## ALL STORES TO CLOSE ON ARMISTICE DAY

### Indians Play Hamlin Morning of 11th

Game to Be Played at Haskell Fair Park Beginning at 9:30 a. m.

The Haskell Indians meet the Hamlin Pied Pipers here today, November 11th, at 9:30 a. m. This is to be the third game of the Indians in their struggle for the District Championship. As yet their record has not been announced, but they have piled up victories against the two opponents already played. The entire squad has been working hard for this game, and should be in fair condition by Tuesday.

The Hamlin team has been improving with each game and will give the local boys one of the hardest games that they will have. In their game with Stamford last week they unleashed an aerial attack in the last quarter that almost proved disastrous for the strong Stamford team.

The school authorities are making a special price of thirty-five cents for adults and fifteen cents for students. This is offered as a special inducement to draw a large holiday crowd for the only game of the year to be played in the morning.

Miss Dessie Kennedy of Monday spent last week end with her parents in this city, and attended the Institute. Miss Beatrice Bevels of Monday was the guest of Miss Kennedy for the week-end and also attended the Institute.

### City Library Is Factor in Promoting Civic Interests and Good Citizenship

The Public Library, aside from giving your children free, new and better books to read, is forming within them habits that will go with them thru out their life.

Habits of self reliance, of good choice, of wide-awake interest in the world at large as well as in the world of literature are gained. And in our of the public library which is a community gathering place, the child grows in touch with others of civic interest and values. He is often helped to contribute, through his library, to them, he learns citizenship.

If your child does not use the public library, it is important that he should. Good reading is a resource, a self-development, a training for life as much as school. And habits of good reading, self-reliance, as well as much else is gained by the child who is taught to use his own public library and cooperate with it.

We are indeed grateful for the following books donated during the past month:

Clyde Lockridge—To the Last Man.

Mrs. George Frown—State Family Magazine.

Mrs. John Howard—This is Two Cities; Lower Light; Boy Scouts in Brazil; List of the President.

# YOU BUY—

# HE WORKS!

Some one has said "It is just as patriotic to spend today as it was to buy Liberty Bonds during the war." The spender today will prove to be the conqueror of those two greatly magnified bugaboos, Depression and Unemployment. The Hoarder hampers the return of Prosperity.

There is no real reason nor reasoning to justify the great fear of spending that the public has conjured up in its mind. Let us see if this is true.

Depression is due to lack of business. When the public stops buying, demand ceases and when demand ceases production halts and when production halts unemployment remains stagnant. So depression is a direct and definite result of the lack of spending.

The public has the means to buy for only a small percentage are actually unemployed. Let us see if this is true. Of America's 120 million population there are 100

million able to work. There is today about 31-2 million unemployed. The average unemployment during normal, prosperous times is 2 million so that only 11-2 million are out of work today over the normal times or about 11-2 per cent of the working population.

The rest of the people can buy if they will. They have the means, the need, the desire if they will only banish fear. Spend and you create demand—create demand and you start production—start production and you diminish unemployment. Money in circulation is the only solution to national and individual Prosperity.

"I would have such dry spells, and such burning sensations, until I could hardly stand. But after taking a few doses of Black-Drought I would feel just fine. It is a good medicine, and I recommend it to all who suffer as I did. It is the only way to keep a constipation that has been so long in the system."

### Byworth League Institute.

Let you can't guess where we went last Saturday and Sunday. We started from Haskell Saturday afternoon and went about thirty five miles east. Now does that give you a clue as to where we were? We arrived at this place and were cordially welcomed. We had classes in the different department work. Several from Haskell enrolled for this work. Practically all of the officers of the Senior League enrolled. The friendly people of this place (remember you don't know yet) gave a social for us Saturday night. We came home after the social.

On Saturday afternoon at two o'clock we started back to Throckmorton (there, I've told you and I intended for you to guess). We took some visitors from Haskell and all of the Saturday members. In all there were fourteen to go but when some of the folks reached the church they were frightened and came back home. Nine members remained for the games and had a splendid time as well as enjoyed the evening. After the afternoon games we had supper served by the Throckmorton people. We adjourned to cinema and (under the splendid leadership of Mrs. Balfour, after class members to church and the following people from Haskell received credit for their work: Margaret Blaney, Ruby De Deussen, Wallace Sanders, Joseph Goon, Edith Poole, and Mrs. Gaston Poole. They are very proud of these credits and so are we.

### The Harmony Club.

The Harmony Club met at the regular hour on last Wednesday afternoon in the Methodist Church. An organ recital was the feature of the program, which was attended by the members and a number of invited guests.

three audience. The club is indebted to members of the High School Senior Class and Mrs. George Wimbish, for a clever play rendered as a climax to the program. The comedy entitled "The Trysting Place" was greatly enjoyed.

