

**All Around  
The Town**

By Mary Ann Sarchet

High School Pep Rally will be at 2:30 p.m. in the Owl Gym Friday.

Everyone is invited.

If you or your child are missing a coat or jacket, please come by the school cafeteria and check the large collection that has been left at the school at one time or another. These are good coats, some very new and brand name such as Nike and Tommy Hilfiger. The weather will soon be turning cooler and the owners will be wondering "Where did I leave my coat?"

Parents, please check your child's closet to see if his or hers may be one of these. If these coats are not claimed they will be donated to Good Will or some other worthwhile charity. 38-5tnc

**Fall Carnival is  
Planned October 20**

The Fall Festival Carnival will be Saturday, October 20 at the County Showbarn immediately following the coronation at the school auditorium. There will be a variety of food, games and prizes for kids of all ages. To reserve a booth for this event, call 823-2555. Booth fees are \$5.00 and support the local youth baseball association.

You can have a booth at the carnival as an individual, family, club, church, class, or whatever.

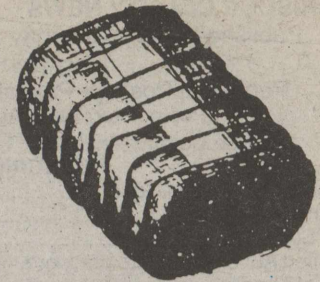

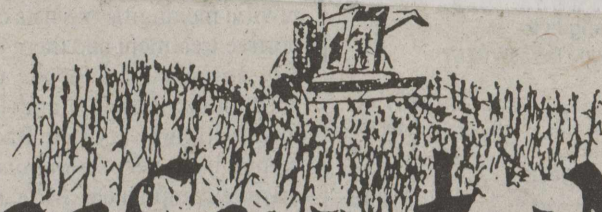

The Catholic Church will once again be serving Mexican food. City Bank will be hosting a costume contest for children up to age 12. Prizes will be awarded for several age groups.

If you need further information, please call 823-2555. The project is the fundraiser for the summer baseball program. If you have children 4-12 who will be playing baseball this summer, please call for further information and planning.

Information is being given about bacterial meningitis, and if you need more information about this illness your school nurse, family doctor and the staff at your local or regional health department office are excellent sources for information on all communicable diseases. You also may call your local health department or Regional Texas Department of Health office to ask about meningococcal vaccine.

**What is meningitis?** Meningitis is an inflammation of the covering of the brain and spinal cord—also called the meninges. It can be caused by viruses, parasites, fungi and bacteria. Viral (septic) meningitis is common; most people re-

VOLUME 93 NUMBER 40

## Halloween: Trick or Treat

The highly informative video, "Halloween: Trick or Treat, The Pagan Invasion," will be shown at 6:00 p.m. Sunday, October 7, at the First Baptist Church in Silverton. It traces the pagan origins and history of Halloween. The Pagan Occult calendar of Druids, Witches, Pagans and Satanists mark Halloween as one of their highest "holy days." This video uncovers the mystic Druidic rites and ceremonies with which "Samhain" (Halloween) was originally observed 4,000 years ago. The occult rituals seen in this video are real and not re-enactments.

All the seemingly innocent symbolism of Halloween—black cats, snakes, broomsticks, bonfires, "Trick or Treat," Jack-o-Lanterns, apple dunking and costumes—has its roots in Sorcery, Witchcraft and Satanism. Parents' responsibilities are challenged to decide whether to allow their children to participate in celebrations that glorify Pagan Occultism.

The video features Chuck Smith, Caryl Matrisciana and Hal Lindsey, as well as a number of Witches, Satanists and Law Enforcement Officials. This dramatic expose will change your opinion of Halloween forever!

## Three Teams Tied At Top of District

There's not much room at the top of the district race in 2A Six-Man, with Silverton, Groom and Valley tied with 4-0 records.

This week Silverton goes to Amherst, Groom goes to McLean and Valley will be at Miami.

## 2001 Precipitation Summary

	Normal Precip.	Precip. Received
January	.65	1.94
February	.60	.87
March	.93	3.23
April	1.49	1.12
May	3.11	5.26
June	3.78	.93
July	2.39	.32
August	2.64	4.42
September	2.49	1.94
Totals	18.08	20.03

## Flu Shots To Be Given Here Friday

Flu shots will be given by the Texas Department of Health at the City Hall in Silverton Friday, October 5. Priority will be given to the high risk patients, including senior citizens and adults and children with high risk conditions. Other than that the shots will be given on a first come, first served basis.

No enough vaccine is on hand to offer it to everyone at this time.

The clinic will be held from 9:30 until 11:30 a.m. and from 1:00 until 3:30 p.m.

## Varsity Owls Remain Unbeaten

Nathan Baker opened Silverton's football game at Lefors Friday night with a flourish when he took the opening kickoff all the way for a touchdown. Andrew Francis kicked the PAT, and with 9:42 still to be played in the first quarter, the Owls held an 8-0 lead over the Pirates.

When the Owls kicked off, the Lefors runback was stopped by a tackle by Monty Wood. The Owl defense continued to hold the Pirates, and on fourth down they punted.

The Owls were unable to move the ball, and punted on fourth down, as well. Back came the Pirates, making a first down in spite of the tough defense being thrown up by the Owls. On the next play Francis recovered a Pirate fumble to give the Owls new life.

Francis completed a pass to Clifton Baker, after which Francis carried for a first down. The Owls apparently got a pass intercepted shortly thereafter, but because of a Lefors penalty retained possession.

Francis completed a pass to Ignacio Gomez for a touchdown with 2:14 remaining in the second quarter. There was no PAT, and the Owls held a 14-0 lead.

Francis intercepted a Lefors pass with 1:52 remaining in the first frame, and Clifton Baker carried the ball to the one-yard line. Nathan Baker carried the ball into the endzone for a touchdown with 1:25 remaining on the clock. Francis picked up the ball off the grass and carried it into the endzone, but the referees ruled it

Savanah Kast participated in the National Baton Twirler Association's annual contest at the South Plains Fair in Lubbock September 23. She competed in five events, and won first place in the Novice Basic Strut competition. She also placed first in the Ratings Solo division and the Ratings Basic Strut division. In the Novice Solo competition she placed second. Savannah also placed second in the costume contest.

## Walk Across Texas In Its Seventh Week

Provided by Cory Payne

Walk Across Texas teams have completed six weeks of physical activity. This week's ranking were difficult to determine since five teams were unable to report their miles. Totals reported this week include: "Road Warriors"-1362.23 miles; "ASKEBAT"-1156.2 miles; "Dolls & Guy"-911.15 miles; "The Early Birds"-838 miles; "The Fairmont Flyers"-439.5 miles and "Fiesty Young Speed Walkers"-398.2 miles.

Only two weeks left! Keep up the good work!

## Breast Cancer Screening Offered At Health Fair

The Women's Center of the Don and Sybil Harrington Cancer Center will conduct a Breast Cancer Screening Clinic at the Briscoe County Health Fair in Quitaque October 20, 2001. The clinic will be held at First National Bank at Fourth and Main.

All exams are done by appointment only. Call 806-356-1905 or 1-800-377-4673 for more information. Funding is available through the Texas Department of Health for Texas residents who qualify for assistance.

Participants will receive a low-cost screening mammogram. Each woman screened will receive a breast health risk appraisal and individual instruction by a registered nurse in breast self-examination.

Breast cancer affects one in eight women. The key to winning the battle against cancer is early detection by having an annual breast exam, mammogram and performing a breast self-exam each month.

## Video Program To Be Presented Free of Charge

A two-session video series will be shown at 4:30 p.m. on Sunday afternoons, October 7 and 14, at the First Baptist Church in Silverton. Childcare will be provided and the course is offered at NO COST to you.

Whether your marriage is solid right now or a little shaky, we ALL need to work on our marriages. Here's an opportunity for you. Please call the church office, 823-2412, to sign-up you and your spouse so that enough workbooks can be provided for all who attend.

Every husband and wife has one or more love languages. Some spouses communicate their love with gifts; some with physical touch, and others with acts of service. Still others prefer words of affirmation of wuality time. Which one works best in your marriage? In a fun-filled presentation before a live audience, Gary Chapman helps you identify your personal love language. He also helps you understand the love language of your spouse. Then he provides suggestions for enriching your marriage with love languages.

## Varsity Owls-

Continued From Page One

not to be a completed PAT. This gave the Owls a 20-0 lead with 1:25 remaining in the first quarter.

