WPA Projects Are Started, Bringing Thousands of Dollars To Haskell County

SEVERAL WPA PROJECTS STARTED THIS WEEK

Works Approved To Start Last of Month

WPA projects in Haskell have started with most of the work being handled by skeleton crews which will be added to as the men get in from the projects that have prevented the work from starting sooner in the past.

Several of these projects have been started from two to three times in the past and Federal authorities issued a mandate stating that they should have to begin on the set date or be abandoned.

One project in Precinct three was started last Tuesday. This calls for the work of 41 men but there were not so many in the actual work on the day. The project in Precinct three started last Thursday but this was far short of the required men that the program requires.

Weinert project of graveling streets is well under way. Work has been going along for three weeks, according to J. Brown, local WPA head.

Community body meet is called for Saturday

W. Chesler, county agent announced that the election for county chairman and county officers of Haskell County Farm Association will be held on the night of December 10.

The chairman or vice-chairman of each association will be elected at their respective meetings. The chairman, secretary and treasurer of each association will be elected at the county-wide officers meeting.

These community gatherings will select county-wide officers and will also select county-wide officers and will also select county-wide officers.

Approximately 2,500 farmers in the county are expected to attend the community-wide officers meeting.

BEER LICENSES ARE REVOKED IN COUNTY

Beer Parlors Closed by Supreme Court Action

In the light of a decision of the Supreme Court, County Judge Charlie Conner, last Tuesday morning, revoked the licenses previously issued to seven men for the sale of beer in Precinct Four in Haskell County.

The supreme court ruled that counties faced with the problem of having voted dry and one precinct voting wet, was not legally in a position to sell intoxicants and therefore, the licenses that had been issued were automatically null and void.

Judge Conner, in addressing the beer sellers, told them that at the time the licenses were issued that in all probability the Supreme Court would rule against the practice of selling beer under the conditions confronting the officials of Haskell County and for that reason, Judge Conner was revoking the licenses and refunding the unearned portion of the fee.

County Attorney Ben Charlie Chapman stated that he was going to prosecute any offenders, now that they had no permit to sell, and Major H. C. Hardwicke of Stamford, attorney for the operators, asked that a 10 day notice be given so that the men might be able to dispose of their stocks.

He also cited a statute that says that no license, after being issued can be revoked without a 10 day notice. However, Judge Conner stated that inasmuch as he did not have a legal right to issue the license in the first place, the license was null and void and that the sale of beer in Haskell County was automatically a criminal offense, whether the men wished to accept their rebate or have it mailed to them by registered mail.

Rainy Weather Cause of Car Wreck Thursday

The rain that started Wednesday afternoon was the cause of an automobile wreck at the Northwest corner of the square at 6:30 P. M. last Thursday night.

Freeman Mullins, son of P. M. Mullins who resides three miles Southeast of Haskell and Cecil Williams, son of the late Cecil Williams, were involved in the wreck. Mullins and a friend were coming into town on the highway and Williams was trying to go down the street. The mud lights and muddy windshields prevented either of the drivers seeing each other, and as they expressed it, "We locked horns before we knew it."

Fortunately there were no serious injuries although neither car was able to leave the scene under its own power. However, Williams' car was driven home with a few of the parts removed that were impeding progress.

ARCHITECTS DRAWING OF THE NEW \$50,000 NORTH WARD SCHOOL

This beautiful building will soon replace the old North Ward School building which is being razed. Workmen started tearing down the old building last Thursday. Classes have been moved to various churches in Haskell and into the East Ward School.

TITLE DREAMS ARE BLASTED BY ROSCOE

Haskell Makes More Yardage, But Ill-Timed

The Roscoe Heavyweights turned loose of the plowshares long enough last Thursday to journey to Haskell and carry us under the tune of 13-6 and take our title hopes with them.

The undefeated Indians turned in a mighty good game and fought for the touchdowns up to the last minute of play but there wasn't enough of what it takes to spill the interference of the Plowboys ball carriers and the head linesman was kept busy measuring the yardage gained.

The Indians were outweighed at least 20 pounds to the man in spite of what the programs said. We have seen very few high school teams that had the weight of the Roscoe aggregation. We have never been considered a babe in arms since the age of three, but when Slim, the big dishwasher at the Tonkawa Coffee Shop had to tip toe to see over the shoulders of half a dozen Roscoe players, that is getting up in the air.

It was a gallant fight from the start. The size of the Plowboys evidently had something to do with the Indians half-hearted attempts to get a rally and overcome the seven point lead that Roscoe had after the first 15 plays of the game. However, the Indians made more yardage from scrimmage and one more first down than their opponents but that didn't mean anything.

The odds on favorites didn't fail their backers and now they are headed for the championship. They have a fast, heavy and well conditioned team and it is with sincere regrets that it isn't our Tribe that is marching on to State laurels, but since it took a team as good as the Plowboys to put us out of the running, it takes a minute account of the plays to really see this.

As the season comes to a close, we wish to start a one man campaign (Continued On Page Three)

Skelton Crew Begins Removal Inside Fixtures

Work started last Thursday on the tearing down of the old North Ward school building so that the new \$50,000 structure can be erected on the old site.

In spite of the fact that Haskell County has more WPA work than there are men for the jobs, Wm. P. Brown, local head of the WPA has started several of the jobs that could not be postponed by sending skeleton crews to the work and will augment these forces later in the month as the men eligible for the work are released from the fields, where they have been working for the past several months gathering the fall crop.

Although hampered by bad weather, the 15 or 20 men that went to work on the old building were busy on the inside, removing windows, fixtures and other parts that are inside and will have to be removed before the actual demolishing of the stone walls can be accomplished.

A total of thirty men and one timekeeper and one superintendent are to be used on the work and as soon as possible the full crew will be assigned to the work.

