A. D. TUCKER, 92, LIVES ACTIVELY

## First Sheriff of Haskell County Has Ranch Close To City of Pecos

Still active and very much interested in anything pertaining to life on a ranch, A. D. (Alek) Tucker, 92, first sheriff of Haskell county, is living a life on his ranch near Pecos, Texas which resembles to some extent the one he lived while in Haskell during the 80's, although the gun which swung at his hip is missing, and has been for many years.

Memories of days when Haskell was in swaddling clothes were vividly recalled to the minds of the few remaining pioneers here recently when a picture of Tucker was sent here from Pecos, and exhibited by another sheriff, Giles Kemp, 36, who recently took the oath of office held exactly 50 years ago by the still spry pioneer. Kemp was introduced to Tucker last December while he and other Haskell men were on a hunting trip near Pecos.

Life is still found good by Haskell's first sheriff, according to Kemp, because Tucker still prefers an existence which many would call "hard", but is only simple to pioneer. (Continued On Page Eight)

## Crowell Jewelry To Hold Auctions

Auction sales of jewelry will be held twice daily beginning Friday by the Crowell Jewelry Store here. Mr. King, of Lubbock, will serve as auctioneer.

According to Ray Crowell, manager, his store is overstocked with high-grade jewelry merchandise, which includes diamonds, watches, and silverware, owing to the fact that he has discontinued his jewelry business at Big Spring, and he finds it necessary to use the auction method to dispose of the goods.

First sale will be held Friday afternoon at 2:30 and the evening sale at 7:30.

## Weather Shifts Bridge

Toledo, O.—Guards were stationed in the \$3,000,000 Anthony Wayne high level bridge here, following discovery that concrete approach spans had shifted four inches, believed due to recent zero weather. The bridge is still being held open to traffic.

## Local Lions Club Members Will Cavort Names of Models Being Withheld; Will Be At Texas Theatre In "Womenless Style Show" Here Soon

"A Womanless Style Revue" featuring the latest creations in ladies wearing apparel for spring will be the feature attraction at the Texas Theatre next Wednesday and Thursday, February 13 and 14. The show is being sponsored by the "On To Mexico City" committee of the Lion's Club.

The latest styles, that will be worn by the women of Haskell county during the spring months will be displayed during the show by living models, and the said models will include some of the leading business men of the city.

Models who will be selected for the show have not been divulged by the promoters, but it has been rumored that Courtney Hunt is being prevailed upon to model the latest styles in beach pajamas. Others who may appear on the program, according to gossip heard on the streets and via the grapevine route will be D. H. Persons, modeling evening gowns; Server Leon, in those unmentionable underthings the ladies rave about; Hollis Atkinson, in an appropriate sport suit for the sweet girl graduate; F. L. Daugherty, street dress for the matronly woman; John A. Couch in gowns and pajamas; J. D. Montgomery, hosiery; J. F. Kennedy, millinery.

Other models to take part in the style show are: French Robertson,

## Countywide Meet P.T.A. Here Feb. 14

Mrs. John Murphee, Iowa Park, Will Be Principal Speaker On Program

All Parent-Teachers Associations in Haskell county will meet here Thursday, February 14, the guests of the local North Ward organization.

Mrs. John Murphee, Iowa Park, president of the 13th district, will be present and the principal speaker on the program.

Mrs. Dave Persons will be in charge of the program, which is now being formulated. One of the features will be a Valentine Day play, which will be presented by pupils from the room of Mrs. Cretia Brooks.

Matters relating to the 13th district congress which will be held here in April will also be discussed. The members of the North Ward organization have issued an invitation to all interested in the work.

## Senior Class To Give Play Tonight Comedy-Drama "Gangway" Will Start at 8 O'clock at School Auditorium

The comedy-drama "Gangway" will be presented tonight by the seniors of the Haskell High School at the auditorium, and is announced to start at 8 o'clock. Miss Jessie Vick, teacher, is director.

According to members of the cast, the proceeds will be used as part payment of expenses incurred by the Senior Class members in the arrangement of items which are necessary each year. The annual play is about the only source of revenue from which the class can secure funds, and, so the members also say, it is often incumbent upon each member to contribute from private sources.

Unique in its plot, it is centered around the character Medford Palmer (Carl Maples, Jr.) who is a victim of inferiority complex.

## Gratex Refiners Install Stations

Both wholesale and retail stations will be erected on the land located two blocks north of the square on highway 80 by the Gratex Refining and Fuel Oil Co., according to company officials. Work is now well underway.

G. O. Cozart, owner of the company, lives at Graham and is actively connected with all civic enterprises of that city. At present he is president of the Young County Fair Association and is first vice president of the Graham Chamber of Commerce.

Cozart is considered one of the outstanding men of Graham county and is acknowledged by other independent refiners to be a leader among the refiners of the state.

## Uncle of Mrs. Sam A. Roberts Dies at Petrolia, Tex.

Noah Van Winkle, uncle of Mrs. Sam A. Roberts of this city, died at his home in Petrolia late Wednesday afternoon, according to a message received here last night. Mr. and Mrs. Roberts departed for Petrolia immediately after being notified.

Mr. Van Winkle was a pioneer citizen of Petrolia.

Mr. and Mrs. R. J. Reynolds and Mr. and Mrs. Virgil Hudson spent Sunday in Matador where they attended a family reunion.

## Food Expert M'KAUGHAN MURDER TRIAL SLATED TO BE HEARD FRIDAY

Miss Lola Blair of the Texas A. and M. College Extension service, who has developed a "pantry demonstration" which has revolutionized the food plans of Texas farm homes.

A venire of 42 men has been summoned for the trial of W. I. McKaughan, 39, Anson farmer, who is slated to go on trial here Friday charged with murdering J. W. Foster, 25, Stamford, at the Blue Bird beer garden Thursday night, Jan. 31. It is alleged that the Jones county boy was struck in the head with a hammer.

Young Foster died in a Stamford hospital at 5 a. m. Friday.

District Attorney H. F. Grinstead and County Attorney B. C. Chapman will handle the prosecution, while Walter Merichon will be the attorney for the defense.

Foster never regained consciousness, officers say, after he was struck just behind the right ear with the hammer.

According to others at the beer garden that night, McKaughan was seen dragging young Foster's body by the arms toward the rear of the building, and when they crowded around, he left.

Sheriff Giles Kemp, Deputies Mart Clifton and Dan Kirkpatrick, who were at a nearby dance hall on a raid, heard the commotion at the Blue Bird. Investigating, they found Foster unconscious from the blow. An ambulance was called and the officers began a search for the slayer.

According to Kemp, he and his deputies found McKaughan at the nearby dance hall, dancing with his wife. In the search they found a hammer in the accused man's hip pocket. Officers also declared that blood was found on McKaughan's trousers.

The Anson man was arrested and arraigned before Justice Raymond Brooks Friday morning. He was indicted by the Grand Jury late Friday afternoon. He has been placed under a \$5,000 bond.

## G. W. Thomason Rites Held Tues.

Funeral services for Foster were held at 2:30 o'clock Saturday afternoon from the First Baptist church in Stamford. The Rev. Sam Morris, pastor, returned from a trip to Eagle Pass to officiate. Interment was made in the Hamlin cemetery.

The slaying victim is survived by his estranged wife and three children; his parents, Mr. and Mrs. W. T. Foster of Stamford, where Mr. Foster is a railway employe, and three sisters.

Survivors are his widow, the former Miss Betty Herren; four brothers, E. P. Thomason, Fort Worth; Y. L. Thomason, Haskell; G. J. Thomason, Wichita Falls; and Jno. A. Thomason, Tyler; one sister, Mrs. Ola DeBona, Trinidad, Colo.; three daughters, Ruby Payne, Winnie and Mary, all of Dallas.

## Diggers Find Flower Fossil

CADIZ, O.—An unusual specimen of a prehistoric flower was found here as a fossil in a piece of soapstone. The flower, perfect in shape, with 20 petals, was discovered by workmen on a road improvement job.

## Missionaries To Lecture Tuesday Night In Haskell

Rev. and Mrs. M. L. Sigler, Four Square missionaries from the Belgian Congo, Africa, will lecture at the First Christian Church here on Tuesday evening, Feb. 12, at 7:15, according to announcement made here the first of the week by Rev. W. C. Collins of the Assembly of God Church.

Rev. and Mrs. Sigler have been in the Belgian Congo for the past five years and are back in the United States on a furlough. They are billed as the first missionaries to a cannibal tribe and will have lantern slides to illustrate their talk on their experience and work among the natives in the Belgian Congo.

Mrs. Farley of Rochester was a business visitor in Haskell Tuesday.

tian Education at Nashville, Tenn., and credit is given from Nashville. The public is invited to attend and study these important questions.

Haskell Hotel Manager May Travel Free Anywhere, But Remains Here

Trips by bus or by steamship and the staying at the finest of hotels free of any cost any time in the year is the privilege which one Haskell man has, but day in and day out, he continues to remain by the side of the road in this city and watches the world go by.

George D. Roberts, manager of the Hotel Tonkawa, desires to make nice trips as well as anyone, he declares, but one must stay with one's business, and hotels very seldom are run without the "boss" being close—especially if in a small town.

Roberts is a member of an organization called "Hotel Greeters of America" and is by reason of that fact, given permission to travel, and travel far, if he so desires, but according to the local hotel manager, mine host of any small town hotel should stay at home and be a "great-

er" instead of being greeted, if he wishes to buy food at the same time he is arranging for a place to sleep.

Visions of yourself traveling over smooth, open roads leading to the mountains or to some seashore where the aristocrats of the world foregather; sleeping in luxurious hotel suites or perhaps leaning over the deck rail of a majestic ocean liner will creep into mind at the thought of such privileges as Roberts has at his disposal, and you might vow to anyone who would listen that you would take advantage of those trips, but strange as it may seem, as Roberts points out, if you were the manager of the Tonkawa Hotel, you would probably do exactly as the present manager is doing—you would do your best to make a hotel in a small town pay at least a living livelihood and try to be content.

