### Government Estimate Cause of \$1.75 A Bale; Sellers Rush Market

WASHINGTON, July 9. — The government's estimate Monday that 28,024,000 acres of cotton are being planted in the United States this year, a price stimulus in months ago a figure 1,000,000 acres unusually all private estimates, coupled with concern over weather in the Western section of the Cotton Belt, started a buying order that brought prices of around \$2 a bale. The price for the day averaged \$1.75. The market was not so firm as the report by Cully A. Cobb, the cotton production secretary, he was tremendously credited both the voluntary control campaign, which is limiting cotton acreage to 25,000,000 acres and the compulsory cotton control with making our effort to production a success in eventual sense. He said many were expecting passage of the bill, had joined the voluntary effort in order to be penalized by the compulsory acreage this year would be the smallest planted since 1910, 27,110,000 acres were planted, yielding 10,575,000 bales. The 1934 average yield was 38 pounds per acre, as compared with the average of 17.9 for 1933.

## Champion Typist

Pictured here is Miss Mary Burger of Abilene, Texas, holding the trophy she won when she typed 88 words per minute to gain the title of Champion Amateur Typist of the World at a contest at the Century of Progress in Chicago. Miss Burger set a new world's record, the former record being 76 words per minute. She also holds the championship of the Texas Inter-scholastic league, won in Austin with a record of 84 words per minute. She entered her first typing class in high school in September, 1933.

## FUNERAL SERVICES HELD HERE SUNDAY FOR R. W. HERREN

### Pioneer Land Owner Laid to Rest in Willow Cemetery; Died in Fort Worth

Rites for R. W. Herren, extensive land owner and well known stockman, who passed away at St. Joseph's hospital in Fort Worth Friday night at eight o'clock, were held from the family residence in this city Sunday afternoon at five o'clock. Rev. I. N. Alvis and Rev. H. R. Whately officiated. Funeral arrangements were in charge of W. O. Holden of the Jones, Cox & Co. funeral parlor. Interment was made in Willow Cemetery. He had been in ill health for several months.

R. W. Herren was born May 6, 1891 in Navarro county, and came to Haskell county with his parents in 1900, where they settled a few miles north of Haskell. He was a graduate of Haskell schools and attended a finishing school at Stamford, which was later named McMurry College and moved to Abilene. He joined the Methodist church when 17 years of age.

In 1912 Mr. Herren and Miss Angie Vernon were married, and made their home in this county since. In 1927 they moved into this city. Surviving relatives are his wife, two sons, Bob, Jr., and Clinton, a daughter, Dorothy, of Haskell; a brother, George Herren of Haskell; a sister, Mrs. G. W. Thomason of Dallas; another brother, S. P. Herren, resides in San Francisco, Calif.

Active pallbearers were Jim Perrin, Lynn Pace, John Ellis, Virgil Bailey, J. D. Hughes, Claude Menece, Tom Pinkerton, Tom Stewart, Honorary pallbearers: Frank Reynolds, J. T. Hester, A. J. Sego, C. E. Harrell, B. M. Pardue, H. K. Thompson, F. T. Sanders, J. M. Crawford, Jesse Collier, Godbey Leflar, J. F. Kennedy, C. G. Burson, Carl Clark, W. H. Harrell, Jr., J. C. McKinney, Allen Brock, H. S. Gibson, G. F. Mullino, R. L. Burton, T. P. Perdue, Jesse B. Smith, Paul Frierson, Ed Fouts, Jim Isbell, John A. Couch, R. C. Couch, M. B. Watson, Hill Oates, M. S. Shook, C. K. Jones, H. A. Sego, C. V. Payne, J. P. Payne, Luther Highnote, B. M. Whitaker, C. O. Scott, Jim Reeves, E. N. Server, T. E. Ballard, Cal Wilong, T. P. Huff, L. D. Ratliff, Chester Jones, Colorado, Texas, L. W. Jones. Rule: Jim Davis, Rule; Frank Rhoades, of Throckmorton.

The following ladies assisted with the flowers: Mrs. Robert Sego, Mrs. Fred Atkins, Misses Maxine Simmons, Frances Walling, Rose Cousins, Wilda Phippen.

People from many sections of the county were present and paid their last respects to the remains of Mr. Herren, who, while in life, had proved himself to them as an upright citizen.

The pie supper which was to be held Friday night July 20th at Josselot was mentioned in last week's paper has been postponed, according to reports sent in to us.

## Sizzling Scores Shot In Golf Tournament

### Sixteen Players Qualify For Championship Flight In Annual Tri-County Tournament; Bud Wheeler, of Seymour, Shoots 72 For Medalist Honors

Sizzling scores have marked the play in both the qualifying rounds and match play during the Haskell County golf tournament now being held on the local course. Finals will be played Sunday.

Sixteen players qualified for the championship flight here Sunday and Monday, with a number of Haskell players listed, but in the match play the local entries were eliminated and only members of other clubs remained in the running after Wednesday morning.

Bud Wheeler, of Seymour, paraded down the course and marked up a 72 for medalist honors, one point

lower than that shot by Panny Farmer, of Knox City, who was medalist in the recent Abilene tournament with a blistering 69.

Up to Wednesday night, results of match play, with winners listed first, is as follows: Wheeler won from Wair, 2-1; Mayes vs. English, 1 up; Craddock vs. Robertson, 3-2; Wilson vs. Reynolds, 4-3; Farmer vs. Campbell, 6-5; Davis vs. Atkinson, 4-3; Bralley vs. Killingsworth, 1 up; Shupe vs. Patterson, 2 up.

Second flight — Pendleton vs. Couch, 1 up; Breedlove vs. Lovelless, default; Lane vs. Harrison, 4-3; Everett vs. Dickerson, de-

fault; Warren vs. Montgomery, default; Sams vs. Atkinson, 1 up; Cass vs. Bellows, default; Whitaker vs. Martin, default.

