A Little Straight Talk

By Dave Thompson

The following article entitled, Not Subscribing May Be Hazardous, appeared in the Hiawatha (KS) World and later in Publishers' Auxiliary and The Paducah Post. While it might be a little far-fetched, we all need a laugh now

A man who was too cheap to subscribe to his hometown newspaper sent his little boy to borrow his neighbor's copy. In his haste the boy ran over an \$80 hive of bees and in 10 minutes looked like a warty squash.

His father ran to his assistance, and failing to notice the barbed wire fence, ran into that, cutting a hole in his anatomy as well as ruining a \$10 pair of trousers. The old cow took advantage of the gap in the fence and killed herself eating green corn.

AIR FORCE Lt. Col. William R. Moore reviews his pre-flight check list before inspecting his aircraft for his next mission. Moore is the 13th Tactical Fighter Squadron commander and an F-16 pilot at Misawa Air Base, Japan. (U.S. Air Force photo by John A. Bohmer)

Squadron Commander **Teaching Pilots**

By Cecil B. Newberry

MISAWA, JAPAN - As fog marches in from the Sea of Japan, you can almost see old Samurai warriors moving up to stop the advancing enemy. Today, Japan's modern Samurai is Air Force Lt. Col. William R. Moore.

Moore, son of Wynette F. and William R. Moore Jr of Munday, and son-in-law of Jerrene Couch of Haskell, is the commander of the 13th Tactical Fighter Squadron and an F-16 fighter pilot at Misawa Air Base in northern Japan, the island nation's 'spearhead' of defense

"As a pilot, I'm an instructor. teaching other pilots to be combatready in case of war. I teach both airto-air and air-to-ground combat tactics," said Moore.

"As the commander, I'm responsible for the welfare of 40 fighter pilots, both in the air and on the ground. I lead them everyday on simulated combat

training missions, and I'm responsible for the 24 F-16s we fly.

Located on the northern coast of Japan, Misawa Air Base is just minutes by air from Vladivostok and Soviet military forces. The Americans and the Japan Air Self-Defense Force are the island's first line of defense.

"Being in Japan is an advantage in terms of my job. We are here because the Soviets are building up their strength in the Far East military district. Being here allows us to train as realistically as possible," said

Japan, known as the 'Land of the Rising Sun,' is rich in history and tradition. But, it is also one of the fastest growing technical and industrial nations in the world. The two facets of Japan create a contrasting view for the Americans stationed

Show Successful Week

Ford, Williams, Wupperman Cited

By Coach C.H. Underwood

The Knox City Greyhounds enjoyed a successful week of basketball this past week. The varsity boys defeated Rule varsity Tuesday night, 83-32, with Jim Ford, Pat Wupperman, and Mike Manuel all in double figures. The Greyhounds then ran their record to eight wins and two losses by winning the Guthrie tournament. Knox City defeated Rochester, 84-40, in the first round with Jim Ford, Mike Manuel, and Andy Williams all in double figures. The Hounds defeated Guthrie,

78-60, in the finals with Pat Wupperman, Jim Ford, and Andy Williams leading scoring with double figures.

Named to the all-tournament team were Andy Williams and Jim Ford. Jim also won the free throw shooting contest, hitting 14 of 15. Pat Wupperman was named most valuable player for the tournament.

The JV boys won the Olney tournament this past weekend also. Knox City JV boys defeated Olney the first round, 57-43, and defeated Bowie in the finals, 31-25, for a win against a solid

Tuesday night, the JV boys and varsity boys traveled to Crowell. On Thursday, the varsity boys begin the Asperment tourney as defending champions playing Crowell in the first round at 3:45 p.m. On Friday, the JV boys return to the Seymour JV Tourney as defending champions playing Electra at 9:30 a.m. Basketball games will end Tuesday, December 21, with Olney JV and varsity here before school closes for the holidays.

Signup Time Nearing For County Farmers

Signup period for the U.S. Department of Agriculture's 1989 wheat. feed-grain and upland cotton programs will begin Dec. 19 and continue through April 14 of next year.

Signup in Knox County will be by appointment only and persons should call (817) 658-3537 to set up their appointment

Signup dates for the 1989 rice and extra long staple cotton programs will be announced later.

Secretary of Agriculture Richard E. Lyng announced that from Dec. 19 through Feb. 3, producers may declare their intentions to plant from 10 to 25 percent of each program crop's permitted acreage to soybeans or sunflowers and still protect that program crop's acreage base history.

