Wallace H. Cox, of Jones, Cox & Co. Haskell business firm, departed Monday for Chicago on a visit to the plant of the International Harvester Co.

Mr. Cox will return by the way of Lima, Ohio, where he will secure a new school bus recently purchased for use by the Haskell high school. He will drive the bus to Haskell from Lima.

Visit Southwestern Gift Show

Mr. and Mrs. Claiborne Payne, Mrs. J. P. Payne and daughter Mary Beth, left Wednesday for Dallas, where Mr. and Mrs. Payne will attend the first annual Southwestern Gift Show and purchase the holiday line of gift merchandise for Payne Drug Co. Mr. Payne states that this is the first show of its kind in the Southwest, and will attract buyers from this section the opportunity of viewing first hand the exhibits of manufacturers and importers who serve the entire United States.

Kinney Funeral Home in Haskell Being Renovated

Work of renovating the interior of the building which houses the Kinney Funeral Home is well under way this week, according to J. H. Kinney, and when the work is completed, the establishment will be one of the most modern and convenient in West Texas, both in appointments and fixtures, he states. Several hundred dollars worth of new equipment has just been installed, including new, modern fixtures throughout in the embalming room, Mr. Kinney says, and no expense was spared in getting the best.

In addition to the interior of the building, the exterior will be given a new coat of paint, and other repairs made. A large two-car garage has been constructed in the rear of the building, where an ambulance and funeral coach will be housed.

BRAZOS CONTROL BILL TO PRESIDENT

A favorable recommendation on the \$30,000,000 flood control and irrigation project on the Brazos River of Texas has been made to Harry L. Hopkins, works progress administrator, to President Roosevelt, according to Senator Sheppard.

The program, which contemplates construction of thirteen flood control dams, includes the installation of two dams in Haskell county, one to be placed in the northeast section with Stonewall county, and the other in the southeast in connection with Throckmorton and Shackelford counties.

Sheppard said the President might pass on the application within a few days and it then would be sent to the Comptroller's office, where action might be expected in about two weeks.

SCANT CHANGE IS MADE IN NEW LOANS

No material change in the details of the 1935 loan procedure from that used in 1934 will be effected with the exception of the amount of the loan, according to information secured by County Agent B. W. Chesser from the Commodity Credit administration through the State Allotment Board.

Loans of ten cents will be made on low-middling seven-eighths inch or better and nine cents on low middling or better less than seven-eighths inch to producers agreeing to cooperate in 1936 adjustment program, the letter also mentioned. All loans will be without recourse to the borrower.

Interest rates prevailing in 1934 will also be maintained on the new loans without charge.

Forms are expected to be sent to county agents, loan agencies and banks this week.

Knox Co. Singing Convention Will be Held Gore Sept. 22

The Knox County Singing Convention will be held in Gore, Sunday afternoon September 22, beginning at 2:30 p. m. A number of out of county singers are expected to be in attendance and those who have charge of the program extend a cordial invitation to Haskell county people to attend.

Lee Stodghill is visiting his uncle Fred Osborne of Dallas this week.

Fighting Band of Haskell Warriors Beats Rule Bobcats by Score of 21-0

Flashing an offense that bodes no good for other teams in district 6-B, region two this year, and a line which, (though having a few new members who were slightly nervous members (the fore part of the fray) looked "good," the 1935 edition of Haskell Indians defeated the Rule Bobcats here Friday night by a score of 21 to 0 in the first game of the season.

Penalties kept the score down in all probability as the tribe was in close to Rule's last line at least twice and then held at bay by a snarling, yet gallant band of Bobcats. Haskell lost at least 65 yards on penalties.

Haskell chalked touchdowns in the second and fourth quarters.

After being denied "blood" in the opening stanza, the Indians came back quickly in the second quarter by scoring on a pass from Jack to John Kimbrough from close to Rule's 30-yard line, after several plunges and end skirts had been made near midfield.

Dr. J. C. Davis Goes to Austin

Dr. J. C. Davis, representative of this district in the state Legislature left for Austin last Saturday to attend the special called session.

The present call session promises to be a busy one as the question of control and regulation of liquor, since the repeal of the prohibition laws will take first place on the legislative calendar. Another problem which will probably face the lawmakers at this session will be laws and means to handle Old Age pensions recently approved by the voters of Texas.

September Term District Court To Open Monday Heavy Docket Prospect

COTTON GRADES NEED WATCHING

Cotton Over Average Grade and Staple Should Get A Premium, Agent Claims

Haskell county cotton growers should obtain as high a price as they possibly can from local buyers according to the grade and staple of the cotton they have for sale, instead of expecting the government to bring the price up to 12 cents for them regardless of their local selling price, County Agent B. W. Chesser pointed out Wednesday.

Under the present loan and price adjustment plan, cotton producers are in a position to bargain, Mr. Chesser said. They have an opportunity to get the benefit of the premiums which are due them on the better grades and longer staple lengths of cotton. Such producers will lose if they sell this cotton for the price paid for middling 7-8 inch cotton in the belief the price adjustment plan will take care of them. Under the present price adjustment plan the growers will receive the difference between the average price at the 10-spot markets on the day they sell their cotton and 12 cents a pound on lint on excess of their Bankhead allotment.

For example, the average price for middling 7-8 inch cotton in the 10-spot markets on Aug. 30 was 10.53 cents a pound. If a producer sold on that day, the government will pay him a difference of 1.47 cents a pound. He would receive this payment of 1.47 cents a pound even if he sold premium cotton on Aug. 30 which brought him 12 cents a pound or more.

On Aug. 30 white cotton of strict middling grade and one-inch in staple length was bringing 100 points more than white middling 7-8 inch at New Orleans and 105 points more at Houston and Galveston.

Therefore, the producer of better than middling grades and longer than 7-8 inch staple length cotton who sold on Aug. 30 should receive, including adjustment payments, more than 12 cents for his cotton. The present plan is an improvement on the loan programs of the last two years, Mr. Chesser said, because those programs made no provision for the producer of premium cotton. This program enables him to benefit because of his better product.

Producers are urged to carefully follow the prices paid at the 10 daily spot markets, not only for 7-8 inch middling cotton but for premiums paid on grade and staple for better than 7-8 inch middling.

DOVE SEASON TO BE OPEN SATURDAY

New Federal Law Sets Sun-up "Zero Hour"; Birds May be Hard to Bag

Haskell hunters may have to use their eyes better in the hunting of doves this year than in previous years if they wish to bag their limit. Although plentiful in certain sections, doves are "where you find them."

The season will officially open, according to federal law, next Saturday morning at sun-up or 6:21 a. m. Formerly hunters were allowed to take the field on the first day of September.

Very little, if any, out-of-season shooting of doves has occurred, many local hunters believe.

In fields where sunflowers have been, or abandoned oat fields, where a larger number of doves have been observed this season.

While the first federal regulations held that shooting should be only between the hours of 7 a. m. and 4:30 p. m., this was later modified so that hunting is now permitted from sun-up to sunset.

This modification will give opportunities for tank shooting, a favorite form for early and late day hunting.

