BILL ADOPTED BY CITY ALDERMEN

ANCE TO GOVERN IN ZONE OF SIGNAL

City aldermen present, re- ceived the City Council today night, and during an ordinance re- ceived on the northwest square was passed.

License To Eight Cakes In April

Permits were issued to- day during the month of the office of County Clerk Smith.

4,000 Pounds of Wool Sold To Ballinger Man

A consignment of about 4,000 pounds of wool was sold Saturday by Ching Middleton, well-known Haskell county ranchman, to a Ballinger concern.

Business Firms Are Giving Generous Aid In Program

Final arrangements are being completed this week for the opening of the Free Press annual free Cooking School which will open next Thursday afternoon to continue through Saturday.

Miss Jessie Hogue of Dallas has been secured as lecturer this year. She will arrive here Wednesday afternoon.

Mrs. J. U. Fields will introduce Miss Hogue on the opening day of the school.

Business Houses Cooperating Generous cooperation in the school is being extended by Haskell business establishments as well as by out-of-town manufacturers of food products.

As usual, K. C. baking powder will be used. Best Biscuit flour has been chosen as well as Admiration coffee and Mrs. Tucker's shortening.

Kitchen furniture will be provided by Jones, Cox & Company. Local grocery stores and meat markets will furnish groceries and meats for each day.

Printed programs, carrying re- cipes used by Miss Hogue in her demonstrations will be provided for those attending the school.

RURAL TEACHERS AND TRUSTEES IN ANNUAL MEETING

More than three hundred rural school teachers and trustees gathered Thursday night in Rice Springs Park for their annual meeting.

Over Three Hundred Present For Picnic at Rice Springs Park Thursday

Rev. P. D. (Dick) O'Brien, Baptist minister of Stamford, was the principal speaker for the evening.

May 15 Closing Date For Feed And Seed Loans

All application for Emergency Feed and Seed Loans must be completed by Saturday, May 15th, according to advices received this week by Marvin Bryan, in charge of the district office in this city.

TWO COUPLES FACING "VAG" CHARGES HERE

Three Haskell Residents and O'Brien Man Named In Complaints

Charges of vagrancy were filed against two men and two women, following a visit of members of the sheriff's department to a residence in the outskirts of O'Brien Sunday afternoon.

Both of the women and one of the men named in the complaints live in Haskell, and the second man is a resident of O'Brien, of ficers said.

The four persons were arraigned before Justice of the Peace Bruce Cliff and bonds for three of them were set at \$250 each.

LAST RITES FOR W. A. EDGE SAID IN RULE SUNDAY

Funeral services were conducted at 2:30 Monday afternoon at the graveside in the Rule Cemetery for W. A. Edge, prominent Jud farmer who succumbed to a sudden heart attack at his home Saturday morning at 9:30 o'clock.

Rites were conducted from the Church of Christ in Rule. Funeral arrangements were in charge of the F. E. Gauntt Funeral Home in Rule.

ROAD-SIDE PARK NEAR COMPLETION AT THROCKMORTON

The entire front of the building has been removed, and will be replaced with faced brick, with a rearrangement of display windows, plans reveal.

Twelve NYA Employees Are At Work On Project On Highway 120

A National Youth Administration road-side park project 4 1/2 miles east of Throckmorton on Highway 120 is nearing completion, according to H. A. Ziegler, Assistant District Administrator of District 12. This project was sponsored by the State Highway Department.

It's a Boy

Mr. and Mrs. Joe A. Brooks are proudly announcing the arrival of a nine-pound son on Sunday morning, May 2nd. The young man has been christened Joe A. Jr.

Mr. and Mrs. F. T. Sanders, and Mayor F. G. Alexander spent the weekend in Fort Worth, where they visited friends and relatives. They returned to Haskell Monday afternoon.

Inspiration For Park Name

TRIAL OF ABSTON IS UNDERWAY AT CLAIREMONT TODAY

Second trial of Clarence (Puny) Abstons for the murder of Miss Rebecca Coursey at O'Brien a year ago, was started Monday morning at a special term of 39th district court in Claremont, Kent county.

NEW FRONT IS BEING GIVEN TO BUILDING

Remodelling of the Fields Grocery Store building on the west side of the square into modern quarters for Perry Bros., was started Friday of last week under the supervision of Floyd Rogers, local contractor, and J. O. Moore, of Lufkin, Texas, construction foreman for the Perry Bros. system.

Plans for the remodelled building call for an extension of twenty feet on the rear of the building, together with a modern front of structural glass and faced brick exposure.

Scouts to Hold Court of Honor At M. E. Church

Regular monthly Court of Honor for Boy Scout Troops 35 and 36 of this city will be held at the First Methodist Church to- night. Scout Executive Ed Shumway of Abilene will be present for the affair, according to local sponsors.

Attends Court Session

Mike B. Watson was in Claremont Monday, where he attended the opening session of a special term of court in which Clarence Abstons is being tried for the murder last year of Miss Rebecca Coursey.

WORK, LIVE AND PLAY IS THEME OF DEDICATION

DELEGATES TO SHORT COURSE ARE SELECTED

Council Chairman and 4-H Club Members Will Be Sent From County

Miss Nora Walters, home demonstration council chairman and the 4-H club girl doing the most outstanding work in Haskell county are to be sent to the Short Course at College Station, by the Haskell Home Demonstration Council according to a unanimous vote of the delegates of that body in a meeting Saturday, May 1st, in the council room.

