Workers to Make Intensive Effort to Reach Quota Set For Haskell County

FUNDS BADLY NEEDED

Contacts in Rural Districts By Red Cross Workers Produce Results

With an intensive drive having been made over the entire county for Red Cross enrollment, and the securing of members far exceeding expectations, efforts will be centered by those in charge of this work in this city Friday, according to Mrs. Hollis Atkinson, who is director of the enrollment program.

Both J. F. Kennedy, chairman of the Red Cross in this county, and Mrs. Atkinson, are planning for the day, and hope that the quota which has been set will be reached, and to accomplish this, they point out that a wholehearted response must be had.

The enrollment workers contacted representative citizens throughout the county, and if the city of Haskell responds as well as those persons residing in the rural districts have, the goal should be reached.

According to Mrs. Atkinson, the workers hope to reach every citizen in Haskell Friday, and the work will progress much faster if those desiring memberships will co-operate by having the change ready.

Kennedy points out that no person should hold back simply because he doesn't know where the money will be spent, because the uses to which this money will be put are many. Only fifty cents out of the regular dollar membership goes to the national Red Cross. The other fifty cents remains for work in this county. No person is restricted to the giving of one dollar, but may give more, and have the definite assurance that all over the fifty cents which goes to the national organization will remain here, to be used for local purposes.

The drive Friday will be made especially for adults.

Haskell Indians Battle Stamford In Game Friday

On Friday afternoon, the Haskell Indians, high school football team, will tangle with Stamford high school, their ancient rivals, upon the latter's field.

It is expected that a large delegation of Haskell football fans will accompany the team.

Although neither Haskell nor Stamford are going any place in particular, so far as the conference standing is concerned, this won't have much effect on either team's playing. The sight of each player as a veritable red rag to the other, and their playing will bear testimony as to the amount of feeling existing.

Stamford has lost four conference games, winning none, while the Indians have won two and lost two. The usual pregame dope, which must be indulged in, favors Haskell for once, owing to the victory gained over Hamlin, who bested Stamford.

That "dope" may be upset in a decisive manner, however, if Haskell exhibits a tendency to not fight every inch of the way. Stamford will battle harder against Haskell than against any other team in this section of the state and it only takes a few "breaks" to spell the difference between victory or defeat.

So far not a single Haskell player has indicated that he feels too overconfident. All of the boys are determined to fight hard Friday afternoon.

Coach Richey states that the team spirit is better right now than he has seen all season, and with the boys working as a unit, they will be plenty hard for Stamford to stop.

Goes To Arizona

Rev. C. H. Eckles who left this morning, accompanied by his father, for an indefinite stay in Arizona. They go for the benefit of the latter's health.

SERVICE CLUB TO HOLD NIGHT MEET ON NEXT TUESDAY

Purpose Is To Reorganize County Chisholm Council; Is County-Wide Affair

Under the sponsorship of the Haskell Service Club, a meeting of men will be held Tuesday night for the purpose of reorganizing the Boy Scout Chisholm Trail Council. New officers will be elected and plans laid to arrange a Scout workers school.

The Tuesday noon day meeting of the Service Club has been postponed, and a "feed" carded that night. Not only are Haskell men expected to be present, but several representatives from each town in the county will be present that night.

All ministers and those interested in the advancement of the boy's program are urged to attend.

LARGE NUMBER OF HASKELL HUNTERS SEEKING FOR DEER

At Least 25 Hunters From This City Now Banging Away At Wild Game

Although the exact number of hunters leaving Haskell for various counties in the state for the purpose of "hunting" deer could not be learned, it is figured that at least 25 men departed this week for that purpose.

The names of the hunters and the counties they will visit are as follows: Gillespie county—Frank Reynolds, E. B. McDonald, R. B. Guess, C. O. Scott, Chas. Reese, M. O. Field, Ed. Welsh, Paul Frierson, Llano county—H. M. Smith, Sam A. Roberts, J. D. Montgomery, Henry Atkinson, Server Leon, French M. Robertson, Comal county—Paul Zahn, F. A. West, J. L. Montgomery, E. S. Cathey, Southwest of San Antonio—Date Anderson and son.

Edd Hollar, Tom Clark and Ray Lusk are "somewhere" in Texas, but the name of the county was not learned.

SAGERTON FARMER IS SHOT BY HITCH-HIKER

An offer of a ride to a hitch-hiking negro resulted in H. A. Burrow, Sagerton farmer, being shot Tuesday, and robbed of approximately \$40.00. As soon as possible a search was started for the negro by Sheriff Sarrells and his deputies.

Burrow picked the negro up four and a half miles from Stamford, as he was enroute there early Tuesday. After they had ridden a mile, the negro shoved a gun in the side of

New Licenses For Autos Will Go On Sale December 1

When you get ready to pay for your new highway license tag, there is no need to unscrew the old tag and bring it into the county tax collector's office, so says Ed Fouts, majordomo of that particular office, as one young man did recently.

When told that the office would need the number of his old license tag, the young man took the words literally and brought in the front and rear tags. Fouts says he isn't collecting old tags—just the numbers.

The genial tax collector also wants everyone to know that the law requiring all car lights to be tested has been repealed and that such testing is no longer necessary.

