ABSTON ASSURED NEW TRIAL BY RULING OF COURT ON WEDNESDAY

Court of Criminal Appeals Turns Down Application For Rehearing

Clarence (Puny) Abston, convicted and sentenced to death for his complicity in the murder of Rebecca Coursey at O'Brien last year, was assured a new trial Wednesday when the Court of Criminal Appeals at Austin refused to grant a rehearing on a previous opinion of the court which reversed and remanded the case.

Abston's appeal for a new trial was granted by the appeals court several weeks ago.

He will again face a jury on the same charge of murder, set in a Grand Jury last year, at a date to be set by District Judge Dennis P. Ratliff after the mandate from the higher court is received here. Unless a special term of District Court is called, Abston cannot be arraigned before April 15 when the next term of District Court convenes here.

It is the general opinion of court officials that trial of Abston will be transferred out of the 39th district due to the widespread publicity given trial of the case here last summer.

In County Jail

Abston and C. Matura, also convicted for the murder of Miss Coursey, and likewise given the death penalty, were returned to the Haskell county jail Sunday from Fort Worth by Sheriff Giles Kemp. The two had been confined in the Tarrant county jail since their conviction.

Matura's death sentence was recently upheld by the appeals court, and an application for a new hearing on his case is now pending. If this is denied, date of his execution will be set at a District Court session in Aspermont, where he was tried and convicted.

Fifteen Members Scout Troop 35 Visit Stock Show

Fifteen Scouts from Troop 35, Haskell, made a two-day trip to the Southwestern Exposition and Stock Show at Fort Worth the first of the week, accompanied by scoutmaster A. D. McClintock.

The group of Scouts left Haskell at 8 o'clock Sunday morning and returned Tuesday evening. Among the places visited in Fort Worth were the Burrus Mills, Westgate Hotel, the Fat Stock Show, Airport at Meacham Field, Packing Co., Forest Park, Trinity Park, Montgomery & Company and the WBAP Broadcasting Station where they visited the Light Crust Doughnut and Bewley Chuck Wagon.

In their programs over the week the Haskell group was instructed on both programs. They had the privilege of staying in Camp Leroy Sherman near Fort Worth, the Boy Scout Camp at that district, and the courtesy of the visitors was thoroughly appreciated and enjoyed. They had the use of several canoes on a log cabin which was one of the features of the trip well worth their time.

With Mr. McClintock the following Scouts made the trip: Holman, Hunter, Dan Oates, Leon Stone, Cullen Heath, Theo Moore, Lawrence Carr, T. R. Odell, Roy McClintock, Dan McClintock, Curd Ballard, Veltan Moore, Eugene Rogers, Buster Gholson, T. J. Watson.

Letter men who will return to the squad this year are: Lon McMillin, Eugene Rogers, Marion Josselyn and Zeldon Thomason, backs; Sam Henshaw, Eulis Hayes and Claud Jenkins, ends; Robert Thompson and Fred Barnett, tackles; Jimmie Crawford, Jack Simmons and J. C. Scott, guards.

1937 Schedule

The Indians 1937 schedule, as arranged at the present time, with possibly two open days is announced as follows:

- Sept. 24—Seymour at Haskell.
 - October 1—Rule at Haskell.
 - Oct. 8—Crowell at Haskell.
 - Oct. 15—Roby at Haskell.
 - Oct. 22—Anson at Haskell.
 - Nov. 5—Albany at Albany.
 - November 12—Hamlin at Haskell.
 - November 25—Stamford at Stamford.
- The Anson, Albany, Hamlin and Stamford games will be conference affairs.
- At least one, and possibly two games will be added to this schedule, officials stated, with the Indians playing a non-conference game on Sept. 17th, if it can be arranged.

DISTRICT OFFICE W.P.A. APPROVES STADIUM PROJECT

Project Includes Beautifying Schoolgrounds In City

Erection of a modern football stadium on a site near the High School, and beautification of grounds surrounding the city's three school buildings is almost assured, local school officials believe, following the approval this week by the district WPA office in Wichita Falls of an application for WPA aid in the \$7,000 project. The application is now pending in the State office.

As proposed, the stadium would be of concrete construction, with six tiers of seats running for a distance of 120 feet on each side of the football field, and would be located just east of the new grammar school building. The three- and one-half acre field would be enclosed with a wire mesh fence.

Present lighting equipment owned by the school would be removed from Fair Park to the new field when completed, and other improvements made.

The beautification program would embrace the landscaping and sodding with Bermuda grass of grounds surrounding the High School, North Ward and South Ward buildings, and the tennis grounds east of the high school.

Of the estimated cost of the project, the application calls for \$4,000 in WPA funds, with local sponsors defraying the remaining cost of the improvements. Value of the grounds, present lighting equipment, etc., would be included in the \$3,000 total to be borne by sponsors.

SPRING PRACTICE FOR INDIANS WILL START ON MONDAY

Training Period Expected to Round Out Prospective '37 Squad Members

A six-week schedule of Spring practice for prospective members of the 1937 HHS Indians will be started Monday afternoon, March 22, Coach Perry Mason announced this week.

With twelve letter men returning this year, and good material available from the grade schools, prospects for the '37 team appear bright at this time, and the Spring practice is expected to develop some of the newcomers into strong contenders for first string places. Between thirty and thirty-five men are expected to report for practice Monday, including letter men.

The spring practice will give us some idea of the nucleus from which next fall's team must be built, and with several tough games scheduled—especially those by Seymour and Crowell from outside our district—I believe in getting an early start," Mason said in announcing the spring workouts.

Letter men who will return to the squad this year are: Lon McMillin, Eugene Rogers, Marion Josselyn and Zeldon Thomason, backs; Sam Henshaw, Eulis Hayes and Claud Jenkins, ends; Robert Thompson and Fred Barnett, tackles; Jimmie Crawford, Jack Simmons and J. C. Scott, guards.

New District Farm Agent Is Visitor Here

J. A. Scofield of Wichita Falls, successor to B. F. Vance as district farm agent for the Texas A. & M. college extension service, will spend this afternoon and tonight in Haskell on a tour of the district for the purpose of making the acquaintance of farm agents and their assistants.

Appointment of Mr. Scofield to succeed Vance was announced Monday. Vance, in turn, takes the position of assistant administrative officer at College Station which Scofield had held during the past several months.

Mr. Scofield's itinerary today also carried him to Guthrie, Aspermont and Benjamin in addition to Haskell.

MEMBERS ELECTED FOR CONSERVATION BOARD OF COUNTY

M. E. Carothers of Rule Is Named President; W. S. Grimsley Vice-Pres.

At a meeting of the Agriculture Conservation Board in Haskell last Monday, Mr. M. E. Carothers of Rule was chosen president of the board and W. S. Grimsley of Weibert as Vice President. Mr. V. F. Bunkley of the Ericsdale community will be the third member of the county committee. Mr. M. A. Bumpass of O'Brien and W. E. Bland of the Center Point community, the other two members of the county board, will serve with Mr. Carothers on the appeals board.

At a series of meetings last week the following men were selected as community committeemen to administer the 1937 Agriculture Conservation program in Haskell county:

In the Weibert district W. S. Grimsley, Grover C. Jones, and Roy Weaver as committeemen and Preston Weinert, Elbert Mapes, and E. R. Lowe as alternates.

In the Howard district V. F. Bunkley, Roy Overton and J. F. Trimmer as committeemen and D. R. Livengood, John R. Bray, and R. L. Medford as alternates.

In the O'Brien district M. A. Bumpass, Terry L. Roberson and William D. Johnston as committeemen and Scott Hutchens, Ross Oliver and Roy Tankersley as alternates.

In the Center Point district W. E. Bland, W. J. Pilly and W. E. Johnson as committeemen and R. T. Jeter, J. W. Culpepper and Nathan Foster as alternates.

In the Midway district M. E. Carothers, C. G. Burson, Jess L. Bell, C. C. Committeemen and W. M. Underwood, Roy Sellers and A. T. Fouts, as alternates.

Court Term In Kent County to End Next Week

Trial of several suits involving title to tracts of land in Kent county occupied the time of District Judge Dennis P. Ratliff and court officials of the 39th district several days this week, during the regular term of District Court now in session at Clairmont.

The current term of court will be completed next week, ending the regular four-weeks March term.

Very few new criminal cases have been cleared from the docket. Report of the Grand Jury for the term revealed that very few law violations, court officials stated.

Contested civil actions have consumed a major part of the court term, and with disposal of these cases the Kent county docket will be cleared of a number of suits which have been pending for a considerable time.

Cotton Growers Association To Name Directors

Saturday March 20th is District Convention Day for the nomination of candidates for Director of the West Texas Cotton Growers Association for 1937-38, according to announcement made this week by the West Texas Cotton Growers Association.

Mr. B. Walters of Rule is president of the association, and will be in charge of the election, which is to be held at the courthouse in this city Saturday afternoon at 3 o'clock.

All members of the West Texas Cotton Growers Association in this area are urged to be present and to take part in the election of candidates from this district to the Annual Members' Meeting to be held April 13th at the Courthouse in Abilene.

REGULAR MEETING OF CITY COUNCIL IS BUSY SESSION

Clean-Up Campaign, Audit of Books, and Delinquent Taxes Discussed

Further plans for the City-Wide Clean-Up to be observed during the first ten days in April were mapped at the regular semi-monthly meeting of the City Council Monday night, along with the transaction of several other business matters.

During the clean-up campaign, the City will provide a truck or wagon to haul away all rubbish and trash without cost to property owners, it was decided by aldermen. Rubbish must be piled conveniently to alleys or streets, however.

