**RESIDENT DIES SUNDAY**  
**DEXTER, N. M.**

Merchant, Brother of Buried Residents, Died Tuesday

Merchant, 71, who will be remembered as a former resident of Cottonwood community in Dexter, N. M., following illness for the past several years. He died Sunday night at his home here, suffering with the affliction.

Funeral services were held at the Baptist Church in Dexter at 2:30, with the minister officiating, assisted by the pastor of the Dexter Baptist Church.

He had been a resident of Dexter for the past 16 years. He was a member of the Baptist Church in Haskell county in Dexter, N. M., when he moved to Reagan later settling in New

survivors include children, five sons, Ona, Hoyt, Earl and Barton, and daughters, Misses and Elaine Merchant, all her four brothers, Arthur, Earl, and two sons, Earl and two sisters Mrs. J. W. Haskell and Mrs. Viola Haskell.

**Rainfall General In Area On Monday**

Rainfall in more than five inches generally over this section of morning, resulting in relief to crops and gardens but noticeable decline in temperatures which prevailed since August.

#### WORK RESUMED ON COUNTY HOSPITAL BUILDING MONDAY

Contractors Expect Several Months To Be Required For Completion

Construction work was resumed this week on the Haskell county hospital building, after all complications resulting from acceptance of a PWA grant had been "ironed out". Contract on the building is held by Higgins & Higgins, Oklahoma City contractors, who state that building activities will be pushed as rapidly as possible, although several months will be required to complete the building.

First work on the building was started last spring and later was halted when a PWA grant was allowed, which made available funds for a larger building. After a second contract had been awarded, PWA officials held up the grant. Final approval was secured and approximately \$35,000 of PWA funds made available after County Judge Conner conferred personally with administration officials in Washington.

#### Petit Jurors Summoned For District Court

The following list of persons have been summoned to appear Monday Oct. 17th at 9 o'clock a. m., to serve as Petit Jurors during the fourth week of current District Court term:

C. H. White, Rochester; I. V. Marrs, Haskell; Dock Lott, Rule; Jess Leonard, Rule; A. C. Chamberlain, Haskell; Earl Hanson, Rochester; Elmer Wheatley, Haskell; G. A. Gauntt, Rochester; Frank Draper, Haskell; G. L. Dedman, Rochester; Guy Collins, Haskell; K. K. Kirkpatrick, Haskell; Alford Force, Haskell; Ogle Robertson, Rochester; M. E. Overton, Haskell.

Tom Holland, Haskell; A. B. Michael, Rochester; J. Elmore Smith, Haskell; J. C. Holt, Haskell; Calvin Frierson, O'Brien; A. D. Heath, Haskell; E. B. Calloway, Haskell; Mark Wadzeck, Rochester; H. C. Neinst, Sagerton; Scott W. Green, Haskell; M. P. Wilson, Rule; Stanley Furr, Haskell; S. A. Norris, Haskell; E. H. Baugh, Rule; Jim Jenkins, Knox City; W. D. Payne, Rule; R. W. Herren Jr., Haskell; O. Wald Cole, Rule.

#### 12,613 Bales Cotton Ginned To October 1

According to the report of W. P. Trice, special agent for the United States department of commerce, a total of 12,613 bales of cotton were ginned in Haskell county from the crop of 1938 prior to Oct. 1st, as compared with 13,331 bales for the crop of 1937 on the same date.

#### Twenty Nabbed By Officer In Raid Saturday Night

Constable J. H. Ivey of this city probably holds the record for the largest "group" arrest of the current cotton-picking season. Saturday night the officer rounded up twenty persons who were taking part or watching a dice game in progress at a farmhouse near O'Brien. The group consisted almost entirely of negro cotton-pickers, with three white men in the party.

Charges of gambling were filed against each member of the group in Justice Court.

#### Will Take Part In Fair Queen's Pageant

#### COUNTY ADVISORY BOARD OF N. Y. A. MEETS THIS WEEK

Several Local Projects Are Outlined By District Supervisor

A meeting of the NYA advisory board of Haskell county was held recently in the office of County Judge Charlie Conner, at which time Ted Weaver, district supervisor appointed for four counties in this area, discussed the NYA program outlined for this county.

Members of the county advisory board are: Dennis P. Ratliff, Haskell; D. H. Persons, Haskell; D. R. Brown, Rochester; F. L. Daugherty, Haskell; Mrs. J. U. Fields, Haskell; J. G. Westert, Haskell; H. T. Sullivan, Westert; Charlie Conner, Haskell; Mrs. Kate Perdue, Haskell; Matt Graham, Haskell; and County Agent G. R. Schumann.

The Resident Project at Buchanan Dam was discussed at length during the meeting and the local board is planning to send several boys to this project about November 1st.

A soil conservation project has been approved for Haskell county which will provide employment for approximately 12 boys and will operate under the supervision of County Agent Schumann, it was announced at the meeting.

#### Gypsy Ramblers Sponsor Tag Day for Local Clinic

As their contribution to a worthy civic cause, the Gypsy Ramblers, students High School organization, will sponsor a city-wide "Tag Day" for contributions to the United Charities Clinic on Saturday of this week.

Members of the organization will canvass the business section throughout the day for contributions, and each donor will be presented a tag of identification as a contributor. All proceeds from the tag sales will go to the United Charities Clinic maintained in this city.

Contributions will be accepted in any sum proffered by the donors, and the High School group will endeavor to contact everyone in Haskell during the day. The school students have volunteered their services to help a worthy cause strictly as a civic undertaking in the hope of a generous response from the local citizenship.

Judge and Mrs. C. M. Conner and daughter, Jean, attended Parent's Day celebration at Lubbock Tech this past week end and visited with their daughter, Geraldine, who is a student in that college. This occasion was attended by approximately five hundred parents of Tech students.

These two groups of lovely children who took part in the pageant last week to select the "Queen of the Central West Texas Fair" will also appear in the outdoor pageant to be held for the coronation ceremony Wednesday night, Oct. 19th.

#### FAIR QUEEN PAGEANT PRESENTED THURSDAY

Name of Young Woman Selected for Honor To Be Announced Oct. 19

Twenty-six young women of this city, nominated as Duchesse representatives Haskell business firms for the title of Queen of the Central West Texas Fair were presented in a colorful pageant staged at the Texas Theatre Thursday night of last week under the supervision of Mrs. Opal Richey and Mrs. W. P. Trice.

Also taking part in the elaborately arranged program was a large group of children who will have a part in the coronation ceremony on the night of Oct. 19th. Special features on the evening's program included vocal numbers by Mrs. Gene Overton, Phillip Cadenhead, Jr., and tap dances by Neil Warren, Josephine Parrish and Betty Oates.

Selection of the Duchesse who will be crowned Queen of the 1938 exposition, together with her Ladies-in-Waiting, was made by three out-of-town judges. Announcement of the young ladies chosen will be made on opening day of the Fair, Oct. 19.

Duchesses and the business firms they represented were:

#### INDIANS TO RESUME FOOTBALL SCHEDULE HERE FRIDAY NIGHT

Ablene Eagles "B" Team Are Opponents for Non-Conference Game

After a two weeks' respite, which has been devoted to a stiff training schedule, the Haskell Indians will resume their 1938 schedule here tonight when they meet the Abilene Eagles "B" team in a non-conference game at Indian stadium.

Coaches Mason and Whitaker expect the Indians to be up against the strongest team they will face this season, due to the wealth of material has resulted in the Eagles second string squad including a number of seasoned veterans.

The Indians have played only one conference game of the 1938 schedule, defeating Munday 39-0 on Sept. 23. In four games this season the Indians have won three, losing their first game to Crowell. The locals have scored a total of 70 points to their opponents 13 in the four games.

#### PROMINENT O'BRIEN FARMER DIES AFTER TEN-DAYS ILLNESS

Final Rites Held Monday For Wm. W. Cowley, 41, In Knox City

Following a ten-days illness, William W. Cowley, 41, well-known farmer of the O'Brien section and a native of Haskell county, died Sunday night Oct. 9th in the Knox City hospital.

Funeral rites were held Monday afternoon at 4 o'clock from the First Baptist Church in Knox City, with the pastor, Rev. East officiating, assisted by Rev. Mitchell, minister of the Holiness Church in Rochester. Interment was in the Knox City cemetery, with arrangements in charge of Holden's Funeral Home, Haskell. Active pallbearers were R. D. Burleson, Elmer Burleson, M. F. Speck, Woodrow Wadzeck, M. F. Emerson, Luther Highnote.

William Warren Cowley was born April 3, 1897, the son of Mr. and Mrs. B. T. Cowley, early-day Haskell residents, and practically his entire lifetime was spent in this county and section, where he had engaged in farming after reaching manhood. He united with the Baptist church as a young man and was a respected member and leader in his chosen church throughout his lifetime.

Immediate survivors include his widow, five daughters, Mrs. Ouida May, Gloria June and Pauline Cowley, and two sons, B. F. and Rocky Cowley, all of O'Brien; a stepdaughter, Barbara Ann Baker of O'Brien; his mother, Mrs. B. T. Cowley of Haskell; a sister Mrs. Luther Moser Highnote, Haskell; a brother Dr. B. F. Cowley of Higgins, Texas; and a nephew, R. H. Moser of Morse, Texas.

#### Purse and Money Awaits Claimant At This Office

A leather billfold containing identification cards and currency, believed lost by a young man who was given a "lift" into Haskell early this week by Felix Klose and A. A. Stewert, farmers living east of town, has been left at this office pending identification and claiming by the owner.

Klose and Stewert stated that the two youths accosted them on the Throckmorton highway, asking to ride into Haskell. The youths left the car when the party reached town, and the purse and money was not noticed until a few minutes afterwards, in the rear seat of the automobile. Efforts to find the young men around the square failed and the billfold was left at this office for claiming by its owner.

Mrs. John E. Fouts spent the week-end in Lubbock where she attended Parents Day at Lubbock Tech.

#### BOND FOR FILLING STATION OPERATOR IS SET AT \$10,000

#### MORE CHECKS FOR HASKELL FARMERS ARE DISTRIBUTED

Payments of \$39,426 This Week Brings Total To \$263,329.02

Checks amounting to \$39,426.27 were distributed to Haskell county farmers this week as subsidy payment for compliance with the 1937 agricultural program, bringing the total amount received in Haskell county to date to \$263,329.02.

Payments have been made covering 1,306 farms in the county, which represents slightly more than one-half the farms complying last year, according to County Agent G. R. Schumann. It is estimated that approximately \$400,000 will be paid to Haskell county farmers for their part in the 1937 program of acreage reduction and soil conservation.

Mr. Schumann stated that when additional checks were received, farmers would be notified by card to call for their payments.

#### Terrace Surveys Now Available On Farms In County

Haskell county farmers who want terracing or contour lines run on their farms this Fall are requested to make their needs known to County Agent Schumann at an early date. Mr. Schumann states that his office is now in a position to supervise work of running terrace lines for a large number of farms in this county in the near future, through setting up of a NYA project which has been approved for Haskell county. Youths eligible for NYA part-time employment will assist the County Agent in running lines for terraces or contours on farmlands.

It is likely that the work will be carried out in the order in which applications are received, hence all farmers contemplating terracing this fall are requested to contact the county agent's office as early as possible, in order that work may be started immediately.

#### Texas Theatre Books Feature Films For Week

On the schedule for showing in the Texas Theatre, Server Leon, owner, announces that he has booked a variety of entertainment to please all the picture-going public during Fair Week. On Tuesday, Guest Nite, "Sons of the Legion", Paramount's latest triumph featuring Donald O'Connor the new child actor. On Wednesday only "Campus Confessions", a college story with a new twist, having basketball as the featured sport. On Thursday only the comedy hit of the year, "Blackheads", with Oliver Hardy and Stan Laurel. To conclude the program the Texas Theatre presents Wallace Beery in "Port of Seven Seas" on Friday and Saturday.

Each of these pictures is the finest in its class and supported by selected shorts. You will enjoy them all but be sure to see the one particular to your liking.

#### Wheat Allotments for 1939 Mailed to Local Farmers

The 1939 wheat allotments, as approved by the state committee at College Station were mailed this week to farmers of Haskell county from the office of County Agent Schumann. The allotments were worked out for all individual farms in the county on which grain has been produced during past years.

Mmes. John Rike and Wallace Cox and son, Wallace Jr., visited Mrs. Cox's mother, Mrs. S. A. Chambers in Abilene Tuesday.

#### W. H. Tysinger Admits Slaying of John Yancey in Debt Argument

Because he had defaulted in the payment of a debt owed W. H. Tysinger, the 77-year-old filling station operator of this city, shot and killed John Yancey last Sunday afternoon when the latter came to his place and Tysinger thought Yancey had come to "start trouble", he told county officers who were called to investigate when Yancey was reported fatally injured in a shooting scrape which assertedly occurred in the vicinity of Tysinger's small filling station Sunday about 5 p. m.

Sheriff Giles Kemp and Deputy Riley Lewellen found Yancey dead from a bullet wound, his body lying some twenty or thirty feet west of Tysinger's station. The station proprietor submitted to arrest willingly, and surrendered to officers a .38 caliber automatic, allegedly used in the shooting. One bullet from the revolver had been fired, Sheriff Kemp said.

Examination of Yancey's body at the Holden undertaking home disclosed that a bullet from a revolver had pierced his left chest, directly above the heart, causing almost instant death.

