Prominent West Texas Lawyer, Pioneer Resident Here, Dies Monday

JUDGE H. R. JONES OF THIS CITY DIES IN WICHITA FALLS

Was Pioneer Haskell Resident, and Widely Known Over West Texas

BURIED HERE TUESDAY

Death Occurs Following Recent Operation for Appendicitis

Funeral services for Judge H. R. Jones, 74, pioneer Haskell resident and a prominent West Texas jurist, who died in a Wichita Falls hospital Monday morning, were held from the First Baptist Church in this city Tuesday afternoon at 3 o'clock. Rev. H. R. Whately, Baptist pastor, conducted the services. The local Masonic Lodge, of whom the deceased had long been an honored member, were in charge of burial rites in Willow Cemetery, assisted by an escort from the local I. O. O. F. Lodge, of which the deceased was also an active member. Judge Jones has been a leading member of the bar since first coming to Haskell, and members of the Haskell County Bar Association attended the rites in a body, with Judge I. D. Ratliff, senior member of the local bar, giving a short talk following services at the church, in which he paid tribute to the deceased as a lawyer and a citizen.

Death occurred Monday morning at 8 o'clock in a Wichita Falls hospital, where Judge Jones had been confined for some time as a result of injuries sustained when he was struck by an automobile on the streets of Haskell on the evening of August 21. Immediately following the accident he was rushed to a Stamford hospital, later being removed to Wichita Falls. He was recovering from his injuries until stricken with appendicitis several days ago which necessitated an operation from which his advanced (Continued on Page Eight)

W. D. Gilliland Is First Buyer of New Auto License

W. D. Gilliland, of this city, was the first citizen of Haskell county to purchase a new 1934 automobile license tag, according to the records of Ed. Fouts, county tax collector. Altogether 54 new licenses have been purchased so far.

According to Fouts, it is no longer necessary for anyone to bring in their old plates to secure a new license, but instead should bring all car papers. He states that this must be done before the license can be issued.

Every person residing in Haskell county, according to law, must purchase plates from the tax collector in this county, instead of in some other county, many persons have done in the past because other county seats were nearer. A heavy penalty can be placed upon all offenders.

Pep Squad Girls Entertain Members of Football Team

The girl's pep squad in the local high school entertained with a banquet Friday, December 8, in honor of the football team. Seventy tickets were sold by the girls, which secured the purchase of sweaters.

Rev. Hardee, pastor of the First Christian Church, was the principle speaker of the evening. In his talk, he stressed clean sports and complimented the boys and their coach, Bill Richey, upon the sportsmanship they have displayed.

The following players earned letters: Pippen, Roberts, Hamilton, Brown, Whately, Maples, Starr, Kimbrough, Bernard, Blodson, English, Shelley, Moser, B. Reeves, Adams, and Kimbrough.

One Crime Begets Next in Queer Case

Jimmie McCoy Mrs. A. H. Bailey Minos Doolittle

A chain of events, each the motive of the one that followed, has resulted in two murders in San Antonio. To begin the weird series, Miss Mary Doolittle charged that Jimmy McCoy had attacked her. McCoy was no-billed by a grand jury. Shortly afterward Minos Doolittle, Mary's brother, shot McCoy to death. Claiming that he avenged his sister's honor, Doolittle was set free. Now Mrs. A. H. Bailey, McCoy's mother, has killed Doolittle with a shotgun, revenging her son's murder. She is held in the Bexar county jail, where the photo was taken.

PLANS BEING MADE TO HOLD POULTRY SHOW IN FEBRUARY

Will Also Hold a Judging Contest Between Teams of Several Schools

Preparations for the holding of the Haskell County Poultry and Pet Stock Show on February 1-2-3 are now being made, according to H. K. Henry. Over 500 entries were catalogued last year, and it is expected that a like amount will be entered in the next show.

While no certain judge has been appointed, a good one will be selected.

As an added feature, judging teams from the schools in this section will compete in a poultry judging contest. Teams in Abilene, Cisco, Breckenridge, Throckmorton and Aspermont have signified an intention to enter, with others expected later.

Son Gives Blood In Transfusion To Mrs. Sanders

According to information secured here Wednesday, Mrs. F. T. Sanders, who is in a Stamford hospital, is resting nicely and will probably be operated upon Monday or Tuesday if her condition warrants.

Mrs. Sanders was given a blood transfusion during the fore part of the week, with her son Roy Sanders supplying the type of blood necessary. This was done in order to build her system up for the operation.

If necessary, Dave Ernest will furnish the blood for the next transfusion.

Boys To Have Basketball Team In Haskell High School This Season

For the first time in three years, a boys basketball team will be placed in the field by the local high school, with prospects bright for a successful season. Several of the 15 lads aspiring for positions are around six feet in height.

No games have as yet been scheduled for the boys, but will be in the next few days.

New suits have been purchased for both boys and girls teams. Warm-up suits have also been purchased for the boys.

None Seriously Injured In Wreck 3 Miles West of Here Wednesday

While on way to Gauntt from the Roberts community, a truckload of 20 school children was overturned about 3 miles west of here Wednesday afternoon injuring five and causing lacerations and nerve shock to others.

The extent of the injuries are: W. L. Campbell, broken arm and body abrasions; Henryetta Drusdore, sprains; Henry Drusdore, face lacerations and head injury; Nora Drusdore, sprains; Delilah Mapes, leg injuries.

According to young Drusdore, the truck hit soft dirt on side of the pavement and the driver, Ed Mapes hurriedly swerved the machine in order to maintain balance, but instead of righting, the truck overturned crosswise on the pavement, throwing the children out.

A passing automobile brought three of the injured into town and a Kinney ambulance rushed the others to local physicians for treatment.

The Roberts school is located nine miles northwest of this city.

"Sox Supper" to Be Held in Pleasant Valley Dec. 21st

Visitors to Pleasant Valley, Thursday night, Dec. 21 will be treated to a very unusual event, according to the sponsors. A "Sox Supper" will be held for all attending. A large number of gifts will be placed in socks and auctioned off.

Mr. and Mrs. Joe A. Jones received word this morning that their little grandson Donald Hill is much improved. He has been in the hospital at Amarillo for several days with pneumonia.

ADVERTISING GETS PROMINENT PLACE BUSINESS UPTURN

National Survey Conducted By Magazine Shows Tone Better Than Formerly

ENTIRE NATION GAINS

Texas, Oklahoma Described As Having 'Encouraging' Comments For NRA

WASHINGTON. — To increased newspaper advertising is ascribed a prominent part "in the widespread upturn in business," according to a survey conducted by the magazine Editor and Publisher. Virtually every section reported "improvement in the attitude of the great masses, which are more hopeful than they were a year ago and NRA is credited to contributing to the improved tone."

