WEDNESDAY AUTO CRASH RESULTS IN CHARGES

**Stamford Man Named In
Complaint Following Col-
lision At Sagerton**

Charges of driving an automobile while intoxicated were set out in a complaint signed by a member of the sheriff's department which was filed against C. O. Lousignant, Stamford resident, after officers had investigated an automobile collision at Sagerton late Sunday afternoon in which several persons were injured.

Bond for Lousignant was set at \$750 by Justice of the Peace Bruce Clift Monday afternoon, which was perfected, and the defendant was released to await Grand Jury investigation of the collision.

A car driven by Lousignant, and another occupied by Mr. and Mrs. S. T. Dobbins of Sagerton collided head-on at a railroad crossing in that city Sunday afternoon at 7:15. Mrs. Dobbins, thrown against the windshield of the car in which she was riding, received severe cuts about the chin and face, and several ribs were broken. Her husband and two children, also in the car, were badly shaken up and bruised.

Lousignant sustained a severe cut in the forehead, and bruises about the body.

Ambulances were summoned from the Kinney Funeral Home in Haskell and Stamford and the injured persons were taken to the Stamford Sanitarium. Lousignant was released Monday, but Mrs. Dobbins is still confined in the hospital in a serious condition from injuries sustained in the crash.

Sheriff Giles Kemp and Deputy Mart Clifton investigated the wreck and questioned several witnesses, with the resultant charges being filed against the Stamford man.

ROOSEVELT-GARNER ENDORSED BY HUGE VOTE TUESDAY

Which Did Billy Rose Select?

He's keeping it a secret! But next May his choice will be revealed, and one of the smiling girls will be proclaimed the most beautiful senior at Texas State College for Women (CIA). From a bevy of 16 girls Rose picked the most beautiful from each of the four classes when they were recently introduced from the Casa Manana stage at the Frontier Centennial.

Left to right, the girls are: Carolyn Senter, Forney; Joy Hawley, Denton; Peggy Elliott, Stamford; and Olivia Bishop, San Antonio. Inset, Billy Rose.

GIVEN MAJORITY IN ALL BUT TWO STATES

Texas Voters Reject Proposed Amendment for Liquor Control

In the most sweeping victory in history, voters of the United States Tuesday registered whole-hearted approval of President Franklin D. Roosevelt and the Democratic administration.

Thursday morning the Roosevelt and Garner ticket was credited with 523 electoral votes, with only 8 for the Republican nominee, Alfred M. Landon of Kansas.

Electoral votes of 46 states were credited in the Roosevelt column, only Maine and Vermont supporting Landon with their electoral vote.

With over 40,000,000 votes tabulated, popular vote cast for Roosevelt was 24,628,962, for Landon 15,423,055.

Constitutional Amendments

Texas voters gave their approval to five constitutional amendments, but rejected the sixth, which provided for State Control of Liquor.

Haskell County Vote

Lacking returns from two small boxes, Jim Hogg and Cobb, returns from all other boxes show that 2,864 votes were polled in Tuesday's election.

Of this number, the Roosevelt ticket received 2,645 votes, with 153 for the Republican ticket and 2 were cast by Union Party supporters.

Haskell county voters approved four of the constitutional amendments and rejected two, the Teachers Retirement Pensions, and Salary Increases for state officers.

Vote on the amendments was as follows:
State Control of Liquor, for 990; against 941.
Teachers Retirement Pensions, for 778; against 1,116.
Workmen's Compensation for State Employees, for 984; against 890.
Revision of Pardoning System, for 1,304; against 552.
Salary Increases for State Officers, for 854; against 1,023.
Limitation to Seven House Members, for 1,291; against 975.

PRISONER ESCAPES JAIL AFTER PICKING 4 LOCKS

S. C. Couch, Under 2-Year Sentence, Escaped Late Saturday

Deftly manipulating locks on four doors in the county jail with an improvised key made from a spoon, S. C. (Clement) Couch, under sentence of two years in the penitentiary, escaped from the Haskell county jail Saturday afternoon around 5 o'clock.

Two other prisoners in the same cell block with Couch, Marvin Lewis, a negro, and Hunter Bruce, both under prison sentences, declined to accompany the jailbreaker, and Couch locked two jail doors behind him.

Other prisoners in the jail, aware of Couch's plans, told officers they were "afraid" to give the alarm before the prisoner made good his break. Mart Clifton, deputy sheriff, was first told of the escape by a negro who had been hailed by a prisoner in the jail as he passed, some thirty minutes after Couch had left the jailyard.

Sheriff Giles Kemp was out of town during Saturday afternoon, and Mrs. Kemp was absent from their living quarters in the lower floor of the jail at the time. Several persons who were near the jail recalled hearing calls from several of the prisoners, but paid no heed at the time, and officers could locate no one who saw the prisoner leave.

Couch, who has served a penitentiary term, according to Sheriff Kemp, was sentenced to two years in the penitentiary Tuesday of last week after he had entered a plea of guilty to a Grand Jury indictment charging theft of maize.

The escaped prisoner also faces charges at Plainview. Sheriff Kemp said, and at Vernon, where he is implicated in an arson case. He was wearing a tan colored jacket, light trousers and a light hat when he escaped.

SEPTEMBER TERM OF DISTRICT COURT CLOSES THIS WEEK

Grand Jury Makes Final Report Saturday; Criminal Case Heard Tuesday

The September term of District Court will end this week, with only a few cases remaining to be disposed of, according to the docket. Grand Jury for the term, reconvening last Saturday after a brief recess, questioned ten witnesses and returned one felony indictment in the day's session.

Final report of the investigating body was accepted by Judge Dennis P. Ratliff, and jurors were dismissed after the term.

Members of the Grand Jury, after inspecting the county jail, included in their report a recommendation to the Commissioners Court of Haskell county that some adequate provision be made for juveniles and women committed to jail, expressing the belief that the improvement can be made for little cost.

2-Year Sentence For Forgery

A two-year penitentiary sentence was assessed against Hunter Bruce, tried in District Court last Thursday on a charge of forgery and passing a forged instrument. Jurors reported their verdict Thursday night at 10 o'clock.

Bruce, who resides near Stamford was indicted on the forgery charge by the Grand Jury during its first session in September. The prosecution introduced evidence and testimony showing that the defendant had passed a worthless check to a Haskell dry goods store. Bruce was represented by Walter Murchison, and prosecution was conducted by District Attorney Grindstaff and County Attorney Chapman.