The Owls kicked off and a Logan Fisher tackle stopped the runback. As the second quarter began, a fourth down incomplete pass gave the ball back to the Owls. The Owls returned the favor with an incomplete fourth-down pass, and Lefors was back in business again. Defense by Ivory, Clifton, Gamez and others allowed a first down before Gamez and John Arnold shut them down for a few minutes. At this point a Lefors player was removed from the field by ambulance with an injury.

The Pirates fumbled and the Owls recovered, and Francis went out with a shoulder injury.

The Owls were unable to gain yardage, and punted on fourth down. On the second pass that Lefors attempted, Clifton Baker made the interception. Duncan Vernon ran 14 yards and the Owls picked up a first down, after which Wood completed a pass to Arnold just before the first half ended.

Following halftime, Francis put his pads back on and returned to the sideline. When the Owls went back on offense, Wood completed a pass to Clifton Baker, and Ivory carried a touchdown. Francis kicked the PAT, to give the Owls a 28-0 lead.

After the Pirates made a first down, stopped by Arnold, the Owls broke up a Lefors pass, and with 4:57 remaining in the third quarter the ball went back to the Owls. Runs by Gamez, Ivory and Vernon moved the ball into scoring position and Nathan Baker carried the touchdown with 2:52 remaining on the third-quarter clock. There was no PAT, and the Owls led 34-0.

Silverton kicked off again, but the offense was unable to move the ball and it went back over on downs to the Owls. Gamez moved to the 36, after which Ivory made a first down. As the fourth quarter opened, the Owls picked up a first down before losing possession somehow that wasn't entirely clear.

Lefors scored from a few inches outside the goal line with 5:13 remaining on the clock. There was no PAT, and the Pirates narrowed the lead to 34-6.

Clifton Baker controlled the Lefors kickoff, and Ivory moved the ball to the 39. An incomplete fourth down pass gave the ball back to the Pirates, and Silverton's team tackling left all six of the Owls in a pile and Lefors loose and running for a touchdown with 2:16 still to be played. They kicked the PAT, to make the score 34-14.

The Owls controlled the short kickoff, and Ivory took the handoff and ran to the Lefors end of the field for a first down. A field goal attempt failed, and in 32 seconds the game ended.

Red Ivory gained 90 yards on 11 runs for the Owls Friday night against Lefors. He also scored on a five-yard run.

## Letter to the Editor

This is a wonderful time to seize the opportunity to ask our United States Supreme Court to rescind their rules on forbidding prayer in schools and in other places. Here is what I wrote. You may copy it or send one in your own words.

Dear Honorable Judges:-

At this time in our country, you have seen how much prayer means to all of us.

You know how personal prayer is, and that it is communication between a person and God. Nothing can keep a person from praying. Much of it was done this past week and is still being done.

I would like to ask you at this time to rescind all your rulings on prayer and allow any person to pray any time, any place. Is this not freedom of speech? Let the children pray in school. Let them pray at sports events. Please rescind your rulings on prayer.

Lataine Dillard

We are so impressed by all you residents in Silverton. You are so patriotic and care for other people of the world. Thank you for welcoming us here. We are so glad to be living here.

Jack & Lataine Dillard

## Lady Owls Ran Well at Lubbock Cross Country

Silverton's Lady Owls ran well in the Lubbock ISD Cross Country Invitational run at Mae Simmons Park Saturday morning. They ran in a division which included 3A-2A-1A competitors, and placed 26th.

Most of those who placed their teams ahead of the Lady Owls were from higher divisions. Division 1A schools who ran ahead of the local ladies were fourth-place Happy and sixth-place Nazareth.

Those participating were Chelsey Cherry, Kurby Garvin, Kassie Strange, Daryl-Ann Reynolds, Brittany Perkins, Danielle Ramirez, Krista Hale, varsity; Bryn Mayfield, Jenny Young, Tarran Forbes, Kelcy Simpson, Monica Garcia, Kelsie Estes, Sarah Craiker, junior varsity.

## Quitaque Girl Recognized For National Anthem

Christine Walls, 15-year-old freshman at Valley High School, recently has been receiving regional recognition for her version of the national anthem which appears on her demo CD.

For the past two weeks her song has been played on KLSR in Memphis, Texas. Joe Davis, station owner at KLSR, stated, "What a voice for a 15-year-old!"

The national anthem, "Let it Rip" and other selections off her demo CD also have been aired on country station KTOM FM and local AM station in Salinas, California.

She has been approached by the owner of the Amarillo Rattlers hockey team and invited to sing the national anthem at the opening of their game Friday, November 23.

She was invited to sing at The Saint's Roost Museum's seventh annual Col. Goodnight Chuckwagon Cook-off in Clarendon, along with other regional entertainers.

She is the granddaughter of Mr. and Mrs. Grover Thomas of Silverton.

Aaron Younger is pictured in the Double Diamond Wagon Camp during the seventh annual Col. Charles Goodnight Chuckwagon Cookoff in Clarendon September 22.

The Clarendon Enterprise Photo

## Double Diamond Chuckwagon Winner at Clarendon Cookoff

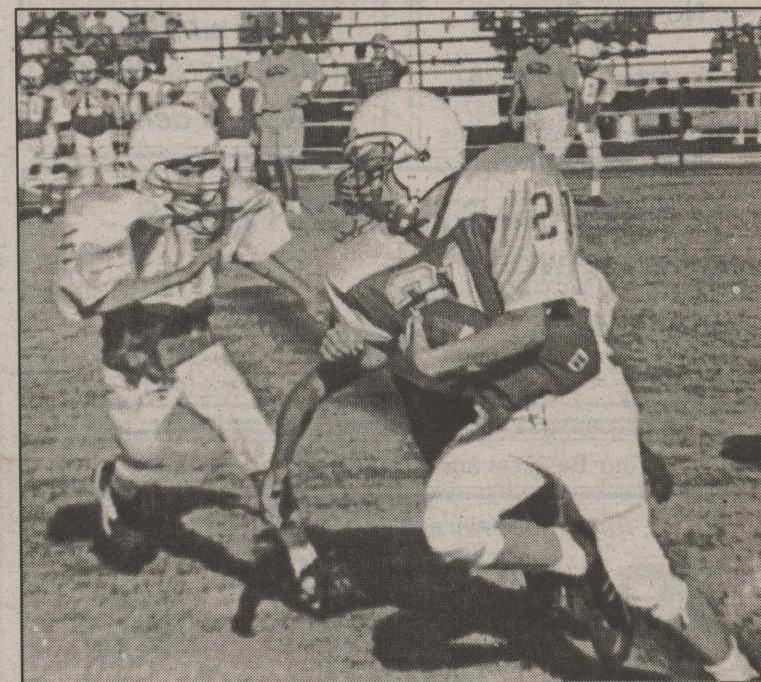

The Double Diamond Wagon of Silverton was among the winners during the seventh annual Col. Charles Goodnight Chuckwagon Cookoff in Clarendon on Saturday, September 22.

Approximately 1,000 people attended the cookoff, which benefits the Saints' Roost Museum. Relatives of legendary cattleman and chuckwagon inventor Charles Goodnight also were on hand for

their annual family reunion.

Fourteen wagons competed in this year's cookoff and served a menu of chicken fried steak, mashed potatoes, gravy, biscuits, beans and cobbler.

The Double Diamond Wagon placed second in Best Dessert, second in Best Bread, third in Overall Wagon & Cooking, fourth in Overall Cooking, and third in Best Wagon Camp.

Gid Mayfield is shown rushing for yardage for the Eighth Grade Owls in their game with Spade here last Thursday.

**Obituary**

**WALTER TAYLOR**

Funeral services for Walter Taylor, 81, of Quitaque were conducted at 1:00 p.m. Thursday, September 27, 2001 at the Quitaque United Methodist Church. Rev. Jim Taylor of San Antonio officiated, assisted by Rev. Don McMahan, pastor. Burial was in Gray Mule Cemetery by Myers-Long Funeral Directors.

Walter Taylor was born November 28, 1919 at home in Floyd County to James Walter and Fay Taylor. He was graduated from Quitaque High School in 1938.

He married Coleen Rogers June 8, 1947 in a sunrise ceremony on the rim of Palo Duro Canyon. He was a member of the Quitaque United Methodist Church.

He served in the U. S. Navy during World War II as an aviation machinist mate from January 13, 1942 to December 11, 1945.

