FORTY-FIFTH YEAR

Tri-County Institute To Be Held Here Next Week

ROAD CELEBRATION IS POSTPONED ON ACCOUNT OF RAINS

Haskell county's proposed celebration making the completion of Highway 30 through the county, scheduled to have been held Wednesday afternoon, was of necessity postponed on account of the torrential rains general throughout this section Wednesday.

Well-known speakers who were scheduled to take part in the road-opening ceremonies were notified Wednesday morning by Mayor Emory Menefee of the heavy rains here, and were reached in time to avoid making the trip here.

Hon. Marvin Jones, congressman from this district, who was also on the program, arrived Tuesday night, and was the guest Wednesday at noon of a group of Haskell business men, remaining here until Thursday morning, when he left for Lubbock. He addressed students of the Haskell High School Wednesday morning.

Mrs. C. M. Kaigler's Expression Class to Present Vaudeville

Mrs. C. M. Kaigler has directed myriads of plays—both comic, dramatic, dance programs and pageants and operettas in Haskell for a period of ten or twelve years and her work has been accepted by the public to the extent of her being asked to repeat every one of the outstandingly good numbers.

For example "The Valiant," "Mansions Beaus and Belles of the South," "A Trip Around the World" and the "Negro Minstrel" which was produced twice within one week to two capacity houses and netted between two and three hundred dollars, the minstrel was taken to Rule the next week and in one performance at the Rule High School took in one hundred and fifty two dollars. Likewise the junior class presented the Tom Thumb Wedding last year twice at the First Christian Church in one week and filled the large auditorium of the church to capacity on both evenings.

With these facts in mind, the Texas Theatre management has asked Mrs. Kaigler to work with the theatre in presenting vaudeville numbers and little Theatre plays from time to time. With the Texas Theatre's management's knowledge of best stage plays and Mrs. Kaigler's experience in working with the talent of Haskell, some splendid stage successes are promised the theatre going public.

On Friday evening October 23rd Mrs. Kaigler's High School Girls will present a fifteen minute vaudeville in connection with the regular show at the regular price. Tap dancing and choruses will be the main features.

Mr. and Mrs. Willie Zahn are the proud parents of a 13 pound baby boy born Oct. 14th, named Dennis Gilbert.

Old-Fashioned Economy Will Solve Present Day Difficulties, Says Congressman Marvin Jones

Addresses Group of Haskell Business Men at Luncheon Here Wednesday.

In a talk before a group of Haskell business men at the Tonkawa Coffee Shop, Wednesday noon, Hon. Marvin Jones, congressman from this district said that there must be a revival of old-fashioned economy in this country, in order to properly recover from the present depression. He was scheduled to make the main address at the opening of Highway U. S. 277, but the celebration was postponed to a later date, on account of the heavy rain. The following is an outline of his remarks.

"Our government has passed through the formative period. Its foundations were securely laid. The past at least is secure.

"But the present and future hold the things that are of the real moment to those who are living today. It is fitting and proper that we should study the lessons of the past, and that we should profit by the experience of those who have gone before.

"But with these lights before us we must meet present day problems. There has been too much centralization in government. It is growing topheavy. It is too expensive. These expenses must be cut. Bureaus must be eliminated. The same applies to state governments and subdivisions thereof. Some of these have increased in even greater proportion. There must be a revival of old-fashioned economy all along the line.

"There has been much talk of overcentralization in government, and properly so. I am glad to note that there is a swing back in sentiment. But there has been an even greater centralizing in business. It has

gone hand in hand with the other; has ever preceded it. In fact, the ever narrowing control of money and business has been largely responsible for the centralizing of government. At least the two have gone hand in hand.

"This has tended to destroy individual initiative. It is gradually taking away personal opportunity. The philosophy of Alexander Hamilton carried to the extreme by the Harding, Coolidge and Hoover administrations is responsible for much of our present day conditions.

"There has been too much talk of doing something for foreign countries, of foreign moratoriums, loans and stabilizing, and not enough of placing our own house in order. Charity begins at home. Our primary responsibility is to ourselves and our own people, although the foreign contracts cannot be ignored.

"The decentralization of business as well as of government, the restoring of individual business opportunity, the placing of the small factories in the outlying sections alongside the farm community, the uniting of the two in mutual interest, the stopping of short selling, the entire revamping of the money system so as to do away with the control and dictation of a few men, the bringing about of community development and local control of local affairs are some of the things that must be brought about. Here lies the sheet anchor of our republic.

"I have every faith that these problems will be solved, and that the future will unfold a more enduring and better distributed prosperity. Individual happiness and responsibility are the corner stones of free government.

SALVATION ARMY TO OPEN ANNUAL DRIVE IN THIS COUNTY

Census Shows No Negroes in Eleven Texas Counties

Eleven Texas counties without a single negro in their population and two counties with more negroes than whites were the extremes in color and nativity statistics announced by the census bureau.

Census records show more negroes in Harris county which contains Houston, than in any other county in the State. Most populous county had 72,603 negroes among its total population of 359,326. The second largest number was found in Dallas county, where there were 47,849 negroes among a population of 325,691.

This non-sectarian organization is worthy of all groups actuated by Christian doctrines, without regard to class or creed, it appeals to all who are interested in the poor and suffering of the state and nation.

As a part of its service, the Texas division of the Army free meals were served to 24,400 persons, 27,000 persons were furnished clothing, work was obtained for 1,581, more than 250 unfortunate girls were taken care of in the maternity homes and hospitals.

The Salvation Army is everybody's friend and it is hoped that everybody will assist it in some way in helping to carry on its work.

R. C. Couch is chairman of the Haskell County committee of the Salvation Army.

W. D. Pedigo, representative of the Salvation Army, will arrive in Haskell Friday morning of this week to make the annual appeal of that organization for funds to carry on its work. The quota for Haskell County is \$100.00.

The Salvation Army makes but one appeal each year, although many gain the impression that it solicits frequently due to the fact that many fake solicitors and solicitors representing other organizations often attempt to impersonate the Salvation Army.

Due to present conditions of the country, demands up on the Salvation Army are greater this year than ever before in its history, except during war time.

HEAVY RAINS GENERAL OVER THIS SECTION

Rains which have been almost continuous through Wednesday and Thursday have thoroughly soaked this section, providing abundant season for fall and winter crops, as well as assuring plenty of stock water and winter grazing for live-stock.

A total of 2.82 inches of rain had been recorded here to Thursday evening at 5 o'clock according to the government gauge in charge of Mrs. P. D. Sanders. Rains of last week totalled exactly 2 inches, bringing the total during the past two weeks to almost five inches.

Heavier rains are reported in various sections of West Texas, with heavy damage from the downpour in several sections. At Weinert and Monday between two and three inches of rain fell Wednesday, with a heavy fall continuing Wednesday night and Thursday.

Former Haskell Resident Observes 100th Milestone

The following news story of the 100th birthday celebration of Mrs. F. M. Maloney, grandmother of Mrs. S. M. Leflar, appeared in the Portales (New Mexico) Valley News last week. Mr. and Mrs. Leflar and Mrs. Maloney, all formerly lived in Haskell County and are well known here.

