### Things are looking up

First lady Nancy Reagan looks up toward her husband's hosptial room as she arrives Wednesday at George Washington University Medical Center.

Mrs. Reagan is carrying a jar of the President's favorite candy. She also visited others wounded in Monday's assassination attempt.

### Reagan likely struck by ricocheting shot

Reagan, his recovery called "really amazing" from a wound that doctors say might have killed him, probably was struck by a ricocheting bullet rather than a direct shot, sources

Now in his third day of convalescence, the president "is in extremely good spirits after experiencing the best night's sleep since he has been in the hospital," his physician said this

Dr. Daniel Ruge said the president slept from 9 p.m. until 6 a.m. EST and 'he looks fine."

"He is awake, alert and talking with hospital personnel," Ruge said in a statement relayed by assistant White House press secretary David Prosperi. "His vital signs are normal, although he is still complaining of soreness in his left side, which is quite

White House counselor Edwin Meese III said Reagan may be released from George Washington University Hospital early next week. And deputy press secretary Larry Speakes said the president is still planning to travel to San Diego, Calif., April 27-28 to meet with Mexi-

can President Jose Lopez-Portillo. Reagan's accused assailant, John W. Hinckley Jr., meanwhile, was appearing today before a U.S. magistrate who will hear the results of psychiatric tests and determine whether the case should be sent to a grand jury.

In the most optimistic medical report to date on White House press secretary James S. Brady, doctors said he was breathing without assistance, moved both sides of his body and uttered his first words since suf-

#### Related stories, Page 3D

fering a gunshot wound through the brain in Monday's assassination attempt. He remained in critical condition, however.

Contradicting earlier declarations that Reagan's life was never in danger, qualified medical sources said Wednesday that the 70-year-old president lost almost half his blood after he was shot and doctors said they 'thought they might lose him' in the first, anxious moments at the hospi-

The sources, who insisted on anonymity, said doctors in the emergency room could not find the cause of apparent internal hemorrhaging and feared the president was in danger of

slipping into fatal shock. White House officials said they

could neither confirm nor deny the

On Tuesday, Dr. Dennis O'Leary, dean of clinical affairs at the hospital, said Reagan "was in no time in any serious danger. He was alert and awake with stable, vital signs up until the time he underwent anesthesia."

Dr. Soloman Edelstein, the hospital's director of emergency services who arrived several minutes after the president, confirmed that Reagan's blood pressure was low but discounted suggestions his life was in extreme

Once doctors discovered the small wound under his left armpit, they inserted a drainage tube and drew out substantial quantities of blood from his chest, the sources said. Then, they began giving the president five pints of blood by transfusion and he was soon out of danger, the sources

Authoritative sources also revealed that investigators now believe the president was wounded by a .22-caliber bullet that careened off the door of his limousine rather than by a direct shot. Two bullets hit the car one of them smashing into the right rear window and the other hitting the

### Reagan's budget cuts holding own in Senate

WASHINGTON (AP) - The Senate, winding up consideration of an initial multibillion-dollar budget-cutting package, is sticking to President Reagan's recommendations with a tenacity that is even surprising Republican leader Howard H. Baker Jr.

Baker kept the Senate in session until shortly before midnight Wednesday and said final action on the bill would come today.

The Senate had about 10 more Democratic amendments to consider today, and most of them were aimed at restoring money for social pro-

Consideration of previous amendments has followed a now-familiar pattern: Reagan allies mustering enough political muscle to block any attempts to make significant changes

in the legislation to reduce spending by \$87 billion over three years.

The bill, brought to the floor by the Senate Budget Committee, is almost a carbon copy of administration recommendations

Congressional aides have said that although Democrats realize they cannot overcome the Republican majority in the Senate, they are forcing Reagan's supporters to go on record on a variety of cuts, especially those in social programs.

Baker called the positions being staked out by both sides a "huge

political gamble But since consideration of the legislation began last week, Baker and Sen. Pete V. Domenici, R-N.M., the

Budget Committee chairman, have

demonstrated repeatedly that they

have the votes to pass the president's proposals almost intact.

Baker said Wednesday that the GOP unity was surprising, adding, "I can't remember Republicans, or Democrats, ever sticking together so

But he acknowledged that "the real crunch will come" later in the budget process. The package of cuts technically requires other congressional committees to make the actual cuts in programs over which they have juris diction.

Both the House and Senate budget committees are expected to begin work next week on overall spending targets. That debate is expected to provide a better idea of how Congress will respond to Reagan's call for higher defense spending

### Few political contributions noted

By LANA CUNNINGHAM Staff Writer

In comparison to the 1980 City Council contests, this year's competition could be dubbed "The Year of the Cheapskate," with the exception of one candidate.

That lone exception to the rule is Jesse Hatfield whose latest campaign contribution report listed 49 contributors and the largest receipts of any city candidate - \$5,365

But this is just tiddlywinks compared to the political game of last year when the mayor's race pitted Martin Allday against G. Thane Akins and produced the biggest income and outlay of any mayor's race in the history of Midland. Last year at this time, Allday reported \$25,000 in contributions and \$19,000 in expenditures. Akins had received \$9,494 and had spent \$6,186.

The contributions also were smaller

### Election

this year with the majority running at \$100 or less. Last year saw amounts of \$500 and even one of \$1,250 going to the

Reports of contributions and expenditures were required by law to be in the City Secretary's office by March 28, the seventh day before the election. However, since that fell on a Saturday the deadline was extended to Monday. Elections for the City Council, Midland Independent School District board, Midland Memorial Hospital district directors and a \$6.6 million school bond issue are slated

James McCullough, city secretary, said there is no limit on the amount an individual can donate to a local political race. Nor are businesses prohibited from contributing. The only exception is a corporation, he said.

However, he noted that "you have to be careful in getting money from doctors because they're usually incorporated. If their contribution is a check written on a corporate account, it's a violation.

McCullough follows the Texas Municipal Election Law book

Hatfield, owner of No. 1 Sports Place, is seeking election to Place 1, a chair given up by incumbent Doris Howbert. His opponent is Giffert Alstrin, president of Western State

Alstrin listed a \$3,000 contribution from himself and \$100 from Dr. Martha Madsen. He has spent \$1,530. Hatfield reported contributions totaling \$5,365 and expenditures of \$5,-

Those handing over \$100 or more

Mr. and Mrs. Paul Davis Sr., \$100; Mr. and Mrs. Johnny Warren, \$100; Mr. and Mrs. Dick Gaddy, \$100; Mr. and Mrs. Ted Ferguson, \$100; Mr. and Mrs. Paul Davis Jr., \$100; Mr. and Mrs. F. Ferrell Davis, \$100; Mr. and Mrs. Jack Russell, \$200; Mr. and Mrs. F.H. Mills Jr., \$100; Mr. and Mrs. George Staley, \$100; Mr. and Mrs. Boley Embrey, \$100; Mr. and Mrs. Boyd Laughlin, \$100; Mr. and Mrs. Ralph Way, \$100; Mr. and Mrs. Robert L. Wood, \$100; Mr. and Mrs. Mark Martin, \$100.

Also, Mr. and Mrs. Robert H. Dawson, \$150; Mr. and Mrs. Mickey Cappadonna, \$100; Mr. and Mrs. Martin Allday, \$100; Mr. and Mrs. Lynn Durham, \$100; Mr. and Mrs. Robert L. Todd Jr., \$100; Mr. and Mrs. Don

(See CITY CANDIDATES, Page 2A)

### Series to explore alien situation

On Jan. 15, 1981, the United States Border Patrol again engaged in onsite solicitation of illegal Mexican nationals, arousing the ire of many persons throughout the Permian Basin.

While over the years the tendency has been to view the illegal alien situation in terms of sheer statistics - how many are here, how many are caught per month, how much revenue is lost through welfare programs and displaced jobs — the real story is on an inner level, involving the dreams and hopes of employers, Mexican-American citizens, Border Patrolmen, and illegal aliens themselves

In a six-part series beginning Sunday in The Reporter-Telegram, staff writer Patrick Dearen, author of a novel on aliens (THE ILLEGAL MAN, 1981) seeks to reduce the subject to a personal level through character profiles of many of those directly involved. He explores the dismay of employers over the re-instatement of Immigration Service "raids, the stoicism of Border Patrolmen in their ever-day duties, the anger of Mexican-American activists at supposed harrassment to prove their citizenship, the fear illegal aliens must live with every day of their

What ultimate effect will the re-imposed raids have on the game of tag played by the federal government and millions of Mexican nationals? What impact will the Permian Basin sustain?

These issues, and others, will be examined.

### Library leads high school changes

EDITOR'S NOTE: This is the 12th in a 14-part series studying the candidates and issues in Saturday's school, city and hospital election.

> By LOREN BERGER Staff Writer

Midland High School will receive a new library, twice the size of the current one, if voters choose to vote favorably in Saturday's school bond

The \$6.6 million bond package will allow construction of two new ele-mentary schools in addition to \$1.05 million in renovation and construction to Midland High and minor improvements at Lee High School.