The course will begin the last week in July. A study of every phase of home improvement will be offered.

Mr. Elmer Watson offered the service of the Mattson bus drivers and use of the buses as way of conveyance for the Home Demonstration delegates attending the annual short course May 21st at Denton. This offer was accepted.

Residence Mrs. J. T. Bynum Is Damaged by Fire

Fire which originated around a brick flue caused damage estimated at \$100 to the residence of Mrs. J. T. Bynum in the east part of Haskell Monday afternoon. The damage was confined to a small part of the roof.

HASKELL GIRL IS WINNER AT STATE RALLY

Miss Eula Mae Watson, member of the Home Economics Class of Haskell High School, won signal honors in the State Home-makers Rally in Fort Worth last week.

Miss Eula Mae Watson Wins Second Place on Clothing and Posture

Miss Watson was awarded second place in her entry in the Clothing and Posture divisions for Class A Schools in the state meet. Competing were entries from larger schools in the state, including Dallas, Fort Worth, Houston, San Antonio and others.

Return From Visit In Stephenville

Mrs. Earl Kennedy and daughter, Helen Marie, have returned to their home in this city, after a three weeks visit with Mrs. Kennedy's mother, Mrs. John Cameron of Stephenville. They were accompanied home by Mrs. Cameron and Seaborn Cameron, Jr., who spent the week end in Haskell, returning to their home in Stephenville Sunday.

Prominent Speakers On Pro- gram Dedicate Park To Useful Recreation

A crowd of twelve hundred persons gathered Friday night for the dedication ceremony and park opening program of the Haskell City Park on the thirtieth anniversary of this city's advent as an incorporated municipality.

Program for the evening had been arranged by City Attorney French M. Robertson and Mayor F. G. Alexander, and was preceded by a one hour's band concert by the Haskell Municipal Band, with Joe Meacham directing.

Before a crowd that filled the outdoor amphitheatre, Mayor Alexander was the first speaker of the evening, and in a few well chosen words introduced R. E. Sherrill, pioneer Haskell resident, who told succinctly of Haskell's advent as a city. The veteran resident revealed some of the methods used in placing West Texas in the forefront of progress in an unmistakable manner during the course of his remarks.

Following Mr. Sherrill, Walter Murchison, county attorney, told of the "Progress of Haskell" in a well-thought-out address. The young attorney, born and reared in Haskell, gave an appreciated talk. He complimented Mayor Alexander for his theme in the opening address of "Work, Live and Play" in Haskell.

E. O. Stevens, PWA engineer of Fort Worth was the next speaker, who complimented Haskell on the city's park.

W. T. Shepherd and Lee H. Powell, WPA supervisor and superintendents, were next introduced, and were followed by D. A. Bauden of Stamford, business manager of the West Texas Chamber of Commerce.

Mr. Bauden, talking on the subject "Looking to the Future" quickly convinced his hearer that the progress of the past fifty years was not desired in the future. "Because, if the population increased from 48 persons in Haskell county back in 1886 was kept pace in comparison with the past fifty years, you folks would have to care for one billion, five hundred thousand people in 1986—and I don't believe you want a crowd like that," he said.

C. L. Martin of Wichita Falls, district WPA supervisor was next introduced and complimented the Haskell park project in no mistaken terms. Promise of additional government aid in worthwhile projects was held out by Mr. Martin in his brief talk in which he stressed the many advantages of building for the future.

Hon. Jas. P. Stinson of Abilene former District Attorney for this district, was the principal speaker for the evening, and brought a heartening message to his listeners.

Electric Range Makes Easy and Possible EVERYDAY COOKING MIRACLES

See Proof of It's Use-Ability--It's Economy

FREE Cooking School

May 6, 7 and 8 - 2 to 4 each afternoon

The "Electric Way" was chosen by Miss Hogue, who will demonstrate to Haskell women the advantages of an All-Electric kitchen. Experience, she says, is the best teacher... and long experience has proven to her that electric cooking, electric refrigeration—in fact, everything electric—has definitely proven itself as economical in operation that EVERY housewife NOW can enjoy the full advantages of electricity's superior cleanliness and efficiency.

Don't fail to attend this All-Electric cooking school! See for yourself what women mean when they make statements like this:

"It wouldn't be long at electric kitchen. What a happy old world this would be! No kitchen is a woman's main pride... it is her... Electric bills are reasonable... And it gives me Time on My Hands... I just hope many housewives will be blessed with electric kitchens."—Mrs. W. A. Stephens, Athens, Texas.

New frying basket of Thrift Cooker may be used to advantage in preparing French fried chicken the "Electric Way". Cook 10 hours in Thrift Cooker for 3 cents.

Uncle Sam Recently Bought 8,480 HOTPOINT Electric Ranges for Model Tenements... West Texas Homemakers Are Buying Scores for Better Living and Better Results!

The Hotpoint Electric Range eliminates those two nuisances—smoke and splatter. A T-bone steak broiled electrically has no comparison.

The modern Hotpoint range, fully insulated, gives you a cool, table-top working surface. It saves countless steps.

