

## SIX-WEEKS TERM OF DISTRICT COURT CONVENED HERE MONDAY MORNING

### BRIEN MAN HELD AFTER CHILD HURT

Accident

Two-year-old daughter of Mrs. Charlie Hill of Haskell, Okla., was injured Friday when struck by a car on highway near her home. She was taken to a hospital where physicians reported that condition was not serious.

The accident J. W. Leland, sheriff of Haskell, Okla., reported to the county jail, where the man was held. It is alleged to have been the automobile which was driven by the man who was while intoxicated his bond set at \$1,000.

Griffin was fined \$25 and the drunkness and released. He was later re-arrested when he was given in payment of fine proved worthless.

The Hill child was not expected to be released from hospital within a few days.

Measure Land in Compliance Program Here

Working farms for compliance with the 1937 Agriculture Conservation Program began anew in Haskell Monday, according to L. Scott, assistant in Agriculture Conservation. More than 90 percent of the serial maps to be checked in compliance found to be off scale when first received last July. The maps have been corrected and are now ready to be used.

There are 1,580 farms on the serials, covering 226,255 cultivated acres. Only those complying with the program will be measuring about 1,200.

Supervisors take aerial maps and the help of the producer to check and label different crops on the maps. All measuring is done at the county agent's office with a list of the different crops corresponding acres of each sent to each producer for approval.

Work done in checking compliance will be spot checked by Scott and a state engineer. Producers are warned that in case of a count land as summer it must be kept clean.

BELLE TAYLOR BROUGHT HOME FROM ABILENE HOSPITAL

Miss Belle Taylor, daughter of Mrs. L. F. Taylor, was brought home from the Abilene hospital Sunday. While attending a U. S. meeting in Abilene two days ago she suffered an attack of pneumonia and was carried to the hospital for an emergency operation.

Mr. Maybelle Taylor, daughter of Mrs. L. F. Taylor, was brought home from the Abilene hospital Sunday. While attending a U. S. meeting in Abilene two days ago she suffered an attack of pneumonia and was carried to the hospital for an emergency operation.

More than twice as many bales of cotton had been ginned September, 1937 than at the same percentage of the year, reports the Bureau of Cotton at Washington.

### RURAL SCHOOLS TO ENTER TEN FLOATS IN GRAND PARADE

Opening Day of Fair Is Set Officially As School Children's Day

Ten floats depicting the theme of fairyland, Mother Goose Rhymes, and fairy tales, will be sponsored by Haskell County rural schools, announced rural teachers in a meeting Saturday afternoon, following a discussion of parade plans.

Wednesday, October 20, has been officially designated school day, it is reported, and pupils from all rural schools will take part in the grandest parade ever to be staged in West Texas. Merchants have already chosen most of the "months" to be used in their floats. Costumes, color schemes, and settings are being designed and plans are rapidly taking shape.

Children of the various schools will build their own floats, under supervision, and will choose the scene or characters they wish to portray.

In this initial meeting of rural teachers with parade directors thirteen of the fifteen schools now open in the county were represented and it is expected that other schools not yet started will have additional floats in the parade. Those who do not have floats will march in groups led by flag bearers to the tune of neighboring bands carrying banners and school colors.

### Barnes Motor Co. In New Location East of Square

Change in location of the Barnes Motor Company, agency for the Willys automobile, is announced this week by Henry Barnes, dealer. Formerly located in the building west of the square occupied by Post Motor Company, Mr. Barnes recently leased the corner filling station one block east of the square on depot street.

In the new location Mr. Barnes will maintain a complete service station and repair department in connection with the Willys agency. The repair department is in charge of George B. Ewing, experienced automobile mechanic who comes here from Stamford, where he was located for several years.

Mrs. Frank Reynolds and children visited over the week-end with Mr. Reynolds who has employment for the past few weeks near Balingier.

