Brazos River Dam Near Jud Gets Hearty Support

PLANS MAPPED AT RULE

CALL FOR QUICK ACTION

COMMITTEE NOW IN AUSTIN BEFORE STATE BOARD OF DIRECTORS

Try to Get Jud Dam Started First

An enthused crowd of 76 present in the first meeting of the Brazos River Dam project which was held at the Methodist Church of Rule, Friday night, the organization quickly perfected to get the dam under way.

County Judge Charles Conner was elected permanent Chairman of the organization, Sam Davis was chosen Vice-Chairman and Alfred Pierson, Haskell banker, was elected Secretary and Treasurer.

Mr. Davis sounded the key note in his meeting when he stated that the dam is a regular Valley of Life and all we need is water. We get that little old fish pond and we will have to run special express trains from California so those people can see what the really looks like.

E. Baskin, Seymour banker and one of the first workers toward the dam project, was the principal speaker of the evening. Mr. Baskin has worked long and tirelessly toward the realization of this project and he briefly outlined the work that has been done to date on the project.

Baskin told of the necessary steps that would have to be undertaken before actual construction starts.

It was advised that at least \$1,000 should be raised for the purpose of defraying expenses of two men to contact landowners whose property will be inundated by the construction of the dam. This amount was pledged and money raised if necessary.

AGRICULTURE BUILDING IS OFFERED CITY

\$12,500 Structure Is One of Three Proposed In This District

An Agriculture Building costing \$12,500 will be erected in Haskell if the people of the City want the building enough to put up \$2,500.00.

This word was received here this week and the Civic organizations that were contacted have all expressed the opinion that it would be a simple matter to get this done.

The \$2,500 necessary for Haskell to raise, must be underwritten by the County Commissioner's Court. County Judge Charlie Conner could not be contacted late Thursday for a statement on the matter. However, this \$2,500 can be used in the purchase of the lots which are to be used in this work.

The new Agricultural building offered Haskell will contain offices for the work, sufficient to accommodate the large corps of employees necessary to maintain the work at a high level. In addition, there will be an auditorium large enough to seat at least 250 people.

District number three, of which Haskell County is a part, is comprised of 17 counties. Roughly speaking, Haskell county is the South line, Stonewall the West line, Wise County the East line and the Texas-Oklahoma boundary is the North line. Of this district Haskell County is the highest ranking county in the work. In this connection, Haskell County is fourth in West Texas. There are over 2500 Bankhead applications from Haskell County and the other work is in the same proportion.

In this district, there will be three of these buildings built by the Federal Government, and if Haskell does not want the building, one of

YOUNG FARMER IS KILLED IN WRECK HERE MONDAY

Traffic Victim Dies Within Few Seconds Before Aid Could Reach Him

Elbert E. Owens, 33, well-known farmer of the Smith Chapel community northwest of Weibert was almost instantly killed Monday afternoon at 4:40 o'clock when the light sedan he was driving crashed head-on into a tree beside the highway one mile north of the Haskell square.

The accident occurred when Owens, en route home from Haskell attempted to avert a collision with a car driven by P. O. Ammonett, Haskell farmer, just as the latter was attempting a left turn from the highway. Rear wheel of the Owens car struck the front of the second vehicle, spinning it around. The Owens automobile, out of control, left the highway and struck a small culvert, then crashed into a tree. Impact of Owens' body crushed the steering wheel, and he sustained cuts about the face and scalp.

Persons who witnessed the crash rushed to the car and extricated the victim from the wreckage. He was reached, dying before an ambulance and physician summoned, arrived at the scene. The body was removed to the Kinney Funeral Home and prepared for burial.

Funeral rites were held at 3:30 o'clock Tuesday afternoon at the Smith Chapel church, with the Rev. I. J. Duff, Baptist minister of Weibert, officiating, assisted by Rev. W. H. Albertson, of Munday. Interment was in the Weibert Cemetery under direction of J. H. Kinney.

Rural Schools Need Over \$16,000.00 State Aid

Mr. Bryan Dickson of Childers, Deputy State Supervisor, completed his inspection of the Haskell County rural school system last Friday.

Mr. Dickson granted \$16,416.00 in State Aid in order that aid schools in Haskell County could maintain eight months of classes in the rural schools.