Jury in this case was composed of H. A. Hines, Walter Quade, H. D. Griffis, Eddie Penick, Hugh Green, Edmer Kainer, Joe H. Hudson, W. H. Atkinson, Frank H. Pilley, Clyde Gordon, R. T. McGuire and H. C. Neinast, foreman.

Mistrial In Edwards Case

Trial of the case of the State vs. Guy Edwards, charged by indictment with receiving and concealing stolen cattle resulted in a mistrial after jurors reported to Judge Ratliff Wednesday that they were unable to arrive at a verdict after a night and day's deliberation. Trial of the case was completed Tuesday.

Jurors in this case were: P. F. Weinert, Damon Brooks, S. W. Kelso, J. E. Stanfield, Frank Oman, J. R. Edwards, J. W. Liles, C. Y. Morris, Fred Knipping, D. L. Clemmer, E. C. Laughlin, M. G. Rueffer.

HASKELL STORES WILL BE CLOSED ARMISTICE DAY

Usual Observances Will Be Carried Out; Trades Day On Tuesday

Haskell stores will observe Armistice Day next Wednesday—Nov. 11—in the usual manner of closing, according to announcement made Wednesday afternoon to the large crowd assembled here on Weekly Trades Day.

The Trades Day scheduled for Wednesday will be observed next week on Tuesday, Nov. 10th, the announcement explained, but thereafter will be held on Wednesday of each week.

Merchants and both Haskell banks urge that their patrons keep the two changes in date in mind, in order to avoid inconvenience—Trades Day on Tuesday, with Haskell stores closing Wednesday.

List of grocery stores who had signed up Wednesday to close for the entire day include the following:

Gholson Grocery.
W. W. Fields & Son.
W. Reynolds Grocery.
"M" System Store.
Dick's Grocery and Market.
Stephens Grocery.
Collier's Red & White Store.

DEATH TAKES ONE OF COUNTY'S EARLY FARMERS FRIDAY

"Uncle Whit" Williams Succumbs After 5 Days Illness of Pneumonia

After an illness of five days with pneumonia, J. W. (Uncle Whit) Williams passed away at his home several miles southeast of Haskell Friday afternoon, Oct. 30th.

Funeral service was held at the First Presbyterian Church Saturday afternoon at 2 o'clock, with W. O. Holden of Jones, Cox & Company in charge of arrangements.

Born June 7, 1848, in the state of Tennessee and was married to Miss Tina McCool February 28, 1884. Coming to Texas, Mr. and Mrs. Williams first located in Wise county, removing to this section 33 years ago. Mr. Williams was among the first farmers to permanently locate here, purchasing a large tract of land in the Howard community.

Deceased had been a member of the Presbyterian Church since his youth.

Surviving are his widow and two daughters, Mrs. Lena Stanton (Continued On Page Eight)

Funeral Service For Wm. Broom Held At Avoca

Funeral service for William Broom, former resident of Haskell county who died in Amarillo Sunday morning, was held at the Avoca Baptist Church Monday afternoon at 3 o'clock, with the pastor, Rev. Grimes, officiating. Burial was in the Spring Creek cemetery at Avoca.

Mr. Broom has resided in Haskell and Jones counties for the past 35 years, prior to moving to Amarillo eight months ago. He was 79 years of age, and had been a member of the Baptist Church since his boyhood.

Four daughters and two sons survive. They are: Mrs. H. G. Hammer, Haskell; Mrs. Dora Preston, Mrs. Era Patterson and Mrs. Mary Patterson, all of Stamford; and Roscoe and Lewis Broom of Amarillo.

Funeral arrangements were in charge of the Kinney Funeral Home of Haskell.

One-Cent Sale In Progress At Payne Drug Co.

Semi-annual Rexall One Cent Sale, in which thousands of Rexall products are placed on sale for One Cent, opened Wednesday at Payne Drug Company, attracting a large number of customers throughout the day.

The sale will continue for the remainder of the week, closing Saturday night. A display advertisement on page seven of this issue lists a large number of the articles on sale, and also carries a valuable coupon, which entitles the holder to a saving of 49c on 75c worth of merchandise.

W. B. Anthony, Former Sheriff Dies At Uvalde

Early settlers in this section will regret to learn of the recent death of W. B. Anthony, pioneer Haskell county resident and a former sheriff of Haskell county, who died recently at his home in Uvalde.

Mr. Anthony, a resident here when the county was organized fifty years ago, served several years as sheriff, and was the second to occupy this office after organization of the county.

Later he went to Austin, and was connected with the General Land Office for a number of years. Since retiring from public office Mr. Anthony had devoted his time to his ranching interests in the Uvalde section.

Trades Day Held Wednesday Drew Large Attendance

Haskell's Weekly Trades Day, held on yesterday, attracted the largest crowd of any of the events staged, according to sponsors, and Haskell merchants reported an increased volume of business on the special bargains offered during the day.

Over fifty Haskell business firms are cooperating with the Chamber of Commerce in sponsoring the weekly Trades Days.

Next week's event will be observed on Tuesday, due to the fact that Haskell stores are closing on Wednesday, the 11th, Armistice Day.

Members of Local Club On Program State Convention

The Harmony Club of Haskell has accepted an invitation from the First District, Texas Federation of Women's Clubs to appear on the program of the twelfth annual Convention, to be held in Breckenridge Friday and Saturday of this week, Nov. 6-7.

A group of 18 members from the Club will present two choral numbers. The group will leave Friday morning, and will appear on Friday afternoon's program, rendering two numbers. "In the Luxembourg Gardens" by Manning-Dies and "Sylvia" by Speaks-Dies, with Mrs. Bert Welsh as director.

Members who will make the trip are: Mrs. Marvin Branch, Mrs. T. C. Cahill, Mrs. F. E. Cook, Mrs. R. L. Harrison, Mrs. Tommie B. Hawkins, Miss Eunice Huckabee, Mrs. M. H. Post, Mrs. J. A. Shriver, Mrs. F. M. Squyres, Mrs. K. H. Thornton, Mrs. Bert Welsh, Mrs. B. M. Whiteker, Mrs. C. L. Lewis, Mrs. O. E. Patterson, Mrs. W. F. Burt, Mrs. B. C. Chapman, Mrs. W. W. POSTOFFICES WILL DISTRIBUTE FORMS IN SECURITY PLAN

Employers Required To Fill In and Return Forms By November 21

Information received Wednesday by Postmaster J. M. Diggs was that the post office department had agreed to cooperate with the social security board by assisting in obtaining information from employers and assigning social security account number of employes.