An Omaha publisher cited the case of one of his State's largest department stores which used 16 pages of advertising in a single day and "made the largest unit sales in its 52 years of existence." From New York, where the trend was defined as "definitely upward," there was said to be "an increasing success of quality offers."

Milwaukee observers were optimistic. Factories in that city were (Continued On Page Eight)

SUM OF \$40,839.10 IN DELINQUENT AND CURRENT TAXES IN

Records of Tax Collector Show Sum Greater Than That of Last Year

The sum of \$40,839.10 in delinquent and current taxes has been collected in this county, according to Ed Fouts, county tax collector, during the month of November.

During the same period last year Fouts states that \$36,312.47 was collected.

A penalty of 2 percent will be added on all delinquent taxes after January 1 and the tax collector urges that payments be made now in order that the penalty may be avoided.

CHRISTMAS TURKEY POOL IN COUNTY IS SOLD FOR 9.5 CENTS

Is Slightly Less Than The Amount Received During Thanksgiving Pool

According to H. K. Henry, the turkeys sold under the pool system by possibly half the farmers in this county for the Christmas market brought nine and one-half cents. At least two cars of turkeys were sold in this manner.

Under the same system, turkeys brought one-quarter of a cent more for the Thanksgiving market.

SAMPLE COPIES

A sample copy of the Haskell Free Press is being mailed to every box holder in the city and on the rural routes out of Haskell this week, who are not already subscribers to this newspaper.

If you should receive a copy of today's Free Press it is an invitation for you to make a Christmas present to yourself and family by subscribing during our annual bargain days.

It is possible for you to get the Free Press for a limited time for only \$1.00 per year, if you live in Haskell or adjoining counties.

For Governor

LIEUT. GOV. EDGAR A. WITT

Who has "thrown his hat" into the race for Governor of Texas, to succeed Gov. Miriam Ferguson.

LIEUT. GOV. WITT THROWS HAT INTO GOVERNOR'S RACE

Favors Lower Taxation Upon Homes, Better Schools and Government

Lieutenant Governor Edgar E. Witt announced from Waco, Saturday his candidacy for the Governorship of Texas in the Democratic primaries of next summer. The Lieutenant Governor recalls, in his formal statement, that he was educated in the public schools of Texas, and at the University of Texas, that the voters of the thirteenth senatorial district elected him to the State Senate in 1918 before he had returned from military service, that they reelected him for 12 years until in 1930 he was elected Lieutenant Governor by all the people, and in 1932 reelected by the largest vote ever given a candidate for office in Texas.

He expressed great gratitude for what the State has done for him, and a pledge to serve its best interests devotedly if he is elected Governor.

He comes out for lower taxation on homes and farms, for better schools and improved state departments. (Continued On Page Eight)

I. O. O. F. Lodge Officers Elected Thursday Night

Officers for the ensuing lodge term were elected at the regular meeting of Haskell Lodge, I. O. O. F. Thursday night. Officials chosen were:

C. C. Burson, Noble Grand; J. E. Kennedy, Vice Grand; W. E. Sheriff, Secretary; W. E. Welsh, Treasurer.

P. G. Kendrick was elected delegate to the Grand Lodge, with E. E. Welsh named as alternate.

As an entertainment feature, members present enjoyed a bountiful turkey dinner, and had as their guests Miss Edyth DeWitt and Miss Ruth Thranert, both of whom gave interesting talks.

"M" System Grocery Here To Hold 8th Annual Food Sale Until Jan. 1

With all prices holding good until January 1, the Atkinson "M" System Grocery announces the eighth annual sale of this store here this week. The sale will also be held in Munday and Rochester where Atkinson stores are maintained.

While the Haskell store has only been in operation for eight years, W. H. Atkinson, senior, has operated a store in Munday for 23 years,

DRINKING PARTY BY MEN—3 SCHOOL GIRLS BEING INVESTIGATED

Dick Skipworth and Sam Jay Post Required Bond, While Clarence Absten Indicates He May Call For Examining Trial

BLAZE IN MELTON HOME DESCRIBED

Charred Body of Herschel Melton Found by Searchers Later; Nephew of Dead Man Tells of Vain Rescue Efforts

As the outcome of an all-afternoon drinking party, Herschel Melton, 37, farmer, found death in flames Thursday night when his house burned, while Willard (Dick) Skipworth, Sam Jay and Clarence Absten, all of O'Brien, are charged with murder with bond set at \$3,000.

Artistic Skill Is Shown By Local Window Trimmers

The spirit of the holiday season is being manifested by a large number of Haskell stores in the trimming of windows and the displaying of gift suggestions.

Many of their windows are trimmed in a manner worthy of the hands of experienced window trimmers in large cities. Not only have some of the local artists used the customary snow, ice, etc., in the trimmings, but have added many other artistic touches purely original.

While most of the stores have been decorated, the owners of private homes have been lagging in around the yards and in windows, providing Christmas decorations. A few have been decorated and have drawn words of approval from visitors.

RELIEF WORK HERE WAITS ON THE CWA D. K. TO COMMENCE

Over 600 Men Make Application for Work at Office of County CWA

Although at least 11 projects have been presented for approval of the CWA from various sources in this county only one has received approval to date, according to Tom Donohoo, Haskell county administrator. The approbation of state officials is expected to be placed upon others at anytime.

The graveling of streets and the restoration of the spring branch are two of the most important projects so far planned here. Other towns in the county contemplate road work and cleanups.

According to records maintained in Donohue's office, over 600 men have applied for work under the CWA.

Skipworth and Jay have made bond and waived preliminary hearing. Absten, a brother-in-law of the victim, may call for an examining trial. A woman was also arrested in connection with the case, but no charges have been filed against her. The drinking party consisted of eight persons, including three school girls ranging in age from 13 to 16. Officers declared that the entire group engaged in a fight at one time. They added that information given them indicated that the fight was about one of the youngest of the school girls.

Nephew Talks
Skipworth, who is a nephew of the victim by marriage, told investigating officers Sunday of efforts to rescue Melton, after he was awakened by choking smoke in his bedroom.

"Melton and I went to sleep early in the evening. I was awakened strangling and smothered in smoke and tried to reach Melton's room. (Continued On Page Eight)

Farm Women's Club Make Outstanding Record In Canning

According to a report compiled by Mrs. Fred Monke, Secretary of the Josslet Home Demonstration club, the 6,176 quarts of canned food, the 8681 pounds of meat cured, 137 pounds vegetables dried, and the 24 pounds of cheese made with a money value estimated at \$3,411.55 is only a part of that club's accomplishments toward a live-at-home program. The club members have made 25 foundation patterns and a total of 274 garments have been made using these patterns.

Other accomplishments are: One garden installing concrete tile for sub-irrigation, three hooked, and two braided rugs. The secretary reports that the club has a bank balance of \$50.00 which was secured by selling food at the County Fair and winning prizes at the Fair.

This club started its Home Demonstration work several years ago, including only one community and about seven active members. At present this club has around 27 members from seven communities in Haskell county.

