Shown here to the left of the photo is all that remains of the Conoco station that was torn down Tuesday morning in preparation for the new convenience store and gas pumps being built by Ray Penman. Scheduled to open sometime this month, the new store will feature a variety of food items, as well as three pump islands out front for customer convenience.

Two KCHS students accepted to Presidential classroom

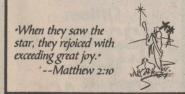

Two Knox City High School students, Jessica Frasier and Gloria Nevarez, have been awarded partial tuition scholarships to the program entitled Presidential Classroom the week of March 7 - 14, 1998.

Recommended by high school principal Mack Lowe, the students were selected through a process of school activities and written essays.

Much of the Presidential Classroom program takes place in the halls of power in and around Capitol Hill, as students met with their Senators and Representatives, question policy analysts, visit the and explore the ways that public and private interests intersect in our society.

Presidential Classroom scholars stay at the Georgetown University Conference Center and will see the city from "inside the Beltway", taking chartered buses and the Metro, Washington's clean, safe subway to and from Capitol Hill and other sites in and around the city, including museums, monuments and landmarks.

The two young ladies are asking for community support for their scholarships. The school system has opened a joint account as well as separate accounts for these two participants. Donations may be made at the school superintendent's office by contacting Mary Rauch. A total of \$2,000.00 is needed for both of them to attend.

Those wishing to place an entry in the parade can contact either Doris Crownover at the Chamber of Commerce office: 658-3442 or Rita Rosencranz at 658-5107 after 5:00 p.m.

The theme for this year's parade is "Christmas - A Celebration." Parade entrants are reminded not to place a Santa on their entry as the Chamber has

Reed Underwood is semi-finalist in 1998 merit scholarship competition

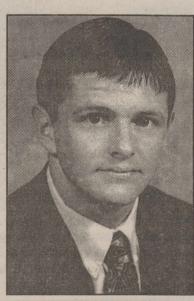

Officials of National Merit Scholarship Corporation (NMSC) have announced that R. Reed Underwood is among the names of more than 15,000 academically talented high school seniors who have qualified as semi-finalists in the 43rd annual Merit Scholarship competition. These semifinalists now have an opportunity to continue in the competition for approximately 7,400 merit scholarship awards, worth some \$28 million, that will be offered in the spring.

NMSC is a privately financed, notfor-profit corporation. Scholarships awarded through the National Merit Scholarship Program are supported by about 600 independent sponsor organizations and institutions that share the program's goals of broadening educational opportunities for scholastically able young men and women and encouraging the pursuit of excellence at all academic levels.

Semifinalists named are among more than 1.1 million students in 20,000 U.S. high schools who entered the 1998 Merit Program as juniors by taking the 1996 Preliminary SAT/National Merit Scholarship Qualifying Test (PAST/NMSQT), which served as an initial screen of program entrants. The highest scorers in each state were designated semifinalists, in numbers representing less than one percent of the state's high school graduating class.

To be considered for Merit Scholarship awards, semifinalists must advance to the finalist level of the competition by fulfilling additional requirements. They must maintain an outstanding academic record throughout high school, be endorsed and recommended by their high school principal, and submit SAT I scores that confirm the earlier qualifying test performance. Also, the semifinalist and a school official must complete a detailed scholarship application which includes the student's self-descriptive essay as well as important information about the semifinalist's participation and leadership in school and community activities.

About 90 percent, or approximately 14,000 of the semifinalists are expected to meet the high standards required to advance to finalist standing and compete for merit schol-

fessionals in admission and selection who consider candidates' academic abilities, skills, and accomplishments - without regard to gender, race, ethnic origin, or religious preference.

Three types of scholarships will be offered in 1998. Every finalist will be considered for one of 2,200 National Merit Scholarships to be awarded on a state representational basis. NMSC's own funds will underwrite about 85 percent of these scholarships, and grants from corporate sponsors will finance the remainder.

