WELL COUNTY ASSESSMENT ROLLS SHOW A 'VARIETY'

Dogs Have Tax Valuation of \$400; 43 Hogs Are Valued at \$265

HOMESTEAD SAVES

To The Taxpayers Under Exemption Act Exceeds \$12,000

Almost everything from dogs to the ever-present assessment rolls for the county have been compiled by B. Watson, assessor, and

valuing at \$8,310,085 value of Haskell county, the following were listed as follows: average assessed, 535,308, with a total of \$6,013,785; personal property valued at \$2,296,300.

Under the Homestead Exemption Law amounts to \$12,000, which is based on an exemption of \$1,684,275.

of the total of \$170,543.35 is shown as the sum for all the state secures \$51,018.73; county, \$60,663.62; school road, \$48,861.00; common school district, \$10,000.

tax is not included in the figures. The amount of state property taxes is \$9,516.50, of which the state secures \$2,719,000 and \$3,438.00 as school tax, while the county secures \$3,359.50.

and sailing vessels included under the heading of pipe lines, but no person in Haskell county came forward with a claim which took in such items.

Although thirty-five more hogs were listed for taxation than were rendered for, under the assessment act, the dogs are not near so valuable.

Thirty-three hogs have only an assessment value of \$265.

Under the heading of "vehicles" included carriages, buggies, automobiles, bicycles and motorcycles. It is shown that a total of 2132 such modes of travel were rendered for taxation, with a value of \$153,475, and the fact that automobiles alone are registered with the county tax collector.

Explained by the assessment compilers, who said that many automobiles were not considered of high value for taxation purposes.

Financially speaking, "must have" with a large proportion of Haskell county citizens, owing to the fact that only \$2,000.00 "cash on hand" was rendered for assessment.

A check-back was made to determine the identity of the many checks of Haskell county's cash.

Despite the fact that many cattle have been shipped out of the county, 11,715 of such animals were rendered with a value of \$131,050, while 1333 horses and mules were valued at \$277,000.

Baptist Service Union Reorganized

With special attractions scheduled on the program, the reorganized Baptist Training Service Union is making preparations for one of the best meetings of the year at the First Baptist Church next Sunday, according to Garland Bynum, president. The meeting will begin at 6:30 P. M.

New officers have been elected as follows: Garland Bynum, president; Mary Townsend, vice president; Maxine Quattlebaum, secretary; Francis Walling, corresponding secretary; Louise Turner, pianist; Cecil Reeves, choir leader; Elsie Bradley, captain group one; Winston Watson, captain of group two; Kate Darnell, captain of group three; and Lilly Pae Stoker, captain group four.

Judge Chas. M. Conner is leader, while Mr. and Mrs. Simmons are sponsors.

The purpose of the union is the securing of beneficial training, congenial sociality and instructive and interesting programs.

A Correction of a Slight Error On Water Rates

Through a typographical error, the water rates for the city of Haskell were made to read \$1.75 instead of \$1.50 for the minimum in last week's issue of the Free Press. When a comparison of the rates now in effect were made with those prevailing during the summer.

The minimum rate for the 3000 gallons is \$1.50, with an additional \$1.25 for sewage.

Murdered Sheriff

Sheriff W. B. "Bill" Arthur of Dickens county, Texas, was shot to death with his own gun by two men who escaped jail. Virgil Stalcup, facing 254 years in the penitentiary, and Clarence Brown, his assailants, fled in the sheriff's car. They were captured later near Houston.

DEMOCRATS SWEEP NATION AT POLLS

Very little interest is manifested in Election by Haskell Citizens

Very little interest was manifested by Haskell county voters in the general election held over the nation Tuesday. Many voters failed to avail themselves of the opportunity to go to the polls and vote.

Returns from over the state gave all Democratic nominees an overwhelming vote, which was conceded by the Republican party soon after the primaries. No speeches were made during the campaign by the Republican nominees and their candidacy was admitted to be merely for the purpose of holding the organization together in the state.

The Democratic party over the nation recorded one of the greatest victories in over a century. Nine Republican senators lost their seats which will give the Democrats better than three to one in the house and a majority of better than two to one in the senate.

Unless late returns upset the present totals the Democrats will have 69 senators in the new Congress. Republicans 24, Progressives and Farmer Laborites one each.

In the house the Democrats will have 311 members, Republicans 101, Progressives 7, and Farmer Laborites 3.

On incomplete returns it appears that all the amendments to the state constitution were defeated with the possible exception of the tax on University lands.

TEXAS CORN-HOG VOTE FAVORABLE

Growers of State Vote More Than Ten to One for the Government Program

Texas corn-hog contract signers voted more than ten to one in favor of a corn-hog program for 1935 and more than three to one in favor of a one-contract per farm program for 1936 according to the final figures in the Texas referendum compiled by E. M. Regenbrecht, Extension swine husbandman. The actual vote was 16,343 in favor of the 1935 program and 1,577 against it, while 13,106 favored the one contract per farm and 4,055 opposed it.

Haskell county farmers voted in a proportion commensurate with that cast by the state.

Of the non-signers, 787 voted in favor of the 1935 program and 266 voted against it. This was nearly three to one. On question two 737 non-signers voted for it, and 730 voted against it.

In direct contrast with the Texas vote of approval is the vote recorded in Kansas. Forty-nine counties but there favored a heavy negative vote in the eastern one-third of the state. Final results showed 17,429 signers voting in favor of it while 19,985 voted against it. Among the non-signers voting in approximately one-half of the counties, the count was 1,117 for and 4,130 against the program. It is estimated that not more than 30 per cent of the eligible voters cast ballots in the referendum.

The proposed one-contract per farm program was refused by a margin of 25,820 to 11,807 among signers, and 4,008 to 408 among non-signers.

ARMISTICE DAY PROGRAM PLANNED FOR NEXT SUNDAY

Legionnaires of the Press Rogers Post 221 to Show Reverence for Dead

BOWLES TO SPEAK Breckenridge Judge Will Be Principal Speaker of Patriotic Meeting

In commemoration of Haskell county soldiers who failed to return home from service, an Armistice Day program will be given here Sunday afternoon at 4 o'clock under the sponsorship of the Press Rogers Post No. 221 of the American Legion. Judge Clyde Grissom will preside and Judge D. T. Bowles, of Breckenridge, will be the principal speaker.

A realistic touch will be given to the program when a copy of General Foch's orders calling upon all embattled nations to cease hostilities is read. The copy was secured by Post Adjutant A. C. Chamberlain, who was stationed aboard a war vessel anchored off a port of France.

According to those legionnaires in charge of arrangements, the program will be given from the steps of the courthouse on the east side, weather permitting. Otherwise it will be held in the district court room.

The program follows: Bugle Call "Assembly"—Joe Meacham. Invocation—Post Chaplain, Chas. M. Conner.

Bugle Call "To the Colors"—Joe Meacham. "America"—Haskell Municipal Band.

General Foch's "Armistice Day" Radiogram. Introduction of Speaker by Judge Clyde Grissom.

Armistice Day Speech—Judge D. T. Bowles of Breckenridge. "Star Spangled Banner"—Haskell Municipal Band.

"Taps"—Joe Meacham. Benediction—Mayor A. F. Thurman.

PAPOOSES TO PLAY HAMLIN B'S HERE

Second-String Teams' Game Is Booked for Saturday Morning at Haskell

The Haskell Papooses, second-stringers of the Haskell High School will have as their "guests" Saturday morning at ten o'clock the Hamlin Pied Pipers "B" team. No admission will be charged.

The Papooses have been training faithfully against the Indians, and relish an opportunity to "dish it out" instead of receiving.

Former Haskell Couple Celebrate Golden Wedding

Accompanied by a graphic story, the picture of Mr. and Mrs. J. E. Murfee, senior, of Lubbock, former citizens of Haskell, appeared in the Fort Worth Star Telegram Sunday, concerning a celebration of their Golden Wedding anniversary which was held on October 28.

The greater part of the story related the experiences of Mr. and Mrs. Murfee while living in Haskell county, and a reference was made to P. G. Alexander, of Haskell, retired, who was in business here at that time.

Spencer Lumber Company Banquets

Discussing subjects which affected the interests of all yards, approximately eighteen lumber yard managers of the R. B. Spencer Lumber Co. attended a banquet especially arranged at the Tonkawa Coffee Shoppe here Tuesday night. Grady Yeatts, representing the Waco office, was in charge of the meeting, while Jno. A. Couch, local dealer, acted as toastmaster.

Also appearing as a principal speaker was J. K. Brady of Stamford, general manager of the West Texas yards.

Immediately after the banquet, another meeting was held in the office of the local company and an informal discussion of varied interests held.

A statue was erected in appreciation of the boll weevil in Enterprise, Ala., since this insect taught southern planters the necessity of growing varied crops and better producing types of cotton.

