# 10,000 PEOPLE SEE PARADE AS GOLDEN JUBILEE FAIR OPENS

### Hundreds of Boys In Scout Camp

Pioneers Have Place of Honor

Hon. James E. McDonald Makes Opening Talk

10,000 people watched the parade last Wednesday that marked the official opening of the Golden Jubilee Fair and Pioneer's Reunion.

The parade had everything from ox carts to airplanes flying overhead. The old delivery hacks first used by the Haskell grocers, the old time Line Rider preachers, the first automobiles, without windshields and passengers dressed in the long flowing gowns and picture hats that were the height of fashion when some fellow named Ford was dashing around at the breakneck speed of 12 miles an hour, when the horseless carriage would run.

Commercial House floats with interesting displays vied with prize winning stock and wagons full of old pioneers in Haskell for the reunion.

Smartly dressed people on blooded horses were contrasted with cowboys and cowgirls in colorful costumes.

Sponsors from out of town were riding horses at the head of the parade, close behind the first sheriff of Haskell County, Alex Tucker and Giles Kemp, present sheriff. The State Commissioner of Agriculture, Hon. James E. McDonald also rode with the sheriffs.

The judges had been busy at the exhibition halls and ribbon winners were busily congratulating each other and receiving ovations from the crowds that thronged the halls to see the lavish displays of Home Demonstration, Art, Needlework, Carios and other features.

The Livestock brought praise from the judges who had not expected to see such a large number of entries and the quality of the animals shown was much better than ever before.

Boy Scouts from all over this section of the State were moving into their camp ground in the center of the race track. More were arriving every few minutes and busily pitched in, policed the ground and erected their tents. They set up their display poles and laid out their display of Scout work and Scouting.

The Municipal band played for the parade and the crowd.

Business Houses closed at noon and Hon. J. E. McDonald, State Agricultural Commissioner and his lovely bride of a week were interested spectators at the opening horse races. Mr. McDonald gave the opening address and briefly outlined the work of the Agricultural Commission. The Commissioner was one of the authors of the bill that gave the Agricultural Commission 50 percent of the taxes collected from the permanent betting on the horse races in Texas.

Holiday spirit is in evidence in all the business houses and the ladies of Haskell that have a part in the fair are taking the greatest pride in the displays and the smooth running of all events.

### CONSTRUCTION OF HUTTO SCHOOL TO START

\$3,000 Bond Issue Sold To the State Treasury

The Hutto School District has completed the sale of their \$3,000.00 bond issue to the State and the successful bidder for the contract, W. A. Simpson of Stamford, announced that construction will begin as soon as possible; probably sometime this week.

Mr. Simpson was completing arrangements for the builder's bond last Saturday. This is the last detail to be attended to before actual work begins.

The new school will occupy the site of the old Hutto School. It is to be a two room building, built of concrete blocks and of conventional design. The new school will have the most modern of equipment and will be one of the finest school buildings in the country, according to Mat Graham, County Superintendent.

The winning bid for the job was \$2,706.90.

### DISTRICT COURT JURY DISMISSED BY JUDGE

Judge Dennis P. Ratliff dismissed the jury for the fourth week of District Court when Judge Allan D. Montgomery of Wichita Falls, failed to make his appearance to take the bench for Judge Ratliff who is disqualified to hold the trial now coming to the court.

The jury was called on Monday and Judge Ratliff asked that they return on Wednesday. Judge Montgomery was still detained on Wednesday and the jury was dismissed.

Judge Ratliff planned to go to Wichita Falls to take Judge Montgomery's place.

The fifth week jury will be called Monday. The only case definitely set is the Barron trial which will be called Tuesday.

### FIVE APPLICATIONS FOR NYA HELP SUBMITTED

Only five applications for NYA work have been submitted from this county according to a statement by Matt Graham, Haskell County Superintendent. The total allotment for Haskell County is 27 students.

The NYA program is to provide work for young men and young women who wish to attend high school.

### LOAN COMMITTEE IS NAMED FOR T. R. C.

Stonewall County Added To Local Supervision

Mr. R. E. Skipworth, head of the Local Texas Communities Association, announced that the department had selected the loan committee for the coming year. Under the rules of the Rural Rehabilitation Administration, which is a division of the Resettlement Administration and is also a part of the United States Department of Agriculture under the direction of Rexford Tugwell, there must be three men and two women for the loan committee.

Those appointed for Haskell county were: Al C. Phillips, Route one, Stamford, J. S. Abernatha, O'Brien, Earl Atchinson, Haskell, Miss Nora Walters, Rule, Mrs. Date Anderson, Haskell.

All the appointees are either farmers or farm women. The committee will pass on all loans offered by the Resettlement Administration. These loans cover practically every type of agricultural need of the farmers. The local office expects to have the policies of the Administration and the type of loans available within the next two weeks. They do know now that any farmer, landowner, tenant, or share cropper will be eligible for these loans.

Stonewall County has been added to the supervision of the Haskell office, making four counties in all, namely: Stonewall, Throckmorton, Knox, and Haskell. There are now 125 families who have received loans through this office, stated Mr. Skipworth, and some of them are now in the collection period. Mr. Skipworth stated that he was highly pleased with the collection period as there have been 12 payments and the balance are showing one hundred percent co-operation with the resettlement program and officials.

Mrs. Myrtle Myer has recently been added to the staff in Haskell. She is the Rural Home Supervisor with duties much the same as the Home Demonstration Agent but deals only with the clients of the TRC.

In addition to Mr. Skipworth and Mrs. Myer Mr. Reynold Wilson is also located in Haskell with this work. Mr. Wilson is the office manager and book-keeper. The offices are located in the Haskell County Court House.

### FUNERAL SERVICE FOR INFANT SON OF MR AND MRS. M. A. KEMP

Funeral services were held Wednesday afternoon at 4 o'clock for Leroy Adolphus Kemp, seven week old baby of Mr. and Mrs. M. A. Kemp at the home of J. C. Courtney, father of Mrs. Kemp, with Rev. H. R. Whitley conducting the services. Surviving relatives are the parents, two brothers and grandmothers, Mr. and Mrs. W. M. Kemp, Comanche, and Mr. J. C. Courtney, Jones, Co. Company, funeral directors had charge of arrangements.

### Sheriff Will Not Draw Color Line on His Welcome Sign

Rushing the season by a day or so, 15 negroes took advantage of the "welcome" sign hung over the jail door when deputies under the direction of Sheriff Giles Kemp raided a dice game in a local colored cafe last Saturday.

Lady Luck turned out to be a nag when 11 of the ebony hued suitors paid fines and left the remainder of the arrested men to take advantage of the hospitality offered offenders during Fair week.

### H. H. S. PEP SQUAD RECEIVE NEW UNIFORMS

Make Initial Appearance At Indian-Steer Game

Making their initial appearance in their new uniforms, the Pep Squad of Haskell High School attended the Rochester-Indian game last Friday night almost 100 percent and gave the best support the team has had in many years.

At the half the squad took the field and gave their exhibition drill which showed practice and training.

Under the direction of the leaders, Miss Anna Bell Stanton, HHS Senior who was dressed in a solid Gold uniform and Miss Anita Jo Simmons, Sophomore, attired in black, the squad in their Black and Gold gave a lovely exhibition of yells and songs.

The new uniforms consist of a gold colored gaberdine jacket with a silver down the front. There is an Indian head woven into the cloth on the right of the front and a black "H" on the pocket on the left.

The skirts are of solid black gaberdine and when the squad of more than seventy girls take the field or mass together in the rooting stand it is an impressive sight.

The girls also carry two handkerchiefs, one black and one gold which they use in their yells and songs.

The members of the squad are: Martha Head, Helen Ballard, Armetta Bland, Kenzie Tucker, Madge Leon, Marie Ballard, Dorothy Jesselet, Francis Edwards, Gladys Pace, Joy Cobb, Margaret Bredlove Winnie Darnell, Mildred Mayes, Martha Holt, Frankie Dorris Bledsoe, Mickie Tidwell, Francis Kaigler, LaVerne Bynum, Sue Hoodie, Ruby Sue Persons, Lennie Reynokka, Lillie M. ### BOY SCOUT SHOW DRAWS MANY VISITORS

Chisholm Trail Council Well Represented Here

Hundreds of Boy Scouts are in Haskell and are camped in the center of the race track at the Fair Grounds.

These boys are to take part in the pageant to be staged Thursday night and they have one of the most interesting displays of their work and their scouting that has ever been shown.

The Chisholm Trail Council of the Boy Scouts is staging this gigantic exhibition and each troop from out of town is sponsored locally.

The Tent City is alive with boys all day and many interested visitors are learning more about scouting and its aims and principles, and usually leave his place with a greater respect for the work than ever before.

The show is open all the time and everyone is invited to see their display.

