VOLUME 84

NUMBER 32

All Around
The Town

BY MARY ANN SARCHET

On the occasion of the centennial birthday of Silverton, we have Louise Vaughan to thank for the following poem. She has resided in Briscoe County since 1924. She told me that she hears people say all the time that Silverton is just going to dry up and blow away, but she has been thinking about this and doesn't think it's true.

There are lots of things Silverton doesn't have anymore, but Mrs. Vaughan believes we have a lot to be thankful for anyway. She says Briscoe County, on its 100th birthday, is alive and well. She points to six churches, the courthouse, a funeral home, a grocery store and a convenience store, two shoe repair shops, a clinic, a staff of EMTs and Paramedics who work out of an almost-brand new ambulance, two stations, two cafes, three beauty shops, a parts house, two tractor houses, the highway department, the grade and high schools, a hardware store, the post office, the Caprock Jamboree musical once a month, an art exhibition once a year, the county celebration and other

Beard-Growing Judging Slated

Anonymous judges will be circulating through the county in the next few days to inspect beards in this "for fun" centennial birthday contest.

Proceeds of the contest will be used to help defray the cost of building the new concession stand and restrooms at the rodeo arena and ballpark area.

Men are asked to groom their beards according to which segment they are entering.

Prizes will be given in three categories: Neatest Trimmed, Most Unique and Ugliest.

It's all for fun, guys; if you don't want to have the Ugliest, better trim it up!

BCAA Seeking to Locate Former Queens

Briscoe County Activities Association's centennial float is to honor all former Rodeo Queens. If you were a Rodeo Queen and have not been contacted, please call Laverne Stephens, 823-2561.

If you were or know someone who was a Rodeo Queen before 1961, please call and let us know.

Antique Tractor Show to Draw Enthusiasts From Large Area

When the Silverton Volunteer Fire Department sponsors the Antique Tractor Show in Silverton Saturday and Sunday, August 8-9, it is expected that those with old tractors, implements, cars, trucks, etc. will attend from a large area. This is an official playday of the Plains Chapter of the Two-Cylinder Club.

This event kicks off the Briscoe County Centennial Celebration, and will be held at the showbarn and across the street south.

Even though old tractors will be brought to Silverton by members of the Two-Cylinder Club, others who have antiques of this kind are invited to bring them and demonstrate them as all those who recall the "old days on the farm" join in reliving the past.

Don Sarchet of Amarillo is president of the Two-Cylinder Club and invites anyone interested to become a member of the club. Dues are \$10.00 per year per couple, and a newsletter is sent out to keep members abreast of upcoming activities.

A brisket lunch will be served at noon, and a hamburger supper will be served Saturday night at the showbarn.

An arts and crafts show, "Christmas in August", will be set up in the show barn by local artisans and the public is invited to attend. There is no admission charge. Christmas and all occasion merchandise will be offered for sale.

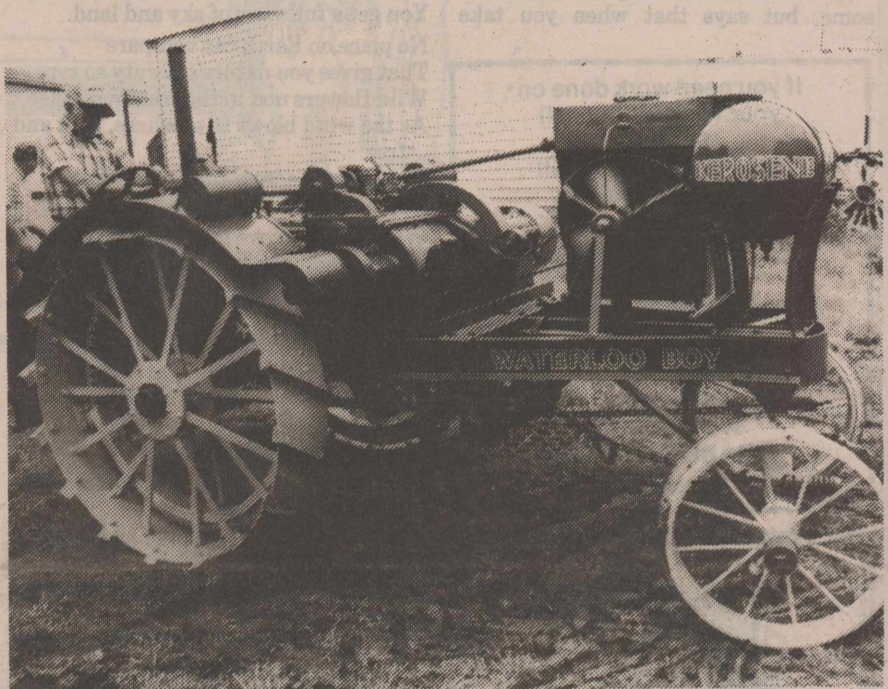

A swap meet also will be held in conjunction with the tractor show. This is for anyone who may have antique tractor parts, antique tractors they don't wish to repair themselves, etc., and will be beneficial to those who are interested in repairing old tractors. Memorabilia can be displayed and/or sold at the show.

Some of the old tractors to be brought have been restored to look like brand-new, while others have been restored to operating condition without changing the original finish, which in some cases is a bit rusty now and one particular tractor has been nicknamed "Rusty".

The antiques will be paraded around the show barn and those not on steel will parade through downtown Silverton during the weekend.

It is emphasized that everyone is invited to the show to demonstrate their antique vehicles whether or not they are members of the Two-Cylinder Club. Those who don't have an antique to show are invited to come watch the show.

Admission to the show will be free, and everyone is invited to come have a good time in Silverton August 8-9, the weekend before the official Briscoe County Centennial Celebration and Silverton School Homecoming.

Paul Armstrong's Waterloo Boy

School Homecoming Slated Here Saturday, August 15

The centennial reunion of present and former students and teachers of the Silverton Schools will be held beginning with registration at 9:00 a.m. Saturday, August 15, at the school.

A brunch will be served in the school cafeteria from 10:00 until 11:30 a.m., and tickets are \$5.00 per person and may be purchased at registration.

The homecoming program begins at 12:00 noon in the school auditorium, and will include speakers from each decade.

Classrooms will be designated for each decade of classes for visiting and fellowship. A number of reunions have been scheduled at various locations

County Roping Is Wednesday

The County Roping, held annually for those who live in Briscoe County or who have lived in the county at some time in their lives, is set to go Wednesday, August 12, at Wood Memorial Rodeo Arena.

The ropers will be paying their entry fees between 5:00 and 6:00 p.m., and the introduction of ropers will follow, shortly after 6:00 p.m.

Everyone is invited to come see who the best ropers in the county are this year.

around town.

For those who need them, bed and breakfast accommodations are available from Dale and Dona Smith, 455-1259; Tom and Phyllis Bowman, 455-1377, or Joe and Carolyn Luckenbach, 633-4328.

Make your plans now to celebrate 100 years of OWL PRIDE in SHS, and afterward at the parade, rodeo and dance.

Members of the centennial homecoming committee are Guinn and Pat Fitzgerald, Gale and Gay McPherson and Spud and Betty Tiffin.

Hunter Education Class Planned

A Hunter Education Course is scheduled August 12-13-14, from 7:00 until 10:00 p.m. at the VFW Hall in Tulia.

All hunters born after September 1, 1971, must complete the course.

Students 12 and older will be issued a Hunter Education Certificate from the Texas Parks and Wildlife Department for passing the course. The certificates are recognized by Colorado and New Mexico.

Hunters must complete the course before buying their licenses.

The course will be taught by Virgil Kidwell, certified instructor. For additional information, call 823-2184.

everything into consideration it's a lot.

