Students Moved From Old North Ward School Until New Building Is Completed

WOMEN HOLD CLASSES IN NORTH WARD, CHURCHES

MOVING OF OLD SCHOOL BUILDING STARTS TUESDAY BY WPA AND NEW STRUCTURE TO OCCUPY OLD SITE

BUILDING SEES LAST CLASSES WEDNESDAY

Students in the North Ward have been transferred to the new building and the East Ward school completed, under the construction company of the WPA.

WPA work orders have been issued by the WPA office and the work will be completed by the end of the month.

WPA officials have to get the contractor and the contractor's bond before any of the work can start.

WOMEN TO GET NEW HIGH SCHOOL BUILDING

Applications are being made for Resettlement loans for 1936, according to R. E. Skipworth, in charge of the four counties in the Haskell district.

The force in the Haskell office has been augmented by two new members, Mrs. Connelly of Brownwood who is the new Junior clerk and typist, and Mrs. W. H. Anderson of Aspermouth and father of the Stonewall County Judge, has been named as the Assistant Supervisor.

Mrs. F. M. Robinson spent several days in Lubbock, Texas, in the company of her parents, and attending to business for the Haskell office.

J. V. LEWIS, AGE 75, BURIED LAST TUESDAY

Long Time Resident was Member of Baptist Church 50 Years

Mr. James V. Lewis, age 75, died last Sunday at the home of his son, W. O. Lewis, in the Goree community. He was ill only a short time and a stroke last Sunday was the cause of his death.

HASKELL NIMRODS HAVE GOOD HUNT

Bringing home seven deer and two turkeys, a party composed of Frank Reynolds, R. E. Guess, C. O. Scott, E. B. McDonald, P. G. (Buck) Kendrick and Donal Roberts returned from Gillespie County last week, where they had spent several days hunting in the bill country.

F. M. ROBERTSON GETS FEDERAL POST

Mr. F. M. Robertson, Haskell Attorney, has accepted the appointment from Federal Judge James C. Wilson as Conciliation Commissioner for Haskell County. This is the second appointment to this post for Mr. Robertson.

Conciliation Commissioner Will Hear Pleas For Moratorium

The conciliation Commissioner's duties are to referee the claims for the 3 year moratorium on farm loans as provided for in the Frasier-Lempke act of a few years ago. Those who find it necessary to file the petition must first make application through Mr. Robertson who, if he finds the claim justified, will fix the payments of the loans so as to coincide with rental payments on similar pieces of farming property.

Rochester Gets New WPA Sewing Room

The Federal Government has established a sewing room in Rochester for the use of those who are in need of this kind of work. The room is under the direction of Mrs. R. P. Barnard of O'Brien who was head of this department for the Home Demonstration work for several years.

HASKELL COUNTY TO GET SECOND DAM ON BRAZOS

Trouble In Palo Pinto County May Help Locally

Haskell County was assured of the second dam to be built on the Brazos River and there is a possibility of the county being the first to receive a dam.

The first dam site was located in Palo Pinto County, but due to the activities of the land sharks who have moved in and by various means have managed to put up the price of land which would have been indented, has caused the Federal Government to issue instructions to the commissioner's court to start condemnation proceedings and failing that, the location of the dam will be moved to another section of the river.

Mr. Courtney Hunt of Haskell and E. K. Warren of Knox City appeared before the Board of Directors of the Brazos River Conservation and Reclamation Commission in Austin last Thursday and these facts were given them.

The chairman of the four counties committee, Charles Conner, will call a meeting of the committees from the various towns which will be affected by this project in the near future and further plans for cooperation with the Brazos River office will be mapped.

The average sale of the Spot Cotton market for the past week failed to get under the guaranteed 12 cent price. As stated in last week's Free Press, when the price is above 12 cents, the cotton need not be accompanied by the Cotton Sale Certificate, Form CAP 1.

With the Roscoe Plowboys the odds on favorite and generally picked to win the Championship of the 6-B District, the Tribe of Haskell high school Indians have been making medicine under the big Medicine Men Richey and Mason and there will probably be a big upset in the hope.

BANDS AND CLOWNS WILL ENTERTAIN CROWDS

Santa Claus is really coming to Haskell. The most beloved character of childhood will personally make his appearance in this city on Saturday, December 7th.

COUNTY'S GINNINGS TO NOVEMBER 14 23,577 BALES

Compares With Total 10,033 To Same Date for 1934 Crop Yield

Cotton ginned in Haskell County to November 14 from the crop of 1935 totalled 23,577 bales, according to report of W. P. Trice, special agent, U. S. Department of Agriculture.

Ginnings to this date were more than double the figure for November 14, 1934. On this date last year government statistics credit Haskell county with 10,033 bales ginned.

The Nov. 14, 1935, report shows that 1,532 bales of cotton were ginned in the fifteen day period from Nov. 1 to 14. First killing frost in this area on Nov. 11, with several since then, definitely ended any further maturing of the 1935 crop, and likewise would expedite gathering with any period of fair weather.

Damp weather and rains this week have halted cotton picking and bottling to a marked extent but with clearing weather in prospect Haskell gins soon will be running day and night again.

FUNERAL HELD HERE MONDAY FOR MRS. DARNELL

Funeral services for Mrs. Magie Darnell, 72, were held at the family residence in Haskell last Monday, Nov. 25. Rev. H. R. Whately of the First Baptist Church of Haskell conducted the service. Burial was in Willow Cemetery. Mrs. Darnell died November 24 after a brief illness.

FARM BUILDING IS WELL RECEIVED

The Haskell Junior Chamber of Commerce voted to endorse the movement for the proposed \$12,500 agricultural building that was offered Haskell County but when the project was brought before the Lion's Club in their meeting Tuesday at noon, the Lion's were in favor of doing their part toward the construction but the movement now hinges on the amount of the relief labor available in Haskell County.

Texas Pension Act Gets New Head

"We are going to be fair to the old people of Texas," said the new pension chief this week. Orville S. Carpenter, 36-year-old State Auditor, was named executive director of the old-age assistance board, November 20, by the new three-member commission. He will resign as Auditor and take up his new duties when the pension law becomes effective February 14.

"We are going into the matter carefully. I am studying the pension systems of other states that have pension laws," he said. Mr. Carpenter probably knows more about pensions than any other man in the State. At request of Governor Allred, Mr. Carpenter made a survey in September on the "Cost and General Plan for Old-Age Pensions." This was prepared for the Legislature, and the new law reflects his survey in many ways.

The Dallas business man was appointed last August by the Governor to reorganize the Office of the State Auditor. To the Legislature, he made reports on pensions, liquor, and fees. Other surveys were on taxation, bank deposit insurance and a number of lesser subjects. He is now conducting audits of the Treasury and Baking Departments.

