FORTY-NINTH YEAR

NEW RELIEF SET-UP EXPLAINED TO LOCAL OFFICIALS AT MEET

Falls Is Scene of Conference Sponsored by State Organization

"WORK RELIEF" TITLE

Card System to Limit Rolls To The Actual Relief Requirements

Relief to receive instructions from the new work relief project, administrator of Haskell county, J. A. Brooks, by Michael Watson, Mrs. Banks and J. E. Clayton at the conference sponsored by the state department in Wichita Tuesday. They were given the outline of the entire relief program for this county.

Particular interest in the new "work relief" card will enable the administrator to properly supervise the work activities. Those unemployed who are actually destitute and physically unable to work, thorough investigation has definitely established relief needs, will be given the opportunity to work and earn up to a limited relief need required. This work card is so designed to limit the payrolls to the relief requirements for each individual employed. Payments not eligible for relief, or of clients in excess of the requirements of the individual family will be approved in Austin. The work card, though simple in design, will permit the definite placement of responsibility and indicate at fault if a client is allowed to draw relief funds more than the budget requirements.

Auditor H. W. Haynie of the Texas Relief Commission and today, after a conference with County Relief Chairman F. M. Johnson of the Haskell County Board, that a thorough study be made of Haskell County problems and the new system of the new set-up here effective April 1st, as Certifying Officer T. L. Donohoo, Administrator.

Auditor Donnell emphasizes this is a relief program, not a work program. Under the CWA, employment was provided to current business wages, as the present relief program only supply relief to the destitute. When the building of roads, house construction or other projects takes the place of the first relief, that of giving relief, the program has gone astray, and expenditures constitute an enormous expenditure of funds according to the terms of the Relief under which relief funds are available.

MEANT TO DEPICT METHODISM'S START IN HASKELL MEETING

The opening part of the Methodist Church 50th anniversary celebration in Haskell will be held on April 6, according to church officers. The program, which will depict the beginning of Methodism, will be staged as a sesqui-centennial feature.

On Sunday July 8, a summer religious meeting will also be inaugurated by the local church, with pastors and presiding elders doing the preaching for the first time. An old-fashioned "dinner on the ground" will be prepared. The meeting will probably run about two weeks.

EMERGENCY CROP LOAN OFFICE IS ESTABLISHED HERE

Headquarters to be Located in Office County Agent; Plan Is Outlined

According to R. H. Maxwell, county agent, he has just received word that his office is to be made the headquarters for the emergency crop loans, and farmers desiring loans should apply to Reynolds Wilson, who will be in charge.

According to the regulations under which the crop loans are to be made this year, any farmer who secures a loan must state that he does not intend to increase his acreage or production in violation of the Agricultural Adjustment Administration program.

In counties where a county production council has not been set up, before any application for a loan will be considered the farmer who is applying will have to give satisfactory evidence that he is co-operating with the production control program of the Agricultural Adjustment Administration.

The maximum amount of an emergency crop loan that may be obtained by any one individual is \$250, the minimum is \$25.

Applications for loans in any amount from \$25 to \$150 may be accepted by the emergency crop loan office provided the farmer does not have sufficient security to obtain a loan elsewhere.

A farmer applying for \$150 or more must first make application to the Production Credit Association for a loan from it. Rejection of this application by the Production Credit Association will be considered sufficient evidence that other credit is not available and the applicant may then make application to the emergency crop loan office.

George York, 10, son of Mr. and Mrs. A. M. York, who resides two and one-half miles south of Haskell, suffered injuries about the face Saturday when he was run over by a truck while attempting to cross a street. Besides several cut places on his face, his nervous system was slightly shocked.

According to bystanders, the truck was moving slowly through the traffic and given no chance to stop before the boy darted towards it. It was stated that the boy was looking backwards and ran into the side of the truck, and was knocked down and run over by a rear wheel.

The young fellow sells Grit, a newspaper, every Saturday while in Haskell.

INCREASED BUSINESS IS NOTED BY HASKELL PRODUCTION CREDIT

An increase in business has been noted by the Haskell Production Credit Association during the past week. Several loans have been closed and approximately fifty more will be closed in the next two weeks, states the local association.

Farmers in this territory are becoming more acquainted with the procedure which is required to close a loan. The Haskell Association is getting splendid cooperation from County Agents and County Clerks in the four counties which are in-

NAMES ARE BEING FILED FOR TRUSTEE ELECTION APRIL 7

Selection of New Board of School Trustees Figured To Be Quiet Affair

CITY HALL IS SCENE

Three New Members Will be Elected; Christian and Arbuckle To Run

With one election, that of the city, just held, another opportunity will be presented Saturday to the voters in Haskell whereby they may express their wishes as to whom shall become members of the local board of school trustees. Although the ticket is, as yet, incomplete, it is known that T. J. Arbuckle and E. I. Christian, present members, have permitted their names to be placed on the ticket. J. W. Gholson, another present member, has declined to serve again.

The name of Marvin H. Post has been mentioned frequently as a possible entrant, as has been a few others who are at present undecided whether they wish to have their names filed or not. The board members elected Saturday will serve for three years.

