FACTS & FANCIES

About a Few of Our Friends

One of the most welcome visitors in our office since we've been in Haskell is none other than R. E. Sherrill, pioneer businessman, pioneer historian of this section—and to our way of thinking—a pioneer in the hearts and lives of every person with whom he has come in contact during his long residence in this section. He was one of our first acquaintances in Haskell over twenty years ago. On occasions when things looked disheartening for almost every type of business, his counsel and faith in West Texas reassured many another persons as it did us, as in his unassuming way he counseled a true chart of business conduct.

Which brings us down to the present—this week, in fact—when Mr. Sherrill dropped in with the remark: "I want to pay you for my paper". That's an everyday occurrence among our list of subscribers. But not this: "I believe this is the forty-seventh trip I've made for this purpose, because I've been reading the Free Press since the fall of '89—just about this time, the best I can remember."

"I first came here in July, 1889, from Young County, and later in November of the same year with my brother, Will, we bought property and engaged in business in Haskell. Next year, in February of 1890, my wife joined me and we have made our home here since."

We'll have more about this venerable gentleman, his early-day experience in West Texas and other interesting facts in an issue of the Free Press soon.

When Wayne Perry blustered in Saturday and demanded to know his status as a subscriber, we had qualms, we did, because we printed a story after he had renewed last year concerning a deer hunt with which he was connected that wound up in a round-trip sight-seeing (?) jaunt to Van Horn. Belonging to the same church with Bro. Perry we complied with his request, which dazed him to the extent that he parted with the necessary coin to extend not only (Continued on Page Five)

DICK'S GROCERY DAMAGED BY FIRE SUNDAY MORNING

Several Hundred Dollars Loss Sustained On Fixtures, Stock

Fire which originated in the rear of the building caused several hundred dollars damage to the stock and fixtures of Dick's Grocery & Market on the east side of the square early Sunday morning.

The fire was discovered by Nightwatchman Wilton Kennedy shortly before 4 o'clock a. m., who ran to the fire station half a block away and gave the alarm. Flames had almost melted the metal ceiling in one corner of the building and dense smoke had filled the entire structure before fire-fighting equipment arrived, and the blaze was extinguished. Considerable water damage was sustained on stocks of flour, sugar and other items stored in the rear of the store.

Some damage was sustained on fixtures in the meat department, with candies, fruits, etc., damaged by the heavy smoke.

Loss from the fire will be partially covered by insurance, Mr. Frierson stated, but he could make no estimate of the damage pending arrival of an adjuster.

Origin of the fire was not ascertained.

All games were played at Munday Tuesday night, with both boys games between Haskell and Munday, and the local girls quintet matched against the strong Sunset rural high school team.

Haskell Seniors, lacking the services of two of their most promising players, R. V. Earls and G. G. Burson, both of whom were ill, developed plenty of opposition for their opponents and exhibited skillful teamwork in a game which ended 18-18. Junior Boys team, defeating (Continued on Page Five)

Sheriff Giles Kemp and Deputy Mart Clifton took Goad into custody Tuesday, after a local business man doubted the genuineness of a check that Goad had attempted to pass in the store and notified the officers.

Officers found three checks in Goad's possession, all drawn on the Western Produce Company of Stamford. Terraces Being Constructed By Several Farmers

Rapid progress is being made on the Soil Conservation project in the Miller Creek watershed, with farmers of the area cooperating to the fullest extent, according to J. M. Bird, project supervisor in charge of the local office of the Soil Conservation Service.

Construction of terraces is now under way on a number of farms embraced in the project, and a corps of engineers will soon finish work of running lines for terraces on cultivated lands and contour ridges in pastures on over 4,000 acres covered by the cooperative agreements between landowners and the Conservation Service. Contour ridges have also been constructed on several hundred acres of grass land.

TO OUR POLICY HOLDERS

We felt it best to close our collecting office at Haskell, feeling that it would be as convenient for you to pay at the bank. They receipt you and notify us.