Contrary to many rumors, the three cartridge rule applies to dove hunting as well as duck hunting. The rule permits in pump and automatic shotguns, only one cartridge in the barrel and two in the magazine.

For this reason, the double barrel gun is expected to come back into its own as the favorite of hunters. During the past two years, the two shot gun has lost favor to the multiple shot pumps and automatics.

Judge Dennis P. Ratliff Will Occupy Bench; Grand Jury Faces Many Problems

38 New Cases Filed

With a heavy docket in prospect, the September term of district court will open here Monday morning with Judge Dennis P. Ratliff on the bench.

The occasion will mark the debut of Ratliff as a district judge in Haskell county in a regularly scheduled term since his appointment to the place during the fore part of the summer by Gov. Alfred, who had previously appointed the former judge, Clyde Grissom, to the Court of Civil Appeals.

The Grand Jury will convene Monday morning, and it is expected that the members of the body will be faced with a large number of charges, several of them concerning liquor law violations.

RECIPES AND MENUS

By Department of Home Economics
Texas State College for Women
(CSEA)

DENTON, Texas. — The use of bran, coarse cereal and graham in breads modifies the color, makes an interesting texture, and varies the flavor. The added bulk is highly valuable in the dietary because it stimulates the process of digestion by giving the digestive tract needed exercise. The addition of dried fruits and nuts to coarse breads imparts richness and interest.

Breakfast: Sliced oranges, omelet, bran breakfast sticks, apple jelly, coffee.

Luncheon: Toasted whole wheat bread and broiled oyster sandwiches, fruit salad, tea.

Dinner: Boullion, baked fish, bread stuffing, buttered peas, french fried potatoes, bread and butter, cucumber and tomato salad, lemon ice, white cake.

Breakfast: Grapefruit, falston, cream and sugar, bran doughnuts, coffee.

Dinner: Tomato juice cocktail, roast beef, buttered carrots, creamed spinach lettuce salad, oatmeal potato rolls, ice cream, chocolate cake.

Supper: Corn and green lima bean chowder, prune bread, tea.

Bran Breakfast Sticks: Mix and sift one cup whole wheat flour, 1-4 teaspoon salt, 4 tablespoons sugar and 4 teaspoons baking powder. Mix in one cup bran. Beat one egg and mix with 1-4 cup milk; add 2 tablespoons melted fat. Add liquid mixture to dry ingredients and stir until the dry ingredients are just moistened. Fill greased breadstick pans two-thirds full and bake in a hot oven at 400 degrees F. about 20 minutes. One-fourth coconut may be added with the bran.

Whole Wheat or Graham Bread: Dissolve one yeast cake and four tablespoons sugar in 2 cups scalded milk cooled to lukewarm. Brown

Methodist Missionary Society.

On last Monday Sept. 16th, the Woman's Missionary Society met in the auditorium of the church. In the absence of Mrs. F. T. Sanders, Mrs. H. M. Smith was director. Mrs. O. E. Patterson presided at the organ and a very fine program of old Methodist Hymns was rendered. This was followed by Scripture reading, in unison, after which all joined in singing "Come Thou Fount."
Mrs. J. U. Fields, giving the devotional, now took charge. Song, "I Love to Tell the Story" was sung. This was followed with a prayer by Mrs. Sowell. As the Scripture lesson, Mrs. Fields chose the 13th chapter of 1st Corinthians, the 3rd verse of which was chosen by John Wesley as the text for his first sermon in America.
Mrs. Fields made her talk very interesting, by the vivid description of her recent trip to St. Simons Island. This island lies off the coast of Georgia and is connected with the mainland by a causeway. It is one of the three "Golden Isles of Gaule". St. Simons claim to fame lies in the fact that on this spot John and Charles Wesley landed, on their first visit to America. Christ's Church now stands on this historic spot. Lack of space forbids the telling, in detail, of the many interesting facts connected with this island, but the members who were absent certainly missed a rare treat. At the conclusion of the devotional, Mrs. Smith took charge and conducted the "Current Events" feature of the program. Our Missionary Society is made up of wide-awake women who are intensely interested in the

happenings of the day. All joined heartily in this part of the program and the reporter hopes that the discussion of "Current Events" will be a permanent feature of each program. Mrs. Smith led the prayer of dismissal, which was concluded by the reciting in unison of the Lord's Prayer.
Mrs. Robt. Harrison is director for next Monday afternoon and will have been informed that a very interesting program is being prepared. Be on hand at 3 P. M. sharp. Reporter.
Mr. and Mrs. Earnest Adams and little son Fred, of Tuleo, Miss, visited Mr. and Mrs. L. B. Watson last week.

The meeting closed with all repeating the Lord's Prayer.
There was much enthusiasm manifested as each secretary gave her part on the program. It makes us feel assured of a happy and more prosperous year of work than before. We believe that those women who do not attend would get a blessing from each meeting if they will come and meet with us. We need you. Reporter.

Midway Home Demonstration Club News.

The Midway Home Demonstration Club met Tuesday Sept. 17 at the club house.
After a short business meeting, at which time Mrs. Date Anderson gave the council report, the chairman turned the meeting over to Miss Peggy Taylor, Home Demonstration Agent. Miss Taylor discussed Adequate Storage Space for Foods, Meats and Vegetables, and the arrangement of the pantry. The things that are easiest to keep such as fruits, fruit juices, tomatoes and tomato juice should be placed on the top shelves of the pantry, then the preserves, jam, pickles, vegetables, etc., on the middle shelves, and the vegetables and meats which require cooler temperatures on the bottom shelves, stated Miss Taylor in her discussion.

Those present were: Miss Peggy Taylor, Home Demonstration Agent, Mesdames Charlie Childress, Verdine Oates, Virgil Bailey, Date Anderson, Paul Frierson, Bill Lees, Hansford Harris, Jesse Smith. A new member, Mrs. Reynolds Wilson, and Misses Blanche and Willie Belle Frierson.

Helen Bagby Circle.

Mrs. Jim Bailey was hostess to the Helen Bagby Circle Monday evening in her beautiful and hospitable home. Meeting opened by singing "Tis So Sweet to Trust in Jesus," followed with prayer by Mrs. Taylor. A beautiful and inspiring devotional was given by Mrs. Gilstrap, reading James 1st chapter and 17th verse, impressing us that every good gift and every perfect gift is from above and cometh down from the Father of light. Our efficient teacher, Mrs. Reynolds, taught a very interesting

Bible lesson from John, 17th chapter. Group captains were then chosen to enlist more ladies for our Bible lessons this coming year, and we really mean to work and study, and learn more about the Bible and make our lessons more interesting and have more ladies join us in this great work, and with captains like Mesdames John Couch and Cates we are expecting great things. We also planned to make our church a visiting church and will go visit the jail each month and have a religious service and carry good literature. Also work among the colored people and teach them a Bible lesson each month and ask all ladies of the Baptist church to join us and work for the time is soon coming when our work on earth will be done and we will then give an account of our wasted time on earth. Eleven ladies were dismissed with prayer by Mrs. DeBard. We will meet at the church next Monday evening.