Forms with blanks to be filled in by employers are to be distributed by letter carriers, and must be returned to the postmaster, personally, by mail, or handed to a letter carrier by Nov. 21. Individuals or firms desiring to return completed forms after that date should send them direct to the social security board, Baltimore, Md.

Delivery of forms will be made Nov. 16, or as soon thereafter as possible, through post-office boxes, general delivery, or by city and rural route carriers, to every individual, firm, trust or estate, partnership, corporation, association, joint-stock company and insurance company that has one or more persons less than 65 years of age in employ on Nov. 16. Completion of this information to the board will be followed by assignment of an identification number to each employe.

Those falling in the following classifications are excepted: railroad industry who are subject to the Carriers Taxing act; agricultural labor; domestic service in private homes; casual labor not in the course of the employer's trade or business; service performed as an officer or member of the crew of a vessel documented under the laws of the United States or of any foreign country; service performed in employ of the U. S. government or of an instrumentality of the United States; service performed in employ of a state, a political subdivision thereof, or an instrumentality community chest, fund or foundation organized and operated exclusively for religious, charitable, scientific, literary or educational purposes, or for prevention of cruelty to children or animals, no part of the net earnings of which inures to the benefit of any private shareholder or individual.

Let's Win the District Championship

Friday afternoon classes were cut short for our first real pep rally of the year. The theme of the pep rally was "Indians, let's win the district championship." The rally began with a good lodi-fashioned pep talk by our principal, Mr. Wimbish, urging the student body to help the Indians by giving their support in every way. His talk was followed by songs and peppy cheers by the pep squad and the student body.

Mr. Breedlove and Mrs. Wimbish also added words of encouragement for the team. Special mention was given to those freshmen players who are helping Haskell Hi so much their first year. Captain James Roy Akins was called upon for a few words and showed the spirit of the entire team in his very fitting remarks. The rally ended with the pep squad facing the team and singing, "Indians, We Love You." We are not in the least disappointed in the game Friday night. Our main object now is to beat those Stamford Bulldogs.

Honor Students for First Six Weeks

For the first six weeks there were twenty-seven students in Haskell High School making an average of 90 or above. Only two of these were boys. Out of these twenty-seven, Dorothy Larson, a Junior, and Louise Pierson, a sophomore, made the highest averages. Their averages were 97 1/2 and 97, respectively. The sophomores led the roll by having ten members of their class making a ninety average and the Juniors ran a close second with nine. We now give you the complete honor roll for the first period of school.

Freshmen: Jean Conner, Eula Mae Watson, Leatrice Wheeler, Mary Louise Holland, and Margaret M. Clintock.
 Sophomores: Louise Pierson, Wynona Post, Amelia Beth Hammer, Helen Crawford, Eva Jo Rattiff, Frances Blower, Jim Bob Webb, Madge Loan, Mary Louise Curry, Mary Beth Menefee.
 Juniors: Dorothy Larson, Marjorie Post, Bill Fogue, Ruby Sue Pierson, Marjorie Raliff, Olive Sloan, Nannie Patterson, Robbie Jo Burson, and Melba Cullum.
 Seniors: Annie Barnett, Mary Eleanor Diggs, and Beverly Gilbert.

New Dictionaries Purchased

Our student body eagerly welcomed two new Winston Simplified Dictionaries on Monday morning. These dictionaries will be left in the study hall for the students to use when needed. They are placed so that any student may easily use them. Since they will be such a great help in our work we are sure that everyone will give them the best possible care in order to prolong their usefulness as long as possible.

Among the Winners

Jean Kendall seems to have a special knack for naming things. For instance with "Mrs. Bingham's Parity Bread" she won \$25.00. Those high school boys who won first places with individual exhibits are a few dollars richer. By the judge's decision Marion Jesselet, assisted by Eugene Rogers had more points for first prize than anyone. This prize was \$10.00. Thomas Britte, assisted by Lon McMillin were third in the number of points for first place. Cullen Heath, assisted by Woodrow Johnson, came along with a first place with fourth in points.

Second place winners among the high school boys were Woodrow Johnson, assisted by Velton Moore with third in amount of points. Then there was Fred Barnett in fifth place for second prize.

Named as according to number of points for third place are: James Roy Akins, first; Wayne Laird and Paul Crawford, second; Delmon Bailey and Doyle Hisey, third; and Quinton Bailey and George Decker, fourth.

George Decker won first, second and third in the White Wyandotte hen division of poultry exhibits.

Marvina Post won first in a certain section of cooking by producing a very fine pound cake. Marvina had better be on the look because some boys will demand a "sample."

Joe Larned seems to be coming to the front among the boys who can make the most noise in walking so here's to Joe and his new boots.

Paul Kuenstler seems to have joined the ranks of "The Drug-Store Cowboys" who have the boots but forgot the horse.

Frances Reese was seen wearing a United States Army ring and it seems "that there's something about a soldier" with a few other girls in town.

Sing, Students, Sing

We were rather surprised Wednesday to find that we were to help in the assembly program. The new song books, bought by the school to replace those lost in the fire, were passed out to the students. Mrs. Wimbish, acting as chorister, was accompanied by Marjorie Raliff at the piano.

We began our program by singing "America, the Beautiful," "Haskell Hi," "Old Black Joe," and "The Spanish Cavalier." These were more to test our ability to sing than anything else, although we did enjoy them, but the real fun began when we sang "A Smile," "So Say We," "Little Puppy," "Little Pig," and "Pussy Song." Then to "top it all off" we sang two popular songs, "Old Faithful" and "Sing, Baby Sing." Too soon we found that our time was up and that classes must begin.

Lola Belle Gifford is now in school. She registered several weeks ago but has been unable to attend until this week.

Lions Hold Indians to Scoreless Tie

A fighting band of Albany Lions came to Haskell last Friday night and held the Haskell Indians to a scoreless tie. The Indians were outplayed most of the game by the Lions, who made many gains on long end runs behind beautiful interference.

