County works to lower employee healthcare costs

Knox County is working to encourage employees to more aggressively look out for their own health by distributing self-care health guides and educating employees on how to effectively deal with many ailments at home. The 353-page Healthwise® Handbook is being provided by the Texas Association of Counties' group health insurance program, which includes Knox County as a member. Ninety counties and 35 other county-related government entities are participating in the statewide project.

The Texas Agricultural Extension Service, working through its Family and Consumer Science agents, will conduct local education programs to inform employees how to effectively use the self-care manuals.

"The county's employees will get hands-on experience using the book, which is focused on improving the quality of care employees give themselves, know-

ing when it is safe to take care of themselves and when to see a doctor," explained Jennifer Hoff, Employee Benefits Specialist in charge of the Texas Association of Counties Healthwise Program.

"If employees are educated about taking care of themselves and know how to effectively deal with health questions, they'll be healthier on the job and happier at home," Hoff said. "And, they'll be more likely to be wise health care consumers. People often run to the doctor because they don't know what else to do, and they want to feel better. Historically, most families that have used this book have been able to avoid at least one unnecessary trip to the doctor or emergency room. Everyone benefits from that."

In its thirteenth edition, the book provides basic guidelines on how to recognize and cope with more than 180 of the most common health problems. As the reader identifies specific symp-

oms, the guide spells out preventive measures, how to treat the problem at home, and most importantly, when the problem requires immediate medical attention.

In charge of the project at Texas A&M is Dr. Carol Rice, Ph.D., RN, Associate Professor) with the Texas Agricultural Extension Service.

"Research is clear that people who are informed about their health make smarter decisions about taking care of themselves and their families," Dr. Rice said. "Our Family and Consumer Science agents throughout Texas are excited about providing education to county employees."

Knox County will be conducting these programs for county employees on June 18 at 9:00 a.m. and 2:00 p.m. For more information contact the Knox County Extension office - 454-2651 or the Knox County Treasurer's office at 454-2251.

Ship's engine trouble pays off for local's parents on Atlantic cruise

When Stan Wojcik's parents, Stan and Jean Wojcik of Florida, booked a four day cruise on the S.S. Dolphin IV, they never expected they would be rewarded with an all - expense paid extra day at sea!

Actually, in what seems like a scene from an ocean-going movie, the couple's extra day at sea was due to engine problems on board the cruise ship. While at sea, routine checks on the ship's engines caused one of the boilers not to work. As a result of the mechanical failure, the cruise ship had to return to Port Canaveral from the Keys under half power.

While 616 passengers aboard the ship enjoyed an extra day and night of parties in the Atlantic, another 474 persons were stranded

at port when the ship was unable to return on time and depart for its next cruise as scheduled.

Stan's brother Jim, who also lives in Florida and was to pick up his parents when the ship docked on a Wednesday, received a call from them and was told not to pick them up until one day later - on Thursday. Quickly figuring out what Thursday that would be, his immediate response was "Make sure it doesn't come in during Seinfeld!"

Stan's father and brother are currently in Knox City helping Stan, his wife Donna, and their business - Air Ag, Inc. - with boll-weevil spraying in the area served by the crop spraying company that operates from Harrison Field just North of Knox City.

Attendees will receive a ten-page handout containing reality checks, networking resources, self-care considerations, time-outs, and things that work. In addition, participants will receive other helpful literature from the Alzheimer's Association.

Though the workshop is designed primarily for family caregivers of dementia patients, healthcare professionals and other interested persons are welcome to attend.

The program is sponsored by the Alzheimer's Association of West Central Texas and made possible by the Texas Department on Aging and the West Central See Caregiver, contd. on page 6

Benjamin news

By Gladene Green, Benjamin Correspondent

First things first! Let me correct the ad which appeared in last week's paper concerning homecoming. It stated that the barbecue meal would be at 3:00 p.m. Saturday. Wrong!! The meal is at 5:30 p.m. The business meeting will be at 3:00. For all of you who have asked "Why are we eating at 3?" We are not. So make your plans accordingly. The rest of the ad with the weekend activities is correct. And we hope to see a lot of friends here during those three days, the 12th, 13th, and 14th.