Woman's Missionary Society of the First Christian Church

We are following this year the theme "Seeking Living Treasure." The devotional theme for the year is "Seek and Ye Shall Find."
July and August program were given to preparation of Seekers for a successful treasure search.
Mrs. Bailey Post was hostess and Mrs. Geo. Morrison leader for the August program.
Mrs. Henry Post gave an interesting book review on "The Jew and the World Ferment."
Mrs. Riley Pitman presented the subject "Men and Women of Far Horizons."
In September Miss May Fields was leader with Mrs. R. B. Fields as hostess.
"Our Changing America" was discussed by Mrs. W. A. Duncan. "Home Missions Still a Pioneer Field," Mrs. Farris Morrison.
Mrs. Tom Pinkerton presented a dramatization of Cooperative Work in Home Missions.
The social hour in each home was full of practical suggestions for our work.
The happy hour being concluded with appropriate refreshments.

Ruth Bible Class Entertain Husbands.

The Ruth Bible Class entertained their husbands with a picnic supper at the church Friday night. A picnic supper of fried chicken, beans, potato salad, pickles, ginger bread with whipped cream and coffee was served to 32 guests, after which games were played. A good time was had by all.

Sagerton

We are having very pleasant autumn weather after the past rainy spell.

Many have planted fall gardens, and much work is being done.

The school is progressing nicely, with a very good attendance.

Those that united with the Baptist Church here during the meeting last month, were baptized Sunday evening by Rev. W. Kirk, who also preached Sunday evening here.

A building committee has been appointed by the Baptist people, for building arrangements of their new church here. This is something needed, and all the community should help in this good cause, for much is to be done.

Miss Joe Frances Heathington, who has been attending A. C. C. of Abilene, will teach the Vernon school east of town, for the term of 1935-36.

Miss Heathington was reared in Sagerton, and her classmates and friends wish her success. The many friends and old classmates from Sagerton, extend their hearty congratulations to J. C. Davis, Jr., who is now a member of the law firm in Haskell. J. C. spent his childhood days here, and shall always be remembered.

In honor of Mrs. Clyde Busby, a miscellaneous shower was given Monday evening here at the home of Mrs. D. B. Webber. Many friends attended, bringing useful and needed things.

With Seal Bros. Circus Here Tuesday

The Matsomoto Troupe of Balancing Artists

Seal Bros. Big Three Ring Wild Animal Circus will exhibit at Haskell, Tuesday, Sept. 24, and will give two performances at 2 and 8 p. m. Doors will open one hour earlier in order that everyone may have ample time to inspect the mammoth free menagerie, where you will see almost every kind of an animal from the animal kingdom. There are lions, leopards, tigers, pumas, hyenas, camels, bears, ocelots, yaks, zebras, wild buffalo, giraffes, birds of paradise from the tropics, elephants and America's most beautiful horses. The animal zoo is worth traveling miles to see and in fact is nothing less than a

traveling university of natural history.

As a prelude to the circus proper a beautiful Spectacular Pageant is presented whereby every member of the circus takes part in a gorgeous professional fiesta of Old Spain which is entitled Sunny Madrid. This is headed by its beautiful prima donna, Senorita Delores Gomez, Mexico's most celebrated dancer, who is assisted by twenty dancing girls and boys from the country of music and flowers.

The wild animal displays are presented by Capt. Ben Bowman, Fred Anderson and Floyd Hunter. The Horse Fair of Kentucky, gaited High School and Dancing Horses are presented by Miss Laura Seal and a dozen lady riders. There are twenty-five clowns to furnish the fun and drive away the blues.

A few of the featured performers are as follows: The Flying Henrys, the Aerial Delmars, the famous Matsomoto Family of Japanese artists, the first time in America, Miss Peggy Webb who is the Queen of the Air and is the original Girl on the Flying Trapeze. The Corriell Family of acrobats and tumblers, the Driesbeck Sisters, Germany's greatest lady riders and equestriennes.

Prepares Yard for Centennial Beautification Contest

As a contestant in the Centennial Farm and Home Beautification Contest Mrs. R. P. Barnard of the O'Brien Home Demonstration Club has sodded her yard with Bermuda grass. Mrs. Barnard levelled the lawn and had the soil well fertilized before the grass roots were planted. The roots were then planted in furrows eighteen inches apart with one bunch of bermuda grass every 12 inches.

All lawns should be sodded now for there is excellent season in the ground and the plants will be well rooted before spring.

Mock Olives Easily Prepared
By H. D. Club Member

Mock olives were made by brining large yellow plums in a ten per cent brine solution for eleven days, states Mrs. Paul Josslet, cooperater in the Josslet Home Demonstration club. The plums were then removed from the brine and canned in vinegar. They are very much like olives, except for being darker in color.

W. J. Kendrick had his nephew and wife and sister of Roby, Texas, to visit him this week.

Check Up On Cows, Advice of Agent To Dairymen

According to cow testing records with feed at present prices, it will cost about \$40.00 per year to feed the average dairy cow, according to statistics as compiled by the State Extension Service. This includes pasturage, roughage, and grain mixtures.

The average cow will produce about 175 pounds of fat. With butter fat at 20 cents the average cow will lose \$5.00 per year. With butter fat at 30 cents the 175 pound cow makes only \$12.50 per year above feed, nothing allowed for labor and other expenses.

The cow that produces 300 lbs. of butter fat per year will return \$10.00 above cost of feed with butter fat at 20 cents per pound. With butter fat at 30 cents per pound the 300 pound cow will result profit of \$40.00 above feed cost.

With milk and cream at present prices every dairymen should test and cull his herd. After the maximum increase has been secured by rigid culling any further increase in production per cow is only possible through breeding animals possessing a higher inherited producing ability. This can be done by the use of better bulls.

Kitchen Kinks

A Saving All Round
When boiling eggs for potato salad, cook them in the same kettle with the potatoes, taking them out after about ten minutes' cooking. This saves gas and dishwashing. Wash the potatoes well and boil them with the skins on.

Poached Eggs
Poach eggs in gently boiling salted water, to which a few drops of vinegar have been added. This prevents the eggs from spreading so much.

Thinning It Out
When using a prepared salad dressing, thin it out by adding about one third as much evaporated milk as dressing.

Neutralizing the Taste
When vegetables or meat are too salty, the addition of a little sugar will neutralize the taste.

Easily Removed
When using paraffin wax to seal anything, a piece of string put into the wax before it sets makes a handle to pull gently to help remove the wax when desired.

Discarded Rubber Gloves
When rubber gloves become torn and unfit for use, cut off the fingers before discarding them. These, slipped over the finger tips when paring fruits or vegetables, prevent them from becoming stained and unsightly.

Bread for Sandwiches
When making sandwiches, if bread is too fresh to slice easily, place it in the refrigerator to get thoroughly cold. This hardens it enough to make thin slicing easy.

A Woodwork Cleaner
Apply a little ordinary floor wax to woodwork around drawer pulls and cupboard handles and it restores the luster lost by many washings, and saves many future washings.