In case anyone is becoming anxious to receive a new 1934 license tag, they are requested to be patient a while longer—until December 1 to be exact.

"Preacher" Thurman Asks Reinstatement Into Organized Ball

Application for reinstatement into organized baseball is being made this week by C. O. "Preacher" Thurman, son of Elder A. F. Thurman, minister of the Haskell Church of Christ, at the meeting of the minor leagues in Galveston.

Thurman, with several other players of the Pine Bluff club in the Dixie League, were suspended during the past season when they refused to play longer without receiving their pay checks, which had been withheld too many times for the player's comfort.

After leaving the Pine Bluff club, "Preacher" caught on with Galveston in the Texas League, but his suspension kept him from further play.

Court of County Commissioners Met Here Last Tuesday

The members of the County Commissioners Court met Tuesday for the purpose of transacting all business connected with that branch of the county government.

The principle part of the meeting was taken up by the discussion and the planning of ways and means for handling the relief work instigated by the government. Each member is to list six or eight projects in his district for the present unemployed to work.

Checks for Cotton Committees Totaling \$7,900 Are Received

Committee checks totaling approximately \$7,900 were received during the past week by the county agent, and are being distributed to the 150 committeemen who served during the cotton plow-up campaign.

While in Phoenix, Rev. Eckles will serve as the pastor of the Cavalry Free Gospel Church, and also engage in radio broadcasts for religious purposes.

Although the pastor of the local church will be gone an indefinite length of time, the work on the local church building will not suffer, he stated Wednesday. Church members will continue the work which Rev. Eckles started over two years ago.

SALVATION ARMY DRIVE TO START HERE THIS WEEK

Funds Are Used In Carrying On Christian Work Among All Classes of People

The annual Campaign for funds with which to carry on the work of the Salvation Army is to be made in Haskell county this week according to W. D. Pedigo, field representative who has been making the annual canvass the past several years. The appeal is under the supervision of the County Advisory Committee: R. C. Couch, Sam A. Roberts, D. C. Bradley, and others. The county quota this year has been set at \$125,000, lowest estimate ever asked.

Funds secured from these drives are used in carrying on the creditable and extensive christian work of the organization over the division. The Army operates without regard to class or creed. A good percentage is shared by towns and rural communities.

During the past year they served meals to 138,000 transients; gave lodging to 55,000; found employment to more than 3,000 men and women. 250 girls were taken care of in the maternity homes and hospitals. Mr. Pedigo states the drive is for the entire year. Any other authority will be without authority from the organization.

Two Cars Stolen While Parked In Front of Church

Two automobiles, one belonging to Viars Felker of this city and the other to a man in Munday, were stolen Sunday evening while parked in front of a local church.

The car belonging to Felker was recovered later by county peace officers, who found it parked northwest of town. No trace has been found to date of the other car.

According to heriff W. T. Sarrells, the car belonging to the Munday visitor was a 1932 Chevrolet coach, maroon color. The wire wheels were painted red. The highway license number is 715-687 and the motor number is 3026919. The ignition key number is C1615.

COURT WARNS AUTO OWNERS ABOUT 'TAGS'

All Residents of This County Must Register Autos With Tax Collector

THIS COUNTY LOSER

Buying of Licenses in Other Counties Deprives Haskell of Road Building Funds

Warnings to the owners of motor vehicles who register automobiles outside this county, although residents, and to the tax collectors of other counties who have permitted the practice, have been given by the members of the Commissioners Court of this county.

According to the commissioners, Haskell county loses a large amount of tax money by the practice. They also point out that it is a violation of the law pertaining, and the violator may be deemed guilty of a misdemeanor, and on conviction, fined in any sum not exceeding \$200.00.

The money this county has been deprived of should have been used for the building and maintenance of county roads.

The commissioners are requesting that all residents of this county register their automobile with the Haskell county tax collector.

"Many persons in this county have been thoughtless in the matter, and merely registered their cars at a place more convenient," (Continued from First Page)

ORION W. CARTER IS NEW METHODIST PASTOR IN HASKELL

Has Been Pastor of Asbury Church Two Years; Rev. Gordon To Lubbock

Rev. Orion W. Carter, pastor of the Asbury church in Lubbock for the past two years, has been assigned to the pulpit of the local Methodist church by the Northwest Texas Conference, which met recently. He is expected to arrive some time this week.

Rev. Gordon, who has been pastor here for two years will exchange churches with Rev. Carter. The Asbury church is located only a short distance from the Texas Tech College grounds and the large high school building which cost several hundred thousand dollars to build. By moving to Lubbock, Rev. Gordon's son is enabled to enter college and remain at home, instead of attending McMurry as at present.

While here, Rev. Gordon has accomplished good work and he and his family have made a host of friends who regret to see them leave.

Rev. Carter has spent several years in pastorates in the Northwest Texas Conference, and also was a pastor in Dallas.

The incoming minister is said to be a young man of exceptional ability and thorough training. He holds a B. D. degree from Southern Methodist University.

300 MEN EXPECTED; STARTS WORK TODAY

Banquet Arranged For Principals-Superintendents

A banquet for superintendents and principals of Haskell county schools will be held in the Tonkawa Hotel in this city Friday, November 24, so invitations sent out read. The banquet will be held at 7:30 p. m.

