worth are here this week visiting Mr. and Mrs. A. H. Wair and family. Mrs. Wair is a niece of Mr. Hancock's.

A Sweetheart's Eyes

From Cuba comes the inspiring story of Armando Bosca, who has just been graduated from the University of Havana with the degree of doctor of civil law although he has been totally blind for five years as the result of an accident.

But it is not entirely to his own efforts that this happy result is due. At the time misfortune overtook him, his sweetheart, Sara Martinez, gave him encouragement and assurance of continued devotion. She offered to use her own eyes to aid him in his studies. During the intervening years she has faithfully read to him from law books and other necessary texts.

With pride she has finally seen him, not only win his coveted degree, but take the highest honors of his class as well. Armando is now 24; Sara is 21. As soon as he gets settled in his law practice they will be married. And, let us hope, "live happy ever after."

BRITON'S FAITH COSTS \$33,000

Confiding Foreigner Is Victim of "Con" Men in Stock Deals.

Chicago.—David W. Tinkham of 8 Prince of Wales road, Bourne-mouth, England, acquired a great faith in mankind as he accumulated \$100,000 in the importing business, and then he and his wife came to America, retaining that abiding conviction. But after their first visit to the detective bureau they decided to return to merry England, where honesty still prevails.

The Tinkhams, sadder and wiser and poorer by \$33,000, told Sgt. Roy Van Herik and William Murphy how they turned their money over to a financial wizard and a decent appearing young chap from Canada. They had implicit confidence that the aforesaid gentlemen were to meet them in Chicago and hand over winnings Mr. Tinkham thought he made on stock exchanges of El Paso, Texas, and Reno, Nev.

Meet Lonely Canadian.
Mr. Tinkham is a distinguished gentleman in the fifties, with goatee and mustache, and Mrs. Tinkham is tall, stately and dignified. He was born in this country, but has lived in England for forty years, and when he sold his business last fall he brought his wife to Boston. Then they went to Florida and California and then to El Paso where Mr. Tinkham made the acquaintance of Walter Spencer of Calgary, who was homesick for Christmas in Canada.

The Tinkhams were sorry for his loneliness. Then Spencer thought he recognized in another stranger a friend of one of his acquaintances, Judge Baker of New York. The second stranger refused him at first, asking him if he were a reporter, and then welcomed him, explaining he was avoiding reporters.

Spencer induced the stranger, who said he was James W. Barker, an employee of the New York stock exchange, to talk about himself, which Barker reluctantly but modestly did. He produced a newspaper clipping that contained his photograph and told how he made money for the poor by giving stock market information.

The Old, Old Trick.
Barker sent Spencer to the "stock exchange" with a check for \$1,000 and Spencer came back with \$3,000 in cash. Spencer was then sent back with a check for \$75,000 and came back with a bundle of money supposed to be \$225,000, but right behind him was the manager of the "stock exchange," who doubted the genuineness of the \$75,000 check and took back the \$225,000 until he could be shown that Barker could have paid his loss if there had been a loss. But Barker didn't want the New York stock exchange to know he was speculating, so it was arranged that Spencer should get \$30,000, Barker \$15,000, and if Tinkham furnished \$30,000 he would share in the winnings.

Tinkham sent to England for \$7,000, and the three moved over to Reno, where they collected the package of \$225,000, but it was in escrow till they could convince the "stock exchange" they could have paid losses. That necessitated Barker's going to Canada to get real money and then they were to meet Tinkham here.

"That story is as old as Chicago," Lieut. William Croft told the trusting Tinkhams. "Look through the rogues' gallery and see if you can find pictures of Spencer and Barker."

Haskell Amusement Company An Asset To Our Town

The Haskell Amusement Company, Inc., owners of the Texas and Haskell Theatres, is strictly a local concern with all interest in the company owned by Haskell people.

Purchasing the two theatres in August of last year, the local company under the management of Miss Madalyn Hunt, has expended in the neighborhood of \$8,000 in improving and equipping the Texas Theatre with the most modern sound equipment obtainable, as well as other up-to-date equipment, and today the people of this section are offered the same high-class entertainment as will be found in any city. In fact, the Texas is classed as one of the best theatres in this section of the state, comparing favorably insofar as equipment is concerned, with the best theatres in the larger cities.