### RAVES WIN LEAGUE RACE IN PLAY-OFF

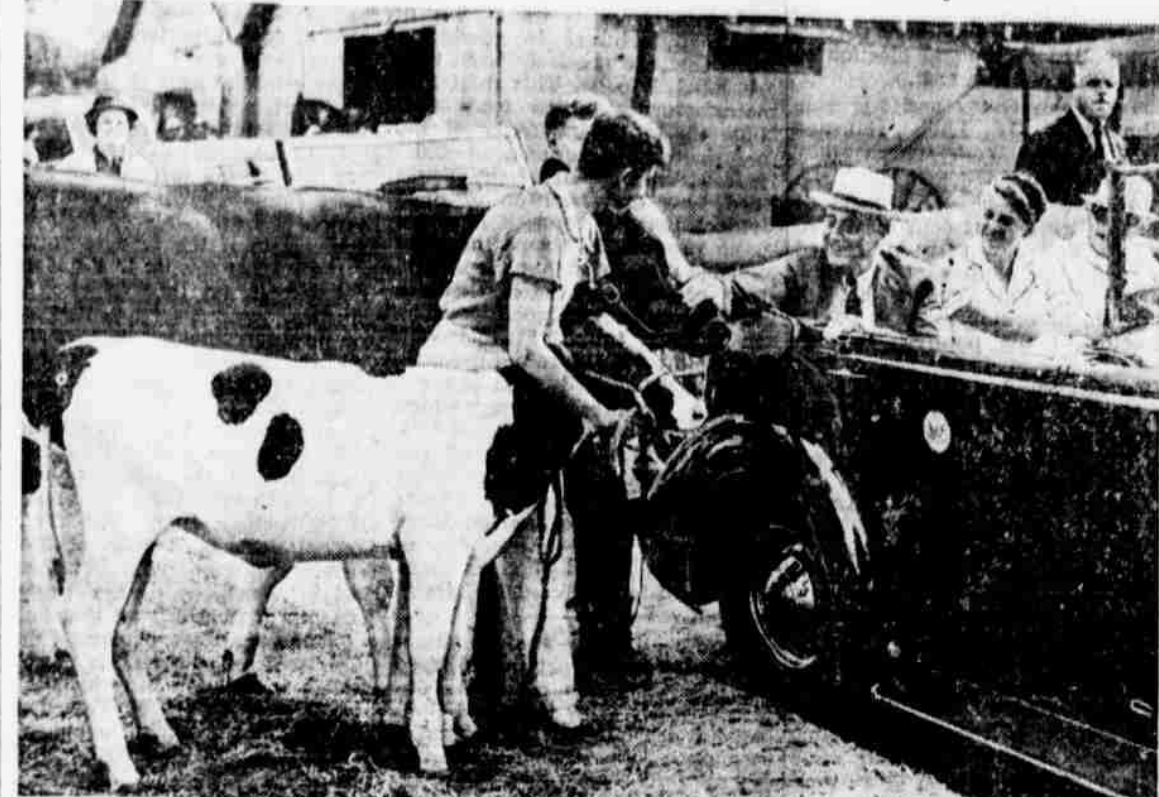

The Haskell Braves, taking the third straight game from the Munday Moguls here Sunday afternoon became champions of the Wichita Valley league for the third consecutive season.

Smashing base hits to all corners the Braves sent nine runs across home plate in the first inning, downing the Moguls 9 to 6. Munday broke loose in the second inning with six runs, but could not connect again off Archie Pittman to overtake the Indians. Coupled with Haskell's rally in the first inning this series of runs established a scoring record in the league.

Smith, replacing Red Nichols of Wichita Falls after that nine-run damage allowed only one hit during the eight innings.

Archie Pittman, righthander, kept Mogul hits scattered with exception of the second inning. Pittman pitched Haskell into its championship with two victories over the Hamlin Oilers and these final three straight over the Munday club.

### CHILD KILLED IN ACCIDENT SUNDAY

Fatally Injured When Backed Over By Truck At Home

Mary Louise Roberts, eight-year-old daughter of Mr. and Mrs. Ira H. Roberts was fatally injured Sunday morning when she fell beneath the front wheel of a truck being backed out of the garage by her brother at the home. The accident occurred at 7 a. m. She was carried to the Stamford hospital where she died four hours later.

Funeral services were conducted by Rev. H. R. Whitley pastor, assisted by Rev. I. N. Alvis, at the First Baptist church Monday at ten o'clock. Interment followed in the Willow cemetery, with W. O. Holden's Funeral Home in charge.

Pallbearers were: Mike Watson, Wilford Johnson, W. H. Murphy, Walter Rogers, Taylor Alvis, Rice Alvis. Flower attendants were her classmates, Sylvia Jo Sloan, Gladys Marie Ashford, Maxine Childress, Martha Lon Jovy, Lavada Williams, Frieda Pearl Lackey, and Edna Faye Pace.

Her classmates of the third grade and the first, second, fourth and sixth grades of South Ward school dismissed classes and attended the services.

She is survived by her parents, one brother, H. L., and three sisters, Era Mae, Frances and Bettis. Mr. Roberts has lived here for many years and is in the truck contracting business.

### Methodist Young People Will Be Banquet Guests

A banquet for members of the young people's department of the First Methodist Church will be given Tuesday evening, Sept. 28 in the church basement. Plates are prepared for an expected attendance of more than sixty persons, following a canvas of the church membership Monday. The banquet will be served at 5 o'clock and following the social hour, plans for carrying on the work of the young people's department for the ensuing year will be outlined.

