QUOTA FOR COUNTY ANNOUNCED TO BE 114,338 ACRES

Quotas Are Fixed Agricultural Administration

County has been given of 114,338 acres on may be produced crop under the new according to information from the state adjustment committee.

County allotment is only four other counties, the report of allotment will be re-allocated in the county 35,000 acres from which, when an estimate is made, is devoted to West Texas counties.

Due to the fact that some misunderstanding exists regarding the place of holding election for trustees of the Paint Creek Rural High School district, County Superintendent Matt Graham announced Monday that only one voting place would be used—the Howard school—in the annual election to be held Saturday April 2nd.

Seven trustees are to be elected for the Paint Creek district, but Mr. Graham pointed out that at least one director must be named from each of the old original districts consolidated last year to form the larger district. Old districts included Howard, Rose, Mc Connell, Post and Weaver.

If names of more than seven persons are on the ballot for the election, the seven receiving the largest number of votes, will be elected as trustees.

Neighbors are his Mrs. C. D. Morgan at the family home, R. D. Neighbors.

West Texas CC Managers Hold Annual Meeting

First annual convention of chamber of commerce managers of West Texas was held last week in Big Spring, closing Saturday. Representatives were in attendance from a number of West Texas towns and citizens. D. A. Barden, manager of the West Texas Chamber of Commerce, was the principal speaker on Saturday's program, closing session of the meeting, at which time officers were also elected and Marfa chosen as the 1939 meeting place.

1,500 Arrests Listed During 3-Year Period

Through a typographical error in the published statement of Sheriff Giles Kemp last week, the number of arrests made during his administration was listed as "almost as many" as made by any previous Sheriff during the same length of time.

W. P. Stone of Abilene, industrial engineer of the Community Natural Gas Company, was a Haskell visitor Saturday. Mr. Stone states that his company is furnishing industrial gas for a number of wells being drilled in the new KMA oil field near Wichita Falls.

LAST RITES FOR MRS. GHOLSTON HELD ON FRIDAY

Death Occurred Thursday at Home of Daughter, Mrs. J. Q. Adams

Last rites for Mrs. Alice C. Gholston, 83, a resident of Haskell county since 1926, were held Friday afternoon at 3 o'clock from the Church of Christ in this city, with the Rev. J. G. Malphurs, minister, officiating. Burial was in Willow Cemetery with arrangements in charge of Holden's Funeral Home.

Mrs. Gholston passed away Thursday evening, March 17, at 6:30 o'clock in the home of her daughter, Mrs. J. Q. Adams one mile southeast of Haskell. Death came after an illness of eleven days with pneumonia, aggravated by a heart ailment with which the aged woman had been afflicted for some time. For the past several years she had made her home with her daughter.

Deceased was born September 16, 1854 in the state of Mississippi. She was married to J. A. Gholston June 28, 1875, and they were the parents of seven children. Her husband preceded her in death a number of years ago. Mrs. Gholston had been a member of the Church of Christ for more than sixty years.

Rush for 1938 License Plates Is Anticipated

Clerks in the office of Tax Collector-Assessor Mike B. Watson are expecting a rush of applicants for 1938 car license plates during the remaining days of this month that the office will be open.

To date, something like 600 tags have been issued, with about 2,000 remaining to be shoved across the counters in the office before April 1st, deadline for operating a motor vehicle without the 1938 license plate.