U. V. Clark is chairman of the committee of arrangements and I. J. Duff is secretary.

An interesting program is being arranged, with several out-of-the-county speakers booked on the program. The purpose of the meeting is to make arrangements and discuss plans of the projects to be formulated by the members of the county organization.

Greater service to the community as a whole and a clearer-cut school program is to be fostered.

Tax Collector's Office Has Issued 167 Receipts Here

Over 167 poll tax receipts have been issued by the county tax collector's office, which is better than the usual average at this time, it was stated by Ed F. Fouts, tax collector.

At least 5,000 receipts are expected to be issued in this county, owing to the elections slated for next year.

Many persons failed to acquire poll tax receipts during the past year, thinking no election of any importance would be held.

JOIN THE RED CROSS!

Every person in the city of Haskell will be asked to join the Red Cross Friday, by workers who are devoting their time and who are waging an intensive drive that deserves unqualified success.

The enrollment fee into the Red Cross is only one dollar. Fifty cents of this dollar goes to the national organization and the remainder stays in this county.

The Red Cross workers are striving to reach the goal set for this county. They need the wholehearted support of the citizenry of Haskell. They should have it—not because of any personal desire to attain the goal, but because the Red Cross vitally needs the money. This is one cause you may donate to with the assurance that the money will be well spent.

Help the Red Cross now, because you may need their help next week.

Join the Red Cross Friday. Get your friends to join.

Cleanup Drive Over County To Be First Project For Haskell Unemployed

TO RECEIVE \$2.40

Four Days Per Week To Be Given Each Man; Is F. D.'s Special Plan

Action was started here Monday by the Haskell County Relief organization, at the behest of the national government, to place every unemployed man in the county to work as quickly as possible. At least 300 men are expected to be at work in this county by today (Thursday.)

The above number will be augmented by at least 500 more by the first of the year it is thought.

The placing of the unemployed at work in this county is in line with the President's avowed determination to place 2,000,000 men throughout the nation now on work relief on regular work at regular wages. No man is to receive less than \$2.40 per day, and he will be worked four days per week.

The Haskell county commissioners have been called upon to list six or eight projects in their respective districts, in order that the men may be placed at work immediately. While waiting for the listings to be made by the commissioners, a thorough clean-up of all alleys and streets in towns in the county will be undertaken by the relief workers under the direction of Tom Donohoo, local administrator. Women are being requested to place all trash about their places in convenient places so that it may be hauled off. In their meeting Tuesday, the members of the Haskell county commissioners court began plans for the listing of the requested projects in this county, and expect to rush all matters in order that the work can be started as soon as the government desires.

Donohoo was placed in charge of the special relief employment work and is to combine the state relief work with that of the government. All unemployed persons will be given examinations just as quickly as it is possible for the local office to do so.

CO-OPERATION BY TEXAS-OKLAHOMA RECEIVES PRAISE

Johnson Says This State, And Neighbor Lead The Nation In Doing Part

FORT WORTH—Texas and Oklahoma have shown the greatest amount of co-operation in the NRA movement of any section of the United States, Gen. Hugh S. Johnson, recovery administrator, told recovery board members Saturday afternoon at the Port Worth Club.

General Johnson explained how when President Roosevelt started the movement he realized that the people as a whole would have to respond to the patriotic appeal made in behalf of NRA.

"The President," he declared, "said the people must work as one person as they did during the World War. And you NRA leaders of this section will be repaid only in the satisfaction you obtain from helping in the movement, just as in the war days many of you undoubtedly served your country in this spirit."

County Agent Here Receives 17 Plow-Up Checks Tuesday

Members of Senior Class Enjoy Buffet Supper.

On Friday evening Nov. 10th, the Senior Class entertained themselves with a buffet supper in the Home Economics rooms of the high school building. At eight o'clock the door

was thrown open and all were allowed to enter and find their places at the six tables, where yellow pumpkin place cards and blue decorated napkins combined the class colors of blue and gold. Bowls of yellow centered Christmas daisies further stressed the color scheme.

After seating themselves the Seniors learned that at each table they must "sing for their supper."

Time out was taken for a few rehearsals, and then each group responded with a well chosen and appropriate selection, after which they were invited to serve themselves with sandwiches, fruit salad, potato chips and pickles. Extra sandwiches were passed by Sara Lee Walling and Ruth Josslet, sophomores who very graciously helped us with food preparation, and also with the serving of the desert which consisted of cherry pie and coffee.

Still seated at the tables, they were entertained with a reading, a quartet, a playlet by three Senior boys, and numerous jokes. Then we sang a class song, and a special song to Kathleen Crawford in appreciation of her very capable services as class treasurer. Miss Vick then told an impromptu story, and later led a round table discussion of Senior Class plans for the remainder of the year.

An impromptu Kangaroo Court scene, in which Miss Tittlewhite charged Mr. Broadway with breach of promise, gave a hilarious conclusion to the program of the evening.