In addition to construction of a new library at Midland High, which has been repeatedly termed "vastly inadequate" by school administrators, the bond also will allow for expansion of the band hall and renovation and

### Election

school bond

expansion of both school's office

The library at Midland High, built in 1949, is approximately half the size of other secondary school libraries in the city, according to Midland High Principal Jack Stone. "The library can only accommodate one class at a time," he said. "There is no place for individual research and books have to

be stored in the windows. Due to limited space, there is no room for book processing and little storage place for audio-visuals, microfilm or headphone equipment, he said. Machines are sent to classrooms on a rotating basis.

If the bond proposal passes, the school district will construct a new library by enclosing one wall in the school's central patio area, currently centered between two classroom areas. The new facility would encompass 10,400 square feet, more than twice the size of the current library

which is only 4,000 square feet. With new library construction, administrators are making a subtle change in traditional library philosophies. "The library now, is only a place to store books," Stone said. Stone said with the construction of a translucent roof and atrium in the new building, students will be exposed to more aesthetic surroundings which will provide a more psychologically condusive area for study

If the bond proposal passes, current library space will be used for expansion of conference and vice-principal offices. "Conferences are usually held

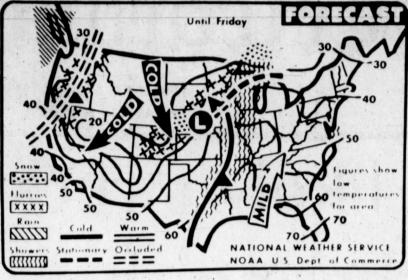

in the lobby with typewriters and copying machines operating in the background," Stone said. He added that students have been discouraged from seeking counseling in the past because little privacy is afforded by open conference areas.

Other renovations suggested in the bond proposal will be expanding the school's band hall 30 feet, creating an additional 1600 square feet. The loading zone directly east of the building would be altered to create a right-hand turn lane at A and Illinois streets to ease the school's fraffic

The band hall, which was built in 1949 to house 80 students has a current enrollment of 180 members. Clyde Wilson, band director, said the building's overcrowding has occupied rooms which were designated for

(See LIBRARY, Page 2A)

### **WEATHER SUMMARY**

Showers are expected in the forecast period, today until Friday morning, from east Texas to the upper Great Lakes. Snow flurries are forecast for the northwest and from the western Plains to Minnesota. Temperatures will be mild in the East and colder in

### Murder charges returned in nursing home deaths

GALVESTON, Texas (AP) - A new grand jury will be empaneled Monday to complete the investigation into a "horror story" of abuse and neglect that caused the deaths of eight elderly patients at a Texas City nursing home, a prosecutor said.

Autumn Hills Convalescent Center, a Houston-based nursing home company, and six employees were charged in 23 sealed indictments with murder by "knowing omission," a misdemeanor punishable by up to a year in prison.

But Galveston County District Attorney James Hury said the grand jury that hurried to return the indictments before its term expired at midnight Tuesday did not have time to finish its investigation into the deaths of a man and seven women in 1978 and

"It is now necessary to empanel another grand jury," said Hury, ex-plaining the previous panel's 90-day term could not be extended because it already had been extended once. He

### **DEATHS** Mary L.S. Carwile

ANDREWS - Services for Mary Lee Smith Carwile, 76, of Andrews were held Wednesday in Singleton Funeral Home chapel. Burial was in Andrews Cemetery.

She died Monday in an Andrews

hospital after an illness.

Mrs. Carwile was born Feb. 13, 1905, in Bell County. She was a member of Northcrest Baptist Church. She had lived in Andrews seven years, moving here from Hobbs, N.M.

Survivors include two daughters. Mrs. Ed Snook of Andrews and Mrs. John Lubke of Odessa; a sister, Mrs. A.R. Bobbin of Albuquerque, N.M.; a brother, James W. Smith of Seguin; 10 grandchildren and two greatgrandchildren.

MORE OBITUARIES, PAGE 8A

predicted there would be at least 21 more indictments.

'Until those 21 indictments are returned, I hope to continue to hold the indictments that were returned in secret," said Hury.

Grand jurors had criticized Hury in their report, saying he "should have been more cooperative with our investigation ... instead of throwing up osbacles along the way Hury said he was "flabbergasted"

by that criticism.

"I just don't understand. I am just absolutely beside myself," said

The panel recommended in its report that "doctors involved in abuse or neglect be investigated and severely penalized for their actions in this horror story.

The indictments resulted from a 17-month investigation of the nursing home, one of 17 owned by Autumn Hills Convalescent Center Inc., by Hury's office, the Texas attorney general's office and the state Department of Health.

Autumn Hills attorney Carol Vance, former Harris County district attorney, said lies by a disgruntled former employee led to the allegations against the nursing home.

State Health Department consultant Betty Korndorffer, the former nursing home employee identified by Vance, denied the attorney's allega-

team teaching and private practice. There are no facilities for private teaching. All practice rooms are now used for storage," he said. "There is also no room for a library or sorting and organizing music. The building is not soundproofed. It is difficult to do anything in the practice room, as long as rehearsals are going on."

Improvements proposed at Lee High School would involve expanding the walls of the school's counselor and administrative offices four feet to slightly enlarge each area and building a new teacher/parent conference area. Renovation is estimated at

### Psychiatrist testifies to personality disorder

LIBERTY, Texas (AP) - Vickie Daniel remained with her husband Price Daniel Jr. although she portrayed herself as a battered wife and feared for her children's safety. As a teenager, she ran away from

ing for Midland hospital directors.

school three months before graduation, although she had gone to the Presbyterian school in Waxahachie specifically to graduate from high

Citing these examples, psychiatrist Dr. Kenneth Wetcher testified Wednesday that Mrs. Daniel, charged with murder in the Jan. 19 shooting of Daniel, has a histrionic personality disorder and would make a good mother only in unstressful situa-

"Although appearing charming, the history she describes leads me to question her ability to function well under stress," Dr. Wetcher, 39, of Nassau Bay testified. "There seems to be evidence that she did not function well under stress.

A person with a histrionic personality disorder, such as Mrs. Daniel, would be given to exaggerated emotional displays; crave activity and excitement; overreact to minor experiences and be prone to irrational anger and tantrums, he testified.

The doctor also said she had a shallow personality and was dependent, seeking frequent reassurance. Wetcher examined Mrs. Daniel at

the request of J.C. "Zeke" Zbranek, representing Jean Daniel Murph, sister of the former Texas House Speak-Mrs. Murph is seeking custody of

Franklin Baldwin Daniel, 3, and Marion Price Daniel IV, 1, Mrs. Daniel's two youngest children. Wetcher said Mrs. Daniel told him she married her first husband, Larry

Moore, just to get away from home

She sought custody of her son, Jonathan, 10, after divorcing Moore but later sent the boy to live with his father, demonstrating her inability to make decisions, the doctor said.

"It is my opinion that in non-stress situations, Mrs. Daniel would make a good mother but in stressful times, she would not," Wetcher said.

Wetcher also examined Mrs. Murph, finding her "perfectly norand capable of raising two small children. He said she had a good, healthy relationship" with Franklin Daniel.

Earlier Wednesday, attorneys read into the court record a deposition by Jonathan, who testified he once saw his stepfather thump his stepbrother Franklin on the penis.

### Man hospitalized following shooting

ODESSA - An Odessa man was in critical condition at Medical Center Hospital today, following a shooting incident at his home early this morn-

In sketchy reports from the Ector County Sheriff's Department, Rickey Ray, 24, of 206 W. 47th St., was shot during an exhcange of gunfire with an apparent burglar shortly after 3 a.m.

Early reports say the burglar returned gunfire after being shot at by Ray's wife, but Sheriff Bob Brookshire said he wasn't certain what happened and an investigation was continuing

Ray suffered two gunshot wounds

Mrs. Daniel has charged her husband abused his family and sexually fondled Franklin.

Jonathan said the incident occurred as his mother was changing Franklin's diaper. The boy said Franklin ran from the room and Daniel bent down and "he thumped him" on the

Jonathan said Daniel was not angry and was laughing throughout the incident, as though it were done in a playful manner.

The deposition said Daniel occasionally would give candy to other children at the house but not to him, which hurt his feelings.

"I'd be sad but not crying," the boy said in his statement.

### Robbery suspect arrested

A suspect in last month's robbery of the E-Z Way Food Store on Scharbauer Drive has been arrested and was in the city jail this morning. The 18-year-old Midland man is

being held on an aggravated robbery warrant and formal charges are expected later in the day The store was held up about 10:30

a.m. March 18 and an undisclosed amount of money was taken at gun-

Police today were investigating a

### Second victim dies from Shuttle mishap

CAPE CANAVERAL, Fla. (AP) - A space shuttle technician has died of injuries suffered during a rehearsal last month at the Kennedy Space Center, becoming the second fatality of that accident, offi-cials said today.

Forrest Cole, 50, died late Wednesday at Shands Teaching Hospital in Gainesville, officials said.

The accident, in which several technicians entered a shuttle chamber that had been purged of all oxygen, killed one other worker.

Hospital spokeswoman Debbie Mason said Cole, a Rockwell International employee, had been in Shands' intensive care unit since being flown to Gainesville, 150 miles northwest of Cape Canaveral,

Board raises utility bill allowances

By LANA CUNNINGHAM Staff Writer

Allowances for electricity payments were increased Wednesday when the Housing Authority of the City of Midland met in Hillcrest Manor, the subsidized apartment complex it governs.