The election will be held in the City Hall, with George V. Wimbish as presiding officer. Mrs. H. J. Hambleton and Mrs. Fred Akins will act as judges. The polling place will be open from 7 o'clock in the morning until 7 o'clock in the afternoon.

Most of the school trustee elections held here have been quiet affairs, and no indication is given that the one to be held Saturday will be different, unless several more names are filed for positions which would create issues.

COUNTY PRIMARY TEACHERS BANQUET HERE ON MARCH 23

Bryan Dickson, of Childress, Principal Speaker; Work of Miss Ellis Praised

The annual Primary Teachers Banquet of Haskell county was held here Friday night, at the Tonkawa Coffee Shop, with approximately 27 teachers and visitors in attendance. The number was smaller than expected, owing to inclement weather. Bryan Dickson, of Childress, rural supervisor of this district, was principal speaker, and C. B. Breedlove, superintendent of local schools, acted as toastmaster. Mrs. Bert Welsh rendered a vocal solo, while special numbers were given by Misses Catherine Rike and Rosellen Morrison.

Mr. Dickson's subject concerned "The State Educational Program and the Primary Teacher," which touched upon many phases of the work now being undertaken throughout the state. He also complimented the work which has been done in this county and stated that he had no hesitancy in saying that this county ranked among the highest in the district for efficiency. His district embraces 12 counties.

Mr. Breedlove also complimented the work being done in this county and paid high tribute to the manner in which Miss Minnie Ellis, county superintendent, had performed the tasks confronting her in order to bring the county school system to a high level.

Miss Ruthy Fay Miles, president of the organization, acted as chairman of the committee for the banquet. Other members of the committee were: Mrs. Ralph Duncan, chairman of Program, Mrs. Ada Rike, chairman of Decoration and Menu, Mrs. Raymond Bynum, chairman of Finance, Miss Josephine Gardner, chairman of Publication, and Mrs. Nichols.

cluded in this association's territory. Each farmer applying for a loan must first go to the County Clerk and have a record made of all his mortgages which are still of record. They have probably all been paid but have not been taken off the books, and this is necessary before an applicant can apply for production credit. He must have each mortgage released or get a waiver from each mortgage.

HASKELL GIRL CHOSEN AS BEAUTY AT SIMMONS UNIVERSITY CONTEST

Miss Annie Maud Taylor, daughter of Dr. and Mrs. L. P. Taylor of Haskell, has been selected as one of twenty beauties at Simmons University, according to the contest judges, and her picture, with the others, have been sent to Miss Mae West, motion picture actress, who will choose the one she thinks the most beautiful. All of the pictures have also been displayed in the lobby of the Paramount Theatre, at Abilene.

Miss Taylor graduated from Haskell schools in 1932, and while attending won several beauty contests in this section.

J. A. CASSLE TO OPEN NEW GROCERY STORE BY APRIL 14

Formerly Operated Store in Rule for Several Years; Has Cash Store Plan

With the tentative opening date set for Saturday, April 14, work is being rushed on the interior and on the fixtures of the new grocery store to be opened in Haskell by J. A. Cassle, who formerly operated a store in Rule for several years. It will be named the Cashway Grocery, and a full line of groceries will be handled.

According to Mr. Cassle, an entirely new system of handling groceries will be installed. The work is being prepared in a manner which will enable all stock to be kept strictly sanitary.

The new grocery will be located at the southwest corner of the square, in the Tonkawa Hotel building.

Andy Shriver, who has had a wide experience in all lines of grocery work, will be connected with the new Haskell firm.

MODERN SWIMMING POOL TO BE BUILT AT RULE BY MAY 8

RULE, Texas, April 4.—According to Robt. N. Southern of this city, he is now planning a modern swimming pool, with bath-houses, lunch stand and lights, to be located three and one-half miles north of Rule on the location formerly occupied by the Humble pipe line station. Two 75-foot square concrete pools are already available, and while both are only five feet in depth, one will be deepened and lengthened.

Mr. Southern also states that he will add other improvements as quickly as possible.

He expects to have the pool ready for usage by May 8.

NEW AUTO SUPPLY TO BE OPENED HERE IN NEXT FEW DAYS

The installation of fixtures was begun during the fore part of the week by F. L. Taylor, of Wichita Falls, for his new auto supplies store which is to be located in the postoffice building. According to Mr. Taylor he will install the supplies during the next few days, and be ready for business by April 10.

The new Haskell business will be known as the Taylor Motor Sales, and will sell supplies for cars, trucks, and tractors.

Mrs. Taylor is the daughter of Mr. and Mrs. R. D. C. Stephens, of this city.

PRESENT CORPS OF TEACHERS IN HASKELL RETAINED BY BOARD

The election of teachers in the Haskell schools was held Tuesday night, with the entire present corps retained subject to assignments. Mrs. Irene Ballard will continue as principal of the South Ward and Miss Madelin Hunt will perform like duties for the North Ward, as in the past.

George V. Wimbish was reelected principal of the High School at a recent election.