Third flight — LaGuard vs. Daugherty, 4-3; Ratliff vs. Wheat, default.

Coming down the homestretch late Wednesday in the championship flight, Shupe downed Bralley for the first match of the new pairings. Other line-ups were Wheeler vs. Mayes; Craddock vs. Wilson, Farmer vs. Davis.

Qualifying scores were: First flight, Bud Wheeler, 72. (Continued on Page 5)

## Change Made In Managers of Local Western Telegraph

Miss Mattie Lee Thompson, of Terrell, Texas, has been made manager of the local Western Union telegraph office, and is now in charge.

Miss Thompson relieves Mrs. Carrie Moser, who has been manager of the Haskell office for the past 12 years.

## METHODISTS HERE ARE CELEBRATING 50TH ANNIVERSARY

### Revival Now In Progress With Pastor In Charge; History Is Reviewed

Opening with a pageant, under the direction of Mrs. C. M. Kaigler, which depicted the beginning of Methodism in America, the 50th anniversary of the Haskell church was celebrated Friday night. Approximately 500 people were in attendance, with many of those present being former members. The celebration of the Golden affair will last until July 22.

On Sunday morning, the celebration was continued, with P. G. Alexander, charter member, as principal speaker. Mr. Alexander gave a concise review of the church from the beginning in 1884 and presented many interesting views dealing with the struggles of the pioneer members. He also paid special attention to the growth of the local church and pointed out how it had kept step in ever particular with the needs of the community. Mrs. Ethel Irby, daughter of Mr. Alexander, gave a short talk upon the missionary work done by the women of the church.

Dr. A. J. Weeks of Dallas, editor of the Christian Advocate, was in charge of the Sunday night services and laid special stress of the part Methodism should play in the Texas Centennial which will be held in San Antonio in September.

On Monday, Rev. J. P. Patterson, former pastor preached, while Rev. Ben Hardy of Anson, and also a former pastor, occupied the pulpit Tuesday.

Beginning Wednesday, Rev. O. W. Carter, present pastor, assumed charge and will continue services twice daily, at 8:30 o'clock in the morning and 8:30 o'clock evenings. Rev. W. M. Culwell, well-known singer and young people's worker will be in charge of the song services.

## NEW MANAGER IN CHARGE MAGNOLIA

Effective Monday, a change was made in the management of the Magnolia Service Station whereby Cecil Mason, of Rule, assumed charge and Art Howard was made assistant.

Mason has been with the Magnolia company for several years and has been identified with stations at Spur and Jayton before being sent to Rule.

Joy Bagwell, retiring manager of the Haskell station, has been here for approximately two years.

Singing Convention To Be Held At Rule Sunday

Plans are now being made to hold the West Side Singing Convention in Rule on Sunday at 2 o'clock p. m., in the First Baptist Church. All singers have been invited to attend. It is stated that several quartets will be present.

Miss Naimo Pearl of Lubbock spent several days this week with her parents here.

## FARM CLUB WOMEN HELD MEETING IN HASKELL ON JULY 7

### Members of Home Demonstration Clubs Convene to Arrange Trip Plans

Twenty-five women representing nine of the thirteen Haskell county Home Demonstration Clubs were present at a meeting at the county courthouse Saturday July 7 for the purpose of completing plans for trips to the A. & M. College Short Course which will be held July 30-August 4.

Sixteen women have enrolled for courses to be offered during this week at College Station, which are as follows: Miss Nora Walters, making rugs and mats; Mrs. H. H. Hines, making fabric gloves; Mesdames Fred Monke and J. P. West, dining indoors and out; Mesdames W. J. Kendrick, S. G. Perrin and Miss Mae Hamilton, tufted bedspreads; Mesdames W. F. Patterson and Ed Welsh, making cucumber pickles; Mrs. U. Trimmier, rose propagation; Mrs. Paul Josselot, making cheese; Mitchell representative, making butter; Mrs. R. P. Barnard, training for recreational leaders; Mrs. Gene Lancaster, training 4-H club sponsors; and Center Point representative will take the course on making leather gloves. Haskell county will have a delegate in every laboratory course offered. The Weintert school bus has been secured to take the ladies to College Station and will leave the Haskell county courthouse at 7 a. m. Sunday July 29 and will return on Saturday August 4.

The following ladies were present for council: Mesdames Floyd Hutchins, C. H. White, New Mid; J. P. West and R. P. Barnard, O'Brien; Jesse Smith, Ed Welsh, and Date Anderson, Midway; Gene Lancaster, Fred Monke, S. G. Perrin, E. B. Calloway, C. H. Adams, C. A. Thomas, Jesse Josselot and C. A. Lewellen, Josselot; Miss Nora Walters, Blue Bonnet; Miss Mae Hamilton and H. H. Hines, New Cook; W. F. Patterson, Ed Stodghill and W. J. Kendrick, Rose; M. O. Fields and P. M. Mullins, Half Moon; and W. W. Johnson and T. M. Patterson, Center Point.

The next regular council meeting will be held August 11 instead of August 4.

### Returns From Hospital

Miss Mary Kimbrough of this city who has been in the Stamford Sanitarium for the past week where she underwent an operation for appendicitis was able to be returned to her home in a Jones Cox & Co. ambulance Wednesday morning.

## Ways of Causing Rain Suggested; No Method Appears Successful

In the past few days, since the well-known Old Sol has shown how expert he can be in casting his rays, many remedies are being suggested to make it rain by people who should know better.

No one has suggested the fring of a cannon into those dreary white clouds which have been hovering overhead, but a complaint has been voiced that not enough firecrackers were shot on the 4th—int' meaning that a bit of noise would have disturbed the element; to such an extent that rain would have fallen in such quantities that we would have cried "enough."

Another person, who so far has failed to back up his statement with action, has suggested that someone kill a snake, place it on a wire fence and let it remain for three days. In that time, said person declares, that rain will fall, and keep falling until the snake's body is removed from the fence.

