

2-YEAR-OLD PRISONER HANGS SELF IN COUNTY JAIL WEDNESDAY NIGHT

ADJUTANT COUNTY COMMISSIONERS COMPLY WITH SOIL PROGRAM

Check-up Shows 80 Per Cent of Signers Carry Out Program

A sizeable majority of Haskell county farmers favor the soil conservation program, as indicated by a check-up of the compliance with the program now under way in the county. The check-up shows that 80 per cent of the signers have carried out the program. The check-up was made by the county commissioners and the soil conservation committee. The check-up shows that 80 per cent of the signers have carried out the program. The check-up was made by the county commissioners and the soil conservation committee.

WORK TO START NEXT WEEK ON NEW HIGH SCHOOL

Work on the new high school building will start next week. The building is to be a two-story brick building. The building is to be a two-story brick building. The building is to be a two-story brick building. The building is to be a two-story brick building.

Funeral for Mrs. Kinney

Funeral services for Mrs. Kinney will be held Saturday. The funeral will be held at the First Baptist Church. The funeral will be held at the First Baptist Church. The funeral will be held at the First Baptist Church.

Funeral for Mrs. Gorman

Funeral services for Mrs. Gorman will be held Saturday. The funeral will be held at the First Baptist Church. The funeral will be held at the First Baptist Church. The funeral will be held at the First Baptist Church.

THREE-DAYS RAIN BRINGS END TO DROUGHT OVER A WIDE TERRITORY OF WEST TEXAS

Increased Enrollment Is Shown In Local Schools

With opening of the 36-37 term of Haskell Public Schools Monday morning, enrollment of pupils showed a substantial increase over last year, despite the inclement weather. School officials expressed the belief that enrollment of 763 pupils this year on opening day is probably the largest in history of the school system. It is estimated by some officials that total enrollment for the current term may reach the 1,000 mark within the next few weeks. School facilities are ample to care for the present enrollment, but if the higher figure is reached Ward Schools and the emergency North Ward quarters will be badly overcrowded trustees said.

High Rating Is Given Six Rural Schools In County

Haskell county ranks with many of the larger counties of the state in the number of standardized rural schools, according to a list received by County Superintendent Matt Graham this week from the State Department of Education. Haskell county, with six standardized schools, has the largest number of any county in this immediate section, the list reveals. County schools meeting the necessary requirements were: Lone Star, Sayles, Midway, Mitchell, Gaunt and New Cook. In adjoining counties, Throckmorton has two standardized schools, County Line and Sunshine districts; Stonewall one, Johnson Chapel; while none are listed for King, Knox, Shackelford or Jones counties.

Grand Jurors For September Court Term Summoned

The following persons have been summoned to appear for Grand Jury service for the September term of District Court, beginning Monday September 28. From the list of sixteen, twelve will be selected to comprise the investigating body for the six-weeks court term. The venire: J. W. Nanny, Haskell; W. S. Grimsley, Weinert; Elbert Mapes, Haskell; J. F. Simmons, Haskell; August Stremmel, Sageron; Joe Lowry, Rule; A. E. Fouts, Rule; L. R. Cypert, Munday; W. E. Bland, Haskell; G. A. Lambert, Sageron; W. E. Penick, Rule; J. L. Sprouse, Rule; John R. Watson, Haskell; John Cooper, Weinert; A. H. Wair, Haskell; Wallace Cox, Haskell.

Last Rites Said Saturday for Mrs. Maria Boer, 92

The funeral for Mrs. Maria Boer, 92-year-old native of Germany, who died Thursday at the home of her daughter, Mrs. Clara B. Hickey near Rule, was held Saturday morning at 10 o'clock from the Hickey residence. The funeral service was read by Mr. B. Walters of Rule. Arrangements were in charge of the Kinney Funeral Home, and following service at the residence the remains were carried in a funeral coach to Wichita Falls and shipped to St. Louis for cremation, in keeping with wish of the deceased woman. A daughter, Mrs. Anna Hamel of Rule, and a son-in-law, Mr. Karl Wolf of Stamford accompanied the body to St. Louis.

Attend Gift Show in Dallas

Mr. and Mrs. C. V. Payne spent the week in Dallas, where they attended the second annual Southwestern Gift Show, held in the Baker Hotel. While there Mr. Payne purchased the holiday stock of gift wares for Payne Drug Company.

County Court To Re-Convene Here Friday Morning

Several cases scheduled for trial. Docket heaviest in several months. Docket in County Court for the September term will be taken up again Friday morning, with several criminal cases scheduled for trial. The court term, opened Monday of last week, was recessed Thursday until this week, and petit jurors summoned were excused until Friday morning Sept. 18th. Despite clearing of a number of cases from the docket during last week's four-day session, the court calendar is still crowded, possibly the heaviest in several years, according to court officials.

County's Quota For Demo War Chest Is \$886

Haskell county Democrats have been called upon to raise \$886.00 as their quota of the \$250,000 campaign fund to be raised in the state in behalf of Roosevelt and Garner. Quota for each county in the state is figured on the basis of approximately 20c for each ballot cast in the first primary. No county has been allocated less than \$100. Harris is highest in the list, with \$30,000, while Dallas is second with \$25,000; Bexar third with \$20,000 and Tarrant fourth with \$15,000. Quotas for other counties in this section are given: Archer \$458.00, Baylor \$482.00, Dickens \$484.00, Jones \$908.00, King \$100.00, Knox \$584.00, Shackelford \$350.00, Stonewall \$346.00, Throckmorton \$342.00, Young \$834.00.

First Football Game For Indians On September 25

After two weeks of intensive training and work-outs, the Haskell Indians will open the 1936 football season on Friday Sept. 25th when they meet the Aspermont team in the first game for the locals. Site of the game has not been determined, Coach W. L. Richey said today. Supporters of the Indians are urging that the contest be played here at night, Haskell having one of the few lighted football fields in this section, and it is believed that a much larger crowd will be attracted to a night game. The Braves have rounded out into good condition, according to fans who have religiously attended team workouts. Aspermont gridders will have a week's start over the Braves when they meet here, the schedule shows, Rule and Aspermont playing Friday night, Sept. 18th at Rule.

Braves Cinch Place in Pennant Race By Defeating Munday In 5-2 Thriller Sunday

Behind the consistent performance of Tommy Hall, ace moundman, the Haskell Braves defeated the Munday aggregation last Sunday in that city, to cinch a berth in the playoff with Hamlin for championship of the Wichita Valley Baseball League. Hall, credited with 13 strikeouts, easily proved himself master over the Northerners, and only once was he in anything like a dangerous situation. That was in the eighth, when first a pass next an error, and another walk loaded the bases—with one out—but the outlook changed without unfavorable results. Beatty, with a double and two singles out of four trips to the plate, was the hitter of the afternoon, with Cox, Chapman and Hodges contributing with two out of five to account in a creditable measure for the victory.

Play Hamlin Sunday

The Braves will play Hamlin here Sunday afternoon in the first of the play-off series, and again on Wednesday in Haskell. A five-game series has been arranged, the coveted pennant going to the team winning the first three games. Games will be called at 3:30 p. m. both Sunday and Wednesday. Remaining games of the series will follow at Hamlin, the third tilt slated for Sunday Sept. 27th. Batteries for Haskell in the play-off game Sunday will be Hall and Cox; for Hamlin, either Pitman or Hughes on the mound and Abbott receiving. In their last game with Hamlin the Braves lost 6-5. In that game Hall allowed only three hits, but walked six batters; and Haskell nicked Hamlin's hurler for twelve safeties. Considering this,

Louise Mullino Dies Suddenly On Friday Afternoon

Member Prominent Haskell County Family; Funeral Rites Saturday. Miss Edna Louise Mullino, 32, daughter of Mr. and Mrs. G. E. Mullino, of this city, succumbed to a heart attack in the Knox City hospital last Friday afternoon at 3:20 o'clock. Death of Miss Mullino, former teacher in Spokane, Wash., Amarillo and Haskell schools, was attributed to a heart attack brought on by a blood infection. Apparently in good health, she consulted her physician Friday morning, who advised hospital treatment. Accompanied by her father, she drove to the hospital. Mr. Mullino returning to Haskell. Death came unexpectedly, relatives notified of the seriousness of her condition being unable to reach the bedside before she died. Funeral services were held from the First Methodist Church Saturday afternoon at 3 o'clock, with the pastor, Rev. R. N. Huckabee conducting, assisted by the Rev. H. R. Whately, minister of the First Baptist Church.

Fall Here Gauged at 2.87 Inches, Aids Late Feed and Ranges

A slow, soaking rain which began falling intermittently Monday afternoon and which has fallen almost continuously until this morning, has accounted for almost three inches of moisture in this immediate section, ending a drought which has devastated cotton and early feed crops and caused serious damage to ranges. Total precipitation since Monday had amounted to 2.87 inches Thursday morning, bringing the year's total rainfall to 14.81 inches. Ranchmen and farmers who planted late feed crops will benefit most from the rainfall at the immediate time, but by providing moisture for planting fall grains, the rain will be of unestimable value. Falling slowly, most of the moisture soaked rapidly into the ground, very little water draining into surface tanks. Hails Cotton Picking. Most farmers expressed the opinion that the rain would be of little advantage to cotton. Grade will be lowered, and a considerable amount of open cotton was beaten from the stalks, farmers say. Picking which had been under way for several weeks in practically all sections of the county will be halted for some time. All of West Texas shared in the generous rainfall, which in some sections reached cloudburst proportions. In the area surrounding San Angelo, torrential rains fell. Twelve inches was reported in San Angelo, and fifteen at Christoval, bringing fears of flood damage in the lower sections of that country. In Central West Texas precipitation ranged from one and one-half to four inches over practically the entire area, with most of the Panhandle reporting showers and generous rains.

Aspermont and Haskell Foes In Locals First Game, Site Undecided

Interment was in Willow Cemetery with W. O. Holden of Jones, Cox & Company in charge. Active pallbearers were Marvin Branch, Ben Charlie Chapman, Andy Norris, Theron Cahill, J. G. Vaughter, Ben Bagwell, Johnny Banks and Elmore Smith. Ladies assisting with the floral offerings were Mrs. Vigil Reynolds, Mrs. Hollis Atkinson, Mrs. F. M. Robertson, Mrs. Barton Welsh, Mrs. B. Baker, Mrs. Ralph Duncan, Mrs. Theron Cahill and Miss Mary Couch. Miss Minnie Ellis of Pecos was here the past week-end and the first of the week visiting her father J. T. Ellis and other relatives.

Three Men Take French Leave From Road Gang

Two young men, recently convicted in County Court for violation of the liquor laws, and who were "laying out" fines, took French leave from Deputy Sheriff Bud Thompson last Thursday while en route to the northwest part of the county where several prisoners were to do road work. The men, John Yancy, Jr., and M. D. (Pi) Smith were riding on the rear of the truck, Thompson reported, and other prisoners in the group did not report the escape to the driver. Officers spent the remainder of the day searching the rough country in the section where the two men made their getaway, but without success. This was the third escape from the "road gang" in a ten-day period, Bert Hardin, fined \$50 recently for shoplifting, having left for parts unknown on the evening of Sept. 1st. When the truck carrying prisoners to and from work came in that evening, Hardin was allowed to go to the post-office alone, ostensibly to purchase a stamp—and is still absent.

Mr. and Mrs. W. A. Lyles Return From Dallas

Mr. and Mrs. W. A. Lyles returned Wednesday from Dallas where they attended the gift show and purchased holiday merchandise for their jewelry store here. Miss Dixie Orr entered North Texas State Teachers College at Denton this week.

Lifeless Body Is Found By Deputy

"Pete" Smith, Facing Felony Charges, Explains Act In Note to Mother. Apparently having been dead for 12 or 14 hours, the lifeless body of Louis Aubrey (Pete) Smith, 22, was found hanging from the bars of the "death cell" in the county jail at 8 o'clock this morning. Deputy Sheriff Mart Clifton who had gone to the third floor of the jail to carry breakfast to Smith, was the first to discover the tragedy. Smith, arrested by Sheriff Kemp and Deputy Clifton Monday morning in connection with the finding of a stolen automobile, has been confined in jail since that time, pending examining trial on burglary and theft complaints. He had been placed in one of the cells on the third floor, and with no other prisoners on the floor, time of the tragedy could not be definitely ascertained. A verdict of "Suicide by hanging" was returned by Justice of the Peace Davis following an inquest held by Davis, County Physician D. L. Cummins and Dr. L. F. Taylor. The physicians stated that Smith had been dead approximately fourteen hours, possibly longer. Smith, his rigid body framed behind the bars of a window in the west side of the building and his feet almost touching the floor of his cell, a small chain wrapped tightly around his neck, was hanging to the uppermost bars of the cell. The chain about 3 feet long, had been removed from one end of a folding bunk in his cell. (Continued On Page Four)

Examining Trial Held For Woman On Murder Charge

Bond of \$4,000 Set for Mrs. Mary Culberth in Infant Slaying Case. Examining trial for Mrs. Mary Culberth, O'Brien woman charged with murder, was held before County Judge Charlie Conner this morning. Bond was set at \$4,000 for her appearance before a District Court Grand Jury to be impaneled Sept. 28th. Evidence presented by members of the sheriff's department and written statements of physicians and the defendant were introduced during the trial. Unable to perfect bond, Mrs. Culberth was remanded to the county jail. Complaint against the woman, who is about 35 years of age, resulted from the finding of the body of an infant boy near the outskirts of O'Brien on the night of Sept. 2nd. Mrs. Culberth was taken into custody several hours later and carried to a Knox City hospital where she was held under technical arrest until her condition would permit removal to the Haskell county jail.