CITATION BY PUBLICATION

THE STATE OF TEXAS.
To the Sheriff or any Constable of Haskell County—Greeting:

You are hereby commanded, that you summon, by making publication of this Citation in some newspaper published in the county of Haskell, if there be a newspaper published therein, but if not, then in a newspaper published in the nearest county to said Haskell county, for four consecutive weeks previous to the return day hereof, E. L. Mercer, whose residence is unknown, to be and appear before the Hon. District Court, of Haskell County, Texas, at the next regular term thereof to be holden in the County of Haskell at the Court House thereof, in Haskell, Texas, on the fourth Monday in September, A. D. 1935, same being the 23rd day of September, 1935, then and there to answer a Petition filed in said Court, on the 17th day of August A. D. 1935, in a suit numbered on the Docket of said Court No. 4563, wherein Lucy Mercer is plaintiff, and E. L. Mercer is defendant. The nature of the plaintiffs demand being as follows, to-wit:

Plaintiff sues defendant for a divorce on the grounds that the defendant on the _____ day of January, 1915, without any cause or provocation whatsoever, voluntarily left and abandoned this plaintiff, with the intention of finally separating and living apart from her, and has so continued to do up to the date of filing of said petition heretofore referred to; that the plaintiff and defendant own no community property; that no children have been born as a result of this union. Plaintiff prays for a judgment for divorce, dissolving the marriage between plaintiff and defendant, for restoration of her maiden name, to-wit: Lucy Bowman, for costs of suit, general relief, etc.

Herein fail not, and have you before said Court, on the said first day of the next term thereof, this writ, with your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Haskell, Texas, this, the 17th day of August, A. D. 1935.

HENRY-LESSON RADCLIFFE

Annual Sunday School Lesson for September 22, 1933

Golden Text: "Blessed is the man that endureth temptation; for when he hath been approved, he shall receive the crown of life which the Lord promised to them that love him."—James 1:12.

(Lesson Text: James 1:1-17)

We study this week the epistle of James, which some think was probably the earliest epistle written. The author is generally accepted to have been James, the brother of Jesus, the Jewish leader of the early Christian church in Jerusalem.

There are four men, apparently, by the name of James referred to in the New Testament. First, James, the son of Zebedee, who with his brother, John, and Peter were the three chief members of the inner circle of disciples who followed Jesus. Another was also an apostle, referred to as the son of Alphaeus. Then, there was James the Little, the adjective probably referring to his physical stature. The fourth, the subject of our lesson, was James the brother of Jesus.

James was undoubtedly a worthy man but his relationship to our Lord probably helped him reach the lofty position he occupied in the early church. From boyhood he had been closely associated with Jesus and formed one of the earliest groups of believers following the crucifixion. "No doubt James sat by Jesus at his teacher's feet in the town school," says H. C. G. Moulle. "He had roved with him on the hills; he had watched with him the plowmen and the sowers; and the oxen of the threshing floor; he had worked beside him, very likely, at the bench; Joseph's apprentice at first, then, possibly, the helper of his reputed father to be the very stay of the widowhood of his mother."

In the stirring events which followed the Crucifixion and Resurrection of Jesus, James was identified. It is recorded in 1 Cor. 15:7 that Jesus "was seen of James." Later, according to Gal. 1:19 Paul had an interview with him. Acts 12:17 tells how Peter, after his escape from prison gave instructions that information be carried to James. This James soon became recognized as the head of the Jerusalem church. "Though not one of the twelve," says Phillip Schaff, "he enjoyed, owing to his relationship to our Lord, and his commanding piety, almost apostolic authority, especially in Judea and among the Jewish converts."

So, we find James in this authoritative position when the question arose whether the new Gentile members should submit to the Mosaic law. Paul and Barnabas were sent from Antioch to the Jerusalem church to see if some decision could be reached. "The problem was to save both the liberty of the gospel and the authority of the Scriptures," says J. M. Stifler. "Antioch stood for the former, the teachers who came down from Jerusalem for the latter. "God's spirit harmonized the two." "If these teachers from Judea had been victorious," says C. Campbell Morgan, "then through

Graham Lays Plans for Young County Fair on Oct. 1-5

GRAHAM, Sept. 18. — A West Texas-wide amateur tournament will feature the entertainment program of the thirteenth annual Young County Fair in Graham Oct. 1-5.

Among the other attractions will be horse races, cowboy exhibitions and a new aggregation of midway attractions, according to G. O. Cozart, fair association president. The agricultural, livestock, poultry and women's work exhibit departments will be full of high quality displays. Persons interested in entering the competition in any of the divisions will be furnished a premium list on application, Mr. Cozart says.

Any person or group in West Texas not of professional rating in the entertainment vocation, who sings, dances, plays instrumental music or has any other sort of entertainment talent are eligible to enter the amateur contests, officials of the fair announce. No entry fee will be charged and cash prizes will be awarded the winners.

The first three evenings of the fair will be devoted to the preliminaries in the contests and the three winners on each of these programs will be given cash awards. The last two nights will be the finals and those who are judged the winners on these programs will receive additional prizes and will be presented on radio programs on at least two well-known Texas radio stations.

All interested in participating in the contest should communicate with the secretary of the Young County Fair, not later than Saturday, Sept. 23.

Sarah Ann's Cooking Class

Fish is a delicious food and nowhere is good cooking more important than in fish dishes. It is a valuable article of diet because it contains proteins and a goodly supply of minerals and vitamins. In one or more of its various forms, fresh, canned, frosted, salted or smoked, it is available the year round in all parts of the country.

Codfish Souffle
1-2 cup rice.
2 cups milk.
2 egg yolks.
1-2 cup salt codfish.
2 egg whites, stiffly beaten.
Dash pepper.
Wash rice. Add to the milk in a double boiler and cook about 10 minutes. Then add the egg yolks, shortening, codfish and pepper to the rice and blend. Fold in the beaten egg whites and turn into a greased baking dish and bake in an oven 350 degrees for 10 to 45 minutes. Garnish with parsley and serve with egg sauce.

Tuna and Salmon Casserole
1 can of white tuna and 1 of excellent red salmon drained of oil, shredded with a fork and mixed together.
Cream sauce flavored with salt, pepper, cayenne, paprika, 1 tablespoon catsup, 1 teaspoon mustard, 1 teaspoon lemon juice, 1/2 teaspoon Worcestershire and 2 teaspoons of sherry.
In a buttered casserole arrange first a layer of fish, then a layer of cream sauce, then a layer of bread crumbs. Keep repeating until dish is filled. Cover top evenly with buttered bread crumbs. Dust with grated Parmesan cheese. Bake 25 minutes in a hot oven.

Creamed Finnan Haddie
1 cup flaked Finnan Haddie.
1 cup cream sauce.
1 hard boiled egg, chopped.
1 tablespoon chopped green pepper.
Grated cheese.
Paprika.
Toast points.
Soak the Finnan Haddie in milk to cover for 1 hour, then simmer until tender. Separate into flakes. Parboil the green pepper and chop. Add the fish, pepper and pieces of hard boiled egg to the cream sauce and heat. Serve on toast points. Sprinkle with paprika and grated cheese.
Serve with potatoes and a hot bread.