City Water Superintendent Gilstrap was instructed to replace 108 feet of sewer tile with cast iron pipe, where the sewer line as originally installed, passes in the vicinity of water wells south of the square.

Mrs. Reynolds Wilson was appointed to serve as clerk during the City Election to be held April 6th, in the place of Mrs. Gene Smith, originally named to this position.

City officials also approved a contract with R. V. Robertson of this city for an audit of the City's records for the twelve-month period from April 1, 1936 to March 31, 1937.

City Attorney F. M. Robertson discussed the delinquent tax problem with the city officials, and suggested that suits be filed for collection of these taxes, which at the present time aggregate \$45,000 covering the period from April 1, 1920 to the present date.

To enforce dog tax. Following numerous complaints, regarding stray dogs city officials decided to seek a rigid enforcement of the ordinance providing for an annual tax on dogs within the city limits. Owners will be required to pay a yearly tax of \$1.50 for male and \$2.00 for female dogs kept in Haskell, according to the terms of the ordinance. License tags for the animals may be secured from the City Secretary or City Marshal.

Other business transacted included the approval for payment of bills against the city amounting to approximately one hundred dollars.

Present for the meeting were Mayor F. G. Alexander, City Secretary Coburn, City Attorney F. M. Robertson and Aldermen John S. Rike, J. W. Gholson, and John V. Davis.

Parking of Livestock on Square To Be Prohibited

Parking of trucks and trailers containing livestock around the public square is in violation of a City Ordinance which will be enforced in the future, City Marshal Sebo Britton stated today.

Enforcement of this ordinance was discussed at this week's meeting of the City Council, after complaints of the nuisance had been made by a number of persons, the officer added.

Cooperation of farmers and livestock buyers is urged by the city officials, in complying with the terms of the ordinance. Penalties will be assessed against all persons, who violate the ordinance in the future, the marshal warned.

Mattson School Officials Visit School at Quail

School trustees and members of the faculty of Mattson Rural High School, accompanied by several school patrons, journeyed to Collinsworth county today, where they will inspect the plant and building of the Quail Rural High School, the largest in the state. They will spend the entire day on their tour of inspection, and the local teachers will also visit classes in the host school.

Principal purpose of the trip is to get first-hand information concerning the type of construction best suited to the needs of the largest rural high schools and estimates as to costs of the structures.

CHAMBER OF COMMERCE PROJECTS FOR 1937 WILL BE STUDIED AT MEETING OF DIRECTORS TUESDAY

Work on Highway 120 and Encouragement Dairying Will Be Recommended

Former Resident of Haskell Dies Wednesday Night

Directors of the Haskell Chamber of Commerce will consider at their next regular meeting, to be held Tuesday afternoon, March 23, the outlined program of objectives to be sponsored by the organization during the coming twelve months, and will study a proposed budget covering anticipated revenues and expenditures for the same period.

These two matters were discussed at length this week when the directors held their first meeting on Tuesday, but due to the absence of Dr. T. W. Williams, president, and Ralph Duncan, secretary, who is ill, only a tentative outline of the business matters was studied.

It was unanimously agreed, however, that one of the main objectives of the new year's program would stress all possible support of the local Chamber of Commerce toward an early completion of Highway 120, the county's major unfinished highway project.

The organization will also lend encouragement to furthering the development of dairying within the county, as an added means of diversification and increased farm revenue, the tentative program revealed. Agricultural and livestock problems affecting the farmers of this trade territory will be studied closely as another phase of the program, in order that business men may cooperate with farmers in a greater degree to solve these problems.

Trade extension and civic development will also occupy a prominent place in the program, directors agreed, and a comprehensive advertising campaign stressing the resources of this section and Haskell county will likely be adopted.

Suggestions will be warmly appreciated by members of the committee who will prepare the program, and members of the organization are urged to offer any plan they believe most needed by Haskell and this trade territory to C. of C. officers or the following committeemen: Courtney Hunt, O. E. Patterson, Chas. E. Smith, J. D. Montgomery, H. C. King, N. I. McCollum. Cooperation of members in this respect will insure a well-rounded program of objectives for the coming year, and will also serve to unite the entire membership for concerted action during the next twelve months.

A full report of the organization's activities during the first year of its existence, as of March 1, 1937, is now being prepared and together with a financial statement of receipts and expenses will be made public at an early date.

'37 SOIL PROGRAM GIVEN APPROVAL OF COUNTY FARMERS

Over One Thousand Sign Work Sheets Since March First, Agent Reports

Close to a thousand farmers have signed Work Sheets since March 1, and from seventy-five to one hundred are signing each day. At the present rate the signing of Work Sheets in Haskell county will be completed in about ten days. These forms put farmers in line for compliance under the 1937 Agriculture Conservation program.

This program is designed to encourage farmers to reduce their soil-depleting crops such as cotton, corn, grain sorghums and small grain, and increase their soil-conserving crops and practices. This will not only help to preserve the soil for future generations but tends to reduce the production of cotton, which automatically holds the price up.

The State Agriculture Conservation board has informed county agent B. W. Chesser that all farmers who intend to graze or plow under small grains this spring and count this acreage as soil-conserving should designate those acres with a member of the county committee before April 15.

Elmer C. Watson Re-elected Head Mattson School

Elmer C. Watson will again head the Mattson Rural High School as superintendent during the 37-38 school term, following his re-election at a meeting of the Board of Trustees of the district held recently.

Mr. Watson's work during his first year as superintendent of the school district, which is one of the largest in the county, was highly praised by the trustees in renewing his contract. Mr. Watson is a veteran educator of this section, having taught in various schools of the county for the past seventeen years.

Prior to assuming the position of superintendent of the Mattson Rural High School when it was created last year, Mr. Watson had taught the Roberts school for several terms.

Faculty of the Mattson school is composed of the following in addition to Mr. Watson: Miss Gladys Crume, Miss Naomi Dawson, Miss Henrietta Ferrin, Miss Reta Mae Guess, Mrs. Stanley Furrh and Mrs. Rod Clifton.

Misses Ola Belle Kennedy, Eloise Couch and Eleanor Foote spent Monday in Wichita Falls.

District Meeting Lions Clubs to Be Held Here Apr. 27

Date for the District Meeting of Lions Clubs has been changed to Tuesday April 27th, in order to avoid conflict with a zone meeting of Lions to be held in Breckenridge April 13th, original date for the Haskell meeting.

Local Lions at their regular meeting Tuesday, were told by George Thompson of Sweetwater, zone chairman, they could expect a large attendance at the district affair. Mr. Thompson, addressing the club briefly, said that representatives from every Lions Club in the district were already making plans to attend the meeting here.

A. L. Alford of Abilene, head of the dairy development division of the Western Produce Company, was also a guest at the meeting, and gave an interesting talk on the possibilities and importance of developing the dairy industry in this section.

With several new members present, attendance at Tuesday's meeting was the best in several months. Next meeting of the Club will be held Tuesday, March 30, at which time committeemen in charge of the program for the District Meeting will give their report.

Little Kathryn Davis, daughter of Mr. and Mrs. Tom Davis was able to be brought home from the Stamford Sanitarium Tuesday after several days treatment there for peritonitis. She is improving slowly.

R. P. Barnard and son Joe of O'Brien, were in Haskell on business Friday. Mr. Barnard stated that the recent rains in his section had materially brightened the outlook for farmers.

LARGE NUMBER OF MASONS EXPECTED HERE FOR MEETING

Haskell Lodge To Be Host For District Meeting of Four Counties

Members of the Masonic order from four counties will gather here Saturday night, when a district meeting is to be held in the local lodge hall in connection with the annual visit of Sam Reid, District Deputy Grand Master.

Haskell Lodge No. 682, A. F. and A. M. on this occasion will be host to members of the order in surrounding counties of Throckmorton, Knox and Baylor. In connection with the usual routine visit of the Grand Lodge official, a special degree team will perform, and several prominent speakers will be heard in brief talks preceding the serving of refreshments to the group.

Arrangements are being made under the direction of W. W. Weatherly, W. M., and R. J. Paxton, secretary, for an estimated attendance of one hundred and fifty Masons from the ten or twelve lodges embraced in the district.

Program for the evening beginning at 7:30 o'clock, as tentatively arranged, gives precedence to Mr. Reid's annual official visit as District Deputy Grand Master and the annual inspection. Following this, the Master's Degree will be conferred upon a candidate with members from the various Lodges represented taking parts on the degree team.

Concluding the evening's official business routine, short talks will be given by prominent Masons of surrounding towns and local members, followed by refreshments served as a courtesy of the host lodge.

SEVERAL SCHOOLS PROPOSE CLASS C GRID DISTRICT

Evenly-Matched Competition For Smaller Schools Is Desired

Permission to form a Class C football district, under supervision of the Interscholar League, which would include seven smaller High Schools in District 9-B, was contained in a resolution adopted at a meeting in Stamford Wednesday of school officials and athletic coaches from twelve towns in this area.

Schools to be represented in the smaller district would be Munday, Knox City, Rochester, Rule, Aspermont, Leuders, and Mattson. Formation of the new district would bracket the smaller schools in more evenly-matched competition, proponents of the resolution stated, and would encourage a (Continued on Page Eight)

"Robbing the Soil" Title of Play at Midway

Sponsored by the Midway Farm Association, a instructive and entertaining play entitled "Robbing the Soil" will be given at the Midway school house Friday night at 8 o'clock.

No admission will be charged, and a cordial invitation is extended to the general public to attend. The play will be of added interest to farm men and women, sponsors say, and they are especially urged to attend.