RECORD VOTE CAST IN CITY ELECTION HERE; THURMAN NEW MAYOR

SERVICE CLUB IS ADDRESSED BY DR. WARREN TUESDAY

Evangelist Stresses Aims of Civic Organizations in Christian Angle

Dr. F. M. Warren, pastor of the First Christian Church of Abilene, who is holding a revival here, was the principal speaker at the meeting of the Haskell Service Club Tuesday at noon. The theme of Dr. Warren's talk was the service that is being rendered by the Civic Clubs of today. He said:

"The civic clubs of this country and other countries have come into being to render a very definite and a much-needed and timely service. They have afforded a forum for men of every shade of opinion to come before the business men, professional men and men who lead in agriculture and education who have come together with open minds, unworried by religious prejudice or political bias and to look the great questions of the day squarely in the face.

"They have caused men to take time to get acquainted with one another. Because we have gotten acquainted, we understand each other better and, so, love one another more.

"They have taught us that the big thing in life; the one thing that we are here for as individuals and groups, is to serve our fellow men. (Continued on Page 5)

HASKELL BASEBALL TEAM IS ROUNDING INTO FIT CONDITION

Buford Cox Named As Field Manager Club; Two New Committee Men Named

Two new members were added to the Haskell baseball committee recently in the persons of R. C. Lowe and Eugene Tonn, and are now engaged in assisting the local team prepare for the coming league season.

At the same time Mr. Lowe and Mr. Tonn were added, announcement was also made that Buford Cox, who caught for Longview in the Dixie league last season, had been named field manager, and Elie Thurman captain.

Although the local team has been practicing for several days, the final makeup of the team is still in doubt, with the exception of one of two infield positions. With both Cox and Thurman available for catching duties, the team is assured of experienced talent. The pitching corps is not as yet complete, although Boyd Latham is exhibiting more "stuff" every day. The management is still casting around for additional help on the firing line. The infield has several candidates, but may be reinforced soon with others, who will fit into the lineup better. The outfield is presenting the biggest problem on account of the fact that so many available fly-chasers are on hand. Cecil Treadaway, O'Donnell contribution, is stacking up and almost has one outfield position cinched.

Dick Dulaney Buys Interest In Gin

V. C. (Dick) Dulaney has purchased an interest in the Wair & Watson Gin and will be actively connected with the firm when the ginning season opens this fall.

Mr. Dulaney has been practically raised inside of a cotton gin. His father, the late C. A. Dulaney, was manager of the Haskell Electric Gin from the time it was erected here about 15 years ago, until his death. "Dick" as he is familiarly known by his friends, was associated with his father and acted as manager of the business in 1932, and continued his connection with the firm until the close of the 1933 season.

Mr. Dulaney has a host of friends throughout this section who will be glad to know that he will continue in the gin business here.

Thomas Turnbow.

The marriage of Adele Thomas and Miss Anne Turnbow of the Jossilet community was announced the first of the week. The young couple were married on December 22 in eastern Oklahoma while they were visiting relatives and friends in Arkansas. The announcement came as a surprise to their many friends in the community.

Helen Bagby Circle.

One of the most spiritual and helpful meetings in the history of the Helen Bagby Circle was held on the 10th of the month. The program was given by Mrs. J. I. Reynolds.

Our splendid and efficient Bible teacher, Mrs. Reynolds, taught the 12th and 13th chapters of John. She was assisted by several of the ladies who took parts of chapters and explained or discussed them. Altogether it was a very helpful and uplifting study. Sometimes we then spent some time in discussing how we could best carry on some real missionary work in our own town and community. We were dismissed by sentence prayers by the evien women present.

P. H. Martin Enters Race for Commissioner Prec. No. 4

P. H. Martin of Sagerton makes his formal announcement this week as a candidate for the office of Commissioner of Precinct No. 4, subject to the action of the Democratic primaries. Mr. Martin has been a citizen of Haskell county for the past 25 years and has lived in the precinct for the majority of the time. He is now engaged in the filling station business at Sagerton and has been connected with various business institutions in the county for the past 10 years. He is thoroughly familiar with the needs of the county, as well as Precinct No. 4, and promises if elected to do his best to fill the position with honor to himself and credit to the county. He expects to make a thorough canvass of the precinct in the interest of his candidacy and asks that each and every voter investigate his qualifications before casting their vote in the July primary. He will appreciate your vote and influence.

Miss Minnie Ellis Issues Statement

The following statement has been issued by Miss Minnie Ellis, regarding her candidacy for reelection to the office of County Superintendent of Public Instruction: "I take this means of placing my name before you as a candidate for reelection to the office of County Superintendent of Public Instruction. When you first elected me to this office and again when you expressed approval of my services, I was indeed grateful. I have tried to show my gratitude by a diligent, faithful performance of my duties. In doing this, I have had most hearty approval, and I am glad of the opportunity to thank you publicly for your kindness and to express my sincere appreciation of your assistance. "Due to legislation and economic conditions many changes have come about in the administration of schools. As you well know all business affairs have suffered more or less during the depression. The schools have not been an exception, but with the cooperation of teachers and trustees the rural schools in this county were able to maintain an average term last year and closed without a deficit in any account. In other words the rural schools have operated on a cash basis in spite of the depression, and naturally I feel a pardonable pride in having a part in this accomplishment. This year with increased tax collections and a new Rural Aid Law the majority of the schools will be able to have eight months terms for the first time in the history of their organization, and only two will be forced to close short of seven months. "I have tried to administer the affairs of the office in a courteous, business like manner, and the interpretation of each problem referred

to me has been made according to the law and evidence involved. Personally, I have felt obligated to the children because it is for them the schools are operated, and I have made an honest effort to be true to my trust. "Realizing thoroughly the responsibilities of the office and believing that my training and experience together with a full knowledge of present conditions will enable me to render better service, I solicit your support in the coming election. On account of an educational survey which was authorized by the last Legislature the work in the office will be unusually heavy for the next few months and I may not be able to make a thorough canvass of the county. However, I expect to use every opportunity to see you and to solicit your vote in person, and in the meantime I ask your consideration with the assurance that your vote and influence will be greatly appreciated. MINNIE ELLIS."

