

WTC Cowboy wins Canadian national title

Also leading conference in bareback competition

A member of the WTC Rodeo Team—sophomore Kyle Bowers—has brought a national rodeo title back to the campus, winning the Canadian national title in the novice bareback event Nov. 15.

Bowers spent the week of Nov. 11-15 back in his home country of Alberta, Canada at the Canadian Professional Rodeo Association's (CPRA) Finals Rodeo, held in Edmonton, Alberta.

He had qualified to compete in the bareback novice division based upon his performances this past summer at some 30 CPRA rodeos.

The novice division is for rodeo riders age 21 and under who have not yet qualified for their professional card on the rodeo circuit.

To win at the finals, he rode six times—winning

each round of the competition. Prize money for the event totaled \$7,400 plus a new rodeo saddle.

In addition, the win earned him the right to ride at the Professional Rodeo Cowboys Association (PRCA) National Finals Rodeo Dec. 10 in Las Vegas.

That ride won't be for competition but as a promotional event for the Canadian CPRA "representing the novice bareback riders of Canada," Bowers said.

Bowers, a native of Brooks, Alberta, Canada, is also leading the field of regional collegiate bareback riders after the first five fall rodeos for WTC.

He has accumulated 320 points on the year individually for the Number 1 seat.

After winding up competition at the Canadian National Finals on Sunday, Nov. 15, he said he

returned to Brooks, Alberta to spend the night with his family.

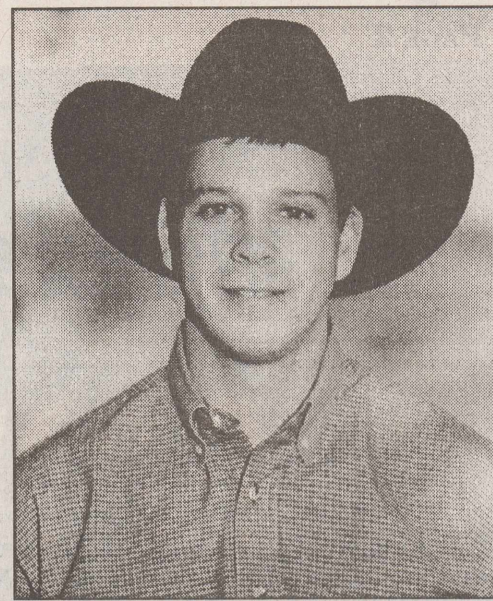

The next day, he began the trip back to Snyder and WTC—driving 24 hours straight to arrive here early Tuesday morning.

"After being away the week before, I had planned to get back to classes Tuesday," he said, "but it turned out I slept most of the day instead."

Bowers is in his third year at WTC.

A rodeo competitor in high school, he was recruited at the high school national finals rodeo by then rodeo coach Todd Danley.

In addition to bareback riding, he has competed as a steer wrestler on the rodeo circuit and has won other large money prizes this semester.

Kyle Bowers wins Canadian national title

Founder's Day honor recognizes service of longtime professor

By Amanda Gutierrez-Baez
Texan Staffer

Dr. Ed Barkowsky, division chairman of the Communications and Letters Division, was honored with the Founder's Day award last Thursday. The annual ceremony is hosted by Phi Theta Kappa.

The honor is given to a member of the faculty, staff or administration who "represents to an outstanding degree one or more of the Phi Theta Kappa ideals of Scholarship, Leadership, Service and Fellowship."

In the presentation, it was noted Dr. Barkowsky was honored because, "he shows the scholarship, leadership, and fellowship that we would like students to achieve."

He was noted as one of the founding faculty members of the Psi Zeta chapter here along with former head of counseling Dr.

Mary Hood, who now heads the Texas Region of Phi Theta Kappa.

He has taught at WTC since the first fall semester, 1971.

Dr. Barkowsky received his bachelor's and master's degrees in English from Texas Tech University.

He received his doctorate from Ball State in Muncie, Ind. He studied also at St. Paul School of Theology in Kansas City, Mo.