BRISCOE COUNTY: LAND OF BEAUTY
 by Louise Vaughan

Briscoe County, best place on earth to be
 Where you can see as far as the eye can see
 Our West Texas land is flat and treeless
 So it is easy viewing for quite a distance.
 The view is perfect from where I stand
 You get a full view of sky and land.
 No place on Earth can compare
 That gives you nature's beauty so rare.
 Wild flowers nod in the wind with glee,
 As the wind blows to nowhere, wild and free.
 Thistles roll across the Prairie floor,
 Scattering seed that bring forth more.
 Wheat fields wave in oceans of green
 A lovely sight to be seen.
 Skies here no Artist could capture like this
 But to try, they can't resist.
 Sunrises here are awesome to see
 They are as beautiful as can be.
 And Sunsets are a masterpiece from God's own Hand;
 As if He takes brush, and paints colors never seen by man
 You stand there and watch as He closes up the day
 Wishing such beauty would never go away.
 Sometimes you see dark blue storm clouds of ominous beauty
 Awe struck, you think even they are pretty.
 Moving over a field of golden grain,
 With promise of rain.
 After the rain is over, with one sweep of the hand:

Panhandle Transit
 Call Betty Farley at 423-1100

For an Appointment for Your Transportation Needs.
 Leave a Message on the Answering Machine, and Mrs. Farley Will Return Your Call.

God paints a rainbow, the earth to span.
 Seven colors to be exact, Covenant between God and man:
 That He will never destroy the whole Earth by flood again.
 All this beauty can be enjoyed from my door,
 In Briscoe County and there is more.
 There is a Phenomena here that no man understands,
 It's the beautiful Mirages that mirror our land,
 And make the landscape stand up tall like sky-scrapers,
 And cuts all kinds of capers.
 Then down the road you think you see a lake,
 By the time you pass you see it was only a fake.
 It is a mystery, this Mirage,
 I guess it's secret lies with God.
 Winters here are beautiful, too,
 When snow blows sideways,
 And Quail hover in old fence-rows.
 You look out across the land on a winter's sunny day,
 And see old fence posts dressed in ermine white array.
 Transformed into a fairyland.
 This is our home, our Briscoe land.
 There are two distinct types of Beauty in Briscoe County,
 Both are so beautiful and so pretty.
 As you stand on the Caprock's edge you see
 An unforgettable terrain,
 A landscape, just as beautiful,
 As the one on the Plain.
 I can't think of any County that offers Two types of beauty so rare,
 As awesome as can be seen here.
 In the valley below you see colors of red, yellow, blue and green,
 After a rain, the Caprock's beauty, Is a spectacle to be seen.
 The haze in the distance, that lies over the land
 Is a breath-taking beauty from God's own hand.
 To be a rich man, you don't have to own land
 Or have a big bank account.
 It is what you get out of life that really counts.
 There are things more valuable than wealth, you see,
 So many things to enjoy, and they are free.
 The Sky, the Water, the Air, and the Land
 Are here to enjoy by every man.
 People here are the very best.
 If you live in Briscoe County, you are blest,
 When you are in need, you would not believe,
 The help and kindness that you would receive.
 They shower you with food, prayers and kind deeds,
 Doing everything to meet your needs.

Color Brochure Expected Soon

A brochure containing colored pictures taken in the Silverton area is being prepared by the Silverton Promotion Committee, and should be ready for distribution during the Briscoe County Centennial Celebration.

Four postcards in living color also are being prepared, and will be sold to those interested in having them. The pictures were taken in Briscoe County. Soon the cards will be on sale in most Silverton businesses, and the money will go back into the Silverton Promotion Fund so that more can be prepared. It is expected that four more scenes will be put on postcards in the near future.

Color printing is very expensive, and forty-nine Silverton residents and businesses have made the printing possible with their donations. All the advertisers are listed on the back of a large map which shows things to see and do in and around Silverton. These advertisers have financed the printing of the map and full-color brochure and post cards to promote "the best-kept secret in Texas". Those who have given \$100.00 or more have been designated as "key members".

Theme of the packet that will be distributed to present and potential tourists is "Sharing the Secret."

Beverly Bowman has served as chairman of the committee, and she and her workers have done a very good job of planning the promotion.

New Concession Stand, Restroom Facility Going Up

Members of Briscoe County Activities Association and other volunteers will be erecting the new concession stand and restrooms at the rodeo arena and baseball park Saturday.

As many as can help are asked to be at the area to assist so that this project can be completed without delay.

Donations to help defray the expense of building the new unit still are needed. The work was begun "on faith" with the money available and a note for the balance. If you can, please make a donation to this worthwhile project.

I've tried to paint you a picture of this place.

Briscoe County, no place on Earth like this.

North, South, East and West. Of all these places

Briscoe County is the best!

Grimland-Tipton Vows Exchanged Here July 18

Miss Alison Diane Grimland became the bride of David Dwain Tipton in a double-ring ceremony at the First Baptist Church in Silverton at 6:00 p.m. Saturday, July 18.

Rev. Jerry Miller of Decatur, Texas, performed the ceremony. Parents of the couple are Terry and Sally Grimland and David and Reba Tipton, all of Silverton. Grandmothers of the bride attending the ceremony were Grace Hutsell of Beach, North Dakota, and Doris Yates of Silverton. Anna Belle Tipton of Silverton, grandmother of the groom, also attended.

Escorted and given in marriage by her father, the bride wore a lovely wedding gown of heavy candlelight satin by Jena. The bodice was appliqued with Alencon lace which was heavily beaded with pearls and iridescent sequins. The wide portrait collar was of Alencon lace and it dipped into a low "V" in the back. There were buttons from the collar to the back waist. Satin roses enhanced the portrait collar. The fitted satin sleeves extended to a point at the wrists. Alencon lace appliques and cut-outs trimmed the sleeves. The bouffant skirt fell from a natural basque waistline. A large candy box bow sat on the back waistline of the gown, and a satin rose highlighted the bow. Alencon lace appliques were sprinkled over the front of the skirt and down the length of the train. A wide border of Alencon lace studded with pearls and iridescent sequins edged the skirt and the cathedral train.

The bride's headpiece was candlelight Alencon lace with satin rosebuds, pearls and sequins. It has a rolled-edge elbow-length veil of illusion.

For something old and borrowed, the bride wore a strand of pearls given to her mother by her father. The bride also wore pearl earrings given to her on her "Sweet 16" birthday by her Grandmama Hutsell. Something new was her wedding attire, and something blue was her blue garter. Before the ceremony, the father of the bride put a penny in each of her shoes minted in the birth years of the bride and groom for good luck.

Attending her sister as maid of honor was Jennifer Grimland of Silverton. Bridesmaids were Trina Zaring of Corpus Christi and Jayne Lindley of Canyon. They wore dresses by Katie in rose taffeta with tea-length skirts. The short sleeves were puffed and the fitted bodices were highlighted with candy box bows in the back. They carried bouquets of assorted rose flowers accented with greenery.