Too Much "Beer" Lands Four Men Before Justice

Four men were brought before D. T. Dotson, local justice, Monday, charged with drunkenness, by L. E. Preacher, deputy. The men pleaded guilty to the charges and were fined the sum of \$16 each.

Three of the men were brought from this side of Stamford, near a place where is being sold.

LAST CALL FOR CHRISTMAS SEALS

The drive for the sale of Christmas Seals, sponsored by the Haskell County Tuberculosis Society, will end next Saturday.

One of the greatest achievements of modern medicine has been the success of the battle against tuberculosis. It has been only a generation since the time when 200,000 deaths were reported each year in the United States as the result of what was called without exaggeration "the great white plague."

Today the annual death toll is slightly more than 80,000, a figure serious enough, but representing a vast improvement over former conditions. That this encouraging progress has been made is reason enough for carrying the fight forward with continued vigor.

Residents of Haskell and Haskell county are being invited to share in this great work of healing. The instrument of such help is the little Christmas Seal, sponsored by the Haskell County Tuberculosis Society. These seals should have a place on every Christmas parcel.

MAIL EARLY FOR CHRISTMAS

The plea to "Mail Early" is well known to everyone. The Christmas mailing season is always the busiest time for the postoffice and to avoid the rush and confusion the public is asked to help out by mailing their Christmas cards and packages early.

If you want your friend to get that gift or card you had better get busy, select what you are going to send and mail it without delay. Be sure to address it plainly and put on your return address.

Many people at this season of the year mis-address their greeting cards and gift packages, and the result is that they are never delivered and the after-Christmas auction buyers get what Santa Claus didn't deliver.

But undeliverable letters and packages are found in the mails throughout the year, and that is why Uncle Sam has to maintain the dead letter office and the dead parcel post office as well. If people do not take time to address their mail properly they can expect it to end up in one of these offices.

CHURCHES HAVE BEEN HARD HIT

Churches have had hard sledding these past few years but there has been no complaint about it. Preachers have gone ahead with their studies and their sermons and with their visitations without saying much about their greatly diminished income, and the loyal church members have dug a little deeper into their pockets and done a little more work without boasting about it or carrying their story to the public.

Churches which live on the contributions of their members have been forced to see their incomes cut tremendously, but their work had to go on. Many churches would find it difficult to explain how they "carried on" but they have.

The example set by the church in these hard, trying times has been a constant inspiration to those who cared to regard it.

Looking for a substitute that will pay as well as work has been the ruin of many. It will never win any more than a slow horse wins the race. Work wins lasting victories, makes real men, builds homes, erects factories, and makes peaceful communities.

No one can live in a community, enjoy its privileges and draw his substance therefrom without becoming lastingly indebted to the community, its people and institutions, and that obligation is a debt of loyalty the discharge of which is incumbent upon him as opportunity offers.

We must keep the old pioneer spirit, in our business, our work, our community life. We must be willing not merely to work hard, but to strike out for new things, and remove the obstacles to development.

COULD WE—

—do without our police force, our courts, our army, navy and air force while the world is in such a troubled condition? They are our protection. Could we do without them?

Can you safely do without protection. Insurance is your guard. If you do not have any, or enough, don't you think it would pay you to invest a few cents each week, so that you and your loved ones will be protected in case of accident?

THINK IT OVER!

"THE INSURANCE MAN"

SKETCHES

By W. G. FORGY

Well, well. The New Ford made its appearance last Saturday and from what we could see (Monty didn't let us drive it) it would make an ideal present from someone to us.

The New Chevrolet and Plymouth are expected to appear on entirely new features will be shown, according to advance information. "Knees" will be the big feature. They will have to be double-jointed in order to move over some of our ditches to keep the riders from being disturbed.

For your information the ladies of the Magazine Club are sponsoring a White Elephant Sale next Saturday in the building formerly occupied by the Payne Drug Store. Of course the ladies won't sell real, or imitation elephants, but will have merchandise you can probably use. It may be a white elephant to them, but to the rest of us some of the articles may resemble the clothing we're now wearing.

INK SPOTS—The star on top of the Methodist church has attracted favorable comment as usual. Sure it makes you feel that people are friendly. . . . Hell probably deny it, but Rev. Tucker, pastor of the Presbyterian church DOES resemble President Roosevelt when he is standing in his pulpit. . . . Boys, boys, what's matter with you? One of the girls in the court house states that, as far as she knows, no girl in the building will receive a "Hiamont" Christmas, let alone get married—but will if they get a chance. . . . If the boys living on the corner one block west of the Methodist church are not typical American boys, we never saw one. They are always trying "stunts" from wire-walking to home-made howling. . . . Whose fault is it that there is no mistletoe hanging in some of the local stores? . . . Why doesn't some local store have a Santa Claus on Saturday? It should prove to be a good advertising "stunt." Wouldn't it be nice if a great proportion of the homes here could be decorated on the outside with Christmas lights? We're gonna fix ours up.

Crowell, an up-and-doing city, has been in the headlines of many Texas daily newspapers during the past several weeks, and the reason lies in the fact that she produced a high school football team that tipped through the conference schedule without defeat and then smashed Graham, a winner in a different conference, to a pulp.

Crowell isn't a large place, even smaller than Haskell, and doesn't have many boys in school from which to pick an outstanding team, but there is one thing Crowell has which many other places, much larger, doesn't have—a large number of fans who are pulling for the team, morning, noon and night. Not only do they praise, or criticize, the playing of the boys, but they attend the games and help swell the gate receipts which allows the school to keep the team well equipped and in suits new enough to keep the boys from having an inferiority complex while performing before the girls.

A large measure of Crowell's publicity success can be attributed to Mack Boswell, news editor of the Forard County News. Boswell is for the team heart and soul, but doesn't hesitate to give the school and players a word spanking when they deserve it. The school officials welcome all constructive criticism.

We may be slightly prejudiced, but we believe Haskell can also hit the headlines throughout the state by a little more co-operation of all parties concerned, which includes every one of us. We believe this school has the material. With 13 lettermen returning next year, prospects for a winning team appear bright, but a winning team, to be a winner, needs good crowds, praise and not very much "cussing" besides good players and a good coach. Crowds thrill the players and they fight harder to win. Even a preacher seems to preach better when he has a large audience.

We may be "all wet" as to what it is all about, though. Perhaps Haskell doesn't want the large amount of advertising Crowell is getting. Maybe there are but a handful of people in Haskell wanting to see the name of the town bannered across daily newspapers, and care very little whether Haskell ever has a gymnasium or not.

Mr. Otto Mott of San Francisco is spending several days with his sister and family, Mr. and Mrs. Arthur Edwards.

Convicts complain of the crowded condition in our prisons. Well, they could solve that problem themselves by staying out of them.