Merchants Consider Weekly Trades Day

Canvass Firms To Be Made To Ascertain Whether Event Wanted. Proposal that Weekly Trades days will be held in Haskell as a means of enlarging the city's trade area, met with a hearty response from a representative group of Haskell business men at a meeting held in the Rita Theatre last Friday afternoon. For several months during the several a monthly Trades Day was observed, the last one being held Sept. 3rd, at which time it was decided to discontinue the plan being used—Auction Sales, in which trade currency was used. At Friday's meeting two plans were considered as a featured drawing attraction for a weekly Trades Day. The plan selected at the meeting will be placed before every business house in the city within the next few days by the Trade Extension Committee of the Chamber of Commerce, joined by another committee appointed at the meeting composed of Courtney Hunt, W. A. Holt, Anton Theis and Server Leon. The proposed plan, which is copyrighted by its sponsors, can be placed in operation at very little cost to each business firm if a majority of local businessmen cooperate, according to explanations made at the meeting. As soon as a favorable canvass of the city can be made, date of the first Trades Day and full details of the various weekly events will be advertised throughout a wide area, committee members stated today.

Rite Saturday, For Mrs. Tidwell, Resident 30 Years

Funeral services for Mrs. Carrie M. Tidwell, 54, native Texan and resident of Haskell county for 30 years, was held Saturday afternoon at 4 o'clock from the First Methodist Church with the Rev. J. E. Shubert, Avoca minister, officiating. Burial was in Willow Cemetery under direction of W. O. Holden of Jones, Cox & Company. Mrs. Tidwell, who had been ill for only a few days died suddenly Thursday evening, Sept. 10 at 8:30 o'clock. Born March 13, 1882, Carrie M. Bishop was married to D. G. Tidwell January 13, 1898 in Robertson county. The couple moved to Haskell county in 1906. Deceased had been a member of the Methodist Church since childhood. Survivors are Mr. Tidwell, six daughters, Mrs. Maggie Larned, Mrs. Florence Larned and Mrs. Grace Larned, all of Haskell, Mrs. Jewel McClung of Stamford, and Misses Edna and Mary Tidwell of Haskell; five sons, J. V. Tidwell, R. E. Tidwell and Oscar Tidwell of Haskell, J. F. Tidwell of Fort Worth and C. W. Tidwell of Edinburg. Active pallbearers were P. G. Kendrick, Wesley Brown, Frank Underwood, John Nanny, Lewis Nanny, Everett McClung. Ladies assisting with the flowers were Misses Ruby Stodghill, Earline Stodghill, Fae Fowler, Ruby Nanny, Ruby Mae Scheets, Inez Gilliland.

Miss Dixie Orr Enters North Texas State Teachers College at Denton This Week

Miss Dixie Orr entered North Texas State Teachers College at Denton this week. (Continued On Page Eight)

Official Newspaper of Haskell High School
Vol. 3 Thursday, Sept. 17, 1936

Teachers Attend Summer School

Summer time does not always mean vacation to the teachers. This summer Mr. and Mrs. Wimbish and Miss Vick were students in the University of Texas, where Mr. Wimbish finished his minor in history for his Master Degree in Education. Mr. Wimbish did graduate study in Government and Miss Vick in English and Education. Mr. Mason, in Peabody College for Teachers, Nashville, Tenn., began graduate work in History and had intensive training in the coaching of football.

In these great institutions which are well known over the entire nation they met educators and heard lectures of national fame and gained new ideas. All are enthusiastic in beginning a new term.

New Teachers Are Added To Faculty

Our school is glad to have a former graduate of Haskell High School, Mr. Joe Brooks, for a typing and bookkeeping instructor. He was in the graduating class of 1932. He was one of the debaters in his senior year and was a well-known student.

The students of Haskell High School are glad to have the opportunity of taking these subjects and believe that they will be of great help to them later on.

Mrs. Meyer is the new Home Economics teacher in our school. She replaced Miss Camp who taught Home Economics last year. Mrs. Meyer has taught this subject before and has been connected in a similar line of work for the past few years. Since she has been doing this kind of work our school feels that she will be very efficient and we are very glad to have her teach in our school.

Haskell Begins New Bus Line

The new school bus which goes out north of town picks up students from Ballew, Foster, Midway and some from Haskell school district, and brings them to the Haskell grade and High School. Mr. Bartlett is the driver of the bus. It picks up about thirty-five students each morning.

This Week A Year Ago

A year ago this week brings back happy memories to us, because we were having school in the Haskell High School building. Last year was the first year we had bus transportation in our school system. This made it convenient for students from rural district to attend our school.

This year, same as last, we have many freshmen that are thrilled to enter our school and associate with the higher classes. The seniors were realizing that they were enrolling for their last time in high school. We miss those seniors, but know that we have a good Senior class this term.

Name Similarities

Several high school students obtain similar or like names, as last year we had a J. R. Johnston and this year a R. J. Johnston. We also have two Joe Larnards, who are cousins, so one will have to be called Joe Jr. Frances seems to be the popular name since Mrs. Wimbish reports four in one class.

N. Y. A. Employs Nine H. S. Students

Nine of our High School boys and girls are employed by the N. Y. A. this year. These students do various jobs such as janitor work, assistant in the Home Economics department, secretary and library work.

There is one colored boy employed by the N. Y. A. making a total of ten students employed. The NYA is supported by the Federal government.

Mrs. C. M. Kaigler

Teacher of Expression
Opens her Studio in the Annex of the Methodist Church for the Thirteenth consecutive year.

Monday Sept. 14th

Graduates of '36 Attending Various Colleges

Durwood Boggs Blanche Davis Gladys Fouts Minnie Ann Meyer Annabelle Stanton Tom Clifton

Bill Reeves Geraldine Norris Geraldine Fouts Jack Kimbrough Helen Ballard Harvey Simmons

Sue Hood Robert Barnett R. C. Couch, Jr. Wallace Stark George W. Fouts Audra Gayle Roberts

With many a shout of happiness, our ex-students left, or soon will leave for various colleges, each thinking the one he or she is to attend is the ideal choice.

Several of the Seniors of '36 have gone to Texas Tech at Lubbock. Some of them are: Tom Clifton, Sue Hood, Geraldine Norris, George Fouts, Harvey Simmons, Bill Reeves, and Wallace Stark.

Geraldine Fouts and Helen Ballard and Blanche Davis are to attend North Texas State Teachers College at Denton.

R. C. Couch Jr., is attending A. & M. at College Station.

Minnie Ann Meyer will study in the University of Wichita at Wichita, Kans.

Jack Kimbrough will enter A. & M. College.

Gladys Fouts has entered H-S U. at Abilene for the term.

Audra Gayle Roberts has entered Texas State College for Women at Denton.

Anna Belle Stanton left last week for Chicago, where she will study in the Sherwood School of Music.

Robert Barnett and Ernest McMillin have enrolled in Howard Payne College at Brownwood.

Durwood Boggs will attend West Texas State Teachers College.

Several of our ex-students are to enter business colleges.

To all we wish the best of luck and success.

Miss Camp Goes To Breckenridge

Miss Helen Camp who taught Home Economics in our school last year has accepted a position in Breckenridge where she is teaching Home Economics.

We are glad that she has obtained a position in a larger school but we regret losing her. We enjoyed having Miss Camp with us although it was for only a short time.

After our school burned Miss Camp had a great hindrance because all of the Home Economics equipment burned. We think she did splendidly in carrying on her work and we hope she succeeds in her work there.

Our New Books

The students of Haskell High will note the new textbooks issued this year—especially those bright yellow English books that were issued to our new students, the Freshmen. In fact all English books are new and rust, green, and yellow are the prevailing colors. The American History text was changed, and also Chemistry books are being furnished us this year by the State. Haskell High School students are grateful for these new books and hope to keep them in good condition.

If the ticking of a watch or clock annoys an invalid in the household, cover the time piece with a small glass bowl or tumbler. The face of the clock can be read but the sound will be deadened.

What a Freshman Thinks of H. S.

This is my second day of high school and I am one of those many freshmen you see standing around with that amazed and astonished look on their faces. This morning I was asked to write a brief piece on what I thought of high school. Of course I have not attended long enough to understand everything but I have come to a decision. I will leave it to you to guess what my decision is when you have finished reading this.

I have discussed one subject with many of the freshmen and we have decided that changing rooms is a part of the best fun in going to high school.

We have agreed that it keeps us "standing on the tips of our toes with our fingers against the sides of our heads" when trying to decide which room we belong in this time.

I have noticed that many of us have developed that independent walk, talk and look. Maybe it's from having just four subjects, or maybe it's from finding a new boy or girl friend; but I think it's from the feeling of "off with the old, on with the new." Don't you?

I think study hall is one of the most amusing places there are. To my surprise I see some who seem to think it is the place to play. Some seem to think it is the place to talk. And still more surprising to our amazed eyes and astonished ears there are some who seem to think it is the place to sleep. But as we were taught in our earlier life "All bad things come to an end," some do study.

I do, and I suppose the others do too, miss the recesses. But not having them helps us with the newly developed independent walk, talk and look.

As we look over the vast student body when all are together, we realize what a place we freshmen have in school. They, the sophomores, the juniors, the seniors, were all freshmen once. And as they have climbed step by step, so shall we, helping make this old Haskell High a better and prouder school to attend.

To Elect Student Members of P. T. A.

Within a few days the class sponsors will be appointed, and classes will be meeting to elect new officers and perfect organizations for the year. We wish to remind all classes and sponsors that during the election of class officers a student member of the P. T. A. should be elected. This is an important and trustworthy position, and all classes are urged to give it careful consideration. The High School Parent-Teachers Association was in its infancy last year, but this year it will go forward in a bigger and better way. It needs the loyal support of every class.

Principal's Office Has Telephone

There was no phone in the room that served as Mr. Wimbish's office last year, and it was necessary sometimes to use the phone in the pastor's study. This year, however, Mr. Wimbish has an office phone and the number is 387. We give it here since it does not appear in the phone directory. Mr. Breedlove's office is still located over the National Bank and his number is still 388.

Louise Kaigler

Teacher of Piano and Dancing
Opens Her Studio
September 14th
At The Manley Branch Residence.

H. H. S. Starts Gridiron Practice

Haskell High School's football squad began practice last week with about thirty three present. Uniforms were issued and practice was begun by Coach Richey, Coach Mason assistant coach, arrived last Friday to begin practice Monday.

The Indians have seven lettermen from last year and several men who played with great interest. The letter men are Akins, Lon McMillin, Lloyd McMillin, Duffer Crawford, Thompson, Rogers and Barnette with Jenkins, Jimmie Crawford, Scott, Harrison, and Guest as old players. Among new members are Hayes and Sam Henshaw.

The coaches are getting along fine with their practice. The boys practice rain or shine as they did last Monday in the rain.

The first game will be played Friday night September 25. We hope to have a large crowd for our first game.

How Vacations Were Spent

After asking many times the questions "where did you go this summer" and "what did you do?" the writer finds that our students have varied ideas about the way in which to spend the vacation period. For example, Beverly Gilbert thinks California is the ideal place while Marjorie Ratliff is partial to Louisiana. Both of these girls report very pleasant visits.

During the vacation period Addie Lee Hayes spent several weeks in Floydada, Texas. Madge Leon has delighted us with stories about the days she spent at summer camp. Helen Mable Baldwin visited in Galveston, Houston, and Dallas and was not able to tell which she enjoyed the most. Lottie Mae Thompson claims that New Mexico is "the best in the west" since her visit there. Mayre Lena Tubbs spent two weeks in Kerrville attending the Presbyterian Young People's Camp.

So we see that we have been separated by distance this summer. A large number of students report very enjoyable visits to the Centennial. All the students, whether they visited far or near or none, report a very pleasant summer but nevertheless seem pleased to be back in school, although some won't admit it.

Few Changes Made In Arrangements

With the opening of school Monday morning only a few minor changes have been made in arrangement over that of last year. The office of Mr. Wimbish has been moved to an adjoining room to the north which is behind the pulpit in the auditorium of the Christian Church. Mr. Breedlove still maintains his office, as last year, on the second floor of the National Bank. Also all classrooms are the same as last year except room six which has been moved from the auditorium of the Methodist church to the room formerly occupied by the second grade. This room is being used as the science room and any additional material which may be secured for science work will probably be placed here.

Haskell High's New Students

Among the student body of our high school, many new students are seen. Twenty-one new students have enrolled in addition to the new freshman class.

We are very proud to have these new students with us. Although this seems a large number for so early in the term it will probably be increased more before the end of school, because of the enrollment in later months.

Principal's Office Has Telephone

There was no phone in the room that served as Mr. Wimbish's office last year, and it was necessary sometimes to use the phone in the pastor's study. This year, however, Mr. Wimbish has an office phone and the number is 387. We give it here since it does not appear in the phone directory. Mr. Breedlove's office is still located over the National Bank and his number is still 388.

At The Manley Branch Residence.