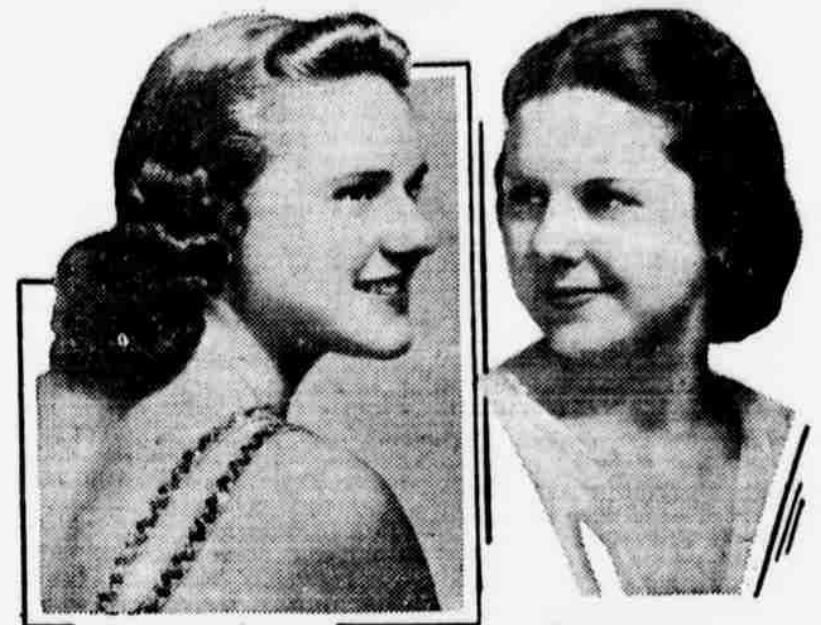

Walters Nominated District Director WTCGA Saturday

B. Walters of Rule, one of Haskell county's leading farmers, Saturday was re-nominated as director for this district in the West Texas Cotton Growers Association, at a meeting of association members held in the courthouse. Attendance at the meeting was reported small.

Site Is Cleared For Roque Court In Haskell Park

Work was started Monday morning on clearing a site in the City Park, where a roque court will be laid out this week. Devotees of the game in Haskell met last week and perfected an organization of players, with Guy Collins as president and Virgil A. Brown secretary-treasurer.

COUNTY AGENT IS APPOINTED TO SOIL CONSERVATION POST

Organization of a community unit of the Texas Agricultural Association was perfected Friday night at a meeting of interested farmers at Weinert, third unit to be formed in Haskell county for the purpose of bringing progressive farmers together on all matters pertaining to the future of agriculture under a planned program, and for the study of all proposed legislation that affects the farming industry.

WEINERT WILL BE HOST FOR BALL TOURNAMENT

A one-day softball tournament, sponsored by the Weinert Parent-Teacher Association, will be held in that city on Saturday, April 2nd, it was announced today.

Competition will be open to both boys and girls teams from various schools of the county, and to any independent teams desiring to enter, sponsors announced.

City Hall Is Being Planned For Rochester

The City Council of Rochester is contemplating the erection of a two-story brick building in the near future, to be used as a City Hall and fire department station. Site for the proposed structure has already been secured through purchase of a corner lot known as the Skains property, in the main business section of Rochester. A building on the site is now being razed and the material sold. When the new building is completed, present plans call for sale of the upper story to the Masonic lodge.

SUPERIOR TEST WILL BE GIVEN ACID TREATMENT

Rotary Test On Hendrick Ranch May Develop Production

Most important development concerning oil tests in Haskell county during the past week, was the announcement Saturday that the rotary test of the Superior Oil Company, drilled to 3,254 feet without finding production, would be plugged back to the 2,700 foot level and given an acid treatment.

Ten-inch casing is being run to the 2700 foot depth this week. Operators believe that profitable production can be developed by acidization of a 40-foot oil sand encountered at that depth, "mudded back" by the rotary.

Weinert Farmers Organize Agricultural Association

The meeting was held in the agriculture building of the Weinert High School. Officers elected were Adolph Havran, president; J. J. Drinnon, vice president; and Edward Havran, secretary-treasurer. Regular meetings will be held on the first Friday night in each month.

Ordinary Rules Don't Hold For The General

The same doctor who said a short time back that Gen. John J. Pershing's death was to be expected momentarily have now announced that the general may live for years if he will live carefully and quietly. They have classified his recovery as almost—but not quite—miraculous.

The funeral train assembled to transport the World War hero's body across the nation has long since been disassembled.

You will remember reading these excerpts from news stories of not so long ago regarding the general's apparently futile battle for life:

"The life of the 77-year-old wartime commander of the American Expeditionary Forces was believed drawing to a close."