Withdraws From the Sheriff's Race

The following communication has been received from Homer Turnbow, an announced candidate for Sheriff: Hohenwald, Tenn., March 29, 1934. To My Many Friends and the People in General of Haskell County, Texas. Greetings: I have decided to make my home back in Lewis county, Tennessee, and take this means of informing my friends and the people of Haskell county, that I am not going to make the race for Sheriff of Haskell county, and am hereby withdrawing from the race. I wish each and all of my opponents the best of luck, and thank each and every one who promised me their support and influence in said election, and hope to see you again some day. I remain yours very truly, HOMER TURNBOW.

THANKS! I want to take this opportunity to thank you for your support and influence, and especially the VOTES that you gave me in the City Election Tuesday. I have worked hard, stayed on the job and have done my best to make a good record while I have been in the office the last two years, and I believe that the experience that I have received will enable me to give you better service for the next two years. Thanking you again, and if I can be of service to you, don't fail to call on me. R. H. (Rufus) BANKS.

TO THE PEOPLE OF HASKELL

I appreciate the nice vote given me and wish to express my sincere thanks to those who would have me as their Mayor. I have no ill will against those who did not favor me as their choice. This is my home as well as yours and our interests are mutual, for that reason I have served Haskell in a public way in various capacities without compensation and my doing so has been to help make it a bigger and better Haskell, for I want to see Haskell grow and I stand for the things that are for the interest of the people. I congratulate the newly elected officials and wish for them peace and harmony throughout their term of office. LEO SOUTHERN.

TO THE VOTERS OF HASKELL

I feel deeply grateful to those of you who cast your vote for me in the election Tuesday. Although not elected, I appreciate the confidence implied by your votes, and hold no ill will toward those who could not support me. WELTON KENNEDY.

GARBO'S HIGHLY PRAISED "QUEEN CHRISTINA" AT TEXAS APRIL 12 AND 13

"Queen Christina," Greta Garbo's first Metro-Goldwyn-Mayer picture in two years, which comes to the Texas Theatre April 12-13, promises to make film history for three reasons: It reunites Garbo with John Gilbert after a screen separation of five years and brings him out of retirement for a triumphal return to pictures. It is the picture that Garbo has wanted to do all her life because Queen Christina of Sweden is her favorite historical character.

Walter Murchison Enters Race For District Attorney

Walter Murchison of this city enters the race this week as a candidate for the office of District Attorney of the 39th Judicial District, composed of Haskell, Throckmorton, Stonewall and Kent counties. In making his announcement for the office, Mr. Murchison issues the following statement regarding his candidacy: "To the Citizens of the 39th Judicial District: I take this method of formally announcing to you my candidacy for the office of District Attorney for the 39th Judicial District of Texas. I make this announcement fully aware of the duties imposed upon the office which I seek from your hands and believing that the practice and training that I have had has been such as has qualified me to capably perform them. I was born and raised in Haskell county where I received my grammar and high school education. Following my graduation I attended the University of Texas at Austin, Texas, and Cumberland University, of Lebanon, Tennessee, at which schools I was engaged in the study of law, graduating with the degree of Bachelor of Law. Following my graduation I took and passed the bar examination and received my license to practice law, it being my peculiar privilege as I have been informed, to be the first man born in Haskell county to practice law in the county. For the last five years I have been engaged in the active practice and I believe that that practice has been sufficient to equip me to perform the duties of the office which I seek. I make but one promise to you and that promise is that if you see fit to elect me I will do everything in my power to make you an efficient and capable district attorney. In doing this I will cooperate with your peace officers, grand jurors, juries and courts in the upholding of the criminal laws of Texas and the respect of the people for these laws, and that I will conscientiously perform every task set before me by the events of my term. With this in mind, I earnestly solicit the support and influence of each of you and I hope to render resources permitting to see each of you before election. Respectfully, WALTER MURCHISON.

RICHARD BARTHELMESS COMING TO TEXAS IN NEW SPECTACULAR FILM

Richard Barthelmess' newest picture for First National, "Massacre" which will be shown on the screen of the Texas Theatre for the first time next Saturday, April 7, is said to be the most pretentious production in which the star has appeared for many years. The picture, which deals with the American Indian of today and his conflict with modern civilization, combines picturesque and colorful spectacles with dynamic drama and a unique romance. Barthelmess has the role of a Sioux brave who has been educated at Haskell. Stunned in the ways of the white man and ignorant of the conditions of his own people, he begins his career as a circus rider and wins the plaudits of white girls for daredevilry. He is lionized by a wealthy society girl who is seeking new and unusual thrills.