It seemed as if Haskell just couldn't get going. They finally came to life and swept down the field on the one yard line, but couldn't push over the score. The best play Haskell made was an end run by Barnett for 30 yards. This started Haskell to their only scoring chance.

Outstanding for Haskell were Rogers and Barnett in the backfield and Henshaw, Scott, and Akins in the line.

Gridiron Gab

Wow! Were the Indians surprised last Friday night. That Albany bunch played plenty of football. They are the toughest team the Indians have run into so far.

Next Friday, being an open date the Indians will get a rest unless they get a game with some other team. The next game scheduled for Haskell is the Hamlin Pied Pipers. The Indians should be in shape by then. Hamlin has a strong team, although they were upset by Aspermont last Friday 6 to 0.

Hamlin won the game that they played with Rule. Freshour, a Rule player, made this statement, "If you get that big fullback you have got the whole team." He said that the Hamlin boy weighed about 200 pounds. So there is enough trouble for anybody's football team.

The Indians have got to win the rest of their games to win the conference. There is one thing I will say and that is that the Haskell Indians are going to beat the Stamford Bulldogs. Since the game Friday night I imagine that a lot of people think that we don't have a chance with Stamford. They are all wrong; Haskell can still beat them, and they will prove it, too.

What has Stamford got that we haven't got? Not a thing more. They haven't lost a game yet but the Haskell Indians are going to do something about that when they meet Stamford. The Indians have one more chance to win the conference and they have just got to win the rest of the games.

Let's all look forward to the Hamlin game at present but don't forget that we still have Stamford to take on. Talk the game and stir up the spirit of the fans. Give all the boys as much encouragement as you can and they will fight it out to the last.

English II A Forms Club

On October 29, 1936, in Miss Davis' English II A Class an English Club was organized. "The Club of Better Speakers" as it is called, is made up of all of the members of the class in which it was organized.

The officers are:
 President—Jack Simmons.
 Vice-President—Paul Roberts.
 Secretary—La Verne Bynum.
 Treasurer—Francis Meyer.
 Reporter—Jim Bob Webb.
 Sergeant at Arms—Woodrow Frazier.

A committee made up of Joe Maples, Jack Simmons and Dorothy Jesselet wrote our constitution and by-laws.

Another committee of Amelia Beth Hammer, Mary Louise Curry and Jim Bob Webb selected the name.

Serving as chairman until we elected a permanent president was Odus Akins.

We are to meet every Thursday at our regular class period and it is hoped that interest in our club will continue as strong as it is at the present.

Ex-Graduates Now Live in California

Louise Roberts, a graduate of the class of 1935 is at present in El Centro, Calif., where she is working in a drug store. There is very beautiful scenery there, Louise writes, and she also says that many ways are different from our ways. For instance, nearly all grocery, fruit and drug stores have open fronts and are closed only with iron railings at night. Being so far from Texas, Louise feels very close to Lorene Wright Mapes, another graduate of the same class, who lives up the coast in Oakland. They hope to see each other soon. El Centro is also the present home of Lorene Thomas, who was a sophomore in our school last year.

Elsie Hays spent the week end in Wichita Falls.

Watch Your Shoulders

"As a twig is bent, so is the tree inclined." If a high school student forms the habit of stooping over while he is sitting or standing, he is apt to carry the habit throughout life. Many times a person might break this terrible habit if he would practice holding himself erect while he is young. For if the habit is once formed it is almost an impossibility to overcome, and in most cases it cannot be overcome.

Round shoulders seem to be the most noticeable characteristic that anyone can own. No matter how well dressed or how well groomed a person may be, if he is round shouldered, it spoils some of the effect of good grooming. Often it ruins all the nice features of a person. It is also injurious to the lungs, for when you slouch over this cramps your lungs and you can't get all the oxygen you should. Often someone remarks, "How pretty she would be if she would only straighten her shoulders," or "How nice he would look if only he would straighten up." It is impossible for the students of Haskell High School to sit

straight while they are writing, for we haven't anything to put our paper on, but because of this we should all be more determined to sit straight when we aren't writing. We should also at all times practice holding our shoulders erect when we are walking or standing.

 Betty Jane—It's when you don't know something and someone finds it out.

Eula Mae—What is an actor?
 Jean—An actor? Why an actor is a man who can walk to the side of a stage, peer into the wings filled with theatrical props, dirt and dust, other actors, old clothes and other clatpraps and say: "What a lovely view there is from this window."

Mrs. A.—Did you say you wanted these eggs turned over?
 Geraldine—Yeah, to the Museum of Natural History.

Teacher—Yes, Johnny, the earth does travel around the sun, but what travels around the earth?
 Johnny—Tramps.

Paul K.—Say, Dad, how old do I have to be to be old enough to do as I please?
 Mr. K.—I don't know son. No one has ever reached that age yet.

Miss Riley—Curtis, what is the difference between electricity and lightning?
 Curtis J.—We don't have to pay for the lightning!

Friend—Leatrice is making good progress with her violin. She is beginning to play well.
 Mrs. W.—Do you really think so? We thought we had merely gotten used to it.

Teacher—What lesson do we get from the busy bee?
 Margaret Mc.—Not to get stung.

A COLD caused this!

"Colds" are dangerous! Leading doctors tell us that fifty per cent of all disabling diseases START with a "common cold." Thus the cold germ becomes America's Public Health Enemy Number One.

Any sudden change in temperature as you go from a warm room into a cold one disturbs the heat-regulating apparatus of the body and makes it susceptible to cold germ attacks. Even the brief time that it takes to answer the telephone in an unheated hall is sufficient. Fight against "colds." They create a condition of depressed physical vitality which is favorable to infection and aid the progress of serious organic diseases that frequently result in death.

If your home is inadequately heated . . . if you "huddle" in one room during winter, sudden temperature changes are unavoidable. Your family goes from an over-heated room where the temperature has climbed as much as ten degrees past the point necessary for comfort, into a cold hall or adjoining room; then shivering and chilled, they return to the heated room. This happens many times a day. Each time it happens they have made themselves susceptible to highly communicable winter diseases.

Fight colds this winter with proper ventilation and adequate heat in every room in the home.