WEINERT DUCHESS TO ABILENE FAIR NAMED

Mattie Louise Chatwell, a senior in the Weinert high school, will represent her home town as duchess in the Texas Cotton festival of the West Texas fair at Abilene. Named as her lady-in-waiting was Louise Wade, a teacher in the Weinert school.

### COUNTY TRUSTEES DISCUSS PLANS FOR RURAL HIGH SCHOOL

To Study Needs Before Any Definite Action Is Taken

Trustees of the Paint Creek consolidated rural high school district will meet Monday night in the County Superintendent's office and discuss proposed plans for constructing a new high school building in their district.

Matt Graham, county superintendent, has just returned from Austin where he consulted the State school architect and studied building plans.

Trustees and school officials are making a complete survey of needs and specifications before final plans are drawn for the school.

Members of the board are: Lesley Medford, J. R. Adams, R. R. Overton, Wayne Perry, John Grand, D. R. Livengood and H. C. Griffith.

### Change Announced In Firm Name For Chevrolet Agency

Frank Turner, manager of the local Chevrolet agency for Haskell and this vicinity, announces this week that the firm name of the dealership has been changed to the Public Chevrolet Company. Since the agency was opened here early this year, it has been operated as the Bell Motor Company. In addition to Mr. Turner, local manager, others identified with the firm are M. P. Wilson and A. A. Bradford of Rule.

The agency occupies a large building just off the southwest corner of the square, where a large showroom displays late model Chevrolets.

In addition, a complete repair department is maintained in the building, well equipped for complete garage service on all makes of cars, although the company specializes in Chevrolet servicing. This department is in charge of Virgil Sonnemaker and Charlie Redwine, expert mechanics who have had years of experience and are well known throughout this section.

AUTO REGISTRATIONS

Auto registrations for the past ten days for new cars include: W. Doyle, Rule; O. R. Kittley, Rule; Frank Cliff, Haskell; Lon Norman, Rule; H. D. Bland, Haskell; Frank Spencer, Haskell; Mrs. Terry, Rule; Harry H. Lee, Mrs. Annie Mae Smith, Mrs. Courtney Hunt, W. W. Griffin and Geo. Logan, all of Haskell.

### PIONEER DAY PLANS FOR OLD SETTLERS ARE ANNOUNCED

Registration of 'Old Timers' Expected To Surpass Former Years

Although invitation letters for the Old Settlers' Reunion to be held during the Center West Texas Fair, Oct. 20-23, have not been mailed to members yet, letters from pioneers are being received daily stating that they will be here for the four day celebration, reports John Rike, secretary and treasurer of the association.

The present membership of 325 is expected to be increased when other 'old-timers' from distant points are attracted to Pioneer Day at the Fair. All old settlers, husbands and wives, are entitled to membership in the organization who have lived in Haskell County prior to 1900 and are over fifty years of age.

Friday October 22, has been officially designated as Pioneer's Day and members of the association will be guests at a free barbecue with all the trimmings including a complete entertainment program on that day.

Registrations will start Wednesday morning at 9 a. m. at the City Hall and again Friday at the same time. Badges will be given and four-day passes, good for all fair events, will be given members and they will be special guests of fair officials throughout the fair.

President of the Old Settlers' Reunion is F. G. Alexander, F. T. Sanders is vice-president. Directors are M. M. Cobb, T. E. Ballard, P. M. Baldwin, Jim Davis and John Couch.

### STATUTORY CASE TO BE INVESTIGATED

Officers Seize Negro's Liquor; Arrest Culprit

Possession of "Corn" Liquor Draws \$100 Fine In County Court

A plan to supply colored cotton-pickers with demanded stimulants with a resultant profit for himself, was disrupted for Albert Barby, colored, Saturday night when members of the sheriff's department confiscated his "stock" consisting of nine bottles of "corn" whiskey and preferred charges against the negro after placing him in the county jail.

Sheriff Kemp and deputy Mart Clifton arrested the negro several miles north of town early Saturday night, after the negro had fled from his car when the officers stopped him for questioning. Fairly fleet of foot, the suspect was no match for the deputy, however, who overtook the negro after a brief chase. All of the contraband whiskey was found in the negro's car, officers said.

The negro was arraigned before county judge Charlie Conner Monday, and was fined \$100 and costs when he entered a plea of guilty to possession of untaxed liquor for the purpose of sale.

### CITY WATER DEPARTMENT INSTALLS TWO NEW PUMPS

Two new sump pumps are being installed in the city water wells in compliance with the State Sanitary Department, reports Rogers Gilstrap, city water superintendent.