The family bought a ranch in Floyd and Briscoe County in 1911 and he had ranched there all of his life and in Motley County since 1959. He was a man known for his word. He considered a handshake as good as any written contract.

Survivors include his wife, Coleen Taylor; two sons and daughters-in-law, Walter Wayne and Kathy Taylor of Quitaque and Glen and Cissy Taylor of Tulia; two daughters and sons-in-law, Lynnette and Phil Barefield of Quitaque and Anna Jean and Fred Oglesby of Del Norte, Colorado; a brother, Ursel (Booger) Taylor of Floyd County; eight grandchildren and eight great-grandchildren.

Memorials may be made to the memorial fund at the Quitaque United Methodist Church.

**BILL WOOD**

Graveside services for Bill Wood, 83, of Littlefield were conducted at 2:00 p.m. Monday in the Silverton Cemetery with Lorán Harper officiating.

Arrangements were under the direction of Geo. C. Price Funeral Directors of Levelland.

Mr. Wood died Friday, September 28, 2001.

He was born October 15, 1917 in Silverton. He attended school in Silverton and Canyon. He worked for the JA Ranch in 1932. He served with the U. S. Army during the Pacific Campaign of World War II. He married Lorine Moser April 12, 1946 in Clovis, New Mexico. She died February 27, 1985.

Following the war, he farmed in the Hereford area until 1949, when he moved to the Texline area. He farmed there until 1970 when he moved to Channing and worked for R. H. Fulton, retiring in 1985. He moved to Amarillo in 1995 and to Littlefield in 2001. He was a Methodist.

Survivors include a son, Billie of Amarillo; a daughter, Dee Skelton of Whiteface; three grandchildren, and two great-grandchildren.

**PAM MANNIN**

Funeral services for Pam Mannin, 51, were conducted Tuesday at 10:00 a.m. at N. S. Griggs and Sons Pioneer Chapel in Amarillo. Officiating was Glendell Smith, spiritual care chaplain at Baptist/St. Anthony's Healthcare Systems in Amarillo.

Graveside rites were held in the Olton Cemetery at 2:00 p.m. with Mike Reed, minister of Main Street Church of Christ, assisting. Burial was in the Olton Cemetery under direction of N. S. Griggs and Sons.

Mrs. Mannin died Sunday, September 23, 2001.

**ALL AROUND TOWN-- Continued From Page One**

cover fully. Medical management of viral meningitis consists of supportive treatment and there is usually no indication for the use of antibiotics. Parasitic and fungal meningitis are very rare. Bacterial meningitis is very serious and may involve complicated medical, surgical, pharmaceutical and life support management.

There are two common types of bacteria that cause meningitis:

- *Strep pneumoniae* causes pneumococcal meningitis; there are over 80 subtypes that cause illness

- *Nalsseria meningitidis* meningococcal meningitis; there are five subtypes that cause serious illness--A, B, C, Y, W-135

Someone with meningitis will become very ill. The illness may develop over one or two days, but it can also rapidly progress in a matter of hours. Not everyone with meningitis will have the same symptoms.

Children (over one year old) and adults with meningitis may have:

- Severe headache
- High temperature
- Vomiting
- Sensitivity to bright lights
- Neck stiffness, joint pains
- Drowsiness or confusion
- In both children and adults,

She was born in Olton where she grew up and attended Olton Schools. She had worked as a secretary at Canyon Junior High School.

She married Victor Mannin in Plainview in 1976.

Survivors include her husband; two daughters, Summer Victoria Mannin of Amarillo and Nancy Tucker of Charlotte, New Mexico; three sons, Roland Mannin of Amarillo, Jeff Hall of Odessa and Galen Mannin of Plainview; her mother, Dorothy Holt of Olton; two brothers, Todd Holt of Austin and Steve Holt of Fort worth; a sister, Jennifer Daugherty of Silverton; 12 grandchildren and one great-granddaughter.

The family suggests memorials to the American Cancer Society.

**Seniors to Serve Turkey Dinner**

Coming Sunday, October 14, 2001--Tom the Turkey and all his gobbler friends will be returning for an encore. This dinner will be a fundraiser of the Senior Class.

The meal will include turkey, dressing and all the trimmings. Dessert will be available. Serving will be from 11:00 a.m. until 1:00 p.m. in the Silverton School Cafeteria. Price will be \$5.00 for adults and \$3.00 for children.

According to folklore, when a candle burns too fast, there is said to be a thief in the house.

there may be a rash of tiny, red-purple spots or bruises caused by bleeding under the skin. These can occur anywhere on the body. They are a sign of blood poisoning (septicemia), which sometimes happens with meningitis, particularly the meningococcal strain.

If bacterial meningitis is diagnosed early and treated promptly, the majority of people make a complete recovery. In some cases it can be fatal or a person may be left with a permanent disability, such as deafness, blindness, amputations or brain damage (resulting in mental retardation or paralysis) even with prompt treatment.

Fortunately, none of the bacteria that cause meningitis are as contagious as diseases like the common cold or the flu, and they are not spread by casual contact or by simply breathing the air where a person with meningitis has been. The germs live naturally in the back of our noses and throats, but they do not live for long outside the body. They are spread when people exchange saliva (such as by kissing; sharing drinking containers, utensils or cigarettes).

The germ does not cause meningitis in most people. Instead, most people become carriers of the germ for days, weeks or even months. Being a carrier helps to stimulate your body's natural defense system.

The bacteria rarely overcomes the body's immune system and causes meningitis or another seri-

ous illness. The risk of getting bacterial meningitis in all age groups is about 2.4 cases per 100,000 population per year. However, the highest risk group for the most serious form of the disease, meningococcal meningitis, is highest among children two to 18 years old.

The diagnosis is usually based on a combination of clinical symptoms and laboratory results from spinal fluid and blood. Spinal fluid is obtained by a lumbar puncture (spinal tap).

Do not share food, drinks, utensils, toothbrushes, or cigarettes. Limit the number of persons you kiss.

Vaccines against pneumococcal disease are recommended both for young children and adults over 64. A vaccine against four meningococcal serogroups (A, C, Y, W-135) is available. These four groups cause the majority of meningococcal cases in the United States. This vaccine is recommended by some groups for college students, or particularly freshmen living in dorms or residence halls. The vaccine is safe and effective (85-90%). It can cause mild side effects, such as redness and pain at the injection site lasting up to two days. Immunity develops within seven to ten days after the vaccine is given and lasts for up to five years.

Seek prompt medical attention if you think you or a friend might have bacterial meningitis.

## LOOKING BACK

through the files of the  
Briscoe County News

**September 5, 1991**--Owls travel to Wilson for season opener . . . Weekend rainfall amounts to half an inch . . . Caprock Jamboree returns to stage Saturday night . . . The first load of new season corn was delivered to Tulia Wheat Growers, Inc. last week by James Alan Patton for J. E. Patton, jr. It was harvested from the John Francis farm . . . J. D. and Lois Nance returned recently from vacationing in Ruidoso, New Mexico with their children and grandchildren, Rex and Faith Redies of Plainview, Fares and Nanda Lahoud, Michael and Christopher of Fort Worth and Fares' father, Michael F. Lahoud of Amchit, Lebanon . . . Coaching the Owls this season are Ronnie Miller, Bob Libby and Clyde Parham . . . Cheerleaders are Christa Tucker, Christine Castillas, Kami Martin, Leslee Weaks, Jennifer Grimland and Holly Nance . . . Stormy and Sage Brannon, daughters of Brent and Tammy Brannon, were runners-up in the Tiny Miss Floyd County Pageant held in conjunction with the Floyd County Fair . . . Jason and Kim Minyard of Denison are parents of a daughter, Kyla Danielle . . . New lake record striped certified at Cactus Cove Marina . . .