Those present were: Billie Adams, Charlene Allen, Fairy Ballard, Leta Burson, Sue Couch, Kathleen Crawford, Mollie Hester, Ethel Irby, Sue Kinney, Dorothy Lewellen, Lois Mapes, Theda Maples, Juanita Medley, Eva Dell Squyres, Lilly Fay Stoker, Ruby Williams, Ralph Bernard, Jack Bradley, Thurman Bynum, O. D. Cook, Emmett Couch, Moreland Glass, Alfred Hartsfield, Kirby Jones, Jack Larned, Cecil Reeves, and the class sponsor, Miss Vick.

Senior Class Receives Rings.

The Haskell High School Seniors experienced their "thrill that comes once in a lifetime" last Friday afternoon November 10, when they received their new class rings. All were so enthusiastic they could hardly study when it was rumored that the rings were already at the High School, to be delivered in a class meeting at 4:00 o'clock. You may be sure that this class meeting was well attended, and all agreed that the rings were even prettier than they had expected.

Only a few room mothers were absent.

The finance committee made suggestions and plans for raising funds to help secure some needed equipment for the children.

This was one of our best meetings this year.

The September meeting was a re-

ception for the teachers given in the evening of Sept. 15th, with both P. T. A. acting hostesses to our School Board and faculty.

"In and Outs of Mae West" Fails To Affect C. I. A.

Denton, Nov. 12—The "ins and outs of Mae West" have not affected the student body of Texas State College for Women (CIA), but the "five-foot-two" has lost her place to a five-foot-four scholar.

In checking weights and heights, the average girl at the college was found to be 65.37 inches tall and weighed 118.65 pounds. The tallest girl enrolled is 73 inches, or 6 feet, 1 inch, while the shortest measures 4 feet 8 inches. The heaviest girl weighs 194 pounds while the lightest tips the scale at a meager 82.

Comparing these figures with those available for the past three years, it was found that the average weighed 117, 118, and 119 pounds. Other compilations for those years worked fairly close to those of this term with the exception of the heaviest girl, who, in those years weighed 200, 225, and 219 pounds. Although the decrease in the pres-

ent weights may be due to the wearing effects of the recent depression, with the advent of Mae West an increase in C. I. A. weights and curves is expected.

CARD OF THANKS

Mrs. C. W. Matthews and family.

Fix This Feast On Thanksgiving At A Slight Cost

Thanksgiving, from the very first a day of feasting and rejoicing, may present many difficulties to the limited budget if all the ancient traditions of the feast days of yore are observed.

So a few suggestions for festive dishes which are not hard on the family budget are given by Inez S. Willson, home economist. She suggests a mock duck made from a shoulder of lamb, as ideal for the smaller family who wants something special without extra cost.

Mock Duck

Wrap the "duck's" head in salt pork or bacon to prevent charring. Sprinkle with salt and pepper and place on a rack in an open roasting pan. Place in a hot oven (500 degrees F.) and sear for thirty minutes, or until nicely browned. Then rapidly reduce the temperature to that of a slow oven (300 degrees F.) and continue roasting at the low temperature until done. Do not add water and do not cover. Allow about thirty-five minutes per pound for roasting. When done, remove "duck" from the oven and take off the salt pork or bacon from the "head." Place in the center of a platter and garnish with watercress or parsley. Half a cranberry may be stuck in place to represent the eyes. Serve with cranberry jelly.

Cranberry Jelly

1 quart cranberries.
2 cups sugar.
1-4 teaspoon cinnamon.
1-2 teaspoon cloves.
1 cup water.
Place these ingredients in a sauce pan, cover and cook slowly until all the cranberries burst open. Press through a sieve. Put into molds which have been dipped into cold water and chill. When set, turn out of molds and serve with mock duck.

Special baked potatoes may be placed on the platter around the "duck."

Special Baked Potatoes

Select smooth potatoes of about the same size. Wash well. Place them in the oven and bake until tender, about one hour. When done, cut a slice from each one. Scoop out the center. Mash and season with cream, salt, and pepper. Whip until light and fluffy. Pile lightly into potato shells. Sprinkle with paprika and grated cheese and melt under the broiler flame.

SOCIETY and Club

Mrs. Press Perry Honored.

Mrs. Al Cousins and Mrs. J. M. Crawford were joint hostesses to the friends of Mrs. Press Perry, nee Miss Clara Pauline Wilfong, on last Thursday in the home of the latter.

At 3:30 p. m. the guests arrived and registered in the bride's book, which was adorned with the proverbial golden slipper, the emblem of good luck.

All the entertainment centered around the new bride. Many "do's" and "don't's" were suggested, and good advice freely tendered.

Words of wisdom were whispered by some, more hoary with age, and ripe in experiences.

The gifts were auctioned off, and bidding ran high. Beans were used in the absence of the E Pluribus Unum silver eagle.

The gift list follows: Mesdames Shook from Abilene, Texas; Sprows from Happy, Texas; Montgomery, Hallmark, Hambleton, Dotson, Eng-

lish, Cooper, Persons, Wilfong, Vick, Watkins, Baldwin, Diggs, Peek, Mrs. Al Cousins and daughters, Arlene and Rose, Mr. Boone Conner, Abilene, Texas; White, Wichita Falls, Texas; Arbuckle, Lubbock, Texas; Carl Arbuckle, Owsley and daughter Dora, Broach and daughter of Munday, Texas; Carpenter, Robertson, Jossilet, the honoree and Crawford.

