FIFTY-SECOND YEAR

MATTSON HIGH SCHOOL BUILDINGS LOST IN SUNDAY MORNING BLAZE

Stamford Man Killed Sunday Morning When Truck Crashes Into Freight Train

R. G. CAIN IS VICTIM OF CRASH AT RAILWAY CROSSING IN SAGERTON

Misting Rain Believed To Have Obscured Vision of Truck Driver

R. G. Cain, 30, employee of the Dairyland Creamery in Stamford, was instantly killed Sunday morning about 5 o'clock when the light truck he was driving crashed head-on into a Santa Fe freight train which had halted in Sagerton.

Tramway men who extricated Cain's body from the wrecked truck, expressed the belief that a misting rain falling at the time had so obscured the truck driver's vision that he was unable to see the train.

A Kinney ambulance was summoned from Stamford by members of the train crew, who also notified relatives of the victim.

A coroner's verdict of accidental death was rendered by Bennett Hess, Sagerton Justice of the Peace, Mr. Kinney stated.

Funeral services were held Monday afternoon at 2:30 o'clock in the First Baptist Church of Stamford, by the pastor, Rev. P. C. Williams, assisted by Rev. E. A. Reed, Methodist minister of Stamford. Deceased was a member of the Baptist Church.

Burial was in Highland Cemetery, Stamford, with arrangements in charge of the Kinney Funeral Home of that city.

R. G. Cain was born February 27, 1907, in Throckmorton, Texas, the son of Mr. and Mrs. S. H. Cain. He had resided in Stamford for eighteen years, and was married November 3, 1935 to Miss Lorene Bruton of Abilene.

Surviving are the widow, his parents, one brother, J. H. Cain of Waurika, Okla., and two sisters, Mrs. W. E. Ruth of Amarillo, Texas and Mrs. W. C. Fuller of Comanche, Okla.

Pallbearers were J. C. Gentry and Wayne Gentry of Abilene, Adrian McAndrews, Frank Cannon, Shep Cannon, Duben Nance and Rodney Ezell of Stamford.

Flowers were handled by members of the ladies Sunday School class of the Stamford Baptist Church.

Softball Players Invited to Cliff Saturday 10th

Boys and girls independent teams of softball players have been invited to take part in a tournament scheduled at Cliff on Saturday April 10th, according to an announcement this week from Thos. E. Roberson, principal of the Cliff School.

All teams in the county are eligible to take part in the day's play, which will start at 9 o'clock in the morning. A baseball and bat will be given teams winning in each division, Mr. Roberson stated.

Arrangements will be made for providing light lunches and refreshments for all who attend the meet.

Wichita Falls Man Now In Charge of The Highway Cafe

Mr. and Mrs. T. L. Tucker of Wichita Falls assumed management of the Highway Cafe, two blocks south of the square, Saturday after purchasing the business in a deal closed Thursday.

Dennis Chapel and Weinert to Vote On Consolidation

Qualified voters in the Dennis Chapel Common School District and the Weinert Independent School District will ballot Saturday April 24th on consolidation of the two districts.

Notices of the pending elections were posted this week, following passage of an order for the voting approved by the Commissioners' Court recently.

The Dennis Chapel school district joins the Weinert district on the north and west, and proponents of the proposed consolidation believe that all practical school purposes could be continued through consolidation with the larger district. A bus route would be established to accommodate pupils in the Dennis Chapel district in event of consolidation.

Voters in the Dennis Chapel district will ballot on consolidation with the Weinert district, and Weinert voters will approve or reject the proposed addition to their district, in the balloting.

DR. PHILLIPS MOVES HIS OFFICE TO SEYMOUR

Dr. Gordon Phillips, who has maintained offices in the Oates building in this city for the past eighteen months, moved this week to Seymour, where he will continue his practice as a physician.

Dr. Phillips made many warm friends here who will regret his leaving.

METHODIST MAP PLANS FOR CAMPAIGN TO PAY CHURCH INDEBTEDNESS

The Stewards of the Haskell Methodist Church at a special called session on Sunday night at the church, voted unanimously to undertake to pay off the entire debt of nearly \$9,000 on their educational building. This action came after weeks of careful study of the issue; involved and at the close of a second session of the board in which a frank discussion and expression from all present was had.

Mr. Emery Menefee, chairman of the board's committee on the building debt, says, "For years this debt has been depressing influence on this church and the lifting of this debt would sound a note of victory and confidence which is greatly needed. God would reward the sacrifice of His people."

Bob Foote and Andrew Josseliet said, "This is the best thing we have undertaken in years and we can certainly find a way to do it. You can certainly count on me to do all I can."

F. L. Daugherty said, "Our people are tired of paying out large sums of money on interest and still not retiring much of the principal. We have paid out \$6945.00 since we first created this debt and still owe \$1,000.00 of what we did to start with. We can raise all the money necessary to stop this waste about as easily as we could raise the \$1,300.00 necessary to refinance the loan."

O. E. Patterson was asked to state his views. He said: (1) "The time to do this thing is right. Now is the time to do anything which ought to be done. Crop prospects are good. In the harvest time none of us will take the time from our farm or business to do the work necessary to put over this enterprise. In the summer we will be scattered on vacation trips. (2) The people of our church can procure the necessary money. There is not one of us here but

FUNERAL RITES HELD SATURDAY FOR R. L. HARRIS

Well-Known Farmer and Resident Since 1916, Died Friday Afternoon

Funeral services for R. L. Harris, 63, well-known Haskell county farmer who died in a Knox City hospital Friday night at 8:15, were held from the First Methodist Church in this city Saturday afternoon at 3:30 o'clock, conducted by Rev. R. N. Huckabee, pastor. Burial was in Willow Cemetery with arrangements in charge of Holden's Funeral Home.

Mr. Harris has been undergoing treatment in the hospital for several days. He had been ill for the past four months.

Coming to Haskell county from Cleburne, Texas, in 1916, Mr. Harris since that time had engaged in farming, and more recently since the death of his wife a number of years ago, had specialized in truck farming. Born February 6, 1874 at Greenville, S. C., Mr. Harris came to Texas as a young man. He had been a member of the Methodist Church for many years.

Surviving are six daughters and two sons: Mrs. Beatrice Bartlett, Fort Worth; Mrs. J. M. Woodson, Fort Worth; Mrs. H. J. Whitaker, Abilene; Mrs. D. H. Adkins, Rochester; Miss Leona Harris, Fort Worth; Mrs. J. C. Bunkhardt, Monahan; and Eugene Harris, Santa Rita, N. M., and Eddie Harris, Bisbee, Arizona, sons.

Pallbearers were: Bill Williamson, Jack Adkins, Hugh Gaunt, John Halliburton, Bill Dunnam, Justice Wade.

Floral tributes were handled by Mrs. J. G. Adkins, Mrs. William Dunnam, Mrs. Cliff Dunnam, Mrs. Parks Woodson, Miss Ruth Woodson, Mrs. E. L. Nealey, Mrs. Alfred Oates, Mrs. Edwin Pope.

THREE TRUSTEES ARE RE-ELECTED ON SCHOOL BOARD

T. J. Arbuckle, Lynn Pace, Server Leon Chosen By Majority Vote

Despite a small election-day flurry of interest which attracted 188 voters in the usually quiet school trustee election, three members of the board were re-elected Saturday with comfortable margins.

Names of Mrs. A. H. Wair and Mrs. K. H. Thornton appeared on the ballot in addition to the three trustees up for re-election.

Re-elected were T. J. Arbuckle, Marvin H. Post and H. S. Leon. Individual totals for candidates were: Arbuckle 170, Post 137, Leon 157, Mrs. Wair 47, Mrs. Thornton 41.

Other members of the Haskell Board of Trustees are D. H. Persons, Lynn Pace, W. M. Cass and R. L. Burton.

R. E. Sherrill was presiding judge for the election, and was assisted by Mrs. Reynolds Wilson and Mrs. R. H. Darnell, clerks.

Rule Voters Elect Three Members for Board of Trustees

Olin Carothers, incumbent, L. W. Jones and H. R. Glass were elected members of the board of trustees of the Rule Independent School District Saturday.

The vote was: Jones 74, Glass 58, Carothers 56, E. D. Weaver 46 and R. H. Smith 36. A total of 90 votes was cast in the election.

E. H. WYCHE IS KILLED ACCIDENTALLY IN FT. WORTH ON SATURDAY

Fall From Bridge on Which He Was Working Causes Fatal Injuries

Everett H. Wyche, 33, member of a pioneer Haskell family, was killed instantly Saturday afternoon in Fort Worth when he fell from an overpass on which he was working as a carpenter. The accident occurred at 2:30 o'clock. He fell 28 feet from the top of the overpass which is under construction near the South Lake street intersection in Fort Worth. Workers who saw him fall said his head struck one of the railroad tracks at the bottom.

Mr. Wyche was pronounced dead on arrival at the hospital where he was taken immediately after the accident.

Mr. Wyche born and reared in Haskell, and former student in Haskell High School, had resided in Fort Worth for the last two years. He was a ministerial student at Texas Wesleyan College, where he attended classes in the morning. He did construction work for the Texas Bitulithic Company in the afternoon. On completion of his course at T. W. C., he intended to give up his work as a

(Continued on Page Eight)

BENEFIT PAYMENTS FOR FARMERS WHO PLOW UNDER GRAIN

Many farmers will be plowing under small grain to qualify under the Agriculture Conservation program in the next six weeks, according to county agent, B. W. Chesser.

Turning under grain with a good growth not only will qualify producers for benefit payments but will improve the soil.

Before a producer can use small grain as a soil-conserving crop he must first make application to the county committee by filling out forms for this purpose furnished by the county agent. Over five hundred farmers have done this already. After the grain gets a good growth then the producer must see his local committeeman and tell him that he intends to plow up some grain. Unless the committeeman is already familiar with the grain he will inspect it and determine if it has sufficient growth to improve the soil.

New Coating of Paint Is Being Given City Hall

Doors and window facings of the City Hall are being given a new coat of paint this week by T. J. Lemmon, local painter, who contracted with the city several weeks ago for beautifying the city building.

The job will be completed during this week if suitable weather conditions prevail, Mr. Lemmon stated.

A Full-Fledged Semi-Weekly Newspaper

Today, you have before you the second Tuesday's issue of The Haskell Free Press as a semi-weekly publication, and we hope that you will enjoy reading it.

We sincerely appreciate the many compliments and words of encouragement we have received during the past week from people in all parts of the county concerning the new publication policy.

We are planning many improvements and features to be added from time to time. As one of these, we want a reporter in every town and

To Conduct School

Miss Jessie Hogue, who will conduct a three-days Cooking School sponsored by the Free Press on Thursday, Friday and Saturday, May 6, 7, 8.

COOKING EXPERT TO BE IN CHARGE OF 3-DAY SCHOOL

Noted Lecturer and Home Economist Will Be Here May 6-7-8

Miss Jessie Hogue, noted Southwestern Home Economist and food authority who will conduct the Free Press cooking school in this city, is one of the outstanding lecturers in her profession on the platform today. She has had the pleasure of presenting her lectures to over two hundred thousand housewives in various cities of this country in the past several years.

Miss Hogue's lectures will include Kitchen Magic, Budgeting, Household Hints and Modern Cookery Secrets, in addition to giving a Food Fashion Parade in keeping of the times in the kitchen, even as in other parts of the home. Economy is never sacrificed in this endeavor, if Miss Hogue's rules and regulations are followed.

Many delightful secrets of this Kitchen Magic will be unfolded during the cooking school. New suggestions, new recipes, new (Continued on Page Eight)

Light Vote In Prospect For City Election

A light vote is expected in the City Election to be held today for the election of two members of the City Council.

Names of John S. Rike, incumbent, and J. D. Montgomery, automobile dealer, are the only ones appearing on the ballot.

The election will be held in the City Hall, with Virgil A. Brown as presiding judge, assisted by Miss Dulin Fields and Mrs. Reynolds Wilson as clerks.