FREE MAIL PLANS GIVEN SLIGHT SETBACK

Lack of Sidewalks Delays Realization

Negotiations for free city mail delivery came to a standstill last Monday night when it was learned that the United States Postal authorities had decided here were not enough sidewalks on the proposed streets for the class of service desired.

The street lighting was endorsed by the Junior Chamber of Commerce when it was learned that the possibility still remains for the Postal authorities to recommend and secure another class of free mail delivery. However, this proposition is at a stalemate with the Municipal Light Plant which has been receiving quite a bit of attention in the City Council.

The West Texas Utilities Company based their low rate for the street lighting on the proposition that they give a substantial reduction in rates on the business section of Haskell, and that the proposed Municipal Light Plant plans be abandoned. They will not undertake to encumber themselves with the expense of several thousand dollars in erecting poles, brackets etc., and connect the lights without having a four year contract and a four year renewal.

The Chamber of Commerce voted to keep out of the argument but they are getting the streets lighted as soon as possible, either with the Municipal power or with the Utilities Company power.

The mail delivery plans cannot be perfected at the present but by having the lights and the sidewalks built across the intersections and the numbering and numbering of the streets it is possible to get this service soon. The numbering of the houses will be undertaken as soon as the Jaycees can straighten up their affairs pertaining to the spectacular Santa Claus Parade which will be held here next Saturday.

Further plans will be drawn up at (Continued On Page Five)

FREE PRESS MAKING PLANS FOR 50TH BIRTHDAY

Special Edition Will Commemorate Event

The Haskell Free Press will be 50 years old in January and it is the fond hope and dream of the Editor that we will be able to put out a large birthday edition at the time.

The Free Press is almost as old as Haskell County. That, in itself is something for which we can feel very proud. The Free Press is the oldest business institution in Haskell County that is still doing business under its old and original name.

We have already started soliciting advertising for the Golden Jubilee edition and it is the earnest desire of the editor that any of the old timers that will be so kind, will call us and let us come to your home and get some stories and features for this edition. The History of Haskell County will be shown in this edition. Those readers who recall the old happenings that are chronicled in the musty files of the Free Press are going to be contacted if it is at all possible.

If there are any old pictures of interesting buildings, pictures of interesting characters, families, anything that will be of interest to the readers of the Free Press and of interest to the people of Haskell and Haskell County, it is earnestly requested that they be loaned to us. We will guard and take care of them as though they were our own. We wish to have a complete history of the county, its people, its buildings and all about Haskell.

In going over the files we find that many good stories were lightly touched, doubtless because there were people living then that would have taken great delight in shooting it out with the editor, but most of these people have passed on or they have taken the hardware off their hips and are in the mood to laugh (Continued on Page Ten)

Sizzling Sheep Stew Sours Snopper's Snoopibilities!

Woe is us. Alas, Poor Yorick, I knew him when . . .

A couple of weeks ago we happened to be sitting in the Sheriff's office of a balmy Sunday afternoon, swapping tit for tat and reading about how well our cousins were doing in the pictures on the bulletin board and the amount taken from the bank and all that when, lo and behold, the subject of a barbecue was brought up. There seemed to be a slight hitch in Mike Watson's plans and we personally found Mr. Hap Nutt who was to furnish the mutton for the barbecue. We licked our chops a couple of times and reminisced about the last mutton barbecue that we had in Colorado, up close to Durango in 1928. Now that was larrupin' good truck and we were all a twitter and adither about the Barbecue.

Well, you know how things go, we got busy and didn't want to be too insistent about the big day and all that and here comes Reiley Lewellen with a large pain in the stomach because the big barbecue and picnic for the Court House gang had not been written up in the Free Press. Now ain't that a scream? We thought the only friend we had in the courthouse was Mrs. Williams in the Sheriff's office and even she didn't tell us to bring a toothpick and an appetite. Now . . . just went ahead with the barbecue, and we didn't even get the news until two weeks later.

School Groups Will Take Part in Colorful Pageant

Old Santa Claus himself will be in Haskell and will make his first personal appearance in the daylight on the streets of Haskell at 2:30 next Saturday. His return will be a secret as he doesn't like to keep the boys and girls up after the usual bed time, but this next Saturday will see Santa himself, riding down the streets of Haskell in a wonderful parade.

Here is the man that we have waited a whole year to see. This is Santa Claus himself and he will be in Haskell next Saturday afternoon and will stage one of the grandest parades that has ever been witnessed here. The Haskell Junior Chamber of Commerce is sponsoring this parade and the C. C. Committee went all over Haskell County last Monday and asked that the schools of Rule, Rochester, Weinert and O'Brien be in Haskell and take part in the parade.

The Pop Squad of Stamford and the Boy Scouts of Stamford will be (Continued on Page Ten)

BITES SAID FOR HASKELL BARN TUESDAY MORNING

Burial in Tarrant County Beside Wife and Mother

J. C. McKenney, well known resident of Haskell county, passed away Monday morning at his home, five miles Northwest of Haskell, at the age of 61. He had been ill for some time. He was born September 15, 1873, in Talberton, Georgia, of a plantation owners. While a baby in arms his parents were in Arkansas, settling in the village of El Dorado, where J. C. grew up. He came up in the difficult years just following the Civil War and experienced the hardships of that time. At the age of eleven he took charge of the affairs of his widowed mother and through untiring energy and thrift managed to own his own home in his late twenties. In his early life he was handicapped by blindness and survived two attacks of typhoid fever and one of typhus, hardships and problems he bravely weathered typical of his time.

Left a widower in his early life he made the raising of his small children his chief aim always struggling that they be spared the hardships of his own life.

His sister, the late Miss McKenney made a home for him in the death of his own death in June, 1934. He made his interests in his loved and worked with his sacrifice and the bringing up of his party.