The five-member board meets once a year usually in the spring — in Hillcrest Manor, which was funded through the Department of Housing and Urban Development and rents to low-income

elderly and handicapped persons. Fred Kester, secretary of the authority, explained electricity rates have been hiked in the past year.

In keeping with HUD's guidelines, the authority needed to raise the amount subtracted from each tenant's rent payment. Most of these residents are on fixed incomes, and the lowered rent would allow them to pay their monthly electric bill. Each tenant pays for his own electricity, according to

The allowances ranged from \$6 up to \$18 a month, depending upon the size of the apartment and where it is located in the complex, Kester explained.

Efficiencies in the mini-rise were allowed an extra \$6 a month, with the allowance going from \$20 up to \$26. One bedroom apartments in the mini-rise were increased from \$22 a month allowance to \$28.

Efficienies in the one-story cottages were pushed up to \$29 from the current \$20 allowance. Apartments for handicapped persons jumped to \$34 from the

One-bedroom cottages, now allowed \$22.50 for electricity, were increased to \$34.50. And two-bedroom cottages were hiked to \$46 a month from

the \$28 now allowed. Kester said he took the actual kilowatt-hour usage recorded by Texas Electric Service Co. for all the apartments during the past 12 months and figured

the charges at the increased rates. However, these allowances may not help for long Kester said TESCO advised him the utility firm will be seeking another rate increase, hopefully to be-

come effective this fall. Chairman Harry Clark told the residents, who were gathered in the complex's community room, that the decrease in rent payments will "put a strain on management capabilities, but we realize

the strain on you as the electric rates go up." The budget for fiscal year 1981-82 was approved by the board. It calls for \$84,850 in expenses to be covered by \$85,550 in receipts. Kester noted that he had figured low on the rent income. The budget now will be forwarded to HUD for its

Purchase of a new riding mower was approved for Hillcrest Manor, and the board went with a higher-

priced vehicle. Kester explained other brands were less expensive, but they didn't have the features as this John Deere machine, which the board prefer-

Clark reviewed the prognosis for another countysponsored revenue bond program for housing loans and the outlook is dim. The only possibility for Midland getting any more money for low-interest loans would come from the state. And if the state sells bonds, he said, Midland would receive only about \$2 million to \$3 million.

The city has sponsored one revenue bond program and the county two projects with the result that \$75 million has poured into the Tall City for housing. That money has been used, according to Clark.

### Reagan wounded: Fact is stranger than fiction

By WALTER R. MEARS **AP Special Correspondent** 

WASHINGTON (AP) — It was like a scene from a political thriller: a fallen president, the vice president absent, the strong-willed leader of the Cabinet assuming control at the White House.

But this was not fiction. At 4:15 on the afternoon of a rainy Washington Monday, as President Reagan was taken to surgery, a bullet in his lung. Secretary of State Alexander M. Haig Jr. declared: "As of now, I am in control here in the White House."

It was an unfortunate choice of

White House chief of staff James A. Baker III said he and Haig agreed at Haig's suggestion — that the secre-tary should be the "chief contact" at the White House.

Reagan aides said there was no quarrel with Haig's role, and they praised the teamwork of the administration high command in a troubled

A Pentagon spokesman discounted reports of clashes between Haig and Defense Secretary Caspar Weinberger in the White House situation room. "Everything went smoothly," said Army Maj. Gen. Jerry Curry. "There was no argument between Haig and Weinberger, nor were there heated words or heated exchanges that would involve conflict between

Haig took command of the situation room as the ranking member of the Cabinet. As he reported on the situation after a gunman wounded the president, his voice shook with emotion. His message clearly was intended to be one of reassurance and conti-

Haig said he was in close touch with the airborne Vice President George Bush, that key members of the Cabinet were at the White House, that U.S. allies had been told of the assassination attempt and the stable condition of the wounded president, that there was no military alert and no need for

'We wanted to let the world know that a government was in place and

#### An Analysis

functioning," Haig's spokesman, William Dyess, said afterward.

Bush couldn't do it. He was flying from Austin, Texas, to Washington. So Haig, the take-charge general, took charge.

"Who is making the decisions for the government right now?" he was

"Constitutionally, gentlemen, you have the president, the vice president and the secretary of state in that order, and should the president decide he wants to transfer the helm to the vice president, he will do so,' Haig said. "He has not done that."

Actually, House Speaker Thomas P. O'Neill Jr. and Sen. Strom Thurmond, president pro tem of the Senate, are ahead of the secretary of state in the line of succession.

"As of now, I am in control here in

the White House, pending the return of the vice president, and in close touch with him," Haig said. "If something came up, I would check with-him, of course."

That hardly could be considered a message of reassurance, of a government functioning as usual. When it is functioning that way, the secretary of state runs foreign policy, not the

Furthermore, Haig is a man who has fought for power inside the Reagan administration, most recently over the assignment of Bush to head a crisis management team. There was an echo of that controversy Monday Haig said crisis management was in effect, and he was it.

He also was a man of extraordinary authority as White House chief of staff during the final days of Richard M. Nixon's presidency.

### Abortion private choice, witness says

AUSTIN, Texas (AP) - A woman's decision to have an abortion is "morally excruciating" and lawmakers should not substitute their own moral standards for hers, a witness against seven antiabortion bills said.

"These bills are all designed to prohibit and restrict access to abortion," said Jan Friese, with the Texas Abortion Rights Action League. "They are not drafted with the intent of protecting

'When a woman makes a decision to have an abortion, it is a morally excruciating decision. I don't think the legislature ... can make these moral decisions for her," she said at the Tuesday hearing before a subcommittee of the House State Affairs subcommittee.

However, most witnesses who testified during the two-hour hearing favored the measures. The subcommittee delayed action on the bills until next

"Our goal is to stop abortions, to shut it down completely," said Dr. Steven Hotze, president of

Texas Doctors For Life. He urged the subcommittee members to "have the courage" to disagree with the U.S. Supreme Court, adding that "some of the justices might soon pass on (die)" and new ones might reverse the 1973

decision permitting abortion. Cathy Garza, another member of the group, urged legislators to make no exceptions for pregnan-

cies resulting for rape or incest. "Degradation and shame" are less important than the life of the fetus, she said.

One of the bills, by Rep. Tom DeLay, R-Simonton, vould ban abortions in any medical facility that receives tax money, which includes most hospitals in

A measure by Rep. Bob Davis, R-Irving, would require that abortions of "viable fetuses" be per-

### Negotiator's role ignored

BOSTON (AP) former U.S. ambassador says he helped bring Algeria into the negotiations that freed 52 American hostages from Iran, but didn't get the recognition he deserved because he was black.

"It's a paradox, know, because I like my privacy," said Ulric Haynes, 49, in an interview in Tuesday's Boston Globe. "But I've come to suspect my invisibility had something to do with my skin color."

Haynes, of New York City, was named ambassador to Algeria in 1977 after working for the Ford Foundation, the State Department and the National Security

He was seen widely on television greeting the returned hostages when their plane landed at Algiers on the first stop after Tehran in Jan-

"I know the role I played, and they can't take that away. Had we not turned the Algerians' attitude around from hostility to respect in the 3½ years we were there, the hostages would not have gotten out when they did.

"In fact, I am the one who came back to Washington in February 1980 and suggested that the Algerians be asked to take a leading role in the negotiations. The Algerians ans haven't gotten all the credit they deserve either," Haynes said.

Haynes left government corridor for private

ment service for private business as the Reagan adminstration came in.

### "Progress With Economy"

### **Past Accomplishments:**

- · Provided one of lowest city tax rates in
- · Significantly improved airport, airport downtown area, sewer plant and city water system.
- Build Midland Center Exhibition Hall, central fire station and suburban fire
- Created new townhouse and mobile home zones to accommodate lower cost housing.
- Build new Senior Citizens Center, Nine holes and pro shop at golf course and rose garden.
- Improved drainage and streets.
- Began the building of three new city parks, purchased two new park sites, built new tennis courts, and renovated swimming pools and tennis courts.

### **Future Goals:**

- Continued conservative fiscal management of Midland's resources to avoid any
- Continued private development of downtown area including new traffic systems and control patterns and solutions to parking problems.
- Continued improvement of parks and recreation areas.
- Continued strict enforcement of zoning codes in all parts of Midland to protect the private property owner.
- Initiation of plans to provide a large, improved Airpark facility at a new location to better serve the business and aviation needs of Midland.

Walesa told the reporters ne may have lost some friends on the commission but he still has many among the federation's 10 million members.

His popularity with the workers was evident last month when the mustachioed union leader arrived at a rally in Radom after local Solidarity leaders declared a strike alert seeking redress of grievances smoldering

since food riots there in 1976.

When Walesa stepped from his car and approached the dais, the crowd of 14,000 erupted in applause and cheers. The applause continued as he pleaded

for moderation. The Radom strike was cancelled. But Walesa was confronted with another challenge 10 days ago, after police in Bydgoszcz evicted 23 Solidarity activists from a government building and beat three of them so badly they had to be hospitalized.

At a meeting of the federation's national commission on March 23, other members argued heatedly for an immediate general strike Walesa

an immediate general strike. Walesa insisted on a cautious tactic of short warning walkouts, negotiations with the government and the threat of a general strike.