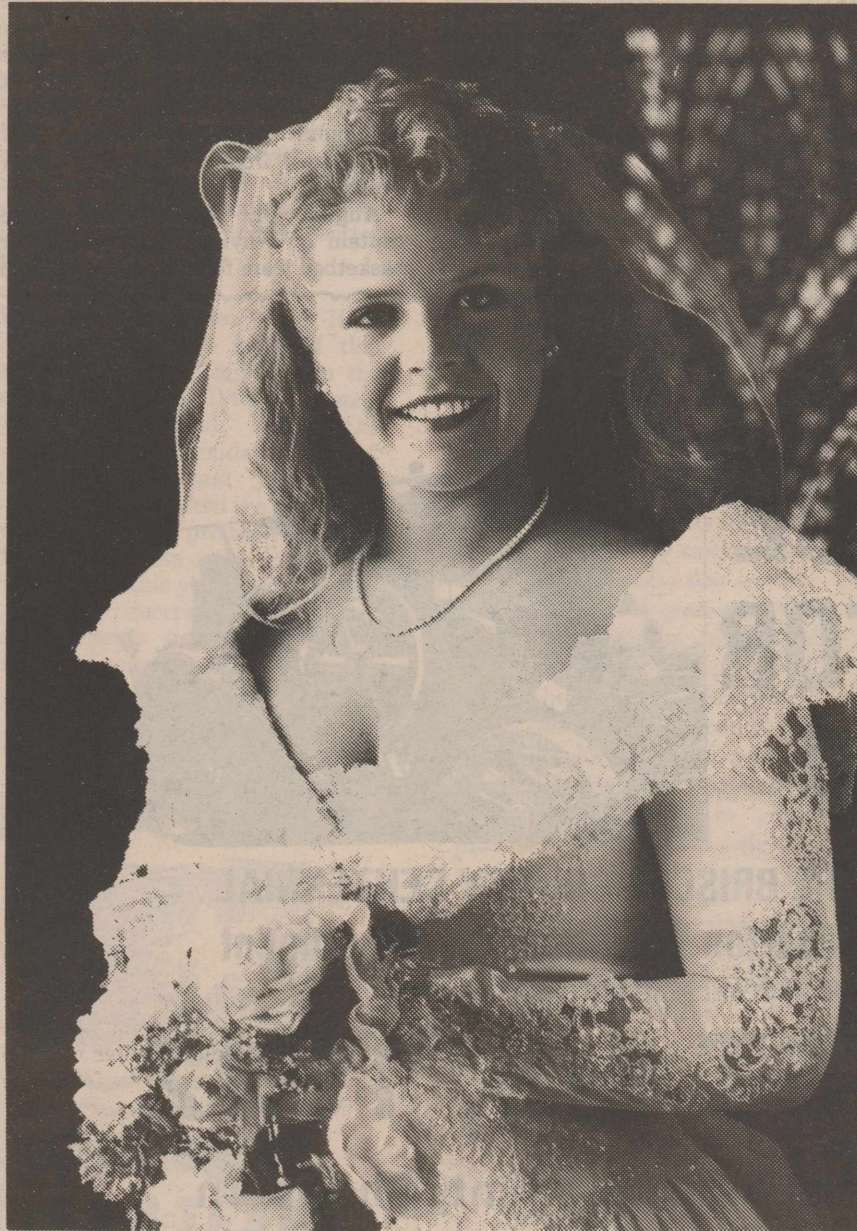

The flowergirl was Miss Caitlin Carson, cousin of the bride, from Houston. Caitlin wore a similar dress by Katie fashioned to match those worn by the bridesmaids. The dress was rose taffeta, in tea-length, and fashioned with a large tie-bow in the back. Caitlin also wore a pretty wreath of roses in her hair.

The ringbearer was Chase Younger, nephew of the groom, from Tulia.

Best man was Eric Patton of Silverton. Groomsmen were Walt Garrison of College Station and Doug McJimsey of Silverton.

Guests were seated by Jeffrey Grimland, brother of the bride, and Michael Hill, friend of the groom, both of Silverton.

The candlelighters were Amanda and Adrienne Weast, cousins of the bride, from San Antonio. They wore matching Katie dresses of the same rose taffeta and style as the flowergirl. They also

Mrs. Dwain Tipton

wore rose wreaths caught in their hair.

Guests were registered by Suni Barnett, a friend of the bride, from Groom.

Mrs. LaRue Garvin of Silverton provided traditional selections at the organ. Bridesmaid Trina Zaring was the soloist, and she performed "Love is Our Home."

During the ceremony, separate candles were lighted by the mother of the bride and the mother of the groom uniting the two families.

Vows were exchanged before the altar which was decorated with four spiral candelabra and one large candle arch. The candelabra were decorated with greenery, roses and candlelight flowers, and each candelabrum was adorned with a rose bow.

After the vows were spoken, the bride and groom lighted the unity candle, symbolizing their unity.

RECEPTION

The bride's parents hosted a reception following the wedding. Served at the bride's table was a three-tiered candlelight wedding cake with light pink roses accenting the cake. Also served were strawberry punch, mints made by Sally Baldwin, and assorted nuts. Serving refreshments were Juannah Woods of Canyon and Kim George of Tulia, classmates of the bride. The centerpiece was the bride's bouquet of antique candlelight roses and light pink roses accented with tiny flowers and baby's breath.

The groom's table served a red velvet cake made by Shana Strange along with coffee. Serving the refreshments were

Susie Younger of Tulia, sister of the groom, and Koree Price of Turkey, friend of the couple. The groom's table was decorated with burgundy and candlelight cloths, and the centerpiece was a large bouquet of rose tulips and greenery.

Following a trip to Ruidoso, New Mexico, the couple will reside in Silverton for the remainder of the summer, then will return to their home in Lubbock.

Comings And Goings

Elton and Lanita Cantwell left last Wednesday and went to Flower Grove where they visited Brenda, Holly Beth and Daniel Gaskins. The next day they all travelled to Alpine where they joined Jack, who has been a student at Sul Ross State University this summer. While there they toured the campus, went to the museum, drove to Fort Davis and to McDonald Observatory. On Saturday they helped the Gaskins move back home to Flower Grove, and then returned home.

On their way down, Elton and Lanita visited briefly in Lamesa with Raymond and LaJuana McJimsey.

The bride is a 1988 graduate of Silverton High School. She will be an English major at Texas Tech University in the fall.

Her husband is a 1982 graduate of Silverton High School. He will be attending South Plains College until December, then will transfer back to Texas Tech University as an accounting major.

REHEARSAL DINNER

A rehearsal dinner and party was hosted by David and Reba Tipton, parents of the groom, on Friday, July 17, at Roye's in Quitaque.

BRIDAL COURTESIES

A lingerie party was held in the home of Kim George in Tulia on July 11. The hostesses were Jennifer Grimland, Kim George, Susie Younger, Koree Price, Sandy Price, Juannah Woods and Danetta Forbes.

Out-of-town friends and family of the bride attending the wedding were Grace Hutsell, Beach, North Dakota; Cindy, Donald, Adrienne and Amanda Weast, San Antonio; Claudia, Keith, Caitlin and Emily Carson, Houston; Pamela, Robert and Ryan Vaughan, Modesto, California; Ellen Hutsell, Reseda, California; Elliott Hutsell, Los Angeles, California; Wayne Hutsell, Northridge, California; Cathie Belleme, Hollywood, Florida; Chlo Lindley, Canyon; Wylie, Lauree, Stacey, Casey and Bo Bomar, Lubbock; Robin Sternberger, Ingalls, Kansas; and many other out-of-town friends.

Out-of-town friends and family of the groom attending were Gary, Susie and Chase Younger, Tulia; Jack Peek, Seymour; Dyrle and Virginia Maples and Mike Maples, Canyon; Chris and Katherine Maples, El Campo; Harrell and Sheila Minyard, Denison; Mr. and Mrs. Jason Minyard, Kristle and Kyla, Denison; Mr. and Mrs. Donnie Haertling, Cobart, Oklahoma; Mr. and Mrs. Robert McJimsey, Lubbock; and many other out-of-town friends.

Silverton

Donald and Jane Bean of Floydada announce the engagement of their daughter, Judi Carole, to Dr. Alex Tzouanakis, son of Emmanuel and Susan Tzouanakis of Lexington, Kentucky. Miss Bean, granddaughter of Susie Autry of Silverton, received a bachelor's degree from Texas A & M University and a degree in physical therapy from the University of Texas Medical Branch in Galveston. Tzouanakis is the grandson of Glenna Sampson of Erie, Pennsylvania and Marie Tzouanakis of Heraklion, Crete, Greece. He is a graduate of Johns Hopkins University at Baltimore and the University of Texas Medical Branch at Galveston. He has completed residency in internal medicine and is completing a fellowship in pulmonary medicine in Galveston. The couple will be married September 12 at St. John's United Methodist Church in Lubbock.