Polls will be open from 8 a. m. until 7 p. m.

community in Haskell county. If your community is not represented at the present time you will be conferring a favor on the management by assisting us in securing someone to act as our reporter. We hope to cover the county so thoroughly that not a single item of news will be omitted.

The financial success of a semi-weekly will largely depend upon the advertising patronage of the local business institutions. If you believe that a semi-weekly newspaper is a forward step in the (Continued on Page Eight)

LAST RITES FOR L. M. HAMILTON HELD ON SUNDAY

Prominent County Farmer Dies in Santa Anna Early Saturday

L. M. Hamilton, 75, prominent Haskell county farmer and landowner, died Saturday morning at 3 o'clock in the Sealy Hospital, Santa Anna, Texas, where he had been a patient for two weeks. Death was attributed to heart involvement following a major operation.

Funeral services were held from the First Baptist Church Sunday afternoon at 3 o'clock, with the pastor, Rev. H. R. Whately officiating, assisted by Rev. W. T. Carter, minister of the Church of Christ and Rev. C. Jones, Baptist minister of Haskell. Burial was in Willow Cemetery, with arrangements directed by the Kinney Funeral Home of Stamford.

Lewis Morton Hamilton was born September 16, 1861, in Sullivan county, Indiana. Coming to Texas as a young man, he was married to Miss Mary Ann Hall in Erath county, and they were the parents of nine children, all of whom survive except a daughter, Mabel Luella, who died in infancy.

Mr. Hamilton with his family moved to this section in 1902 from Hamilton county, and he had been engaged in farming since that time. First locating in the north west part of the county, Mr. Hamilton several years ago moved to his farm in the Gaunt community.

Surviving are his widow, five daughters and two sons. They are: Mrs. E. H. Coates of Knox City; Mrs. Roy Hines of Ansonia; Mrs. Lewis Williams of Benjamin; Mrs. L. D. Wilson of Abilene; Mrs. Russell Rainey of Weinert; John (Continued on Page Eight)

HASKELL BEAUTY WILL COMPETE FOR TITLE OF "TEXAS SWEETHEART"

Girl Chosen As "Miss Haskell" To Be Given Test For "Fiesta" Cast

Perhaps a girl from Haskell will be chosen as Texas Sweetheart No. 1.

The honor will carry with it a featured role in the Casa Manana revue of 1937 at the Fort Worth Frontier Fiesta as well as nationwide publicity and an opportunity in motion pictures, it is announced by Billy Rose, world's greatest showman, director-general of the Frontier Fiesta.

Haskell was extended an invitation to choose an entry for the contest in Fort Worth on Saturday, May 22, in a letter just received by Ralph Duncan, Chamber of Commerce secretary.

The Free Press in cooperation with the Haskell Chamber of Commerce, will sponsor a contest to select Haskell's representative in the state-wide beauty competition and in addition to the Frontier Fiesta trip with all expenses paid, attractive awards will be given second and third place winners.

Entrants from every town in the county will take part, and full details concerning the manner of selection will be announced in Thursday's Free Press.

Rose points the fact that while "Texas Sweetheart No. 1" might have held little meaning when last year's contest was announced, the title now is identified with the 1936 winner, Miss Faye Cotton of Borger, a glamorous beauty well on her way to stardom with Universal Pictures.

"Millions of people throughout the United States and in other lands read the Cinderella story of Miss Cotton, who was lifted from behind the cash register of the amusement world," Rose said. "Night after night, Miss Cotton appeared in the Casa Manana revue on the world's largest revolving stage and in the world's largest cafe-theatre. She wore a (Continued on Page Five)

ESTIMATED LOSS OF \$12,000 SUSTAINED BY SCHOOL DISTRICT

YOUTH SLIGHTLY HURT MONDAY AS CAR OVERTURNS

Vernon Coburn of this city received injuries about the face and slight cuts and bruises on his right arm when an automobile he was driving to Haskell from Dallas struck loose dirt and overturned on the Throckmorton highway several miles east of Haskell Monday afternoon about 4:30 o'clock. The car, a new Terra plane sedan, was badly damaged.

Young Coburn had accompanied M. H. Post local Terraplane dealer, to Dallas Monday morning and was returning the machine to the local agency, Mr. Post remaining in Dallas.

The youth stated that he had reached with one arm to securely fasten a rear door he believed to be partly open, and lost control of the machine as it struck loose dirt on the highway.

Ray Jacobs, foreman on the Kleiner Ranch, happened to be nearby and brought Coburn to Haskell where his injuries were dressed by Dr. T. W. Williams.

Rushed To Sanitarium

J. L. Mullins son of Mr. and Mrs. P. M. Mullins was removed from his home southeast of Haskell to the Stamford Sanitarium last night in a Jones, Cox ambulance.

MATTSON VOTERS RE-ELECT SIX ON TRUSTEES BOARD

Six of Seven Former Members Re-Elected For Ensuing Year

Fifty-eight votes were polled by qualified voters of the Mattson School District in the selection of seven school trustees Saturday. Six former members of the Board were re-elected, and Ray Lancaster was given a majority vote for the seventh position as trustee, succeeding Elbert Mapes.

Trustees re-elected were Martin Rueffer, Roy Weaver, H. Y. Druessow, Frank Nicholson, Jess Matthews, and Hub Merchant.

HHS Choral Club Takes Honors In Abilene Contest

Haskell High School Choral Club won second place in Class B division at the annual West Texas Voice Contest, held Saturday at Hardin-Simmons university in Abilene, and Miss Jean Conner, freshman in HHS was awarded second place in the Freshman, Sophomore and Junior Girls division. This was a distinct honor for the Haskell freshman, as she was entered in competition with young women singers from a number of larger schools in the sophomore and junior groups.

Thirty-six members of the Choral Club with their director, Mrs. Bert Welsh, were accompanied to Abilene by Mrs. Walter Murchison, Mrs. J. B. Post, Mrs. J. P. Payne, and Mrs. J. W. Gholson.

(Continued on Page Five)

Temporary Plans Will Be Made To Continue Work of Term

Fire of undetermined origin spread through three wooden buildings comprising Mattson Rural High School, ten miles northeast of Haskell, early Sunday morning causing an estimated loss of \$12,000 on buildings and school plant equipment.

The blaze was first noticed about 3 o'clock Sunday morning and flames quickly spread through the three wooden structures, located within a radius of fifty yards, spectators said. The three buildings had been grouped together last year after the school district of Roberts, Vontress and Cottonwood were consolidated to form the Mattson district.

Nearby residents who first noticed the fire, expressed belief that the former Vontress school building was the first to burn. A northeast wind carried sparks and flames to the adjoining structures, they said. The large crowd of spectators attracted by the spectacular blaze was powerless to combat the flames, and likewise were unable to save any of the equipment or school records from the burning buildings.

Elmer C. Watson, Mattson superintendent, stated that all records of the district were destroyed in the fire. Two hundred students were enrolled for the current term, Mr. Watson said. Subjects are taught through the 11th Grade, and only a few days ago the school had been inspected and rating established for affiliation.

(Continued on Page Eight)

Final Report of Expenditures On City Park Made

Final report on expenditures in the construction of the Municipal Park, swimming pool and amphitheatre, were compiled by City Secretary Coburn Monday and will be forwarded to WPA headquarters for their records.

A total of \$19,044.78 was spent on the project by the Works Progress Administration, and the sum of \$4,817.25 was spent by the city as sponsor.

Man hours worked totalled 49,631 from the beginning of the project February 26, 1936 until its completion January 25 this year.

"BEST FOOT" PUT FORWARD FOR EXHIBIT

Neighbor Nations To Send "Only the Best" to Texas Exposition

"We must send samples of only the best," is the guiding thought of Latin American neighbor nations in assembling exhibits for the Greater Texas and Pan American Exposition, which opens in Dallas June 12.

Eleven republics of Central and South America already have accepted invitations extended by two flying envoys, Dr. Roscoe R. Hill and Charles H. Abbott, who have passed the halfway mark at the southernmost tip of the continent and are returning through Atlantic seaboard capitals. Their calls on neighbor nations began at Mexico and will be completed when they reach Havana in mid-April.

Typical of the responses for space in the million-dollar Pan American Palace at the international fair where wares of the western world will be shown, is an editorial from the *El Cronista* of Tegucigalpa, Honduras, published at Tegucigalpa. Honduras was one of the first countries to receive and accept the invitation from the emissaries.

"We cannot help but applaud," read the editorial, "and applaud enthusiastically the official approval to present in Dallas an exhibit of our best natural products and those of our rising industries. The editorial identified the stand of Honduras and El Cronista in the following translated from its printed version:

"We who for so long have begged to make known the numerous natural resources in foreign lands, in order to attract capital and industrialists to cooperate in their

proper exploitation, we who have in recent years carried on propaganda to establish permanent exhibits of natural and manufactured products in consulates in the United States and other countries, cannot but applaud."

The editorial recalled that the government once exhibited in an exposition in Florida "where the good quality of our products received a prize and the praise of all the visitors." At that time, manufacture of junco hats attracted a great deal of attention.

At the Dallas Exposition, Honduras expects to make an interesting exhibit of its tobacco products, just as Colombia and Brazil and other nations plan to show cacao, rubber and coffee, and the many varied natural products of their lands.

"To make a more complete success of the Exposition," said the editorial, "it must be recommended that the authorities in charge be sure to furnish those persons who will go with it with accurate details of the location of these products, their relative abundance, facilities of transportation to the regions in order to exploit them properly, of prices of transportation from these regions to ports where they are to be shipped and, if possible, photographs of the regions."

CUREW LAW REVIVED
Huntington, Mass.—To keep children out of mischief on the streets at night, and to inculcate a due respect for the authority of their elders, the town council of this town has decided to revive the curfew. As a result, children under 15 must be at home by eight o'clock between October 1 and March 31, and by nine o'clock at night between April 1 and September 30.

FINDS JOB "FUN"
Chattanooga, Tenn.—Although a rich man's son, William H. Bourne 25, is finding it "fun" to work at a 40 cents an hour job as boiler-maker. Bourne, who studied at Cornell and John Hopkins Engineering School, announced his objective: "To get myself to the point where I will be worth a better job."

Ugliest Collegian

Joe Frederick, Texas Christian University senior, claims to be "the ugliest college man in Texas." The above photographs demonstrate clearly that he is not without some claim to the distinction.

SIX HUNDRED BOY SCOUTS EXPECTED FOR ANNUAL MEET

Dates for Council Camporee at Camp Tonkawa Set For June 1, 2, 3

More than six hundred Boy Scouts are expected to attend the Tenth Annual Chisholm Trail Council Camporee at Camp Tonkawa, June 1, 2, 3. Troops will draw for Camp location anytime during the afternoon of June 1st and the first event will take place that night around a huge campfire when different Troops will compete in portraying and costuming some historical event of their own selection.

Winning Camporee Troops in previous years have been: 1923, Troop 2, Abilene; 1929 Troop 3, Abilene; 1930 Troop 2, Abilene; 1931 Troop 2, Abilene; 1932, Troop 40, Stamford; 1933 Troop 40, Stamford; 1934 Troop 26, Tuscola; 1935 Troop 40, Stamford; 1936, Troop 7, Abilene.

Competition will be stronger this year because all Troops have been strengthened and many new Troop organized. It is interesting to note that Troop 12, the only Mexican Troop in the Chisholm Trail Council has been actively practicing weeks. Other Troops have been very busy.

Any Chisholm Trail Council Troop may use Camp Tonkawa anytime they so desire, the only provision being they leave Camp Tonkawa in better condition than the Troop found it.

The best Troops in the Chisholm Trail Council are Camporee Troops, or in other words, Troops that participate in Camporee events. Any Troop that wins the Camporee must be one thoroughly versed in all kinds of Scout activities, first aid, signalling, cooking, archery, knot tying, fire building, Indian dancing, wall scaling, and many other Scout craft activities.

FALLS OUT OF PLANE

Long Beach, Cal.—While teaching a student to loop at 3,500 feet, Frank Averill, 27-year old flying instructor, fell out of the plane while it was upside down. He parachuted to safety.