H. S. Enrollment Shows Increase

Despite the fact that we lack most of our former conveniences, we have started school this year with a full enrollment of about 270, with others enrolling every day.

It is surprising how well everyone takes the "hard knocks", such as tramping across the street in mud, losing all his books and not being able to find a vacant seat.

However, we consider ourselves lucky to have a place to go and to have such a large enrollment, which is a decided increase over the 252 of last year's opening enrollment.

Teachers Have New Residences This Year

Mr. and Mrs. Mason have moved to the Alexander apartments since their return, and Miss Davis is now rooming in the Methodist Parsonage. Other teachers are living in their former place of residence.

CITATION BY PUBLICATION THE STATE OF TEXAS.

To the Sheriff or any Constable of Haskell County—Greeting:

YOU ARE HEREBY COMMANDED. That you summon, by making Publication of this Citation in some newspaper in the County of Haskell if there be a newspaper published therein, but if not, then in a newspaper published in the nearest County to said Haskell County for four consecutive weeks previous to the return day hereof, R. F. Wallace whose residence is unknown, to be and appear before the Hon. District Court, at the next regular term thereof, to be held in the County of Haskell at the Court House thereof, in Town of Haskell, Texas on the fourth Monday of September, 1936, same being the 28th day of September, 1936, then and there to answer a Petition filed in said Court, on the 25th day of June A. D. 1936, in a suit numbered on the Docket of said Court No. 4645, wherein Johnnie Wallace is plaintiff and R. F. Wallace is defendant. The nature of the plaintiffs demand being as follows, to-wit:

That plaintiff and defendant were duly married on the 4th day of November, 1933, and plaintiff was compelled to leave the defendant in March, 1936, on account of his cruel treatment, that the defendant was indolent, and failed to furnish the plaintiff with sufficient food, and refused to furnish plaintiff clothes to wear; that although the defendant owned an automobile he refused to permit plaintiff to drive the same, and plaintiff was compelled to walk several miles from their country home into town for the purpose of purchasing food and wearing

material for herself and child, and same was purchased with her own money and earnings; that the defendant complained incessantly at this plaintiff, and his conduct toward her was such as to impair her health and did impair her health. There were no children born to the union of this plaintiff and defendant.

WHEREFORE plaintiff prays for divorce.

HEREIN FAIL NOT, And have you before said Court, on the said first day of the next term thereof, this Writ, with your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said court, at office in Haskell, Texas, this, the 24th day of August A. D. 1936.

4c. Clerk District Court Haskell County, Texas. ROY RATLIFF.

BUS SCHEDULE

Bus No. 2 of the Haskell Independent School District will begin its daily route by leaving town at 7:00 A. M., going north over Highway No. 30 a distance of 3 1/2 miles. From this point it will leave the highway running west 3-4 of a mile and then north past Ballew School to Meyers School, a distance of 5 miles. It will then run west 1-2 mile, north 1-4 mile,

TALLEST TREE IN THE WORLD

The following is quoted from the August, 1936, issue of "Timberman":

"The Redwood Empire has established definitely the tallest tree in the world within the redwood empire. The tree is the 'Elmer' tree, a great redwood tree, near Dyerwood, Humboldt County California, 112 feet high.

Only one other tree is known to have ever exceeded this height of 375 feet. According to existing records that have been brought to light, it was destroyed in 1880."

west 3-4 mile, north 1-2 mile, and south 2 miles to Midway School. From Midway School run west 2 miles, south 2 miles, east 2 miles, south 2 miles to Midway School. From Midway School it will run west 1 mile to a point on south 1-2 mile, go east 3 miles north of Highway No. 30, to the various schools. BOARD OF TRUSTEES Haskell Independent School District

SARAH ANN'S COOKING CLASS

Soup always makes an acceptable beginning for the principal meal of the day; it holds a vital place in the dietary of the young and old. For the busy housekeeper or business woman, who hasn't time to prepare soup, there are soups prepared by master chefs. The turn of the can opener, plus a moments heat will furnish her with delicious soup.

Summer Bortsch
 3 large beets, 2 cooked, 1 raw.
 1 quart meat stock.
 Juice of 1 lemon.
 1 teaspoon sugar.
 1 cup cream.
 Peel and grate the 2 cooked beets, add to the stock with lemon juice and sugar. Simmer 5 minutes. Meanwhile grate the raw beet, add to first mixture, and strain through cheese cloth, pressing to extract all but juice. Scald and add cream, chill and when served top each portion with a teaspoon of whipped cream, sweet or sour.

Jellied Tomato Bouillon
 2 tablespoons gelatin.
 1-2 cups water.
 1 can tomato soup.
 1 can bouillon.
 Few drops onion juice.
 1 teaspoon lemon juice.
 1-2 teaspoon celery salt.
 Mineral parsley.
 Soften gelatin in 1-2 cup of the water, then dissolve in tomato soup which has been brought to a boiling point with the remaining cup of water. Add onion juice and celery salt, cool and combine with bouillon and lemon juice. Chill very thoroughly and serve in bouillon cups breaking the soup up in the cup and garnishing with minced parsley.

Iced Fruit Juice Soup
 1 cup canned fruit juice.
 3 cloves.
 1 inch stick cinnamon.
 1-2 cup water.
 1 tablespoon cornstarch.
 1-2 cup sugar.
 1 cup orange juice.
 1 cup grapefruit juice.
 1-8 teaspoon salt.
 Bring canned fruit juice, clove and cinnamon together to boiling point. Mix cornstarch to smooth paste with a little of the cold water, add to boiling syrup and cook 3 minutes. Then add remaining water and sugar which have been cooked together until clear. Add salt, cool, combine with orange and grapefruit juice. Strain and chill very thoroughly before serving.

Onion Soup
 Slice 3 onions and saute in 3 tablespoons fat for 5 minutes being careful not to brown them. Add 3 cups beef broth and simmer until onions are tender. Then add 2 1-4 cups evaporate milk, a dash of cayenne, salt and pepper. Cut 3 stale rolls in half, sprinkle with 1 cup of grated cheese and toast. Place rolls in soup plates, add soup. Serve at once.

Split Pea Soup Made With Ham Bone
 Soak 1-2 lb. of split peas in cold water to cover overnight, in the morning drain and place in a large saucepan with a ham bone broken in several places and water to cover well. Add 1 large onion chopped, 1 stalk of celery, 1 sprig of parsley. Bring to boiling point and simmer gently until peas are soft, which will be about 2 hours. Add more water as necessary. Remove the ham bones and press the peas and liquid through a sieve. Return the puree to the fire and thicken with 1 tablespoon of butter rubbed to a paste with 1 tablespoon of flour. Add 1 cup of milk with seasoning as preferred. Serve

Roberts

We are at last getting some showers, enough to make things seem damp. We are hoping we will get a good rain before it is over.

School opened at Mattson Monday morning. There are seven teachers employed. We only have two of our new school buses right now, but think the other one will be here sometime this week. If you want to see something real pretty just come and look our buses over.

Several ladies of this community met in the home of Mrs. Clarence Massie Tuesday for a quilting.

Mr. Tom Mapes and family visited the Centennial at Dallas from Friday until Sunday.

Grace Rose of Rose spent Saturday night and Sunday with Joy Cobb.

Vernon Buckley returned home from Fort Worth Tuesday where he had been visiting relatives for the past ten days.

There was a large crowd at the singing convention here Sunday.

Mrs. J. L. Mapes and son are visiting her mother, Mrs. Wright of Cottonwood.

Most everyone from here attended the entertainment at Mattson Friday night.

Vernon Buckley visited in the home of Adolph Nussbaum of Haskell Wednesday.

Mr. and Mrs. W. O. Brummett of Truscott visited Mr. and Mrs. W. E. Stanford Sunday.

Mrs. Vernon Buckley called on Mrs. Whaley of Haskell Monday morning.

NOTICE OF DISSOLUTION OF PARTNERSHIP

Notice is hereby given that the partnership between W. H. Atkinson, Jr., and Mrs. Jim Williams under the firm name of the Ben Franklin Store of Haskell, Texas, has been dissolved. The said business of the Ben Franklin Store of Haskell, Texas, will be continued and owned by Mrs. Jim Williams and Jim Williams.

EAST SIDE SINGING AT MATTSON SUNDAY NIGHT

We are expecting all East Side singers to be present at Mattson Sunday night. Come, bring your book, and let's have a real singing.

in soup plates with croutons and a sprinkle of parsley.

Fish Chowder
 4 lbs. of haddock fillets (reserve bones and cook in water for stock).
 12 medium sized potatoes.
 12 medium sized onions.
 1-2 lb. fat salt pork cut in thin slices and fried crisp.
 1 pint milk.
 1-2 pint cream.

Make the chowder in a large kettle adding first a layer of fish, then a layer of potatoes, then a layer of onions and repeat until all of the ingredients are used. Season each layer with salt and black pepper, then add the stock in which the bones were boiled. Add enough boiling water just to cover the chowder. Bring to a boil and simmer for 20 minutes. Then add the fried salt pork, the milk and cream which has been heated. Allow to simmer slowly until vegetables are tender.

Noodle Soup
 In a kettle put 2 lbs. soup meat, soup greens, with 3 quarts water. Season, cook slowly for 2 hours. To make noodles, use 1 1-2 cups flour, 1 egg, 1 tablespoon water. Boil thin, cut in narrow strips, dry. Cook 10 to 15 minutes in strained soup.

The WOMAN'S Page

First Birthday Celebrated By Party

Little Miss Maidie Beth Johnson was given a birthday party by her mother, Mrs. Otta L. Johnson, last Wednesday afternoon, September 9th. The party started at four o'clock. Many little guests near Maidie Beth's age came, each one bringing a toy or other gift to her. After playing for some time the birthday cake was cut. The cake was pink with green decorations. It had a tiny candle in the center of it. Miss Anita Coburn and Miss Maxine Perdue assisted in entertaining the guests. They served cake and punch to those present.

The names of those attending the party were: Betty Jo Herren, Bobbie Ann Herren, Jo Iva Johnson, Celia Anne Johnson, Lela Johnson, Roy Glenn Johnson and Billie Mae Perdue; Misses, Ethel Lou Clanton, Maudeen Barnes, Anita Coburn, Maxine Perdue and Mesdames, R. I. Johnson, W. C. Johnson, Bob Herren Jr. and Hugh Johnson.

Mr. and Mrs. Haskell Stone and son Marion, returned Sunday from a vacation trip spent in South Texas.

THE

STYLE SHOPPE

Ice Cream Supper Given For Children

Mr. and Mrs. P. M. Mullins were fortunate enough to have eleven of their children with them for an ice cream supper Friday night.

Those present were: Mr. and Mrs. Frank Dodson and children, Leon, Dorothy Lee, James and Rudde; Mr. and Mrs. Jim Means and children, Monroe, Mary Evalyn, James Lewis and Kenneth; Mr. and Mrs. Oscar Steiwert and baby Raymond; Mr. and Mrs. Clarence Mullins and children, Demetria Jean, Caroline Shirlene, and Miss Mattie Ruth Davis; Mr. and Mrs. Sherman Mullins and baby, Francis; Mr. and Mrs. Freeman Mullins; Mr. and Mrs. Carl Mullins and baby, Dorothy of Tahoka, Texas; Brittie Lois, Minnie, Holman and Burl Mullins.

All departed at a late hour reporting a nice time.

Shower Given For Weinert Bride

Mrs. Jack Bettis, a recent bride who was, before her marriage, Miss Zedie Mae Smith, was named honoree Saturday afternoon at a lovely miscellaneous shower given by Mesdames W. T. Goble, Richard Weinert, Joe Aycock and Ernest Griffith in the home of Mrs. Aycock.

Summer flowers in pastel shades and a color scheme of orchid and yellow, were used in the decorations.

In the receiving line were Mrs. R. Weinert, Mrs. Aycock, Mrs. Bettis, Mrs. Griffith, Mrs. Murray, and Mrs. Goble. Miss Alice Palmer who hand-painted the bride's book registered the guests. Punch and cookies were served in the dining room to Miss Leona Ford. The guests passed from there to the bedroom to view many lovely gifts which were displayed.

About fifty ladies called during the afternoon.

Mrs. Floyd Johnston Is Honored

Last Thursday evening at 8 o'clock Mrs. Willie Johnston gave a party honoring Mrs. Floyd Johnston. She was assisted by Mesdames Henry Barnes and Frank Williams. Punch and cake were served to the following: Mesdames J. S. Redwine, Reba Gibson, Charles McGregory, J. M. Maxwell, J. W. Kennedy, Henry Barnes, Glenn Merchant, C. Brazz, R. I. Johnston, M. T. Williams, Gene Smith, Jerry Carmichael, Otta Johnson, Joe Cooper, Carol Thompson, Lydia Tonn, J. M. Crawford, Floyd Johnston, honoree, and Willie Johnston, the hostess.

Methodist Missionary Society

There was no regular meeting of the missionary society on Monday, Sept. 14th. Instead of a program, directed by Mrs. Sanders, chairman of Christian Social Relations as had been previously announced, the Society made a series of visits. These visits should be made oftener. Our church members who for some reason cannot attend services, enjoy feeling that they are still remembered.