Imported linens from Czechoslovakia were used, and the refreshment plate carried hot tea, chicken sandwiches, fruit salad, served from black and silver china.

Entertainment for Newly Wedded Couple.

A host of friends and relatives visited in the home of Mr. and Mrs. Jim Andress, of the Weaver community Saturday evening and enjoyed a musical program rendered by Mr. Belton Whitehead, Mr. Templeton and others.

After enjoying the music for some time a loud knock was heard on the

front door. Someone responded and was informed that it was Mr. Jack Bouldin which they were in quest of. Upon going to the door, he met an old negro mammy who presented demanded her pay. Complaining because of the bundle's hugeness, he carried it into the room. Upon opening the bundle of supposed clothes, the bride and groom found to their surprise, a large number of lovely gifts of great variety.

After a thrilling, enjoyable time, unwrapping and admiring each lovely gift, the bride and groom expressed their appreciation to one and all. Ice punch and cake were then served to each guest from a table centered with a large assortment of roses.

The bride before her marriage was Miss Lola Faye Andress. She has always lived here and the young couple have a host of friends who wish for them much happiness.

The guests expressed their best wishes and returned home after having spent an enjoyable evening. Those remembering this young couple were:

Mr. and Mrs. J. D. Andress; B. H. Marshbanks; P. D. Boddy; J. M. Luckey; Lloyd; Robert Fitzgerald; C. P. Everett; J. T. Andress; Belton Whitehead; Cecil Andress; Bill Fought; J. T. Grace; Dee Andress; Hollis Hisly; J. A. Hartsfield; Beno Andress; Templeton; Jess Patton; Cecil Luckey; Arch Whitehead; and Hurley Andress.

The rooms were decorated with black cats, witches, bats, jack-o-lanterns and all things that stalk thru the dark on Halloween.

Many games and contests were engaged in. Madgie Reese won first prize in the contest of apple carrying, and Ethel Reba Couch winning the prize in the game of the Black Cat's Tail. Then out of the night rode an old witch on her broom with her black cat with yellow eyes under her arm and told the fortunes of all that wished. The committee is as follows: Audra Gayle Roberts, Margaret Breedlove, Louise McAnulty. Reporter.

FILM "RAFTER ROMANCE" AS WRITTEN IN NOVEL

By casting players answering accurately to the written descriptions in John Wells' novel and retaining its unusual plot developments, RKO-Radio Pictures believes it has evolved a sprightly hour of screen enjoyment for Texas Theatre patrons who will see "Rafter Romance," featuring Ginger Rogers, Norman Foster and George Sidney.

Mary Carroll and Jack Bacon are struggling Greenwich Village residents whose poverty forces them to share an attic room together. Without knowing each other, Jack, a night watchman, occupies the quarters during the day, and Mary uses them at night.

Strangely, they become acquainted in the corner delicatessen, but without learning their participation in a mutual home. Eventually, Jack takes Mary to his home—her home—and then the fireworks begin.

Mr. and Mrs. J. W. Romine and daughter Miss Pauline of Nocona, Texas, have returned home after visiting Mrs. Romine's parents, Mr. and Mrs. J. W. Tidwell.

Brunk's Comedians Booked for Haskell For All Next Week

Fred G. Brunk's Comedians, a popular show with the Haskell public, is coming back, starting next Monday night with their opening play, "Because She Loved Him So."

Sounds interesting—and is interesting declares the press agent and moreover, should draw a crowd to the tent. Popular prices are to prevail being 10 and 20 cents and most all people in this community having replenished their pockets with good money, there should be one of the best weeks Brunk's has enjoyed for some time.

Thirty people are members of the company, and a band and orchestra that should make a real hit with music lovers. The big tent will be comfortable, well heated, and seats 1000 normal sized folks. New plays, new vaudeville, are programmed for all the week.

"House of Fear", Brunk's feature play, will be given on Thursday night while as interesting and entertaining will be these other plays, such as "Over the Hill to the Poor House," "Your Family and Mine," "She Knew What She Wanted," "Stepping Husbands," "Too Many Crooks."

That gives you a full week of entertainment and so Mr. Brunk will be ready to extend a welcoming hand next Monday night.

Retiring of Poor Land Is Revealed As Wallace's Aim

CHICAGO—Secretary Wallace envisioned Monday the complete control, acre by acre, of all America's farm land with only rich soil used for farming and the remainder devoted to forests, recreation, residence and the like.

"The things which this administration has done thus far in 1933 may seem spectacular but they are only a faint foreshadowing of some of the things which will ultimately be necessary before the United States has finally made for herself her new true place in the family of nations," Wallace said.

The Secretary of Agriculture addressed the Association of Land Grant Colleges and Universities, another speech in his series through the Corn Belt, explaining the objectives and the workers of Federal farm aid.

He described farmers over the

past few years as "striving as desperately as the slaves of Pharaoh to produce the maximum," which he said combined with "a battle of trade barriers which in the last four years has wrought as much havoc as the World War itself," to build up vast overproduction and stagnate agriculture under low prices and mounting debts.