**August 27, 1981**--Services conducted for Sally Austin Reeves, 82, of Memphis . . . Wayland and Flo Fitzgerald hosted a family reunion at their home on Lake Mackenzie Friday, Saturday and Sunday . . . The Tiffin Brothers dragster, owned by Bruce and Jeff Tiffin and driven by Jeff Tiffin, won second place in the Western Conference Championships held at Amarillo Dragway on Sunday . . . A reunion for the McIntyre, Seaney and Adcox families was held Saturday and Sunday in Erick, Oklahoma . . . Elven Norris of Yuma, Arizona will preach at the First Baptist Church in Silverton Sunday . . . Debbie Storie received her bachelor of business administration degree in marketing in the summer commencement exercises at West Texas State University . . . Dyrle Maples underwent stomach surgery at El Campo last week . . . Graduation exercises for the Class of 1981 at Hahnemann Medical College, Philadelphia, Pennsylvania were held June 10. Among those who received the Doctor of Medicine degree was Donald Glenn Paige, son of Mr. and Mrs. Donald Paige . . . Miss Lou Phillips became the bride of Tommy Perkins in a double-ring ceremony in Dimmitt Saturday . . . A bridesmaids luncheon was held Saturday at the Plainview Club to honor Miss Liz Brown, bride-elect of Mikel Griffin. Her chosen colors of yellow and pale green were carried out in the carnation centerpiece. Host-

esses were Mrs. E. A. Birdwell, Mrs. Terry Bomar, Mrs. Leland Wood, Mrs. Russell Baldwin, Mrs. F. E. Hutsell and Mrs. James Davis . . .

**September 9, 1971**--Owls to open football season at Turkey . . . Going-away party held for Mr. and Mrs. Edwin Crass, who are moving to Plainview, and Mr. and Mrs. Jack Hutton, who will be moving from Turkey . . . Dana Martin was elected president of the senior class. Other officers serving with him are James Edwards, vice president; Claudia Hutsell, secretary; Terry Yancey, treasurer; Glenda Ramsey, reporter; Paula Montague and Pam Vaughan, parliamentarians . . . Officers of the Junior High Pep Squad are Becky Francis, president; Debra Strange, vice president; Peggy Croft, secretary; Donna Dudley, reporter; Mrs. Erma J. Luhman, sponsor . . . Friday afternoon visitors with Mr. and Mrs. Lark Miller were Mr. and Mrs. Jay Miller and Misti of Plainview . . . In school at Texas Tech are Debbie Bomar, Rhonda Dickerson, Alvin May, Leila McPherson, Evelyn Wood and Phyllis Crow . . .

**September 28, 1961**--Named to the Airport Board were J. E. (Doc) Minyard, Glen Lindsey, Milton Dudley, Bill Long and Troy Burson . . . First -place winners in the flower show last week were Lily Wafford, asters; Mrs. E. Posey, powder puff asters; Mrs. Shafe Weaver, double marigolds; Mrs. Bill Edwards, double petunias; Mrs. D. T. Northcutt, single petunias; Mrs. Jack Jowell, zinnas; Mrs. Bill Edwards, nasturtiums; Mrs. E. Posey, cleome; Mrs. Jack Jowell, snapdragon; Mrs. Carroll Garrison, cannas; Mrs. Bill Edwards, iris; Mrs. Jack Jowell, princess feather; Mrs. Shafe Weaver, coxcomb; Mrs. Bill Edwards, orchid; Mrs. E. Posey, cactus dahlia; Mrs. E. Posey, semi-cactus dahlia; Mrs. Jack Jowell, cysanthemums; Mrs. E. Posey, cushion mums; Mrs. Shafe Weaver, climbing roses; Mrs. Bern May, grandiflora roses; Mrs. Bern May, floribunda roses; Mrs. Lula Bellinger, peace roses; Mrs. Bern May, hybrid tea roses . . . Jane Self suffered a sprained wrist in PE at school . . . Rita Brown and Wayne Nance were named the most cooperative students participating in the somewhat bizarre events of freshman initiation week . . . Junior High cheerleaders are Joyce Brooks, Connie Dudley, Jackie Durham, Tina Weaver, Paula Turner and Terry Lee . . .

**November 21, 1946**--Owls defeat Lakeview, 19-6 . . . The district committee, composed of representatives of the schools at Claude, Vega, Groom, Happy, Estelline, Turkey, Flomot, Quitaque, Kress and Silverton

(with Silverton and Flomot having no vote) ruled in Amarillo Saturday of last week that the Silverton football team is ineligible for play in the District championship contest this year on the ground that one boy who has been participating in games was not scholastically eligible. Flomot was ruled out of conference play by the same committee that ruled Silverton out and this leaves Estelline to play Happy for the District championship . . . Hilton (Runt) Vardell, an employee at the Wise Gin in Quitaque, was taken to the Plainview hospital Monday when he had the misfortune of getting his left hand caught in a cog of the gin machinery . . . Jett Mason, Don Burson and Hershel Harrison spent the weekend with John Burson on his ranch . . . Demonstration of a new wheat plow is to be held Sunday afternoon at the home of D. N. McGavock . . . Honoring their son, Truman, on his birthday, Mr. and Mrs. Barney

Stephens entertained with a weiner roast in their backyard Wednesday evening . . . Miss Juanita Edwards visited with her father, Andrew Edwards, in Lubbock recently . . . Mr. and Mrs. Ted Childress moved to their new home on Broadway last week . . . Mr. and Mrs. Oner Cornett entertained a number of friends with a forty-two party at their home in the Haylake community Friday evening . . .

**August 21, 1941**--Wildcat Test nine miles south of Silverton . . . Inch of rain recorded in two days here last week . . . Garden Club has big job in keeping cemetery due to the heavy rains this spring . . . Mr. and Mrs. U. D. Brown and family spent the weekend in Amherst with Mr. and Mrs. Scott Smithee and Faith . . . Miss Alma Ruth Thompson has accepted a position to teach mathematics in Lamesa High School during the coming school year . . . Len Lee returned home Monday. He has been attending school in Lubbock

. . . Wayland Harrison, who has been working in Tulia, came home Sunday . . . Joe Kline Burson of Borger spent Thursday in Silverton . . . J. C. Fowler spent the weekend at the Roy McMurtry Ranch . . . Mr. and Mrs. Haskell Jackson were in Tulia on business Wednesday . . .

**February 6, 1930**--The efforts of Wylie Bomar, local dairyman, to bring his milk products up to the highest standard deserve special mention. He himself has secured a certificate of health and has secured health certificates for all his cows from a state veterinarian . . . Mr. and Mrs. Raymond Patton announce the arrival of a fine baby girl, born Thursday. The little lady is named Bettie Ray . . . Billie McDaniel spent Sunday with Garland Tucker . . . Iva and Lina Watters were weekend visitors in the home of Mr. and Mrs. Walter Watters . . . Olan Yocum visited Glenn Smith Saturday night . . .

### More on African Customs

The preacher at the mission church has no bicycle and since he has to walk quite a distance to and from church, we bought him a bike. He also teaches school, so hopefully this will give him more time with family. They wear no shoes, except to church and most women don't even wear them to church. Almost all women wear a "Chetinze." That is two yds of fabric wrapped around as a skirt. They dress very modestly. The men wear clothes much like our men, except they're very "worn."

Each village has a central water faucet and the women walk there to get their water. They have a five or six gallon tub they fill and carry back home on their heads. They have no kitchen, so the cooking is done on a camp fire. Most of the homes are made of "homemade brick" and thatched roofs. Some of the better homes have tin roofs and cement floors; however, many floors are dirt and the more "affluent" have manure covered dirt floors. It leaves a harder surface. Their basic foods are "Nsima" which is ground corn boiled and made into a very firm dough. They fry cabbage in oil and onions and dip balls of Nsima in it. If they have guests they also offered boiled chicken. Before eating, the host brings a pan of water and goes from guest to guest so they can wash their hands. Then they come around with a towel to dry on. The Nsima is in a large bowl and each gets what they want (with their fingers) and also eats with their fingers. At two homes, we were offered spoons and that made it much easier.

The customs of engagements and marriages are quite different from ours. The "short" of it is: boy meets girl; they decide that day if they love one another. They cannot be together for two months but can communicate through the mail. During the two months, the Elder of the church goes to the girl's parents and discusses the young man. If the parents approve then the girl's "uncles" have to approve. If so, they can start preparing for their marriage. I had the pleasure of introducing a young preacher to a lovely young lady and it took them less than an hour to decide to wed. They promised to let me know if all approved.

The African people love to have their pictures made. The children have no toys but play well together.

Schools are quite different from ours also. They actually don't have much opportunity to learn. Those who can, go through eighth grade. Then you have to be "approved" before you can enter "Secondary School" which is equivalent to our high school. Very few get to go. Only about 10% of the get to go to college. They do not have to have any college to teach school. They have very few books or supplies. The young preacher-teacher I mentioned above, pleaded with me to save any old used school papers and supplies and send to him. They have hardly any teaching aids or supplies for the children. I told him I would see if our teachers had any old materials they no longer use to be saved and mailed to him. So if any student or teacher is reading this, please save your old papers, whether it's math, English, geography or whatever. They teach English and even can teach Bible in the schools. So could probably be used.