He estimated that there were 283,199 people in this State 65 years of age or older. Considering the experience of other states, he calculated that there would probably qualify for old-age assistance in Texas 62,933 people.

SECOND POULTRY SHOW SOON IN ANSON

Three-Day Show Will Open Dec. 12; J. W. Pritchett to Judge Entries

Anson, Texas, November 15—Jones County's second annual poultry show will be held in Anson Thursday, Friday and Saturday, December 12, 13 and 14, it was announced this week.

CITY COUNCIL TO UNDERWRITE EXPENSE

Under the present plans of the Haskell Junior Chamber of Commerce, the city is virtually assumed of Free City Mail delivery.

The present plan of operation adopted last Thursday by the Council is to appear before the Council at their next regular meeting and agree to reimburse the City for the expenditures necessary for the proper name and number of streets of Haskell as recommended by the United States Post Office Department.

The City has agreed, that if the cost of erecting and maintaining name plates and poles is taken from the City's part, they will accept an attractive offer of the West Utilities Company for the additional 20 street lights which are required under the postal law. The streets of Haskell have been designated as being per amount of sidewalk sidewalks to receive the fruit very well, in addition to ed, also have to have numbered and the number attached to the house. It must be provided with the year. They were further postal receipts at least one member than at the close of December 31, last year.

In connection with this ment it is significant to see the Post Office of Haskell has ceeded their quota of business the year. They were further postal receipts at least one member than at the close of December 31, last year.

The boss wanted a different of noise around the sawmills. It seems that the boss wanted deer hunting and the boss at its highest level. One day, so this is written, the boss feel good. You know it anyhow.

There was a party of (with a cap H) that just Haskell night for a Hunting trip wilds of the Davis Hunters (with a cap H) heeled with the latest in damage. The avowed intention to get a deer.

There were two jugs in the one was filled with water, the other was recommended by a petent physician as a cure to make bite and kind of a remedy. The owner of the car was afraid some of the water was and rust the metal work in side of the car. Every week got thirsty, they would get the jugs and hold a jug which jug contained water count of it would have serious mistake to get an extreme case and making ing was used in taking the of each jug. No one was taken as a final remedy. By the time the reached Abilene, it was two deer each with a deer.

Sarah Ann's Cooking Class

It is now time to begin planning for the Christmas cakes. Fruit cake is much improved by time—standing allows the many fruits and spices to blend together to make a delightful cake.

Dark Fruit Cake

- 1 dozen eggs
1 pound sugar
1 pound butter
1 1/2 pounds flour
2 pounds shelled nuts
1 cup brandy
2 teaspoons cinnamon
1 teaspoon allspice
2 pounds raisins
2 pounds currants
1 pound citron
1 pound dates
1 cup molasses
1 teaspoon cloves
2 teaspoons nutmeg
1 teaspoon soda

The flour should be slightly browned in the oven before commencing the cake. Cream sugar and butter, add eggs, the yolks and whites being beaten separately and one pound of the flour. Use the other flour to dredge the fruit when added to the cake batter.

White Fruit Cakes

- 1/2 lb. butter.
1/2 lb. sugar
6 eggs
2 cups grated coconut
1/2 lb. flour.
1/2 lb. citron
1/2 lb. shelled almonds
1/2 lb. shelled pecans
1 teaspoon baking powder
Cut citron thin and dredge with extra flour.

Poor Man's Cake

- 13 cup butter
1 cup sugar
1 cup watermelon rind preserves
2 teaspoons baking powder
2 eggs
1/2 teaspoon salt
1/2 teaspoon cloves
1/2 teaspoon cinnamon
1 cup nuts
1/2 cup raisins
2 cups flour
1 tablespoon cocoa
1/2 teaspoon mace
Mix as other cakes. Bake in a loaf for one hour in oven 375 degrees.

Pound Cake

- 1 pound butter
1 pound sugar
1 pound flour
12 eggs
2 teaspoons cream of tartar
1 teaspoon soda
1 tablespoon brandy.

Cream butter and sugar well. Add well beaten yolks. Sift flour, add cream of tartar three times. Add alternately with the beaten egg whites. Add brandy. Bake in oven 350 degrees for one hour and a quarter.

Layer Fruit Cake

- 3 egg whites

Filling

- 8 egg yolks
1 cup sugar
1/2 cup butter.

Mix the above ingredients, cook until thick. Add 1 cup raisins, one cup of grated coconut. Put between layers and on cake.

COLDs CAUSE HALF OF ALL DISEASES GAS COMPANY SAYS A caution against huddling in one room with windows closed during the winter has been issued by the gas company, which is continuing its series of educational messages on prevention of colds by proper ventilation and heating. The company started the winter heating season with a program of information designed to kiss customers to make their homes more comfortable and more healthful. According to investigations by the company, many colds and other respiratory diseases prevalent in this section in the winter time are due to improper house heating. After exhaustive study and advice from the medical profession, the gas company advises its customers that an even temperature throughout all rooms of the house with a certain amount of moving fresh air is one of the best preventatives of colds to be found. "Many families huddle in one or two rooms during cold days around a small open flame heater with windows and connecting doors tightly closed," says a current ad in the heat-for-health campaign. "If you are a huddler, you are violating one of the most important rules of personal hygiene and good health. Without adequate circulation air may become as foul and unhealthful as that of a tenement slum even though the home may be the most beautiful in the neighborhood." The advertisement states that if people go from an overheated room into a cold hall or unheated adjoining room they have subjected themselves to a condition that makes them highly susceptible to communicable winter diseases. The common cold germ is called America's Public Health Enemy Number One, because, according to medical authority 50 per cent of all diseases are traceable to the cold germ. In order to reduce this menace the gas company advises an even temperature throughout the home with warm air in every room. Lester Teague, were appointed to make arrangements for the Christmas party to be given at the home of Mr. and Mrs. Ross Oliver on the night of December 20th. The out going officers, Mrs. Lucy Day, Mrs. S. S. Dozier and Miss Maude Newberry were recipients of a handkerchief shower given in appreciation of their efforts to serve the club the past two years. Mrs. B. H. Oliver was presented a bowl for the best attendance record having missed only two meetings this year. Mrs. S. S. Dozier was elected as bedroom demonstrator for 1936, and the club adjourned till the New Year. Members present, Mesdames B. H. Oliver, Ida Dozier, J. W. Herndon, Lucy Day, J. M. CHEVROLET The only complete low-priced car This year Chevrolet has two very good reasons for saying, "Thank you, America." One reason is that people have bought so many Chevrolet cars that production for the year will reach 1,040,000. And the other reason is that they have placed a record number of orders for new 1936 Chevrolets during the first few weeks they have been on display. Chevrolet is indeed happy to say, "Thank you, America," and to pledge continued adherence to the manufacturing and service policies which have won and held the friendship of the nation. everyday language of the Jewish exiles, the Aramaic, but also Old Hebrew the language in which the religious literature was written. As a scribe, Ezra was sufficiently learned in the scriptures of his day to expound them to those about him.