Monthly Meeting
The monthly social and business meeting of the Baptist Sunday School was held in the home of Mrs. J. M. Martin on Tuesday afternoon. The rooms were gay and festive, with their holiday trimmings, the center of attraction being a brightly colored Christmas tree, of native make.

Mrs. Angie Herren was program chairman for the afternoon. The meeting was opened by singing "Joy to the World" and "I Heard the Bells on Christmas Day". Mrs. I. N. Davis brought the devotional using the old and loved story of the Savior's birth, as a scripture reading.

Following the business session with reports of officers and group captains, all joined in singing, "O Little Town of Bethlehem". Mrs. H. B. Whaley told a beautiful story about the uninvited guest—the guest who is grieved if we go too deeply into Christmas joy and neglect the worthwhile gift.

It was suggested that we give Mrs. J. L. Southern who is seriously ill, in the Wichita Falls clinic hospital, a post card shower. Demonstration Clubs Visitor Gives Her Impressions

After visiting with various Home Demonstration Clubs of Haskell County and getting an insight into the real purpose and wonderful work of this organization, I wish to give by the following poem, a glimpse of the club spirit as it expressed itself to me while among its members.
Bessie Hutchens.

We members of Home Demonstration Clubs
Have accepted the opportunity offered to us.
We're getting better acquainted, and
caring lots more
About each other than ever before,
And so many things we've found
We can do
Improving the old, and adopting
the new.

Our Home Demonstration Agent has ever been kind
To teach us the club work and keep us in line.
Her visits each month bring so many helps
And encourage our efforts to keep on in step
So with her cooperation we're making the grade.
And we're proud of our club, with the progress its made.

To live in the country is no longer the background
Since rural life can be modern as well as the town,
And we're keeping our families from longing to roam
By bringing beauty and attraction within our own homes.
The food that we serve them, there's none can excel,
And we're keeping them happy, contented and well.
To our neighbor we're practicing the Golden Rule,
"Do unto others as you would have them do unto you."
The good we receive we always pass on
And our club work is brightened with sunshine and song,
So with renewed courage from each meeting we hold
We strive to be faithful and accomplish our goal.
To our country and our God, we pledge to be true
Our club owes its freedom to Red White and Blue
And to God who hath given us life to enjoy,
And richly pays workers that are in His employ,
So if you're discouraged and life seems a hard rule
Just pack up your troubles and visit our club.

Sarah Ann's Cooking Class

At Christmas time there is confusion and excitement everywhere. The practical housekeeper will see to it that as much cooking as possible is finished and out of the way before the last minute rush demands her attention. Plan for the cookie jar today and fill it in plenty of time for Christmas.

Scotch Date Sticks Filling

Put 1 1/2 cups of pitted dates in thirds and cook with 3/4 cup of water to the consistency of marmalade, remove from the heat and add 3 tablespoons of orange or lemon juice. Cool.

Cookie Mixture

Place 1/2 cup of shortening and 1 cup of brown sugar in a bowl. Sift 1 1/2 cups of flour with one teaspoon of salt and add to the mixture. Work to a crumbly consistency. Add 1 3/4 cups of rolled oats and mix thoroughly. Put 1/2 the mixture into a shallow baking pan—use a cookie sheet. Spread a thin layer, which should measure about 10 by 14 inches, with the date filling. Sprinkle with the remaining crumbly mixture, patting it in place. Bake in an oven 325 degrees for 25 minutes. While warm cut into strips and remove from the pan. These are rich and flaky.

Christmas Wreaths

Beat 1/2 cup of butter to a cream, gradually beat in 1 cup of sugar, the grated rind and juice of 1 lemon; the beaten yolks of 2 eggs, and the white of 1 egg, beaten dry. Flour to make a stiff dough. Roll into a thin sheet and cut with a doughnut cutter. Beat the white of 1 egg and brush over the cakes. Set in baking pan, sprinkle with chopped pistachio nuts (blanched) and add here and there small round candies. Bake in a moderate oven.

1/2 cup butter,
1/2 cup sugar,
1/2 cup milk,
1 teaspoon baking powder,
1/2 teaspoon lemon extract,
2 cups grated coconut,

Cream butter, add sugar and beat in egg. Mix in the milk slowly. Sift flour, baking powder and salt, add to the first mixture. Add seasoning and coconut. Drop by spoonfuls on a greased baking sheet. Bake in a moderate oven for 15 or 20 minutes.

Rolls Pecan Wafers

1/4 cup shortening,
1/2 cup brown sugar,
1 egg,
2 tablespoons flour,
1/2 teaspoon vanilla,
1/3 cup pecans chopped,
1/4 teaspoon salt.
Cream shortening and sugar. Add beaten egg, mix well. Add flour, nuts, salt and flavoring. Mix thoroughly. Dry by spoonfuls on greased cookie sheet about 5 inches apart and spread thin with back of spoon. Bake in an oven 300 degrees for 10 to 12 minutes. Remove with a spatula and roll while hot over a round wooden spoon handle. If cookies become too cool to roll they may be reheated.

press box at Rice Springs Park. The game is no place to try to win a game. The people behind the line and neither can the reporter get on top of the Grand Stand will cost less than one might think. In fact the Fair Association has a lot of loose boards scattered that it can be made use of then all will be well.
Anderson of the Abilene staff was in attendance at the game and there would have been many other spectators for them. It is no fun to sit up and down the sidelines to keep up with an assistant who too busy rooting for the team to pay any attention to the game. Any who think that notes can be written from a running position at the base and two strikes are called.
We would like to hear about this in the towns that we will play next year. Perhaps we can all get together and get a press box in all stadiums. At least we can try the idea being that we want to be our friends in a good position in the 1936 classic when we beat out of San Angelo and Wichita.