Troops here are as follows:

Troop 3, Abilene, Scoutmaster Edwin Burnam; Sponsored by Fisherman's Bible Class.

Troop 6, Abilene, Scoutmaster S. E. Pass; Sponsored by Kiwanis Club.

Troop 13, Abilene, Scoutmaster Tommy Grant; Sponsored by First Baptist Church.

Troop 27, Abilene, Scoutmaster E. L. Fox; sponsored by First Presbyterian Church.

Troop 40, Stamford, Scoutmaster F. W. Pauling; Sponsored by Methodist Church.

Troop 41, Stamford; Scoutmaster T. R. Tinsley; sponsored by American Legion.

Troop 51 Tuxedo; Scoutmaster Leonard McHutt; sponsored by the Baptist and Methodist Churches of Tuxedo.

Troop 15 Hamlin; Scoutmaster, L. E. Griffin; sponsored by Lions Club.

Troop 19, Trent; Scoutmaster, M. O. Woolam; sponsored by P. T. A. (Goodman School).

### GRATEX OIL STATION BURGLARIZED MONDAY

The Gratex Oil Company plant was broken into last Monday night by thieves who took 65 cents in pennies and 14 tires.

The burglars broke a small hole in the window on the South side of the station and then released the catch that was holding the window.

The tires were all of 20 and 21 inch rim size, according to Mr. C. E. Baker, manager of the Gratex station.

### JUDGES GIVE AWARDS IN WINDOWS AND PARADE

### SIX MORE SCHOOLS OPENED LAST MONDAY

Others Will Begin Classes Within Very Short Time

Six rural schools in Haskell County opened last Monday, October 14, according to Miss Fay McCandless, secretary to the County Superintendent, Matt Graham.

The schools were: Foster, with 46 pupils, T. B. Roberts, superintendent; Sayles, R. L. Moore, Superintendent; Ballew Mr. Hope B. Haynes, Superintendent; Marcy, Mrs. Opal Hinton, Superintendent; and Bunker Hill with Mr. Wallace Spray, recently of Greenville, as superintendent.

Mr. Graham stated there were approximately ten more schools yet to begin the 1935-1936 term, but he hoped to have them all holding classes within the next few weeks.

### INDIANS TAKE THIRD CONFERENCE GAME FRIDAY

Rochester Makes Game Fight But Goes Under

Coaches Richey and Mason put the war pinc on the Haskell High School Indians and they took the hide off the lighter Rochester High School Steers 37-0 last Friday night at the Haskell Stadium.

The Tribe was a little bit overconfident and let the first quarter go by without getting a score but they soon settled down to business and rang the bell twice in the second quarter. The frame let Barnett strut his stuff and his fast feet brought the crowd up on its toes when he raced all the way across the field and down the sideline for touchdown.

The last quarter saw three touchdowns and one successful try for point.

Coach J. F. Williams of Rochester, has uncovered a punter of no mean ability in Clifton Mooney and his little squad stayed in there and fought to the last whistle but they were outclassed from the beginning.

Haskell's star kicker is still on the bench with an injured shoulder and Mooney's long punts, 30, 40, and 80 yards looked mighty good against Haskell's shorter ones.

The tribe came out of the huddle fast, no delay or stalls on the signals and the play would be under way in the fastest and most interesting manner. Rochester was inclined to hold a conference instead of a huddle and would delay the game to get a little breath into the players.

Both sides fumbled the ball more than was necessary or usual but this fault can be overlooked as the winners are inclined to get careless when the game is on ice and the opponents take chances in desperation when it is a million to one shot.

The Indian line made heap big medicine and opened heap big holes when they weren't blocking heap big men for the ball carriers to make heap big score. That line would plow up the Panama Canal, if they were within 20 yards of a white line.

Haskell is well on its way to a conference victory and if Coach Richey can manage to swap a pencil sharpener, a roll of adhesive tape, and two knee pads for a good punter like Mooney, give him as good a line to hold them off as they did Friday night, that boy would be a big help and fill out the only thing missing on the local squad.

First Quarter

On the opening, Kimbrough kicked to Penman on the 20 yard line and the ball was returned to the 20. Mooney made 4 yards over center. Penman went through right tackle for a yard and Mooney punted 40 yards to Barnett, who was downed on the 20 yard line.

Barnett tried left end for 5 yards and Kimbrough made 3 through right tackle, followed by another

Burton and Mrs. Parks Woodson were tea guests.

### V. W. Jones Moves to Haskell

Mr. and Mrs. Vivian W. Jones and eight year old daughter, Colleen, formerly of Childress, moved to Haskell Thursday. Mr. Jones has accepted the position of Funeral Director and Embalmer for the Jones, Cox Company.

Mr. Jones is a licensed and experienced funeral director and embalmer and Mrs. Jones will also be with the Jones, Cox Company as lady assistant.

### Baptist W. M. S.

Monday afternoon at 2:30. The W. M. S. met at the church in Bible study with 30 members present.

Bro. Whatley taught the 40th Chapter of Isaiah. We are indeed fortunate to have such an efficient teacher and the ladies who do not attend are certainly missing a blessing.

We shall continue for our Bible study from the 40th through the 66th Chapter of Isaiah. It is called the book of comfort and on each second Monday in the month, we hope to have every woman in the church present to enjoy this wonderful study.

### Presbyterian Woman's Auxiliary

The Woman's Auxiliary of the Presbyterian Church met Monday, October 14, in the church. The president Mrs. Sam Chapman, called the meeting to order. The secretary read the minutes. Mrs. Sherrill took charge of the Bible lesson and directed an interesting study on, "The Holy Spirit." After a prayer the group read in unison John 14:26, and then all engaged in silent prayer.

The hymn, "Come Holy Spirit, Heavenly Dove," was read. Numbers of verses of scripture were used for the basis of questions and discussions. The lesson closed with sentence prayers.

Next Monday we are to meet in the home of Mrs. C. E. Baker, at which time our Foreign Mission study book, "That Other America," by Dr. John Mackey, is to be given.

### FAITHFUL WORKERS

The Faithful Workers of the First Baptist Church met September 29, 1933 and had a class meeting, with our leader Miss Marjorie Whitaker. We elected our officers and helpers. They are as follows:

President—Mary Louise Holland.

Vice-President—Geraldine. Helpers, Ruby Lee Roberts, Mildred Kennedy.

Secretary—Frances Merle Edwards.

Treasurer and Social Committees—Louise Pierson, Bobbie Nell Cass, Martha Jane Holt.

Reporter—Emma Pearl Graham.

### WEINER ROAST

Thursday evening at 6:00 o'clock the Faithful Workers had a weiner roast. They met at the Baptist Church and then went to Mule Creek. All present had a nice time.

### ERROR

Through an unavoidable error in last week's issue of the Free Press, we failed to include the fact that Mrs. J. L. Jetton and family of Hale Center attended the funeral of Mrs. Jetton's father, W. L. Norton.

Mrs. E. E. Wickliffe and little son, Barry Eugene of Chillicothe, are in Haskell for the fair. They are guests of Mrs. Wickliffe's parents, Mr. and Mrs. C. M. Keiger.

### North Ward P. T. A. Convenes

Members of the North Ward P. T. A. assembled at the Methodist Church for their program, October 10.

With Mrs. Bill Richey acting as director, in the absence of Mrs. Chas. Conner, the following program was given:

Lord's Prayer in unison.

Special Song—Voices of 70 pupils of seventh grade.

"What the Modern School Expects of the Child"—Miss Madalin Hunt.

A round-table discussion followed which proved very interesting and beneficial; after which, the president directed a brief business session. Favorable reports were given by all committees. Number of room mothers present were as follows: First grade, 2; Second grade 6; Third grade, 3; Fourth grade, 4 and 3; Fifth grade, 6; Sixth grade, 3; and Seventh grade 5 and 4.

### Half Moon Home Demonstration Club

The Half Moon Home Demonstration Club met Thursday afternoon, October 10, in the home of Mrs. Buster Viney, in a short business period.

To open the meeting a council report was given by Mrs. M. O. Fields and plans for the County Fair was discussed and a number of canned products were brought and the best selected to enter.

Mrs. W. S. Pope gave a talk on the canning demonstration she attended at Midway Club Wednesday. She said one reason why so many jars are broken when using pressure cooker, is because the pet cock is closed too soon after steam escapes. When you can see steam across room let escape seven minutes before closing.

If the hot water both method is used seal jar and be sure water is over top of jar. If it is only part way the contents do not cook same and will cause spoilage.

Games provided diversion during the social hour and a miscellaneous shower was given Mrs. Buster Viney, who was before her marriage September 29th, Miss Willie John Field.