This saving will enable us to put another Agent in the field, who can call on and help us practice more of your friends and neighbors.

Our protection continues to grow stronger, and we are using every precaution to keep it safe. All claims have been paid as soon as it was possible for us to get to the family, after deaths have been reported to us, and our reserve has grown stronger each month.

A postal card mailed to us will bring you information and help us give you the needed assistance our policies so cheerfully and promptly provide. Write, and we will see you and explain.

Will Spend Several Months in El Paso

Sam Armstrong, prominent farmer who resides southeast of Haskell, was a pleasant caller in our office Saturday, and stated that he was leaving the following day for El Paso, where he will spend the winter months. He expects to return to Haskell sometime in March.

Recovers From Illness

We are indeed glad to report that Mrs. Buri Cox has recovered from a seige of pneumonia, and is rapidly regaining her normal health.

A. M. Allen, well-known farmer of the Rochester section, was a business visitor in Haskell Monday and while in town called and had the Free Press sent to his address for the coming year. Some grain has been planted in his section, he stated, and farmers are optimistic over the present underground season furnished by fall rains. Crop yields were short this year in his section, caused principally by the extremely hot winds which prevailed during the summer.

A Correction

In the last club report was the following: Mrs. Bud Clark had on display a number of pieces of fancy work including a feather quilt. Although Mrs. Clark is not a member of the club this display was an interesting feature. This should have been Mrs. Carl Clark instead of Mrs. Bud Clark.

He gave his name as T. F. Hathaway, claiming Sherman, Texas as his residence, and officers stated after questioning the accused man that he had admitted serving a sentence in the State Penitentiary. Further investigation revealed that he had given two worthless checks to a local store some three years ago.

Continuing his inquiry, Sheriff Kemp learned from his prisoner where he could recover mechanic's "purchased" here, some of which had been disposed of in Seymour, and the remainder hidden near that city, which resulted in recovery of the various items of wearing apparel, etc., which the Haskell county officer returned to local stores.

Hathaway was arraigned before Justice of the Peace Cliff Monday of this week, and entered a plea of guilty in two cases in which he was charged with swindling. A fine of \$50 and costs was assessed in each case, and the defendant was remanded to jail to await trial in County Court on the three other complaints in which he is charged.

uriously upholstered and fitted throughout.

Special design of the machine allows comfort for patients at all time over all types of roads regardless of speed, Mr. Arbuckle explained. In addition to the long wheelbase, a new front wheel suspension is being used, with long leaf semi-elliptic rear springs and hydraulic shock absorbers and ride stabilizers on both front and rear of the chassis.

Addition of the new equipment gives this firm two ambulances, and the machines will be housed in a recently-completed double garage, 22x24 feet, located across the street from their funeral chapel.

Equipment will be available for any emergency, day or night, Mr. Arbuckle added, with an attendant on hand at all times.

The public is invited to call and inspect the new machine.

Barnett—

as. His mother died when he was an infant, and his father and oldest brother, both members of the Confederate Army, were killed during the Battle of Gettysburg.

Following the death of his parents, he made his home with an uncle, "Pedge" Barnett and family, and accompanied them when they migrated to Texas in 1865. Only 10 years of age at the time, Mr. Barnett in later years recalled incidents of the long trip from Mississippi to Texas, which was made in wagons pulled by oxen, requiring several months to reach Milam county, Texas, where the party settled.

In 1882 Mr. Barnett was married to Miss Ella Ruth Naomi Griffin in Milam county, and the couple made their home in that section until 1903 when they moved to Haskell county, locating on a farm southeast of town where they lived for a number of years.

In the course of several years, Mr. Barnett accumulated farm property in several sections of the county, and erecting and occupying a residence on one of his farms near the city limits east of town in 1912. His wife passed away December 5, 1918.

Since 1924 he had made his home with his daughter in this city, devoting his time to the management of his farming interests until a few years ago.

Deceased had been a member of the Baptist Church since childhood.