We had a wonderful break in the weather. Leving that 100+ behind for a few days, the cool on Friday and Saturday was sure welcome. We will hate to see those hot days reoccur but being June, we know it will happen. So enjoy while it lasts.

Bill Ryder was dismissed from the Knox County Hospital on Tuesday. He continues to have some good and some not so good days, but is "hanging in there." He stays pretty close to home but hopefully in a few days, he will feel like getting out a little more.

Debra Moorhouse begins her second round of chemo Monday. That will be for a week. So far, she's handled it well and maybe that will continue. We hope and pray that it will.

News from Rome, Italy, is that Shannon Parker (her last name now escapes me) is doing pretty well considering all she's been through. Her parents, Linda and Jerry, are with her and reports from them are that maybe in a couple of weeks, they will be able to get her up on crutches and maybe bring her back to Texas (and Benjamin). She's had a pretty rough go but things now seem to be looking up for her and her family.

Sympathy goes to the family of Fred (Snow) Crenshaw this week. Snow was a former Benjamin resident but had lived in Lubbock several years moving there from Matador. He died Sunday night of an apparent heart attack. Graveside rites were held here on Wednesday morning.

Also condolences to the family of Oather Poe of Knox City who passed away on Saturday. He is an uncle of Janet Reed here in Benjamin. And also sympathy to the family of Louise Burnett who died Wednesday. Her funeral was in Munday with burial in the Benjamin Cemetery.

Here 'N There - Sharon Johnson and Maretha Patterson returned home Saturday after a few days vacation and visit with Sharon's daughter, Stephanie and family in Dewey, Arizona. They were accompanied on the trip by another daughter, Suzanne and her children of Seminole. While in Arizona, they toured the Grand Canyon and also visited a cousin of Sharon's (her dad's nephew) in Phoenix. Said they had a good time but sure were glad to be home.

Jim Bob Conner of Lubbock visited his mom, Judy Conner, recently.

Merle and Fred Searcey of Justin visited her sister and brother-in-law, Pearl and Bill Ryder, a few days this week.

Blaine Conner of Colorado City is here for a visit with her mom, Janet Reed, and Gary and other relatives and lots of friends. Clay Conner is in Colorado City for and visit with his dad, Steve and family.

Dwayne and Chase Polvado and Tiffany DeLosSantos of Vernon spent last week with their grandparents, Charles and Joy

Jones.

Debbie Clower spent a couple of days with relatives in Dallas last week returning home Friday. Her children, Michael, David and Sara, who had been in Dallas a week returned home with her.

Nancy McGreger and Jessie Roberts returned home Friday night from a 10-day visit and vacation in Germany with Nancy's son and his wife, Chris and Nancy. Mrs. Roberts said they had a wonderful time. Saw lots of interesting sites, beautiful churches and castles. In addition to seeing Germany, they also toured Italy and Austria and made a trip through the Alps. So they got in a lot of sightseeing and enjoyed it all. We're glad they are back home safely!

Mitzi Ham, Randy Reed and Shanna Heard were in Wichita Falls Saturday for some schooling for new board members. They all were elected in the May election for the first time.

And a final word about Homecoming. We hope to see lots of our friends here this coming weekend. We are planning for an extra good time.

Several classes are planning get-togethers:

Classes of 1957, 1958, 1959 - at the Community Center, 11:00 a.m.;

Classes of 1964 - 1971 - at the home of Judy Roberson Conner from 1:00 until 5:00. This is a come and go affair.

Class of 1945 - 10:00 a.m., assembly room of the courthouse

Class of 1988 - at the home of Kemp and Becky Jones, 4:00 p.m.

Each of these groups invite anyone to come by and say Hello regardless of when you finished if you want to. All are planning lots of fun and renewing of old acquaintances.