Plowboys Defeat Indians 13-6 For District Crown

The Roscoe Plowboys issued more power than the Indians and beat them 13-6. This game was for the Championship of District 6. Since both teams were untied and undefeated for the season, the game constituted a dense atmosphere over the spectators.

Jack Kimbrough did some good playing while on the gridiron for the last time in Haskell High School. He threw the pass to Henry Stanton for the Indians only tally.

Albert Barnett carried the ball a lot and gained lots of yardage. Rogers and Tom McMillin did some good blocking and ball tossing. Rose McMillin backed up the line in good style and he stopped a lot of plowboys.

The line constituted a great performance according to the size. The Roscoe Plowboys outweighed each team (on the average) 20 pounds, but they would have outplayed them if they had not been so big.

Student Body Praise Coaches

To simply say that we appreciate our coaches and the work they have done would be putting it rather mild. For we are sure that the students of Haskell High School and every citizen of Haskell, who knows the coaches, thoroughly realize the hard work and time put out by the head coach Bill Richey, and assistant coach Perry Mason, in an effort to bring glory and praise to the school and town by turning out a winning team.

Mr. Richey has had the job of coaching the boys in football, basketball, and track all by himself for some five or six years, until he was relieved of a good portion of the work by Mr. Mason last fall. Mr. Richey has come very close to having a winning team three times, only to be robbed of the glory by the loss of one half to one game.

The coaches had some very good material to work with this year and they succeeded in molding this material into a real class B football team and they will probably do the same thing next year. We as representing the student body of the school, extend our greatest thanks and appreciation to two of the best football coaches we will find any where. Not only did they spend several hours a day coaching, but teach classes with admirable skill. May it be said here that if there is anyone, boy or girl, who does not like Mr. Richey, he keeps it quiet. He is one of the best liked teachers we have ever known. It is also due to him to a large extent that Haskell has always played clean football, and Mr. Mason is living up to this principle.

Here's to our coaches, whom we respect and appreciate. May they keep up the good work.

This Week's Warwhoop "Chief"

F. L. Daugherty our "Warwhoop Chief" for this week came to Haskell 25 years ago and immediately became a booster for the "Old Home town" and has continued the good work ever since. He is a man who can be depended upon to do his part, when his time, talent, or money is needed to make Haskell a better place in which to live.

He is a strong supporter of the Haskell school system, having served several years as Assessor-Collector of taxes for the district. He is an ardent booster for the Haskell Indians and never misses an opportunity to give the boys an encouraging word of praise for their sportsmanship exhibited in a tough game on the gridiron.

At the present time he is Secretary-Treasurer of the Lion's Club; Chairman of the Will Rogers Memorial fund for Haskell County and takes an active part in the work of the Civic Clubs of the city. We salute you "Chief" Daugherty, and may you keep up the good work for

F. L. DAUGHERTY
many years to come.

Hazel Foote is the answer to last week's description.

We are glad to add the names of Patsy Bentley, classified as a senior, and Elizabeth Huckelbe, a Sophomore, to the roll of our high school students. We want all of our girls to make friends with them.

Haskell Indians Thank Pep Squad

Now at the end of another successful football season, we the Haskell Indians of 1935 wish to express to a loyal, ever-ready group of rooters and supporters—the high school pep squad—our deepest and heartfelt appreciation.

It is an amazing fact that such a large group as the pep squad of this year would continue to work together for so long a time, and it is very much appreciated by all. Whether or not you were noticed and heard during a football game by those who were actually fighting and gaining for Haskell High School the many victories which were ours, we knew you and your sponsor were there and backing our team one hundred per cent strong.

Although little credit is given to the pep squad for football victories we are sure that your services, loyalty and support will be greatly remembered.

Haskell Indians of '35.

Gridiron and Bleachers

That's alright! That's alright! You've fought a good fight! Yes, the team fought a good fight. Even though they didn't win, they gave Roscoe plenty of competition from the beginning to the end. The pep squad realized the team needed encouragement and they backed them one-hundred percent. Whenever our team got in a "tight" the squad yelled for all they were worth. Although the Indians stayed behind the entire game, the pep squad gave them more support than they ever have. They were fighting a hard fought battle and they needed all the support that could be given them.

We are proud of our team because they are good losers. As our song says, "Some games we win, and some games we lose, but we've got a grin we always use."

The pep squad will be a part of the Santa Claus parade Saturday and we want it to be represented one-hundred per cent.

Let's Go Amateur

ROSCOE TILT WAS LAST GAME FOR MANY TRIBESMEN

The Haskell Indian football squad will lose several lettermen. Some are graduating and other will not longer be eligible for various reasons. Although they will not be back for another season, they proved themselves "fighting Indians" while on the gridiron.

The ones that will not be back are as follows: Jack Kimbrough, Quarterback; Ernest McMillin, Center; Bill Reeves, Guard; S. A. Moser, end; Eugene Rose, Guard; Thomas Kaigler, End; Robert Wheatley, Tackle and Artie Pippet, Halfback.

Jack Kimbrough lettered for the past four years, rating last year as an all-district fullback.

Ernest McMillin has been a hard hitting center for two years. He was an all-district center last year.

Bill Reeves and Eugene Rose were a couple of varsity guards and they showed it during the season. Bill lettered three years and Rose one.

S. A. Moser and Thomas Kaigler were playing end during the season. Moser lettered three years and Kaigler one.

Robert Wheatley made the tackle position and lettered by doing it.

Artie Pippet was a good halfback until he hurt his knee, but he still lettered his three years, playing at end last year. He also rated all-district.

We are indeed sorry to lose these players but we can't keep them all ways on the high school gridiron.