### Surprise Birthday Dinner.

Sunday, Feb. 3, the children of Mrs. J. W. Tidwell honored her with a surprise birthday dinner on her 64th birthday. She left home early in the morning and the children gathered and cooked a bountiful dinner. The table was set and waiting when she returned. The birthday cake was beautifully decorated with 64 pink and white candles.

The following children and friends were present: Mrs. Gladys Wardlow and children, Mr. and Mrs. Theo Burson and children, Mr. and Mrs. Raymond Tidwell and children, Mr. and Mrs. Chuncy Tidwell, Mrs. D. J. Burson and children, Mrs. C. F. Graham and daughter, Emma Pearl, and Miss Lois Burson.

All enjoyed the day and left wishing her many more happy birthdays.

Mr. and Mrs. Marvin Poteet of Vernon and Mr. and Mrs. T. M. Poteet of this city have returned from the Rio Grande valley where they spent two weeks visiting in the home of Mr. and Mrs. Ernest Poteet, superintendent of Mercedes schools and with Miss Naomi Poteet teacher in the Edinburg high school. They visited several places of interest while on the trip. Among others Point Isabel, Boca Chica Matamoras, Brownsville, Harlingen and McAllen.

### Rev. and Mrs. Orion W. Carter Entertain Sunday School Class.

Rev. and Mrs. Orion W. Carter entertained members of the Men-fee Bible Class and Friendly Fellows Class of the Methodist church at the parsonage last Thursday night. An old fashioned scheme was used in all details of the party, using candles, light oil lamps, and lanterns for lights. Water from a bucket and gourd dipper was enjoyed by all. After a number of old fashioned games a delightful refreshment plate was passed to Mesdames and Messrs. Server Leon Hollis Atkinson, J. J. Tucker, S. A. Norris, Ben Bagwell, Clay Smith, Dave Persons, Mesdames Hill Oates, P. A. Womble, S. Hassen, Misses Mary Ellen Cannon, Peggy Taylor, Ermine Daugherty, Messrs. Bill Holden, Emory Menele, Sullivan, J. O. Sosebee. Miss Mary Ellen Cannon favored the guests with a reading.

### "42" Party in Montgomery Home

On Thursday evening January 31, more than thirty members of the Christian Endeavor and several guests enjoyed a number of games of progressive "42" in the beautiful home of Mr. and Mrs. R. C. Montgomery. The party opened at 8 p. m. with eight tables occupied, and continued to be for several hours. From all indications, there were several sharks at playing this game. The decision was never reached as to who was the best. Late in the evening everyone was served with cherry pie and hot chocolate, which was very delicious. Before each expressed his appreciation in having a good time and departing for home, a token was presented by Calvin Frierson in behalf of the Endeavor to the sponsors to show the appreciation of the Society to Mr. and Mrs. Tobin.

### Mrs. Knigler Will Present Juniors In Recital Feb. 14th.

The Junior Expression Class of Mrs. M. Knigler will be presented in recital Thursday night, February 14th, at the High School auditorium. Everyone is invited to come and witness the progress these little folk make from month to month—there will be no charges.

Besides the readings listed below, the following will sing: Spanish songs in costume, Charles Haynes and Carolyn Koonce; duet, Dale and Dean Bartlett; solo, Flora Love Morrison; chorus, Mary Jo, Rosellen, Beadie Bell and Janice Morrison. The readers are: Billy Kemp, Rajah Hassen, Stanley Smith, Josephine Parish, Dale Bartlett, Dean Bartlett, Geraldine Ivy, Thomas Morrison, Billy Cooper, Giles Kemp, Robert Wayne Cooper, Charles Cooper, Anita Jo Pittman, Billy Haynes, Joyce Perdue, Theo Perdue, Charles Haynes, Hartwell Johnson, Irwin Frierson, John Wayne Koonce, Elmore Koonce, Oran McClain, Terry Smith, and Bobbie Joe Smedley.

### Presbyterian Auxiliary.

The Woman's Auxiliary of the Presbyterian Church met Monday, February 5th in the home of Mrs. Sam T. Chapman. Nine members answered to roll call with verses of Scripture. We are happy to have as a new member, Mrs. E. E. Baker, who has recently moved here from Graham. Mrs. E. R. Wilson gave plans for the study of the book "Planning the Good Life" by Dr. Henry Sweets. This is a general study book for February and is to be read by every member before it is given in lecture form.

Mrs. Sherrill lead in prayer, after which she directed an interesting study from the twelfth and thirteenth chapters of Mark. The meeting closed with all repeating the Lord's Prayer. The hostess served a delightful plate of sandwiches, hot tea and coffee, and individual cherry pie topped with whipped cream.

There are church members who are not feeding their souls on the Bread of Life—God's Word. Why? Come and take advantage of this Bible Study next Monday.

### Bridge Clubs Entertained by Misses McCollum.

Misses Nettie and Marguerite McCollum entertained members of their bridge clubs Wednesday night with a lovely dinner party. Signs and symbols of the Valentine season were featured by the hostesses. Guests found places marked at the three tables arranged in the living room where the three course dinner was served previous to games of contract. At the end of the games Mrs. R. L. Lemmon was presented with a prize for highest score, while Miss Beatrice Weinert received consolation. Those present were Mesdames Ralph Duncan, Oscar Oates, R. L. Lemmon, Misses Madeline Hunt, Eunice Huckabee, Ermine Daugherty, Hazel Wilson, Beatrice Weinert, of Walnut, Mary Sue Heister, and Mary Kimbrough.

### Helen Bagby Circle.

The Helen Bagby Circle met with Mrs. Anton This is a Royal Service program. Opening song "My Faith Looks Up to Thee." Prayer by Mrs. Paxton. Mrs. Taylor brought the devotional on Faith, reading a part of the 11th chapter of Hebrews. Following the scripture reading, Mrs. Taylor led in prayer.

Song, "My Country, 'Tis of Thee." Mrs. Whitley, Mrs. Gilstrap and Mrs. K. D. Simmons gave interesting parts on the program.

A short business session followed, after which the hostess invited us to stay for a social hour and a delicious refreshment plate was passed to Mrs. K. D. Simmons, Mrs. G. M. Pierson, Mrs. Glenn, Mrs. Whitley, Mrs. Diggs, Mrs. Gilstrap, Mrs. Paxton, Mrs. Taylor, Mrs. J. A. Bailey, Mrs. Guest.

### T. E. L. Class in Regular Meeting.

The members and associate members of the T. E. L. Class of the Baptist church held their monthly business and social meeting on Tuesday afternoon in the basement of the church.

The diversion on this occasion was in quilting a beautiful quilt for Mrs. Cowley, who recently had the misfortune to lose her home by fire. As the work went on, all joined in singing "Sweet Hour of Prayer," then Mrs. Whitley led in prayer. Mrs. R. C. Couch brought the devotional, using the word "Friendship" as the theme, reading the corresponding scriptures. Mrs. Couch spoke of the class as the Friendly Class, and we hope that we may be that in deed and in truth. The song "Jesus is a Friend of Mine" followed.

Our secretary brought an encouraging report as there were fewer absentees during January than in the previous month. Good reports were also heard from the treasurer and group captains.

Little Cecil Ghoson gave two readings, depicting the troubles of a small boy. Mrs. Whiteker brought a group of her own short poems.

Refreshments of spice cake, topped with whipped cream and a cherry, and hot coffee, were served to the following: Mesdames Grindstaff, Jenkins, Jim Fouts, Ino Fouts, Paxton, Bailey, Roberts, P. Poole, Newsom, Oates, Norton, Cates, Gilliam, Whitley, Aiken, Couch, Lamkin, Ghoson, K. D. Simmons, Merchant, Whiteker, Stoker, Watson, McBroom, Merchant and Miss Ida Crawford.

### Rundown, Nervous?

Mrs. Martha McLaiky of 1012 Spring St., Shreveport, La., said: "Some years ago I was rundown, and in need of a tonic and nerve. I can still vividly remember the wonderful benefit I received from Dr. Pierce's Favorite Prescription. I do not care to go into details about my symptoms, suffice it to say, I can cheerfully recommend the 'Prescription' to any ailing woman."

New size, tablets 50 cts., liquid \$1.00.

## PERSONALS

Sam Treat of Abilene is here this week visiting in the home of Mr. and Mrs. Tom Baker.

Mrs. H. L. Williams and son Barry from Mertzon are here visiting with her mother, Mrs. Booth English.

Floyd Taylor, a student in Baylor medical school, Dallas, was home with his parents, Dr. and Mrs. L. F. Taylor the past week end.

Mrs. Ernie DeFord and children Charles and LaVelle of Terrell visited Mrs. Booth English and other relatives here last week.

Mr. and Mrs. Eugene English spent the week end in Throckmorton with the latter's sister, Mr. and Mrs. Henry Smith and family.

Miss Trena Miller of Rotan spent last week-end with Mrs. Olive Ladd of this city. Mrs. Ladd returned to Rotan Monday with Miss Miller to spend a few days.

Mrs. Fred Owen of Wichita Falls spent the past week with her parents, Mr. and Mrs. Carl Maples. She returned home Sunday with Mr. Owen and Mr. and Mrs. Fred Christie who spent the day here.

Little Anita Jane Atkins arrived at the Knox City Sanitarium Monday morning, Feb. 5th, weighing 7 pounds and 9 ounces. She is the daughter of Mr. and Mrs. Fred Atkins of Haskell.

J. O. Jackson, who is spending the winter in Corpus Christi, recently sent 32 pounds of fish and a gallon of oysters to Mr. and Mrs. J. B. Parmley and Mr. and Mrs. Tom Baker who reside in the Midway community. Mrs. Parmley is a daughter of Mr. Jackson.

T. P. Hughes and Tom, the colored cook, were here from Georgetown the first of the week looking after Mr. Hughes' ranch interests southeast of town. R. B. Fowler, foreman of the ranch, states that he always gets to come to town when Mr. Hughes makes his periodical visits to the ranch.

Mr. and Mrs. R. C. Gannaway had the latter's sister and brother, Mrs. Ben Wheeler and Garlon Mobley of Carrizo Springs visit with them last week. Another sister, Mrs. W. M. Bristow and her daughter, Mrs. Lester Bristow and daughter were week end visitors.