"The adjustments which must be made not only in our farms and factories but in our methods of thinking are, I believe, fully ten times as great as the majority realize," Wallace said in outlining the battle for economic prosperity.

Admitting there had been errors in the farm recovery program, Wallace said he was encouraged that "so many millions of people, in spite of the malcontents, are beginning to get the feeling of a common goal voluntarily and intelligently approached." He predicted next year's acreage of harvested crops would be perhaps 35,000,000 acres under recent years.

He said reduction of key crops, corn, cotton and wheat, might threaten to make overproduction in other lines, such as live stock, and said the farm program must be far-reaching because of that fact.

Century of Progress Is Closed; Fair Will be Opened Next June

CHICAGO—The world's biggest show—a Century of Progress—dropped its curtain at midnight with a bigger and better encore promised next June.

Opened May 27 and hailed as a harbinger of returning prosperity, the 1933 World's Fair won acclaim of the Nation and foreign visitors and rolled up the largest attendance record of any exposition in the United States. A total of 22,300,000 persons flocked to the Nation's second city, spending money and flaunting the word depression.

On the fair grounds the visitors spent an average of about \$1.15 each—a total of \$25,545,000. Outside of the fair grounds, according to estimates of the association of commerce, some \$400,000,000 was expended by the millions of visitors.

BLACKSTOCK IS GIVEN NEW TRIAL

With bond set at \$10,000, Wayne Blackstock, convicted in August for an attack upon his 8-year old niece, and sentenced to the Huntsville penitentiary for 5 years, was given a new trial by District Judge Clyde Grissom last week.

The new trial will come up on

January 16. Insanity was pleaded in the trial in which Blackstock was sentenced.

Judge Grissom granted the new trial upon evidence which showed that several irregularities had occurred in the jury room.

Robertson & Murchison and Foster Davis were the attorneys appointed by the court to defend Blackstock.

TRYING TO ROCK THE BOAT

In a pamphlet recently issued by the Republican National committee and sent out to 500 or more state Republican leaders an attack is made on the NRA and President Roosevelt. It is alleged that President Roosevelt has broken pledges given in the party platform and in his speeches last year, the main allegation being that if Roosevelt had incorporated the NRA'S principles in his platform he would not have been elected.

When Franklin D. Roosevelt was inaugurated as President of the United States on the 4th of last March the country was confronted with the most serious emergency in its history—an emergency created by the ineptitude of the previous Republican administrations, and the policies adopted by the administration represent emergency treatment of economic questions rather than fundamental party principles.

The attack made by Republican leaders against the recovery program of the administration will be resented by the American people. The utter failure of the reactionary Republicans to properly manage the country is still fresh in the minds of the people, and this group which failed so miserably cannot with good grace attack the present administration which is at least making an honest effort to do something in behalf of the people.

Good sportsmanship requires that the President be given a fair chance to put his plans in operation, and we believe the people will stand loyally behind him at this time and support him in his effort to lead the nation back to sound recovery.

Constructive criticism is always permissible, but the American principle of fair play will tolerate no attempt to rock the boat by those who betrayed the nation in the past.

PROPHETS OF GLOOM

Those who see no hope in the recovery program of President Roosevelt and are hastening to write the obituary of NRA will have a hard time frowning off third quarter earnings reports now appearing in the news reports. In every line of industry 1932 deficits are being changed into 1933 profits.

A compilation by the New York Sun reveals that the third quarter net income of more than a hundred industrial companies was \$98,000,000 compared with deficits of \$17,000,000 sustained in the third quarter of 1932. Standard Statistics covering the operations of 89 companies during the first nine months of 1933, show a gain of 160 per cent over 1932.

All this may be a shock to the prophets of gloom, but it shows that the Blue Eagle is winging on its way.

RESTORING CRIPPLED CHILDREN

Among the many humanitarian activities which engage the support of benevolent societies and individuals, the restoring of crippled children to health and happiness is one of the most commendable.

The work of modern surgeons in this connection is effective beyond belief. At a recent convention of the International Society for Crippled Children it was stated that "modern science has healed all manner of diseases and we are happy to say today that practically every type of malformation if treated in early childhood, can be cured."

Among the organizations which have given special attention to crippled children, the Shriners have been particularly active, each member of the order contributing regularly to the maintenance of homes for these unfortunate little ones, who would otherwise go through life with deformed bodies and limbs. Other societies are doing a similar service for humanity.

The hearty encouragement and support of this labor of love should be extended by every person who is in a position to lend a hand.

"AND THE LOSS WAS COVERED BY INSURANCE"

How many times have you read such a statement, or read that "the insurance policy had lapsed only a few days previously?"

Such things do occur, and when you read the latter statement, didn't you think—"they were certainly unlucky, or foolish." They were unlucky, but not necessarily foolish, just thoughtful!

Are you taking chances in order to save a few pennies now? Today everything may be "all's well", but tonight, or tomorrow, may call for a different story.

In case of disaster, don't let it be necessary that the neighbors will have to pity you. See

F. L. Daugherty

"THE INSURANCE MAN"

The one and only Hugh Johnson, general of the NRA made his swing around the "circuit" and attempted to put the Recovery Act house in order. There wasn't so much need, as he admitted, of his coming into Texas, but he probably wanted to land in a state that is friendly. There are several that are not.