He stormed out of the meeting after an inconclusive vote on his proposal. The next day he threatened to relinquish his leadership of the federation presidium if his plan was rejected. The commission quickly approved it.

Walesa himself said he was only "70

percent satisfied" with the agreement he negotiated last weekend with Deputy Prime Minister Mieczyslaw Rakowski. In it the government agreed to punish those responsible for the police action at Bydgoszcz. But it refused to give the union satisfaction on the issue that had brought the labor leaders to the Bydgoszcz city hall, the demand of private farmers for legalization of an agricultural Sol-

When the national commission met in Gdansk this week to ratify or reject the agreement, Walesa calmly smoked his pipe and explained "at great length the need for compromise not confrontation," one member of the commission reported.

There was much criticism because the agreement did not satisfy the farmers' demands. Walesa was ac-cused of being too soft. But one union adviser said there was never any possibility that the commission would

repudiate what he had done. "He's too powerful," said the ad-

tration also was consid- ready severe political Moscow levels charges By THOMAS W. NETTER **Associated Press Writer** 

WARSAW, Poland (AP) — The Solidarity labor federation canceled its nationwide strike alert in preparation for new negotiations with the Polish government. But Moscow leveled a new charge of anti-Soviet activity in Warsaw, and there still was no word of when military maneuvers in and around Poland would end.

The strike alert declared March 20 was called off by Solidarity's national commission Wednesday. The commission on Tuesday cancelled plans for a general strike in protest against the beating of union activists in the industrial city of Bydgoszcz and ratified the agreement reached the day before by the federation's leader Lech Walesa and Deputy Prime Minister Mieczyslaw Rakowski.

PAP, the official Polish news agency, said the commission cancelled the strike alert because it hoped to be treated as a "partner" in future negotiations with the government. But Rakowski told a news conference the government's relationship with the 10-million-member labor federation would depend on whether radicals gain control of the union.

"Both we and the realistic segment of Solidarity may have a lot of trouble with the radical wing," he

In the agreement between Walesa and Rakowski, the government agreed to punish those responsible for the police action in Bydgoszcz, the first police violence against the independent labor movement since the strike wave last summer resulted in its

### Tall City Relays title battle brewing

#### By TERRY WILLIAMSON Sports Writer

The Midland High and Midland Lee track teams better prepare for the worst Friday because invaders are coming from both the North and South with eyes set on the Tall City Relays

**Both San Angelo and Amarillo** Tascosa have strong track units this year and both expect to walk away with the team title. Both Lee and Midland High have some guns of their own and are not expected to let the championship trophy leave town without a fight.

The meet, the only track show of the year in Midland, begins at 2: 30 p.m. Friday with field event finals and running preliminaries, but the real show will begin at 7 p.m. when the running finals begin with the 400 meter

JOINING THOSE four teams in the varsity and junior varsity divisions will be Odessa High, Big Spring and Amarillo High. The MHS and Lee girls will take on a field of Odessa High, Odessa Permian and Andrews in the third division.

Lee, San Angelo and Tascosa have all won team titles this year. Midland High and Amarillo High have both placed second in meets this season, so it shapes up as a major dog fight, possibly not being decided until the final event of the night.

Lee appears to be the big favorite in the JV event while the girls crown appears to be up for

But it will be in the varsity division where the major con-frontations will take place. Headlining the meet is the 3200 and 1600 meter races where Robert Schooler of Lee is expected to wage a fierce battle with Tascosa's David Williams. Both are unbeaten in both events. One will leave with at least one loss. Schooler owns a 9:34.7 in the 3200 and a 4:28:98 in the 1600. Williams has a 9:41.1 and a 4:24.7. San Angelo's Dirk Davis and Ruben Aquillon both are 3200 threats and Davis is a good

The 800 meters also shapes up as a classy event with Midland High sophomore James Beverley leading the way with his best of 1:55.5. San Angelo's Daniel White owns a 1:56.48 and Brent McCarty has a 1:56.90. This could be the fastest 800 meter field in the state this week because Odessa High's Dale Herron is also under two minutes this year. Beverley is unbeaten in all four of his 800 races this

THE 100 meters also shapes up as a good race. Lee's Darrin Williams owns one of the fastest times in the state with a 10.6 this year, but he is coming off a loss. Tascosa's Wade Hunt owns a 10.8 and is unbeaten this year. MHS' Billy Taylor has not won this year, but he has a couple of seconds and was a big winner a year ago. Odessa High's Hector Sanchez has beaten Taylor this year also.

Tascosa also has four pole vaulters over 13-feet this year, headed by Charlie Alexander with a 13-8 and David Rittenberry with a 13-3. Midland High's Jim Kemper is coming off his first victory with a 12-6 and is improving.

The hurdle events could have a strong field. Lee's David Piccolo, the defending 5-5A champion, is expected to win the 300 intermediates while Midland High's Elston Montgomery and Bruce Crawford are expected to give heated chase. Piccolo has a 39.8 this year twice. However, the 110 highs could be another story. Piccolo owns a career best 14.4 in the event, but Scott Yocham of Midland High and Steve Yarbrough of San Angelo have both been under 15 seconds. Piccolo has not lost in three 300 meter hurdle efforts and owns one victory in the

Lee's Arthur Williams will try to keep his unbeaten string alive in the 200 meters, but he will have to face Hunt, Odessa High's Dewayne Conklin and Taylor in the key battle. Williams posted a blazing 21.2 last weekend in Hobbs to become one of the state's premier sprinters. He hasn't lost in four outings.

LEE'S KEITH Brown is another Rebel entry hoping to keep a string alive. Brown has not lost in two outings in the shot put with a best of 55-8. However, Big Spring's Greg Jones owns a 56-111/2 this year and is the favorite. Brown is also listed as a contender in the discus. He had a 177-0 in his first week of competition at Andrews, but failed to place last week at Hobbs. Odessa High's Keith Maddox has a 167-2 and may be the most consistent thrower in the field. Lee's Clyde Smith owns a 161-6 this year while San Angelo's Mark Lambert is also over 160.

Midland High's Troy Bush won his first high jump last weekend with a 6-5, and if he can return to that form, he may have another title in his hip pocket. It seems like Bush found himself in the course of one weekend.

The 400 meters could also be an important race in the team standings. The local schools have been weak in this event, but San Angelo's Arthur Hawkins and Tascosa's John Patterson both have 50.0 times this year. Tascosa's Greg Guest also has a long jump of 22-31/2 to top the field, but MHS' Mike Velasco has been over 20 feet in his w meet this year since report-

ing from basketball. ee and San Angelo seem to we the upper hand in the mile relay with times of 3:21.7 and 3:23.69 respectively. Midland High, however, has won once in the mile relay this year. Lee

also seems to have the best numbers in the sprint relay with a field leading 43.39, but San Angelo and Tascosa also own good sprint units.

COMPARING times and distances for this meet could be dangerous. None of the teams have had good weather in which to show their wares this year. If the weather stays nice and calm, times could show a marked difference for all involved. If the wind is high and the dust is blowing, then the times posted this year might serve as an indication of things

to come Friday.

The Lee JVs have won two titles this year and should add a third Friday. The MHS and Lee girls have won no titles this year, but should have an opportunity to garner some points this week with the small fiveteam field.

Permian won a girls title this year at Almorgordo, N.M., and Odessa High placed third at Seminole last week. Andrews has the main attraction, however, with Teresa Conway, a long jumper who has been to the state meet twice.

### Mitchell displays howitzer

#### By TED BATTLES Sports Editor

MESA, Ariz. - A Shreveport Giants leadoff hitter opened the game by bouncing a Norm Churchill pitch up the middle for a single and was wiped out at second base a couple of pitches later by a howitzer.

The runner was out by a good 15 feet. The visiting writer asked a pitcher enjoying an off day in the stands, 'Who was that?

"Mitchell," Bill Early informed. "We had a third baseman last year named J.W. Mitchell, but I guess I don't know this guy...what's his first

"J.W.," Early, now on the Iowa roster, replied patiently.

"What's he doing back there?" a writer from Texas asked and then retracted, "Skip it, after that throw, I

IN HIS five innings behind the plate, Mitchell wiped out another lar-

cenous-minded runner at second. "It's not my idea," Roy Hartsfield, the new Midland Cubs manager, explained after the game. "I understand they started catching J.W. last fall here in the Instructional League. like the way he handles himself. He came out of the chute on that first

throw as well as anyone could."
As for a reason, "We know Mitchell can play third. He's a real pro. Now we want to see if he can handle this. It helps to have someone who can play two positions when you have a short

Hartsfield has been accustomed to working with major league numbers as manager at Toronto for three years, now in the Texas League, he will have a 21-man roster.

As the Cubs swing into the final phase of spring training, Hartsfield admits the team has reached the "tired stage. They have been going morning and afternoon for two weeks and it is beginning to become a grind. The uncertainty of where they will be playing affects them. Besides, these kids report in shape and are ready to go into the season in 10 days, once they get their hands toughened up."