Armistice Day, Nov. 11

... THE TORCH ... BE YOURS TO HOLD IT HIGH. IF YE BREAK FAITH WITH US WHO DIE WE SHALL NOT SLEEP, THOUGH POPPIES GROW IN FLANDERS FIELDS."

—Col. John C. McRae.

Time moves steadily onward. Hardly seems like 17 years since the greatest conflict of all history was brought to a conclusion by the Allied Armies. Yes, and in those 17 years, many of us have had . . . and some still have . . . dark days when it seemed the battle of Life was turning against us. But . . .

Our personal trials and tribulations are as nothing compared to sacrifices so valiantly made by the heroes of '17 and '18 in defense of the Peace and Security of the world. Many of those brave lads gave their lives. Many still patiently bear the wounds of war, both in our hospitals and in private life. For many of the latter, the war will never be over.

So to them . . . yes, to all veterans . . . and in memory of the honored dead, our salute. And a silent prayer of thanks as we FACE THE EAST at 11 a. m. ARMISTICE DAY! " . . . THE TORCH . . . BE YOURS TO HOLD

200 METHODISTS MEET HERE SUNDAY

Hold Adjourned Session of Ordely Conference in Haskell Church

In order to make final preparations for the general conference at Abilene next week, approximately 200 preachers and laymen of the Methodist Episcopal Church will meet in Haskell Sunday afternoon at three o'clock in an adjourned session of orderly conference. Dr. G. S. Slover, of Stamford, presiding elder of this district, will be in charge.

The meeting will only consume a short amount of time, according to the Rev. Orion W. Carter, local pastor.

HASKELL STORES TO CLOSE MONDAY

All Haskell dry goods stores will be closed all day Monday, Nov. 12, in order that employees may have the holiday in commemoration of Armistice Day.

Both local banks will also be closed for the day, and possibly other establishments, as a petition is being circulated this afternoon asking that all stores in the city observe Monday as a holiday.

Jack Johnson, former world's champion boxer, was issued a patent on a monkey wrench at one time.

Golden Wedding Anniversary Is Celebrated By Haskell Couple

The toil-worn, but still busy hands of Mr. and Mrs. Jerry Williamson, living two and one-half miles northeast of Haskell, were grasped scores of times here Friday, Nov. 2 by relatives and friends when the aged couple celebrated their golden wedding anniversary.

Surrounded by eight of their ten living children, many grandchildren and three great-grandchildren, Mr. and Mrs. Williamson held open house at their rural home from 2 to 5 o'clock p. m. and reminisced over happenings "when the children were little" and world lived at a slower pace than that of today.

Eleven children were born to Mr. and Mrs. Williamson, and eight of the ten now living were present when the huge anniversary cake was sliced by the firm hands of Mrs. Williamson, who continues to do her part of the work on their farm.

Jason C. Williamson, of Lubbock, Texas, and Ervin Williamson, of Chicago, Illinois, were unable to be present, but Mrs. O. A. King, of Hedrick, Okla.; C. L. of Lockney, Texas; J. H. of Silvertown; Elmer, of Greenwood, Wise county; Alvis M., of Haskell; Luther J., of Ardmore, Oklahoma; C. W., of Laredo,

Officers of Present Club Will Be Retained Until After January 1

Enthusiasm was marked on the part of the members of the Haskell Service Club at the Tuesday noon luncheon at the Tonkawa Coffee Shop, when it was voted that the present civic club should again become a member of the Lions Club organization. At least 30 members were present to hear Judge D. T. Bowles, district governor of Breckenridge, explain reasons why the local club could function better under the leadership of the national body.

In dusting off the old Lions Club charter, which has only been suspended, and putting it again into use, the members of the Haskell Service Club also voted to retain until January 1 all present officers. F. M. Robertson, attorney, is president; John A. Couch, lumberman, vice president; Sam A. Roberts, publisher, secretary-treasurer; while Emory Menefee, Anton Theis and Hollis Atkinson are directors.

F. L. Daugherty, Server Leon and Courtney Hunt were named as a temporary committee on constitution and by-laws.

Among the other visitors introduced at the Tuesday meeting was L. C. Burk, teacher in the Center Point school, who extended an invitation to Haskell citizens to attend the carnival which his school is sponsoring Friday night.

In speaking of the Lions Club organization, Judge Bowles said that there are now 2708 clubs scattered throughout the United States and that in again becoming affiliated, Haskell would be placed in a much better position for service.

John A. Couch occupied the president's chair in the absence of F. M. Robertson, and urged that those present inform others of the next meeting Tuesday noon, November 13th.

Rodeo Will Be Staged Monday

A rodeo will be given at Fair Park Monday afternoon November 12th, by a number of Haskell county cowboys and stockmen. The program will begin promptly at 2 o'clock according to announcement made by Tom Jenkins and Jess Jossel, managers of the afternoon performance.

Events will consist of calf roping, bronc riding, wild cow milking and other attractions. As a special number a battle will be staged between cowboys and cow thieves using real six guns according to the announcement.

A calf roping contest will be staged between "Scalious" John, arena boss of the Cowboy Reunion at Stamford and Dude Gay of Haskell for the best average on three calves. A small admission will be charged.

SKIPWORTH GOES ON TRIAL TODAY

Man Charged With Murder of O'Brien Farmer to Face Jurors at Aspermont

On a change of venue from Haskell, Willard (Dick) Skipworth, charged jointly with other parties with the murder of Herschel Melton, O'Brien farmer, will go on trial today at Aspermont before Judge Clyde Grissom, of the 39th judicial district.

Melton's charred body was taken from the ruins of his burned home last December, and charges against Skipworth, Sam Jay and Clarence Absten quickly followed. They were indicted in January by the Haskell county Grand Jury. Vera Stillwell, a member of the "party" which preceded the fire, also faces a murder charge in connection with the slaying.

Skipworth and Absten have never been tried, but Jay was tried here in April, a mistrial resulting.

H. F. Grindstaff, district attorney; B. C. Chapman, Haskell county attorney; and T. E. Knight, Stonewall county attorney will head the prosecution, while J. C. Cox, of Sherman, will be in charge of the defense.

NO FOOTBALL GAME HERE NEXT FRIDAY

Haskell Indians Will Have Off-day; Stamford Due to Play Here November 16

No football game will be played by the Haskell Indians Friday on account of the fact that an off-day is in conformance with conference rules. The layoff will mark the first time since the football season opened that Haskell has failed to play a game.

On Friday, November 16, the Stamford Bulldogs will invade the wigwam of the Indians for "entertainment", and the encounter will be the last game of the season so far as home play is concerned for the Tribe, as both the Roscoe and Anson games will be played on foreign fields.

By virtue of Haskell's 26 to 0 win over Hamlin last Friday, the local scalpers moved ahead of Snyder in the conference standing. The Tigers were idle. Roby and Roscoe maintained their undefeated record when the former defeated Merkel 14 to 0 and the Badgers swamped the Rotan Yellow Hammers 20 to 0.

Rochester Man Assumes Charge of Local Texaco Place

C. C. Abernathy, formerly of Rochester, assumed charge of the Texaco Service Station, located at Kamp Kennedy, on November 1, and will continue to handle Texaco products.

J. P. Kennedy, who has been in charge, will again devote his time to the wholesale trade and also retain control over Kamp Kennedy.

No Change Made In Employment for Month of October

AUSTIN, Texas. — Reports from 1,691 Texas establishments covering the week ended October 13 showed practically no change in employment and payrolls from that of September, according to the University of Texas Bureau of Business Research. In comparison with the corresponding week in October, 1933, however, the number of employees increased 2 per cent and the total payrolls increased 6 per cent.

ANNUAL RED CROSS ROLL CALL DUE TO BEGIN NOVEMBER 11

Jno. A. Couch, Local Lumber Dealer, Named Chairman of Membership Drive

IS COUNTY-WIDE Other Red Cross Leaders In County Chosen; Quotas Arranged by Chairman

Campaign plans for the county-wide Roll Call for the American Red Cross have been completed and everything is in readiness for the drive for memberships in the Haskell county Chapter to begin Monday morning Nov. 12th. The time for the roll call has been designated by the national organization from November 11th to November 29th (Thanksgiving Day) but it is the intention of the local organization to raise Haskell county's quota the first two or three days of next week.

The entire county has been zoned to insure complete coverage in a personal drive by volunteer workers, according to John A. Couch, Roll Call chairman. Campaign leaders have been named in the different zones as follows: Haskell, Courtney Hunt, chairman; Rule, Jim McCoy, chairman; R. L. Vick, vice chairman; Rochester, Arnold Hudspeth, chairman; Weiner, Earnest Griffith, chairman; O'Brien, S. N. Reed, chairman; Sagerton, Dave Guinn, chairman; Matt N. Graham has been named as the leader in the rural schools of the entire county.