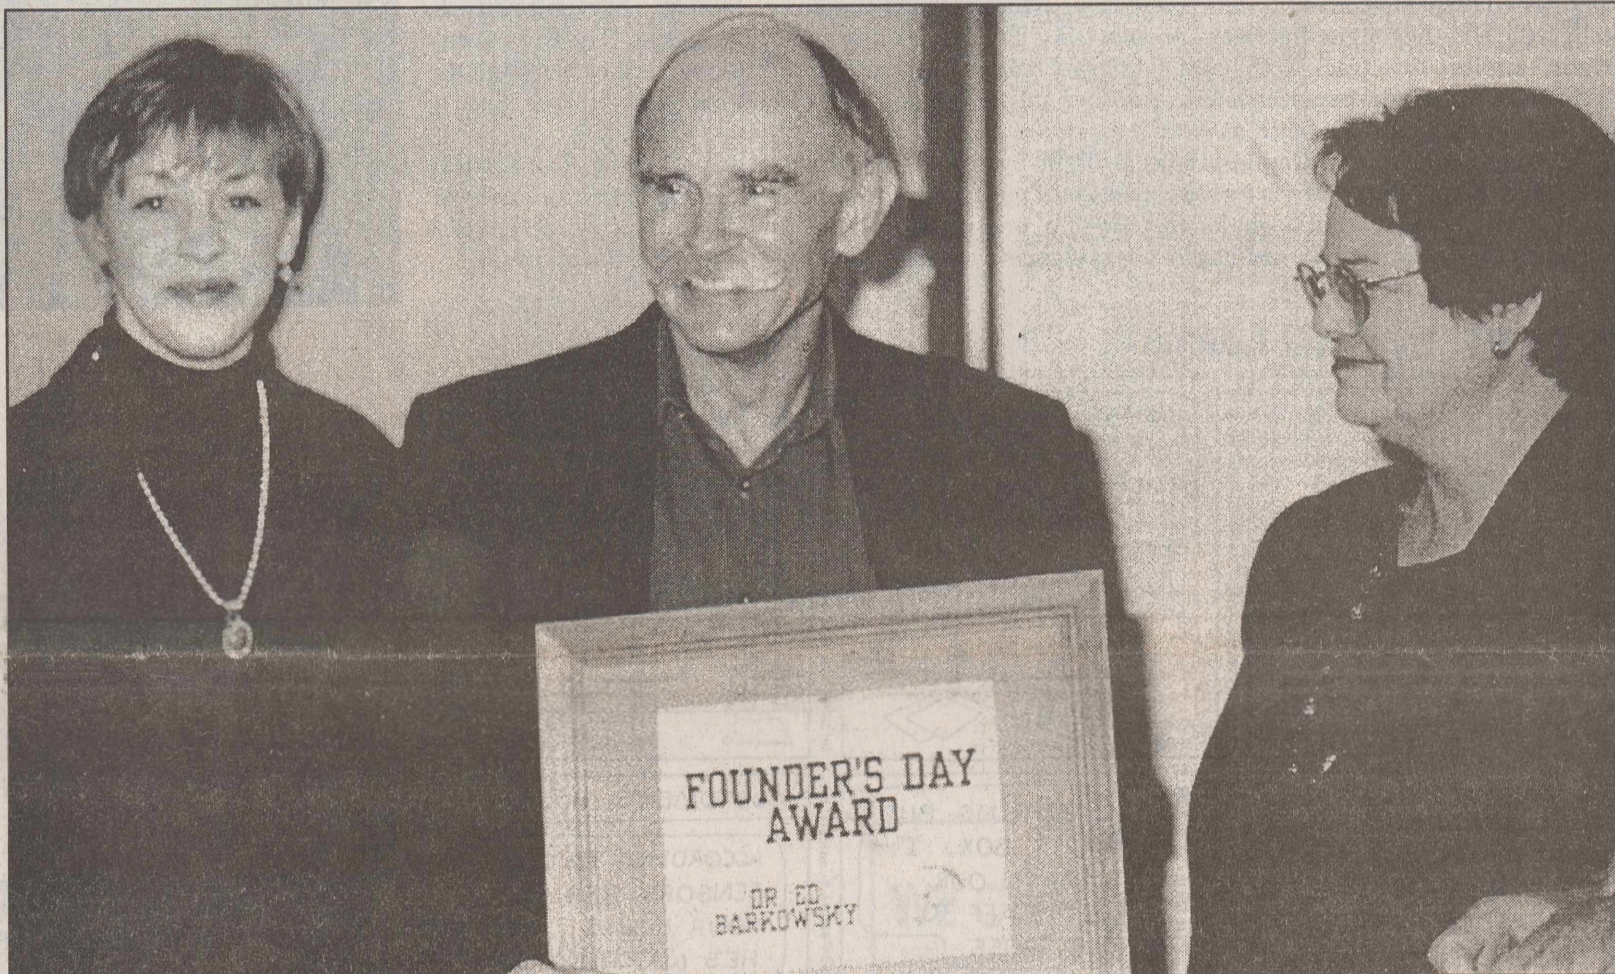

He was born in Dawson County and attended Flower Grove School.

He and his wife, Judy, have two daughters. Holly lives in Lubbock and Leesa lives in New York City.

He is currently the President of the Scurry County United Way and is the past president of the local Girl Scout Council.

The Founder's Day award is

Instructor recognized

The Phi Theta Kappa Founder's Day Award—traditionally a surprise announcement—was presented to Dr. Ed Barkowsky last Thursday. Barkowsky, head of the Communications and Letters Division, is one of the original founding faculty mem-

bers of the local Psi Zeta Chapter. He is shown with his daughter, Holly Bynum of Lubbock, and his wife, Judy, a 3rd grade teacher in Snyder. (Texan Photo by Caitlin Behrens)

170 computers connected . . .

Campus Internet link said near completion

By Reece McCain
Texan Staffer

As the fall semester closes, the connection of some 170 computers on campus to the World Wide Web is being completed.

Currently, WTC is gradually making the conversion from the ISDN line to the T1 line originating from TSTC in Sweetwater.

The process was slowed during the semester as TSTC was required to increase its ability to provide the T1 service. The conversion process on campus began Nov. 13.

As of last week, T1 Internet access had been provided at the Workforce Development Center, with 20 classroom computers and 10 office computers, and to the 22 computers in the Computerized Business Technology lab in Bldg. 7A.

Several faculty offices had been wired as well.

When completed, the largest groupings for students will include the Learning Resource Center with 31 computers.

Other sites will include 20 in the English computer labs in Bldg. 7B; and 16 in the Fine Arts computer lab in the Fine Arts Building.

Select classrooms to receive six or less computers this fall include the mass comm newspa-

per lab in the Student Center, the nursing classroom in Bldg. 7C, one classroom in Bldg. 2B and the ag classroom in Bldg. 7A.