"The county rural school system is in deplorable need of more transportation," Mr. Dickson stated in an interview with a Free Press reporter last Friday. "Other than this, the next most needed thing is an improvement in the water and sanitary conditions of the schools," Mr. Dickson said.

Mr. Dickson was highly pleased with the general aspects of the schools. The condition of the buildings was better than could be expected considering the past years of adverse conditions.

The \$16,000 State Aid grant is \$4,000 more than was needed last year, however, the Deputy State Superintendent was not adverse in his comments inasmuch as the schools were exerting extra effort in cooperating with the State Department in Classification. Mr. Dickson did not hesitate in granting this help.

There were 32 applications for

The whistle called the quarter.

Second Quarter
Haskell substituted Kirkpatrick for McMillan in the backfield. Higgins had the ball and on a long run around left end, fumbled and recovered after a 5 yard gain. Kimbrough downed him. Tooms made 1 at left guard. Rosie tackled.

Higgins made 5 off left tackle be-hind the best blocking the Merkel team had shown. Merkel's first down. Tooms shot a lateral to Higgins who made a yard at right end. Hig-gins made 7 through the line.

Haskell substituted Wheeler for Aikens. Time out for Merkel. Higgins was mobbed at the line of scrimmage, no gain.

Higgins punted to Barnett who fumbled on the 10 yard line but the play was called back. Both teams off side and no penalty. Higgins dropped the snap-back and Rosie McMillan and Jack Kimbrough were all over him like a swarm of ants. A 10 yard loss for Merkel. Has-kell's ball on downs.

Barnett on a reverse and around left end was stopped for no gain. Kimbrough was ganged after a yard at center. On a pass formation, Pangle broke through and threw Kimbrough for 10 yards loss before he could get rid of the ball.

Kimbrough punted to Tooms on Merkel's 30 yard line. Tooms re-turned the ball to Haskell's 30 yard line with a very neat exhibition of bro-ken field running, and a little block-ing by two men who couldn't keep the entire Haskell team off but made a noble attempt. Our assistant from Merkel got too excited to see the numbers and couldn't tell us who they were... but here's to them anyhow.

Higgins made 3 around left end. Kimbrough tackled.

Time out for Haskell. Merkel substituted S. Tooms for Joiner.

Higgins hit the left side of the line but Rosie McMillan threw him for a yard loss.

Robertson made 2 at left end. Kimbrough tackled him. A pass from Higgins to Robinson was so close to being good. It brushed the receivers finger tips and the boy was in the clear if he had caught it, it would have been "Katie, bar the door."

Haskell's ball on downs. Kimbrough made 1 at right guard. Higgins got him.

Kimbrough through a nice hole off left tackle made 3 yards but the play was called back and Haskell drew a 5 yard penalty for off side.

A pass from Kimbrough to Rogers was good for a 10 yard gain. Has-kell had 1 yard to go and a 3rd down. Kimbrough made 5 yards off tackle. Higgins got him.

Kimbrough punted to Blair who was downed on his own 30 yard line. Rosie McMillan got him. Higgins was thrown for a 5 yard loss by Rosie Cheeks.

Higgins punted to Barnett on Has-kell's 40 yard line and the ball was returned to the 50.

Rogers made 3 around left end. On a spin play and cross buck, Kimbrough made 3 yards with four men hanging on his neck. Kim-brough made plenty of gain on his famous fake pass formation. He was downed on the 30 yard line by Tooms. Kimbrough hit the line and it looked like a long gain but he dropped the ball and Robinson re-covered for Merkel. The umpire called the play back as Haskell was off side but Merkel took the ball instead of the penalty. Merkel's ball on their own 20 yard line.

Robinson made 6 yards around right end. Was run out of bounds by Rosie McMillan.

Blair made 2 off left tackle. Kim-brough hit him with a thud. Tooms made 1 at left tackle. Higgins punted to Barnett on Haskell's 40 yard line. Returned to the 45.

On a criss cross play Barnett was too fast and Kimbrough had to show the ball. Barnett was stopped at the line of scrimmage for no gain. Kimbrough went off tackle through a nice hole and then after passing the line of scrimmage some-one hollered "boo," scaring the poor boy so much he forgot to stop until after he had passed over the goal line. From where he took the ball it was a good 50 yard run and after passing the line, he had to do a little dodging and out ran the Merkel safety. Very, very nice work. The attempt to convert for the extra point was a failure.