A search of the small filling station conducted immediately after the occurrence was reported, resulted in the finding of a .410 gauge shotgun, loaded, and a revolver also fully loaded, according to a report made by State Highway Patrolman M. F. Ryerson and Deputy Lewellen.

A number of witnesses were questioned by District Attorney Ben Charlie Chapman concerning the killing. Among these were A. J. Wilson, Felix Miller, Leonard Banks, and J. B. Miller, all of whom said in signed statements that they witnessed the tragedy.

Wilson asserted that he was "visiting" with Tysinger when a car drove up near the station driveway, and he followed Tysinger when the latter walked out of the station.

Yancey, Banks, Miller and Miller drove their car to a stop west of the station, witnesses said, in their statements to officers. Meanwhile, Tysinger had come to the front of his station. When Yancey stepped out of the car, Tysinger advanced toward the car, and several words passed between them, bystanders said. An instant later, Tysinger drew a revolver and fired once. Yancey staggered several feet, then fell near his car, attempting to grasp a fender as support. He was dead when companions in the car reached him.

Witnesses of the slaying were questioned at length by District Attorney Chapman, and Yancey's widow also was questioned. In her statement to the officers, Mrs. Yancey asserted that Tysinger had "threatened her husband's life previous to the tragedy Sunday."

Tysinger also gave a signed statement to officers, in which he admitted firing upon Yancey when the latter approached his station Sunday. Previously, the two men had engaged in a dispute over a debt, Tysinger asserted.

A murder complaint was preferred against Tysinger, signed by a member of the sheriff's department, and the defendant was arraigned before Justice of the Peace Bruce Clift. Bond was fixed at \$10,000 to await action of the Grand Jury, and Tysinger was remanded to jail when he was unable to perfect bond in this amount.

Funeral Rites Held for Victim Tuesday

Funeral services for Yancey were held Tuesday afternoon at the graveside in Willow Cemetery, with Rev. C. H. Echols, minister of the Assembly of God Church in this city officiating. Funeral arrangements were in charge of Holden's funeral home. Pallbearers were M. B. Watson, Ben Gardner, Erman Whitaker, Ree Robertson and Garland Orr.

Yancey, a resident of Haskell county since 1903, is survived by his widow, two sons, George Yancey of Princeton, Texas; John Yancey Jr., of Dallas; three brothers, Grade and Dave Yancey of Fort Worth and Bishop Yancey, Denton; and four sisters, Mrs. Will Starr, Gainesville; Mrs. E. W. Oliver, Denton; Mrs. George Payne, Denton; Mrs. Steve Letlar, Fort-tales, N. M.

Mrs. J. M. Diggs spent the week end in Lubbock visiting her children Mary Eleanor and Milan who are attending Tech this term.

Bert Welsh made a business trip to Abilene Monday.

Miss Hazel Wilson spent the week end in Stamford visiting with friends.

### CHURCHES

**CHURCH OF CHRIST**  
 J. G. Malphurs, Minister

The church is "the pillar and ground of the truth." (1 Tim. 15). For many centuries she has contended for that which is true, for

all that is pure and for the best interest of man, whether it be for his occupation, his home or his soul. The man who refuses her teaching abides in darkness; he who rejects her spiritual food is starving his soul; and he who carelessly permits himself to be absent from her hours of prayer and praise aligns himself with her enemies, who would blot the church out of existence and turn the nation back to the paganism of

two thousand years ago. He who refuses to do his duty as a part of the church is no better than those who sit in the seat of scroffers. The man who is too busy to attend an hour of prayer and praise once a week is too busy to be saved. We are enjoying fine attendance. We would be glad to have you visit the services which we offer to the Lord. Next Lord's day we complete the series of sermons on First Corinthians. For the even-

ing hour, 7:45, the subject will be "Let Us Alone," the fifth sermon of a series on Israel's redemption from Egyptian bondage. "I was glad when they said unto me, Let us go unto the house of the Lord." (Ps. 122:1).

Lester Oldham of the U. S. is stationed at San Francisco. He is spending his furlough with brothers Clarence and John ham and families. Matt Graham, C. B. Bred and I. J. Duff made a business to Austin this week. They were accompanied by Mrs. D. H. Pease who visited her daughter, Sue, who is a student in University.

## This All-Electric Kitchen Trailer to Be on Exhibit

# Let's All Go To The Fair!

Reddy Kilowatt, Your Electric Servant, brings best wishes for the success of the Central West Texas Fair and announces that he'll be on hand to help entertain all the folks. He'll bring the ALL-ELECTRIC kitchen trailer and set it up right on the grounds. A public address system will be available for all official announcements and to help locate mamas and papas' old children - which in itself is a big job at any fair!

The big trailer has a broadcasting studio, all-electric kitchen completely equipped with modern electric servants showing how bright and clean and convenient a kitchen OUGHT to be, and a lounge demonstrating new model I-E-S lamps. A real radio broadcast over Station KRBC is planned at 5:15 p. m. on the opening day of the Fair and everybody is invited to watch—and listen over the loud speakers. Be sure to be there!

"I'll Be There, too, Folks!"

Radio Broadcast from Trailer Studio Station KRBC, 5:15-5:45 P. M., Oct. 19. Amateur contests scheduled nightly 7 P. M. Prizes to winners.

### DON'T SUFFER MAY FEVER OR ASTHMA Symptoms

Don't suffer a life-long trying a doctor's treatment for symptoms of either hay fever or bronchial asthma (or both) that has been in use for more than 25 years with a record of enduring relief in thousands of cases. Consult in and see us about Dr. Payne's Prescription No. 1000000 of habit-forming drugs and is safely taken by children. May be used under a money-back guarantee.

 Will be paid by the manufacturer for any CORN, GREAT CHRISTOPHER Corn Remedy cannot remove. Also removes Warts and Callouses. 35c at Oates Drug Store.

**Why an Oil Range and WHY A PERFECTION**  
 WHEN you buy a range of any type, you want, first of all, performance. But you also want attractive appearance, and ECONOMY. That's why Perfection Oil Ranges are so popular. Be sure to ask friends who own one about its performance and operating cost. Be sure also, to learn about the clean, fast High-Power burners which can be set for just the degree of heat you want, and about the baking results obtained with the "Live-Heat" Perfection oven that cannot be equalled by an unvented oven. Come in and see the beautiful porcelain enameled range shown above and the other Perfections, two to five burners. Liberal trade-in allowance on your old stove.  
 Convenient Payment Plan  
**KIZZIAR BROS. AUTO SUPPLY**  
 1st Door South of Post Office

## West Texas Utilities Company

### Selling the Surplus

RICHARDSON, Secretary of the Feeder Association, says that wheat and wheat are bringing high returns. Both are new products, for both require processing before being consumed. The farmer who chooses the small sort of cotton can use for lint and quilts, and what he uses for seed or to sell them in raw form market. He does not have to worry in the matter of selling and forage. Grains and forage do not go to a distant and factory for processing into human consumption. And poultry are the farm's in the factory. Prices a bushel of corn hide will bring more than double what it brings on the market.

With a surplus of feed on hand the farmer is interested in selling it to the best possible advantage. The type of feed, the proportion of grain and roughage, and the pastures available, determine the sort of livestock best adapted to the circumstances. If there is a high percentage of grazing on pastures or crop residues cattle or sheep are indicated. The same is true if the feed crop consists largely of grain sorghums which carry a large proportion of good roughage. You want to sell the whole crop, not merely the grain part of it.

Dairy cattle will usually pay most for green grazing and silage, with the concentrates necessary to balance the ration. Beef cattle and sheep come next in the utilization of stlage and pasturage, and unless the grain supply is sufficient to fatten them out for market, stock cows and ewes are better for the purpose than feeder calves or lambs.

When grain predominates in the feed supply hogs and poultry offer the best outlet. Roughly speaking five pounds to six pounds of grain (whole and in mash form) will produce a dozen eggs, or a pound of turkey. Four to seven pounds of sorghum grains (depending on the protein supplement used and feeding practices) will make a pound of pork on foot. Ten bushels of corn, for which Texas farmers were being paid 25 to 33 cents at harvest time, with proper management would become 100 pounds of pork worth twice to three times the cash grain price.

A certain small north Texas blackland community has shipped more than forty carloads of shelled corn, bringing the growers less than \$250 per car, or about \$10,000. Turned into pork under good feeding methods each carload of corn would have made 7,000 pounds of pork, worth at the time \$560 or better on the Fort Worth market.

Half the potential returns to both the individual farmers and to the community as a whole were lost by selling a raw product instead of a finished product, and the community is \$10,000 poorer than it could have been had it raised the hogs to eat the corn. Last summer at oat harvest the same thing happened, and thousands of farmers in hundreds of Southwestern communities regularly throw away a part of their year's work by quitting too soon. We quit too soon whenever we stop short of manufacturing feed into its highest product before offering it for sale. As shelled corn the farmers in the community above mentioned probably got no more than \$10 to \$13 per acre for their labor and rent of the land. In the form of live hogs and its products they might as well grossed two to three times as much, with good pay for the extra labor of feeding and caring for the animals.

A common mistake in buying livestock for feeding is to buy animals which lack feeding quality and capacity. The other extreme is to pay heavily for high class animals. The amateur feeder should leave the fancy stuff to experienced men but should avoid starting at the other extreme because scrub are cheap.

Mrs. William Ratliff and children visited her mother, Mrs. R. R. Grant in Ardmore Saturday. They were accompanied home by Miss Frances Grant who spent the week end in Haskell. Mrs. Grant and children visited in Haskell over Sunday.

WORDS & PICTURES

Around the World

By William LaVarre

An Insect Cinderella

SCOTT says, as nature ordains, you have beautiful and useful insects. You must not poison the life and waste of nature. You must not kill insects which are useful to you. You must not kill insects which are beautiful. You must not kill insects which are useful to your friends. Insects are started off to let all his friends know that he is a good citizen.

### Silver States Shows Will Be Carnival

Attraction at Central West Texas Fair

Presenting a gala and colorful array of equipment built for fun, the Silver States Shows will arrive in Haskell Monday, Oct. 17, to open a full week's engagement as one of the feature attractions of the Central West Texas Fair, Oct. 19th to 22nd.

Featured in the new equipment carried with the carnival this year will be 12 different shows, 10 of the latest riding devices, and 40 novel concessions—employing a total of 300 people.

In one of the most sensational and death defying performances presented this season, the Silver States Shows will present a free act on the midway featuring "Daredevil Daniels," the only man in the world to do a Roman Ring act 130 feet above the ground without a safety device of any kind. Daniels is booked through the Lew Rosenthal agency of St. Louis and has been the feature act for this agency in all of its large fairs throughout the Eastern circuit, including such well-known exhibitions as the Detroit Free Fair, Detroit, Mich., Milwaukee (Wis.) Fair, and others.

Among the feature shows to be seen on the midway will be Murad Kareem, the "Hindoo Fakir"—which the boys in the trade say is something different. Murad was one of the feature attractions with the San Diego exposition in California.

Another stellar attraction is Milo Anthony's Congress of Wonders, which is the largest single unit carried by the Silver State Shows and boasts 17 live freaks of nature. Listed among the exhibits are Ho-Jo, the "ostrich boy," twice featured in Ripley's Believe It or Not column; a family of Pin Heads with none having a head larger than a silver dollar, and the Alligator Girl with skin like that of an alligator.

Headlining a list of shows is Captain Frankie and his two World-famous dogs, Ron - Ton, grandson of the famous movie dog, Rin-Tin-Tin, and Bingo, grandson of Strong-Heart—equally famous in the cinema world.

These two dogs topped the bill at the Beacon theatre in Winnipeg this summer and when they were brought into the United States, customs officials valued the pair at \$40,000.

Bingo, the senior member of this act, is the only dog in the world to walk a single slack wire. Bingo also has the honor of holding two life-saving medals and the animal has been featured on radio broadcasts from major California radio stations.

News feature of the Silver States Shows is the Fan Dance Show, which joined the carnival in Nebraska earlier this year. The show had been playing in the east.

Prof. J. R. Marcus, graduate of the national school of chiromancy and palmistry of London, England will also appear on the carnival midway. He has appeared at several command performances before rulers of foreign countries.

Miss Maggie Cole spent the week end in Rule visiting relatives.

Leonard Ross of Bryson is now employed in Oates Drug Store of this city.

### Future Health Is Guarded Through P. W. A. Projects

The Public Works Administration has assisted in financing over 620 projects which directly affect the health of residents in the seven-state Fifth Region of the P.W.A. It was reported last week at a meeting of public health officials in Oklahoma City. The projects include waterworks, filtration plants, sanitary sewers, hospitals, laboratories and other related projects.

Haskell county has benefitted from the PWA program in a large measure during the past few years through assistance granted in improving and extending the municipal water system in this city, and the building of modern school buildings in Haskell, Weinert, Rochester and O'Brien. Probably the most important project is the Haskell county hospital, now under construction. A PWA grant will make possible one of the most modern hospital units in West Texas.

It was announced that since the beginning of the Public Works Administration it has assisted in financing 431 waterworks and water distribution projects in the states of Arkansas, Colorado, Kansas, Louisiana, New Mexico, Oklahoma and Texas. In addition 149 sewerage systems, disposal plants, and drainage projects have been completed or are under construction in these states, forty hospitals, clinics, and laboratories also received PWA financing.