### The North Circle.

The North Circle met Monday on Feb. 4th in the home of Mrs. Jim Fouts, with nine ladies present. The opening song, "Faith of Our Fathers." Prayer by Mrs. Atkins. Mrs. Jim Fouts gave the devotional, reading Heb. 11-16. Song, "Our Faith Looks Up to Thee." Prayer by Mrs. Mary Oates, Mrs. I. N. Simmons had charge of the missionary program. Subject of lesson, "Lifting the Banner in Our Own Land." Mesdames Couch, Oates, Crawford, and Fouts had parts on the program. After a short business session the meeting was closed by a prayer led by Miss Ida Crawford.

### Contract Bridge Club.

Mrs. French Robertson was hostess to members of the Contract Bridge Club Tuesday afternoon at her home for their regular weekly party. A valentine motif was stressed in the tables, table markers, and on the refreshment plate which held cherry salad, sandwiches, and coffee. Mrs. Clay Smith received the prize for highest score. Those present were: Mesdames Clay Smith, E. G. Post, W. G. Fory, Virgil Reynolds, Roy A. Sanders, Hill Oates, T. G. Cahill, Barton Welsh, B. C. Chapman, H. K. Henry, Hollis Atkinson, and Troy Post.

### Methodist Missionary Society.

The women of the Missionary Society met on Feb. 4th in a business meeting. Interest is growing as there were twenty-one members present.

Promptly at 3 p. m., the president called the room to worship. With Mrs. T. C. Cahill at the piano, all joined in singing "Blest Be the Tie" Mrs. Breedlove gave a most inspiring devotional, reading and commenting on the first Psalm. The president called for a reading of the minutes of the previous meeting. These as read by Mrs. Robert Harrison, recording secretary, were adopted.

All officers present gave excellent reports. The year-books for 1935, outlined by the committee, Mesdames Patterson, Lewis, and Smith, are indeed works of art and reproduce much time and study on the part of these ladies. "Thank you" We were adjourned, by the reciting in unison of the Lord's Prayer. In our report of last week, we neglected to mention the Missionary Institute, which convened in our church on Jan. 23rd. At this time, the ladies of the church, assisted by the Missionary Society, served lunch to some 300 guests. This lunch was a success in every detail, as on every side was voiced words of approval. To the Mary Alexander Circle goes the most of this praise, as Mesdames Leon and Mason had entire charge of same. These ladies desire to express thanks to all who in any way assisted in putting this over. The Missionary Society will feel keenly the departure from our midst of the Richey family. While not a member of our Society, yet Mrs. Richey always responded most cheerfully to any request that was made for donations of any kind. These good people go to Idalou, Texas. We as a Society wish them God-speed.

We meet on next Monday, Feb. 11th. An interesting program has been arranged, the theme being "Old Trails." Be sure to come and be on time—3 p. m.

### Beta Gamma Chapter.

Meeting Here Feb. 9th. Members of the Beta Gamma Chapter of the Delta Kappa Gamma Society will meet in Haskell Saturday afternoon, Feb. 9th at 4 o'clock at the Magazine Club rooms for their regular scheduled meeting. Members in this district, which includes about ten counties, will be entertained with a banquet, initiation of new members, and a program with arrangements in charge of Misses Ruth Faye Miles, Marguerite McCollum, and Minnie Ellis. Miss Johnnie Shirley of Vernon, Texas, president of the society will preside at the meeting. Other officers of the organization are: Mrs. W. C. Jones, Orange, Texas, Mrs. Knox Kinard, Oklahoma, Texas, Mrs. E. P. Brandon, Knox City, Virginia Saling, Chillicothe, Lottie Bettis, Vernon, Ruth Faye Miles, Haskell, and Margaret Elliott, Oklahoma.

### Come Double Supper Club.

Mr. and Mrs. Foster Davis entertained the Come Double Supper Club Friday night of last week. A delicious three course dinner was served at foursome tables. Valentines were used for place cards and a red and white theme was used in all appointments. Table vases of red and white sweet peas were used as center pieces.

After the usual five games of contract, Mrs. Wm. G. Fory and Mr. Hollis Atkinson were given high score prizes.

Those present were Mr. and Mrs. Hollis Atkinson, Mr. and Mrs. Troy V. Post, Mr. and Mrs. B. C. Chapman, Mr. and Mrs. Wm. G. Fory, Mr. and Mrs. Clay Smith and the host and hostess.

The next meeting will be Feb. 15 with Mr. and Mrs. Wm. G. Fory.

### Miss Anna Maud Taylor and Miss Francis Jo Vinyard.

## RECIPES AND MENUS

By Department of Home Economics, Texas State College for Women (CASA)

DENTON, Texas.—Planning the diet for the winter months involves not only the consideration of the necessary foodstuffs to make up a balanced menu, but also the problem of obtaining necessary foods which are out of season, and therefore, expensive in winter. Canned vegetables and fruits may be used in winter months to replace those that can not be bought fresh; these provide variety and lend themselves to the attractiveness of the menu. Whole cereals, macaroni and rice dishes are nutritious winter foods. Dried fruits and vegetables also lend themselves to keeping down the cost of winter meals.

The following menus for two days may prove suggestive in inexpensive meal planning for winter months:

Breakfast: Stewed Prunes, Corn Flakes, Scrambled Eggs, Toast, Coffee, Cream and Sugar.

Lunch: Oyster Stew, Saltines, Cabbage Slaw with Mayonnaise, Mashed Potatoes, Baked Apple, Whole Wheat Rolls.

Dinner: Meat Balls, Boiled Rice, Buttered Carrots, Biscuit, Lettuce, Pear Salad, Coffee, Ice Cream.

Breakfast: Orange, Wheatena, Cottage Cheese, Toast, Coffee, Cream and Sugar.

Lunch: Egg a la Goldenrod, Scalloped Tomatoes, Head Lettuce, Dressing, White Bread, Milk, Plain Cookies.

Dinner: Roast Beef, Gravy, Mashed Potatoes, Cream Peas, French Rolls, Pickled Peach Salad, Chocolate Rice Pudding, Soft Custard.

### Recipies

Oyster Stew: Scald one quart of milk in a double boiler. Add two tablespoons of butter and seasonings. Cook one quart of small oysters in their liquor until they become plump and curled. Combine with the hot milk and serve at once in heated bowls.

Whole Wheat Rolls: Scald one-half cup of milk in a double boiler. Add one-half teaspoon of salt. Cool. When lukewarm, add one-half yeast cake dissolved in two tablespoons of lukewarm water. Add three-fourths cup of white flour. Cover; let rise. Then add two tablespoons of melted shortening, one egg well beaten, two tablespoons of molasses and one and one-fourth cups of wholewheat flour. Mix thoroughly; let rise again; roll and cut with round cutter. Put close together in a greased pan; let rise again and bake in a hot oven for 12-15 minutes.

Meat Balls: Mix one-half pound of ground beef, one and one-half cups of bread crumbs, and one egg thoroughly. Add seasonings. Make into balls and drop into a quart of boiling water. Pour in a can of tomatoes. Brown one-fourth of a finely chopped onion in a small amount of fat. Pour over the meat balls. Add juice of a lemon and one teaspoon of sugar. Cook slowly until the meat is done. Add to two tablespoons of browned flour, one-fourth cup of water; stir to remove lumps; add to the gravy; let it thicken; serve at once.

### Chocolate Rice Pudding

Two cups of milk in a double boiler. Add one-fourth cup of brown sugar and one-third teaspoon of salt. Cook until rice is soft. Add two tablespoons of butter, one square of melted chocolate, one-third cup of sugar, one-half teaspoon of vanilla, one-half cup of seeded raisins; all well. Beat two egg whites stiff and fold into the first mixture. Put into a greased dish and bake fifteen minutes in a moderate oven. Serve with soft custard.

### Hell Luxuries

According to authorities who should know, the amount spent by the United States for luxuries in the past year would have purchased 2,167,000 barrels of flour; 8,394 pairs of \$2 shoes; 11,166,700 yds of worsted cloth; 18,500,000 yds of potatoes; 133,334,000 pounds of beef; 305,000,000 pounds of sugar. And still we grunt if a little relief help is asked of us.

## Try Faster Way to Relieve Your Colds

Medical Discovery Bringing Almost Instant Relief to Millions

**REMEMBER DIRECTIONS**

The simple method pictured here is the way many doctors now treat colds and the aches and pains colds bring with them!

It is recognized as a safe, sure, QUICK way. For it will relieve an ordinary cold almost as fast as you caught it.

Ask your doctor about this. And when you buy, be sure that you get the real BAYER Aspirin Tablets. They dissolve (disintegrate) almost instantly. And thus work almost instantly when you take them. And for a gargle, Genuine Bayer Aspirin Tablets disintegrate with speed and completeness, leaving no irritating particles or grittiness.

BAYER Aspirin prices have been decisively reduced on all sizes, so there's no point now in accepting other than the real Bayer article you want.

# Haskell County . . . . . History

### YEARS AGO TODAY

Best thing we have heard is on Paul Zahn. George Zahn and others at the Farmers Union meeting at Worth and they tell it on that he put four quarts and a half of whiskey and a lunch of \$1 in a valise and left Ft. Haskell. After getting to Wichita Falls, he opened up his grip he was carrying it was his and found a preacher's grip containing a volume entitled "A History of the Baptist Church." It was the lucky one, Paul or the other?

Williams has 100 loads of wheat but does not want to sell it. He has about two car loads of wheat and was offered \$8.00 per ton. He brought to town this week four car loads of wheat—172 bushels—and sold it at \$1.21 and \$1.22 per bushel. Tuesday morning at his home in this city Mr. E. Bivens died of a long illness. The deceased was a pioneer citizen, having moved to Haskell 25 years ago from McLennan county.

### YEARS AGO TODAY

D. Smith, our new dentist, has our subscription list. This is the first time since Mr. and Mrs. C. M. Hunt left a daughter. There are no vacant business

houses or residences in Haskell nor in the entire county. But on the other hand the immigration has been such that the demand for houses exceeds the supply.