The following quotas have been designated for the different divisions according to J. M. Crawford, chairman of the Haskell county Chapter: Haskell, \$250; Rule, \$150; Rochester, \$75; Weiner, \$50; O'Brien, \$45; Sagerton, \$15; and rural schools of the entire county, \$290.

The local Roll Call will be made in connection with a similar campaign in more than 3,700 chapters over the nation and County Chairman J. M. Crawford points out that the quota should be easily raised in the county in spite of present conditions as the Red Cross is no stranger here. It has distributed thousands of dollars worth of food, clothing, medical supplies and services during the past few years to the citizenship of Haskell county at a time when there was no other organization to step in and help the people who were in distress. Its work must go on. "Since all its activities are made possible by individual support, I am convinced that the local citizenship will respond quickly and graciously when the membership campaign gets under way on Monday morning," Mr. Crawford said.

The city of Haskell is being divided into sections by Courtney Hunt, chairman of the work in the city and each individual and business firm is requested to co-operate with the workers when they call, to the end that the campaign may be completed within a few hours after the solicitors take the field.

Son of Houston Favors Centennial

HOUSTON, Texas.—Col. Andrew Jackson Houston, son of Sam Houston, views the central centennial celebration at Dallas as a logical gateway to the State for visitors, whom he expects to attend the celebrations in 1936 at San Antonio, Houston, Goliad, Brenham, Nacogdoches, Huntsville, Gonzales, Galveston and other cities of the State. Colonel Houston, who announced his intention of attending the central celebration during the Centennial year, points out that if it had been located in South or Southwest Texas, the influx of visitors would have come into the State along the coast line and perhaps have continued on to California and Mexico without seeing the great agricultural half of the State.

Colonel Houston, who is 82 and a resident of La Porte, near here, for ten years was clerk of the U. S. Court at Dallas and practiced law there for several years, but has been a resident of Houston and South Texas for many years. He recently suggested that the Mexican government be invited to erect a monument on the Battlefield of San Jacinto.

"Of all the countries, we most want Mexico to send visitors and exhibits to the Centennial," he declared.

DANCE AT SONS OF HERMAN HALL

There will be a dance given at the Irby Sons of Herman Hall on Saturday night, Nov. 17th. The public is cordially invited to attend.

The WOMAN'S Page

Hallowe'en Party.

Last Wednesday at three o'clock p. m. in the home of Mrs. J. M. Crawford a host of friends gathered in honor of Mrs. James Kennedy and Mrs. Ed Stocks. This was a surprise party for the honorees. Indoor games such as a style show, and an art exhibit were indulged in. Prizes were offered for the best contestants and these went to Dr. Josephine Morrison, Mrs. Otta Johnson, Mrs. Gene Smith and Mrs. Flora Brasher.

The refreshment plate carried cakes, nuts, marshmallows and mints tied in the form of the old witches' cauldron, together with a black drink. Those attending the party were:

Mesdames Ed Stocks and James Kennedy, H. Coburn, Belle Montgomery, R. I. Johnson, Connie Brasher, A. C. Boggs, Glenn Merchant, Jesse Collier, Gene Smith, Lorene Adkins, Josephine Morrison, Flora Braton, Otta Johnson, V. J. Peck, Rose Carmichael, Maud Roberts, Perdue, Robbie Pitman, Misses Ruby Kennedy and Stella Mae Coburn, and the hostess.

Contract Bridge Club.

Mrs. Bert Welsh entertained members of the Contract Bridge Club Tuesday afternoon. After the games Mrs. Welsh served coffee cake, Russian cream with a delightful drink to Mesdames E. G. Post, B. C. Chapman, W. G. Forgy, Roy Sanders, F. M. Robertson, Virgil Reynolds, Hollis Atkinson and Barton Welsh. Mrs. French Robertson won the prize for highest score.

Mrs. J. W. Brasher returned home Thursday from Lockney, Texas, where she visited Cecil Brasher and daughter Sybil. She reports a very nice trip.

The Magazine Club

The Magazine Club entertained Friday, Nov. 2, with a lovely luncheon in which the theme of the day's program, "Texas Under Six Flags" was beautifully carried out. The director and hostess, Mrs. C. V. Payne with the other hostesses, Mesdames Shahr Hassen, Wallace G. Cahill, P. M. Baldwin, and W. M. Reid and their guests, Mrs. Bert Welsh and Mrs. O. C. Murphy of Abilene, received the guests. They were ushered into the dining room beautifully decorated with flowers where the tables were arranged in six groups, each group representing one of the six governments under which Texas has served. Each table was beautifully appointed with linen and china characteristic of the country it was to represent. Tiny favors carved from wood in the shape of Texas and painted by Mrs. Ben Bagwell with original blue bonnet pictures, were at each table. In the centerpiece of flowers stood the flags of each of the six countries. The hostesses were dressed in the clothes characteristic of their countries.

After the invocation by Mrs. Hollis Atkinson a delicious three course luncheon was served. After the luncheon the club gave the Salute to the Flag and sang the state song "Texas, Our Texas."

The following program was directed by Mrs. C. V. Payne: History of the Six Flags—Mrs. Wallace Cox.

Spirit of France—Mrs. S. Hassen. Violin, "Meditation" from Thal—Mrs. Foster Davis.

Spirit of Spain—Mrs. Wallace Cox. Voice, "Estrellita," "Marchita"—Mrs. Bert Welsh.

Spirit of Mexico—Mrs. T. G. Cahill. Piano, "La Paloma"—Mrs. O. C. Murphy, Abilene, Texas.

Spirit of the Republic—Mrs. C. V. Payne. Declaration of Independence—Mrs. C. V. Payne.

Spirit of the Confederacy—Mrs. P. M. Baldwin. Medley of Old Songs—Mrs. C. L. Lewis, Mrs. Hill Oates.

Spirit of the United States—Mrs. W. M. Reid.

The New Deal by Roosevelt—Mrs. W. M. Reid. Piano, "Stars and Stripes Forever"—Mrs. O. E. Patterson.

The Star Spangled Banner—The Club.

The club was adjourned by the president, Mrs. Hollis Atkinson.

Viola Humphreys Circle.

Eleven members of the Viola Humphreys Circle met in the home of Mrs. Stovall Monday afternoon at 3 o'clock. The meeting was opened with the song, "Come Thou Fount." Mrs. Charlie Quattlebaum gave the Devotional. An interesting Royal Service program was directed by Mrs. Ed Cass. A short business session followed and the meeting closed with a prayer.

Boy babies predominate in hard times, while girls lead in times of plenty, according to Joseph, noted Vienna biologist.

When Old Timers of Confederacy Gathered

This picture is typical of the recent state convention of United Confederate Veterans and United Daughters of the Confederacy, held at Mineral Wells, Texas. In the picture are E. H. Kent, 80, left, and Col. J. M. Huff, 91, both of Corsicana. They have been inseparable companions at every reunion for the last ten years. (Times News Photo.)

Methodist Missionary Society.

On Monday November 5th, the Methodist Women's Missionary Society met in the usual monthly business meeting. With Mrs. R. C. Montgomery at the piano, "Jesus Calls Us" was sung as the opening song. This was followed with a prayer by Mrs. E. Martin. Song, "Rock That Is Higher Than I" was sung. This being near the Thanksgiving season, Mrs. Breedlove used, as her devotional, a seasonal Psalm. The president called for reports of officers. Most of these were present and gave good reports. We were especially gratified with our financial report. Both local and connectional treasurers reported the finances well in hand. Mrs. Hollis Atkinson, president of the Mary Alexander Circle, gave a glowing report of work that has been done and told of plans for their work in the future. A letter of appreciation from the Alexander family was read. This family appreciates deeply the love and honor, shown the memory of their beloved wife and mother, in the naming of this Young Woman's Circle.

Mrs. Atkinson very graciously extended an invitation to we older members, to meet with them at any time. This courtesy is appreciated very much. Mrs. Graham told of the book next to be studied by this Circle. Their next meeting will be in the home of Mrs. Henry Dobbin. At this time a Japanese program will be presented.

On next Monday at the church, Mrs. John Wilson will direct a program on "Our Rural Population." Mrs. R. C. Montgomery offered the prayer of dismissal.

Jossett H. D. Club to Meet November 13th.

Members of the Jossett Home Demonstration Club will meet Tuesday Nov. 13th in the home of Mrs. G. L. Walker to hear pantry and wardrobe demonstrators tell the story of work accomplished this year.

Members who can not be present should send in a list of the number of cans of food conserved so that a complete list may be given to the secretary.

Hallowe'en Party For Christian Endeavor.