SARAH ANN'S COOKING CLASS

The sweet potato, one of the most typically southern foods, offers a wide variety in the menu. It is not only indispensable as a vegetable but can be made into many delicious desserts. A baked potato is the simplest way to serve sweet potatoes, bake the potatoes in a stove oven for an hour or longer. Serve hot with butter.

Stuffed Sweet Potatoes
3 large sweet potatoes
4 tablespoons butter.
1 teaspoon salt.
1-2 cup scalded cream.
Brown sugar.
Wash potatoes, brush with melted butter and bake until soft. Cut in half, remove centers and put through potato ricer. Add 3 tablespoons butter, salt and cream, beat until light. Return mixture to shells, sprinkle each with a teaspoon brown sugar, dot with remaining butter. Bake in oven until sugar is melted.

Scalloped Sweet Potatoes and Apples
2 cups boiled sweet potatoes cut in 1-4 inch slices.
1-2 cups tart apples, sliced thin.
1-2 cup brown sugar.
4 tablespoons butter.
1 teaspoon salt.
Put half the potatoes in a greased baking dish, cover with half the apples, sprinkle with sugar and dot with butter. Sprinkle with salt. Repeat and bake 1 hour in an oven 350 degrees.

Sweet Potatoes and Pineapple
6 small sweet potatoes.
2-3 cup grated pineapple.
1-3 cup honey.
1-4 cup pineapple juice.
Cut boiled skinned potatoes in 1-4 inch pieces. Pour part of honey in the baking dish, add potatoes and pineapple. Pour remaining honey and the fruit juice over top. Bake 10 minutes in oven 400 degrees. If desired, marshmallows may be placed on top.

Sweet Potato Nut Loaf
3 cups mashed sweet potatoes.
1 egg beaten.
3-4 cup dry bread crumbs.
1 cup chopped nut meats.
1-4 cup butter.
1 teaspoon salt — pepper.
Mash potatoes while hot. Add 2-3 cup of nuts, butter, salt, pepper, half of crumbs and beaten egg. Thoroughly grease the mold and sprinkle thickly with crumbs and nut meats mixed, shaking out any that do not adhere to the mold. Turn in the mixture and pack tight. Cover top with remaining crumbs and nuts. Bake 1-2 hour in an oven 350 degrees. Serve with a sauce.

Sweet Potato Creme
Peel 2 large sweet potatoes, cover with water to which a pinch of salt has been added and cook until soft but not mushy. Rub them through a sieve and when cool, mix with 1-2 cup of powdered sugar, the yolks of 2 eggs, a pinch of mace and 1-2 teaspoon of vanilla. Press the mixture through a colander upon a large plate. Make a large cavity in the center by carefully pressing toward the outside with a wet spoon. Fill the hollow with sweetened whipped cream and sprinkle with finely chopped almonds.

Sated Potatoes
Peel and slice in thick slices cold baked sweet potato. Into a frying pan, put a small amount of butter. Cook until potatoes are brown.

Ham With Sweet Potatoes
1 slice of ham about 2 inches thick.
3 sweet potatoes (boiled until almost tender).
2 tablespoons sugar.
1 cup hot water.
Brown the ham slightly on both sides and place in baking dish. Cover ham with slice of sweet potato. Add hot water to the ham drippings, pour over ham and potatoes. Cover and bake in oven 350 degrees until the ham is tender. Baste occasionally with the gravy. At the last remove the cover and let the top brown.

Boil the desired number of sweet potatoes until tender. Peel, mash and season them with sugar and butter. Make into balls, using 1 heaping tablespoon for each. In the center of each one put a marshmallow. Roll the balls in finely sifted dried bread crumbs, next in beaten eggs (using 1 egg and 2 tablespoons of water beaten together), then roll in bread crumbs again. Fry in deep fat until golden brown.

Reside on Same Farm for 23 Years

Mr. and Mrs. C. A. Taylor moved on one division of a section of land located in the Lone Star community and owned by W. N. Huckabee of Haskell in October, 1913, and have resided there continuously since. This couple was united in marriage on this farm in 1910. Mrs. Taylor, nee Annie Lee Stevens, had lived on this farm three years before her marriage. Four children, Clyde, Odie, Ruby and Louise were born to this union, and all except Clyde were born on this farm.
Mr. Taylor states that during this period of 23 years seven bales is the least cotton crop that he has made, and 55 bales is the largest. He has never made a complete failure in a feed crop.
Mr. and Mrs. Taylor said they could not ask for a better landlord. Their satisfaction is seen in the number of years they have resided on this farm.

Hallowe'en Provides Fun and Frolic

It seems that last Saturday night, which was Hallowe'en of course, proved to be a night of gaiety and fun for almost everyone. Crowds of boys and girls, including seniors as well as freshmen, with other classes added, were scattered about over the town walking, running, riding, talking, yelling, and what not. All were celebrating it seemed and having a swell time at it. As a result of all this Haskell citizens saw part of their town decorated Sunday morning and Mr. Wimbish and Mr. Mason's front yards also were touched up a bit.

By looking over the attendants at the mid-night preview it seemed that nearly everyone topped the night off by seeing that show which proved very appropriate for the occasion.

Personals

We are glad to welcome Louise Cook as a new student in Haskell High School.

The students miss Mr. Richey, who is out of school for a day. Beverly Gilbert and Dorothy Mae Carr, two of our Senior girls, were absent from school on Friday and Monday.

Addie Lee Hayes was not in school because of illness last week.
We missed Ruth Woodson on Monday.

Campus Spotlight

Now that Hallowe'en is past, and things have been cleaned up. At last. And all the students are strong and well. About things they did, we'll have to tell:

Anita Jo Simmons, Louise Pierson and Gene Rogers were having their fun while they drove all over town trying to find something to do.

C. G. Burson and Ruby Stodghill seem to be getting along just fine with their love affair. Last Saturday night they decorated their car and drove by all the fun makers.

You should have seen the mob on Virgil Meadors' car. They threw cans all over town, and put the top of a chicken house on the Wimbishes' porch.

Archie Lee Jones and his pals went all over town doing first one thing and then another — (mainly throwing cans.)

Jimmy Crawford, Lloyd McMillin, Archie Lee Jones, Paul Crawford, Joe Maples and several others pushed the football team's "bucking board" up to Coach Mason's house.

Lynn Pace (better known as Lassy) and T. J. Watson had what you would call a friendly fight. Lynn won, but by his size only.