From what we know about Ezra he seems to have enjoyed a position of some importance at the Persian court, which is indicated, among other things, by the support given him by the king in his place to lead a migration of Jews back to Jerusalem. The king not only supported this movement with funds but also made Ezra ruler over the Jews in Palestine with full power over them. Ezra is generally regarded as the author of the Book of Chronicles, as well as that of Ezra, and seems to have been an enthusiastic historian.

Ezra's determination to lead in an effort to repopulate Jerusalem was probably caused by alarming reports of the demoralization of the Jews who had returned at the time of Zerubbabel. These seemed to have failed in keeping separate from their heathen neighbors and the religion of Jehovah was in danger of contamination from its contact with heathen practices. We are told that Ezra set his heart to understand the law of Jehovah and to practice it in

Santa Claus Letters

Haskell, Texas, Nov. 17, 1935.

Dear Santa Claus:
I am a little boy 8 years old. I have been a pretty good boy this year.
I wish you would please bring me a baseball and bat, some candy, nuts and fruit, for Christmas.
Thanking You,
Ted Bullard.

Weinert, Texas, Nov. 17, 1935.

Dear Santa:
I am a little boy seven years old and in the second grade.
I live about 1 1/2 miles from Cottonwood School house on J. F. Posey's place (Southeast of the school house) and go to school at Cottonwood.
I want a little wagon for Christmas, most of all as I get wood for mother. I have a brother, His name is Clarence Edward. Get him a little car.
With Love,
Levon Boring.

Haskell, Texas, Nov. 17, 1935.

Dear Santa Claus:
I am a little boy ten years old. I have been a pretty good boy all year.
I wish you would please bring me a football, some fruit, candy and nuts for Christmas.
Thanking You Very Much,
I remain as ever,
Billy Bullard.

Haskell, Texas, Nov. 16, 1935.

Dear Santa Claus:
Well, I have been a real nice boy. Please bring me a little stret car, little train, little watch, and a little peddle car. This is all but some candy, nuts and fruit.
I will be looking for you Dec. 7. From a little boy 7 years old.
Marvin Stuart,
Rt. 2, Box 96, Haskell, Texas.

Haskell, Texas, Nov. 16, 1935.

Mr. Santa Claus:
Haskell, Texas.
Dear Sir:
I am writing you to let you know just what I want for Christmas. I want an electric train, a Buck Jones air gun, and candy, apples oranges, mixed nuts. Hoping to see you December 7th.
Respectfully,
Leon Dodson.

Weinert, Texas, Nov. 18, 1935.

Dear Santa:
We are a little boy and girl 5 and 6 years old, who are planning on seeing you in Haskell if we can, but we want you to bring us lots of good things to eat, and I (Claudia) sure would like for you to bring me a Shirley Temple doll and doll buggy and a toy piano. I (Roy Gene) want a wagon, a watch and knife and a cowboy suit. We are going to be real good so don't forget us and all other little boys and girls.
Your little friends,
Claudia and Roy Gene Freley.

Weinert, Texas, Nov. 17, 1935.

Dear Santa:
I am a little girl ten years old. I am in the 5th grade. I would like to have anything you would give me. My daddy is at Bridgeport, Texas. My mother is dead. My mother died when I was only 2 1/2 months old.

STATE AUDIT REPORT SHOWS MANY BAD OFFICERS

"More than a million and a half dollars has been saved the State of Texas by an investigation of deficiency certificates held by local officers for felony case fees," said State Auditor Orville S. Carpenter about a report completed this week.

Four years ago the audit was started by the Senate Investigating Committee in conjunction with the State Auditor and the State Comptroller. At that time a number of sheriffs were indicted and two other officials committed suicide.

"Local officers receive fees from the State for felony cases and for the legal procedure necessary in prosecution. Deficiency certificates (promises of the State to pay when the Legislature makes an appropriation) are given these local officials. When the Legislature appropriates the money, local officers bring their certificates in and receive payment. Our audit was to determine whether or not these claims were just," Mr. Carpenter explained.

"Forgeries and other irregularities were discovered, but the principal reason for refusing payment on a fee account is that the official has already been paid fees in excess of the amount to which he is legally entitled," the State Auditor said.

"Claims totalling \$374,255.53 have been set up against fee officers, and of this amount \$119,498.13 in cash has been collected. At present the Attorney General for collection. Of the deficiency certificates audited \$306,850.99 was refused as representing invalid claims for payment against the state. By elimination of practices heretofore existing, \$831,714.51 in fees was cut from the judiciary appropriation," he continued.

"Actual saving to the taxpayer made possible by this audit was \$1,712,821," Mr. Carpenter declared.

BY MRS. LEE ROY DENTON

Misses Mabel Jones, Kathryn Norman and Mildred Townsend were joint hostesses for a shower given to Miss Vesta McCready last Saturday.

Miss McCready, daughter of Mr. and Mrs. Arthur McCready, is to be married to Mr. Ellis Neal, November 28. Mr. Neal is teaching school in Old Glory. Both are citizens of Rule.

Mr. and Mrs. Jas E. Lindsey and Miss Nora Hudspeth spent last week-end in Sun Angelo.

Misses Sarah and Nora Hudspeth were in Aspermont last Thursday visiting relatives.

Mr. and Mrs. L. R. Denton, Misses Mary Louise, Earnest and Marcena Rayborn were in Jayton on business last Friday.

Rev. C. C. Dooley is in Wichita Falls with his wife, who has been in the hospital there the past two weeks.

The teachers of Rule Public schools put on a play last Tuesday, entitled "Chintz Cottage." The benefits were for the football fund. Miss Mary Lou Hopper was director of the play.

The Rule Public School has signed contract for a gymnasium to be erected south east of the school building. This is a WPA project. The cost is estimated at \$14,000, and will take 8 months for construction. There will be 24 men working per day, besides 2 superintendents and two supervisors, 28 in all.

The building is to be 86x94 feet. There will be a playing court inside, 84x48 feet, of concrete floors with hardwood finish. Seating capacity will be 1,000. The gym will include a boys and a girls and a visitors dressing room, fully equipped with hot and cold showers. The building is to be constructed of steel and concrete blocks. Joe Hill is superintendent of construction, and H. C. Weaver is the Government supervisor. Building is under direction of WPA at Wichita Falls, Texas. The project includes two modernly equipped tennis courts to be laid east of the school house. The courts will probably be finished in time for the Spring Tennis Tournament.

The Rule P. T. A. is devoting to the high school, new velvet curtains for the stage and also a complete new stage setting.

Indians Defeat Bulldogs 28-6 in Championship Game for East Crown

The East Hall district was won Friday when the Indians pulled the hair out of the Bulldogs with a score of 28-6.