Marvin Gholson and Garland Foster, students in Simmons University at Abilene, spent the Easter holidays with the former's parents, Mr. and Mrs. J. W. Gholson.

Mr. and Mrs. H. K. Henry, Mrs. Roy A. Sanders and Mrs. Wm. G. Porgy were in Abilene Saturday.

Withdraws From Commissioner's Race in Prec. 1

To the Voters of Precinct One: This will advise that I will not continue further in the race for Commissioner of Precinct One. In my withdrawal I do so without any personal feelings against any one, nor am I actuated by a fear of defeat should I continue in the race. My withdrawal is based on following facts and conditions. First, Precinct One has one-half or more of the population of Haskell county with approximately five hundred miles of lateral roads to build and maintain. At least one-half these roads are in deep sand, requiring two or three times as much time and expense as hard roads, making it impossible for any Commissioner to take care of the road building and maintaining with the present equipment. To meet the demands of the critics and the uninformed it would be necessary for your Commissioner to buy from \$7,000 to \$10,000 worth of road equipment. Due to the fact that only 72 per cent of the 1933 taxes were paid, to buy this equipment it would be necessary for your Commissioner to issue 6 per cent interest warrants for the amount mentioned above against the road and bridge fund of Precinct One, payable over a period of years. This I not only hesitate but refuse to do. In my private business it has been my policy to pay as I go—no pay, no go—and I feel I should be even more careful in loosening the taxpayers' purse strings than my own. It is my intention to hand this office over to the incoming Commissioner without one single warrant outstanding drawn during my administration. With all due respect to the C. W. A. it has put a lot of extra work and added responsibility on the Commissioner. With this additional work I find to do my duty to all concerned the Commissioner's job is not a part time job any more. To give my entire time to this office would mean a neglect of my private business which would in the end incur financial loss to me greater than the compensation received from my services in the office. In my withdrawal from the race, I wish to thank my friends for their support and co-operation and for the many favors extended me. I heartily ask for a continuance of your co-operation the remainder of my present term of office. I have

To The Voters Of Haskell

I wish to take this opportunity to thank the people of Haskell for the vote cast on Tuesday in favor of the continuance of Sunday shows. It meant much to me and I appreciate each vote cast in its favor. I hold no grudge against any of you who cast your vote against the Sunday shows. It was your right to do so if you desired. It was your duty if you thought it best for the city of Haskell.

In thanking you I promise that I will do my best to show my appreciation for your vote by bringing to you the best shows that I can obtain. I will not at any time run my shows in conflict with any of the regular church services and I will endeavor to exhibit the cleanest shows possible.

It is my business to please the people of Haskell. The success of the show business here depends upon it entirely and if any of you should have at any time a complaint or suggestion to make as to the shows brought to Haskell I will appreciate it if you will bring that complaint to me. I will endeavor to correct any fault which you see, and give every suggestion the fullest consideration.

Respectfully,

Server Leon

Men who come into these organizations with the purpose that is selfish and grasping will not stay within the ranks. He discovers an atmosphere that is not congenial to one of his type and eliminates himself.

"They have started men's minds very definitely in the direction of the spiritual rather than to be absorbed in and dominated by the material. Great thinkers, in the business and professional world; in the world of industry and commerce are coming to see that the background and basis of all good government is spiritual and not secular."

Roger Babson, in conversation with the President of the Republic of Buenos Ayres, S. A., was discussing the vast differences between the people and the conditions of that country and the people and conditions of North America. Mr. Babson asked his friend to tell him the reason for the great advantages which we enjoy on this North American continent. The great statesman replied: "The people who settled South America came looking for gold, while those who settled North America came looking for God." The answer is significant.

"Mr. Edison, when asked by Mrs. Babson what would be the next great step in the material progress of this nation said: 'Babson, I am not very religious. But, I am pretty sure that God will not allow us to make any more progress materially until we catch up spiritually.'"

There were 46 members and visitors present. The out of town guests were E. B. Harris, editor of the Rule Review, E. H. Trolinger, Tulsa, Okla., and Dr. Morris of Ft. Worth.

Roosevelt Is Protecting Nation Says Henry Ford

DETROIT. — Following his announcement of restoration of the \$5 a day minimum in his plants, Henry Ford said that "President Roosevelt is stopping a good many harmful things that otherwise would be put over on the people." Predicting industrial and commercial conditions "will continue to improve throughout 1934," Mr. Ford warned against "get rich schemes, whether they come from the stock market, the politicians, or the so-called labor leaders" and continued:

"I believe the bankers cannot put anything more over on the American people, at least not in this generation. In the last year the American people have learned so much about the bankers that they are no longer afraid of them. In the present condition of the country, a good many harmful things would be put over on the people if the President did not stop them. Most of those things come into collision with President Roosevelt. He stops them."

CLUB WOMEN TO ENTER EXHIBITS AT ALBANY DAIRY SHOW

Haskell County Home Demonstration Club Women are preparing a cheese exhibit for the Dairy show to be held in Albany April 13, 14, 15. All entries are to be sent or carried by Friday April 13, at 10 a. m. No entry charge will be made. The entries must bear the name of the product, name of individual, club and county. An individual entry may consist of the following:

American cheese, 3 pounds, with a thin layer of paraffin.