Roosevelt has a lot of people in a nine-hole at the present, among such can be classed the publishers of large northern and eastern newspapers. They are normally republican and are hostile to anything labeled democratic, but the NRA has them guessing. They have the emblem displayed, but take backhanded slaps at the Recovery Act in pertinent, and at the same time ambiguous, statements. Said publishers can't seem to make up their mind (or their "big business" bosses can't) on which course to pursue.

There is an undercurrent of dissatisfaction on the part of many citizens in the northern and eastern states, aided and abetted by the "Prosperity-making" Republican machine, who are sniping at petty matters that they claim Roosevelt has failed to do—broken campaign pledges for instance. Since when have the Republicans become so zealous in seeing that campaign pledges are lived up to?

That "Prosperity With Republicans" didn't play much of a part in the past campaign. The gang that was in power made "prosperity" all right, but only for a certain few.

It was our good fortune to be in Kansas during the hottest of the presidential campaign, and lordy, how many arguments we got into. We were doing special work for a republican newspaper—and how the other members of the staff hated democrats. In their opinion a skunk was one degree higher than a southern democrat—but we weren't any too choicy in our epithets towards a Hoover advocate.

When Roosevelt spoke in Topeka, the writer and better half were the only persons represented from THAT newspaper in the crowd of 50,000 souls. Our Roosevelt button was a red rag in the eyes of our co-workers.

At said co-workers request, we attended a republican rally. We enjoyed it, even though we were placed lower than the odorous animal William Allen White, of national reputation, spoke. There wasn't any talk of "Republican Prosperity"—just "it could have been a lot worse." No plan was offered which would pull the country out of the hole into which their rule had placed us, except "put us back in and we'll save the Gold Standard and the postmasters."

Now these very same "leaders" are sniping at Roosevelt and his actions. The NRA is under fire.

In our opinion the NRA isn't perfect, and no one claims that it is. The reason a large part of it isn't perfect is because WE, the ordinary citizen, business man or buyers, are failing to "Do Our Part." A lot of us are giving lip-service, and obeying the codes, but at the same time trying to find a way out which will let us secure favors not given to the other fellow.

Sometimes we think it wouldn't hurt us a bit if we had to submit to a dictator. Roosevelt may not be observing the Constitution, but historical document has been disobeyed so often since it was written that our forefathers would probably wonder why in the name of justice we continue to "kid" ourselves that it will be observed.

Constitution or no constitution, We're in favor of Roosevelt breaking it as much as he can if it will turn out the money-changers, the grafters, the high-paid lobbyists, the brainless politicians who can't make a living at anything else and if he can put the old dollar back into circulation—especially in the hands of the laboring classes. They are the producers and are entitled to the LARGEST share of the proceeds coming from the particular branch of work in which they are laboring.

If Roosevelt isn't supported by those he is trying to help, 1937 will witness the inauguration of another defender of "rugged individualism." Or is it "rugged individualism?"

Better Lighting Will Ease Your Budget Worries

There are budgets that really will work... budgets that will show how to bring expenses within income! But they weren't created at a dark and gloomy desk... they were the result of calm and intelligent analysis under the cheering atmosphere of good light.

It's surprising what a difference adequate lighting makes!... Troubles take on a less terrifying aspect when subjected to the clear, eye-soothing brilliance of the modern electric light. It's not only much easier to work, but the absence of eye-strain keeps your mind clear and alert.

Next time you sit down to plot out the month's expenses, or to write a letter, be sure your light is adequate. You'll find the difference amazing!

A trained employe will be happy to inspect your home-lighting arrangements. There's no obligation, of course... and chances are that a simple rearrangement of your present fixtures, or adjustments giving you adequate sized lamps where they're needed, will be all that's necessary.

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule... and adds only a small amount to your total bill?

Funeral of C. W. Matthews Held on November 6 Here

The funeral services for C. W. Matthews, who died November 5, were held on November 6, with a large number of friends and relatives present. Burial was made in Willow cemetery. Rev. I. N. Alvis was in charge of the service.

The services were beautiful and impressive, in the presence of the many friends and relatives paying their last tribute, and Rev. Alvis in a touching manner spoke words which comforted the hearts of those present.

Bud Derr, Pat Weaver, Laton Robertson, Griffith Lane, Leon Stewart and Cleud Cheek served as active pallbearers, while A. C. Robertson, Mr. Derr, W. H. O'Neal, Clifford Thomas, Alvin Mitchell and Hansford Harris acted as honorary pallbearers.

Mabel Derr, Lucile Choke, Loree O'Neal, Josie Robertson, Julia Gordy, Lillian Phillips, Elsie Mitchell and Mrs. Pauline Derr were flower girls.

The deceased was 69 years, 5 months and 10 days old at the time of passing away. His parents moved from Wood county, his birthplace, to Hunt county, while he was only seven years of age. He lived there until 1894, and then moved to Hood county, where he was married to Miss Lee Molder. They moved to this county in 1920.

To this union seven girls and three boys were born, who survive. They are: Jess Matthews, Weinert; Otis Matthews, Westbrook; Charlie Matthews, Haskell; Mrs. J. B. Harris, Rule; Mrs. Homer Patterson.