Refreshments of punch and cake were served to members and friends. Mesdames M. O. Field, W. G. Pope, Walter Viney, Lewis Marr, Floyd Stewart, Austin New, Glen Merchant, Leroy Brite, Barry Norman, W. T. Brite, Commie Brasher, Dick Andrews, Misses Euellen Ray, Ruby Viney, Bonnie Brite and the hostess, Mrs. Buster Viney.

### October Meeting of High School P. T. A.

On Thursday, October 24th, the High School Parent-Teachers Association will meet in the High School Auditorium at 3:30 p. m. This meeting will be preceded by a short session of the Executive Board at 3:00 o'clock.

After a short business session the following program will be rendered under the direction of Mrs. George Wimbish.

Devotional—Mrs. Whatley.

Music—Miss Wheeler.

Student number from the English Department—Miss Davis directing.

"The P. T. A. and its Opportunity for Service in the High School."—Mrs. Conner.

Discussion—How May we Interest the Indifferent and Uninformed Patron?—Led by Director.

The meeting will be concluded with a social hour, for which members of the Gypsy Ramblers Club will act as hostesses.

### PRESBYTERIAN CHURCH

There will be preaching services Sunday morning at 11:00 o'clock, but not any in the evening. The pastor is on a commission from Presbytery to install Rev. S. C. Guthrie Sunday night, into the pastorate of the First Presbyterian Church of Graham.

The Sunday School Superintendent is very anxious that the adults and children will continue the fall rally. The officers and teachers are endeavoring to provide more interesting and helpful classes. The individual needs the instruction of the class, the class needs the inspiration of the individual. Unanimous co-operation means joy and growth. Try it!

The Young People's Vesper Service will be at 6:30. There is always a good program and good friendly fellowship.

### Drag Boy To Death

Osaka, Japan.—A boy, named Kocama, caught an advertising steamer on an airplane just as it took off and was rapidly carried aloft, where the steamer broke under his weight and he plunged to his death.

### Steal Pickford Curls

Hollywood, Calif.—Two of Mary Pickford's curls, on exhibit in a glass case at the San Diego exposition, were stolen by thieves. They were insured for \$10,000.

### Others 67,000 Ring For 30

New York.—A girl, who offered a ring for sale was arrested by detectives who identified the piece as a 67,000 diamond ring, stolen several months ago. The girl tried to get \$5 for it.

SHIRT DOGS TO PORTWATER

United States Treasury Building

From 1900 up to 1934 the leaf tobacco used for cigarettes increased from 13,084,037 lbs. to 326,093,357 lbs.; an increase of 2392%

It takes mild ripe tobacco to make a good cigarette.

During the year ending June 30, 1900, the Government collected from cigarette taxes \$3,969,191

For the year ending June 30, 1934, the same taxes were \$350,299,442 an increase of 8725% —a lot of money.

Cigarettes give a lot of pleasure to a lot of people.

More cigarettes are smoked today because more people know about them—they are better advertised. But the main reason for the increase is that they are made better—made of better tobaccos; then again the tobaccos are blended—a blend of Domestic and Turkish tobaccos.

Chesterfield is made of mild, ripe tobacco. Everything that science knows about is used in making it a milder and better-tasting cigarette.

We believe you will enjoy them.

**AN APPRECIATION**

I am using this method of thanking the good people of the Haskell territory for their many words of kindness and for every friendly act and deed while I was permitted to be in your midst. Everything was done to make me feel welcome—this I shall not forget. The many new friends I have met will be happily recalled in my mind as the days go by. Especially, I want to thank publicly, the firm of Jones Cox & Co., whom I was associated with, for their fine spirit of cooperation, for every kind word spoken, and for their kindly regard for others, these I will always treasure as fond recollections in my memory.

Again permit me to every "Thank" to you one and all. My wish for you is that every need will be filled with riches, every effort crowned with success, and that His blessing may abide with you all. Sincerely,

**I. M. HOWARD**

# Free Clinic For Crippled Children

On Tuesday, October 22, 1935, 8:00 o'clock in the Memorial Auditorium of Wichita Falls, there will be a free entertainment to which the public is invited. Dr. W. B. Carrell, Chief Surgeon of the Texas Scottish Rite Hospital for Crippled Children, Dallas, Texas, will be the principal speaker. There will be no collections or charges of any kind. The Dallas hospital has a great record. Since it was opened twelve years ago more than 20,000 children have been treated. These were all Texas children and represent 750 Texas towns.

Mr. Tom Tucker of Wichita Falls is visiting in Haskell this week. He came down to be with his uncle, Alec Tucker, Haskell County's first sheriff, who is also spending the week here.

## Football—

(Continued from Page One)

try at the line over center for 8 yards and a first down.

On the next play, Kimbrough fumbled and lost the 8 yards but made it back on the next play through right tackle. The Indians tried a pass, Kimbrough to Barnett but it was incomplete. Kimbrough tried a punt which was good for all of 10 yards, but out of bounds.

Hudson for the Steers went through the line for one yard, Penman hit it for a yard and then passed to Grinstead, a short lateral for a 3 yard gain. This was lost as Rochester was called offside and accepted the penalty. Time out for Rochester. Penman tried the line again for no gain and Mooney let loose a punt which fizzled when Rose broke through and blocked it, but fortunately for Rochester the Haskell team was off side and the play was brought back for another attempt which gave Mooney a chance to boot it 60 yards.

The ball was given Haskell on the 20 and was carried around right end for 7 and then over center for 8 and a first down.

Fast playing let Barnett make 4 around left, Kimbrough over right tackle for 2 and then center for 3 yards but not having any luck, Kimbrough punted for 19 yards and Reeves covered the ball.

Penman started for left end but lost a yard as Moser smeared him and time had to be called while the Steer quarter replaced his divots and a jersey that had been ripped off during the play. Penman hit center and found it a brick wall but made seven yards on the next play through right guard. Penman attempted a pass which Barnett intercepted but fumbled, but the play was called back and Haskell was penalized 15 yards for roughness, giving the visitors their first down.

Penman tried center and made a yard, and then tried left tackle for three. Mooney tried left tackle and

was stopped. Rochester attempted to punt but the Indians got through the lighter line and blocked the kick.

It was Haskell's ball on the 35 yard line. Kimbrough found a hole in the line and made 10 yards and then circled left end for 3 yards as the quarter ended. No score, Haskell 3 first downs and Rochester one.

### Second Quarter

The Tribesmen circled right end for five yards and then through the line for a yard and first down. Kimbrough hit the line for 3 yards and on the next play Rochester was penalized five yards for being off side. Kimbrough made 4 yards through the line and the linesman called it first down and goal to go. Kimbrough made two attempts, but had six inches to go when he carried the ball over. His try for the extra point hit the cross bar and bounced back into the hands of the referee.

Haskell kicked a long one to Penman who took it on the 10 yard stripe and brought the ball back 18 yards to the 28 yard line. Hudson hit the line for no gain as did Mooney. Mooney then got off a good punt of 40 yards against the wind and Barnett brought the ball back to the 35 yard line behind perfect blocking.

On the next play the Haskell men cut the Steers down like wheat and Kimbrough went clipety clop thirty-five yards and over the goal. This try for point hit the cross bar a center lick also, and bounced back into the line of scrimmage. Kirkpatrick substituted for Rose. Hudson took the kick and regretted the incident as the ball was knocked out of his hands by the Haskell team who swarmed all over him like ants and gave him the KO. Mooney was all over the lot and recovered the fumble.

Thompson went in for Aiken in the tribe lineup.

Rochester had the ball on its 18 yard line and Penman tried a buck but was stopped and then tried an end run but was herded out of bounds and tackled by Jenkins and Smith. Still no gain. Westley went in for Smith on Haskell's side and Crawford took McMillian's place.

Mooney got off a nice 35 yard punt to McMillian who was downed in his tracks by Dabney.

Jenkins hit the line for a duce spot and the next play was a pass that was called back. No penalty and the officials refused to comment. We suppose Aunt Minnie didn't see the play and wanted the boys to do it over, which they did, when Kimbrough shot a short pass to Jenkins who was caught flat footed and made no yardage. Kimbrough punted and the ball rolled over the line.

Rochester got a 20 yard start and Harper made a fin through left tackle. Haskell was called off side and that is made a saw for Rochester's second first down. Harper hit the line for four yards and Mooney rolled over left tackle for a yard. Penman bowled down the guard lane for 4 yards and then instead of taking the line for the last yard Mooney let go of a 40 yard punt against the stiff breeze and Barnett received, but the Rochester men were waiting for him.

Haskell tried the line for 3 yards and a pass from Kimbrough to Jenkins was incomplete. A criss cross play that left Barnett holding the ball made 10 yards for first down.

Kimbrough hit the right tackle's hole twice for nine yards and then went through center for nine. Barnett lost five yards on the next play and was replaced by Stoneman. Kimbrough tried left end for a long run across the field but only made a yard. A pass to Jenkins was knocked down.