Dickerson Family Reunion Held Here Sunday

The Dickerson family met Sunday, August 2, at the showbarn in Silverton for a reunion honoring their uncle and aunt, Alan and Juanita Dickerson of Lubbock.

A fun time of reminiscing, picture taking, etc. was enjoyed by those attending.

The noon meal was catered by Roye Pigg of Quitaque.

The group voted unanimously to place the names of their ancestors, Norvel M. and Mary Emily (Donnell) Dickerson on the centennial memorial monument being built north of the courthouse. Norvel M. and Mary Emily Dickerson and their family came to Briscoe County in May of 1892.

Attending the reunion were the honorees, Alan and Juanita Dickerson, and Merle and Virginia Dickerson, Bob and Teresa Tucker, Garland and Mary Tucker, Bill and Carlene Morton and David Dickerson, all of Lubbock; John, Debbie, Meagan and Merideth Welch, Jamie and Courtney Holdaway, Amarillo; David, Rhonda, Ross and Greg Hunter, Midland; C. F., Kay and Jana Pratt, Garland; Rusty, Connie and Caleb Dickerson, Snyder; Jackie and Tonya Malone, Bristol, Colorado; Bruce, Patti, Dusty, Jodie and Hayley Slaughter, Levelland; Lance and Kori Bailey, Lamesa; John, Debbie, Lauren and Jessica Zetgman, Highland Village; Beth Fisher, Faye Bosely and Joe Dickerson, Canyon; Rusty and Joan Davis, Pocatello, Idaho; Stacy Crisp, Hereford; Elwyn and Mary Morton, Hillsboro.

Attending from Silverton were Clinton Dickerson, Josephine

Anderson, Jerry and Jealeta Baird, Bryant and Ruby Lee Eddleman, Betty and Robert McPherson and Carrie Dickerson.

Calling in the afternoon were Sue (Gardner) Ward and Carlton Gardner of Tulia.

Dedication Set For Monument

A dedication ceremony will be conducted at 4:30 p.m. Saturday, August 15, at the Centennial Monument on the north side of the courthouse square.

The Historical Committee is building the monument, and has asked that those who would like to have plaques in the monument designating their families and perhaps when they came to Briscoe County, to contact the County Judge's office for an order blank.

Those who would like to have their plaques in place before the celebration need to order them now. This is a continuing project, and more plaques will be added later.

Physicals to be Given August 7

Physicals for all boys and girls wishing to participate in any sports during the coming school year will be given, beginning at 1:00 p.m. Friday, August 7, at the school gym.

Dr. Stephen Turner of Plainview will be giving the physicals, and the charge will be \$14.00 each. This is an opportunity to get your physicals here at a nominal fee, and all the athletes are encouraged to take advantage of it.

Attention Teachers!

A lot of parents have been asking for the school supply list, and the Briscoe County News is asking that all the elementary teachers come by and check their lists. This will keep parents from buying things the students don't need and make sure they get the things that will be used in their classrooms.

Your cooperation will be appreciated. As soon as the teachers have called or come by, the Briscoe County News will run these lists of supplies.

School starts (for the teachers) on Monday, August 24, and students must report to class on Tuesday, August 25.

The first holiday will be Labor Day, Monday, September 7.

Attend Florida Wedding Rites

J. D. and Lois Nance and Rex and Faith Redies of Plainview have returned from Florida, where they attend the wedding of their son and grandson.

Dr. Robert Lou Barrett and Susan Jacqueline Bryan were united in marriage on Saturday, the twenty-fifth of July, at six o'clock in the evening in the Windermere Union Church.

Dr. Barrett was graduated from Tulane University Medical School in New Orleans, Louisiana in 1985. He completed his internship and residency in internal medicine at Parkland Memorial Hospital, University of Texas Southwestern Medical Center in 1988. He completed his cardiology fellowship in June 1991 at the University Medical School in Houston, and since then has been associated with Cardiovascular Associates, Inc., Kissimmee, Florida, for the practice of clinical and invasive cardiology.

Happy Birthday to . . .

August 6—Leon Lavy, Lori Reid, LaNell Harrison, Trista Davis

August 7—Dwain Tipton, Rhett Montague, Walt Garrison, Michael Davis

August 8—Eddie Rhoderick, James Davis, Penni Fogerson, Jimmy Chappell, Scott Perkins, Sandi Tomlin

August 9—Cindy Flores, Sandra Smith, Joni Daniels, Jay Earl Jarrett

August 10—Flute Hutsell, Don Perkins, Faye Maciel

August 11—Monty Wood, Brian McGavock, Michelle Stephens

August 12—Mary Miller, DeVona Boyd, Stephanie Davis, Mickey Smith

Happy Anniversary to . . .

August 6—Mr. and Mrs. Kelly Comer
August 12—Mr. and Mrs. Mickey Smith, Mr. and Mrs. Tom Burson

Dear Editor

Well I knew it was too good to last. We were getting our paper in three to four days, then the mule train took over again. It now takes eight to ten days for your paper to get from Silverton to Tyler. That is 408 miles and about 40 miles a day.

I get bulk mail out of New York and Chicago in two days.

Our Postmaster says the trouble is there. They deliver as soon as they get it here.

Hope Conrad (Coony) not having this problem.

Keep up the good work and try to give us more local news.

Thanks,
Jeff and Fern (Blocker) Morriss

SPS marketing representative Greg Boggs (left) was pictured with Sue Miller at the science workshop recently.

Teacher Attends SPS Workshop

Silverton teacher Sue Miller recently participated in a science workshop co-sponsored by Southwestern Public Service Company. Almost 40 middle school teachers from throughout the Texas South Plains attended "Electric Principles for the Classroom" July 14 at Lubbock.

The workshop featured demonstrations and hands-on projects the teachers could use in their classrooms. Directed by Texas Agri-Business Electric Council Executive Director Greg Stark, teachers worked with static electricity, studied electrical circuits and made electric motors.

In addition, Amarillo meteorologist Len Slesick spoke on environmental issues, emphasizing the importance of balance between the cost and the benefits of government regulation.

Jamboree Was 'The Best Yet'

"It just can't keep on getting better every month," said John Francis Monday as he described Saturday night's edition of the Caprock Jamboree. "We had a capacity crowd and everyone really seemed to enjoy the program."

The Jamboree received the best comments ever from those attending.

Mid-Plains Rural Telephone Cooperative's Band of the Month award was voted to the 3 M (Motley Music Makers) from Matador.

The next three months already are booked and some spots on the December show are filled, so if you know of a group that would like to be on the show, "tell them about us," Francis added.

"Briscoe County can do anything when we all pull on the same end of the rope," Francis continued.

"We wish to thank all of the Briscoe County people for their help, support and door prizes," he concluded.

Davis Reunion Held in Amarillo

The descendants of Durward and Stella Davis recently met in Amarillo at the home of Jim, Sheila, Warren and Lori Reid for an afternoon of games, swimming and visiting. The group also enjoyed an evening meal of barbecue catered by Cattle Call.

Those attending from Amarillo were Jeanne and Russell McLeland, Kevin, Kaye and Elliott McLeland, Vera and Joe Markart, Pat Horne and Carissa, Lucy Hall, Jayme, Gregg, Jessica and Nathan Studer, Krischel and Krislyn Perkins, Karina Perkins, DeVonna, Andrew and Alix Boyd, Lisa, Jordan and Harrison Fry and Jodie Martin.

From Silverton, those attending were Pauline Jarnagin, Annell Davis, Faye and O. C. Rampley, Peggy and Leo Fleming and Megan Sweet.

Also attending were Dwight and Mary Rampley, Lubbock; Dianne, Tom and Cody Bridges, Levelland; Martha, Maynard, Chad and Wade Greeson, Kismet, Kansas.