STANDARDIZATION IN THE RURAL SCHOOLS

By Faye McCandless

Many people underestimate the value of the standardized school due to the fact that they do not grasp the significance of the term. Standardization means the same to the rural school that affiliation means to the high school. The state department of education sets up standards of achievement for the rural schools which enable their pupils to enter an affiliated high school without taking an examination. Out of the approximately 7000 schools in Texas, only 200 received standardization certificates last year.

Standardization is not only advantageous to the pupils, but it raises each teacher's salary \$5.00 per month in State Aid schools.

In scoring schools for standardization, the grounds and outbuildings, equipment, teachers, pupils and community are given careful consideration. Out of a possible 1000 points, 800 are required to pass the tests. Included in this 800 points are specified items designated on the score card by a star. Included in these starred items are: teachers must have two years college training or a permanent certificate; the length of the school term must not be under 160 days.

Each grade must make a standard score on a test which is approved by the State Department of Education. The water system, heating, lighting and ventilation must be approved by the Deputy State Superintendent.

A number of Haskell County schools are working for Standardization this year. The first scoring is given by Mr. Graham. The Deputy Superintendent gives the final test and makes his recommendation according to the score. Although not all of the schools have been tested, Midway and Lake Creek have the highest number of points. Midway has 836 points and Lake Creek has 865. It is possible to raise the score in the second testing.

Mr. Graham asks that he be notified by any schools that have not been tested.

Haskell Banker
(Continued from First Page)

In 1892 he moved from Arkansas to Tarrant County. While in Tarrant County he always owned and managed and lived on a farm, but always gave most of his energy and time to some kind of trading. For a number of years he and the late T. A. Williams of Haskell bought and sold cattle in Tarrant County. Following this period, he was in the real estate business in Fort Worth during a period characterized by rapid growth of the city and county.

In 1918 he moved to Haskell County and purchased the Johnson place Northwest of town, where he has since that time made his home. He has been interested in affairs of the community, being president of the Farmers and Merchants State Bank, a director in the Farmers Cooperative Gin, and owning stock in various civic enterprises.

As a citizen he was always strongly aligned on the side of the right. He was a man of strong convictions and was not afraid to stand by his convictions. Always he faced life bravely and met its problems without complaint. Death he met in the same courageous way. Realizing its approach he said that he had had a good life and that people had been kind all along the way. His friends loved with unflinching loyalty. His life story is one of success over difficulties, devotion to, sacrifice for his family, unswerving loyalty to his friends and unselfish service for his community.

Mr. McKenney was a member of the Masonic Lodge since twenty-five years of age and was very active when younger and was devoted to the principles of Masonry.

Huckabee in charge, after which the remains were taken overland in a Jones Cox Co. funeral coach to Everman, Tarrant county, for interment, beside his wife, mother, brother and sister. At Everman Brother Collier, a Presbyterian minister 84 years old and a friend of forty years standing had charge of the service.

Mr. McKenney is survived by a son, Elmer McKenney, of Haskell, and a daughter, Mrs. W. A. Nelson and Mr. Nelson of Austin, and cousin Mrs. Kate Alexander of Childress, Texas.

Active pallbearers were: T. A. Rhodes, Walter Overton, John Rike, John Couch, Clarence Burson, C. O. Scott, Bob Reynolds and Fred Sanders.

Assisting with flowers were: Mrs. Veltie Oates, Mrs. Wallace Cox, Mrs. Park Woodson, T. C. Cahill and Fred Sanders.

CHRISTMAS SHOPPING

With Christmas only three weeks away, the Yule shopping season is at hand and Haskell merchants are anticipating the busiest period of the year. Haskell stores this year are offering an unusually fine and varied stock from which to make your gift selections and you will find the prices are as good as can be found anywhere. Haskell County merchants have gone to considerable expense in equipping their stores to meet the demand of the Christmas shoppers and they deserve the support of Haskell County people, for the money spent with them will stay in the county and indirectly benefit the spender as well as the merchant. There are numerous advantages in buying your Christmas gifts from local merchants, if by chance a piece of merchandise is not just the right size, the local merchant always stands ready to exchange it for the right one, whereas it may be considerable trouble to make the exchange in some other city. Patronize the local merchants.

CHRISTMAS GIVING

Once more the season is at hand when we will be fully engaged in preparing gifts for Christmas.

Let us bear in mind that "it is more blessed to give than to receive" only when we give in the proper spirit of Christmas. Many people have the wrong point of view about Christmas giving, and to a large extent, the beautiful custom of giving gifts on Christmas has been commercialized. Some give beyond their means to make a show, some give gifts with the view of placing the recipient under obligations to reciprocate, while others give simply because they have received gifts and feel that it is expected of them.

The real Christmas spirit fills only those whose thoughts are about the happiness they expect to bestow on their friends, and upon unfortunates who think they have no friends.

It is not so much what you give, as to whom you give and the spirit in which it is given.

There is a poor woman living around the corner. Very few, if any are thinking of what she would like to have for Christmas. Next to yourself she would be the happiest person in Haskell if you were to walk in on her early Christmas morning with a gift or something good to eat or something warm to wear. If you wish to convince yourself that "it is more blessed to give than receive" try it.

A MARVELOUS AGE

Air journeys are common place. Modes of travel are quicker and faster than ever. The world is being drawn closer together.

A giant airplane flies across the Pacific in about thirty flying hours, taking about five days in all. Pretty soon the flying will be continuous without long stop-overs long enough to transfer passengers and baggage.

The Graf Zeppelin, German airship, which has crossed the South Atlantic time and again, gone around the world, and so forth, arrived from Germany at Brazil on Monday and found a revolution going on about its landing field. It calmly stayed in the air, radioing its own news and not to worry, it had fuel supplies to stay up until Thursday.

Air travel is just beginning. It will multiply and increase. Planes will be cheaper, landing places more available, and more people will operate them. Improved appliances will make such travel even safer than it now is. Automobile travel may be comparable at no far-distant day to the old horse-and-buggy speed and comfort.