Never has the Christian Endeavor of the First Presbyterian Church had such a spooky Hallowe'en party as this one. The early evening of Wednesday October 31, finds the home of Mr. and Mrs. Tubbs inhabited by thirty or more ghostly like objects. After many minutes were spent in guessing the odd looking faces, each disrobed and dawned with his familiar appearance. Many interesting games and stunts were performed in a ghostly air and mood. Thrills and spills were experienced by everyone, even from the very beginning. Probably one thing that even gave some heart throbs, was the spook-house. Each explorer seemed to become silent and melancholy when he encountered the death chamber. Everybody gazed astoundedly at the "Cohoman" skeleton in the tomb; as it appeared different from anything that had been seen before. After the frightful adventure each was served: Witches brew, goblin hash, and witches salad. Everyone expressed themselves as having had a very enjoyable evening, and departed.

A Hallowe'en Party.

As the night of Hallowe'en drew to a close, about forty tall ghosts, little ghosts, lean ghosts and fat ghosts strode to the residence of Dr. Josephine Morrison. There in her yard under the tall sycamore trees we found a well planned party waiting our evening of adventures. As we entered on this forest-like lawn, we were met by the twin ghosts, Hettie and Bettie (Misses Blanche and Lois Davis) who took a fee and then escorted you to the Queen of Hallowe'en (Mrs. Otta Johnson). After shaking hands with this mystic creature, we were conducted to the Old Witches tent where weird noises were heard and a dreaded future predicted with long life told by the guidance of palmistry, read by Miss Ruby Kennedy, whose costume was complete in every detail.

We were then seated in a semi-circle around the camp-fire where the Witches' Cauldron steamed, smoked and stewed. Jack-o-lanterns, black cats, and skeletons were dotted here and there which gave enchantment to one's feelings. Three ghost stories were ably told by the hostess and her assistants. We were asked to unmask, whereupon Mrs. Donnie Campbell won the prize for the best made-up costume.

By request from the Old Witch we followed her to the barn of Mrs. Tubbs where we walked through-up and down, over and under, being seized by goblins and spooks. On our return to the camp we were served with Hallowe'en eats such as marshmallows, candy and apples. The ghost list follows: Stella Mae Coburn, Kate Darnell, Eunice Redwine, Elsie Bradley, Donnie Campbell, Lillian Lytle, Dr. Gertrude Robinson, Mrs. Frank Williams, Mr. and Mrs. Otta Johnson, Mrs. K. E. Sherman, Frances Walling, Geneva and Foster L. Thornberry, Mr. and Mrs. James Kennedy, Mrs. W. V. Felker, Reba Anderson, Linnie Reynolds, Ruby Kennedy, Beatrice Barton, Ouida Holmesly, Evadell Squyres, Grace Cearley, Alice and Velma Frierson, Mrs. J. M. Crawford, Betty Ann Hancock, Betty Jo Clanton, Faye Cooper, Ola Frazier, Ethel Lou Clanton, Ollie and Marcille Frazier and hostess.

Mr. and Mrs. Paul Erierson and daughter Pauline, Mr. and Mrs. Felix Frierson and Mrs. A. A. Frierson and family attended the funeral of Mrs. Joe Pate of Albany, Saturday, Nov. 3.

Mr. and Mrs. Pat O'Hara were in Dallas last week having their baby treated in a sanitarium there.

Hallowe'en Party For Douglas Ray Taylor.

Mrs. Fritz Taylor acted as hostess for a number of little folks on Wednesday night previous to Hallowe'en honoring her son, Douglas Ray with all details of the party featuring Hallowe'en. Games suitable for the occasion were enjoyed, after which the guests were invited to the back yard where weiners were roasted, marshmallows and candy hot dogs and rolls were enjoyed by the following:

Wallace Cox, Claude Menefee, Jr., Charles Tucker, Riley James Pace, Eloise Koonce, Jean Menefee, Billie Kemp, John Wayne Koonce, Mary Beth Menefee, Giles Marion Kemp, Jackie Thornton, Janice Pace, Wilton Carter.

Entertain Husbands.

Members of the Ruth Bible Class entertained their husbands with a "42" party Thursday night Nov. 1 in the home of Mr. and Mrs. V. A. Brown, where nine tables were arranged for the games. At the conclusion of a number of games, a delicious refreshment plate was passed to the following:

Messrs. and Mesdames J. A. Gilstrap, Vick Kuenstler, Rufus Banks, Leon Pearsey, Bill Woodson, Floyd Self, Mack Perdue, Wallace Ruff, Jesse Josselet, Walter Rogers, Artist Howard, Hope Haynes, Carl Powers, Bon Adkins, D. A. Jones, Trav Everett, V. A. Brown and Roy Cook.

Rose H. D. Club.

Rose H. D. Club had a call meeting at the school house Monday Nov. 5 to elect officers for the coming year, and made the following selection:

Mrs. Frank Patterson, president. Mrs. W. J. Kendrick, vice president.

Mrs. V. J. Henry, secretary. Mrs. E. L. Stodghill, assistant secretary.

The new president then appointed Mrs. W. J. Kendrick, council member; Mrs. E. L. Stodghill, reporter; and Mrs. Claude Gordon, parliamentarian.

Our past secretary won first on secretary's record book in the county his year, and the president for the last two years has never missed a meeting.

High School Honor Roll

Seniors: two juniors, four sophomores and seven freshmen placed on the honor roll for the six weeks of the term, Geo. Wheeler, principal, announced. The students making an average of 90 or above were: Seniors: Wheeler, Ava Grindstaff, Alberta Orr, Lois Davis, Juniors: Davis, Mattie Pistole, Ruth Wodson, Geraldine Gholson, Janice Perdue, Ruby Sue Perdue, Pogue, Martelle Clifton, Ratliff, Marvena Post, Fouts, Naomi Barnett.

A total enrollment of about 17 of them made an average of 90 or above, 131 of them made an average of 80 to 90, 131 of them made an average of only 21 made an average of 70.

Hammer It Out!

Have you ever seen a youngster hit his own carelessness with a hammer, then slam it down and kick it into the air, leaving him with the indignity of a smashed toe? I remember when I used to see that.

Do you realize that we still do? We are the children: the school and teachers are the hammers. They

are always within our easy grasp to do our bidding and to help us to drive the nails of knowledge and understanding into our lives. Yet, when we, through no one's fault but our own, divert the hammer from its intended course and "flunk" or make low grades we say that the teacher doesn't like us, the school is no good, and generally abuse the entire school system. Is that nice? Don't you realize that if a teacher should pass us when we do not deserve it she would do us harm?

Every time we fail to make our grades we increase the taxes just so much because it costs the state extra every year we remain in school. So let's all try to accomplish more with our golden hammer of chance, and if at first we miss our goal, then drive with more firmness and earnestness the next time.—Think it over!

To Our Public Officials

The fourth year history class of Haskell High School takes this means of thanking each of the county officials for their hearty cooperation in assisting us in our course of study of county government. Individuals interviewed are: Mr. Mullino, B. C. Chapman, Bud Rike, Matt Graham, Mrs. Lois Post, Chas. M. Conner, John Rike, Byron Wright, Ed Fouts, H. F. Grindstaff, M. B. Watson, W. T. Sarrels, Johnnie Reed, R. H. Maxwell.

The object of the interviews which probably took up your valuable time, but which you gave so willingly to members of this class, was to find out just how our county government is run, in accordance with the course of study prescribed in our text book. For the information and advice you gave us, and for the courtesy shown us, concerning that object, we are indeed grateful.

Some of the questions which we

asked in our interviews probably seemed very personal and impertinent. If this was the case we assure you that such was not intended.

Again we wish to thank you for the help that was given us, and for the kind and considerate way in which you gave it.

The students of the History IV class wish to thank the city officials of Haskell for the kind attention and helpful information they gave us during our interviews with them on city government.

We are grateful to: Joe Brooks, Rufus Banks, A. C. Purson, Hill Oates, Gene Tenn, J. T. Byrum, J. L. Tubbs, A. F. Thurman, Ray Eastland, Roy Killingsworth, H. J. Hambleton, C. B. Breedlove, C. C. Maples, Miss Madeline Hunt, and Mrs. Irene Ballard.

We hope that none of our questions seemed too personal, because these interviews are our only means of arriving at our goal—to know the workings of our city government, and the qualifications, duties, and salaries of the different officials. That we gain this information is important for we are the future citizens of Haskell, and the majority of us are now trying to decide what line of work we shall follow along life's way. Who knows but that we may "choose to run" for one of these offices?

Again we sincerely thank you for your help.

Armistice

The most stupendous war in all history came to an end with the signing of an armistice between Germany, the Allied Powers, and the United States on November 11, 1918. How that war's end was greeted with happiness and thanksgiving throughout the entire world we all know.