AS SOMEONE new to the Chicago organization, Hartsfield is making the most of spring training to learn as much as he can about the personnel, 'I've flip-flopped my lineup after five innings of play. I purposely avoided looking at any of last year's statistics when we started. I want to judge

Despite a six-run rally in the seventh, Shreveport hung on for an 11-9 win over the Cubs Wednesday at Fitch Park, a game that took second billing to windless 88 degree weather. But Arizona is bracing for a cold front today that was expected plummet temperatures 10, maybe even 12 de-

Lefthanders Churchill worked the first five and Tom Spino the final two while righthander Tim Milner was victimized for six runs in the sixth.

"We haven't been hitting like I would like to see us," Hartsfield said after the Cubs were outhit 19-12 by the

Centerfielder Mel Hall and third baseman Jim Payne, both of whom spent some time with Midland last year, had two hits each while second baseman Dennis Webb and catcher Don Hyman enjoyed two hit games.

Jack Mull, a catcher for the Midland Cubs back in 1972, is managing Shreveport after two years in the California League and two more years in the Midwest League as a Giant farm club manager. Another ex-Cub, former major leaguer Jim Duffalo, a coach and relief pitcher for Midland in 1972, is coaching for

I was out of baseball after 1972 until last year when I was pitching coach for Phoenix," Duffalo said. "I was supposed to be with Phoenix again this year, but requested Shreveport so I could be closer to my home near Dallas."

BRUIN BREWINS: Randy Martz, a first round draft choice who pitched for Midland three seasons ago, will start for Chicago against the San Francisco Giants in Phoenix Friday night..:Farm director C.V. Davis was scheduled to arrive here today after a month in the Chicago hospital as the result of a heart attack...The Houston Astros are scheduled for a Ho Ho Kam game Saturday and the Dodgers will be here next week.

### Ferragamo nears decision

MONTREAL (AP) - General Manager Bob Geary said Wednesday night that the Montreal Alouettes were close to a contract agreement with free agent quarterback Vince Ferragamo but that no announcement would be forthcoming until

The Alouettes acquired the Canadian Football League rights to Ferragamo, who played last season for the Los Angeles Rams of the National Football League, from the Hamilton Tiger-Cats earlier in the day, in conditional trade for wide receiver Keith Baker and running back David Green.

The deal was subject to the Alouettes' ability to sign Ferragamo, and new owner Nelson Skalbania, Geary, head coach Joe Scannella and David Fishof, Ferragamo's agent. met for several hours at a downtown hotel and then went to dinner in midevening.

Ferragamo, who reportedly received \$52,000 from the Rams in 1980, was reported to be seeking \$300,000.

### Malone shoots down LA By The Associated Press over the Portland Trail Blazers at

The Los Angeles Lakers, hoping to become the National Basketball Association's first repeat champions since the 1968-69 Boston Celtics, suddenly find themselves one game away from playoff elimination after running into a red-hot Rocket named Moses Malone.

Houston Rockets Moses Malone (24) reaches out

and grabes the ball from Los Angeles Lakers star Kareem Abdul-Jabbar (33) during the closing mi-

Malone, Houston's 6-foot-10 center, scored 38 points and grabbed 23 rebounds - including 11 off the offensive boards — to lead the Rockets to a 111-107 upset over the Lakers in Los Angeles Wednesday night in the opening game of their first-round playoff

"To win we had to play our hardest and best game of the year, a maximum effort," said Rockets Coach Del Harris. "It was our best game of the year and for all I know the best game in the history of the franchise."

Houston, which posted a 40-42 rec-

ord in the regular season and didn't gain a playoff berth until the final weekend of the campaign, can wrap up the best-of-three mini-series by winning Friday night. A third game, if necessary, will be played in Los Angeles Sunday.

"WHEN I score big and rebound well, we usually win. We're no push-overs," said Malone. "But this series is not over yet. You have to respect the world champs."

In the other Western Conference first-round series, the Kansas City Kings posted a 98-97 overtime victory

Portland. With Chicago's 90-80 triumph at New York on Tuesday, that means three of the four mini-series openers were won by the visiting team. Philadelphia, which defeated Indiana 124-108 Tuesday, is the only home team to win so far.

Houston raced to a 16-point lead during the second period and was ahead 60-50 at halftime behind 23 points by Malone, the NBA's leading rebounder and No. 2 scorer during the regular season. Los Angeles fought back and twice cut the deficit to two points but could never draw even.

The Lakers trailed by just three points with 19 seconds remaining before guard Mike Dunleavy hit two free throws for Houston. A basket by Earvin "Magic" Johnson again cut it to three, but a free throw by Malone clinched the victory.

JOHNSON LED the Lakers with 26 points and Norm Nixon and Kareem Abdul-Jabbar added 22 and 21 points,

'We are in a whole lot of trouble," said Johnson. "I'm mad, upset and disappointed."

"Our course is clear," said Lakers Coach Paul Westhead. "There are no options and no contingencies - we must win in Houston. We must be more aggressive, keep the ball away from Moses and keep Moses away from the boards.'

And as the Lakers learned Wednesday night, that's no small task. Kansas City's backup center, Joe C. Meriweather, scored four of his six points in overtime, including the winning basket with 57 seconds remaining. The Kings erased an 86-76 deficit with six minutes left in regulation to

nutes of the games Wednesday night in Los An-

geles. Malone led the Rockets to a 111-107 upset win

over the defending NBA champions.

"This doesn't mean much," warned Kings guard Ernie Grunfeld, who scored 10 of his 16 points in the fourth quarter. "They've shown that they can beat us in Kansas City."

Kansas City's Otis Birdsong, who led all scorers with 29 points, sent the game into overtime by hitting a driving layup with one second left.

AFTER MERRIWEATHER'S go ahead basket, Portland center Mychal Thompson missed a 10-footer. The Blazers regained possession with nine seconds left, but despite the urgings of Coach Jack Ramsay, nobody called a timeout to set up a play. Instead, Kermit Washington heaved up an air ball from beyond the three-point arc just before the buzzer. "There's no excuse for it," Thomp-

son said of the failure to call a timeout. "We just didn't do it.

"Somebody out there had to call it," Ramsay said. "I couldn't call it on the sidelines. We were all hollering." But forward Calvin Natt, who dribbled the ball upcourt in the final seconds, said he didn't hear Ramsay.

THE PACERS, who have lost all seven of their games against Philadelphia this season, hope the home-court advantage will help them break

Portland Trail Blazers' Mychal Thompson puts a hand in front of Kansas City's Sam Lacey as Lacey tries to go to the basket during their NBA playoff game Wednesday night in Portland.

#### rioles mound crew one of the best One of a Series By HAL BOCK **AP Sports Writer**

A baseball philosopher once observed that pitching is 75 percent of the game.

With that in mind, say hello to the Baltimore Orioles, who have the best set of arms in the American League. That impish grin on Manager Earl Weaver's face can be traced directly to the mound where the Orioles have assembled an all-star cast.

START WITH Steve Stone, the 1980 Cy Young Award winner with a 25-7 record. Move to Jim Palmer, 16-10 and a three-time Cy Young king. Don't forget Mike Flanagan, 16-13, who won the Cy Young in 1979. Of course, there's also Scott McGregor, 20-8, the youngest of the four and the only one who hasn't won the Cy Young yet. This could be his year.

Palmer calls himself Cy Old and says Stone is Cy Present, Flanagan is Cy Past and McGregor is Cy Future.

The bullpen has the proper rightylefty balance with Tim Stoddard (5-3, 26 saves) and Tippy Martinez (4-4, 10

BALTIMORE also has some bats. Ken Singleton (.304, 24 homers, 104 runs batted in), Al Bumbry (.318, 44 stolen bases) and Eddie Murray (.300, 32-116) lead the attack.

The new faces are free agent utilitymen Jose Morales and Jim Dwyer, who came somewhat more cheaply than baseball's richest re-entry draft player, outfielder Dave Winfield of the New York Yankees.

. Even with 103 victories for the best record in baseball last year, New York did not stand pat. In addition to

free agent block, owner George Steinbrenner decided he needed another new manager. So; Gene Michael be-came the fourth Yankee pilot in three

years. He inherited the division champions with some quality starting pitchers in southpaws Tommy John (22-9), Ron Guidry (17-10) and Rudy May (15-5). But they tilt the New York staff precariously to the left. He's also got the best reliever around in Goose Gossage (6-2, 33 saves).

THE ATTACK is in the hands of people like Winfield (.276, 20-87 at San Diego), Reggie Jackson (300, 41-111), Bob Watson (307, 13-68), and Rick Cerone (277, 14-85). But third baseman Graig Nettles and center fielder Ruppert Jones must recover from illness and injury-plagued seasons.

No team in the American League East improved itself as much as Milwaukee. In one multiplayer trade, General Manager Harry Dalton came up with a bullpen stopper in Rollie Fingers (11-9, 23 saves at San Diego), a solid starter in Pete Vuckovich (12-9 at St. Louis) and one of baseball's best pure hitters in Ted Simmons (.303, 21-98 at St. Louis).