Haskell substituted Rose for Reeves. Higgins took the punt on the 20 yard line and returned it to the 45. Rosie McMillan made a nice tackle. W. B. Tooms was kayoed in the melee. Morgan was sent in for Tooms.

V-8 LEADERSHIP

On October 31 of last year, Henry Ford announced his intention to build a million Ford V-8s in 1935. We are pleased to report that this goal was reached in exactly ten months instead of a full year.

One million cars and trucks is an impressive total. But figures by themselves mean nothing. It is what they represent that counts. Selling a V-8 at a low price has brought a new kind of automobile within reach of the people. Producing it has provided steady work for hundreds of thousands of men in the Ford plants, in associated industries and on the farm.

These million Ford V-8 cars and trucks have helped to make things better all around. In the first ten months of 1935 the Ford Motor Company paid out, in the United States alone, \$140,119,328.00 in wages and \$523,111,389.00 for materials.

Undefeated Indians Whip Badgers 25-7

With Jack as our scoring ace, the undefeated Indians whipped the Badgers 25-7. Jack made a beautiful run, one for 70 yards and another for 60 yards. The line bucked for a third one. Barnett made a good broken field run for a fourth touchdown. He ran about 30 yards.
 McMillan played an excellent game of football Friday and made a pass which might have been a touchdown otherwise. His blocked a Merkel punt. His opponent for the center position was Duffer also played a good game. He stopped several of the badgers for loss or no gain.
 "Topsy" Moser was at his best today and he snared a many Badger on the ground.
 Rogers and Lon McMillan were real football against the Badgers. They also made yardage when carrying the ball.
 Pinks let's not forget the others who played. They were: Bill Reeves, Lloyd McMillan, Wellington Smith, Robert Wheatley, James Roy Akins, Robert Thompson and Jenkins. These boys did some real playing and they left holes in the line for the backfield to come through. It seems this group of linemen have a grudge against the opposition and they are always trying to take them out of their opposition. Citizens of Haskell and students of Haskell were out to the Stadium to see the game next Friday afternoon. This is the most important game of the season because it is a game of the not the Indians but the east half district championship. Therefore we must support the Indians in every way. We all want to go to the game so why not get to the game next Friday afternoon at Stadium.

Hot Frosting Snow Frosting

The pep squad made their trip to the Friday afternoon and they made almost one hundred per cent. The north wind was cold and ground damp, and on top of that they got the shady side. Boo-boo felt like "red hots" with snow on their faces. They were so cold that they went to the bleachers and went to the side to stand on the ground. The pep squad was warmed up for the half. They sang and a field full of happy thrills and chills.

Girls Hold First Basketball Meeting

On Monday, November 18, the girls who plan to come out for basketball held their first meeting. In order to get started on their work. Under the direction of the sponsor, Mrs. Wimbish, will soon be on. Here's hoping we'll have a successful season.
 The girls are on their toes ready to start. The student body should carefully watch their plans and be ready to give encouragement. Those who do will find plenty worthy of interest for our girls are up and coming.

Is It Thanksgiving Or Christmas That Makes 'Em That Way

Say! Had you stopped to think about the two holidays we had last week and the two we will probably have next week? Now "ain't" that generous!
 While we are thinking of Thanksgiving we'll remind you to start saving up for that Turkey Dinner you'll have after (or maybe before) we have our football game that will make us District Champions. We hope!
 We wish to apologize for that most careless mistake, or rather oversight (although he is rather ill). We assure you, dear reader, it was purely unintentional and unnecessary—for it is a very evident fact. In the list of red heads last week the name of W. B. (Red) Harmon was omitted. We beg your pardon, Red.
 Is it the Thanksgiving spirit that makes all the girls on the campus so kind, so thoughtful, so sweet and so interested when they find something they are looking for? Anyway, they are really holding on when they find it. Now, if that isn't the Thanksgiving spirit there's just one other thing—Christmas is just around the corner!
 The neighbor's Bull Dogs are going to be growling at our heap big Indians' heels Friday afternoon when they watch them go over the goal line for those touchdowns. But Indians never were afraid of dogs, so don't let anybody tell you that the Indians are running from the Bull Dogs cause they'll be running over them—maybe.