A Voice From the Country

Earl Cantwell

Gems & Allegorys

Are you in a mood for some serious thinking? Then read the following slowly.

Friendship is like a bank account. You cannot continue to draw on it without making deposits . . . The trouble with a self-made man he comes to worship his creator . . . A man's riches may ransom his life, but a poor man will hear few threats . . . A day of worry is more exhausting than a week of work . . . A friend can be won by many acts but can be lost by one . . . Prayer is the connecting link between this life and that life that is soon to come . . . The Lord's Prayer has had to withstand considerable abuse, especially from children who are trying to learn it from poor enunciators or mumbling congregations. One little boy was heard to pray, "Harold be Thy Name"; another begged, "Give us this day our jelly bread." A child from New York petitioned, "Lead us not into Penn Station" . . . Prayer is that interaction of God in our lives whereby we allow His will to become our greatest desire . . . One pastor just came up with a great idea for cutting our electric bill! Turn off the TV and the lights, and take the family to church on Sunday night . . . Think this one over: The atheist cannot find God for the same reason a thief cannot find a policeman.

Never ask an unbeliever if he will acknowledge Christ as Lord. But he will acknowledge Christ as Lord. For the day will come when every knee shall bow and every tongue confess Christ as Lord . . . Today is the second chance which God gives us to right the wrongs, correct the mistakes and readjust the differences that marred our yesterdays. Today is another opportunity to cancel, to expiate, to raise, to adorn . . .

The tender-hearted person could well testify, "I have wept in the night for the shortness of sight, that to somebody's need made me blind; but I have never yet felt a twinge of regret for being a little too kind" . . . It does not do much good to stop a man from doing bad unless you can start him doing good . . . If you cannot see the bright side, polish the dull side . . . If God would give me as much time this week as I gave Him last week, would I still be alive? . . . It is possible that answered prayers sometimes cause more pain than unanswered ones . . .

The following is well worth reprinting.

WHEN A MAN'S A MAN

When a man's a man he doesn't lie. And he will not play the cheat; He doesn't look with scornful eye at the beggar on the street; And he doesn't brag of the things he's done or talk of the lands of gold. When a man's a man, you will find his friends not all of chosen few; he never talks of the help he lends or the good deeds he may do; he never jests with a woman's name, and never sneers at the men who fail; and a dog, a pat from his hand may claim if he only wags his tail. When a man's a man, he will never shirk the task that his hand may find. He is never too big for the long day's work, too busy to be kind. He never sneers at the faith you'd hold, never needless hurt he gives. When a man's a man, it is plainly told by the gentle way he lives.

Jackpot Playday Is Planned Here

Briscoe County 4-H will be sponsoring an open youth playday beginning at 5:00 p.m. Thursday, August 13, at Wood Memorial Arena in Silverton.

The events will include barrel racing, pole bending, stake race, flag race, boot race, ride-a-buck, goat tying, bunkhouse race, baseball race and egg and spoon.

Each event will be broken into age groups of youth from 8-10, 11-13 and 14-19.

There will be a one-time office charge of \$4.00. Each class will have a \$2.00 fee. First through third places in each class will split fifty percent of the entry fee money. Entries will close at the start of each event.

For more information about the playday, you may call the Briscoe County Extension Office, 823-2131.

Quilt To Be Displayed During Tractor Show

Briscoe County Activities Association's centennial quilt will be on display at the showbarn during the Antique Tractor Show this weekend.

A donation of one dollar gives you a chance to own the quilt which will be given away Saturday, August 15.

Early Detection Clinic Coming to Quitaque

The Breast Cancer Screening Program of the Don and Sybil Harrington Cancer Center and High Plains Baptist Hospital of Amarillo will continue community outreach clinics for early detection of breast cancer.

Funding is available through the Texas Department of Health for screening mammography for Texas residents qualifying for financial assistance.

Early detection of breast cancer is the major goal of cancer control for each woman seen in the clinic. The clinic provides low-cost screening which includes a breast exam by a Registered Nurse trained in breast cancer detection, teaching of breast self examination, and a mammogram.

Currently, the most effective method known to win the battle against breast cancer is early detection. Early detection is best done by following the guidelines recommended by the American Cancer Society for breast cancer screening for women who have no signs or symptoms of breast cancer. The guidelines are:

1. Learn and perform breast self examination every month.
2. Have a physical examination every year.
3. Have a mammogram according to the recommendations by age.

Those age 35 to 40 are recommended to have one baseline mammogram. For those 40 to 50, a mammogram every one to two years is recommended. For those over 50, yearly mammograms are recommended.

A clinic will be held on Saturday, September 12, 1992, from 10:00 a.m. to 2:30 p.m. at the Quitaque Fire Hall on West Main Street in Quitaque. Exams are done by appointment only. For more information about the clinic or to make an appointment, please call the Harrington Cancer Center at the toll free number, 1-800-377-4673.

Area Coordinator Is Here Today

Robbie Hill, area coordinator for Panhandle Community Services, will be in Silverton this morning (Thursday, August 6) to meet with people who qualify for assistance with their utilities.

She has some funds available now, and will be meeting with those interested from 9:30 to 11:30 a.m.

She will be in Quitaque from 1:00 to 2:00 p.m.

Carla Hall and Zac Burson recently have undergone tonsillectomies in area hospitals. Both are reported to be improving daily.

Record Books Aren't Just Records!

A record book is the end result of a year's work for a 4-H'er. Not only must the 4-H'er work in a variety of projects, they also have to keep up with all that they do. There are 53 record book categories from which to choose. After the category has been chosen, the work begins. A 4-H'er must learn, show growth, exhibit leadership and participate in community service activities.

Don't think that record books aren't rewarding. There are many different types of awards one can receive by completing a record book. Project pins are awarded at the county level for project completion. During the 4-H'ers' senior years, there are opportunities to win scholarships and trips to Chicago to the National 4-H Congress. The real reward comes from the growth and development of the 4-H'er after the hard work is finished.

This year Briscoe County had 18 record books turned in and 16 of those books advanced to the District competition. Julie Weaver was awarded a blue ribbon for her Junior I Food and Nutrition entry at the county level and

Shannon Weaver also was awarded a blue ribbon at the county level for her Junior II Swine record book.

All of the following record books won first place in their division at the county level and advanced to the District Record Book Judging. They are listed as follows with their category entry and award received: Daniel Reagan, Junior I Shooting Sports, blue ribbon; Katy Hester, Junior I Food and Nutrition, blue ribbon; Jamie Pigg, Junior I Beef, blue ribbon; Christina Stephens, Junior II, Swine, blue ribbon; Will Hester, Junior II, Shooting Sports, blue ribbon; Molly Brooks, Junior II, Poultry, blue ribbon; Michael Reagan, Junior II, Public Speaking, blue ribbon; Wynter Smith, Junior II, Photography, blue ribbon; Donny Burson, Junior II, Horse, red ribbon; Lindsey Jennings, Junior II, Fashion Revue, blue ribbon; Jarrett Pigg, Junior II, Beef, blue ribbon; Trey Wyatt, Junior II, Achievement, blue ribbon; Lance Bradford, Senior, Sheep, participation ribbon; Cecilia Castillo, Senior, Food and Nutrition, participation ribbon; Jeremiah Brooks, Senior, Agriculture,

second place; Ashleigh Wyatt, Senior, Clothing, first place. Ashleigh's record book will advance to the State Judging Contest in August.

Grace Hutsell was here for the graduation in May of her

grandchildren, Jeffrey and Jennifer Grimland, and has spent the last two months in California visiting family and friends before returning for the wedding of her granddaughter, Alison. She returned to her home in North Dakota July 27.