FAKE SECURITY DEALERS ON WAY OUT

The exodus is on. Fake security dealers are on their way out of Texas and legitimate dealers who offer the able sound investments are able to do so without fear of suspicion.

The Texas Securities Act, which passed both houses of legislature without a dissenting vote, is responsible for this happy condition.

However, the state is not completely rid of all fraudulent dealers and the public is charged with the final responsibility. It is up to the persons who invest in stocks, bonds and oil, gas and mining leases to demand that the dealers they encounter be registered under the state securities law.

If a doubt as to the eligibility of any dealer exists in the mind of any citizen it is the duty of that citizen to inquire immediately. This information can be secured from the Secretary of State's office in Austin.

Many dealers in gas and oil leases contend that they are exempt. Such a contention is a misunderstanding of the law. In some cases lease dealers are sincere in this belief and are laboring under a false impression. In many more cases the dealer does not want to know the law. He is aware of his past record as a swindler and a crook who will permit him to become a registered dealer in Texas.

Under Article "A" of Section 2 of the Texas Security Act it is plainly stated that "any instrument representing an interest in or under an oil, gas or mining lease, fee or right" is to be classed as a security.

This clause was necessary in the law due to the existence of a great number of fake lease dealers in Texas. These parasites have preyed upon the unsuspecting small investors. They have steered clear of wise investors who take the time to investigate before they invest.

Under all conditions potential purchasers of securities are urged to be certain of the dealers who approach them. The law does not pretend to guarantee an investment. It contemplates investigation into the character of the dealer. It is the human element that has been responsible for the fraudulent practices in securities in Texas. A stock certificate can't be crooked but the dealer can.

-CURRENT COMMENT-

PURPOSELESS SPEED

Wichita Daily Times

About 8:30 last Saturday night a party of Wichitans reached the outskirts of this city, returning from the game at Fort Worth. The driver of the car had made 50 miles an hour his maximum speed on the trip. He had not tried to pass slower cars on hills or curves. He had driven with due consideration for other traffic, headed in either direction. He had not drunk, during the day, anything more potent than coffee. On the way home, a good many cars more rapidly driven, had passed his machine, reaching Wichita Falls earlier. It had taken him about three hours to make the distance from Fort Worth.

If he had driven at a maximum speed of 70 miles an hour, the return trip would have been made much more quickly. In about two hours, perhaps, instead of in something over three.

Somebody in the car raised the question of what difference would it have meant, if the trip had been completed in two hours instead of three. What would the members of the party have done with that extra hour? Nobody in the group it developed had any particular use for that hour. One of them would have gotten to a movie that much earlier. One of them would have been reading and signing the letters he had dictated before leaving. None of the group would have used the extra hour for any undertaking that would have added to anyone's happiness or that would have been of real profit to themselves or anyone else.

A good many Wichitans reached home earlier. By 6:30 perhaps, some were back again. Doubtless many were home by 7:30. What did they do with the time thus saved, to compensate them for the extra risks of their speed?

To merely ask the question is to make plain the futility of trying to answer it satisfactorily.

We do too much hurrying to save time that we have no use for when we have saved it.

HENRY-LESSON RADCLIFFE

REBUILDING THE WALLS
International Sunday School Lesson for December 8, 1935.

GOLDEN TEXT: "The people had a mind to work." Neh. 4:6.

Lesson Text: Neh. 4:6-9, 15-21.

The Book of Nehemiah was probably written about 325 B. C., and is a continuation of the historical record given in the first and second Chronicles and Ezra. The contents of Nehemiah represent a period which began roughly about thirteen years after the closing events related in Ezra. This book carries the history of the Jewish people to a later date than any other Old Testament record.

Nehemiah stands out as a great man, who did much to rebuild the ancient city and to reestablish the worship of Jehovah on its legal basis. Nehemiah came from Babylon to Jerusalem about 445 B. C., and the book bearing his name tells how the city walls were repaired and strengthened and how he reorganized the Jewish ecclesiastical organization to secure obedience to the law.

Among the personal characteristics of Nehemiah which attract our attention and compel our admiration were his strong self-reliance, his absolute trust in God, his ability to conceive and adhere to a program, and the wisdom and activity which he devoted to carrying out his aim. Nehemiah stands out as one of the most admirable characters of the Old Testament.

Our first information of Nehemiah reveals him as occupying an important place in the Persian Court, being cup bearer to the King Artaxerxes (Artaxerxes), in which capacity he served in the royal palaces at Susa. That Nehemiah was a favorite of the king may be inferred from the fact that his requests were granted and from the fact which the king readily granted him.

When a friend of Nehemiah returned from Jerusalem and told him of the affliction of the Jews in their ancient city and related how the temple had been destroyed, Nehemiah was sorrowfully touched by the sad picture. Being a religious man, he stepped over the problem, frankly acknowledging to Jehovah the past

sins of his people and confidently seeking the forgiveness which had been promised for repentance.

Artaxerxes noticed the changed attitude of his servant and inquired as to the cause of his sorrow. Nehemiah bravely related the desolation of Jerusalem and requested authority to journey there and rebuild the city of his fathers. The king granted his petition and appointed him governor of the province, rendered him considerable material assistance and sent him on his way with an escort of soldiers.

When he arrived in Jerusalem, Nehemiah found the situation all that his mind had pictured. Not only was the city undefended but it was surrounded by enemies. Nehemiah did not announce his purpose immediately and to keep it a secret he examined the ruins of the wall at night. Then, calling the leaders together he enthusiastically induced them to join him in the task of rebuilding the walls. It is well to bear in mind that a city without a defensive wall could not amount to very much in that day.