Kimbrough then punted but the kick was short and lacked 3 yards of going over the goal line. The Rochester team stood and prayed for that extra rod but had to take it and try to make something. They didn't.

Mooney couldn't get set and his punt at this time was his poorest in the game. The kick went out of bounds at 13 yards.

The Rochester line tightened up and Haskell tried the line once for no gain and twice for five yards as the half ended.

**Third Quarter**

The kickoff was taken by Harper. Rochester's half, behind the goal and brought back to the 21 yard line. Harper then hit the line for no gain. A fake pass that turned into a line buck brought no gain, and Harper hit the line for no gain. Mooney punted 20 yards to Barnett who had returned to the game. Barnett was downed on the 45 yard line after making 8 yards on his knees and nose.

Offside cost Haskell 5 yards on the next play and Kimbrough then lost another yard when he tried to get around left end. Kimbrough passed to Barnett for 12 yards. Kimbrough fumbled but McMillian, Haskell's center recovered the ball, and then made a yard through the place he had just vacated.

Kimbrough then made three yards through center for first down. Stanton caught a pass on Rochester's 20 yard line and was downed. First and ten again.

Barnett followed good interference

around left end for eleven yards, first down again.

Rochester called lines.

The Haskell Indians opened holes in the next 3 successive plays and Kimbrough carried the ball three, six and two yards for first down and only one yard from the goal line. Kimbrough went through guard and over the line.

On the try for point, a fake kick turned into a pass which was knocked down by Rochester. The Steers were called offside and the play was returned. This time the fake kick wasn't a fake but the ball went under the cross bar.

Haskell kicked and Hudson took the ball at 10 yards, shot a short lateral to Harper who made 15 yards and was brought down on the 25 yard line.

Penman made a yard through tackle, and then made another yard through right guard. Harper on a fake end run, made 4 yards through left tackle.

On the next play, Harper fumbled his part of the criss cross and Moser of Haskell recovered the ball.

Barnett ran down his own interference in a sweeping end run that looked good for lots of ground but was stopped after four yards.

Kimbrough made two yards at right tackle. Barnett fumbled and the ball was recovered by Pat Wyatt of Rochester. Rochester then proceeded to fumble again and Haskell recovered. The quarter ended at this play or the timekeepers fumbled too.

### Fourth Quarter

Haskell replaced Stanton at end with Henshaw, Kirkpatrick for Rose and Wheatley went in at guard.

The tribe blocked out six yards around right end, and then opened a hole through right tackle for five and first down. Kimbrough made another five and then six through the line for first down.

Barnett then galloped across the field for a touchdown. Try for point failed and down the sideline 15 yards end.

Grinstead received Haskell's kick, shot a lateral to Harper after kicking about 10 yards and Harper was collared on the 25 yard line.

Penman passed to Mooney for 15 yards and first down. Penman attempted another pass but couldn't get loose from the ball and the Indians covered him for a 10 yard loss.

A fake pass and line buck for no gain. A pass to Mooney was good for five yards. Mooney punted 50 yards to Barnett who brought the ball back to the 45 yard line before he was tackled. Rochester called time out for a substitution. Goodson for Hudson and Haskell also made a substitution.

Haskell made three yards at right end and the Kimbrough barely made 45 yards for a touchdown. Another three feet and the faster Rochester man would have caught him. The try for point was a dud.

Haskell shoved McMillian and Kehlhand in to replace Reeves and Moser.

Harper took the kick and brought it back to the 33 yard line. As pass, Penman to Mooney was knocked down. Penman then completed a pass to Wyatt for six yards. Mooney made three yards through right tackle and then punted 45 yards to Barnett who managed to get five yards return with half the Steers hanging on his neck. Rochester was set back 25 yards for roughness.

Barnett made nine yards through center and Kimbrough made two on the next play and then lost the ball on the following try.

Stanton and Rochester punted on the ball and several men fell on Buster. Buster had to be helped off the field. Westley went in for Stoneman and at the same time Haskell ran in Stoneman for Barnett.

On the next play Jenkins intercepted a pass but failed to make any ground.

Kimbrough made five yards at right tackle and a yard over center when he was stopped with a thud that shook the grandstand.

The Indians made another five through the line but were penalized five on the next play. A pass to McMillan was knocked down. Kimbrough then went over the wall for 10 yards and first down.

Don McMillan raced across the field toward left end but his interference couldn't keep up with him and it was no gain. Kimbrough was dropped in his tracks on the next play and then Haskell got a 5 yard loss for offside. Kimbrough's pass to Lon McMillan was incomplete.

Rochester drew a 15 yard penalty for roughness and as this measure placed the ball behind the goal line, the ball was placed in the playing field one yard. The Indians took the ball over for the score and Kimbrough made the point.

Mooney took the kick on the 50 yard line and made no gain. Penman made eight yards through left tackle and then made two yards for first down.

Jenkins intercepted a pass but fell on the 40 yard line.

The game ended with the next play which was a line buck.

The starting line-ups were:  
Haskell: McMillan, Center; Rose, Right Guard; Aikens, Right Tackle; Stanton, Right End; Reeves, Left Guard; Smith, Left Tackle; Moser, Left End; Kimbrough Quarter; McMillan Left Half; Rogers, Right Half; Barnett, Full Back.

Rochester: Posey, Center; Murphy, Right Guard; Dabney, Right Tackle; Acree, Right End; Buster, Left Guard; Poynter, Left Tackle; Grinstead, Left End; Penman Quarter; Harper, Left Half; Hudson, Right Half; Mooney, Full Back.

Officials were Carl Poe, Referee; Frank Junell, Umpire; J. B. Neely, Head Linesman, all of Hardin-Simmons at Abilene.

Mr. and Mrs. E. L. Holloway of Dallas and their son, Mr. and Mrs. W. L. Holloway of Wichita Falls, spent Sunday in the home of the former's niece, Mr. and Mrs. Sam A. Roberts. Mr. and Mrs. E. L. Holloway remained for a few days visit here.

T. J. Arbuckle made a business trip to Wichita Falls Saturday returning Sunday. He was accompanied by George Keller who visited relatives there.

Mr. Fent Stallings, special agent for the Santa Fe Railroad is in our city this week on official business.

## How Calotabs Help Nature To Throw Off a Bad Cold

Millions have found in Calotabs a most valuable aid in the treatment of colds. They take one or two tablets the first night and repeat the third or fifth night if needed.

How do Calotabs help Nature throw off a cold? First, Calotabs is one of the most thorough and dependable of all intestinal stimulants, thus cleansing the intestinal tract of the germ-laden mucus and toxins.

Second, Calotabs are diuretic to the kidneys, promoting the elimination of cold poisons from the system. These Calotabs serve the double purpose of a purgative and diuretic, both of which are needed in the treatment of colds.

Calotabs are quite economical—only twenty-five cents for the family package, ten cents for the trial package. (Adv.)

**DEPENDABLE REFRIGERATION IS ECONOMY**

It makes no difference the season of the year, every home needs and deserves dependable refrigeration to protect the family's health. The beauty of electric refrigeration is that it is economical. It will save you money, as it prevents food spoilage, gives the housewife an opportunity to save through quantity purchases and week-end bargains.

### He Climbs Upon A Ladder, And Dons Asbestos Dress His Wife Gives Out the Signal An Undertaker Will Do the Rest

### RITE HELD HERE FOR J. L. SMITH MONDAY

#### Stroke Victim Survived By Many Descendants

After being an honor student of Breckenridge High School in San Antonio, Capt. Leo Simon looked around during the hardest part of the depression, decided to get into a field that was not overcrowded. He is certainly not worried over competition now. He is the High Diver with the T. J. Tidwell shows.

The pay is good and the hours are short, Capt. Simon said in an interview by a Free Press reporter last Tuesday night. All he has to do is climb a 100 foot ladder once each night, soak himself with gasoline, fall off the ladder backwards into a blazing inferno of gasoline poured on top of six feet of water, take a few bows and go to the dressing room or hospital as the case may be, and then have nothing to do for 24 hours. It is an easy life to live, if you live.

Simon started his career as a daredevil when he heard that a parachute drop from an airplane had been known to help people who

weeks from that little experience and his teacher had gone off with a carnival to start his season. The teacher had not told Simon how or what about a lot of little details such as the best way to fix his tank, how to take aim and all that. They had been practicing in the river and the subject just hadn't come up.

While he was in the hospital, Simon wrote letters to shows, offering them his services as a fire diver with three years experience. Someone took him up and Simon had to get \$250.00 advance money for railroad fare and equipment. When he got on the ground at Covington, Ky. he had to dive or be accused of getting money under false pretenses. He still laughs at how scared he was on that first dive.