"As the spark of life in the stout heart ebbed away..."

"Gen. John J. Pershing sank steadily toward death tonight..."

"Members of the family who came tearfully from the bedside indicated that the end was near."

"Dr. Roland Davison said, 'With the very rapid progress of the ailment against him, I doubt if he can last very long.'"

the U. S. and Europe will war with Japan. The dispatches say that war tension and differences of political and military opinion have provoked unusually heavy betting. Let's hope there will be some unusually heavy losing—by those who bet on war.

Uncle Sam Reaches Out

Rejection by the United States Government of the application of British and Dutch aviation interests for commercial air bases in Hawaii was to have been expected at any time. It is especially significant just now, in view of recent developments.

Chief among these developments is the announcement by the President that the American flag had been raised and expeditionary forces landed to claim sovereignty over two small Hawaiian and American Samoa, and that "there are many" other such islands which it is intended to bring under the American flag.

It has been revealed in discussion of the immense naval appropriation that the Administration is asking that the Pacific front is prominently in the mind of the President and others who are studying the national defense.

All these incidents served to show that the United States Government is preparing to assert its power in the Pacific, reaching clear into the Orient. This has become permissible since Japan repudiated the naval limitation and the significance of the whole movement is said to be viewed with much alarm in Japan.

President Roosevelt says diplomatically that the taking over of a chain of small islands reaching from Hawaii to Samoa is only for radio purposes, but the fact remains that America's naval position will be much stronger with the possession of these islands, and construction of naval bases on them.

When D. K. Kesler of Loveland, Colo., investigated the squeak in the engine of his car, he found a nest of five mice.

Mrs. Martha Smith of New Haven, Conn., slapped her 51-year-old son several times for "being a bad boy."

James H. Hodge of Cincinnati was granted a "love injunction" when he appealed to the court for protection from the unwanted attention of a girl.

Raul Ralteaux of Paris left \$10,000 to Marie Dregend the only cook whose soup suited his taste.

WANDERING ABOUT THE CAMPUS

The new Home Economics cottage seems to be a place of interest. Such appetizing odors that are coming from that direction! We wonder what they can be cooking. Here comes a girl from there now. Maybe she will tell us some of the things we want to know.

"Hello, Frances! What can you girls be cooking that smells so delicious?"

"Oh, we have just taken the most luscious-looking, cinnamon rolls out of the oven!"

"How very nice!"

"Won't you please come in and visit us awhile? We would be delighted to have you taste our cinnamon rolls!"

"I would love to."

The cottage appears to be very modern and convenient. It contains beautiful new stoves and other usual equipment.

TRACK

The boys are still loyal to their training for track. They spend a part of every afternoon going through their paces.

Come on boys, we are backing you, and are expecting a lot from you in the county track meet.

INDOOR BALL

It seems that it is "ball playing time in Mattson". Every one that is large enough to hold a bat is indulging in that very interesting sport. The senior girls and boys are planning to attend various tournaments that will be held in different communities.

The junior boys have a real team. They expect to "go places" this year. To win a place in the interscholastic League is their goal.

Where Frances got that new jewelry?

If Elva really did turn him down? (Don't get excited, it was all about a coat.)

If John really thought he could run faster than the Model T truck was going? (He knows now.)

Why Elva and Ruth wanted to play forty-two so long Thursday night? (Or was it their opponents that held their interest so long.)

Why so many ask if Frances was really crying Thursday night. (You know that basketball is not worth that much, Frances!)

Why John Alec was not at play practice Thursday night? (You had better watch out, Rose is rather dangerous at times.)

Why Lawrence's bus horn naturally honks when he gets to a certain place south of Rose, even when Mr. Coody is driving it.

Why Clyde is getting so home sick? ("There's more pretty girls than one")

SENIORS OF '38

Juanita Mapes

Juanita is one of Mattson's favorites. She previously attended school at Haskell High. She is noted for her good sportsmanship and cheerful disposition. When one wants something done he can depend on Juanita. She will always stand by anything that is right.