Cool! Junior can watch Mother prepared a delicious, electrically cooked angel food cake without fear of blister.

NEW "SUPER-DUTY" FRIGIDAIRE

WITH THE METER-MISER

Provides ALL 5 BASIC SERVICES FOR HOME REFRIGERATION

1. Greater Protect-ability
2. Greater Ice-ability
3. Greater Storage-ability
4. Greater Depend-ability
5. Greater Save-ability

INSTANT CUBE-RELEASE

Only Frigidaire Has It. Instantly releases hot, solid cubes—1 or 2 cubes at one time.

See Actual Demonstration of the New Instant-Cube Ice Release

"Safety-Zone Temperatures"—Say Home Economists, "Are An Absolute Necessity." Be Sure That Your Refrigerator Will Keep Them!

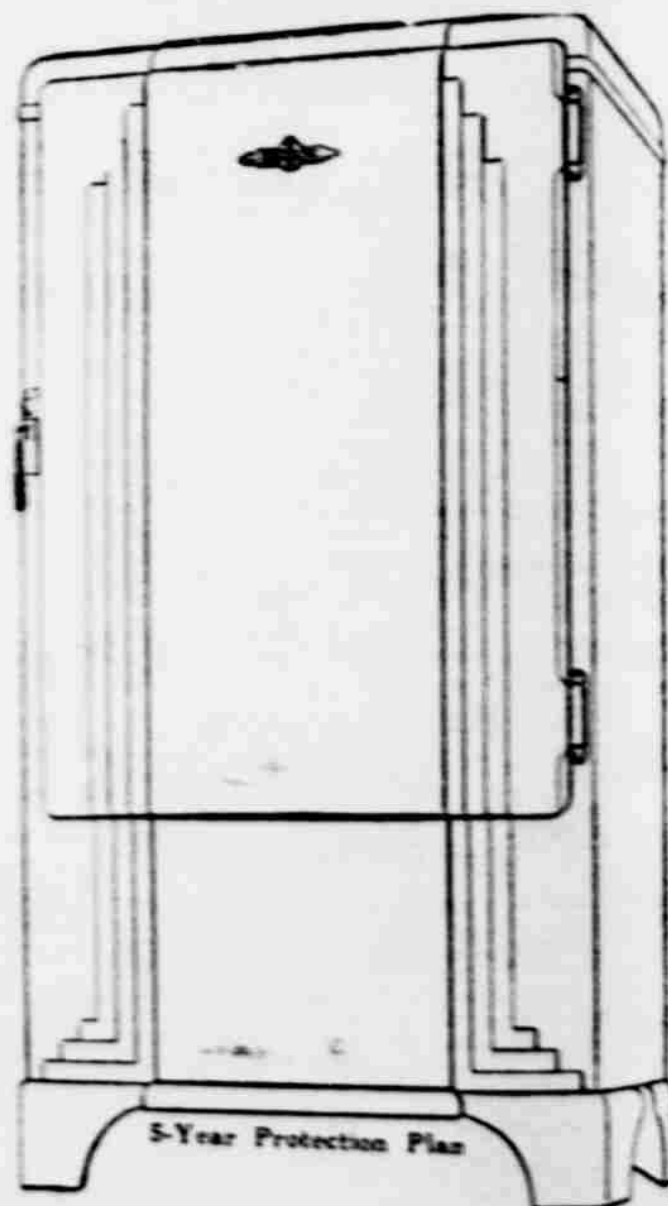

Food-Safety Indicator built in the door of every "SUPER-DUTY" Frigidaire gives visible proof of Safety-Zone Temperatures.

Food Safety for health's sake! Below 50 degrees is the safety-zone. Even one degree above this minimum is the danger-zone. Foods spoil... and health is endangered. Summer temperatures in West Texas soar above the 100 degree mark many, many days. Surplus refrigeration is required.

You want to be sure that your refrigerator will keep safety-zone temperatures. But that is not all. Frigidaire gives you safety-zone temperatures plus low operating cost... and plenty of ice. When you choose your refrigerator... choose wisely. Ask for proof that you are getting full 1937 value.

1. Safety-zone temperatures.
2. Low Operating Cost.
3. Plenty of ice.

Frigidaire gives you proof that you can see before you buy.

Meet The Meter-Miser

Cuts Current Cost!

See an electric meter prove it! No meter does SUPER-DUTY as an amazing saving because it's the simplest refrigerating mechanism ever built. Only 3 moving parts, including the motor... permanently oiled... sealed against moisture and dirt.

Buy On Proof
West Texas Utilities Company

"Kitchen Magic" Will Be Revealed at Cooking School

dom of the Kitchen" daily to the house- here that she reigns liberty to waver her of cookery and, with on juice, a sprinkling mixing of mushrooms of frosting, produce edibles which crown of the most enviable titles—a good cook, tically out of place a of the household— his methods of effi- any or far-sightedness can he come into the out results, somehow the disastrous.

and the illusive tang of savory dishes. The art of "snapping up" a dish, already delicious, may be acquired by any woman who enjoys cooking, she believes, and at her cooking school here will tell many of her favorite methods of producing "kitchen magic."