This Week's Warwhoop "Chief"

Our War Whoop Chief this week is Dr. T. W. Williams.
 Doctor Williams, a comparative new comer to our city, graduated from Baylor Medical College in Dallas in the class of 1929.
 He served his internship at the Wichita Falls Clinic Hospital at Wichita Falls, Texas. After his internship was completed, he joined the medical staff of the State Hospital in the same city. At present he is an associate member of the Staff of the Baptist Hospital in Abilene. He also holds a commission in the United States Army Medical Reserve Corps.
 Dr. Williams came to Haskell and entered practice two years ago and since that time has been active in civic and community affairs. He is a member of the Lion's Club, a director of the Central West Texas Fair Association, a member of the Junior Chamber of Commerce and other worthy organizations.
 His untiring efforts in boosting the Indians and the Haskell Schools in general have been more than appreciated by the entire student body and the school officials.

DR. T. W. WILLIAMS
 We feel honored that we have the privilege of presenting our Chief for this week's Warwhoop... our friend, Dr. T. W. Williams.

High School PTA Meeting Postponed

The November meeting of the Haskell High School Parent-Teachers Association which was to have been held on November 27, has been postponed until Thursday, December 5. This has been done because of the Thanksgiving holidays, and because several Haskell teachers are planning to attend the Texas State Teachers Association which will meet in San Antonio at that time.

Girls' Quartet Appear In Assembly

At the usual assembly hour, Wednesday, November 13, the students sang together during an enjoyable half hour. Led by Mrs. Wimbish, we sang our favorites, and whistled or hummed while others sang. A popular selection was the classic entitled "Sweetly sings the Donkey," a round which we sang with enthusiasm.
 As a special feature on our program, our girls quartet sang two selections "Swing Song" and "Indian Dawn". This quartet consists of Geraldine Norris, Francis Kaigler, Lottie Mae Thompson, and Blanche Davis. We are proud of this quartet and hope we may hear them again soon.

THANK YOU

The Pep Squad wishes to thank Messrs. Railey, Leon, Daugherty, Conner, Lowe, Norris, Wimbish and Persons for permitting the use of their cars to take the Pep Squad to Merkel Friday afternoon. This took some of their business time, but we feel, and hope they do too, that it was spent for a equally good purpose. The members of the squad who went in these cars wish to thank them again for their accommodation and helpfulness to a needed purpose.

Guess Who?

She is a Soph; is tall; has black curly hair and black eyes; is never seen without something red on. Who is she?? (Answer next week).

We Are Keeping Tab On Haskell Exes

Many people never realize how much is accomplished by the graduates of Haskell High School. Some of the students go to a college or university when they graduate here. Those students who go to school longer and those who don't are constantly climbing towards success.
 Two well known seniors of the class of 1933, Ollie and Ola Prrazier, appeared in the Armistice Day program in Rule. In Haskell they were known as the singing Prrazier twins. They are both married and living in Rule now. We are glad to be able to say they finished high school in Haskell.
 Another graduate of the same year who is making good is O. D. Cook. O. D. plays in an orchestra over radio station KGKO in Wichita every morning at nine o'clock. During the time he was in the public schools of Haskell, O. D. was a very popular student. Several times he held a class office. We are proud of this ex-student who is making good.
 Miss Donna Davis also attended the Methodist Conference at Plainview.

Personals

Jack Wallace Watson has been out of school for the past three weeks, but we are expecting him back soon.
 Mr. Breedlove returned Sunday from the Methodist Conference held at Plainview.
 To Billy Vogelsang and Woodrow Percin we say "happy birthday!"

Merkel Game—(Continued from Page Three)

