Mattress Making Projects To Be Set Up In Haskell County

LOW-INCOME RURAL FAMILIES ELIGIBLE TO ENTER PROGRAM

Ten Mattress Making Centers Are Designated In County

First steps in a movement to establish a community mattress-making project in Haskell county as an aid to low-income rural families were taken Tuesday at a meeting of agricultural leaders, the county and home demonstration agents, county officials, and civic leaders Tuesday afternoon in the courthouse.

Through cooperation of the county with the Federal Surplus Commodities corporation, the AAA, and other agencies, rural families with income of not more than \$400 each for the past year would be able, under the new program, to obtain one mattress each.

Cotton for the project is to be obtained by the agricultural adjustment administration's agencies in this county, and would be delivered to the various mattress-making centers as required for manufacture. Ten such centers were designated Tuesday. Each will be established, it was said, as soon as 120 qualified families file application for one mattress each. Centers are to be located at Mattson, Weinert, Haskell, Paint Creek, Rule, Rochester, Midway, Vernon, Pleasant View and Mitchell.

Chairmen of committees that will be in charge of arrangements for the mattress making program in each community, and who have for issuance application blanks for those desiring to enter the program, are: Mrs. O. Matthews at Mattson; Mrs. S. G. Perrin at Weinert; Mrs. W. E. Johnson at Haskell; Mrs. A. McLennan at Paint Creek; Miss Nora Walters at Rule; Mrs. Jesse B. Smith at Midway; Mrs. A. C. Denson at...

ELECTRIC RATE HEARING TO BE CONDUCTED HERE

City Council To Consider Setting Schedule of Electric Rates

Under terms of an ordinance passed by the City Council several weeks ago providing for regulation of utility rates charged consumers in Haskell, first hearing under provisions of the statute has been set for Friday night at a special meeting of the City Council.

Purpose of the hearing, Mayor J. E. Leflar said in calling the special meeting, will be to determine and fix a schedule to be charged for electric service in Haskell. Under terms of the newly enacted ordinance, the schedule of rates set by the City Council will be mandatory on any company or companies serving consumers in Haskell.

The ordinance also provides for regulation of rates charged for all other public utilities, including telephone, natural gas, water and sewer service.

JURY FAILS TO AGREE IN TRIAL OF FORGERY CASE

Retrial Scheduled on Felony Charge Against Eastland Resident

Hearing of the felony case, The State vs. J. M. Thompson, charged by indictment with forgery and passing a forged instrument, resulted in a mistrial when the jury hearing testimony in the case was unable to arrive at a verdict. Trial of the case was begun Monday morning and all evidence was presented during the first day's session, the case going to the jury Tuesday at noon following conclusion of argument by prosecution and defense counsel. The jury reported to District Judge Dennis P. Ratliff at 5 o'clock Tuesday afternoon that they were unagreed upon a verdict and a mistrial was ordered.

Thompson, a resident of Eastland county, was indicted by a Haskell county Grand Jury in connection with the alleged passing of a forged check to a Haskell grocery store in November of last year. Thompson and a companion, Earl Lem, also of Eastland county, both were indicted on a similar charge of forgery and passing of forged instrument in Throckmorton county, District Attorney Ben...

Haskell Black Braves To Play Merkel Sunday

The Haskell Black Braves, captained by Claud Glover, will play their first home game of the season here Sunday afternoon at Fair Park, when they will meet the Merkel Badgers in a 9-inning encounter scheduled to begin promptly at 3:30 p. m. The locals will be out to avenge the defeat administered by Merkel's colored aggregation last Sunday, when they took out the Haskell Blacks 4-3 in a 10-inning game, the season's opener.

On the mound for the locals in Sunday's game will be "hard-chunking" Ike Gaston, who's going to hurl to win. Manager Claud Glover said. Special seats will be provided for Haskell baseball fans, and the colored team is hopeful that a large number of local fans attend the game.

Admission charge will be ten and fifteen cents, with proceeds going to the Band.