We told in our last week's report of the plans for our "Rummage Sale". This sale will be held on Saturday September 19th. The building adjoining the Leader office on Depot Street, has been secured. Should no one be present to receive your bundles, please take them to Mrs. Marie Womble's office in the Postoffice building or phone Mrs. E. Martin or Mrs. Persons and some one will call for them. Reporter.

Junior Y. W. A. Girls Meet Tuesday

Member of the Junior Y. W. A. girls of the Baptist Church met with Frankie Dorris Bledsoe Tuesday evening. Miss Elsie Gholson, the new president presided. Wilma Whatley, secretary, read the minutes of the last meeting after which Anita Jo Simmons had charge of a very interesting program. The next meeting will be with Laverne Bynum and the time will be 6:30 instead of 7 o'clock. Those present were Misses Elsie Gholson, Francis Fouts, Anita Jo Simmons, Wilma Whatley, Laverne Bynum, Ruby Sue Persons, Louise Pierson, Mrs. Whatley, Mrs. Lemmon, and the hostess.

Mrs. D. H. Persons Entertains Merry Dames Tuesday

Mrs. D. H. Persons was hostess for members of the Merry Dames for an afternoon party Tuesday. Autumn flowers were used in the entertaining rooms where three tables were arranged for games of "42". At the conclusion of a series of games, Mrs. Persons passed a delicious refreshment plate to the following: Mesdames, T. C. Cahill, Sam T. Chapman, C. G. Hertrin, J. V. Hudson, C. L. Lewis, H. S. Post, H. S. Wilson, T. B. Odell, O. E. Patterson, C. B. Bredlove, H. M. Smith, and Sam A. Roberts.

In Wichita Sanitarium

Mrs. Floyd Self is in a Wichita Falls Sanitarium where she underwent major surgery this morning.

Half Millionth

Maedell Tipton, 16, drove 110 miles from Neocoma, Texas, to the Texas Centennial Exposition in Dallas and there was the half-millionth visitor to see "Cavacade", the Exposition's famous historical spectacle which will continue until November 29, the Centennial's closing day.

Smith-Bettis

Miss Zedie Mae Smith, daughter of Mr. and Mrs. Henry Smith became the bride of Mr. Jack Bettis at an afternoon service held at the First Methodist Church in Weinert on Friday, Sept. 11. The impressive ring ceremony was read by Rev. W. M. Culwell, pastor. The church was attractively decorated with yellow sunflowers and garden greenery. The bride who entered on the arm of her father was lovely in a "blue-bonnet-blue" crepe dress. She wore a corsage of sweet peas. The bride's only attendant was the matron of honor, Mrs. Rex Murray. Mrs. Murray wore a navy and gold model. Mr. Rex Murray was the best man.

As a prelude to the service Mrs. R. H. Jones sang "At Dawning" accompanied at the piano by Mrs. J. Frank Cadenhead. Mrs. M. L. Raynes played the wedding march and during the ceremony Mrs. Cadenhead played "I Love You Truly". Mrs. Bettis was educated in the school of Haskell county, having graduated in the spring of 1936 from the Weinert High School.

Mr. Bettis attended school in Wichita, Kansas. The young couple are both splendid workers in the Church and League in Weinert. After a short wedding trip the couple returned to their country home near Weinert where Mr. Bettis is engaged in farming. Out-of-town guests for the wedding were Mr. and Mrs. Hugh A. Gauntt, Mrs. A. A. Gauntt, Mrs. Z. A. Branton and Miss Gladys Bettis of Stamford.

Church Night Is Held In Weinert

Rev. W. M. Culwell pastor of First Methodist Church in Weinert and Mrs. Culwell very graciously entertained the church on Friday evening, Sept. 11, at the parsonage.

The yard was well lighted for the various games which were enjoyed during the evening. Young and old alike entered wholeheartedly into the games. Delicious ice cream and cakes were served to more than seventy-five guests.

North Ward P. T. A. Holds Session

The North Ward P. T. A. group held its first regular business meeting of the ensuing school term, at the Methodist Church, Thursday at 4 o'clock.

The meeting was opened by a short inspirational devotion given by the president, Mrs. Persons. Favorable statements were given by the various committee chairmen, reporting the work accomplished during the vacation months. Plans for the future months were discussed and some appointments were made, filling the vacancies made by members who have moved away.

Mrs. Hollis Atkinson underwent a major operation in the Hendrick Memorial Sanitarium Tuesday. She is reported to be resting.

O'Brien H. D. Club Has Meeting

O'Brien H. D. Club met Sept. 9th with Mrs. J. P. West. Miss Peggy Taylor had charge of program on scoring of strong and mild flavored vegetables. General appearance, flavor, texture and color are the four things scored on prepared dishes.

It is very essential that we have an adequate diet. Continued absence of vitamins from our diet will result in disease or abnormal conditions. Dry beans and peas are not a vegetable but are classed with meats.

The following members and visitors were present: Mmes. E. J. Barnard, J. M. Cooner, L. V. Heister, C. A. Barnard, E. C. Westerman, Terry Roberson, Tom Link, J. E. Hawkins, R. P. Barnard, J. P. West, Dave Vannoy, Birdie Dickson, Misses Bertha Hester and Peggy Taylor.

Contract Bridge Club Entertained Tuesday

Members of the Contract Bridge Club were entertained Tuesday afternoon by Mrs. Barton Welsh at her home. At the end of the usual games, Mrs. B. C. Chapman was presented with a prize for highest score. Mrs. Welsh served a delicious refreshment plate to Mesdames: French Robertson, Theron Cahill, Hill Oates, Bert Welsh, Ralph Duncan, W. G. Ferguson, Virgil Reynolds and B. C. Chapman.

CHURCHES

SERVICES AT O'BRIEN METHODIST CHURCH

"Holding Out On God" and "Lifting Up The Christ Of The Cross" will be sermon subjects discussed in the O'Brien Methodist Church by the pastor, Rev. Woodrow Adcock, Sunday morning and evening respectively. Sunday School will meet at 10 o'clock; Preaching at 11 o'clock; Young People's meeting at 7:30 p. m.; and Evening Worship service at 8 o'clock.

THE CHURCH OF CHRIST

The Church of Christ gives notice of some slight changes in the time of its regular services. The new schedule is as follows:

Sunday:
9:45 A. M.—Bible Classes.
10:45 A. M.—Sermon.
11:45 A. M.—Communion.
7:30 P. M.—Young People's Meeting Classes.
8:05 P. M.—Sermon.
Wednesday:
8:05 P. M.—Bible Study—Acts.

We have preaching every Sunday morning and evening. In spite of not having a regular resident preacher the interest in our church is steadily increasing. You are cordially invited to hear a discussion of two interesting topics next Sunday. On Sunday morning the subject will be "Lives of Great Men"; on Sunday night, "Why We Exist As A Church."

Why doesn't the Church of Christ unite with other churches in revivals etc.? Is it because they are cranky or narrow? Come and hear this question explained in a way that will not offend anyone. You will be made welcome at our services. Come.

Returns From Hospital Improved In Health

Roy Lankford, who entered the Stamford Sanitarium on August 28th for treatment, was able to return to his home in Haskell Wednesday morning, much improved in health. An ambulance from Jones Cox & Company conveyed Mr. Lankford from Stamford to his home here.

Texas Beauties Visit Exposition

Miss Thelma Brown, left, 16-year-old Houston, Texas, girl, who was chosen as Houston's beauty queen during that city's one-hundredth birthday celebration, is pictured here in the lounge of the Ford Exposition building at the Texas Centennial in Dallas. She is holding the guest book which is being signed by her attendant, a blonde beauty, Miss Cleo Manley, 18. The two girls were featured in programs planned for Houston Day at the Exposition.

Rochester

School opened here Monday. An interesting program was rendered to a good crowd of patrons. We feel like we are going to have a prosperous school year.

Mr. Howard Bell of Rochester, and Miss Margaret Coggins of Weinert drove to Seymour Monday afternoon, Sept. 7th and were united in marriage. They will make their home in Coleman where Mr. Bell and his brother, Hubert, have recently established a grocery business. The best wishes of their friends go with them to their new home and through their married life.

Rochester people were made sad when the news came to them last Friday of the sudden death at Knox City hospital of Miss Louise Mullino of Haskell, who was reared in our midst and has many friends here who sympathize with the family. It's a debt we every-one must pay, but still it seems we are never entirely ready to give our loved ones up.

Bobby Bagwell visited Carlsbad Cavern last week. He accompanied a delegation of Abilene Reporter News carrier boys on a trip sponsored by George McDaniel, circulation manager of the Abilene paper. Bobby represented the dealer at Rochester. He says it is worth any body's time and money to go see the Cavern.

Eugene Harrel of Oklahoma City spent the week-end here with his parents, Mr. and Mrs. E. W. Harrel returned home Monday.

Misses Mattie and Maymie Mayes of Fort Worth visited their old home place near Jud Tuesday. They found it fine. Mr. Martin and family have had charge of it 15 years. They also visited their brother, Charley and family at Munday and friends here and at Rule. They were living at Rule when they moved to Fort Worth. They returned to their home in Fort Worth last week.

Mr. and Mrs. Lynn Knouse spent Saturday here with relatives. They are moving from San Angelo to Marshall, Texas, where Mr. Knouse has a position with J. C. Penny Drg Goods Store. Their many friends here wish them success in their new home.

The Woman's Literary Club opened the season's meeting in the home of Mrs. L. M. Kay Thursday, Sept. 3rd with a tea honoring the new president, Mrs. Worth Buckner. Better homes was the theme of the meeting. After the

Foster News

This community was visited by a nice rain today, Monday. Mr. and Mrs. L. G. Server, Mr. and Mrs. Hoie Harrell and family and Mr. Clarence Dallam spent Sunday with Mr. and Mrs. R. C. Ketron of New Mid community.

Mr. and Mrs. Fred Hodgkin were visiting in our community Monday.

Miss Olga Bowman of Rochester visited Miss Arnolia Server Saturday.

Mr. and Mrs. I. N. Harrell and family spent Sunday with Mr. and Mrs. C. E. Harrell of Haskell.

Several from this community attended the dinner and singing at Gilliam Sunday.

Several from this community started to school at Rochester Monday.

Miss Arnolia Server, a teacher in the Rochester School assumed her duty in class room Monday morning.

CARD OF THANKS

It is with a deep sense of appreciation that we wish to thank our friends for the kind expressions of love and sympathy shown us at the passing of our beloved daughter and sister, Louise Mullino.

The memory of your thoughtfulness shall remain with us always. We are also deeply grateful for the beautiful floral offerings.

Mr. and Mrs. G. F. Mullino, and family.

Lightning Often Cuts Queer Capers

Lightning strokes have their caprices as shown by the following recent events in southeast Europe, reported by the United Press:

In Lysinioff, near Karthaus, Upper Austria, during a thunderstorm a bolt entered the house of a farmer through the chimney passed between the legs of a 12-year-old daughter, without hurting the child, and then destroyed a linden tree in the yard.

When lightning struck an oak tree under which the wife of a farmer had shelter near Semendria, Jugo-Slavia, a terrible explosion ensued. The woman was seriously injured. Investigation showed that the bolt had exploded

a shell buried under the tree

The gun of a Hungarian who was caught by a thunderstorm while across an open field was by lightning and the man's burned, but the admirer who had, with an admirable sense of mind, thrown him to a ditch full of water, was hurt.

When a farm woman near Burg, Austria, stuck her head of the window to ascertain if it was raining, a lightning bolt detached and destroyed wrist watch; the woman fainted, but was not otherwise hurt.

A thunderbolt falling on broadcasting station of Turkey, killed a violinist who was preparing to give a concert, while several persons in the same room escaped without injuries.

The wife and the child, Viennese banker, to all appearances killed by a stroke of lightning near Kaisersteinbruch, Austria, were taken to a hospital.

Although breath and heart ceased, a Viennese physician happened to be on the spot and attempted to restore them when he noticed that, two after their apparent death, customary livid spots had appeared on the bodies. Efforts were successful. Mother and child recovered.

Mr. and Mrs. Sam A. and son, Paul, accompanied daughter and sister Guy Miss Ava Grandstaff to Saturday where they entertained. They spent the week in Dallas with Mrs. Roberts and aunt.

Hot vinegar will remove from mica windows on stove.

Gypsy Smith, World Famous Evangelist Coming to Abilene

Gypsy Smith, world famous evangelist, who for sixty years has been holding Missions throughout the world, is coming to Abilene for a two weeks intensive evangelistic campaign. Abilene and West Texas in general are particularly fortunate in securing the services of this

man who for so many years has been trying to raise the standard of Christian living. The meetings in Abilene, sponsored by the Ministerial Alliance with all the Protestant Churches co-operating, will be held in the Automobile Exhibit building at the Fair Grounds from October 11 to 25th inclusive. Arrangements are being made by the building committee to comfortably seat five thousand people. Microphones will be installed to send the Gipsy's voice clearly to every corner of the room.

ANOTHER SCHOOL YEAR BEGINS

This is an era of keen competition and the young man or woman of the next generation must be equipped with the best training available to take advantage of the opportunity offered in the business world of the future.

Every boy or girl should enter school with the idea of making useful and self-reliant citizens in the world immediately ahead. To be able to separate the trivial from the really important is the first step in freedom and the beginning of a useful career.

Here's wishing all of our young citizens a happy and successful school year.