Scrambled Eggs, Tomatoes and Fish
1 teaspoon salt.
6 eggs.
4 tablespoons milk.
1-4 cup tomato pulp.
3-4 cup flaked cooked fish.
Paprika.
1 teaspoon salt.
Melt fat and add the eggs which have been slightly beaten with the milk. Cook very slowly and when the egg begins to thicken add the tomato, fish, salt and paprika. Cook slowly until eggs are done.

Baked Fillets
1-1/2 lbs. fillets of fish.
1-2 cup evaporated milk.
1 teaspoon salt.
4 tablespoons butter.
Fine bread crumbs.
Add salt to the milk. Dip fillets in the milk and then in crumbs. Put in a greased shallow pan and dot with bits of butter. Bake in a moderate oven 15 to 20 minutes. Serve with parsley, potatoes and tartar sauce.

Salmon and Biscuits
Salmon in a light cream sauce, well seasoned, served between halves of buttered hot baking powder biscuits make a fish day luncheon memorable. Serve with fruit salad and cream cheese. Sprinkle with nutmeats.

Halibut With Shrimp Sauce
Have 2 halibut steaks cut 1-2 inch thick. Dip in fine corn meal and season with salt and pepper. Put a little salad oil in a frying pan, when heated put in fish and cook until golden brown. Serve with shrimp sauce.

While Baking Apples
Sit the apples in three or four places before baking, and the skins do not wrinkle while in the oven.

For Bad Feeling

Due to Constipation
Get rid of constipation by taking Black-Draught as soon as you notice that bowel activity has slowed up or you begin to feel sluggish. Thousands prefer Black-Draught for the refreshing relief it has brought them. Mrs. Ray Mullins, of Lafayette, writes: "My husband and I both take Theodor's Black-Draught and find it splendid for constipation, biliousness, and the disagreeable, aching, tired feeling that comes from this condition." With reference to Syrup of Black-Draught, which this mother gives her children, she says: "They like the taste and it gave such good results."

COOPERATIVE ADVERTISING

Many merchants, some of them in Haskell, are accustomed to think of advertising as a means of taking business from competitors instead of looking upon it as a proper method of stimulating sales of the commodities advertised. This is being illustrated forcefully in many national campaigns, where manufacturers of certain things have banded themselves into a national association for the purpose, not of fighting the other man's product, but of selling the consumer the machine that both make.

The same idea should apply to local advertising. Merchants who advertise in the Free Press do not necessarily compete for a minimum amount of business, which one must take from the other. Rather, it is true that their up-to-date advertising will create an impression through out our shopping area and much business will come in—enough to give all worthwhile business a share.

LEAVING A BAD TASTE

E. I. Doheny is dead, leaving behind him another picturesque chapter in that famous American story, "From Rags to Riches." This man, who set out from his Wisconsin home upwards of 60 years ago possessed of nothing except energy and ambition, made himself one of the world's great masters of capital and showed once more what can be done in America by one whose acquisitive instinct is properly developed. Yet his story is not one which Americans will enjoy reading. He will be remembered because of the oil scandals. He will have his place in the history books, but it won't be the sort of place a sensitive man would care to fill. There used to be a saying, "The king can do no wrong." A certain kind of American capitalist seems to feel that a rich man enjoys the same privilege. Doheny will go down in history as a representative of that kind of capitalist.

SOURCE OF USEFUL TAXATION

The American Institute of Architects has put forward a sound idea by suggesting that a system of state taxation on billboards be set up. Such a scheme would have two advantages. First of all, it would provide a lucrative new source of revenue—and there isn't a state in the Union which would not welcome such a thing. Secondly, and more important, it would provide the state with some means of control over one of the great public nuisances of the day. There is a place for billboards, of course; but that place is not the spot which most of them occupy. They spoil mile after mile of our country highways and render ugly the approaches to our cities and towns. It is utterly absurd to say that the state has no right to assume control over them. A taxation system which would make possible the abatement of this nuisance would be an excellent thing from the standpoint of public interest.

DO YOUR TRADING AT HOME

The commercial growth of a community depends largely upon the extent of the stocks kept by its merchants. People do not come to a town to buy what the merchants do not sell. No merchant can enlarge his stocks until there is a demand for the goods. Merchandise bought from peddlers fails to create any demand. Every local citizen should buy everything at home that is possible. Dollars sent away by money orders, or checks, seldom get back to home circulation. The carpenter who buys his tools by mail seldom thinks that a better business for the hardware merchant might mean more building activity. Every man and woman, working for a living in Haskell, depends upon the money kept at home for payday prosperity.

OFFENSIVE AGAINST SIN

General Evangeline Booth, of the Salvation Army, has issued a manifesto to the members of her organization in ninety countries declaring a new offensive against sin throughout the world. It may be interesting to readers of the Free Press to have a list of the sins that General Booth thinks should be wiped out. Here they are: greed, hypocrisy, immorality, gambling, blasphemy, malice, hatred, murders, thefts, cants, jealousy, cowardice, fashion, pride, conceit, selfishness and lying.

MILLIONS FOR SPORTS

The American people will enjoy the benefit of more than \$100,000,000 for parks, playgrounds, golf courses, baseball fields, tennis courts and other sport projects. It is estimated that the Works Progress Administration will allot that much money during the remainder of this year for the construction of such projects. Swimming pools get the greater part of the division of this money, followed by parks, and playgrounds. These are followed, although with less money, by athletic fields and golf courses. The expenditure of this money, which will provide for the athletic diversion of millions of citizens, should improve the physical health of many Americans. Money spent like this cannot be considered as having been altogether wasted.

Roger W. Babson, the economic writer, says that there is no use talking about the up-turn, because it has already come.

-CURRENT COMMENT-

SPECIAL SESSION

(The Dallas Morning News)

The first called session of the Forty-Fourth Texas Legislature embarked on stormy seas at noon Monday. The members know that they must expect sharp criticism from antagonistic forces, whatever they do. Their plight calls for sympathy. Texas should grant the Legislature what measure of co-operation it can and understand in advance that little can be done in regard to liquor laws, salary scale and tax provisions for old-age pensions without compromise.

The most bitter battles will rage, of course, around the method of legalizing liquor sale. The Legislature can get far in this controversial question, if it will keep good faith with the people of the State who in repealing prohibition voted against the open saloon. Nicties of discussion as to what is an open saloon may appeal to the ultra-wet who would rely on technicality to serve his ends. The saloon is like obscene literature and art. Everybody has a definite idea in his own mind what it is and wants no technical decision to permit the particular thing he has in mind from obtaining the sanction of the courts. Yet the Legislature must steer a course between hard and mild liquor men, between package and drink systems, between persons who want "high-class" restaurants to sell liquor by the drink but do not want "joints" to have the same privilege, between advocates of State dispensing and those of private sale. Liquor legislation has more than one Scylla and one Charybdis to avoid in its difficult voyage.

Texas hopes devoutly that liquor sale can be kept from political control. Yet with the example of other States before it, it is doubtful whether it can avoid that unpleasant aspect of legalization.