Owing to the severe weather the hack failed to bring our paper up from Stamford Thursday night and did not bring it until Saturday night.

### 40 YEARS AGO TODAY

Abilene and Haskell merchants have enjoyed a fine trade from Stonewall this past year. Our people have gone there for everything from a 5-cent doll to a sorghum mill. Haskell merchants appreciate the liberal patronage they have received from the Stonewall people.

Death came to the home of Mr. and Mrs. A. P. McLemore last Saturday and took away their little daughter, age about five months.

The biggest snow in the history of this county fell last Sunday. It began falling about nine o'clock in the morning with the wind from the southeast, but melted as fast as it fell until about one o'clock when it began to whiten the ground.

The following appeared on the teachers institute program Friday and Saturday at Haskell: P. D. Sanders, D. W. Cortwright, W. W. Hentz, D. R. Couch, Lula Brockman, Minnie Ellis, Bettie Robertson, Lera Reddel.

### Investigation Plant Protecting Crops

Wichita Falls, Texas. — The largest of its kind in the world, the Bureau of Entomology and Plant Quarantine office here, where goods from Mexico are fumigated to prevent introduction into the United States of the feared pink boll worm, and other pests.

The fumigation plant, as it is called, was first established here in 1917, the original building destroyed by fire in 1928 when the present large and modern plant was constructed. At the present time the plant is handling about 100,000 pounds of brick and iron materials in four stalls for cars 235 cars, each stall accommodating cars at a time, or a total of 940 cars. All cars containing goods and merchandise are proved purveyors of the pink worm undergo the cyanide

gas fumigation, this gas proving certain death to the boll worms. Clean cars sent from the American side to take on shipments of goods that are pink bollworm-proof after being loaded on the Mexican side of the Rio Grande under required regulations are not subjected to fumigation on the American side of the Rio Grande, except those found to contain cotton seed, when the necessary regulations are strictly enforced.

The cyanide gas which comes in cylinders, is weighed out at the rate of two pounds per car and is forced into the car stalls under air pressure. All stalls are airtight when closed to do the fumigation work.

At this time, under a recent appropriation made for improvements on the plant, openings are being cut in the roof of each stall and exhaust fans being installed to blow the gas left over following each fumigation into ducts which lead to a 110-foot stack now being erected over the plant structure. Through this high stack the waste gas will be exhausted into the air, and being that the gas is lighter than air, it remains in

the air some time. This improvement work is now in progress.

Cotton samples brought over the boundary line from Mexico are now being treated at the plant with cyanide fumigation by means of a vacuum tank. Such fruits as aguacates (avacados), oranges, mamays, guayavas, sweet limes, apples, mangoes, plums, pears, quinces, papays, tangerines, sapotes, peaches and various other fruits are barred from entering this country, and when an attempt is made to smuggle them in they are seized and either destroyed at the plant or sent back. These precautions are taken to prevent the introduction of the fruit fly and other pests that do much damage to fruits of all kinds. There are also quite a number of Mexican fruits that are allowed entry into this country after being fully inspected, these including bananas, coconuts, grapes, sour limes, cantaloupes, watermelons and other fruits.

Miss Zadie Mae Smith of Weinert spent Saturday night and Sunday with Mr. and Mrs. Virgil Bailey.

Mr. and Mrs. Hansford Harris and son visited Mr. and Mrs. J. A. Sullivan near Avoca Sunday.

Midway Junior boys won the rural county championship last Saturday night, on the Midway court, where the County Tournament is being held. Games for senior boys and girls will be played next Friday and Saturday.

Miss Ethel Norman is still on the sick list. We hope she will soon be well again.

Mr. and Mrs. A. J. Sego visited Mr. and Mrs. Clyde Brite of Dennis Chapel last Tuesday.

Mrs. John L. Grindstaff and Mrs. Frank Spencer of Curry Chapel visited in our community Tuesday.

Mrs. Estell Woods was operated on in the Stamford Sanatorium last week. She is doing nicely at this writing.

A number from this community plan to attend the Meat Show at Lubbock March 1 and 2.

### 50c Goatskin In

Texas Becomes \$50

Fur In New York

Striking illustration of how Texas loses in furnishing raw materials for eastern manufacturers to fabricate into something else was related to Progressive Texans by J. Russell Wait, chairman of the Houston port commission.

"Through the port of Houston each year go many thousands of goatskins from the Edwards Plateau region of Texas," said Mr. Wait. "Most of them are shipped to New York for transforming into 'furs' for lady's wardrobe."

"That transformation is so complete that what was a 50c goatskin to the Texas producer becomes a \$50 'fur' after it has gone through the processing in a New York factory. In other words, the \$49.50 'value added my manufacture' accrues wholly to the New York furrier and the 50c the Texas producer gets represents the entire share that Texas receives from the bargain."

Mr. Wait is a firm believer in the doctrine that Texas should develop itself industrially as the first step toward stable prosperity and growth.

Better twice measured than once wrong.

### FIRST TERM HONOR ROLL

Last week were published the names of the students on the honor roll for the period just before mid-term. Here is given the list of students whose grades for the first half of the year average above ninety per cent. It is remarkable that a few who had not previously been on the honor roll, brought up their average in their mid-term examinations, and have made it for the term. And still the freshmen double the number of any other class.

**Freshmen:** Frankie Dorris Bledsoe, Frances Fouts, John Guest, Berthel Kreger, Ruby Sue Persons, Marvina Post, Marjorie Ratliff, Olive Sloan, Billy Pogus, Martelle Clifton.

**Sophomores:** Annie Barnett, Geraldine Conner, Mary Eleanor Diggs, Janice Tate, Ruth Woodson.

**Juniors:** Tom Clifton, Mattie Pistole.

**Seniors:** Lois Davis, Ava Grindstaff, Woodrow Dishong, Alberta Orr, Beatrice Wheeler.

### GIRLS WIN SECOND IN TOURNAMENT

Last week the Basketball girls entered an invitation tournament at Sunset, playing their first game Thursday night with the Bomarton girls. Our girls were defeated, the score being 20-22, which made them eligible for the consolation prize.

On Friday night they returned to Sunset determined to win the game against Weimert. They won this game which caused them to return to Sunset Saturday night to play the last game. They were more determined than ever to be the victors, and the result of such determination and hard fighting of our girls was the victory over O'Brien. They were presented a Silver Cup as Consolation Prize.

The girls making the trip were: Anna Ruth Bates, Mary Helen Brand, Violet Hurrell, Edith Moody, Maggie Lee Plaud, Rose Cousins, Christine Tucker, Lorene Wright, Faye Strickland, Velma Davis, and Grace Rose.

### SENIORS SELECT INVITATIONS

Last Thursday morning the Seniors were called into a meeting to select invitations from a number of samples recently submitted by salesmen. We have selected an invitation that we believe all will like, since a large majority of the class voted for the same one. When we begin to consider the matter of invitations, we are brought to realize, more than ever before, that it won't be long now until some of us will be leaving high school forever.

### LOCAL TEAMS DEBATE IN ABILENE; MUNDAY COMES HERE

On Tuesday the debating squad of H. H. S. went to Abilene to enter some practice debates. The squad consisted of two teams of girls: Alberta Orr and Janice Tate composing one team, and Maydell Barnett and Ava Grindstaff, the other, and two teams of boys; Crockett English and Lyndell Anderson on one team and Covell Adkins and Winston Watson on the other. Each team debated twice, once on the affirmative side and once on the negative side of the Interscholastic League debate question.

There was one judge for each debate, and these judges offered our debaters some good, constructive criticism. Members of the squad feel that they have profited a great deal by these debates, for they gained added practice and experience and learned varied ways of handling material on both sides of the question.

On Friday afternoon the Munday coach brought a team of boys and a team of girls to Haskell for practice debates. Alberta Orr and Ava Grindstaff debated the affirmative in the girls' debate, and Covell Adkins and Winston Watson debated the negative in the boys'. Our debaters lost to both the boys and girls of Munday, but they are going to Munday in the near future to return the debates, and we hope the decisions will be in favor of Haskell.

### SENIOR SKETCHES

Edwin Bledsoe was born in the year of 1915 in Haskell. Except for some seven months when he was a student in the Roscoe schools, he has been a member of the Haskell public schools. Edwin was a member of the Indian football team for one year. Though he has not definitely decided what his life work will

### CLASS ROOM CLASSICS FROM KAIGLER STUDIO

"The keynote of success in public speaking is everlastingly keeping at it. People may be born rich, good-looking, healthy—but they are not born orators, although a Latin poet said they were. Just as you learn to walk by walking, to swim by swimming, so you learn to speak in public by speaking in public. The platitude that if you have something to say—you will say it well, has lost its significance if it ever had any. Too many people have tied that plan and failed to make tenable any further belief in such a doctrine."—E. D. Shurter.

Mr. Shurter is an undisputed authority on all types of public speaking and his compiled selections have been given in contest league work all over the United States in both high schools and colleges.

It is helpful to know that anyone may become a good public speaker by "everlastingly keeping at it," for judging from some of the remarks in our class room it isn't the general opinion that many of us are born actors.

We are hard at work on our declamations that we will use in the Interscholastic League contest in March.

The high school boys and girls who will compete with each other to decide who will represent our school in the County Meet are, Senior girl division: Geraldine Hunt, Ruth Josselet and Helen Ballard, high school Junior girl division: Mary Lou Smith, Beverly Gilbert and Mary Lena Tubbs; Senior boys division: Fred Sanders, Jr. and Woodrow Dishong.

### PERSONAL COLUMN

Geraldine Conner accompanied her mother and father on a business trip to Fort Worth last Friday.

Winnie Darnell has suddenly become "rich." She won \$250 at the theatre last Tuesday night.

Elsie Gholsen was in Stamford Thursday evening.

Grace Rose and Velma Davis have renewed their enrollment in Haskell High School.

Florence Stodghill was a visitor in high school Monday.

### EXTEMPORANEOUS SPEAKERS ARE HEARD IN ASSEMBLY

In regular assembly Wednesday afternoon, the extemporaneous speakers spoke for practice for the coming Interscholastic Meet. Those who gave talks were Mattie Pistole, Tom Clifton, Lorene Wright, and Woodrow Dishong. Each spoke on a topic of vital interest to the public today.