Nehemiah was successful in enlisting the cooperation of the leaders and the work was begun. In the third chapter we are given the names of the workers and the part of the wall each was in charge. After the work began Nehemiah was confronted with the hostility of those who did not care to see Jerusalem once more a strong city. The leaders of this enemy were Sambalath the Samaritan, Tobiah the Ammonite, and Gashmua the Arabian. They mocked his efforts and Tobiah ironically declared that a fox could break through the wall he was building.

However the work progressed, and then the enemies planned a surprise attack. In this emergency Nehemiah was brave and courageous, appealing to his nobility to trust in God and fight for their kin and homes. To guard against an attack it became necessary for men to be armed and kept in readiness to repel the invaders. Even the workmen went about their labor with their weapons in hand. These extraordinary measures prevented any attack.

When the wall was half way finished Nehemiah faced the discontent of his own people. The Jews complained of hard times and the greediness of those from whom they had borrowed money. At the same time

Stand Back! Here He Comes!

Just a small portion of the immense crowds that always gather to welcome the most popular man in the world. Santa Claus makes the trip all over the world once each year and it is a task for him to come to Haskell and let this immense crowd of people tell him just what he is expected to bring in the way of gifts.

This conscientious governor refused to accept the official allowances made him and utilized his resources in a liberal hospitality. Nehemiah may be pardoned for the self-satisfied plea to his God, "Remember me for good, all that I have done for this people."

Then the enemies of Nehemiah sought to accomplish by craft and trickery that which they had failed to do by hostility. Four times Sambalath and his allies asked for a conference but each time Nehemiah wisely declined. "I am doing a great work," he should the work cease? Then Sambalath charged Nehemiah with a desire to become king and planning to rebel against Babylon. A priest was influenced to try to induce Nehemiah to seek refuge within the temple itself. But Nehemiah was more sagacious than his enemies and readily saw the plot which was behind these things.

So, the wall around Jerusalem was finally completed, due to the spirit of cooperation shown by the people and the courage with which they faced both ridicule and danger. Nehemiah represents a splendid type of civil authority, in citing his people to progress and reform, yet always seeking their own benefits, rather than any selfish profit for himself. In our next lesson we consider Nehemiah's efforts to strengthen and reorganize the religious welfare of his people.

FOR BETTER...

PERKINS-TIMBERLAKE COMPANY
INCORPORATED

Let's Face the Facts

An honest man might make shoddy shoes but he wouldn't sell many if he advertised them for what they are.

"Caveat emptor"—a Latin expression which when translated into English means "Let the buyer beware"

But today successful business is done on confidence, not trickery.

We do not think it dishonest to make and sell shoddy shoes, provided they are truthfully represented to the purchaser, but we do not believe many of them would be sold if the whole truth were told about them. Everything that everybody buys is accepted for what it appears to be. Therefore a shoe that appears to be leather should be leather, and Perkins-Timberlake shoes are all-leather always.

We think it a deception to sell an article on its looks that looks to be what it isn't. Perkins-Timberlake Company, Inc., has a rule that their shoes MUST be always as good as they look.

50th Birthday
(Continued from First Page)

...of the veterans of the wars. People who have helped to carry the name of Haskell in the pages of History. This is an appeal to the people of Haskell and surrounding counties, people who still have a tender spot in their hearts for Haskell, people who have moved away but still journey many miles to come back to the Old Settler's reunion, people who would like to see the Free Press as its proper place in the development and welfare of the county, which is to say, the leader of the best things that a city and county can do and have.

Please send us your stories, send us your pictures, call us or write us and we will try to do our own sharing of the important news of our county.

Watch for our 50th birthday edition. There will not be any special issue on this paper, we are just busy and proud of the venerable people which the people have bestowed upon us.

HASKELL RESIDENT 35 YEARS DIES SUDDENLY

Hurley Howard Victim of Internal Hemorrhage

Hurley Howard, 48, a long time resident of Haskell, died suddenly at his home in the Southwest part of Haskell last Thursday afternoon. The cause of the death was attributed to internal hemorrhage. Mr. Howard had been suffering from ill health for several months.

While eating a meal at four o'clock in the afternoon of the last day Mr. Howard suddenly became choked on his food and his son, Ivey, helped his father to the front porch where he passed a few times, looked at his wife and children and passed away without regaining his power of speech.

Mr. Howard was born in De Leon, Comanche County 48 years ago. He came to Haskell from Fisher County in 1900 and has resided here ever since that time.

He was married to Rhudella Newberry in 1910 and there were six children, four girls and two boys, of which two girls, Helen Ruth age 10, and Mrs. Jackie Smith and one boy Ivey, are survivors as is the mother.

Other survivors are a brother, Pearl Howard of Old Glory and two sisters, Mrs. John McGregor and Mrs. Jim Anderson of Haskell.

Kinney Funeral Home has charge of the arrangements. Time of burial has not been set at a late date Thursday, but were expected to be Friday afternoon in Willow Cemetery.

WEINERT GIRL ELECTED MEMBER PLAYERS GUILD

Belton, Texas.—Miss Rozelle Jones, Weinert, was recently made a member of Players Guild at Mary Herdin-Baylor Players Guild is a dramatic organization whose members make an intensive study of the drama. Frequently they put on one-act plays, under the supervision of the faculty of the department of speech.

Rozelle is a sophomore in Mary Herdin-Baylor this year.

Mr. J. F. Gilliland of Weinert was in Haskell last Thursday. Mr. Gilliland will leave for Fort Worth next Sunday to spend a month with a nephew. The Free Press is following him to Fort Worth as Mr. Gilliland says that he has been reading it since 1901 and it is like a letter from home when he is away.

Miss Catherine and Clifton Crawford, who are attending college at Texas Tech. Lubbock, spent Thanksgiving holidays here with their parents, Mr. and Mrs. J. M. Crawford.