Dance at Sons of Herman Hall Saturday Night

A dance will be given at the Sons of Herman Hall, in the Irby community east of Haskell, Saturday night March 20th, according to announcement made this week by members of the O. D. H. S.

Music for the occasion will be furnished by the "Blue Jackets" Orchestra of Seymour. The public is invited to attend the affair.

West Side Singers Meet At Rochester Sunday, March 21

With one of the best programs in recent months arranged, a large number of singers from Haskell and adjoining counties are expected in attendance for the West Side Singing convention to be held in the Rochester Baptist Church Sunday afternoon, March 21.

A. D. Lewis, chairman, states that he has been assured by two well-known Abilene singers, Mr. Clark and his daughter, Miss Leo Marie Clark would attend the singing and take part on the afternoon's program. Both are accomplished singers and musicians. Several other prominent singers of this section have been invited and are expected to take part.

Haskell Students On Honor Roll of T. T. C., Lubbock

Names of two Haskell students, Miss Kathleen Crawford and Tom Clifton, appear on the fall semester honor roll of Texas Technological College with an average grade of B.

Miss Crawford is the daughter of Mr. and Mrs. J. M. Crawford, and Mr. Clifton is the son of Mr. and Mrs. Mart Clifton.

You throw away 10 cents out of each dollar, and lose as much as 25 per cent of your efficiency, when, due to defective or insufficient wiring, the circuit in business, home or factory becomes overloaded. Overload causes heat . . . wastes energy.

That much energy, or efficiency, gone up in smoke. It's to your advantage to insist that your new building be equipped with adequate wiring to accommodate the maximum load demand or power requirements.

THIS OIL BUSINESS

Oil is Texas' major source of wealth. Unheard of 50 years ago, the Texas oil business today contributes directly or indirectly to the success of every other business activity in the state. The Humble Company is in the oil business; it produces oil, refines it into motor fuels, motor oils and other products, and markets these through Humble service stations and Humble dealers. It knows that this oil business means to Texas, but more than that—it realizes what Texas means to this oil business. The appreciation of this fact stands behind Humble's policy of continuous improvement, behind the unexcelled service the Texas motorist finds in Humble service stations.

WPA Sewing Room Here Has Made Very Creditable Progress Since Opening

With very few persons aware of its establishment in Haskell, workers in the WPA sewing room opened in this city early in October have made a very creditable progress during the past four and one-half months since the project was inaugurated.

With Mrs. Fred Monke as supervisor, the local sewing room was officially opened October 18, 1936, with an assignment of fifteen workers. Only two workers reported on the opening day—but since that time the list has been increased to eighteen full-time workers who are regularly employed four and one-half days each week.

The sewing room is located in the southwest wing on the third floor of the courthouse. The large, airy room has been beautified with pot plants and ferns into cozy, homelike working quarters. Illustrated posters depicting various phases of the work carried on in homemaking and meal-planning decorate the walls.

Reporting for work promptly at eight o'clock each morning, a program of several songs begins the day's work, each day a program based on an approved course of study to improve the economic status of the home is given, with the workers taking part.

1866 Garments Made To Date
Since opening of the local sewing room in October, a total of 1866 garments have been made including children's clothes, overalls, quilts, and clothing for adults. Materials and machines are furnished by the WPA. All garments are checked and sized, inspected as to workmanship and stamped with the maker's number, after which they are sent to the County Welfare office for distribution.

Workers in the sewing room are trained, not as factory workers are trained—to do piecework—but as a homemaker should be trained to sew for her own family. Each garment is the sole responsibility of one woman. You may see these garments in schools, at playgrounds, on adults every day without recognizing them as products of the WPA. That is the hope of the sewing room—that their products have the appearance and quality of the best home sewing.

The local room is equipped with 8 sewing machines, which are in daily use. Two women work as cutters in preparing materials for machine and hand sewing, and all of the women employed are given a daily assignment of work. An effort has been made to maintain a spirit of happiness among the workers at all times; to inspire the homemaking instinct. To teach citizenship and instill a spirit of patriotism that will make our country a greater America.

Ventilation and Sunshine Add to Beauty of Bedroom

An adequate amount of ventilation and sunshine is one of the goals of Mrs. R. M. Johnston, bedroom demonstrator of the O'Brien Home Demonstration Club. She is adding a south window to her bedroom. With this addition she then has windows on three sides north, south, and east. She also plans to add a clothes closet, new window shades, new curtains, and new screens. She will refinish the furniture, floors, and woodwork.

With a fresh papering job her bedroom will adequately meet the needs of the family from the standpoint of health, comfort, and beauty.

Plenty of Closet Space Is Needed In Every Bedroom

Plenty of closet space is a real necessity for any bedroom says Mrs. Elbert Mapes, the bedroom demonstrator of the Mattson Home Demonstration Club. She is building a closet of beaver board which is to reach to the ceiling which will afford a storage space for the bedclothes as well as for personal clothing. One side will have built-in shelves, the other side the clothes rack with the shoe rack fastened to the door.

H. D. Cooperator Completes Hotbed In Spring Garden

Mrs. C. C. Childress, cooperator in the Midway Home Demonstration Club, has recently completed a hotbed 4 x 8 feet built according to plans sent out by extension service. Mrs. Childress plans to have something growing in this bed the year round. A salad bed will have lettuce, endive, Chinese cabbage, parsley for garnish, onion, mint, sweet basil and radishes, while a herb bed will contain majoram, dill, coriander, garlic, sage, nasturtium and chili peppers.

She states that this is to be used for experimental purposes but that it is her opinion a hotbed can be used for growing many vegetables other than starting those requiring a long growing season.

"SAPPY SOPHS"
Here we are again, another sentimental report. As everyone knows the sophomores are short, sweet and snappy and often get said to them, "Shut your trappy".
We Wonder
If it is because La Vera is so popular or because people feel sorry for her that she gets mysterious notes called "Good Advice."

If Routh helps people out just for fun or is it just her round about way? (Ask Bob and Alice).
Why Eddie Mae has changed so much of late?
If Friedo writes to a certain boy at Franklin, Texas?
If Ora Mae really likes boys?

If Jessie Kate wants to crawl inside a certain little box in the English room?
If Bob ever listens in History class?
If John B. likes for girls to drive up to his door and deliver him to practice on the Sophomore play "Here Comes Charlie."

Why Roe was absent Monday? Was she at home or did she go to Haskell to see—ask her.
If all shows effect Elmer C. like "God's Country And a Woman"? We heard it gave him cave man ideas.
Why Leon was so disappointed because a certain girl didn't come home this week-end?
If Waid likes peanuts or if he likes girls best?
If Raymond agrees with the teacher about verbs and adverbs.
If Glenn is training for track or to be an English teacher.
If Routh makes big "boners" in Home Ec?
If Jack Miles eyes often rove to

a certain girl in Biology class?
If L. D. is crazy about a certain girl in school and too bashful to admit it?
If Bud M. has really quit school?

Why Elmer C. and La Vera look so hard at each other in English class? Is he trying some of his cave man stuff?

TRIP TO QUAIL PLANNED

A number of the patrons, board members and faculty are looking forward to the trip to Quail Thursday March 18th. The purpose of this trip is for the interest of the patrons and teachers of the on-coming Mattson.
We have invited board members of other schools to accompany us on the trip, because we are sure it will be worth the time, as Quail is one of the largest rural high schools in the state.

Senior B. Y. P. U. Girls Meet

The Senior B. Y. P. U. girls met Monday night in the home of Miss Hazel Wilson for their regular meeting. Francis Walling had a song, Ann Taylor gave the devotional, Lucille Atkins gave a very interesting part on a trip to South America. Francis Walling told a story of a Mexican girl and Hazel Wilson told some interesting things about the young people of South America. After a brief business meeting a social hour was enjoyed and refreshments served to the leader, Mrs. W. A. Lyles and Misses Ann Taylor, Francis Walling, Ann Smith, Elsie Bradley, Eloise Couch, Rebecca Smith, Lucille Atkins, Mrs. Jno. Willoughby Monday night week, Miss Francis Walling will be hostess for a meeting.

Junior Y. W. A. Girls Have Party

Members of the Junior Y. W. A. of the First Baptist Church were entertained at the home of Miss Mickie Lee Tidwell Tuesday night with a party. After several games and contests, refreshments which were furnished by each member, consisting of sandwiches, hot chocolate, potato chips, olives and cakes were served to Mrs. H. R. Whitley, Mrs. B. L. Lemmon and Misses Martelle Clifton, Geneva Thompson, Geraldine Conner, Wilma Keunstler, Ruby Sue Persons, Helen Mable Baldwin, Anita Jo Simmons, Marjorie Ratliff, Francis Fouts, Wilma Whitley and the hostess.

High School P. T. A. Elects Officers

Mrs. Server Leon will be the president of the High School P. T. A. next year. Other officers are as follows: Vice-President — Mrs. Marvin Post. Secretary—Miss Willie Riley. Treasurer—Mrs. L. B. Watson. Historian—Mrs. Jesse B. Smith. Our outgoing president, Mrs. Bailey Post, has served for the past two years in a very faithful and efficient manner. Beginning with the organization of the unit last year, she has promoted it in every way possible, and under her leadership the High School P. T. A. has increased in membership, and has served in a number of ways to help the high school. Especially has this been true since the loss of our building and equipment. With the expiration of her term we are losing an excellent president, but feel that we have made a wise selection in naming Mrs. Leon her successor.

The next regular meeting will be held in the basement of the Methodist church on the first Thursday in April. At this time the high school students will have an exhibit of their hobbies. All parents are urged to come.