During the latter part of the assembly period, Mrs. Kaigler had charge. Fourteen boys and girls related in a sketch of verse and song why they had never married.

S. A. Moser and Carl Maples, Jr. favored the audience with special numbers, and Anna Belle Stanton played accompaniment to the popular tunes they sang.

### QUOTATIONS FROM "GANGWAY!"

Melford Palmer (Carl)—After he'd gone out the door, I had the right comeback.

Jimmy Falk (Winston)—But supposing I had a plan in mind, it wouldn't work at all if you knew it ahead of time.

Percy Manship (John E.)—The head and the feet have made me what I am today, and believe me, I'm satisfied.

Valeria (Louise Mc)—There you are: "Don't hurry me." That's your style. "Let's go!" That's my style.

Mr. Stoddard (Lewis)—Yes, it's a big business, but the machinery is well-oiled.

Mr. Baines (Hugh)—I've come just to do you a favor, and save you a loss, and you—you can't make up your mind!

Mr. Merkle (Crockett)—And listen to me, no little skirt is going to keep me from him—see!

Myrial (Odell)—But you're too fast a thinker, too quick witted, to let anything like that happen.

Miss Jackson (Alberta)—Why, action is your middle name! You have a self starter and an accelerator, but believe me—no brakes.

Mrs. Palmer (Beatrice)—I used to think I wanted a daughter as well as a son. But why should I? You've been both to me, Melford.

### BEAR AND HUNTER FIGHT TO DEATH

KELSO, Wash.—The isolated Barinoff Island, Alaska, was the stage of a grim tragedy discovered by Curtis Barber, of Kelso, employe of a United States government surveying crew on the island.

Barber came upon the skeletons of a great Kodiak bear and a hunter. Apparently the bear had been fatally wounded by the man, but still had strength to kill him. The skeletons evidently had lain beneath a dense forest for many years. No one could identify the hunter.

### IT JUST HAPPENED TO HAPPEN

Dots and Dashes—How does it feel, John E., to get an empty, plum empty, package of cigarettes?

Lots of Flashes—Moonlight, girls, romance—John, you nasty man! Did you ever get slapped? Ho, hum.

Etc., Etc.—Mr. Mason, Mr. Wimbish and Mr. Richey were seen entering a Wild West show in Stamford recently. Oh, Boy! Did they get powder-burned?

Whereas and Hence—According to ration, Haskell Debaters can beat Abilene debaters 1,969 times—if they debate 15,736 times. Get Mr. Richey to figure it out.

Hey! Nonney-Nonney. — I hear that Crockett is at this time hunting the guy that told him to "Go, West, my lad, go West" and has severed all relations with the House of Laird of Midway community. What's matter Crock—opposition or competition? Aw! Won't talk, eh?

Ho—Hum—I heard confidentially that Mr. Mason wasn't hard-boiled but just lonesome—Oh!—so lonesome.

Very Minnie — That charming young lass we call Winnie; although she had hopes scarcely innie; just went to the show; and now we all know; She possesses full many a pinnie.

## MOTHER! don't experiment with your Child's Cold

Often, "mere colds" have serious consequences. It is dangerous to neglect a cold—equally dangerous to experiment with half-way measures.

Feel safe! Use Vicks VapoRub—the proved external method of treating colds. No risks of constant internal "dosing", which so often upsets delicate digestions and lowers resistance when most needed.

**DOUBLE DIRECT ACTION**  
 Just rubbed on at bedtime, VapoRub fights a cold direct—two ways at once—by stimulation and inhalation. This combined poultice-vapor action loosens phlegm—soothes irritated membranes—eases difficult breathing—helps break congestion. Often by morning the worst of the cold is over.

### Let's Talk Clothes

DENTON, Texas.—Stylish clothes are essential to a well-groomed appearance but there are many other things that can certainly add a smart note to any personality—have you ever thought about your finger nails?

The old opinion that brightly colored polish is not worn by the well-bred woman is entirely obsolete, and women are now thinking more and more of their finger nails in terms of a matching or contrasting color to their costumes.

One of the most flattering and interesting blends in nail polish for the winter fashions is the new bronze tint that is fast gaining in popularity. Young women at T. S. C. W. prescribe a mingled tweed suit in matching tones of brown; shoes, hat, gloves and bag in likewise matching shades—then to set off the entire costume try the bronze polish on the nails. It's sure to add that smart touch.

Although brilliant crimson isn't considered in the best taste for an office girl or for street wear, it is hard to find a shade more popular for evening. With dull crepes, shimmering satin and slinking sequin ensembles, your nails can add a well-bred note when taken care of in this manner. A deep coral is also most fetching with the lighter shades for evening, and for the young sophisticated woman in se-

vere black, smartness can be placed by using black polish.

For the office worker, who nails, so often come under the shade of the general public, rose is the shade that is suggested. This does not detract from appearance, and does not detract from other attractive hands.

### PIANO DEvised FOR PLAYING FROM BED

LONDON.—A piano for playing in bed will be among the exhibits at the British Industries Fair to be held here in the latter half of the year.

With the piano placed at the foot of the bed, the keyboard is projected out like a drawer and bent over hinges until it is at the right angle for the player's hands.

The designer is said to have dreamed about the bed piano vividly that he was able to work out on paper as soon as he awoke and to patent the whole invention at nine o'clock on the following day morning.

### Short Money Memory

VAN BUREN, Mo.—H. A. Kelly, sawmill owner, forgot a check of \$725 for six years. When he received the check in the mail, a phone call came in. He pushed the check back into his desk and not find it until March of 1932. He is suing a bank receiver for the amount on his claim.

### Fighting Solon.

CONCORD, N. H.—The Hampshire House of Representatives has a fighting member, Patrick (Patsy) Joseph Sweetman, Manchester. Patsy formerly was claimant of the New England weight championship.

A sunny heart makes a world.

Senior horticulturist J. F. Rosborough met a man who told him a party cotton check was asked to buy fruit trees for a orchard. That seemed such a idea to Rosborough that he made up charts for 1-4 acre fruit to be planted in Northwest Central Texas, or South Tex-

## Kitchen Kinks

### Clean Walls

A satisfactory solution for clean- ing painted walls or painted wood- work is as follows: One part kero- sene, one part vinegar, and one part hot water. Mix well and apply with cloth. Wipe dry with a clean cloth. It leaves the polish on painted sur- face and does not injure the paint.

### Macaroni for Salad

If even lengths of macaroni are desired for salad, use the kitchen shears for cutting the desired lengths, instead of breaking the macaroni. The same method of cutting strips of bacon when short lengths are desired, has proven convenient and satisfactory.

### Removes Burnt Food

Burnt food can be loosened from a porcelain kettle if it is allowed to stand over night with a solution of vinegar and scouring powder. The pan will also clean easily. A razor blade, held in a handle which can be purchased for a few cents, is helpful in scraping frying pans or kettles.

### Dessert Luncheons

Women often desire to have friends in for the afternoon but hesitate to serve luncheon, for the guests feel that they must go home immediately and serve their families when they themselves are not hungry. The dessert luncheon is a splendid way of entertaining. The guests arrive at 1 o'clock or later, and as they have been told the nature of the party they have eaten no dessert at home. As soon as the guests are assembled the hostess serves dessert and beverage to supplement the lunch eaten at home. The guests then spend the afternoon sewing or partaking in whatever entertainment has been prepared. Thus the hostess has served economically and easily, and the guests have not eaten at an inconvenient time.

### Boston Baked Beans

Wash 2 cups dry beans (I use white navy beans). Soak the beans over night in warm water. Drain next morning and put in bean pot with 1-2 pound bacon, 2 teaspoons salt, 1 tablespoon sugar, 2 tablespoons dry mustard, 4 tablespoons molasses, 1 very small onion. Cover with hot water and bake in slow oven about six hours with cover on. Keep adding hot water and bake last hour with lid off. Serves six. Oven temperature 250 to 300. (Those who do not care for so much bacon taste may prefer to use only 6 ounces.)

## French Build Largest Plane

Here is another record — the French have just finished a huge cabin seaplane designed for trans- oceanic service and capable of carrying seventy passengers. It made its first trip last week.

The thirty-seven ton ship, christened the Lieutenant de Vasseau Paris and called the largest aircraft in the world, sailed gracefully over Lake Barricasse in its trial flight. The crew numbered seven.

Trial trips to North and South America are planned soon.

The seaplane, propelled by six motors of 850 horsepower each, is 104 feet long, has a wing spread of 162 feet and stands thirty feet high. Housed in its duraluminum and stainless steel fuselage, arranged with two decks, are twelve de luxe cabins, as large as those on trans- Atlantic liners, each of which has two beds and a private bathroom. There are accommodations for ten other first-class and forty-two sec- ond-class passengers.

A bar, kitchen, baggage compart- ment, radio cabin, navigation compart- ment and quarters for the crew complete the appointments. The ship, which was three years in the building, cost 25,000,000 francs, or about \$1,650,000.

With its cruising speed of 145 miles an hour, the 2,800 mile trip across the North Atlantic is expected to be made in less than twenty- four hours.

## YOUR HEALTH

By John W. Brown, M. D. State Health Officer

AUSTIN, Texas.—Many cases of measles are being reported to the State Department of Health. The disease spreads very quickly; it is very dangerous for very young children, and because many mothers are inclined to think that measles don't amount to much and that it is bet- ter for the children to have it and to have it over, Dr. John W. Brown, State Health Officer, sends them this message:

"Measles is especially hard on very young children—babies from about six months old to children of school age. It is a very treacherous dis- ease. It often opens the way for pneumonia, and other diseases of that kind, and it frequently leaves some serious after-effect. It is very 'catching' right from the start, so a special effort should be made to keep the younger children away from others who have it. It's a mis- take to say, 'Oh let them have it, and have it over.'"