WATER SAFETY TIPS

Sponsored by the

Knox County Hospital Trauma Committee Safety Education

(Reprinted from Disease Prevention news, TDH Injury Prevention and Control)

Water safety must protect against drowning and other hazards as well. Diving into water that is too shallow or that contains hidden rocks can cause injuries to the spinal cord and to the brain. These injuries are usually severe and often fatal.

Motorboat propellers also can be deadly. They can cause deep cuts, heavy permanent scars, amputation, and severe blood loss.

Of all the risky things people do in or on the water, leaving children unattended and using alcohol or drugs are the most dangerous. Following the safety rules below can greatly reduce the risk of drowning or injury.

- Never leave a child alone near any body of water. Designate an adult to supervise children, especially during social events.
- Teach children about water safety.
- Require all children under the age of 5 years to wear Coast Guard approved life vests while they are on or in the water - regardless of their swimming skills.
- Do not allow young children to use easy-to-remove flotation devices such as floaties without constant supervision.
- Insist that everyone who cares for children learn CPR (cardiopulmonary resuscitation).
- Use fences, extra pool barriers, safety covers, and alarms. Check them regularly for defects.
- Remove any means of climbing over pool barriers.
- Make sure the pool area is clearly visible from your house.
- Keep emergency numbers on all phones and install a phone near the pool.
- Equip pools with lifesaving devices such as a 'shepherd's hook' and a ring buoy with an attached line.
- Check water depth and presence of submerged objects such as rocks before you dive.
- Start with easy dives and increase the difficulty little-by-little. Try only those dives you are sure you can do.
- Wait until the diving area is clear of other swimmers before you jump or dive.
- Be sure only one person at a time is on the diving board and the ladder.
- Keep boats in top repair and obey all water rules and regulations.
- During all swimming and boating activities, ban consumption of alcohol and all drugs that affect mood/coordination.

Safety pays huge dividends for Benjamin Independent School District

Mr. Ben Grill, Superintendent, Benjamin ISD, was recently recognized for their outstanding safety record by the North Texas Educational Insurance Association at the Annual Appreciation Luncheon in Austin, Texas. The district has saved \$20,950 since September 1, 1993 because of their dedication to preventing work related injuries. More than 320 Texas schools are current participants in a program that focuses on employee safety and savings for the school district. This uniquely designed program was developed by Hibbs-Hallmark & Company and is administered by CAS-Claims Administrative Services, Inc. Both companies, located in Tyler, Texas, currently provide workers' compensation to over 30% of Texas school districts. Since its inception in 1991, combined savings for participating school districts have exceeded \$49 million.

Benjamin ISD was a Gold award recipient, with actual losses for the district amounting to 30.07% of funds reserved for po-

tential claims expenses. Savings for the 96/97 school year totalled \$7,812.00 "Our self insurance programs were created to offer the safest working conditions and the greatest potential for savings for Texas school districts," said Barry Jones, Claims Administrative Services, Inc. President. "Regular visits from our team of safety professionals assist each district in implementing strict safety policies and procedures."

Wesley Slade, Senior Vice President of CAS explained, "Member districts' commitment to safety is one of the reasons for the success of the Association. District participation in HHC/CAS programs set the standard for schools statewide, in reducing on-the-job injuries, as well as saving tax dollars. Taxpayers should be pleased to know that the Board of Trustees and the administrative staff of Benjamin ISD are working to provide the safest working environment possible for their employees and to reduce the cost of worker's compensation to each participating district."

The Knox City High School graduating class members were asked to describe the "Most Memorable Moment" of their high school careers. Here are the final words that were turned in to the *Greyhound Pride* news staff from the 1998 Graduating Seniors:

Margaret Araza: I found out that I passed! I will get out of here soon. Thanks to Mr. Lowe for helping me through the year. Thanks to all of the teachers

Joey Posey: My most memorable moment was the trip to the Houston Livestock Show during my junior year. It was an enjoyable trip and I got to see a lot of people while I was there showing my pig.

Abram Espinosa: My memorable moment was when we had a barbecue party in Ag Mechanics.