There's garlic for instance. Of course, one must be discreet in its use—Oh, very—but the lowly garlic is among "kitchen magic" secrets. This seasoning comes to the American housewife from the sunny land of Italy, where the native palate lends itself to strong dashes of this powerful condiment that the American digestion will stand.

It is the matter of seasoning that Miss Hogue finds American cooks the most lacking, she states. She believes that this is possibly due to the fact that earliest native American dishes did not particularly lend themselves to rich seasonings. Also, in early American days those choice spices and flavorings were not easily obtainable, and the pioneer housewives were forced to cook buckwheat cakes, corn pone, corn on the cob, pumpkin pie, and even her meat with little seasoning beyond salt and pepper.

This newspaper is glad to offer this additional topic as one of the many which will be discussed in the free cooking school which it will sponsor for local women. The cooking demonstrations will be held each afternoon during the Kitchen Chautauqua and prompt attendance is the only request which is to be made of the women interested.

Editor Jas. A. Greer of the Rochester Reporter was transacting business in Haskell Monday.

Little Variation In Food Quantity; Much As To Kind

Americans have been eating about the same quantity of food for the past 10 years, notwithstanding the great reduction in incomes between 1931 and 1935. But after an analysis of dietary records kept by different types of families, Dr. Hazel K. Stiebeling, of the Bureau of Home Economics, points out that the kinds of food eaten by families at different income levels are very different. Some have had a liberal diet. Others have to do with very little of the important protective food. The average diets of families spending \$100 or more per person per year for food afforded some margin of safety in all nutritive essentials.

The families studied reported on the kind, quantity, and cost of food consumed. They included those of business and professional workers, wage earners, and low income, semidependent families. The dietary records collected at intervals since 1914 were taken in every season of the year, in cities and villages, in 44 States and the District of Columbia, and represented yearly expenditures for food from \$32 to \$200 per person (spring 1935 price level). Greater expenditures for food per person are not evenly distributed over all commodities, says Doctor Stiebeling. A greater proportion is likely to go for eggs, meats, milk, butter, and the succulent vegetables; and fruits than for grain products, potatoes, dried legumes and fats other than butter.

A three-fold increase in total pounds of food purchased may mean only a three fold increase of milk and lean meats, but a five fold increase in fruits and vegetables other than potatoes, and in butter and eggs. The groups

Program on Fly Control is Given At Meeting of Hutto H. D. Club

The program on Fly Control was given by Mrs. R. R. Ray program director, assisted by Miss Maude Newberry, to the ladies of the Hutto Home Demonstration Club Friday 23, in the home of Mrs. Ida Dozier.

The following steps were learned to control flies. First destroy the breeding places. Flies breed in manure, filth and rotting straw. Clean up stables and yards. Dip disinfectant in stables, troughs, pig pens, privies, garbage containers or dumps will destroy many a fly maggot and help control the fly.

Screens, fly swatters, fly paper and fly poison are some methods used to kill the fly.

When spraying flies they are more readily killed during the heat of the day, because they breathe faster than during the cooler hours. This is due to the fact that the fly is not so active during cool spells and therefore does not breathe so fast or often.

The reasons we should control these pests is because they carry germs and spread dangerous disease such as dysentery and typhoid so that every precaution should be taken to protect dairy and food products from them. So let's all do our part and get an early start on controlling them.

Mrs. S. S. Dozier gave a parliamentary drill on "To Amend and Main Motions."

Members present gave their report on educational and expansion work.

Two games led by Mrs. B. H. Oliver were played for recreation period. Those present were: Mesdames, G. K. Lynch, Jane Williams, R. R. Ray, S. S. Dozier, B. H. Oliver, G. F. Williams, D. B. Cummings, Ida Dozier, Mike Howell and Miss Maude Newberry. One visitor, Mrs. J. E. Nance.

O'Brien Home Demonstration Club News

The way to prevent disease is to remove the cause," stated Mrs. Urban Trimmer in discussing fly control when the O'Brien Home Demonstration club met with Mrs. J. E. Hawkins, April 28.

"Flies are the carriers of communicable diseases such as typhoid, dysentery and other diseases of the digestive tract," continued Mrs. Trimmer. In the discussion that followed it was brought out that the pit type toilets played an important part in preventing the breeding of flies. This has been successfully tried as a home demonstration project in the O'Brien club.

Mesdames B. B. Brown, Elmo Steven, and H. H. Sego enrolled as new members.

Mrs. R. P. Barnard planned and directed a ten minute recreation program.

Refreshments were served to the following club members, Mesdames: Terry Roberson, R. M. Johnston, C. E. Bird, J. E. Hawkins, Chas. Banner, Ogle Roberson, R. P. Barnard, W. B. West, R. T. Carney, L. Lambert, Urban Trimmer, O. S. Johnston, B. B. Brown, Elmo Stevens, H. H. Sego, Miss Ellen Richards and one visitor or, Mrs. Walter Roberson.

Friendly Builders English Club

The house was called to order by the president on April 30, 1937 and the minutes were read by the secretary. Each committee had a good report. The social committee had charge of the program which was as follows:

Story—Paul Rousseau.
7-A Jokes—Alta Fay Larned.
Bazooka Solo—Billy Kemp.
Knock Knocks—Ernestine Johnston.

French Harp Solo—Jack Morris.
Poem—Mattie Belle Stark.
Song—Billie Mae Welsh.