No longer did the world face endless destruction; no longer would the world's choicest men be mercilessly slaughtered; no longer need the ones "back home" sacrifice their pleasures to an unworthy cause. Peace fell on the world—peace on the battlefield and peace in the hearts of people. Was it not reason enough for rejoicing?

The world was thankful for these "glad tidings of great joy . . . unto all people." Are we less thankful today for that hard won peace? We think not. We still cherish the great dream of peace—of the supreme ideal of peace, and are no less thankful now than then. We need an understanding and sympathy for all mankind. We want all to be one brotherhood. Though we may think it noble to die for one's country, we think it is far greater to live for that country.

So may we ever have an armistice in our hearts and may we attain the ideal of peace—the ideal of peace in all nations.

Taste and Baste Club

The Taste and Baste Club met for a business meeting October 29, 1934. The club voted to affiliate with the state and national Home Economic clubs. In order to become an affiliated club we must have regular meetings and programs made out for the year and sent to the district club president. The club also voted to change the name from Good Luck Pals to "Taste and Baste."

On Gridiron and Bleachers

Sis-boom-bah
 Haskell Indians.
 Rah! Rah! Rah!

I'll say we'll give a rah! rah! for the Indians after that game Friday night. They did their part but did you hear that Pep Squad? They yelled their part. Did you notice their field stunt? It was the best of the season, so you will probably see a better one next game. As there is no game Friday night the whole Pep Squad will be twice as "peppy" at the next game. Listen for us—will you be there?

For the last two games the Pep Squad has been aided by a few Freshmen boys. Come on, boys, we could use a few more.

Stamford attends our games pretty strong.

Wonder if they fear the worst is yet to come?

Haskell is proud of her fighting team and wonderful field so let's all be there at the ball park Friday week pulling with Our Boys when they play Stamford.

Did anyone see that "Star Freshman Halfback" lead the field for 20 yards and then that Sophomore who returned the punt in the last half for a touchdown from 90 yards where he began to get in high gear? Maybe the fans missed seeing girls at the gate selling programs, and maybe they missed having a program, too. The Gypsy Ramblers don't intend that it shall happen again (unavoidable this time), for every little bit helps to build the fund that will provide a much-needed girls' coat room.

Jane says that when she goes to a game she "just hollers her gums out." We think she may mean out.

TEXAS HISTORY IN THE MAKING

No. 7—Gonzales, the "Lexington" of Texas

—Think—Talk—Write—Texas Centennial in 1936 In 1831 Mexican authorities at San Antonio gave colonists at Gonzales, Texas, a cannon for protection of the settlement against Indians. Four years later, when relations between Texans and Mexicans became strained, authorities demanded that the "loaned" cannon be returned. Their demand refused, 150 Mexican dragoons came to take it by force. The first battle of the Texas Revolution resulted on October 2, 1835, and the upper left picture shows the little monument erected by Gonzales school children in 1903 on the exact spot of this battle. The Mexicans were put to flight. The cannon's whereabouts are unknown, but below is an accurate reproduction. Beside it is the flag displayed by irate Texans at the battle—the first Texas flag. Upper right is the Texas Heroes Monument erected by the State in 1910 on spacious Gonzales Plaza. (Texas News Photo.)

Rochester

Last Monday afternoon the Woman's Missionary Society of the Methodist church enjoyed a pleasant social at the home of Mrs. R. A. Shaver. A number of laughable games and contests were enjoyed. Sandwiches and cocoa were served to twenty-five ladies. Mr. Homer Anderson and family moved to Rule last week. Mr. Moody Bragg and family of Eldorado, Kansas, were the house guests of his brother, W. J. Bragg and family last week. Moody was raised here and has many friends here who enjoyed seeing him. Mrs. Vestus Alvis, a delegate to Grand Chapter, O. E. S., returned home last week. She enjoyed the meeting a lot. Mrs. Belton Bagwell and three sons, Belton Jr., James and Bobby left last Saturday for Hampshire, Tenn., to visit relatives, some of whom she hasn't seen for thirty-three years. Mr. and Mrs. Shab Farrar and little daughters of Plainview, Texas visited relatives here last week. Mr. S. W. Hutchens and family were Monday visitors Saturday. Paul Field, of Abilene visited his mother last Friday. Miss Nina Strickland of Knox City was the house guest of her uncle and family, Mr. and Mrs. R. L. Strickland last week, returning home Monday of this week. Mrs. W. H. Carothers is recovering rapidly from an operation she underwent at Abilene hospital two weeks ago. Mr. Frank Reddell leased the Rochester Theatre last week from Ponsus Greenwade and will in the future have charge of the moving picture business in Rochester.

HUSBAND LEFT AFTER POOR LUCK AT CARDS

SEATTLE, Wash.—Her husband became so mad over his continual poor showing at cards that in a fit of temper he threw down his "hand," stormed out of the house and didn't come back for two years. Mrs. William H. Lawrence testified in winning a divorce in Superior Judge Chester Batchelor's court recently.

Four of the 17 foreign students who were in the University of Oklahoma last year were from Persia.

Economy In Using Better Materials

The necessity of the use of quality materials in the Better Housing Program of the Federal Housing Administration is stressed by William W. Woodbridge, manager of the red cedar shingle industry. Outwearing other materials, those of indisputable quality are always more economical in the end, according to Mr. Woodbridge. Once applied, good materials often remain in excellent condition for decades. On the other hand repairs and replacements of poor materials are often necessary within a few years. Especially are high-grade materials needed in those sections of the country where intense weather conditions exist, whether in the form of high winds, extreme heat or cold, or disastrous hail or sand storms. Against such menaces, the pitting of poor materials is folly, Mr. Woodbridge indicated. In commending the work of the Federal Housing Administration Mr. Woodbridge anticipated a renewed volume of business for the shingle industry and greater prosperity for the nation as a whole. "The thousands of men engaged in the manufacture of shingles in the two farthestmost states of the Union, Washington and Oregon," he said, "look forward with renewed hope to the demand for their products that must of necessity be created by the new National Housing Act, and eagerly await the flow of orders that must result as soon as this new activity of the Government commences to show results."

USE OF LINEOLEUM NOT LIMITED TO FLOORING

Lineoleum, now procurable in many different colors, patterns and effects, is no longer limited to floors. The ingenious housewife will discover that odd pieces of plain or patterned lineoleum make attractive and practical covers for cabinet, closet and other shelves; kitchen, breakfast room or game tables, trays, etc.

Scraps left over from a flooring job may be cemented onto the desired surface. Small pieces may be obtained from a local dealer for the purpose.

COURTNEY HUNT

Notes from the Midway H. D. Club.

On November 2nd the Midway H. D. Club met with the New Cook club in the home of Mrs. Baugh. Fifteen ladies attended and after a pleasant social hour the hostess served delicious refreshments of sandwiches, hot chocolate and cookies.

The "sock party" sponsored by Mrs. Verdie Oates and Mrs. Charlie Childress Monday afternoon Nov. 6 was a decided success. Lots of fun, a little nonsense now and then is relished by the wisest men (ladies).

Before refreshments were served the little socks were collected and emptied of their pennies. We had put in twice the number of pennies as the size of our hose, and the sum amounted to enough to canvass and paper our club house.

Doughnuts and hot chocolate were served to: Visitors, Mesdames Sam Scott, D. J. Burson, J. L. Wright, T. A. Laird, W. A. Britte, C. B. Ramsey and Miss Norma Laird; members, Mesdames C. L. Burson, J. S. Hays, H. Harris, C. N. Oates, T. J. Baker, R. C. Ware, R. L. Dicky, L. N. Lusk, H. B. Jenkins, V. X. Norman, A. D. Lott, J. C. Holt, Paul Frierson, Jesse B. Smith.

Quite a number who could not be present returned the sock filled out with pennies.

Through the efforts of Mrs. Oates a large triple-coated enamel stew pan was added to the kitchen department.

HELPS WHOLE FAMILY

Attention, MOTHERS, to what every doctor knows to be a fact, and what they say to avoid

If you have children who are occasionally constipated, you should know this.

If you are "not yourself" because of a constipated condition, don't blame it on your blood condition, or your age, but first try this treatment that safely relieves sluggishness in children or adults.

The Proper Treatment You can't safely relieve the bowels with any medicine if you can't regulate the dose. To regulate dosage, you should have a liquid laxative. When necessary to repeat, you can gradually reduce the dose. And that is the secret of safe relief from a sluggish, constipated condition at any age.

A liquid laxative can be measured. Its action can be thus controlled. If properly made, of such natural ingredients as senna and cascara, it forms no habit—even in the youngest child. And such a laxative will help the bowels to help themselves.

Dr. Caldwell's Syrup Pepsin is an approved liquid laxative containing

BE CAREFUL

If any laxative is dip (makes you thirsty).