Administration of Rehabilitation Is On Efficient Basis

R. E. Skipworth, supervisor of rural rehabilitation in Haskell, Knox, Stonewall and Throckmorton Counties, has returned from a state-wide conference of Resettlement Administration held at Dallas recently.

"Reports from all over the state and nation showed that rehabilitation activities have grown steadily in efficiency and in public favor," the supervisor said. He pointed out that land ownership is the final goal of Resettlement work, but that there are 286,000 tenant farmers in Texas alone, and providing land for these is a program of many years.

The most ambitious plan yet suggested would appropriate fifty million dollars of federal funds each year, the supervisor said, and Texas' share would be only around one thousand farms a year. In the meanwhile, he said, we must help the other low-income tenant farmers to improve their present status.

Means of improving the tenant's situation, the supervisor said include longer terms of leasing, in order that the tenant may become more closely attached to a specific piece of land, in the care and improvement of which he will take a personal interest. Another step, which has been taken in Texas for more than 32,000 tenants, is to assist them in purchase of teams and tools, thus removing them from the class of sharecroppers dependent upon their landlord for "furnishing."

Only the highest type of tenants are now selected for purchase of farms, the supervisor said. Fifty have been nominated for the whole state, out of 588 to be provided with farms under this year's allocations. "Those fifty nominees have been located on their present farms an average of six years, as compared with the fact that less than half of Texas' tenant farmers have been on their present farm more than one year," he said. "These nominees have average net assets of \$1,421, mostly in teams and tools. Their average age is 40 years, and the average family includes two or three children."

Outstanding 4-H Club Boys' Work Noted During '36

Many outstanding examples 4-H club boys' demonstrations have been reported by county agricultural agents.

Three brothers, Gifford, Douglas, and Lawrence Sims, members of the Highland 4-H club in Nolan county, report an average daily gain of 1.65 pounds for each of the three pure bred pigs they are feeding. The pigs are fed by a two compartment self feeder. One compartment contains protein supplement consisting of 50 pounds tankage, 40 pounds cottonseed meal, 8 pounds of green leaf alfalfa meal, 1 pound bone meal, and 1 pound salt. The other compartment is filled with a grain mixture of threshed grain sorghum and shelled corn. The brothers find that the free choice method of feeding is resulting in cheaper gains.

The addition of 65 ewes has brought the total of the flock owned by Elbert and Trelles Summers, 4-H club boys of Castro county, to 105 ewes. Approximately half of the ewes have fall lambs, and the remainder are bred for spring lambs.

The beef animal demonstration champion of Taylor county, Clyde Oldham, Jr., is feeding an Angus calf which gained 245 pounds in 77 days for an average daily gain of 3.18 pounds. The calf is nursing a cow and is receiving a ration of corn, barley, oats, cottonseed meal, and a mixture of green leaf and alfalfa and prairie hay.

Another Taylor county club boy, Royce Riddle, 12, of the Ovalo club, last year fed out a Hereford calf which gained an average of 33 pounds per day and returned a profit of \$50.79. He recently bought a Hereford cow that dropped a calf which he will feed out this year.

"OLDEST MOTHER," 105
Memphis, Tenn.—The nation's "oldest mother," Mrs. Mary N. Rice recently celebrated her 105th birthday. One of her most treasured greetings came from President Roosevelt.

J. C. Kellam Is Appointed State Director of NYA

J. C. Kellam has been named by Aubrey Williams, executive director of the National Youth Administration, as acting state director in Texas, since Lyndon B. Johnson, State Youth Director, resigned March 1. On receiving Johnson's resignation, Aubrey Williams said of him, "He is one of the ablest state directors we have had" and has done a "first class job."

Prior to his present appointment, Kellam served as assistant state director. He came to the National Youth Administration from the State Department of Education, where he served for a number of years as Deputy State Superintendent and later as State Director of the Rural Aid Division.

He is 36 years old and a gradu-

ate of Southwest Texas State Teachers College and the University of Texas. While attending school at San Marcos, Kellam took an active part in student affairs, serving as business manager of the college paper and captain of the football team. Upon his graduation he taught and coached football at Lufkin High School for a number of years. During a summer school session he also taught at the Stephen F. Austin State Teachers College at Nacogdoches.

Protected Range Still Makes "A Little Profit"

Recently a United States Department of Agriculture man examined ranges in Kansas. Reporting on his trip, he said, "I saw more drought-ridden ranges than I ever thought existed. I saw so much of it that I began to doubt that a conservatively grazed range will survive drought."

"And then in the center of a very bad drought area, I found a ranch on which forage conditions were at least 50 per cent better than elsewhere. I talked to the owner, a German immigrant who spoke rather broken English. He told me he had been using 27 1/2 acres per cow per year while his neighbors had been using only 8 to 12 acres per cow. On his ranch the forage was in pretty good condition. Good grasses were not, as far as I could tell, being replaced by inferior plants as was the situation on the surrounding range. "I asked this man how he had profited financially by grazing so conservatively. His answer was, 'Well, ven times were good, my neighbors make a lot. I make a little. Ven time got bad my neighbors break even. I make a little. Now my neighbors all broke. Still I make a little.'"

You can afford one of these USED CARS!

Now is the time to buy a good used car and assure yourself and your family many delightful outings this spring and summer. Our low prices and liberal terms make it possible for you to own a good automobile without "overloading" your household budget.

Contour Ridging, Terracing and Contour Cultivation Being Widely Adopted

Contour ridging of pasture land is a very effective means of restoring and maintaining a soil and water resistant covering, and much interest is being shown in the work being done by the Soil Conservation Service in constructing contour ridges on pastures in this section.

Contour ridges may be inspected on the following farms near Haskell: R. C. Couch, Bill Holt, G. A. Turnbow, F. J. Josselet, R. J. Reynolds, Barton Robertson, and A. C. Robertson farms.

These ridges, when properly constructed, will serve to uniformly distribute the rainfall over the entire area and will hold the water where it falls. This, within itself, will prevent run-off and soil erosion, and with added moisture the grass will be benefited, doubly insuring against the loss of soil and water.

The greatest results from contour ridging will be gotten during the periods of drouth. Light showers and small rains will be effectively distributed and held over the area, whereas, without the ridges such rainfall would run off and would be considered ineffective.

be done without damage to crops. In 1935 level closed-end terraces held all the rainfall and produced 20 pounds more lint per acre than a contour-cultivated area, although the true level-farmed area lost less than one-half inch of rain during May and June when 11.47 inches fell.

Closed level terraces at the same station for the period 1927 to 1933 gave an average cotton lint yield of 254 pounds per acre as compared to 185 pounds for contour rows without terraces. Mr. R. E. Dickson, superintendent of the Spur Station, reports a larger cotton yield in dry years following a wet year rather than in the wet years, which emphasizes the necessity of storing all moisture in the wet years.

SARAH ANN'S COOKING CLASS

Cherries have long been a welcomed fruit both fresh and canned. Everyone likes the flavor of a luscious cherry pie with flaky crust and juicy filling, but for variety try some of the following recipes of red and white cherries.

Cherry Dumplings
Make a biscuit dough, using:
1 1/2 cup flour
1 1/2 tablespoons butter
3 teaspoons baking powder
1 1/2 teaspoon salt
1 1/2 cup milk

Roll out and cut in large circles. Fill each with well drained canned cherries, then bring in the sides and pinch the top of each dumpling together. Place in a deep baking dish. Cover with 2 cups of sugar and dot with 2 tablespoons of butter. Pour boiling water over all until the dish is half full and bake 1 hour.

Cherry Muffins
2 cups sifted flour
2 teaspoons baking powder
1 cup milk
3/4 cup chopped cherries
1 1/2 teaspoon salt
1 egg beaten
1/4 cup shortening melted

Mix milk, egg and cherries. Combine with the sifted dry ingredients, using a few strokes as possible, adding the shortening last. Fill greased muffin tin two-thirds full and bake in an oven 400 degrees for 25 to 30 minutes.

Cherry Cakes
Cream 1 cup of butter with 3/4 cup of brown sugar, gradually fold in the yolk of 1 egg and 2

cups of sifted flour, stir and knead thoroughly until the mass is soft and pliable. Roll in small balls, place on a greased pan and flatten with a fork. Press a candied or halved maraschino cherry in each cake and bake in a moderate oven.

Cherry Sandwiches
1 tablespoon chopped nut meats
1 cup cottage cheese
1 1/4 cup chopped cherries
Mix the sandwich filling and spread between buttered slices of whole wheat bread, from which the crusts have been removed.

Cherry Salad
2 cups canned sweetened cherries
1 cup diced bananas
1 1/4 cup chopped nuts
1 cup diced marshmallows
1 1/2 cup mayonnaise
1 1/2 cup whipped cream
Lettuce

Drain the cherries well and mix with the other ingredients except the lettuce and nuts. Heap on the lettuce leaves and garnish with the chopped nuts. Be sure to drain the cherries well and the cream stiffly whipped. Add the dressing a little at a time, taking care not to use too much.

Cherry Fruit Crop
1 cup canned cherries
1 cup sliced peaches
8 mint candies
1 cup crushed pineapple
1 cup diced grapefruit
1 1/2 cup cherry juice
Drain the fruit from juice and chill. Dissolve mints in cherry juice, then chill. For serving arrange the fruit in sherbert glasses and pour juice over the fruit.

Sugared Cherries
Wash and pit a pint of ripe pie cherries, cover thickly with granulated sugar and place in the refrigerator for several hours, stirring occasionally. Serve very cold in small glass sherberts.

Cherry Lemonade
2 cups sweetened cherry juice
1 cup lemon juice
1 cup sugar
Make a syrup of the sugar by adding 1 1/2 cup of water and boiling 3 minutes. Combine all the ingredients and pour over cracked ice.

Cherry Pie
1 quart cherries stoned
1 cup sugar
4 tablespoons flour
2 tablespoons butter
Line a pie pan with pastry. Blend sugar and flour, mix thoroughly with cherries. Fill pie pan. Dot with butter. Add top crust. Press edges together and flute edge. Bake 10 minutes in over 450 degrees, then reduce heat to 400 degrees and cook for 30 to 35 minutes.

Denton T. C. Favorites

Denton, Texas—Pictures of the five young women shown above will appear in the Favorite Section of the Yucca, annual yearbook of North Texas State Teachers College. These selections were made by the students in recent elections.

Gov. Allred Names Members New London School Memorial Committee

Announcement was made today by Governor James V. Allred of the formation of the New London School Memorial Committee composed of Mrs. M. A. Taylor of Bonham, President of the Texas Congress of Parents and Teachers; Drury M. Phillips of Huntsville, Commander of the American Legion of Texas; George Clarke of Austin, to represent the Governor; Mrs. Fay Beidleman, President, New London Parent-Teacher Association; and Mrs. H. R. Whittington, President, Rusk County Council of Parent-Teacher Associations.

Contributions may be mailed directly to the New London Memorial Committee in care of the Governor's Office in Austin. The Committee appointed by the Governor will handle funds received for this memorial.

Mr. Phillips has already asked commanders of legion posts throughout the state to begin their activities immediately.

"Hundreds of letters and telegrams have been sent to me," the Governor said, "asking information as to where contributions might be made for the purpose of erecting a suitable memorial to the memory of the school children and their teachers. I have determined upon this state committee as the proper central organization for the handling of these funds. I appreciate deeply the proffered services of the State Parent-Teacher Associations and the American Legion in this connection."

"I think it only proper that the voluntary contributions from the citizens of a stricken state and nation be accepted for this purpose. The horrible catastrophe touched not only the families and immediate friends of the victims, but has reached out and shocked every home in America. Everyone has felt a sense of personal grief and has mourned with the bereaved parents."

"The State Memorial Committee will not conduct a drive for funds but will have an organization set up in every town through the Parent-Teacher Councils and the American Legion posts. These organizations will be available to those who wish to contribute any donation, small or large, as their expression of sympathy."