Some 400 corporations, company foundations, and other business organizations will provide approximately 1,200 Merit Scholarship awards for finalists who meet the award grantor's preference criteria. Most corporate-sponsored scholarships are specified for finalists who are children of employees of the grantor organization, but some are provided for residents of communities a company serves, or finalists whose career goals a sponsor wishes to encourage.

In addition, about 200 colleges and universities are expected to sponsor more than 4,000 merit scholarship awards. Winners of collegesponsored merit scholarship awards will be chosen from among finalists who will attend the institutions financing their scholarships.

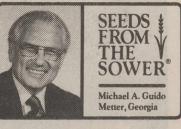

NMSC will announce the names of merit scholarship winners in three major media releases beginning in April. The scholarship recipients of 1998 will join more than 170,000

School. He plans to attend Texas A&M University or Texas Tech University. His major is undecided at this point. Reed is interested in the fields of law, medicine or engineering.

Reed has been active in basketball, football, track, academic competition, debate and his church youth group. Reed has attended other schools where he was recognized as Rotary Student of the Month, high ranking student, Math Student of the Year, and has received recognition and awards in writing contests. Reed has also served as vice-president of his class at Rotan High School.

Reed is the son of C.H. and Linda Underwood, both teachers in the Tulia school system. His grandfather, R.H. Underwood, is now living in Tulia.

One morning a man was working a crossword puzzle. Bewildered he asked. "What's a word with three letters, with o in the middle, meaning 'man's best friend'?"

"Dog," answered his buddies. "I think the last letter is d," he added.

But nobody thought of God. A dog is called "man's best friend," and I like dogs. But God is the better Friend.

Only God can lift your burdens, solve your problems, supply your needs, heal your diseases and forgive your sins. I'm so glad He's my best Friend.

Who's yours - God or a dog?

One day a little girl said to me, "Shh! Our baby's sleepin'."

I looked into the buggy, and there was a baby; but it was a doll baby. I laughed.

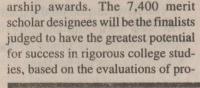

Angrily, she yelled, "You woke up the baby." She picked it up, and it cried.

It looked and cried like a real baby. But it lacked one thing that all real babies have - life.

There are people who look like Christians and talk like Christians, but who lack one thing that all real Christians have - life.

How does one get life? By receiving the Lord. The Bible says, "Whoever has God's Son has life." Don't you want life? Then receive God's Son now.

HOW SMALL TOWNS FADE AWAY

The men were quite cocky as they stood in the sun. "Let's go to the city, stock up and have fun; "We'll buy by the case all under one roof" "And save lots, too, of that we have proof." So they did that for many a year..... And from the results, never took any fear; Until one day they met once again Standing uptown just out of the rain. "What's happened here," cried one in dismay; Their faces were ashen, they had much to say. Then one scratched his head, the other said loud; "There's no lunch and no coffee, not even a crowd; "My wife's real sick and right off her feet. "So I came up for some drugs, some milk and some meat." 'The hospital is closed, the grocery stores too, "What in the world are we going to do? "My furnace is shot and the plumbing is broken." The other one gasped, I thought he was chokin' ... "My car's a wreck, and the tires are low, "I need nails and lumber, but there's no place to go." His friend had his head right down to his chest. "We're to blame," he muttered. "On our heads it does rest. "We passed this town for the glimmer of lights, "Bought stuff by the carload and took in the sights. "The City is bustling and bursting with pride, "While our town merchants just up and died. "The houses are empty, the bank's repossessed. "I'll tell you old boy, we're in for a test. "We should have been smarter and wiser," they said. "Then the town would be bustling, not half so dead." "It's never too late, we've learned," someone said. But for the foolishness of many, they'd all have to pay. -Anonymous

Benjamin News

By Gladene Green, Benjamin Correspondent

Well, after a very busy and enjoyable Thanksgiving, we are back in the every day routine and heading downhill to the Christmas holidays. The weather was nice. A few clouds and rain drops occasionally but for the most part, everything met our expectations favorably.