New Children's Play Area Operating At Wet 'n Wild - LBJ This Summer

Li'l Serfs' Castle, the new children's themed play area at Wet 'n Wild-LBJ allows kids to enjoy the miniature-sized versions of the "big kids slides" throughout a unique medieval castle. Li'l Serfs' Castle features a six-chute slide, two intertube rides and stationary water guns for spraying friends. At least two times per day the Li'l Serfs' Castle witch playfully takes over the children's area until a colorfully-dressed jester comes to the rescue. The jester selects several children to conquer the witch by catapulting wet sponge balls at her. Once they're victorious, children take the witch to the Li'l Serfs' Castle dunking booth to complete the triumph. Free play resumes until the next time the witch appears.

Also new for the park guests this summer is Banzai Banzai, a fast-moving, two-person sled ride that skips

across a 150-foot-long pool. For families and groups, Bubba Tub is a splashing, crashing triple-drip water slide. Other popular attractions include the Surf Lagoon giant wave pool, and numerous other thrill slides and rides.

Wet'n Wild-LBJ spans 27 acres, and is located in Garland on LBJ Freeway (I-635) at Northwest Highway. The water park is open daily through August 22 from 10:00 a.m. to 9:00 p.m.; August 23 from 10:00 a.m. to 6:00 p.m.; and weekends August 29 to September 20 from 10:00 a.m. to 6:00 p.m. Hours will vary on some days. Call (214) 840-0600 for information. Tickets are \$14.95 for adults, \$12.95 for children ages 3-12, free for children two and under. Parking is free. Shaded picnic facilities are available for small and large groups.

New Power Jet Show at Wet 'n Wild In Arlington is One-of-a-Kind Event

Wet 'n Wild-Arlington, the nation's largest water park, has created a new, one-of-a-kind exhibition to entertain park guests this summer—Power Jet Show. For the first time ever in a water park setting, the fast-moving Power Jet Show showcases six professionals performing stunts and skiing with high-performance water equipment in the wave pool. Patrons can enjoy two 20-minute shows each day.

Also new at Wet 'n Wild-Arlington this summer is Banzai Banzai, a fast-moving two-person sled ride that skips across a 150-foot-long pool. Back for its first full season is Bomb Bay, featuring a seven-story drop from a sealed, bomb-like compartment. For families and groups, Bubba Tub is a splashing, crashing triple-dip water slide. Other popular attractions include Black Hole, a breathtaking extraterrestrial experience through 500-foot-long tubes; the Surf Lagoon giant wave pool, and numerous other thrill slides, rides and a large children's play area.

Wet 'n Wild-Arlington spans 47 acres, and is located on Lamar Boulevard north of I-30 and Arlington Stadium. The water park is open daily through August 22 from 10:00 a.m. to 9:00 p.m.; August 23 from 10:00 a.m. to 6:00 p.m., and weekends August 29 to September 20 from 10:00 a.m. to 6:00 p.m. Hours will vary on some days. Call (817) 265-3356 for information. Tickets are \$16.95 for adults, \$14.95 for children ages 3-12, free for children two and under. Parking is free. Shaded picnic facilities are available for large and small groups.

More Steps to Confidence Given

Ron Trusler
M.Ed., LPC, LCDC, LMFT
Director of Clinical & Substance Abuse Services
Central Plains Center for MHMR & Substance Abuse

This is the second article of two regarding ways you can build your confidence. I hope you didn't miss the first seven steps.

8. Do not tolerate people, jobs, or situations that make you feel inadequate. If you can't change yourself or the situation enough to help you feel more worthwhile, do something else. Life is too long to waste time on

continual downers.

9. Give yourself time to relax, meditate, to listen to yourself. Enjoy hobbies and activities you can do. Focus on enjoyment, not accomplishment.

10. Find someone to help. Be aware of other's special needs. You have more to share than you think.

11. Develop an internal locus of control. External people feel things happen to them and they have no control. Internal people feel they can change the direction of their life. Obstacles become challenges and challenges turn into accomplishments.

Having a low self-confidence usually comes from experiences we have had in the past. These experiences have been where others did not treat us very good or we interpreted what they said or did in a way that put us down. Don't let the past be a ball and chain to you now. Cut that ball and chain off and get on with who and what you are now!

Donald Gibbons Transferring to Brownfield SCS

Donald Gibbons, Soil Conservationist with the Soil Conservation Service, will be transferring to Brownfield, effective August 23.

Gibbons has been working in Silvertown for the Caprock Soil and Water Conservation District, for the past four years.

Matt Kast, District Conservationist, says, "Donald was stationed in Silvertown through some of the busiest times in SCS history." While in Silvertown, Gibbons administered 175 Conservation Reserve Program contracts, developed over 150 Food Security Act plans, developed several Great Plains contracts, and completed over 600 wetland determinations.

"Donald brought a practical knowledge of farming and ranching which will be sorely missed," Kast

added.

The Soil Conservation Service and Caprock Soil and Water Conservation District, wish Gibbons all the best for his future career.

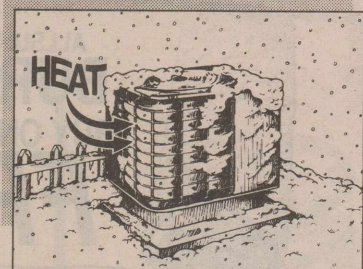

THE WARMTH OF THE EARTH

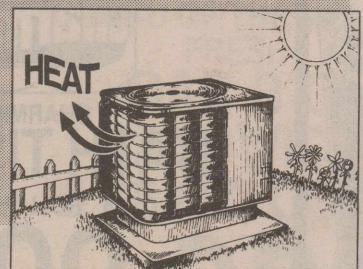

The heat pump captures it to heat and cool your home naturally.

The Dual Fuel Heat Pump uses existing heat to keep your home comfortable...naturally. Because it doesn't have to create heat, it's very efficient. For each unit of energy it uses, the Dual Fuel Heat Pump creates two or three units of heat.

Dual Fuel Heat Pump owners say it costs them less to operate than other systems. And, because it's electric, the Dual Fuel Heat Pump is cleaner.

There is heat in the air on the coldest days. The heat pump captures it to warm your home.

In summer, it becomes a high efficiency air conditioner. During hot weather, the heat pump captures the heat inside the home and takes it outside.

Contact your heat pump dealer or Southwestern Public Service Company for more information.

Silverton ISD is presently accepting bids in three areas for the 1992-1993 school year:

1. Bus maintenance and fuel
2. Groceries for cafeteria
3. Milk for cafeteria

If you are interested in submitting a bid for any of these areas, send your bid to Frank Kirchoffner, Superintendent, Silverton ISD, Box 608, Silverton, Texas 79257.

Be sure your bid is in by August 11, 1992. Write "Bid Enclosed" on the outside of your envelope.

Bids will be opened at the regularly scheduled board meeting August 11, 1992, at 8:00 p.m. 32-1tc

rates?

A. When a credit card company lowers the interest rate it charges certain customers it has analyzed a number of factors in reaching that decision. Usually, it is required that you have been an account holder of the company's credit card for a minimum of one

year. Then, the company will look at your payment history and average outstanding balance over a period of time.

In most cases your account is examined on a quarterly basis and if you meet the company's qualifications they will notify you that you will be charged a lower interest rate. You may also call the credit card company and request a review of your account.

Another option is to research those banks offering credit cards with interest rates lower than the rate you are being charged. They often will provide this information over the telephone. In addition, some local newspapers publish the lowest credit card rates offered by Texas banks.

Q. Our 19 year old daughter, who is a full-time student, is working this summer and putting the money she earns into a savings account for her college tuition. Does she have to file a tax return with the Internal Revenue Service and if so can we still claim her as a dependent?

A. In order to claim your daughter as a dependent in 1992 you must have paid more than 50 percent of her total support for the year. For example, if your daughter earns \$5,000 in income and has a student loan in her name for \$5,000, her total income is considered to be \$10,000. Therefore, you must have paid more than \$10,000 towards your daughter's support in order to claim her as a dependent.