### Hobo Club Halloween Party.

One of the outstanding events of the year for the Hobo Club was the Halloween party given last Wednesday evening in the home of Mrs. S. R. Rike with Misses Carman and Mitchell as hostesses. The Hobos and their guests assembled in the spookiest clothes they could find. They were met at the door by the hostesses and directed to "Spookland" which was in the basement where ghosts and spooks were plentiful.

Fortune telling booths and all kinds of spooky games appropriate for Halloween were entered into with plenty of fun throughout the evening.

As a climax to these games, Kate Daniell and Joe Bryant were elected as queen and king and were crowned as the best costumed couple. The stunts and games for the entertainment of the royal couple completed the evenings fun.

A salad plate consisting of orange bread, sandwiches, pumpkin face salad, tea and imitation ears of corn was served to the following guests:

Vannie Lee Marr, Ruby Hisey, Frances Walling, Lucille Gilstrap, Lena Bell Kemp, Kate Darnell, Edith Poole, Virginia Sills, Clotie Jamison, Elizabeth Gilbert, Constance Guest, Annabel Burt, Anita Collier, Madge Hambleton, Lillian Kaigler, Altha Fay Davis, Charlene Baughman, Anna Maud Taylor, Wallace Sanders, William Kimbrough, Bessie Thompson, Gilbert Wilson, Rogers Gilstrap, Bob Herron, Ed Hester, Sherry Sherman, Michael Watson, Clarence Whitaker,

## Banking Conducting Continual Research

The American Bankers Association is daily submitting every phase and every department of banking to searching scrutiny and study, says John G. Lonsdale, president of this the world's greatest financial association. The findings of these investigations are made available to the 20,000 members of the organization for their guidance.

"It is a fine tribute to the spirit of cooperation among bankers that it is able to carry in this work," he says. "Bankers from one end of the country to the other are constantly giving freely and unselfishly of their skill and experience so that the association may produce the truly great results that are being accomplished."

Statistical information on national and state banks, savings institutions, trust companies and trust departments, clearing house groups and general banking is prepared after exhaustive inquiry and distributed for the use of all bankers. The organization's investigations have resulted in the passage of beneficial legislation, revision of banking practices and innumerable changes for a stronger and more efficient banking structure. It has also set up an educational system through the National American Institute of Banking, where 45,000 men and women are now availing themselves of the opportunity to advance in the banking field.

"It has been well said that the American Bankers Association, exclusive of the Federal Reserve System, has been the greatest single nation-wide source of stability and improved conditions for banking in the United States," Mr. Lonsdale says.

### The Last Minute Letter From Sing Sang to Sung Sang.

Haskell, Texas, November 5, 1930.

Dear Sung Sang: I know you are interested in the work of the "De Witt Choral Club," but as I have not told you anything except of our organization, and election of officers, I am sure you feel slighted.

We have the best sponsor and director of any organization in town, and probably you cannot recall their names just now, so I will tell you. Mrs. George V. Wimbish, is sponsor, and Miss Edith De Witt is director.

Now, of course we ordered some songs and began working on them. Then can you imagine this, before we had hardly begun meeting regularly we were asked to sing for chapel. We sang for Teachers Institute next, and even if you tried to guess what we are doing now, I am sure you could not. But I know how it is to be held in suspense, therefore I will tell you. We are practicing on an opera to be given at the Harmony Club, Friday November 7.

Since you know most of the high school girls, I will name the main characters:

Lillian Kaigler, Elizabeth Gilbert, Charlene Baughman, Frances Ratliff, Anna Maude Taylor, Lena Belle Kemp, Anita Collier.

All the other girls in the Choral Club are models.

Oh goodness, the postman is blowing the whistle so I must mail this at once. Be sure and look for another letter from me soon.

Yours,  
Sing Sang.

### A PARTIAL CONFESSION BY A NOTED CATHOLIC

Last Thursday evening a noted Catholic was speaking over the radio on the subject, "Catholicism Versus Protestantism." He was trying to prove that the Catholic church was the true church, because it was the only one that would meet the requirements of the Bible. One point that was greatly emphasized was that of origin. He declared that none but the Catholic church would meet the Bible requirement of origin. He named over the leading denominations of our time, giving the name of the founder and the date of the origin. He finally came to the Baptist church and declared that he could not give the name of the founder and did not know that anybody else could, but declared that the Baptist could not trace their origin back to the days of Christ.

As I listened at the names of the founders and the dates of the origin of other denominations, I thought it strange that a noted educator could not give the date and the name of the founder of the Baptist church. Another thing that is strange to me is that when men do attempt to name some man as the founder of the Baptist church, you can hardly find any two who will agree. One will give one name and others will give another.

This Catholic should have made a clean-cut confession as did Cardinal Huet (president of Council of Trent) in the sixteenth century when he said, "Were it not that the Baptists have been grievously tormented and cut off with the knife during the past twelve years, they would swarm in greater numbers than all the Reformers."

It is too bad that this radio speaker was not willing to admit as did the noted scholar, John Clark Ridpath (Methodist) who said, "In the year one hundred all Christians were Baptists." We all know that the First New Testament Preacher was a Baptist. Surely the others were nothing else.