The higher he went, the smaller that tank looked. His knees were knocking together so fast he thought a rattle snake was in his pants leg. But he dived. He hit the tank center and being inexperienced, he had poured 10 gallons of gasoline over the water instead of the usual three or four. Simon climbed out of the water as fast as he could and ran for his tent. His assistants told him that his canvas tank was burning up. He had forgotten to put out the fire.

These and a few other choice bits of history, accompanied by some logical physics as to why it is safer to hit a small body of water at 100 feet than 50, the concave shape of the tank and a thousand and one other details made a most interesting talk.

Simon's body hits the water with approximately 2200 pounds of pressure. He had both legs broken when a boy tossed some trash into his tank in Chillicothe, O., and his hand was split open by a match that was floating on the surface.

However, his most serious accident was an automobile wreck in Florida. He was being crowded to a bride railing and one of the guard rails was loose and went under the fender and between the wheel and the body of the car. The car was thrown into the river and one assistant was drowned. Simon shudders when he thinks of his narrow escape.

Simon married about a year ago. His wife is now running one of the concessions owned by Simon. When asked if she was nervous when her husband made his jumps, she evaded the issue and said that screaming of women and children made her nervous. She is the one that gives the signal for the jump and her sparkling blue eyes denote the fact that she is not so crazy over the job as she might be, but since it is impossible to change her husband's occupation, she is resigned to carry the responsibility on her small shoulders.

Clyde Williams of Fort Worth, is spending this week in Haskell.

Funeral services were held at the grave side Monday afternoon for J. L. Smith, 72, who passed away from a stroke of paralysis last Sunday night, October 13, at 11:45.

Mr. Smith, who had been ill several months, was born November 14, 1861 in Rusk County and moved to Robertson County when eight years of age. He moved to Haskell County in 1921.

He was married to Nora Castelow in 1880 and had one child from the union. He married Mary Jane Cobb in 1884 and there were 10 children. In 1908 Mr. Smith was married to Cletus Cobb and there were six children.

Survivors are the wife, five sons, C. E. Smith of Cameron, Texas; A. L. Smith of Lake Charles, La.; W. L. Smith, and C. L. Smith and M. D. Smith, all of Haskell and seven daughters, Mrs. J. W. Thorp, of New Baden, Texas; Mrs. W. C. Paschall of Austin; Mrs. R. E. Tatum of Bartlett, Texas; Mrs. J. E. Markel of Dallas, and Mrs. Blanche Davis, Mrs. M. P. Mullins and Mrs. Earl Adams, all of Haskell.

There are 51 grandchildren and 31 great grandchildren.

Services were conducted by Bro. A. F. Thurman of the Church of Christ.

The pall bearers were: Ave Davis, Dud Pitman, Burt Orr, Talton Vaughn Russel Bradley and Gordon Bradley.

In charge of flowers was Mrs. T. E. Vaughn, assisted by Miss Eunice Howard, Irene Green, Mable Henshaw, Nettie Davis, and Velma Davis.

The Kinney Funeral Home was in charge of the burial which was in Willow Cemetery.

amount not less than five per cent (5 per cent) of the largest possible total bid, must accompany each bid as a guarantee that if awarded the contract the bidder will promptly enter into a contract and execute bonds in the forms provided, as outlined in the Specifications and Instructions to Bidders.

A Performance Bond, in an amount of one hundred per cent (100 per cent) of the contract price, and a separate and distinct labor bond, in an amount equal to the estimated largest aggregate payroll in any one month, will be required.

Attention is called to the fact that not less than the minimum Wage Rates prescribed by the Federal Emergency Administration of Public Works, namely:

For skilled workers—\$1.00 per hour.  
For semi-skilled workers—45c per hour.  
For unskilled workers—40c per hour.

As more fully set forth in the specifications hereinbefore described and which are made a part hereof, must be paid on this project.

Contract will be awarded subject to the approval of the Acting State Director, P. W. A.

The Owner reserves the right to reject any and—or all bids and—or waive any and or all formalities. No bid may be withdrawn within 30 days after the date on which bids are opened.

All unit prices and lump sum prices must be stated both in script and in figures. The City reserves the right to reject any or all bids and to waive all formalities. In the case of ambiguity or lack of clearness in stating the price in the bids, the City reserves the right to consider the most advantageous construction thereof, or to reject the bid. Unreasonable or unbalanced unit prices will authorize the City to reject any bid.

Bidders must be skilled and regularly engaged in the class of work upon which they are bidding, and must make themselves acquainted

with the character of ground, facilities for transportation and all other conditions likely to effect the cost of the proposed work.

Plans, Specifications and forms of Proposal may be obtained at the office of the City Secretary of Haskell, Texas, or at the office of Morey & Morey, 417 - 18 Prentiss Building, Dallas, Texas, by parties intending to bid on the different sections of work, by depositing a certified check for Twenty Dollars (\$20.00) Ten Dollars (\$10.00) of which will be refunded upon submission of a bona fide proposal on the work, accompanied by plans and specifications, or upon the return, intact, of the plans and specifications prior to the date of receiving proposals; otherwise, the amount deposited will become the property of Morey & Morey.

This Notice is issued and given pursuant to authority conferred on the undersigned as Mayor of said City by resolution of the City Council, on this the 3rd day of October, 1935.

A. F. THURMAN, Mayor, City Of Haskell, Texas.

In the showman's creed of "The Show Must Go On," Tuesday night Capt. Simon's dive was postponed on account of the high wind. Wednesday at two p. m. Capt. Simon, despite the high wind which was just as strong as before, made his dive rather than disappoint the huge crowd of spectators. The wind turned Capt. Simon too far and he landed on his head at the bottom of the small tank of water. Assistants had to pull him out and it was several minutes before Simon regained consciousness and was able to return to his tent.

have defective hearing. Simon made a parachute jump on his first airplane ride, it didn't help his hearing but it gave him a taste for thrill.

He stayed with the parachute jumps long enough to add wing walking and changing from plane to plane to his repertory and then he happened to see a man make a fire dive. That was something that he hadn't tried. He immediately made arrangements to learn how it was done.

The men set up a ladder on the banks of the river and Simon started going up and up, 10 to 15 feet higher with each dive. Finally he reached the top and all was well. He only broke his collar bone on his first jump.

## 30 YEARS AGO TO-DAY

Mr. Tom Brooks is having a handsome new residence erected on his lot just one block west from the square. The building is a modern one in every particular.

H. C. Arbuckle and wife and T. J. Arbuckle and wife composed a party going to Stamford to see the circus Saturday night.

Robertson Bros. have added a handsome auto delivery. The car is a special built Saxon. This will help the firm to keep up with the times and give their customers first class service.

Raymond Banks, Dewey Courtney and Alonzo Pate paid a visit to the elephants at Stamford Wednesday.

## 30 YEARS AGO TO-DAY

The premium list of the Haskell Street fair which was held October 27th and 28th, was published with the following list of people serving as department heads: Farm department, Capt. W. W. Fields. Vegetable and Fruit, Judge P. D. Sonders. Livestock, S. W. Scott, Hogs, S. E. Carothers, Ladies Department, Mrs. H. S. Wilson, Mrs. R. C. Montgomery, Mrs. J. A. Couch, Mrs. A. D. English and Mrs. J. N. Ellis. Culinary and Floral, Mrs. W. E. Sherrill, Childrens Department, Mrs. W. L. Hills, Curios, Mrs. D. M. Winn, Riding and driving, Dr. E. E. Gilbert.

Mrs. J. E. Norvell of the Ample neighborhood was in town Wednesday and we learned from him that W. A. Boman had the misfortune of losing his house by fire.

W. M. Sager for whom the town of Sagerton was named was on our streets Monday.

## 40 YEARS AGO TO-DAY

Messrs. R. B. Fields, W. H. McClatchie will leave in a day or two with about sixty head of saddle and work horses which they will drive to Kaufman county for sale there.

Messrs. D. M. Winn, S. S. Cummings, and Chas. Denson Jr., are old Haskell citizens, who we are informed will return shortly with their families and make Haskell county their home again.

J. H. Hicks sold a fine load of Red milo maize heads in town Saturday. It looked good enough to make a horse laugh.

Mrs. Day, mother of Mrs. English, gave a party last Saturday evening

to a number of her friends, the occasion being her eightieth birthday at which ripe age she is well and strong in body and mind.

## NEW ONE-PIECE WHEELS OF STEEL

Wheels of new design which are pleasing in appearance, easier to clean and almost five pounds lighter per wheel than the steel spoke type they supersede are an important improvement to the Ford V-8 cars for 1936, states J. D. Montgomery local Ford dealer.

The wheel as it is commonly thought of is practically eliminated in the new structure, which is equally as strong as the previous welded steel spoke wheel. In the 1936 wheel there is a brake drum with lug bolts, near the outer diameter. A bolting rim, for attaching the wheel to the chassis, is welded inside of the rim. The rim is mounted on the brake drum and the result is a wheel.