Vuckovich, Moose Haas (16-15) and Mike Caldwell (13-11) are the heart of the Brewers' starting rotation. If they can keep it close, the bats will do the rest. Milwaukee's exciting offense includes Cecil Cooper (.352, 25-122), Ben Oglivie (.304, 41-118), Robin Yount (.293, 23-87), Gorman Thomas (.239, 38-105) and Paul Molitor (.304, 34 steals), as well as Simmons

It is Cleveland's misfortune to be playing in the best division in baseball. Elsewhere, the Indians could be expected to make some progress in the standings, but in the AL East,

ROOKIE OF the Year Joe Charboneau (.298, 23-87), Miguel Dilone (.341, 61 steals), Mike Hargrove (.304, 11-85), Alan Bannister (.328), and Ron Hassey (.318, 8-65) should produce some runs along with Andre Thorn-ton, returning after missing last season with injuries. And the pitching staff has some interesting possibili-ties with Len Barker (19-12), Bert Blyleven (8-13 at Pittsburgh), Wayne Garland (6-9) and John Denny (8-6).

Detroit is in much the same fix as Cleveland - a talented team stuck in a tough division. Sparky Anderson's Tigevs have some quality players like Steve Kemp (.293, 21-101), Alan Trammell (.300), Al Cowens (.280), Lance Parrish (.286, 24-82) and Richie Hebner (.290, 12-82). But the pitching is perilously thin after Jack Morris (16-15), Dan Schatzeder (11-13), Milt

Wilcox (13-11) and Dan Petry (10-9). You'll need a program to follow Boston. The Red Sox haveha new look, courtesy of California, with ex-Angels Joe Rudi (.237, 16-53), Carney Lansford (.261, 15-80), Rick Miller (.274), Frank Tanana (11-12) and Mark Clear (11-11).

THE KEYS for new manager Ralph Houk will be replacing Carlton Fisk, Fred Lynn and Rick Burleson, longtime Red Sox mainstays, and finding some dependable pitching, always a

problem in Fenway Park. Toronto has two respected pitchers in Dave Stieb (12-15) and Jim Clancy (13-16) and some legitimate power with John Mayberry (.248, 30-82) and Otto Velez (.269, 20-62). But in the AL East, the Blue Jays seem stalled on a treadmill to oblivion.

A long distance view of the finish says: Baltimore, Milwaukee, New York, Cleveland, Detroit, Boston, To-

### Skalbania adds to empire

MONTREAL (AP) - Nelson Skalbania, who has added the Montreal Alouettes of the Canadian Football League to his growing sports empire, says he may pursue a National Football League franchise and that he's reached a contract agreement with NFL quarterback Vince Ferragamo.

"I have to be careful with what I say here. The vote is still warm on the table, and the CFL is where our loyalty is," said Skalbania, whose purchase of the Alouettes was approved by the CFL on Monday. "But I think ultimately it would be exciting to be part of the NFL, and I can always explore."

He said an alternate course would be for the CFL to expand into the

"Maybe there's more potential in expanding to 16 teams and selling seven franchises to American cities and doing it that way. That's another dangerous thing to say."

Skalbania, 42, is a self-made millionaire who also owns the Calgary Flames of the National Hockey League, the Calgary Boomers of the North American Soccer League and is an equal partner in the ownership of the Vancouver Canadians of baseball's Class AAA Pacific Coast League.

He confirmed that general manager Bob Geary and Coach Joe Scannella, each in the final year of his contract, will be retained.

### Stock market gains

NEW YORK (AP) — The stock market turned in an-

other strong showing today, extending the rally that began on Tuesday.

The Dow Jones average of 30 industrials, up 11.71 on Tuesday, climbed 9.73 to 1,-013.60 by 2 p.m. today.

Gainers outnumbered losers by a 5-3 margin in the over-all tally of New York Stock Exchange-listed

Analysts said investors

continued to be heartened by President Reagan's rapid recovery from the attempt on his life Monday afternoon. Brokers said the market also was responding to de-

clining interest rates. Several banks today lowered their prime lending rates from 17½ to 17 percent.

American Can led the ac-

tive list, up 3% at 421/2. The company said it was looking to sell its paper and forestproduct businesses as part of a major overhaul of its oper-

The NYSE's composite index rose .25 to 78.52, At the American Stock Exchange, the market value index was up 3.22 at 363.82.

Volume on the Big Board came to 37.31 million shares with two hours to go.

#### Cotton

NEW YORK (AP) — Cotton futures No. 2 were higher at midday dealings today. The average price for strict low middling 1 & 1-16 inch spot cotton advanced 3 points to 80.76 cents a pound Tuesday for the nine-markets, according to the New York Cotton Exchange.

Midday prices were 60 cents to \$2.00 a bale higher than the previous close. May 86.40, Jul 87.45, Oct. 85.40, Dec 82.60, Mar 83.70, May b84.20 and Jul 84.80.

#### Grain

CHICAGO (AP) — Wheat No. 2 hard red winter 3.69 ¼n Wednesday; No. 2 soft red winter 4.14 ½n. Corn No. 2 yellow 3.52 ½n (hopper) 3.40 ½n (box). Oats No. 2 heavy 2.27n. Soybeans No. 1 yellow 7.68n.
No. 2 yellow corn Tuesday was quoted at 3.52 ½n (hopper) 3.40 ½n (box).

TODAY'S ANSWER

### Sun Belt almost household term

By MIKE LASSITER **Hearst Special News Service** 

Sometime between Richard Nixon and Ronald Reagan the Sun Belt wrapped itself around Ameri-

Politicians cater to it, economists rave about it, people flock to it, sociologists and demographers analyze it, and the news media have made it a household word.

The man who invented the term a dozen years ago

is Washington political analyst Kevin Phillips.

The Sun Belt is "semi-frontier, semi-developed, hip, hip, hurrah, and Anglo-Saxon," according to Phillips, "politically conservative, but not laissezfaire in the sense of Coolidge or McKinley."

The Sun Belt, he says, prospers through a very close involvement with Washington — a combination of oil-depletion allowances, aerospace and defense

But after saying all that, Phillips confesses that his is only one man's opinion. And though he coined the term in his book "The Emerging Republican Majori-

term in his book "The Emerging Republican Majority," he can't control its definition.

Though Sun Belt is a fairly recent catchword, the population center of this country has been steadily moving southwest since the 1920 census.

Bradley Rice, an assistant professor of social science at Clayton Junior College in suburban Atlanta, has been studying the Sun Belt for some time and finds it a mapmaker's delight.

In a recent article for American Demographics

In a recent article for American Demographics magazine, Rice detailed some of the varying boun-Sales and Marketing Magazine's version of the Sun

Belt, he noted, includes San Francisco but excludes Las Vegas. Fortune Magazine included all of Virginia, but split California at about Fresno.

Jeanne Biggar, a sociologist at the University of Virginia, puts all of California in the Sun Belt, but also thinks Missouri should be included. Carl Abbott, a professor of urban studies at Port-

land State University, includes all of California, Washington and Oregon, but leaves out Louisiana, Georgia and Alabama.

There's more, but you get the idea.

What is generally accepted as at least part, if not all, of the Sun Belt is the Southern rim states wand everything below the 37th parallel which, except for California, follows state boundaries from the Carolinas to the West Coast.

Most arguments center on where to draw the line in California and whether Virginia and Washington, D.C., should be included.

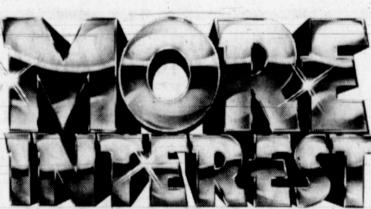

The Sun Belt, Rice said, "does not hang together on objective measures. It is more psychological and attitudinal than it is something that can be statistically determined."

The Sun Belt is as much a rejection of the Northeast as it is anything else, Rice says. "It doesn't have blizzards, it doesn't have decaying cities for the most part, and it doesn't have as much old housing "To me, the Sun Belt is just areas which don't have

a lot of cold days and heating the house in the winter is not a major expense," says Carl Haub of the Population Reference Bureau in Washington, D.C. To Haub this raises questions about including all of

Texas. "Amarillo is pretty darn cold," he said. Biggar includes Missouri in her Sun Belt because of the influx of elderly people to the Ozarks. A large retired community is one of her criteria.

Portland State's Abbott said that when some syndicated columnists were asked to define Sun Belt they divided on territorial lines. Basically, those writers living in the Southwest gave Texas, New Mexico, Arizona and Southern California as their definition. And those in the Southeast saw the Sun Belt as Florida, Georgia, the Carolinas and the Gulf

### Projects, completions listed for area

Sun Texas Company of Abilene has completed the No. 11 Robertson CSL as a Bend Conglomerate oil discovery from perforations made from 3531 to 3541

On a 24-hour potential test, the well flowed 523 barrels of 43 gravity oil through a 22/64 inch choke with a gas oil ratio of 1061-1 and flowing tubing

Total depth is 3,632 feet with a 5 1/2 inch casing set at 3,632 feet.

Wellsite is in the Robertson CSL A-418, 15 miles north of Desdemona and is 4,700 feet northeast of a dual 3,390-foot upper Bend Conglomerate gas and 3,550-foot lower Bend Conglomerate oil production in Abott field.

Also in Eastland County, four miles northwest of Gorman, Ramco Resources of Gorman will drill two 3,250-foot new field wildcats.