Y. L. THOMASON URGES FARMERS MEETING TO PETITION TAX CHANGE

"As Congress meets at Washington, D. C. in the early part of January, 1934:
"We, the citizens of Haskell county, Texas, should meet at the court house in the City of Haskell, on December 30, 1933, at 2 o'clock P. M. to petition Congress to provide a better mode of taxing farm products, so the farmers can exchange their farm products with each other and with merchants, so they can obtain the necessities of life, without paying a tax on what they produce."
"As I see it, it is an injustice to the farmers to require them to pay a tax on farm products to dispose

LET US THANK YOU

Time and again, every day, we say "thank you" and we really have meant it. But right now we want to say "THANK YOU" in a bigger, better way. We want to THANK YOU for all you have ever done for us, for patronage, large or small and for every favor of every kind, for WE DO APPRECIATE YOU.

Poultry Products Code Is Now Being Considered by NRA

Washington—To benefit both producers and consumers of poultry products, a master code of fair competition for wholesale groups engaged in procuring and distributing poultry and eggs is being formulated through discussions with officials of the Agricultural Adjustment Administration. The proposed code applies to marketing division of the industry. Where its provisions were inadequate to deal with regional problems, it has been suggested, according to an announcement from the AAA, that regional or supplementary codes could meet local problems. The code is designed to remove unfair practices and wastes in marketing poultry and eggs, thus increasing returns to producers and assure maximum results in grading and standardizing poultry products, in behalf of consumers as well as protecting farmers with high quality products. A code applied to 6,000 commercial hatcheries has already received a public hearing.

How To Get A Deer

TOWANDAN, Pa. — Malcolm Young decided to get an early start for the opening of the deer hunting season, so he went out at 4 a. m. A trifle tired, he lay down on the mountain side to await the sunrise and fell asleep. A half hour later he awoke with a start to find a large buck standing near him. Grabbing his gun, he killed the deer without rising from the ground. His father, W. M. Young, has been hunting for 20 years and has yet to shoot his first deer.

A Matter of Hours

CHICAGO—A dog's bark is its exercise of the right of "freedom of speech," ruled Judge Leon Edelman and as such he doesn't intend to do anything about it. Neighbors of William Schwartz had complained that "Pal," his Water Spaniel, barked so loud they couldn't sleep nights. Dismissing the case the judge said: "But, Mr. Schwartz, can't you get Pal to keep better barking hours?" We are starting out on a road so new that we have got to make up our maps as we go along.

Aimee Says Old-Time Saloon Is Coming Back

FORT WORTH.—Comparing the United States on its morning of prohibition repeal to the man who had just turned loose the bear's tail, Aimee Semple McPherson, woman evangelist, declared that the "old saloon is coming back, and don't fool yourself." "Many people who voted for repeal are sorry already," she declared. "The prohibition law didn't work because those supposed to enforce it didn't stop drinking," said the evangelist, who lectured in Fort Worth Saturday. "There is only one thing to do now for spiritual leaders, and that is to fight for temperance."

Puerto Rican Pot Roast is Very Good On Very Crisp Days

As fall sharpens the appetites, there seems nothing better than good old pot roast. Here's one of the newest and best: Puerto Rican Pot Roast. Three pounds bottom round of beef or sirloin tip, one-fourth pound fat salt pork, one bottle stuffed olives, one onion, one pint canned tomatoes, two teaspoons salt, Pepper. Make small slits or holes with small sharp knife on each side of the roast and stuff alternately with olives and strips of salt pork about an inch long. Brown on each side in hot fat in heavy kettle with a tight cover. Then add sliced onion, tomatoes (canned tomato soup may be used) and seasonings, and simmer for about three hours or until very tender. Thicken gravy and serve with rice. Very effective when sliced. He drove Marsh to a grass fire here, saw a rabbit run from the flames and ran after it. Two blocks later the rabbit weakened and Smith, gaining, picked it up and put it in his pocket.

Nation Is Costing Less, Despite All of Relief Projects

WASHINGTON. — The Federal Government is running in the red only about half as rapidly as it did a year ago despite the pouring of more than \$500,000,000 into recovery channels since July. This record, if continued, will make considerably easier the administration's financial problems over the next six months, when it will be required to meet \$3,383,624.10 in maturities with refunding operations and raise billions of dollars of additional revenue through new borrowing to finance the recovery program. The Government's books show that from the start of the current fiscal year on July 1, last, to Nov. 21, income taxes and other sources amounted to \$1,106,256,896, or nearly double the income of \$637,577,043 in the corresponding period of last year. All expenses, including emergency recovery costs, which are carried in a separate budget, amounted to \$1,762,821,713, against \$1,778,502,306 in the corresponding period of last year.

PIANOS

Several people have written us with reference to our used pianos in storage at various places. They can now be seen at Stamford on south side of square. We are closing these out at very low prices rather than return them to Greenville. Also have a few new up-rights and grands to be closed out rather than return. "HAVANA WIDOWS" WILL EASILY KEEP YOU LAUGHING THROUGHOUT

Maybe it's just that comedy is so welcome in times like these—at any rate the present reviewer found himself almost rolling in the aisles at "Havana Widows" First National comedy drama, which will be shown Saturday at 11 p. m. only, at the Texas theatre. Here is a fast comedy that steps along from one hilarious situation to another at express speed, with the smartest dialogue and the niftiest lot of wisecracking we have heard in many a day. Joan Blondell's well earned reputation for getting off the grandest sort of repartee, is enhanced by this tangy roistering comedy. Just imagine the flippant Joan Blondell and the equally flippant and clever Glenda Farrell, as two burlesque

queens, who decide to blow the stage and go in for millionaire collecting in Havana on a large scale. They're out for the dough, and they don't care even if they have to resort to the old badger game to snare it.

If you were casting this picture could you possibly select anyone else but Guy Kibbee for the dumb money victim, selected for the plucking? Or Allen Jenkins as Herman the comedy gunman body guard for a "big shot" gambler? Or Frank McHugh as the hard drinking attorney who acts as the

go-between after the gold diggers have compromised their victim's interest, you'll have to admit that Lyle Talbot is just the handsome, capable one you'd want for the straight lead.

An editor may get an idea now and then from persons who think they could run a better newspaper, but generally it's an idea he'd like to wring their necks.

Most of those "simple" menus you read in the magazines apparently intended for simple women.

NEW FORD V-8 for 1934

THE UNIVERSAL CAR

The New Ford V-8 for 1934 is now on display at the showrooms of Ford dealers. Surpassing even the great Ford of 1933 in economy, beauty and comfort, it is truly the car of this modern age—the culmination of thirty years Ford progress. It combines the proved performance of the V-8 cylinder engine with two important new features—Dual Carburetion and perfected Clear-vision Ventilation. See this car today and drive it at the first opportunity.