Planting intentions under this special signup will be reviewed to ensure that the price for 1989-1990-crop soybeans is expected to remain above 115 percent (\$5.49 per bushel) of the prior year's loan rate (\$4.77). Any limitations or prohibitions concerning this planting option will be announced in February. No program benefits other than sovbean price support loans will be made available to producers with respect to this acrea

In addition, any portion of a farm's acreage base (FAB), minus the soybean base included in the FAB, may be exchanged for oats for the 1989 crop year. Any acreage exchanged in 1989 will be considered planted to the original program crop for determining the FAB or crop acreage base in future years, but will not result in an increase in the program bases. Program benefits for such planted acreage will

be those normally applicable to oats. During the farm program signup,

wheat and feed grain producers may request 40 percent, and upland cotton and rice producers 30 percent of their estimated deficiency payments. These payments will be all in cash. Advance payments will be limited to the producer's intended program acreage. The estimated rates will be announced

before signup starts. For wheat and feed grains, producers may elect to participate in an optional acreage diversion program, known as 0/92, under which they devote all or a portion of the wheat or feed grain permitted acreage to conserving uses (CU) and receive deficiency payments on an acreage not to exceed 92 percent of the crop's permitted acreage. The deficiency payment rate on the CU acreage will not be less than the estimated deficiency payment to be announced before signup.

Hospital **Passes** Medicare

By DICK STOUT, Adm.

The Knox County Hospital was given a green light by the medicare agent conducting the post inspection on

November 29. By this action, assuring, under Medicare regulations that within its capabilities, the Knox County Hospital is providing for the emergency needs of its patients in the safest way possible

Congratulations to the doctors and staff for a job well done. We can be proud of the quality of medical services they render.

It's Not So!

Rumors have been circulating in Knox City on the impending loss of the busline that has served the area for so many years.

Because of the distress it has caused among businessmen, the Chamber of Commerce was asked to check on the situation and offer whatever protest would be necessary to keep the line in operation. Several businesses depend on the bus for their heavier freight.

Chamber secretary Crownover talked to Jerry Greenwood, a manager of Jefferson Lines, presently operating Oklahoma Transportation, on Monday of this week and was reassured that the line will not be closed. Greenwood said it is for sale, but no plans have been made to aban-

Don't Forget The Drawing Saturday

WENDED YOUR HELP!

You can make a difference to a kid on Christmas morning...maybe all year...maybe even change the course of the child's life.

A fund has been established to provide needy children in this area with Christmas presents and much, much more. These children have been identified and the Knox County Child Welfare Board will buy and present the gifts at Christmas time and provide services such as medical care for abused children, clothing for children who have been removed from their home, and other emergency care for these children throughout the year.

> This fund is open to your deposit at: The Citizens State Bank, Knox City and The First National Bank, Munday

(Checks should be payable to Knox County Child Welfare Board)

This endeavor is endorsed and supported by the Knox City Chamber of Commerce, The Knox County Commissioners Court, The Knox City Lions Club

The only money the Child Welfare Board has to spend is donated.

Great peace and happiness comes to the heart who has made Jesus King in their life. You are ready for the coming. You have put on the robe of his righteousness. Your affections are fully set on things above. "... Every man that hath this hope in Him purifieth himself, even as he is pure.' (John 3-2-3). The time of his coming is short, and the standard is high. Yet none need despair, for "He is able also to save them to the uttermost that come unto God by Him (Heb. 7:25). Though your sins be as scarlet, they shall be as white as snow; though they be red like crimson, they shall be as wool. If ye be willing and obedient, ye shall eat the good of the land. (Isa.

"Merry Christmas To everyone,

Since I have moved from sunny southern California back to Texas, I have begun to remember just how hot in summer, and really how cold in winter Texas can be, Brrrr. We have already had two snows in Lubbock. I had not seen snow in over thirty years, (unless we drove up in the mountains to look) then hurry home to the comfortable climate of Escondido, CA.

Sure is nice though to walk down the street in Texas towns and hear the old familiar "Howdy, How are Y'll doing?" Also to see these big Texas Men tip their Stetsons to we ladies. Texas is still and always will be the greatest place on our map.

It is now time to renew our subscription to The Knox County News and to send our warmest Christmas Greetings to each and everyone.

Sincerely Laura Grzebieniowski **FHANEWS**

This week, FHA members made plans, plans! There were committee meetings and an officers meeting. The committees were making preparations for the FHA meeting that is to be held this Wednesday during activity period. A reminder: The Annual FHA Christmas Party will be December 19.