That isn't all! Bats are being placed by believers and non-believers that rain will fall in a short time, owing to the fact that whirlwinds have been traveling for days toward the northwest. When the whirlwind travels in any other direction, no rain is expected to fall. It must travel northwest or nowhere.

Snacks are said to be leaving the lowlands for the highlands, which is supposed to be another sign of rain. How much, or how soon, no one cares to predict.

Anyway you look at it, the lack of rain seems to be the main topic of conversation, and until a few of the most drops fall gently to the parched earth, political candidates have only a scant chance of interesting any of the voters with conversation pertaining to subjects removed from rain, rain, rain!

In conclusion, this newspaper is not offering a price to anyone for suggestions on "How To Make It Rain."

## Officer Sued

Barney Finn, resigned secretary of the Police Department Benevolent association, Fort Worth, is being sued for \$7,400 by the association and is being urged to deliver the books to the police department.

## NOR-TEX VARIETY OF OATS PRODUCES HEAVY ACRE YIELD

### Total of 1189 Bushels Made on 20 Acres For Gross Income of \$380.00

The Nor-Tex variety of oats yielded 1189 bushels on 20 acres this year, and made a gross income of approximately \$380.00 or \$19.00 per acre, according to R. H. Maxwell, county agent. These oats were produced by Paul Frierson of the Midway community, which were sent here by the Agricultural Experiment Station at Denton, Texas, to be used for demonstration in this county.

Oats of the Spivey variety were also grown on this farm and yielded 50 bushels per acre as compared to 60 bushels per acre for the Nor-Tex variety. The common Texas Red Oats were also grown and made a yield of only 30 bushels per acre.

After harvesting of cotton crop the land was one-way disced and drilled in during October. The Nor-Tex Oats were planted on "plow up" cotton land where there was a good growth of green cotton which was disced and served as a green manure crop, but otherwise had the same land preparation.

This experiment shows, says Maxwell, that good seed and green manure crops give profitable results in this section.

## Funeral Rites for Marvin T. Mercer Held on July 5th

Marvin Thomas Mercer, 9-year-old son of Mr. and Mrs. T. E. Mercer, died at the family home in the Ventress community July 5th, following an illness of several days with typhoid fever.

Funeral services were held at the Roberts church at 3 o'clock Friday evening, July 6th, with Rev. Chas. Sargent, assisted by his father, Rev. Sargent, officiating. Burial was in the Roberts cemetery, with funeral arrangements in charge of J. H. Kinney and son of this city.

Surviving relatives are the parents, Mr. and Mrs. T. E. Mercer, and five brothers, Ray, Raymond, Willard, William, and Ernest.

Pallbearers were Preston Johnson, Archie Sorenson, Leonard Sorenson, Leon Stewart. The following ladies assisted with the flowers: Misses Ruby Oldham, Blanche Anderson, Connie B. Free, Opal Oldham, Theda Johnson, and Mrs. A. Fred Force.

## RULE BASEBALL CLUB TO INVADE HASKELL SUNDAY

### Will Mark Beginning of The Second Half of Wichita Valley League Season

The Rule Raiders will invade Haskell Sunday for the first game of the second half and one of the largest crowds to witness a ball game here this season is expected to attend. The other Haskell county team has strengthened, even though having one of the best clubs in the league. Mose Simms is no longer connected with the club. One of the additions to the Raiders is Harvey Hutton, of Oklahoma, who is a smoke-ball artist. Hutton has pitched professional ball.

With Rule and Munday tied for first place, the first half of the Wichita Valley league ended Sunday, July 8. The play-off for the title is now in progress, with the first game Thursday at Munday and the second game at Rule Friday. The third game, if necessary, is expected to be played in Haskell, where one of the best diamonds in the league is located and on account of the fact that Haskell is located only a few miles from either of the other towns.

Munday, Hamlin, and Stamford are known to have made additions to their teams and the race during the second half will witness hotter baseball.

The management of the Haskell entry is searching far and wide for a shortstop, who can field and hit. With such an addition, the club is expected to be a contender for the title to the finish. Haskell now boasts one of the heaviest hitting clubs in the league and one of the best hurling staffs in Dot and Archie Pittman, Thurman, Patterson, Chapman, Cliff, Cox, Murphey and Henshaw have hit well in the past few games and are expected to improve with the schedule calling for two games weekly. Adkins, Haskell first-sacker, has appeared weak at the plate, but not so weak as figures indicate, so local fans point out, as his hits have been timely.

## COTTON ADJUSTMENT AGENT APPOINTED

Assuming charge as cotton adjustment agent, J. L. Sturdivant, of Springtown, Texas, arrived in Haskell Monday. He will also assist R. H. Maxwell, county agent. Sturdivant is a graduate of Texas Technological College.

Mrs. Sturdivant is expected to arrive in Haskell Saturday.

## To Discontinue Ice Delivery On Sunday In Haskell

An agreement was reached this week between H. C. King, local manager of the West Texas Utilities Co., and Bert Welsh, manager of the Banner Ice Co., whereby no ice will be delivered to residential quarters on Sunday in the future.

According to both managers, the step was taken in order that employees could attend religious services if they so desired.

### Here From Georgetown

T. P. Hughes and son Malcomb of Georgetown, Texas, have returned home after spending several days at the ranch on Paint and California creeks with their manager, R. B. Fowler. "Sam" the cook was also along and Mr. Fowler says they had some cats that would have looked good at a real chuck wagon.

## SAGERTON WILL BE SCENE OF A LARGE POLITICAL RALLY

### District and County Candidates To Speak to Voters Friday, July 13th

### POLITICS "WARMING"

### Approach of Primary Date Causes Candidates To Hustle For Votes

Continuing the speaking dates as outlined by the various candidates in a recent meeting held in Haskell, plans are being made to hold a political rally in Sagerton Friday night. Candidates for district and county offices will address the crowd.