The boys were a little off during the first quarter when they let Stamford score. There seems to have been no inspiration toward the general view point of the boys because they came back and ran up a score of 14-6 by the half. Then they held Stamford scoreless in the second half but made 14 points themselves.

Jack Kimbrogh made three of Haskell's touchdowns and all of its extra points.

Albert Barnett made a sensational broken field run of 70 yards for a touchdown. The way he ran would have totaled to about 100 yds. He also made good gains by end runs and line plunges. Jack also did some line running blocking, tackling and other sensational function of the game.

We are sorry Artie Phippen lost his knee again, but he still played a good game while on the field. Rogers and Len McMillin also did marvelous features when on the gridiron.

The linesmen carried out the opponents when the time came. Our center performed his job of backing up the line well. He also got some good tackles. Stanton and Moser were doing good at their positions as ends.

Home Ec. Clubs of This District

The Home Economics Clubs of the district were graciously entertained by the Munday girls last Saturday. Registration began at 9:30 a. m. and the program of the morning was followed by a luncheon given by the Munday girls in the Home Economics cottage.

The program was continued at 1:30 p. m. and in addition to the various entertainment features, the group was favored with an address by Dr. J. Horace Bass, who discussed "Home Economics In The Eyes of the Scientist."

This Week's Warwhoop "Chief"

Most people consider Mr. Odell a new comer, but in fact he is an old timer, having lived in this county as far back as 1908.

T. R. Odell

He left here to attend Denton Normal and graduated from that institution in 1912. He taught in Throckmorton and Kent County until the war came, on having been superintendent of the Woodson and Jayton schools. As soon as the war was over he entered the University of Texas and took his L. B. Degree in 1920. He was president of his law class and made the speech of acceptance for the class tokens when his class received them from the outgoing seniors. He is a booster for education and school activities. He practiced law at Throckmorton from 1920 until coming to Haskell in September 1932.

Mr. Odell served as president of the Haskell Bar Association from 1933 to 1934. He is always ready to boost the Haskell Indians and any other worthy enterprise.

Unusual Talent on Assembly Program

In assembly last Wednesday Mrs. Kaigler presented several of her pupils in a short comical pantomime. Beverly Gilbert was very successful in giving Mayra Lena Tubbs an "earful" and Doyle Hisey was not bad in "feeding a line". Following this amusing skit, Anabel Stanton entertained with several popular numbers among them "The Lady in Red" and "I'm in the Mood for Love".

Gypsy Ramblers Membership Grows

The Senior members of the Gypsy Rambler Club met Tuesday afternoon November 19, and added the following new members to the club: Martha Head, Madge Leon, Eva J. Ratliff, Wynona Post, Eula Fay Glass, Minnie Ann Myers, Melba Cullum, Patsy Beatty, Mary Jo Fries, and Nevada Anderson.

Another meeting will be held in the near future to further increase the membership of the club.

The following members of the high school faculty plan to attend the Texas State Teachers' Association that will be held in San Antonio during the Thanksgiving holidays: Mr. Breedlove, Mr. Wimbish, Mr. Sullivan, Miss Davis and Miss Riley.

Miss Helen Camp plans to spend Thanksgiving Holidays with her parents.

Headaches for the Editor and Staff

At this time of year all thoughts are turned toward Thanksgiving, one of the most celebrated and significant holidays observed by people of the U. S. and as we think of Thanksgiving our thoughts are seasoned with delicacies of the table.

"So to we should give thanks for all the wonderful things that God has given us. Many times we think that we have nothing to be thankful for and that we do not need to give thanks to God, but if we will only think about all the things that we have, and how much worse off we could be I am sure that we will see many reasons for being thankful. If we have nothing else, we always have hope."

"Who in the heck put that in there about me going over there to see her?"
"Oh! I don't know."
"Well, if you don't know who did that I'll break their necks."
("Really he's not dangerous," he's just letting off steam.)

"We wonder why Dorothy J. doesn't break down and give Johnny C. a break. (What seems to be the matter, Dorothy?)"

"The students of H. S. would like to know what Anita Jo S. was hiding from Sunday night. (Surely it couldn't have been Winston.)"

"Speaking of love, ask Joe J. what it can do to the person after it's all over."
"R. C. says that if it wasn't for Senior dignity, he knows a few freshmen he wouldn't mind going with."

"It seems that Geneva T. and Frances K. have been a good place with boys from Munday. It all began when the home economics girls went there Saturday."

"We know a real cowboy when we see one. (HERRY C. tries to show his boots off while BIRCH takes his as a matter of fact.)"

"To anyone that this may concern Mr. Sullivan made the following request: 'When writing to me say Deah Mr. Sullivan and not Deah Sir.' 'Ya'zum the man is south'."

"The best of pals reveal each others love secrets—Madge Leon revealed Christine Lowe's in T. R. Jr. and Christine reported Madge's interest in Lon Mc. (This accounts for Jack S. worry.)"

Now, Helen Mable, don't you know better than to be riding around with the boy friend of your best girl friend. The hundred years we started that way.

Look out or the night owl will get you! I think Ernest and Minnie Ann have already found that out. Soooo we speak from experience.

Mr. and Mrs. Perry Mason attended the Abilene Christian College homecoming that was held during last Friday, Saturday and Sunday.

We are glad that Ruth Welsh has been brought home from the Baptist Hospital and that it is reported she is improving rapidly.

It has been observed that RALPH has been doing a powerful lot of studying lately. Why?

I just can't seem to slip up on Lorenz T. but maybe I'll get a break sometime.

Have you heard the joke about ALBERT B. and the invisible man? Well, it goes like this—

HELEN if I were you I wouldn't fall so madly in love with the floor.

I didn't know there was enough storage space in Rule for all the letters CLARA BELL writes to her beau. I mean if he keeps them tied in a little blue ribbon in a secret hiding place.

MARIE, you can't put off much longer telling us who that Junior heartbreaker is.

Taze Rosco says that a certain girl in high school that he calls Sorrel Top makes his heart twitter.

We wonder why Dorothy J. doesn't break down and give Johnny C. a break. (What seems to be the matter, Dorothy?)

Labry Ballard says that he can be "sweet stuff" now that his mother has a new car.

Grandstand Ethics

An excellent way to show what a poor sport you are is to cheer when your rival team is being penalized. This is one thing which I am sure some of us are guilty of. It is one of those little things that do not amount to much, or at least so we think, but really it does; and after all, it is the little things that really count, for they go to make up our life. It is the little that we do each day as we journey along through life that compose the foundation for the great things which we may hope to accomplish.

How do you suppose it makes a team feel for the opposing side to cheer just because one of the players, or because some one accidentally tripped or did some such thing? Even if you are glad to see the other team penalized, it is rude and unportsmanlike to show it by cheering. It just goes to show that as long as we are doing well, all right, but when we "make a bust" we are immediately criticized.