The Administration Building will gain 16 Internet hook-ups for office use and almost all other campus offices involving faculty and staff will also be wired for the Net.

Approximately 100 computers will be available to students

Distance class schedules set

By Amanda Gutierrez-Baez
Texan Staffer

This spring will be the first time WTC sends out academic courses for credit from its new distance learning facilities and five classes have been scheduled.

Three of the classes will be during the day and two at night. The day classes will be computer science, government and speech and the night classes will be college algebra and world geography.

Day class times will be: COMP 1300, TTH 8-9:15 a.m.; GOVT

Former student names college as beneficiary

By Melissa Garvin
Texan Staffer

WTC has become the primary beneficiary of an annuity policy following the death of a former student.

The policy, left by Kelly L. Everton, directs that WTC receive monthly payments of \$150 beginning in May of 1999 through September of 2013.

The donation will be spread over more than 170 payments and will equal almost \$26,000 before interest is figured in.

The moneys will ultimately be used as a memorial scholarship fund.

Miss Everton died March 16, 1998, following health problems in Monroe, La., where she was doing graduate studies at Northwest Louisiana University in substance abuse counseling.

She was a graduate of Snyder High School in 1979. She first attended WTC in the fall of 1979, and returned to the college in the summer of 1990, earning her associate of arts degree in the fall of 1992.

Miss Everton went on to earn a bachelor of science in human development and family studies from Texas Tech University, where she graduated Magna Cum Laude.

Upon learning of her donation to the college, several instructors as well as former class mates remembered Kelly Everton—often pointing out her mode of transportation while here—a motorcycle.