Abston Case Reversed By the Appeals Court

New Trial Ordered for Defendant Charged With Murder

In an opinion handed down by Judge Tom L. Beauchamp of the State Court of Criminal Appeals Wednesday, the higher court reversed for the third time the conviction of Clarence (Puny) Abston, given 99 years in Baylor county for murder.

Abston, former resident of O'Brien, was convicted of murder in the death of Miss Rebecca Coursey, aged O'Brien woman, in May, 1936. Two previous convictions in Haskell and Kent counties had been reversed on grounds Abston was ill-treated by officers before signing a confession. Abston was given the death penalty in his trial here, and a 30-year sentence in Kent county. The appeals court observed the State maintained the record had been strengthened in the third trial and Abston's confession therefore was admissible. Part of the new evidence was introduction of an old steel buggy hame with which it was contended Miss Coursey was beaten to death. The higher court ruled however, in reversing the case, that all evidence obtained by force from a defendant in criminal prosecution, whether true or false, was inadmissible.

Passing of A Pioneer

Mrs. John S. Rike Sr. died at her home in Haskell April 18, 1940 at the age of 87 years, 4 months and 8 days.

Elizabeth Holden was born in Collin County, Texas December 10, 1852. She was married to John S. Rike in Farmersville December 22, 1869. Born to this union were two daughters and three sons, Mrs. E. H. Morrison of Graham, H. M. Rike and Mrs. R. C. Montgomery of Haskell who attended their mother in her last illness, and Johnny Claud Rike and S. R. Rike who preceded her in death.

The family came to Haskell in 1890 and Mr. Rike passed away April 14, 1899. "Mamma" Rike lived for fifty years in the home here in Haskell and her going brings to a close the home where in years past many happy reunions of children, grandchildren, neices and nephews from Oklahoma and Texas were held. The large attendance of friends at her funeral and the beautiful

COOPERATION OF ALL CITIZENS SOUGHT IN CITY-WIDE CAMPAIGN

CITY MARSHAL TAKES BAKERY CO. POSITION

Salary Cut Necessitates Step, Officer Says In Announcement

City Marshal Sebo Britton, in an announcement this week stated that he had accepted a position as distributor for Mead's Bread in Haskell and surrounding territory and asked patronage for this bakery's products from his many friends and supporters.

Mr. Britton, re-elected for a third term as City Marshal of Haskell, explained that the City Council had set the salary of City Marshal at \$1 per month due to financial condition of the city, and that although re-elected as Marshal he was compelled to seek other means of providing a livelihood for his family and therefore had accepted the position with Mead's Bakery, whose products are sold in practically all grocery stores in this section.

Senior Class Play Will Be Given Friday

Next Friday evening, April 26, the Senior class of Haskell High School will present the annual class play—"Young April"—in the high school auditorium.

The Pasadena Independent says of this play: "It's a comfort to know that some playwrights not only believe in but can prove that all stark realism doesn't have to be tragic. For "Young April" is realism in its rarest manifestation. Hilariously real."

The result of "Young April" is an evening of pleasure. There's enchantment in the piece and the fragrance of the springtime of life. There's pathos, too—in this exposition of youth, experiencing disillusion and adjusting themselves to the ways of the world. The sixteen characters of the play are listed below in the order of appearance:

Miniature Golf Course To Open Monday Evening

The Haskell Miniature Golf Course, located one and one-half blocks west of the square, will be opened for the season Monday night, April 29th, according to announcement made by the management this week.

City Will Provide Trucks To Haul All Rubbish Placed In Alleys

Mayor J. E. Leflar issued a proclamation Thursday designating next week, April 29th to May 4th as "City-Wide Clean-Up Week", and every property owner and each citizen for that matter, is requested to join in the campaign to make Haskell a cleaner and healthier place in which to live. There are many reasons why the campaign this year should receive the enthusiastic support of every man, woman and child living in Haskell.

A city that is clean and beautiful creates cheer and banishes gloom, says Mayor Leflar. Also a clean city is to a great extent a preventative against fire, and every dollar's worth of property destroyed by fire is frequently the result of carelessness on the part of someone and this loss is a serious drain upon the economic condition of the city.