11:00 a. m. Preaching service, subject: "REVERENCE FOR THE HOUSE OF GOD."

We hope to make this a very helpful service. We urge every father and mother to come and bring their children. Do we have the right conception of the house of God? Come praying for this service.

7:30 p. m. Preaching service, subject: "THE WAGES OF SIN."

We are not looking for new subjects. This subject is almost as old as the hills, but it is as great a truth as it ever was before. Some one has said, "God may not settle accounts every day, but He settles them all at last." Yes, you will receive wages for living in sin.

"Guests Appreciate a Bright and Cheerful Home"

"Everyone appreciates a bright and cheerful home. It shows a spirit of sincere, wholehearted hospitality, and creates the impression that the host is actually reaching out into the night with a welcome for his guests.

"Through the new Home Comfort rate of the West Texas Utilities Company, you can inexpensively welcome your guests with warmly inviting light, for the normal necessities of your home will utilize the first two rates, then, through the use of additional 'comfort' lighting you can place further service, used for any purpose, on the low rate basis—4c per kilowatt-hour, or 3c where service is also used for heating or cooking.

"This new plan makes electric service so inexpensive, especially when you have an electric range, water heater or refrigerator, that truly you'll not notice the addition of this extra lighting to your bill—but you will appreciate the spirit of fellowship that good light engenders.

"Next week I'll explain other electrical conveniences that you can enjoy at extreme low cost."

## The Philathea Class Organized

The girls in Mrs. A. J. Brooks' Sunday School Class of the Baptist Church organized "The Philathea Class" and began work under that name October 28, 1930. "Philathea" means lovers of truth and we hope to live up to our name. The purpose of the class is to enlist new members and to teach those who do not know the principals of Christianity.

The following officers were elected:

- President—Hazel Wilson.
- First Vice President—Bertha Carman.
- Second Vice President—Lillian Paxton.
- Third Vice President—Budora Bradley.
- Secretary—Vera Thomas.
- Treasurer—Irene Roberts.
- Reporter—Mary Emma Whiteaker.
- Choister—Mae Free.
- Pianist—Fae Free.

On Tuesday night October 28, the Philathea Class met at the Magazine Club Library for a short business meeting and social hour. Everything was decorated with Halloween colors of black and gold. Although it was a wee bit early the old witch was there, and with her broom, too. Many interesting games, stunts and contests were played. One thing that caused quite a lot of fun and amusement was the initiation of the officers. At a late hour chilli, crackers, potato pie and coffee were served to all present.

If you were not in Sunday School last Sunday, "Philatheas" you don't know what you have missed. So be in your place next Sunday. We have a very interesting lesson on "The Value and Perils of Doubt." And if you doubt that the Philatheas arent a peppy bunch, just visit our class and find out what we are doing. All the girls who are in Sunday School are also invited to come and study with us. We insure all a hearty welcome.

### Intermediate Department M. E. Sunday School.

The Intermediate Department of the M. E. Sunday School wishes to announce that pupils who are from 10 to 14 years of age and who are in the sixth and seventh grades, and are not in Sunday school, will receive a hearty welcome in this department. We need you and want you to come and be with us each Sunday at 9:45.

We are ready for the Hilltop Race Contest to start and each captain is urging the members of his class to help them in the climb to the Hilltop. If you are not a member of our department, we would like for you to enlist with us and start climbing to the Hilltop next Sunday.

Our Intermediate Department has three classes of boys and girls, and we are very proud of them. Our teachers for these classes are Mr. D. H. Persons, Mrs. G. E. Davis and Mrs. Frank Williams. Miss Ola Bell Kennedy is our secretary and pianist.

The pupils and teachers in this department have a new leader for their literature, and they are very proud of it. A Gold Fish was held some time ago, and the proceeds of the sale were used for the purpose, but much credit is due Mr. Persons for the work on this party, and we thank him very much for his kindness. The department is indebted to Mrs. G. E. Davis for twenty new Hymn books which we will have for next Sunday. This is a gift to the department from Mrs. Davis, and one of which we are very proud, as we were in need of new books. We hope the pupils

will help us to keep them by looking nice and new, and give the encouragement that we had about our Hymn books.

## THIS IS A GOOD YEAR TO BUILD ECONOMICALLY

## Well-planned improvements more than pay for themselves

- From a strictly dollars-and-cents standpoint, remodeling an old business building or home is a good investment. Permanent, well-planned improvements lower the cost of upkeep, increase the rental value and also the selling price. Often a building that does not find a ready market will sell easily after a few well-designed improvements have been made. In such cases, the increased selling price frequently more than covers the cost of the alterations and improvements.
- Such improvements as refinishing the exterior of a building with a light-tinted stucco, changing the front, building a watertight concrete basement or putting on a fireproof roof will often make an attractive property out of a shabby building.
- If you own an old building, ask your building material dealer, architect or contractor to help you with suggestions for remodeling. This is a good year to make improvements economically.