Weekly English Club

The Weekly English Club met Friday March 12, 1937. The meeting was called to order by the president, Connie Jo Norton. The minutes were read and approved. Guest Day at the Magazine Club

A most colorful program was presented on Friday, March 12, when the Magazine Club members entertained their guests.

The club room was decorated to represent a gypsy camp. Those on the program wore elaborate Gypsy costumes, and they sat in a semi-circle around a camp fire over which hung a kettle suspended from a tripod.

Mrs. Hollis Atkinson, the director of the program, welcomed the visitors and invited them to let their imaginations travel to the carefree land of the gypsies. Others on the program were: Mrs. W. H. Cox, who gave "Who Are the Gypsies?"; Mrs. O. W. Maloy, "Living With the Gypsies"; and Mrs. T. G. Cahill, "Gypsy Wisdom."

Mrs. Lee Powell played a violin selection, "Play Gypsy, Dance Gypsy." Mrs. Bert Welsh sang a medley of Gypsy songs, accompanied by Mrs. W. H. Cox. Miss Louise Kaigler gave a gypsy dance accompanied by Mrs. Wayne Koonce.

After the program the social committee, consisting of Mrs. Ben Bagwell, Mrs. W. G. Forgy and Mrs. Austin Coburn, served refreshments. Sandwiches and small cakes were served in individual baskets and tea was served from the kettle which hung over the gypsy camp fire.

Cecil Lancaster Circle

The Cecil Lancaster Circle met Monday afternoon at 3:00 p. m. in the home of Mrs. Jim Fouts, for a Royal Service program.

Subject—Spanish and Portuguese.

Mrs. Dee Scott had charge of our program, giving our devotionals from the 4th Chapter of Acts. Song—"Stand Up For Jesus." Prayer by Mrs. Mary Oates.

Mesdames Roberts, Watson, Scott and Miss Ida Crawford having parts on the program.

A short business session was held in which it was urged that each one contribute some linens for our hospital. Also bring some eggs for Orphan's Home. Both boxes to be packed Monday. Closing prayer by Mrs. Whiteker.

The hostess then served delicious chocolate candies to the following members, Mesdames, B. M. Whiteker, Oates, Roberts, Scott, Fraley, Watson and Miss Ida Crawford.

The Friendly Builders English Club

Our club met March 12. The president called the house to order. The secretary read the minutes of the last meeting. The committees had good reports. The house was opened for the election of officers for the next six weeks. They were as follows: President—Stanley Smith. Vice-President—Billie Mae Welsh. Secretary—Billy Kemp. Reporter—Jack Morris. The new president named new committees.

Service Committee, James Sloan chairman; Social Committee, Bob Cousins, chairman; Courtesy committee, Robert Brown, chairman; Program committee, Ella Mae Barnett, chairman.

A short program was given before the house was adjourned.

FORMER HASKELL COUNTY RESIDENT GIVEN HIGH POST

Virgil P. Lee Heads Production Credit Corporation of Houston

Virgil P. Lee, former vice-president of the Production Credit Corporation of Houston, and a former resident of Haskell county, was elected president of that organization last Thursday by the board of directors of the Farm Credit Administration of Houston.

Mr. Lee, who has been closely identified with the Production Credit System in Texas since its organization, succeeds Tully C. Garner, who recently resigned as president of the Production Credit Corporation of Houston to accept a position as president of the First National Bank of Amarillo.

Mr. Lee was born in Hamilton County and reared in Haskell County near the town of Rochester. He was graduated from the University of Texas and did post-graduate work in agricultural credit at the University of Wisconsin. From 1923 to 1933 Mr. Lee taught agricultural economics at the Agricultural and Mechanical College of Texas. In November of 1933, he was borrowed by the Farm Credit Administration to assist in the organization of a Productive Credit Corporation and Production Credit Associations in Texas. In April 1934 he became vice-president of the Production Credit Corporation of Houston.

Mr. Lee is the author of a widely used text book on agricultural economics, "Principals of Agricultural Credit," published in 1930 by McGraw-Hill. He also has written bulletins on farm credit and is the author of numerous articles on this and similar subjects that were published in national magazines.

At the same meeting, L. Roy Prescott, treasurer of the Production Credit Corporation, was elected acting secretary of the corporation by the board of directors.

Misses Anna Maud Taylor, Donna Davis and Mrs. C. M. Kaigler went to Peacock Tuesday night to act as judges for a one act play.

ROAD PLANNING SURVEY IN TEXAS IS INAUGURATED

Highway Needs of Future Will Be Based on Data Gathered

By furnishing confidential information to the Highway Planning Survey of the state highway department, automobile owners of this county can be of material assistance in determining the proper type and location of future roads built in the county.

This information is contained on post-cards that will be handed to automobile owners at the time they pay their 1937 registration fees at the office of Mike B. Watson, Tax Assessor and Collector. The cards are self-addressed, require no postage, and need not be signed. It was explained Tuesday by J. T. Barton of Austin, who was in Haskell to aid Mr. Watson and deputies in the office to get the confidential survey underway.

Sole purpose of the Planning Survey, Mr. Barton explained, is to collect information on a statewide basis which is to be used in planning the future construction and maintenance of roads and highways. The information sought applies to all roads in the county, not merely designated highways, he added. In connection with the survey, all roads of the county will or have already been measured, and a traffic count of vehicles using the various roads will be made. It has been determined by traffic count that some of the lateral roads in several counties accommodate a larger number of vehicles than the paved highways, and as a result of the Planning Survey, such roads will likely be the first to be improved, officials pointed out.

All car owners are urged to cooperate in securing an accurate survey in Haskell county, by filling out and mailing of the cards furnished them, in order that the county and this section may receive recognition in future highway planning work.

Helen Bagby Circle

The Helen Bagby Circle met with Mrs. John Ellis at 3 o'clock Monday in a Royal Service program.

Opening Song, "Stand Up For Jesus."

Prayer by Mrs. Whitley. Mrs. Ellis brought the devotional on the "Power of Witnessing," reading, Acts 3:1-8 and Acts 4:31. Together we studied about our Mission Work in Spain, Portugal, Cuba, Mexico and Brazil. Some very interesting history was given about the people and religions of these countries, and the reports of the progress of the mission fields were very encouraging.

Those present were Mrs. K. D. Simmons, Mrs. H. C. Cate, Mrs. H. R. Whitley, Mrs. R. J. Paxton, and Mrs. Ellis.

North Ward Good English Club

The Good English Club of the North Ward met Tuesday, March 9th with the president in charge. After minutes of our last meeting had been read by the secretary, the chairman of the program committee took charge. Theme of the program was "The Boy Who Hat ed Trees", with the following taking part:

Average Year-Round Salary Rural Teachers In County \$59.13 Per Month

Some ninety-odd teachers in Haskell county's 39 rural schools draw salary checks monthly in the aggregate sum of \$7,983.09, or an average year-round salary of approximately \$59.13 monthly, according to records in the office of County Superintendent Matt N. Graham.

Considering the average 8 month school term of practically all rural districts, the monthly paycheck of the teachers, arrived at on a common average, exceeds this amount. But offsetting this increase, during four months of the year the educator receives no pay. To earn this salary, teachers must have qualified themselves by years of preparatory studies, and have earned teachers certificates it is pointed out. Necessary, too, teachers are required from time to time to familiarize themselves through post-graduate study with the changing trends in educational methods.

In recent years school systems in a number of counties in Texas have adopted a 12-month salary basis in contracts with teachers, and this system is now being given a "working test" in Haskell county.

In five rural districts of the county records show that trustees

Bobby Duaneley, Great Oak Tree, Leon Dodson, Rubber Tree, Roy Reynolds, Sugar Maple Tree, Frances Martin, Castor Tree, M. L. Cook.

After the program was over, Hartsell Everett played "Home, Sweet Home," "Turkey In The Straw," and "Roll Along, Covered Wagon", on his guitar, to conclude the program. Reporter.

have employed teachers on a month salary basis. In other words the teachers employed are on a stipulated salary each month of the year, regardless of the school term length.

Advocates point out that under this arrangement both the school and teacher-employee benefit. Advantage to the school district accrues from the fact that necessary income revenue is spread over longer period, obviating in many instances the borrowing of funds to meet teacher salary accounts during the school term. Teachers likewise benefit from the year-round monthly salary, in that their income does not cease when their term period ends and they are enabled to more conveniently pursue post-graduate work. Frequently, too, in smaller districts teacher's warrants are discounted for payment under the 8-month term system because of lack of funds and uncertainty over possible tax revenue.

Under the 12-month salary plan salaries can be based upon known tax revenue. Common school districts in the county operating on this basis for the current school year are Sayles, Gaunt, Ericsdale, Foster and New Cook. Eleven teachers are employed in these districts.

Hutto H. D. Club Members Study Methods of Refinishing Furniture

A demonstration on two methods of refinishing furniture, (a) by painting; (b) by natural finish, was given to members of the Hutto Home Demonstration Club at the home of Mrs. G. F. Williams, Friday March 12th, by Miss Mildred Vaughan, the new County Home Demonstration Agent.

In her demonstration, Miss Vaughan said, "In refinishing furniture, and this applies to floors and wood work as well, the first steps are to prepare the surface. If surface is varnished: (1) Apply varnish remover, let dry and scrape off varnish. Repeat until all varnish is off. (2) Sand paper smooth, beginning with coarse paper and finishing with very finest. (3) If surface is porous use a crack filler. (4) Rub with gasoline to clean thoroughly. Now surface is ready to be finished and may be painted or finished with a natural finish.