Seven children survive, five sons and two daughters. They are: Herbert, Robert, Albert and William Barnett, all of Haskell. Fred Barnett of Dallas; Mrs. Minnie Bradley of Haskell and Mrs. Annie Cunningham of Dallas. Twenty-eight grandchildren and two great-grandchildren also survive.

Pallbearers were Arthur Merchant, Ed F. Fouts, Charlie Reese, C. W. Goodwin, Henry Atkinson, Bruce Cliff, Mike B. Watson and Jason W. Smith.

ession of liquor for the purpose of sale following the seizure by State Liquor Board operatives and county officers of several gallons of liquor when they raided her home and premises several miles north of Haskell on Nov. 19.

The defendant, represented by the law firm of Davis & Davis and French M. Robertson, former county attorney, testified from the witness stand that liquor found on the premises had been brought there since her husband's death, without her consent and that she had intended to destroy the liquor which was seized by the officer.

Main witnesses for the State included Garrett Hawkins, district deputy supervisor for the State Liquor Control Board, Wichita Falls, and his assistant, B. C. Davis; Deputies Mart Clifton and Ollie Kitley of the Sheriff's department. Prosecution was conducted by County Attorney B. C. Chapman.

Jurors hearing the case were: Arthur Cameron, A. D. Faught, Lee Norman, Bert Gamble, E. D. Elliott, Alex McLennan.

All petit jurors summoned for the week were dismissed by Judge Conner until Monday December 21, when the criminal docket will again be taken up.

Misses Nettie and Marguerite McCollum and Miss Eunice Huckabee were in Abilene Sunday where they joined a party as invited guests for a venison feast at the Grissom ranch near Abilene.

Mrs. Fred Gilliam was returned to her home here from the Stamford sanitarium Wednesday, after being there several days for treatment.

TALK DOESN'T ESTABLISH CREDIT

Word continues to trickle from Europe, where Italy and France are pretending that they want o settle their war debts with the United States.

Naturally, if they want to pay what they owe, he way to do it is to make a start by sending some cash. But, it seems, there is another little matter involved, both nations want to be sure that if they pay they will be able to borrow some more money in this country.

Italy needs cash for expansion in Ethiopia and France fearing another war, wants to be in a position to get financial help on this side of the At- lantic.

CURRENT COMMENT

CARLSBAD'S FAME SPREAD

Carlsbad Caverns, the Southwest's premier nat- ural marvel, drew more than 1,000 visitors a day during the Summer travel season. The Chicago Journal of Commerce, in a full-column article fea- turing its Winter resort and travel section, com- ments on this large volume of visitors with a trace of wonder. But it is a fact that the Caverns are just now beginning to come into their own as a national tourist attraction.

Located in extreme Southeastern New Mexico, the Caverns have been regarded by Texans as vir- tually their own. This circumstance probably ex- plains why, during the first years after the open- ing of the caverns to visitors, Texans numbered more than those from all other States together. This Texas distinction failed last year, not because of decline in the number of Texas visitors, but be- cause of a great increase in the number from other States. In other words, the fame of Carlsbad Caverns has now gone thoroughly abroad.

The Caverns form one of the two superlative natural wonders which the Southwest has to ex- hibit. As no tour of the region would be complete without a visit to the Grand Canyon, so it would be incomplete without a visit to the underground world of miracles at Carlsbad.

Haskell County History

As Revealed by the Files of the Free Press 20, 30 and 40 years ago.

Twenty Years Ago—1916 G. H. Taylor of Haskell and John Fouts of Weinert with their families were coming to Haskell from Weinert when the Buick car in which they were riding turned over near Josselott Switch, and they were caught under the car. Mr. Taylor suffered a broken rib and several other bruises about the body. No one else was injured. They righted the car and drove on to Haskell.

Sunday School by HENRY-LESSON RADCLIFFE

THE GIFT OF LOVE

International Sunday School Les- son for December 20, 1936 Golden Text: "Glory to God in the highest, And on earth peace among men in whom he is well pleased." Luke 2:14.