Many communities which previously had not had the benefits of publicly owned waterworks systems have obtained such systems through PWA assistance. In several cases small communities incorporated in order to obtain waterworks. In other cases cities were enabled to expend their water facilities and sources of supply, as well as install plants for filtration and treatment of the water supply. This, it was said, has been one of the most important contributions of the PWA to public health.

New sewerage and disposal plants as well as extensions of present facilities in many cities have also aided in reducing possible danger from such diseases as typhoid fever.

Hospitals built and now under construction with PWA aid range in size from the great \$13,000,000 Charity hospital at New Orleans to small twenty-five-bed structures in semi-rural communities. The Public Works Administration has also helped finance the purchase of modern and up-to-date equipment for these hospitals.

At the time of the census of 1930, many states in the present PWA Fifth Region were under-hospitalized although one of the states, Colorado, has the highest ratio of hospital beds to the population in the United States. Kansas, Oklahoma, Texas, Arkansas and Louisiana ranked among the lowest group of states in the number of beds per 1000 population. In the five years of the Public Works

## Large Number Trench Silos Being Filled

There will be at least 15,000 trench silos filled in Texas in 1938, and there is a possibility that the figure will reach 20,000, reports from county agriculture agents indicate. Slightly more than 10,000 were filled in 1937.

If the figure reaches 20,000, 1938 will mark the eighth consecutive year in which the number of trench silos in the state has doubled over the previous season's totals.

"There have been good feed crops over most of the state, but the big thing is that farmers have found the trench silo the cheapest and best way of storing feed, and that county agents, vocational teachers, bankers, business men, and civic organizations have all pushed the trench silo idea," E. R. Eudaly, dairyman of the Texas A. & M. College Extension Service, pointed out in explaining the rapid increase in the use of the trench silo.

"I understand, for instance, that the Farm Security Administration is urging all its clients to dig and fill trenches."

An outstanding example of the spread of the trench silo method is found in Fisher county, where 80 trenches were filled in 1937. So far in 1938 over 350 have been filled, and indications are that the number will reach 500 by the end of the harvest season.

"The trench silo is about the only way to store grain in those sections of the state where weevils do so much damage," Eudaly said. In Willacy county, combines have been used to harvest a large grain sorghum crop and the grain has been placed in trench silos for future use.

Weevils, or fire, wind, dust, rats, floods or time itself can't hurt the feed once it's in a trench silo," the dairyman commented.

Paul Bullard of Rochester was a business visitor in Haskell Thursday morning.

## POPULAR QUARTET WILL SING AT M. E. CHURCH SUNDAY NIGHT

The "Golden Harmony Boys" will sing several numbers at the Sunday night "Fellowship Hour" at the Haskell Methodist Church Sunday at 7:30 p. m. This popular quartet is composed of Hallie Chapman, of Haskell; T. D. McKinney of Goree, Bailey Guess of Weinert and Leonard Force of Haskell. "This policy of bringing the best popular talent we can find in the town and county to these Sunday night services is to be continued for several weeks," was the pastor's comment and invitation to the public.

The Board of Regions Education is happy to announce the selection of Mr. C. C. Banks as teacher and Scott Whitaker as adult counselor and Miss Madge Leon as president of the young people's department. An attractive program is planned for Sunday.

The attendance still holds up at a considerably higher figure in all departments of church work and all church services than at a similar date last year.

## Dinner Marks Formal Opening of Harmony Club For Club Year

A dinner in the Tonkawa Coffee Shop marked the formal opening of the Harmony Club Wednesday evening. Tables centered with red and white verberna with fern and queen's wreath, were laid for a three-course dinner.

Mrs. Carl Power, president of the club acted as toast mistress for the occasion. After extending greetings from the club, she introduced the following officers for the year: First Vice President, Mrs. D. Scott; Second Vice-President, Mrs. John A. Willoughby; Record-

ing Secretary, Mrs. B. M. Whitaker, Corresponding Secretary, Mrs. J. A. Shriver; Treasurer, Mrs. Tommie B. Hawkins; Chorus Director, Mrs. Bert Welsh; Accompanist, Mrs. M. H. Post; Reporter, Mrs. R. L. Harrison; Critic, Mrs. T. C. Cahill; Parliamentarian and Historian, Mrs. C. L. Lewis.

Serving on the program were: Mrs. Orb Coffman of Gove who sang, "The House by the Side of the Sea", "The Cherry Tree", and "Blue Danube" accompanied by Mr. McDonald of Munday. Mrs. B. M. Whitaker read one of her original poems. Mrs. Byron Lewis of Stamford, district president gave a talk on "Highlights of the Federation of Music Clubs". Mrs. Reginald Baird also from Stamford was a guest of the club.

Members present were: Mmes. Carl Ar buckle, T. C. Cahill, F. E. Cook, Ira Hester, R. L. Harrison, Tommie B. Hawkins, W. N. Herndon, Ernest Kimbrough, M. H. Post, Carl Power, F. M. Squyres, John

A. Willoughby, B. M. Whitaker, Bert Welsh, C. L. Lewis, O. E. Patterson, Wayne Koonce, Dr. Gertrude Robinson and Miss Jessie Vick

## Menefee Bible Class Enjoys Steak Fry At Rice Springs Park

Members of the Menefee Bible Class of the Methodist Church enjoyed a steak fry at the Rice Springs Park Wednesday night. Invited guests for the occasion were their husbands and the Rev. and Mrs. R. N. Huckabee. Members who were present were: Messrs. and Mmes. John Rike, Kenneth Thornton, Wallace Cox, Matt Graham, Marvin Bryan, Walter Murchison, Dr. and Mrs. T. W. Williams, Mmes. John Oates, J. R. Cooper, Irene Ballard, M. D. Crow, Guy Mays, Miss Ruby Fitzgerald and the teacher, Emory Menefee.

S. Hassen made a business trip to Sulphur, Okla., this week.

## Scientists Measure And Control Vitamins For Modern Chickens

Gray Summit, Mo.—Few things are conspicuous by their absence. But vitamins are among the few that are, since a great deal of vitamin knowledge has been brought about by showing what happens when vitamins are not present. Here at the Purina Experimental Farm thousands of tests have been run on poultry of all ages. Sometimes an abundance of vitamins has been included. Other times feeds lacking in vitamins have been fed. These experiments have disclosed some interesting nutritional facts. Weak legs, poor feathering, retarded growth, bronchial troubles, poor pigmentation, lowered production, disease and infection have all been accounted for by lack of the proper vitamins in poultry feed.

**Poultry Need Vitamins**  
The most important vitamins in poultry feeding are Vitamins A, D, and G. They are most important because they are most likely not to be present in sufficient amounts to promote growth and health.

The process of counting or measuring vitamins is a tedious and expensive one, and only feed manufacturers equipped with complete biological laboratories, trained scientists, and plenty of animals to experiment with can make commercial use of the present-day knowledge of vitamins.

**Vitamin Control New**  
Vitamin control in poultry feeds is relatively new. Vitamins were discovered about 22 years ago, but most of the usable knowledge about them has come to the front since 1920. In 1935 Purina scientists were able to announce that a new Vita-

Vitamin A can now be measured through a machine called the "spectrophotometer."

min A concentrate had been discovered and could be efficiently and economically added to poultry feeds to improve livability, growth, pigmentation, and laying. Purina laying mashers were stepped up 2 1/2 times in Vitamin A content by the addition of Puratene, which contains Carotene, the vegetable form of Vitamin A.

**Vitamin A Essential**  
Vitamin A is needed by baby chicks, growing pullets, and layers. Especially do laying hens need plenty of Vitamin A to keep up production through winter months. Abundance of Vitamin A in the laying mash prevents breakdown among birds and cuts mortality among the flock. Pullets that have been grown out on a feed containing sufficient amounts of Vitamin A go into the laying house with strong, well-developed bodies and are able to keep up heavy production without breakdown and turn in extra profits for their owner.

Potency of cod liver oil is measured through assay tests on live animals.

grade of cod liver oil the world produces is used in Purina poultry mashers. Each shipment is tested through assay tests on both white rats and chicks before it is put into feeds going into the checkerboard bag.

**Vitamin G Now Added**  
Most recent of the vitamin discoveries is Vitamin G which plays an important part in hatchability. Purina laying and breeding mashers contain a sufficient amount of Vitamin G to cut down losses from eggs that don't hatch. Vitamin G is measured in the Purina Laboratories by use of a new instrument, the Flavometer. This instrument was developed by two Purina scientists and is used to determine the Vitamin G content in feed.

Mr and Mrs. H. T. Sullivan of Weintert were visitors in Haskell Tuesday.

## Sizzling Sausages for Real Breakfast

Breakfast should be a persuasive meal. It should start the day right and lift the spirits even of those who "hate to get up in the morning."

And now that the weather is cooler, it is easier to tempt that illusive morning appetite. And with the days filled with the activities of a new season, it is very important that the first meal of the day provide energy for work and play.

One of the best ways of turning breakfast into a real meal is to include bacon or ham or sausages in the menu. These are not only appetite-tempters but they are energy providing foods, giving the body "fuel" for the wear and tear of the day.

Variety is as necessary in a breakfast menu as in any other meal of the day, and homemakers who realize this are always glad of ideas for quickly and easily prepared breakfasts which are just a little different.

Little link sausages, delicately browned, served with patties of corn meal mush, cooked the day before and then browned in the sausage fat just before serving, are suggested by Inez S. Wilson, home economist, for the family breakfast. This combination, by the way, is just as good for a supper dish. This is the way to prepare it.

**Sausage and Corn Meal Patties**  
Place little link sausages in a cold frying pan. Cook slowly. If desired, a tablespoon of water may be added, the skillet covered and the sausages allowed to cook until done. Then the lid is removed and the sausages are browned.

Remove the sausages and brown the slices of corn meal mush in the fat.

This is delicious served with grape or apple jelly. Hominy may be used instead of the corn meal mush, if preferred. The hominy is heated in the sausage fat.

Bacon may be used instead of the sausages. Bacon is best cooked over slow heat. It should be turned often and the fat drained off frequently so that the bottom of the pan is only well greased. It

should be cooked until it is a golden brown and even crisp.

Another sausage combination for a tasty breakfast is baked sausages and apples. Place the link sausages in the center of a roasting pan and let brown in moderately hot oven. Core tart apples and place them around the sausages. Return to the oven and cook slowly until the sausages and apples are well baked. Baste them occasionally with drippings in the pan.

Sausage links and pineapple are served together frequently for a tasty breakfast combination. The sausages are cooked first; then the pineapple slices are browned in the sausage fat.

Mmes. Sam Chapman and R. J. Paxton attended the birthday celebration of Mrs. John Mansell in Rochester Tuesday. They were accompanied to Rochester by Mr. and Mrs. Ben Charlie Chapman.

## CARD OF THANKS

We wish to take this means of thanking a host of friends and neighbors for their loving kindness and helpful acts during the dark hours attending the illness and death of our departed one. Especially do we remember those of you who so willingly volunteered to give your help at his bedside, as well as the many who brought their sympathetic comfort into our home. Neither shall we ever forget the beautiful floral tributes and the comforting thoughts expressed in remembrance of our loved one, and we shall always cherish and recall the kindness of the numberless friends who helped us to bear the burden of grief in our inconceivable loss.—Mr. and Mrs. Claude Menefee and daughters; Mr. and Mrs. R. D. C. Stephens and family; Mrs. J. S. Menefee and family.

**YOW! WHY DOESN'T POP GET A RUUD GAS WATER HEATER — WITH A MONEL TANK?**

Now Enjoy  
**CLEAN AUTOMATIC HOT WATER**  
From a rust-proof tank Guaranteed for 20 Years!

RUST... that destructive enemy of metal... eats the very heart (the tank) out of many water heaters in certain localities within a few years. Its ravages have been costly. It dirties and discolors the home's hot water supply. It cripples the efficiency of a heater. It sends each year thousands of otherwise good water heaters to the junk heap.

But no more will rust cause such widespread damage to automatic gas water heaters because Ruud now equips its newest model with tank of silvery MONEL—the metal developed by science to resist rust!

For twenty years of clean hot water service automatically controlled go modern with Ruud. See them today!

**GO MODERN with MONEL**  
With trade-in allowance on your old heater and monthly payment plan automatic hot water service was never easier to own.

**TWENTY YEAR GUARANTEE**  
The Monel tank in these automatic gas water heaters is guaranteed by the manufacturer, Ruud, in writing against rust and corrosion for twenty (20) years. Monel is a solid, rust-proof metal clear through. It is not coated, plated or lined.

## Smut Treatment Raises Quality of Small Grains

**COLLEGE STATION** — Texas farmers can raise better quality wheat and other small grains and produce more bushels to the acre if they treat their seed to prevent losses from smut, according to E. A. Miller, agronomist of the Texas A. and M. College Extension Service.

Smut not only reduces yield, sometimes as much as a fourth of the crop, but also damages the grain for milling and feeding purposes. As a result of a seed treating campaign conducted by county agricultural agents in 1937, the value of the practice was clearly demonstrated by many farmers.

All smuts of heat, barley, and oats, except loose smut of wheat and brown loose smut of barley, may now be treated with one poison, ethyl mercury phosphate, known to the trade as "new improved ceresan", in dust form.