Farmers and Merchants State Bank

Trees are Nature's Weathermen, Say Drought Near End

The nineteen year drought, which started in 1917, is near an end. This prediction is not made from a weatherman's report, but is based on a thirteen year study of growth records of trees that date their birth back some 800 years. In other words, it is the tree that is Nature's weatherman.

A study of the cross section of these trees, many of which were 800 years old, reveals that major dry cycles occur at 100-year intervals, but that the average wet and dry cycles are about twenty-one years in length. On this basis, therefore, our present drought period which is nineteen years old now should be about over.

PWA Has Leading Part in Building 477 Texas Schools

State Director Julian Montgomery of the Public Works Administration today announced that 477 school buildings either have been built or are now under construction in Texas.

"During the next three weeks, when the thousands of school children in Texas enter school they will find several hundred new school buildings awaiting them," said Mr. Montgomery. "It is estimated that the 477 buildings, when completed, will contain 3800 class rooms and will accommodate approximately 150,000 students. The total estimated cost of the 477 buildings is approximately \$30,000,000.

"The Public Works Administration has a two-fold purpose: To provide work for the unemployed at living wages and also to construct needed and worthwhile permanent improvements. "One hundred and thirty-three counties in Texas are represented in this state-wide PWA school program, giving a uniform distribution to the employment of relief labor. The cities of Austin, Corpus Christi, Fort Worth, Houston, San Antonio and Wichita Falls, together with many other Texas cities have modernized and enlarged their school system with the aid of the Public Works Administration. This PWA school program, when completed, will have furnished direct employment on the site of the work to some 15,000 unskilled, semi-skilled and skilled laborers. The indirect employment furnished in the saw mills and planing mills in preparing the lumber; in the brick plants cement mills, steel fabricating and assembly plants; in gravel and rock quarries; and in mining and transportation by railroads, truck and inland waterways possibly will approximate an additional 75,000 laborers, making a grand total of 90,000 laborers directly and indirectly furnished employment by the PWA school program in Texas.

"It is interesting to note that there are 133 high schools, 185 elementary schools, 16 gymnasiums and 34 College and University buildings in this school program.

"Scarcely a week passes but some city or county school district dedicates a new school building completed jointly by the school district and PWA. While the many new school buildings are in themselves worthy of the highest admiration for their sturdy construction and pleasing appearance, they go much further into the lives of the citizens of Texas than affording a mere pleasing appearance. They are symbolic of the sacrifice, energy, progress and determination of the citizens of Texas who are willing at this time to vote bonds and raise approximately \$16,000,000 for needed school buildings. So long as the citizens of Texas have such courage and foresight there need be no fear for the future of the school boys and girls of Texas.

"The citizens of Texas this year are pausing to turn a few pages of the glamorous history of Texas, celebrating events which occurred during the past century. Today history is also being made. School buildings are being constructed under the State PWA school program that will last and endure for the next 100 years. Some of the school buildings will be among the best institutions of learning anywhere established. Students today enjoy going to school. Education has become a pleasant undertaking for the vast majority. This was not true a generation back. To too many the old fashioned school was enforced drudgery.

"The trained mind and the disciplined character are the highest products of any civilization. To enable the children of the State of Texas to develop to the fullest their native qualities, the state-wide Public Works Administration school program was fostered."

Hollywood Claims Pretty Rangerette

The Texas Centennial Exposition bids fair to bring fame and fortune to Gerda Egloff, pretty Dallas girl, who worked as a Rangerette until a few months ago. Her dramatic talent won her a role in The Cavalcade of Texas and from this great historical spectacle she graduates to Hollywood, where a moving picture contract awaits her.

Few Tenants Can Win Land Ownership Under Present Farm System

(This is the first of three articles on what is being done by the Resettlement Administration to assist tenant farmers to become landowners). We might not be so seriously concerned with farm tenancy if it were a passing or transient condition, if it were simply a stage by which the farmer reached a higher level. But tenancy as it exists in Texas and Oklahoma tends to be a permanent stratification in which the greater part of our farmers are permanently imbedded. Financial returns to the tenant farmer are ordinarily so low that he is prevented from accumulating the reserves which would enable him to shake loose from that condition.

At a conference of southern agricultural research leaders held at New Orleans, a large amount of new material was made available, which included a study of 700 share croppers in Alabama. It showed that only one out of ten of them ever became owners. Only one out of four ever rose to the condition of a third-and-fourth renter in which he owned his teams and equipment. Seventy-five per cent of them remained their whole life as share croppers.

The study showed that in three years out of four these families lost money or broke even. That is, during three years out of four they made enough to only liquidate what they owed their landlord, or they increased their debt to him. Another study showed that out of 3,000 share croppers, forty per cent were in debt to their present landlords, with a debt of more than one year's standing. The average indebtedness was more than \$80 to the present landlord. It was concluded from the results of this study that one-third of the share croppers in Alabama were indebted to this extent, and that the average share cropper under the present system can expect no more than a bare living and will remain permanently dependent upon the landlord for credit. There are 76,463 of these share-cropper families in Texas and 13,640 in Oklahoma, totaling more than 430,000 individuals, who have not teams or tools and who are also entirely dependent upon their landlords for food and supplies while making a crop.

Instead of the number of small farm owners increasing, we have found during the last few decades that there has been a concentration of land in the hands of a few owners. There has been an increase in the number of farm operators, but at the same time there are indications that the ownership of these farms is tending more and more to move into the hands of a comparatively few. During one ten-year period, a study made in seven cotton states showed that the number of landlords owning more than five farms increased by twenty-five per cent. We all know that many large plantations have broken up, but when this happened the land has not been divided among small owners. When put on the block, those plantations are not divided

Trailers Booming American Travel

Current heavy sales of auto trailers foreshadow increased expenditures by motorists on long trips, edging travel closer to the status of America's leading industry, Joe H. Thompson, travel expert of the Continental Oil Company, declared today.

Thompson said the unexpected "trailer factor" necessitates upward revision of tourist business estimates for this and subsequent years. Last spring Thompson estimated \$4,000,000,000 would be spent during 1936 by approximately 10,000,000 touring parties on trips averaging 3,500 miles.

With orders to trailer manufacturers indicating a volume of 200,000 units a year, and with something over 250,000 trailers already on the road, on long if not permanent trips, we can safely add another \$200,000,000 to the 1936 estimate," Thompson said. Whether time will prove the accuracy of Roger Babson's recent pronouncement that 65,000,000 persons, or half the population of the country, will be living permanently in trailers within twenty years is "hard to tell now," Thompson said, adding: "I didn't know we had that many potential permanent tourists in our midst, but we may have. I think it is significant that the trailer business will be only six years old next year, when it expects to be producing 200,000 units, whereas the automobile industry was twelve years old before it attained this volume.

FEW CAN OUT-GAMBLE THE AMERICAN FARMER

If you can return a foolproof answer to the question, "How is the farm belt going to vote this fall?" the soothsayers of both parties will shower honors upon you and call you blessed.

He has to gamble, first of all, on the weather. Will there be a drouth this year, or is there to be plenty of rain? Will there be a late frost in the spring to ruin his fruit crop—or an early one in the fall to lay it low before he can get it picked?

He is even betting on the general level of prosperity, both at home and abroad. If it is good, he stands to make a good income; if it turns bad, he stands to make a poor one, or possibly not to make any at all.

STRAW VOTE DEMOCRACY

America is deriving a great deal of fun and information these days from its various straw vote surveys. But there is something even more important to be said for pre-election polls.

NEW CAMPAIGN ISSUE?

The bloody revolution in Spain is not so far from the American scene after all. Evidence is mounting that it may even become a campaign issue.

CRUSADE ON DEATH

The bloody, tragedy-strewn trail of the drunken driver covers the whole of America today. It not only menaces all who drive automobiles, but also anyone who crosses a street, or walks along a sidewalk, or waits for a stop light.

CURRENT COMMENT

THE AMERICAN WAY

Those politicians now seeking to turn the 1936 campaign into semblance of a class struggle between the haves and the have-nots would do well to ponder the wise words of President Roosevelt's fireside talk of Sunday night.

portunity if we are to avoid the growth of class conscious society in this country. There are those who fail to read both the signs of the times and American history. They would try to refuse the worker any effective power to bargain collectively, to earn a decent livelihood and to acquire security.

VIEWES AND REVIEWS

Nancy Astor, member British Parliament: "Wives influence their husbands much more than husbands influence their wives."

Harold Bell Wright, author: "One man is not as good as another any more than one horse or one dog is as good as another."

Edward L. Israel, Jewish rabbi: "Democracy in Europe seems to be at a low ebb."

Ray Murphy, National Commander, American Legion: "We shall always fight to the end that peace may be maintained for America if it is humanly possible to preserve it."

Adolph Hitler, German Dictator: "Today, Germany in her public leadership and military defense, stands more secure than ever before."

Claude A. Swanson, Secretary of the Navy: "I don't think we ought to get mixed up in any complicated European matters."

Mrs. Beryl Markham, British aviatrix: "America, it's jolly grand."

Franklin D. Roosevelt, President: "No cracked earth, no blistering sun, no burning wind, no grasshoppers are a permanent match for the indomitable American farmers or stockmen and their wives and children who have carried on through desperate days."

Harold Willis Dodds, president, Princeton University: "Liberalism is a term used vaguely by thousands who little understand what it signifies."

L. A. McLean, president, Mortgage Bankers Association: "Probably a million and a half single-family homes are needed today."

L. H. Bean, economic adviser, AAA: "Food prices are still eighteen per cent, below their 1928 level and twenty-one per cent below the level for the corresponding month of 1929."

Edward H. Griffith, motion picture director: "We have gone a long way toward perfection in the technique of amatory and filial demonstrations since the nose-rubbing efforts of our early ancestors."

WISE AND OTHERWISE

Too Many: Too many of these week-end motor outings become life-end trips.—Chicago Post.

Fashion Note: Even the poorest people seem able to dress their daughters indecently.—Buffalo News.

A Need: The most noticeable thing about most family trees is their need of pruning.—Los Angeles Times.

Perfect: "There is another perfect wife," adds M. B. "The one who makes the garden and saves the fish-worms for her husband to use."—Kansas City Star.

Imagine It: Youth will be served. The Dionne quintuplets learned to take a walk before Messrs. Smith, Colby, Ely, Reed and Coughlin.—Hartford Courant.

A Monopony: Charm is that indefinable something that makes you think just as much of a girl even if she does say good-night and all rightie, but no man has that much charm.—Ohio State Journal.

Definition: A happy home is where your wife asks you to pronounce a difficult French word, and then accepts your interpretation of it without question.—Montreal Gazette.

Maybe: The mechanical reproduction of sounds seems to have no limitations and maybe fifty years hence there will be in every home a machine into which comic strips can be fed and converted into "talkies."—Louisville Times.

Life In The U. S. A.: There is quite an epidemic of husband shooting in Oklahoma. Those Western women evidently think that you can secure a divorce a heap quicker with a six-shooter than with a Reno lawyer.—Toronto Star.

No Waste: Almost anything can be figured out by deduction and if you should happen to see a sage-green or Chinese red garbage can you may safely conclude that she didn't want to waste what she had left after having lacerated the breakfast set.—Louisville Times.

SNAP SHOTS: William (Big Bill) Thompson, former Mayor of Chicago: "We are going to find out whether this country is a tail to England's kite."

Frank Knox, Republican Vice-Presidential candidate: "A Government that tries everything must do some things right."

Some men are known for their initiative, but generally their wives hold the referendum.

Bank employes owe a debt of gratitude to the great men of history whose birthdays give them a chance to loaf.

A girl may make a man happy by just one word and it may be either "yes" or "no".

Many an orator has spoiled his speech by failing to observe the proper proportion in length and depth.

Hikosaburo Hata, Japanese Colonel, home from Moscow: "I return from Moscow feeling that the Soviet now holds Japan in contempt."

Wonder if any of the economists who claim a girl can live on \$18 a week ever tried marrying one of them?

Haskell County History

Twenty Years Ago—1916 Clyde Grissom left Tuesday morning for Austin, where he will attend Texas University during the coming term.

Patrons and employes of the Newsom Gin were given a treat last Saturday night in the form of an oyster supper at the Merchant's Cafe. One hundred and thirteen dozen oysters were served the gathering.

The tax rolls of Haskell county are completed for the year 1916 and show a total valuation of \$8,912,164.00.

Jesse Barton of Olney visited his old friend, H. B. Hilliard of Gauntt this week. While here he made arrangements to move his family to this section.

The Farmers District Union Gin Company at Sagerton is erecting a new cotton gin which will rank as one of the best in the country. The building will be completed next week, and all machinery has already been placed.

Walter Meyers, aged about 28 years, of the Wilson community 12 miles east of Anson, died in a sanitarium at Stamford Thursday night of last week from a gun shot wound accidentally inflicted.

A prisoner named McCall who escaped from the Wichita county jail a few nights ago, was arrested this week when officers raided a house in the "flats".

Three automatic pistols were taken from McCall's person, and Haskell officers learned that he was wanted for burglarizing a Goree store.

Negroes will not be allowed to return to Baylor county, according to a decision reached at a mass meeting held in that city recently. All negroes in the county fled following the killing of Sheriff Ellis by a negro on August 6th.