TO OUR FRIENDS

House Bill 373, passed by last Legislature killed all Burial Associations in Texas.

We now have CHARTER under name of Ideal Security Life Insurance Co., and are re-writing our members.

This being under State Supervision makes it safer, and as each age cares for its own risk by the rates they pay, it is much cheaper for younger ages, and more equitable for all.

We ask all former policyholders to come to the office, and let us explain fully or write us and we will see that a solicitor calls to explain. When you call, be sure to get your calendar for 1936.

A Beautiful Guard of Honor for Santa Claus

Here is a group of girls pictured in the gorgeous "Beauty Parade" costumes which will be seen in the Santa Claus street pageant to be held in Haskell at 2:30 p. m. Saturday, Dec. 7th. These costumes are but a few of the scores of colorful creations of many and varied kinds to be seen in the parade.

There is no limit to the fun and entertainment that will greet every Haskell visitor on that day. The Fire Department is strung up the Christmas lights all over the business section and the merchants windows and stores will all have their Christmas merchandise on display. The fun will last long past the parade time and everyone is putting forth an effort to make this the most spectacular event of its kind in Texas.

The internationally famous Gainesville Community Circus has entered into the contract to furnish 10 lavishly decorated floats and costumes for over 80 people who will augment the professional actors with the circus.

The route of the parade will be from the school house to the North West corner of the square and around the square. The Grand Marshal of the parade is Rev. C. A. Tucker, pastor of the Presbyterian Church. His Captains: In charge of the first division is J. D. Montgomery, Second Division is Dr. T. W. Williams, Third Division is F. L. Daugherty, Fourth Division is Dr. J. G. Vaughtner.

Each of these divisions will be filled with people who will be dressed in loose heads to represent the favorites of the children and the grownups too. There will be beauties from all of the participating schools and the Boy Scouts will have a good turnout.

The Haskell Municipal Band will lead the parade under the direction of Joe Meacham. Horsemen will be at the head of each division of the parade. This will be the biggest turnout in years.

The floats will be attached to the cars at the school house unless there is a necessity for a garage. In that case, Bert Welsh has offered the use of his place of business. The cars will be loaned by the Haskell Motor Company, Reeves-Burton and Post Malloy, as well as individuals of the Chamber of Commerce roster. Ben Bagwell is in charge of the committee for securing the automobiles.

Everyone is urged to be in Haskell on the Seventh Next Saturday. The business men of Haskell have provided the same class of entertainment that is to be seen in the larger towns and have exerted every effort have banded together in whole hearted co-operation to make this the gala event of the year for our city.

So come in and have a good time, and bring your friends, let your enemies know so they will come to Haskell to try to find you. Everyone come in and have the best time of your life.

The following people of Haskell attended the football game in Fort Worth Saturday Messrs. Hill Oates, D. P. Ratliff, Roy Killingsworth, F. M. Robertson, and John Willoughby.

Mr. and Mrs. Anton Theis and little daughter, Vangie, spent a part of last week in Dallas where they went to purchase merchandise for the Theis dry goods store.

WPA Projects

(Continued from First Page)

The Negro school in Haskell is almost completed and will be ready for occupancy within a very short time.

The Sewing room in Rochester, another WPA project got off to a good start last week and has been working to capacity with no outlook for a letup anytime within the near future.

The Rule School Auditorium has been actively started for two weeks and work is continuing along the scheduled time in spite of the shortage of labor. This calls for a total of 22 men.

There are three WPA school contracts in the office at present. These are O'Brien, Rochester, Weinert and the North Ward school in Haskell.

The final approvals from the Washington office of the WPA were made on the 25th of November for Haskell's new water system and Mr. Brown stated Thursday that he was sure that the work would begin right after Christmas.

Mr. Brown stated that his entire requisition list called for 270 men for Haskell County and although he is short handed at the present time, he expects to have the list 80 percent filled by the last of next week.

HOG CHOLERA EPIDEMIC BROUGHT UNDER CONTROL

The epidemic of Hog Cholera that broke out in Haskell County last month has been brought pretty well under control due to the prompt action on the breeder's part when they started inoculations and vaccinations with the first reports of the disease being present in some of the herds.

A state veterinarian was called in by County Agent B. W. Chesser as soon as the symptoms were discovered and Mr. Chesser was busy for several days helping the hog raisers with the important work of checking the Cholera as soon as possible.

Dr. and Mrs. L. F. Taylor had as their guest Thanksgiving the following children, Mrs. Tom French and son, Tommy, of Dallas, Mrs. W. H. Carothers and family of Rochester, and Mrs. Geo. Henshaw and family of Haskell, and a nephew, Stewart Taylor of Dallas.

"Brief Biographies"

BENJAMIN, JUDAH PHILLIP
1811-1884

A Jewish American statesman that distinguished himself in the Civil War. He was a native of Louisiana and was sent to the Confederate Capital to take charge of the monetary system. Benjamin established the Confederate's credit in spite of the inflated currency and was almost successful in getting the recognition of Great Britain and France which would have assured the Confederacy of a victory.

Little has been said in History about this man but he received the highest honors of the Confederacy and the greatest admiration of the Union.

Bad With Mustard Wine Sauce
Open 3 tablespoons prepared mustard on 3 lbs. of stewing beef cut in cubes. Saute 1 1/2 cups sliced onions, 2 diced carrots and 3 wafers, thin slices of garlic in 4 tablespoons of shortening. Lift out and brown meat in shortening. Return vegetables and add 1 cup of white wine, 1/2 cup water, 2 tablespoons minced parsley, 4 tablespoons flour and salt to taste. Simmer slowly until tender about 2 hours. 1 tablespoon of evaporated milk added at serving time increases the gloss of the sauce. Serve with buttered boiled rice.