It was described by former creative writing teacher Bill McGlothing, now at Seward County Community College in Liberal, Kan., as "a fairly significant machine."

He remembered Kelly as "replete in her apparel with full leathers and helmet."

It was a motorcycle accident that Kelly was involved in that

Soft drink contract brings campus bucks

By Shannon Null
Texan Staffer

Have you noticed the new Coca-Cola machines on campus?

They are the result of a new 10-year exclusive contract signed by WTC with the Southwest Coca-Cola Company.

Under the contract, all vending machines on campus will now sell only Coca-Cola products.

The contract also generated a \$30,000 check from the company and this money will be spent on a variety of student-related needs.

Among the items purchased with this money are the new scoreboards for the WTC gymnasium, support braces for a volleyball net to be used there for intramurals and the new logo art work on the gym floor.

Other items include rain gear for the golf team, 15 new horse stalls at the WTC Rodeo Arena and a big screen television for the dorm.

WTC is also planning to replace the Christmas tree in the courtyard at the end of this holiday season.

The Coca-Cola Company also contributed to WTC some \$1,500 worth of its Power Aid soft drink, bottles, coolers, and a cooler pack to be used for the woman's basketball team and intramural

sports.

Also, for the next 10 years WTC will receive \$2,000 from Coca-Cola to establish a general education scholarship.

WTC will receive also a 20 percent commission on all Coke sales on campus.

While vending machines on campus are now exclusively Coke products, the cafeteria and the bookstore will continue to sell other products since these operations are contracted by the college.

Cheerleaders fill empty spot

By Amy Lester
Texan Staffer

Cheerleader and mascot try-outs were held on campus Nov. 10 to fill one empty spot and three alternate positions.

The new member is Mary Highy from Snyder. She is the daughter of Laurie Grinslade and is a freshman at WTC majoring in education. She had previously been a high school cheerleader.

Named first alternate is Amanda Wells from Snyder. She is the daughter of Glen and Connie Wells. She is a freshman at WTC majoring in physical

WTF music reviews

by Chris Halbert

New Offspring album fails to lead band in new directions

The Offspring - *Americana*

Move along, folks, nothing new to see here. It's just the second major-label release from the Offspring entitled *Americana*. What I mean by this statement is that this new CD is pretty much what we've come to expect from the Offspring. Nothing surprising, nothing to shock you, just another fast-paced ride through a social commentary of sorts as only the Offspring can do it.

After extreme success with their breakthrough album, 1994's *Smash* (with some help from the radio-friendly "Come Out and Play," and "Self Esteem"), along comes their major-label debut, 1997's *Ignay on the Hombre*, accompanied by poor reviews and legions of "fans" proclaiming the Offspring sellouts. (Note: "sellouts" are regarded these days as any artist who sells over 10 albums.) Enter 1998's *Americana*, a typical showing for the Offspring, with plenty of catchy grooves to get you hooked, starting with the first release from this CD, "Pretty Fly (For a White Guy)," offering a comical and accurate description of so many youths these days. I must say, this song could be mistaken for a complete sell-out song, but again we refer to the definition of sellout.

'The overall theme of this album seems to be suburban America and the its effects on society today. The Offspring convey their view of the current state of the union, blending fast guitar work, catchy riffs, and the tongue-in-cheek sarcasm the Offspring are known for.'

The overall theme of this album seems to be suburban America and the its effects on society today. The Offspring convey their view of the current state of the union, blending fast guitar work, catchy riffs, and the tongue-in-cheek sarcasm the Offspring are known for. Songs like "The Kids Aren't Alright," and the title track to the album offer a bleak view of suburban America as seen through the eyes of those who have experienced it. Another cut, "Why Don't You Get a Job?," is another piece of sarcasm, yet it speaks the truth as well.

Americana is not a ground-breaking album by any means, nor is it the beginning of an entirely new musical revolution, but it is a good collection of punk songs, and offers some laughs here and there. The Offspring haven't tried to shake anything up, previously, or with this album, but you do get just about what you'd expect. So how is the new Offspring album? About as good as all the others.