Comfortable upholstered chairs provide a seating capacity for 600 persons, and the interior of the theatre is modern in every respect. Sound equipment is the DeForest make, and was installed in November of last year at a cost of around six thousand dollars. The new projecting machines were also installed at that time, together with other additional equipment for sound reproduction. With this new equipment, the Texas is able to offer its patrons the very latest releases in sound productions, which are a nightly attraction, bringing to Haskell the same high class attractions as are enjoyed in the larger cities of the state.

Owned and operated by Haskell people, employing local persons exclusively, and bringing to Haskell only the best and highest class of entertainment—the Texas Theatre is in every sense of the word an asset to our town.

Chef at Mahaney's Cafeteria Unable To Eat, Run-Down Condition, Orgatone Relieves Him.

"I am very enthusiastic over the benefits I have received since I have taken two bottles of Orgatone," was the statement made by C. W. Gray, 807 Broad Street. Mr. Gray has been chef at Mahaney's cafeteria for four years and is well known here in this city. "This Orgatone helped me from the very first day I began to take it," he continued "and I simply know that I've never taken anything else in the way of medicines or treatments that did me as much good. "I've suffered with stomach trouble, and a general run-down condition for a long time. No kind of food agreed with me or gave me any strength and I would suffer for hours with stomach, gas would swell me up and make me feel heavy and miserable. Everytime I ate meat it poisoned me, and I was in such a condition that I couldn't use any kind of tobacco. I was restless and nervous and never got a good night's rest. I was badly constipated. "Sometime ago I talked with Mr. J. L. McClure, our chief and he recommended Orgatone to me and I began taking it. I have taken two bottles. I can eat anything I want and it digests properly, leaving no gas or sour stomach. I've tried several doctors but they didn't give me any relief from stomach trouble and Orgatone has certainly proved remarkable in my case. I sleep fine every night and my constipation is a thing of the past. I sincerely think Orgatone is a great medicine and I know that it will help anyone suffering as I did and I am more than glad to say a good word for it. "Genuine Orgatone may be obtained in Haskell at the Oates Drug Store.—Adv.

AN ORDINANCE An Ordinance Making It Unlawful For Any Person, Firm or Corporation, To Keep or Permit to Be Kept on Any Premises Owned, Controlled or Occupied by Such Person, Firm or Corporation, Located Within The Territorial Limits of the City of Haskell, Texas, Any Hog or Hogs; Providing, That It Shall Not Be Unlawful To Keep or Permit To Be Kept Within Said Territorial Limits Any Hog or Hogs For Exhibition Purposes At Any Fair or Show; Prescribing a Penalty and Declaring An Emergency.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF HASKELL, TEXAS:

Section 1: From and after the final passage and approval of this ordinance, it shall be unlawful for any person, firm, or corporation, to keep or permit to be kept on any premises owned, controlled or occupied by such person, firm or corporation, located within the territorial limits of the City of Haskell, in Haskell County, Texas, any hog or hogs; provided however, that it shall not be unlawful to keep or permit to be kept, any hog or hogs within said territorial limits of the City of Haskell, Texas, for exhibition purposes at any fair or show.

Section 2: Any person, firm or corporation violating this ordinance shall be deemed guilty of a misdemeanor, and upon conviction shall be fined in any sum not exceeding \$100.00, and each day any hog or hogs are kept within the territorial limits of said City of Haskell, Texas, as herein set forth, shall constitute a separate offense.

Section 3: The fact that there is now no ordinance prohibiting the keeping or permitting to be kept of any hog or hogs within the territorial limits of the City of Haskell, Texas, and the fact that there is now urgent demand for such ordinances for the preservation of the health and comfort of the inhabitants of the said city, creates an emergency and an imperative public necessity requiring that the rules requiring ordinances to be read at two stated meetings and not to become effective until ten days after publication be suspended, and such rules are hereby suspended, and this ordinance is passed on second reading and final passage, and shall take effect and be enforced from and after final passage and publication and it is so enacted and ordained.

Passed and approved this 5th day of June, A. D. 1930.

(Seal) Emory Menefee, Mayor.

Attest: D. H. Perrin, City Secretary.

New Ford Car Wins Favor

Ford Phaeton THE Ford Phaeton, shown above, is equally popular as a family car and as a sport car for young people. The seating arrangement provides for the driver and one passenger in front and three passengers in the rear. Seats are upholstered in two-tone cross color grain artificial leather. The top is of the quick collapsing type, easily handled by one person, and folds flat. The windshield, of Triplic glass, is of the folding type and can be laid flat forward. The windshield wings fold over it, emphasizing the sport effect of the car.