Edwin Cass and Hugh Lowe threw a can at a car and broke out the headlight.

Joe Isbell sported Melba Cullum around, and with all the talking to, he didn't take her home until ever so late.

Frank Kirkpatrick and his girl friend did nothing in particular until the midnight show.

Paul Roberts tried to smoke a cigar but got sick. I imagine he'll be sicker when his mother or father reads this. (Poor Paul, but he just couldn't help it.)

Thomas Lee Donohoo got hit on the head with a can. (You should see the knot!) The funny thing about it was that he threw the can. (He threw it up in the air and it came down on his head.)

Poor J. C. Scott wasn't out on Hallowe'en night because of injuries received during the football game last Friday.

There is one important question left "Who is Joe Donald?" Give your answer to Miss Vick and sign your name on the paper.

Women Who Have Pains Try CARDUI Next Time!

On account of poor nourishment, many women suffer functional pains at certain times, and it is for these that Cardui is offered on the record of the scale relief it has brought and the good it has done in helping to overcome the cause of women's discomfort. Mrs. C. A. Taylor of Lovellville, writes: "I was suffering with irregular . . . I had quite a lot of pain which made me nervous. I took Cardui and found it helped me in every way, making me regular and stopping the pain. This quieted my nerves, making my health much better." If Cardui does not benefit YOU, consult a physician.

Weinert Hostess to County Council Members of P. T. A.

Weinert was hostess last Saturday for the county council members of the P. T. A. with six units represented. Rev. R. N. Hucklebee was the main speaker for the afternoon using "character building in the Centennial Year" as the topic.

The Weinert unit presented a nice program with Mrs. J. F. Cadenhead presiding. Mother singers gave two selections. A Tom Thumb wedding was presented by the first grade, Mrs. Palmer teacher. The entire group joined in singing the new Centennial song "Texas My Texas".

Units represented were: North and South Wards and High School, Haskell, O'Brien, Lone Star and Brushy. The meeting adjourned with Rule as the next meeting place the last Saturday in January.

The following resolution was adopted: Resolution "Whereas, the first hundred years of Texas History have shown that it is the part of true wisdom to follow our divine guide in building our State and Community life, and that they labor in vain who build without Him."

"And whereas, our democracy, and even civilization itself, are gravely menaced by the inadequacy of our efforts in ethical and religious training and our neglect of the spiritual life of more than half our people."

"Therefore, at the threshold of another Century of Statehood we, the County Council, Parent-Teachers Association, do hereby dedicate ourselves to such patriotism as will give all our children the benefits of religious training and worship and will bequeath to the future an attested and secure spiritual basis of life; and we propose to take advantage of the historic, patriotic period through which we are passing to make of it an opportunity for developing private integrity and public righteousness and for promoting the God-given principles of life in all its phases."

"In carrying out the spirit of this resolution we propose the following program items: 1. To hold popular, good citizenship meetings everywhere practical in celebrating our holidays and the birthdays of our heroes, reviewing our religious heritage, stressing the source of strength in God, our redeemer, showing the basis of real character."

2. To encourage our people to sing of a patriotism which includes God by introducing and promoting the sale of our State theme song, "God Keep You, Texas."

3. To seek to enlist all educational agencies of the community, especially the church, school, Parent Teachers Association and the press in promoting the study of character, building literature and attendance on meetings where such literature is studied."

The New Grain Drill with Running-in-Oil Transmission

It's the new Oliver Superior No. 35 Grain Drill—with the most accurate seeding mechanism ever built—and with dozens of new improvements—you'll wish to see at once.

There's a new All-Steel Cylindrical Hopper—stronger, bigger. There's a new Variable Speed Transmission—fully enclosed—all gears running in oil—and 60 different rates of sowing! There's rear spring pressure in all furrow openers—a new Oliver feature. There's a new . . . But why go on? There's not room here to tell you all about it. Come in and see for yourself.

Remember, too, that all these new improvements are combined with the Superior Double Run Force Feed—that world-famous mechanism that measures with absolute accuracy as long as there's even a handful of grain in the hopper. Ask us for complete information. There's nothing else like the new '35'.

ARMISTICE DAY THOUGHTS.

Armistice Day will soon be here again to remind us of the services rendered the nation by the men and women who took part in the World War. It is a day set aside for the glory of the illustrious dead, the patriots who gave their lives for the country which they loved. No matter what impelled them, the sacrifice they made cannot be exceeded by others alive today. It is well that a nation stops in its busy rush to pay tribute to the sailors, soldiers, marines, nurses and others who perished.

On the occasion of Armistice Day there is another class of citizens entitled to special consideration at the hands of this Republic. This group includes the wounded and the families of those who died, leaving dependent wives, mothers and children without adequate means of support. They should not be permitted to suffer—not as long as there is a member of the American Legion or any other legion to fight their cause.

Unfortunately, the suspicion exists in the minds of many citizens that the surviving veterans of the war are not as deeply concerned with the welfare of this last-named group as they should be. The hardly-concealed insinuation is that strong, healthy and hale veterans are today more concerned with what surviving veterans can get from the government than they are with the welfare of fatherless children and husbandless wives, the real victims of the war that did not end war.

We do not make the charge as to local veterans on the anniversary of the cessation of hostilities some eighteen years ago. Until it is clearly and incontrovertibly established by the record, we hesitate to believe it possible, but, with reverence to the dead and sympathy to their living dependents, we think that Armistice Day is a good time to take public notice of a suspicion that is to be answered only by the future conduct of the living survivors of a great war.

CURRENT COMMENT

AS A SHINING EXAMPLE
(Wichita Daily Times)

It is not often that Texas is held up as a good example for other states to follow, in matters involving its government. Too often, it has been used as the other kind of example. It is refreshing, therefore, to find in the Oklahoma City Oklahoman, a full page feature story entitled "Texas Challenges Politics On the Highways." The article, by Barry Bishop, tells of the happy progress that has been made toward creating an efficient highway system in Texas, and of the manner in which the Texas highway department has been permitted to function without political interference.

Oklahoma has been less fortunate than Texas in this respect. Its highway department has been far less free from politics than that of Texas. "Upheavals have come with each succeeding legislature" says a writer for the Oklahoman, pointing out that there has been good progress in spite of political disturbances. One difficulty in Oklahoma has been that the personnel of the commission has changed each two years; Texas, with six-year overlapping terms, has avoided some of the ills that Oklahoma has suffered.