This treatment is now recommended by Miller in preference to copper carbonate for wheat or formaldehyde for barley and oats. The dust treatment is inexpensive—2 1/4 cents a bushel or less—and its efficiency is assured.

**Regular monthly meeting of the GMAA Local Chapter No. 94, which has formerly been held on the second Saturday of each month, has been changed to Saturday night, Oct. 15th.** Members are asked to keep this change in mind, and attend the meeting Saturday of this week. They are also reminded that assessments are now due. The meeting will be called to order at 7:30 o'clock. Please be present at that time.

**COME  
to the  
FAIR**

Make Our Store Your Headquarters While Attending the Central West Texas Fair Next Week.

We invite you to inspect our complete stock of Hardware, Furniture, and Appliances for the Home.

You will find that our prices will afford a saving on every purchase.

**McNeill & Smith  
Hardware Co.**

Mmes. Myrtle Meyers, Kite of Aspermont, L. B. Dean and Misses Jean Conner and Ava Grindstaff left Thursday for Lubbock.

Mrs. Vaughn Bailey of Dallas is visiting her mother, Mrs. W. L. Norton and other relatives this week.

Mrs. E. B. Harris of Rule was in Haskell Wednesday.

Mrs. R. O. Pearson spent the week end with her parents, Mr. and Mrs. Davis of Sweetwater.

E. Marsh of Seymour and O. W. Maloy of Haskell made a business trip to Amarillo Wednesday.

**Pageant—**

(Continued From Page One)

ality Shop, Elsie Bradley, Critterion Beauty Shop, Louise Warren, Lions Club, Janie Lyle Martin. Children presented in the junior groups included: Rosemary Welsh, Elsie Lou Mickle, Chan King, Nancy Burton, Deloris Bryan, Caroline Henshaw, Bobbie Ann Herren, Merinda Robertson, Betty Oates, Temple Williams, Ed Day Jr., Don Smith, Betty Jo Herren. Jane Richey, Jason Smith, Katherine Davis, Alfred Carrol Pearson, Ann Katherine Rike, Wallace Cox, Jr., Mary Beth Payne, Bobbie Neal Smith, Jane Bradford, Bobbie Henshaw.

Nell Warren, Josephine Parrish, Virginia Sue Pate.

High School representatives were: Louise Pierson, FFA sweetheart Fayette Kuenstler, Future Homemakers Princess; Madge Leon Senior Class Princess; Connie Akins, Junior Princess; Connie Morris, Sophomore Princess; Beunis Faye Ratliff, Freshman Princess; Mary Louise Holland, Gypsy Ramblers Princess; Myrta Bob Branch, Pep Squad Princess.

All of the young ladies will have a part in the Coronation Pageant. Added features will be Fairyland Plays, Pep Squad stunts, and varied programs by school groups. The Paint Creek Rural High School will present "Little Black Sambo" as a special feature.

**PWA—**

(Continued from Page Five) Administration this condition has been considerably bettered, although this section, as a whole, still suffers from lack of modern hospital facilities.

Public Works Administration projects must be a permanent contribution to the social as well as material welfare of the localities for which they are designed to serve, according to Mr. Geo. M. Bull, Regional Director. "No projects can be more useful, under our interpretation of the word, than those which contribute to the better health of citizens," he said.

"While waterworks, disposal plants, and hospitals directly improve public health, many other PWA projects also serve this end. A large percentage of PWA projects," Mr. Bull declared, "are for educational purposes. We believe that school projects also tend to improve public health in that they contribute to enlightenment and an enlightened citizenry is essential to improvements in public health."

Mrs. Gene Hunter and Mrs. Roy Cook and son Roger are spending a few days in San Angelo. Joe B. Langston has installed a pie shop in Haskell which is being operated by A. W. McDaniel.

Mrs. Verna Harwell of Knox City spent the week end with her mother, Mrs. J. A. Gilstrap.

Mrs. R. C. Gannaway of this city was removed to the Stamford hospital in a Holden ambulance Wednesday afternoon, after she had become seriously ill.

**Featured In Coming Attraction**

Robert Taylor, fresh from his triumph in "A Yank at Oxford," now comes to the Texas screen, Saturday preview, Sunday and Monday, October 18-17, as the two-fisted hero of "The Crowd Roars," smashing drama of a boy from the wrong side of the tracks

**O'Brien News**

On Saturday, October 8, a most interesting and educational trip was taken to Abilene by the elementary grades, the seniors, and several faculty members of the O'Brien school.

Sixty pupils and six teachers gathered at the school building at seven o'clock Saturday morning. After a slight delay, they began the trip to Abilene in the two new Dodge school buses. Along the way points of interest were noted and plans for the day were perfected.

The first place visited was the Banner Creamery. After an inspection of the plant, and an explanation of the various working units the children were served ice cream.

The Dr. Pepper Bottling Works was the next stop. There the officials gave an explanation of the factory equipment, and the children were given attractive souvenirs. During the rest of the tour the children gaily displayed their Dr. Pepper caps.

The Coca-Cola Bottling Company showed the children through the plant and gave each child a bottle of Coca-Cola.

The next place visited and possibly the most educational part of the tour was the museum, located in the old post office building. About an hour was spent here listening to a lecture and inspecting the relics.

The next stop was at the park and zoo. The pupils ate their lunch and played in the park for some time; then they visited the zoo and observed the various animals.

The carnival and fair grounds came as the last place to visit. After an inspection of the carnival grounds, the various exhibit halls were visited.

The trip home then began. The only displeasure expressed was that the day was just too short to see all the things that could have been seen.

Faculty Play A Coming Attraction Everyone is invited to attend the play "Aunt Jerushy on the War Path" staged in the O'Brien High School auditorium, Friday night,

worth of entertainment. Everyone is welcome.

**Students and Teachers Attend Show at Haskell**  
On Monday night, October 3, a trip to the Texas Theatre at Haskell was enjoyed by about forty-one students of the O'Brien High School. Six teachers accompanied the pupils but only four of them could ride the crowded bus. Mrs. Neal Logan, the English teacher, and Mr. J. M. Wyatt, the history teacher went as sponsors.

The show, "Marie Antoinette", was enjoyed by everyone who attended it. Many dramatic scenes true to history were portrayed throughout the show which gained the interest of history students. The show proved to be educational as well as entertaining.

**Organization of the Junior Class**

The members of the junior class met with their sponsor, Mr. Jess Hitchcock, last Monday, October 7 and elected officers as follows:

President—Billy Garrison.  
Vice President—Launa Johnston.

Secretary and Treasurer—Olga Brothers.

Reporter—Ouida Bess Draper.

The chairman of the program committee will be chosen later by the president. The juniors of this year are very interested in putting forth every effort possible to raise the standards of former classes, and to set a good example for the juniors of next year.

### Faces Tax Load of \$131,336.80, Survey Shows

Haskell's tax burden, based on  
the Texas per capita load of \$49.90  
is \$131,336.80, according to a  
survey by the National Consumers  
Tax Commission which recently  
launched a nation-wide "war on  
taxes that penalize the consumer."

Texas residents, the commission  
reported from its headquarters in  
Chicago, contribute an estimated  
\$308,080,375 a year in taxes to  
local, state and national govern-  
ments. More than 63 percent of  
that amount, the report stated, is  
paid "blindly" by Texas' shopping  
public in hidden taxes that in-  
crease the price of every pur-  
chase.

The survey was made public  
through Mrs. Kenneth C. Frazier,  
of Dallas, president of the commis-  
sion. She is leading the commis-  
sion's fight here with the coopera-  
tion of Mrs. Volney W. Taylor, of  
Brownsville, Texas, member of the  
organization's national committee.

The commission's campaign by  
the women of the nation against  
taxes that "raid the family pocket-  
book" is receiving great impetus  
by the enthusiastic support of  
Texas housewives, Mrs. Frazier  
said.

"Most Texas residents," she  
added, "feel comparatively tax  
free because they pay little or  
nothing in direct levies, such as  
those on property and income.  
But the fact is, they, as consumers,  
actually pay a much larger share  
of the tax burden than is raised  
by the visible taxes. They pay  
through hidden levies that raise  
the price of all life's necessities!"  
A drive is under way in Texas,  
Mrs. Frazier stated, to establish  
units in every city and town to  
join with other states in the cru-  
sade.

Mrs. Wallace Irwin re-  
turned to her home in Midland  
Friday after a visit with her father  
G. F. Mullins. Mrs. W. H. Whaley  
of Estelina is visiting in his home  
this week.

### AAA PLANS ONE-VARIETY COTTON SEED EXPERIMENT

Munday and Seymour Select-  
ed as Source of Cotton in  
20,000 Bale Plan

Three of the 213 one-variety  
cotton community associations in  
Texas, Lone Tree in Victoria coun-  
ty, Munday in Knox county, and  
Seymour in Baylor county, have  
been selected as the source of the  
state's supply of cotton in the  
AAA's 20,000 bale experiment. All  
produce Acala cotton.

The program is designed to im-  
prove marketing practices and to  
demonstrate to foreign spinners the  
high quality of American cotton  
being produced in one-variety  
communities.

The 20,000 bales of uniform,  
carefully picked and properly gin-  
ned cotton will be selected by the  
Bureau of Agricultural Economics,  
according to F. E. Lichte, ginning  
specialist of the Texas A. and M.  
College extension service. The  
bales will be covered with cotton  
bagging and samples will be taken  
at the gin press and information  
as to variety, grade, staple,  
and point of production will be  
made available to foreign pur-  
chasers.

The bales will be handled in ac-  
cordance with the best accepted  
practices at the gin, at the com-  
press, and in transit. "In recent  
years foreign spinners have com-  
plained on occasion that some  
American cotton was carelessly  
packaged and handled and that  
grade and staple in some bales was  
not uniform," Lichte said. "There  
has been persistent complaint, of  
course, over the general deteriora-  
tion of grade and staple. This ex-  
periment is an attempt to show  
that America is making an effort  
to produce and handle correctly a  
quality cotton."

### NEW MEXICO QUARTET TO GIVE PROGRAM IN WEINERT THIS WEEK

A quartet of singers from Clovis,  
N. M., under the direction of Mr.  
Purd Edwards, will be presented  
at the Baptist Church in Weinert  
Saturday night Oct. 15th. Program  
for the evening will consist of a  
variety of favorite songs and sa-  
cred numbers. The quartet is said  
to be among the best to appear in  
this section this season, and all  
lovers of good singing are invited  
to attend the program.

The New Mexico quartet will  
also attend the singing convention  
to be held in Rule Sunday Oct.  
16th, it was announced.

Carnival Attractions Each Afternoon  
and Night.

### Rochester - Mattson Game Friday Ends In 13 - 13 Deadlock

The Rochester Steers came from  
behind in the last quarter to tie  
the Mattson Mustangs 13-13 in  
their district 6-C tussle Friday af-  
ternoon at Mattson.

The well-matched game, wit-  
nessed by a large crowd of fans,  
was marred in the second quarter  
by an accident when Robertson,  
captain and Mustang quarterback,  
sustained a broken arm. The mis-  
hap was unavoidable, in the opin-  
ion of officials and spectators.

Robertson passed 20 yards to  
Edwards over the goal line to score  
Mattson's first touchdown in the  
first quarter. Extra point try fail-  
ed. Watson, substitute quarter, car-  
ried the ball over and kicked ex-  
tra point for Mattson to end his  
team's scoring in the second quar-  
ter.

In the final period, Duncan,  
Steer speedster, raced 48 yards  
around end to place the ball on the  
third yard line. Wadzeck went  
over and Eaton counted extra  
point on a line plunge. A 15-yard  
pass from Giddens to Wadzeck,  
who ran 48 yards through an open  
field for the Steer's second mark-  
er. Line plunge for extra point  
failed.

Mattson made nine first downs  
to Rochester's two. Outstanding  
for the Steers were Bagwell and  
Eaton, linemen. Watson, substitute  
for the center, paced the Mustangs  
with his broken field running and  
long punt returns.

Starting lineup: Mattson — Ed-  
wards le, Couch lt, Steiwert lg,  
Mapes c, Harris rg, Massie rt,

### O'BRIEN MAN BADLY INJURED IN WRECK OF FOUR VEHICLES

Cars Pile Up On Highway  
16 Near Knox City  
Saturday Night

Four motor vehicles were in-  
volved in an accident one mile  
south of Knox City about 7:30  
o'clock on highway 16 Saturday  
night in which Elmer Corley of  
O'Brien was critically injured.

Corley was driving a truck that  
was involved in a crash with a  
light sedan driven by Raymond  
Speck of Rochester. Ernest Teaff  
of Knox City stopped his pickup  
truck at the wreckage and a Page  
Motor Coach bus, en route to  
Stamford, hit Teaff's vehicle,  
knocking it into the collision pile,  
investigators said.

Corley was unconscious when  
taken to the Knox county hospital.  
The driver of the bus and two pas-  
sengers whose names were not  
learned, were slightly injured and  
received emergency treatment at  
the Knox City clinic.

Holcomb re, Robertson q, Harper  
lh, Darnell rh, Wilfong fb.

Rochester—Adams le, Alsbrook  
lt, Collier lg, Trimmer c, Bagwell  
rg, Qualls rt, Duncan re, Giddens  
q, Sandell lh, Eaton rh, Wadzeck  
fb.