(Lesson Text: 1 John 4:7-19)

The epistle from which we take our lesson has been ascribed to John, the beloved apostle, and author of the Fourth Gospel.

Although the writer does not represent himself as an apostle the first three verses show that he was an eye witness of gospel events and a personal follower of Jesus. Both style and ideas are similar to those in John's gospel.

From early years this epistle has been recognized by the great church leaders as written by the apostle John, probably while he was at Ephesus, serving as bishop.

The purpose of the gospel was to strengthen the faith of the Christians nearby, for whose benefit John set forth in memorable words the contents of his own personal faith. The epistle writes about the love of God, love among those who follow Jesus. Christ's sacrifice to atone for human sin, and the eternal life reserved for those who believe.

humanity was service to himself. To abide in God, man must be- lieve in Jesus. To believe that Jesus is divine is a powerful in- centive for an endeavor to emu- late this example. The love demonstrated by the life of Jesus is such that, if followed, the faith- ful believer may not fear the eventual day of judgement for as John points out, love casts out fear. No one believes that one who loves him would hurt him.

"How shall you make man know that God loves Him?" asks Phil- lips Brooks. "In every way—there is no speech nor language in which that voice may not be heard—but most of all by loving the man with a great love your- self, by a lofty and generous af- fection of which he shall know that, coming through you, it comes from beyond you, and say, 'It is my Father that my brother utters,' and so he led up to the Father's heart."

"We may say of the silvered sea that it shines because the moon sheds upon it its silvery light," says W. E. Burroughs. "We may say of the full-orbed moon that she shines in soft beauty because she reflects the glory of the far-absent sun. But of the sun we can only say that it shines because it shines. We know of no external sources from which it draws its glory. So it is with the great heart of God. He loves, be- cause he loves. 'He first loved us.'"

In today's mail:
Dear All Around The Study Hall:
I just can't decide what to give my girl for Christmas. Can you give me a suggestion?
Signed, Deeply in love,
Lon McMillin.

Dear Deeply In Love:
I would suggest that you have a quarrel with your girl near Christmas and then a gift won't be necessary, but as you are deeply in love and really want to give her something nice I think that nothing would be better than a nice new football sweater—that's what any girl would like. I'll bet she'll be plenty sweet to you then.
Here's hoping,
Signed, Around The Study Hall.

To Hold Annual Homecoming Event For Ex-Seniors

As has been the recent custom during Christmas holidays, ex-seniors of the Haskell high school will be given a "homecoming" by the present Senior class. This year the occasion will be a banquet, which will be given in the Methodist church basement on the evening of Monday, Dec. 28. This will be a pleasant get-together for old friends; the Seniors are giving a cordial invitation to recent exes to attend. Price of the plate will be thirty-five cents, and you are requested to inform the class secretary, Winnie Darnell, by Monday, December 21, if you expect to be present.

Girls Cagers Play Weinert in First Game of Season

Friday night December 11, Haskell senior girls went to Weinert and played Weinert senior girls, but because we had only been practicing a week and a half and the Weinert girls had been practicing every since school started, we were defeated four points, the score being eighteen to fourteen. Those girls who went from Haskell enjoyed the game and came back with a smile on their faces. We are hoping to do better Tuesday as we are going to play sunset at Munday. Those who made the trip Friday night were: Mozelle Turpin, Frances Reese, Ruby Stodghill, Earline Stodghill, Irene Miller, Ruthie Mae Scheets, Cleo Perdue, Phae Riley, Capitola Larned, Evora Jenkins, Robbie Jo McHenry, Margaret McClintock and Mrs. Johnson.

Margaret Breedlove, senior student and Warwhoop feature editor is reported to be quite ill. We hope for her a speedy recovery.

Audra Ray enrolled in school Monday and is a member of the Junior class. She is formerly of Cross Plains.