NOTICE FOR BIDS ON TRACTOR

The Commissioners' Court of Haskell County, Texas, will on the second Tuesday in July, 1930, the same being the 15th day of said month, received bids for the purchase by said Court of one crawler type tractor, of approximately sixty horse power. Each bid must be accompanied by a certified check payable to the order of the County Judge for an amount equal to five per cent of the total amount of such bid. The Court reserves the right to reject any and all bids. Joe A. Jones, County Judge Haskell, County, Texas. 4t

The word "easy" is a misnomer when applied to "easy payments."

After the First Twenty-five Thousand Miles

THE VALUE of sound design, good materials and careful craftsmanship is especially apparent in the new Ford after the first twenty-five thousand miles. Long, continuous service emphasizes its mechanical reliability and economy of operation and up-keep.

As you drive the Ford through many months and years you will develop an increasing pride in its appearance and a growing respect for the substantial worth that has been built into it. From every standpoint—in everything that goes to make a good automobile—you will know that you have made a far-seeing, satisfactory purchase.

Wherever you go, you hear enthusiastic praise of the car and this significant, oft-repeated phrase—"I'm glad I bought a Ford."

A FORD owner in New York tells of a 13,000-mile trip across the United States and back in sixty days and says "the car was extremely economical to operate, comfortable and speedy." A grateful father tells how the Triplic shatter-proof glass windshield saved his wife and children from serious injury.

To test tires, a large company drove a new Ford day and night, for an average of 500 miles every twenty-four hours. It was still giving satisfactory service after 105,000 miles.

A Ford car that had fallen into Fernan Lake was submerged for twelve days before being raised. After a new battery and carburetor bowl were installed, it was driven back to Spokane under its own power.

Many police departments have written of the special advantages of the Ford in crowded-traffic because of its short speed, acceleration, and ease of control. An increasing number of fleet owners are also purchasing the Ford because their cost figures have given conclusive proof of its economy of operation and up-keep.

In addition to important triumphs in Germany, France and Italy, the Ford won six out of seven leading places in a contest in Finland, first and second in the Rascala races in Argentina, first and second in the

run from Copenhagen-to-Paris-to-Copenhagen, three gold medals in England, first ranking in the durability test over the tortuous Amancaes road in Peru, and first place in the 1930 reliability run conducted by the Royal Automobile Club of Sweden.

This contest was an exceptionally severe test of endurance and sturdy construction because it was held in the dead of winter and covered 600 miles of steady running over snow-covered country roads and mountainous hills.

THIS SEASON

Has become known as a Tornado period. At this season of the year the Twister's Terrifying Threat often becomes a reality laying waste thousands and thousands of dollars' worth of property and snuffing out many lives. Tornadoes are beyond the control of man, and the only defense is insurance to pay for the damage they cause. Almost every day the newspapers carry big headlines with reference to the latest disaster. No locality is exempt—yours may be next. Anywhere in this country—windscreens can and do destroy millions of dollars' worth of property. Each year adds to the list of places which "could never have a destructive wind storm"—and did. Windscreens have also failed and so low that it is not worth the risk to be without a. Let us tell you how little it costs to protect yourself from the damage done by wind.

Clover Held as Sacred
by Ancient Greeks

According to legend St. Patrick had great trouble in teaching the people of Ireland the doctrine of the Trinity. Then one day he saw a tiny three-leafed plant growing at his feet and plucking it he used it to illustrate his point. Shamrock is from the Irish "seamrog," and is applied to the various plants having three leaves. In Arabic, the word for three-leaf plants is "sham-rakh." While the name shamrock has been applied to various three-leaf plants, it is generally used in connection with one of the clovers. The four-leaf clover has long been associated with various superstitions. Because it is in the form of a cross is likely the reason for attributing to such plants uncanny powers. It was, however, regarded as sacred by the Greeks long before the time of Christ. At various times it has been believed that the person carrying it would have the power of detecting the presence of evil spirits or would be successful in his undertakings. If he put it under his pillow, he would dream of his beloved and a maiden might, by slipping it, unseen, into the shoe of her lover, assure him a safe journey.