If it affects your appetite.

If you need more today (the first time you took it).

If it drains the system (too watery a movement).

If a bad "burning" is felt.

If there is severe griping.

herbs, active senna, and cascara is the one widely used and can always obtain it at any store. Why not make the "test" which has attracted so much attention of late? It helps everyone who tries it. It may you feel better overnight. The dose will like it, too; Syrup Pepsin has a delightful taste. If you will risk sixty cents to cover the cost, please send for Dr. Caldwell's Syrup Pepsin. Follow these directions and you will be for your household.

Pied Pipers From Hamlin Are Piped

The Hamlin Pied Pipers were ...
 piped here Friday night, instead ...
 of doing the piping, when they were ...
 administered a 26-0 beating by the ...
 Haskell Indians.

From the time the first whistle ...
 blew, Haskell showed a marked su- ...
 periority in the various branches of ...
 play, although Hamlin exhibited ...
 some of the hardest tackling that ...
 has been seen on the local field this ...
 season.

Haskell position in the confere- ...
 standing was only changed a slight ...
 bit. Roby and Roscoe are still tied ...
 for the top with no defeats. Has- ...
 kell advanced over Snyder.

Haskell's score in the second quar- ...
 ter when Adkins started around ...
 left end, shifted to right and cross- ...
 ed over. John Kimbrough's kick ...
 was no good.

The Indians made their other ...
 three touchdowns in the second half. ...
 Turner of Hamlin had punted, but ...
 the ball went out of bounds on his ...
 own 20 yard line. Again in play ...
 the ball was given to Adkins, who ...
 fumbled, but Shelley recovered. ...
 Jack Kimbrough then shot around ...
 left end for touchdown. Kick by ...
 John Kimbrough good. After ball ...
 had been intercepted by Jack Kim- ...
 brough and Tidwell had made gain. ...
 Adkins streaked over for touch- ...
 down. John Kimbrough's kick fail- ...
 ed. With only a few minutes left ...
 to play, John Kimbrough picked up ...
 McCoy's long punt on Haskell's 15 ...
 yard line and, helped by good inter- ...
 ference, he ran through field for ...
 touchdown. Jack Kimbrough pass- ...
 ed to Starr for extra point.

After the game had been iced, ...
 Coach Bill Richey sent in several ...
 second string men and without ex- ...
 ception every man showed well. ...
 Tidwell's play, especially, electrified ...
 the crowd.

Maples fought viciously and help- ...
 ed Haskell's cause no little when he ...
 recovered two of Hamlin's fumbles.

Watts and J. McCoy played out- ...
 standing ball for Hamlin.

YOUR HEALTH

By John W. Brown, M. D.
 State Health Officer

AUSTIN, Texas.—Speaking of the ...
 precautions that should be taken in ...
 households, during and at the close ...
 of an illness from any of the ...
 "catching" diseases, which are pre- ...
 valent at all seasons, Dr. John W. ...
 Brown, State Health Officer, said ...
 recently: "Any plan for the preven- ...
 tion or control of this sort, depends ...
 upon the intelligent cooperation of ...
 individuals and communities with ...
 the medical profession and the ...
 health authorities for its success.

"Those who are in charge of per- ...
 sons suffering from influenza, pneu- ...
 monia, tuberculosis, scarlet fever, ...
 measles, infantile paralysis or any ...
 other of the diseases spread by dis- ...
 charges from the nose or throat, are ...
 warned that these discharges are ...
 sources of great danger, and are urg- ...
 ed to have the patient use paper ...
 handkerchiefs or soft cheesecloth, ...
 that can be disinfected or burned or ...
 otherwise safely disposed of.

"The sterilization of dishes and ...
 utensils used in the sick room, by ...
 boiling after each use of them, and ...
 of the patient's clothing, sheets, ...
 towels, and pillow cases, are equally ...
 necessary. Then at the close of the ...
 illness, a thorough cleaning of the ...
 room, bedding, and personal be- ...
 longings of the patient, scrubbing ...
 the floors and woodwork, and open- ...
 ing the place to the fresh air and ...
 sunlight, are urged as a final pre- ...
 cautionary measure.

"Fortunately, the best disinfect- ...
 ants yet discovered are within the ...
 reach of everybody. They are plen- ...
 ty of hot water and soap, fresh air ...
 and sunshine."

THE RED CROSS ROLL CALL

The annual Roll Call of the American Red Cross which will be made between November 11th, and November 29th (Armistice to Thanksgiving Day) should meet with the hearty response of every loyal Haskell county citizen. Every man, and every woman, in Haskell county will be given an opportunity to become a member of the Red Cross during the coming week and if necessary a sacrifice should be made by the individual to do his part when he is approached by the volunteer workers.

In the past five years of economic depression and partial recovery the Red Cross has given direct relief to one out of every five persons in the United States. The percentage in Haskell county that has received such aid will probably be as large as the rest of the country. Several thousands of dollars have been expended in Haskell county by the national organization, in addition to the large sums that have been collected and expended by the Haskell County Chapter.

In the coming Roll Call campaign, fifty cents of each one dollar membership will remain in the local treasury. On contributions of \$5.00, four dollars and fifty cents will remain here. In other words regardless of the size of your contribution over and above one dollar, only fifty cents of your money will be sent to the parent organization—the balance of your money will remain in Haskell county to be used for the relief of your neighbors and friends. Therefore make your contributions as large as possible.

THE VALUE OF NEWSPAPERS

The American newspaper was never so important nor so interesting to the average person as it is today, and it is being given a more thorough reading than ever before.

When the people become tax conscious they turn to the newspapers.

When they want to know just what the national political situation is they turn to the newspapers.

When they want to watch the turn in the tide of the stock market or the rise and fall in the price of eggs, they turn to the newspapers.

When they want to be economical in household expenses they turn to the advertising columns of the newspapers.

When they want to be truly informed on the actual fluctuations in the price of anything that they may have occasion to buy they turn to the newspapers.

When they have an urge to satisfy their craving as to the truth of falsity of a certain piece of gossip, however large or small in importance, they turn to the newspapers for the truth.

When they want to know who came into the world today, who got married, who came to the old town to live and who died they turn to the newspapers.

When they want to know what is going on in the great world outside, socially, politically, or in the general run of news, they turn to the newspapers.

When they want their fill of social news, sport news, features, funnies, continued stories, or what not, they turn to the newspapers.

When they want the latest on fashions, art, the theater, music and other cultural subjects, they turn to the newspapers.

When they want honest expression on the controversial subjects of the hour and a chance to give expression themselves to their own ideas, they turn to the newspapers.

The people use the newspapers for their own information directly, and provide much of the material that goes into them indirectly through their own private and public lives.

There is no advertising medium that is so close to the people in an intimate, social way as the newspaper. It is the only advertising medium that is paid for and welcomed into the home.

Why waste your money on useless and non-productive advertising?

DRASTIC PRICE CUT ON GENUINE BAYER ASPIRIN!

POCKET TINS OF 12 NOW **15c** PAY NO MORE

ON SALE AT NEW LOW PRICES AT ALL DRUG STORES

NOW—Pay Less and Get Real BAYER Aspirin!

If you're one of the people who has been denying yourself the speedy action and quick relief of BAYER ASPIRIN, in order to save a few cents, here's Good News for you: We've reduced the prices on all sizes of Genuine Bayer Aspirin to a point that makes it unnecessary to ever again accept an unknown brand in place of the real BAYER article.

Now—you can enjoy its benefits without thought of price.

Only 15c Now for 12
25c For Two Full Dozen

Remember this next time you go to buy aspirin. You now actually pay less and get Genuine Bayer Aspirin. So never ask for it by the name "aspirin" alone; but always say "BAYER ASPIRIN" when you buy and see that you get it.

People by the millions, as you know, have long been willing to pay a higher price in order to enjoy Bayer's remarkably fast action in relieving headaches; neuralgia, and pains of rheumatism or neuritis.

ALWAYS SAY "BAYER ASPIRIN" NOW WHEN YOU BUY

We attended the "pop" rally the Haskell High School students held last Friday before the Hamlin game, and were there only a few moments before we caught the spirit of the occasion—and wanted to kick a few footballs, too! You would have gritted your teeth and wanted to plunge head-first, or any old "first", after hearing Geo. Wimbish and those girls bear down. Whether we're invited or not, we're going to do our best to be present again just before the Stamford hostilities, and if you hear any strange yells, you can bank on it that our old and cracked lungs are emitting a few squeaks.

We sincerely hope, for your good, the team's good and for the good of the financial factor, that you and your friends are present at the game next Friday night. Despite the fact that Haskell appears to have the better team, the Stamford lads will put up a hard fight will show plenty of intestinal fortitude. They always do against Haskell. You'll get your money's worth with interest!