This concluded our program until next Friday, May 7th.

I. N. Furr of Weibert was transacting business in our city Monday.

spending the most for food not only have more food, but food richer in high quality proteins, in minerals, and in vitamins. Some waste is evident with increasing expenditures for food and a tendency to purchase more expensive form: of food; more butter, and a higher percentage of fluid, rather than canned milk.

A Short Cut That Saves Millions of Dollars Annually

Thirty-three years ago today on May 4, 1904, work was started on digging the Panama Canal—one of the greatest "short cuts" ever undertaken by man. The canal, finished and opened to traffic on August 15, 1914, was an expensive undertaking but has proven quite profitable to Uncle Sam, who collects annual tolls of approximately \$30,000,000 from ships passing through the canal.

"Short cuts" do not pay when you are considering insurance. Old reliable companies are best. We represent several.

Play At Western School House On Friday May 7th

A better school play will be given at the Western attendance Friday night, May 7th. Title of the play is "The Wandering Jew" and it is one of the most interesting plays available according to opinion.

Proceeds from the play will be used to buy winter coats and the public is invited to attend.

Magazine Club

The Magazine Club year was brought to a close Friday night, 28 with the installation of the new officers.

Mr. T. E. Good, the outgoing president, presided at a most interesting session and then turned the meeting over to Mrs. F. T. Denton, who presided over the installation. Mrs. Denton occupied the presidential office for the year. The club consisted of 100 members. The year's work was most successful.

The new officers, who were installed last night, are: President, Mrs. F. T. Denton; Secretary, Mrs. C. T. Payne; Treasurer, Mrs. C. T. Payne; and other officers.

At the conclusion of the program, Mrs. T. E. Good delivered a delightful address on the club's activities.

SPECIAL FOR MOTHER'S DAY

Also Mother's Day is old, would appreciate a Permanent, as shown in advertisement here for YOUR Mother while these special prices are in effect.

Modernistic Beauty Salon, Telephone 128

Trinity Canal to Remove Physical Barrier To Lone Star State's Industrial Progress

Realization of the long-sought Trinity River canalization plan for a navigational waterway in the Gulf, opening Texas rich interior, is imminent, according to the all-branch Development Council. With the estimated cost of the 400-mile project pared from \$100,000,000 to \$60,000,000 under revised plans, and many forward-looking groups active support of the project in the movement, being evidenced throughout the state, for the establishment of a sound policy of taxation to encourage industry in Texas, proponents of the long-sought waterway look for a successful outcome of hearings soon to be held in Washington.

The straightened, 400-mile course from Fort Worth to Galveston bay, experts estimate that these alone, the low Missouri Canal also near Dallas, and other deep-water ports in the area, will provide nearly twice as much water, at any time, as the canal will receive. This will not be a Government, isolated project, the Council points out, but a valuable link in an integrated inland waterway system that serves 80 per cent of the nation's population. This is true because it will connect with the Mississippi canal at St. Louis and thence with the Mississippi, thus springing up in the great canal and river that serves the prosperous Midwest. Strong support which is rallying behind the move is straightening this long-sought waterway between Texas rich interior and tidewater is indicative, observers feel, of the permeation being manifest in all parts of the state, an omen for Texas the benefits of new industry—increased payroll, diversified production and a consequent sharing of the tax burden which is now borne by a comparatively few industries. Many forward-looking groups which are pressing for a sound state policy of taxation to encourage industry already located in the state and bring to Texas prospective investors of new capital, are also mobilizing to put engineering skill to work on this waterway which they regard as a pivotal point in the broad program of building for the future of the Lone Star State.

Accident Costly - A motorist, who was driving a truck, was being loaded, when he was struck by a heavy beam which had come

Regular Meeting High School PTA Set For May 13th

Regular monthly meeting of the High School Parent Teachers Association, scheduled to be held Thursday, May 13th, has been postponed until Thursday, May 20th, in order to avoid conflict with the Free Press Reading School, Mrs. J. E. Post, president of the organization, announced today.

Members of the association are asked to send the change of date in mind, and attend the meeting May 20th. Postponement of the meeting date is appreciated by the management of the Free Press, and members of the association are extended a very cordial invitation to attend the meeting which will be held Thursday.

Mrs. Frances English of Ardmore spent the week end in our city the guest of her father, A. D. English.

W. D. Payne and Ed Clark of Blue were transacting business in Haskell Monday.

Mrs. Clara Warren returned Sunday from Galveston, Tex., where she visited relatives and friends.

Poultry Raisers.....

- One Heavy Duty Type, DeWalt Drive Motor Handpump with 4 forward speeds, one reverse speed, gear type driving unit, leaning front wheels, open type tank.

and will at such time let a contract therefor if any bid be accepted; all such bids to be made as required by law; and if any bid be accepted it is the intention of the Court to award same to the bidder in and County in payment of all or part of such proposed contract in the maximum amount of \$4000.00, to bear six per cent interest per annum, the last maturity date of such warrant to be not later than the year of 1941.

CHARLES CONNER, County Judge, by order of the Commissioners Court.

NOTICE

All persons who placed rubbish in alleys during the Clean-Up campaign, and were named by the city trash wagon, are asked to prove the City Hall, and a wagon will be sent to haul away the trash at no cost to the property owner.