The large pressure pumps are mounted on concrete platforms in the wells and below these are mounted the smaller pumps. Water leaking around the water pump packing is pumped from the wells by these smaller pumps.

### INDIANS WIN OVER SEYMOUR FRIDAY 7-0

Lone Touchdown Made in Last Quarter After Mid-Field March

In a game marred by frequent fumbles by both teams, the Haskell Indians defeated the Seymour Panthers here Friday night, 7-0, when the locals shoved over a touchdown in the last quarter, and then converted for the extra point.

Starting from mid-field, in the middle of the fourth quarter, the Indians opened up with a series of off-tackle and end run plays which resulted in the lone touchdown. In the final plunge, Rogers, Indian quarterback, went over for the marker and converted for extra point with a place kick. The Indians outplayed the visitors throughout the game, making eight first downs to the Panthers' two.

Starting line-up for Haskell: Jenkins, lb; Thompson, ft; Simmons, lg; Ballard, c; Carmichael, rg; Barnett, rt; Hayes, re; Rogers, lb; Josselit, lb; McMillin, rb; Thomson, fb.

### REGULAR SIX-WEEKS FALL TERM OF DISTRICT COURT CONVENED HERE MONDAY MORNING

District Court was convened here Monday, with District Judge Dennis P. Ratliff presiding. Grand Jurors for the term were impaneled at 10 o'clock, and after receiving instructions from Judge Ratliff retired to their quarters and to begin investigation of law violations reported as occurring since the last court term.

The Grand Jury was expressly charged to investigate offenses of burglary, theft over \$50, driving while intoxicated, and the statutory offenses of rape and incest. Complaints alleging commission of these offenses have been filed in County and Justice Court during recent months. An elderly Haskell county farmer has been confined in the county jail for the past two months in default of bond, after charges had been filed against him charging rape and incest, with his 13-year-old daughter as the complaining witness.

Investigation of theft and burglary complaints will be made by the Grand Jury in connection with the recent burglarizing of a farmhouse near Haskell, and the theft of a trailer left parked near the public square by a farmer residing several miles east of town. Grand Jurors will also investigate circumstances concerning an accident at O'Brien Friday night, when a small girl was struck and injured by an automobile allegedly driven by an O'Brien farmer while he was intoxicated.

Number of Witnesses Heard

In their first day's session Monday, between thirty and thirty-five witnesses were questioned by Grand Jurors, with District Attorney Ben Charlie Chapman and County Attorney Walter Murchison assisting the body. Several indictments will likely be voted Tuesday, court officials indicated.

Members of the Grand Jury are: R. S. Edwards, Pat Ballard, H. M. West, S. W. Hutchens, A. W. Cox, J. W. Brock, Terry Robinson, Joe Aycock, T. A. Stegemoeller, W. V. Cobb, J. L. Wright and W. S. Grimsley.

Riding bailiffs are Elbert Mapes and Joe Lowrey, J. W. Martin is door bailiff.

### CITY WATER DEPARTMENT INSTALLS TWO NEW PUMPS

Two new sump pumps are being installed in the city water wells in compliance with the State Sanitary Department, reports Rogers Gilstrap, city water superintendent.

### EXPATRIATION

An unconfirmed but easily believable report says that Colonel Charles A. Lindbergh is of a mind to become an English citizen. There was a time when such an announcement would have seemed impossible, and when it would have constituted a profound shock to American citizens. But the American public is well prepared for this loss of one of its idols and if the report should prove true there will be a tendency to accept the situation philosophically.

Colonel and Mrs. Lindbergh have suffered grievously in their native country, not any more than others have, but the trials they have undergone in the abduction and murder of their first-born have been aggravated by the repeated threats of similar designs against their second child. It is easy to understand that any father and mother who have undergone such experiences as theirs would be glad to seek sanctuary anywhere they could find it.

Lindbergh's sufferings seem to have brought to the surface the cold reserve that is often found in the northern race with which he is identified. There has always been an aloofness about him, even in the days of the greatest glory; that apparently was accentuated by some of the foolish customs of effervescent Americans.

If he finds in England an atmosphere more to his liking, a citizenship with which he feels more at home, a security from kidnapers and hero-worshippers which he deems of finding in the United States, nobody should blame him for expatriating himself from the country to which his father came as an immigrant. It will be a case Europe gave and Europe hath taken away.

Other eminent Americans have done the same

thing—a few of them—such as Lord and Lady Astor, who made their fortune in America and then went to England to become lawmakers.

On the other hand, a great many Englishmen have preferred to live in the United States—and on the whole the balance is in Uncle Sam's favor.