The next regularly scheduled meeting will be held at Weintert on Saturday afternoon July 21 at 3 o'clock, and the last in Haskell on Friday night July 27, one day before election.

Sponsors of the meeting at Sagerton predict one of the largest crowds of the present campaign and it is expected that every candidate will speak.

A new angle may be injected into the race for county judge at the speaking in Sagerton. George Proctor declares he will be present and speak over a loud-speaker attachment and will "prize off the lid" in county politics. Proctor entered the race for county judge a short time before filing limit approached.

Owing to the fact that the primary is only slightly over two weeks in the future, most of the candidates have started campaigning in earnest. Although not originally booked for a speaking date, Irby was the scene of a political speakfest Wednesday. Practically every candidate was present at the annual picnic sponsored by the Sons of Herman, a fraternal organization in that community.

Veteran political observers have commented frequently upon the quietness of the 1934 campaigns, and the lack of interest most voters are showing in the races from that of governor down. The weather is thought to have caused the apathy and the same political veterans believe however that the various races will "warm up" within the next week.

## HOME ECONOMICS NEEDED IN SCHOOLS TO TEACH BUYING

### Training In Evaluating All Products Is Stressed At Recent Chicago Meet

Chicago. — Expansion of home economics teaching in the schools, broadening of the Government's guide services for the consumer, and informal teaching by women's organizations and publications on how to buy are needed steps to protect the interests of the consumer under the changing economic and business conditions of the day, it was agreed here by speakers at a home economics conference held at the University of Chicago.

The conference, which took place June 28, was reviewed after its close by Miss Hazel Kyrk, presiding officer, and member of the university faculty, as pointing principally to the need for the reorganization of the whole home economics program in the schools.

With so many more questions for the buyer to decide as a result of modern advertising, high-pressure salesmanship, and the greater variety of products on the market, standards of judgment and taste are more important than ever before, Miss Kyrk said, if people are to get their money's worth.

These standards are sometimes gained by experience, but experience should be aided by proper education, and this should start in the early school years, she said. Home economics, it was felt by the speakers at the conference should be taught to boys as well as girls because, as Miss Kyrk summed up their views, "there should be no sex domination in how to spend money."

Home economics teaching in the schools has been largely devoted to improving the skills, to courses in "How To Do Things," but now the time has come, it was felt, to teach students how to judge, how to choose, how to compare qualities. (Continued on Page 5)

Mr. and Mrs. J. D. Montgomery left Tuesday morning for Dallas to join a party of Ford dealers for a trip to the Century of Progress exposition in Chicago.

**Yves Win Close From Hamlin Club Here Sunday**

At the offerings of the sixth inning the Hamlin Braves suddenly started a bombardment and started a win by a 7 to 4. Dot Pittman, who pitched for the fair-haired club, was the fair-haired pitcher. Beginning with the first inning he didn't allow a Hamlin batter to reach first base until the sixth inning. He struck out five of the first six batters, among them being Adams, who had previously struck out three hits. Hamlin club, which has been in the second-half of the season for everyone with its impressive smart brand of play, was hit by Haskell's side more than once. The visitors chalked up six and rapped out eleven hits and rapped out eleven runs. The result might have been different if Pitcher Stewart had been angered and tossed a groovy ball. Anything but like that which downed Monday here. The Braves apparently brought only the motions of baseball for the first five innings. Only one hit was made that time, a double by Cox. Then Dot Pittman was sent in box, the players found their and they, which was sadly when Archie was hurling. Lambasting three runs in on singles by Archie Pittman and a triple by Pat McStewart of the Pied certainly "pied" (to use a expression) matters in the ending with the help of Adams. Murphey, first up, a life on first when Adams hit the third strike. Chapman shot the ball to deep right triple and was called safe at the plate when Adams dropped the ball after having a good opportunity to make the play. Stewart was jerked. The game was the ninth when Jay Adkins, Gaddy first-sacker of the Braves pulled a regular Frank Morrison when he dropped a hit which sent the winning run over the wire after Murphey and Chapman had previously singled. The box score:

### New Farm Show Features Being Planned For Fair

DALLAS—Plans for the new agricultural exhibit at the State Fair which will feature results of the first year of the Farm Recovery method of tilling the soil are progressing nicely and will be completed within a short time at which time they will be announced, it has been announced here by the committee in charge of the department, and J. A. Moore, superintendent of agriculture.

Texas plowed under more than 7,000,000 acres of crops—cotton, corn and wheat in 1933 and this many acres of land have been left unplanted of these crops this year. The 1934 State Fair of Texas exhibits will show the results of the balanced farm program which has been offered to replace these millions of acres of lands by the U. S. Government, by Texas A. & M. College and by agricultural leaders cooperating throughout the state.

A picture of the results of this new balanced farm program will be contained in a special exhibit which is being planned. This will be in addition to the many county exhibits, the 4-H club and Future Farmer exhibits, the Home Demonstration exhibits, and the individual farm exhibits.

There has also been a demand for more county exhibit space than ever before in the history of the Fair. This has been brought about by the addition of new county agents throughout the State, it was announced. As many new county exhibits will be brought into the State Fair this year as there will be room for, it was announced.

### Sum of \$1.75 Used To Build Clothes Closet By Woman

"I did not have a closet in which to keep my clothes until I enrolled as a wardrobe demonstrator," says Mrs. W. J. Kendrick, wardrobe demonstrator of the Rose Home Demonstration Club. "My closet was built for \$1.75. We used scrap lumber for the frame work and card board boxes for the walls. I made a door of sheet rock. I also have shoe rack for my shoes, shelves for flat wear, and rods for hanging. My room did not suit me, so I papered it too, and painted the woodwork to match my wardrobe but of course the closet is papered with the rest of the room," states Mrs. Kendrick.

"We had never had foundation patterns cut in our club but with the agent giving a demonstration we learned to cut them and I cut 9 patterns so most of our active members have them. I believe we will always want a foundation pattern as they fit so well," says Mrs. Kendrick. Nine foundation patterns have been made and a total of 138 dresses have been made by these patterns, two clothes closets have been built and 8 non-club members have been helped.