Honor Roll For Second Period

Twenty-seven students in Haskell High School made an average of 90 or above this six weeks. The highest average, 97, and the second highest, 96, were both made by juniors. They were Dorothy Larson and Billy Pogue, respectively. The sophomore class had the largest number on the honor roll with fourteen and the seniors the smallest number with two making an average of 90. The complete honor roll is as follows: Seniors: Annie Barnett, Mary Eleanor Diggs.

Juniors: Naomi Barnett, Frances Fouts, Dorothy Larson, Ruby Sue Persons, Billy Pogue, Marjorie Ratliff, Olive Sloan.

Sophomores: Helen Crawford, Paul Crawford, Mary Louise Curry, Frances Muri Edwards, Juanita Foil, Amelia Beth Hammer, Madge Leon, Mary Beth Menefee, Frances Myer, Louise Pierson, Wynona Post, Eva Jo Ratliff, Jim Bob Well, Mary Jo Free.

Freshmen: Jean Conner, Mary Louise Holland, Margaret McClintock, Leatrice Wheeler.

Girls Start Basketball Practice Dec. 3

The Haskell senior girls started basketball practice Dec. 3, with thirteen girls reporting for practice. Mrs. Wimblish is our coach and we are hoping that we will have the best team Haskell has ever had.

Those reporting for practice were: Forwards: Golda Wood, Earline Stodghill, Anna Mae Lees, Ruby Stodghill, Irene Miller, Cleo Perdue, Mozelle Turpin and Ruthie Mae Scheets. Guards: Phae Riley, Capitola Larned, Nannie Patterson, Frances Reese, Evora Jenkins and Doris Parks. Those reporting later were: Margaret McClintock, Bonnie Dell Hisey, Dorothy Josselet, Joyce Nell Hamilton, Robbie Jo Burson, Dorothy D. Welsh and Mary Louise Holland.

Vernon Cook is a recently added member of the Freshman class.

Banquet Is Held For Pep Squad

The pep squad was entertained last Tuesday evening at a lovely banquet given by Mr. and Mrs. J. M. Crawford at the Baptist church basement.

Decorations, place cards and favors carried out the Christmas spirit and an elaborate three course dinner was served by Mrs. Crawford assisted by her sons Duffer and Paul.

Several outstanding numbers on the program were, a speech by toastmaster J. M. Crawford: "The Indian Love Call", by Marvina Post, Geraldine Conner, Lottie Mae Thompson and Frances Kaigler. A reading by Bonnie Dell Hisey and a Christmas story by Mayre Lena Tubbs. The entire squad sang, "Joy To The World". The prophesy was read by Helen Mabel Baldwin and a response was given by the pep squad sponsor, Mrs. Meyer.

The members of the pep squad will always remember with pleasure the Pep Banquet of 1936, and want to thank Mr. and Mrs. J. M. Crawford for their loyal interest in the Pep Squad, and this enjoyable occasion.

Retha McCurry entered school last week and became a member of the Sophomore class.

Former Students Enter Ministry

Durward Boggs, popular senior of last year, is entering the ministry of the Church of Christ and from last week's issue of the Happy Herald we learn that he was to preach in Happy last Sunday. Durward is a student in West Texas State College at Canyon, Texas, having entered there the week following graduation here. He won his way quickly into our friendship during his year in our school, and we admired his ability in dramatics and public speaking. Best wishes to Durward.

Another young minister of whom we have reason to be proud is R. H. Moser, now of Brownwood. R. H. finished his high school work in the academy of Howard Payne College after leaving here and graduated from that institution last spring receiving the B. A. degree. While he has not yet entered the Theological Seminary, it is his plan to do so as soon as possible; in the meantime he is working in Brownwood and preaching whenever he has the opportunity. R. H. is a talented pianist and has a winning personality. We believe he has a bright future.

Others of your young preachers are Herman Pittman, who graduated from T. C. U. last spring and is now the pastor of the First

Christian Church at Wynnsboro, Texas, and Woodrow Adcock, senior student in McMurry and regular pastor of the Methodist churches at O'Brien and Sagerton. In high school Herman was one of our football stars and Woodrow went to the district for us in debate. At present he is on the McMurry debating team. Also he has been heard recently in gospel sermons from the radio station in Abilene.