"A number of friends gathered at the home of Mr. and Mrs. S. M. Leflar of the Redlake community last Sunday, October 11, to assist in the celebration of the one hundredth birthday of Mrs. F. M. Maloney, grandmother of Mrs. Leflar.

Mrs. Maloney was born in Cobb county, Georgia, October 11, 1831. On June 25, 1854, she was married to John Maloney. They continued to live in their native state of Georgia until 1873 when they moved to Johnson county, Texas, and settled near Grandview. Five years later her husband passed away, but Mrs. Maloney continued to live in Johnson county until 1903. In 1913 she went to live with her granddaughter, Mrs. Leflar, and has since made that her home, moving to New Mexico with the family in 1929.

Mr. Maloney was a Confederate soldier and his wife has known all the perils of war and the trials of reconstruction days. For eighty years she has been a member of the Methodist church.

Mrs. Maloney has three living children, thirty-one grandchildren and a number of great grandchildren. There is one great great grandchild, Ina May Chapman, who also lives in the Leflar home.

Mrs. Maloney is the great grandmother of Dave Leflar, who was graduated from school here in Portales last May and was one of the star athletes, and is now a freshman in Albany College, Albany, Oregon.

Over Three Hundred Expected to Attend Sessions of Tri-County Institute Friday and Saturday.

PIONEER RESIDENT BURIED HERE ON SUNDAY MORNING

The funeral services of Mr. Eveans Hill, a pioneer citizen of Haskell county, who died Thursday last week at his home in Tucumcari, New Mexico, were held at Willow Cemetery Sunday morning October 18th at 9 o'clock, with Rev. H. R. Whately, pastor of the First Baptist Church of this city officiating. Funeral arrangements were in charge of W. O. Holden of Jones Cox & Company.

The deceased was a resident of this county for a number of years prior to moving to New Mexico, and is well remembered by old-timers here. He is survived by two sons, S. E. Hill and Clark Hill, of Marlow, Oklahoma, both of whom were present for the funeral services. Other relatives surviving, and who were also present for the funeral are: Mrs. Frank Wilfong, a niece, of Haskell; and R. L. Lovett, a nephew of Roby, Texas.

Miss Dessie Kennedy returned home from the Stamford Sanitarium last Friday. She is improving nicely, although she will be in bed at least two weeks longer.

Sam A. Roberts left Thursday morning for Snyder on business. He was accompanied to that city by Hon. Marvin Jones, who was en route to Lubbock.

Mrs. Marvin Prickard from Breckenridge is here visiting her brother, Chas. M. Conner and family.

JOHN A. COUCH REACHES GOLFER'S PARADISE WHEN HE SHOOTS "HOLE-IN-ONE"

John A. Couch reached golfer's paradise here Saturday afternoon when Couch took the perfect stance, made the perfect swing and entered Haskell's first name in the lists of the Hole-in-One Club. He achieved this record in the second hole, of the local greens, which was the eleventh in a tied match on that particular occasion. The feat broke up the match.

This green has been the secret hope of Haskell golfers throughout the ten years of its existence. It lies only 125 yards from the tee, but is set off in a very small area by the creek in front and to the left, and a sharp decline toward the creek back of it. Par is three and birdies are few on this hole.

Thousands of clubs, raised for the swing and thousands of unspoken supplications—"Nok, that hole-in-

Teachers of Throckmorton, Haskell and Stonewall counties will meet in this city Friday and Saturday of next week for their annual Tri-County Teachers Institute. Over three hundred teachers are expected in attendance, and a well-prepared program has been arranged for the two days.

The county superintendents of the three counties co-operating in the institute comprise the executive committee. They are E. D. Oondron of Throckmorton, S. L. BUILD UP HEALTH AND PAINS GO AWAY

Women who find themselves in a painful condition due to a run-down state of health should give Cardui a fair trial, for a reasonable length of time, for a reasonable price.

Miss E. G. Hain, 1191 Hazel St., Toxiana, Texas, who writes: "I was anxious to build myself up so I could enjoy and take interest in my home. I had suffered with nervousness and a constant pain in my side. My mother told me that I should try Cardui. Soon after I began taking it I noticed an improvement. By the time I had taken three bottles, I noticed a great feeling so much better, the pain and nervousness were gone." Sold at drug stores.

SOCIETY and Club

Mrs. B. M. Whiteker Hostess To Members of Thursday Luncheon Club.

Mrs. B. M. Whiteker was hostess to members of the Thursday Luncheon Club last week. The rooms were decorated with bouquets of roses, cosmos and Queen's wreath. After the luncheon, which was served at 12:30 o'clock, the guests spent the afternoon playing "42". Those attending were Mesdames F. L. Daugherty, J. A. and R. C. Couch, W. M. Reid, S. A. Roberts, R. J. Paxton, E. J. Reynolds, H. S. Wilson, A. C. Pierson, Mrs. O. E. Patterson and Mrs. P. A. Wombie.

Missionary News.

As a call to worship, "Just When I Need Him" was softly played and Mrs. P. D. Sanders led in prayer. Mrs. Rike consulted the Missionary Society concerning the joint District Zone meeting and Missionary Study to be held here Thursday, Oct. 22. Plans were made for this all-day meeting.

The first chapter of our new book, "The Challenge of Change," was very spicily presented by Mrs. F. T. Sanders. The marvelous inventions of this decade were illustrated with pictures contrasting the modes of travel, dress, agriculture, house keeping, etc.

Mrs. P. A. Wombie, Mrs. Guy Mays and Mrs. Oates, gave three brief stories by way of introducing the first chapter of the book. In discussion form, Mrs. Sanders led us through a resume of this chapter, concluding it by a dialogue in which the 20th century (represented by Mrs. Gilly Mulkey) spoke proudly of its achievements in science, its motor minded people, its swift advance up to have the 1st century (represented by Mrs. A. H. Wair) prove that personality is greater than any scientific machine; that man's problems are much the same now as then, and that man's hunger and need for God is still paramount.

Mrs. Ada Rike gave chapter two, "What is Happening to Home Missions?" At the conclusion of this study, Mrs. Bob Harrison read portions of the tenth chapter of Luke and Mrs. Lewis and Mrs. Martin sang, "Beautiful Garden of Prayer." Mrs. Hugh Smith dismissed us with prayer.

Ruth Bible Class Honors Mrs. Rufus Banks.

Mesdames J. A. Gilstrap, Travis Everett and Frank Reynolds were hostesses to the Ruth Bible Class of the First Baptist Church Tuesday afternoon in the home of the former honoring Mrs. Rufus Banks with a quilt and miscellaneous shower, all of Mrs. Banks household goods having been burned some few days ago. Misses Maxine and Mildred Simmons, Mr. Marvin Gholson, and O. D. Cook furnished special music for the occasion.

Delightful refreshment plates were served to Mesdames O. C. Phippen, V. A. Brown, George Henshaw, Floyd Self, Floyd Rogers, Tom Holland, Bon Adkins, Ed Henshaw, S. L. Parks, Leon Pearsey, Carl Powers, R. L. Burton. Special guests were Mrs. L. F. Taylor and musicians.

Friends and members not present sending gifts were Mesdames J. K. Stoker, Mack Perdue, Ed Fouts, Willie Shaffer, Sam Roberts, Ira Roberts, K. D. Simmons, McDonald, William Woodson and Raymond Stewart.