### Didn't Know Wife's Name

Barcelona, Spain—Mariano Suquet filed a suit for divorce, claiming that despite the fact that he and his wife had been married eleven years, he never knew her name. He asserted that he did not learn until recently that the name he had known her by when they were married was not her real one.

### Twins Are 84

Sharon, Pa.—The Pulaski twins, believed the oldest in this district, celebrated their 84th birthday. They live on farms, one mile apart. They are the only living members of a family of 10. George and William Pulaski both are in good health and work on their farms.

### 'Coon Hunters Meet

### Poultry Show To Have New Features Texas State Fair

DALLAS—Two new features will be found in the poultry department of the State Fair this year. A superintendent of the poultry exhibition. These will be the new show which will be the largest Future Farmer division of the fair and a 16-day egg-laying contest in the State.

The same rules which govern the club egg-laying contest in 1933 year, it was announced. The egg-laying contest will officially start the day prior to opening of the State Fair, and will end on Sunday, October 20, so that exhibitors can be declared, the winners tabulated, and the winning prize exhibited on the closing day of the 16-day exposition.

The Poultry Show will be held under the direction of the Future Farmers of Texas. It has been announced by J. C. Dykes of Texas A. & M. College, Birds of any breed will be accepted in the show. The supervision of the teachers of agricultural and the show will be fanned for fall showing. Plans are being made to sell the entries in the show at the top let price at the end of the State Fair of Texas.

a meeting in the country this week. Mr. and Mrs. E. Griffin and Mrs. Clay, and Mrs. S. J. Coggins visited Abilene Thursday of last week. Mr. and Mrs. C. A. Stevens and son Ivey accompanied by Rev. A. H. Ashby, visited Mr. Stevens' son Homer at San Antonio last week. Mr. Stevens received a telegram that Homer who is in the Government hospital at Fort Sam Houston, was not expected to live. He is glad to report that Homer is much better, and rapidly on the road to recovery.

The Weinert Boy Scouts spent three days camping last week at the diversion lake near Wichita Falls. They were in charge of Scout Master Aubrey Ashby, assistant Scout Master I. J. Duff.

The water situation is getting acute at Weinert. There is water in the reservoir to last only a few days longer. People are wondering just what they are going to do if it doesn't rain soon.

..... and Bargain Shopping ruins more than SHOES

Throbbing feet, tattered temper, spoiled digestion and an evening that's utterly ruined. What a price to pay for a "successful shopping afternoon!"

Time was when bargain-counter gymnastics were part of the day's work. Time was when they were even necessary! But there's a wiser method.

Sit back in an easy chair. Leaf through today's issue of the Free Press. Check your wants against the offerings in today's ads. Compare the ads themselves for price, for style, for value. Clip the items that interest you or use a pencil to jot them down. Get a tangible idea of what you're going after first—then there is nothing left to do but get it!

There's no grief to armchair shopping. And it's far more economical.

# Benefit of Prayer Is Upheld By Court In Overruling Complaint

HASKELL, Ky. — Overruling a contention that a prayer in the jury room was prejudicial to the defendant's case and a new trial on such grounds, William H. Field of the common pleas division of Circuit Court declared in a written opinion that the prayer was "too general" and "accepted as purely secular."

In his "last analysis," Judge Field said "a church and a court are not the same thing. A church is a place of worship, and a court is a place of justice. The prayer in this case was not a prayer of a church, but a prayer of a jury. It was a prayer for the jury to do their duty, and it was a prayer that was accepted as purely secular."

The prayer, which was read by the jury foreman, was: "We, the jury, pray for the Lord's blessing upon the trial, and upon the minds of the jury, and upon the minds of the parties, and upon the minds of the witnesses, and upon the minds of the court, and upon the minds of the people, and upon the minds of the world."

The defendant's counsel suggested, nothing is ever mentioned in testimony or instructions, absence of reference does not mean absence of fact of spirituality. Jurors, realizing the solemnity of their duty, be moved to pray for divine assistance, let them

## Home Economics

(Continued from First Page)

What makes a broom a good broom, what makes one sheet better than another, how to tell the real from the imitation, first grade from second, and so on, are some of the kinds of things that should be taught, it was felt.

"Most of the speakers," said Miss Kyrk, "were in agreement that present home economics teaching is weak in giving a concrete realistic idea of situations facing the buyer, and in telling the buyer what he has to know if he is to discriminate properly. The tools of the buyer must be explained as well as the tools of the worker."

It was also felt that the Federal

Department of the Interior has been authorized to issue permits for the production of oil and gas in the state of Texas. The permits will be issued to the holders of the various leases on the land.

One source suggested for this work is the creation of a new federal department, a Department of the Consumer, a Department of the Consumer's interests through all the means at its disposal. An alternate suggestion is for a federal coordinating committee to help unify the various activities now being carried on by the Bureau of Standards, Bureau of Agricultural Economics and Bureau of Home Economics.

Uniform and informative labeling of goods, grade marking and comparative ratings are activities which could be broadened by such a new federal agency, it was pointed out.

In the final analysis, the consumer is responsible for the kind of goods put on the market, said Miss Kyrk. "The consumer's best protection is his knowledge, and his ability to appraise, and in proportion to the way he exerts this knowledge through proper choice, the result will be products that are pure or harmful, useful or ugly."

**Rochester**

Dr. Gray and wife returned Sunday from a visit to East Texas. Mrs. John Allen Wood of Anson, Texas, is visiting a few days with Mrs. D. W. Hamilton and Mrs. Sallie Fields. She will also make an extended visit to her brother, Geo. Stubbs and family near Knox City before returning to her home.

Miss Allie Hamilton and Miss Venona Penman were shopping in Knox City Tuesday.