"But even though it may not be as dangerous for the older children as for the younger ones, measles is a serious disease for anybody, at any age—young or old—who has it. Any- body who has it, or who shows symptoms of it, should have the best possible medical care—and the doctor should be sent for promptly. "If your child shows any of the symptoms of measles—at the start it often seems to be only a cold—put him or her to bed, keep the other children away from the one who is sick, and send for your doctor."

## Emergency Feed Loan Limit Has Been Increased

COLLEGE STATION, Tex.—In in- stances where the applicant has no feed on hand and the general weath- er conditions have been severe, the regional emergency crop and feed loan offices serving the primary drought areas have been authorized to allow up to \$4.50 a head a month to purchase feed for farm cattle, \$6 for farm work stock, and \$2 for range cattle according to infor- mation received by the Extension Ser- vice from the Farm Credit Adminis- tration. Otherwise maximum base rates now in effect will be contin- ued.

"The increased amounts will ap- ply only in exceptional cases where the applicant's feed has been ex- hausted and weather conditions have been severe," Norman Mon- chan of the Emergency Crop and Feed Loan Division of the Farm Credit Administration said. "Each application for increased allowance will be considered on its own merits and must be accompanied by de- tailed information as to the feed on hand and weather conditions."

## CONSTIPATION Can be Helped!

(Use what Doctors do)

Why do the bowels usually move regularly and thoroughly, long after a physician has given you treatment for constipation? Because the doctor gives a liquid laxative that can always be taken in the right amount. You can gradually reduce the dose. Reduced dosage is the secret of real and safe relief from constipation.

Ask your doctor about this. Ask your druggist how popular liquid laxatives have become. The right liquid laxative gives the right kind of help, and the right amount of help. When the dose is repeated, instead of more each time, you take less. Until the bowels are moving regularly and thoroughly without any help at all. The liquid laxative generally used is Dr. Caldwell's Syrup Pepsin. It contains senna and cascara, and these are natural laxatives that form no habit — even in children. Your druggist has it; ask for—

## U. S. To Plant Four Million Trees in Belt

WASHINGTON. — Four million trees will be planted next spring, it has been announced, as a start on the Forest Service's vast shelter belt designed to sweep from Canada to the Texas Panhandle.

The American Tree Association de- clared that 23 of 30 planting areas had been selected tentatively, each calling for planting of 139,000 trees in strips five miles long, and 10 rods wide. They will be established in the Dakotas, Nebraska, Kansas, Ok- lahoma and Texas.

Meanwhile, the Forest Service has collected sufficient seed of acclimat- ed species to provide about one hundred million seedlings for plant- ing in 1936.

Designed to provide windbreaks for cultivated land, the project was endorsed by President Roosevelt and set in motion with an allotment of \$1,000,000 in 1934. When com- pleted it will provide a belt of trees planted in the 10-rod wide strips over a 100-mile wide area.

Trees are to be planted in 19 rows with intervals of about six feet. The outside rows will be such trees as choke cherry, sumac, and willow; the next rows Russian olive or mul- berry, Osage orange, or apricot; the next rows of green ash, American or Chinese elm, oak, hackberry, Texas walnut, black locust, or peach; and the center rows of cot- tonwood, willows and black locust.

## HUMBLE FISH YIELD RICH VITAMIN OILS

VANCOUVER, B. C.—A billion dollar industry from the deep sea may come to the nets of British Columbia fishermen as a result of tests being made with a medical product obtained from two of the humblest fish in British Columbia waters.

A Vitamin A and D oil, blended from oils obtained from the humble pickhards and greyfish livers, has been perfected, it is believed. Tests on school children of Prince Rupert have revealed that the oil is superior, more potent and quicker in action than cod liver oil.

Two wild boars were seen recently swimming two miles off the coast of Latvia.

### PROOF OF SUCCESS

When a business concern gains the public confidence in a comparatively short period of time, there must be a good reason for the success of that institution. That concern must be giving unusual service to merit its increase.

We are proud of the fact that we constantly receive spoken comments as to the high respect with which we are held by the people of Haskell and neighboring communities. It is our endeavor—through our service—to at all times maintain this high opinion for our service.

## BUSINESS ISN'T BOTHERED

While the country awaits the decision of the United States Supreme Court in the gold-clause cases with interest there is little evidence that anybody is greatly worried.

Dun and Bradstreet's, generally accepted as a reliable authority on business, says that nearly every branch of business is attaining a more accelerated pace than was set a year ago. Since 1932 the business activity index has moved from 50.1 to 73.9 and now stands 17.1 ahead of last year.

Other great economists insist that natural forces are now moving to end the depression and that nothing can prevent the up-turn from making progress. Of course, unwise legislation and foolish acts can thwart it to some extent but, so great are the natural resources of this country, the check will be temporary.

## EXPRESS YOUR DISAPPROVAL

Editors of newspapers, like the Free Press, like to hear from their readers. They do not, contrary to the usual idea, seek complete and unanimous agreement with their views. The reader of this journal, who disents intelligently, does us a real service in writing a letter, stating properly and temperately the reasons which, in his mind, make our conclusions wrong.

No sensible man expects that his opinions are the opinions of all men. That differences of opinion exist is one of the good things of life. It would be extremely miserable if one did not find diverging conclusions from the conflicting evidence upon which mortal man tries to evolve the truth.

## BRISBANE'S AERIAL GHOSTS

The eminent editorial writer, Arthur Brisbane, sees spooks and ghosts every time aviation scores a spectacular triumph. Miss Earhart's flight across the waters that separate our western coast from Hawaii made him see, at once, a mighty armada of 5,000 planes, bombing the coast, speeding to the east and tearing up our cities.

Of course, he did not tell where the 5,000 planes were hidden at this time or what the American Army, Navy and Marine corps' flying machines would be doing while the "enemy" rained bombs upon us. Maybe, they will be reading Mr. Brisbane's interesting editorials and forget to look up into the sky.

## A CHANGED SENTIMENT

A changed sentiment seems to be apparent in the general attitude of citizens toward Federal agents.

A few years ago, largely as a result of the ravings of wet newspapers, every time a Federal agent shot anybody he was held up to scorn and the law enforcement arm of the government riddled with sarcasm.

The other day, in Florida, suspects in the kidnaping of Edward J. Bremer, St. Paul banker, were shot to death. A woman and her son were the victims, but no outcry came from the press or the public. Sentiment was with the agents who attempted to capture but killed when resisted.

You can draw your own conclusions.

## WATCH THE ADVERTISER

When a citizen opens a business in Haskell he has a right to look for the cordial co-operation of all citizens here. They should, as far as business judgment warrants, give him their business. Let every good citizen bear this in mind.

Advertisers in The Free Press are those business men who insist that you come to see them. Every time they put an advertisement in our columns they invite the public to judge them on their merits. No merchant advertises unless he thinks he has the goods; as loyal boosters for Haskell it is the business of every Haskell builder to see whether he is right before giving business to other sections.

The Free Press is prepared to forgive those who failed to renew their subscriptions in January, provided, they do so promptly in February.

The Free Press will be glad to receive news items, or letters, from its readers. Sign your name for identification; it will not be published if you request us to omit it.

We see where some American "intellectuals" are making a friendly protest to the Soviet Union, which will tell them, probably in a polite way, to mind their own business.

## FOREIGN COTTON POLICY

(Semi-Weekly Farm News)

A determined foreign cotton policy is to be followed by the administration. It will plan to dispose of the American surplus to foreign buyers, either through reciprocal trade agreements or without, and will try to reach an agreement on cotton production with foreign countries.

It is now quite clear that The News accurately foresaw some time ago the danger of foreign cotton competition and the loss of markets for the Texas product. These fears are now shared by President Roosevelt, who has instructed Secretary of State, Cordell Hull, to sound out Great Britain in respect to an agreement to limit cotton production. Oscar Johnston, manager of the AAA cotton pool, is reported to be conferring with Francis P. Sayre, Assistant Secretary of State, to devise ways in which to get rid of the troublesome surplus which the Government holds under its 12c loan policy and former efforts at stabilization of price.

The News again emphasizes what it has previously stated, that any effort to improve the position of cotton growers in this country permanently, through higher prices maintained in world markets, must take full account of foreign cotton-growing efforts. Just as a world wheat agreement was reached to limit the acreage, it may be possible to arrive at an understanding with our competitors in the interest of the cotton industry as a whole. Without such a world agreement, who is to prevent the loss of markets for the Texas staple, which, because of price-pegging by the Government and several other factors, can not compete strictly on its merits with the product from Brazil, Argentine, Egypt, or India?

## Special Planning is Necessary to Make Children's Clothes

Mothers should watch for ideas in order to plan clothes that are comfortable and fitting for the preschool tots. If proper provisions are made, the children can often dress themselves. Such provision calls for a sufficient number of buttons, button holes, and other fastenings of the proper kind and sizes.

Garments need to fit well and to have ample room to be comfortable. This room and comfort is needed because the tots are climbing everything they can, and doing all kinds of acrobatic stunts. It takes roomy clothes to provide for such activity, states Miss Anna Johnson of the School of Home Economics at the Oklahoma A. & M. College.

All clothing should be free from tight bands at the neck, legs and waist. Tight and narrow elastic is often the source of much irritability in young children, and Miss Johnson advises the use of elastic webbing instead.

Clothes which do not hamper will be best if they have long shoulders or raglan sleeves. Elbow sleeves or no sleeves at all are better than the ordinary set-in sleeve in warm weather. The raglan sleeves are com-

ing into prominence for the small boys.

Sometimes poor posture is due to high collars that push the head forward. Necklines are best if they are cut low. Since collars are in the way so much, Miss Johnson thinks it is really better to have no collar at all. A collar effect can be stitched down or the neckline can be finished attractively with a binding or tape.

Boys' and girls' clothes should allow sufficient room in the crotch both while standing and sitting. A garment is not to be judged by how it fits last year, but how it fits at the present time.

## THREE-YEAR-OLD BOY FIRES WASTE BASKET

MANGUM, Okla. — Three-year-old Clay Briggs has learned there are better ways of putting out a fire than smothering the blaze in a waste basket. At least his parents, Mr. and Mrs. Roy Briggs, Mangum, hope so.