The Magazine Club has secured the Dixie Lyceum Course for Haskell this winter. The first number will be "Mendelssohn's Sextette" which will be given Sept. 25th at the Methodist Church.

Miss Emmie Dwyer of Terrell and Mr. Fred Alexander of Haskell were united in marriage Sept. 6th at the Baptist Church in Terrell.

Thirty Years Ago—1906 Mr. A. Lee Brown, general organizer for Texas, was here this week and organized a lodge of K. of P. with thirty-five members.

Mrs. J. N. Ellis of this place and Mrs. W. L. Hills of Rule left Tuesday for Idaho on a visit to Mr. Bert Brockman and family. Their journey will be quite a long one, requiring eight days of railway travel.

A shipment of eight cars of cattle was made this week by Haskell parties to the Fort Worth market. Messrs. J. S. Boone, G. R. Couch, Jones Brothers, F. M. Morton and W. P. Whitman were

interested in the shipment, which was made over the Central from Stamford, the Wichita Valley not having put in their shipping pens at this place yet.

R. C. Montgomery of the Farmers National Bank at this place returned the other day from a trip to Knox City and Carney. He tells us that a fine brick hotel is under construction in Knox City and that the town is flourishing, and that the Orient is hauling out material for its Brazos bridge and will soon extend to Benjamin. He also said that the First State Bank of Carney was erecting a new building.

Mr. P. G. Yoe has been re-employed on the night watch force, and Mr. R. E. DeBard has been added to the force.

There have been several rains this week, and Thursday morning the lightning was terrific, but very little rainfall was received in this vicinity.

Haskell ought to have a brass band and has plenty of material from which to organize one. We suggest that the young men of the town take this up and see what can be done.

Forty Years Ago—1896 The Wichita Valley railroad requests us to announce that the company has provided an ample supply of water at Seymour for watering all cattle that may come there for shipment. Shippers may have no further fear on that score.

Messrs. S. S. Cummings and M. H. Lackey returned Wednesday from Kansas City. They heard Mr. Bryan speak at that place and say the crowd out to hear him was the largest they ever saw assembled.

Rev. C. W. Daniels, presiding elder of the Methodist Church in this district, will preach at the Mesquite Arbor at 11 o'clock today and tomorrow. He will probably preach in town Sunday night. The ringing of the bell will be notice that he has arrived and will preach.

F. G. Alexander returned Wednesday evening from St. Louis where he purchased the fall and winter stock of goods for his store.

A called meeting was held at the courthouse Saturday afternoon, and the "Haskell Bryan and Sewall Club" was organized. Dr. J. G. Simmons was elected president with Messrs. A. C. Foster and W. P. Whitman first and second vice presidents and J. E. Poole secretary. The club will meet on the second and fourth Saturdays, and Messrs. P. D. Sanders and Oscar Martin were appointed to "load up" and entertain the club at its next meeting.

Will Pierson left Thursday to take charge of a school in Raines county.

Dan Couch left yesterday to reenter the State University at Austin.

NUTS AND DOLTS

By RAY ALLEN

of gifts in the Christian Church constitutes the main reason why each Christian should be humble," says W. H. Griffith Thomas. "No one can possess and exercise all the gifts, and it is obviously impossible for every Christian to take the lead and occupy the most important places. Our duty is to note our province in the church and stay there, to recognize our limitations and work accordingly. Usefulness is never increased by going beyond our sphere."

In relation to other Christians he urges genuine love and zeal to help one another. He urges that the Christian love be genuine and not hypocritical. "It is a foundation principle in heart culture, as well as in human intercourse, that sympathy is the grand inter-pretet," says professor Richard G. Moulton, "secrets of beauty will unfold themselves to the single sign of sympathy, while they will wrap themselves all the closer against the tempest of skeptical questionings."

In short, arresting sentences Paul lays down some practical rules for Christians to govern their lives covering a wide range of human activity. "How significant is this climax to a chapter which deals with the practical things of the Christian life!" says J. Stuart Holden. "It is as though the supreme test of the servant of Christ is his attitude toward evil, as the assailed and the assailing, in resistance and antagonism. It implies the certain peril from which none of us is immune. And this word carries to our hearts the inspiration of a divine declaration that evil is not invincible. God has made us for conquest and we are not meant to be mastered by the force of sin."

In answering the question, who lives the Christian life, William DeWitt Hyde, answers:

"He who dwells in the world as a son in his Father's house, sharing with his brothers the good things it contains:

"He who is free because he makes the Father's will, and all the laws that spring from it, his own:

"He who finds everywhere that chance to love which is the best thing that any station can afford, and welcomes the suffering which puts it to the test:

"He who instinctively takes the point of view of the man with whom he deals, and finds social service as absorbing as his personal affairs:

"He who prefers the sweet peace of obscurity yet lets his example shine as far and wide as

God's glory and man's good require: "He who, recognizing his own elemental tendencies as others' failings, is every ready to forgive: "He who sees that doing wrong is a worse evil than the injury it inflicts and would cut off his right hand rather than cause another needless pain, or loss, or degradation."

"He who is so intent on doing good that he never doubts that all needed good will come to him in return:

"He who needs no oath to support his integrity, and whose kindness knows no bounds:

"He who speaks his inmost thought and acts out of his noblest impulses:—

"He who does these things? No. "He who, finding them beyond his strength, confesses as Lord and Master the Christ who did and taught them; and cultivates the Spirit by whose aid these and a thousand kindred graces may be progressively attained."

NOTICE OF BANKRUPTCY'S PETITION FOR DISCHARGE

In the District Court of the United States for the Northern District of Texas.

In the matter of Adolphus Murry Woodruff, Bankrupt.

No. 1766 In Bankruptcy. OFFICE OF REFEREE Abilene, Texas, Sept. 11, 1936.

Notice is hereby given that Adolphus Murry Woodruff of the County of Haskell, and district aforesaid, did, on the 7th day of Sept. 1936 file in the Clerk's office of said Court, at Abilene, a petition setting up that he has been heretofore duly adjudged a bankrupt under the acts of Congress approved July 1, 1898; that he has duly surrendered all his property

and rights property, and has complied with all the requirements of said acts and of the orders of the Court touching said discharge, and praying for a discharge from all debts provable against his estate in bankruptcy by law from such discharge.

On considering the above mentioned petition, it is ordered that any creditor who has proved claim, and other parties in interest, if they desire to oppose discharge prayed for in said petition, shall, on or before the day of October 1936, file with the Referee for the Abilene District of said district, a notice in writing of their opposition to a discharge in the above entitled cause.

D. M. OLDHAM, Jr. Referee in Bankruptcy

Band Orchestra

Meacham School of Music

Haskell's leading music school. Term of 1936-37 begins Tuesday, Sept. 8th. Private lessons on all instruments, and at a very low rate cost. Lessons for both beginners and advanced pupils. Have on hand several good Used Instruments, priced reasonable. Call and see them. Have one C Flute, very reasonable. Enroll early as this school has a large enrollment. Select your period at an early a date as possible. Get into the Band and the time to start is now.

Piano — Guitar — Banjo — Violin

TURTLE IS CAPTURED BY YOUTHS

Close and Reed Parker of the News office last night captured a turtle which had been captured once before, and turned it loose again in the wide open country. He probably hadn't wanted it, for he bore on his face the letters of two former captives, who resided in the vicinity where this harmless little pilgrim was found. The turtle was a long story short, and was picked up near the school building. On the back had been a knife the figure of which was presumably that of his former captivity. The turtle was the letter of F. D. Richardson and J. D. Johnson. The boys were getting much out of their capture. They were thinking of trying to match the turtle with a rabbit they had and the first capture, in order to determine whether there was anything to that old story of the turtle winning the race against the hare.—Lynn News.

THROCKMORTON GREYHOUNDS IN GOOD CONDITION

Throckmorton Greyhounds are getting out for football each afternoon. The squad composed of boys is not very heavy but in practice they are showing more football spirit and interest in the game than any other team in the county. The coaches hope to develop a team that will be speedy, shifty and smart. Excellent prospects of rank-and-file leaders at the close of the season.—Throckmorton Tribune.

BOYS ESCAPE FROM ACCIDENT

A 1933 model Chevrolet coupe owned by Elton Scott, local boy, wrecked Monday night eleven miles west of Abilene when the car hit a bridge. Walter Donnan was riding in the automobile with Scott. Neither of them were hurt. The car is owned by M. Brown.

CHESTER STUDENTS MUST BE IMMUNIZED AGAINST TYPHOID

The local board of trustees has a ruling in a recent meeting that every child that enters the public schools of this district must be vaccinated against typhoid. Only those pupils who have a statement from their doctor showing that they have been vaccinated and do not need the immunity will be exempted from the ruling. Satisfactory evidence of immunity must be furnished school authorities not later than Friday, September 25th. This ruling was adopted as a matter of protection for everyone.—Reporter.

BOY INJURED IN AUTO WRECK

Walter Horn of near Brownfield, former Garza county man, sustained injuries which caused him to be rushed to a Lubbock hospital Wednesday afternoon. His condition was considered serious.

WOMAN FOR FRIEND TAKES PLANT AND LEAVES RIGHT FOOT

The Associated Press dispatch in Dallas News and other leading Texas newspapers Tuesday contained the information that Clyde of Matador, lost a foot while working in an ice plant in Italy Monday. The woman's one-day job at an ice plant cost him his right foot Monday, the dispatch said. Working for a friend who had left off, the 24-year-old man's name in contact with an automobile saw and was cut so badly that it was necessary to amputate the foot, the story further stated. The man works regularly at the station in the Motley company capital is known by many names of this city.—Dickens News Times.

MOTHER DOG EATS WAIF KITTEN

Get Rid of Poisons

Produced by Constipation
Laxative—purely vegetable
Black-Draught—is the best
of thousands of men and
women who have found that by
the downward movement of
the bowels, the disagreeable
symptoms of constipation
disappear promptly. It is
the only laxative of its kind.
It is made by Dr. J. C. H. H. H.
of the University of California.
It has been found that Black-Draught
is the only laxative that does not
when taken in the usual
amounts, cause any
irritation, or
disturbance of the
digestive system.
Black-Draught
is a purely vegetable
laxative.

CAR WRECK NEAR MEGARGEL

Sunday afternoon about 3:30 o'clock a V-8 pick-up in which Ray Buckley and wife and two children were riding collided with a model T Ford, driven by Bill Lovern just east of town on the highway and painfully injured, if not seriously, members of the Buckley family. The mother and one of the children were the most painfully injured.

BULLDOGS GETTING IN CONDITION FOR AUTUMN SCHEDULE

With a week's training behind them, Stamford high school's football team, the Bulldogs, are determined to make an impression this year with Stamford fans. The question of night games has been definitely settled with the recent installation of an elaborate lighting system at Bulldog field. Those who have been "aching" for night play are going to get it this fall and can make no further excuse along this line for not attending and lending their support generally. Moreover, the grass on the playing field has been kept in splendid condition, despite the dry months, and this feature alone should add greatly toward attendance and play, rain or shine—if it ever rains again.—Stamford Leader.

CHECK-UP STARTS IN FARM PROGRAM FOR STONEWALL COUNTY

Measuring of lands to establish compliance for benefits under the agriculture conservation program was launched in Stonewall county this week, according to announcement from the county agent's office. The county farm council met last Saturday to go over the details of measuring the land with the supervisors. H. C. Hahn, chairman of the council stated that supervisors had been instructed not to measure farms if the producers are not present or have no representative present. He urged that farmers be present or have a representative present when their land is measured, and to give the supervisor every possible assistance.—Aspermont Star.

DOVE HUNTER IS ARRESTED SUNDAY

Failure to show his license, and also having no plug in his gun, caused the arrest of a Vernon man Sunday by Deputy Game Warden A. E. Aulds south of Chillicothe while the man was dove hunting. He was arraigned in Justice Gentry's court Monday morning and paid a fine.—Chillicothe Valley News.

CLAY COUNTY MAN SERIOUSLY INJURED

Mr. John B. Rotto of Byers was struck by a motorcycle Thursday morning and suffered two broken legs and other injuries. The accident occurred near the rodeo ground as he was coming from behind a car. He was taken immediately to the Bethania Hospital in Wichita Falls for treatment. Physicians say his condition is serious.—Clay County Leader.

SIX-FOOT RATTLER CLIMBS IN BED WITH FARM COUPLE

Mr. and Mrs. Will Woods of near Robert Lee don't believe an old theory that a rattlesnake will not get into bed. On account of the warm weather they were sleeping in a low farm wagon in the yard, and one night were awakened by the rattle of a snake. Their son-in-law, Jake Sparks, brought a flash light and found a rattlesnake draped over a

wheel of the wagon, its head making arcs near the couple. Sparks killed the snake, which measured almost six feet and had 14 rattles.—Megargle Times.

The Ideal Security Life Insurance Co. Chartered in 1935

In October 1935 the Ideal Security Life Insurance Company at Anson was chartered to succeed the Jones County Burial Association at Anson, and the Haskell County Burial Association at Haskell.

The Jones County Burial Association was started in February 1933; whereas the Haskell-Knox County Burial Association was started in June 1934. W. H. Littlefield was in charge of both associations which paid nearly one hundred claims in cash.

The change to Ideal Security Life Insurance Company, was made when it became a law that Insurance Companies must be chartered to operate legally. The charter was granted on October 7, 1935, and the first policies issued after approval by the state on October 18, 1935.