OUTSTANDING IMPROVEMENTS IN THE NEW FORD V-8

BETTER PERFORMANCE. Greater power, new speed, quicker acceleration, smoother performance, more miles per gallon especially at higher speeds, and quicker starting in cold weather—all these result from the new dual carburetor and dual intake manifold. New water-line thermostats enable the engine to warm up more quickly and to maintain an efficient operating temperature. Added engine refinements reduce oil consumption, further improve operating economy and reduce maintenance costs.

NEW VENTILATION SYSTEM permits clear vision, prevents drafts and provides desired amount of fresh air in any weather. Individual control for front and rear side windows. When ventilation is desired the window glass is raised to the top. Then the handle is given an additional half-turn. This slides the glass back horizontally to form a narrow slot. Through

this slot air is drawn out by the forward motion of the car. This simple ventilation system maintains draft-free circulation, insures passenger comfort, prevents fogging windshield in cold or stormy weather. Both windshield and cowl ventilator can be opened to supply additional air needed for comfortable warm-weather driving.

DISTINCTIVE NEW APPEARANCE enhanced by the newly designed chromium-plated radiator shell and grille, new hood louvers, new hub caps. Interiors are attractive, with new tufted upholstery, new mouldings, new cove-type headlining, new instrument panel, new arm rests, new hardware. Swivel-type sun visors in De Luxe bodies prevent glare from front or side.

FENDERS IN COLOR. On De Luxe cars fenders are in color to harmonize with body colors—wheel colors optional. New enamel finish on

all bodies and fenders has greater wearing quality and more enduring luster.

GREATER RIDING COMFORT results from increased spring flexibility. The spring leaves are newly designed for quieter and easier action. Shock absorbers are improved. Seat cushions are deeper, with new, softer springs. New type individual bucket seats provide increased comfort for front-seat passengers in the Tudor Sedan. Adding to comfort is the new driving ease of the 15-to-1 steering gear ratio.

PRICES REMAIN LOW—Tudor Sedan, \$535. Coupe, \$515. Fordor Sedan, \$585. De Luxe Tudor, \$575. De Luxe Fordor, \$625. De Luxe Coupe (3 windows), \$575. De Luxe Coupe (3 windows), \$595. De Luxe Coupe, \$525. De Luxe Phaeton, \$550. Cabriolet, \$590. Victoria, \$610. (All prices f.o.b. Detroit.)

World of Interest Shown in Season's Christmas Cards

NEW YORK. — Christmas cards this year seem to indicate a League of Nations influence. Look over the 1933 crop of Yuletide greetings and you will find designs inspired by practically every country in the world. Also, you can find handsome imports from almost every country, if you want expensive ones. Whether in the original imported cards or whether in American-made greeting cards, the foreign influence is tremendous. England, France, Russia, Spain, Mexico, Italy, Germany, Egypt, and China all have contributed to this year's Christmas greeting.

This world-wide field of inspiration has produced a staggering array of fascinating little Merry Christmas cards. The traditional red and green color scheme is practically snowed under by silver and blue, pastel pink, blue, yellow and green, black and white, brown and gold, and many gray colored cards with contrasting print, in white and silver, in deep brown or even magenta.

There is little of the strained business that obsessed Christmas cards of a few years back. Amusing figures abound, but they are just naturally amusing figures, like funny little mules or strutting cocks, or squat English characters or well-known cartoon characters. There's a simplicity, too, about the direct way they all just say what they have to say instead of straining to be "just too clever". You can just be yourself this year and pick the cards that you really like, instead of something that you think will impress your friends with your originality and cleverness. You can even be sentimental, if you wish!

NEW EYES FOR CHRISTMAS

PARENTS! How about your child's eyes. Your greatest Christmas gift to them would be—not new glasses—but new eyes that need no glasses. How? Chiropractic relieves eye strain, and poor vision, and many children have been able to discard their glasses after a course of Chiropractic adjustments. Worth investigating, isn't it? Call 188 for appointment.

The New 1934 Ford V-8 Model Announced

Refinements in the design of the radiator and hood and more luxurious interiors feature the appearance of the New Ford V-8 for 1934. The de luxe Tudor is shown above. Dual down draft carburetion and dual intake manifold give the engine greater power, the car increased pickup and speed. A clear-vision body ventilation system also is introduced in the new Fords.

cozy front door, taken when the vines entwined. Or your patio or flower garden. Or take that snapshot of yourself riding a camel in Tibet or a droschky in Moscow or a richshaw in Japan (or the Chicago fair) or the children romping at football or with the pet dog, "Shingles".

Old Prints for Formal Cards

For formal cards there is a throw-back to the Victorian age. You have your own engraving plate applied to formalized cards in pale gray, white or cream, with just a little gold or silver or black Christmas tree or wreath at the top. For those who still retain a flavor of Victorian in their system, there are charming old-fashioned Goudy's Ladies' prints or imported French court ladies in all the glory of dainty colored costumes, fancy head-dresses and court patches.

France sends some gay, insouciant cards wishing folks "Joyeux Noel." In typical French blue and cerise, a lusty cock crows his greeting from the top of a compass. From France, too, come some light and gay cards in black and white on silver back-ground.

The old English hunting season scenes which have obsessed many American masculine card hunters are still with us. But much newer are the fine reprints of famous Eng-

lish line drawings in black and white. One of these is most amusing, showing a line of stout little cooks bearing garnished turkeys aloft, followed by a hopeful pup, the optimistic line below reading, "Be Merry. There's a good time coming." Many English cards are actual photographs of English scenes, which should give us an idea.

American Subjects Colorful

Egyptian camels vie this year with cute little burro cards in typical Italian coloring. Italian, too, are the very ornately bordered religious cards. Spain contributes much to certain religious cards which picture the holy family in a patio. Russian cards carry the zest of gay booted dancers in colorful peasant costumes. Mexican cards show a Diego Rivera influence in their rich coloring and round figures.

Nor is our own West entirely neglected in this League of Nations Christmas greeting card assemblage. You can get grand etched cards of those admirable, little sturdy western horses, of cowboys and round-ups. Also some cards that show some of our own exquisite scenic spot, such as the Grand Canyon, or not quite so personal, if you too, Yosemite Valley.

County's Exhibit of Transportation Draws Much Praise

Owing to the fact that this county had made such great strides in the transportation of school children during the past year, this county was asked to place an exhibit of the county's program of worthwhile projects at Austin. This was done by Minnie B. Ellis, county superintendent, recently.

Favorable comment has been made by state school officials upon the work accomplished in this county.

The heads of the schools system in Haskell county are trying to centralize all high school work and improve all local schools. Five buses have been placed in the field this year and over 300 children are being transported to schools, some by private conveyance. Most of these are students doing high school work.

Very few small schools have facilities to give students doing high school work all they are entitled to, and give those students the same advantages enjoyed in the larger places, but by transporting the students to the schools every student in the county doing advanced work has a like opportunity.

Modern intelligence and the spirit of enterprise constitute the main forces that create town progress.