Anthony Ainsworth: My most

memorable moment is all the weekends with my friends. I also remember beating Munday in football and basketball in the year of 94-95, (96 in basketball).

Kim Grimsley: My most memorable time in high school has been my Senior year. In volleyball we won District and Bi-District. We had a blast.

Audra Dale: I enjoyed Algebra II with Mr. Reasor during my junior year. He was my favorite teacher (besides Mrs. Waldrip).

Heath Turner: Three days after I got my license to drive, I backed my mom's van into Mark Rocha's pickup and blew the glass out of my mom's door.

Sara Dillon: The Houndettes were awesome in volleyball 97-98!!!

Jessica Garcia: My most memorable moment in high school was last year at Prom. The pool that was part of the decorations

overflowed and spilled all over the cafeteria floor! I also was proud when we got Regional Qualifiers in volleyball my senior year.

Melissa Stovall: One of my greatest moments in high school was being nominated Football Sweetheart my sophomore year. Good luck to everyone in all they do.

Amy Hunt: I remember the day Mr. Reasor (last year's math teacher) left and everyone was almost crying before it was all over with. I will remember going to Regionals at Levelland in UIL Computer Applications and Mathematics.

(If you were not quoted here, it is because we did not receive back your questionnaire. Sorry you did not turn in your last homework paper! Best of Luck!)

A final message from the Editor...

by: Audra Dale

This being my final year at Knox City High School, as well as Editor of the *Greyhound Pride News*, I have a few final words to say before I pass the torch to the next person.

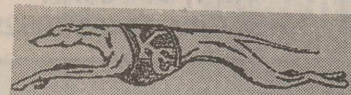

First of all, I would like to thank Mrs. Greta Waldrip for her support and for making this newspaper project possible. I would also like to thank those members of the student body and sponsors who have been willing to contribute information in each issue we put out. You are the ones who make things happen; we want to be able to report what you do. Your cooperation is much appreciated.

Thank you to the Citizen's Bank for the financing of these student pages.

Finally, I want to ask the community to continue to support the future generations that will graduate from this school.

Cowboys with a cause.....W.F. Ranch Roundup

Wichita Falls, Texas (June 1, 1998)....It's time for a bevy of activity to break loose! Everything from hearty handshakes and warm hugs to chap-flappin' and bronc taming gets rolled into one big Texas size event called the Texas Ranch Roundup.

On August 14th and 15th, some 17,000 people will swarm the Mounted Patrol Arena Grounds in Wichita Falls, TX and celebrate the 18th year of this popular event.

Locals love it and support it, but the-boundary lines are non-existent for the huge crowd of spectators. Folks from out-of-state, and on occasion, from other countries, plan their vacation sojourns to catch a glimpse of this rare opportunity to see Texas cowboys.

They are Texas cowboys who come from some of the largest and best known ranches in Texas - ranches which still run thousands of head of cattle over hundreds of thousands acres of land. While the latest technology plays a vital role in the management of these fabulous old ranches, the "traditional" ways still exist ... both out of necessity and out of choice. They may use helicopters, air planes, the newest model trucks, faxes and computerized equipment, but they also roundup, brand, cut, pen, and doctor the cattle.

What may appear as the smoothest, most rehearsed action in Texas history...is actually a tradition. The art of cowboying is a lifestyle which has been passed on from one generation to another. The practice takes place daily on these big ranches - only it is called work. Hard, hot, cold work, seasons don't allow sissies. Work is an ever beckoning duty

which results in the success or failure of a year - or an entire spread.

Once a year, these ranch owners and managers pull their families, cowboys, horses and chuck wagons together to make the trek to Wichita Falls, TX, and "put on" a show called the Texas Ranch Roundup. They appear to enjoy the event almost as much as the spectators, because it is a time for friendly competition between themselves, a time to see old friends, and a time to "do something good for someone else."

Three large Texas charities benefit from the unique event which these ten ranches will produce. North TX Rehab in Wichita Falls, West TX Rehab in Abilene, and West TX Boys Ranch in San Angelo have benefitted by some \$1.1 million in the previous seventeen years.