It is good to see Texas help up as the right example of proper highway management. Texans want its exemplary status in that respect strengthened and maintained.

Haskell County History

As Revealed by the Files of the Free Press 20, 30 and 40 years ago.

Twenty Years Ago—1916

Corporal Rogers and Private Lerner will be in Haskell next Monday and Tuesday to secure recruits for the army and National Guard. Corporal Rogers will spend the entire week in Haskell, while Private Lerner will go to Seymour Wednesday for the remainder of the week.

Last Thursday in Dublin, Mr. C. H. Bencini gave a dinner in honor of Haskell people. The crowd left Haskell early in the morning, consisting of the following: Mr. and Mrs. Earl Cogdell, Mr. and Mrs. Courtney Hunt, Mr. and Mrs. Scott Key, Mr. and Mrs. Buford Long, and Miss Docia Winn.

Last Sunday a great host of Baptists and other friends gathered for the last services in the old church. At the morning worship the church unanimously adopted the recommendation of the building committee that the contract be awarded to J. N. McFatter of Haskell and the work of demolishing the present structure will be started this week.

Jesse Josselet of Josselet Switch and Miss Stella Stephens of northeast of town were married by Judge A. J. Smith at his home Sunday afternoon Oct. 29th, at 1:30 o'clock. A few friends witnessed the ceremony. They are very popular young people and have a host of friends who wish for them a long and prosperous married life. They will make their home in the Josselet community.

Three men were hurt when Jno. Howard lost control of the automobile he was driving and it plunged into the curbing where the men were sitting in front of Alexander's Store here Friday evening about 3 o'clock. The injured are George Guber, foot cut and other bruises on feet and legs; G. H. Hannah, foot hurt; and C. Wray, leg broken and other injuries. All of the injured men live at Brockmorton and had brought cotton to this city. The mishap was purely accidental, bystanders said.

Luke Johnson of Weinert left for Fort Worth Saturday to look after the improvements on a maize header he has recently invented and had built in Fort Worth. Mr. Johnson says he will have it in perfect working order by the next season, and is confident of his success as an inventor.

Thirty Years Ago—1906

The Farmers National Bank have moved into their new quarters on the northeast corner of the square. The interior finish and furnishings of the building correspond with its handsome exterior design, being of the latest type. The safety vaults are of stone and have chilled steel doors and locks, and are fireproof.

Mr. J. E. Burt finished Tuesday the laying of a concrete walk in front of the buildings on the south side of the square.

Golden Text: "Be strong in the Lord, and in the strength of His might." Eph. 6:10.

(Lesson Text: Acts 19:8-12, 18-20, Eph. 6:13-20.)

Paul's second missionary tour lasted three years and about one-half of the period was spent in the western extent of his journey. It seems that he left this city without any great disturbance, turning his way homeward again. A short stop was made at Ephesus, where Paul preached, and promised to return later.

Paul proceeded to Jerusalem where he observed Pentecost and conferred with various leaders of the church. Then he went to Antioch, to tell the Christians there the wonderful story of the gospel, extension at his hands into far-

expression, the latter being most famous for the magnificent Temple of Diana, which had required more than two centuries in the building and was ranked as one of the Seven Wonders of the ancient world.

This building was 425 feet long by 220 feet wide, having one hundred and twenty-seven columns each 60 feet high, and constructed of very costly material. It was burned about the middle of the third century, A. D., and was never rebuilt, although in the middle of the 19th century excavations by a British scientific expedition uncovered and located its site.

On his way to Jerusalem Paul left Aquila and Priscilla to work in Ephesus. While there they came in contact with Apollos, a disciple of John the Baptist, a learned and powerful speaker, who was yet ignorant of the fact that the promised Messiah had come, but he was open to instruction and the two Christians corrected his mental religious picture. In subsequent years he became useful and some think he was the author of the Epistle to the Hebrews. When Paul came back to Ephesus he found many believers who had received no Christian baptism nor the gift of the Holy Spirit, and it was his task to instruct and acquaint the new members of the faith in these vital things.

For three months Paul preached in the synagogue of Ephesus concerning the Kingdom of God, contrasting the purity, reason and holiness of this ideal state with the licentiousness, superstition and wrong of heathen beliefs and practices. He made progress in winning souls but because of opposition from some of the Jews finally abandoned the synagogue and went with his disciples to the school of Tyrannus where he taught two years. During this period Paul made frequent excursions in the outlying territory for we are told that all that dwell in Asia Minor heard the word and various churches were established, seven of which are mentioned in Revelations.

Paul's ministry was blessed by various manifestations of divine approval, rewarding the faith of those who believed. These occurrences led sorcerers and magicians to try to copy him and they sought to work their magical art with the name of Jesus. We have no account of the discomfiture of two such magicians. Under the influence of Paul's work many of those who practiced these secret arts realized their insufficiency and inadequacy and staged a grand bonfire of valuable books about the magic art.

Serious opposition was fomented

by Demetrius, a silversmith, who inflamed the members of his craft against Paul and his teaching because of the decreasing demand for statues of the Goddess Diana. It was a case of true religion hurting selfish business. A mob seized two of Paul's friends and a great uproar resulted, which was only quieted by a city official who reminded the mob that courts were open to them for any just grievances and that they would be held responsible for any disturbance of the peace.

FORMING THE REPUBLIC OF TEXAS

One hundred and one years ago—on November 3, 1835—the provisional government of the Republic of Texas was founded at a meeting of colonists held at San Felipe, where had gathered a representative group of fiery pioneers who rankled at the treatment accorded them by the tyrannical Mexican government.

So they "resolved" and laid the foundation for the republic which was destined to become the greatest state in the Union. They picked a regular warrior, Sam Houston, as commander of the Republic's army, and also named a delegation headed by Stephen F. Austin to seek aid from the United States.

BREAD IS NEARLY 100% DIGESTIBLE!!