### TOWARD PENAL REFORM

Governor E. D. Rivers of Georgia announces that this state's famous chain gang system is to be abolished and replaced by a more modern penal system.

The plan as he outlines it calls for continuance of prison road camps—with a vast difference in the method of operation. There would be a central prison to which all convicts would be sent. From it, drafts would be taken for road camps—but there would be no shackles or chains at the camps, and assignment to a camp definitely would be in the nature of a favor, a reward for good behavior at the prison.

Under such a system, Georgia could retain the advantages of her old system and do away with its disadvantages. Convict labor would continue to do useful work for the state, but the abuses which made the old chain gang notorious would be abolished. Altogether, it looks as if Governor Rivers had had a most excellent idea.

### NAZIS IN THE U. S.

The Chicago Times seems to have done an excellent bit of newspaper work in its investigation of Nazi activities in this country. Its assertion that Nazi leaders are preparing for direct action in the United States is exceedingly disquieting; and the reply made by Fritz Kuhn—whom the Times calls "the American Hitler"—is something less reassuring.

"Our organizations is just waiting until the Communists get ready to seize control," says Herr Kuhn. "Then, if the government needs our help, we will step in and fight for our country—the United States."

On the surface, that sound innocent enough. But this government, after all, has ample resources to combat any insurrection. It does not need the help of private armies. Any militant group which professes to be getting ready to help Uncle Sam fight his battles has only itself to blame if the public looks on it with a considerable measure of suspicion.

Gossip spreads much faster than the truth; that's why there is so much talk of scandal and so little about really important matters.

The salesman to be successful must always be taking orders from others.

The fellow who has the push is generally the one who pulls through.

## Wholesale Administration Texas Feed Law Reflected In Growing Feed Business

By A. D. Jackson, Chief, Division Publications

The sale of commercial mixed feed is increasing in Texas as shown by the increase in the sale of tags by the Texas Feed Control Service. Mixed feeds are sold in virtually every section of the State. These sales last year were the largest in the history of the service, amounting to 1,443,552 tons as against 1,210,790 tons the previous year and an average of 1,047,542 tons for the past twenty years.

The popularity of commercial mixed feeds is largely due to their high quality and to the fidelity of the manufacturers in producing feeds that are precisely what they are labeled to be. This matter of manufacturing mixed feeds that come up to the guaranty of the manufacturer in content and quality is a requirement of the Texas Feed Law and Division of Feed Control Service through a systematic program of inspection and analysis sees to it that the mixed feeds offered on the market are in every sense as good as they are claimed to be. Furthermore, the manufacturers are not permitted to register feeds that are not suitable for the purpose which they are expected to serve. It thus transpires that the feeds offered are good feeds and the packages or sacks are full weight. The component parts of the feed mixtures are printed on the tags, one of which must be attached to every package of feed offered for sale in Texas.

Almost all of the feed manufacturers whose products are offered for sale in Texas cooperate enthusiastically with the Feed Control Service both in the matter of formulating good mixtures and in the matter of faithfully living up to the analysis which have been decided upon for such feeds. During the thirty-two years since its establishment, the Texas Feed Control Service has been able to enforce its regulations and guide the manufactured feed business to its present high standard largely through a sympathetic and cooperative attitude toward the feed manufacturers and dealers, and it has been only on rare occasions that legal measures have become necessary in order to bring a manufacturer into full cooperation.

The successful functioning of the Feed Control Service has been of great value to the feed manufacturers in that it has caused them to use meticulous care in the preparation of their formulas and in the manufacturing of the feeds according to these formulas. The losses that would attend haphazard manufacturing methods are thus escaped. Furthermore, the conforming manufacturers are protected against competition from

manufacturers who might ignorantly or otherwise dump inferior feeds on the markets under misleading names, or feeds that are of a quality that does not come up to the requirements which consumers have a right to expect. Of course the consumers likewise have been protected in that they are thus able to buy mixed feeds in the open market with confidence that they are getting what they have every right to expect.

Since its establishment in 1905, the Feed Control Service has been administered by the Texas Agricultural Experiment Station system where The Division of Feed Control Service attends to all of the details of administration. A corps of feed inspectors now numbering eight make regular visits to the establishment of feed dealers in all sections of the State and take samples at random from sacks or packages of feeds which they find being offered for sale. These samples are sent in to the Station and are analyzed in order to ascertain if the feed as found by the inspector is up to the standard shown on the tag and, of course, if feeds are found that are not properly tagged the dealer is notified to make the correction. The users of mixed feeds are also permitted to send samples of feeds whose quality they may question, but the samples must be taken in accordance with special instructions from The Feed Control Service. A total of 3555 samples were analyzed last year, sent in principally by the inspectors, and it is gratifying that only a small percentage of these samples revealed deficiencies great enough to call for an adjustment. The annual report of The Feed Control Service is published in sufficient numbers for free distribu-

tion to all manufacturers and dealers as well as those consumers likely to desire a copy. This report shows in detail the results of the analysis of samples taken and the names of the manufacturers of these samples. The report for 1936-37 will go to press in a few days.