After putting on the new 12 1/2 inch hub cap, the resulting combination is the complete assembly. It is light, strong and attractive.

The substantial reduction in unsprung weight of the Ford V-8 for 1936—nearly 20 pounds for the four wheels—improves the easy riding qualities of the car. Road inequalities which are transferred to the unsprung weight are still further minimized in the new Ford V-8.

The new hub cap is much larger and has a central surface of polished rustless steel. The outer rim of the hub cap is enameled the same color as the short spokes or ears of the wheel and the rim.

The new wheel is very easy to clean and provides better coverage of the running gear.

Tires are again 6.00 by 16 inches, carrying 30 pounds pressure.

by HENRY-LESSON RADCLIFFE

## GENUINE RELIGION

International Sunday School Lesson for October 20, 1935

GOLDEN TEXT: "Hearken to my voice, and I will be your God, and ye shall be my people." Jeremiah 7:23.

Lesson Text: Jeremiah 7:1-11, 21-23.

Chapters 7-10, inclusive, give us the text of a noteworthy address delivered by Jeremiah. Many think that the 26th chapter, from which we took some of our lesson last week, is a short summary of this powerful sermon. In delivering his message, Jeremiah went to his crowd, locating himself in one of the gates of the Temple. Here, large numbers of worshippers passed, observing the ceremonial law and attending upon its ordinances.

These worshippers, says George Adam Smith, "thought their formal devotions were more than enough to counter-balance any breaches of the decalogue; they laid that flattering unction to their souls. They could make it up with God for setting his moral law at naught. It was merely a question of compensation. They did not see that the moral law is as immutable as laws physical; and that the consequences of violating it are as inseparable from it as pain from a blow, or death from prison. They did not see that the moral law is simply the law of man's health and wealth, and that the transgression of it is sorrow and suffering and death."

Jeremiah's words were striking and stinging, as he warned them not to rely upon their belief that they were God's chosen people and the Temple was God's house, which allowed them to presume in their conduct. He called upon them to live better lives. There were too many formal worshippers of Jehovah who lived as they pleased, relying upon formal observance of certain religious rules to save them. "Will ye steal," asked Jeremiah, "murder and commit adultery, swear falsely, burn incense unto Baal and walk after other gods . . . and come and stand before me in this house . . . and say, we are delivered?"

Jeremiah fully realized and forcefully proclaimed the usefulness of such a religion. Only genuine acceptance of Jehovah's teachings would be acceptable to Him. Therefore, he called upon his hearers to change their ways, execute justice to every man, treat fairly the stranger within the land, the fatherless and the down, refrain from shedding innocent blood and to abandon the false gods upon whom they were placing dependence. On this, Jeremiah said, and God would take care of them, but if otherwise, he pointed them to Shiloh and the nation of Israel. That city had been destroyed and those people had been carried into captivity. The same fate Jeremiah warned Jerusalem and Judah would over-

take them if they persevered in their hypocritical righteousness and pagan idolatry.

Jeremiah depreciated dependence which his people placed upon certain religious exercises, such as burnt offerings and sacrifices. In common with other prophets he declared that God was not interested so much in these superficial observances as he was in his people obeying his commands. "Harken unto my voice, and I will be your God and ye shall be my people," was the quotation from God which Jeremiah declared to his people. The question could be well raised today, if there are not too many nominal church members and professional Christians making the mistake these ancient inhabitants of Judah made, that is, using a formal and ceremonial religion as sop to conscience that they might give material and selfish lives undisturbed. Needless to say, such modern worshippers are fooling themselves and God's warning that "my fury shall be poured out" should constitute as serious a threat to them as to the people of Judah centuries ago.

Jeremiah's task was very difficult. He was called to deliver a message to a people so far gone that his call to a reformed life was frankly characterized as hopeless. Notwithstanding the unpopularity that came with it, Jeremiah persevered. "Jeremiah was lowly, despised, persecuted," says Henry Van Dyke, and; "He was probably the best hated man in Jerusalem. But he did not flinch from his duty of telling the disagreeable truth. Every age needs prophets who are brave enough to do that—Cassandra on the wall of windy Troy, Dante flying from ill-counselled Florence, Carlyle picturing the shame and danger of complacent England, and our own young men who are proclaiming the peril of wealth-worshipping America."

"The prophets were great; but the prophets were men of God," says a Micah, a Jeremiah. Put God into man's life, and he becomes a Samuel, a Micah, a Jeremiah. Put God into a man's life, and he becomes a Paul, a Stephen, a Luther, a Calvin, a Knox. What men in history can compare with these men of God, or with their kindred in the different ages. God is knocking at the doors of your nation by his gospel and by his Spirit. Have you opened the doors of your nation to God? How much of your thinking does he control? What place has he in your plans? What proportion of your time does he control? What enthronement has his law in your heart? What proportion of your substance do you give him? If we are not as the prophets, it is not God's fault. It is our fault, because we are keeping God out of our lives."

Mr. and Mrs. T. F. Tucker, of Wichita Falls are here visiting with Mr. and Mrs. Alvah Crandell and Misses Frankie and Louise Brooks. Mr. and Mrs. Tucker are former residents of Haskell.

## common Everyday Colds!

"Colds" are dangerous! Don't regard them lightly. According to government statistics, diseases of the breathing apparatus are responsible for more deaths than any other single cause, including cancer or heart disease. While respiratory diseases often start seriously, they are closely related to "colds" and in many instances are directly traceable to catching cold.

Municipalities have made great progress in stamping out typhoid fever, smallpox, diphtheria and other communicable diseases that once demanded their grim death toll. But America's Public Health Enemy Number One, the common cold germ, still rages rampant as a constant threat to the health and safety of our loved ones. Frequently "common colds" pave the way for such serious illnesses as pneumonia, bronchitis, influenza, tuberculosis and other serious respiratory diseases that result in so many deaths each winter.

Any sudden change in temperature as you go from a warm room into a cold one disturbs the heat-regulating apparatus of the body and makes it susceptible to the vicious attacks of "cold germs."

Your health and that of your family is your most valuable possession. Guard it this winter with proper ventilation and adequate heat in every room in the house. COMMUNITY NATURAL GAS COMPANY.

Tune in each Thursday night at 6:45, WFAA-WBAP, beginning October 17, for vital facts to help you guard your family against Public Health Enemy No. 1.

America's Public Health Enemy Number One, the common cold germ, is marshalling his forces for winter!

## Indians Defeat Rochester 37-0

During the first quarter of the football game, between Rochester and Haskell last Friday night, the Rochester Steers held the Haskell Indians scoreless but the second quarter started the Indians on their way to victory. It was the line plunging of Kimbrough and the end running of Barnett that did the damage and decided the victory. However, this could never have happened without wonderful team work and interference on the part of the other backs and the line. The second quarter ended with the score 10-0 in favor of Haskell.

The Indians came out to start the third quarter with a wonderful show of pep and enthusiasm, which certainly helped their playing. Kimbrough again scored, making the third touchdown. Two passes were completed during this quarter, one to Barnett and one to Jenkins, both securing long gains.

Barnett made a touchdown during the fourth quarter on a long end run, made possible by a splendid block by Kimbrough ran thirty yards for another touchdown and made the final one. Haskell outplayed Rochester by first downs. Haskell made fourteen first downs to Rochester's four and the final score was 37-0 in favor of Haskell.

This proved to be one of the best played games Haskell has played this season or any other season. Those boys actually played a real head up football game and deserve all the credit that can be given to them. The cooperation and enthusiasm shown by the team was one of the outstanding things of the game, and if the team plays against Abilene as it did Rochester there will be a surprised Abilene team when the game is finished.

The starting line-ups:  
 Haskell Indians: Stanton, Right End; Moser, Left End; Smith, Right Tackle; Atkins, Left Tackle; Rose, Right Guard; Reeves, Left Guard; E. McMillan, Center; Kimbrough, Quarter Back; Jenkins, Right Half; Lon McMillan, Left Half; Barnett, Full Back.

Substitutes: Thompson, Lloyd McMillan, Stoneman, D. Crawford, J. Crawford, Henshaw, Kaigler, Wheatley, Scott, McAnulty, Kirkpatrick.

MISS HELEN MAY KEMP

Miss Helen Mae Kemp was reared in Blum, Texas, and attended grade and high school there. After high school she went to Denton and entered North Texas State Teachers' College from which institution she received her Bachelor of Arts Degree in 1934. Later she worked at the College of Industrial Arts on her Master's Degree.

At present she is teaching her first year of Home Economics in Haskell high school and is sponsor of the Lillian Peak Home Economics Club. As director of the Textile Department, she is taking part in the Central West Texas Golden Jubilee Fair.