The 1 Hoyt Bryant is 350 feet from south line 1,640 feet from west line of section 9, block 1, H&TC survey and 2 Hoyt Bryant is 1,550 feet from south line and 690 feet from east line of section 20, block 1, H&TC

Both wildcats are about 2 miles southwest of a 2,898-foot Caddo production in Slampa field.

CALLAHAN COUNTY PROJECTS

Aries Petroleum Inc. has recompleted a workover project as a Canyon sand gas discovery from perforations made from 2198 to 2202 feet.

The well, No. 1 W.L. Lawrence, Heirs of Baker Larkin No. 781 A-264, flowed 1,945,000 cubic feet of gas per day through a 3/8 inch choke with flowing tubing pressure of 614 psi.

Total depth is 2,593 feet with a 4 1/2 inch casing set at 2.384 feet.

Wellsite is five miles southwest of the town of Admiral in Callahan County and is five miles north of an 1,826-foot Cross Plains oil production in the A.C.

The wildcat was drilled originally by S.C. Herring and plugged and abandoned in 1955 at 2,593 feet.

Intrepid Oil and Gas Co. of Putnam, staked locaions for two 4,4000-foot wildcats in Callahan County, five miles northeast of Putnam and one-mile south west of a 3,637-foot Bend Conglomerate gas production in the Regular field.

The Daniels "B" is 800 feet from north line and 1000 feet from east line of section 2291, TE&L A-442 survey, and 2 Caudle is 467 feet from south and east lines of section 3192, TE&L A-503 survey.

PARKER COUNTY GAS DISCOVERY

Stephen P. Fuqua of Dallas has completed the No. 1 Fred Sharpe, J.W. Byars A-2088 in Parker County as an Atoka gas discovery from perforations made from 3.192 to 3.702 feet.

The well flowed 1,533,000 cubic feet of gas per day through a 3/8 inch choke with a flowing tubing pressure of 493 psi.

Total depth is 6,200 feet with a 4 1/2 inch casing set

Wellsite is five miles northeast of Weatherford and

is one-mile east of a 2,650-foot Strawn production in Sneed field.

Mitchell Energy Corp. of The Woodlands will drill the No. 1 G.A. Scrimshire as a 6,300-foot new field wildcat in Parker County, one mile southwest of

Drillsite is 660 feet from the north line and 3,100 feet from the most northerly west line of the G.W. Dodson A-2443 survey.

Mitchell Energy Corp. also staked a location for a 4,800-foot new field wildcat test in Palo Pinto County, three miles northwest of Graford and one-milenorthwest of a 4,390-foot Bend Conglomerate production in Regular field.

Designated the no. 2 Mary J. Halsell, location is 1,320 feet from north and west lines of section 1736, TE&L A-511 survey.

HOCKLEY COUNTY WILDCAT Texas Crude Inc. of Midland has scheduled an 8,400-foot wildcat in Hockley County, two miles southwest of Levelland and 1 1/2 miles northeast of a 7,160-foot Clearfork oil production in Linker field.

The wildcat is the No. 1-15 Stroch, located 662 feet from north line and 467 feet from east line of labor 15, league 29 of the Sutton CSL survey.

GLASSCOCK COUNTY RE-ENTRY

Hanson Corp. of Midland will re-enter an old 9,880-foot wildcat failure in Glasscock County, 15 miles northeast of Garden City, and deepen to 9,980 feet for a completion attempt in the Fusselman

Re-entry is the No. 2 Glass, located 660 feet from north and west lines of section 220, block 29, W&NW survey, and four miles northeast of a 10,000-foot Fusselman oil production in Deadwood, South field. The wildcat was originally drilled by Standard Oil of Texas and plugged and abandoned in 1958.

ECTOR COUNTY WILDCAT

Hillin Production of Odessa will drill a 6,700-foot wildcat in western Ector County, eight miles southwest of the town of Notrees and 1 3/4 miles southwest of a 7,604-foot Wolfcamp production in Wheeler

The wildcat is the No. 1 Amburgey "22", located 660 feet from the south and west lines of section 22, block 46, T-1-S, T&P survey.

JACK COUNTY WILDCATS

Circle Seven Production Co. of Jacksboro has announced plans to drill three 5,700-foot new field wildcats in Jack County.

The A-1 D.C. Cranford Estate is located 660 feet from the north line and 8,700 feet from the most easterly west line of the John W. Frazier A-214, one-mile northeast of Perrin and three miles northof a 5,412-foot Atoka Conglomerate production

The No. 1 William K. Moore is 4,300 feet from the north line and 3,850 feet from the west line of the William Williams A-876 survey, three miles north-west of Stewarton and four miles northwest of a

5,285-foot Atoka Conclomerate production in the Richards Ranch field.

The No. 2 White is located 2,300 feet from north line and 1,000 feet from east line of the Joseph Turner A-609 survey, five miles northeast of Perrin and two miles south of a 5,412-foot Atoka Conglomerate production in Regular field.

Also in Jack County, three miles southeast of the town of Antelope, Reita Oil Co. of Fort Worth will drill a 5,500 foot new field wildcat.

Designated the No. 1 Henderson, location is 1,200 feet from south line and 1,100 feet from east line of the H. Lee A-2206 survey, and three miles southeast of a 5,099-foot Mississippian production in Regular

**CLAY COUNTY PROJECTS** 

P.C. Burns Oil Producers of Wichita Falls will drill a 6,200-foot new field wildcat in Clay County, two miles southeast of Deer Creek and 1 1/2 miles east of a 4.429-foot Bryson production in Regular field.

Designated the No. 1 W.E. Sanders "A", location is 1,100 feet from the north line and 467 feet from the west line of block 8, J.H. Belcher survey and develop-

Double Eagle Drilling Company of Dallas has staked a location for a 6,200-foot wildcat in Clay County, 1/4 mile west of a 4,429-foot Bryson production in Regular field and two miles south of Deer

The project is the No. 1 W.B. Fulgham, located 660 feet from the south line and 467 feet from the wes line of block 49 of the J.H. Belcher survey and devlop-

Also in Clay County, four miles southeast of Vashti, H&S Production Inc. of Bridgeport, will drll a 6,200-foot new field wildcat.

The venture is the No. 1 Moore, located 1000 feet from the south line and 1,100 feet from the east line of BBB&C A-70, and 2 1/2 miles northeast of a 5,788-foot Atoka Conglomerate production in the Eanes field.

WISE COUNTY FIELD WILDCAT

RAW Energy Corp. of Weatherford will drill the No. A-2 Jones as a 6,000-foot new field wildcat in Wise County, 4 1/2 miles southwest of Boonsville and 1 1/2 miles south of a 2,794-foot Strawn production in

Drillsite is 1,619 feet from south line and 3,020 feet from west line of the Charles Wood 1,866 survey.

Republic Energies inc. of Dallas has surveyed a location for a 4,400-foot new field wildcat in Wise County, four miles southeast of the town of Rhome and two miles southeast of a 3,782-foot Strawn production in Rhome field.

The project is the No. 1 Donaldson, spotted 1,600 feet from the north line and 250 feet from the east line of the northwest corner of the M. Dobbs A-1225 survey, but in section 7 of the MEP&P A-613 sur-

MONTAGUE COUNTY WILDCAT TEST Jim Person of Longview has filed application to drill a 5,850-foot new field wildcat in Montague County, two miles east of Belcherville and 13/4 miles northeast of a 4,336-foot Strawn production in Eanes

Designated the No. 1 J.N. Cardwell, location is 330 feet from north line and 1,200 feet from east line of section 19 of the J.Y. Castillo A-120 survey.

WICHITA COUNTY WILDCAT

Tuthill & Barbee of Amarillo will drill the No. 1-173 Weldon Roth as a 6,200-foot new field wildcat in Wichita County, eight miles northwest of Electra and four miles northwest of a 2,862-foot Pennsylvanian production in Wichita County Regular field.

Drillsite is 467 feet from the south and east lines of block 173 of the Waggoner Colony survey and devel-

YOUNG COUNTY WILDCAT

Joe M. Woolfolk of Graham has filed application to

drill a 1,000-foot wildcat in Young County, five miles northeast of Jean.

Designated the No. A-1 J.M. Graham, location is 2,775 feet from the most westerly south line and 4,075 feet from the most westerly east line of section 3401. of the TE&L A-1221 survey.

DAWSON COUNTY WILDCATS

The Hillard Oil & Gas Inc., Lubbock, has announced a new wildcat location in Dawson County to test the Fusselman.

The No. 1 Lowrimore is located 467 feet from the south and 467 feet from the east of section 18, lbock 35, T5N, P&P, one and one-half miles south of Lamesa to be drilled to a total depth of 11,700 feet with ground level elevation of 2,961 feet.

The site is 2,000 feet northeast of a dry and abandoned location drilled by Tex Ceckham to a total depth of 3,525 feetand plugged and abandoned 12-19-56 and 5,800 feet southeast of a plugged and abandoned 10,480-foot location plugged and aban-

RRC authorizes interstate sale

AUSTIN - The Railroad Commission has authorized Napeco, Inc. to sell natural gas produced on an 852-acre state tract in Terrell County to an interstate pipeline company for ultimate sale and use outside Texas.