The expenses of administering The Feed Control Service are paid through the sale of tags to manufacturers and include various researches made by the Experiment Station scientists in order to gain information of better means of combining feedstuffs into manufactured feeds that are most efficient. These researches have included such problems, for instance as hardness of cottonseed cake and studies of manufacturing processes which might result in cottonseed cake of a more desirable degree

of hardness. Early in the history of The Feed Control Service it was found that the cottonseed cake of Texas could be satisfactorily economically manufactured to contain 43 per cent protein and a high percentage of protein desirable in the interest of my and efficiency as a staff. The requirement, that Texas cottonseed cake contain 43 per cent protein, has caused Texas meal to take preferred place in competitive States whose requirements are so high.

**Car Wreck**  
Several negroes who work in the 10X Ranch were injured in a auto wreck west of town Saturday night when the pickup they were in was hit by another car. They were carried to the Stamford hospital for treatment.

**School News**  
**Pep Squad**  
Since the nearest feminine side of the school can come to playing football and showing their school loyalty is by joining the pep ranks, forty-five girls answered the call of Miss E. Booker, Rule Home Economics teacher, who was again appointed sponsor this year. Senior Pauline Hines was elected head Pep leader and as her able assistants from the sophomore class comes Mavis McCall and the juniors donate Utence Sellers.

The girls selected as their uniforms wool flannel shirts of royal blue and blouses of white broadcloth with blue suspenders added. To finish this off they decided on sport oxfords and white anklets. So clad in the shirts of royal blue and blouse of snow white the feminine Bobcats of "Old Rule Hi" will back their fighting Bobcats to the finish. The girls have many peppy yells and stirring songs which they put their all into.

**Press Club Organized**  
The Press Club of the "Cats Whiskers", Rule High School news paper has been organized and the following officers elected:  
President Marjorie Lott; Vice-President, Margaret Michell; Secretary-Treasurer, Emma Jean Lisle. Other members are: Pauline Hines, editor-in-chief; assistant editor, Inell Mason; Business manager, Jerrone Verner; Senior reporter, Margaret Davis; Junior reporter, Jeanne Glass; Sophomore reporter, Mary Frazier; Freshman reporter, Tommy Joe Milstead; Sports reporter, Utence Sellers; Cartoonist, Pete Place; Home Economics reporter, Uda Margaret Smith; Press Club representative, Geraldine Malone.

**Open House**

The Home Economics III girls entertained all girls of high school and teachers with an open house Monday evening, Sept. 20 at 7:30 in the Home Economics department. Jerrone Verner, chosen by the class, acted as hostess and greeted the guests. The room was furnished very home like, attractively decorated with roses and fern. Lamps and green candles lighted the room. Guests which numbered about sixty-five were served fruit punch, green minuts, butter and olive canapes and ice box cookies from a table beautifully arranged with fern and roses strewn around an elaborate punch bowl. Ruth Cole furnished the music while the guests were being served, after which a very interesting program was given. Miscellaneous games were played first. Then Nancy Hills sang and tapped accompanied by her sister at the piano. Another number was given by Eunice and Mavis McCall. Then the president, Emma Jean Lisle, extended to each girl an invitation to join the club and introduced the new officers and sponsor, Miss E. Booker, to them. After a short social hour the guests were bid good night.

# "The Rest of The Record"

BY JAS. V. ALLRED  
Governor of Texas

The newspapers during the past week have quoted members of the Senate Committee as predicting that the Legislature would block my program for new taxes unless the subjects of appropriations and reorganization are submitted.

Such statements by the senators are calculated to put me in the false position of being opposed to economy in state government when just the opposite is true and my record bears it out.

At the beginning of the regular session, I submitted the subject of appropriations and recommended the reorganization of certain state departments in the interest of economy. Not a single thing was done about it in written messages to the Legislature. I stated definitely that while the Board of Control had recommended increases, and certain bills for salary increases were pending, I did not join in these recommendations; nor could I approve salaries, or other, increases until and unless the Legislature provided additional taxes to pay them. My recommendations were ignored and appropriations substantially increased, even to the point as these senators now admit, of being "top-heavy." They would not have been "top-heavy" if my recommenda-

tions had been followed.