Cottage Cheese, 1 pound, in pint glazed carton and salt to taste.

Farm butter, 1 pound in rectangular mould, wrapped in waxed paper and in plain carton.

Sweet Milk, 1 quart, which is whole milk, and exhibited in bottle with standard caps.

Market Cream, 1 pint, which is whipping cream and must be in pint bottle.

A new feature is added this year which will be a judging demonstration. Any regularly enrolled Home Demonstration Club member or farm woman is eligible to enter and compete in the contest. The name of the contestant must be sent in to Miss Fleda Harrison, County Home Demonstration Agent, Albany, Texas, on or before April 7. The contest will be held at the Educational Building Saturday April 14 at 2 o'clock p. m., by the judges of the Dairy Department. The judges will be from College Station and Washington, D. C.

Several teams have been enrolled from Haskell county to compete in this judging demonstration. Large entries from this county are to be sent.

Cottage Cheese

Take a pan of skim milk of good flavor that preferably has just clabbered, and with a long knife, cut through the clabber several times to form ice cubes. Set pan of clabber in a larger pan of water hot enough to barely hold the hand in. Stir clabber occasionally so as to keep uniform temperature throughout.

Test milk with tip of finger when lukewarm, or about 98 degrees, set out of water as it will toughen cheese to go to a higher temperature than that. When clabber breaks up into small particles and whey is clear, it should be put through a cheese cloth. Drain until it is dry, then for each pound of cheese, add 3 or 4 tablespoons of sweet or sour cream. Mix thoroughly with cheese, salt to flavor if desired. Keep in cool place until it is ready to serve.

Making American Cheese on the Farm

It is best to use morning's milk of high quality.

Put milk in a straight sided vessel such as a lard can or wash boiler and bring to 80 degrees.

Five gallons of milk will make a very nice sized cheese.

For 5 gallons of milk, use 1-2 of a color tablet and 1-2 of a No. 2 rennet tablet. Dissolve these in a half cup of water each and add to the milk after it has been brought to 80 degrees. Mix the rennet and color thoroughly with the milk.

After rennet and color have been added to the milk and mixed in, allow the milk to stand undisturbed until a fine curd has formed. This generally takes from 25 to 30 minutes.

After the curd is firm, cut both ways across the vessel with a long knife into 1-2 inch strips and break up into 1-2 inch cubes with a wire egg beater by stirring slowly with the beater.

Allow the curd to stand from 5 to 10 minutes until whey begins to separate quite freely.

Place on a low fire and heat slowly (2 degrees, for each 5 minutes) until 100 degrees is reached. It should take from 30 to 40 minutes for heating.

Stir slowly all the time during the heating period.

Hold the curd in whey at 100 degrees until it becomes quite firm and rubbery; this will take from 45 minutes to one hour. Stir occasionally while holding.

When the curd has become sufficiently firm, drain off the whey and keep the curd stirred to prevent its matting together. This should continue until the curd is quite dry.

Salt the curd at the rate of one ounce of salt to each 3 pounds of curd and allow the salt time to dissolve. Then the curd is ready for the press.

A cheese mold can be made from a syrup bucket or lard can. Line the mold with cheese cloth. A lever over the mold will serve for pressure by using about 50 lbs. weight on a 6 foot lever.

The curd should be kept in the press from 8 to 12 hours. Then removed and placed in a clean, cool place to dry on the outside. Turn same over every day two or three times while it is on the drying shelf.

As soon as the cheese is dry on the outside, three or four days after taking it from the press, it should be paraffined. Heat the paraffin to 220 or 230 degrees and roll the sides

Howard

Sunday school was well attended at all these churches Sunday morning. Bro. McMillan filled his regular appointment at the Methodist church both morning and evening. There were large crowds at each service.

The Methodist Revival which was scheduled to start Thursday night before the fourth Sunday in August has been changed to Thursday night before the second Sunday in August, so that Rev. Carter of Haskell can assist with the meeting. Every one keep this date in mind.

Mr. and Mrs. Jim Cox and children spent Saturday night with Mr. and Mrs. Tom Wiley and family of Stamford.

Mr. and Mrs. Kreeger of Curry Chapel took dinner with Rev. and Mrs. Hammer Sunday. They also attended Sunday School and church services here Sunday morning.

Miss Patton spent the week end in Abilene visiting home folks.

Mr. and Mrs. Herber Crump and Bobby Huckaby of Brownwood are visiting with Mr. and Mrs. Henry Crump.

Messrs. Jay Cox, Jim Cox and Clyde McMahan made a business trip to Merkel last Wednesday.

Miss King spent the week end visiting relatives in Dallas.

Mr. and Mrs. Irmie Stephens and son Harold Brantley, of California, are visiting with the latter's brother and family, Mr. and Mrs. Henry Crump.

Mrs. Jim Cox and daughter, Virginia Mae, visited with their mother and grandmother, Mrs. Montgomery of Haskell, last Thursday.

Mr. and Mrs. H. E. Stevens and little sons visited relatives in Weatherford over the week end.

Mr. Henry Estes of Goree, Texas, visited in the M. D. McCrary home Sunday.