Hadaway-Pennington.

On October 9th, Miss Opal Pennington and Mr. Travis Hadaway, both of this city, were united in marriage in Waskria, Okla.

The bride is the pretty daughter of Mr. and Mrs. J. T. Pennington and the groom is the son of Mr. and Mrs. H. B. Hadaway of this city. The many friends of this happy young couple wish them much happiness and prosperity as they journey through life together.

Mr. and Mrs. Hadaway will make their future home in the Center Point community.

The Harmony Club.

The Harmony Club met October 14th in the first business meeting of the year with Mrs. Vaughn Bailey as hostess.

After a short business session conducted by the president, Miss De Witt, chorus director, gave a very enthusiastic talk on the Outline of Choral Work for the year, which left us all aflutter over the things we hope to accomplish this year.

Senior League Has Kid Party.

On last Friday evening a group of little folks in their hair ribbons and socks gathered in the league rooms for a good time together. Various games that little folks enjoy were

played and the little ones declared that they had had the time of their lives. Suckers and cakes were served to the following little guests: Maurice Eaton, Mavis Branch, Nella V. Wheatley, Ruffie D. Thrash, Beulah Cass, Elizabeth Stewart, Frances English, Aurline Cousins, Allegra Kinnison, Sybil Boles, Clotile Edwards, Beryl Montgomery, Pauline Deisman, Blanche Hollar, Jerene Kinnison, Louise Warren, Wallace Kimbrough, Dennis Wilson, John Oates, T. C. Stewart, Garvin Foote, Woodrow Adcock, Clyde Edwards, and Mrs. Gaston Foote.

Entertains With Bridge.

Mrs. Bert Welsh entertained a few guests last Friday evening at her home with games of bridge. The entertaining rooms were very pretty with rosebuds as decorations, where three tables were laid for bridge.

At a late hour lovely refreshments were served to: Misses Mary Ellen Cannon, June Reasue, Lola Welsh Bledsoe, Lelta Robertson, Lois Earnest; Messrs. L. D. Ratliff, Jr., Raleigh Lemon, Barton Welsh, Lewis Smith, Bert Welsh, E. G. Post, and the hostess.

Mrs. J. U. Fields to Join With Abilene Group in Welcoming Outstanding Artists.

Mrs. J. U. Fields has accepted the Chairmanship of the Fall Music Festival committee of Haskell. The Festival is sponsored by the Civic Auditorium Association of Abilene, of which Mrs. E. L. McGintie is Secretary. The Association makes its bow to West Texas by bringing three outstanding artists to West Texas for concerts November 2-4-6. Mrs. Fields joins with the Abilene group and other West Texans in welcoming Miss. Clairbert, Doris Kenyon and Mary Garden, and their assisting artists, in their appearances there November 2-4-6. A number of Haskell people will avail themselves of the opportunity to attend these concerts.

Mrs. D. H. Persons is Hostess.

Mrs. D. H. Persons entertained last Tuesday with an afternoon and evening party, entertaining the "Merry Dames" in the afternoon, with an "84" party in the evening.

Cut flowers in bowls and baskets placed about made the rooms very attractive. At the conclusion of a number of lively games of "42" refreshments of sandwiches, tea and mints were served to the following Merry Dames and guests: Mesdames, H. S. Wilson, John E. Robertson, R. J. Reynolds, H. S. Post, J. A. Jones, C. L. Lewis, P. T. Sanders, J. D. Hughes, S. A. Norris, George Herrin, Oscar Oates, H. M. Smith, C. D. Grissom, F. L. Daugherty, W. M. Reid, B. M. Whiteker, John Oates, Guy Mays, E. Gaston Foote, R. C. Couch, A. C. Pierson, Irene Ballard, Elizabeth Martin and Mrs. L. B. Burnette Jr. from Austin.

Those enjoying the "84" party in the evening were: Messrs. and Mesdames R. C. Couch, C. M. Conner, S. P. Kuentler, A. H. Wair, J. U. Fields, J. D. Hughes, J. A. Couch, P. A. Wombie, J. D. Montgomery, R. L. Burton, O. W. Maloy, S. A. Roberts, J. H. Kinney, Roy Killingsworth, Mrs. Elizabeth Martin, Miss Elma Kinnard, Dr. O. M. Guest, D. H. Persons and the hostess.

League Letter.

Dear Lil: It's a long time since I wrote you and a longer time since we got together at a good ole District League meeting and exchanged ideas about League work.

Just the same our bunch is "staying by the guns." We have a lot of new members—just the kind you like to get, too. The kind that are schmy-on-the-spot every Sunday evening and are so fine about being on the program or helping every way they can. And our worship services have been just wonderful lately, especially last Sunday night. Woodrow Adcock led and the subject was "How to Answer 'Wet' Arguments." Well, it was so good I'd have to brag a little and tell you all about it. The subject was introduced by listing the old, favorite arguments of the "Wets" such as (1) Violation of Personal Liberty (2) More Drinking Now Than in Days of Open Saloons (3) Causes Contempt for Law, and all that tommyrot that wet propagandists spill. One by one we knocked down the list and knocked 'em out.

Next Clyde Edwards spoke on "Is Alcohol a Medical Necessity"—and he proved it wasn't in more ways than one. Vernon Adcock's talk "Seeing Is Believing" was simply splendid. You could have heard a pin drop and I believe all 49 were listening.

Yes, I said 49, that's how many were there and that's how many stayed for church. Were we happy over it? Oh, boy, I thought Mrs. Foote was going to dance a jig right there in the church!

But wait! The program wasn't over. Up marched Miss Mavis Branch and gave us "Prohibition and Prosperity." What I mean it was wonderful.

By that time they were waiting for us, so we cleared our throats, passed around the lemon and went up to sing in our Loyalty Choir.

If your bunch can beat that, let me hear about it.

Yours Leaguely, Lib.

MRS. KAIGLER'S EXPRESSION DEPARTMENT READY WITH FIVE MORE PROGRAMS

The Haskell schools have been in session six weeks and at the end of the first three weeks Mrs. C. M. TWO MILLION DOLLARS PAID IN WAGES AND SALARIES... A REAL CONTRIBUTION TO WEST TEXAS' PROSPERITY PROVIDING a livelihood for over 1,200 employes... many of whom are your friends and neighbors... the West Texas Utilities Company has contributed to the prosperity of West Texas, for the last three years, an annual payroll of over \$2,000,000.00. Two millions of dollars is a powerful agency toward the stabilization of business conditions... Its expenditure means a substantial amount of trade for retail stores, grocers, laundries, doctors, dentists, and commercial establishments of all kinds. Only the continued expansion and development of the West Texas Utilities Company has made possible the building of this payroll. Through efficient management and economical operation, this company has expanded its facilities, reduced rates and stimulated the industrial and agricultural development of its territory. To carry forward these important projects, the assembling of a loyal, enthusiastic and hard-working corps of native West Texan employes has been a logical outgrowth. These employes are genuinely concerned over their company's activities. They are working for West Texas... its growth and development... just as you are working toward the same goal. To co-ordinate our activities is the constant aim of the West Texas Utilities Company. Do You Know? ... that if you are an average user of domestic electric service you can increase your use and enjoyment of the comforts and conveniences of electric service by three times, and only increase your total bill by approximately 10¢ a day! This is made possible through a major transmission line electric system and an organization accustomed to doing large things in a large way. Every dollar you spend for electric service... and more!... has, for the past eight years, been re-invested in the future of West Texas. Payrolls alone, for construction and operation, are equal to 30¢ out of every dollar you spend for electric service—a sum which goes back into this "Land of Opportunity" in salaries and wages paid to West Texan employes. T. M. Patterson and family of Center Point spent Thursday night with P. C. Patterson, Jr., and family.