WTF sneak previews

by Gene Siskel

Our FLICK OF THE WEEK is the frantic techno-thriller "Enemy of the State," in which a Washington labor attorney (played by Will Smith) is unknowingly caught up in the plot of rogue government agents to sabotage a congressman's (Jason Robards Jr.) attempt to protect the privacy of American citizens.

The tug-of-war is played for lethal stakes, as a National Security Agency administrator (Jon Voight, who continues the reinvigoration of his career) squares off against an ex-NSA operative (Gene Hackman, who forms a reluctant partnership with Smith). But even with this high-powered cast, this is not a film about characters. It's about action and high-tech images, as we witness a parade of gadgets that can invade phone calls, computers and financial records, and can even track movements through building walls. All this is played out at a furious pace and ear-splitting volume, consistent with the previous output of the production team of Jerry Bruckheimer and the late Don Simpson, working with director Tony Scott ("Days of Thunder," "Top Gun," "Beverly Hills Cop II"). Where the film does work is with its graphic presentation of those privacy-invading devices, which leads me to think of renaming this film "I Know What You Did Last Summer- and Every Waking Minute Since." If the creation of paranoia is entertainment, "Enemy of the State" works. R. 3 stars.

CELEBRITY. Not quite the biting commentary on our celebrity-obsessed culture that one would expect from Woody Allen. It may be that he's simply too late tackling the subject. Allen does not appear in the picture, but in a daring bit of casting Kenneth Branagh plays the neurotic, self-absorbed Allen role, a celebrity journalist and would-be screenwriter, who's more interested in 15 minutes of a sexual relationship - with anyone - rather than the proverbial 15 minutes of fame. In pursuit of this goal, he encounters four women while having to deal with his ex-wife (Judy Davis). R. 2-1/2 stars.

MEET JOE BLACK. Brad Pitt stars in one of the year's most romantic and entertaining pictures, playing the angel of Death in an update of the 1934 fantasy "Death Takes a Holiday." Hoping to learn more about mortal life, Pitt takes as his tutor a billionaire businessman (Anthony Hopkins), and also finds himself falling for the man's daughter (Claire Forlani). Both stories work well, making "Meet Joe Black" an unusually rich entertainment that poses the thought-provoking question, what if we met Death face-to-face?

And what Hopkins learns from Pitt is to pursue love and passion everywhere in life. PG-13. 3-1/2 stars.

Dusters host Ranger Saturday at 3 p.m.

By John Gutierrez
Texan Staffer

Going into the weekend, the Lady Dusters were 3-2 for the year with games to play Friday and Saturday at the Frank Phillips Tourney in Borger.

The Dusters aren't scheduled to play again until this Saturday, an after-Thanksgiving matchup with Ranger Junior College at the Scurry County Coliseum. That game will start at 3 p.m.

Two more home games will follow versus the Hardin-Simmons JV Dec. 1 and the Wayland Baptist JV Dec. 7, both in the coliseum.

The team plays in the San Jacinto Classic at Houston Dec. 11-12, then will take a short Christmas break before resuming play Jan. 2, 1999.

After back-to-back opening wins versus Cisco and the Lubbock Christian University JV, the Dusters won one and lost one at the Texas JUCO Round-Up at

Wichita Falls, then lost to Cisco in an away game Nov. 16.

The lost to Cisco was a close contest, ending with Cisco 62 and the Dusters 56.

Cisco led the first half with 29 points as the Dusters trailed behind by 1. During the second half, Cisco outshot the Dusters 33 points to 28.

For WTC, high point shooter with 11 points was Latasha "T" Vizarrondo.

"Our shooting was just cold," said Coach Valery Jackson.