Children's entertainment also is quite different from ours. They have no toys or TV. In one village we went to, the girls were jumping the rope. The rope was a vine that had been stripped of its leaves. When it would break they just tied a knot and resumed their jumping. The boys play soccer (or maybe it's "socket"). Their ball is an old sock stuffed with rags. The children also help with younger children and they all are so well-behaved and seem so happy. The whole time we were there, I never once heard a parent have to correct a child. The mothers carry

### Junior Varsity Owls Lost Game To Floyd, New Mexico Thursday

Silverton's Junior Varsity Owls hosted the highly-rated Junior Varsity from Floyd, New Mexico last Thursday, and the New Mexico boys proved to be very deserving of their rating. They are members of the New Mexico Six-Man State Championship team from last year, and they may be on their way to a repeat.

Floyd kicked off to the Owls and Caleb Francis took the ball to the Silverton 35. Francis and Logan Fisher picked up a couple of first downs, but the ball went over on the Floyd 27.

The Owl defense held and Floyd punted. The Owls got the ball on their 12 and Fisher and Francis went to work again. As the

second quarter began the Owls got a bad snap from center, and gave up the ball on the 22.

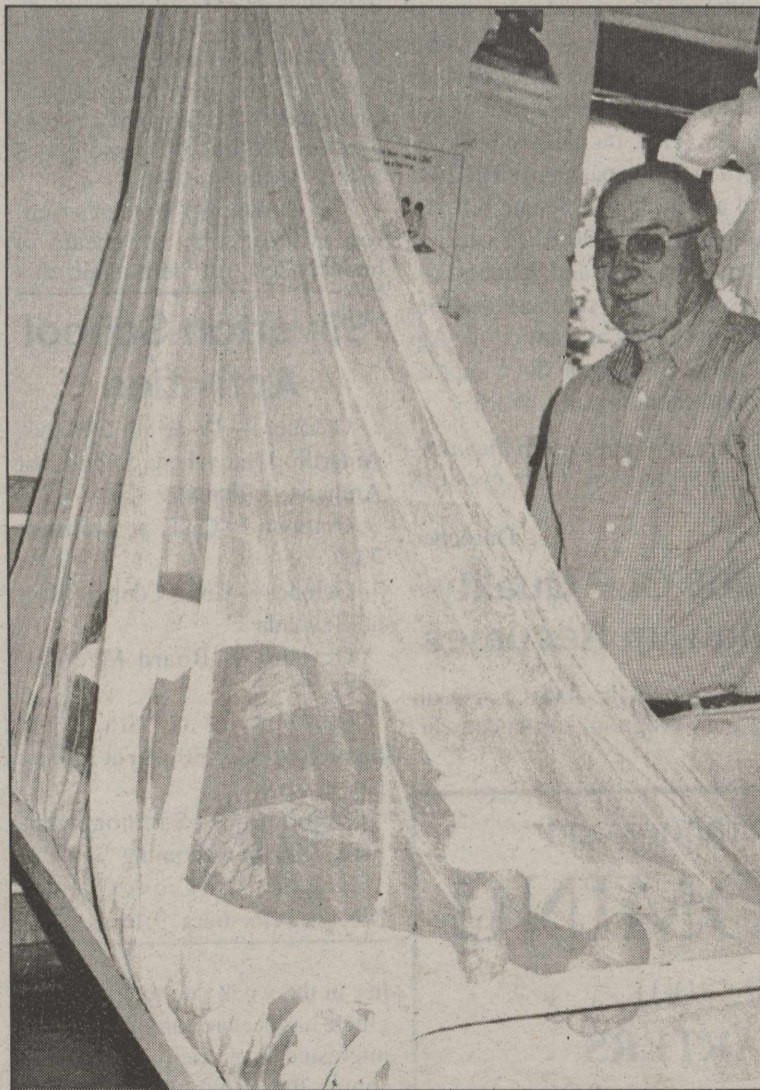

Floyd carried the first score of the game with 7:18 remaining before halftime, but the Owls blocked the PAT kick to give the team a 6-0 lead.

Floyd recovered the onside kick, and scored two plays later. Their PAT kick failed, and with 6:44 remaining in the first half, they led 12-0.

The Owls were unable to make a first down, and on Floyd's first play Eric Minyard pressured the passer and Beau Brock intercepted for the Owls and took it for a touchdown with 5:14 still on the second quarter clock. The PAT run failed, and the Owls trailed 12-6 on the score.

their infants on their backs at all times until the baby is too large (about two years old) or until another baby comes along. Then the child is taken care of by an older child. When you are in their homes, children sit still and listen to the adults. Fathers take a big interest in caring for their sons. My personal belief is, that having all the nurturing they need the first two years, they don't have to vie for attention.

August 15: We toured the maternity hospital. It's about the size of our home and the maternity ward has approximately 12 beds in it. They leave the windows wide open and have mosquito nets that come down to protect from mosquitoes. During the rainy season, malaria-carrying mosquitoes are very common. We fell in love with the nurses and they gave us a dinner and a gift before we came home. The gifts were "Chetinjis," the wrap-around skirt mentioned earlier. Even though the skirts cost only about \$2 in our money, that is more than most make in

Mosquito nets hang from the ceiling to protect new mothers in the maternity ward.

more than one day. So the skirts are among the most prized possessions we brought home knowing they sacrificed to give them. That very same day the World Bible Society arrived and one couple was from Lubbock, Texas. One boy from South Africa was planning to attend LCU in Lubbock... Small world isn't it? **To Be Continued**

Floyd came back mixing runs and passes against the defense of Brock, Fisher, Tiffin, and others, and after eight plays the ball went over to the Owls on downs.

Runs by Fisher netted a few yards and a pass to Minyard was good for a first down. Fisher scored with 51 ticks remaining on the clock. The pass for PAT failed, and the score was knotted at 12-12.

When the Owls kicked off Floyd took the ball to the 36 where it was stopped by Tiffin. Once again the defense held, and the Owls completed a pass to near midfield before time ran out in the first half.

When Silverton kicked off, Floyd took the ball to midfield, after which they moved through the defense of Brock, Smith, Fisher and others to make an apparent first down, but the Owls got the ball and two plays later Brock made a first down. Francis scored with 5:53 remaining in the third quarter. There was no PAT, and the Owls moved into their only lead of the game, 18-12.

Francis kicked off again and Logan came back with a strong offense against the Owl team tackling defense. They made a first down on the Silverton 35, stopped by Smith, and made a first down on a reverse which was defended by Brock. They scored with 3:16 remaining in the third quarter, kicked the PAT, and moved ahead 20-18.

The Owls did fairly well on their next series on runs by Fisher, Francis and Gamez, but a quarterback sack on fourth down saw the ball go back to Floyd. The Bronchos scored on the next play with 33 seconds remaining in the third quarter. They passed for the PAT and moved into a 28-18 lead.

Floyd kicked off and the Owls completed a pass to Fisher for six yards. A Smith-to-Tiffin pass netted four yards more, but on fourth down the Owls were unable to move the ball.

Floyd scored two plays later with 5:02 remaining in the game. The PAT pass was good, and the Bronchos moved ahead 35-18.

The Owls got a pass intercepted, then Floyd scored with 4:50 still on the clock. The PAT failed, and Floyd went into a 40-18 lead.

Floyd was running wild by this time and scored twice more before the game ended with the 46-18 score belonging to the Bronchos. It was a very good practice game for the Owls, and would probably have been beneficial for the varsity team, as well.

*'Tis not enough to help the feeble up, but to support him after.*

--William Shakespeare, Timon of Athens

*Life every man holds dear, but the dear man holds honor far more precious-dear than life.*

--William Shakespeare Troilus and Cressida

This week's release of USDA's 2002 crop

vision for future U. S. farm policy overlooks the harsh reality facing a financially stressed industry.

The much-anticipated document does little but put forth policy generalizations that do little to ease the minds of a hurting U. S. Agriculture industry.

The reception of the USDA document among producers, commodity and allied industry organizations is best described as cool. USDA's only real support has come from environmental groups. These are the same groups who have long fought against direct agriculture support they feel takes money away from their own causes.