The child had a merry time with a stick he had ignited by sticking it into the fire in a stove. But he soon tired of that and jammed the burning end into the wastebasket. Firemen answered the alarm. They used chemicals. The blaze caused minor damage.

Delay is fatal to good resolutions.

## Tom Hickman Is Appointed Texas Ranger Captain

AUSTIN, Tex.—Adjutant General Carl Nesbitt has announced the appointment of Tom Hickman of Ft. Worth as a captain of Texas Rangers.

Appointment of H. M. Kirby of Abilene as a private in the ranger force also was announced.

Hickman for many years was one of the most colorful members of the rangers. Two years ago he resigned as captain of Company B following the election of Mrs. Miriam A. Ferguson.

The governor is commander of the ranger force. After the election of Governor James V. Allred, reports immediately were current that Hickman would be given his former post.

In recent years, prior to his resignation, Hickman was assigned to assist in suppressing lawlessness in the oil field. He saw service both in the Borger and the East Texas areas.

He teams frequently with Frank Hamer, a former captain of rangers, in hunting down law violators. Hamer was a member of the group of officers which last summer shot down Clyde Barrow and Bonnie Parker, notorious outlaws, in Louisiana, but at that time was not a member of the force.

Hamer also left the rangers two years ago with the election of Mrs. Ferguson. Reports also have been heard that he would return to the ranger force, but have not been confirmed.

## GOAT SAVES WOMAN FROM DOG'S ATTACK

PICHER, Okla.—An ordinary billie goat has butted his way into Pichers list of heroes. He saved a woman from suffering at least serious injury.

A bull-dog broke loose from his chain at a Picher home and attacked the woman. She was knocked down and the dog was tearing at her clothes when the gallant goat came to the rescue.

On the first charge, the dog was thrown at least ten feet. The dog returned to the attack. The goat lowered his head and hooked the dog again. The woman escaped during the battle and the dog was vanquished.

## Monthly Pains Relieved

Women who take CARDUI have found that severe monthly pains have been relieved and that by continued use of it for a reasonable length of time their strength has been renewed and their general health improved.

"I am glad to speak a few words for Cardui, the medicine I have taken for a weak, run-down condition, for bad pains in my side and back and for irregular periods," writes Mrs. Roy Chandler, of Cassata, Ala. "Cardui straightened me out and I felt 100 per cent better. It certainly helped me."

"Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician."

# How Do You CHOOSE?

Every time you make a purchase you make a choice. Buying a certain product may be so much a matter of habit that you don't realize you are choosing. But the fact remains that in accepting one brand of goods you are always rejecting others; and the satisfaction you get from what you buy depends on the knowledge of quality and values that guides your selection.

How do you know which bed-sheets, or which roofing material, or which radio will give you service you require? You can't personally test everything you buy and compare it with all the other products in its class. But there is a way to find out which brand fits your needs.

The people who are most successful in their buying—who achieve the highest percentage of satisfaction from the things they own and use—are those who consistently read the advertising columns, and buy consistently advertised goods.

Choosing isn't just "guessing" when you follow the guidance of the advertisements.

You can depend on advertised goods. It pays to read the advertisements.

## Rochester

Business men of this city at the Home State Bank last evening and perfected the organization of a local civic club. The club was elected president, officers chosen were: First vice president, E. Hob Smith; second vice president, D. R. Brown; secretary, Lowell Ponder; treasurer, J. Doss. It was decided to meet the second and fourth Monday of each month at 7:30 p. m. at the Literary Club meeting of Mrs. W. H. Carothers January 24th with all but the entire membership present.

Miss Hook of this community, Fay Wilson of Portales, were united in marriage Saturday, Jan. 26th, with Elwood Oatwood, minister of the Christian church here, officiating. She is a last year student at the University of Texas. She was very active in the Y. W. C. A. and was a member of the Mission Class. Mr. Wilson is a prominent member of the Y. W. C. A. and is also a member of the Mission Class. The couple left immediately after the ceremony for a short visit in Abilene. Congratulations and best wishes for a happy and prosperous future were extended by their many friends here.

Mr. Wilson has been called to return to Rochester. He made a business trip last week. The Plains are very dry, he reports. A few miles from town was a last Saturday while he was shopping. Fortunately a man on the place survived, who escaped with a small amount of loot.

Miss Gaunt of Hardin county, University of Abilene visited her family Sunday, and Michael in west Rochester.

The family of Abilene here last week and at the city, with friends and relatives.

Miss Pixler of A. C. C. Abilene, spent the week end here.

Mr. William Lieb of Stamford visited his family here Sunday.

Miss B. Allen of Dallas spent last week end here with friends and relatives.

Mr. and Mrs. Robert Gray of Big Spring spent the week end here with their mother, Mrs. R. L. Gray, and their sister, Mrs. Hes Burton.

## Brushie and Union Chapel

Bro. Pritchett of Goree delivered three very fine sermons Sunday and Sunday night. Large crowds were at all three services.

The Epworth League presented an interesting program at Union Chapel Sunday evening at 6:15, after which they attended church at Brushie.

A large majority of the League members are planning to attend the Union Meeting at Rule Tuesday night, Feb. 4th.

Fine crowds were out for Sunday School Sunday. We urge you if you are not in Sunday School already, get in one. We extend a cordial invitation to both Sunday Schools. Visitors are always welcome.

On last Wednesday night the Epworth League was entertained in the home of Bro. and Mrs. Culwell at Weinert. Many interesting games were played, after which sandwiches and hot chocolate was served. Flora Routon entertained a group of friends with "42" Saturday night. Ivan Fannin is visiting friends and relatives in Rochester and adjoining communities.

Grady Bowman is visiting Burl Griffith of the Red Top community this week.

The play which was to have been presented last Friday night was not given, as one of the characters was sick. It will be presented Saturday night, Feb. 9th.

Miss Ruby Fannin and father were in Knox City Monday on business and visiting friends.

Mr. Velva Bowman and family of Lake Creek and Mr. James Bowman of Miller Creek visited Mrs. J. A. Bowman Sunday.

Sammie and Lloyd Griffith are visiting their parents at Abilene.

## Center Point

We are having some beautiful weather. Most all the farmers are preparing their land for another crop.

We are sorry to report Mr. Briscoe on the sick list.

Mr. and Mrs. Burk are entertaining a fine son at their home.

Mr. and Mrs. T. J. Johnston of Haskell and son Clyde of San Angelo visited their daughter and sister, Mrs. T. M. Patterson and family Sunday evening.

W. J. Jeter spent the week end with friends at Abilene.

Messrs. A. B. Corzine and T. M. Patterson made a business trip to Stamford Monday.

Mr. and Mrs. Whaley and daughter Miss Joyce Fuller of Hamlin visited W. C. Storrs and R. E. McLennan and families Sunday.

Mr. Corzine went to Rule Monday night to sit up with his mother, who has been real sick but is improving some at this writing.

Mr. and Mrs. Buck Bland spent Sunday with Mr. and Mrs. Albert Hannsz of Rule.

Mrs. Miller is home again after a two weeks visit with Mrs. J. H. Bland of Sayles.

We had 44 in Sunday School Sunday. Let's go next Sunday and make it 50 anyway. We need Sunday School, so everybody come out next Sunday at 10:30 a. m. Rev. McMillan of Sagerton will fill his regular appointment at 11 o'clock and Sunday night.

Singing was enjoyed by a small crowd Sunday night.

Stover Bledsoe and family of Cottonwood and Mrs. Taylor Alvis and daughter of Rose spent Friday night and Saturday with P. C. and T. M. Patterson and families.

A large crowd attended the quilting at Mrs. W. E. Johnson's of Sayles Tuesday. Everyone reported a grand time.

Miss Grace Rose of Rose spent Friday night with Miss Helen Bland.

Don't hate the other fellow for not loving you.

## Leaders in Texas Soil Erosion Fight

Here are two leaders in soil erosion work in Texas who were interested participants in the recent field day on the Cal McCurdy farm near Rhome, Texas. At the left is U. S. Allison, state technician in soil erosion control. At the right is M. R. Bentley, engineer in charge of erosion control work. Allison and Bentley are both gratified to discover growing interest among Texas farmers in building terraces to conserve moisture and prevent soil erosion. (Texas News Photos.)

## Constipated?

The doctors say... Use liquid treatment

Here is the soundest advice anyone can give on the subject of laxatives. It is based on medical opinion. We want you to have the benefit of this information no matter what laxative you may buy:

The secret of real relief from constipation is reduced dosage. You can't regulate the bowels unless you can regulate the help you give them. That is why doctors use a liquid laxative; the dose can be measured to a drop.

Avoid laxatives that you can't cut down in dosage; especially those that seem to require larger doses than when you began their use.

Under the doctor's care, you usually get a liquid laxative. The right liquid laxative gives the right kind of help, and the right amount of help. Smaller and smaller doses—until you don't need any.

The liquid laxative generally used is Dr. Caldwell's Syrup Pepsin. It contains senna and cascara—natural laxatives that form no habit.

Sale of Baldwin Ranch Among the Large Land Deals

The sale of the Baldwin Ranch 8 miles east of Haskell, containing 6772 acres of land, consummated recently, is one of the largest ranch deals reported in Haskell county for several months.

Mass Meeting To Be Held In This City Saturday

Conditions surrounding the beer joints and dance halls of Haskell county will be discussed by the Rev. C. H. Eckles and Rev. W. C. Collins at a mass meeting which will be held on the courthouse lawn Saturday afternoon at 3 o'clock.

CARD OF THANKS

We wish to express to the good people of Haskell our sincere and heartfelt thanks for their kindness, sympathy and helpfulness to us in our recent bereavement in the loss of our daughter, Mozelle.

Did You Know?

That you can take a business course right here at home where you will not be out the living expense that you would if going away? Investigate. You will find it worth while.

A. D. Tucker—

(Continued from First Page) neers who claimed a land when it was very much "in the raw." With a dugout as his dwelling place, Tucker moves about his small ranch and attends to the needs of his 40 head of cattle and his pack of hounds, which, to his friends, sometimes seem numberless.