"The memorial will serve a twofold purpose as a tribute to the passing of these boys and girls in the full flush of inspirational youth and as a perpetual resolve that no such disaster shall ever again be visited upon any community in Texas."

LANDS DANGEROUS CARGO
Cheyenne, Wyo.—Flying a cargo of nitroglycerin, D. A. McIntyre, an airplane pilot, became lost in a night snowstorm. He was lucky enough, however, to make a safe forced landing at Fort Warren Military Reservation.

CATHOLIC SEMINARY
Washington.—A seminary, in which Mexican youths will be trained for priesthood in their own country, is to be established near Las Vegas, N. M., according to an announcement by the National Catholic Welfare Conference, which pointed out that the seminary will be the first of its kind in this country.

Clean-Up Campaign Is Health Measure State Officer Says
The accumulation of winter's debris represents a distinct menace to the health of adults and particularly to little children, according to Dr. Geo. W. Cox, State Health Officer, who urges everyone to clean their houses and yards at this time. It is not only good housekeeping, but ordinary sanitary principles indicate the necessity of prompt removal of all waste matter in and around the neighborhood of yards of homes, but the definite lessening of the spread of diseases, especially those affecting infants, is vitally connected with this procedure.

Flies help spread typhoid fever, dysentery, diarrhea, tuberculosis, anthrax, and cholera. They breed, live and feed in filth. To prevent their increase all refuse should be disposed of at once, garbage kept in covered containers, privies made sanitary, and houses screened. Every neighborhood raises its own flies, so that their number is an index to sanitary conditions. Mosquitoes are responsible for the spread of malaria, dengue, and yellow fever. Malaria is spread by the bite of the Anopheles or malaria mosquito. Dengue fever and yellow fever are transmitted by the Aedes Aegypti or Tiger mosquito. The best way to prevent these diseases is to destroy the breeding places of the mosquito. They breed in standing water, therefore, one should drain, ditch, or fill such places, spray oil on water each week, or stock the water with surface minnows as they will eat the wiggletails. Houses should be well screened to protect against these insects. After the spring cleaning is finished, it should be kept in this condition at all times.

LEGAL NOTICE

CITATION BY PUBLICATION
THE STATE OF TEXAS,
To the Sheriff or any Constable of Haskell County—GREETING:
YOU ARE HEREBY COMMANDED, That you summon, by making Publication of this Citation in some newspaper published in the County of Haskell if there be a newspaper published therein, for four consecutive weeks previous to the return day hereof, Mary L. Morrison and J. F. Morrison whose residence is unknown, to be and appear before the Hon. District Court, at the next regular term thereof, to be holden in the County of Haskell at the Court House thereof, in Haskell on the 19th day of April A. D. 1937 then and there to answer a Petition filed in said Court, on the 16th day of March A. D. 1937, in a suit numbered on the Docket of said Court No. 4717, wherein George Ruppert is plaintiff and Mary L. Morrison et vir. J. F. Morrison are defendants. The nature of the plaintiffs demand being as follows, to-wit:
That heretofore, to-wit, on or about the 18th day of June, 1935, defendant, Mary L. Morrison made, executed and delivered to one George H. Morrison her promissory note for the sum of \$450.00, bearing date on the day and year aforesaid, due in monthly installments of thirty dollars each beginning with the first payment August 15, 1935, and continuing each month thereafter until said obligation is paid in full. Such note bearing 8 per cent interest, stipulating the usual 10 per cent as attorney fees. This note was given in part payment for a certain lot or parcel of land situated in the town of Haskell, Haskell County, Texas, and being a part of Out-Lot No. 83, a subdivision of the Peter Allen Survey, and bounded as follows: Beginning at a stake in the west boundary line of said Block No. 83, which is 265 feet west from the northeast corner; thence West 176 feet; Thence South, 135 feet; Thence East 175 feet; Thence North 135 feet to the place of beginning. Such property above described was conveyed by George H. and Flora B. Morrison, Mary L. Morrison, and to secure the payment of same a vendor's lien was retained in said conveyance. That by a written transfer of lien on the 18th day of June, 1935, George H. Morrison sold and transferred all his right, title and interest in and to the above described note, together with the lien securing the same to plaintiff herein.
Wherefore plaintiff prays the defendants be cited as required by law, and that he have judgment for his debt, foreclosure of his lien and cost, and for such other and further relief to which he may be entitled.
HEREIN FAIL NOT, And have you before said Court, on the said first day of the next term thereof, this Writ, with your endorsement thereon, showing how you have executed the same.
Given under my hand and seal of said Court, at office in Haskell, Texas, this, the 16th day of March A. D. 1937.
ROY RATLIFF,
Clerk District Court Haskell County, Texas. 4tc

Family Reunion Held In Curry Home

A family reunion was held in the home of Rev. and Mrs. J. F. Curry when all their children were at home for the first time in 11 years. Rev. Curry is a pioneer of this county, a retired Baptist minister. He was missionary of the Haskell county Baptist association for six years and served four years as missionary of the Brownfield Baptist association. Children present were: Mrs. Ed Cloud, Rogers and John Curry, Joe Curry and Misses Belva and Gladys Curry of Rule; Mrs. James S. Cupp, Tucumcari, N. M., Charlie Curry of Tahoka, Albert Curry of Dallas, Miss Virginia Curry, Munday and Mrs. Borden Davis, Tahoka.

Cecil Lancaster Circle

The Cecil Lancaster Circle of the Baptist Church met Monday afternoon in the home of Mrs. Geo. Herrin. Mrs. D. Scott had charge of a Royal Service program, the topic being Our Work Among The French. After the devotional and prayer led by Mrs. Ed Fouts, the following ladies gave parts on the program: Mesdames, Jim Fouts, Mary Oates, R. C. Couch, and Joe Fraley. Mrs. Whiteker led in prayer. Mrs. Paul Kuentler our circle leader, conducted a short business session. Mrs. R. C. Couch reminded the ladies of the kitchen shower for the church asking for dish cloths, glasses, and plates. We were dismissed with a prayer by Mrs. Glenn. The hostess, served refreshments to 15 members.

5,970 Books Loaned To Readers By Municipal Library Last Year

Open to the public on 255 days during the past twelve months, 5,970 books were loaned to readers by the Haskell Municipal Library, according to the annual report for the fiscal year ending March 31st filed by Mrs. Ethel Alexander Irby, librarian. The library is housed in the Magazine Club building, and is one of the most complete to be found in this section. Detailed report of the year's operation is summarized below: Days open, 255. Number of books loaned to girls, 2,592; loaned to boys, 1,528; loaned adults, 1,850, a total of 5,970 volumes loaned readers. In the previous year 6,225 books were loaned, the report shows. Average daily circulation for the twelve-month period was 23 volumes, the smallest 5, and the largest 69 volumes. A total of 1,363 magazines were donated the library, and 1,146 were distributed during the year. Eighteen books were donated, and 69 purchased. The librarian reported 1,215 books mended and 79 rebound. Fine collected amounted to \$30.05, and \$36.44 was received from rents. Purchase of mending equipment costing \$18.29 was also shown in the annual report.

SARAH ANN'S COOKING CLASS

To serve vegetables in the right sort of way is really a work of art. Few of us can resist the appeal of vegetables fresh from our gardens or from the market; yet we often let them come on our table in a most unappetizing condition and the family eats them from a sense of duty. Next time you have a vegetable dinner, give a little time to the garnishes and to the arranging of dishes with an eye to the color effect.

Fish Stew with Spring Vegetables

Cut 1 1/2 pounds of lean veal into meat pieces for serving. Wipe with a damp cloth, then dip each piece in flour and brown in a little fat. Place in a heavy saucepan and add 1 pint of boiling water, 1 cup of young carrots, diced, 4 onions sliced 1/4 inch thick. Add 1 teaspoon salt and pepper to taste. Cover the saucepan and allow the contents to barely simmer for two hours, then add 1 cup of green peas, 1 teaspoon of chopped parsley and 2 cups new potatoes scraped and cut in cubes. Cook until the peas and potatoes are done, thicken the gravy and season as preferred. Dumplings may be added. When ready to serve, arrange the meat and onions in the center of the platter, with the potatoes around the outer edge. Let the carrots provide a ring of color contrast and use the peas to form an innermost circle.

Rainbow Casserole

2 large boiled potatoes.
3 hard boiled eggs.
1 cup cooked peas.
1 cup boiled carrots.
1 1/2 cup finely chopped olives.
1 pint sour cream.
Arrange a layer of the potatoes thinly sliced in a medium-sized baking dish and over them pour some of the cream. Add a layer of eggs sliced crosswise, 1/4 of an inch thick, one layer of peas and one of carrots, also sliced. Cover the top with the olives and the last of the cream. Bake in an oven 400 degrees for thirty minutes. This is an excellent dish for the meatless meal.

Stuffed Lettuce Salad

Select a large head of lettuce and trim away the outer leaves, cut a slice from the bottom so that it will stand evenly. Then with a sharp knife cut a circle as deeply as possible all around the top. Remove as much of the inner part of the lettuce as you can, shred it very fine, then mix with equal parts of sliced beets, a few tiny shreds of onion and half of a green pepper shredded very fine. Season well and mix with French dressing. Fill the head with this, heaping it up in the center. When serving cut in pie fashion and serve French dressing.

Orange Sauce for Asparagus

Into a double boiler put two beaten egg yolks, 2 tablespoons butter, 1/4 teaspoon each of salt and paprika and 1 teaspoon of sugar. Cook until mixture thickens. Then add 5 tablespoons orange juice, 1 tablespoon lemon juice and the grated rind of 1 orange. Mix well and serve over hot asparagus. This sauce is equally good over boiled beets.

Greens In Rice Ring

Cook until tender 1 1/2 pound of mustard green, spinach and beet tops in salted boiling water without a cover. Drain and chop coarsely. Season with salt, pepper and 1/4 cup of chopped cooked bacon. Line a buttered casserole with 2 cups of cooked rice and fill the center with the seasoned greens. Arrange pork, sausage over the top and bake in an oven 400 degrees for 20 minutes or until sausages are cooked. Serve in baking dish.

Fairy Torte

1 1/2 lb. powdered sugar.
2 1/2 lbs. almonds—a few bitter almonds.
1 1/2 lb. dates—5 eggs separated.
2 teaspoons baking powder.
Blanche the almonds and chop fine, adding a few drops of rose water. Wash and rub dates to a smooth paste. Beat the yolk of 1 egg and stir in a little of the date pulp and some sugar. Continue until the egg yolks, dates and sugar are mixed. Stir vigorously. Add the almond and beaten egg whites. Bake in a well greased floured pan in a moderate oven.

Members of H. D. Clubs Are Feted By Rule C. of C.

First of a series of banquets by the chamber of commerce of Rule in which county home demonstration clubs are to be guests, was held in Rule Friday night with the Mid Way club present. H. R. Glass, president of the organization, acted as toastmaster. A dialogue representing work by home demonstration clubs was given by three members of the club. Short talks were given by club members and members of the chamber of commerce. Home demonstration members and their husbands, and members of the C. of C. and their wives attended the meeting.

PUPILS OF MRS. KAIGLER WINNERS IN DECLAMATION

The following speech pupils of Mrs. C. M. Kaigler won in Haskell last Friday: Haskell High School Senior Girl: Bertha Adcock, first place. High School Senior Boy, John Guest, first place. High School Junior girl, Eva Jo Ratliff, third place. High School Junior boy, Thomas Crandall, second place. North Ward Junior girl, Bunis Faye Ratliff, first place. North Ward Junior Boy, Jack Morris, first place. South Ward Junior Girl, Eloise Koonce, second place. South Ward Junior Boy, J. W. Holland, second place. The four who won first places will go to Breckenridge Friday week, to compete for district honors.