Seems most of the ill of the community are doing better. There's lots of colds, allergies, etc. but that goes with the season. Nothing real serious being reported at this time.

Sympathy goes to Julia Trepanier and family today. Julia's sister, Elizabeth (Lizzie) Lovell passed away Wednesday in Alvord. Her funeral was Saturday also in Alvord. Joe and Julia attended the service. Lizzie was 81 years of age.

Here 'N There - Holiday guests of Dub and Jo Cartwright were their sons, Terry and his family of Plano and Tracy and his family, who live here in Benjamin. Also Jo's sister and family, Jack, Katy and Katelyn New of Burnam and Jo's mom, Ruth Ressel.

Visiting the Sammy Pierces during Thanksgiving were their son Jeff and Melissa Pierce, Cameron and Cory of Snyder, Matt Pierce of Weatherford, Doug LaPlant of Austin, Barbie Alderson and a friend of Lubbock, Pat Perry of Knox City and Ruth Idol of Benjamin.

On Saturday, Sammy and Barbara attended the funeral of Royce McLaury in Guthrie.

Charles and Joy Jones had their kids, David, Jessica and Kayla Jones of Runaway Bay and Sheila and Ishmael DeLosSantos and Tiffany of Vernon for the holiday weekend. Also visiting were Tim and Ann Hertel of Windthorst, Walter and Peggy Hertel of Munday, John and Francis Chilcoat of Knox City and Bobby Trainham of Benjamin.

Thanksgiving day guests of Don and Louise Hertel were their sons, Scott of Dallas and Craig of Lindsey and his friend, Donna Haverkamp of Gainesville. Also Mary Isbell of Enid, Oklahona, and Nora Hertel, resident of the Leisure Lodge in Munday.

And visiting Nora Duke during the Thanksgiving holiday were James and Carol Duke of Throckmorton, Tom and Sherry Morrison, Andrew, Marilyn and Elizabeth of Wichita Falls, Rachel Duke of Midwestern University, Rebekah and Phil Boone of Trent, Jim Bob Conner of Texas Tech and Dennis and Pam Duke of Benjamin.

Visiting Jane Gideon and Weldon Gideon were Dave, Sue and Summer Terry of Dallas. Joining them for lunch and visiting were their Benjamin kids, Carlos and Lana Mendoza and family. Also stopping by for a short visit were Mike Young and Joe Nunley of Seymour.

Roger and Betty Bohannon, Jamie and Sabra and Bonnie and Taylor

tives in Perryton.

Stanton and Shari Brown also spent Thanksgiving in Perryton with Calvin and Thelma Brown.

Dutch and Imagean Young and DeeAnn and Anthony spent Thanksgiving on their deer lease near Putnam. Again, no deer, but they had a good time.

I spent Thanksgiving with my girls, Debbie and Diane and their families in Childress.

Larry and Gaye Neal had their children, Audra from HSU, Sara Blackstock and Joseph of Waco and Larry and Catherine Neal and sons of Breckenridge. On Sunday, the Neals treated their daughter Laura to a day in Abilene in observance of her 14th birthday. They were met there by Larry and his family.

Visiting Judy Conner on Thanksgiving were her sons Jim Bob and Jeff and his family of Lubbock. They all had lunch with Judy's parents, Bobby and Philomae Roberson. Also having lunch with them were Robbie Feemster of Vera and Jack and Kathie Waldron, George and Corrine Parrish and Tres Pierce and Briceton, all of Benjamin.

Earlene Meinzer "fixed" Thanksgiving dinner for her kids, Wyman, Sarah, Hunter and Pate of Benjamin and Ricky, Patsy and Trapper of the Rhineland community.

Janet and Gary Reed enjoyed the Thanksgiving holiday in Cloudcroft, Stasia Propps and family, all of Benjamin.

Holiday weekend guests of Bill and Dorothy Spikes were their sons, Ty of Garden City, Kansas, Rusty of Wichita Falls and Guy and his family of Seymour. Also visiting were Gayle Perkins, Crystal and Cody of Garden City, Sandy Tucker of Wichita Falls and Taylor Goodwin of Megargel.