Haskell county residents, both old and young, have evinced more of an interest in the life of Aleck Tucker during 1935 than they would have in 1934 because this year will mark the Golden Jubilee celebration of this county, which was created in 1885.

So much interest has been manifested in the anniversary that efforts are now being made by the directors of the Central West Texas Fair association, who sponsored a fair each fall, to dedicate the 1935 celebration to the pioneers, and all early settlers will be assigned a part in the affair which will of a necessity cause all residents to wear two faces—one facing forward with the spirit of the times, and the other turned backward to recapture, so far as possible, the stirring memories of the bustling 80's.

Early Troubles

Haskell's first sheriff, so musty record books show, had a far different brand of lawbreakers to deal with than has Kemp and other recent day peace officers. No gangsters, "rod men," "snow" peddlers nor automobile thieves appeared on the scene in those cowboy days to vex a believer in law and order.

Sheriffing in the 80's and 90's consisted mostly in incarcerating cowboys who became slightly boisterous after a long sojourn on the range, or perhaps arresting of some miscreant who preferred horseflesh belonging to other parties. Chasing cattle thieves also formed a major part in the life of a sheriff, and cattle thieves were never people with whom a sheriff or cattleman could become friendly.

Two blocks west of the Haskell square, a portion of the walls of a brick jail still stands, a grim reminder of those early years in the life of Haskell citizens. Aleck Tucker placed saloon-shooting cowboys behind those walls.

According to T. E. (Tom) Ballard, another pioneer here, the Tucker family settled in the south part of Haskell county on California creek. Aleck Tucker became sheriff of this section when it was still a part of Throckmorton county. His re-election to the office followed in succession after the creation of the county in 1885 until 1890. Years later, the former sheriff disappeared, but was found not long afterward by a relative at El Paso taking care of a string of race horses.

Mr. Roy Stephens of Seymour visited in our city the first of the week.

Meat Show—

Old Missouri Sale Bill Listed Many Different Things

Vernon E. Buckley, Roberts community, is a reader of modern news articles and also of items which pertain to events many years ago as the article which he recently brought into the Free Press attests.

Buckley says that he clipped it from the Ochiltree Herald. It was first published by a Missouri newspaper in 1849.

Below is a sale bill that covered territory:

Public Sale — State of Missouri, county of Pike. To whom it may concern. The undersigned will on September 20, A. D. 1849, sell at public outcry, for cash on premises where Coon creek crosses the old Missouri road, the following chattels to wit: Six yoke of oxen, with yokes and chains, 2 wagons with beds, 3 nigger wenches, 4 buck niggers, 3 nigger boys, 2 prairie plows, 23 steel traps, 1 barrel pickled cabbage, 1 hoghead tobacco, 1 lot nigger hoes, 1 spinning wheel, 1 loom, 3 fox hounds, a lot of coon, mink and skunk skins and a lot of other articles.

Am guine to California. John Doe.

Child Seriously Hurt In Fall From Horse

Billie Bob Welsh, four-year-old son of Mr. and Mrs. Bert Welsh is in the Stamford sanitarium suffering from fractures of the skull, collar bone and vertebra which he received Monday when he fell from a horse. He was placed in a plaster cast Wednesday and may be able to be returned to his home here today. Collins, his older brother, who was riding with Billie Bob, was not injured in the fall.

Relief Cost In State Lowered

AUSTIN, Tex.—Cost of administering relief funds in Texas during December fell to 8.46 per cent of the total obligations incurred during the month, it has been announced by Adam R. Johnson, state relief director. The figure was 1.01 per cent under the previous month and more than 3 per cent lower than August.

"Our obligations incurred during December totaled \$5,325,931.21 including state administration as compared with \$5,505,354.73 in November. Non-relief salaries on administrative projects and other administrative expenses totaled \$450,805.47" Mr. Johnson said.

Percentages of total cost expended for administration during the four previous months were: August, 11.94; September, 11.78; October, 11.02; November, 9.47.

Net number of relief cases during December was 269,276, representing 1,081,034 persons, or 4.01 persons to the case. Relief clients on direct and work relief received respectively \$1,642,629.94 and \$2,285,344.04, a total of \$3,928,167.98 in December.

The average direct relief case received \$9.49, the average work relief case, \$14.38. Of the total case load, 52.12 per cent were extended direct relief, 47.88 per cent found work relief.

In addition to administration expenses and money granted clients, the Texas Relief Commission during the month of December disbursed federal funds for special programs as follows:

Emergency education, \$110,658.56; college student aid, \$60,637.20; transient relief, \$96,833.31; rural rehabilitation, \$46,753.35; a grand total for these programs of \$314,882.42.

Although the total obligations incurred in December do not include the value of the surplus commodities issued during the month, non-relief salaries charged to administration include \$17,522.15 earned by persons employed on commodity distribution projects and \$25,188.26 of the amount earned by relief clients working on relief administration projects was granted as work relief for commodity distribution.

Newspapers Urge Appropriation for Texas Centennial

DALLAS, Texas.—Leading newspapers of the State at present, directing attention to the activity evident throughout the State in behalf of the program for the Texas Centennial celebrations to be held throughout Texas in 1936 are deploring apparent apathy on the part of the Legislature in so far as sustaining legislation is concerned and asserting that without a State appropriation, which would clear the path for a request for Federal funds, it would be impossible to stage an appropriate observance.

All other agencies are co-operating splendidly, it is urged. Plans for the central exposition here and the kindred celebrations at points over the State associated with its early history are being formulated, despite the fact that it is acknowledged that progress is impeded by uncertainty as to the legislative action, which would indicate the nature and scope of State participation and should bear materially on the shape and scope assumed by the undertaking itself.

At Dallas, for the central exposition, a Master Planning Committee is developing its program and has designated a technical committee, consisting of leading architects, builders, engineers, landscape experts and men experienced in concessions and fair exhibits, to advise its members with regard to actual physical construction of the mammoth project in order that it may be created to constitute a primary attraction for the millions of visitors, whom it is expected to draw not only to Dallas, but also to many sections of the State.

In Houston, San Antonio and other cities committees have been named to perfect plans for appropriate commemoration of historical events. San Antonio expects early in March to vote \$500,000 municipal bonds for permanent improvements in that connection.

The Texas Good Roads Association and other organizations interested in highway matters have busied themselves with plans for road improvements in anticipation of the tourist invasion in 1936, while many other organizations are perfecting their plans for active participation in these historic events.

Former Governor Pat M. Neff of Waco has declared that already the beneficial results accruing to Texas from mere consideration of the approaching commemoration had been worth to the State more money than the \$3,000,000 which the Texas Centennial Commission is asking the Legislature to appropriate.

Showboat on Auction Block

GUTTENBURG, Ia.—The "Manitou," last of the floating palaces which were the symbol of the halcyon days on the Mississippi when show and dance boats did a flourishing business, is on the auction block.

West Going Effete

RENO, Nev.—The West may be wild and woolly in the popular conception of peace officers, but times are changing. Calvin Banigan, newly elected constable of Reno, and his assistant, Walter Baring, it was discovered, both are college graduates.

Personal

W. R. Weinert of Weinert was in Haskell today.

E. B. Harris of Rule was a visitor in Haskell Tuesday.

Mart Clifton made a business trip to Abilene Monday.

B. L. Jackson of Rule was a visitor in Haskell Thursday.

J. A. Casle of Abilene transacted business in Haskell Thursday.

J. F. Kennedy and son Frank, and daughter Mrs. Frank Williams of this city went to Ballinger Sunday to visit their son and brother, Earl Kennedy, who is in the Ballinger Hospital.

Mr. and Mrs. Roy Lewis of this city have returned from Gorman, Texas, where they were called to attend the funeral of Mrs. Lewis' brother, Clifford Fenter. They were accompanied by Gorman by Mr. and Mrs. Oscar Lewis and Mrs. G. W. Kennedy of Goree.

School for Club Reporters Held Here Saturday

A reporter's association was organized by the reporters of the Home Demonstration Clubs Saturday when they met in the District Court Room. Mrs. C. A. Lewellen of the Josslet Club is chairman. Mrs. Elgin Carothers was elected vice chairman and Mrs. E. B. Callaway, secretary.

Sam A. Roberts of the Haskell Free Press talked to the reporters on "What An Editor Wants In A News Article."

"The work which the farm club women are doing, means the upbuilding of the community," Mr. Roberts said. "In writing news articles or reports one should write what the people want to read," he continued. "Only facts should be written." Other points mentioned were that when names are used in an article, initials should be used with a married ladies name, and that one should always put their name on the article.

Club Secretary at 87

EATON, O.—Frank Randall, oldest automobile club secretary in Ohio and who is thought to be the oldest in the United States, is dead here. He was 87.

Carbon Monoxide Caravan In This City Wednesday

The Prover demonstration car, latest weapon in the fight against carbon monoxide, sponsored by the Cities Service Oil Co., stopped in Haskell Wednesday on a trip through this section. W. S. Clark, New York City, is in charge of the tour, accompanied by W. S. Fortney, Fort Worth, state manager; and C. Brewer, Abilene, district manager. V. J. Peek, local agent, was in charge of display arrangements here. The demonstration machine was housed in an Aero-car, which was divided into two rooms, the larger attractively furnished with leather ceiling and walls and linoleum covered floor. Chairs for 14 people were provided.

The Cities Service representatives were invited to speak in the local high school auditorium on the carbon monoxide menace.

Oregon Pioneer Dies

HILLSBORO, Ore.—Mrs. Amelia Clemens, 90, first white child to be born in Portland, died here recently. Her father, William Johnson, was a sailor aboard the frigate Constitution and was wounded in the engagement with the Guerriere.

HOW MUCH IS A CUSTOMER WORTH TO YOU?

You can afford to pay a certain proportion of profits to secure business. When you pay more than that, business is unprofitable. A careful check of your promotional costs will show you in an instant whether or not you are paying too much to attract business. If you've been using the advertising columns of the Free Press, the chances are that your costs are in correct proportion to your profits. For merchants all over town have found the cost of using Free Press white space extremely low in comparison with the high quality of reader interest. If you would keep the cost of building business to a minimum, learn the Free Press story. It's worth money to you.