Amarillo; Mrs. Olan Gaither, Knox City; Mrs. J. C. Alvis, Knox City; Mrs. Clint Seago, Cleburne; Misses Bula and Zula Matthews, Weinert. A brother, G. S. Matthews, of Amarillo, and a sister, were unable to attend.

The Kinney Funeral Home was in charge of the funeral arrangements.

Commissioners—

one commissioner stated, "but it is strictly in violation of the law when they do so. Section 2, Chapter 88, page 172 of the General Laws passed by the Second Called Session of the Forty-First Legislature of the State of Texas, provides as follows: 'Every owner of a motor vehicle, trailer, or semi-trailer used or to be used upon the public highway of this state, and each chauffeur shall apply each year to the State Highway Department through the county tax collector of the county in which he resides for the registration of each such vehicle owned or controlled by him; and a penalty of a \$200 fine, a maximum, can be assessed, if that party who violates the act is convicted.'

Church of God—

(Continued from First Page)

church has been termed a "miracle" by members of the church and local business men, but Rev. Eckles believes he knows from whom the miracle comes.

Against the advice of business men, and several members of his own church, Eckles started building an edifice, with a total capital of \$5,500. When told that such plans as he contemplated were "foolish" and almost unattainable, Eckles wanted to know "do we need a church building?" Upon being told that they did,

he replied that his Maker had stated that "a way would be provided," and that he would start it, and if the church building was needed, God would see that it was finished. The pastor not alone banked upon faith and divine promises, but put his own hands to the work and told that the building fight soon be finished.

At the present, he estimates that the total indebtedness upon the church, a beautiful structure, amounts to probably \$250.00.

The dream of seeing a completed church building will soon be realized, Eckles says, and it will probably be dedicated in the early summer of 1934. At that time, a district meeting of the churches of the same faith will be held here.

3 Tie Games Played In Class B, District 9; Rotan In Lead

ANSON.—Friday proved a "jinx" to scoring machines in District 9, in Class B football. Three conference games all that were scheduled, ended in 6-6 ties: Anson at Stamford; Rotan at Roby and Snyder at Roscoe.

After the Rotan Yellowhammers had knocked the Roscoe Plowhands over two weeks ago in the mud, by the narrow margin of 7 to 6 and then with a tie last week, Rotan holds top place and looms as the title winner of District 9, however, the only obstacle in Rotan's path is the tough Merkel Badgers, who have been playing with as much hard luck this season as has the Anson Tigers.

Team	Won	Lost	Tie
Rotan	4	0	2
Roscoe	3	1	1
Snyder	3	1	1
Haskell	2	2	1
Merkel	2	2	1
Hamlin	2	2	0
Anson	1	2	2
Roby	1	4	1
Stamford	0	4	1

Relief Work—

(Continued from First Page)

Bureau of Public Works in Washington wired all state highway commissions calling on them to get in touch with county officials, and at the same time listed the type of work which will be undertaken throughout the nation during the coming cold months. The following work is expected to be pushed ahead immediately:

Grading and draining roads and streets largely by hand labor; widening shoulders; widening inside curves and flattening bank slopes; laying tile underdrains; cobble gutters; fencing rights of way; dry masonry guard walls; surfacing and resurfacing with local materials or materials supplied other than by relief funds; roadside clean up and selective cutting of bushes and trees; footpaths of local materials on outlying streets and suburban roads; cleaning up streets and trimming trees; producing road and maintenance materials.

In cases where state laws prohibit expenditure of State funds for State personnel engaged on supervision of any of the work, payment for supervision may be made out of relief funds. Beginning of actual work without delay so employment may be given progressively to hundreds of thousands of men before the end of the present month was urged by MacDonald.

J. F. Kennedy attended a Texas Company meeting in Abilene Tuesday night.

Turkey Pool Will Sell In Few Days, H. K. Henry States

Turkeys pooled during recent weeks for the Thanksgiving market are to be sold in the next few days. Growers waited too long to pool for the turkeys to be sold dressed but the price will likely hold its own for several days this year.

At this time it is not known just how many turkeys are to be sold with the Thanksgiving pool. However, it is almost certain that better than one car will be shipped. When we recall that last year no turkeys were sold on the Thanksgiving market we can see that most people see in the pool the safest, best, and most profitable way to market turkeys not only to the individual but to all turkey growers everywhere. It is not good thinking to suppose that people in the business of marketing turkeys for a living would have the growers' interest above his own.

Turkey growers interested in getting the most for their turkeys should see R. H. Maxwell, County Agent, or H. K. Henry, teacher of agriculture at once so that buyers can know the total number as soon as possible. Early contacts with buyers indicate the pool may sell for considerably more than the local price at this time. The Seymour and Haskell pools will likely sell together so as to give the buyer a larger number and the growers a larger price.

But it is hoped that what ever the stimulus happened to have been, it will re-occur weekly or be lasting in its effect.

In the sermon Sunday morning we will be dealing with that higher order of sensitiveness to justice and purity than is required by codified laws, which characterizes Christian civilization at its best.

A cordial welcome to our happy fellowship always awaits you.