Those on hand to "enjoy" were Gaye, Ken and Mark Roberts of Wichita Falls, Donnie, Diane and Angela Roberts of O'Brien, Kevin Roberts of Austin, Phil and Rebekah Boone of Trent, Rachel Duke of Midwestern, Trish Roberts and Jim Bob **Conner of Texas Tech and Bea Parks** and Lucy Ming, Nancy and Fred McGreger and Pam and Dennis Duke, all of Benjamin.

Omitene Barnett returned home the first of last week after a month's stay in Fredericksburg with her sister, Wynelle, who underwent surgery recently. Wynelle and a friend, Martha Dicky, came home with Omitene and they all went to Dallas on Wednesday to spend Thanksgiving with Bill and Annette Elliott. Wynelle and Martha returned home today (Monday).

Holiday guests of Gertrude Brannan were Stephanie and Bobby Brannan and Johnny and Reesa Brannan and Anson, all of Lubbock; Randy and Mary Whitsett and family of Gallup, New Mexico; Ann and Ron Roddy and family of Ruidoso, New Mexico; and Barbara Cox and John B. of Blanco.

The Christmas decorations have begun to "go up" around town. Some are putting lots of time (and money) into making their places look festive. Drive around and see who's doing what - - all looks real nice !!

Family Community Education members learn leadership skills, new ways to network together to strengthen family life, support the 4-H youth program and provide community service in their communities.

Those attending from Knox County were: Vera Reid and Ramona Helms from Knox City, and Lula Baty from Gilliland.

Mrs. Baty provided training for the meeting on use of their Procedures Guide.

FCE is sponsored by the Texas Agricultural Extension Service, a part of the Texas A&M University System. legs, has now been approved by government researchers for human use. The ingredient has been formulated into a product called ARTH-Rx[®]. ARTH-Rx comes in a strength designed for humans. Researchers are excited and say the formula can relieve arthritis pain for millions.

Developed by the Phillips Gulf Corporation, ARTH-Rx is a breakthrough in the treatment of painful disorders ranging from minor aches and pains to more serious conditions such as arthritis, bursitis, rheumatism, tendonitis, backache and more. Although the mechanism by which ARTH-Rx works to relieve pain is not totally clear, scientists suggest that pain is relieved because ARTH-Rx intercepts the messenger substance that sends pain signals to the brain.

ARTH-Rx is available in a convenient roll-on applicator without a prescription. According to a spokesperson for the company, due to the overwhelming demand for ARTH-Rx, supplies are sometimes limited. ARTH-Rx can also be ordered by calling 1-800-729-8446. • 1996 PGC ARTH-RX is available locally at:

NOTIFICATION OF TOTAL COLIFORM VIOLATION

The City of Knox City water system collected two water samples during the month of October 1997, that contained Coliform bacteria. The City of Knox City water system is required to submit a minimum of two water samples each month for bacteriological analysis.

The Texas Natural Resource Conservation Commission (TNRCC) sets drinking water standards in Texas and has determined that the presence of total coliform is a <u>possible health concern</u>. Total coliform are common in the environment and are generally not harmful themselves. However, the presence of these bacteria in drinking water, generally is a result of a problem with water treatment or the pipes which distribute the water, and indicates that the water may be contaminated with organisms that can cause disease. Disease symptoms may include diarrhea, cramps, nausea, and possibly jaundice, and associated headaches and fatigue. These symptoms, however, are not just associated with disease-causing organisms in drinking water, but may also be caused by a number of factors other than your drinking water. The TNRCC has set an enforceable drinking water standard for total coliform to reduce the risk of these adverse health effects. Under this standard, no more than 5.0% of the samples collected during a month can contain these bacteria, except that systems collecting fewer than 40 samples / month that have one total coliform-positive sample per month are not violating the standard. Drinking water which meets this standard is usually not associated with a health risk from disease-causing bacteria and should be considered safe.