How the process will play out remains unclear at this time. For Plains Cotton Growers, however, the path to follow is clearly marked and focused on the goal of providing broad protection for producers through a combination of program elements.

Fortunately, and unlike the USDA process, the House Agriculture Committee has taken the time to actually ask PCG and the rest of the agriculture industry what its needs are and what challenges must be conquered in order to maintain a viable, internationally competitive U. S. agriculture industry.

That work has been refined into the Food Security Act of 2001, HR 2646, and provides a broad ranging set of program elements and enhancements to current programs.

Current thinking is that, instead of being abandoned in lieu of emergency national security considerations, HR 2646 will indeed be acted on.

Those same observers also feel that there is still a good chance that Senate action could provide a new Farm program effective for the

In the event that the Senate fails to provide its own Farm Bill in time to be implemented for the 2002 crop year, PCG has already noted the importance of protecting the additional \$7+ billion earmarked for Agriculture in FY2002.

PCG has been communicating the serious nature of the current situation, both in terms of needed 2002 economic assistance in light of ongoing market conditions worldwide, as well as the building need for a 2001 Crop Loss Assistance program identical to the program initiated for the 2000 crop.

Any 2001 CLA program must contain not only assistance for growers who suffered severe physical losses, but also includes the Quality loss component that is proving to be a lifesaver for growers who suffered significant quality losses in 2000.

The days ahead will no doubt provide a number of twists, turns and unexpected outcomes as the effort to plot a course for U. S. agriculture policy gets back on track.

Our challenge is to maintain a clear focus on the items that are most important to agriculture as a whole. That includes continued work to ensure passage of HR 2646 and a comparable Senate bill, development of a 2001 disaster assistance package and, if necessary, making sure that additional FY2002 funds earmarked for Agriculture is spent on 2002 supplemental economic assistance.

*I've never questioned the integrity of an umpire. Their eyesight, yes.*

## Applications to Fund Children's Special Needs

The Amarillo Area Foundation is looking to award up to \$20,000 to meet some very special and unique needs for area children. The Foundation is now accepting applications for mini-grants from the Children's Fund. The fund will distribute individual grants from the charitable contributions raised during the 2000 Children's Fund campaign held last holiday season. Each mini-grant will range from \$500 to \$1,000.

Any 501(c)(3) nonprofit organization operating in the 26 northernmost counties of the Texas Panhandle and offering services to children is eligible to apply for the one-time grant. Interested agencies should call the Amarillo Area Foundation at 806-376-4521 to request an application form. Completed applications must be returned to the Amarillo Area Foundation on or before 5:00 p.m. on Friday, October 5, 2001.

Instead of token seasonal gift giving, Children's Fund provides local citizens a way to acknowledge business associates and special friends through a special charitable gift in their name. Since 1993, the Children's Fund has awarded more than \$75,000 from charitable gifts with up to an additional \$20,000 to be awarded in November. Due to the generosity of local McDonald's Restaurants, a record number of Children's Fund grants will be made this year.

The Downtown Women's Center is working to create a handcrafted gift item again this

October 12--Samnorwood, here, 7:00; homecoming

October 13--Cross Country Meet at Petersburg, 9:10

lier in the week due to a software glitch, has been restarted. Growers, interested in participating should contact their County Farm Service Agency office to schedule an appointment.

The Quality Loss Program is designed to compensate growers for quality-induced losses that were incurred during the course of the 2000 growing season.

## Seventh Grade Owls Earn Victory From Lefors Junior High Bandits

Drew Reed took the onside kick that opened the game between the Seventh Grade Owls and the Lefors Junior High Bandits last Thursday and ran all the way for a touchdown. The pass for PAT failed, and with 6:48 still on the first-quarter clock, the Owls held a 6-0 lead.

The Silverton defense held Lefors to minus yardage and on fourth down, a short incomplete pass gave the Owls the ball at the Lefors 22.

The Owl offense didn't make much yardage on their first series, getting a penalty and even though Diego Ramirez ran to near first down yardage, the ball went over to Lefors at the Bandit 13.

Defense by Joe Hernandez, Dusty Burson, Diego Ramirez and other Owls held the Lefors offense in check until the Bandits completed a pass thrown out of the endzone, for a first down on the Silverton 16. Ramirez played good

year which will be mailed to each honored recipient as a symbol of the gift made to area children.

The Children's Fund helps agencies meet those "special" needs of children and youth which are not met through normal funding channels. Grants from this Foundation fund last year made possible such items as:

- New shoes for children who are victims of family violence, forced to relocate with only the few possessions they carry

- Basic hygiene and clothing items for underprivileged and at-risk children that attend a variety of community programs

- Birthday gifts for children removed from their home because of abuse or neglect

- Complimentary fees for underprivileged youth to participate in group sporting activities

- New baby crib supplies for transitional housing for homeless young women due to abuse, abandonment, pregnancy, alcohol or drug abuse, and

- Complimentary vision care (i.e. eye care, examinations and glasses) for students in the Amarillo area whose parents cannot afford it.

The Children's Fund was established in 1993 to raise additional monies to enhance the quality of life for underprivileged children.

The Amarillo Area Foundation, a community foundation, is a public charity which both accepts funds from individuals, families, businesses and other groups that want to help Panhandle communities, and gives funds through carefully considered grants to charitable organizations for the enrichment of the quality of life of the people in the 26 northernmost counties of the Texas Panhandle.

defense on the next series, and as the second quarter began Dusty Burson put a good rush on the Lefors passer and the Owls recovered his fumble.

Ramirez and Ivory carried the ball for the Owls but didn't make much yardage, and the ball went back to the Bandits. They ran a touchdown with 4:41 still to be played in the first half, passed complete for the PAT, and went ahead 7-6.

The kickoff was short and the Owls got the ball on the 34. Runs by Jon Garcia and Ramirez moved the ball a little, and Ivory carried to the Lefors 28. Ramirez made a first down on the Bandit 15, then carried to the 10. He carried the a pitchout around left end for the touchdown, and also carried the PAT to give the Owls back the lead, 13-7.

Ramirez kicked off again, and defense was provided by Burson, Hernandez Ivory, Tom Craker and Reed. The ball went over on the Lefors 27, and on the first play Ivory carried a touchdown. There was no PAT, and with 33 seconds on the clock, the Owls moved ahead 19-7.

The Owls kicked off and Ivory was forced to overtake the ball returner from behind to tackle him on the 25. Reed and Craiker provided defense before halftime.

Ramirez kicked off to open the second half of action, and Hernandez recovered a fumble for the Owls. Ivory carried a touchdown with 5:14 remaining in the third quarter. The PAT pass fell incomplete, and the Owls extended their lead to 25-7.

The Owls kicked off again and Lefors took it to the 25 where Ramirez brought it down. Ivory intercepted a Lefors pass and ran to the endzone on a 45-yard return with 3:59 remaining in the third quarter. The PAT pass was incomplete, and the Owls moved into a 31-7 lead.

Lefors started off again, but Landon Fisher recovered a fumble with 3:08 still to be played.

Next play Ramirez ran an apparent touchdown, which was called back due to a penalty against the Owls. Garcia ran for five yards and Burson went over for the touchdown. The PAT pass was incomplete, and the Owls owned a 37-7 score.

Lefors controlled the ball just a little while before it went back to the Owls with 1:16 remaining in the third quarter. This time the Owls lost the ball via the fumble, and Lefors was back in business. They scored with 1:20 remaining on the clock, ran the PAT and narrowed the score to 37-14.

When the Owls got the ball back, Garcia and Burson made a first down on the Lefors four, and the team killed the clock.

Silverton vs. Samnorwood

## Eighth Grade Owls Defeat Spade Here Tuesday Night

Silverton's Eighth Grade Owls played Spade here Tuesday afternoon of last week, taking a resounding 51-27 victory with everyone on the team getting into the action.

Spade kicked off to open the game, and Yance Forbes took the ball to near midfield. On the first play Jeronimo Garcia ran for a first down, and on the second try Gid Mayfield passed to Tanner Young on a halfback option play that went for eight yards. Forbes and Mayfield moved the ball for a first down on the Spade four, and a pass completed to Albert DeLeon was good for a touchdown. The PAT kick failed, but the Owls held a 6-0 lead.

Young kicked off and Spade covered the short kick at the 38. There was a bad snap from center that resulted in a five-yard loss, and Jacob Francis and Joe Olivas kept pouring on the defense until the Longhorns were forced to punt on fourth down.