Assuming your daughter is eligible to be declared as a dependent on your tax return, she is still obligated to file a return with the IRS. IRS rules for 1991 state that if you are a single dependent under the age of 65 and not blind, you must file a tax return if unearned income is \$1 or more and earned income exceeds \$600. Unearned income includes interest earned from savings accounts and certificates of deposits.

Q. I recently inherited shares of stock in a public company. Having never owned stock before, I was confused by the financial information presented in the company's annual report. For example, what is the difference between a balance sheet and an income statement?

A. The balance sheet and income statement (income statement is often referred to as the profit-and-loss statement) present important financial information used to evaluate a public company. The balance sheet can be considered a "snapshot" of a company. It provides a financial picture of the business - its assets, liabilities and ownership - on a given date. It is usually prepared as of the close of the last day of a month and answers the question, "How did we stand financially at that time?"

The profit-and-loss statement measures costs and expenses against sales revenues over a definite period of time, such as a month or a year, to show the net profit or loss of the business for the entire period.

You can use the information presented in these statements to analyze the financial health of the company in which you own stock.

Q. While I was out-of-town my wallet was stolen with all of my credit cards in it. When I called to cancel my cards I found out that a substantial amount had been charged to my accounts. Am I liable?

A. Legally, a credit card company may hold an individual liable for the first \$50 of unauthorized charges. However, many companies waive this fee. Visa and MasterCard credit cards are issued by individual banks. Each bank

has its own rules and regulations governing the amount of liability, if any, a customer is subject to in the event his or her credit card is lost or stolen. It is advisable for you to check with the bank or credit card company to determine their respective policy.

When you report a lost or stolen card and unauthorized charges have been made to your account, the credit card company will normally conduct its own investigation into the matter. Some credit card companies will ask you to sign a notarized affidavit stating that the charges listed were not made by you or anyone else authorized to use your credit card. The company may also contact the merchants where the unauthorized charges were incurred and ask for copies of the sales slips. In a few cases, a photograph will be shown to these merchants to verify that the credit card holder was not the individual who made the unauthorized charges.

If you lose your credit cards or if they are stolen it is important that you notify the credit card companies immediately. I strongly suggest that you keep a list of your credit cards along with your account numbers and the phone numbers of the banks or credit card companies in a place separate from your wallet.

Once you report your credit card as missing or stolen your account will be canceled, preventing further unauthorized charges. You usually will be issued a new credit card within two to seven business days.

The fastest speed at which a giant tortoise can crawl is about five yards a minute. A rabbit can cover the same distance in less than half a second.

A mercury thermometer can not be used to measure extreme cold because mercury solidifies at -39° C.

Public Notice

Southwestern Bell Telephone Company is asking the Public Utility Commission of Texas (PUC) for approval to begin charging \$3.00 per bill, for duplicate paper copies of a customer's bill up to 15 pages. If the customer's bill exceeds 15 pages, an additional five cents per page will apply. If the customer's bill is lost or mutilated for reasons other than negligence by the customer, no charge for a duplicate copy will apply if a customer notifies Southwestern Bell within 60 days of the billing date. The effective date of this application is December 4, 1992.

If approved by the PUC, this application will increase the Company's annual revenues by \$835,000, which is an increase of approximately two one-hundredths of 1 percent (.02 percent) in the Company's adjusted revenue for the 12-month period ending December 31, 1991. The application could affect all of the Company's approximately 4.6 million residence customers and all of its approximately 575,000 business customers should they choose to request duplicate copies of their bills.

Persons who wish to intervene or otherwise participate in these proceedings should notify the PUC as soon as possible. The deadline to intervene is August 7, 1992. A request to intervene, participate, or for further information should be mailed to the Public Utility Commission of Texas at 7800 Shoal Creek Blvd., Suite 400N, Austin, Texas 78757. Further information may also be obtained by calling the PUC Public Information Office at (512) 458-0256 or (512) 458-0221 teletypewriter for the deaf.

This matter has been assigned Docket No. 11223.

HELP YOUR HEART RECIPES

This recipe is intended to be part of an overall healthful eating plan that would not include more than 30 percent of daily calories from fat.

Chicken Teriyaki With Vegetables

Make Father's Day truly special with a hearty helping of this delight.

- | | | | |
|-------------|---|----|---------------------------------------|
| 2 Tbsp. | light soy sauce | 16 | fresh mushrooms |
| 5 Tbsp. | firmly packed brown sugar | 2 | medium zucchini, sliced |
| 1 1/4 Tbsp. | acceptable vegetable oil* | 16 | cherry tomatoes |
| 1 tsp. | ground ginger | 4 | medium onions, cut into 8 wedges each |
| 1/3 cup | sherry | 16 | wooden or metal skewers |
| 1 tsp. | hot pepper oil | | |
| 6 | boneless chicken breast fillets (approximately 4 ounces each), skinned, all visible fat removed | | |

Combine first six ingredients in a shallow glass bowl. Rinse chicken and pat dry. Slice lengthwise. Wipe mushrooms with a clean, damp cloth. Place chicken, mushrooms, zucchini, tomatoes and onion in prepared mixture. Stir to coat evenly. Cover and refrigerate approximately 1 hour, turning occasionally. Meanwhile, if using wooden skewers, soak them in water for at least 30 minutes before using. Preheat broiler. Remove chicken and vegetables from marinade. Alternate chicken and vegetable pieces on skewers. Lay on broiler pan and broil 4 inches away from heat for 3 minutes. Turn over and broil an additional 3 minutes. Makes 8 servings.

A Pitch To Strike Out Stroke: Reduce Risks

You can help strike out stroke by reducing your risk factors.

A form of cardiovascular disease, a stroke is a sudden and often severe attack caused when a blood vessel bringing oxygen and nutrients to the brain either bursts or is clogged by a clot or another particle. The rupture or blockage then prevents blood from flowing to the brain, killing brain cells.

The results are often disabling—if not deadly.

Stroke is the No. 3 killer in America—behind heart attack and cancer—claiming about 150,000 lives a year, according to the American Heart Association. The type of stroke and the brain area affected could alter your behavior and thought patterns, memory, senses, speech and your ability to understand speech. You could also suffer paralysis. About half of all acute nerve disease patients are stroke victims.

According to the American Heart Association, the estimated 500,000 people who suffer stroke each year in the United States usually have one or more of the following risk factors that can be changed or treated:

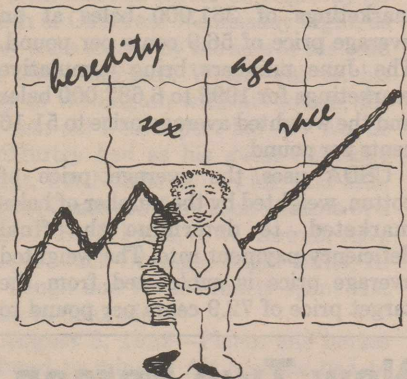

- **High Blood Pressure**—You can control a major risk factor for stroke by eating a healthful diet, staying at your proper weight and, if necessary, taking medicine.
- **Cardiovascular Disease**—This includes heart attack, angina, congestive heart failure and other abnormalities of the heart.
- **Transient Ischemic Attacks**—TIAs, or "mini-strokes," which are strong predictors of stroke, are usually treated with drugs that prevent clots from forming.

The major risk factors for stroke that cannot be changed are:

- **Age**—The incidence of stroke more than doubles every 10 years if you're over 55.
- **Male Sex**—The incidence of stroke is about 30 percent higher for men than women.
- **Race**—Black Americans have more than a 60 percent greater risk of disability and death from stroke than white Americans.
- **Diabetes Mellitus**—Although

diabetes can be treated, having it still increases your chance of suffering a stroke. This is even more true for women.

- **Prior Stroke**—The risk of stroke if you've already had one is many times that of someone who has not.
- **Heredity**—Stroke risk is greater if your family has a history of stroke.