Officials: Palmer (NTSTC) re-  
feree; Wetzel (Weatherford) um-  
pire; Reynolds (Bayler) head lines-  
man.

### ELECTRIC KITCHEN WILL BE DISPLAYED AT FAIR NEXT WEEK

West Texas Utilities Com-  
pany Has Novel Electric  
Appliance Show

Among exhibits at the Central  
West Texas Fair in Haskell, Octo-  
ber 19-22 will be the huge all-  
electric kitchen trailer belonging  
to the West Texas Utilities Com-  
pany, according to Ralph Duncan,  
secretary of the Haskell Chamber  
of Commerce.

Duncan said that H. C. King, lo-  
cal manager of the utilities com-  
pany, had arranged to have the  
big blue and gold "home on wheels"  
in Haskell. It will provide loud  
speaking equipment for the entire  
fair. Five speakers are available  
and will be located so that music  
and announcements from the  
trailer can be heard anywhere on  
the grounds.

A feature of the trailer is the  
broadcasting studio for speeches  
and entertainment. Amateur con-  
tests are planned with local talent  
invited to perform over the pub-  
lic address system. Due to limited  
space in the studio, however, only  
acts up to and including four per-  
sons will be entered. The utilities  
company will award prizes to  
winners of each night's contest.  
The audience will be invited to  
serve as judge.

The trailer has been used by the  
company as a model all-electric  
kitchen demonstration during the  
last year and has been inspected by  
nearly 150,000 persons. At Mc-  
Camey this summer it was used  
as a broadcasting station for the  
famous Rattlesnake Derby. A ser-  
mon was broadcast through its  
facilities at Sonora and aspiring  
politicians used it at Quanah on  
the Fourth of July.

"It's been a sensation wherever  
shown," King declared. "Women  
have found it particularly inter-  
esting because it demonstrates how  
compact clean and convenient the  
modern kitchen should be. The  
studio and lounge are eight  
by eight feet and the kitchen is  
eight by ten feet and contains  
every kitchen appliance on the  
market today."

### Fossil of Ice Age Horse Is Placed In Texas Tech Museum

Portion of the lower jaw of an  
ice age horse and other of its bones  
are in a collection of fossil bones  
now on display at West Texas Mu-  
seum, situated on Texas Techno-  
logical College campus. Lubbock  
Gift of F. L. Pederson, Amarillo  
gravel pit operator, the collection  
also includes the leg bone of a  
camel, native to this section of  
America in the Cenozoic era.

Two other displays are now in  
process, a plicene vertebrae group  
collected in surveys made by the  
museum staff last summer, and  
material of the upper Triassic pe-  
re, consisting mainly of amphi-  
bians and reptiles collected in the  
Dockum beds near Spur.

### VISITORS WILL FIND HEARTY WELCOME AT ANNUAL EXPOSITION

With indications pointing to the most successful ex-  
position ever staged in Haskell, all plans were completed  
this week for opening of the Central West Texas Fair  
Wednesday Oct. 19 for its four days run.

Visitors from a number of neighboring towns have  
always turned out in large numbers to swell the attendance  
figures, and this year officials of the Fair association are  
planning a warm welcome for the large number of out-of-  
town visitor expected.

### HASKELL MOVIE PATRONS TAXED \$1250 ANNUALLY

Survey Shows That Patrons  
Pay 61 Hidden and  
Direct Taxes

The 61 direct and hidden taxes  
included in the price of the aver-  
age movie ticket drain more than  
\$1,250 annually from Haskell's 500  
movie-going families, states the  
National Consumers Tax Commis-  
sion.

"More than 16 percent of the  
price of the average admission  
ticket is due to the imposition of  
41 federal and 20 state and local  
tax levies," the commission adds,  
basing its conclusions on carefully  
compiled attendance figures.

This non-profit, non-partisan  
has added the above data to its  
comprehensive survey of taxes  
"which penalize the consumer" in  
its sweeping, nation-wide fight  
against all such levies.

Local units of the commission  
are springing up in community af-  
ter community throughout the  
country, declared Mrs. Volney W.  
Taylor, of Brownsville, Texas' re-  
presentative on the commission's  
national committee, issuing a state-  
ment from its Chicago headquar-  
ters.

"Even in the enjoyment of their  
leisure, the American family can-  
not throw off the stifling pressure  
of their enormous tax load," Mrs.  
Taylor said. "The cost of food,  
clothing, rent, automobiles and  
cosmetics, is likewise drastically  
increased by direct and hidden  
taxes. And these levies are already  
equal to 23.6 percent of the nation-  
al income."

With 85 percent of the families  
in the southwestern states spend-  
ing a yearly average of \$15 each  
for the enjoyment of attending mo-  
tion pictures, Mrs. Taylor said, the  
same movie tax load prevails in all  
communities in this area.

### Weinert Bulldogs Take Paint Creek In Conference Play

The Weinert Bulldogs chalked  
up their second straight conference  
win in District 6-C Friday after-  
noon when they defeated the Paint  
Creek Pirates, 7-0. The game was  
played at Paint Creek.

Johnson, Bulldog fullback and  
chief offensive threat, rammed  
across the goal line in the first  
quarter for the touchdown. Am-  
mons kicked extra point.

Weinert and Paint Creek teams  
are participating in football this  
year for the first time. Third con-  
ference game for the Bulldogs will  
be played at Mattson this week.

### HOME TALENT PLAY TO BE GIVEN AT O'BRIEN FRIDAY NIGHT OCT. 14

A home talent play, "Aunt  
Jerushy on the Warpath," describ-  
ed as a comedy presentation  
chuckful of uproarious humor, will  
be presented at the O'Brien school  
auditorium Friday night Oct. 14th.  
Members of the O'Brien school fac-  
ulty comprise the cast of the play  
and have been busy with rehears-  
als for the past two weeks.

Proceeds derived from the play  
will be used to purchase needed  
equipment for the school gymna-  
sium. Admission charge will be  
ten and twenty cents.

The Fair will open with a par-  
ade a mile-long to be staged Wed-  
nesday at 1 o'clock. Heading the  
colorful event will be decorated  
floats carrying the "Queen of the  
1938 Fair" and Duchesses from  
surrounding towns. Young women  
from a score of cities in this sec-  
tion have been named for this  
honor.

Opening day of the Fair, has  
been designated Abilene, Wichita  
Falls, and School Children's Day.  
All school students will be admit-  
ted free to the Fair grounds and  
exhibit buildings throughout Wed-  
nesday afternoon.

Queen of the 1938 exposition  
will be crowned in a spectacular  
pageant to be staged on Indian  
Field Wednesday night. Duchesses  
from neighboring towns will also  
be presented during the colorful  
event in addition to special pre-  
sentations which will include  
stunts by High School pep squads  
and portrayal of Fairyland plays  
and folklore legends by costumed  
school children groups.

Rodeo events will be staged in  
front of the grandstand in Fair  
Park each afternoon during the  
Fair, under supervision of Mike  
Kennibrew, veteran West Texas  
rodeo director. Competition will  
be open to all active cowboys, with  
professional performers barred.

As a special night attraction Fri-  
day Oct. 21, football fans will see  
two former inter-sectional rivals,  
Haskell Indians and Roby Lions,  
who are billed for non-conference  
play.

Stockmen and farmers of this  
area will have first-hand oppor-  
tunity to judge the worth of trunch  
silage, when a demonstration unit  
filled several weeks ago on the  
fairgrounds will be opened. E. R.  
Eudaly, extension specialist from  
College Station, will be in charge  
of the demonstration.

Livestock, agricultural and pou-  
ltry exhibits are expected to be  
the largest ever assembled here.  
More than \$1,000 in cash premiums  
has been posted for prize-winning  
exhibits.

The midway on the Fair grounds  
will present the largest array of  
attractions ever brought to this  
section, fair officials believed. The  
Silver States Shows one of the  
largest carnival companies in the  
Southwest, will begin setting up  
their numerous shows and riding  
device Monday. The company is  
featuring this season a number of  
new attractions and acts to be seen  
for the first time in this section.

### Horse and Mule Show Will Have Full Entry List

Stock raisers of this section are  
evidencing keen interest in the  
Special Horse and Mule Show to  
be staged at this year's Fair, ac-  
cording to Rice Alvis, who has  
charge of this division of the live-  
stock exhibits.

The list of entries received to  
date, together with numerous in-  
quiries from horse and mule fan-  
ciers of this section, indicates that  
the Haskell Show will rank among  
the largest held in West Texas this  
year.

Special Grand Champion awards  
will be provided in six classes by  
the Texas Horse, Jack and Mule  
Breeders Association of Texas.

Local breeders whose coopera-  
tion made possible this added de-  
partment of the Fair include A. T.  
Fouts of Rule, Ed Mapes and Ar-  
thur Merchant, Haskell, Paul Jos-  
selet and C. A. Thomas of Weinert.

Mr. and Mrs. M. L. Turpin of  
Beaumont returned to their home  
Sunday after a week's visit with  
their parents, Mr. and Mrs. W. G.  
Pope and Mr. and Mrs. R. D.  
Turpin.

### They Carried Haskell's Invitation To Throckmorton Neighbors

—Photo by Frank Reeves Sr.

A delegation of Haskell boosters  
attended the Throckmorton Coun-  
ty Fair and Rodeo recently, and  
carried an invitation to their  
neighbors in that section to attend  
the Central West Texas Fair here  
Oct. 19-22. Here are shown five  
enthusiasts found by Frank Reeves  
staff writer for the Fort Worth  
Star-Telegram. Left to right, they  
are Chesley Phelps, Mrs. V. S.

Payne of Throckmorton, who was  
reared at Haskell; Chas. E. Smith,  
Guy Collins and Gene Hunter. All  
were busy at Throckmorton invit-  
ing "the folks" to attend the four-  
days exposition in Haskell.

Phelps, chairman in charge of  
arrangements for booster trips ad-  
vertising the coming Fair, headed a  
large delegation Thursday on a  
swing which carried the trippers

to a number of cities and towns  
north and northwest of Haskell.  
The group was given a warm re-  
ception in every town visited,  
Phelps reported.

Today, the delegation is making  
their final booster trip for this  
year's Fair, making stops in Stam-  
ford, Sagerton, Aspermont, Ham-  
lin, Anson, Albany and Throck-  
morton.

### September A Dull Month for Cupid; Fall Starts Rush

Marriage license records in the office of County Clerk Jason W. Smith indicate that Dan Cupid must have forgone his duties for a belated summer vacation. Only seven couples applied for license to wed during the entire month of September. However, October business was ushered in with a rush, six couples applying for the wedding permits on the first day of this month, according to the records.

During September the following license were issued: Robert Ervin Sollock and Miss Bonnie Jean Sellers; Paul Henry Fischer and Miss Frances Emma Peiser; T. J. Howard and Miss Minnie Lee White; Sisto Alvez and Miss Clementino Castro; D. M. Long and Miss Bernice Lois Pilgrim; James Hill and Mrs. Jessie Norris; Lawrence Royer and Miss Mary Opal Taylor.

For the single day of Saturday, Oct. 1st, license were issued to the following six couples: W. C. Pearson and Miss Lorene Burleson; Lloyd Griffith and Miss Wilma Dean Muston; Levi Kidwell and Miss Alene Hall; C. L. McCann and Miss Anna Mae Johnson; Artie Lee Kingsberry and Miss Pearl Mae Hammon; Theodore Poe and Miss Phama Lou Smith.

#### Attend Chuckwagon Supper In Stamford

A group of Haskell businessmen were guests of the Stamford Chamber of Commerce at a chuckwagon supper Tuesday evening. Occasion for the affair was the visit in Stamford of a delegation of Fort Worth business men on a tour of West Texas. In the party from Haskell were Dr. T. W. Williams, president of the Haskell Chamber of Commerce, Sam A. Roberts, Guy Collins, R. C. Lowe, Cheley Phelps, Ralph Raney, Ralph E. Duncan, C-C secretary, and M. P. Vannoy, secretary of the Central West Texas Fair Association, and Courtney Hunt, representative-elect from this district.

#### STATE POLICE WARN OF 'HOT CHECK' ARTIST

State police have issued a warning to rooming house operators against the "hot check" operations of a woman who has gleaned a small fortune in Texas towns.

The woman—about 35 years old and neat appearing—usually applies for a room for herself and husband and presents a check for one or two months' rent. The checks range from \$20 to \$35. She secures the landlady's endorsement on the check while her husband waits for her in an automobile, sometimes with a child. After the check is cashed at a bank or business place the couple leaves town.

Officers, who have investigated nearly 50 such complaints, said the woman always tells her victims that she and her husband plan to build a tourist camp or open a beauty parlor in the town.

Miss Ann Taylor of Wichita Falls and Bailey Taylor of Bowie were called to the bedside of their father, Dr. L. F. Taylor as he was hurt in an automobile accident Thursday.

#### SHERIFF'S SALE

THE STATE OF TEXAS  
County of Haskell.