tackled him with a loud thud. Haskell substituted Kaigler for Moser.
 Barnett was tackled by Barnett for a yard loss. Kimbrough made 3 at left end. Riney got him again. Haskell ran in 3 more substitutes and officials penalized the Indians 5 yards for too many times out. Two passes were incomplete and Haskell lost the ball on downs.
 It was Merkel's ball on their own 23 yard line.
 A pass from Blair to W. B. Tooms was completed and Tooms was in the clear. At least clear enough to gain 72 yards down the sideline for a touchdown. With only a minute and a half left to play, this was the lone tally of the Badgers' day. The try for point was good.
 Haskell ran in a bunch of substitutes this time.
 Barnett took the kickoff on the 20 yard line and was about to be tackled so he shot a lateral to Kimbrough who was equally well guarded but what else was he to do? He was downed on the 15 yard line.
 Kimbrough lost 5 yards when he fumbled the ball. Riney downed him. Riney downed him again for a yard loss, when he attempted to circle around right end.
 He made 5 through center as the whistle blew for the games end. Starting Lineups:
 Merkel—L. E. Joiner; L. T. Tooms; L. G. Pangle; C. Moore; R. G. Barnett; R. T. D. Pangle; L. E. Riney; L. H. W. B. Tooms; R. H. Co-Capt. R. H. Robinson; Q. B. Blair; P. B. Capt. Higgins.
 Haskell: L. E. Moser; L. T. Smith; L. G. Reeves; C. E. McMillan; R. G. Lon McMillan; R. T. Akins; R. E. Stanton; L. H. Lloyd McMillan; R. H. Rogers; Q. B. Kimbrough; F. B. Barnett.
 Officials: Carl Pee and W. B. Neely of Hardin-Simmons University and H. P. Jabes, ex-coach of Rotan High School.

DANGEROUS TO PEDESTRIANS

Deaths from automobile accidents are divisible in two major classifications: (a) those involving pedestrians and (b) those involving occupants of automobiles only. Both of these include the innocent as well as the guilty.

In attempting to solve the automobile menace care should be first directed to the protection of the pedestrian, who, compelled to walk, is at the complete mercy of the reckless or intoxicated driver. For his protection stringent regulations are provided, but in order to enforce them with safety these regulations must be enforced. Every time you see an automobile or truck speeding through the streets of Haskell you are witnessing a direct violation of the rights of the pedestrian and a flagrant disregard of their safety, which should be promptly punished. It is only through summary action against drivers who repeatedly violate the safety regulations that our annual death toll is to be reduced. It is about time that you give the matter some attention.

CHRISTMAS SHOPPING

There is more to the "Shop Early" slogan than a desire to help the clerks in the various stores of Haskell. Practically every merchant here has some special Christmas goods, already on sale. Those who do their shopping early will have the advantage that belongs to greater stocks, from which to select what they want.

Just before Christmas the stocks will be "shot to pieces." The buyer, usually in a last minute rush, will have to take what is left, and be content. You can serve yourself better by going ahead with your shopping at once.

LET US RETURN THANKS

Thanksgiving calls for an appreciation of the Divine goodness of God. It is to be participated in only by those who believe in a Supreme Being interested in His children and extending their favors.

Those who do not think that God takes a particular interest in the affairs of mankind should not return hypocritical thanks to Him for something they do not recognize as His blessing. Those who believe in a material universe, uninfused by a Deity, are not called upon to return thanks to their material elements. The observance of Thanksgiving, in this country, is a public recognition of the faith of America in a living, personal, benevolent God.

Let us not suppose, however, that Thanksgiving is intended only to extend thanks for material prosperity. We enjoy many blessings that have little to do with wealth or poverty. They abound in every day life, and many of them are enjoyed by millions of men and women together and, individually, at the same time.

SHOULD A DOCTOR KILL?

A London doctor admits that he has taken life on two different occasions, involving a newly born baby "clearly doomed to imbecility," and four adults afflicted with incurable diseases.

His admission has started a warm discussion regarding the possible recognition of the right of the medical profession to do so in other similar cases. Opinion, as always, is divided. Many doctors assert that it is impossible to forecast the future in regard to the human body and that the taking of life is always wrong. Others support the British medical man's attitude.

The average citizen will probably be against such acts although many sufferers, facing prolonged agony without hope of recovery, would willingly give up life if not prevented from doing so by religious views.

SUPPORT HASKELL MERCHANTS

The best trading period of the year is at hand. Haskell merchants have their stocks well filled, they have come to distant markets and invested their money on the chance that they can guess what their trade wants and on the belief that the people of Haskell, before buying elsewhere will, at least, visit them to inspect their offerings.

All that local merchants can ask from local buyers is that they be given an opportunity to sell their wares. They should not, and do not, expect anyone to pay them five dollars where two dollars will buy the same thing. In fact, they hasten to add, is never the case. In fact, the savings which some people think they make by buying through the mail is very often imaginary.

Men and women in Haskell can try this out for themselves. All that they have to do is to visit the local business houses and give them a chance to meet competitors. However, be fair. Pay cash and do not expect extra that never go with a mail order price. These include various forms of clever service and assistance, but they are the strong assets of buying at home.