Some Eskimo tribes believe that a person with a bad temper is possessed by the devil. And those Eskimos may not be so dumb at that.

Christmas Should Be Good Time To Give Book Gifts

There is no better time for giving attention to books than at Christmas. A happy choice for a gift is a good book for anyone who enjoys reading. INTERNAL REVENUE DEPARTMENT WARNS FARMERS OF 'TAX'

Processing Tax Should Be Placed By Farmers On Butchered Hogs

The following warning has been issued by the Internal Revenue Department regarding the butchering of hogs by farmers and others and selling the products:

"Commissioner of Internal Revenue, Guy P. Helvering, stated today that it has been brought to the attention of the Bureau of Internal Revenue that, in many instances farmers, and others, are slaughtering hogs and selling the products to consumers without payment of the processing tax. This is in violation of the Agricultural Adjustment Act and regulations promulgated thereunder, which provide that any person slaughtering hogs for market must file appropriate returns and pay the processing tax thereon. The tax applies even in the case of the producer who slaughters his own hogs and sells, or otherwise disposes of all, or any part of the products. Heavy penalties are provided for violation of the law, or evasion of the tax, and any person who slaughters hogs and sells all or any part thereof, should confer with the Collector of Internal Revenue for his district, who will assist him in preparing and filing the required returns."

Grown Idea Is Shown In Kid's Christmas Toys

NEW YORK.—This is the year to give games and toys for Christmas. Under the new NRA leisure code, it looks as if everybody is going to play and play and play. Trends in new toys and games show a topsy-turvy reversal of other years. Grownups are playing children's games—often right in the parlor. Children on the other hand, prefer toys that emulate the activities of grown-ups. Santa Claus' idea this year seems to be to "Put the Children to Work!"

Every adult business and trade activity from storekeeping and home making to skyscraper construction and scientific farming is represented in the new toys.

Psychology is behind these useful toys that teach children something. And bright minds make each plaything so engrossing that children enjoy learning what it has to teach. For little boys and girls just toddling around the house imitating

mother's housekeeping, there are mops, vacuum cleaners, carpet sweepers that actually clean as they are played with. For slightly older youngsters, there are midget electric stoves that cook and roast, washing machines with hand-turned motors that really launder, tiny electric irons and boards that keep Dolly's clothes ship-shape.

For the slightly older boys there are new ingenious soda jerkers, complete with malted milk and paper cups so they can play "soda fountain" effectively. Nurse and doctor costumes are sure to please as well as all children like to dress up. Stethoscope, thermometers, hot water bottles, etc., that are included, have an educational value.

For the boys there is a new compass toy which, by a series of levers and gauges, make it possible for even a three-year-old to draw innumerable intricate designs in color. For children who like to work with their hands, there are many varieties of solid carpenter's benches, with all necessary tools to make mother a bookcase or themselves a playhouse. Roof-top desks are new for children and they have electric attachments.

New doll houses now come ready to assemble, so that children can

build their doll houses as their parents can their homes. The furniture, too, comes grouped in room formation, and little Joan can arrange her own, thus learning to be a juvenile interior decorator. Doll pullmans are new and feature two complete seats that can be turned into berths and made up, with tiny sheets, blankets and pillows.

Miniature electric trains now have roundhouses for the engines, and the tannin, engine pilot and pullman and observation platforms are ablaze with lights. Air ventilators, automatic couplers, revolving parlor car seats, porcelain lavatories, and metal air tanks add realistic touches. For city children there are complete toy farms, with shrubbery, animals and buildings. New autos for kids are 1934 in streamline model, unbreakable glass windshields and balloon tires. Some of the new fire engines hook and ladders and trucks bring back the obsolescent horse.

W. B. ARNOLD FAMILY HOLD REUNION ON THANKSGIVING DAY

A family reunion was held at the W. B. Arnold home on Thanksgiving day when the children and grandchildren gathered for their Thanksgiving dinner. Sixty-three people were present for the occasion—forty-two of those were members of the immediate family. Among those present were:

Mr. and Mrs. W. B. Arnold, host and hostess, Eddie Fay Arnold; Mr. and Mrs. N. A. McMillian, Mr. and Mrs. E. H. McMillian, Mr. and Mrs. A. A. McMillian, Billie Neil McMillian, W. D. Minnie Le, Ray, Chester, Bettie Doris, Clyde McMillian; Mr. and Mrs. B. H. Bristow, Mr. and Mrs. E. H. Bristow, Mr. and Mrs. Archie McGinley, Opal Cole, Donald Wayne Bristow; Mr. and Mrs. C. B. Tribbey, Mr. and Mrs. Jim Pierce, Howard Tribbey, Roy Tribbey; Mr. and Mrs. O. H. Wofford, Wanda Belle, Golda May, Winona, Vernon, Lowell Wofford; Mr. and Mrs. N. E. Carroll, Dawn-ye, LaVon Carroll; Ruby Williams, Albert Williams; Mr. and Mrs. Geo. Pistole, Clifford, Mattie and Truitt Pistole; Helen Crawford, Bobbie Crawford; W. S. McGinley; Mr. and Mrs. E. W. Kreger, Rev. John F. Currey, Roger Currey, Mr. and Mrs. C. B. Kilgore, (Photographer), Mrs. Maggie Jordan and two children, Mrs. Nora Bibbes and daughter.

MOVIES

LEE TRACY COMING IN "TURN BACK THE CLOCK"

Lee Tracy is starred in one of the fastest moving pictures of his career in "Turn Back the Clock", which opens Thursday - Friday, December 14-15 at the Texas Theatre. The new film drama based on an original story by Edgar Selwyn and Ben Hecht, is an extraordinary yarn of a man who is allowed to relive his life through stirring events of the past decade. Tracy plays the owner of a small cigar store in New York, married and barely able to make ends meet. Sometimes he wonders how different life would have been had he married a wealthy girl from his home-town. By an ingenious twist in the tale, he is given an opportunity to relive his life and things turn out far different than he had anticipated. Mae Clark plays Tracy's wife, and the cast also includes Otto Kruger, George Barbier, Peggy Shannon, C. Henry Gordon and Clara Blandick, under the direction of Edgar Selwyn.

"ONLY YESTERDAY" PANORAMIC ROMANCE OF AMERICAN LIFE AND LOVE

An important event in local theatricals will take place when John M. Stahl's Universal love drama, "Only Yesterday", opens at the Texas Theatre Sunday and Monday.

Not since "Back Street" has a picture directed by Stahl reached the screen, and the new production is said to excel in every way any previous screenplay filmed by this master in handling domestic drama. Margaret Sullivan, John Boles, Reginald Denny, Billie Burke and Edna Mae Oliver play the featured roles in "Only Yesterday", and their supporting cast includes thousands of extras and more than 75 well known screen players in speaking parts.