Try This Delicious
New Bread Dish
Crispy Crumb Scrambled Eggs

- 1 cup soft breadcrumbs
- 3 strips bacon
- 2 tablespoons butter
- 5 eggs
- 1/4 cup milk
- 1 teaspoon salt
- few grains black pepper

Cut bacon into small pieces and heat in frying pan. As soon as bacon is heated through, add breadcrumbs; cook until bacon and crumbs are crisp and brown, stirring frequently. Beat eggs, add milk and seasonings. Remove bacon crumb mixture from frying pan and keep warm. Melt butter in pan, add beaten eggs and cook slowly, stirring eggs up from bottom of pan as they cook. When eggs are nearly done, add crumb mixture, mix well and serve at once. Serves 6.

WHEN you eat Bread, you are eating a food that is nearly 100% digestible, and nearly 100% assimilated — a food that is all edible; practically all utilizable for nourishment.

Famous scientists and nutrition experts recently completed a series of laboratory tests to find out the true facts about Bread. The fact that Bread is nearly 100% digestible was established beyond a doubt in these experiments. In this respect it ranks with milk.

If you have been wondering about the digestibility of Bread, science now gives you the correct answer — "Bread is nearly 100% digestible!"

"SCHOOL SPIRIT"

There is nothing that helps school along like the "good old spirit" of the thing. The only way to accomplish this school spirit is to cooperate with your fellow student and practice self-discipline.

School spirit may be gathered from different angles, for instance if we have the ball spirit we have to have "school spirit", because one calls for another. At any rate that should be the case.

If you will notice, it is usually the team that has the most spirit that comes out winner. A winning team is one who has the school spirit, that "will power" to stay in there and do something for their school, and not for the grandstand.

The team will always get into the spirit better if their fellow students have the spirit, so think of this boys and girls and don't "yell" for the good looking boys and girls on the opponents side.

Nothing can be successful without the spirit of loyalty and co-operation. Such spirit is the background of every successful enterprise. School spirit is more important than anything. If the school body as a whole has the school spirit the faculty will also, for they will feel that they are accomplishing something.

School performances, or happenings, are never interesting without a united "school spirit."

Miss Dawson: Where is that paper you promised to hand in today?

L. D.—Did I promise to hand in a paper today?

Miss Dawson—You certainly did.

L. D.—Oh my goodness, I've been lying again.

La Verne—I want to do something big and clean before I die.

Juanita M.—Did I ever show you the place where I hurt my hip?

Emmett C.—No.

Juanita—Well, drive right over there.

Miss Crume—Now, John Melvin, what is the third letter in the alphabet?

John M.—I dunno.

Miss Crume—Yes, you do. What is it that you do with your eyes?

John M.—Elva says I "squint."

Bud M.—Do you always wear gloves to keep your hands soft?

Miss Perrin—Yes.

Bud—And do you sleep with your hat on?

"What you doing?" "Writing a poem." "What's the subject matter?" "It doesn't."

Miss Crume—What authority are you quoting? Almost every sentence is enclosed in quotation.

Ruth—Well, to be quite truthful I was quoting the fellow next to me.

Ralph—Darling, I have never loved anyone but you.

La Vera—Then we must part. I won't have anything to do with amateurs.

Leon—I'm just a young man trying to get ahead.

Eddie Mae—Well, you need one.

Me—London is the foggiest place in the world.

You—No, it can't be. I've been where its much foggier.

Me—Where was that.

You—I don't know where it was it was so foggy.

Nellie Kate—And you mean to say Rip stole a kiss there in the show?

Gwynola—Why, yes.

Nellie Kate—And right under Miss Perrin's nose?

Gwynola—No, right under mine.

John F.—I wonder how old Miss Dawson is?

Waid—Quite old I imagine. They say she used to teach Caesar.

Lou Etta—Yes. Alice went with Bob to "mend his ways".

Mrs. French—Then why did she drop him?

Lou Etta—She found out he wasn't worth a "damn".

Stanley—I tell you to handle people you have to be firm; show them who's boss.

Henry D.—Who taught you that?

Stanley—My wife.

HASKELL INDIANS HELD TO TIE BY THE ALBANY LIONS

Scoreless Game Puts Stamford Bulldogs Ahead In District 9-B

Haskell Indians, leaders in district 9-B, were held to a scoreless draw and outplayed on first downs by Albany in a conference game here Friday night. Showing a stronger offense, the visitors outplayed Haskell throughout the first half, with most action taking place in Indian territory, but the Lions were unable to penetrate Haskell's 20-yard stripe. The locals came to life in the fourth when a 30-yard run by Barnett and a series of line plunges and end sweeps put the pigskin on the Lions' one-yard mark.

Haskell lost the ball on downs and the invading team marched back up the field to the Indians' 42 with line plays and passes. Albany made 11 first downs, Haskell 7.

Cow Makes Cheaper Milk When Fed Much Roughage

"Good pasture and other roughages," observes O. E. Reed, Chief of the Bureau of Dairy Industry, "are the basis for a low feed cost in producing milk and butterfat." There are two reasons why pasture and other home-grown roughages help cut the cost of producing milk. They are usually the cheapest crops in which the farmer can grow feed nutrients, and the cow can eat enough good roughage to obtain more than half the nutrients she needs for her highest milk yield.

In a series of long-time feeding experiments Bureau dairymen are feeding cows on different kinds of roughage exclusively, and also on the roughages with grain in addition. The Bureau now has 130 records, one-half showing the production when the cows were fed on roughage alone, and the other half when the same cows were fed a full ration of grain in addition to roughage. The group on the roughage ration produced an annual average of 11,417 pounds of milk and 407 pounds of butterfat per cow, compared to 18,679 pounds of milk and 655 pounds of butterfat per cow when fed the full ration of grain and roughage. These cows produced 61 and 62 per cent as much milk and butterfat, respectively, on roughage alone as they produced when fed grain in addition to roughage, which serves to show the important part the cheaper nutrients play in the production of milk or butterfat.

In citing these figures, the dairy chief points out that the cows in these feeding tests received only the best quality roughage, a point which some dairymen fail to value properly. To make the most of roughage, it must be of good quality and the cows must be accustomed to eating large quantities.

Miss Sue Hood spent the past week end here with her parents returning Sunday to Lubbock where she is a freshman in Texas Tech.

H. D. Council To Elect Officers at Next Meeting

Officers for the Home Demonstration Council of Haskell county for the ensuing year will be elected at the regular monthly meeting to be held here Saturday November 7th at 2:30 p. m. A chairman, vice-chairman, and secretary-treasurer will be elected. All Council members are urged to be present, as this is one of the most important meetings of the year.