Juanita's greatest ambition is to be a beauty specialist. We know she will succeed.

BRANTLEY MASSIE

Brantley is another of our noted seniors. He has attended school at Haskell and Abilene. Brantley is one of our football players and also one of those Mustangs who helped win the beautiful trophy case. He is one of those characters that will be hard to find another to take his place after he has finished school at Mattson. Here is wishing you success in any thing you undertake.

PLAY TO BE GIVEN WEDNESDAY NIGHT

The contest play, "Not Quite Such A Goose," which is entered in the interscholastic League will be presented Wednesday night March 23 in the high school auditorium. This play is sponsored by Miss Couch, and also have a number of readings and songs on the program.

There will be no admission. The public is invited to attend.

LOG CABIN BAND FEATURE OF CHAPEL

The student body was very agreeably surprised to find out that Mattson's string band was to entertain them Thursday afternoon in Assembly.

They played several peppy tunes, which everyone enjoyed immensely. The students are looking forward to a future date when the band will entertain them again.

The boys named their organization "The Log Cabin Band". The members and the instrument they play are: Alfred Force, fiddle; Perry Force, bass fiddle; Lawrence Mapes, mandolin; Waid Blair, banjo; and John Freeland, guitar.

THE SOPHOMORE CLASS PUBLISHED THE BEST ROUND-UP. The decision was made by the sponsor of the paper, Miss Crume. We wish to congratulate the winners on their good edition of the paper.

SENIOR CLASS TO PRESENT PLAY

The annual senior play will be presented at Mattson High School, March 31.

"Ready-Made Family" is a hilarious comedy-drama of three acts.

The characters find their way into a great deal of trouble only to "find their way out in the end". A widow with three children falls in love with a widower who has two children; but of course neither of them know the other has any such possessions. When they find the secret out and, also, when the children find out their parents are married, things begin to happen right away. A negro maid and man-servant furnish many a laugh.

Why Elva and Ruth wanted to play forty-two so long Thursday night? (Or was it their opponents that held their interest so long.)

Why so many ask if Frances was really crying Thursday night. (You know that basketball is not worth that much, Frances!)

Why John Alec was not at play practice Thursday night? (You had better watch out, Rose is rather dangerous at times.)

Why Lawrence's bus horn naturally honks when he gets to a certain place south of Rose, even when Mr. Coody is driving it.

Why Clyde is getting so home sick? ("There's more pretty girls than one")

SPRING IS HERE

Once more that faithful old season, "Spring", is here. The countryside is beautiful. Leaves on the trees are beginning to get green. The wheat fields are just one solid wonderful green carpet. Little wild flowers are beginning to show their lovely heads, since the earth has warmed up. One can hear the chirp of the birds that have winged their way back from the south. Just as people cast off their heavy winter clothing, the animals and fowls are beginning to shed their winter coats. Occasionally a feather, loose hair, or a discarded skin can be seen. Little bare feet have begun to leave tracks in the cool sand and dirt—"Blessings on the barefoot boy."

The "March winds" have not been delayed. This also speaks of spring. March is noted for its high winds and sandstorms, but after all, they are not really so "terrible".

Everything and everybody seems to gain new hope and new life in the spring. Just to see the little flowers have courage enough to come forth into the world after the long cold winter, is enough to cause one to "fight on".

COSTS NOTHING

We hear very much of the high cost of living, but we overlook the fact that many of the best things

of life can be had for nothing. It costs nothing to stand up and walk and breathe properly. Fresh air in the home is free. No expense attaches to taking a few simple exercises every morning. It costs nothing to chew the food thoroughly. It costs nothing to select the food best suited to the body.

It costs nothing to clean the teeth twice a day. It costs nothing to stop using patent medicines. It costs no more to read good books than trashy literature. It costs nothing to have a cheerful, happy disposition, and stop having grouches. These things cost nothing, yet they will bring content and reduce the doctor's bill to nothing a year.—Toronto Health Bulletin.