The story, based on the best selling "Only Yesterday" of Frederick Lewis Allen, covers a span of 12 years, follows the tragic love affair of Margaret Sullivan and John Boles, whose only meeting takes place at a dance while he is an officer in training at a local camp. Sudden tragedy and disillusionment follow, with the story sweeping on through the Armistice and up to the fateful November, 1929, the day of the Stock Market disaster.

Even in these days of staggering combinations of box office all star casts, the roster of players collected by Universal for "Only Yesterday" is unequalled for fine expert casting. In Margaret Sullivan, Stahl firmly believes the screen has found a new, enduring star.

"SITTING PRETTY" HAS STAR CAST, TUNES, BEAUTY

Sparkling with hit tunes by Mack Gordon and Harry Revel, the glamour of eighty of Hollywood's most beautiful chorus girls and the imitable fun-making of Jack Oakie, Jack Haley, Ginger Rogers and Thelma Todd, the Paramount musical-comedy hit "Sitting Pretty", is the current feature at the Texas Theatre.

"Sitting Pretty", was produced by Charles R. Rogers, under the direction of Harry Joe Brown for Paramount and was adapted from a story by Nina Wilcox Putnam.

Among the many features in this gorgeous, colorful spectacle are the daring "fan dance" number by Ginger Rogers and specialty numbers by the nationally famous Pickens Sisters and by the Beverly Hill Billies.

"Sitting Pretty" details the adventures of the world's two greatest song writers (ask them), played by Jack Oakie and Jack Haley who hitch-hike from New York to Hollywood in search of fame and beautiful girls. They get both, but pass

through a series of mad, fantastic and side-splitting adventures, which include experiences with a lunatic movie producer, scheming blondes, furious red-heads, rubber checks, wild parties and narrow escapes from disaster.

Cheese Week Shows Need of More Use of Texas Products

National Cheese Week, starting Monday in Texas by proclamation of Gov. Miriam A. Ferguson and to be observed in other States, calls attention to the increasing production of cheese in Texas and the necessity of heavier consumption of cheese to dispose of the 30,000,000 pound surplus of this dairy product in the United States.

Every Texas family was urged in the Governor's proclamation to buy at least one pound of cheese next week. Texas production of cheese last year totaled approximately 7,191,000 pounds, the largest on record, showing a steady increase from 983,000 pounds in 1928, 2,825,000 pounds in 1929, 3,078,000 in 1930 and 4,406,000 pounds in 1931, according to United States Department of Agriculture reports.

Domestic production of cheese has increased rapidly in recent years, but 56,000,000 pounds of cheese were imported last year, it was pointed out this week. If all this cheese had been made in the United States, a market for the milk of more than 150,000 American cows would have been provided, helping to dispose of much of the milk surplus.

Timely News of Texas Farmers Furnished by A & M Extension Service)

That a balanced ration, a self-feeder and an automatic water trough will pay in raising pigs has been demonstrated to neighboring farmers by Millie Kristof, Burlington county 4-H club girl. Her 8 pure bred Poland China pigs weighed an average of 222 pounds at the end of 177 days.

Leisure time that results in 14 pigs valued at \$102.40 is time well spent, thinks Mrs. A. M. Daniels, home industries demonstrator in the home demonstration clubs of the county. She has a ready sale for all her rugs.

While corn in Guadalupe county is burning up last summer, Henry Hamstead had 50 acres on terraced land that stood the drought and yielded 10 to 15 bushels per acre about any late rain, says the

county agent. July rains came and the crop made 28 bushels more per acre than unterraced land.

Members of 10 Jefferson county home demonstration clubs have canned 10,000 containers of meats and vegetables for their needy neighbors.

"It's hard to make a profit now in dairying but it can be done by proper feeding with home grown feeds," the members of the Wheeler County Pure Bred Sire Association agreed in their recent annual meeting. It is a good time to buy good bulls, they said, and commended the county agent for organizing another bull circle last summer.

Instead of giving her cull hens away this fall in market sales, Mrs. Tom Johnson of Eldorado canned

32 pints of chicken products by home demonstration methods. She now has on pantry shelves sandwich meat, roast, soup and giblets.

An old chicken house was rebuilt into a modern A and M roof type house at a cost of \$5 last spring by Howard Sport of Bagwell's community in Red River county with the help of the county agent. Mrs. Sport, after de-lousing the flock of 140 and feeding them well from self-feeders, reports clearing \$83 above feed cost from eggs, in addition to having all the family could eat.

An average of 331 containers of food per family this year compared to 259 last year have been put in pantry shelves of 17 members of the Veal Station Home Demonstration Club in Parker county.

Arno Link of Guadalupe county is feeding out 120 white face calves bought from Mason county breeders for a feeding demonstration with the county agent.

Canning 12 cull hens per day for 7 days along with her regular household duties, Mrs. O. A. Blankenship of Brady Home Demonstration Club in Potter county netted \$3.72 per day for her work. She sold 234 cans of boned chicken from the 84 hens.

In spite of bad weather conditions many 4-H club boys in Howard county made from 2000 to 2500 lbs. of milo heads per acre in their demonstration this year. One boy picked one bale of cotton from one acre.

The satisfaction of having a pretty yard and the fun of keeping it up have paid for the labor of planting 62 native trees and shrubs, patching the porch, straightening the fences, and moving trash and junk out of the yard, says Neville Hopkins, 4-H club girl of Friendswood, Galveston county.

"Every acre of my terraced land produces from one-third to one-half more than it did before it was terraced two years ago," declares G. Skeen, Delta county farmer who operates a 200-acre farm near Enloe. Delta county farmers are thoroughly convinced terraces pay in dollars and cents, says the county agent.

Everett Brothers Estate, Colorado county Hereford breeders, are going into the canning business, says the county agent. They have canned 200 tons of hegari in a trench silo as insurance against a dry year that might come.

Around Our Town

Turkey Carving Explained Here In One Lesson

STILLWATER, Okla. — With Christmas just around the corner, and when turkey will be the main dish the topic of turkey carving again comes in for its share of discussion, and Sarah Lee Burke, a home economics graduate from the Oklahoma A and M College, tells how it's done in the most approved manner.

Practice, in the privacy of the family, is recommended by Miss Burke as necessary until the host feels capable of performing before guests with perfect poise.

How to Do It

"To carve poultry," she directs, "place the platter on the table with the neck of the fowl to the left. The bird, of course, is on its back. Some carvers prefer to have the bird placed diagonally rather than parallel to the edge of the table.

"Plunge the fork into the fowl at the point of the breast bone just above the tip of the wish bone. Grasp the fork in the left hand.

Drumstick Off First

"First, separate the leg from the body. Cut down to the leg joint and force the leg sharply away from the carcass. Then separate the drumstick from the thigh, cutting directly across the joint from the inside of the angle. A carver will find this easier if he has become familiar with this joint in an uncooked fowl thus learn the exact location of the joint. If the fowl is large, the meat may be removed from the bone of the second joint. Often, in a turkey, three pieces are made of the thigh.