If a stained varnished finish is wanted, apply stain then proceed as for natural finish.

For a natural finish, apply one coat of varnish by brushing with the grain of the wood, then rub with linseed oil and pumice stone, dip oiled rag in powdered pumice stone and rub surface and then let dry for 24 hours, then repeat varnish and linseed oil and pumice stone, let dry and apply third coat of varnish and rub with powdered pumice stone and linseed oil. Let dry. A permanent finish is applied by waxing and polishing.

If the surface is painted use a lye paste on a small surface, and a lye solution for larger pieces. For lye paste cook 4 tablespoonful of cornstarch in 1 quart of water, add 3 tablespoonful of lye dissolved in 1/2 cup of water. Put on with paddle, let stand short time, scrape off. If lye solution is used, it is best to work outside and use a broom. Mix 1 can of lye to 1 gallon of water and brush on small portion at time and

brush until all paint is removed then move to another place. When paint is off rinse with clear water then neutralize the lye by rinsing in vinegar solution of one cupful of vinegar to one gallon of water, let dry, sand paper, smooth, use crack filler if needed and it is ready to finish. To paint use two coats of flat paint and then two coats of oil paint the same color. Apply first coat, let dry 24 hours, sand paper and add second coat, repeat for first coat of oil paint (Thinned with turpentine). Then put on second coat and let dry and it is ready for use.

The club has purchased a wood scraper for members to use in refinishing floors. Mrs. J. W. Mannings announced a miscellaneous shower, honoring Mrs. Hayden Camp, formerly Miss Alva Johnson, at her home Thursday, March 25th, 2:00 o'clock.

Visitors were Mrs. J. W. Mannings, Mrs. Roy Carver, Mrs. J. C. McNeely, Mrs. Clark of Haskell, and Miss Mildred Vaughan, County Home Demonstration Agent. Members, Mesdames, J. W. Herndon, S. S. Dozier, Ida Dozier, D. K. Lynch, B. H. Oliver, Ennis Carter, Buster Nance, G. F. Williams, Jane Williams, R. R. Ray, and Miss Maude Newberry.

The Midway Home Demonstration Club

"The three most important steps in refinishing old furniture are: (1) Removing old varnish; (2) Sandpapering the surface smooth; (3) Applying a good grade of varnish. Always remember to work with the grain of the wood, said Miss Mildred Vaughan, Home Demonstration Agent to the Midway Club at a meeting Tuesday afternoon at the club house.

Miss Vaughan gave a very interesting demonstration on removing old varnish, with commercial remover and also lye, and steps in finishing wood work. She answered roll call with "A piece of furniture that I will refinish." Dressers, buffet, tables, and chairs were some of the things answered.

Members present were: Mesdames, J. B. Smith, Bill Lees, A. J. Segó, C. B. Ramsey, Charlie Childress, Virgil Bailey, C. V. Oates, Doc Lott, Reynolds Wilson, Hambleton, Hansford Harris, Miss Blanche Frieron, one new member, Mrs. Jim Clark and Miss Mildred Vaughan, Reporter.

Josselit Club Studies Refinishing Furniture

"Look at the article and see if the wood is good in it before spending your time to refinish," said Miss Vaughan, Home Demonstration Agent to the Josselit Home Demonstration Club ladies last Tuesday March 9 at 2:30 at the club house with Mrs. G. L. Walker and Mrs. Fred Monke hostesses.

Select useable, desirable, pleasing, attractive, good good no matter how delapidated it may be. If you will put the amount of work on it, it may be made beautiful, continued Miss Vaughan in her demonstration on refinishing floors. There are two methods in refinishing. First is the natural oak finish. Second is the painted surface. The first thing to do is remove the old finish in refixing either. To remove the old finish use Pumice stone and linseed oil. It will soften and prevent scratching.

If the furniture looks dry rub with linseed oil. It will brighten and restore the color. To make it look still more attractive and give a permanent finish put on a coat of floor wax. Miss Vaughan also advised to renew the old linoleum rugs give them a coat of clear varnish and rub with wax.

Refreshments of Dixie cups was served to the following members: Mesdames, W. E. Taylor, Leonard Friley, Louise Merchant, Len Toliver, C. A. Thomas, Joe Friley, G. L. Walker, Larry Bass, Adell Thomas, S. G. Perrin, J. L. Toliver, E. B. Callaway, Jesse Josselit, Jim B. Edwards, Guy Jenkins, Fred Monke, Misses Eloise Toliver, Maurine Norton and our new agent, Miss Mildred Vaughan.

Monthly Social of Josselit H. D. Club

The Josselit H. D. Club enjoyed their monthly social March 12th in the home of Mrs. Jesse Josselit. The house was tastily decorated with Shamrocks and wild spring flowers.

Tables of 84 were arranged for the older folks. Mrs. Josselit entertained the children with games and stunts while Miss Mae Cothron entertained the young folks.

Refreshments of roasted peanuts and candy were served to 55 guests.

The O'Brien Home Demonstration Club

"Select way to refinish furniture, but repair first," said Miss Mildred Vaughan when the O'Brien Home Demonstration Club met March the 10th with Mrs. R. P. Barnard.

Many a piece of discarded furniture can be made useful by repairing and refinishing. Miss Vaughan gave a demonstration on refinishing furniture by first removing old paint and varnish, then smoothing with sand paper, put on first coat, let dry, sand paper, put on second coat, let dry, sandpaper and apply third coat. Always rub with grain of the

Quilts Pieced From Ribbons Won On Crop and Livestock Exhibits

(Editor's Note: Display by Mr. and Mrs. Paul Zahn at the recent Chamber of Commerce banquet of several attractive quilt tops which Mrs. Zahn had pieced from hundreds of ribbons won on exhibits prepared by Mr. Zahn at numerous Fairs has occasioned much publicity for the Haskell farm couple, and prompted the following article written by Harry Holt, staff reporter of the Abilene Morning News. The article and accompanying picture appeared in Sunday's Reporter.)

Ribbons on prize exhibits of home-grown products in leading fair and expositions of Texas, New Mexico and the International at Chicago by the Paul Zahn family of Haskell, won over a period dating back to the "horse and buggy days," are being pieced into quilt tops by Mrs. Zahn, using her own design.

Displays of canned and fresh vegetables, grain sorghum, and small grain seeds and bundled feeds have earned 1,500 ribbons for Mr. and Mrs. Zahn, of which approximately 800 have been quilted into two pretty tops.

Starting in early days of a community fair at Stamford, Mr. Zahn, now in Fort Worth with an exhibit of grain sorghum seeds, was so pleased over the pretty ribbons won at the show to which he drove in a horse-drawn buggy, he has never found a quitting place.

DEATH STALKS THE HIGHWAYS

Last year 38,500 persons were killed by motor vehicle accident.
Out of every hundred fatal accident 85 occurred in fair weather.
Out of every hundred fatalities 77 were on dry roads.

Only 7 per cent of the drivers and 9 per cent of the pedestrians involved had been drinking.
Only 2 per cent of the cars had bad brakes.
What is the trouble?

Out of 553,240 accidents, 116,780 were caused by speeding; 87,450 by being on the wrong side of the road and 124,250 by ignoring the rights of way.

In addition to those killed in 1936, there were 110,000 permanently injured and 1,230,000 temporarily injured.

The above facts, from the report of the National Safety Council, indicate that the American people have a few problems to solve that are not connected with partisan politics. Certainly the death of 417,696 people since 1922 indicates that something is wrong on the highways.

MORE EVIDENCE

Excerpts from his diary, published in his birth month, reveal another of George Washington's many sides. Historians now point out that the Father of His Country loved nothing better than a bit of fishing. It is pleasant to note, too, that Washington's diary of his fishing ventures jibe with his reputation for never telling a fib. In his notes, there is none of your typical Izaak Walton exaggeration. On one day, for instance, he records, mournfully, "caught little or no fish." On another—"no fish were to be caught today neither." In a complaining note—"caught only about 30,000 last night." Note that he did not mention the 50 or so thousand that got away, or go into detail about the tremendous scraps put up by the 30,000. Apparently not even the exhilaration of angling could lure him from plain, matter-of-fact truth.

CURRENT COMMENT

NO JOKERS WANTED

(The Semi-Weekly Farm News)

Votes in both Senate and House reveal that a decided majority in the Texas Legislature is determined to drive from the State the ills that have come with the legalization of pari-mutuel betting

on horse races. Measures have been passed in both chambers repealing the pari-mutuel law and the remaining procedure is merely to bring the separate acts into mutual conformity.

No chances should be taken with a law susceptible to misinterpretation or to the technicalities which will enable recalcitrant operators to evade the prohibition. The Legislature is responding to a popular demand to end the obvious economic losses that are incurred invariably when weak-willed humanity is given an opportunity to gamble. It is possible that some of the men in each house who have rendered lip service to repeal would not hesitate to hamstring the law with ambiguous paragraphs.

The simplest procedure would be for the lower house to decline to concur in the Senate bill and request a conference committee, a process safe enough at this stage of the session. The conferees could call upon the Attorney General to draft a technically-proof statute representing the clear will of the Legislature.

What is needed is a clear, simple law, prohibiting both the pari-mutuels and betting on races in any other form in Texas, making the act a felony with adequate penal provisions to discourage violations. Let's have done with technicalities and get results.

Haskell County History

As Revealed by the Files of the Free Press 20, 30 and 40 years ago.