Miss Julia Williams of Weinert and Miss Minnie Ellis of Haskell were in Rochester Tuesday in the interest of her candidacy.

Miss Marguerite Cooper is at Slaton visiting her sister and family, Mrs. Beryl Jones.

Mrs. Henry Burleson returned home from San Antonio last week where she had been for her health. She is very much improved.

Fannie Speck of Abilene and Miss Joy Carroll Garrett spent last week end here with Miss Fannie's parents, Mr. and Mrs. J. D. Speck.

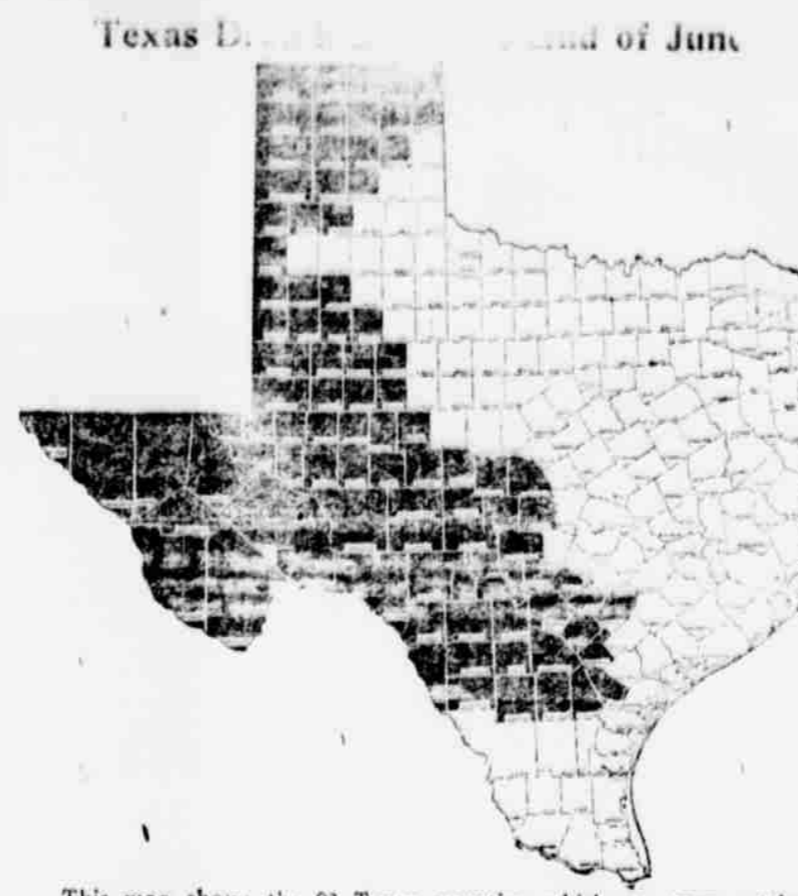

Mr. and Mrs. J. M. Hicks are in Dallas this week with their son, Marion, who is to have an operation in a few days.

Miss Mary Ona Hicks of Dallas is here visiting relatives.

Mrs. Cecil Blanton and little daughter Jean of Austin spent a few days last week with her parents, Mr. and Mrs. R. W. Stanfield.

**Kittens, Rats, Friends**

Braintree, Mass.—John F. Tolle has a cat and two kittens that play in friendly fashion, with his pet white rats, Mickey and Minnie. He also has an Italian bulldog that capers with the cat and kittens.

This map shows the 93 Texas counties which are not getting Federal drought relief. The first group of counties to get Federal relief totaled 56, and 37 more were added on June 19. Continuation of the dry weather will probably result in more being added each week. It is significant to note that the drought is most severe in West Texas, where farmers and ranchers are better able to withstand dry weather, and as a result, Texas is not suffering as much from the drought as other states. ## NRA Insignias Must Appear On Highway Trucks

AUSTIN, July 9.—After July 13 no truck operating for hire without NRA insignia plates will be allowed to work upon any project upon which Federal funds are being spent, according to Col. H. P. Stewart, chairman of the Texas trucking code authority. "This will include much of the road construction and other public works projects under way," he said.

The names of over 400 truck operators who have not registered under the Code have been certified to the NRA Compliance Office at San Antonio, according to Mr. Stewart.

"Almost 2000 registrations have been made in Texas," he continued, "but of course there are always some laggards who stay out until the last minute. July 13 is the last day on which anyone operating a truck for hire can operate legally without the NRA plate, but the Code Authority will continue to ac-

cept registrations from those who had signed contracts before being notified. Anyone who should register and who has not done so by that date will be subject to the full penalties of the Private Act and each day is a separate offense under the Code.

Full information on registration may be had from the headquarters of the code authority in the Fifth-Field Building at Austin.

**New Low Price Unequaled for the Quality It Buys**

First of all, the newest Buick is built to be a Buick through and through. Then, it is given a price—lowest in Buick history and unequalled today for the quality it buys—which puts its value beyond comparison. Big, beautiful, modern, it is upholstered in fabrics of exclusive smart design. Unmatched in performance by any other balanced car, its dependability is attested by Buick records of 30 years. For it has every famous Buick feature. Thousands have waited for such a car at such a price. They are buying now. They are getting deliveries now.

## TRAVEL AND LEARNING

The vacation season is here and many thousands of tourists will visit various interesting places, some in our own country and others abroad. While recreation will be the principal objective of many, a majority will also seek to learn something of permanent value during their travels.

In order to get the most out of one's travel experiences it is well to find out as much as possible about the places to be visited ahead of time. Then, when you actually see the places and objects of which you have read and studied you will get a more lasting impression of their significance.

Information gained from guides and handbooks during one's travels is valuable, of course, but it generally is superficial and lacking in the historical background which is necessary for a full understanding and appreciation of the famous places where history has been made.

The educational value of travel depends largely upon knowing beforehand what one wants to see and why.

## DOING OUR BIT

We are having just as tough a time as you are, brother. It costs money to run a newspaper, and there isn't much coming in these days. Much of our pay is in promises backed by our faith in the individuals.