Less heat but equal differences in thought attach to most of the other amendment problems before this session. There is sound common sense in Senator Redditt's proposal regarding salaries, under the new amendment which ends the fee systems in large counties and permits it to be ended in others. He would fix maximum salaries and allow the County Commissioners to set the amounts within this limit. This may not prove a permanent solution but it offers a temporary one which can be replaced later.

School Sunday morning at 10 o'clock. Everybody invited to come. Miss Elvia Couch of Powell spent Saturday and Sunday with Miss Loria Keel.

E. P. Childress visited in Goree last week-end.

Mr. T. A. and Thurman Rhoads made a trip to Glen Rose Saturday. We are glad to report Mrs. T. F. Parks home from the sanitarium and doing nicely.

Jim Marion went to Oklahoma Sunday.

Mr. and Mrs. Sammie Jeter of Throckmorton spent Sunday with Mr. and Mrs. S. B. Jeter and attended church here. We invite them to come again.

Mrs. B. F. Collins of Weiner is spending the week with her daughter, Mrs. L. W. Hill.

Tackle Saves Man
PORTLAND, Ore.—D. H. Lawrence slipped 100 feet down the side of a mountain that he was climbing with Dan O'Brien. He was about to fall over a 50-foot ledge when O'Brien made a flying dive and a perfect football tackle to save him.

Looks like we're never going to be completely rid of unemployment, but then we always did have a lot of men who would rather sit around and watch others work.

Tried and True--

Before a man can qualify to be a private in an army, he must be able to pass some rigid tests.

Many men are not accepted.

They cannot qualify.

Before those who are taken on trial can be promoted, they must have proven their merits.

In examining recruits for aviation and other specialized forms of service, most thorough and exacting tests are required. Some of those who have tried have proven true.

These principles apply to advertising. Tests are made. Some have tried mimeographed circulars and found them fallen by the wayside. Others have tried folders. These go to the wastebasket. Others have proven that the newspaper—an invited guest in the home—is given most reader consideration. STILL OTHERS have tried and found true a specialized combination of direct mail and newspaper advertising.

May we help you work out a campaign of action to help you gain your own particular objectives?

Indians Scalp Rule Cats 21 to 0

FIRST GAME OF SEASON
DRAWS LARGE CROWD

The Indians scalped the Bobcats 21 to 0 last Friday night. Although Rule played hard and tried to win, Haskell outplayed them throughout the game. The Bobcats did not live up to their name Friday night because the Indians played the best. We are just as proud of our line as we are our backfield. Barnett was specially noticed because of the long pass he caught, since that was his first real game. The line was good for so many new members to be on it. Jack and John Kimbrough made the touchdowns, Jack two with one for John. Coaches Richey and Mason are promising a hard workout for the boys during the next two weeks.

Unusually Large Number '36 Seniors

This year's Senior Class is one of the largest in quite a few years. There is also an unusually large number of new students. Members of the Senior Class are:

Norman Anderson, Frank Baldwin, Helen Ballard, Robert Barnett, Anne Ruth Bates, Arimitta Bland, Helen Bland, Durwood Boggs, Anita Brooks, Clara Belle Brooks, Caribelle Buford, Tom Clifton, Joy Cobb, R. C. Couch, Jr., Blanche Davis, George W. Fouts, Geraldine Fouts, Gladys Fouts, Fred Gilliam, Bonnie Mae Gregory, Allene Hallmark, Lemis Hallmark, Martha Head, Ouida Holmesly, Sue Hood, Juanita Jenkins, Leo Jenkins, Ralph Johnson, Ruth Josslet, Jack Kimbrough, Lois Laird, Joe McElroy, S. A. Moser, Geraldine Norris, Rex Packwood, Maggie Lee Piland, Mattie Pistole, Ashborn Reese, Bill Reeves, Gayle Roberts, Eugene Rose, Harvey Simmons, Anabel Stanton, Wallace Stark, Edna Tidwell, Christine Tucker, Saralee Walling, Mary Welsh, Ruth Welsh, Bill West, Robert Wheatley, Burch Willis, Albert Williams, Irene Willis.

Coach

W. L. RICHEY
 Coach W. L. Richey came to Haskell in 1920, and the following year began playing football for Haskell High School. Later, he went to Brownwood where he received his Bachelor of Arts Degree from Howland Payne College. In 1929 he returned to Haskell and started teaching Science and Math to young Haskellites, but he is best known as our football coach. During the past six years he has coached teams that have won 34 games, lost only 10, and tied 2. For conference games played, 24 were won, 10 lost, and 1 tied. And, added to his unusual record is the way the Indians beat the visitors from Rule last Friday night.

F. F. A.

The Future Farmers of America met last Wednesday night, Sept. 11, 1935, to organize and elect officers. The officers elected are as follows:
 President—Artie Pippen.
 Vice-President—Virgil Meadors.
 Secretary—James R. Akina.
 Treasurer—Albert Barnett.
 Reporter—R. C. Couch.
 Farm Watch Dog—John Kimbrough.

High School P. T. A.

On Thursday, September 12, at 4:20 the Executive Council of the Haskell High School Parent-Teachers Association met in the High School auditorium, with the president, Mrs. J. B. Post, presiding. Reports were made from the different committees. The council decided to appoint a historian and a parliamentarian. The public is invited to attend a teacher's reception which is being planned by all three local associations. The reception will be given September 19, on the High School lawn.

This Week's Warwhoop "Chief"

Since coming to Haskell in January, 1928, Mr. D. H. Persons, manager of the Brazelton Lumber Company, who is this week's Warwhoop "Chief," has made many friends among the students, in whose activities he is sincerely interested.

Mr. Persons, the present secretary of the School Board, is active in all the civic affairs of Haskell, for in addition to his serving on the school board for five years he has been a member of the Lions Club, the Masonic Lodge, and a director of the Central West Texas Fair. Mr. Persons has won the esteem of many of the boys in Haskell while serving as Boy Scout Master of Troop 36 for the past seven years.

Mr. Persons is a graduate of A. & M. College where he lettered on the Aggie football team. He still maintains his football spirit as is evidenced by his loyal support of our local teams.

Mrs. Persons also is active in local affairs of every nature. At the present she is president of the North Ward Parent Teachers Association

MR. D. H. PERSONS and their only child, Ruby Sue, is a sophomore in Haskell High School.

Seniors of '34 Going to School

Haskell is boastful of the large number of students attending various schools over the state. Seniors of '34 who are attending school this year are:

Milam Reeves, Kathleen Crawford, Cecil Reeves, Texas Tech.
 C. B. Breedlove, Emma Kate Richey, McMurray.
 Ralph Bernard, Lois Mapes, Hardin-Simmons.
 Sue Kinney, Sul Ross.
 Sue Couch, State University.
 Dorothy Lewellen and Theda Maples, training for nurse in Scott and White Sanitarium at Temple.
 Lowell Thomason, Denton.