Citizens are urged to clean up their premises and burn all trash and other rubbish where possible. Tin, cans, bottles and other material of like nature should be put in sacks, boxes or other containers and placed in the alley convenient for wagons or trucks to reach and the city will provide this service free of cost. But only one round will be made by the trash haulers and you are urged by city officials to have your rubbish ready when the truck or wagon calls. Do not expect the men to gather up your cans for you, as it will be impossible for them to do so, Mayor Leflar said.

Remember, that this must be done as early in the week as possible. Delay may mean that you will be missed when the wagon calls if you have not done your part. Owners of vacant property in the city are urged to cooperate in this campaign, and have these places cleaned up of unsightly trash, weeds and rubbish. The different civic organizations of the city are also requested to assist in this campaign and help make Haskell the cleanest town in this section.

REGISTERED STOCK ANIMALS BOUGHT BY LOCAL F. F. A. BOYS

Youths To Start Herds and Feed Out Calves In Projects

Several Haskell F. F. A. boys have recently purchased registered Hereford and Aberdeen-Angus breeding cows and calves. The calves will be fed out and exhibited in the fall fair and the spring project shows.

The following boys have made purchases: Jack Ford has purchased a registered Aberdeen-Angus cow and calf from the herd of Robert Brown of Abilene. Jack is a first year Vocational Agriculture student and expects to use the cow to gain a herd.

J. M. Gay has purchased a calf from the herd of R. A. Brown and Barney Davis on the Colbert ranch in south Haskell county. Davis and Brown allowed the boy to pick the top calf in the herd. This calf is expected to be fed out as a show calf.

Charles Reeves has purchased a registered Hereford cow and calf from the herd of Press Baldwin. This cow will also be used as a foundation for a herd.

Otis Henshaw has recently purchased a feeder calf also from the herd of Press Baldwin.

Several other boys are planning on buying calves in the near future according to Homer Neal, local FFA adviser. Mrs. W. E. Johnson has as her guests her two daughters, Mrs. Jas. A. Potts of Houston and Mrs. H. A. Wiseman and son Rudy of Strawn.

Ralph E. Duncan was in Colorado City Friday and Saturday where he attended a meeting of the Chamber of Commerce managers of West Texas.

**Luncheon Club Entertained
In Home of Mrs.
E. J. Reynolds**

Members of the Luncheon Club were entertained in their regular monthly meeting in the home of Mrs. E. J. Reynolds last Thursday. Spring flowers decorated the rooms where bridge tables were arranged for the plate luncheon. Following the lunch games of 84 were played in the afternoon.

Guest list included: Mmes. John A. Couch, T. J. Arbuckle, George Herren, B. M. Whitaker, Sam A. Roberts, O. E. Patterson, R. C. Couch and Virgil Hudson.

Miss Beulah Mae Summers of Sagerton was a visitor in Haskell Wednesday.

**Rinkydinks Meet In
Home Room
April 19th**

The Rinkydinks met in their home room on April 19, 1940 for their meeting. The president, Royce Adkins called the house to order. The secretary read the minutes which were approved as corrected. Miss Phippen announced that two dollars had been added to the treasury which leaves a balance of \$2.43. The meeting was then turned over to the program chairman. A program was given. The house was then adjourned.

Mr. and Mrs. Grady Roberts of Munday visited relatives and friends in Haskell Sunday.

**Elsie Bradley Becomes Bride
of Doyle Eastland In
Ceremony Saturday**

Simplicity marked the wedding ceremony of Elsie Bradley and Doyle Eastland performed Saturday evening at six o'clock. Marriage vows were taken in the home of Dr. Gertrude Robinson before an improvised altar flanked by tall floor baskets of gladioli. The Rev. H. R. Whitley, pastor of the Baptist Church officiated. Proceeding the ceremony, Jean Conner sang "I Love You Truly" and Maxine Perdue and Josephine Parrish gave a violin duet.

For her wedding dress, Mrs. Eastland wore a semi-tailored dress of aqua chiffon. Fashioned with full skirt and long sleeves. An embroidered collar was the only trimming. Her small hat of black straw was worn with a short veil. Other accessories to complete the costume were of black and white. Tulle roses were used for her shoulder corsage.