But we are making the best of the situation. We are not growling or crabbing or complaining. We are doing our best to make the world seem brighter for our readers.

If we point out defects in our system of government, if we censure public officials who are obviously failing in the tasks assigned to them, it is not that we have a chip on our shoulder, or a knife up our sleeve, or any other spirit of ill will. It is just our way of doing our share toward moulding public opinion and convincing the people that we can do better if we want to do so.

We can improve conditions only by supporting that which is right and condemning that which is wrong, by aiding instead of destroying.

When a doctor discovers a cancer he cuts it out, that the patient may continue to live.

Our economic life is full of cancers today, much of them having their origin in political incompetence and dishonesty. When the people 'operate' these cancers will gradually disappear—and not before.

There is no gold at the end of the rainbow, just hard work. And we're doing our share of that work as we think it should be done.

Smile with us—you'll feel better.—Statesman, Fargo, Oklahoma.

Whew! Slightly warm, is it not?

In fact, since it has been mentioned, the weather has been too hot for anyone to enjoy work. With the exception of golf players, who do not look upon their antics as work, but play (even though it is 110 in the shade of a mesquite) and farmers, everyone seems to be finding plenty of time to complain of the weather.

This time last year, according to a report in the Free Press, the thermometer registered around 115 degrees. The information is passed on for what it is worth as a "cooler."

Rain! There ain't been none. Navy a drap. We thought by watering our lawn last month that precious nature would spite us, but it didn't work, so we're using different tactics this month and will just let that grass grow as it wishes.

If you don't think the political candidates are beating the bushes now for votes, you don't know your politics. No race is being neglected and although some of the "fire-works" expected has not materialized, you can bet, gamble or wager that plenty of smoke and fire will be engendered soon. The weather is too hot for anyone to keep very cool and rumors of this and rumors of that will cause tempers to flair out of bounds.

SCINTS—We see by signs on the courthouse lawn that a race meet will be held in Haskell from June 27 to 30. That county official who left his office for several hours the other day to get in a bit of campaigning, must have figured that his office would be cool when he returned, because his electric fan was going full blast. We kindly turned it off and saved the taxpayers money. . . . Come to think about it, by saving the taxpayers some money, we are entitled to brag about it and have a legitimate excuse to run for office the next election. . . . One Haskell miss inadvertently told that she was saving dimes the other day to a person who owed her money and was soon afterward paid the debt in DIMES. Now she can't pay some of her bills. . . . If you want someone to broil steaks for you on a picnic, be sure to invite Roy Sanders. . . . One of our fire-boys raced to a fire the other night on a bicycle and a few laughs have been enjoyed at his expense, but to us it shows "determination." The thing to do about a fire is GET THERE. . . . In this alleged column last week we mentioned Leo Southern and in some manner it was stated that his being transferred to Seymour was not a promotion. Much as we hate to admit that any change from Haskell to Seymour is a "promotion" such is a fact, so far as the transfer of Leo is concerned.

We're writing this with a cake of ice on our head and a shaky electric fan hurling hot breezes our way. No one is in a mood to be funny, or look complacent upon any cracks, so we're having to step warily this week. Here's hoping you're doing the same.

### Notice of Bankrupt's Petition For Discharge

In the District Court of the United States for the Northern District of Texas.  
In the Matter of Robert Van Buren Robertson, bankrupt, No. 1661 in Bankruptcy.  
Office of Referee, Abilene, Texas, July 10, 1934.  
Notice is hereby given that Robert Van Buren Robertson of the county of Haskell, and district aforesaid, did, on the 6th day of July, 1934 file in the Clerk's office of said Court, at Abilene, a petition setting up that he has been heretofore duly adjudged a bankrupt under the act of Congress approved July 1, 1898; that he has duly surrendered all his property and rights of property, and has fully complied with all the requirements of said acts and of the orders of the Court touching his bankruptcy, and praying for a full discharge from all debts provable against his estate in bankruptcy, save such debts as are excepted by law from such discharge.  
On considering the above mentioned petition, it is ordered that any creditor who has proved his claim, and other parties in interest, if they desire to oppose the discharge prayed for in said petition, shall, on or before the 18th day of August 1934, file with the Referee for the Abilene Division of said district, a notice in writing of their opposition to a discharge in the above entitled cause.

### Notice to Persons of Haskell County Relief Rolls

Upon instructions of the Federal Relief Commission passed July 1, 1934, the Haskell County Relief Board is hereby given authority to that persons physically or mentally disabled, who are unable to support themselves, and who are in the locality wherein the relief is to be performed, and who cannot be supported without government aid, may be furnished relief.  
The following instructions are issued to all citizens of Haskell County, to-wit:

Any person or persons applying for employment to others, whether on relief rolls or not, will inform the local County Relief Board Chairman in writing immediately when such person or persons are refused. Such advice to the County Board Chairman will include, when possible, the worker's full name, address, employment offered and wages offered.

When any person has been offered employment, and has refused it, under the conditions always stated, the County Relief Board of Haskell County is prohibited from giving either direct or work relief to such person.

This pronouncement is published under direction from the Texas Relief Commission, whose membership represents the universal cooperation of the people of Texas in support of the action which is intended in the employment of persons on relief to refuse to accept work.

Adrian R. Johnson, Director.

Except in the larger cities, electric service was rarely satisfactory before long-distance transmission of electric power was perfected.

Small local plants serving single communities generally lack the variety and volume of demand which enables a larger system, serving a wide area, to operate efficiently.

Nor can small, isolated plants meet sudden demands for more power nearly as readily as the larger system.

The transmission line can deliver larger amounts of power at once without the delay of installing additional equipment. Thus it clears the road for industrial growth.

The present-day industrial progress of small communities is based in a large measure on the ample and economical power supply which resulted when the transmission systems replaced small local plants throughout the nation.