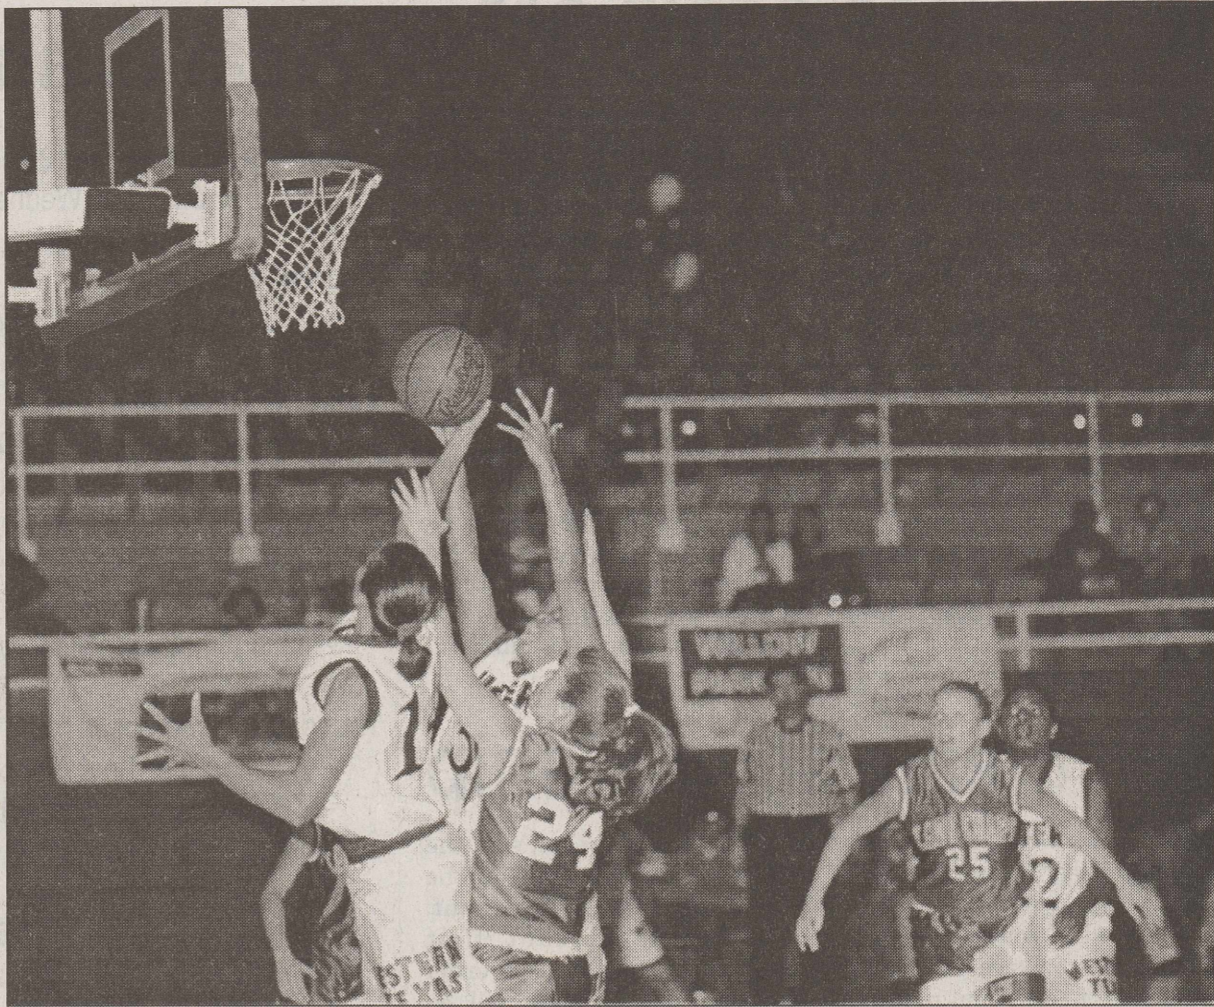

"I think we went in too confident after beating Cisco at home."

The Dusters had no problem defeating the LCU junior varsity Nov. 9—another home crowd victory. Final score was 90 to 28.

The Lady Dusters led the first half with 34 points over the Lady Chaps' 11.

During the second half, the Dusters added to their lead with 56 points.

Lead scorer was Erica Garvin with 13 points. Also in double

Duster blow-out

Heather Moon goes for the layup to assist the Dusters in their 90-28 win over Lubbock Christian University JV in basketball action at the Scurry County Coliseum Nov. 9. (Texan Photo)

figures was Mary Cavazos, Crystal Williams and Christy Wells with 11 each; and Kathy Tran, Heather Moon and Rosalind Lawrence with 10.

Both Kathy Tran and Heather Moon had two 3-pointers.