Lucille Akins was maid of honor and Rob Simmons of Rule served as best man. Miss Akins wore a dusty rose dress of alpaca, white rosebuds for her corsage and black accessories.

Mrs. Eastland is the daughter of Mr. and Mrs. R. A. Bradley who reside near Haskell. Finishing high school in 1939, she has been employed by various business firms of this city since that time. At present she is an employee with the Haskell Telephone Company. She is a member of the Senior-Junior Magazine Club and is co-chairman at this time for that organization. In 1938 she represented Haskell at the West Texas Chamber of Commerce convention in Wichita Falls.

Mr. Eastland is the son of Mrs. Sue Eastland. Having lived in Haskell all of his life, he finished high school in 1933. He is an employee of the Brazleton Lumber Company.

After a reception to which members of each family and close friends were invited, the couple left on a brief wedding trip. On their return they will be at home in Haskell.

**Mrs. Sam Herren Jr.

**Magazine Club Enjoys
Unusual Program
Friday**

With Mrs. Wiley Reid as hostess and Mrs. C. V. Payne director the Magazine Club enjoyed a most unusual program on last Friday afternoon, the subject being "The Development of Photography." The director in her introduction, gave a brief history of the art of photography which was discovered by a Frenchman, Louis Daguerrre.

Mr. T. R. Odell gave the history of the inventor's life. We also learned that Miss Catherine Draper, sat for the first photo ever to be made in America in the year 1831. In a way Miss Draper might be classed as a martyr in the interest of science. In those days ones head was strapped in place and it was necessary to sit for about one half hour facing the light unblinkingly, otherwise the picture was totally ruined. Mrs. Ben Bagwell told of the evolution of the kodak, which was invented and developed by George Eastman.

"Photography As A Fine Art" was given by Mrs. French Robertson. Her talk was made more interesting by the display of photos.

Mrs. A. A. Bradford conducted a highly amusing contest called "Who's Who?" Early day pictures of the club members were on display. The identity of these were guessed. Prizes were given to the one who guessed the greatest number. Mrs. Theron Cahill received first prize and Mrs. Hill Oates second.

This day being the occasion of the "kitchen shower," Miss Beulah Faye Ratliff "carried" in the many articles that had been brought. Mrs. John Couch unwrapped and told the name of the donors. Miss Beulah Faye favored the group by giving a reading entitled "Why She Dressed in Red."

At the conclusion of the program, Mesdames W. Cox and Matt Graham assisted by other club members served delicious hot rolls with butter, coffee, tea and mints. These young ladies had prepared and baked these rolls. Surely we have members who are experts in other arts than literary.

A number of commercial firms have shown their appreciation of the Magazine Club by giving substantial cash donations for payment on the debt incurred by the remodeling of the club house. The club, as a whole, voice their appreciation for these gifts and sincerely say thank you. Also a number of former members who have moved away have sent letters of encouragement. Many of these letters contained donations, which may well be classed "love gifts" for all sippers of their love for their home club.

On Tuesday evening April 30 at 8:30 in the Methodist Church auditorium the Magazine Club will sponsor the presenting in concert of Miss Louise Kaigler. Miss Kaigler will be assisted by Miss Eddiemon and Mr. Kiker, du-pianists of Wichita Falls. Let's have a good audience, thereby showing our pride in our own home town girl.

Next Friday is to be the "final round-up." Let each member be present and on time. Reporter

**NYA Resident Center
Group Enjoys Trip
To Abilene**

On April 15th the girls of the Resident Center made an educational trip to Abilene.

Before noon we visited the West Texas Hospital and Scoggins and Parsons School of Beauty Culture to get information in regard to their training schools.

After lunch we enjoyed visiting the NYA boys work shop and girls crafts shop.

We attended the open house of The Abilene Reporter celebrating the opening of their beautiful new building.

A trip to the radio station on the eleventh floor of the Hilton Hotel ended our excursions with the exception of the Woolworth store.

As we came home we stopped over in Anson to visit the Resident Center there and invite them to visit us soon.