Mr. and Mrs. Paris gave a lovely dinner Sunday honoring Miss Bernice Keel on her birthday. Those enjoying the occasion and wishing Miss Keel many happy returns of the day were: Messrs. and Mesdames Irmie Stephens and son Harold Brantley of California, Neely Summers and baby daughter of near Stamford, Aubrey Patton of Haskell, Charley Bathrop and children of Weaver, Melvin Josselot and baby of Pleasant Valley, Herbert Crump of Brownwood, Henry Crump and son Leon, Wiley Keel and son, and Mrs. Keel of near Haskell. Mr. Hershel Crump of Haskell, Bobby Huckaby of Brownwood, Miss Bertha Fogal, and the host and hostess.

Mrs. George Weaver and children of Anson spent the week end with their parents and grandparents, Mr. and Mrs. W. L. Cox.

Mr. and Mrs. Bud McCrary and daughter of Albany spent Sunday and Sunday night with the former's parents, Mr. and Mrs. M. D. McCrary.

The party given in the home of Mr. and Mrs. D. Tidwell was enjoyed by all present.

Several from this community attended the rabbit drive at Cobb last week.

Mr. and Mrs. Terrell and children of Haskell and Rev. McMillan took dinner with Mr. and Mrs. Frank Elmore Sunday.

The Primary and Intermediate grades of the Howard school enjoyed an Easter Egg hunt last Friday afternoon.

Mr. and Mrs. Bill Griffin and Mr. and Mrs. Ben Livengood and children attended the Jones County Singing Convention at Anson Sunday.

Little Jackie Gilliland, son of Mr. and Mrs. Belle Gilliland, is real sick with the flu. We hope for him a speedy recovery.

An Easter dinner was given in the home of Mr. and Mrs. Jim Cox Sunday. Those enjoying the affair were: Mr. and Mrs. Tom Wiley and children of Stamford, Mrs. George Weaver and children of Anson, Mr. and Mrs. W. L. Cox, Mr. and Mrs. M. D. McCrary and children, Jay Cox and Zella Green.

Mr. and Mrs. W. L. Cox spent Sunday night and Monday in Stamford with their daughter and family, Mr. and Mrs. Tom Wiley.

Everyone remember the East Side Singing Convention meets at the Howard Baptist Church next Sunday afternoon at two o'clock. Come and bring someone with you. Next Sunday is Baptist preaching day. Everyone come.

of the cheese and dip the ends into the paraffin. The paraffin must be hot to prevent too thick a coat from remaining on the cheese. A thin coat is to be preferred to a thick, scaly one.

After the cheese is paraffined it should be stored three or four weeks for curing, and a temperature around 60 degrees is the most desirable.

We do not recommend making cheese on the farm in the summer because curing temperatures are not often available.

terrace in his spare time during the year. If there is no legitimate use for these strips within the terms of the contract, they may be left bare during the growing season and sowed down to small grains in early fall to prevent winter blowing, he adds.

A simple way of fitting the contracted acres to the terraced strips is to first measure the total length of the terrace line. Multiply this by the average width of the strip to be left out along the terrace, say at least 30 feet. Divide the sum thus obtained by 43,560 (square feet in one acre) and you have the acres taken out by the terraced strips. If the farmer desires to take out more land than this he may increase the average width of strips to suit. If these strips take out more land from production than he has contracted or can spare, he may plant on enough of the terraced strips to get the desired result.

I might be better for the world if European statesmen would accept fewer peace plans 'in principle' and accept just one in fact.

ELIMINATE LEGAL RED TAPE

Attorney General Homer Cummings has asked members of the Bar Associations throughout the country to join him in an effort to have the making of rules governing court room procedure taken from the legislative branches of government and turned over to the judiciary. This, in essence, was understood to mean taking the courts out of politics.

"Surely," he said, "rules of court can be applied with less rigidity than statutory provisions."

It is, in effect, the same shift of authority accomplished by England in 1873, and "it has been functioning with success ever since," he added.

"The English administration of justice is rightly renowned," he continued. "Legal writers attribute no small share of its celerity and success to the fact that practice and procedure are regulated by rules prescribed by a rules committee consisting of eight judges and four lawyers."

A similar arrangement would doubtless work well in this country. Court procedures should be simplified in all states and steps should be taken to eliminate red tape.

Attorney General Cummings' proposals should be supported by the members of the bar, and also by other citizens, anyone of whom may be injured at some time by unnecessary legal delays or by other technicalities in court room procedure.

WHITE COLLAR JOBS

Boys should be thought to think less of fitting themselves for "white collar" jobs, says Prof. F. G. Nichols, of Harvard, who points out the greater opportunities for promotion in industry than in clerical pursuits.

The young man who starts at the bottom in a factory often soon outdistances one who begins, say, as a bookkeeper. The idea is that while the clerk or bookkeeper may have a white collar job from the very first, the ambitious and intelligent industrial worker has a better chance to rise to an executive position, so that when he does reach the white collar job it means something worth while.

Advice along a similar line is given by President Thatcher of the Massachusetts Agricultural College, who defends vocational schools against the reproach sometimes leveled against them by the classical student. He says that "the idea is erroneous that vocational schools are undignified because they work with materials near at hand and not with a knowledge of things that are ancient and far off."