Miss Eloise Couch, who is teaching at Sunset School, spent the past week-end here with her parents, Mr. and Mrs. Alvy Couch.

Miss Courtney Hunt and Miss Louise Hunt spent the week-end here visiting with Mr. and Mrs. L. McCollum and baby and other friends and relatives.

Mr. Odell Gardner spent the week-end here visiting his parents.

Mr. and Mrs. Troy V. Post and sons, Vick of Dallas, and little Emily Grissom of Eastland visited relatives the past week end.

Mrs. J. W. Hill and children Deloris and Donald, of Amarillo, spent the past week end here visiting their parents and grandparents. Mr. and Mrs. Joe A. Jones.

Newspapers that are organs of political machines generally pay a monotonous tune.

-CURRENT COMMENT-

IT MIGHT BECOME A VOGUE

(Christian Science Monitor)

Although many newspapers are not averse to stimulating sales by appeals to morbid imagination, some are mindful of their responsibility in printing and emphasizing such reading matter.

A case in point is the Toronto Star's delicacy of feeling in issuing a special edition consisting of one copy from which all mention was deleted regarding the slaying of Ruth Taylor and the arrest of Harry O'Donnell, charged with the crime. The "edition" was especially printed for O'Donnell's wife, and delivered to her in a maternity hospital.

The incident indicates recognition in newspaper circles that crime news may be cruel, dangerous and non-essential. Since the deleterious shock of crime news on the thought of the innocently involved is recognized, it may be time to consider the effect that incessant day-by-day hammering of such news may have on the thought of the general readers.

Many editors are coming to see that one of the tendencies in the more reputable newspapers is toward a better balance between actual news and stories that merely repeat another episode in the long, repetitious tale of crime.

The Toronto Star deserves praise for the consideration shown Mrs. O'Donnell. It might be interesting for others to try the same experiment on the whole body of their readers.

Haskell County History

As Revealed by the Files of the Free Press 20, 30 and 40 years ago.

30 YEARS AGO TO-DAY
Editor English of the Stamford Leader, continues to mildly hammer along on the matter of the night train on the Wichita Valley. As he puts it, he appears to be the only newspaper man on the line on speaking terms with the subject. We, like brother English, would like to see those additional trains.

The following business firms have signed up to close their place of business in observance of Thanksgiving: F. G. Alexander and son, J. M. Whitman, Sherill Bros. & Co., Grissom's Store, Posey and Hunt, Mrs. D. Love, Hunts, Robertson Bros. Co., W. W. Fields and son, Hancock and Co., A. F. Rutherford, Wm. Wells, McNeil and Smith Hdw. Co., J. P. Ashley, Spencer and Co., J. J. Guest, L. D. Jensen, W. M. Mask and Haskell Laundry Co.

30 YEARS AGO TODAY
The Magazine Club of Haskell observed its third birthday last Saturday, by receiving a number of friends at the home of Mrs. Marshall Pierson, the president and charming hostess. The reception was a success in every way, in spite of unfavorable weather.

Mrs. J. S. Rike and Mrs. R. C. Montgomery left Thursday for a visit with relatives in Graham.

Mr. Burwell Cox has purchased lots in the Northeast part of town and the material is being put on the grounds for a new residence.

Mrs. J. S. Boone returned Friday from a visit with relatives at McKinney. She was accompanied home by her niece, Miss Ora Wallace from McKinney.

40 YEARS AGO TO-DAY
Messrs. M. A. Clifton, Jim Fields, and Capt. W. W. Fields got in Wednesday evening from a turkey hunt on Croton creek in the northern part of Stonewall County, which joins our county on the west. They spent a day and night on the hunt and killed about 20 turkeys. They also saw a nice herd of antelope, but succeeded in killing only one due to their extreme wildness.

D. M. Winn is running the post-office in the absence of Mr. C. D. Long.

R. E. Sherrill has returned home from Fort Worth where he assisted in the organization of the Northwest Presbytery.

People holding unused season tickets for Haskell football games may return these to Oates Drug Store or to the high school and receive cash for them. These tickets were to be used in the Hamlin game which was cancelled because of bad weather. They will be accepted for admission to the district championship game should that be played in Haskell.