CURRY CHAPEL

This community had a good rain last week, made a good season in the ground which will help the grain. But stock tanks never caught much water, so the farmers are still on the job hauling water.

Quite a few farmers have sowed wheat and most everybody planted some fall gardens.

Mr. and Mrs. Fred Monke attended the funeral of Mrs. Albright of Weinert, who was buried at Seymour.

Mr. and Mrs. Cler. Kelley of the Josslet community spent Saturday night with Mr. and Mrs. Jack Terrell.

Mr. and Mrs. J. T. Robinson were called to Morgan last week by the death of Mrs. Robinson's brother.

Mr. and Mrs. J. W. Liles and children spent Sunday with relatives in Weinert.

Mr. and Mrs. Clyde Baty and son were visiting in Weinert Sunday.

Mr. and Mrs. C. W. Marion and children visited kinfolks near Monday Sunday.

Next Saturday night and Sunday is our regular preaching day. Everybody is invited to come.

Mr. T. B. Baty of Truscott was in our midst Sunday.

Mr. Geo. Reed made a trip to Hamlin last week.

Foster

The school at Foster will begin Nov. 2. The rain that came a few days ago kept the people from working the first of the week.

Mr. and Mrs. C. V. Oates of Midway spent Sunday with Mr. Oates parents, Mr. and Mrs. J. J. Oates and family.

Miss Ruth Server visited Miss Beulah Sego of Midway the last of the week.

Mr. and Mrs. W. L. Glover and family and Jim Carroll went to Stamford Thursday.

Mr. and Mrs. J. E. Adams and family visited Mrs. Adam's sister and family, Mr. and Mrs. C. G. Stark of Rose community, Sunday evening.

We were glad to learn that Mrs. J. A. Rose, who is in the Sanitarium at Mineral Wells is some better at this writing. This community hopes she will be able to come home soon.

We are glad to report that Mrs. E. M. Server is better at this writing.

JUD

People here are very busy again pulling bolls after a few days rest on account of rain.

The Jud Gin surely has been kept busy this fall.

Mr. Teague who works at the gin broke his arm Saturday evening.

Mr. and Mrs. Gene Scoggins' two daughters from Beeville, Texas, visited them last week.

Mandy and Dora Scoggins returned home last week from a long visit in South Texas.

Grandma Mosley who has been rather sick, is feeling better.

Craig and Jerome Chenault and Arthur Stockstill visited relatives in Palo Pinto County last week.

Icel Chenault and Lurenah Harrison visited friends at Rule, Sunday.

And speaking of fast talkers, what chance would a man have to get in a word with Edna Wallace Hopper?

Card of Thanks

I wish to take this method of thanking the people of Haskell for their kindness and the many nice things given us after the fire in which our home was destroyed. Such kindness will always be remembered and appreciated. Mrs. Billie Schaffer.

Mr. and Mrs. O. E. Patterson and son David are in Dallas this week.

Joe E. Robertson left Thursday for Dallas to purchase new merchandise for his store here.

Mrs. T. J. Arbuckle returned home the latter part of last week from Wichita Falls where she has been ill in the sanitarium there for the past two weeks.

After marrying a couple a preacher told them that he'd sentenced them to life. He might have added that there's no time off for good behavior.

Christmas card mailed by a soldier in England in 1918 has just been received by an Indian woman. The mail may be late, but it generally arrives some time.

Linotype operators and proof-readers are hoping that there isn't any Chinese-Japanese war.

An investigating committee reports that there is "wide spread corruption" in New York City. Those investigators just find out everything.

The New York judge who declared that every man is the master of his own home apparently is a bachelor.

The average pedestrian will dispute the claim of health experts that walking is healthy.

Laundering vs. Washing

We would like to say a few words on the subject of Laundering and Washing.

In washing, ordinarily most people just use about 3 or 4 waters in completing the job, and then they use the same water over again on your clothes or someone else's clothes.

In the Laundry Business, where we use steam and all sanitary methods and sterilize your clothes where there is no danger of disease, and where we use formulas that have been used and tried out by the National Laundry Owners Association and they must come up to the standard. Also we use from 10 to 13 complete changes of rain-soft, filtered water and we do not use the same water over again. We take the gyp out of the water before we use it, and that means your clothes will stay white when sent to the Laundry regular.

We have been in the Laundry business for 14 years and we believe we know how to make your clothes last longer and stay whiter than the home washing.

We would like to say in closing that we keep about 15 families something to eat and wear. Some of the employes are widow women, some single girls, some married. All of us depend on you to help us make Haskell cleaner and to keep us spending our pay roll here.

THANKS,
Haskell Laundry Co.

P. S.—Remember, rain or shine, hot or cold, we are at your service.

Haskell, Texas, Thurs., Oct. 22, 1931

I MAY HAVE MADE MISTAKES

But persistency in advertising is not one of them, says George M. Cohen, one of the world's best known playwrights and actors, in a recent article in one of the nation's leading magazines in which he reveals some secrets of his success.

"For more than twenty-five years I have said and practiced this first, get the goods; second, advertise them to beat the band; and third, deliver them.

"Printer's ink is the best business tonic in the world.

"Liberal and repeated doses of printer's ink will banish even those red-ink regrets and bank-balance blues. When department-store owners advertise, we do not call those people egoists. They praise their goods and we go to see, and if we like the things we buy we go again and become steady customers. That's the way I have advertised. George M. Cohen is the only commodity I've had to sell, and I have not hesitated to spend money to sell it from one end of America to the other and in countries across the water.

I may have made mistakes, but persistency in advertising is not one of them."

THE WORLD SERIES

Now that the smoke of battle of the world series has cleared away and the contending armies have disbanded, we can all go back to work again, if we have a job, satisfied that the best team won. Whatever might have been our sympathies before the contest and however hard we might have been rooting for Connie Mack and his boys, we are satisfied that the victory went to those deserving, because of aggressiveness and all-round ability.

Baseball is peculiarly our national game and it is not best for the health of our national pastime that one team should permanently retain its ascendancy. The public likes better to see contests where the foes are evenly matched and where the outcome is the result of finer strategy or of down-right doggedness and refusal to be beaten.

The contests were cleanly fought and were examples of American baseball in its highest degree of proficiency. There was glory and profit for the vanquished as well as the victors.

DON'T GROUCH

Social workers report that the depression has had a tendency to make home relations less pleasant than they were when everything was prosperous and the family income was rolling in. Now that it has subsided in many cases to a mere trickle, there is the natural human tendency to growl and grumble and snarl. Wives forget to be agreeable to their husbands, and husbands take their dissatisfaction with conditions in general out on their wives and children.