Sportsmanship and friendliness are two of the best qualities contributing to your good character, and to be at the penalized team, or to do any other such thing, is just a blotch upon your character. Always be fair and show a spirit of friendliness and you will be surprised at your popularity. We often envy some one and wonder at their ease in making and keeping friends. Maybe they are going by the rules of life and are turning a friendly smile upon everyone wherever they go. It takes people of that sort to make up for the shortcomings and faults of the people we see about us every day. So let's remember that the little things of life count up, and may make the difference between success and failure.

We are glad to have some high school students, who have the ability to raise or handle projects that are worthy of prizes. We are also glad for the ones who had enough courage to enter their projects. Although some did not win, they learned more about showing their projects thereafter.

Here are the winners:
Les Jenkins won \$10 on Individual Farm Exhibit.
Robert Barnett won \$10 on Individual Farm; \$3 on hog; \$2.50 on Barred Rock Chickens; \$2.50 on White Face Black Spanish Hen; and \$5 on turkeys.
James R. Akins won \$10 on Individual Farm Exhibit; \$2.50 on poultry; and \$1.00 on Jersey bull.
Woodrow Perrin won \$1.00 on bantams.
Mont Frierson won \$2.50 on poultry.
Jack Simmons won \$5.00 on sheep.
Jack Watson won \$2.25 on art.

Why do we have eyebrows? A healthy eye is one of the most attractive of all human features, and it is not unsuitable to draw attention to that which is beautiful. Our eyebrows are given to us to frame the eyes and to call the desired attention to them.

To shape the eyebrows is permissible, though no longer considered necessary to smartness. If you choose to arch yours, for gracious sake keep yourself in the realm of the human! Eyebrows thinned too much lose naturalness, and therefore much beauty. Unusually shaped eyebrows beyond their original intention because they become more conspicuous than the eyes, instead of making for them a suitable frame.

It is quite all right to darken your brows if they are too light, but remember to try to make it look natural. Do not draw the pencil far past the eyebrows, and do not darken them very much if your hair is light. Avoid that painted, artificial look. It gives a harshly sophisticated look that is not pleasing on young girls. Though eye make-up is appropriate for the occasions (even then it can be overdone), for school and sports, especially, we should try to get that neat wearable quality that seems to declare we can "take it."

Laxative combination folks know is trustworthy

The confidence thousands of parents have in good, old reliable, powdered Thorford's Black-Draught has prompted them to get the new Syrup of Black-Draught for their children. The grown folks stick to the powdered Black-Draught; the youngsters probably will prefer it when they outgrow their childish love of sweets. Mrs. C. W. Adams, of Murray, Ky., writes: "I have used Thorford's Black-Draught (powder) about thirteen years, taking it for biliousness, Black-Draught acts well and I am always pleased with the results. I would like to have a good, reliable laxative for my children, have found Syrup of Black-Draught to be just that."

ROSBIE TAKES STAMFORD TO CLEANERS 28-6

Dogs Bite Early In Game But Can't Keep Up the Pace

Stamford Bulldogs, in spite of game scouting activities, were under on their home grounds last night to the sweet tune of 28-6 as Rosbie took them to the cleaners.

The game was fast and full of incident. Rosbie was rated a 3 touch-down team until after the first half. Stamford intercepted a pass, drove the ball over for a touchdown. The spirit of the Haskeilians and the yell of the Haskeians were both about as loud as an anglo-worm.

Walker was well after the starter. The Indian plays started kicking and the boys tightened their belts and made the three touchdowns look like three touches.

Rosbie was saving Jack Kimbrough for the most important play of the night. Stamford was not enough to keep the game from doing more than to be a waste of time.

Walker had a couple of his plays detailed to sit on Ernest Kimbrough. They were successful in getting him out of more plays than

some which follows will give you but the play by account of the any other team has been this season some idea of the number of times he got in there in spite of the two men. Rosie turned in a brilliant game.

Jack Kimbrough turned in his that he enjoys playing football more than anyone we have ever seen. From the beginning of the game, the Stamford rooters were full of invectives which they persisted in throwing at Jack. We would have been tempted to try to kick a few teeth down a few throats had it been us, but there was no dissenting voice from the players.

Stamford played Roscoe for the Championship of District 6-B next Thursday, and if we take the game, we play two more for the state Championship honors.

Tickets for the Roscoe game are on sale now. This game will certainly be a booger. Mr. Breedlove and the Oates Drug Company will fix you up for tickets on the 50 yard line so hurry and get your needs. It will be well worth the six bits.

We're headed for a Championship and now is NOT the time to miss a game.

Barnett got loose around end and traveled 70 yards for a touchdown. That is to say, he had seventy yards to go down the field but he crossed the gridiron a couple of times. He knew that a straight line is the shortest route and all that but the mathematicians failed to say how to get around several men that were endeavoring to shorten the distance between the two points. Mr. Barnett can answer their inquiries in a most satisfactory manner. That was some run and we did like it . . . so much.

Haskell's Ball on own 42 yard line. Kimbrough went through right tackle for 4 yards. McGreggor drove him. He then hit center for 4 and McGreggor got him again. Barnett tried center for 3. Lovounan drove. Warwick went off tackle for 5. Russell tackled. Barnett on a spin play made a yard at right end. Watson tackled him. Kimbrough on a fake spin play 3 through center.

Time was called while the referee put members of Haskell's "11 Point Club" behind the fence. Rules state that only eleven from each team be on the field and they should be in uniform. No help was needed in spite of popular opinion.

McMullan faked a pass but Rose stopped him for no gain. Russell tried right tackle for 6. Rosie Checks made a pass to Russell but Kimbrough intercepted and was down on Stamford's 45 yard line.

Kimbrough was almost swamped again but Barnett made 11 yards before being tackled by McGreggor. Kimbrough hit center for a yard. Doran got him. Kimbrough hit the line for 2 yards. Crawford tackled. The play was called back and Haskell took a 5 yard penalty. Third down and one yard to go.

Haskell substituted Wheatley for Smith. Kimbrough hit the center of the line, then made one of his spectacular runs of 45 yards for a touchdown. Barnett was responsible for taking the Stamford secondary defense out of the game. Russell went over the goal line in a line plunge instead of trying to kick.

Russell of Stamford kicked to Kimbrough on the play. Kimbrough hit the ball to the 40 before McMullan tackled. A nice play.

Kimbrough on a fake spin hit the line for 5 yards. Lovounan tackled. McGreggor tackled. Kimbrough attempted a pass to Barnett, incomplete. Kimbrough punted to Watson on the 15, returned to the 20. Both ends down.

McMullan hit left guard for 7. Rosie Checks tackled. A fake spin play was fumbled and returned to the 12 yard line. Barnett tried for no gain. Kimbrough made 3 at center. Doran tackled. Barnett on a fake spin circled right end for 25 yards. Russell topped Watson 20 yards from the line. Kimbrough took it over on the next play, then circled the left end for the extra point.