How Cardui Helps Women To Build Up

Cardui stimulates the appetite and improves digestion. Helping women to get more strength from the food they eat. As nourishment is improved, strength is built up, certain functional pains go away and women praise Cardui for helping them back to good health.

Mrs. G. H. Hatfield of Ripon, W. Va., writes: "After the birth of my last baby, I did not seem to get my strength back. I took Cardui again and was soon sound and well. I have given it to my daughter and recommended it to other ladies." Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician.

Mother, I can't Study - My head hurts!

As a usual thing, he is "such a regular guy." He comes home from school full of pep and energy. Of course you want him that way always. But are you protecting his health and safety during the few short months of winter when he must spend his evenings indoors?

That uncomfortable "stuffy" feeling . . . dullness . . . lowered vitality . . . headache—these are some of nature's ways of complaining against improper heating and insufficient ventilation. These are the warning signals that America's Public Health Enemy Number One, the common cold germ, has found another fertile field in which to attack. For your health's sake and that of your loved ones do not wait for these definite signs of warning that the air indoors has become stale. Keep the air you breathe constantly purified with fresh oxygen through adequate ventilation in every room in the house.

Without oxygen man cannot live. Without oxygen, fuel cannot burn. Therefore, if your family "huddles" in one or two rooms around an open flame heater during cold weather with the doors and windows tightly closed, you are violating all the rules of nature, good health and good heating. Sooner or later the occupants of the room and the burning fuel reduce the oxygen content to the point where the room air becomes stale. Without adequate ventilation and circulation the air indoors may become as foul and unhealthy as that of the tenement slums of large cities, even though your home may be the most beautiful in the neighborhood.

A simple and easy method of providing a constant circulation of fresh air is found by opening a window in each room a few inches from the top and bottom. Connecting doors left open between adjoining rooms when the entire house is adequately heated provide a natural circulation of pure warm air from one room to another. Incidentally, fresh, pure air is easier and more economical to heat than "stale" air.

Guard the health of your loved ones with adequate heat and proper ventilation of pure air in every room in the house.

Brazos Dam

(Continued from First Page) These men will take options on the land and have them ready for the WPA officials when needed.

There were several land owners in the meeting and there was not a dissenting voice raised. The fine spirit of co-operation was inspirational.

Mr. Baskin estimated that at least three million dollars would be required on this work. He also stated that Governor Allred had, last Thursday, signed the bill necessary for the work to begin.

There is an appropriation that has been approved in Washington for the sum of \$30,000,000 for the series of dams along the Brazos and as this dam was the farthest upstream, it is logical that it be the first to start construction.

Of the State's fund, a voucher for \$7,000,000 is in the hands of the authorities at San Antonio and is waiting to be issued to the proper officials as soon as work is started.

Mr. Baskin also advised that people in the towns which will be effected by this construction, as well as all the county and city officials, civic organizations and any other groups that could be formed, should contact the Board of Directors with letters, telegrams, telephone calls and personal visits, etc., that they will know just how anxious the people of the territory are to have the work begun at once and to show them the support that we are giving the proposed construction.

Committees from all the towns in the four counties which will be benefited from the work, were named. These committees will assist in raising the money needed, assist in getting the options and will aid in the work in every way possible.

The sponsoring committees named were: Sagerton, Dave Guinn, Bennett Hess, O'Brien, S. W. Reed, Frank Bernard, Rouse, W. T. Hornbeck, Sam Davis, Rochester, E. W. Harrel, John Bryant, Knox City, E. J. Jackson, Roy Smith; Jud, A. J. Litt, B. E. Carr; Benjamin, Charles Bisbee, Charles Hamilton; Old Glory, W. G. Winkley; Aspermont, C. E. Brannon, M. Arnold; Haskell, Courtney Hunt, John Couch; Vera, Walter Snoddy, W. T. Feemaster; Rhineland, Pete Lorand, John Alvis.

Mr. Courtney Hunt of Haskell, and Mr. E. O. Warren of Knox City, left Haskell at noon last Wednesday to appear before the Board of Directors at Austin to present them with the facts of the support accorded to this project.

Mr. John Couch sent a telegram to the board to precede Mr. Hunt and Mr. Warren's appearance, which was signed by thirty business men of Haskell.

The resolution to be presented follows: WHEREAS, a representative group of business men from Haskell, Stenewall, Knox and Baylor counties, State of Texas, convened in the City of Rule, Texas on November 15th, 1935 for the purpose of discussing and determining the quickest and most effective way to get the work started on a dam across the Brazos River and in the Northwest part of Haskell County.