Miss Riley Joins High School Faculty

Approximately 280 students are enrolled in High School this year. Since this is about 45 more students this year than it was a year ago, it has necessitated the adding of a new teacher. Miss Riley has been removed from the South Ward to High School, where she will teach Spanish and first year history. Miss Vick, who has been teaching Spanish and English, has been assigned full time English. The vacancy caused by the removal of Miss Riley is being filled by Miss Clara Welsh of Breckenridge. Miss Welsh has an A. B. degree from Hardin-Simmons University.

All for a Nickle

At each football game the members of the Gypsy Ramblers Club have printed lists of the line-ups of each team. These programs are sold to the public at five cents each. We urge everyone to buy of our wares, for this money goes to the Club fund, which is always spent to make our school nicer.

FOUND—In grandstand Friday night, short brown flannel coat. Owner please call at Mr. Wimbish's office for coat.

Former Student Receives Degree In Nursing

On August 27, 1935, Alpha Le Claire, a 1930 graduate of Haskell High School, received her degree in nursing at Stamford. After graduating from the Haskell Schools Miss LeClaire attended the State Teachers College at Denton for a year. She then entered the Stamford Nursing School and after four years training received her degree and is now Hall Supervisor at the Texarkana Hospital.

Recent Changes In High School

Due to the extra large number of students in High School this year, considerable changes have been made pertaining to rooms, teachers, etc. The first change occurred Friday afternoon when classes were halted for the students to make needed changes in their schedules. A new teacher was secured, being Miss Riley, who was at the beginning of the term elected to be a teacher in the South Ward grade school. She will teach Spanish I and II and also History I. We are glad to have her and the entire student body gives her a hearty welcome.

An extra room was necessary and to meet this need the partition in the northeast corner of the auditorium was closed and the room numbered nine.

But the change that was liked best by the majority was that the new schedule arranged things so we can get out at 3:15 instead of 4:00 o'clock. The only students who objected to this plan were the second-year Home Economics Class who have their class the seventh and eighth period. We can't blame them, though, because we'd be just like them, wouldn't we? However, no schedule could be arranged to get them out early, so they'll be good sports and take it. The other students will remember them.

The First Pep Squad Meeting

Chatter! Chatter! Buzz! Buzz! Who do you want for leaders? What type of suit do you want? Who are you going with? Were some of the questions heard Thursday afternoon at the first pep-squad meeting for the year. Mrs. Wimbish called the meeting to order and explained the purpose, to elect the leaders and discuss different types for the new suits. Then Miss Vick took charge of the election of officers. After a few minutes discussion between members, the house was open for nominations. There were four nominees, but Annabelle Stanton and Anita Jo Simmons were elected almost unanimously. Therefore, they are the new leaders for the season. We are proud of them and know they will do their best. The type of suits was not discussed very much, as they wanted more time to think about the style and also to talk to their parents. A move was made and seconded that we adjourn until Friday afternoon.

Other Pep Squad Activities

A pep-squad meeting was held on the High School campus Friday afternoon for the purpose of practicing yells for the game Friday night. Annabelle and Anita Jo (our leaders) had ten or twelve "peppy" yells for them to practice, and also some of their favorite songs. They all left determined to do plenty of rootin' for the Indian at the game. Then came the game Friday night. The squad was really full of pep and raring to do their part. They were all there on time (if not early), organized and ready to start at the beginning of the game. As our custom, the song "Indians Fight" was sung, accompanied by Mr. Mencham, who the boys were ready for the kick-off. As the game progressed, the squad became "peppier" and was really a happy bunch when the game ended.

Assistant Coach

PERRY MASON
 Assistant Coach Perry Mason attended High School in Hillsboro, and later finished Junior College there. He received his Bachelor of Arts Degree from Abilene Christian College, having majored in history. He is now teaching history in the Haskell High School. While in High School, he played football four years, and two years in Junior College and two years in A. C. C. have added to his record on the gridiron. He is still rooting for his team, but now as a coach for the Haskell Indians.

HIGHER STANDARDS

Are being demanded by industry from Graduates of high schools and colleges as the procession of time rolls along. This fact should be realized by both teacher and student everywhere.

As with schools and colleges, higher standards of perfection are being exacted by users of Automobiles. The makers of "Chevrolet" realize this and are making an automobile that will satisfy and please the most exacting car owner.

First-Day Experiences of Freshmen

(As admitted by themselves in their first themes.)
 "The first big fear, registration day, was past. But falling in line with the upper classmen still remained."
 "Someone asked me what grade I was in and I told them. They said, 'fresh, eh?' That made me very aggravated but I had to endure it."
 "The weather was cloudy and quite cool, but the morning was sunny for me. I was going to High School."
 "I was not used to high school, and I will admit that I was a little scared."
 "I didn't know there would be so many in the hall when we change classes."
 "The next lesson was English. I got mixed up and went in Room Seven but I was supposed to go to Room Six. I found Room Six after awhile."

Looney Conversation

Ernest Mc: Beverly, how old are you?
 Beverly: I'm old enough to walk.
 It isn't necessary for you to carry me.
 Mary Eleanor: Jerry, do you go with Tom?
 Jerry Conner: No, Tom goes with me.
 Bill Reeves: Bob, how many will your car hold?
 Bob W.: It depends on whether they ride one, two, or three deep.
 Geraldine N.: George, do you peep through keyholes?
 George: No, I just walk in.
 Anita Jo: Elsie, what's your definition of love?
 Elsie: Love is something you can think about, but can't do anything about.

Rule Rural Routes Are Consolidated

The three rural routes out of Rule were consolidated Monday into two routes to be known as one and two. The mail will be carried by Ernest Lewis and Chas. Davis. F. E. Hines has been transferred to McCauley and will be in charge of a rural route there.

The Warhoop

(Continued from Page Seven)

"I found out you can always get information from students that have been in high school longer than you."

"There were so many, in fact, that I soon decided that the upper classmen could not possibly single me out and laugh at my mistakes."

"My stomach felt like it had turned over and dropped to my feet."

"In the hall I got in one of the biggest jams I ever was in."

"Then came noon and of course came dinner, and I think I needed something to take all of that scaredness out of me."

"Seeing some of my old classmates quieted my nerves a little."

"I got my rooms mixed up, and it seemed like an hour until I found my English class."

"The older students surely treated us nice by showing us where our rooms were."

"I do not believe I ever saw so many students in one hall. There were tall ones, short ones, fat ones and thin ones, all hurrying to and from classes."

"Next year when the Freshmen come to high school I am going to help them all I can, for I know how I would have thanked someone if they had helped me this year."

"I hope all my days in high school will be as pleasant as my first day."

Squab, the Bottle Boy

There is one thing that football players must have in order to play good football. The above thing is H₂O, to chemistry students, and water to anyone else. This necessary element is provided for, and carried to the players by Archie Lee Jones, commonly known as "Squab."

Yes, Squab is the new water boy, and a good one, too. Friday night he was always on hand, and ready to provide the thirsty players with the needed water. Well, here's to our water boy, may he take the successive steps which lead to football glory. May it be added that many of the players were starting their first game, and boy! oh, boy! were they excited. Squab was new as a water boy, and he was almost as excited as the players. He almost forgot the water once or twice, but he got it out there and that's what counts.