CARD OF THANKS

We wish to express our heartfelt thanks to the many kind friends and neighbors for their acts of kindness and words of sympathy in our recent bereavement in the loss of our beloved husband and father, May God ever bless each of you in our prayer.—Mrs. L. M. Hamilton, Mrs. E. H. Coates, Mrs. Roy Hines, Mrs. Lewis Williams, Mrs. L. D. Wilson, Mrs. Russell Rainey, John M. Hamilton, Willis Hamilton, Lewis B. Hamilton, Mrs. Sam Stroud.

Mr. and Mrs. Howard Wilson, Mrs. Maxine Quattlebaum and Dennis Wilson were guests in the home of Mr. and Mrs. Hugh Walton in Rule Sunday.

Who Knows?

1. Is Marlene Deitrich an American citizen?
2. What is a "strip tease" act?
3. Are the Hawaiian Islands a possession of the United States?
4. Can a municipality exact a business license from a peddler?
5. Is President Roosevelt's proposal in regards to the Supreme Court constitutional?
6. What is the fastest air time across the continent?
7. Does the average family in the United States own its home?
8. How large was the House of Representatives when the Constitution was adopted?
9. How many States have ratified the child labor amendment?
10. Was there ever an English pope?

(Answers on Page Five)

When cool cut in two layers. Spread with whipped cream flavored with 1/2 teaspoon each of rose extract and vanilla. Sprinkle the top generously with powdered sugar and ground almonds.

Fig Filling
14 pound chopped figs.
1 1/2 cup sugar.
2 tablespoons cornstarch.
1 1/2 cup boiling water.
2 teaspoons lemon juice.
Grated rind of 1/2 orange.
Cook the chopped figs until tender. In double boiler add sugar, cornstarch and boiling water. Cook until smooth and thick. Stir frequently. Add the cooked figs, lemon juice and orange rind. When cool and thick spread between cake layers.

Methodists—

(Continued From Page One)
what would get \$150.00 necessary for a down payment on a piece of merchandise we had made up our minds we really wanted. (3) To succeed we must keep our minds off the amount the other fellow gives; and everyone of us give to the point of sacrifice. If this board of stewards will go as one man to this task, realizing that each man know, his own ability to contribute better than the rest of us, there is no question as to ultimate victory.

On motion of Mike Watson the summary of the case as stated by Mr. Patterson was unanimously adopted by those present. Suggestion and talks were also made by T. R. Odell, C. B. Breedlove, W. H. Cox, W. O. Holden and C. G. Burson. All came away determined to put everything possible into this movement for the sake of a greater and better church, and to do it now. Fred Sanders said, "If we succeed in this movement I will pay \$400.00 more. I will probably have to borrow the money and give a mortgage which I would not give for anything else."

Dave Persons and A. M. Turner agreed to take twenty five names of men with moderate means and with them raise half the debt, if the others would so the same with the rest of the members of the church and Emory Menefee says, "We will beat them out!" A men's rally was set for the week of April 18-25. Bishop H. A. Boaz and Hon. Ray Nichols, president of the West Texas Chamber of Commerce, are being invited to be the guest speakers for this victory meeting.

The financial plans are to be worked out by Emory Menefee, C. E. Patterson and A. M. Turner. But it is distinctly understood that no money is to be paid out until the entire amount is positively secured.

Mrs. Virgil Lewis and children of Old Glory spent the week-end here with her parents, Mr. and Mrs. R. J. Paxton.

Neathery-White

Saturday afternoon, April 3rd, Mr. Steve Neathery of Haskell, and Mrs. Pearl White of Dallas, were united in marriage with Rev. H. R. Whitley Baptist minister, reading the wedding vows. The wedding took place at the Travelers Hotel, home of Mr. Neathery with several friends witnessing the ceremony.

Attend Funeral of L. M. Hamilton Here Sunday

Out-of-town relatives and friends who attended the funeral of L. M. Hamilton included the following: Mr. and Mrs. Sam Stroud of Sherman, B. D. Porterfield of Quanah, Miss Pearl Porterfield of Dallas, and Mrs. Myrtle Young of Dallas.

Home Demonstration Club News

New Home Demonstration Club Is Entertained

The New Mid Club members and their families were entertained in their home Friday night, March 26, with an 84 party celebrating The New Mid Club's sixth anniversary.

At a very late hour delicious refreshment plates, consisting of chicken salad sandwiches, spice and coconut cakes and grape punch were served to the following: Mr. and Mrs. Billie Hutchens, Mr. and Mrs. W. I. Ballard, Mr. and Mrs. Calvin Frierson, Mr. and Mrs. Edd Hester, Mr. and Mrs. Floyd Hutchens and children, Mr. and Mrs. Lewis Hester and children and Mr. and Mrs. Geo. Ballard.

Refinishing Wood Is Studied At Meeting of New Mid Club

The statement, "Always work with the grain of the wood, no matter what you are doing, removing old finish, sandpapering, varnishing or painting," was emphasized greatly by Miss Mildred Vaughan, our home demonstration agent to the New Mid club members in their meeting at Mrs. A. A. Gaunt's on March 3.

Proving her statement, Miss Vaughan gave a demonstration by removing varnish and paint and then refinishing and repainting as each one observed closely. She went further to say that as some pieces of furniture would not look as well varnished, they should be painted, especially those made of soft pine.

As this was the first meeting for Miss Vaughan to meet with us, she was introduced by one of the oldest active club members, Mrs. A. A. Gaunt.

Mrs. Floyd Hutchens gave a brief summary of the New Mid Club since its origination six years ago the first of this month. It is said that the club has had as high as twenty-five members or over but were not all active members. Thirteen may be unlucky to some although we feel it is lucky for us because we only have thirteen members and they are all active members. Do not misunderstand, we are not selfish, because we are glad to have new members and visitors are always welcome.

Those present were Mesdames, Everett Berryhill, Lewis Hester, E. A. Hutchens, Scott Hutchens, M. L. Mays, Elvin Berryhill, Geo. Ballard, Edd Hester, Ira Grinstead, Floyd Hutchens, A. A. Gaunt, and two visitors, Miss Mildred Vaughan and Mrs. L. L. Bean.

The Modern Priscilla Club

The club met Thursday March 18th in the home of Mrs. Taylor Sego.

Six members were present. After the business meeting, which opened with a St. Patrick's day song, a social hour was spent knitting and sewing.

Then, the club adjourned and delightful refreshment plates decorated with Easter motifs was served to Mrs. Jerry Carmichael, Mrs. Skinnie Tidwell, Mrs. Clarence Trout, Mrs. Clyde Isbell, Mrs. Thurman Bynum, and the hostess, Mrs. Taylor Sego.

Mr. and Mrs. Virgil Reynolds are announcing the birth of a son, James Christopher, born Saturday morning April 3rd at the Knox City Hospital, weight 7 1/2 pounds.

New Mid Home Demonstration Club

A round table discussion of yard improvements without any expense was held by the New Mid Club members at Mrs. Ira Grinstead's home March 17.

Some had built flower gardens where they had never grown flowers before, some had planted different kinds of flowers, while others had set out flowers and shrubbery. Information was given by some on how to set out flowers and plant them.

A council report was given by Mrs. Edd Hester, our council delegate. She reported that the New Mid Club sent in their educational fund one hundred percent.

The meeting of April 7 will be in the home of Mrs. Lewis Hester at 2:30.

Those present were: Mesdames, Geo. Ballard, Billie Hutchens, E. A. Hutchens, Floyd Hutchens, Scott Hutchens, M. L. Mays, Everett Berryhill, Elvin Berryhill, Calvin Frierson, Edd Hester, Lewis Hester and Ira Grinstead.

Ruth Bible Class

The Ruth Bible Class met in the home with Mrs. Joe Fraley, March 25th. The program opened by singing "Near The Cross." Prayer by Mrs. McMillin. Mrs. Glenn gave the devotional in keeping with Easter, Act 12:4. Ex. 12:14-15. Prayer by Mrs. Glenn. After the business everyone enjoyed an Easter egg hunt.

Refreshments were served to the following: Mesdames, Woodley Davis, Richard Masey, Artist Howard, Earl Ammons, Jno. McMillin, John E. Robinson, Mary Fore, Virgil Sonnemaker, Charlie E. Smith, W. A. Foll, Jack Ratliff, J. S. Cullum, Sylvia Maxwell, V. A. Brown, Harold Hammond, Hallie Chapman, Carl Power, Lynn Fraley, R. P. Glenn and the hostess, Mrs. Joe Fraley.

Given Contract For Re-Painting 15 Tenant Houses

W. R. (Bill) Cook, local painting contractor, who has recently completed the painting of nine tenant farmhouses owned by C. D. Grissom of this city, closed a deal this week for repainting fifteen houses owned by Hardy Grissom of Abilene, that are located on farms owned by the former Haskell businessman between Haskell and Weimert. Mr. Cook expects to start work on the contract next week, and will complete the contract during this month, he stated.

Haskell Beauty

(Continued From Page One)
gown of real gold, worth many thousands of dollars, and Everett Marshall sang love songs to her. One of those songs, "The Night Is Young," has become a radio sensation.
And now Rose is seeking a successor to Miss Cotton as Texas Sweetheart No. 1.
Every girl sent as the representative of a city to the state-wide contest in Fort Worth will be given an audition so that, even if she does not gain the highest prize, she may win the opportunity to appear in the cast of *Caesar Manana* revue, if she wishes. In addition, her fare—by train or bus—will be paid from her home city to Fort Worth and return and, if the distance is such that it is necessary for her to spend a night in Fort Worth, her hotel room also will be provided by the Frontier Fiesta.
Last year, 80 cities took part in the contest, and every entrant and every city participating received a great deal of publicity. Twenty of the girls were given parts in the *Casa Manana* revue last year.

Texas Woodmen to Meet in Abilene on April 15, 16 and 17

SIX NATIONAL DIRECTORS TO ATTEND THE BIENNIAL HEAD CAMP CONVENTION

Farrar Newberry De E. Bradshaw William E. Mooney R. E. Miller

The biennial Head Camp convention of the Woodmen of the World Life Insurance Association in Texas will be held on April 15, 16 and 17 in Abilene, according to E. R. Coffee, of Houston, head consul for the state of Texas. No less than six national directors will attend the session, he said. They are De Emmett Bradshaw, national president of the order, of Omaha, Neb.; United States Senator Morris Sheppard, national treasurer, of Texarkana; Farrar Newberry, newly-appointed secretary, of Omaha; and State Manager R. E. Miller, of Dallas, William E. Mooney, of Chicago, and Dr. H. B. Kennedy, of Omaha.
Prominent Sovereigns of Texas who have indicated that they will attend the convention include John J. Wahl, member of the Committee on Legislation of the 1935 Sovereign Camp; Judge E. D. Henry, member of the Judiciary Committee of the Sovereign Camp; Dr. C. J. Koerth, medical superintendent of the Woodmen of the World hospital, all of San Antonio; and the following Head Camp officers: W. A. Tidwell, of Shreveport, J. H. Flood, of Dallas, Frank Butts, of Ector, Guy Quisenberry, of Dallas, W. T. Moore, of Beaumont, George Knapp, of Calvert, and Pete Bacher, of Houston.
Elect Sovereign Camp Delegates
At this meeting, delegates will be elected to represent the jurisdiction at the Sovereign Camp convention, the supreme representative legislative body of the Woodmen of the World, which meets later in the year.
A feature of the convention will

AUTOMOBILE BURNS ON SATURDAY NIGHT

A Ford coupe belonging to Moreland Glass was destroyed by fire early Saturday night while parked at his home several miles east of town.
Young Glass, driving to Haskell late Saturday discovered a blaze in the rumble seat of the machine and stopped by the roadside to extinguish the flames. He had returned home a few minutes later to change clothes, parking his car near his parents home, when a passing motorist noticed the machine ablaze.

R. C. Montgomery who has been in the Baylor Hospital in Dallas for several days is reported to be improving nicely after an operation.

Heads Dallas Bible Class

Floyd Taylor, son of Dr. and Mrs. L. F. Taylor of this city, who is a medical student in Baylor Medical School in Dallas, was elected president of the Young Men's Bible Class of the Gaston Avenue Baptist Church in that city last Sunday. We are glad to learn of our home town boys and girls working in the churches wherever they go.