### The American Creed

"I believe in the United States of America as a government of the people, by the people, and for the people, whose just powers are derived from the consent of the governed; a Democracy in a republic; a sovereign nation of many sovereign states; a perfect union, one and inseparable; established upon those principles of freedom, equality, justice, and humanity for which American patriots sacrificed their lives and fortunes. I therefore believe it is my duty to love it; support its constitution; to obey its laws; to respect its laws to respect its flag and to defend it against all enemies."

The above is the American Creed and our flag is the symbol of each and every one of its phrases. The American Flag represents a government of the people, by the people and for the people. It represents our democracy, our sovereign nation of many sovereign states and our perfect union, one and inseparable. It is not only a symbol of freedom, equality, justice and humanity, but a symbol of the American citizen and their ideals. It should have a place in the hearts of every true American citizen, and it should be loved, respected and loved by that citizen.

### This Week's Warwhoop "Chief"

We present as this week's Warwhoop "Chief" Mr. John A. Couch, who came to Haskell about 40 years ago and has been actively identified with the development and progress of this section. He is manager and a partner in the R. B. Spencer Lumber Company, one of the most successful firms of the city.

Mr. Couch served for 14 years as a member of the Haskell School Board and was secretary at the time the present high school building was erected. He always takes an active interest in school affairs. He is now chief executive of the County School board and is especially interested in the rural schools of the County.

He takes an active interest in all civic affairs of the town and county and has probably served on more committees, working for the development and improvement of this section than any other one man. He is Secretary of the Haskell County Democratic Executive Committee, but does not claim to be a politician in any sense of the word.

JOHN A. COUCH

### District Receives and Accepts Offer

The school district received an offer of money from the government and has filed acceptance. Final preparations plans for the building are being made and when they have been completed they will be submitted to the P. W. A. at an early date. It seems that bids on the contract will be open within thirty days.

### Miss Josselet as "Miss Haskell"

Miss Ruth Josselet, one of our high school seniors was chosen to ride as "Miss Haskell" in the parade which was staged in connection with the Central West Texas Golden Jubilee Fair. Ruth has been a member of the schools of this city since 1928, and will be among this year's graduates. She has ridden all her life; during the past two year she has participated in the parades—last year she won third place in the contest for women.

### "Happy Birthday To You"

It seems that everyone in high school has one thing in common. That one thing is a birthday. We wish to ask the students not to use too much energy in wishing the following students a "happy birthday" during the second and third week of October:

- Elsie Gholson, October 12th.
- J. C. Scott, October 12th.
- Conner Christian, October 13th.
- Van J. Stone, October 13th.
- Martha Head, October 14th.
- Norma Anderson, October 15th.
- Edwin Roberts, October 15th.
- C. T. Fields, October 16th.
- Rex Packwood, October 16th.
- Thomas Britz, October 17th.
- Ruby Stodghill, October 18th.
- Christine Lowe, October 18th.
- Lon McMillan, October 19th.
- Frances Stephens, 19th.

John Kimbrough went to the Stamford Sanitarium Monday morning and had the cast removed from his injured shoulder.

### High School Choral Club Organized

The High School Choral Club organized October 14, with twenty-five members present. The club has already been scheduled to sing for the Parents-Teachers Association sometime in November. They meet every Monday and are already practicing for their first program.

Miss Nadine Wheeler, talented music teacher in Haskell, is the director of the club and Mrs. George Wimbiish is the sponsor. Miss Anna Belle Stanton is to be accompanist. The following officers were elected: President—Geraldine Norris. Vice-President—Gladys Fouts. Secretary—Geraldine Conner. Treasurer—Marvina Post. Reporter—Helen Ballard. The other members present at the meeting were:

Geneva Quattliebbaum, Martha Head, Geraldine Fouts, Wynona Post, Louise Pierson, Lottie Mae Thompson, Armitta Bland, Edna Ivy, Blanche Davis, Sue Hood, Ruby Sue Persons, Elsie Gholson, Catherine Wair, Marie Rhodes, Mattie Pistole, Marjorie Ratliff, Martelle Clifton, Dorothy Dee Welsh, and Ouida Holmesly.

### Students Enjoy First Assembly Program

All the students of Haskell High were glad to see the curtains lifted for our first assembly program on the ninth day of October.

Mrs. Kaigler was in charge of the program and had several interesting as well as clever numbers. Some of the readings and skits were dedicated to the newly wed, Mr. and Mrs. Mason; while others revealed the love affairs of some of our well-known students. Several of the freshman students appeared on the program.

After the students were through with their numbers, Rev. Gilmore made a very interesting fifteen minutes talk. I believe every one enjoyed the program, including Mr. Mason.

H. T. SULLIVAN

Mr. Sullivan came to Haskell from Hodges, Alabama. It was there he received his high school education and his college degree was gained in Alabama Polytechnic Institute at Auburn.

Last year he took H. K. Henry's place as agriculture teacher and is still holding that position. He is sponsor of F. F. A. (Future Farmers of America) in Haskell and a Second Lieutenant in the R. O. T. C. He is also Secretary of the Central West Texas Fair Association, and has done an important work toward making the Fair a great success.

### A Peep At The Pep Squad

Yea, Gold! Yea, Black!  
 Yea, Yea, Gold and Black

Yea, sir, the new suits are gold and black and do they make a fine lookin' pep squad. The pep squad assembled Friday afternoon in order to "line up" for the street parade which we gave Friday evening before the game with Rochester. We wanted the whole town to know we were in our new suits not for the purpose of showing off but that we were rootin' for our football team. We yelled for them more Friday night than we ever have before. We let them know that we appreciated every touchdown goal, score and every tackle. We were backing them with every ounce of our pep and they knew it. Even though four of our best players were unable to play, the remaining team kept on fighting. They knew we were behind them, whether winning or losing and we always will be.

Friday night will be the game of the season, the Haskell Indians vs. Abilene Steers and if you don't believe the pep squad will be there with you in our new suits and backing the team, then attend the game.

### First Sheriff Takes Over Office Again

Alex Tucker, Haskell's first Sheriff, and Giles Kemp, Haskell's present Sheriff talk over the job of law enforcing as Tucker is made Honorary Sheriff for his visit to the Fair and Pioneer's Reunion.

Stretched out comfortably in an easy chair in the ante-room of the sheriff's office and with pipes drawing comfortably two of Haskell's pioneers were in a reminiscent mood as they recalled incidents and people of fifty and 60 years ago.

Haskell's first sheriff, "Alex" Tucker and one of the first merchants of Haskell, F. G. Alexander were recalling the happenings of long ago and Mr. Tucker was asking for news of Bill and John and Scotty and at times he had to tell of some happening to recall the name he was trying to place.

The Dillinger of Haskell County was a rough, tough man. Doc Woods was his name and he was anxious to carve that name into the hide of every calf he could find. When the Sheriff went after him there was no show of bravado but Woods went to the penitentiary for two years for stealing one of Mr. Alexander's calves. Woods was the first man from Haskell County that was ever confined to the pen, a dubious honor.

Sheriff Tucker said that he had only one serious fight when he was in office and that was with a constable, Charlie Jowell. The Sheriff could not recall the cause of the fight but it happened on the South lawn of the courthouse.

The Sheriff said that Jowell outweighed him about 20 or 30 pounds and he was foolish enough to get close to the constable. Jowell downed him quickly and had a rock in his hand to hit Tucker over the head, but a Dr. McGee, long since dead, came to the rescue and picked up a large stone himself. Dr. McGee threatened to brain Jowell, if he

didn't get up and stop fighting, and according to Sheriff Tucker, the physician was plenty big enough and mad enough to do it.

The fight happened on a Wednesday and both men paid their fines. The constable promised to leave town if nothing more was done about the incident or the cause and remained true to his word by resigning the following Saturday. Jowell moved to Amarillo and is now in Lubbock.

The Sheriff chuckled as he told his yarns of the old days. He and Mr. Alexander were both laughing when he started tell of Milt Tharp, a young buck that was in the old jail just South of what is now known as the Rule Highway. The old building walls are now standing by Spring Branch.

Thorp dug a hole in the back wall of the jail and hit out for distant horizons. Tucker caught up with him close to Bitter Lake. Thorp had a butcher knife and a Winchester, and he dug a hole with the knife and prepared to stand off the law.

The sheriff was also armed with a rifle and started pumping bullets into the mound of earth around Thorp's hole in such a manner that the outlaw was afraid to raise his head to take aim and try his hand at shooting.

"You made it too hot for me," Thorp said when the sheriff was bringing him in.

When asked what the difference in modern day methods as against the old timers, Sheriff Tucker said that he supposed the modern methods were better, but in principle it was about the same. Today the officers have to have the faster car and a knowledge of the roads while in his day he had to have the better horse and a knowledge of the country.