Thirty Years Ago—1907

Thirty-two buildings are now under construction in Haskell. Twenty-seven of these are residences, being erected by the following citizens: J. W. Meadows, L. Oglesby, Mr. Kelley (two), R. D. C. Stephens, B. C. Mobley, J. H. Shepherd, J. L. Odell, N. H. C. Elliott, B. F. King, J. L. Tipit, Casey Bros. (two), John B. Baker, T. L. Eastland, M. S. Edwards, N. T. Franklin, W. W. Fields, Montgomery & Patterson, Lon Gardner, W. H. Gentry, T. E. Matthews, J. W. Minor, A. J. Smith, K. D. Simmons, Zack Waggoner, W. P. Whitman. Business buildings are being erected by Sherrill Bros. & Co., Thomas Bros., Fulgham Bros., John B. Baker and the Masonic Lodge.

While looking at some bones that had been exhumed at a well in Mr. M. R. Hemphill's pasture twelve miles east of town a few days ago, Mr. W. S. Hunter realized that he had discovered a large human skeleton. Upon close examination he found that the skeleton bore evidences of a tragedy for burial in the breast bone was a flint arrow head five inches in length and the skull was crushed in. The central portion of the skeleton was charred as if fire might have been used as a torture. All except one of the teeth were intact but much worn. The bones of the skull are quite thick. The indications are that the remains are those of an Indian, probably those of a Tonkawa, who fell into the hands of the Comanches, who were their relentless enemies.

The reporter saw a dray going toward the depot Monday with fourteen barrels of beer bottles. Later on we learned that a carload of these bottles were shipped out.

LEGAL NOTICE

CITATION BY PUBLICATION

THE STATE OF TEXAS,
To the Sheriff or any Constable of Haskell County—GREETING:
YOU ARE HEREBY COMMANDED, That you summon, by making Publication of this Citation in some newspaper published in the County of Haskell if there be a newspaper published therein, for four consecutive weeks previous to the return day hereof, Mary L. Morrison and J. F. Morrison whose residence is unknown, to be and appear before the Hon. District Court, at the next regular term thereof, to be held in the County of Haskell at the Court House thereof, in Haskell on the 19th day of April A. D., 1937 then and there to answer a Petition filed in said Court, on the 16th day of March A. D. 1937, in a suit numbered on the Docket of said Court No. 4717, wherein George Ruppert is plaintiff and Mary L. Morrison et vir. J. F. Morrison are defendants. The nature of the plaintiffs demand being as follows, to-wit:

That heretofore, to-wit, on or about the 18th day of June, 1935, defendant, Mary L. Morrison made, executed and delivered to one George H. Morrison her promissory note for the sum of \$450.00, bearing date on the day and year aforesaid, due in monthly installments of thirty dollars each beginning with the first payment August 15, 1935, and continuing each month thereafter until said obligation is paid in full. Such note bearing 8 per cent interest, stipulating the usual 10 per cent as attorney fees. This note was given in part payment for a certain lot or parcel of land situated in the town of Haskell, Haskell County, Texas, and being a part of Out-Lot No. 83, a subdivision of the Peter Allen Survey, and bounded as follows: Beginning at a stake in the west boundary line of said Block No. 83, which is 265 feet west from the northeast corner; thence West 176 feet; Thence South 135 feet; Thence East 175 feet; Thence North 135 feet to the place of beginning. Such property above described was conveyed by George H. and Flora B. Morrison, Mary L. Morrison, and to secure the payment of same a vendor's lien was retained in said conveyance. That by a written transfer of lien on the 18th day of June, 1935, George H. Morrison sold and transferred all his right, title and interest in and to the above described note, together with the lien securing the same to plaintiff herein.

Wherefore plaintiff prays the defendants be cited as required by law, and that he have judgment for his debt, foreclosure of his lien and cost, and for such other and further relief to which he may be entitled.

HEREIN FAIL NOT, And have you before said Court, on the said first day of the next term thereof, this Writ, with your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Haskell, Texas, this, the 16th day of March A. D. 1937.

HENRY-LESSON RADCLIFFE

TRIAL AND CRUCIFIXION OF JESUS

International Sunday School Lesson for March 21, 1937.

GOLDEN TEXT: "Hereby perceive we the love of God, because he laid down his life for us"—1 John 3:16.

(Lesson Text John 18: 1-19:42.)

After the last Thursday evening with his disciples in the Upper Room at Jerusalem, Jesus led his eleven followers (Judas having deserted) to the Garden of Gethsemane, where he was accustomed to retire for prayer. Here he left eight at the entrance to the garden, taking Peter, James and John further with him. Leaving them, he withdrew a little further and made solitary prayer. Fully realizing the betrayal and torture which were ahead of him, Jesus only prayed that his Father's will be done.

To the surprise of those who had come to take him, Jesus surrendered without protest, and was carried before Annas, regarded by the Jews as the lawful high priest, although the Romans had deposed him and placed his five sons successively and then Caiaphas, his son in law, in the priestly office. Annas seems to have been the chief mover in the plot to kill Jesus, probably desiring revenge for the daring attacks Jesus had made upon the perverted system of religion of which he was the nominal head.

After the examination before Annas, which was made in the early hours of the morning, Jesus was carried before Caiaphas, who seems to have occupied another wing of the same palace, connected by a court yard. In this open place Peter, who had followed John to the palace, waited, and during his wait, denied on three separate occasions charges that he was a follower of Jesus. As the third denial was made, Jesus was being led through the court yard for his next examination and it was then that he rebuked his fickle follower by one sad look, which was enough to cause Peter to rush out into the night, weeping bitterly for having so soon belied the brave words spoken earlier in the night.

There seems to have been two trials before Caiaphas. For the first only a few members of the Sanhedrin were present, but, for the last, after sunrise, the full Council seems to have been on hand. Although the witnesses brought in to falsely accuse Jesus failed in their mission, Jesus, at last, in answer to a question from the high priest, solemnly affirmed that he was the Messiah and the Son of God. This was blasphemy to the Jewish jury and sufficient cause for death. Before he could be so executed, however, the consent of the Roman Govern-

nor had to be obtained and therefore, Jesus was carried before Pilate.

Here the Jews dropped their religious charges against Jesus and charged that he was trying to set himself up as a king, an offense against Caesar. Pilate was intelligent enough to understand the subtlety of the Jews and had no desire to see Jesus crucified, but was too weak and afraid of the threats of the Jews to follow the dictates in the face of the angry clamor for his death. After all efforts to evade the issue proved futile, Pilate surrendered to the mob and ordered Jesus crucified.

In our text, all the description given by John of the actual crucifixion is "They crucified him." John reverently and wisely refrained from attempting to portray the horrible scene in detail. During the six hours of agony on the cross, it is recorded that Jesus spoke seven times. First, it was a prayer of forgiveness for those who had killed him. Second, a promise to the repentant thief that he would meet him in paradise. Third, he committed his mother to the care of his disciple, John, who subsequently carried Mary to his own home. Fourth, a cry of anguish. Fifth, an utterance of the torture of thirst. Sixth, an expression that his work had been completed. And seventh, and last, a commitment of his spirit unto his Father.

SOMEBODY HAD TO INVENT A SAFER TIRE

GOODRICH DID IT—AND WE HAVE IT

CARS have been made safer; highways improved—still thousands are killed or injured every year in blow-out accidents! Realizing that the terrific heat generated inside all tires at high speeds was the great unseen cause of blow-outs, Goodrich engineers set to work to develop a safer tire—a tire that would give real blow-out protection.

Their answer was the Goodrich Silvertown with the Life-Saver Golden Ply. The Golden Ply is a layer of special rubber and full-floating cords, scientifically treated to resist this terrific blow-out-causing heat. And think of it! The Goodrich Safety Silvertown is the only tire in the world with this Life-Saver Golden Ply. Play safe. Come in and let one of our experts show you how this amazing device protects you against dangerous high-speed blow-outs. And remember, Silvertowns cost even less than other super-quality tires.

Elimination Contest Winners Determined

For the past several weeks elimination contests have been held at Haskell High School. These contests gave assembly program on Wednesday. Mrs. Kaigler presided and the close of the program several in the audience were watching this special part. It was that they did not hear a pronunciation word. The following students were on this program: Jack Landess, John Thomas, Bonnie Dell Hisey, Eva Ratliff, Bertha Adcock, Annie

Mae Leese, Mary Eleanor Diggs, Doyle Hisey, Labry Ballard, John Guest, and Joe Maples.
 Thursday the preliminary elimination contest was held at the Church of Christ with judges from the Munday High School. The results follow: Haskell High School Junior Girl, Eva Jo Ratliff; Junior Boy, John Thomas Crandell; Senior Girl, Bertha Adcock; Senior Boy, John Guest. The grade students were also judged at this time. North Ward Junior Girl, Bueinis Faye Ratliff; Junior Boy, Jack Morris; South Ward Junior Girl, Eloise Koonce; Junior Boy, J. W. Holland Jr.

A Trip To Hamlin

"Oh, my hair looks awful. My set's gone with the rain! It would be such weather. Does my dress look alright? Are my seams straight? Give me that compact—Oh wasn't he cute! Roll that glass up! We're freezing back here. Jerry, turn on the heater. Oh Mrs. Meyer, will there be any boys over there?"

Well, do you recognize the remarks above? Of course you do, they are taken from conversation held by the group of girls who went to the meeting of Home Economics Clubs of our district, last Saturday.

Although such light and silly nonsense was carried on, the girls had their serious moments. Many new acquaintances were made, and all had a very nice time.