At the Texas JUCO Round up at Midwestern State, the Lady Dusters stomped Temple with a score of 79 to 54.

During the first half, the Dusters pulled ahead 42 to 30, and during the second half the Dusters held on tightly to their lead—outscored Temple 37 to 24.

Lead scorer was Latasha "T" Vizarrondo with 19 points. Other top score makers of the game were Christy Wells and Pam Odhuong'O, both with 11, and

Erica Garvin with 10.

The Lady Dusters lost to Kilgore in their second game of the tournament—their first defeat of the year. Final score was

Kilgore 85, Dusters 73.

For WTC, the lead score maker was Pam Odhuong'O with eight 2-pointers. Mary Cavazos managed three 3-pointers.

Golfers place 4th, 6th

By John Baez
Texan Staffer

The Westerner Golf Team ended the fall season with a positive note two weeks ago by placing both teams entered into the Top 10 at the New Mexico Military Invitational. The Green team took 4th and the Blue team took 6th place.

Green Team players scores were James Higdon of San

Angelo Lakeview, 70-70 (140); Jason McGrath of Ontario, Canada, 76-70 (146); Kory Williams of Stanton, 77-74 (151); and Brad Nutt of Bastrop, 79-79 (158).

Blue Team scores were Martin Gustafson of Sweden, 69-70 (139); Cory Mahaney of Tulia, 75-75 (150); Chad Sauntry of Missouri City, 76-81 (157); and Regi Roberts of Coahoma 79-80 (159).

Rodeo team boasts top contenders

Individual leaders in rodeo events have been announced for the fall term and WTC's men have strong contenders in the roughstock events including the Top 2 cowboys in bareback riding and the Number 1 cowboy for bull riding.

In the bareback, WTC's Kyle Bowers of Brooks, Alberta, Canada leads the field with 320 points on the year—honors in addition to his recent win at the Canadian National Finals Rodeo (see related story)—followed by teammate Wes Steveneson of Kaufman with 257.

For bull riding, Casey Baize of Wall is in 1st place with 180 points from five rodeos. In addition, teammate Wesley Dinwiddie of Ft. Madison, Iowa is tied for 9th/10th with 60 points. For calf roping, Dee Bland of Hawley is in 4th with 112 points.

Two WTC women's team members are in the Top 10 for barrel racing, Talina Bird of Post is in 7th place with 87 points and Terra Bynum of Snyder is in 9th place with 77.5.

Four WTC team members are among the Top 15 for breakaway roping, Jill Childers of Durant, Okla. in 7th and Talina Bird in 8th place with 87 and 77 points respectively.

In the same event, Lauren Middleton of Big Spring is in 14th place and Terra Bynum is tied for 15th place. Their individual point totals are 42 and 40.

WTC also has a group of competitors ranked in goat tying. Terra Bynum is in 5th with 102 points; Jill Childers is in 7th with 75; and Sequin Downey of Amarillo is in 9th with 60 points.

Rosalind Lawrence battles three defenders for a pass. (Texan Photo)

April Walker and Heather Moon put some pressure on the LCU offense. (Texan Photo)

Creative writing class again set

By Amy Lester
Texan Staffer

A Creative Writing course will again be offered at WTC in the spring of '99, this year under a new instructor.

Sandra Hall will be teaching the class on Wednesday nights from 6:30-9:20 in room 7B101.

Hall had her work published in the '95 "Aquifer" where she had 3 entries and again in the '96 "Aquifer" with 4 entries.

She has also been published in the '96 and '97 issues of the ASU literary magazine, "Oasis".

Hall took two creative writing classes with former WTC English instructor, Bill McGlothing,

while attending WTC, and received an award for outstanding creative writing student in 1996.

McGlothing had traditionally taught the course in the fall, but he moved before the fall semester resumed.

Now, Hall has taken the program under her wing and has decided to offer the course this spring.

McGlothing is currently teaching at Seward Community College in Liberal, Kansas.

McGlothing was implemented in the fall of '90 to help with submissions for the first issue of the "Aquifer."

The "Aquifer" is a literary

magazine published by the English department each spring. Entries for the magazine include poetry, short stories, essays, art, photography, graphic design. A new category has been added this year for journal entries. Entry deadlines will be announced in the spring.