Uncontrollable Factors

Other contributing factors for stroke include:

- **Asymptomatic Carotid Bruit**—A bruit is an abnormal sound heard when a stethoscope is placed over the carotid artery in your neck.
- **High Red Blood Cell Count**—A marked, or even a moderate, rise in your red blood cell count could help increase your risk for stroke.

Because early detection is the best weapon against stroke, it's wise to listen to your body reveal these telling signs:

- Sudden weakness or numbness of the face, arm and leg on one side of your body.
- Loss of speech or trouble talking or understanding speech.
- Dimness or loss of vision, especially in only one eye.
- Unexplained dizziness, unsteadiness or sudden falls.

Strike back against stroke by learning about it—and what puts you at risk. Contact your nearest American Heart Association office for more information.

According to Lubbock-based Plains Cotton Growers (PCG) preliminary figures for the first six months of 1992 provide cotton producers both good and bad news.

Good news for producers is the report shows cotton marketings running well ahead of what they were at this time in 1991. The bad news is that the average price received by producers has averaged 16.1 cents below 1991.

USDA's new report indicates June marketings of 361,000 bales at an average price of 56.9 cents per pound. The June numbers bring cumulative marketings for 1992 to 6,682,000 bales and the weighted average price to 51.16 cents per pound.

USDA uses the average price of cotton, weighted by the number of bales marketed, to determine the final deficiency payment rate. The weighted average price is subtracted from the target price of 72.9 cents per pound to

determine the final payment rate.

A side-by-side comparison of current marketings with 1991 figures clearly shows that 1992 marketings are running well ahead of 1991. With prices remaining at very low levels prospects for a larger-than-anticipated deficiency payment are getting better each month.

"The significant losses many High Plains producers have incurred this year puts a lot more emphasis on the eventual size of the 1992 deficiency payment than normal," notes PCG Executive Vice President Donald Johnson. "In normal years the deficiency payment often is a key factor in whether or not a producer makes a profit or takes a loss on his crop. With the majority of this year's crop already lost, many producers are hoping this year's deficiency payment can help them try again next year."

New Two-Person Sled Ride Popular At Wet 'n Wild-Arlington and LBJ

Wet 'n Wild-Arlington and LBJ water parks have taken their popular one-person sled ride, Banzai Boggan, and doubled the fun by adding a sled or two—appropriately called Banzai Banzai. The fast-moving, two-person sled skips across a 150-foot-long pool in just a few seconds.

Also new this summer at the Wet 'n Wild-Arlington park is the one-of-a-kind Power Jet Show that showcases six professionals performing stunts and skiing with high-performance water equipment in the wave pool. Wet 'n Wild-LBJ park guests can enjoy the new children's themed play area, Li'l Serfs' Castle.

Wet 'n Wild-Arlington offers 47 acres of fun, and is located on Lamar Boulevard north of I-30 and Arlington Stadium. Call (817) 265-3356 or information. Tickets are \$16.95 for adults, \$14.95 for children ages 3-12, free for children two and under.

Both water parks are open daily through August 22 from 10:00 a.m. to 9:00 p.m.; August 23 from 10:00 a.m. to 6:00 p.m., and weekends August 29 to September 20 from 10:00 a.m. to 6:00 p.m. Hours will vary on some days. Parking is free. Shaded picnic facilities are available for small and large groups.

The nose cleans, warms and humidifies over 500 cubic feet of air every day.

CLEAN TEXAS 2000

QUESTIONS TO THE CLEAN TEXAS 2000 HOTLINE: 1-800-458-9796

Q: Is it too late in the year to start a compost? How do I start?

A: Any time is a good time to start composting. The first step is to pick a location that will work best. That should be a spot that drains well, is out of direct sun, and where you can keep pets and children out of the compost. The best starter materials are leaves, grass

clippings, excess vegetation from gardens and flower beds, fruit and vegetable scraps from the kitchen. Start by layering the leaves, grass clippings and vegetation. When you add vegetable scraps, be sure to cover them, either by turning your compost or by adding more leaves or grass. By turning the compost every few days, you should be able to produce dark, crumbly dirt in four to six weeks. Contrary to what you may have heard, a well-maintained compost — one that leaves out meat, fats and dairy products — will not attract rodents.

Q: You suggest using a mix of pyrethrum powder and diatomaceous earth to keep fleas off pets. I'm all for it, but I can't find either the mix or the separate products. What do you suggest?

A: You aren't alone. We've had dozens of similar questions. The first place to check is with your veterinarian. Many vets have the two products or they stock various commercial products that contain one or both of the ingredients. Your vet will also be able to instruct you on proper use. Other potential sources include lawn and garden supply stores, feed and grain stores, organic or natural food stores, and, in urban areas, the growing number of stores that specialize in "green products" or environmentally safe products.

Q: I live in a small Panhandle town. To my knowledge, no one here accepts materials for recycling. I don't like throwing out materials that could be recycled if I lived in a city. What can I do?

A: The Texas Water Commission keeps a constantly changing list of recycling centers and businesses in every area of the state who buy or collect recycled materials. We will be happy to send you the latest list. We can also give you tips about how to organize recycling programs in your town or among your neighbors. We will also be glad to provide some ideas on ways to reduce the amount of disposable material you buy. Among our tips will be to encourage you to think of second-hand stores for your purchases and as a place to take still usable items that you no longer need.

Public Notice

Southwestern Bell Telephone Company is asking the Public Utility Commission of Texas (PUC) for approval to offer a new optional service called Remote Access to Call Forwarding (RACF) on a permanent basis beginning September 7, 1992.

RACF is an optional service that is intended for use by residence and business customers. RACF permits a customer who subscribes to the optional service Call Forwarding to activate, deactivate or change the Call Forwarding destination from a location other than the customer's premises. In order for RACF to function, it must be accessed from a push-button telephone.

The proposed monthly rate for RACF for residence customers is \$1.00, and the proposed monthly rate for business customers is \$2.75. These rates are in addition to the rates for basic local exchange service and regular Call Forwarding. (The monthly rates for Call Forwarding are \$2.10 for residence customers and \$2.65 for business customers.)

RACF is expected to generate first-year revenues of approximately \$643,000.

Persons who wish to comment on this application, which has been assigned Tariff Control Number 11316, should notify the PUC by August 28, 1992. Requests for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757, or you may call the PUC Public Information Office at (512) 458-0256 or (512) 458-0221, teletypewriter for the deaf.

FAMILIES CAN STAY UNITED DESPITE THE GENERATION GAP

As more and more activities occupy our lives, they tend to leave family members with very little "quality time" to spend together, recounting the day's events and discussing their problems. This is particularly true of the children, who when they are younger tell Mom and Dad everything that happened in school and elsewhere. However, it has little effect on the teenagers when they reach those double digits and begin living in a world of their own anyway, and Mom and Dad learn to accept it. This generation gap is hard to bridge, but it does help if the family can get together on the Sabbath day and attend the House of Worship. The home should be the center of love, happiness and security, and the lessons of faith can be the best reminder of it.

CARDS OF THANKS

We appreciate all the concern for Mule since he has been in the hospital and at home. Thanks for the cards, phone calls and prayers, and a special thanks to Bud Couch and Rex Johnson.
Love,
Mule and Mary

Thanks for the telephone calls, cards, visits, prayers and every expression of your friendship and concern while I was in the hospital and since I've been home.

Ashel and Mildred

I'd like to thank everyone for each act of kindness shown during our recent loss. May God bless each of you.

Rita Welch

We would like to thank all of you who helped our wedding to be the best time of our lives. We really appreciate all the help from each and every one of you who helped with the shower, the parties and the wedding and reception. We want to give a special thanks to our parents and loved ones.

Thanks so much!
Alison and Dwain Tipton

Thanks to everyone for the flowers, visits and calls while Carla was in the hospital.

Mr. and Mrs. Al Hall and family