GRADING FARM PRODUCTS

No farmer would expect to sell at a good price a barrel filled with onions, cucumbers, turnips and potatoes all mixed together. It is almost as foolish to expect to get the best market price for a barrel of a single product in which all sorts are dumped without regard to size, color or cleanliness.

By neglecting to properly grade their produce, many farmers must sell it for less than might be obtained for the same stuff by exercising a little care in preparing it for market. In discussing this important phase of marketing an expert says:

"Quality and uniformity in grains, fruit, cotton, potatoes, dairy and poultry products command a premium from the buyer. A crate of large clean eggs of uniform color will bring more in a central market than one in which small, dirty, many colored eggs are included. Dirty potatoes of mixed sizes sell poorly alongside of clean ones that have been graded."

A USEFUL INVENTION

From Paris comes news of an invention which should be hailed with enthusiasm by the motoring public. It is an automatic jack to be operated from the instrument board of the automobile.

In case of a flat tire the driver may raise the wheel by simply pressing a button. Each wheel is supplied with a jack in the form of a steel cylinder fitted with a double telescopic piston. When not in use the lower end of the jack is drawn up level with the axle, so as not to reduce the road clearance.

The advantages of having a car equipped with such a device would be greater than its mere convenience of operation. The jack would be there when it was needed. Thieves could not steal it, and neighbors could not borrow it.

We stated in a news story last week that the "nephew" of R. A. Crowell, C. G. Crowell, was now working at the local jewelry firm. We were wrong—he is a cousin. We've already made our peace with C. G.

Dan Kirkpatrick was recently asked for his card by the proprietor of Ely's Cafe, so that it could be placed on the mirror with other announcements, but Dan had to refuse, and used a few choice words in so doing. The said proprietor thereupon wrote the following (quoting Dan's reply) and stuck it up: "Vote for Dan Kirkpatrick for Sheriff; Too Darn Poor to Buy Cards." Now all of you who believe Dan used "darn" please stand on your heads!

INK SPOTS—W. L. Surber and C. G. Crowell are brave men! They were among the first to blossom out in new straw kellys. . . . The eligible Haskell bachelor lost his pillow. . . . One Haskell shoe salesman reports that he sold more small shoe sizes to ladies this Easter than in years. So what? . . . Manley Branch hastily changed the subject when we intimated that the postoffice floor needed sweeping. . . . Everybody fooled us April Fool's Day by not pulling any jokes on us. . . . The marble boards must be all right. For the expenditure of one coin, at least one dozen people take part. Cheap entertainment, say weuns. . . . As a warning, don't try to go back into the Candy Kitchen's kitchen! The young lady guard means what she says when she says "keep out!" We know! . . . Oh, sure. The darn sand would have to take part when the March winds really began to blow. We just couldn't keep our eyes open. . . . Some of the ladies were prompt to admit they were only 21 Tuesday when voting in the city election. . . . We're still trying to figure out whether there were more collectors on the street Monday than candidates for office. . . . Anyway business is getting much better or there wouldn't have been so many collectors. . . . Mike Watson showed us a piece of poetry that we hope to print sometime if Lon Pate will kindly set it up. Printers always did hate to set poetry and we hate to read proof on it.

NEW Air-Cooled ELECTROLUX THE SERVEL Gas REFRIGERATOR

It is our sincere belief that the New Air-Cooled GAS Refrigerator has more to offer you than any other refrigerator. It costs less to run, because a tiny gas flame circulates a simple refrigerant. Ordinary air from your kitchen cools it. It is perfectly silent because it has no machinery, motors or other parts to wear. Only the GAS Refrigerator can offer you all these advantages.

Electrolux offers you many other conveniences in addition to these big advantages . . . the trays that release at the trip of a trigger . . . split shelves to accommodate large bottles and roasts . . . temperature regulator that speeds freezing and defrosts without stopping . . . and many other modern features that the busy housewife wants.

For Country Homes, Too
The Gas Refrigerator operates in the country also, with STARGAS. Ask about it for farms and camps.

The only low-priced car with fully-enclosed Knee-Action Wheels and what a difference that makes in performance and dependability Simple as a Shock Absorber! Chevrolet's "fully-enclosed" Knee-Action is in reality a gigantic "shock absorber," built solidly on to Chevrolet's big, heavy frame, with the front wheel anchored to the "shock absorber" arm. The result: When the front wheel comes in contact with a bump or hole, it rises or falls to absorb the shock. In a Chevrolet, you not only get the gliding ride at its best, you also get several other Knee-Action advantages not found in any other low-priced car! Admittedly these "fully-enclosed" Knee-Action wheels are more expensive to produce than other types. But Chevrolet feels that the extra satisfaction thus assured for Chevrolet owners is well worth the extra manufacturing cost. CHEVROLET MOTOR COMPANY, DETROIT, MICH. CHEVROLET for 1934 Drive it only 5 miles and you'll never be satisfied with any other low-priced car.

R. V. Robertson Store Closed Monday Morning

The R. V. Robertson dry goods store failed to open its doors for business Monday morning and it is understood that the stock of merchandise has been turned over to the creditors for adjustment.

The Robertson store is one of the oldest business institutions of the city and the closing of its doors will be keenly regretted by its many friends and patrons.