Other ministerial students are Melvin Bruton, of the class of '31, and Robert Barnett, of the class of '36. Melvin is at present teaching, but is working toward the goal of regular ministerial work; he has begun his college training in Howard Payne. Robert is at present a freshman student in that same institution; he is enthusiastic and we feel sure he will succeed. We remember that he was frequently on the honor roll last year and that he played an outstanding part in the senior play; he also played in the band and in the orchestra of the Baptist church.

Six ministerial students in six years—truly they are a credit to our school and our town.

Campus Spotlight

The Spotlight has been snooping around quite a lot this past week and what I mean, it's got the dope on everybody.

Joe Isbell has found him a new weakness, a sophomore, and from what he tells me she must be really good. I guess every one knows that it is Mary Jo Free.

From the way things looked Sunday night Labry Ballard must be doing all right with Red Ratliff.

You've heard the old saying that "Love is like spring?" Well, I'm beginning to believe that old saying. This week Elsie Gholsen

came to school with a new spark and she says it's the air, but being that the air was awfully cold, we believe it's Bob Wheatley.

Lynn Pace seems to be doing alright with a certain girl in Stamford, to say nothing of Dorothy Larson.

We wonder what Kinzie Tucker has been up to for the last few days. We haven't seen her doing anything. What's the matter Kinzie? Did your father tighten up on you, or have you found an out of town boy friend

Virgil Meadors is a real cowboy. You should have seen him last Sunday evening. Virgil says the only thing about a horse is that when you go to take your girl riding you have to sit on the side car. (Now wouldn't it be funny to see a horse with a side car).

At a dinner dance the other night Gerry Conner was heard saying (while being hit on all sides by other dancers) "All's fair in love, war, and dancing."

The Joke Editor of the Warwhoop is staging a sort of beauty contest. All you have to do is write on a slip of paper who you think is the best looking girl in

Try CARDUI For Functional Monthly Pains

Women from the teen age to the change of life have found Cardui genuinely helpful for the relief of functional monthly pains due to lack of just the right strength from the food they eat. Mrs. Crit Haynes, of Essex, Mo., writes: "I used Cardui when a girl for cramps and found it very beneficial. I have recently taken Cardui during the change of life. I was very nervous, had head and back pains and was in a generally run-down condition. Cardui has helped me greatly." Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician.

school and hand it to the joke editor. Do this immediately.

Francis Stephens seems to be doing just fine with Woodrow Perrin. She's using more make-up. (To hold her man).

Joe M. (reading the paper)—I don't believe any woman could ever be that fat.

Paul C.—What are you reading now?

Joe—Why this paper tells about an English woman that lost two thousand pounds.

Mr. Wimblish—How much can you carry?

Lloyd Mc.—Two hundred pounds.

Mr. W.—Suppose there was a woman out in the water drowning and she weighed 400. How would you save her.

Lloyd—I'd make two trips.

Albert—I've got a little surprise in store for you.

Marjorie—Well, I'd rather see it on my finger.

Can he play in Every room?

Here he is—the pride and joy of the household. Full of vim and vigor, ready at all times to go places and do things. Moreover, he does—and you wouldn't want him to change the least bit. Like all children, he is a natural born explorer. The living room . . . dining room . . . bed room . . . kitchen—this is his limited world during the indoor winter season and he makes the best of it.

He doesn't know that the toy soldiers left on the other side of that closed door that leads to the unheated living room mark a cold and health-threatening spot. He hasn't learned that a sudden change of temperature, such as going from a heated room into a cold one, makes it easy for him to "catch cold." If he knew these things he would urge you to give him the protection of healthfully warm temperatures in every room this winter.

"CHRISTMAS COMES BUT ONCE A YEAR"

Christmas is coming, bringing with it the most enjoyable times of the season. Everyone looks forward to Christmas with a thrilling and delightful spirit; because each year brings something new and different. We look forward to Christmas with its exchange of gifts and turkey dinners, centered with cakes, pies, fruits, nuts and candies and getting to see all relatives and friends whom we haven't seen for so long.