We feel that the day was a very pleasant and profitable one, and worthwhile training.

The following enjoyed the occasion: Daisy Brown, Lorene Frost, Easther Fowler, Ora Mae Lankford, Mary Helen Howard, Maggie Lee Piland, Joannah Gordy, Junice Viney, Dorene Rich, Elsie Tolliver and Mesdames Kate Perdue, Gladys Mundy, Iva Gilstrap and Mr. O. L. Kimbrough and Joe Larned. Reporter

**Members of Kindergarten
Class Are Guests
For Party**

Members of the Kindergarten class of Mrs. Faye Thompson were guests of Temple Williams for a party last Friday on his sixth birthday. His mother arranged for the party for the group which was supervised by Mrs. Thompson.

Refreshments of the white birthday cake made with six tiers of different colors and lighted with red candles was served with orange ade to the following: Edward Day, Billy Draper, Bobby Roden, Bobby Wilson, Rosemary Welsh, Rowena Lewis, Marinda Robertson, Robert Bruce and Chris Reynolds, James Hunter and Ercelle Harwell, Nathan Tinkle, Beverly Ann Casey, Jimmy McMillen, Paula Ratliff and Dawn Clifton.

O.K.—LET'S TALK PRICE!

If you're buying that way this year—let's forget the fun you find in a Nash and just compare it dollar for dollar with cars in its class.

Nash is bigger and better built—the only car with the thrilling smoothness of that Arrow-Flight Ride... the Convertible Bed... the terrific pick-up of a Manifold-Sealed engine (yes—a class winner in the 1940 Gilmore-Yosemite Run with 23.76 miles per gallon).

The extra value Nash gives you in finer engineering... in 300 pounds more weight than the small cars (for extra comfort and safety)—means higher resale value years from now.

Come in—drive a 1940 Nash today—the biggest new car value in town!

CHURCH OF CHRIST

J. G. Malphura, Minister

No social obligations has more to do with the church than marriage. If marriage and homelife are successful the church has greatly benefited; if they are a failure the church greatly suffers. Some churches are easing up on their divorce rulings, being influenced by the age in which they find themselves. Next Lord's day we will have two interesting and helpful discourses giving the churches' views of these things.

At eleven o'clock the subject will be "Marriage", the necessity for marriage and its relation to the church. At the evening hour, eight o'clock, the subject will be "Courtship."

We urge everyone to hear these sermons; both the married and unmarried, the satisfied married and the dissatisfied married, those who want a divorce, and those who don't want a divorce; both those who have passed the age for courting and those too young to court, as well as those actually trying to court.

FIRST METHODIST CHURCH

The pastor's sermon theme for the 11 o'clock service Sunday morning will be "Is There A Possibility and Danger That One May So Sin After Conversion or Regeneration or The New Birth, That He May Be Finally and Eternally Lost?", and his Sunday night theme will be "The Dangerous Deception In Our Modern Temptations." This sermon will be illustrated by rendering a grown man helpless by the use of common sewing thread. Every young person from the age of 10 up should hear and see this message; and there is a chance that some fathers and mothers might be helped by being present. All, regardless of age are invited to worship with us in any or all these services.

9:45 A. M. Sunday School with classes for all ages.
11:00 A. M. Morning Worship and Preaching.
8:00 P. M. Evening Worship and Preaching.

METHODIST PASTOR TO BEGIN SERIES OF SERMONS TODAY

Dr. Geo. C. French, Pastor, First Methodist Church announces that beginning next Sunday he will deliver a series of Sunday morning sermons on the general theme, "What Methodists Believe and Why?" He says that he has decided to do this for two reasons: (1) By reason of repeated requests; (2) Because he feels that it is needed and will be widely appreciated.

He assures one and all that his messages will not be in any sense of the word attacks upon the beliefs and practices of other religious groups, but rather an explanation of the beliefs and practices of his own group. For this reason he is urging all Methodists, insofar as possible to hear every message and to bring their notebooks and pencils. He also cordially invites all others who may be interested to hear them in a like manner. For convenient reference the date and subject of each message is listed below:

April 28th: "Does the Bible teach that after one is converted or born again there is a possibility and danger that he may go sin again that he may be finally and eternally lost?"