Hall adds that teaching the class will also be helpful with her thesis work in Creative Writing at ASU.

The Creative Writing class will transfer to most colleges as a 3 hour sophomore elective in English and is open to both traditional and nontraditional students.

Student gift will create scholarship

Continued From Page 1 brought about the annuity policy which she left to WTC.

Anne Overhulser of Snyder, a close friend and fellow student at WTC, remembers her as being "an amazing person. I learned a lot from her."

Anne also said that Miss Everton had many hardships in her life. Problems with her eyes caused her to have 13 surgeries, the loss of sight in one eye, and steadily decreasing sight in her one good eye.

While attending WTC, Miss Everton was a frequent contributor to the literary magazine "Aquifer," submitting several essays, short stories and poems.

McGlothing remembered her work by saying, "She was an earnest, inquisitive, and probing writer. It seems to me she was always exploring the eye at the center of the hurricane, the calm in the center of the turmoil. Perhaps that is why she wanted to be a substance abuse counselor."

The first issue of the Aquifer

contains a personal essay by Miss Everton called "It Happened One Spring."

In it she writes, "Death catches us unaware. I have always tried to say what needs to be said because I know how quickly the last chance slips away."

Kelly Everton's bequest to WTC will be turned into a memorial scholarship and WTC Presi-

dent Dr. Harry Krenek said the funds will be deposited to the scholarship foundation account.

When the account first reaches \$2,000, the Kelly Everton Memorial Scholarship will be established. Interest monies derived from the balance will then be given as student scholarships.

Krenek said of her gift to WTC, "We can only assume she had a very good experience here."

DL classes slated for spring term

Continued From Page 1 2305, MWF 9-9:15 a.m.; and SPCH 1315, MWF 11-11:50 a.m.

Night class times will be: MATH 1314, Wednesday, 7-9:50 p.m.; and GEOG 1303, Thursday, 6:30-9:20 p.m.

In addition, the spring class schedule for classes from Midwestern University in Wichita Falls has been announced.

These will be MGMT 3013 (Organizational Behavior), meet-

ing a Monday-Wednesday schedule from 5:30-6:45 p.m.; and POLS 4953 (Public Personnel Administration), meeting Tuesday from 6:30-9:15 p.m. POLS 4953 will begin in February since it is on a trimester schedule.

Along with these classes, WTC will also receive two classes from the Stamford distance learning lab. These classes will be taught by an adjunct WTC instructor, Markay Rister.

Final Exam Schedule

- Wednesday, December 2**
—6:30 Exam Time, Wednesday Evening Class Time.

—10 a.m. Exam Time, 11-11:50 p.m. MWF Class Time.

Gym floor near ready

By Elizabeth Covey
Texan Staffer

Installation of the new gymnasium floor in the WTC Health/Physical Education Building was completed the first week of November.

The gym had been closed since the beginning of the fall semester, causing the relocation of several PE classes.

Bids for the gym floor were let last summer. Low bidder was Ponder Company of Amarillo at a cost of some \$55,000.

The total project cost is set at some \$70,000 which includes a new scoreboard clock and striping of the gym floor.

In addition, the WTC logo has been painted in the center court.

The renovation project has set the stage for relocating Lady Duster basketball games to the on-campus gym beginning with the spring semester.

Swimming pool repair finished

By Shana Parkerson
Texan Staffer

The WTC swimming pool is now open and back to normal as of Monday, Nov. 16, after having water leak problems most of the semester.

The leak caused a steady drop in the pool's water level which in turn caused a problem with the water heating system which was having to work constantly to heat the new cold water being pumped in.

As a result, the water temperature has been much colder than normal, noted swimming instructor Mike Harrison.

The firm American Leak Detection, after several trips to the campus, ultimately pinpointed the source of the leak and the repairs were completed during the weekend of Nov. 14-15.

"It seemed like one thing kept happening after another but everything is fixed now and it is ready to be used," Harrison said.

PTK honor presented

Continued From Page One given in memory of the 1918 founding of Phi Theta Kappa at Stephens College in Missouri. The award has been a tradition of WTC since 1983.