Next, carve thin slices of white meat off the breast of the fowl, cutting parallel with the breast bone. The wish bone may be cut off. The wings are easily disjointed by cutting down and facing out the wing

in the same manner as is removing the leg.

Guest Gets Choice

"Carve only enough meat to serve all the guests. If necessary, both sides of the bird are carved.

"Ask a guest what portion he desires. If no choice is given, a slice of white and one of dark meat should be served.

"A sharp knife and a well-cooked fowl are the two best aids to successful carving."

As additional aid, Miss Burke suggests that the platter must not be overcrowded with vegetables that are likely to roll off while the roast is being carved.

FROM THE EDITOR OF THE AMERICAN BOY

In wild Mongolia, Roy Chapman Andrews, famous scientist-explorer, digs up the bones of monsters dead millions of years. In the Zululand of Africa, Carl von Hoffman, Russian adventurer, sets a trap for a lion. DAISY'S LITTER CHALLENGE TO NRA LEADERS

VISALIA, Cal.—If "Daisy," Bert Linton's white Chester sow, pulls another stunt like she did the other day, she will incur the wrath of the Agricultural Adjustment Administration.

Daisy gave birth to 11 red pigs on a Saturday night. The next Wednesday she had seven white pigs. Linton said he watched her closely to see if she would give birth to blue pigs, completing the national colors, but that she apparently had no such intention.

"Daisy," Linton explained "does not believe in the birth control plan advocated by Secretary Wallace."

Attorney Finds Many Freak Laws In This Country

The following queer laws were discovered by an attorney, in looking up some regulations still in force in various sections of the nation:

Women's bathing suits worn on South Park Beach in Chicago must have quarter arm sleeves.

It is illegal to peel an orange in a California hotel.

Hire your neighbor's cook and you can be imprisoned in Florida.

A North Carolina law says that twin beds must be at least two feet apart.

In Vancouver, Canada, it is unlawful to drive a tricycle more than two miles an hour.

In Kansas a law requires that every public building be provided with a sufficient number of cuspidors.

It is against the law in Nebraska for women to wear skirts more than eighteen inches from the floor.

In Massachusetts it is illegal for a woman to appear in public with her face powdered and rouged. It is also unlawful for anyone to promote a masked ball in that state.

A Wisconsin law forbids the use of a phonograph.

In Bellingham, Wash., a law provides that a woman must not take more than three steps backwards at a time when dancing.

In New York it is illegal to have a gate that opens outwards.

One must have a permit from the sheriff to buy chickens after dark in Idaho.

It is unlawful for a woman to wear a bracelet watch on her ankle in Elizabeth, Tenn.

Fishing from the back of any animal is illegal in Idaho.

A statute in Kansas requires that every able-bodied citizen between the ages of 21 to 60 shall kill grasshoppers one day each in every year.

In Connecticut it is against the law to shave on Sunday.

Wild men or wild women can not be exhibited in Nebraska.

The law in Lake Forest requires that every automobile on the street shall be preceded by a bicycle so that pedestrians may not get in the way.

Everything should be all right in Washington if the brain trust doesn't fall victim to the brain rust.

STREETS MAY BE NAMED AND HOUSES NUMBERED

Service Club May Sponsor Project Here; Committee Named To Investigate

A committee to devise ways and means of having all streets in this city named and houses numbered was chosen at the meeting of the Haskell Service Club Tuesday noon. This is expected to be one of the main projects of the local organization during 1934. Free city mail will also try to be obtained.

Several members of the club feel that the naming of streets and the numbering of houses will prove of benefit to the people residing in this city as well as strangers.

It is hoped that it may be possible to have CWA workers perform all labor, with the city furnishing materials.

This project has been placed before various other civic organizations in the past, but was always dropped because of cost and the amount of labor it would entail.

Sheboygan, Wis., a visible business upturn is noted through increase in farm prices. This report asserts that "the masses are hopeful and pin their faith in Roosevelt and the NRA."

The report from Wichita, summed up the situation for Kansas "in one word—hopeful." It added: "The NRA and other Federal programs have tremendously increased the business tone." Similar optimism was reported from the Northwest and along the Pacific coast and the survey continues, "encouraging comments have been received from Texas, Oklahoma, and other states, and particularly from the Southwest", and adds:

"Real enthusiasm marked the reports from the South." "Optimism has completely routed gloom," said the report from Nashville, which has just voted to spend \$4,000,000 on public works. Miami, Fla., reported that "every hotel shows gains of from 25 to 45 percent in the number of guests" and transportation companies there had "extraordinarily heavy advance bookings for the winter months." One Florida newspaper reported an increase in November of 17 percent in its local advertising and 36 percent in national advertising lineage over November 1932. Richmond, Va., reported a retail business increase of 82 percent in October over the corresponding period last year.

I was driven back by the smoke," Skipworth declared.

"Then I ran into the yard and yelled to neighbors to tell them about the fire. I retreated to the house and fought my way through the flames to Melton's bed. I left over his bed but failed to locate him. I heard a groan and a sound as though some one were falling, but I never saw Melton. When I got out of the house the second time, neighbors were coming to the fire," Skipworth told officers.

Saw Car Parked

Skipworth added in his statement that he saw a car parked near the railroad tracks some distance away when he fled from the flaming house the first time. He said the car was driven away hurriedly and he did not see who was in the machine. Skipworth also told officers that Absten and Jay had been at Melton's home in the afternoon with other members of a party. Absten left at 6 o'clock and Jay left at 6:30 o'clock, he declared.

Melton's body was found in the house at 8 o'clock Thursday night by firemen from Rochester and Knox City who were called to the blaze. Melton's wife and baby were in Abilene Thursday visiting their son and daughter at Abilene Christian college.

Eight in Party

The party in the home was described as an all-afternoon drinking party of eight persons, including three school girls ranging in age from 13 to 16. Two of the girls have made statements to investigators.

EARLY MORNING FIRE DESTROYS BARN AND GARAGE

Damage of \$1,500 Is Estimated in Fire at The Taylor Residence

Loss which is estimated will run between \$1,500 and \$2,000 was sustained in a fire of undetermined origin Thursday morning which destroyed two barns and contents, and a garage and Willys-Knight sedan at the residence of Dr. L. F. Taylor several blocks northeast of the square.

The flames were discovered at 2 o'clock, and by the time an alarm was sounded, had spread from the barn where they originated to an adjoining structure and the garage, in which two cars were stored. One of the cars was removed from the burning building by Bailey Taylor, but the rapid spread of the flames prevented any effort to remove the second automobile. The flames for awhile threatened to spread to a servant house across the alley, but firemen were able to prevent any except slight damage to the latter building.

Destroyed in the two barns was a large quantity of feed, more than twenty tons of maize and almost sixty bales of hay being stored in