Knowing the country in which he had to work was not considered unusual in those days, and Tucker had been a cowhand on the old Emerald Ranch, now known as the X ranch, before he was elected to office.

Mr. Tucker was in Haskell County before the county was organized. He served six years as the first sheriff to be elected after the county was organized, leaving here in 1891 to take up his residence in Pecos.

Mr. Tucker was made honorary Sheriff for the duration of his stay and is anxiously waiting for the Old Settlers Reunion so that he and his friends and saddle partners of 50 years ago can get together and talk of the times when there were very few gates in Haskell County because there were so few fences and the cattle ranches were not cut up into farms as they are now.

#### On H. S. U. Freshman Team

Ralph Bernard, Haskell High School graduate of the 1932 class will be in the starting lineup when the Hardin-Simmons University freshmen take the field against the first year team from Howard Payne College in Abilene Thursday night.

The young Cowboys, under the tutelage of Theo Rigsby, former Hardin-Simmons backfield star, will meet Texas Tech freshmen and Howard Payne again during the season. With three weeks practice behind them they will be in excellent shape for the initial tilt.

A natural, purely vegetable laxative.

#### BLACK-DRAUGHT

### The Warhoop— Campus Flashlight

You have heard of the up town slowdown; here is something on the same order.

Francis Holmes says she would not go with a runt, so she goes with a six-footer. (And her only a Sophomore.)

Eula Fae Glass attended Labry Ballard's birthday party, and did they have fun.

Henry Stanton, who says he has never been with a girl in all his life, says he will make up for lost time when he does; so watch out, girls.

We would like to inform the girls of the high school that Jimmie Crawford has no time for petting, because of his school work.

Sue Hood, like Elsie G., cannot make up her mind which boy to make the next date with, Bob Wheatly or Alvy Couch.

R. C. Couch, of whom we have nothing to say, has been into no trouble that we know of, except, well M. E. you understand.

Woodie Frazier cannot keep his mind on his studies because of his continual thinking of Melba.

We wonder why Armita and Juanita are always carrying letters post marked, Dallas and Lubbock, respectively.

Ask Blanche Davis where she was last Wednesday night.

### Being A Friend

Last Wednesday, October 9, as the conclusion of a splendid chapel program given, by Mrs. Kaigler, Rev. Gilmore talked to the student body on friendliness. A student presents the following thoughts provoked by that address.

To be friendly and helpful is pleasing, both to ourselves and to others. Anyone appreciates a hearty "Hello!", and everyone likes to be regarded with kindness and thoughtfulness. Friendliness pays us large profits, not only in happiness, but also in material gain. It is a sign of culture and gives to our associates an impression of good will and ability.

But being friendly is not enough, for we must be the right kind of a friend. To be such we must follow the three foremost rules: think right, speak right and act right. Clean thoughts, clean speech and clean actions are necessary to a strong and worthwhile character, and therefore of a good friend. Of these three, clean thinking is the foundation on which the other two depend, for it is an impossibility to speak and act correctly if we have indecent thoughts.

Our thoughts constitute the real essence of our lives. After all, it is the way we regard incidents, and not the incidents themselves that matter. Our thoughts are greatly influenced by what we have read, as well as by what we see and hear. Since thoughts are so important, would it not be worthwhile to carefully choose our literature, and painstakingly, our friends?

A splendid life and character cannot be built upon the language of the gutter. Our words should be pitched to a high key if we desire to develop our characters to high standards.

How much we know is important but, in the end, it is how we use what we know that counts. Knowing how to act does not take the

place of action, nor excuses us from wrong actions. Our actions should not be thus compromised. Instead we should do as our conscience direct.

### Classroom Classics From Kaigler Studio

"A man who watches the clock generally remains one of the hands"—Thomas A. Edison.

"There is a tide in the affairs of men which taken at the flood, Leads on to fortune; omitted, all the voyage of their life, Is bound in shallows and in miseries;

On such a full sea are we now afloat, And we must make the current when it serves, Or lose our venture."—Julius Caesar.

We were reminded of the above quotations on last Wednesday-week, when members of the Haskell high school Dramatic Club gave the first chapel program of this school year. Rev. Gilmore, pastor of the First Christian Church, talked to the students on applying themselves before it is too late.

The first part of the program was given by members of the club and consisted largely of two parts; first the freshmen paying special attention to certain juniors and seniors—this way by Dorothy Jostlett, Eva Jo Ratliff and Eula Fay Glass; the second was tributes to Mr. and Mrs. Perry Mason; readings by John Guest and Helen Ballard and a sketch by Madge Leon and John Guest. "The First Quarrel". Others on the program were: Paul Roberts, Woodrow Perrin, Wallace Parish, Madge Leon and Ruth Welsh.

### Random Observations

History IC, which meets the seventh period, must be quite a "hen party," as there isn't a single boy in it. Miss Riley says there was one boy in it once, but she thinks he must have escaped.

Last Wednesday should have been Freshmen Day, there were so many of them appearing on Mrs. Kaigler's assembly program. So now they've made their debut! It wasn't half bad either.

Did you get one of those pamphlets containing the schedules of all the teams in the district? Some one was kind enough to provide us with a "jillion" of them, free. They have them that I wouldn't part with so much District 6 information in mine.

Tucked in among the many "ads" in that little pamphlet in a perfect gem of thought: "Success is a journey, not a destination." Wonder if the Seniors have selected a class motto yet. That wouldn't be a bad one.

In the Junior class there are students whose home addresses are Weinert, Stamford and Sagerton. We're getting cosmopolitan, beyond a doubt.

Nobody has ever seen a more attractive pep squad—and no foolin'. And here's hoping that, wherever a yellow jacket goes the wearer will remember that she will be conspicuous, and that we are depending on her to represent our highest ideals of conduct.

Mr. Breedlove made several business trips to Abilene last week.

We are glad Artie Pippen is back in school after several days of absence.

Miss Davis spent the week-end in Rule.

### ROUND ROBIN BALL GAME TAKEN BY ASPERMONT

#### Rochester Cops the Consolation Game

Aspermont took first place in the round robin football tournament last Wednesday when they blocked a kick and then covered the ball behind Munday's goal line for two points. They had penetrated Munday's territory to two yards of the goal line twice but had lost the ball on downs both times as the Munday team tightened up and refused to let the Aspermonters through.

Third place was capped by Rochester when they took Knox City to the cleaners in the play off. Rochester let loose some beautiful punting and on one occasion, Mooney booted the ball 65 yards in a high roller and his ends were camped under the receiver.

The first game was between Rochester and Munday. Munday got 57 and 12 yards and the Steers had 51 yards. Both teams got three first downs. Second game was between Knox City and Aspermont. Aspermont got one penetration, three first downs and 69 yards gain to Knox City's 39 yards gain, two first downs and no penetrations.

The teams played seven minute quarters, each team playing a half and then giving way to the next game. Losers played loser and winners played winners.

It sounds crazy but the game was interesting and some good football was demonstrated.

Starting line-ups were:

Munday: L. E. Capt. Kietheley, L. T. Ziesel, LG W. Eiland, C. Edwards, RG Broach, RT C. Eiland, RE Trammel, Backfield Hobert, Williams Barnicoat and Pollock. Rochester: LE Acree, LT Dabney, LG Hudson, C. Posey, RG Wood, RT Wyatt, RE Grinstead, Backfield, Harper, Wadzech Mooney and Penman.

Aspermont RE Berman, RT Hynes, RG. Smith, C. Burtell, LG Abbott, LT Marlow, LE Hanke, Backs, Rice, Bokman, Ellison, and Captain Rice.

Knox City: LE Davis LT Branton, LG Thompson, C. Bill Evans, LG Angle, LT Coker LE Dutton, Backfield, Sibley, Humphreys, Huntsman, and Shavers.

### NYA Applications—

(Continued from Page One)  
school and need this work to help pay expenses. The work is selected for the student by the School Superintendent such as library assistants, office assignments, in cleaning up the grounds, helping in the janitorial duties, or any other tasks that need to be done around the school.

The NYA provides a maximum salary of Six Dollars per month per student thus employed, which is more than is needed for school supplies as the Texas State Free Text Book system supplies all the more expensive school needs.

Mr. Graham stated that there were several students in the county who should make application for this NYA help and continue with their education as far as the high school work will allow, but there is evidently some misunderstanding of this system. The only provision is that the student's family shall be on relief now and were on relief last May. The students are selected for scholastic ability and interest in their studies.

Of the five applications sent in last Friday, Oct. 11, Mr. Graham expressed confidence that the entire list would be approved by the State and Federal authorities and the jobs would be available within a very short time.

It is not too late for further applications to be submitted at this time, stated Mr. Graham and all who wish to have this help should get in touch with their school superintendent or the County Superintendent.