When they arrived, they were shown through the building which is one of the nicest in Texas. The program started at nine-thirty. We were welcomed by the president of the Hamlin Home Economics Club, Miss Kathryn Gardner. The morning program was made up of the roll call and report of all the different clubs, singing, musical numbers, talks, readings, and activities in the gym.

Lunch was served at 12:30 and were we hungry or no? The lunches which were served was cooked by Mamma's Home Ec. girls and they were delicious, clean and appetizing.

The afternoon program started with some of the Hamlin-Simmons University musicians and athletes "doin' their stuff", which, by the way, was enjoyed by all.

"Hang Out The Sun," an operetta was given by the Hamlin club. Next on the program was a business meeting. We will meet at Munday next fall. We only hope we will have as nice time there as we did at Hamlin.

Last, but not least came the tea. Mrs. Howard, whose beautiful residence is just across the street from the school building, was our devoted hostess.

Then came our trip home. Still full of pep and fun, we gave Hamlin, Stamford and last Haskell the good old 'Haskell songs and yells.

The girls who enjoyed this lovely trip were: Geraldine Akins, Frances Carruth, Anna Rose Chapman, Jean Conner, Eulamae Watson, Flossie Hester, Doris Parks, Bonnie Dell Hisey, Naomi Morgan, Margaret McClintock, Leatrice Wheeler, Ruthie Mae Scheets, Juanita Patton, Bobbie Nell Cass, Wynona Post, Madge Leon, Jean Kendall, Thelma Landess, Francis Meyer, Francis Merle Edwards, Mary Beth Menefee, Mary Louise Curry, Gladys Catherine Pace, and Christine Lowe.

Side Glances

It says on the calendar that Spring begins March 20, which is Saturday. We all thought last week that spring and summer were both already here until the cold spell came Saturday. But we'll all welcome and be glad to see Springtime and all its freshness again.

Seniors received an invitation from Hardin-Simmons last week inviting them to attend the annual Senior Day program at that college on April 24. About forty-five seniors plan to attend from here.

From some vague source we learn that there are two times in one's life he should keep his mouth shut—while angry and while swimming.

A noted newspaper columnist once said: "Don't take life so seriously—you'll never get out of it alive." Anyway, to make things more pleasant around us we should smile and laugh a lot more if it doesn't hurt too bad.

J. J. Williamson, senior comedian, (at times) missed school Monday morning, he said, because he had to cook dinner. We expected him to have to miss a week, if he ate what he cooked.

We are glad indeed that Haskell High gets to keep the beautiful trophy that was given for the Invitation Meet this year. This makes the third and every time the meet has been held and Haskell comes out winner.

Debators Get Much Practice

In the last two weeks the debators have gone to Hamlin, Abilene Christian College, a round robin tournament in Abilene, Roby, and Seymour. Only on two occasions have there been judges for these debates. Haskell won a decision from A. C. C. freshmen; and in the tournament at Abilene they reached quarter finals and lost to Abilene who won the tournament. This week Haskell will debate Seymour and Olney. They will meet Seymour Thursday here, and will meet Olney Friday in Olney.

In the girls division, Ruby Sue Persons has missed going to Abilene, Roby and Seymour because of illness in her family. However, it is thought she will be here for the future.

How Many Kinds of A Public Nuisance Are You?

Do you whistle in the study hall?

Do you shout to friends in the hall or in class rooms?

Do you throw your books on the floor in an untidy heap?

Do you slam windows shut or up noisily?

Do you insistently talk louder and louder when there in confusion or noise?

Do you stomp across the floor or drag your feet noisily?

Do you talk in the hall while passing classes that are in session?

Do you move your chair noisily over the floors in classes?

Do you sometimes tilt back on the back legs of the chair and fall clattering?

Do you tap on hooks or chairs with your pencil?

Do you create chaos in a class by talking while others work?

Do you keep the pencil sharpening grinder?

Do you laugh boisterously?

Do you make the crayon squeak when you are at the board?

Do you hum or make idiotic noises in the classroom or in the study hall?

Do you snicker at your own or someone else's jokes at the wrong time, or guffaw if anything funny turns up in class?

Do you slam doors when you enter a classroom?

Do you applaud too much in assembly?

Do you wait until the last minute to get to a class and then knock everybody down trying to get there on time?

This is a self-administered test. Check affirmatives only. Then multiply your count by 5. That's how much of a public nuisance you are, in the matter of noise only.

Honor Roll For Fourth Six Weeks

Twenty-six H. H. S. students made an average high enough to gain a place on the honor roll this six weeks. The Junior class had the largest number on the honor roll, and also one of its members, Ruby Sue Persons, made the highest average in school for this six weeks. Annie Barnett, senior, and Amelia Beth Hammer, sophomore, tied for second place on the honor roll. The complete honor roll is as follows:

Seniors: Annie Barnett, Margaret Breedlove, Geraldine Conner, Mary Eleanor Diggs, J. J. Williamson, Ruth Woodson.
 Juniors: Naomi Barnett, Martelle Clifton, Frances Fouts, John Guest, Bertha Kregar, Marvina Post, Ruby Sue Persons, Marjorie Ratliff, Billy Pogue, Olive Sloan.
 Sophomores: Louise Cook, Helen Crawford, Paul Crawford, Mary Louise Curry, Bobbie Nell Cass, Amelia Beth Hammer, Madge Leon, Jim Bob Webb.
 Freshmen: Jean Conner, Leatrice Wheeler.

Future Home Makers Have Sale

The Future Homemakers had a sale at the Track Meet Friday afternoon. They sold candy, sandwiches, hamburgers, soda pop, peanuts, gum and other things. The girls worked very hard and were intending to sell Saturday also, but because of rain and cold weather the rural track meet was put off until a better day. They hope they can sell the remaining amount when they have the other meet. The girls are doing this work, under the direction of Miss Meyer, in order to help defray the expenses of the tones who win the trip to the State Homemakers Rally, to be held in Fort Worth in April.

Who's Who

Frances Stephens—That good looking girl who lives on "brick pavement."

Kinzie—That girl who had a birthday last Thursday.

Melba—The girl who had the mumps and someone took her a pickle.

C. T.—The ring leader of the "Racketeers."

Mr. Mason—The man that walks the floor in the study hall.

Amelia Beth—The girl that has all the brain work.

Rosa Nell—The girl that is absent every other day.

Louise Hill—The Freshman who got popular in a hurry.

Paul Roberts—The boy with the '35 green "chevy."

La Verne Bynum—The girl with the football sweater with two stripes and a star.

Anita Jo—That good looking blond that they call "Nellie."

Home Ec. Girls Go To Hamlin

Saturday, March 13, twenty-three girls from Haskell attended the rally for Home Economics Clubs which was held at Hamlin.

The girls left Haskell early Saturday morning in the school bus, accompanied by Mrs. Meyer. Even those who ride on the bus every day had a grand time. Upon arriving, we registered. Five counties were represented at this meeting. The morning was taken up with a very interesting program, and at twelve o'clock a delicious picnic lunch was served to the visitors in the Home Ec. laboratory. In the afternoon we were entertained by the Hardin-Simmons male quartet and by a musical operetta. After this a business meeting was held to decide where the next rally is to be held. It will be held at Munday in November. Last, the visitors went to a tea where they met many girls from different places. Everyone had an enjoyable time.

Eleven Declaimers Heard In Assembly

Eleven high school declaimers, five girls and six boys, were presented in assembly by Mrs. Kaigler last Wednesday. These students gave the declaimations that they have been working on for the County Meet, and they were at that time practicing for the elimination contest which was to be held on the following afternoon. For a period of practically an hour these eleven declaimers held the attention of the student body, giving declaimations that were serious and thought-provoking. The students recognized in these declaimers a group who had all been working hard to win the privilege of representing our school in the County Meet. All of them were so good that we were sorry they could not all enter the county contest.

One unusual feature of this program was that there were more boys than girls taking part. We think it is a good sign when an increasing number of boys begin to take an interest in the art of public speaking—for it is truly an art, now that the radio is so common. There may come a time when many of us will have occasion to "go on the air."

Albert—Say, Coach I want bigger shoes.

Coach Mason—Those fit. Why do you want bigger ones?

Albert—So I can cover more ground in the same amount of time.

South Bus Takes Extras

We don't wonder why Jerry Carmichael (bus driver) had a headache when he got back to Haskell from taking the students home that ride on the bus. He had visitors who had been wanting to ride on his bus and got their first chance Friday afternoon, as school turned out at twelve o'clock for Track Meet.

The girls who went on the round with him enjoyed it immensely. Movelda Brown found it fun to play peek-a-boo in the mirror. Martha Highnote pretended to be going to New York, but soon found she would go crazy if Howard Kahoot didn't get off the bus. (He has a very strong voice which goes with his red hair). Mattie Ruth Davis and Juanita liked to argue that Haskell was better than Stamford and Doris Parks popped her chewing gum so loud that Jerry didn't have to use his horn a single time.

It seems that Movelda got so hungry she swallowed her chewing gum, no doubt thinking it was a bite of a hamburger.

But what surprised the girls was that Jerry asked them to go again some time.

Newsless News

Marion Josselet seems to have had a little trouble with his car in Stamford Sunday night. The results were that the boys had to come to Haskell on the 4:30 bus this morning—Thomas Lee enjoyed his nap in typing room Monday although his bed was a table, his pillow a typewriter, and his foot rest a chair. HASKELL WINS TRACK AND FIELD MEET FOR THIRD STRAIGHT YEAR

Winning the Haskell Invitational Track and Field Meet here Friday afternoon with a 2 1/2 point lead, athletes of the HHS team for the third successive year became the possessors of the coveted trophy offered by sponsors.