Forbes took the ball all the way

for a touchdown. The PAT kick was blocked, and with 3:35 remaining in the first quarter, the Owls held a 12-0 lead.

Young kicked off and the Owls held Spade at midfield. On fourth down the Owls recovered a Longhorn fumble on the Silverton 32. Jeronimo Garcia picked up a couple of yards after which Mayfield added about three. Young ran to just outside the goal, and on the next play Forbes carried into the end zone. There was no PAT, and with 7:56 remaining in the second quarter, the Owls held an 18-0 lead.

Mayfield stopped the next play with a shoestring tackle, after which Spade passed complete for a touchdown. Their pass for PAT failed, and the score was narrowed to 18-6.

Mayfield controlled the next kickoff, and Garcia carried the ball a couple of downs to gain six yards, but the ball went over to

Spade at midfield. On the next play Thor Patton recovered a Spade fumble, and the Owls went back on offense.

Mayfield ran for a first down on the Spade seven, after which Garcia carried a touchdown. The pass for PAT was incomplete. With 3:56 remaining in the second quarter, the Owls led 24-6.

The Owls kicked off and Jesse Reynolds stopped the runback at the 35. Joe Olivas and Patton rushed the passer and caused a fumble on the next play. The ball went out of bounds, so the Owls weren't able to recover the ball. On fourth down the Owls blocked the Longhorn punt and Olivas recovered in the end zone for a touchdown. The PAT kick was blocked, and the score became 30-6.

The Owls kicked off and Alanis stopped the runback with 2:40 remaining before halftime. Spade passed for a touchdown with 2:24 remaining in the first half. The PAT pass was incomplete, and the score became 30-12.

Spade kicked off and Alanis took it to the Spade 31. Forbes, Young and Mayfield gained some

yardage, but the ball went over.

Spade threw a couple of short pass completions and on fourth down Mayfield intercepted a Longhorn pass on the Silverton 38. Sixteen ticks remained on the clock.

Young completed a pass to Ramon Martinez and the team picked up a first down with two ticks on the clock. Forbes picked up three more yards before the first half came to a close.

Silverton kicked off to open the second half, and the Longhorns were flagged for holding on the play stopped by Young. Silverton's defense forced a punt on the next series.

Mayfield ran for 12 yards and Garcia carried a 19-yard touchdown. The PAT pass was incomplete, and with 5:09 left in the third quarter, the Owls led 36-12.

When Spade went back on offense, Jorge Alanis abbreviated the series by intercepting a Longhorn pass and carrying it to the Spade four. Thor Patton scored on the next play with 3:34 remaining in the third quarter. The PAT kick was good, and the Owls led 44-12.

Spade ran four plays and out on the next series with jarring defense by Mayfield and Reynolds.

Josh Maciel carried the ball after which Young picked up 15 yards. Patton and Young carried the ball a couple of downs, after which it went back to Spade. On the second play, Ramon Martinez picked up a fumble and ran to the endzone. With 4:14 remaining in the game, Mayfield passed to Jacob Francis for the PAT, and the Owls held a 51-12 lead.

Spade came back and passed for a touchdown with 3:01 remaining on the clock. They ran the PAT, and narrowed the score to 51-19.

The teams exchanged posses-

sions a couple of times, and Spade scored on a fourth-down play with five seconds remaining to be played. They kicked the PAT and narrowed the score to 51-27.

The JV and 8th Grade teams will be playing Amarillo Trinity here beginning at 5:30 today (Oct. 4). The 7th Grade will be playing at Amherst at 5:00.

## Amendments Up For Vote in Nov.

A proposed change to the Texas Constitution would allow the governor to call a special session of the Texas Legislature to appoint members to the Electoral College--if a presidential election in Texas turns into an unresolved conflict, similar to the 2000 election mess in Florida.

On Nov. 6, Texas voters will approve or reject 19 amendments to the Texas Constitution.

If all the amendments are approved, Texas would take on an additional \$3.5 billion in debt for improvements across the state funded by bonds.

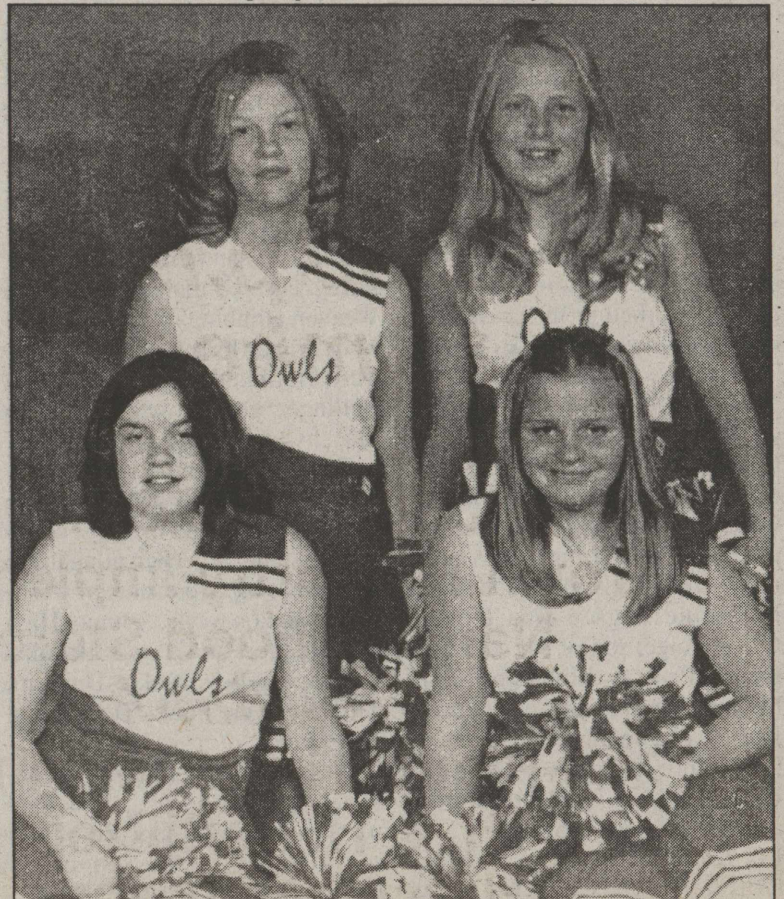

That includes \$2 billion in Texas Water Development Board bonds.

### Are You Doomed to Gain Weight as You Get Older?

While experts cannot agree how much to blame increasing age for weight gain, every middle aged or older person knows maintaining a healthy weight becomes harder every year. This weight gain occurs for many reasons. Weight tends to go up with age because metabolism slows down a little each year but we eat the same amount of calories. Women seem to have more of a problem with weight gain than men, probably because a woman's body normally has more fat and less muscle than a man's. Muscle uses more calories than fat. People with more muscle tend to burn more calories.

Excess weight is hazardous to one's health. Weight gained in the abdominal area is considered to be the most dangerous.

While a tendency to gain weight is inevitable, weight loss is not. Key strategies for weight loss according to the 629 women in the National Weight Control Registry, average age 44 years, who successfully lost an average of 65 pounds and kept it off for 5.5 years are simple. Reduce calories, fat intake, and the size of food portions. Avoid "pig-out foods" and increase physical activity levels.

Does controlling calories mean a starvation diet? No. In fact, losing weight slowly, about 1/2 to two pounds a week, by cutting calories and increasing physical activity produces better results than trying to starve. If the body senses it is being starved, metabolism decreases and cravings for sugar and fat increase. Women in the National Weight Control Registry ate an average of five meals a day, and they did not skip meals.

How can you increase your metabolism, increase muscle mass, and decrease abdominal fat? Two kinds of physical activity help. First, an aerobic activity like walking is important. Adding strength training is the second type.

Whether you try to lose weight by reducing calories or increasing physical activity or both, realize that both are easily given up if you go too fast. Slow and easy produces the best results. According to research, spending enough time getting ready to make the change and learning about your options produces the best results. Having a partner or group to support your changes works best, too.

### WALK ACROSS TEXAS FIVE WEEK UPDATE

Briscoe County Teams are tracking lots of miles across Texas! A couple of teams have made it to South Padre Island and are now on their way back! In fact, the leading team, "Road Warriors," are

more than halfway back with 1163.74 total miles in five weeks!

Also on their way back is the "ASKEBAT" team with an unreported number of miles (they were up to 806.4 miles at the end of last week so they are still in second place).