Thus the home, instead of being a place of retreat from the slings and arrows of outraged fortune, is becoming a battle ground for the venting of spite and the hurling of mutual recriminations. Discord and unhappiness have moved into the family circle and have driven out peace and happiness.

In these times of stress mutual forbearance and cooperation should be the rule.

OVERSEAS FLIGHTS

So many overseas flights have been made, both in airplanes and dirigibles, that for the sake of keeping the record straight in the minds of the public an account of some of the first feats of this nature may be of interest.

In order to grasp the significance of the early feats in this connection, it is necessary to distinguish between the conditions which attended them. The facts may be briefly stated as follows:

The first aircraft to fly across the Atlantic was the U. S. Navy seaplane, N-1, in May, 1919, with Lieutenant Commander A. C. Read in command. This was not a non-stop flight, however, as stops were made at Nova Scotia, Newfoundland, and the Azores Islands.

The first non-stop flight across the Atlantic was made by Alcock and Brown of the British air force in June, 1919, between Newfoundland and Ireland.

The first transatlantic flight by a dirigible was that of the British R-34, which was made in July, 1919, therefore, was an epoch-making feat in the history of overseas flying.

But the greatest overseas flight of all time, so far, was that of Lindbergh in May, 1927, his unequalled feat being that of crossing the Atlantic by the single instance of America to the mainland of Europe alone. All other overseas crossings have been made by two or more aviators flying together.

So, until some other flyer equals or exceeds his great achievement, Lindbergh must be considered as standing in a class all by himself as the "Lone Eagle" of the air.

EXPECTING TOO MUCH

Small-town hotels have been the object of criticism, ridicule and sneers on the part of their guests from time immemorial, but probably most of them are furnishing the best accommodations they can under the circumstances.

Travelers who are accustomed to modern conveniences and comforts in larger hotels probably expect too much when they strike a village inn.

As a reminder of this fact, one country town hotel-keeper placed signs in his name, which read as follows:

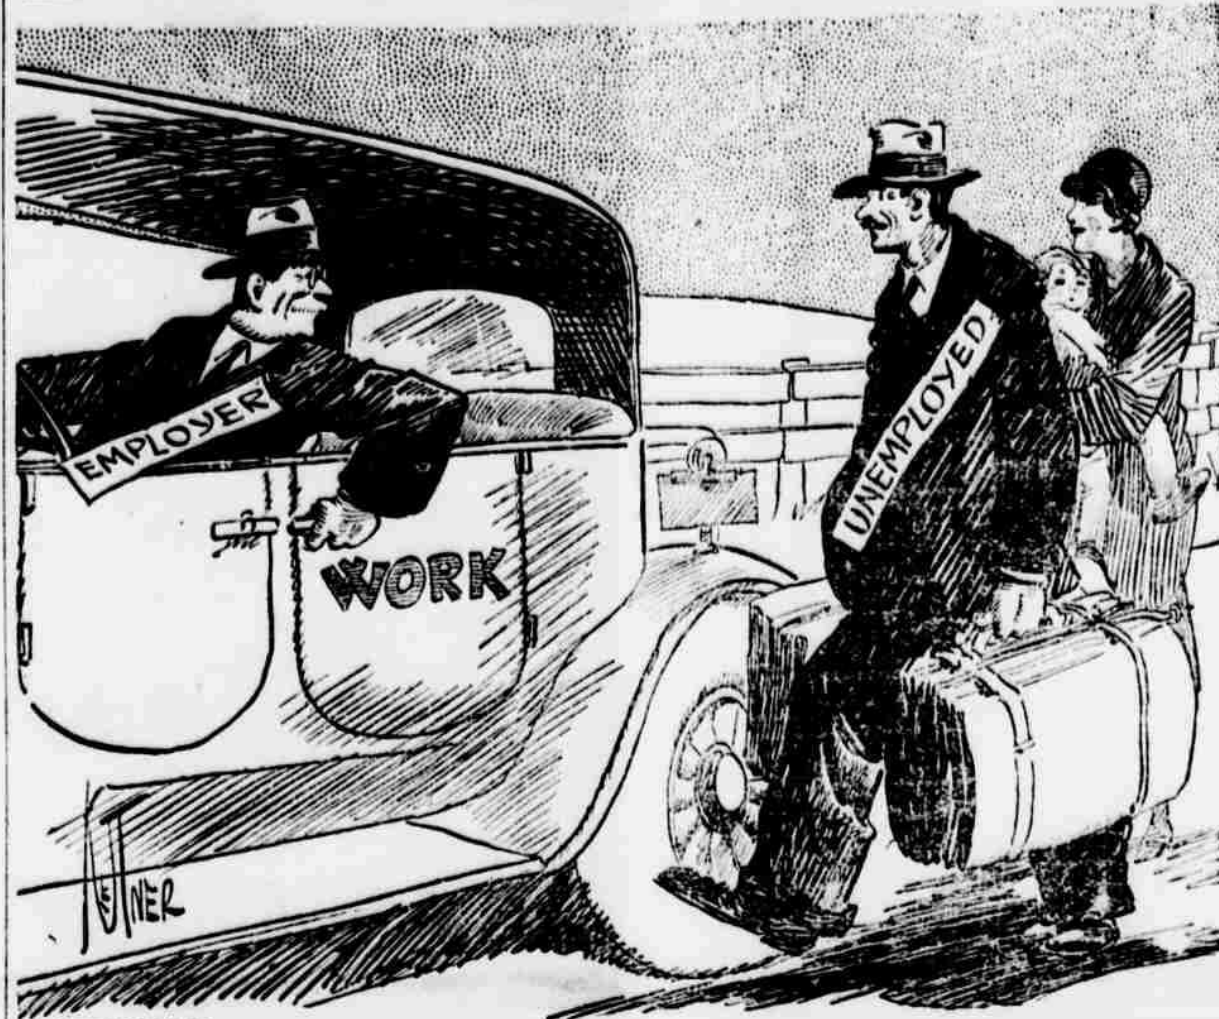

"This ain't the Waldorf-Astoria—If it was it wouldn't be here. You ain't J. P. Morgan—if you was you wouldn't be here. We know this hotel is on the bum—Well, how about yourself?"

Air races and stunt flying are a distinct detriment to aviation, according to Jules Guinette in an address before an engineering society. The excessive number of fatal accidents which inevitably result from spectacular flying creates fear in the minds of the public and retards the acceptance of the airplane as a means of transportation. The fact is that among passengers in planes of regular air lines the risk is less than that of railroad travel a half century ago, when disastrous wrecks were of frequent occurrence.

It may sound reactionary, but if some of the primitive justice formerly meted out to cattle rustlers and horse thieves were revived it might perceptively check the ever increasing crime wave.

It has been asserted by Republicans that high tariffs assure high wages, but under the highest and most vexatious tariff that this country has ever known, some 6,000,000 men and women are without any wages at all, and the wages of those who have jobs are being gradually reduced.

Twenty Years Ago Today—1911

Mrs. H. S. Beall and little son Henry C. was visiting Mrs. L. M. Garrett of this city.

Emory Menefee, County Treasurer visited the Dallas Fair the early part of this week.

Judge Gordon B. McGuire came in on Wednesday night's train from Sweetwater where he attended District Court.