F. G. Alexander, Mayor

Visit In Denton

Mrs. Irene Ballard spent the week end in Denton with her daughter, Miss Helen Ballard, a student in NTWC. Mrs. Ballard was recently awarded an outstanding honor, being elected to membership in the Green Jacket, the exclusive literary society of the college. Mrs. Ballard was accompanied to Denton by Miss Velma Hamilton and Mrs. Walter Davis, who visited with her daughter, Miss Blanche Davis, also a student in the college.

Mrs. Sam T. Chapman returned from Rochester, Texas, where she had spent several days visiting friends.

A Treat Which You Should Not Miss....

The Kitchen Chautauqua

New and again some particularly fine feature or program of entertainment is available to you. It may be a lecture or a play, an "Uncle Tom's Cabin" show or grand opera.

One of the finest of such programs—and a feature that comes for your enjoyment but once a year—is the "Kitchen Chautauqua." The Kitchen Chautauqua is a cooking school—but what a cooking school.

Whether you're a bride of a month or a grandmother, you'll enjoy these sparkling programs with the age-old theme of cookery. There are many short cuts and many roads leading to culinary success and perfection—the Kitchen Chautauqua gathers them all up and shows them to you, right before your very eyes.

Every recipe and every kitchen suggestion that has a part in this cooking school—the theme of which is "the happy kitchen" has been tried and tested by a whole staff of practical housewives. Don't come expecting to see nothing but a batch of party dishes—they'll have to be the simple, easy, little workaday hints and time-savers that make cooking a real pleasure. And without these hints and time-savers, your three meals-a-day are likely to become a drudge.

Cooking can so easily be turned into romance—the thrill of discovery and the satisfaction of seeing a thing well done. Attend the Kitchen Chautauqua—then try the frying-pan recipe on the family's grouches!

Three Days—Thursday, Friday, Saturday May 6, 7, 8

BRINGS INVITATION TO HASKELL FROM DALLAS EXPOSITION

Harry P. Savage Tells of Ways Exposition Will Benefit All Texas

Here to acquaint civic leaders with the far-reaching value of the Greater Texas and Pan American Exposition, to open in Dallas June 12, as a stimulant for increased tourist travel through this section during the twenty weeks' run of the fair, Harry P. Savage of Dallas, assistant to the promotion director, spoke before several local organizations and clubs here Friday.

While here, Mrs. Savage presented Mayor F. G. Alexander an official hand-drawn scroll, as this city's invitation to the Exposition.

The Exposition representative pointed out the various ways by which the entire Southwest will benefit from the Exposition, not only as an incentive for further tourist travel but as a means for acquainting the twenty republics of Latin America with the products and materials this section has to offer them.

The Pan American Hall, which will house the governmental and industrial exhibits from Latin America at the fair, were described in detail by Savage to the local schools. He emphasized the excellent opportunity school children will have to study each of the Latin American nations by the exhibits their governments maintain in this building. In other words, he said, they will be provided the opportunity to go to school abroad right at home.

Supervisor of the Central Texas Farm Board, Savage has long been associated with public service throughout the state and Oklahoma. He has actively been engaged in Dallas cotton trade for the past twenty years.

NOTICE

Numerous complaints have been received concerning the running of stock on the highway and the entry of such stock on the premises of others in violation of the Stock Laws. You are therefore notified to confine all livestock as required by law, failing in which it will be necessary to deal with such complaints as required by law.

Thanking you for your cooperation, I am,
 Your County Attorney,
 Walter Murchison.

Pressure Is On! One Month to Go

If she can keep it up till June 1, Miss Sara Bernice Honea, student at Texas State College for Women, will be able to point with pride to a Straight-A record in scholarship during her entire four-year college career. She has also taken active part in campus social life, being president of the Y. W. C. A. and an accomplished singer and pianist. Her home is in Anson, Texas.

Goodwill Ambassador

By placing on him the official regalia of the Greater Texas and Pan American Exposition, a sash and sombrero, pretty Texanita Stella Stanley makes a goodwill ambassador out of Harry P. Savage, assistant to the promotion director of the international fair opening in Dallas June 12. Savage is here to address local civic organizations and clubs on the far-reaching value of the exposition.

CITY ORDINANCE

AN ORDINANCE REGULATING TRAFFIC RULES AND REGULATIONS RELATING TO THE INSTALLATION OF AN AUTOMATIC SIGNAL LIGHT IN THE CITY OF HASKELL AT THE INTERSECTION OF WALTON AND CLARK STREETS, AND DECLARING AN EMERGENCY.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF HASKELL, TEXAS:

Article 1
 SECTION 1. It shall be unlawful for anyone to cross the street intersection of Clark and Walton street while the automatic signal light suspended there-over shows an illuminated red light.

SECTION 2. It shall be unlawful for anyone to make what is termed a "U" turn at the intersection of Clark and Walton streets in the town of Haskell, Texas, however nothing in this article shall be construed to prevent a left-hand turn at such intersection when such signal light shows an illuminated green light, also, nothing in this article shall be construed to prevent the making of a right-hand turn upon a red light after first coming to a halt. This article is applicable to all forms of traffic, and applies to pedestrians as well as operators of vehicle of whatsoever nature.