Mrs. Barton Welsh received word from Houston Monday afternoon that her mother, Mrs. John E. Robertson, was quite ill. Her condition was not believed serious.

Law Steps In To Halt Profitable Business Venture

During Clean-Up Week in Haskell, Thomas Jackson, a negro, figured that lots of householder would be needing lawn mowers which he could sell at a profit. So he started right out selling the contraptions and was making money hand over fist until the "Law" intervened Saturday morning.
Tom had accumulated a stock of five lawn mowers without consent of the owners, and sold them at a "nice profit" and also appropriated a small quantity of maize and other feedstuffs found in a garage and barn that he visited in search of more lawn mowers, officers said.

The negro was arrested at Rochester by Sheriff Kemp, after several persons had reported theft of their mowers to the sheriff and City Marshal Britton. The negro admitted the theft, and accompanied officers to various sections of town where he had secured the machine. All of the mowers were recovered and restored to their owners.

Jackson entered a plea of guilty in five cases of theft when arraigned before County Judge Charlie Conner Monday, and was fined \$1 and costs and given a 10-day jail sentence in each case, a total of \$115 in fines and fifty days in jail.

A burglary complaint against the negro will be a matter for Grand Jury investigation, County Attorney Walter Murchison stated.

Billy Tabor Is Re-Elected Head Sagerton School

At a recent meeting of the trustees of the Sagerton Independent School District, Billy Tabor was re-elected superintendent of the Sagerton public schools for the 1937-38 school term.

Mr. Tabor has been with the faculty for the past eight years. He came to Sagerton in 1929 as principal and coach and served in that capacity until the latter part of the 1933-36 term when he was made superintendent.

Visitors From California
Mr. and Mrs. Myron Baird, Miss Bernice Baird and Mrs. Alvah Chapman of Los Angeles, California, are here for a two weeks visit with their parents, Mr. and Mrs. Baird of Weimert, Mr. and Mrs. R. E. Weaver and Mr. and Mrs. O. E. Chapman.

Poultry Provides Ever Dependable Source of Farm Income

Year after year, in good times and bad, poultry and eggs have proved a soft and dependable source of rural income.

Every year they contribute a billion dollars to the farmers of America, according to conservative estimates and totals. Even though they may not be the principal source of income, it is a generally accepted fact that they not only provide for table expense but help mightily to pay taxes, interest and other farm expenses. Hundreds of thousands of dollars worth of chickens and eggs have been produced and sold in Haskell County within the past eight years, when all sources of income were reduced because of drought and depression.

Based on government statistics of 1929, the county in that year produced chickens and eggs valued at approximately \$225,000—a quarter of a million dollars, almost. If you add turkeys and other fowls to the revenue line-up, you have a total far over a quarter million dollars in 1929.

Pearry's Dash to The North Pole

A signal achievement in man's conquest over Nature's barriers was recorded twenty-eight years ago today, when Admiral Peary reached the North Pole—April 6th, 1909. The feat had been accomplished by several since, but Peary's noteworthy trip brought him worldwide fame.

Other barriers of Nature in the form of disasters are being overcome daily throughout the world by the dependability of Insurance.

S. Hassen, On Voyage to Syria Writes From The Island of Maderia

The following letter from S. Hassen, Haskell merchant who with Mrs. Hassen and their two children are now in Syria visiting their native land, was received Sunday.

The interesting letter, mailed at Gibraltar March 21, is reprinted in full below:

On Board S. S. Roma, March 20, 1937.

"Mr. Sam Roberts, 'Dear Friend,'
"As I promised I will take time and write a few words to let my friends in Haskell county know that I have not forgotten them.

"We sailed from New York on Friday the 12th and arrived at Medaria Island yesterday, the 19th, at 7 a. m. We went ashore and spent all day in Medaria. It is a very beautiful island and we enjoyed every minute of our stay there. We hired an automobile for an all day drive and visited a number of interesting places on the island. The weather is nice and warm, the people are 'sunning' and everything is very lovely.

"So far, none of us have suffered seasickness, and our kids are enjoying the trip to the utmost. 'The Roma is a big fine ship, and we have all modern conveniences on board, the equal of any first class hotel in the States. On the ship we may enjoy swimming, movies, dancing, and all kinds of games on the upper deck that

we really do not have time to be seasick or lonesome. We will arrive in Gibraltar in the morning (the 21st) for an all-day stop, and will have five more stops before we reach Syria.

"We will arrive at our home-land on the 29th of this month.

"Will write again sometime. Trusting that you and all my Haskell friends are in the best of health and that the sand is not blowing too much, I am,
Your friend,
S. Hassen."

FRENCH REARMAMENT

While the British rearmament plan has engaged much public attention the French have not lost much time themselves, although their development of armament plans have not received as much publicity.

Early this month the French government took over the Creusot Steel Works, the biggest armament firm in the nation. It has been engaged in the manufacture of guns for more than a hundred years and during the World War manufactured 34,500 big guns.

More important than this expropriation of private armament plants is the steady extension of border fortifications, from the border of Switzerland to the lowlands of Flanders. Moreover, the army, generally recognized as the best in the world is being strengthened through mechanization and the supply of adequate material reserves.

On the sea the French bid fair to become again a principal naval power. Plans call for two additional capital ships, besides the four now building, which with three present battleships, will give France nine capital ships. With other ships planned and available the navy will likely exceed those of Germany and Italy and challenge Japan as the third-ranking sea-power.

While the French place great confidence in their defensive military system they are always under the shadow of inferior manpower, this weakness being apparent when one considers that, colonies excepted, Germany has a population about 25,000,000 larger than France.

They Have

"British Writer Missing"—headline. We seem to have noticed that some American writers have been doing the same thing—Philadelphia Bulletin.

USELESS AND SENSELESS

The exchange of epithets between the Mayor of New York City and certain German citizens, with the Atlantic ocean between the speakers, is not very pleasing to most Americans, regardless of what they may happen to think of Nazi Germany. So far as we know there is no excuse for any American official, whether State or municipal, to express abusive opinions of foreign leaders. If these officers will attend to their own business and run their balwicks efficiently in the interests of the local taxpayers they will be doing all that is expected.

WAS MUSSOLINI FOOLED?

The belief prevails in many quarters that Mussolini delayed signing the agreement to establish the international patrol of Spain until he was sure that enough Italian "volunteers" had gotten into the peninsula to assure victory for Gen. Franco. The recent government victory has upset these plans. It may be a bit more difficult to get by the international patrol. Possibly it might be a temptation to use warships to effect a landing and pave the way for more "volunteers," even at the risk that this might cause international trouble.

VIEWS AND REVIEWS

Francisco Franco, rebel Spanish general: "The Spanish Civil War is not essentially a class struggle; it is more a contest between the forces of good and evil."

John L. Lewis, labor leader: "If we can establish industrial democracy in the United States, we can insure the continuance of its political democracy."

Frank Murphy, Governor of Michigan: "The law should be obeyed and there should be no disobedience of court orders."

Irving Lorge, doctor: "People are never too old to learn. The mind does not deteriorate with age."

Arthur Vandenburg, U. S. Senator from Michigan: "Such situations (sit-down strikes) cannot be successfully controlled with guns and bayonets."

Franklin D. Roosevelt: "The dangers of 1929 are again becoming possible; not within this week or month, perhaps, but within a year or two."

William Green, president, A. F. of L.: "An enlightened judiciary can be obtained at this time only by the infusion of new blood."

Fiorella La Guardia, Mayor of New York: "Any one who has handed out as much abuse as I have can take it."

Do You Remember

... these happenings of 10 and 15 years ago?

(Taken From the Files of the Haskell Free Press)

April 7, 1927

Miss Ora Carter, 15, a high school junior of Sagerton, was killed when an automobile loaded with high school girls overturned Friday en route to Phantom Hill for a school picnic. Mary Guinn, Marie McMillan and Edna McCoy also high school students, were injured. The accident occurred about eight miles from Nugent.

Haskell's new City Hall, which was recently completed, was taken over by the city Friday, April 1st, and is now being occupied by our city officials. The building is a credit to our town, and will house all city offices and the Haskell Fire Department.

J. T. Lawley, a resident of Haskell for many years, was buried here last Thursday.

Haskell Lodge, A. F. & A. M., will entertain the 91st Masonic District on Monday April 11th.

Oscar Oates, E. I. Christian and Sam A. Roberts were elected members of the Haskell School Board in the election Saturday.

J. B. Post and G. B. Fields were re-elected as Aldermen in the City Election held Tuesday.

April 8, 1922

Work was started Tuesday of this week by Driller York on pulling the casing and dismantling the rig at the oil test well, Kouri No. 1, on the Ballard Ranch east of town. The abandonment of this well brings to a close efforts that have been made to tap the reservoir of oil that is believed underlies the east half of the county. The Kouri test was drilled to a depth of 3,370 feet.

R. V. Robertson, F. T. Sanders, B. Cox and L. F. Taylor were elected members of the School Board in the recent trustee election.

In the city election held Tuesday, R. C. Couch was elected Mayor, Marvin Post, city secretary; Clyde F. Elkins, City Attorney; I. W. Kirkpatrick, City Marshal; and Len B. Hammer, John Fouts and O. B. Norman, aldermen.

The home of Bill Riley on Ball street was destroyed by fire Saturday night. Mr. and Mrs. Riley were away from home at the time.

Texas Natural Resources Will Be On Display

Texas multi billion dollar resources, developed and undeveloped, will be shown 100 per cent at the Greater Texas and Pan American Exposition, in Dallas June 12 through October.

This exhibit, the most comprehensive ever undertaken by any State, is being assembled by the Texas Natural Resources Institute, of which Judge John M. Spellman of Dallas, is general manager.

The Institute, following the close of the international exposition, plans to maintain this exhibit in Dallas as a permanent showing of the industrial and manufacturing potentialities of the State.

Since creation of the Institute, and the beginning of its work, it has received more than 50,000 inquiries concerning commercial possibilities of undeveloped resources.

Research by the Institute has revealed there are approximately 100 natural resources in the State, now known to have commercial possibilities. Of those only three or four, notably petroleum, lumbering, natural gas, helium and sulphur, have been developed on a large commercial scale.

Outstanding inquiries to the Institute have concerned building and ornamental stone. Inexhaustible supplies of these exist near transportation arteries.

The exhibit will stress the importance of Texas developing those resources in the dawn of an industrial era, so that it can keep pace with other sections of the country.

Transportation lines are so interested in the showing, which will be under one roof, that they are transporting the raw materials to Dallas without charge. Competent geologists will be placed in the field at once by the Institute to make a thorough canvass and insure that every resource will be on display.

PHYSICIST KILLED

New York—While working with Dr. Frank Esner, a physician, in the Crocker Research Laboratory of the Columbia Presbyterian Medical Center, Wesley M. Coats, well known physicist and inventor, presumably accidentally brushed his face and shoulder against a high-tension conductor while adjusting an X-ray machine was killed by an electric shock.

PARACHUTIST AT 69

Winer, eNb.—Although 69, W. E. Winterringer continues making jumps from balloons and airplanes. In the last 48 years Winterringer has made 2,915 jumps from balloons and about 64 from airplanes. His longest jump was 11,503 feet at Boté, Idaho.

1936 Terracing Shows Great Increase

Annual reports from county agricultural agents of District 3, consisting of 17 north Texas counties, reveal that 264,363 acres of farm land were terraced in 1936 compared with 152,674 acres terraced in 1935; and 429,678 acres of soil conserving crops were left on the land or plowed under, according to B. F. Vance, district agent supervising the work.

The soil conserving crops consisted of alfalfa, clovers, sudan grass, cow peas, grain sorghums, and small grains plowed under. They were planted by farmers cooperating with the agricultural conservation program, and for this they have received \$1,767,642 and will receive about \$870,000 additional within the next 60 days.