Effect of Snake Venom
Probed by Scientists

It has been stated on apparently good authority that snake venom will not affect cold-blooded animals, such as snakes, frogs, toads, lizards and fish. Systematic observation shows that this is not the case. Toads, which are very tenacious of life, have been known to survive three days after having been bitten by puff-adders or by cobras, but in the end they succumb. Frogs often die instantly after being bitten. Again, it has been said that the venom of two deadly snakes of the species do not affect each other. Though this holds good in some cases, however, it is not true of all. Puff-adders appear to be immune from one another's poison. On the other hand, puff-adders that have been bitten by cobras, mambas, boom-slans, and other venomous South African snakes occasionally die, but not always. In one case a puff-adder which was injected with enough cobra poison to kill six men survived.

Electron and Molecule

The electron is the smallest known unit of electricity. It may be either positive or negative. The atom is the smallest unit of any chemical element. The molecule is the smallest part into which any body can be divided without destroying its substance as such. It may be identical with the atom as in the case of mercury or argon. It usually consists of the union of two or more atoms. According to the atomic theory all material substances are composed of atoms of a comparatively small number of kinds, all the atoms of the same kind being uniform in size and weight and other properties. The atom is to be conceived as a complex system whose component parts are in rapid orbital motion.

The Winner

He was in the habit of lunching regularly at the same restaurant. One day he called the waiter to him and said:
"John, instead of tipping you, every day I'm going to give you a lump sum at the end of every month. It will be more convenient for me."
"Thank you, sir," answered the waiter. "But I wonder if you'd mind paying me in advance for this month?"
"Well, that's a strange request. However, here's \$5. I suppose you are rather hard up."
"Oh, no, sir!" smiled John, slipping the money into his pocket. "Only I'm leaving here today."

Bear as a Cosmetic

Gallo-Romans were almost modern in their use of cosmetics. They recognized the value of cold water to refresh the skin. To preserve the complexion, however, they bathed the face in the froth of beer or with chalk dissolved in vinegar. The eyebrows they dyed with a juice taken from the sea pike. Auburn or yellow hair was greatly admired by women and those who were unfortunate and unavoidably brunette either lined the hair, dyed it, or wore wigs.—Detroit News.

The Word "Anecdote"

Today we know that the word "anecdote" simply refers to a pithy account of any incident, usually a short, entertaining narrative. Originally, however, an anecdote was a secret history, a sort of a sub-rosa story of unpublished events, this significance being indicated by its root source. It is in this sense that it is used, for instance, by Procopius in his portrayal of the private life of Justinian and Theodora.—Kansas City Star.

Valuable Information

Grandma had just arrived on a visit and to take part in celebrating young Bobbie's birthday on the morrow.
After supper Bobbie started to fidget round grandma's chair. To the surprise of every one present he said:
"Grandma, which is the right side of you? Mother said if I'm a good boy and keep on the right side of you you might buy me a bicycle."

ABILENE OFFERS
AUTOMOBILE RACES
ON JULY FOURTH

The mile-a-minute thrills of speeding race cars and zooming motor-cycles, and the glamorous spectacle of a bathing girl pageant, will have prominent parts on the Annual Independence Day program in Abilene.

On the five-eight-mile Fair Park speedway will be 100 laps of automobile racing and five and a half-mile cycle dashes. The racing program is sponsored annually by the West Texas Fair association as a Fourth of July celebration. Purses for this year's card total \$3,200, the speed cars drawing \$2,300 of the sum.

The bathing revue will be staged at Lytle Beach beginning at 7 o'clock Friday night, July 4. Entrants from throughout West Texas are invited to compete. At the close of the pageant the skies will be streaked with varied colored fireworks—an elaborate display.

The track events will begin at 1:30 o'clock Friday afternoon. The speedway has been treated with a layer of calcium chloride. The program has been sanctioned by the American Automobile association and by the American Motorcycle association.

MIDWAY RECEIVES
PUBLICITY ON THE
NEW CLUB HOUSE

The following mention of the Midway Community new Club house appeared in a recent issue of Farm & Ranch one of the best Farm papers publisher in the south.

Proud of New Club House
The women of Midway, Haskell county, are justly proud of a club house erected by the men of the community and financed by the home demonstration club.

The building is a frame structure, well built size 16x32, with ten windows, including three double windows, all of which are screened. The total cost of the building, without equipment, is estimated at \$400. The building is to be used by the girls and women's clubs and the home economics class of the school and belongs to the community at large, states Mrs. Jesse B. Smith, president of the club. The other officers of the demonstration club are as follows: Vice-president, Mrs. Paul Frierson; secretary-treasurer, Mrs. C. V. Oats; reporter, Mrs. Ed Welsh—Eileen Partlow, home demonstration agent.