What started as a small idea and the backing of Anheuser-Busch and Falls Distributing dollars, became a rapidly growing success, and has remained the beneficiary of the original sponsors. "Through the years, we have lent our support to the Texas Ranch Roundup and have watched with pride as it has developed into the premier working cowboy rodeo," said Stephen (Reno) Gustafson, President of Falls Distributing Company.

In addition to the arena events on Friday and Saturday evening, beginning at 8:00 p.m., the weekend offers a large trade show, exhibiting everything from ranch/farm equipment, western wear, hand crafted spurs, buckles, saddles, and an array of goods which delight the crowds on Friday afternoon and all day Saturday.

But the fun doesn't stop there! On Saturday morning at 10 a.m., the Talent Competition begins. Each ranch sings, reads poetry, and acts out their life style before an enthusiastic crowd which arrives early for good seats. In the midst of hearing and seeing some of the best photography, painting and hand-made crafts, a hearty, enticing aroma saturates the air.

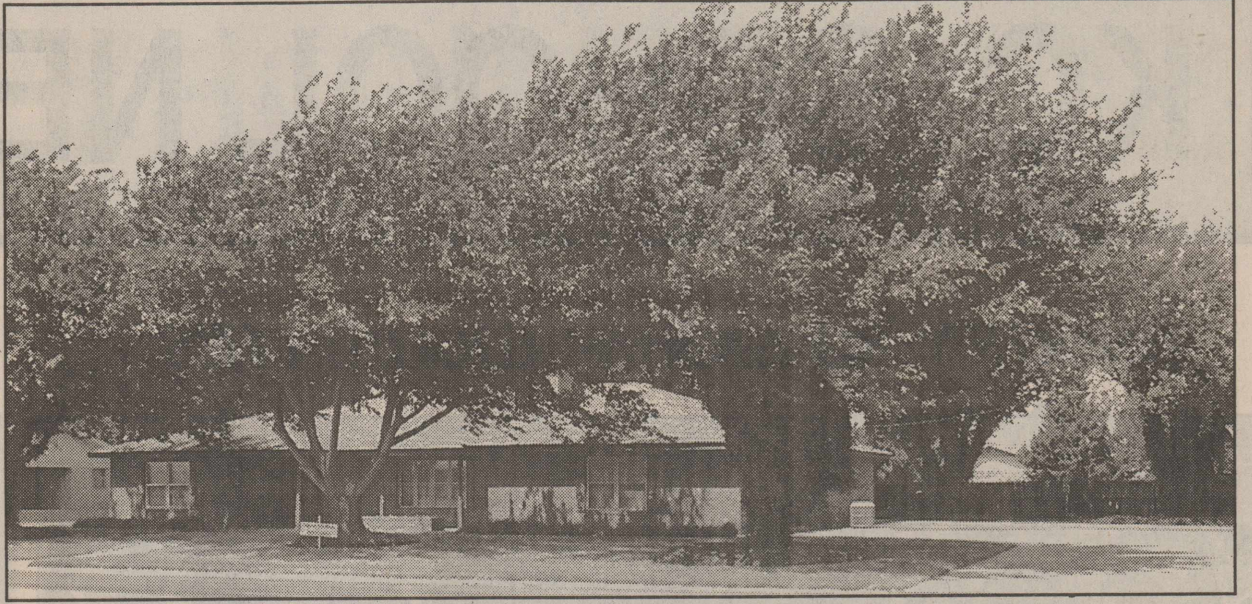

From the back of their chuck wagons, and over an open fire, the "cookies" will prepare brisket, potatoes, biscuits and bread pudding for selected volunteer judges to sample about noon. Everyone cooks the same menu, but the flavors vary greatly, and provokes a taste bud run-away for the judges who must rank the entries.