For the purpose of keeping the record straight I wrote a friendly letter to Senator Albert Stone, which was not intended to criticize him or to rebuke him, but merely to point out some of the facts in the controversy that has been started in the newspapers. There are no personal differences between us. In order that the record may be kept straight and the people of Texas may have the facts in this "Rest of the Record", I am quoting the following excerpts from my letter to Senator Stone:

"In the first place, I recommended no increases (in appropriations) except a little more than a million dollars for our insane. You voted for all increases, either as a member of a conference committee or a member of the Senate; one of the biggest increases was in the departmental appropriation bill, for which you voted on May 22nd, as shown at page 2288 of the Senate Journal. Only four senators voted against this bill, and this was the biggest vote cast against any general appropriation bill in the Senate.

"You were a member of the conference committee which recommended the passage of the educational appropriation bill—and admittedly top-heavy appropriation—and you voted for the passage of this bill on May 22nd as shown at page 2288 of the Senate Journal.

"You voted for the passage of the eleventh biennial appropriation bill on May 19th, as shown at page 1905 of the Senate Journal.

"But that's not all: There is a further contrasting record for economy."

"You voted for Senate Bill 14, which donated \$350,000.00 State taxes to Harris County each year for ten years, a total of \$3,500,000.00. I vetoed this bill, and you voted to override my veto and give this money to Harris County notwithstanding. Senate Journal, page 910.

"You voted for an \$821,000.00 appropriation for an insane asylum in East Texas. Senate Journal, page 1592. I vetoed it and saved \$821,000.00.

"You voted for House Bill 24, which appropriated and diverted approximately \$1,500,000.00 each year for soil conservation work—and the Legislature did not provide other taxes to take the place of the diversion for which you voted. Senate Journal, pages 1588 and 2134. I vetoed it and saved the taxpayers \$1,500,000.00 per year.

"You voted for the departmental appropriation bill (S. J. 2228), which carried an appropriation of \$750,000.00 for a Big Bend park, and \$250,000.00 for a cotton re-

search laboratory. The Legislature provided no funds to take care of this appropriation, and I saved the taxpayers one million dollars by vetoing it.

"Thus, it will be seen that in addition to the 'admittedly top-heavy appropriations,' which you now wish to correct, you voted for a total of almost seven million dollars, which I vetoed. I am wondering if you can point to any such saving that you made for the taxpayers during the regular session? Or to any vote to save the taxpayers that much money? Had it not been for my vetoes, the State would now be about seven million dollars more 'in the hole' as a result of the measures for which you voted.

"I do not personally condemn you for these votes—I simply take the position that it is now the Legislature's duty to raise money to pay the increased appropriations they themselves made.

"You now suggest that I submit the matter of appropriations and reorganization of the government at a special session which can only last thirty days; and after the appropriations have been made for several months and acted upon by the departments, contracts having been let under them.

"I want to appeal to your sense of fairness, Senator. Is it reasonable to suppose that, waiving the question as to whether it is equitable to try to work these appropriations over after the departments have acted upon them and contracts have been made, if I should submit this subject to a special session, the same Legislature would do something in thirty days that it failed to do during a four months' session?"

"In any event, even if you passed any economy measures, which I seriously doubt, could I hope for the passage of necessary tax measures that you failed to pass during a four months' session if the calendar is cluttered with anything other than revenue measures. As Governor, I am firmly convinced that no substantial saving would actually be accomplished."

The Legislature has submitted several constitutional amendments. The people have voted these amendments. No one can deny but what it is my duty as Governor to recommend a revenue program to finance the people's program. Is it reasonable to expect that the Legislature who so recently passed the appropriation by overwhelming vote, would now reverse themselves and substantially reduce the appropriations? I point to the fact that only four senators voted against the general departmental appropriation bill in the regular session. This vote is typical of all other votes on appropriation bills.

## RULE . . . .

Rule will have a community booth at the county fair to be held in Haskell next month. The booth will be sponsored by the high school vocational agriculture class and teacher, J. Weldon Young. Mr. Young states that those interested get a catalogue from secretary of Central West Texas Fair at Haskell, or see him for further information. Mr. Young is also general director of the Livestock division of the Fair and Rule students will exhibit their livestock at the fair.

## THROCKMORTON . . . .

Mayor Sloan Strubling and members of the City Council announced this week that they are certain that Throckmorton will have a good gas supply by the middle of October.

The franchise of the Throckmorton Gas Company was revoked August 25, but under another agreement the Throckmorton Gas Company was permitted to continue supplying gas to its consumers temporarily.

## SEYMOUR . . . .

Serious preparations have begun on putting in new improvements on the Seymour waterworks system and in a short time there will be substantial results showing up. One important part of the work has been finished and that is the putting down of concrete piers for the big standpipe. The new standpipe will hold 150,000 gallons against 50,000 for the present reservoir.