For the benefit of those of you who do not know Squab, and are wondering as to the significance of the peculiar name, I will gratify your curiosity by stating that the name seems to suit Squab very well, as he will at first sight remind you of a squab pigeon, due to his size and fuzzy hair.

Personals

We are glad to have Beverly Gilbert with us again, who spent the entire summer in California.

Emma Kate Richey from Lubbock has been visiting friends and relatives the past week.

J. D. Tidwell and James Cassie were among the many other Abileneans here for the football game Friday night.

Mr. and Mrs. Richey made a trip to Breckenridge on business Saturday.

Mr. Breedlove was in Fort Worth Saturday morning on details of the P. W. A. project. He is hoping to close all proceedings with the government so that further plans may be made for the new building.

Here and There

And speaking of all the new things we have around the campus this fall, have you noticed our new class bell? Mr. Wimbish says he is very proud of it, as it is the only one of its kind he's ever seen. But it looks like a piece of an old car wheel to me. Bet he's been to some junk heap.

Lost last Monday morning early, in room nine, a Spanish I class. Most regretably the student losing this class did not discover his unfortunate loss until the sixth period when it was then too late to recover it. Just another hectic experience of last Monday.

Didn't you feel relieved when you learned that all those extra seats would not have to be left in room 7 and room 3? Those against the radiator might not have proved so comfortable—and in some of the front ones the students were going to have to look backwards to see the teacher.

The creation of Room 9 in the rear of the study hall, along with the added services of Miss Riley, helps greatly to relieve the congested conditions in our class rooms.

We regret to say that Artie Pippen's name was omitted from the football programs sold at the game Friday night. We will try to keep such an unfortunate thing from happening again.

Class-Room Classics

From Kaigler's Studio

"The more you use your brain, the more brain you will have to use."—George A. Dorsey. "A man who watches the clock generally remains one of the hands."—Thomas A. Edison.

The high school Dramatic Club lost only two seniors last year—with all others back in class. Added to these are the following new students: Madge Leon, Sue Hood, Catherine Wair, Dorothy Jossett, Wallace Parish, Paul Roberts, and Woodrow Perrin.

Work has begun in earnest and all students in this department are at work on one act skit and plays, and new readings that will be presented in chapel. This year, owing to the enlarged class, Mr. Wimbish is giving the Dramatic Club two days each month for chapel programs to be presented on the second and fourth Wednesday. We have some of the best material that we have ever had and we invite those who are interested to come to our chapel programs.

We will give this bit of news to the public: John Guest and Labry Ballard have served notice that they are no longer freshmen and they want to be put in romantic parts with girls this year.

PERSONALS

Mr. and Mrs. W. J. Kendrick and Mr. and Mrs. E. L. Stodghill made a business trip to Stamford Tuesday.

Mrs. Jno. P. Payne and daughter Mary Beth spent part of this week in Eastland, the guest of Mrs. Clyde Grissom.

Miss Anna Maude Taylor left the first of the week to enter Hardin Simmons university where she enrolled as a senior.

Mr. and Mrs. David Ratliff and baby of Abilene spent the day Sunday here with his parents, Judge and Mrs. L. D. Ratliff.

Mr. and Mrs. Oscar Oates left the latter part of last week for Rochester, Minn., where Mr. Oates will enter the Mayo Bros. Clinic.

Mrs. W. M. Reid returned Sunday from Sulphur Springs where she spent the summer with her mother and other relatives.

Mr. and Mrs. Clarence Perrin and son Don; also Miss Ruth Pierce, of Archer City, were Sunday guests of Mrs. Perrin and Mrs. Freeman.

Miss Hassie Davis left for Dallas this week where she is a teacher in the public school. Miss Davis will begin teaching her sixth year there.

Mrs. H. R. Jones has returned to Haskell from Wichita Falls, where she has been since Judge Jones' death. Her many friends will welcome her home.

J. T. Finley returned Tuesday from San Antonio, where he attended the national convention Veterans of Foreign Wars. Mr. Finley also visited friends in Austin and other points while away.

Mr. and Mrs. S. Hassen returned Tuesday night from a trip which embraced a visit to the towns of Old Glory, Weinert and Knox City, where the local merchant and his wife visited friends and relatives.

J. C. Chrisman of Oberlin, La., visited over the week end with his daughter, Mr. and Mrs. Bert Welsh and family. He was accompanied home Tuesday morning by Mrs. Chrisman who had been visiting for several days.

R. G. Stoker was returned to the home of his son, J. K. Stoker, from the Stamford Sanitarium the first of the week, where he had been for several days for treatment. The trip was made in a Jones, Cox & Company ambulance.

Miss Clara Cliff left last week for Dallas where she will begin her fourth year as teacher in the public schools there. She was accompanied to Dallas by Miss Maybelle Taylor who was en route to Louisville, Ky., to re-enter in the missionary school after a few days visit with her parents, Dr. and Mrs. L. F. Taylor.

Rob Simmons left Saturday for Brownwood, where he will enter Howard Payne College for the coming term. Simmons, letterman on the Yellow Jackets football team last year, is slated to resume the position of tackle during '35. The Yellow Jackets are scheduled to meet T. C. U., Fort Worth, in their first conference game of the season this week-end.

Starring for Rule were Freshour, Berry, McCready, Gibson and Kevill. They halted several Indian rampages in a startling manner, giving evidence that other teams in the conference will find Rule really tough in the latter stages of the season.

Drop Reports of U. S. Department Closely Guarded

Crop reports of the United States Department of Agriculture are prepared with the greatest secrecy. There is no "maybe" about the rules that insure this secrecy. No one knows that any better now than a representative of a trans-Atlantic steamship line who, in looking for a certain office in the Bureau of Agricultural Economics, accidentally walked into the quarters of the Crop Reporting Board while workers were filing in on the morning of a crop-report day.

This gentleman found that while it is possible to slip in, it is impossible to slip out. He was held for 6 hours and no amount of argument could get him by the armed

Bright green is a feature color for fall and is greatly in demand by the younger groups, according to students at Texas State College for Women (CIA). Accents of black in large "frog loops," buttons and patent leather conventional flowers are used for trimmings. The ever-popular dull greens are again seen on the fashion rostrum. They make chic suits and can be effectively trimmed with velvet or fur.

The wine shade of a season ago has given way to a more brilliant tone and comes out, fresh from the designer, in a brick color. The material is self-woven into strips making a pleasing fabric for semi-popular frocks. This brick color is popular in mingled tweeds with brown and green, and is nice when trimmed with dark brown fur.

Planes Collide; 10 Die

United States marshal who guards the door. He couldn't even jump out the window, a method of escape he humorously suggested. Windows are locked. Shades are drawn and also locked.

He at last gave up and decided to enjoy the day as much as possible with the crop-reporting force. A good luncheon was served to him, and at 2 o'clock the man he came to see was admitted. They conferred until 3 o'clock when the report was released. The unwilling visitor came out then, fully aware of the care with which the report is guarded.