With 2,608 miles of transmission lines, the West Texas Utilities stands ready to render satisfactory service to 159 prosperous cities, towns and communities throughout West Texas—"The Land of Opportunity."

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule... and adds only a small amount to your total bill?

KNEE-ACTION tops a 22-year record of engineering progress that makes Chevrolet the best riding car in the low-price field

Year after year, it's been the same story: Chevrolet FIRST with the NEWEST and BEST! Chevrolet leading—others following. Chevrolet out in front with the latest proved advancements. Self-starter! Sliding gear transmission! Streamlined design! It was Chevrolet aggressiveness and progressiveness that forced all low-priced cars eventually to adopt these and other major improvements. And now, this year, comes the climax of Chevrolet's engineering leadership: the Knee-Action ride!

CHEVROLET This newest of motoring sensations is a marvel of smooth, easy, gentle motion. No other ride in the world can even compare with it. It makes Chevrolet far and away the best riding car in the low-price field. Have you noticed how America has taken to the Knee-Action ride? In the first 6 months, demand for Chevrolet cars sent production to the highest total attained by any automobile during 1934. # America Urged To Oust Leaders Fostering Booze

CHICAGO—Declaring that the time has come for thoughtful Americans to frame a new declaration of independence to insure freedom from the "moral and national decay which will follow the re-established liquor traffic," Mrs. Ida B. Wise Smith, president of the National W. C. T. U., sent the following Fourth of July message to the people of the United States:

"Immediately in the wake of the repeal of the Eighteenth Amendment, there has come a menacing revival of the evils which once flourished in direct alliance with the liquor traffic.

"Repeal of prohibition is but an indication of the moral disaster this nation faces if selfishly interested groups are permitted to work their will.

"The time has come to frame a new declaration of independence of patriotic citizens from and of relentless hostility, therefore, toward leaders who refuse to lead against these manifest evils, politics which evade the duty of grappling with legalized wrong, and which for its own continuance depends upon graft and partisan spoils; any revenue policy the effect of which, as in the case of the liquor traffic, is to shield and protect capitalized exploitation of the people; propaganda and advertising

which distorts and conceals the truth; misrepresents the facts regarding denunciated moral and economic issues; and the real purpose of which is to increase the use of intoxicants; or to promote popular tolerance of the widespread evils that follow in their train."

In a bit of ceremonial at the new World's Fair in Chicago, B. M. Hatfield pours out of a Jug water from 19 rivers and canals and streams into the Fair lagoon and Lake Michigan. Hatfield, bearded "scowboy," filled the Jug on a 4,500 mile motored boat trip from Texas. Victor Kjelbas, Chicago city sealer, who offered Commodore Hatfield the keys to the city, is looking on. Pilots from the Fair's lagoon fleet are in the background. Water from the following points was poured into the World's Fair lagoon by "Commodore" Hatfield: Trinity river, Intra-coastal canal, Pensacola, Fla., Bayou La Batrie, Bayou Terribone, Bayou Houma, Gulfport, Miss., Harvey Locks, New Orleans, St. Louis, Mo., St. Paul, Minn., Prescott, Wis., Dubuque, Ia., Moline, Ill., Mobile, Ala., Burlington, Ia., and Ottawa, Ill. ### TAXPAYERS PAY FOR CRIME

Business men, farmers, professional men all should very carefully figure the cost of crime both from a money standpoint, and more particularly from a moral and social standpoint, and the effect of crime on society in general. Criminals increase the tax burden beyond any doubt. If you think it does not ask your county and district attorney what it costs the state and county to catch and prosecute a criminal.

Character is usually formed in childhood, and proper environment and associates of a boy usually determines his conduct in future years, and while there are quite a few exceptions, there is many a boy allowed to wander out both day and night, and if thrown in bad company usually starts by doing things through mischief, throw rocks at windows, visiting peach orchards, and watermelon patches without permission. Being idle one boy will think up plenty of meanness to influence the other boy to do, and so on the boy drifts from one deed to another, and becomes harder as his tender years slip by.

We have good homes, churches and Sunday Schools and a number of boys find their places there, but in my opinion one of the greatest organizations in the world for training the boy is Boy Scouting in America, and you will find the Sunday School classes pretty well made up of Boy Scouts, for the Boy Scouts of America is one of the greatest character builders in America today. It gives the boy clean associates and companionship which a boy will naturally seek (some sort of companionship) and there could be no finer organization than scouting which offers character building studies with their play.

It is fortunate for Haskell that they have such men as Dave Parsons scoutmaster of Troop No. 26 and Ray Crowell scoutmaster of Troop No. 30 who give their untiring time with the army of compensation to train these boys, their ceaseless effort and their money go for the training of these boys in finer citizenship, of which neither have boys. In fact Mr. Crowell is unmarried.

One old saying is "The boys of today make our men of tomorrow."

One should feel it a money saving investment to contribute to these

**MARVELOUS NEW "G-3" GOODYEAR ALL-WEATHER**

Look What You Get—No Extra Cost: 43% More Miles of real non-skid safety... Flatter Wider Tread... More Center Traction (16% more non-skid blocks)... Heavier Tougher Tread (average of 2 lbs. more rubber)... Supertwist Cord Body (supports heavier tread safely)

Tremendous welcome—huge sales—follow announcement of sensational new Goodyear tire—keeps us and factory on jump—Users say "43% more non-skid mileage" understates it.

We've never seen the equal of it—the way car owners have flocked in, looked, listened, bought new G-3's these last ten weeks—and it's the same everywhere we hear. What's more, people who got G-3's months before the public announcement, report it's better than claimed! They cite mileage records to prove they're getting better than the 43% more non-skid mileage averaged by Goodyear's test fleet. Buy no tires until you let us show you this wonderful new Goodyear All-Weather which gives so much more safety and service without costing you a cent extra!

Sure, we have Goodyears at ALL Prices! Because Goodyears are the largest selling tires, you get more for your money no matter what you pay.