NOTICE IS HEREBY GIVEN That by virtue of a certain Order of Sale issued out of the Honorable District Court of Haskell County, on the 16th day of September 1938, by Roy Ratliff, Clerk of said Court for the sum of Fifteen Hundred-Seventy-Eight and 82-100 Dollars and costs of suit, under a judgment in favor of Charles McGregor in a certain cause in said Court, No. 4837 and styled Charles McGregor vs. W. E. Skains, placed in my hands for service, I, Giles Kemp as Sheriff of Haskell County, Texas, did, on the 6th day of October 1938, levy on certain Real Estate, situated in Haskell County, Texas, described as follows, to-wit:

Being situated in Stonewall and Haskell Counties, and being 180 acres or; of the Arthur Slaydon Survey No. 57, Abstract No. 715, and described by metes and bounds as follows: Beginning at the N. E. corner of the Arthur Slaydon Survey No. 57 for the N. E. corner of this tract, a rock 15 feet E. of the fence; Thence west along the N. B. line of the Slaydon Sur. 1254 vrs. to set rock for N. W. corner in N. B. line of said survey; Thence S. 4 deg. 4 minutes 835 vrs. to a set stone for S. W. corner of this tract; Thence East 1186 vrs. to S. E. corner to set rock in E. B. Line Survey No. 57, Thence along the E. Line of No. 57 833 vrs. to the place of beginning, containing 180 acres of land.

And levied upon as the property of W. E. Skains and that on the first Tuesday in November 1938, the same being the 1st day of said month, at the Court House door of Haskell County, in the City of Haskell, Texas, between the hours of 10 A. M. and 4 P. M., by virtue of said levy and said Order of Sale I will sell said above described Real Estate at public vendue, for cash, to the highest bidder, for the property of said W. E. Skains.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Haskell Free Press, a newspaper published in Haskell County, Texas. Witness my hand, this 6th day of October 1938.

GILES KEMP,  
Sheriff Haskell County, Texas.  
By Mrs. Pauline Kieke, Deputy, 3tc

## Students Have Question Box

Government class has a question box. "What kind of question is put in the box?" Any question on current text book material may be put in at any time. Most of the questions asked are very important and are answered to everyone's knowledge. Some of the questions that have been asked are:

Why did France and England do down on their promise to Czechoslovakia in time of war?

How can conventions in 3-4 states ratify an amendment? Would Governor Allred re-visit Wichita Falls to vote in primary?

Why does a bill become a law?

Why don't they take the census more often?

Why did Hitler do it? Who will take his place? Who is Bonnet?

How does the number of men in Germany compare with England, France, and Rumania?

Questions will be answered at a time by Mrs. Wimblish to the pupils in the government class to the very best of ability.

These one can see that the people are really interested in the most important phases of local, state, national, and world life.

## Government Class Chamberlain

Have done all any one man was the phrase used by Chamberlain in his history address Tuesday.

Of the many members of his class were the pupils of the period government class.

How deeply these pupils were evidenced by the rapt in they accorded to the Minister speaking from London every word could be plainly and distinctly heard.

His voice told us plainly why he felt the responsibility was his and left us that if Hitler could be made to reason, this man would do all any one man could do.

the lives of millions of not Europeans but in all probability our own classmates. He re- prayed of all of us— us not forget during the days, because the fate of loved Uncle Sam" is at

we wish to extend our to the Woodson Battery Shop for the radio they loaned us during that.

We thank you, Mr. Wood- of you Mrs. Wimblish for the kindness that prompted you to give that program for us.

## STUDENT ELECTED ACC DRAMATIC GROUP

Beth Malphurs, daughter of Mrs. J. G. Malphurs of has been selected as one of the new members in the Mel- ans, dramatic club of Abi-

lene Christian College, Abilene, Texas.

To gain membership in this group, a person must show outstanding ability in acting and dramatic work.

This organization puts on numerous one-act plays and programs and two major three-act productions during the school year.

This year the group will be under the sponsorship of Mrs. A. B. Morris, new head of the dramatic department of A. C. C. Robert Hornbaker, senior student from Stafford, Kansas is president of the club.

## Students See Old Newspaper

Yes it's really a newspaper, printed January 4, 1880! And not only that but it contains the account of George Washington's death which occurred December 31, 1799. Catherine Pace brought the paper, that belongs to her mother, to show to the members of the government class. Its name is "The Ulster County Gazette" but the state wherein it was published could not be determined. Because of its age, the paper was yellowed and tattered and had to be framed. Instead of appearing at the top, the headlines were on the right-hand side of the page, thus making it necessary to turn the page around to find the most important news.

A very elaborate description of Washington's funeral and the procession was given; all the columns were edged in heavy, black lines as a sign of national mourning. Although the foreign news of that time had to be summarized due to the lack of space, brief accounts were given of the Russian war and the sinking of a British frigate by the French. An ad was placed in the paper by a farmer who had a large amount of peas for sale—or he would trade them for corn.

This newspaper is printed in Old English Script and is very interesting, and it would be worth the time of anyone to read it.

## Rosy Confides

Dear Diary,

Don't look now, but here's that column again and I do believe it's getting dryer all the time; but "heek" when nothing happens I seem unable to concoct something or other, which all goes to show I "ain't" got what it takes.

But here are a few questions I have been trying to find an answer to. Perhaps you can help me!

1. What made two senior boys look so blank when referred to as gentlemen the other day? After all, can't you put on a better show than that?

2. What was it a certain football player wanted for beating Aspermont? Pardon me while I laugh!

3. What boy was so afraid his girl would not come back to him at the dance last Friday night?

4. What do you think is the greatest disappointment in a high school life? Here's one student's answer: "To discover that someone you liked, trusted and respected, is just a rat!"

Notice: (to I Ritabrute Kolum): Your column in last week's "War Whoop" gave me a valuable clue as to the sticky bump on the bot-

tom of my shoe . . . And after a thorough investigation, at least in my own estimation . . . Well! Any- way, it was your lost gum. When discovered it had dwindled to about half its original size so I claimed my reward. But after a hard and busy week there is per- haps a fourth of that left now so if you will call I shall be glad to share it with you.

## Students Have Panel Discussions

The government class to keep its current event days more interest- ing, has used student ideas for giving the talks.

Several students gave plans that they considered interesting ways to give them. One afternoon, when giving our reports, everyone talked about some topic of his own choice. After that we have talked in panel discussion groups. Each group has a leader who chooses the subjects, talks some on it, and appoints other members of the class to discuss certain phases of it. Later on we intend to divide the class into four groups. One will talk on international, one on na- tional, one on state, and one on local affairs.

We all find current event day in government class very interesting.

## Pithy Paragraphs

Tough Luck—Mrs. Meyer had three girls running for duchess (representing her pep squad, her sophomores, and her Future Home- makers) and it took a lot of "chicken feed" to vote for all three of them.

Coincidence—Jerry picked up a college newspaper that was lying on the reading table, and there, right on the front page, was the name of a girl that he dated last summer in Killeen, Texas.

Comparison—Mrs. Ramsey re- marked that Mr. Mason didn't strut nearly as much over his new son as Mr. Ramsey did when Char- les Warren arrived. Let's ask her is she joking.

Wonder—If anybody ever claim- ed that black notebook that Mr. Wimblish "mentioned" in announce- ment period last Thursday.

Injustice—Sam says there just isn't any justice. He doesn't see why anyone should hate him, of all people.

P. S. (potato salad): Just who were the two girls, whose names have already appeared in this item who had so many boy friends Mon- day night? There were seven, to be exact. How's that?

## In The Indian Camp

Why can't Sam get along with Hank when his suit is misplaced on Monday after the games?— Jack Simmons had better stay out of Mr. Mason's talcum powder.— J. C. Scott won't come out unless Sam does. I wonder why?—Bob Cousins is complaining about some one getting something of his, but all the time it's in his locker.—Why is Wayne late to practice every day? Is it the sewing bee (deten- tion hall)?—What did Fat want with an ice pick the other day?—Are you losing or gaining, Fat?—Does Ben Clifton have to have a piece of tape everyday, or does he?—How does Dan keep a pair of socks clean so long? Is it because there is only one pair like his?—Why does Curtis Ballard come by for the balls every day? Because he knows his competition, Bradley, has always beat him out.—Why can't Huff lose something except his right shoe on Monday after each game?—Jerry's biggest wor- ries on Monday are what?—Does a painting job keep Jack Hunter away from practice, or is it a girl?

—Gene's biggest trouble is why can't he tackle Coach Whitaker when he is playing?—Why was there so much game-seeing going on last Friday? If I know right, a little boy was seen by a proud father, too.

## Junior Jingles

Prior to this time, the juniors have not had a gossip column but with the aid of several students, enough of this sort has accumu- lated and I will strive to relate a few instances.

Who said the blondest junior boy fell for the blondest freshman girl? Someone had better be more careful because even though it was Wayne Laird, I'm afraid the latter dealt more with the junior queen than any freshman.

We all wonder whose 1937 Dodge made a secret trip to Rule Sunday. Maybe Curtis Jordan or Bob Cousins could tell you.

Bernard, how do you and Wanda like the example two ex-seniors are setting before you? (namely Zug and Martell). Did they fur- nish enough entertainment for you Sunday night?

Is Anna Rose rating high or no? She even gets her "bow-lover" to go to church. Nice going, Rosy.

Mary Lou do you happen to know anyone by the name of Marion Joeslet? He said he'd heard of you and that you name sounded kinda familiar. Reckon?

Doesn't Cupid do queer things? I have reference to Doris and Quinton.

Jean, doesn't it seem good to have a football player for an es- cort? "Purty good", "purty" good Miss Conner.

I know something funny con- cerning a certain little junior blonde who thinks she's "crazy" about a certain junior boy that wears glasses—but a third party might be listening in, so it wouldn't be advisable to tell you now. Maybe by next week it will be safe and I'll be back with more and still more gossip. Also I want to tell you about a wedding that is to take place in which a very popular junior girl will be the bride. Will you be interested? I thought so.

Comparison—Mrs. Ramsey re- marked that Mr. Mason didn't strut nearly as much over his new son as Mr. Ramsey did when Char- les Warren arrived. Let's ask her is she joking.

Wonder—If anybody ever claim- ed that black notebook that Mr. Wimblish "mentioned" in announce- ment period last Thursday.

Injustice—Sam says there just isn't any justice. He doesn't see why anyone should hate him, of all people.

P. S. (potato salad): Just who were the two girls, whose names have already appeared in this item who had so many boy friends Mon- day night? There were seven, to be exact. How's that?

FOR THE TALL WOMAN

FOR THE WOMAN OF AVERAGE SIZE

FOR THE SMALL WOMAN

\$1.00

Now—in all thread weights—hosiery that is correctly proportioned to exactly fit individual requirements. Truly proportioned at top, thigh, calf, ankle, and in length. VITA-BLOOM. In the season's newest shades.

# GETTING BETTER ALL THE TIME

The lanky Longhorn is almost as extinct as the dodo on Texas ranges. Where once he reigned supreme, you'll find, now, a splendid type of beef animal.

The change didn't take place overnight; the rancher didn't announce a "new" steer every year or so. His process of improvement has been continuous, and it's still going on.

The same policy has guided the Humble Company in manufacturing motor fuels and motor oils for the Texas motorist. When it has an entirely new product, Humble announces it as such; otherwise,

the search and research for improved quality never ceases—it is continuous from day to day.

This policy has resulted in a steady flow of improved Humble products, definitely second to none in quality, to Texas motorists; and it has made it unnecessary for the Humble Company to use exaggerated claims in its advertising.

We say, try Humble products; performance will convince you. The Texas motorist has said, "You're right!"

# How Safe Are You at Home? Red Cross Warns of Hazards

1. Loose rug at top of stairs is a dangerous hazard.  
2. Keep medicine cabinets locked or out of reach of youngsters.  
3. Teach children not to put safety pins or other small objects in their mouths.  
4. Good luck if you hang it up, but bad luck if you step on the nails in this horse's hoof.

DURING the month of October, the American Red Cross will carry a safety message into ten million homes and farms throughout the nation, urging a check-up on accident hazards.

Do you know these hazards? How safe are you at home? Do you know what deaths from injuries on the farm are steadily increasing? What are the causes? These are a few of the questions the Home and Farm Accident Prevention Service of the Red Cross will send into homes, on an accident check list to be distrib-

uted through Chapters, by millions of school children and members of the Junior Red Cross. And the answers are provided on the check list, too. National attention was concentrated on the Home and Farm accident problem in 1935-36 by the Red Cross. In that year, 37,000 men, women and children lost their lives in home accidents, which were largely preventable. In 1937, this toll of life was reduced, and only 32,500 lives were sacrificed to carelessness. The spread of knowledge on hazards which were subject to

**(Last Week's Letter)**  
**Thursday Bridge Club**  
Mrs. Walter McCandless entertained members of the Thursday Bridge Club Saturday evening with a lovely party. Summer flowers decorated the entertaining rooms. High score prize was awarded Mrs. Newt Cole, with low score prize going to Mrs. John Herron. Refreshments were served at Paul's Cafe to the following members: Mesdames Jess Place, Newt Cole, Carrie Lott, Bill Kittley, John Behringer, Novis Ousley, John Herron and Walter McCandless.

**Auxiliary Meets**  
The American Legion Auxiliary met Tuesday in a business and social meeting. The following officers were elected for the coming year: President, Mrs. Jess Place; Vice-President, Mrs. Raymond Denson; Secretary - Treasurer, Mrs. L. W. Davis.

**HERE AND THERE**  
Mr. and Mrs. O. L. Sandifer of Port Arthur, Texas, visited in the home of Mr. and Mrs. Jess Place this week.

John Behringer transacted business in Fort Worth Monday and Tuesday.  
Jess Place and O. L. Sandifer were Stamford visitors Wednesday.