D. M. Winn, who has been traveling in Central Texas for The Haskell Broom Factory spent the week at home with his family. Mr. Winn says that the brooms from this factory sell right along with the best of them from any where.

E. L. Riding of the northeast side was in town Thursday.

Morris Gilbert was in Stamford awhile Thursday evening.

J. S. Boone left Wednesday morning for his ranch in the Northeast part of the county.

Joe R. McCreary of Jud was in the city Thursday. He went down to Abilene that night on business.

Chas. Parsons of Ft. Worth visited his father, W. H. Parsons in this city this week. Mr. Parsons is in the employ of the Santa Fe Railroad and is on the fast train from Galveston to Ft. Worth. We are informed that Stanton Hamner is the engineer on this train. This makes two Haskell boys who were raised sixty miles from a railroad—but made good just the same.

J. E. Robertson of Weinert was in the city Tuesday night and placed an order for 1500 circulars and a page advertisement with the Free Press.

Mrs. Wallace Alexander, Mrs. Orphie Neathery and Miss Shirley Neathery left Sunday to visit friends and relatives in Dallas.

WARNING!

We wish to call the attention of all persons to the fact that anyone entering upon the premises of the courthouse, where construction work is under way, between the hours of 6 o'clock p. m. and 7 o'clock a. m., is guilty of trespassing. Parents are warned that it is extremely dangerous for children to play in and around the premises; and it is especially hazardous after nightfall, when no one connected with the construction work is present. Parents are urged to impress upon their children the dangers involved in entering upon the premises at any time, in order that possible injuries or property damage may be avoided.

AN ORDINANCE

An Ordinance of the City of Haskell, Texas, a city of more than five hundred inhabitants, duly and legally incorporated, operating under the general laws of the State of Texas, regulating and imposing rates and restrictions on certain public utilities, now enjoying or which may hereafter enjoy any franchise or public privilege, providing for the regulation of rates; authorizing hearing after notice for purpose of regulating, determining, fixing, altering, changing rates and compensation to be charged and collected by public utilities and providing for the passage of ordinances, resolutions or orders in relation thereto and providing for appeal by anyone affected, and giving bond during pendency of appeal of suit; defining terms "rate," "corporation," "person," "public utility" or "utility," "commission" under provisions of this ordinance; prohibiting of any rate or rebate of any service rate, or commodity or as to rate or service, prohibiting the making or granting of unreasonable preference or advantage to any corporation or person; providing each public utility or person shall submit to the council inspections, its books, records, schedules, submit to investigations and inspections and providing for attendance of witnesses upon any hearing the City Council shall have jurisdiction in the regulations, compensations, regulating rates, charges, rates of all public utilities; giving the City Council the right to fix rates of all public utilities; providing for the fixing of reasonable standards for measurement of quantity, quality, pressure, voltage or other conditions pertaining to the supply of the product, commodity or service furnished or rendered by public utility; providing for the keeping of accounts to be kept by utility and filing reports, prescribing penalties, fines and forfeitures and declaring an emergency. It is Ordained By The City Council Of The City Of Haskell, Texas:

ARTICLE I
 Sec. 1. (A) The term corporation, as used in this ordinance, means private corporation, an association, a joint stock company or a trust.
 (B) The term "person" when used in this ordinance, means a natural person, a partnership or two or more persons having a joint or common interest and a corporation as herebefore defined.
 (C) The term "public utility" or "utility" when used in this ordinance includes persons and corporations or their lessee, trustees, receivers, their agents and servants, or herebefore owning or operating in the City of Haskell, Texas, wires, poles, lines, conduit lines,

pipes, pipe lines, plant, property or equipment, while using any of the streets or alleys within the city of Haskell, Texas, for the purpose of carrying on its business or the sale of its commodity, or service to the citizens of Haskell, Texas in either one or more of the following lines:
 (a) Producing, manufacturing or obtaining, conveying, distributing or delivering gas, and by "gas" as used in this ordinance is meant natural gas, artificial gas, mixed gas, either or all for public use, or service for compensation.
 (b) Owning, leasing or operating pipes, pipe lines or any part thereof, man holes or any and all appliances of whatsoever character in, over or under any street or alley within the City of Haskell, Texas, in the construction, maintaining, operating in the transportation or conveying sewerage, or in the operation of any sanitary sewerage disposal plant or any part thereof in the City of Haskell, Texas, under franchise or contract with the City of Haskell, Texas, or any person or corporation in the City of Haskell, Texas.
 (c) Producing, generating, transmitting, conveying or delivering electricity for the production of light, heat or power for public use or for the use of any person, firm or corporation within the city of Haskell, Texas, for compensation.
 (d) Conveying, carrying or transmitting messages, conversations or communications by telephone where such service is offered to the public, or persons, or firms or corporations within the City of Haskell, Texas, for compensation.
 (E) The term "public utility" shall for rate making purposes only, include any person as herebefore defined including the City of Haskell, Texas, producing, generating or furnishing any of the foregoing service to another person for distribution to or for the public for compensation.
 (F) The term "rate" when used in this ordinance means and includes every compensation, charge, fare, toll, rental and classification or any of them demanded, charged, observed or collected by any public utility for any service, product or commodity offered by it to the public or to any person, firm or corporation within the City of Haskell, Texas, and any rules, regulations, practices or contracts affecting any such compensation, charge, fee, toll, rental or classification. Every rate made, demanded, or received by any public utility within the City of Haskell, Texas, or by two or more public utilities jointly shall be just and reasonable and every public utility shall furnish adequate, efficient and reasonable service.

ARTICLE II
 Sec. 1. The word "City Council" when used in this ordinance shall refer to the governing authority of the City of Haskell, Texas, to-wit: The City Council of the City of Haskell, Texas.
 Sec. 2. For the performance of the duties of the City Council and the enforcement of this ordinance relative to public utilities it may appoint, employ or remove such engineers, accountants, statisticians, assistants, inspectors, clerks, examiners and such subordinates as may be from time to time become necessary to gather data and information as to the reasonableness of rates to be fixed, charged and collected by any public utility within the City of Haskell, Texas, and may appoint, on such terms as may be advisable counsel and attorneys who are specially skilled in rate matters, and such council and attorneys shall advise the council and represent it and the City of Haskell, Texas, in conjunction with the City Attorney in all litigation and court proceedings under the direction of the City Council and the City Council shall have the power and authority to have brought before it at any reasonable time any officer, manager, agent, or servant or employee of any public utility doing business in the City of Haskell, Texas, and compel them to testify and give evidence, and submit evidence to the City Council at any hearing or investigation before the City Council in any matters involving the fixing of rates or compensation to be charged and collected by such public utility and shall have the power and authority to compel any manager, agent or servant or employee of any public utility to bring before the City Council any records, books, or account of any public utility and submit the same to the City Council for inspection, investigation at any hearing or investigation provided for under this ordinance or which at any time may be held within the discretion of the City Council.
 Sec. 3. In all matters coming be-

fore the City Council relative to matters pertaining to public utilities, a majority of the City Council shall constitute a quorum for the transaction of any business for the performance of any duty or for the exercise of any power of the City Council. The act of a majority of the City Council shall be the act of the City Council and all investigations and hearing or inquiry shall be held by the City Council and under its direction and authority.