Bomarton entrants were strongest contenders against the locals for first place honors, with 16 1/2 points.

Over five hundred spectators witnessed the events, held at the Fair Park, with 230 athletes entered from eighteen schools of this section.

Presentation of the trophy was made by Principal George V. Wimbish of the Haskell High School, sponsor of the meet which was inaugurated in 1935. Mr. Wimbish also awarded medals to high point men, and second place winners.

Towler of Bomarton was high point man, with 14 1/2 points and was awarded a gold medal. Ger-

loff of Old Glory was second high point man with 10 points and received a silver medal.

Most outstanding events of the afternoon, in the opinion of spectators and judges was the 100 yard dash won by Gerloff of Old Glory in 10 seconds flat, against a stiff wind.

Results of the fourteen events scheduled were as follows, with first, second, third and fourth place winners listed in order:

120 yard High Hurdles—Myers of Sunset, 18 seconds; Smith of Aspermont; Parker of Stamford and Partridge of Sunset, tie.

440 yard Run—Abbott, Aspermont, 55.1 seconds; Meers, Munday; Crouch, Sunset; Fletcher, O'Brien.

220 yard Dash—Gerloff, Old Glory, 24.2 seconds; Sosebee, Anson; Towler, Bomarton; Lloyd McMillin, Haskell.

Running Broad Jump—Dillard, Hamlin, 18 feet 10 inches; Towler, Bomarton; Sowders, Truscott; Cribbs of Throckmorton and Haynie of Munday, tie.

Pole Vault—Parker, Stamford, 9 feet 9 inches; Lon McMillin, Haskell; Lowe, Bomarton; Barnett, Haskell.

Discus Throw—Vick, Hawley, 92 feet 7 inches; Odell, Throckmorton, 92 feet 4 inches; Maxwell, Aspermont, 90 feet 4 inches; Sosebee, Anson, 88 feet.

High Jump—Haynies, Munday, 5 feet 8 inches; Cassles, Anson; Dillard of Hamlin and Towler of Bomarton, tie.

12 lb Shot Put—Towler, Bomarton, 39 feet 7 inches; Cure, Truscott; Vick, Hawley; Ellison, Hamlin.

Javelin Throw—Rowland, Anson, 141 feet 2 inches; Hanke, Aspermont; Robert Thompson, Haskell; Moorehouse, Benjamin.

One Mile Run—Lloyd, Throckmorton, 5 minutes 15.6 seconds; Beard, Anson; Smith, Munday; Stogner, Sunset.

One Mile Relay—Stamford, Parker, Teyman, McCann and Watson, 3 minutes 46.9 seconds; Sunset, Henderson, Partridge, Crouch and Myers; Haskell, Pinkerton, Lon and Lloyd McMillin, Barnett; Aspermont, Abbott, Hill, Hanke and Abernathy.

Schools represented in the meet were Sunset (Knox county); Throckmorton, Hawley, Rochester, O'Brien, Anson, Truscott, Munday, Bomarton, Hamlin, Haskell, Stamford, Old Glory, Weibert, Aspermont, Lueders, Rule, Benjamin.

Officials, including Mr. Wimbish, sponsor, were Perry Mason director of events; "Red" Edwards starter; and J. R. Coody, Jr., head judge.

CONTESTANTS BRAVE THE USUAL 'SANDSTORM' DURING RURAL TRACK MEET ON WEDNESDAY

Howard School Carries Off Top Honors in Combined Points of Boys, Girls

Despite plague of the usual "track meet sandstorms" over 100 contestants in the Rural Track and Field Meet of the county Interscholastic League braved stiff winds and blinding dust here Wednesday afternoon to stage the regular schedule of events under the supervision of T. L. Hawkins, principal of the Lone Star school and director in charge of the meet.

All of the scheduled events were held except the Rural Senior Boys who are bracketed with the Class B schools, and through permission granted by Billy Tabor, Sagerton school superintendent who is County Director of Athletics in the League, these events were postponed until Saturday afternoon, March 20.

Howard School Places First Entrants from Howard won laurels for their school in total number of points with 47, accumulated by both boys and girls. Midway school was second with 36 points, Post third with 15 1/2, and Jud fourth with 13 1/2 points.

Top honors in rural schools up to the seventh grade went to Lone Star with a total of 54 points, second place to Idella with 52 points, and third to New Cook with 17 points.

Points by Divisions In the four divisions scheduled, between schools in the Seventh Grade class, and those where no more than seven grades are taught total points tabulated were as follows:

Rural School Junior Boys (above 7th grade) Howard 30 points; Gaunt 12; Midway 11 1/2; Tonk Creek 5.

Rural School Junior Girls (above 7th grade) Midway 24 1/2; Howard 17; Jud 13 1/2; Post 11.

Rural School Junior Boys (7th grade) Idella 34; Lone Star 13; New Cook 10.

Rural School Junior Girls (7th grade) Lone Star 41; Idella 19; New Cook 7.

High point contestants were: Junior Boys (above 7th grade) Medford of Howard, 18 points; Junior Girls, Havran of Lone Star 18, and Strickland of Lone Star 17 points.

Junior Boys (7th grade) Byrd of Idella, 14 points; Junior Girls, McClain of Howard 15 points.

Junior Boys events included the 100 yard dash, 50 yard dash, 440 yard relay, chinning bar, running high jump and running broad jump.

Junior Girls competed in the 100 yard dash, 50 yard dash, 440 yard relay, running broad jump, running high jump, baseball throw and basketball throw.

Approximately one hundred and twenty contestants were entered in the various events.

Officials in charge were T. L. Hawkins, director; W. D. Henson (Brushy) bookkeeper; "Red" Edwards (Mitchell) starter; C. B. Ramsey (Midway) and James Morton (Tonk Creek) judges.

Mattson— (Continued From Page One) ing with a combination auditorium and gymnasium.

Officials of the district expect to plan for the proposed structures complete in the near future, in order that construction work may be started early in the summer.

The group making the trip Thursday included Trustees Roy Weaver, Elbert Mapes, H. Y. Druesdow, Frank Nicholson, Jess Matthews, Hub Merchant, Supt. Elmer C. Watson and the following faculty members: Miss Gladys Crum, Miss Naomi Davis, Miss Henrietta Perrin, Miss Reta Mae Guess, Mrs. Stanley Furr, Mrs. Rod Clifton.

Also in the group were R. B. Guess, former Commissioner, and Sam A. Roberts of Haskell.

Class C District— (Continued From Page One) greater interest in football.

If State officials grant the request, District 9-B would lose two members, Rule and Aspermont, leaving Albany, Haskell, Stamford, Hamlin and Anson as a five-school district. Officials and coaches of these towns would favor the inclusion of one or two more schools in the district, possibly Throckmorton and Merkel, it was brought out at the meeting, in the event the smaller district is formed.

Other principal business discussed at the meeting was arrangement of tentative schedules for the 1937 football season for both conference and practice games.

Attending from Haskell were Supt. C. B. Bredlove, Principal George V. Wimbish and Coach Perry Mason. Other schools represented included Albany, Anson, Hamlin, Stamford, Rule, Munday, Rochester, Knox City, Aspermont, Lueders and Mattson Rural High School.

D. H. Persons and daughter Ruby Sue and Mrs. Matt Graham returned from Temple Sunday where they accompanied Mrs. Persons to Scott and White Sanitarium several days ago, who underwent a major operation. She will be able to return to her home here sometime next week.

Haskell Senior Girls Win Title In Volley Ball

On Monday night the Haskell volleyball team and their coach, Mrs. Wimbish, with all the pep needed by anyone, boarded the school bus and were on their way to try to win the county championship. The first opponent, Rule was defeated in the first two games. On Tuesday night the girls again went to Rule where the tournament was held, to defeat O'Brien in a close match. Thus (much to their joy) they were ready for the finals with Sagerton. After a breath-taking contest the girls were declared the victors.

The girls to whom we owe credit for our victory are: Annie Mae Leese, Ruby Stodghill, Irene Miller, Illa Fae Gregory, Nannie Patterson, Evora Jenkins, Capitola Larned, Margaret McClintock. Other girls who made the trip to Rule were: Golda Woods, Cleo Perdue, Margaret Bredlove, Lolita Mae Thompson and Velma Williams.

Fifty-Seven Honor Pupils Are Listed At The South Ward

Current Honor Roll for the South Ward School, covering the past six weeks period, lists the names of 57 pupils in the six grades taught at the school. This is probably the largest number to appear on the Honor Roll during the 36.37 school term to date.

Sweetwater Golf Tournery Will Be Held April 15-18

Dates of the first annual invitation golf tournament of the Sweetwater Golf Association have been set for April 15-18, inclusive, according to Luther M. Watson, secretary of the association and local newspaper publisher.

The tournament is to be held on the municipal links at Lake Sweetwater, a sporty 9-holes grass greens course with three water hazards.

It is hoped that through these meetings the farmers will be able to increase their net income from their dairy herds. Several farmers reported that they were already receiving a nice income from their herd, but there is a possibility that this may be increased by a little more care in handling and management.

During the meetings that are to follow such topics will be discussed as balancing the dairy ration, producing and utilizing home-grown feeds, selecting sires and dams from body type and their milk record, handling the dairy herd, managing the dairy herd, improving the herd through culling and breeding and possibly others.

It was interesting to note from the meeting Tuesday night that so many boys were present.

Before the group adjourned they decided to hold their next meeting Wednesday night of next week, March 24, in the Sayles school building. Since the two communities are close together it was decided that more could be accomplished by alternating the meetings between the two communities.