Charlie Partin, son of Rev. and Mrs. J. W. Partin was carried to the Stamford hospital Tuesday for medical treatment.

Mr. and Mrs. Mike Leon of Abernathy visited relatives here last week.

Mr. and Mrs. Frank Campbell of Wichita Falls are announcing the arrival of a baby girl Monday Sept. 26th.

Miss Margaret Sparks spent the week end in Lueders with relatives.

Miss Lois Norman returned to Dallas Sunday.

Mr. and Mrs. W. R. Terry visited relatives in Dallas Sunday.

Mrs. O. L. Sandifer and Mrs. Jess Place shopped in Stamford Wednesday.

Mrs. L. W. Davis and Mrs. J. A. Lisle visited their daughters Margaret and Emma Jean at Lubbock who are attending Tech College.

## Typical Entry In Livestock Division

Typical of the livestock entries to be seen in this department of the Central West Texas Fair, is the animal pictured above. Grand Champion Steer of the 1937 livestock show. He was owned and exhibited by T. L. Carter, Jr., Roby FFA youth.

Mr. and Mrs. Rex Holder of Coleman visited her mother, Mrs. Cretia Brooks this week end.

Mr. and Mrs. Ora Pippen and children of Hamlin visited relatives in Haskell over the week-end.

**Douglas Ne**  
Health in our community is good. The light rain was appreciated. Mrs. R. C. Ewins of Texas is visiting her parents a few days.  
Mr. and Mrs. Len K... sons of Albany visited this community.  
S. E. Lanier was a visitor from a short while. Miss Billy Bruggers Sunday with Dorris Fannan.  
Spud Jacobs visited relatives at Haskell Saturday Sunday.  
Mr. and Mrs. George Electra, Texas, called at Brannan home Sunday. is the former Miss Lois lived in the Mattson school and was a teacher in school.  
The farmers are alms with their cotton and for more rain.  
Mr. and Mrs. Jess K... son Hub, spent Sunday at Sheets home.  
Mrs. Tom French and of Dallas spent the week her parents Dr. and Mrs. lor.

## THE PIRATE LOG

Official Newspaper of Paint Creek Rural High School

### What Would Happen If—

Billy couldn't see Martha Jean? Gene couldn't talk? Sybil couldn't comb her hair the sixth period. Nannie Bell couldn't talk to Willie Lee? Irvin watch your step, for Jerry has a few boy friends.

Science Teacher: How many bones are there in the body? Student: Two hundred nine. Teacher: No there are two hundred eight. Student: Well, I swallowed a fish bone today which makes two hundred nine.

Kenneth knows his history, but he knows the girls better.

J. V. must play on Rubye's team in volleyball. It was heard in the hall that Mr. Boyd didn't like the seventh grade.

Wonder why J. V. talks so much around the girls?

Wonder what ice man E. Nora found?

Wonder why W. Pruitt uses two cars to get his girl to the party? The first year agriculture class

sure do like raw eggs. Some boys seem to think that girls would make it lighter on them in agricultural initiation. (Will it?)

What makes P. D. so blue? (Did his girl quit him?) Why was Durwood blue Monday morning? (Did his girl trifle on him?)

### Our Superintendent

Our superintendent, Mr. C. E. Boyd, came to Paint Creek from Early High School, near Brownwood, Texas, where he had taught for the past six years. Previous to that his teaching record shows six year's experience in Stonewall county. He is a graduate of Howard Payne College of Brownwood.

Mr. Boyd is very fond of music, having spent some time in band work with the Old Gray Mare Band at Howard Payne. At present he has no band to direct but hopes to organize either a school band or an orchestra at Paint Creek soon.

In his hobby, which is golf Mr. Boyd shows the same enthusiasm that he does in whatever he under-

takes. Paint Creek is fortunate to have a superintendent who is active in so many fields. We feel sure that under his direction Paint Creek will have a successful and a very pleasant school year.

### Paint Creek Chapter of FFA Meets

The Paint Creek Chapter of the Future Farmers of America held their first regular meeting of the year Monday night October 3rd at 8 p. m. Twenty four boys were present.

The program consisted of the regular Greenbow initiation ceremony. The boys that were initiated had an experience they will never forget. They were led into a room, blindfolded and forced up a plank. Just as each boy reached the ceiling he was pushed off.

Then came the bad part—each boy was placed on an operation table and was operated upon. After being whittled on a while they were given some medicine. Only a few boys took the medicine.

After the initiation ceremony, the boys recited the Future Farmers creed in unison. Committees were appointed to be in charge of the booths at the Haskell Fair and business was transacted before adjournment.

### FFA Club Has First Student Social Event

The members of the FFA chapter gave the first student party on Friday night, September 23, at the agriculture and home economics building.

Mr. Harmon, sponsor of the F. F. A. Chapter was assisted by Mr. Everett, Mrs. Boyd and the club's entertainment committee chairman, Durward Livingood, in keeping a variety of very entertaining games in progress throughout the party.

After having much fun the following persons enjoyed delicious punch and cookies: Nannie Bell Sanderfer, Kenneth Brown, Earnestine Johnston, J. B. Nanny, La Verne Bischofhausen, Elmer Dean, Dorothy Fay Prewit, Jack Landers, Elinor Du Ross, Ray Overton, Jr., Jerlene Gipson, Irwin Overton, Kermit Brown, Audrey Green, Martha Jean Robertson, Billy Lane, Emma Pearl Graham, Jack Lane, June Cox, Gene Welsh, Billy May Welsh, P. D. Boddy Jr., Hilda Navert, Allan Isbell, Orville Cox, Earline Stodghill, Ruby Bunkley, J. V. Weaver, Sybil Nanny, Willie Lee Medford, Walton Nanny, Bill MacMahan, Edith Merle Montgomery, Durward Livingood, Edwin Trimmer, William Prewit, Bertha Adecock.

### Future Homemakers Have Meeting

The Paint Creek Future Homemakers met October 3rd.

The subject of discussion was the care of silk hose, style of dresses and the method of making perfume. Our social committee met and plan to have a tacky party in the near future.

All members were present. Our next meeting will be the first Monday in November.

R COMPANY HASKELL, TEXAS

At the Purina Experimental Farm where thousands of birds are raised each year three definite periods in the pullet cycle are recognized. The first is the pullet development period from March through August...

50% Production Profitable "In the second period lies the secret of profitable poultry raising," Burrell says. "The poultry raiser who hits the high egg price period with big well-developed pullets, turning in 50 percent production or better, has birds that not only pay for the cost of their care and feed but pay a big margin of profit above all costs..."

Complete Feed Needed A complete, balanced growing feed that provides growing pullets with all the ingredients they need for a quick sturdy growth in just the proportion pullets require, is one of the many developments at the Purina Experimental Farm. "Big sturdy pullets at 20 weeks don't just happen," Burrell points out. "By starting with well-bred chicks, feeding them well during the first six weeks, and then giving them the best of care and feeding during the growing period, the poultryman gets the best insurance he can buy for having money-making pullets when it comes time to fill his laying house in the fall..."

Ohio Experiment Station figures on chicks hatched April 7 and grown out properly from the sixth to the twentieth week show a flock average of 180 eggs per bird. Late maturing pullets laid only 113 eggs during the same period.

Miss Madge Leon, duchess to the queen of the fair in Abilene returned to her home Thursday.

### GEMS OF THOUGHT

God whose gifts in gracious flood  
Unto all who seek are sent,  
Only asks you to be good  
And is content.—Victor Hugo.

### Mrs. Moody To Lecture

Spurning the idea of turning tennis professional, Mrs. Helen Willis Moody recently announced that she would go on the section platform for a tour of four weeks this fall, and then devote herself principally to painting, an art in which she has already won recognition.

She will not give up tennis, however, but will continue to play as an amateur as occasion permits. She did not enter the Forest Hills competition this year, because after winning the Wimbledon championship for the eighth time she suffered from the effects of an old back injury.

Mrs. Moody's amateur record is perhaps the most remarkable in the history of tennis. She is the holder of eight United States national championships, four French championships and the Irish championship, besides the eight won at Wimbledon, England. She also has been a winner in several notable women's doubles and mixed doubles contests.

She won her first national championship in 1923 at the age of 17, and each year thereafter until 1929, except 1926, when she did not defend her title on account of illness. She also won the national crown in 1931 and 1935.

Mrs. Moody has been an exhibitor of paintings and drawings in leading art galleries since 1931. Her lecture tour will be devoted largely to a discussion of sports in their relation to daily life, and their value in keeping physically fit.

### PWA Money Spurned

Many communities are beginning to balk at new bond issues to finance projects for which PWA grants amounting to 45 per cent of the cost are available. The fact is that taxpayers are coming to realize that through the lure of Federal grants they have been voting local bond issues which will impose unbearable burdens in the years to come.

An important case in point was that of Birmingham, where it was proposed to vote an additional \$6,000,000 of bonds for a building program to cost about \$11,000,000, of which the PWA was expected to put up approximately \$5,000,000.

Among the projects proposed were a city hall, fire station, hospital, libraries, parks and community houses, and school buildings. The projects were voted on separately at a recent special election, and every one was decisively rejected, most of them by a vote exceeding two to one.

The PWA system of grants has encouraged states, counties, cities and other political subdivisions

to plunge deeper and deeper into debt, so that in many cases ultimate bankruptcy is inevitable. Birmingham voters evidently desire to avoid such a situation.

### Getting Work Done

It is related of Henry Ward Beecher, the great Brooklyn preacher of the last century, that when a friend once asked how he managed to get through so much work in a day, he replied:

"By never doing anything twice. I never anticipate my work and never worry about it. When the time comes to do a thing, I do it, and that's the end of it."

The formula sounds simple enough, but how many of us can follow it? An exchange contrasts the methods of fussy persons with the concentration and directness of a Beecher, in this fashion:

"The fussy, hurried, worried man is the chap who tries to do everything at once. He dabbles in this and dabbles in that—finishing nothing. He picks up a letter to answer it and lays it down to pick up another letter and fuss with that. He puts the card work at the bottom of the pile. He leaves a hard job on his desk day after day until it absolutely has to be done and then he rushes it out in such a hurry that it seldom is done right.

"The big things of life are never done by a fussy man. When one is worrying about half a dozen tasks that must be done in the future, he fails to do the present task as it should be done. One task at a time finished and started on its way before tackling the next task is a rule that makes for poise and power."

### Better Fed Poultry

Scientific feeding of poultry is building new profits for farmers, according to university experts and attention is being directed to the studies by D. C. Kennard and R. M. Bethke published by the Ohio Agricultural Experiment Station.

Extensive experiments with vegetable proteins and minerals for poultry compared various levels of meat scraps with soybean oil meal for chicks and growing pullets.

"That the soybean oil meal rations in these studies proved somewhat superior to the meat scraps rations was surprising and almost unbelievable at the time," but was confirmed by subsequent experiments, says the bulletin.

In these tests soybean oil meal proved comparable to milk for the finish feeding of market broilers, it is declared, while studies showed ground whole soybeans were decidedly inferior.

"In these later investigations soybean oil meal again proved superior to peanut oil meal, cottonseed oil meal, or linseed oil meal when used as the sole source of supplemental protein. Likewise tests conducted by other stations have generally indicated that soybean oil meal was superior to the other vegetable protein concentrates and that it was a satisfactory substitute for meat scraps when properly supplemented with suitable minerals."

Growers of soybeans have received good returns in recent years because of the demand for soybean oil meal in the feeding of hogs, cattle, sheep and poultry. More than 80 percent of the oil produced from the beans is now used in edible products.

A radio was stolen from Russell Lloyd's store in Wildwood, N. J. The next day a man walked into the store, carrying the radio and complaining it was noisy. Lloyd called the police, and the man was arrested.

Charged with being drunk, a 56-year-old man told a San Diego, Calif., judge he was celebrating his divorce. "When were you divorced?" asked the judge. "Twenty-five years ago," the man replied. He was fined \$10.

Walter H. Mueller of Des Moines is "tattooing champion" of the state of Iowa. He worked four years on the bedspread which won him the prize, and says he took up needle work to relieve himself of the jitters.

## A SOLEMN REFERENDUM!

## Haskell County History

As Revealed by the Files of the Free Press 20, 30 and 40 years ago.

### 20 Years Ago—Oct. 12, 1918

Henry Mayberry, a young man who formerly lived east of Weimert, was killed last week in Delta county, Texas, when a pistol, believed unloaded, was accidentally discharged.

The threatened epidemic of influenza throughout the Southwest has caused the Government to request the Red Cross to mobilize all available nurses at once.

Mayor Courtney Hunt issued a proclamation this morning closing all city schools, picture shows, churches and other meeting places for a period of 10 days. This step was taken in an attempt to check the spread of influenza.

Henry E. Linder, an aviator stationed at Call Field, Wichita Falls, spent the week-end with friends in Haskell.

Judge J. W. Kelly brought over from Rule this week something like 1500 pounds of peach seeds and a quantity of serviceable clothing and shoes as that city's donation to the Red Cross. The people of Haskell county have already sent more than 2,000 pounds of clothing to the stricken people of Belgium.

The prolonged drought in this section was broken Monday when more than one and one-fourth inches of rain fell at Haskell.

The baby of Mr. and Mrs. Willis Adcock of the Weaver community was almost strangled to death last week when the little fellow attempted to drink some kerosene oil. Dr. Gentry was summoned and after giving emergency treatment, reported the child would recover.