Christmas is the time when parents make the children come across from their stubborn ways with that one old saying "better be good; Santa's just around the corner."

When we are celebrating these holidays we almost forget just why we are granted them, but this is one great mistake. We must think of the birth of Christ and give blessings to this event.

We should remember Christ's immortal words, "As much as ye have given unto the least of these, ye have given unto me", and not fail to reflect this spirit of giving. Let us give gifts in love, rather than for selfish reasons. As we enter the holidays let us try to observe the true spirit of Christmas—"Peace on earth; good will toward men."

TWO CLASSES HAVE PARTY

The Freshmen and Sophomore classes had a part in the home of Bobbie Louis Haynes Thursday night. Enjoyable games were played before Mrs. Haynes served hot chocolate with marshmallows and cookies. More games were played a very pretty Christmas

tree was lighted. The gifts were presented and Mrs. Haynes gave us a sock with nuts, candy, chewing gum, a sparkler, and a doll for the girls and a whistle for the boys.

Those present were: Miss Dawson, Miss Crume, Roe Shafer, Freida Mapes, Oleta Bell Boring, Christine Davis, Bobbie Jo Tolliver, La Vera Guess, Veina Mildred Mapes, Doris and Eddie Mae Robertson, Ruth McGuire, John Freeland, Waid Blair, L. D. Holcombe, Jack Mapes, James Robert Massie, Raymond Shafer, Marshall Holcombe, Elmer C. Watson, Horace Boring, and the hostess, Bobbie Louis Haynes. The only visitor was Lois Mapes. An enjoyable time was reported by all.

WHO CAN EXPLAIN?

Why Bus No. 3 loaded up so early Friday night.

What the excitement was Friday in the Home Ec. department when John Alex, John Melvin, and Leon raced back around the corner? (Something tells us La Vern wasn't perfectly clad).

The sudden confusion of La Vera's and Lou Eitta's invitations to the party.

Alice's sudden notion to stay at home this week. (How sad the fact, Bob!)

Why Eddie Mae smiled so sweet when a certain boy sat down by her at the ball game Friday night. (And it wasn't a boy from Mattson either).

CARD OF THANKS

We take this means of expressing our thanks for the kindness and sympathy shown us during the illness and death of our father. We want to thank the neighbors and those that sent the beautiful flowers. We thank the Kinney Funeral Home and Dr. Gordon Philips. May God bless them all. May an all wise Father send to them the same kindness, friendship and sympathy when in their sorrow and they need help.—Herbert Barnett, Robert Barnett, Fred Barnett, Albert Barnett, W. M. Barnett, Mrs. Minnie Bradley, Mrs. J. W. Cunningham, Mrs. Alice Ford and children, and all grandchildren.

Moves To Rio Grande Valley

Mr. and Mrs. Joe Maxwell, residents of Haskell for the past twenty years, left recently for Pharr, Texas, where Mr. Maxwell has secured employment with a

produce firm. Before leaving, Joe had us change the address for his copy of the Free Press, stating that they wanted to keep in touch with local happenings during his stay in the Valley.

Prolong the Spirit of Christmas for Years With Aladdin Light

"And a wonderful light shown round about," so Scripture says of that first Christmas night. How appropriate, then, to put that truly "wonderful light" of the Aladdin Lamp into your home this Christmas. So white—so pure—approaching sunlight in its effulgence. Modern, too—unsurpassed by electric light for quality and steadiness.

Giving Aladdin is Good Taste!

The gift of Aladdin is the gift of something recognized to be fine and durable. You couldn't choose anything more appropriate for friends in the country who are without modern light. Its use means economy. Runs 50 hours on a single gallon of kerosene (coal-oil). Burns 94% air and only 6% oil. Saves eyestrain, which all too often runs into expense for examination, treatment and glasses. So simple and safe a child can operate. No noise, odor or smoke; no pressure to maintain.