FRESHMAN CLASS NEWS **By Kim Chambers**

All this cold, snowy weather has really got everyone in a Christmas mood. We are all so anxious for the vacation, it is hard to keep our minds

In physical science we experimented with some chemicals. And in CHE we experimented with some eggs. We did our best to make omellets. It was an experience for everyone

Thursday night the FFA crew went to Breckenridge for a dinner and meeting. Saturday, the J.V. teams headed to Olney for a basketball tournament. The guys came back with a first place victory, while the girls came in second. Good job!

SOPHOMORE CLASS NEWS By Stephanie Pepper

The Sophomores have had another basketball-filled week. The countdown is getting closer day by day to Christmas break, so we really don't mind all of these busy activities!

The Varsity had a tourney in Guthrie this weekend, while the JV's had one in Olney. Both the Hounds and Houndettes brought home the gold from Guthrie. Mitzi Marion and Andy Williams were also awarded All-Tournament medals. Good job!! The Varsity played Crowell on Tuesday night and will be playing in the Aspermont Tournament this weekend. Meanwhile, on the JV side, they went to the Olney all-day tourney Saturday. Both teams made it to the finals. In the end, the JV girls got second place and the JV guys got first place. Congrats!!

Mr. Collins is impatiently awaiting Friday. This is our turn in date for all of those wonderful bugs and leaves we have collected and classified for our semester project in Biology.

Until next week, don't shake those packages too hard you'll find out soon enough--and it might break!

5th GRADE NEWS **By Laurie Casillas**

Well it looks like it is Christmas time again. And you know what that means. presents. We have been doing a lot of art work lately. Like poinsettias, indians, snow flakes, turkeys (when it was Thanksgiving.) We sure are looking forward to Christmas. We are exchanging gifts in Mrs. Mahan's class and Mrs. Chapel's class too. The most popular gifts wanted in 5th grade is Nintindo and games, horse, electric guitar, brain (David Dudensing), Rabbit, hitsticks, gun, ski board, walkie talkie, remote car, 4 wheeler, pocket rocker, bike, and scooter.

The C.O.W. last week was me for some strange reason and this week is Jennifer Abernathy, which I know why. She has been so nice lately and has been doing very well in her schoolwork.

I am liking what we are doing in P.E., we are playing basketball and it's pretty fun.

Well, I guess I'll write next week.

Telephone Customers Note Small Increase

In accordance with recent Federal Communication Commission action, all single line business and residential telephone customers across the nation, including those served by GTE Southwest, will be subject to an increase in their interstate Subscriber Line Charge from the current \$2.60 per month to a \$3.20 per month.

This 60 cent increase in the interstate subscriber line charge is effective Dec. 1 and is the third phase of a federally mandated process that is intented to gradually eliminate the practice of charging customers more for long-distance service in order to keep local rates artificially low.

Business customers with more than one line have been paying \$6 interstate subscriber line charge since May 1984. This interstate subscriber line charge for business customers will not

Under the Federal Communications Commission plan for implementation of the interstate subscriber line charges, the total revenues of the local telephone companies will not increase since the FCC in turn will reduce by an equivalent amount charges to longdistance carriers for use of local facilities and equipment. It is the intent of the FCC that this decrease in long-distance carriers' expense will be passed through to consumers in the

NEW ARRIVAL

There's a new addition to the Billy Carl Benson family. Sadie Rachelle was born Wednesday, December 7 in the Vernon Hospital. All of Sadie's "pertinent facts" are not available but she is here and I'll let you know all about her next week

Bill Benson is back in the Knox County Hospital. He's not doing too well at this time. But hopefully he will show some improvement in a day or so. Despite his health problems, Bill has remained in good spirits and welcomes visitors anytime they come to see him.

BALL GAME NEWS

Benjamin Junior High played Guthrie Monday night here at home. Our girls were defeated 21-6. Kate Grill scored all "half dozen" of our points.

The boys defeated Guthrie 27-25. Jimmy Barrientez scored 10 points, Ricky Trepanier had 8, Jason Redwine made 7, Jim Bob Conner had 2 and Robert Estrada scored 1.

On Friday night the High School girls hosted Patton Springs. Patton won 39-33. Kelly Westmoreland scored high with 21 points, Sandra Bolanoes had 6. Christi Whitten made 4 and Shannon Parker made 2.