Hon. Marvin Jones, Congressman for this district and who has just returned from France, will speak in Haskell Saturday afternoon.

30 Years Ago—Oct. 10, 1908

On last Thursday a large party of citizens turned out to greet officials of the Wichita Valley railway when they visited this city. The group of officials included Frank Trumbull of New York, president, Col. Morgan Jones and D. C. Keeler of Fort Worth, H. W. Cowan of Denver, W. F. Sterley and G. F. Catter of Fort Worth.

D. H. McCosh of Chicago has been employed as secretary of the Haskell Commercial Club, and took over the duties this week.

Haskell continues to grow. This week J. F. Pinkerton donated a lot for a broom factory. There is also a move on to get a flour mill to locate here.

Marshall Pierson returned this week from a trip to Big Spring and the country north of that point. He was accompanied by J. S. Menefee of Rochester and T. W. Johnson and Hugh Williams of Rule. They took a three hundred mile auto trip northwest of Big Spring and went into New Mexico.

Mrs. Camp, who keeps the Hunt boarding house has received news that her mother and sister were seriously hurt in a runaway at Mineral Wells recently.

Miss Gertrude Cummings left the early part of the week for her home at Van Horn. She was accompanied by her aunt, Mrs. L. M. Garret, Mrs. Lemmon and Mrs. Bud Smith as far as Abilene, by Miss Ruby Fitzgerald as far as Sweetwater, and by Miss Bess Lemmon who will spend several weeks visiting friends in Sweetwater.

40 Years Ago—Oct. 15, 1898  
Miss Minnie Lindsey and Messrs.

### D. R. Couch and Sam Pierson who are attending Simmons College, Abilene, are expected up for a brief visit with their homefolks this week.

Mr. M. A. Clifton says that on his rounds he finds the farmers have sown, or are preparing to sow a pretty good acreage of wheat.

Wylie Robertson of Wichita Falls with his wife and two children are spending the week with Mr. Robertson's parents here.

R. E. Sherrill and family are visiting relatives at Graham. A son was born to Mr. and Mrs. F. C. Wilfong on Saturday, the 8th.

Mr. John Fitzgerald and family have moved to town to get the benefit of the town school.

We understand that there has been several land trades made this week and numerous prospectors are seen in our section daily.

J. S. McWilliams of Eldorado, Ark., is now in Haskell for the purpose of building a herd of horses which he will take back to that country. Messrs. W. H. Parsons and J. S. Fox came in Thursday from a fishing and hunting trip on the Clear Fork with a fine supply of squirrels and fish.

The latest in regard to the Spanish peace situation comes in a cable dispatch from Rome and is to the effect that Spain will demand intervention by the powers if the United States insists on annexing the entire Philippine group.

### Opportunity Knocks Five Times

At least one June graduate isn't worried about the future. Instead of being bounced into a cruel, jobless world after receiving her degree from Texas State College for Women, she found herself with five acceptances to her applications for positions. She could have been a teacher in two schools, a secretary, a reporter or an advertising solicitor.

Mmes. W. E. Welsh, R. L. Lemmon, Bert Welsh and son Billy Bob left Sunday for Houston to visit Dr. and Mrs. Hugh C. Welsh and Mr. and Mrs. Barton Welsh of Texas City.

### STATEMENT OF OWNERSHIP

Statement of Ownership, Circulation, etc., required by the Acts of Congress of August 24, 1912, and March 3, 1933 of The Haskell Free Press published weekly at Haskell, Texas for October 1st, 1938.

### STATE OF TEXAS COUNTY OF HASKELL,

Before me a Notary Public in and for the State and county aforesaid, personally appeared Sam A. Roberts, who, having been duly sworn according to law, deposes and says that he is the Publisher of The Haskell Free Press and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management (and if a daily paper, the circulation), etc., of the aforesaid publication for the date shown in the above caption, required by the Act of August 24, 1912, as amended by the Act of March 3, 1933, embodied in section 537, Postal Laws and Regulations, printed on the reverse side of this form, to-wit:

1. That the names and addresses of the publisher, editor, managing editor, and business manager is: Sam A. Roberts, Haskell, Texas.

3. That the known bondholders, mortgagees, and other security holders owning 1 per cent or more of total amount of bonds, mort-

### When Women Need Cardui

If you seem to have lost some of your strength you had for your favorite activities, or for your household work . . . and care less about your meals . . . and suffer severe discomfort at certain times, . . . try Cardui!

Thousands and thousands of women say it has helped them. By increasing the appetite, improving digestion, Cardui helps you to get more nourishment. As strength returns, unnecessary functional aches, pains and nervousness just seem to go away.

gages, or other securities: Haskell National Bank, Haskell, Texas.

4. That the two paragraphs next above, giving the names of owners, stockholders, and security holders, if any, contain not only the list of stockholders and security holders as they appear upon the books of the company, but also, in cases where the stockholder or security holder appears upon the books of the company as trustee or in any other fiduciary relation, the name of the person or corporation for whom such trustee is acting, is given; also that the said two paragraphs contain statements embracing affiant's full knowledge and belief as to the circumstances and conditions under which stockholders and security holders who do not appear upon the books of the company as trustees, hold stock and securities in a capacity other than that of a bona fide owner; and this affiant has no reason to believe that any other person, association or corporation has any interest direct or indirect in the said stock, bonds, or other securities than as so stated by him.

These have slight imperfections in the skins which will not affect the wearing quality. Cosack style with leather collar. 36 to 46.

### New Service Link For Gas Company Near Completion

Further strengthening Lone Star Gas service to Haskell, the new gas suspension bridge to carry the company's big line from Texas Panhandle over the Salt Fork of Red river is being pushed to completion. This new and stronger link in the gas system's service is about 12 miles north of Hollis, Okla., and replaces a structure destroyed in last spring's flood when debris of five other bridges bore down on it.

Concrete for the anchors has been poured, the main piers are nearing completion and it is expected the bridge will be in operation before Dec. 1.

The new span, with an elevation of 1770 feet above sea level, is 28 feet above the bed of the river and the pipe will be 16 feet above the high water mark set by the record flood of last spring. Total length of the bridge from anchor to anchor is 1,034 feet with 600 feet between the piers. There are two main piers, each to be surmounted by structural steel towers 67 feet high to carry the main cables from which the pipe cradles are suspended.

Forty-seven feet of quicksand at the location for the north pier necessitated the sinking of this pier's caisson by air pressure. Two air locks were provided in the 50 foot long steel caisson which is

seven feet in diameter. A compressor furnished sufficient air pressure through an air hose to these locks to keep water out of the caisson as it is driven down. An experienced caisson pressure workman mans the centrifugal pump within the caisson, pumping water and sand out of the steel shell through a pipe provided for this purpose.

### SOCIETY and Club

Miss Christine Tucker Is Bride of Mr. Alfred Hartsfield

Announcement was made this past week of the marriage of Miss Christine Tucker and Alfred Hartsfield of this city. The wedding took place August 13, at Anson, Texas.

The bride is the daughter of Mr. and Mrs. J. J. Tucker. Since her graduation from high school, she has been an employee in the Style Shoppe owned by her father. Mr. Hartsfield is the son of Mrs. Henry Hartsfield and is also a graduate of the Haskell Public Schools. For the past few months he has been employed in Littlefield, Texas.

The couple will make their home in Haskell.

W. J. Adams and children spent Sunday in San Angelo visiting with relatives.

### FRESHMAN CLASS HAS MEETING

The freshman class had a called meeting with their sponsor, Mr. Watson to appoint their committees. We decided that we needed a social committee which is Eva Lee Robertson, Velma Florence, Leon Harper, Louis Chamberlain and for the program committee, Leora Stewert, Charley Mapes and Thelma Florence.

The class then decided on sweet peas as our class flower, and blue and white as our class colors.

We wish to welcome Alvin and James Moore, two new members of our class to our socials.

### SENIOR PICNIC

The Seniors had their first picnic Tuesday night, Oct. 4. After meeting at the school house, we went to the Mattson Park. Several games were played, and then we divided into two groups, and went on a scavenger hunt. Of course a scavenger always spells fun, and he had plenty of it. Later we were served refreshments. Everyone reported a nice time, and are looking forward to more picnics in the future.

### WE WANT TO KNOW!

Frieda, how about those pictures Sunday?

Louise, you passed up a good show Sunday night.

Burl, why did you hide Miss Crume's sandal at the Senior picnic?

Elmer C., how about that letter you wrote last week?

LaVera, why did you act so strange Sunday?

Leon M., why do you blush when "a place of business" from Weinert is mentioned?

Wanda, why don't you like the company of your big sis?

Jessie Kate, so you threatened to slap him, did you?

Jack Miles, you've grown up all of a sudden, why?

"Lady you haven't changed a bit"—Did you originate this, Ruth?

Jack Mapes, why the red finger nail polish on Sunday?

Ed, are you counted out on everything that a certain girl is?

Ben and Thomas, how about some pop corn?

Glenn, what makes you keep Threemorton time?

Odell, you book-worm, is that all you can find to do?

Why do all the Seniors want another picnic so soon?

Miss Crume, what do you mean by "I always say"?

### RUMORS

We recently heard a college professor say men should pay more attention to culture. Okay, right if it is a girl.

Women will not be men's equals until you can slap them on the back and borrow a dollar.

Anyone can catch a bouquet but it takes a good man to stop a brick.

If you are too small to do great things, perhaps you can do small things in a great way.

None of us ever gets anything for nothing, but that doesn't keep us from trying.

When some people pay a compliment they act as though they wanted a receipt for it.

The way some fellows believe in getting an education is eating alphabet soup at a restaurant.

Life is like a deck of cards. When you are in love it is hearts; when you are engaged it is diamonds; when you are married it is clubs; when you die it is spades.

If you do right you will be criticized; if you do wrong you will be criticized; so you might as well do right.

Some people are so progressive they do not wait for April 1st to make fools of themselves.

A square peg may not fit in a round hole, but a square deal fits anywhere.

Sometimes it is almost as hard to live within an income as without one.

If it took any effort to go from today to tomorrow, some fellows would still be in yesterday.

### NEW ENGLAND FAIR

The fourth and fifth grades had a New England Fair on September 29th. Features of the fair were exhibits from the six New England states and discussions of New England life by members of the fifth grade class. A picture show "Little Black Sambo Goes to Africa" was presented by the fourth grade class. A two-headed African woman was an interesting attraction. Cold drinks were sold to the visitors. The classes made a profit of \$2.50 on their fair.

### PARENT-TEACHERS HAVE MEETING

The Mattson Rural Parent-Teacher Association met Tuesday, October 4, in a very interesting meeting. After the business meeting, an enjoyable program followed. The chief feature of the program was the talk by Mrs. T. R. Odell, our district president, on "The American Home of Today vs That of Fifty Years Ago" given in Mrs. Odell's winning style. Preceding this she told us many interesting things about Parent-Teacher work which gained an enthusiastic hearing. Following the program, a refreshing drink was served and a social hour was enjoyed.

We urge all patrons to meet with us the first Tuesday after-noon of each month, and derive

### SOPHOMORES HAVE WEINER ROAST FRIDAY

The sophomore class enjoyed a weiner roast Friday night. The majority of the class was present. Our sponsor, Miss Grindstaff and Mrs. Taylor accompanied us. A number of games were played, we had a treasure hunt, and then ate the refreshments. Everyone had a very nice time.

### SCHOOL EXTENDS SYMPATHY TO PLAYER

The pupils of high school were very sorry about the misfortune of our classmate, Chester Robertson, whose arm was broken Friday while playing football in the game against Rochester. We all hate this very much, and hope he is soon well, and back with us again.

### CRUSADE LEADER

YOUR GUESS IS AT GOOD AS MINE

Where did Napoleon go when he was 39 years old? (Into his fortieth year.)

Why is a clock a symbol of modesty? (It covers its face with its hands and runs itself down.)

Why was the first day of Adam's life the longest ever known? (Because it had no Eve.)

What did the spider do when it came out of the ark? (It took a fly.)

What does a person usually grow in his garden if he works hard? (Tired.)

I went to the woods and got it; I sat down and looked at it; the more I looked at it the less I liked it, and I brought it home because I couldn't help it. (Yes it was a thorn.)

What common convenience on the farm is well handled? (The pump.)

Why was Christopher Columbus a farmer? (Because he plowed the seas and planted his foot on American soil.)

Why is a dead hen better than a live one? (Because she will lay where you put her.)

What month has twenty - eight days? (All of them.)

What is that which every living being has seen but will never see again? (Yesterday.)

What is it that when lost can never be found again? (Time.)

What is "Bred in Old Kentucky"? (Ten cents a loaf.)

What goes through a door but never in or out? (Key-hole.)

How can you keep a dog from going mad in August? (Shoot him in July.)

Why are the up-to-date cities not going to have lamp posts any longer? (Because they are long enough.)

MRS. KENNETH G. FRAZIER

Active in many consumer campaigns in the southwest, Mrs. Frazier of Dallas, as president of the newly-formed National Consumers Tax Commission, now leads the women of the nation in a fight on hidden and direct taxes that "penalize the consumer by raising living costs." With units already organizing in 30 states, Mrs. Frazier predicts an organization of two million members in cities and towns in every state from coast to coast.