AND WHEREAS, this dam is the first or upper dam of a series to be constructed on the Brazos River for Conservation and Reclamation purposes, and logically should be one of the first constructed.

AND WHEREAS, there is a board of Directors of the Brazos River Conservation and Reclamation District who are directing and handling matters of this character. THEREFORE, BE IT RESOLVED: by this group; in order to assist the above Board of Directors, we ask for engineering parties to determine which lands will be required, and further ask that we be allowed to proceed with securing of options and have the lands appraised by Federal Land Bank appraisers, at our own cost and expense.

(Signed) A. C. Pierson, Secretary. Of the money raised, \$1500 has already been set aside by the Commissioners Court of Haskell County and the Junior Chamber of Commerce has voted to contribute \$500 to the work.

Site of the proposed dam is three and one-half miles from Jud and according to Mr. Baskin, the proposed concrete structure will be 85 feet from the base of the water line to the bottom of the spillway. There will be 17,000 acres of land under water was the statement of Mr. Baskin.

Judge McDaniel, County Judge of Seymour addressed the meeting and was gratified to find that such response to the first called meeting was in evidence.

Judge McDaniel also told of the work of the Baylor County commissioner's court. They have financed several trips to Washington and Austin and have voted to set aside more money if it be needed in the work.

It is hoped, and is almost a certainty, that this preliminary money is more or less in the nature of a loan as it is practically an assured fact that the PWA will repay this amount, but the men in the meeting were all of the opinion that their donations would be repaid several times over in the increased business, not only of the construction and the contracts but in the improvement in the section that would bring many more people into the country.

Further meetings of a general nature in which all the people of the four counties will participate, as well as business meetings of the various committees will be called from time to time, according to the plan of the chairman, Judge Conner.

New Cops

(Continued from First Page) conjections in other cities and has decreased the number of those killed and maimed around the schools.

There boys will have flags with which to salute the motorists and they must be obeyed. They do not propose to give the school children the right of way over all vehicles, but will hold the children up for the automobile traffic and vice versa.

Should any motorist be so careless as to disregard their repeated warnings, the boys are instructed to take the number of the car, the name of the driver, if possible, and report the offense to Mr. Al Cousins of the city police force. Mr. Cousins will investigate the charges and if he is justified in so doing, will arrest the offender.

With the new State Driver's License law just around the corner as it were, there can be serious consequences to the drivers of cars that do not obey instructions from these Scouts.

The worst offenders in the manner of the school are those boys and girls that drive their own cars to the school. They have a tendency to over ride the younger boys and make their own traffic laws. "This will not be tolerated in the future," said Mr. Cousins. "We do not want any accidents to happen to our school children."

These boys are full-fledged policemen with just as much power to arrest as anyone in the City or County police forces, they are not to be offensive in their manner and will do all they can to help the motorist as well as the children. However, their word and their instructions are to be obeyed as they have the full power of the police behind them.

The new officers are: Commissioner, Mrs. Bert Welsh; First Matron, Miss Madeline Hunt; Second Matron, Mrs. Hettie Williams; Instructor, Al Cousins; Captain Squad "A", Buster Gholson; Sergeant, Ben Clifton; Privates, Henry Post, Hessel Hunter and Jack Mowbray; Squad "B", Captain: Paul Kuenstler; Sergeant, T. R. O'Dell; Privates: Wayne Pickett, Curtis Cross and Dave Breedlove.

These officers will serve for one month and then will either be re-elected by the members of their squads or will be succeeded by other appointees.

Mr. Cousins also hopes to have a reserve squad of six or seven boys for emergency use.

FOOD BUDGET PROVES TO BE SUCCESSFUL. Many goals have been reached as a farm food supply demonstrator by Miss Willie Bell Frierson of the Midway Club. Miss Frierson with the help and cooperation of her family has made a food budget and canned 325 containers of vegetables and 98 containers of fruits. Sixty-six feet of shelving has been added to the cellar to provide adequate storage for canned foods.

Why TAKE THIS CHANCE? Car owners who seek to economize by using poor oils are inviting trouble. Poor motor oil is never economical. It stiffens in cold weather and must be thinned out by the friction it should prevent. Under high temperatures these same poor oils break down.