Patton also had defeated Benjamin on Tuesday night by 4 points.

This weeks schedule includes the Trent tournament on Thursday, Friday and Saturday TO MATH MEET

Math teachers, Lewis Lee Baty and sophomore student Rebekah Duke were in Wichita Falls recently for the Class 1A through 3A Math meet. Rebekah placed second in the meet in the 10 grade students division in number sense. Rebekah's parents are Dennis and Pam Duke.

The meet was held at Herschi High School.

SR. CITIZENS TAKE TRIP

The Benjamin Senior Citizens group "took off" in the cold weather Friday for a trip to Wichita Falls to see the Burns Fantasy of Lights at M.U. The group left at 2 p.m. Made it to "town" in time to eat supper before going out to see the display. They all said it was well worth their time and they all thoroughly enjoyed it.

Making the trip were Kenneth and Jessie Roberts, Hes and Louise Hall, Bill and Pearl Ryder, James and Jimmie Klutts, Bea Parks, Virginia Griffith, Eunice Friday and Earlene Meinzer.

SOROSIS CHRISTMAS PARTY

The Benjamin Sorosis Club had their annual Christmas party at the Memorial Building Saturday night. Those attending enjoyed a delicious meal of ham and all the trimmings.

METER TAMPERING NOW A FELONY

The State of Texas has recently adopted an amendment to the State Penal Code making meter tampering a third degree felony. A third degree felony comes with a punishment of confinement in the Texas Department of Corrections for a term of not more than 10 or less than 2 years. In addition to imprisonment, an individual adjudged guilty of a third degree felony may be punished by a fine not to exceed \$5,000.

Before the amendment of the new law, it was a class A misdemeanor for meter tampering unless the loss of service was more than \$200. Under the new law, any meter tampering regardless of the amount of loss is now a felony of the third degree.

Meter tampering consists of, but is not limited to:

(1) Diverting electricity from passing through a meter device.

be notified as soon as possible so that the meter can be resealed.

(2) Preventing electric service from being correctly registered by a meter device.

(3) Unauthorized activation of electric service.

As a special note to our members, it will also be considered meter tampering if a meter is reset and electrical service is restored by anyone other than a Cooperative employee.

All Cooperative meters are sealed. This seal should not be cut or broken without special authorization. In cases where the seal must be cut for emergencies the Cooperative should

Cotton Classing Report

The hard freeze during the latter part of November has completely defoliated the cotton crop throughout the Abilene area. With dry, sunny weather prevailing, harvesting and ginning are at peak capacity. This has resulted in quiet an increase of cotton samples at the USDA Cotton Classing Office in Abilene. According to Area Director B.B. Manly, Jr., around 72,000 samples were received this week, while 53,700 samples were graded. The carryover continues to grow. To help counteract this buildup, additional classers were brought in from other offices. To date, this season 257,000 samples have been classed.

Grades were slightly lower this week. Grade 31 or better made up 43 percent. The biggest drop was in grade 21 at less than six percent compared to nine percent last week. Mike was steady with 40 average. Staple length average for the week was 32, uniformity 79 and strength grams per tex 24 average. Samples reduced for bark was 19 percent, down from 21 percent last week.

A few new crop equities have been sold for around \$25 net to the farmer. Cottonseed prices ranged from \$95 to \$120 a ton

HEALTHY EATING FOR

HAPPY HOLIDAYS To most of us, the holiday season means feasts and celebrating with good friends. But overindulgence at Thanksgiving and Christmas often leads to a New Year's resolution to lose weight. This year, resolve to maintain a healthy lifestyle and still enjoy the festivities. It's easier than it sounds.

For example, the traditional centerpiece of most holiday tables is a plump, roasted turkey-an excellent low-calorie, low-fat main course. There are only 163 calories in a 3 oz. serving of white meat without the skin. But use good judgment when buying the bird. Some self-basting turkeys are injected with oil high in saturated fat and sodium. Choose a plain frozen turkey instead, or check the labels on self-basting brands.

COOKIE EXCHANGE

Start the Holiday festivities with a cookies exchange with friends, coworkers or neighbors. Each person bakes several dozen of their favorite cookies and brings them to the exchange. Just think of the variety of

cookies you will take home and be sure to bring a copy of the recipe.

Educational programs conducted by the Texas Agriculture Extension Service are open to people of all ages, regardless of socioeconomic level. race, color, sex, handicap, religion or national origin.