In a close third and fourth are "Dolls & Guy" with 765.95 miles and "The Early Birds" with 741.3 miles.

"Ankle Express" came in next with 609 total miles followed by "The Sweat & Stress" team with 524 miles.

The seventh through tenth spots are in tight competition with "The Wanna-bes" who have 351.25 miles, "The Nutty Fruits," with 350.2 miles, "The Fairmont Flyers" with 336.5 miles, and the "Fiesty Young Speed Walkers" with 335.45 miles.

Next was "Agape" with 252.2 miles.

Everyone is doing great! Hopefully we're all forming a good habit that we'll carry on even after *Walk Across Texas* has ended on October 15!

## Name Change Becomes An Education in Social Security

by Mary Jane Shanes  
Social Security Manager  
Plainview, Texas

Honeymooners visiting a Social Security office? Never happen. Well, it did happen in our office. The newly-weds were leisurely driving through town when they saw our office and the bride remembered she needed to change her name on her Social Security card, so they stopped by.

Fortunately, the new bride had the marriage certificate and other identifying information with her. Once the name change was completed, she had a question about an apparent error on her earnings record that was reported on her *Social Security Statement*.

On-the-spot measures taken to correct the error led to a discussion of why it was important to make sure her record is accurate. We explained that the bride's future benefits would be based on the earnings posted to her record. The discussion then turned to the importance of Social Security benefits in the young couple's future.

Like many young people, they considered Social Security as just a retirement program that was too far away to think about now. We told them about the protection Social Security disability and survivors insurance provides them and the children they hope to have. With both working and paying into Social Security the family has "double" protection when either spouse qualifies for benefits in case of disability or death. We also reminded them that a worker's Social Security earnings record is portable. Unlike many employee benefit plans, Social Security moves with you from job to job throughout your career.

A quick look at the survivors benefit section of the *Benefit Planners* on Social Security's website, [www.ssa.gov](http://www.ssa.gov), was an "eye-opener" for the newly-weds. They were surprised to learn that a 25-year-old disabled worker with average earnings and a spouse and child could receive more than \$1,700.00 per month in disability benefits. Monthly survivors benefits would be about the same amount.

Before leaving our office, they also looked at the retirement planning tips in the *Benefit Planners* and decided it's never too early to start planning for retirement. Social Security is the base on which they'll build their financial future. We reminded the newly-weds to use the *Social Security Statements* they receive each year as a tool for planning their financial future.

*They give you a round bat and they throw you a round ball. And they tell you to hit it straight.*

--Willie Stargell

# Cotton Market weekly

A Service Provided by Plains Cotton Cooperative Association

The market was mired in the realization that world supplies of cotton will reach record numbers, and consumption could prove to be disappointing due to the slowing global economy. An unexected increase in the USDA agricultural attaché's Chinese crop forecast hit the market hard and deflected bullish ideas tied to potential U. S. crop losses from recent rains.

USDA's attaché in Beijing estimated Chinese cotton production at 23.4 million bales in a report released September 4. The forecast is an increase from the current figure of 22.5 million bales and more than 15 percent greater than the crop produced in the country one year ago. In addition, the Chinese carryover forecast was raised by 1.9 million bales from the last attaché report to 13.3 million bales, far above the most recent official USDA forecast of 11.3 million bales.

"I wan't expecting any big imports from China this year, and now the entire cotton industry knows the country will not be a potential market for the record U. S. crop," one analyst said.

Analysts spent some time this week re-examining the potential crop losses from recent heavy rains in the heart of the U. S. Cotton Belt. Some traders downplayed earlier reports that losses in Louisiana and Mississippi could trim the crop by 1.0 to 1.5 million bales. One analyst said rains in August already were raising yield ideas in the area, so the boll rot and other problems they now are experiencing may only offset those gains. However, another analyst believes the August rains have set the stage for potential crop losses, but the September weather will dictate the size of the weather damage.

Most traders agree that the September 12 USDA supply/demand and crop reports will be "old news," and the true barometer of the cotton outlook may well rest in the October survey and forecasts.

The International Cotton Advisory Committee this week pegged world cotton production in 2001-2002 at a record 95.5 million bales, fully 6.6 million bales larger than a year ago. The committee raised its world cotton consumption figure by only 100,000 bales to 91.5 million. The new estimates still trail USDA numbers by 450,000 bales on the crop and 1.1 million on consumption.

The committee boosted its world ending stocks estimate 3.6 million

bales to 43.4 million, 1.87 million above USDA's forecast, and cut its export projection 1.2 million bales to 27.1 million. Old-crop carryover was placed at 39.41 million bales, a 1.61 million-bale increase.

Meanwhile, traders remain nervous about USDA's current export and domestic use forecast for the next season. They say it may be too optimistic in light of the current economic and currency environment and the many sources looking to sell their share of the world cotton crop.

Additionally, the recent rebound in the U. S. dollar's international value is making U. S. cotton more expensive for worldwide buyers at a time when the price of most overseas cotton has edged down due to increased global stocks and slow trade.

In other news, USDA's export sales figures held no surprises for the market despite the fact that net export sales of U. S. cotton for the week ended August 30 were seven percent below the previous week's sales. Major buyers for the week included Turkey, India and Indonesia.

Spot cotton sales of Texas/Oklahoma/Kansas cotton for the holiday-shortened week ended September 6 also were lower at 6,257 bales, versus 9,295 bales the previous week. Spot cotton prices on the online trading system for the week occurred within a range of 31.37 to 32.70 cents per pound compared to 31.12 to 32.75 cents per pound the prior week.

## Gene Watson To Play Concert in Turkey Nov. 10

The Turkey Heritage Foundation will present Gene Watson and His Farewell Party Band in concert Saturday, November 10, 2001, at 7:00 p.m. at the Turkey High School Gym.

Tickets are \$15.00 each.

You may call 806-423-1273 or send check or money order to Turkey Heritage Foundation, P. O. Box 74, Turkey, Texas 79261.

A brisket supper will be served beginning at 4:00 p.m.

*The first U. S. patent awarded for a plant was given to Henry F. Bosenberg for a climbing rose called New Dawn, which blooms successively throughout the season.*

## Having God's Peace

*Peace I leave with you,  
my peace I give unto you: not as the  
world giveth, give I unto you.*

K.J.V. John 14:27

One definition of peace is "freedom from anxiety," and it seems that it is becoming increasingly more difficult to be stress-free and at peace with ourselves in our daily lives. The world is full of anxieties, and if we are only at peace when things go well, chances are that we may never have real, lasting peace. The Bible tells us that if we have been put right with God through faith, we have peace with God through our Lord Jesus Christ (Romans 5:1). Everyone goes through trying times, and the way we handle these situations reflects whether or not we have the peace that comes from God, because Man's peace is temporary and short-lived. I believe we have all known people who have been at peace through some very difficult situations. Their love and trust in God seems to sustain them when they are faced with a crisis, and they believe that God loves them and will see them through difficult times. Our relationship with our Heavenly father requires nurturing and love.

### Friendship Quilters News & Notes by Bobby Bean

Nearly all of the quilters were present last week. Ann Norris, Nadyne Childress, Bobby Bean, Ada Clay, Oleta Warren, Wanda Strange, Mary Burson, Ruby McWaters, Lallie Patton, Laverne Stephens, Juanita Howard and Sybil King quilted. We finished Sybil's quilt. Ada had a friend who visited us.

There were over 60 in attendance at the Senior Citizen Luncheon. The Ragtime Dollies presented a very interesting program.

Minnie Pearl did a beautiful dance and song routine. Ernestine had a little trouble keeping her guitar in tune with the piano.

They are in great demand. I think they are booked solid, though. (They may have one opening.) Don't miss hearing them if you have another opportunity. You will enjoy seeing their costumes if you don't particularly like their type of singing. It was a fun time.

We put up Ann's quilt and will probably finish Laverne's next time. Those present this week were Ada, Oleta, Bobbye, Sybil, Wanda, Mary, Nadyne, Juanita, Ann and Lallie. Laverne had the misfortune of getting her finger caught in a trailer gate and had to have stitches. It will be a while before she can quilt.

*The spice, cumin, is part of the carrot family. In ancient Rome it was believed that if it was fed to lovers they would remain faithful.*

*In 1610 a bridge was built in Lima, Peru that used a mortar that was mixed, not with water, but with the whites of 10,000 eggs. It is called the Bridge of Eggs.*

*How can you think and hit at the same time? --Yogi Berra*