The Texas Ranch Roundup once again will determine which ranch can take home the "Braggin' Rights." But regardless of the winning team, the spectators are promised a show worth braggin' about. Where else can one see the "granddaddy of ranch roundups?" Where else can one see ten large, historical ranches compete? Where else can one see real cowboys ride hard, compete seriously, laugh uproariously, sing tenderly, and call it "fun for a good cause?" Wichita Falls, TX, on August 14, 15 is the place to be.

This year's participating ranches are: Bridwell Ranches, Wichita Falls; R.A. Brown Ranch, Throckmorton; Burnett Ranches, Guthrie; Johnson Ranches, Amarillo; Moorhouse Ranch Co, Benjamin; Nail Ranch, Albany; Pitchfork Land & Cattle Co., Guthrie; Quien Sabe Ranch, Channing; Spade Ranches, Lubbock; and W.T. Waggoner Estate, Vernon.

Tickets can be purchased at Cash-A-Check (940) 691-1723.

COMBINED NOTICE NOTICE OF FINDING OF NO SIGNIFICANT IMPACT ON THE ENVIRONMENT and NOTICE TO PUBLIC OF REQUEST FOR RELEASE OF FUNDS

City of Benjamin
P.O. Box 286
101 W. Cedar
Benjamin, Texas 79505

The Knox County News
June 11, 1998

TO: ALL INTERESTED AGENCIES, GROUPS AND PERSONS;

Seventeen (17) days after this publication, the above named City of Benjamin intends to request the Texas Department of Housing and Community Affairs (TDHCA) to release Federal funds under Title I of the Housing and Community Development Act of 1974 (P.L. 93-383) for Contract No. 717061.

Exempt Activities
Grand Management
Engineering

Environmental Assessment Activities
Reshaping of waste stabilization ponds. Installation of irrigation systems, recycle pump and structure, monitoring wells and force main. Project site is located at existing wastewater treatment plant located on 5.0 acres of land situated in Section 246, Block 44, H. & T.C.R.R. Co. Survey, Abstract 710, Knox County, Texas.

Cost of the Project
\$262,215.00

Finding Of No Significant Impact

It has been determined that such request for release of funds will not constitute an action significantly affecting the quality of the human environment and accordingly the above named City of Benjamin has decided not to prepare an Environmental Impact Statement under the National environment Policy Act of 1969 (P.L. 91-190). The reason for such a decision not to prepare such a statement is based upon the fact that all environmental concerns could either be minimized or mitigated.

An Environmental Review Record for the proposed project has been made by City of which documents the environmental review of the project and more fully sets forth the reasons why such a statement is not required. The Environmental Review Record is on file at City Hall, City of Benjamin, 101 W. Cedar, Benjamin, Texas and is available for public examination and copying, upon request between the hours of 8:00 A.M. and 5:00 P.M., Monday through Friday.

Public Comments Of Finding

All interested agencies, groups, and persons disagreeing with this decision are invited to submit written comments for consideration by the City to the address a set forth above. Such written comments must be received at the address specified within sixteen (16) days after this publication. All such comments so received will be considered and the City will not request the release of funds or take any administrative action on the project prior to date specified in the preceding sentence.

Release Of Funds

The City of Benjamin will undertake the activities described above with the Community Development Block Grant funds under Title I from its Program Year 1997 under grant numbered 717061 from the Housing and Community Development Act of 1974. The City of Benjamin is certifying to TDHCA that Mr. Mike Sheedy in his official capacity as Mayor, consents to accept the jurisdiction of the Federal Courts if an action is brought to enforce responsibilities in relation to environmental reviews, decision-making, and action; and that these responsibilities have been satisfied. The legal effect of the certification is that upon its approval, City of Benjamin may use the Block Grant funds, and it will have satisfied its responsibilities under the National Environmental Policy Act of 1969. TDHCA will accept an objection to its approval only on one or more of the bases and the procedures described in 24 CFR Part 58.75. Objections are to be addressed to the Texas Department of Housing and Community Affairs, P.O. Box 13941, Austin, Texas 78711-3941.

Objections to the release of funds on bases other than those stated above will not be considered by the TDHCA. No objection received later than thirty-three (33) days after this publication will be considered by the TDHCA.