SECTION 3. Any person who violates any of the foregoing sections of such article shall be deemed guilty of a misdemeanor and on conviction shall be fined not less than one nor more than twenty five dollars.

The rule calling for a second and third reading of an ordinance shall be and is hereby waived and suspended and this ordinance shall become a law and be of force and effect from and after its passage.

Passed and adopted May 3, 1937.
 F. G. ALEXANDER, Mayor.
 Attest:
 R. A. Coburn, City Secretary.

Given Promotion
 Mr. and Mrs. "Boots" Cass will leave this week for Raymondville, Texas, where Mr. Cass is to take over the management of a lumber concern for H. H. Hardin & Company this week-end. He has been identified with this company in Haskell for the past two years.

Mitchell

The ice cream supper at the school house last week was attended by about three hundred people.

Kenneth Draper is out of school with the mumps.

Paul Melton, Edgard Wheeler, and J. W. Hewitt drugg the ball grounds at the school house Thursday.

One of the largest crowds that has yet attended the softball tournaments came Saturday.

The patrons of the community were very cooperative in assisting with the various duties in connection with the softball tournament last Saturday. Their efforts were greatly appreciated.

A large number attended the services connected with the dedication of the new high school at O'Brien Thursday night. Several who could not attend regretted missing the interesting program very much.

Mr. and Mrs. J. O. Nickell, teachers of Mitchell school attended the teacher's picnic at Haskell Thursday night.

Work is progressing nicely on the irrigation well on the S. N. Reid farm.

A number of boys attended the ball games at Lone Star Friday.

Preparation and rehearsals are now going on to put on the ten character play, "Her Emergency Family" at the close of school. The play will be given on the outside of the school house and no admission charges will be made.

Several are planning to attend the singing convention at Seymour the third Sunday in May.

Crop prospects are good here at this time.

The girls playing on the softball team Saturday were: Fay Lewis, Geneva McGregor, Dorothy Carter, Ouida Beas Draper, Edith Wilson, Floyd Reid, Myrtle Riggins, Fay McMahon, Burnice Strickland, Beatrice Ellis, Gladys McMahon, Ida Belle Hewitt.

Those playing on the boys teams were: Rufus Andrews, Voice Collier, Aubrey Collier, Jimmie Wyatt, Raymond Oliver, Llarmon Oliver, Edwin Oliver, Joe Fletcher, Buck Strickland, Joe Hodges, Sam Hodges and a pitcher from Benjamin.

Only one case of mumps is reported at this time.
 The sandstorms have not been as fierce or frequent lately.

NOTICE

Notice is hereby given that the 19th day of April, 1937, has been and is hereby designated by the Mayor and City Council as the day for a public hearing on the Budget of the City of Haskell, Texas, for the fiscal year 1937-1938. Said hearing will be held in the City Hall in the City of Haskell.

R. A. LOANS TO COUNTY FARMERS TOTAL \$40,593

Over Two Hundred Loans Have Been Granted Here In Two Year Period

This week marks the end of the second year of the Resettlement Administration, which, in Haskell County, has made 221 loans to farmers for a total of \$40,593.

R. E. Skagworth, county supervisor, announced that during this two year period the Resettlement Administration has also made 131 non-repayable grants in the county for a total of \$1,818, in addition to the loans.

The supervisor said when Resettlement Administration was set up two years ago its first job was to take over farm families formerly on relief and to make these families again self-supporting. Detailed plans of farm and home management were worked out with each family and backed by loans for the necessary supplies, livestock and equipment.

"More than 18 per cent of Texas farmers have incomes ranging from \$400 down to less than nothing. A typical member of this group," the supervisor said "depends on an average only \$1 a month for food, only fifty cents a month for clothing, and only five cents a month for medical care." He pointed out that these families can develop in the aggregate an enormous purchasing power if properly financed and supervised.

"Many farmers included in the Resettlement program last year had never before known what it was to grow a garden or to own a cow or chickens," the supervisor said. "Most of them had no team or tools. Resettlement plans worked out last year enabled such families in Texas to buy 26,599 horses and mules and 1,332 milk cows. The families planted 19,742 gardens and put up more than five million pounds of dried meat and vegetables as well as more than three and a half million wool. A total of \$7,549 loans to such families were made in Texas during the past two years by the

STONEWALL NYA WORK PROJECT IS UNDER WAY

Courthouse Grounds Will Be Beautified and Building Renovated

H. A. Ziegler, Assistant District Administrator of the National Youth Administration in District 12 was in Haskell on Monday of this week, accompanied by Thomas H. Hurd, District Engineer.

The purpose of their visit at this time was to assist in the start of a new work project which is being sponsored by Judge Roy C. Anderson, representing Stone wall County, in conjunction with the National Youth Administration.

This project calls for the beautification of the courthouse grounds and for the renovation of the exterior and interior of the courthouse. Work will continue approximately two months and will give work relief to 14 Stone wall County boys. The project calls for \$480.96 Federal funds and \$130.30 as the Sponsor's contribution.

Resettlement Administration, for \$11,878.594. The number of non-repayable grants was 105,900 for \$1,347,982.

The Debt Adjustment Section of Resettlement in Texas, working through volunteer committees in each county, has not only assisted in saving 918,131 acres of land from foreclosure on 3,525 farms, but has also brought about refinancing through which \$253,409 in delinquent taxes has been paid to state and county treasuries.