Rogers and on McMullan did some very pretty blocking.

Russell took the kickoff behind the goal line and returned to the 12 yard line before being run out of bounds. Russell made 5 at center. Kimbrough tackled. Reeves threw Russell for a 4 yard loss. Haskell called back and took a 5 yard penalty. Measured and Stamford had a first down.

Russell made 3 at left tackle. Moser got him. Watson made 3 at center. Rose tackled. Russell made 1 at center. He was mobbed.

Insurance Proves To Be Help In Time of Need

Just as an example of the benefits of insurance, we wish to cite the example of Jimmie Joe Underwood, of O'Brien.

Mr. Underwood bought a policy on the eighth day of October of this year.

Unfortunately, Mr. Underwood took sick on the 23rd day of October and died on the 20th day of November.

His policy with the Western Reserve Life Insurance Company was written by the local agent, Claude Menecke, and there was never a question of the claim and Mr. Underwood's widow received a check for the amount of the policy on the 25th day of November. Last Monday to be explicit.

This is just another one of the many examples of the Western Reserve Life Insurance Company's famous service in all manner of Life Insurance. (Adv.)

Huddling Unhealthy Say Heat Experts

Are you a "huddler"? This question has become of prime importance with the coming of cold weather. It is being answered in an educational campaign by the gas company to instruct gas customers in proper methods of heating and ventilating their homes to protect their health.

Huddling is described as the habit of families to huddle in one or two rooms around small heaters with the doors and windows tightly closed during the cold weather, and it has become prevalent during the recent depression. Gas company advertising appearing in this paper shows the dangers of huddling and gives advice on heating with a view of protecting customers from winter colds and similar illnesses, many of which may be attributed to improperly heated homes.

The latest advertisement in the series states that "fifty per cent of all disabling diseases start with a common cold. Thus the cold germ becomes America's public health nemesis number one." The huddling habit called huddling is said by doctors to be contrary to all rules of good health. Sitting in a stuffy overheated room is said to be an invitation for the cold germ to attack.

"If your home is inadequately heated," says the ad, "if you huddle in one room during winter, sudden temperature changes are unavoidable. Even the brief time that it takes to answer the telephone in an unheated hall is sufficient to bring on a cold. This happens many times a day in the average home in this territory and each time it happens the occupants of the house have made themselves susceptible to highly communicable winter diseases."

In an effort to assist its customers to protect their health, the gas company has enlisted doctors, public health authorities and others in the educational program. They are advocating proper ventilation and uniform temperatures throughout the home in every room. A booklet entitled "America's Public Health Enemy Number One," gives vital facts on huddling.

How Calotabs Help Nature To Throw Off a Bad Cold

Millions have found in Calotabs the most valuable aid in the treatment of colds. They take one or two tablets the first night and repeat the course on the following nights. The result is a purgative and drastic, both of which are needed in the treatment of colds.

Second, Calotabs are diuretic to the kidneys, promoting the elimination of cold poisons from the system. This action serves the double purpose of a purgative and diuretic, both of which are needed in the treatment of colds.

Sarah Ann's Cooking Class

To the average man there is nothing better than a steak, thick and juicy and of fine quality correctly cooked. Broiled steak is the aristocracy of all steak dishes. A steak may be broiled over hot coals or under an electric coil with satisfactory results. In either case the broiler should be heated thoroughly, then rubbed with suet. The steak trimmed, placed upon it and seared with intense heat. As soon as one side is seared turn the meat on the side. Allow 3 minutes for searing each side, then finish cooking at a lower temperature. Be sure and turn the steak often. A rare to medium 2 inch steak will require 15 to 20 minutes broiling. An inch and a half steak 12 minutes. Serve on a hot platter with a dressing of plenty of butter, salt and pepper. Garnish as desired and serve at once on hot plates.

Beefsteak With French Fried Onions

Slice onions 1-4 inch thick and separate into rings, then soak in milk for 1-2 hour, drain and dip in flour. Place in a frying basket and immerse in deep broiling fat. In a very few moments they will be crisp and golden brown. Drain on paper just with salt and pepper. Serve with a perfectly cooked steak.

Ragout of Beef

1 lb. chuck steak cut in cubes, 1 large onion sliced, 10 whole cloves, Paprika, 1 cup canned tomatoes, 1 clove garlic, 1 teaspoon salt, 1 Bay leaf.

Have the butcher cut the meat in cubes about 2 inches square. Sear the cubes in a heavy fryer with the tomatoes, onion, paprika, salt, bay leaf and pepper. Cook for about 2 hours or until tender. Remove the clove of onion and bay leaf and serve at once on hot boiled rice.

Flanked Steak

Broil a porterhouse steak 12 inches on both sides. Meanwhile, heat well-seasoned oak or maple sawdust until it smokes, then rub it with butter and arrange the steak on it. Fit a pastry bag with a large nozzle with fluffy mashed potatoes and pipe them all around the steak in a thick border. Place stuffed peppers and onions here and there in the potato border and place in very hot oven to complete the cooking. When the potatoes are browned and the steak sufficiently done place the plank on a hot plate, sear on and serve at once.

Sour Cream Raisin Cake

1 cup sour cream, 1 cup sugar, 2 eggs, 1 teaspoon soda, 1-2 teaspoon salt, 1 cup raisins cut in pieces, 1 teaspoon nutmeg, 1-2 teaspoon cloves, 1 teaspoon vanilla, 1 teaspoon baking powder.

Mix sugar with sour cream; beaten egg yolks. Mix and sift soda, salt, baking powder and nutmeg. Combine with the cream and vanilla. Add raisins and fold in stiffly egg whites. Bake in layers. Fill mold filling between layers.

THANKSGIVING DAY

We have come to another season of Thanksgiving and while to many it may seem that they have little in the way of material blessings for which to be thankful, a little thoughtful stock taking will convince the average individual that although he may not have prospered greatly during the past twelve months there are still many things for which he should be profoundly thankful.

Thanksgiving as we know it is a distinctly American institution, although festivals of similar nature may be traced back hundreds of years.

President George Washington designated November 26, 1789, as "a day of public Thanksgiving and prayer," and in 1795 he made a similar designation.

Washington's original Thanksgiving proclamation is preserved in the Library of Congress. The precious document was lost for more than 100 years, until it was discovered among some Washington manuscripts being auctioned in New York in 1921, when it was purchased for \$300 and restored to the government archives.

The Pilgrim fathers made Thanksgiving a feast day in celebration of a bountiful harvest and it continues to be a day of feasting with roast turkey, cranberry sauce and other such delicacies being intimately associated with the observance of the day.