State statute requires a producer to obtain an exception to the Commission's Rule 69 in order to sell gas from state lands for out-of-state con-

Napeco's application for an exception to the rule — involving gas produced from the Allison A-1 well in the Wilborne (Detrial) Field — was recommended by Examiner Brian Sullivan during the weekly conference on Oil and Gas Divison maters. The RRC order granting the rule to exception limits the out-of-state sale until Dec. 31, 1984, without interruption, beginning with the effective date of the gas purchase contract between Napeco and Natural Gas Pipeline Co. of

doned 12-80 by R. K. Petroleum.

GARZA COUNTY GETS WILDCAT

Energy Resources Oil & Gas of Dallas has announced plans for a wildcat site in Garza County. The No. 2 Eubanks will be located 1,980 feet from the south and 660 feet from the west of section 5,

block D-15, survey WTRR, 15 mils north of Post. The site is 2,500 feet southeast of a Wells Whitten site drilled to a total depth of 3,518 feet and plugged and abadoned as a dry hole on 1-3-80.

### Wildcats planned for District 7B

Force Company of Dallas plans to drill a 3,000 foot wildcat one mile southwest of Grosvenor. The 2 Grace Atkinson is located 330 feet from the north line and 1,700 feet from the east line of the 43 HT&B survey. It is a location away from a Marble Falls oil producer in the Brown County regular field, 1 1/2 miles northeast of the two-well Grosvenor, Southwest (Duffer) field.

COLEMAN COUNTY

Precision Drilling Company of Coleman will drill two 1,990 foot wildcats 6 1/4 miles south of Santa Ana. The 1 Kingsberry Estate "A" is located 1,778 feet from the south line, 3,607 from the west line of Wharton CSL No.496. It is 1/2 mile southwest of a 2,230 foot oil production, 3/4 mile west of a gas production and one location southwest of a 2,256 foot

The 1 Kingsberry Estate "B" is located 6,300 feet from the west line, 990 feet from the north line of William Farris No.279 survey.

Rutledge & Rutledge Company of Abilene plans to stake a 1,950 foot wildcat location 450 feet from the north line and 2,040 feet from the west line of 27-2-T&NO survey. The 1 Millie Popnoe is two miles west of Novice and is a tandem well to a depleted 3,677 producer.

JONES COUNTY:

Sojurner Drilling Corporation of Abilene plans to drill a 5,000 foot wildcat eight miles south of Hamlin. The location is 3,642 feet from the south line and 8,100 feet from the east line of J. Rodriquez No.357 survey. It is one mile west of a 5,012 foot Cook lime discovery, 1 Driver, drilled by Four Way Joint Venture and completed on March 30th for 292 barrels of 42 gravity oil through a 12.64 inch choke with the gas oil ratio of 100:1. Perforations were performed from 3,071 to 3,080 feet.

It is also 1 1/4 miles northeast of a 5,735 foot Canyon oil discovery drilled by Stroube Exploration Inc. The 1 Denson was completed February 20th for 65 barrels of 39 gravity oil, five barrels of water and perforations performed from 4,636 to 4,644 feet.

Ball Production Company of Breckenridge will drill a 2,400 foot wildcat six miles sooutheast of Avoca. The 1 Don. W. Starr 2,140 feet from the south line 330 feet from the west line of 4-OAL. It is one location east of a Cisco oil discovery, 1/2 mile southeast of the BMW (Kingsand) field. The 2,340 foot discovery, 3 Harrell pumps 60 barrels of 40.6 gravity oil with the gas-oil ratio of 223:1 through perforations from 2,325 feet to 2,326 feet. Production is at 2.298 feet.

TAYLOR COUNTY:

Blount Petroleum Inc. of San Antonio plans to drill a 3,100 foot wildcat two miles east of Trent. It is located 330 feet from the north line and 1,562 feet from the east line of 39-19-T&P. The venture is 3/4 mile northeast of a depleted opener and lone producer of the Wozy (Strawn) field. The opener, Wozencraft was drilled by Fletcher Oil & Gas Drilling Company was completed November 6, 1958 for 168 barrels of 45 gravity oil through a 19.64 inch choke, with the gas-oil ratio of 476:1 from perforations from 4,868 to 4,876 feet.

### Crane project complete

Costa Resources Inc. of Midland has completed a 4,350-foot field test in the Cosa (Tubb) field of Crane

The well, designated the No. 3 Adams, was potentialed for a 24-hour period at 140 barrels of 40 gravity oil and 250 barrels of water through a 12/64 inch choke from perforations made at 4,216 to 4,236 feet acidized with 150 gallons.

A 4 1/2 inch casing was set at 4,340 feet with a plug back depth of 4,308 feet.

Wellsite is 660 feet northeast and 853 feet northwest of section 23, block 3, H&TC RR survey, 4 miles northeast of Imperial.

### Natural Gas Pipeline seeking rate increase

CHICAGO (AP) - The Natural Gas Pipeline Co. of America is seeking a 4.7 percent rate increase, which would boost natural gas bills for customers in nine

The increase requested Tuesday, if approved by the Federal Energy Regulatory Commission, would not take effect until October.

The company said the proposed rate increase, which would generate \$109 million annually, would affect natural-gas users in Illinois, Indiana, Iowa, Kansas, Missouri, Nebraska, Oklahoma, Texas and

Jean S. Gaertner, spokesman for Peoples Energy Corp., parent company of Natural Gas Pipeline, said the rate hike would result in an increase of \$1.60 a month for the average Chicago homeowner.

### DOE says energy prices will go up

WASHINGTON (AP) — Gasoline could cost anywhere from \$1.36 to \$2.29 a gallon in 1995, after inflation is taken into account, as higher prices slow demand for all forms of energy, the Energy Department

The figures give the cost of a gallon expressed in dollars with the

The department's annual report to Congress on Wednesday said all forms of energy use would grow more slowly than the economy as a whole as measured by the gross national product, the value of all goods and

For transportation, the report projected a growth rate of 0.2 percent annually between 1985 and 1995, compared with 5 percent a year between 1965 and 1973, before the first OPEC oil embargo. In the past, transportation had shown the highest growth rate for energy consumption, the report said, while in the future industry will

show the fastest growth rate. Industrial energy usage will grow 2.4 percent a year in 1985-95, compared with 2.9 percent in 1965-73, the report said.

The report predicted a drop in oil imports because of higher prices and a larger share of the nation's energy provided by coal and nuclear power. It also projected lower energy use and oil use worldwide.

### ADDC meeting set in Odessa

The Association of Desk & Derrick Clubs Region V's annual meeting will be held this weekend, April 3-5, at the Holiday Inn in Odessa.

The region includes 19 clubs in West, Central and North Texas, New

Mexico and Arizona. Regional Director Carol Rollins will preside over

Midland representatives will be Dee Wilson, president and Juanina Hamm, alternate delegate.

Tree hundred people are expected to hear the keynote speaker, L. Frank Pitts, president of Texas Independent Producers and Royalty Owners Association at the Saturday night banquet.

Another speaker, Dr. Joel Greenspoon of the University of Texas Permian Basin psychology department will address the Saturday morning business session.

Guests will also be entertained with tours at the Permian Basin Petroleum Museum and the OIME, a rig manufacturing plant in

### Bill tentatively approved

BORDEN COUNTY

EDDY COUNTY

AUSTIN — The House of Representatives Tuesday gave tentative approval to a bill by Rep. Tom Craddick, R-Midland, that would give regulartory jurisdiction over uranium mining exploration activities to the Surface Mining Division of the Railroad

House Bill 1413 passed by voice vote on second reading, and will go to a third and final reading today. HB 1413 would consolidate authroity

over uranium mining operations in the RRC. Currently, the Texas De-partment of Water Resources is responsible for control of water pollution resulting from uranium explora-

The Texas Department of Health would retain its authority to regulate radioactive materials associated with uranium activities.

HB 1413 was recommended by the House Committee on Energy Re-

### Additions exceed production HOUSTON (AP) - Shell Oil Co. reported

crude oil and natural gas exceeded production.

'We again were among the leading major oil and gas companies in replacing oil and gas production," John F. Bookout, president, said in his annual letter to shareholders. Bookout said the reserves additions amounted to 137 percent of liquid hydrocarbon production

and 113 percent of gas production.

He said Shell's oil and condensate production increased 8 percent over 1979 because of the Belridge Oil properties acquired in December Bookout said audited financial results confirmed the preliminary figures released earlier

indicating that 1980 per share earnings increased

36 percent to \$4.99, with total earnings of

\$1.5 billion representing a 22 percent return on

### 1980 refinery

shareholders' equity.

products down AUSTIN - Sixty-seven refineries in Texas processed 133,400,554 barrels of crude oil ad hydrocarbon blends during November 1980 according to their report to the

Railroad Commission. This volume compares the 141,055,075 barrels in the previous November, the Commission's Administrative Services Division reported in its monthly recapitulation of Texas refinery operations.

### 76 wildcat projects scheduled for Permian Basin counties

wildcat projects were among the 296 new oil and gas operations announced last week for the Permian Basin of West Texas and southeast New Mexico.

Twenty-two of the wildcats were filed in District 7C of the Railroad Commission. Headquarters for the district are in San Angelo.

District 8, headquartered in Midland, reported 78 oil and gas projects, including 13 wildcats.

District 8A, with headquarters in Abilene, processed applications requesting permission to drill 14 wildcats and 46 projects.