To help put land into the hands of low-income farmers, and a small group of the more successful type of tenants, Resettlement has accepted options on 34,090 acres of land in Texas and has paid for 22,623 acres of this land was bought at a price which will return six per cent above taxes and insurance, with crops and prices equal to those of the last three years. Construction of buildings is now in progress on 125 of these farms and 145 families are now working them, living in temporary quarters. Most of them later will be given opportunity of buying, with forty years time to pay and interest at the rate of three per cent.

In an area of worn-out and eroded land in Fannin County, options have been accepted on 11,823 acres of land and payment has been made for 5,335 acres. More than 500 men unable to make a living any longer by farming this land are employed in converting it into demonstration projects, the improvements including lakes which will impound 1,148 acres of water.

Cooperative loans involving \$124,358 have been made by Resettlement to 163 groups of Texas farmers, to buy equipment too large or expensive for small individual farmers, or to purchase pure-bred sires or set up other community projects which could not be financed through any other public or private agency.

Everyday Cooking Miracles

BY VIRGINIA FRANCIS
Director Eastern States Laundry Institute

A perfectly normal man indulging in the "best" of a freshly-baked loaf of bread presents a comely picture, but modern homemakers might find it a study averse to life, if the new Hotpoint electric range hadn't brought bread-making up-to-date and simplified it. Simplified to such a degree that it can print

Home-made bread is coming back into popularity due to the easy, time-saving electric range method of baking it.

with pride to perfect loaves of bread that take only 30 minutes, not to bake, but to make, from start to finish.

Seems miraculous, doesn't it? Well, it is. But it's the kind of miracle that works every time, whether the homemaker is an experienced cook, or not.

The first trick in this new method of bread-making is the use of the electric mixer. This takes all the drudgery out of bread-making, making it just as easy as mixing a cake. Here are the ingredients:

- | | |
|-------------------|-------------------|
| 2 cups milk | 6 tablespoons |
| 2 cups water | warm water |
| 1 1/2 tablespoons | 4 cakes com- |
| 4 tablespoons | pressed yeast |
| shortening | 12-14 cups gener- |
| 4 tablespoons | purpose flour |
| sugar | |

Bring milk and water to boiling point on surface unit of electric range switched to HIGH. Remove from unit and add salt and fat to

seed at SLOW speed, mixing for exactly 30 minutes. Turn oven switch on for exactly one minute. Set the automatic temperature control to 400°. Turn switch for baking and set the automatic timer for 30 minutes. Turn heat on 30 minutes later, and to turn heat off 1 hour from time heat is turned on. The 30 minutes interval before the heat is turned on permits the bread to rise without requiring any attention. During this interval, the temperature in the electric oven makes an ideal proofing box—not too hot, not too cold.

That's all there is to it. Simple, isn't it? Three evenly browned loaves of bread waiting to be taken from the oven—what a flavorful treat for the family!

TWENTY-ONE TEAMS IN BALL TOURNEY MITCHELL SCHOOL

Plainview Is Winner in Boys Division and Mitchell Girls Take Forfeit

The softball tournament at Mitchell school Saturday May 1, was attended by one of the largest crowds that has gathered for a softball tournament in this section. Weather conditions were favorable for playing and the competing teams played with enthusiasm. Twenty one teams took part in the contest.

The nine girls teams were Mary, Rockstar, Lone Star, Idella, Mitchell, Foster, O'Brien, New Mid and Hamlin High School from Hamlin, Texas.

The twelve boys teams were Lone Star, Rochester, Rule, Knox City, Mary, Cliff Mitchell, J. Hamlin High School, Idella, Plainview and Myers.

The Plainview boys team will win in their division, defeating Lone Star 3-2 in the final game. Mitchell girls won over New Mid, while the latter team forfeited the game during the sixth inning. Scores were 3 and 2.

Those sponsoring the sports event wish to extend their thanks for the cooperation and response of all those who took part in the tournament.

The next announced tournament will be held at Jud school Saturday, May 12.

Park Opening—

(Continued From Page One) said, "an enterprise that should be a benediction to every city and town in West Texas." Let those towns do what Haskell has done, be philosophized, to influence the lives of men, women and children in a new order of government. Present for the dedication ceremony were a number of former

city officials. Oldest member of the group present was G. R. Couch of Haskell, alderman elected when the city was first incorporated in 1907.

Entire program for the evening was broadcast through a public address system furnished by C. P. Woodson, local radio dealer.

Stage Wedding Is Postponed By Bride's Veto

A crowd which filled the Texas Theatre to capacity last Thursday night was visibly disappointed when it was announced that the stage wedding of a local couple had been postponed. The event had been scheduled to take place on the stage of the theatre at 9 o'clock Thursday night.

Manager Server Leon, who had arranged for the performance stated that the would-be bride had changed her mind at the last mo-

ment and returned to her home with the public and made public—

Approximately \$100,000 worth of goods were returned to the store by the bride when she returned to her home.

Mr. and Mrs. J. N. M. are the bride and groom.

Mr. and Mrs. spent Sunday in Haskell.

Mr. and Mrs. and daughter are Abilene with Mr. and Mrs. Edwards.