Lone Star Home Demonstration Club Meets in Home of Mrs. T. L. Hawkins

The Lone Star Home Demonstration Club met in the home of Mrs. T. L. Hawkins March 9. Our program was on towels. Roll call. "How I prolonged the life of my towels." Mrs. Jenkins says a towel lasts from a year to eighteen months longer when washed in a machine.

Our next program will be March 23rd in the club room. Time of meeting 2 o'clock. Miss Vaughan will be with us and an interesting program will be given.

Demonstration by agent—Bathing Center.

We are glad to have visitors at all times. The club is sponsoring a play, "When A Woman Decides". If you like your plays with lots of good laughs and romance don't miss this one. It will be staged at Weinert in the near future. Notice Free Press for further details.

Marvin Cobb and John Ivey, farmers of the Rockdale section, were in Haskell Saturday talking up the big rabbit drive to be staged in that community today. Incidentally, while here Mr. Ivey enrolled as a reader of the Free Press.

Courtney Hunt and S. A. Hughes made a business trip to Dallas the first of the week.

Mr. and Mrs. Bert Harrison and daughter, Shirley Ann, of Coleman visited here Saturday night and Sunday with Mrs. Harrison's parents, Mr. and Mrs. W. H. Starr, and other friends and relatives.

Sheriff Giles Kemp made a business trip to Abilene Saturday.

Mr. and Mrs. Anton Theis and daughter Jacquelin, of Menard, visited over the week-end with Mr. and Mrs. A. C. Pierson and family.

Mr. and Mrs. Frank Simmons spent the week-end in Dallas with relatives.

Herman Pitman, ministerial student in T. C. U., Fort Worth, spent the week-end here with his parents, Mr. and Mrs. Riley Pitman.

Miss Donna Davis of Rule was a visitor in Haskell Saturday.

Ben Charlie Chapman, District Attorney, transacted business in Claremont Saturday.

H. F. Grindstaff of Rotan, former District Attorney of the 39th district, was a business visitor in Haskell Saturday.

W. J. Jenkins, substantial farmer in the northeast part of the county, was transacting business in Haskell Friday. While here he dropped in for a brief visit and renewed for his copy of the Free Press for the coming year. This has been an annual custom with Mr. Jenkins since 1906.

Cotton Yield Proves Value of Terracing

From 8 bales of cotton on 92 acres to 55 bales on 120 acres in a dryer year is the story of soil and water conservation on the A. C. Robertson farm on the Miller's Creek Watershed, according to E. W. Chesser, County Agent at Haskell.

Mr. Robertson has his farm under a cooperative agreement with the Soil Conservation Service. The plan for a complete program on the farm has not been finished, but Mr. Robertson is steadily working for its completion.

Pasture work on the farm has been completed. During the last rain, the ridges were filled with water, insuring a more pronounced growth in grass for the coming year than during the last year.

Mr. Robertson also received benefits from conservation practices on his wheat. After a hail storm earlier in the year, he still was able to harvest 16 bushels of wheat per acre. Mr. Robertson estimated his yield at 30 bushels had

it not been hailed out.

Mr. Robertson is highly pleased with the work and said he is going to finish his plan so that his farm will be completely controlled from soil and water losses.

Deputy Sheriff Riley Lewellen made a business trip to Wichita Falls Monday.

Lee E. Grogan and his mother Mrs. Kate Grogan of the Sager-ton section were shopping in Haskell Saturday. They recently moved to a farm near Sager-ton, coming from Jones county, and intend to make Haskell county their home in the future. In order to keep up with the happenings, Mr. Grogan had us enter his name on our mailing list.

Mother and Son Returned From Hospital

Mrs. W. J. Earles and infant son, Joe Bob, were returned to their home in the Post community Monday in a Kinney ambulance from the Stamford hospital. The youngster made his arrival on Friday night March 18th, and mother and babe are doing nicely.

H. T. Sullivan and Supt. I. J. Duff of the Weinert schools were visitors in Haskell Monday.