## STAMFORD . . . .

Some 300 people have moved to Stamford within the past few months. Mrs. Steve Bennett, secretary of the Stamford Chamber of Commerce estimates. However, some 50 families who have wanted to move to Stamford within the past two weeks, could not find homes and 18 families were turned away in one day, Mrs. Bennett said.

The Chamber of Commerce office has been serving as a clearing house for renters and house-owners, enabling as many people as possible to find homes.

## SNYDER . . . .

To put it mildly, success crowned the efforts of a group of men to stage a first class rodeo in Snyder. Ask almost anyone—rodeo official, spectator, mreechant, cowhands—and you will discover that the Friday and Saturday event, first annual rodeo of the Scurry County Rodeo Association, left a good record.

So successful did this first effort prove to be that officials—President, J. M. Stewart, Ring Director Joe York and Secretary-Treasurer Geo. Parks—are already making plans to stage an even better rodeo next year.

## ANSON . . . .

A census just completed by the chamber of commerce aided by the civics class taught by Miss Hybernia Grace, shows that the population of Anson has increased thirty-one percent since the last census.

The last census showed a population of 2093 whereas the survey just concluded showed a population of 2791 persons living in the city limits.

## LAMESA . . . .

Last week the gins in Dawson Co., announced that this year they would buy no cotton and confine their business to ginning alone. Leaving the buying to be done by the merchants and regular cotton buyers.

This will eliminate "hog round buying" in Dawson county for the cotton buyer must buy on grade and staple, while gins as a rule buy ginning. When this is made a practice over the entire state farmers will again grow the best high grade longer staple cotton and get better price.

# SOCIETY and Club

## Mrs. S. Hassen Hostess To Friends Friday

Mrs. Sahr Hassen who with her husband and children returned recently from a six months visit to her native country, Syria, entertained a number of friends for a tea at her home Friday afternoon.

Guests were greeted by Mrs. Server Leon and were invited to view the many interesting purchases made by Mrs. Hassen while abroad, which were attractively displayed about the rooms. Hand work, pieces of handmade furniture and many tokens were viewed and Mrs. Hassen told how and where they were made.

Guests were invited into the dining room where Mrs. J. U. Fields and Mrs. Wallace Cox assisted in serving from a table overlaid with a lovely lace cloth which Mrs. Hassen told was her favorite purchase as she designed it herself. Red and gold dahlias were used for the centerpiece.

## Double Wedding Ceremony Unites Two O'Brien Couples

In a double wedding ceremony performed at the Methodist parsonage in this city Saturday afternoon at 5 o'clock by the pastor, Rev. R. N. Huckabee, members of four well-known O'Brien families were united when Miss Marie McGreggor became the bride of Rufus G. Andrews, and Miss Ida Bell Hewitt was married to Elton Herman Robertson. All of the contracting parties reside in O'Brien, where the couples will make their home after returning from a brief wedding trip.

## Mattson H. D. Club Will Meet Sept. 30th

Mattson Home Demonstration Club will meet Thursday September 30th at 2:30 p. m. at Mattson. Miss Vaughan will meet with us and talk on "Homemaking." Also a very interesting program is to be planned on "One polite thing I have taught my child." All members are urged to be present. We extend an invitation to all non-club members.

## Norton-Edwards

Sunday morning at 9 o'clock September 26th Mr. Clovis Norton and Miss Mary Bell Edwards were united in marriage at the home of Mr. and Mrs. Floyd Self with Rev. H. R. Whitley, Baptist minister, reading the impressive ring ceremony in the presence of a few close friends and relatives of the couple.

The bride wore a rust tailored dress with harmonizing accessories and a corsage of fallman roses. Her sister, Miss Elione Edwards was maid of honor and Mr. Rogers Curry served as best man.

Mr. Norton is the son of Mr. and Mrs. Clarence Norton who live north of Haskell. He finished high school in Haskell. Mrs. Norton also attended Haskell high school.

Immediately after the ceremony a reception was given. Mrs. Robert Goodwin of Mineral Wells, Miss Maurine Norton, sister of the groom and Miss Maxine Quattlebaum assisted in serving the wedding cake. Out-of-town friends and relatives for the wedding were: Mr. and Mrs. Houston Edwards, Abilene, Mr. and Mrs. Erwin Shoemaker, Seymour, Mr. and Mrs. J. H. Goodwin, Mr. and Mrs. Robert Goodwin and Jesse Goodwin of Mineral Wells.

Mr. and Mrs. Norton will be at home in the Curry Chapel community.

Alvin Chapman of Tulsa, Oklahoma visited in Haskell one day last week.