ARTICLE III
 Sec. 1. Within ten (10) days after final passage of this ordinance every public utility within the City of Haskell, Texas, shall file with the City Secretary of the City of Haskell, Texas, schedules showing the rates of compensation being charged to each of its patrons or customers in the City of Haskell, Texas, for services or sale of its commodity to each person, firm, partnership or corporation, and thereafter under such rules and regulations as the City Council may from time to time prescribe upon demand from the City Council, every public utility as herein defined shall file with the City Council, within such time and in such form as the City Council may designate, schedules showing the rates being charged demanded and collected by such utility for service or sale of its commodity to all persons, firms, partnerships or corporations in the City of Haskell, Texas. The utility shall keep copies of such schedules open for public inspection under such rules and regulations as the City Council may prescribe.
 Sec. 2. No public utility doing business within the corporate limits of the City of Haskell, Texas, shall directly by any device whatsoever or in any wise, manner or method make any gift or rebate of its service or commodity, nor charge, demand, collect or receive from any person, firm, partnership or corporation a greater or less compensation for any service rendered or to be rendered to any of its patrons and customers by such public utility than that as prescribed or may be prescribed from time to time by the City Council and schedules applicable thereto, nor shall any person receive or accept any service or any of the utilities commodity it has for sale, for a compensation greater or less than that prescribed in such schedules or rates as may from time to time be established by the City Council; provided, however, that no public utility shall be prohibited from charging or collecting, whether directly or indirectly, a greater compensation than that prescribed by ordinance where the City Council elects to prescribe merely minimum rates.
 Sec. 3. No public utility shall, as to rate or service, make or grant any unreasonable preference or advantage to any corporation or person, or subject any corporation or person to any prejudice or disadvantage. No public utility nor the City Council shall establish or maintain any unreasonable difference as to rates or as between classes or service. The City Council shall determine any question of fact arising under this section.
 Sec. 4. Every utility described in this ordinance is hereby declared to be engaged in a business that is affected with a public interest and is subject to the jurisdiction, control and regulation of the City Council in accordance with the provisions of the ordinance and laws of Texas.

ARTICLE IV
 Sec. 1. The City Council for the purpose of determining, fixing, and regulating the charges, fares, rates or compensation and, or prescribed maximum and, or minimum rates of any public utility now enjoying, or that may hereafter enjoy any franchise granted by the City of Haskell, Texas, or exercise any other public privilege in the City of Haskell, Texas, or for the purpose of prescribing the kind of service to be furnished by such utility and the manner it shall be rendered and for the purpose of from time to time alter, or change such rules, regulations and compensation, shall at the request of the public utility affected or upon recall of majority of the Council, either at a regular meeting of the council or a special meeting called for that purpose, have a hearing before the Council.
 Sec. 2. The City Council shall cause at least ten (10) days prior notice, by registered mail, to be given to any public utility, person, firm or corporation affected by such hearing, such notice shall state, the time, place of such meeting and purpose thereof.

ARTICLE V
 Sec. 1. The City Council may, after hearing and notice, as hereinafore provided for, upon its own motion or complaint, ascertain and fix just and reasonable standards, classifications, regulations, practices or services to be furnished, imposed, observed and followed by any utility; ascertain and fix adequate and reasonable standards for the measurements of quantity, pressure, initial voltage or other conditions pertaining to the supply of the product, commodity or service furnished or rendered by any utility, prescribed reasonable regulations for the examination and testing of such products, commodity or service and for the measurement thereof; establish and approve reasonable rules, regulations, specifications and standards to secure the accuracy of all meters and appliances for the measurement; and provide for the examination and testing of any and all appliances used for the measurement of product, commodity or service of any utility.
 Sec. 2. The City Council may on hearing and notice ascertain and fix the value of the whole or any part of the property of any utility, insofar as the same is material to the exercise of the jurisdiction of the City Council and may make revaluation from time to time and ascertain the value of all new construction, extension, and additions to the property of every utility.
 Sec. 3. Each utility shall establish a system of accounts to be kept as may be ordered and directed by the City Council or establish a system of accounts for each class and the City Council may prescribe the manner in which such accounts shall

be kept. In any case where a utility is required by Federal Regulations to keep its books or accounts in some particular form or manner such practice may be continued and compliance with such regulations be deemed compliance with the regulations of the City Council.
 Sec. 4. Any utility shall permit the City Council and officers and employees of the City Council during all reasonable hours to enter upon any premises occupied by any utility for the purpose of making the examination and tests and exercising any power provided for in this ordinance and shall permit the setting up and the use on such premises any apparatus and appliance necessary therefor. Such utility shall have the right to be represented at the making of such examination, test and inspection.
 Sec. 5. Each utility shall file with the City Council annual reports in such form and of such content as the City Council may require, and special reports concerning any matters about which the City Council is authorized to inquire or keep itself informed as which it is required, under this ordinance to enforce. All reports shall be made under oath when required by the City Council.
 Sec. 6. The City Council may on its own motion and whenever it may deem it necessary in the performance of its duties investigate and examine the conditions and management of any utility. In conducting such investigation the City Council may proceed, either with or without a hearing, as it may deem best, but it shall make no order without affording the parties thereby a hearing.
 Sec. 7. In all hearings before the City Council or investigations by the City Council it may issue subpoenas duces tecum and all necessary process in proceedings pending before it and may be served by the City Council of the City of Haskell, Texas, or by any person authorized to serve process of courts of record.
 Sec. 8. The City Council or any party to the proceedings may in any investigation or hearing before the City Council, cause the depositions of witnesses to be taken in the manner prescribed by law for the taking of depositions in civil cases.

ARTICLE VI
 Sec. 1. Any public utility coming under the provisions of this ordinance, or any manager, agent or servant or employee of any public utility failing or refusing to subject himself or herself to the jurisdiction of the City Council as provided for in this ordinance and failing or refusing to obey any order or ordinance of said City Council legally promulgated hereunder, after reasonable notice and opportunity to

do so, shall be liable to a penalty as hereinafter provided.
 Sec. 2. Any person or corporation who violates any provisions of this ordinance or who fails, omits or neglects to obey or comply with any lawful order or ordinance or any part of its provisions thereof, legal promulgated by the City Council involving any of the matters hereinafter contained upon conviction in a court of competent jurisdiction, shall be fined in any sum not to exceed \$100.00 for each offense; and each day of such violation, omission or neglect to obey or comply with such order or ordinance promulgated hereunder shall be deemed a separate offense.
 Sec. 3. In construing and enforcing the provisions of this ordinance relating to penalties, the act, omission or failure of any official, agent, or employee or any corporation, or person acting within the scope of his official duties or employment shall in every case deemed to be also the act, omission or failure of such corporation or person.
 Sec. 4. All penalties accruing under this ordinance shall be cumulative and a suit may be brought by the said City in any court having jurisdiction thereof against any utility for the recovery of such penalties, and a suit for the recovery of one penalty shall not be a bar to or affect the recovery of any other penalty or forfeiture or be a bar to any criminal prosecution against any public utility or any official, director, agent or employee thereof or any other corporation or person.
 Sec. 5. Actions to recover penalties under this ordinance shall be brought in the name of the City of Haskell, Texas, and all criminal prosecutions shall be brought in the name of the State of Texas.