Adult demonstrations totaling 2,357 were conducted, consisting of: field crops, 303; pastures, 17; orchard work 56; agricultural engineering, 338; drainage, 90; garden irrigation, 25; rural electrification, 9; home conveniences 39; poultry, 45; dairy, 18; swine production, 27; economic planning, 1,267; and rodent control, 123.

Demonstration totaling 3,426 and consisting of feeding baby beebes, raising turkeys, growing

demonstration crops of corn, cotton, grain sorghum and truck crops were conducted by 1,693 4-H club boys.

In the 17 counties, 172 boys fed 216 calves. These calves were shown in 14 county fairs, the District Calf Show at Wichita Falls, and the Centennials shows at Fort Worth and Dallas. The boys received \$926 in cash prizes. A net profit of \$6,480 was made on the 216 calves.

During 1936 the agents conducted 202 method demonstrations on culling and general poultry work; 797 on treating seed; 123 on rodent control work; 245 on killing and curing meat; 202 on insect control; and organized 17 pure bred animal circles.

Cottle county led in terracing and contouring with 75,000 acres. Haskell county terraced and contoured 39,000 acres. Young county led the district in beef cattle work with 354 calves fed by 38 adult and 4-H club demonstrators netting them \$3,614.

District 3 counties and county agricultural agents are: Archer, G. R. Schumann; Baylor, W. W. Evans; Clay, M. S. Duncan; Cottle, C. C. Stinson; Foard, John Nagy; Hardeman, Frank Wendt; Haskell,

B. W. Chesser; Jack, Paul Jones; King, R. L. White; Knox, W. W. Rice; Montague, E. C. Jameson; Stonewall, I. L. Sturdivant; Throckmorton, R. O. Dunkle; Wichita, G. R. McNeil, and C. W. Wilhoit, assistant; Wilbarger, Fred Rennels; Wise, D. F. Eaton; and Young, D. A. Adam, and G. T. Hackney, assistant.

Solid Trainload Maytag Washers Shipped To Texas

Anticipating a price increase, Texas Maytag Dealers have ordered for immediate shipment sufficient carloads to equal a solid trainload of Maytag Washers, it was announced by the Texas distributor, Maytag Southwestern Company, Dallas, today.

The retail value of shipments totaled \$180,000.00. The Maytag Company, Newton, Iowa, has announced a retail price raise effective April 20th.

MATADOR GORED

Mexico, D. F.—Luis Castro, 24-year old matador, was gored in the abdomen by a wounded bull and tossed into the air. Rescued by another bull-fighter who killed the infuriated animal, Castro was near death from his injuries.

"SUICIDE FLOTILLA"
London—Following the lead of German naval chiefs, the British Admiralty is forming what is known as a "suicide flotilla" of forty-knot speed boats, each carrying two torpedoes and a limited crew, and will be launched when battle is imminent. The boats, relying solely on their great speed to avoid the enemy's guns, will be driven close to their targets, fire and speed away.

TO FARM OR NOT TOO FARM
Chicago.—Officials differ as to the aims of the growing number of students at the agricultural colleges of the Middle West. Some declare the increased enrollment reflects growing interest in agriculture, while others see students using a degree in-agriculture as a stepping stone to "white collar" jobs.

Two Papers Each Week Instead of One At The Same Old Price

The Haskell Free Press is the only semi-weekly newspaper published in this section . . . and is the only standard-size 8-column newspaper published in Haskell county.

In the Free Press you get 128 columns of news and advertising each week . . . other newspapers in the county give you 24 to 56 columns weekly.

The Free Press, established over 50 years ago, was the first newspaper published in Haskell county, and today is read by FIFTY PER CENT MORE PEOPLE THAN ANY OTHER PAPER CIRCULATED IN THIS TRADE TERRITORY.

There's a reason: The Free Press has endeavored to cover the field in a fair and impartial manner—giving all the news while it is news.

Read the Advertisements in the Free Press and Patronize the Merchants Who Are Making The Free Press Possible!

You Owe It To Yourself

You owe each other an Electric Kitchen and the happiness of a modern home

The West Texas Frontier Has Vanished!

We Came We Saw We Conquered . . . As Victors

Without preaching, we hammer the point home: West Texans have won a deserved rest from the hardships of frontier life. Both men and women in this Land of Great Opportunities have proven their mettle.

We, indeed, have earned the right to keep pace with advancing civilization. Electric Service paves the way to a higher standard of living.

Women owe it to their men to keep posted on current events, march side by side in developing new cultural ideals. Men owe it to their mates to provide that opportunity. The burden, which rises to the dignity of "duty," rests on each.

This company is conscientious in its efforts to co-operate—whether it be hill-top mansion or creek-bottom shanty.

The Hen That Lays Is the Hen That Pays

Sunlight For Young Chicks Is Necessity

When chicks can get on the ground or sunporch in the direct rays of sunlight, there is no trouble with rickets, otherwise known as leg weakness. However, early spring weather does not always permit chicks to be outside, so they are forced to remain inside much of the time.

In order to give the chicks the benefit of what sunlight is available, glass substitutes or special glass that permits entrance of more

ultra-violet rays than common window glass, are recommended. Cod liver oil or sardine oil may be given in extreme cases of lack of sunshine—at the rate of one pint per 100 pounds of the mash.

If moldy butter is put into the laying house, pullets breathe the mold spores into their lungs. This may cause trouble. If birds get a touch of pneumonia from moldy litter, the best treatment is a good flush with epsom salts mixed in a wet mash. Be sure that the birds eat all of the mash.

SILENT FILMS WANE
Washington—According to figures from the Bureau of Foreign and Domestic Commerce, 55,563 of the world's 95,379 motion picture theatres are wired for sound.

Expert's Advice Says Count Your Chicks in Shell

"Count your chicks before they hatch," says C. S. Johnson, poultry authority, "for it can be done by giving hens what they need for buildings eggs that will hatch. 'Greater hatchability means greater opportunities,' Johnson points out. 'Poultry raisers don't have a chance with any chick until he's out of the shell. Every chick that does not hatch is a lost opportunity—a lost opportunity at six weeks when the chick should be ready to launch into a real money-making bird, a lost opportunity next fall when those expected extra pullets are missing that would put extra dollars into your pocket. The profits made next fall are largely dependent upon the care given that 'spark of life' while it still in the egg."

"Breeding, feed and weeding—these are the three legs of success in producing eggs that will hatch. To begin with, good stock is a prime requisite. No one can expect first class hatching eggs from second rate birds. A thrifty, vigorous flock of high producing birds will lay hatching eggs that hold vast opportunities. Diseased, weak hens can't do that.

"Culling is highly important in maintaining a profitable breeding flock. The poor layers, the weak flocks, all diseased fowls, scrubs and other abnormalities should be weeded out. Only the best birds should be kept. The old adage, 'Like produces like' still holds true. All roosters should be examined carefully to make sure they are in good health before mating them with the hens," Johnson advises. "Ten to 14 days before eggs are saved for hatching the males should be placed with the hens. Two weeks are required for the sperm cells to travel up the ovary and fertilize the eggs."

All confined breeding hens need cod liver oil in their ration to get a sufficient amount of vitamin D to meet their needs. Vitamin D plays a big part in giving enough stamina to live after they are hatched. The ideal feed for breeding fowls also contains dried milk, for its vitamin G content. Resistance to disease, colds and roup can also be partially built up for the chick before he is hatched, if the breeding hen gets from the feed her needs for putting resistance into the egg. Many fowl diseases—roup, bronchitis, colds and laryngotracheitis—get a foothold in the flock because of a lack of vitamin A in the ration. Common sources of vitamin A for poultry are alfalfa, yellow corn and greens. Many times these are not available in amounts sufficient to supply all requirements. The result is low vitality, lowered production and decreased chances of good hatchability. Eggs laid by hens with a vitamin A deficiency hatch out thin scrawny chicks, with hardly enough strength to pip the shell and many do not hatch at all.

"You can count your chicks before they hatch," Johnson promises, "if you follow a good feeding program that will provide adequate nourishment for the embryo before it ever leaves the shell and for the first few days after pipping out."

Comfort For Baby Chicks Comes First

The particular kind of heat used for brooding is not the important thing. Successful brooding depends on keeping the chicks comfortable. The most expensive equipment will fail miserably unless this is done. Provide shavings or good straw (chaff removed) for litter. When chicks are put down, cover litter with several thicknesses of paper immediately around brooder stove. Remove top layer daily. By the third day the chicks will have learned what feed and drink are and may be safely allowed on litter. Drinking water is almost as important as feed in poultry raising. Clean water fountains with an abundant fresh supply of water should be kept before the flock at all times. Precautions should be taken to prevent fountains freezing.

"Charged" Fence for Livestock

THIS PIG IS KEPT OUT OF THE PARLOR—Farmers everywhere are learning more and more of the many and varied uses of electricity on the farm. Here a single strand of charged wire is sufficient fencing to keep the pig within bounds. Twice she has come into contact with the fence, and, although the amperage is very low preventing her from getting a serious shock, she will not touch the wire again. The Rural Electrification Administration in Washington will furnish information to farmers about how to use their electric service most economically and with maximum benefit.

Parasites, Germs and Worms Are Extracting Enormous Farm Toll

Two billion dollars wasted every year! That's the annual toll taken in the United States by worms, germs and parasites—more than is spent for automobiles. Unfortunate as it is, the feeding of worms and parasites is fast becoming one of the nation's major industries.

"We've got to start cleaning up," says Grafton Lothrop, head of the sanitation department of Purina Mills. "A great part of the two billion dollar loss could be prevented if farmers would only perform the most basic sanitative precautions. A big percentage of the money that goes to bugs might just as well find its way into the farmer's pocketbook. Following a farm-tested program of sanitation brings more profits. Animals and fowls naturally do better in clean surroundings."

"Start with good stock. Provide good surroundings. Feed well. And keep everything sanitary. Those are the four legs of profitable livestock and poultry production. The fourth leg is the farmer's insurance on his investment. A man can't get insurance after his house is burned. So neither can sanitation be effective after chicks and livestock are read. That's why a sanitation program must be started early—before there is a chance to lose. Truly that old adage: 'An ounce of prevention is worth a pound of cure' never came nearer hitting the mark that it does when referring to sanitation. 'Every poultryman knows how

delicate baby chicks are. It doesn't take many germs to destroy their little bodies. Many baby chick losses can be directly traced to disease and parasite. An ounce of prevention would have saved them. Every time a chick dies the owner loses. He loses not only the immediate value of the chick, and the feed that has gone into it but also the potential value of the bird as a future money maker. 'Before chicks arrive, the brooder house and all equipment should be scrubbed and cleaned,' Lothrop advises. 'Disease germs spread rapidly through drinking fountains and troughs. Colds, bronchitis and brooder pneumonia pass quickly from chick to chick so that every precaution must be taken to keep fountains and hoppers clean. 'Health and condition are important factors in the production of profitable pork, beef, milk and wool. Animals producing these products need protection against the spread of disease and parasites. Half-way measures simply won't do the job. It's a matter of 'clean up and disinfect,' Lothrop says. 'In raising livestock and poultry you are dealing with life—and life at its best is uncertain.' Lothrop emphasizes: 'The health of animals and fowls must be protected if profitable production is expected.'"

HORSES and Mules for sale or trade. R. B. Spencer & Company. 2tc

Many Tests Used For Determining Quality of Eggs

Most people decide whether an egg is good or bad by its odor. Some discriminate further between eggs on the way they "break out." The grocer makes his decision on egg quality by what he sees when he holds them against a light. He distinguishes between fresh eggs and old ones by the size of the air space in the blunt end. The larger the air cell the older the egg. The grocer also throws out eggs that show meat spots or internal discolorations.

But the hotel chef uses all these tests, and others. He usually serves eggs in pairs. To make an attractive plate of ham and eggs, the two yolks must be nearly the same color. He knows that the attractiveness of food is one of the best ways of bringing business to his establishment. "When the waiter rings out 'Two up with their eyes open,' the chef wants to be able to send out two eggs as nearly alike as possible. He doesn't want eggs with deep yellow or reddish yellow yolks, for besides being unattractive in appearance he knows they are likely to have a very strong flavor. Eggs with whitish yolks are just as displeasing.