RED CROSS ROLL CALL

The American Red Cross is making its annual appeal for support through the Roll Call in Haskell County. John A. Couch, who was elected roll call chairman of Haskell County and Courtney Hunt, local chairman in the city of Haskell have been making a thorough campaign to carry the appeal to every home in the county—though the drive is supposed to close today (Thanksgiving) there is still time for you to do your part if you have not already enrolled as a member.

HASKELL'S DESTINY IN HANDS OF ITS PEOPLE

Campaigns for the encouragement of buying at home have been carried on in various communities with varying success for many years and while nearly everyone admits the sound economics of the principle, still too many people fail to put it into practice when it comes time to buy.

But the buy at home idea doesn't work out so well unless everyone in the community practices it. The prosperity of a community depends upon everyone in the community, not upon what a few of the leaders may do.

The policy of buying at home would do more for Haskell and Haskell county than all the commercial organizations and boosters' club combined could possibly accomplish.

News of Haskell County Boys In C. C. C. Camp

By MORRIS HELL

The boys from our camp visited the Elephant Butte Camp last Sunday. A special game of Basketball left us the winner. One of our boys was left behind but almost beat us home... reported that Thumbing was pretty good at times.

Our camp newspaper is another new feature out here. It is called "The Oregon Echo" in honor of the mountains which our camp faces. There were 33 names submitted for the new publication. The winner received a carton of cigarettes.

Many of the boys are already looking forward to Christmas. Seems that we can't stay away from Haskell.

Our friends and buddies, Glenn Yasbrough is in the hospital at Fort Bliss. Glenn was thrown from the top of a stake body truck as he was preparing to climb aboard. The driver started up unexpectedly and Glenn was unbalanced, his arm was caught in a strain.

It began swelling and the Camp Doctor reported the arm to be fractured. Glenn was sent into Fort Bliss where he can get the best of hospital treatment at the big Army Post there. Speedy recovery Glenn.

J. N. Bishop of Haskell County has gained a new name. He is known as Red Lightning, and has been matched for a series of preliminary bouts to determine the champion of the CCC camps. He fights News Boy Brown in his next match.

Another good match is promised

when Clarence Chitwood meets a fighter named Kirkendall, next Friday night. Ben Fletcher is also carded for Friday's bouts.

Mather Larned brought home the bacon in his bout last Friday night. Curley McDowell is training to go in the near future.

Olen Jones is going in for wrestling and will be a big asset to our camp's grunt and groan industry.

TEXAS PRODUCES OVER 40 PER CENT OF NATION'S OIL

AUSTIN.—Texas is furnishing now more than 40 per cent of the current oil production of the United States and the state has around 50 per cent of the proven oil reserves of the nation, or some 20 per cent of the proven oil reserves of the whole world, according to Elmer H. Johnson, regional economist for the University of Texas Bureau of Business Research.

"The total ultimate oil reserve of Texas are thought to be very large," Mr. Johnson said. "Oil reserves of Texas, in brief, are a function of large numbers of factors, including the inclusive groups of formations represented in the geologic column; the diversity or strata, the structural aspects of the various geologic regions and the wide geographic extent of the State's territory. Moreover, the fact that Texas is the only major oil producing state whose proven reserves exceed its total past production is one of little significance to the oil industry of the nation as well as to Texas."

"Similar to the case of other minerals, oil production affords a striking example of geographic concentration. The large proportion of the oil produced to date has been furnished from a few fields, whether in the United States or elsewhere. Of foreign fields the great Baku area in Russia is a striking example. In the United States such major fields as Yates, Kettleman Hills, Oklahoma

City, East Texas, and Conroe come readily to mind—but it is rather remarkable that the United States fields above named were all discovered within a five-year period, 1925-1930. It is all the more remarkable to note that the discoveries in the five-year period amounted to more than one-third of all the oil which has even been found.

"It may be surprising to note that it was not until after 1914 that the volume of gasoline refined in the United States exceeded that of kerosene. The rapidly growing demands for oil products occasioned by the World War first brought about systematic efforts on a wide scale to find oil reserves; paralleling these movements came the systematic application of geologic principles to oil finding. After 1926 came the use of geophysical methods.

"HUDDLED" behind a CLOSED DOOR! Many families "huddle" in one or two rooms, during cold days, around a small open flame heater with windows and connecting doors tightly closed. If you are a "huddler," you are violating one of the most important rules of personal hygiene and good health! Stagnant air is depressing and fails to produce the stimulating effect of air in motion. Connecting doors left open between adjoining rooms, when the entire house is adequately heated for comfort, provide a natural circulation of pure, warm air from one room to the other. Without adequate circulation air may become as foul and unhealthy as that of the tenement slums, even though the home may be the most beautiful in the neighborhood. If you heat only one or two rooms at a time . . . if you "huddle" in these rooms with connecting doors tightly closed, sudden temperature changes are unavoidable. Your family goes from an overheated room where the temperature has climbed past the point necessary for comfort, into a cold hall or unheated adjoining room. Then, shivering and chilled, they return to the heated room. This happens many times a day and each time they have unnecessarily subjected themselves to conditions that make them susceptible to highly communicable winter diseases. America's Public Health Enemy Number One, the common cold germ, finds a fertile field in an inadequately heated and poorly ventilated home. Don't "huddle" in one or two rooms during the short winter season. . . . Guard the health of your loved ones with adequate heat and proper circulation of pure, warm air in every room in the house. . . . Community Natural Gas Co.

Record Number of Disasters in Year; Relief Given in 128 by Red Cross

Red Cross worker aids family in New York state floods. Injured father tells how mother and children were rescued in flooded house until rescued by Red Cross. Right—Terrain, stripped of homes and verdure by tornado at Hester, Mississippi. Inset—Admiral Cary T. Grayson, new chairman of Red Cross, who directs relief work.

AD Mother Nature visited an unusual number of varied countries on her children during the year, causing distress all over the nation to many thousands of women and children. Her repertoire of disastrous occurrences included drought and storms in the midwest; epidemics, fires, floods, epidemics of disease, shipwrecks, tornadoes and damages in many sections. As a result the American Red Cross reports that this year the organization gave relief in the greatest number of catastrophes in any single year in its history. Relief was carried to victims of 128 disasters, which occurred in 37 of

the 48 states and Alaska. Food, housing, clothing and medical aid were given to 110,000 persons in 306 counties—or in almost one-tenth of the territory of the nation. Two disasters which called into the field every available worker of the relief forces of the Red Cross were the floods in New York state in August, and the Florida hurricane in September, both of which claimed a heavy toll of life, and caused great property damage. In New York state the Red Cross had more than 8,000 families listed for rehabilitation aid, after the storm wreckage was cleared away. In Florida the Red Cross prepared to aid a thousand families, and also to act in problems of the dependents

of more than 300 world war veterans in government road construction camps in the keys, who lost their lives or were listed among the missing in the hurricane. The work of mercy for these many sufferers was directed personally by Admiral Cary T. Grayson, new chairman of the Red Cross. Funds are provided for this type of work by memberships in the Red Cross and by special relief funds raised in a restricted area. Memberships in the Red Cross are sought each year at the annual roll call period, and support both the local chapter work and the national disaster, public health nursing, war veteran and other work of the society.