ARTICLE VII
 Should any section, article, provision or any part of this ordinance be held and declared to be unconstitutional and void by a court of competent jurisdiction, such decision shall in no wise affect the validity of any of the remaining part of this ordinance, unless the part held void is indispensable to the operation of the remaining parts. The City Council of the City of Haskell, Texas, hereby declares that it would have passed these parts of this ordinance which are valid and omitted any parts which may be unconstitutional, if it had known or been advised that such parts were unconstitutional at the time of the passage of this ordinance.
ARTICLE VIII
 The City of Haskell, Texas, owning and operating a public utility, nothing in this ordinance shall in any manner be construed as exempting the City of Haskell, Texas,

from any of the provisions or operation of this, or any other ordinance hereafter passed relative to any of the subject matters contained in this ordinance.

ARTICLE IX
 Owing to the fact that there is considerable confusion and dissatisfaction concerning rates charged by Public Utilities for commodities and service rendered in the City of Haskell, Texas and the necessity for the City Council to undertake to pass proper rate Ordinances and owing to the fact that there are no Ordinances regulating prices charged by Public Utilities for commodities and service creates an imperative public necessity; it is therefore ordained by the City Council of the City of Haskell, Texas that the constitutional rule requiring Ordinances to be read on three several meetings be and the same is hereby suspended and that this Ordinance take effect from and after its passage and publication.
 Done by order of the City Council, in regular session, this 15th day of October A. D. 1931.

Nothing less than a six can give you built-in smoothness

The whole question was settled long ago—as to how many cylinders it takes in a motor car engine to give satisfactory smoothness. Science definitely established the fact that at least six are necessary. And today, the public accepts the multi-cylinder engine in the same way that it accepts 4-wheel brakes, parallel-mounted springs and every other principle of proved and acknowledged superiority. Everybody knows that nothing less than a six can give you built-in smoothness.

Today, six-cylinder smoothness is within reach of every new car buyer. For Chevrolet has produced a quality car, powered it with a firmly-mounted six-cylinder motor—engineered it to run with unsurpassed economy—and priced it down among the very lowest-priced cars in the market.

SWAN LEBEDEFZ STILL PUEBLE TO HOLLYWOOD

Who is this man, Ivan Lebedeff? Tall, courtly in manner, he remains Hollywood's lone man of mystery. Half the population of this smartly sophisticated film city cannot understand him and the other half only thinks it does.

Lebedeff, who achieves stardom in RKO Radio Pictures' "Gay Diplomats" showing at the Texas Theatre, Wednesday and Thursday, is a singular character, yet there is nothing very mysterious about him.

He is a Russian aristocrat, born and bred to the glamorous autocracy of the Romanoffs. Lebedeff hasn't forgotten his old-world polish and traditional courtesies. When he meets a woman he clicks his heels in the military fashion, bows from the hips gracefully and kisses her hand in greeting.

He doesn't play a caste; every woman receives the same courteous treatment. Some in Hollywood think this is affectation. They are wrong.

Lebedeff simply cannot become accustomed to the liberal American view which classifies woman as the equal of man. He still thinks the gentler sex is better than man and that they deserve special consideration.

Frail, in his physical composition, he is nevertheless very much a man's man.

During the war he was a high military officer in the Czar's personal regiment of dragoons. Scars of battle cover his body and eleven war medals decorate his uniformed breast.

One of his most noteworthy wartime exploits was the capture of a German general in combat—something that had never been heard of in modern warfare.

This is Lebedeff, the man of "mystery."

"We want to learn to tap dance" say all of the little girls and big girls. Well, come to the Texas Theatre Friday night and see the Tap Dancers from the Kaigler Expression Classes.

Poultry Show and Trades Day To Be Held at Rotan Nov. 7.

A group of citizens met Wednesday morning and set the date for Rotan's annual poultry show for Nov. 7, and decided to inaugurate a trades day at this time, which will be made a regular monthly affair. Committees who were appointed

Wednesday morning will begin at once on arranging details for the affair, which is hoped to be made one of the biggest days Rotan has had in some time.

Interest Manifested in Cheese Project by Kraft-Phoenix

From the Western Enterprise, Anson.

The net result of the meeting at the court house Thursday afternoon with A. J. Riddle general manager of the Kraft-Phoenix Cheese Corporation southwestern division, and a large number of citizens of the county, including especially the towns of Stamford and Hamlin as well as Anson, is that a detailed survey will be made of this section to determine if the field justifies their coming into it and building a plant. It was brought out that sufficient interest would have to be shown to guarantee the successful operation of a plant. A committee meeting following the general meeting following Thursday decided upon an invitation of a representative of the company's coming here for a further study of local conditions. A good deal of interest is manifested in the project.

Along the Way

Most cities have an ordinance prohibiting low flying over the city but nothing is done to curb the city's high flyers.

Candidates sow the wind and expect to reap votes.

Ignorance of the law excuses no one, but there are plenty of other alibis.

People are certainly peculiar in their tastes. They want clean sports and dirty shows.

The fellow who boasts of paying no attention to little troubles apparently never was infested with chiggers.

By slashing the navy budget, the government should save gobs of money.

Captain Allman is Chicago's new police commissioner. That's a job for a fellow that's all man.

Fifty thousand Scotchmen riot in Glasgow. The dispatch didn't say whether they found the shilling.

A German professor says that earthworms can sing. Some other kinds think they can.

Native Filipinos consider the birth of twins an ill omen. Most American parents feel the same way about it.

We read of a young bride who shot her husband the day after their wedding. She probably had in mind the slogan, "Eventually, why not now?"

Synthetic gin may fool the palate, but it doesn't fool the innards.

The poet who got a three-year prison term probably didn't get half what he deserved.

Census reports show that there are 102 and a half men for every 100 women in this country. That half man is probably a radio crooner.

Discussing business etiquette, a trade magazine tells salesmen that in taking leave of a busy executive they should not expect him to escort him to the door. That, we presume, is the job of the head bouncer.

The world's most popular after dinner speech: "Waiter, give me both checks."

A Chicago couple who were divorced 34 years ago have married again. It takes some people a long time to make up their minds.

BUILD UP HEALTH AND PAINS GO AWAY

WOMEN who find themselves in a painful condition due to a run-down state of health should give Cardui a fair trial, for a reasonable length of time, as did Mrs. E. G. Hodnett, 1101 Hazel St., Texasians, Texas, who writes: "I was anxious to build myself up so I could enjoy and take interest in my home. I had suffered with soreness and a constant pain in my side. My mother told me she thought I should try Cardui. Soon after I began taking it I noticed an improvement, so I kept on until I had taken three bottles. By this time I was feeling so much better, the pain and soreness were gone."

CARDUI HELPS WOMEN

We read that Will Rogers is interested in a parachute factory. He probably senses a market among politicians who will be up in the air next year.

The array of talent that has been enlisted to find a way out indicates that America is taking her depression seriously.

Another weakness in our distribution system is seen in the fact that with an area of more than three million square miles in this country it's always hard to find a place to park.

The hitch-hiker is a staunch advocate of "free wheeling."

Political planks of 1933 probably will contain the usual amount of deadwood.