Several additional tests have been devised for checking egg quality. Breakage strength of the shell is tested with a specially constructed apparatus. The white is drawn from the egg by means of a small glass pipette and both the thick and thin white measured in a graduated cylinder. But a more important problem from the poultryman's and consumer's point of view is how to produce eggs that measure up to these tests—how to build eggs that look good, stand up well when cooked and have a tart, delicious taste and contain more food value than ordinary eggs. Feeding for "controlled interiors" is the answer both science and practical poultry raisers give. Through a control plan of feeding hens can be made to produce exactly the kind of eggs the housewife wants.

Chicks Subject To Frequent Colds
Usual symptoms of colds in the flock are sniffing, diarrhoea, watery and swollen eyes, and stuck eyelids. Colds may be brought on by sudden changes in temperature, overcrowded quarters, damp litter, or infection from older birds. To prevent outbreaks of colds the temperature must be kept uniform. Chicks should be started to roost early and the house should be kept thoroughly clean.

Worms take a tremendous toll from poultry profits. Unthrifty birds cut down the flock average. At the first indication that the birds may be infested with worms set to work to eradicate the pests before they have a chance to infect the whole flock. If birds are dored in the afternoon, worms will be on the dropping boards by morning.

School Burns—

(Continued From Page One) tion as a four year High School. In seeking to ascertain cause of the disastrous fire, school officials stated that Friday had been observed as a holiday and no fires had been burning in the buildings since Thursday.

of the term, with studies to be resumed within the next week or ten days if possible.

The district serves a wide territory, and three large school buses are used in transporting pupils to and from school daily.

In computing the estimated loss from the fire, Mr. Watson estimated States text books valued at \$1,500 were destroyed, and at least two hundred dollars worth of equipment used in the Home Economics department, including several new kitchen appliances, sewing machines, etc., were consumed in the blaze.

A small amount of insurance, probably enough to cover the value of equipment, was in force, school officials stated.

Since consolidation of the three common school district last year, a bond issue of \$24,000 has been voted in the newly created district for construction of a modern school building, but actual start on construction has been held up pending action on an application for a PWA grant.

Plans for the new construction will be pushed as rapidly as possible, following the Sunday fire, officials announced, in order that the proposed building can be completed during the coming summer.

County Superintendent Matt Graham, after inspecting the loss Sunday morning, left several hours later for Austin, where he will seek all possible aid from the State in establishing school facilities for the Mattson district.

Hamilton—

(Continued From Page One) M. Hamilton and Willis Hamilton of Haskell, and Lewis B. Hamilton of Dallas, A. sister, Mrs. Sam Stroud, resides in Sherman. Twelve grandchildren also survive. A half-brother, Everett Posey, resides in Iowa.

Active pallbearers were G. M. Wade, Jerry Harrell, J. A. White of Avoca, J. M. Crawford, Mike B. Watson, Joe Maples, Lewis Williams.

Floral offerings were handled by Mrs. Roy Billingsley, Mrs. G. M. Wade, Mrs. John W. Lee, Mrs. Curtis Rose, Mrs. J. A. White, Mrs. Henry Bryan.

Honorary pallbearers were L. D. Ratliff, Sr., L. L. Rainey, Will Harrell, Baylor Perdue, Date Anderson, A. Y. Corley, Roy Billingsley, Mr. Royall, Lloyd Wade, J. R. Wade, Walker Watson, W. L. Glover.

Wyche—

(Continued From Page One) carpenter and devote his entire time to the ministry, members of his family said.

Mr. Wyche's brother, Emmett, is construction foreman on the overpass job, but did not see the fatal fall.

The body was prepared for burial at the Gause-Ware funeral home in Fort Worth, and brought overland to Haskell in a funeral coach from that establishment Sunday morning.

Funeral services were held from the First Methodist Church Sunday afternoon at 2:30 o'clock, with the pastor, Rev. R. N. Huckabee officiating, assisted by Dr. J. W. Simmons, head of the Department of Religious Education, T. W. C., Dean Glick of T. W. C., Rev. Leon Mathis, a ministerial student in the college, and Rev. H. G. Hammer, Baptist minister of Haskell.

Burial was in Willow Cemetery under supervision of Gause-Ware Funeral Home, with Jones Cox & Company assisting with local arrangements.

Survivors include the widow, Mrs. Vivian Jane Wyche; a daughter, Billie Faye, and a son, E. H., Jr.; four brothers, Trainer Wyche of New York; Emmett Wyche of Fort Worth; Mitchell Wyche of Dallas; and Calvin Wyche of Houston; four sisters, Mrs. J. A. Richker of Fort Worth, Mrs. E. A. Hull of Dallas, Mrs. Richard Bischofshausen of Haskell, and Mrs. Calvin J. Henson, Sr., of Tucumcari, N. M., and his parents, Mr. and Mrs. H. C. Wyche of Haskell.

Active pallbearers were Roy Ratliff, Bill Ratliff, Claude Pippin, Robert Segro, Thurman Lusk, Floyd Cook.

Flowers were handled by Misses Mattie Letha Pippin, Wilda Pippin, Odell Williamson, Ola Bell Kennedy, Beulah Cass, and Mrs. Roy Ratliff.

Visitor From Snyder LeRoy Fesmire of Snyder, formerly employed in the Free Press mechanical department, was a visitor in Haskell Monday afternoon. Mr. Fesmire was en route to Nocona, Texas, where he has accepted a position with the Nocona News.

Winning Schools In Literary Events Held Here Last Week Are Announced

Compliment Free Press as Semi-Weekly Paper

HASKELL FREE PRESS BECOMES SEMI-WEEKLY

With its first issue as a semi-weekly paper the Haskell Free Press came out Tuesday with eight pages of interesting news and advertising, which is evidence that the business interests of Haskell are behind this move.

The Haskell Free Press enters into a somewhat new field of journalism this week when it announced that beginning this week it will be a semi-weekly paper. The Free Press has been published as a weekly for over fifty years and has grown with the town until it is now numbered with the state's best weekly paper.

Free Press Twice-a-Week The Haskell Free Press came out on Wednesday morning, and the headline flashed the fact that the paper is now a twice-a-week publication, printing days being Tuesdays and Thursdays.

This is a distinct step forward with our good friends on the north of us about 18 miles. We congratulate owner and publisher Sam Roberts, who has a fine list of helpers on his payroll, on this move. May it prove a great success.

Personally, The Stamford Leader believes Sam Roberts and his force are true blue in every way. Nearly ever since we have been in this town, nearly 24 years, Sam has been over in Haskell. He took that paper when it was not as large as it is now, and he made a good one of it. He is a neighborly, friendly man and generally count the most of any move, then goes ahead and makes good.

The Haskell Free Press comes to us this week—on Tuesday—as a semi-weekly, and states that they will hereafter issue papers on Tuesday and Thursday of each week. Here's wishing you luck, Sam, but we're wondering when you will find time to go on your annual deer hunt—Monday Times

Free Want Ad Offer Brings a Good Response

Following announcement last week that The Free Press would follow a custom established several years ago and publish Free Want Ads for its readers in the issue of Tuesday April 13 and Friday April 16, many of our readers have already brought in copy for their ads for that week.

There are no strings to the offer—whatever you have to sell, trade or want to buy will be published free of charge in the two issues. Only restriction is that your Want Ad must be limited to a minimum of 25 words and only one ad will be printed for any one person or firm.

Mail, phone or bring copy for you Want Ad to the Free Press not later than noon on Saturday April 10, to insure publication in the issue of Tuesday April 13, and the following paper on Friday April 16th.

Cooking School—

(Continued From Page One) dishes and many new ideas on the kitchen will be brought to the attention of the housewives who attend. The young housewife will be taught many valuable things and the experienced housewife will also find a veritable storehouse of knowledge for her use. No longer need she complain of cooking "the same old things."

Miss Hogue spent last summer at the Fannie Farmer School of Cookery, Boston, Massachusetts, taking advanced courses in all phases of cookery, budgeting and economy meal planning.

Mr. and Mrs. J. E. Montgomery are here today visiting their brother, J. D. Montgomery of the Haskell Motor Company. Mr. Montgomery is traveling representative of S. H. Churchill & Company.

Mr. and Mrs. Calvin Whatley and baby and Mrs. Herman Whatley and Mrs. Elzie Whatley of Pampa, are here visiting relatives and friends.

Interscholastic League literary events were held here Friday, with schools from all sections of the county entering the various divisions. Supt. U. U. Clark of Rule, director general, supervised the schedule, assisted by department directors.

County league officials met in Haskell Monday night to check the final results in all divisions of the 1937 County League Meet, and were to compute the final point totals for all events sponsored by the League this year.

Results of Friday's Events Winning schools in the literary events Friday, as reported to Mr. Clark, are listed below:

Debate Haskell and Weirnet schools were the only contenders in Debate and in both Senior Boys and Senior Girls divisions, Haskell entrants won first place.

Arithmetic Ward Schools—Rule, Haskell North Ward, Sagerton. Rural Schools above 7th Grade—Midway, Howard, Brushy. Rural Schools, up to 7th Grade—Lone Star, Idella, New Cook.

Choral Singing Ward Schools—Haskell South Ward, Rule, Haskell North Ward. Rural Schools (large choirs)—Midway, New Cook, Howard. Rural Schools (small choirs)—Gauntt, Post, Lake Creek.

Declamation Senior High School Boys—Haskell, Rule, Sagerton. Senior High School Girls—Haskell, Sagerton, Mattson.

Rural Schools Senior Boys (above 7th grade)—Howard, Post, Tonk Creek. Rural School Senior Girls (above 7th grade)—Post, Howard, Midway.

Seventh Grade Senior Boys—Lone Star. Seventh Grade Senior Girls—Idella.

Rural Grade Schools (above 7th Grade) Girls—Howard-Post (tie), Midway, third place. Rural Grade School Girls (to 7th Grade)—New Cook, Lone Star, Eric-dale.

Extemporaneous Speech Boys Division—Howard, Gauntt, Tonk Creek. Girls Division—Haskell, Howard.

Music Memory Ward Schools—Haskell North Ward, Haskell South Ward, Rule, Rural Schools—Howard, Brushy, Gauntt.

Picture Memory Ward Schools—Haskell North Ward, Rule-Mattson (tie). Rural Schools (above 7th Grade)—Midway, Gauntt, Brushy. Rural schools (to 7th Grade)—Idella.

Essay Writing High Schools—Class A—Rule, Rochester, Haskell. High Schools, Class B—Mattson, O'Brien, Weinert.

Rural High Schools—Irby, Brushy, Howard. Grammar Schools—Haskell North Ward, Haskell South Ward, Rochester.

Grammar Schools (to 7th Grade)—Lone Star. Tree Contest Rural Schools (above 7th Grade)—Irby, Howard, Brushy. Rural Schools (to 7th Grade)—New Cook, Plainview, Plainview.

Spelling High Schools—Haskell, Rule-Rochester (tie). Ward Schools, grades 6 and 7—Sagerton-Rule (tie), Haskell North Ward.

Ward schools, grades 4 and 5—O'Brien-Haskell (tie), Haskell North Ward. (These three schools tied for places).

Story Telling Class A Schools—Haskell North Ward, Rule-Rochester (tie). Class B Schools—Weinert, O'Brien, Sagerton.

Rural Schools (above 7th Grade)—Midway, Tonk Creek, Post. Rural Schools (to 7th Grade)—Mitchell, Lone Star, Dennis Chapel.

Two Men Fined After Affray At Dance Hall

Two men involved in a difficulty Saturday night at a dance hall in the south part of the county, were fined by Justice of the Peace Bruce Clift Monday morning, when they were carried before the justice by Constable Henry Ivey, the arresting officer.

One of the men was charged with drunkenness and affray, and was fined \$30, while the other combatant drew a \$16 fine for fighting.