FOR BETTER

In Every Sense of the Word The Haskell Free Press

Is Your Home Newspaper

Day by day, the Haskell Free Press lives up to its standard of being Haskell County's Home Newspaper. It is made by home people, it gives the home news, it fosters home enterprises, and it goes into a large majority of the homes in Haskell County.

The Free Press' interests and those of the people it serves are mutual. This newspaper was born fifty years ago—in the infancy of Haskell. It has never failed during the time since it was first published to do its part in the development of the community, and give support to those things which seemed to be for the betterment of Haskell and Haskell County.

The Free Press has been under the same management and editorial direction for almost 20 years. In its editorial, advertising, and business office, and in its mechanical department the jobs are manned by people who are delighted to call Haskell their home. Their earnings go into the channels of trade in Haskell, their interests are all here.

Home people have made and still make the Free Press—we who make it our business to produce it and you who continue year by year to loyally support it. It is our paper—yours and ours—and it is our aim to keep on serving you and Haskell county for our mutual welfare.

INDIANS MAY HAVE LIVED IN NORTH AND WEST TEXAS 2,000 YEARS AGO. The remains of an Indian civilization which existed 2,000 years ago... evidence of a large city, which was within a wall of 4 miles square and 30 feet high. This buried city is near Stonewall in Hood county...

NO "TYPICAL" FARMER We constantly hear the phrase used "a typical farmer." There is no such thing. Nature fortunately makes all individuals different...

Lyle Sutton, a farmer of Manchester, Iowa, the other day marketed 442 hogs at the price of \$10.19 a hundred pounds, and received a check for \$12,181. He has \$85 more in his feed lot and will market these in a short time for a great amount...

N. J. Randolph, a Cherokee, Kans. farmer says the farmers are better off than they used to be some years ago. "I have seen acres of corn eaten up by chinch bugs. I have seen the grasshoppers so thick in the sky that you couldn't see the sun, and they ate the very fuzz off the rail fences. But we never hollered for the government to feed us..."

It is a fact that the farmers as a class yield too much to the temptation to borrow money or buy things on time and otherwise go into debt. They hear of business men borrowing and making a profit by doing so, and they believe that if they could borrow enough they could borrow themselves out of their troubles...

DEER, OH! DEER— (Continued from First Page) The Hunters were improving their marksmanship and stalking ability by the mile. When Fort Stockton played host, a bear was added to the kill and then Balmorra was the climax. Deer, turkey, bear and then avanna hogs would be taken on the spree.

When the Hunters drove up to the ranch house they all jumped out of the car and left their guns in the cases. It was decided that a Mexican Mountain Lion was the proper way to start the hunt and they would kill one each with their bare hands and skin him with their teeth. Boy—Oh Boy, Oh Boy, just bring on a Mountain Goat and they would run him to death.

They returned to Haskell last Friday, minus game but full of plans for next year. WANTED TO SELL—No. 1 Malibu Day: A bargain at 85c a bale. See Joe Simpson.

Rebecca Smith, who is in nurses training in Amarillo, spent the past week with her father, M. R. Smith and family here.

Mr. and Mrs. Jake Morris and daughter visited over the week end with Mrs. Morris' parents, Mr. and Mrs. K. D. Simmons, before leaving for McAurey to make their home.

Springfield, Ill.—Ferdinand Waggoner died at 103 years, after living 43 years with an artificial stomach. Silver tubes replaced the organ shot away accidentally in 1871.

FARM LOANS— (Continued from First Page) Committees who must pass on all applications for the four counties under the administration of this office have been appointed. These advisors are: For Haskell County: L. C. Phillips, Chairman, RFD Number One, Stamford; J. S. Abernathy of O'Brien; Earl Atchison, of Haskell; Miss Nora Walters of Rule; Mrs. Date Anderson of Haskell.

For Throckmorton County: Joe Ingram of Throckmorton, Chairman; C. C. Rogers of Elbert; J. C. Matthews, of Elbert; Mrs. Anna Jones of Woodson and Mrs. J. C. Keeter, of Elbert. For Knox County: W. E. McNeil of Mundsby, Chairman; E. L. Parks of Knox City; Mrs. J. O. Bowden of Munday; H. T. Cook of Gilliland and Mrs. R. N. Spith of Vera.

For Stenewall County: E. J. Dalby, of Aspermont, Chairman; H. T. Corlisle of Peacock; Henry Hahn of Swenson; Mrs. Sam Payne of Aspermont and Mrs. Floyd Lumpkin of Aspermont. These committees will be first to pass on the applicants for the farm loans under the Resettlement Commission.

Mrs. K. D. Simmons is visiting in Lubbock. J. V. LEWIS— (Continued from First Page) children and grandchildren were present at the funeral services.

Mr. Lewis was ordained a Deacon in the Baptist church in 1905 and had served the Church for over 50 years. Burial was in the Willow Cemetery last Tuesday, Nov. 26th.

Funeral services were held at the home of Mrs. Lewis, 103 E. Main St., Monday, Nov. 25th. Rev. I. J. Duffy of Weinert, Rev. S. E. Stephens of Goree, Rev. J. F. Curry of Knox City and Rev. B. N. Shepare of Hereford were in charge of the services. The funeral was under the direction of the Kinney Funeral Home of Haskell.

Rev. and Mrs. H. M. Chaves and family are spending Thanksgiving in Ft. Worth with friends and relatives. Miss Louise Mullino returned home from Amarillo where she was a teacher in the high school the first of the year.

T. J. Anbuode returned home Monday from Ft. Worth where he had been at the bedside of his mother, who is recuperating from a broken shouker received when she fell down a flight of stairs. He reports his mother doing as well as could be expected.

OLD AGE PENSIONS— (Continued from Page One) "As there are 41,787 persons 65 years of age and over on the Texas relief rolls, this apparently is the minimum number able to qualify for old-age pensions," Mr. Carpenter stated. "I am not sure about the reducing effect of the regulations passed by the 44th Legislature. My calculations were made in September before the new law had been passed," he said.

Apply This Test... When selecting funeral service you should ask the questions about it: Does it include the services of highly trained and experienced men, capable of handling both technical and professional details? Does it offer a choice of merchandise and supplies wide enough to suit my taste and purse? Does it maintain up-to-date equipment and complete facilities for service? Does it have business policies which combine efficiency with absolute integrity? Is it actuated by a genuine desire to give sympathetic service to human beings in an hour of trial? You will find that our organization meets every one of these requirements.