Mr. Littlefield has been a resident of Haskell and Jones Counties for 29 years, and enjoys a wide personal acquaintance that has made the growth and prestige of the Company most outstanding in West Texas. In fact, the growth

Land and Cattle Co. Survey Abst. No. 731 and further described as follows: Beginning at the S. W. corner of Sec. No. 30 Blk. 46 H. & T. C. Ry. Co. Survey thence South 592 vrs. Thence S. 89 deg. 04' E. 692.5 vrs. Thence N. 0 deg. 10' E. 602.2 vrs. Thence W. 694 vrs. to the place of beginning being 73 and 1-3 acres of land located in Haskell County, Texas, and levied upon as the property of Joe Lee Ferguson and that on the first Tuesday in October, 1936, the same being the 8th day of said month, at the Court House door of Haskell County, in the city of Haskell, Texas, between the hours of 10 A. M. and 4 P. M., by virtue of said levy and said Alias Execution I will sell said above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said Joe Lee Ferguson.

SHERIFF'S SALE

THE STATE OF TEXAS; County of Haskell;

NOTICE IS HEREBY GIVEN That by virtue of a certain Alias Execution issued out of the Honorable District Court of Haskell County, on the 2nd day of September 1936, by Roy Ratliff, Clerk of said District Court for the sum of Three Thousand, Eight Hundred Eighty Seven and 95-100 Dollars and costs of suit, under a judgment of said Court, in favor of Baker Campell Company a corporation in a certain cause in said Court, No. 4156 and styled Baker Campell Company a corporation Plaintiff vs. Joe Lee Ferguson defendant, placed in my hands for service, I, Giles Kemp as Sheriff of Haskell County, Texas, did, on the 9th day of September 1936, levy on certain Real Estate, situated in Haskell County, Texas, described as follows, to-wit:

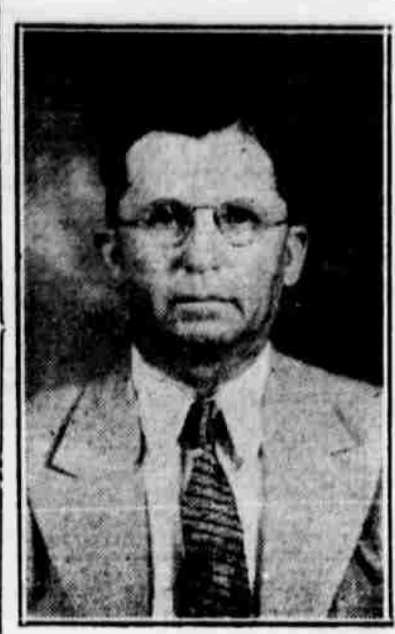

First Tract: The West 130 acres of land out of Section 35, Block 46, H. & T. C. Ry. Co. Land Abstract No. 248 and being all of the land owned by F. M. Morton at the time of his death in said survey as is disclosed by the deed records of Haskell Co. Texas.

Second Tract: All of the F. M. Morton pre-emption abstract No. 707 and containing 160 acres of land patented to F. M. Morton on May 11th, 1898, said Patent recorded in Vol. 1 page 30, Patent Records of Haskell Co. Texas to which reference is here made for further description of said 160 acres of land, said land being known as the F. M. Morton pre-emption survey located on the waters of Miller creek a tributary of the Brazos river about 13 miles north 37 deg. east from the town of Haskell in Haskell County, Texas.

Third Tract: The west 268 acres of I. & G. N. R. R. Co. land Abst. No. 469 in Haskell Co. Texas Pat. No. 147 Vol. 112 and being the West 268 acres of a 414 acres tract as is described by metes and bounds in a deed from Susan V. Moore to F. M. Morton dated March 4th, 1902 and recorded in Vol. 29, page 365 of the Deeds records of Haskell Co. Texas to which reference is here made for further description of said 268 acres.

Fourth Tract: A part of the Day

of this Company is considered very remarkable, from the standpoint of Policy-Holders it has, having issued more than 5300 policies since October 18, 1935. Mr. Littlefield has long felt the need of smaller policies that could protect the masses of the people, and created such policies as they could purchase and keep paid. Policies in this company provide a much needed assistance that relieves embarrassment and debt at times of bereavement. He has pioneered the smaller policies for this section and now

W. H. LITTLEFIELD Secretary-Treasurer of Ideal Security Life Insurance Co.

gives protection for \$150.00 to \$500.00 and the appreciation of the people is evidenced by their growth and popularity, as a result of their prompt, courteous and quick action when a death is reported at the Home Office. The officers and directors of this Company are E. B. Littlefield, president; A. S. Howell, vice president, and director; Doss Harris, vice president and director; N. J. Smith, M. D. Medical director; C. L. Stephens, vice president and director; W. H. Littlefield, secretary-treasurer; and Mrs. W. H. Littlefield, asst. secretary-treasurer. Mrs. Marie Womble is in charge of the Haskell office, located first door east of Postoffice. M. L. Allison, Miss Pearl Jones and Mrs. Ollie Allison, local representatives. (Paid Advertisement)

Weaver

Sunday School was well attended Sunday and Bro. Bird of Hamlin brought a very interesting sermon. Mrs. R. D. Lackey is on the sick list this week. Mrs. E. C. Capers is visiting relatives near Anson this week. Mr. and Mrs. J. M. Lackey and family of Old Glory spent Sunday in the home of their daughter, Mr. and Mrs. Beno Andress and also Mr. and Mrs. Bill Brock and baby of Haskell. Mr. and Mrs. J. H. Kirby of near Weibert visited Mr. Kirby's sister, Mr. and Mrs. John Thomas and family Sunday. Mr. and Mrs. J. D. Andress and John and Mrs. Jack Bouldin and baby Jackie Fae of O'Brien spent the week-end visiting relatives of this community. Mrs. John McGregor of Haskell spent part of last week with Mr. and Mrs. J. T. Andress. Miss Lottie Mae Thomson of Haskell spent part of last week in the home of Mrs. P. D. Boddy. Mr. and Mrs. Lowell Patton spent Sunday in the home of the latter's grandmother, Mrs. Cameron of near Haskell. Mr. and Mrs. Leslie Cox and family returned home last Monday from a two weeks visit with relatives in Mason County. This community was saddened to hear of the death of Mrs. Dee Tidwell. The relatives have the sympathy of this community.

WEST SIDE SINGERS WILL MEET SUNDAY AT CURRY CHAPEL

The West Side Singing Convention will meet at Curry Chapel Sunday afternoon Sept. 20th at 2 p. m. We will have plenty of the new 1937 song books, and a good program is being arranged. The public is cordially invited to attend and take part in the singing. A. D. Lewis, Chairman.

HOUSEHOLD HINTS

Never leave electric appliances connected when not in use. If sheets are hung on the line dripping wet the weight of the water pulls them down and removes most of the wrinkles. The excess liquid from pickled

peaches or pears combined with gelatin makes an excellent jellied salad. Watermelon rind cut in half-inch cubes makes excellent pickles. Soft butter or lard should not be used for making pie crust. It should be hard and cold.

Return From Visit In South Texas

Mr. and Mrs. Tom Jenkins and family have returned from South

Texas points where they spent several days with relatives and friends. They first visited a daughter, Miss Ethel Jenkins, who is employed in Kerrville. From there they went to Center Point, for a visit with friends, and enjoyed swimming in the Gaudalpe River. They spent several days with Mr. Jenkins's brother, Sam, in San Antonio, and on their return trip to Haskell stopped in Coleman for a visit with Mrs. Jenkins's sister, Mrs. Yates.

I. E. S. Better Sight Lamps

LEND eye protection TO EVERYONE

NOTE TRANSLUCENT BOWL common to all I. E. S. Better Sight Lamps.

I. E. S. Better Sight Table Lamp: Specifically designed for study and reading, they provide eyesight protection for the school child, college student and everyone who uses eyes for close work at home.

Bracket I. E. S. Better Sight Lamp: This lamp clamps on table or desk to give you sight-saving light with minimum waste of desk space. Swing it over your work when you need it; swing it out of the way when you don't.

Why subject your family to the punishment of glaring improper lighting that nine out of ten homes now have? It causes eye-strain and fatigue—plays havoc with nerves, impairs precious eyesight. How are you going to make seeing safe in your home? That's the problem.

I. E. S. Better Sight Lamps help solve this problem. They give you enough light to make seeing easier. The light is well-diffused, smooth and restful, and spreads in a wide circle over table, desk, or chair. Every member of your family needs this sight-saving light for reading, study, and all close tasks. Come in and choose your lamps. Easy terms can be arranged.

I. E. S. Better Sight Floor Lamp: Placed beside the easy chair this lamp insures relaxation and reading comfort. It gives 3 degrees of light—from one lamp bulb.

I. E. S. Semi-Indirect Lamp: This lamp gives 5 levels of light from one bulb—100, 200, or 300 watts—ample light for a bridge game; excellent light for reading; or soft pleasant light for entertaining.

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule ... and adds only a small amount to your total bill?

Ball Game—

(Continued From Page One) Hall struck out. Munday: Ratliff singled over third. Hall fanned the next two batters and then walked Couch. On a passed ball Ratliff made third and Couch second. Rayburn flied out to first baseman Wilde. No runs, 1 hit, no errors.

Fourth Inning: Haskell: Chapman struck out swinging. Cox was out second to first and Lewis threw out Hodges at first. Munday: Chapman made a nice play of Kuhler's bouncer, throwing him out at first. McGlothlin doubled into deep left-center. This was the first hard hit ball for Munday. Oneil struck out swinging at the last one. Moore singled over the second base, scoring McGlothlin. Hall struck out Ratliff. One run, two hits, no errors.

Fifth Inning: Haskell: Beatty hit a line drive into center. Couch robbing him of at least a two base hit. Patterson was safe the second time on an error by Moore at short. Adkins hit a high fly into centerfield for the third out. Munday: Wilde was called out on strikes. Lewis singled over second base and went to third as Bradley left the ball go through him. Hall fanned Couch and tossed out Rayburn at first. No runs, one hit, one error.

Sixth Inning: Haskell: Moore threw out Johnson. Hall singled over first base. Chapman singled into right field. McGlothlin booting the ball but

"Doodlebug" Is Used to Locate Oklahoma Water

Partial relief from the extreme summer droughts may be obtained from abundant supplies of underground water, in the belief of officials of the Oklahoma Geological Survey at the University of Oklahoma.

With the aid of an electrical "doodlebug" which eliminates the guesswork in digging and drilling wells, the survey has located water supplies for several state towns. Survey officials advocate drilling of community wells for farmers and for city water supplies.

Water reaches underground levels through certain rock formations and river sands. At the present subsurface water may be ten or 15 years old, the present drought does not affect the supply. To facilitate the drilling of wells, F. C. Wood, assistant director of the survey, has perfected the electric "doodlebug" for locating underground water.

The device has been used at Mangum, Snyder, Shesha and Wood, and the survey recently received a request from city officials at McAlester.

Resistance of underground rock strata to electrical currents is the basis of the instrument's calculations. A charge from a "B" battery is sent into the earth through a conductor. By reading made on delicate meters recording the intensity of the current, operators can determine the depth and degree of water content of the subsurface regions.

A wet rock formation is a good conductor of electricity and if the return current is strong, it is probable that a well drilled at this site will result in the discovery of water. On the other hand, if the resistivity to the current is great, it is likely that a well drilled would result in a dry hole.

Resistance of underground rock strata to electrical currents is the basis of the instrument's calculations. A charge from a "B" battery is sent into the earth through a conductor. By reading made on delicate meters recording the intensity of the current, operators can determine the depth and degree of water content of the subsurface regions.

When survey workers started digging a well, the farmers helped, and soon a water well which created more excitement than the bringing in of a wildcat oil gusher was brought in. The well supplies water for about 30 families.

Suicide—

(Continued From Page One) Apparently the prisoner had made a prior attempt to hang himself, as several short lengths of an improvised rope made of strips of a bed blanket knotted together were lying on the bunk and floor of the cell. His body was fully clothed with the exception of his shoes.

Officers surmised that the youth after attempting to hang himself with the blanket rope, had removed the chain from its fastenings, and after tying it around his neck had leaned, standing, from the edge of his bed to hook the ends to the top of the cell and then stepped outward, the short drop breaking his neck, the fracture having been noted during the night.