Maybe the reason some people talk so much after they get into a picture show is because they think the word "talkies" means the customer is to qualify instead of the sound-track. However that is the only way some people have in order to be noticed.

One ambition we entertained, which we see still attracts boys, is the climbing of telephone poles with hooks. . . . Still another: We wonder if boys still haul the grounds where a show has been thinking they might be lucky enough to find some money which the ticket-seller had dropped while making change?

Some people pronounce Claiborne Payne's name as if it were "Claburne". . . . When's news, news? One young Haskell miss turned page after page (all eight of 'em) of the Free Press last week, looked surprised, then again went through the paper. After the second look, she disgustedly remarked that "there wasn't a thing in the paper about 'Pretty Boy Floyd'." Now we ask you: . . . Clay Smith, Tracy Post, Theron Lamm and Rains Banks were playing with a football the other day right in the "financial row" again. How "them boys" could pass and match? . . . Only five persons bearing the name of "Diggs" are related to J. M. Diggs, Haskell's postmaster, so he says. We don't have many rich relatives, either! Ben Bagwell, who has been seriously ill from pneumonia, is now in much better health. Ben's too good a humor to be sick very long.

"What'll you take for the picture in your window, Guy?" we heard one town character ask Guy Mays Wednesday. . . . Did you know that a picture of the Haskell Indians, our football representatives, was printed in two daily papers and is perhaps the only Class B team in this section being so honored. As far as we know, anyway. Pretty fair, when you consider that we are already out of the running for the conference title!

Wholesome Food Children's Need

DENTON, Texas.—Every mother knows that her child should eat wholesome food and with the host of excellent books, bulletins and magazines and articles now available on what foods are necessary and wholesome for children, such information may be easily obtained by any mother desiring it. But every mother even though she may have this knowledge can not get her child to eat the foods he should. This problem involves the whole matter of child psychology and habit formation. How should one proceed? Put into the form of definite rules for parents, the program of training may be given as follows:

1. Begin training early. The infant has no established likes or dislikes. Even the taste of children 3-4 years of age may be modified without difficulty. Begin early, therefore, to cultivate a taste for food which are most important for a child to like, so that he naturally and gradually gains a definite "food vocabulary."
2. Let the parent set the right example if they would develop proper habits and likes in their children. It is necessary to provide the child with good imitative patterns for he is most surely going to imitate those around him.

3. Make it an inflexible rule never to talk dislikes in the presence of children. The safest method is to talk as little as possible about foods, but to assume that everyone likes and eats all food served. If any talking must be done let it be of likes rather than dislikes.

4. See that a child's mental attitude is right when giving him a new food. Never tell a child that a food is good when it is not. To offer a good food with the expectation that it will be liked produces better results than if it is regarded as a luxury and given in small amounts at first. The child must never see by the tone of its mother's voice that she has any doubt of his liking the food which she gives him. Be sure that the food that you give a child is really good if you expect him to like it. Many children dislike milk because they have been given milk that is turned or has absorbed the flavors of the ice box. Some of the prejudices of vegetables are due to poor cooking or over seasoning.

PRISON WORK AND PLAY

(Dallas Morning News)

Down at Huntsville Sunday, the Texas prison system concluded its fall rodeo season—four performances in which volunteer riders relieve the monotony of their prison life by an exhibition of skill and daring unexcelled on the free plains or in the professional arena. The colorful show within the walls, entertainment both for its participants and the "line" in prison white, is part of a year 'round program in which the humane Texas system seeks to make life more livable for men paying their debt to society. This is the reward of co-operation in the far more serious work of rehabilitation, useful labor for the State. The Texas prison system is the only one in the country in which every inmate who is physically fit puts in a full day's work.

At the September meeting of the American Prison Association, observers for the Howard Society gave Texas high praise for that fact. General Manager Lee Simmons notes that for two-thirds of the year, Texas convicts work voluntarily overtime. Extra credit on the prison sentence is their overtime pay and they are eager to get it. Texas keeps its convicted men busy on the many State farms, in the packing and canning plant, at shoe-making, prison printing, and in the manufacture of automobile license plates; its few women convicts make clothing.

The system has its defects; it lacks model prison dormitories or complete equipment and can offer no segregated care in its jurisdiction for the criminal insane. Its problems with the confirmed recidivist and incurable bad man are those of every prison. Escapes, while materially reduced, are still occasional. But hard work, rigid sanitation and plain human treatment make prison discipline a far less serious problem in the Simmons controlled system than elsewhere.

The difficulty is that in most States, the logical employment has not been found for prisoners. In Texas, as elsewhere, free industry is blind to the fact that for the State to manufacture its own necessary products with prison labor at low tax costs for its own use is not competition in private markets. Texas has gone far with its prison system in agricultural production and has made some progress against the ancient prejudice in industry. Other States could learn a lesson here.

dren. It is necessary to provide the child with good imitative patterns for he is most surely going to imitate those around him.

3. Make it an inflexible rule never to talk dislikes in the presence of children. The safest method is to talk as little as possible about foods, but to assume that everyone likes and eats all food served. If any talking must be done let it be of likes rather than dislikes.

4. See that a child's mental attitude is right when giving him a new food. Never tell a child that a food is good when it is not. To offer a good food with the expectation that it will be liked produces better results than if it is regarded as a luxury and given in small amounts at first. The child must never see by the tone of its mother's voice that she has any doubt of his liking the food which she gives him. Be sure that the food that you give a child is really good if you expect him to like it. Many children dislike milk because they have been given milk that is turned or has absorbed the flavors of the ice box. Some of the prejudices of vegetables are due to poor cooking or over seasoning.

5. Keep the diet simple, limiting all highly flavored foods, especially sweets. Send him to the yard and let him get hungry, then feed him three simple meals and see if he does not respond to plain foods.

6. Use authority if necessary. It is better if a real liking of foods can be developed by the previous methods. If this cannot be accomplished, the mother should see that the child's normal growth and development depends on his having the foods which his body needs. Most certainly it is the mother's duty to provide these whether the child likes them or no.

Mothers Have Found Way To Keep Family's Colds Under Better Control

Millions of mothers are helping their families to greater freedom from colds—fewer colds, shorter colds, milder colds—by following Vicks Plan for Better Control of Colds. The helpfulness of Vicks Plan in reducing the number, duration and dangers of colds has been proved in thousands of clinical tests supervised by practicing physicians—as well as in every day use in millions of homes. The Plan provides proper care—and proper medication—for different types and stages of colds. To Help Avoid Many Colds—At the first signs of nasal irritation, apply the unique aid in preventing colds—Vicks VapoRub. Just a few drops up

each nostril. Timely use of VapoRub helps to prevent many colds—and to throw off colds in their early stages. (VapoRub now comes in two generous sizes, 30c and 50c.) To End a Cold Sooner—If a cold has already developed, apply Vicks VapoRub on throat and chest. It fights a cold direct—two ways at once. The combined effect of VapoRub's double direct action—by stimulation and inhalation—loosens phlegm—soothes irritated membranes—eases difficult breathing—helps break congestion, sore throat and whooping cough. No "dosing" and no "sneezing." Full details and proof of the effectiveness of Vicks Plan come in each Vicks package.

You Need Refrigeration Every Day of the Year

There are only a few days each year that the temperature is low enough for the proper refrigeration of foods. Although foods may not spoil during cold Fall weather, the temperature is not low enough to prevent the growth of bacteria, the real danger of poor refrigeration.

The electrical refrigerator's economy and dependability of operation has been proven. The saving on foods alone makes the investment of your money amply repay you.

To protect your family's health, proper refrigeration is a necessity every day of the year. The cost is no greater than obsolete methods of refrigeration.

Low incentive rates make it possible for you to secure the maximum of benefit at the minimum of expense. Buy safe—buy dependable electrical refrigeration.

A Peep At the Freshmen
The Freshmen class leads the high school with students on the honor roll. We're proud of those who upheld this record.
We want to give Edwin Cass and Bidge Meadors a little extra publicity because they think the freshmen class is getting slighted on this Warhoop deal.
The Freshmen class had a meeting last week to decide where, when, and how much they would be entertained this week. The president, Henry Stanton, appointed a committee to work out the details.

Did You Know?

Dramatic Club Has Chapel Program
Well, after several weeks of hard work Mrs. Kaigler has read our parts to us so many times that we knew them by heart, and we were able to put on the program last Wednesday. We were assisted in the one-act play, "The Alice Blue Gown" by Josephine Parish who is famous for her stage appearance in Haskell, although she is still in the grades. Others in the cast were: Janice Tate, Beverly Gilbert, Helen Ballard, Ruth Josselt, Mary Lena Tull, Geraldine Hunt and Francis Kaigler of North Ward school. A piano solo by Annabel Stanton and readings by Beverly Gilbert, Janice Tate, Lyndal Anderson, John Guest and Labry Ballard. Some new material arrived last Monday, "On Vengeance's Height" and "One Sweetheart for Two." We really expect to do some good work this year.