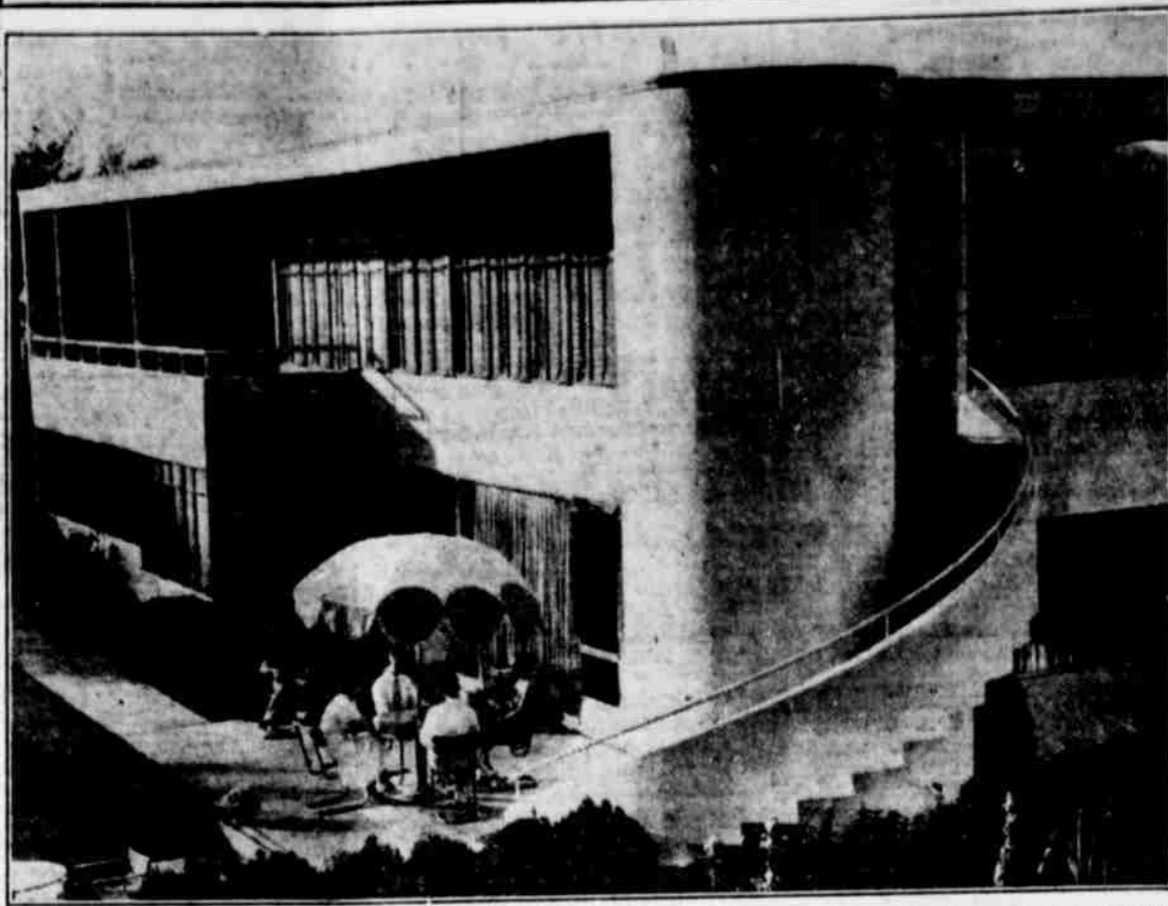

Several inmates on the second floor of the jail told officers this morning that Smith failed to respond to their calls late Wednesday afternoon, after having previously conversed with them at times by shouting from the floor above.

Deputy Clifton, who carried Smith's dinner to him Wednesday around noon, said the youth talked freely with him at the time and gave no intimation of contemplated suicide. However, when arrested Monday and told that several felony charges would be filed against him, Sheriff Kemp said Smith remarked to officers "I'd rather be dead than go back to the pen."

The youth had recently been paroled from a Louisiana prison, Sheriff Kemp revealed. At the time of Smith's arrest officers recovered an automobile which had recently been stolen in Lubbock. Smith was asleep in the machine, parked near Paint Creek on Scott's Ranch east of Haskell when officers drove up, they said.

A resident of Haskell during most of the past thirteen years, Smith's mother, one sister and two brothers reside here. His father died last year. Apparently disillusioned over a fancied life of law-breaking, the youth in his last moments, and after deciding to end his own life recalled the advice of his mother and addressed a farewell note to her, which he left on his cell bed. The aged woman, who has passed her sixtieth milestone, was prostrated over her son's act.

Centennial Shows Ideal Southwestern Home

The Contemporary Home, ideal for the Southwest, stands on exhibition within the Texas Centennial Exposition grounds in Dallas. It is air-cooled, termite-proof, and built to catch all the South and East breeze and throw off the Western sun. The roof shades the windows so that the sun hits the glass in the house only two hours during the day.

Queer and Amazing Facts About Texas Are Told In Unique Book "Odd Texas"

By Cecil Baugh Texas rightfully belongs to Spain, was once larger than the United States, has had at least 19 Newberns of Dallas. The American government to the extent of \$10,000,000.00 by selling it a big tract of land over which Texas had never maintained any control. These and a thousand more queer facts about Texas are included, and explained, in a unique new 128 page cartoon book, "Odd Texas," written and compiled by Jack Harper and John Newberns of Dallas.

"All the queer and amazing facts about wild and woolly Texas!" screams the red, white, and blue jacket of this cloth-bound volume. Wild and woolly, queer and amazing it is. According to Harper and Newberns, who boast in their preface that canards are loathsome to them, you'll find in Texas horses with hoofs as big around as dinner plates, islands on top of a mountain, a river in which cattle stand up to their necks and bawl for water, houses of cactus plants, rattlesnake steaks, streaks of lightning made of sand, five pound hailstones.

Indians Get Notice If you had been there when it happened, you could have seen 1,000 horses shot down in cold blood by U. S. soldiers, turkeys keys roasted with the feathers on, roads full of stumps a foot high, trains on wooden rails, human ears as gifts, quinine served like salt and pepper, or you could have gotten a wagon load of choice steaks—free!

The Texas Indians come in for full attention in this Texas hodge-podge of fancy illustrations. They had some peculiar habits, such as killing their babies, traveling a hundred miles or more to get the right kind of cactus for eating purposes, selling Indian beauties for a bow and arrows and cutting off the noses of unfaithful wives. America's only cannibal Indian lives in Texas.

Sugar-coated Texas history is the forte of Odd Texas. Something unusual has been squeezed from every important event in Texas history, engagingly illustrated and tantalizingly worded.

Rangers Take Boat For instance: The battle of San Jacinto lasted just 18 minutes and the only artillery used by the Texans were two cannons donated by the citizens of Cincinnati, Ohio. The first official act of the Texas Rangers after their organization was the capturing of a Mexican boat anchored on the Texas coast. The defenders of the Alamo fought under a Mexican flag and James Bowie fought the battle from his bed!

At Goliad Fannin requested (before he was shot) that his watch be sent to his wife, that he be shot in the breast and that he be given a Christian burial. A Mexican lieutenant stole his watch, he was shot in the head,

boy who was so smart he thought he could beat the law, Mother please forgive me and love me like you always did. We always had our ups and downs but Mother I do love you. Kiss yourself and the others for me. Pete. Your baby boy x

Funeral Services Today Last rites for Smith will be held from the funeral chapel of Kinney Funeral Home this afternoon at 5 o'clock. The Rev. R. N. Huckabee, pastor of the First Methodist Church will officiate. Burial will be in Willow Cemetery beside the grave of his father. Arrangements will be in charge of George Kinney. Surviving relatives are his mother, Mrs. J. L. Smith, a sister, Mrs. Blanche Williams, and two brothers, Lamron and Malcolm Smith, all of Haskell.

Playing Explorer

Mrs. Carl Arbuckle was returned to her home Wednesday from the Wichita Falls Sanitarium where she had been the past two weeks convalescing from an operation. Misses Elizabeth Stewart, Lois Fouts and Ava Grindstaff re-entered North Texas State Teachers College at Denton the first of the week. Miss Fouts and Miss Stewart will be seniors and Miss Grindstaff is a sophomore.

"I'm ready to go with Byrd to the pole any day," says Barbara Ann Brakell, Dallas, after donning boots, mittens and fur cap in the Little America Exhibit at the Texas Centennial Exposition. Barbara Ann was just playing.

Surveying crews will this month complete all of the field work connected with the survey of the two million acres of land owned by The University of Texas, with the possible exception of a tract of 11,520 acres in El Paso County. It has not yet been determined by the Board of Regents whether the El Paso lands shall be embraced in the present survey, due to the fact that during the last few years there has been no demand for them for grazing purposes.

This resurvey, as it should probably be designated, is the largest undertaking of its kind since the solid body of 3,000,000 acres of land in Northwest Texas, originally granted the Capital Syndicate of Chicago in exchange for the construction of the State Capitol at Austin, was resurveyed some years ago. The Capitol Syndicate land resurvey resulted in the discovery of an excess of 80,000 acres which reverted to the State.

The original survey of the 2,000,000 acres of endowment lands of the University was necessarily roughly made due to the remoteness of the several tracts and the inadequacies of field equipment. It will not be determined for several months, perhaps, whether or not there were excesses or deficiencies in the original surveys. These will be shown when the field notes and other data of the survey have been worked out under the direction of the land department of the University.

The resurvey of these lands was started in 1929. In some respects it has been a stupendous job, due in some instances to the rough region in which some of the tracts were situated. The work is in charge of Frank Friend, special surveyor of the University, with headquarters at San Angelo. The erection of boundary monuments on more than 2,000 square miles

of University lands in Schleicher, Irion, Reagan, Crockett, Upton, Terrell and Pecos counties was recently completed. These permanent markers are constructed of concrete and have a length of four feet. Embedded in the top of each monument is a brass plate representing four sections of land, each of 640 acres, with the numbers of the blocks and sections stenciled thereon.

At this time there are producing oil fields upon University blocks of land in Reagan, Pecos, Crane, Ector and Ward counties, with a total of approximately 575 wells. The discovery well upon University land was completed in May 1923, in what is now the Big Lake field in Reagan County. Since that time wells upon the institution's lands in that and other fields have produced a total of approximately 150,000,000 barrels of oil, of which the University has received as its share, including lease bonuses and rentals, more than \$22,000,000 all of which has been placed to the credit of its permanent fund, shared by Texas Agricultural and Mechanical College.

In addition to the 2,000,000 acres which it owns in West Texas, the University has title to 4,130 acres in Galveston County, 200 acres near Fort Davis, which is the site of the W. J. McDonald Observatory, and a considerable acreage in Austin, including the campus of the Main University.

Mrs. R. L. Lemmon and daughter, Frankie Dorris, accompanied by Miss Ruth Welsh, made a trip to Abilene Wednesday. Salt meat requires longer boiling than fresh meat. Don't over-mix dumping batter.

Sadler's Circus Bringing All-Star Acts to This City

Can you imagine a circus coming to Haskell, consisting of all star circus acts, with many wild and domestic animal acts and presented in conjunction with an elaborate historical spectacle, "Texas Under Six Flags," with special musical scores, scenery, costumes and an enormous cast?

Such will be the case this year, for Harley Sadler, well known dramatic tent showman, has forsaken the dramatic field, and has entered into a new circus field, to be presented on the style of "Jumbo," as given at the Fort Worth Centennial.

All new equipment and animals have been bought, the best talent in the circus world engaged, and the show known as a "Showman's Dream," is a reality. Enormous crowds have been on hand at every city and two performances are given daily, afternoon and night.

Unusual attractions include a mother and baby elephant, ourang-outangs and muskuts from South Africa, "King Kong", a giant man ape, and many other strange animals. A large crowd is expected here on Friday, September 25 to see Harley Sadler, in person, and his new circus. The circus will play here under auspices of the P. T. A. of Haskell High School.

Texas Farm Debt Lower Now Than Before Depression

A smaller number of American farms are under mortgage today than before the depression, and in Texas the total farm mortgage debt is slightly smaller, according to figures released by the Farm Credit Administration.

Although the Farm Credit Administration has loaned over \$148,200,000 on farm mortgages in Texas since May 1933, approximately 96 percent of the money was used to refinance old debts so that very little new indebtedness was incurred.

The farm mortgage debt in the State which increased from \$172,240,000 in 1910 to \$538,950,000 in 1930, dropped to \$538,810,000 on January 1, 1935. Figures for the earlier years are from the United States Department of Agriculture, while the 1935 figure is an estimate of the Farm Credit Administration.

On January 1, 1936, some 2,300,000 farms in the United States, or 34 per cent of the total number, were under mortgage, compared to 36 per cent in 1928.

Boundless Empire Of Texas Lauded By Ex-Governor

Former Governor Pat. M. now President of Baylor University, sometime ago made a tour about Texas at a meeting Peoria, Illinois, of which the following are interesting extracts: "To fully appreciate the less area and the magnificent golden twilight of day it is necessary to combine it and empire for illustration. Why, you could put New and Colorado into Utah in the Panhandle of Texas, and it would take the cowboys in that district two weeks to find the ends of one of them. You can all the New England states, Illinois thrown in for good measure, in Texas, and they would rattle around like peas in a Rhode Island, and it would be larger than the empire state of New York. Georgia, Alabama, Virginia, Maryland, Delaware, New Jersey could all be laid within the ample lap of Texas and each could be cared for with a mother's devotion. Texas is larger than the United States was during the of the revolution when she ped the Conquerors of Napoleon.

Trench Mouth Healed Your friends dare not say you are sore gums and sore throat. Leto's Pyrorhena Remedy worst cases if used as directed is sold on a money back guarantee. Oates Drug Store.

The Galveston Flood Thirty-six years ago—September 8th, 1900, the world was shocked when first news of the disastrous Galveston Flood reached the outside world. Approximately 8,000 persons lost their lives, and property loss amounted to millions of dollars. The most staggering of the belated. But despite the enormity of life and property loss, Galveston was rebuilt, and today one of the most beautiful cities of Texas.

Dauntless spirit of its residents made this possible—they were aided financially by responsible insurance companies.

F. L. Daugherty The Insurance Man