Howard
Mrs. Frank Underwood, who was carried to the Stamford Sanitarium last Saturday was able to return home Monday morning. We hope for her a complete recovery soon.
Mr. and Mrs. Paris Trimmer had as guests the past week the former's parents, brother and sisters, Mr. and Mrs. Trimmer and children and Mrs. McKinney and children, all of Ardmore, Okla.
Miss Imogene DeHay, primary teacher, spent the week end with home folks in Brownwood, Texas.
Mr. and Mrs. Estelle Gilliland and son Jackie were in Dallas on business over the week end.
Mrs. William Thane who has been in the Stamford Sanitarium for the past week was brought to the home of her parents, Mr. and Mrs. Jack Medford Sunday morning and carried from there to her home in Old Glory Sunday afternoon.
Several of the men in the community met at the Baptist Church last Thursday morning and repaired the seats and put in several new window panes. They also did some other odd jobs that had been "put off" for quite a while. The church house is in fairly good condition for the winter months now.
Friday night, Nov. 9, is the night for the "Surprise" (box, pie or sock) Supper at the Howard school house. Come and bring either of the above mentioned that you wish to. There will be a short program given by members of the Howard Dramatic Club.
Mrs. H. E. Stevens of Rockdale visited friends in the community last Friday afternoon.
Mrs. Norman Naunty of Post visited at the Howard school last Thursday afternoon.
The Howard Haskell Ball teams went to Midway last Tuesday night for games. The scores were in favor of Midway for both boys and girls.
Mr. Jim Cox who has been real sick is much better at this writing.
The Good English Club, consisting of the 6th and 7th grades, was entertained with a Halloween party Wednesday afternoon in the teacherage by their teacher, Mrs. Penn. Various Halloween games and contests were played. Prize winners were Doyle Davis and Edwin Trimmer. Refreshments of hot chocolate, cookies and candy were served.
Next Sunday is Baptist preaching day. Everyone come.
Mr. and Mrs. Bud McCrary of Albany visited the former's parents, Mr. and Mrs. M. D. McCrary last week.

Curry Chapel
Sunday School and preaching services were well attended here Sunday and Sunday night.
Many around here are having bad colds, with a few cases of "flu."
Mrs. Kregler is still on the sick list.
We are glad to report Mrs. John L. Grindstaff is home from the Knox City Sanitarium where she underwent an operation.
Mr. Morris Hill is visiting in Wichita Falls this week.
Mr. and Mrs. Earnest Marion are on a trip to Quanah.
Mr. and Mrs. Tom Lowery and family and Mr. and Mrs. Pryor are visiting friends and relatives in East Texas.
Mr. and Mrs. Snowden are moving to the plains.
Mr. and Mrs. Jack Terrell and children of near Weinert were visitors in our community Sunday.
Quite a few from Josselt community attended church here Sunday night. We were glad to have them, and invite them to come often.
The entertainment in the home of Mr. and Mrs. Frank Oman on Halloween night was well attended, and much fun and merriment enjoyed. Refreshments were served.
We will have Bible class here Saturday night and singing Sunday night. Everybody invited to come.
Mr. and Mrs. Watt Hill of Wichita Falls visited Mr. and Mrs. W. Hill last week.

Former Haskell Citizen Braves Coahuila Jungle In Big Hunt

(From Midland Reporter) (Note: J. M. (Boss) White is a former resident of Haskell.) "Nombre de Dios!" O. B. Holt and J. M. White jerked around in their saddles at the cry of the natives and were almost transfixed with terror. Inches from them in the spiny gnats of the Coahuila jungle waved several feet of a giant python, as big around as a fire hose under full pressure! Both clapped spurs to their horses, withdrew a few yards and sent bullets crashing into the constrictor's head. The snake was 14 feet long. The huntsmen returned Tuesday night from their first big game hunt. They spent two weeks, mostly south of the Tropic of Capricorn. Dense jungle where it rained all the time and prevented their use of cameras; hill country that required a 24-hour march by pack train to travel 20 miles; an endless battle with chiggers and every conceivable biting insect; night hunts with guns and flashlights; visions of bear, tigers, leopards, squirrels as big as cats; capture of two cubs in a cave; a night assault by a pole cat—these and numerous other experiences made the trip the most difficult, yet the most interesting, the hunters ever made. Holt and White went first to lion and tiger country, to Llera, Tamps., Mexico, 200 miles south of Monterey. They saw only two yellow tigers and one lion, and the dense brush prevented their getting a shot. All hunting in that country was done at night. The jungle creatures fled and the huntsmen moved on to bear country in the Sierra Burro range, 100 miles west of Musquiz. Here they organized a native beating party, just as is done in the African veldt. Holt shot two bear, Mexican black bruin from a distance of 200 yards, but had to use three shots to get a 200 pound bear from 400 yards. White's bear, weighing 400 pounds, was dropped with one shot, from 150 yards. For three days and two nights they kept to their saddles, then camped in a dry wash. During the night the jungle creatures kept up a din of screeching and roaring. White was awakened by a noise close to the camp fire and discharged his gun at a "lion" only to find after getting the sleepy Holt to go with him he had killed a skunk. They had a suspicion of this before they got out of their bed rolls. At another time White shot what he thought was a squirrel and found it to be as big as a Persian tom. The natives give the squirrels a name the hunters could not remember. The capture of the two 50-pound cubs was the most interesting few minutes of the trip. Holt and White mounted guard at the mouth of the cave, holding shotguns loaded with buckshot in readiness against the return of the female bear. The guides kept their machetes handy in case their self-appointed guards should fail either by missing their aim or deciding at the last minute to go AWOL. The cubs put up a lively battle, but are at the international boundary while permission is being sought of the biological survey to bring them into the States. The lowest standard of civilization is the expression of the natives of the country where the hunt took place. All native women went partially clothed and wore no shoes. The men wear a piece of soft leather on their feet, tied with skin thongs. Few guns are to be seen, and these are usually outmoded.

Local Store Buys For the Holidays

In expectation of the holiday trade, R. M. Tittle, of the Perkins-Timberlake Co., of Wichita Falls, has returned from New York City where he placed orders for Christmas merchandise for all stores, according to George Goetze, local manager.

The department store is making preparation for a big Christmas business and a large volume of trade is expected. The store will offer a larger and wider selection of holiday merchandise this season than has been available in recent seasons. Special attention has been given to selection of gift merchandise. Mr. Tittle reported that some orders for early spring stock also were placed.

The store will offer the public this year new things for the Christmas gift season which have not been offered in this section previously. The gift department of the store will be filled with items which will delight recipients. The store has enjoyed one of its best years of business in 1934 and expects the improved trend to continue through the holiday season.

Rochester Club Has Interesting Sessions

ROCHESTER, Texas. — Since the opening of the Woman's Literary club in September, three programs of interest have been given. At its first meeting the club studied the works of Edith Wharton. This program was presided by Mrs. M. Hicks, Mrs. W. J. Bragg, Mrs. E. Hob Smith, and Mrs. J. L. Teal.

The second program was based on the publication, "The Psychology of Personality." Those taking part were Mrs. Bob Speck, Mrs. D. P. Greenwade, Mrs. Robert Harp, and Mrs. Dick Mullin.

The disarmament conference was the subject of the third meeting. The following members of the club led the discussion: Mrs. N. B. Webb, Mrs. Worth Buckner and Mrs. Vestus Alvis. Miss May Dell Frazier sang a number of war songs.

The club, which was organized and federated with the national and state organizations in 1923, meets bi-monthly on Thursday afternoons.

Autumn Frolics Suggest Clothes

By a "Young Modern" DENTON, Texas.—Gay autumn frolics are in session now and with cool days loudly proclaiming sporting adventures of all kinds the clothes question comes up again with even greater significance.

Maybe it just isn't the thing for boys to spend much time wondering what shoes are correct to wear with golf knickers, or a tuxedo, but to girls, the problem is ever present.

The outdoor girl at Texas State College for Women (CIA) promotes gay plaid skirts in soft wools, jerseys or coruorays for sporting adventures. Knitted sweaters or over-blouses in contrasting wool are worn with the skirts and make fitting costumes for the sports girl. With brilliant berets topped by gay pom-poms, and chic sport oxfords fitted high on the foot by a zipper, your costume is sure to have just the "send-off" necessary for a joyous occasion.

A pig-skin three-quarter length coat with beret and scarf to match is quite successfully combined with a ravishing little wrap-around skirt buttoned down the front with gay wooden buttons in contrasting colors. Add your soft pig-skin shoes in