May 12th: "How and why does the Bible teach that Jesus was baptized—Was it for our example?"

May 19th: "Does the Bible teach that pouring or sprinkling is a proper mode for administering

water baptism?"
May 26th: "Does the Bible teach that parents should dedicate their children to God in their infancy by water baptism?"

Parade of Progress 1940

20 YEARS OF MARCHING AHEAD!

In 1916, the first Piggly Wiggly at Memphis, Tennessee, gave the world Self-Service, Cash and Carry, and National Brands. Piggly Wiggly made manufacturers conscious of "sanitary" packaging, and great strides forward have been made everywhere since! Piggly Wiggly gave the world true Scientific Merchandising in the grocery field. In the year 1940, almost every grocery chain and independent merchant is trying to copy Piggly Wiggly. But, of course, as always, your home-owned, independent Piggly Wiggly leads the field—and always will continue to do so! That's why Piggly Wiggly celebrates this wonderful Parade of Progress.

Motorists' Decalogue

An exchange prints the following Ten Commandments for motorists, which we think worth passing along to our readers:

Thou shalt have one driver, and that one a good one, at the wheel.

Thou shalt not make false traffic signals, false laws nor serve them, but shalt obey all traffic signals and the law. Stop, look and listen.

Thou shalt not study the law in vain, for thou shalt not be held guiltless if thou art ignorant of the law.

Remember every day to drive carefully. Be courteous to all sons, daughters, servants, animals and strangers, that every day may be free from accidents.

Honor thy fellow motorist that thy days may be long upon the highway which the state giveth thee.

Thou shalt not injure, kill, be unjust or inconsiderate.

Thou shalt not muddle thy brain with intoxicants, sleep, carelessness or any other enemy that hinders thy alertness.

Thou shalt not steal thy fellow motorist's part of the road.

Thou shalt not bear down upon thy fellow motorist or pedestrian unawares, nor blind him with glaring lights.

Thou shalt not covet thy fellow motorist's place or anything that belongs to him. Safety first takes no chances on sorrow. Mind your own business for conscience's sake, and above all, be courteous.

Rebuilding Finland

Ambitious plans for the rebuilding of Finland's damage cities and public institutions, including for 500,000 persons evacuated from their former home were discussed in New York recently by Alvar Aalto, a leading Finnish architect, and a group of his countrymen and American friends.

Mr. Aalto has been in this country in connection with bringing the Finnish exhibit at the New York world's fair up to date, and he will have an important part in the proposed rehabilitation program upon his return to his native land.

An organization for raising funds with which to rebuild the churches of Finland has already been formed by the Protestant ministers of Scandinavian-American churches. Members of leading American women's clubs have also pledged themselves to cooperate in the rebuilding program.

The task of reconstruction is seen as an opportunity to make Finland serve as a laboratory for civic planning which would interest designers, architects and engineers of all countries. Plans include the building of four entirely new model towns and besides the rehabilitation of those now existing.

It is hoped that the Finnish people may be permitted to live in peace in order that they may carry out the worthy plans they have in mind.

Conquering Disease

Americans have added nineteen years to the average length of life in the past hundred years. Eleven of these nineteen years have been added since 1900, according to health reports gathered by the Hospital Research Institute, Chicago.

Efforts made to lift the national health standard have added tremendously to the growing knowledge that the hospital is coming to be the community health center in which this battle of science is waged to defeat disease and accident, the Institute declares.

"Contagious and infectious diseases are being traced to their causes," continued the Institute. "They are being defeated by isolation and asepsis, sterilization, serum, and other modern methods which improve from year to year. Because of advances made in science and the medical professions, the mortality rate for tuberculosis has been reduced more than 66 per cent in the past three decades. Pneumonia and influenza deaths have been reduced 24 per cent, measles 87 per cent, whooping cough 59 per cent, diphtheria 90 per cent and scarlet fever 87 percent in the same period.

"There is still much good work to be accomplished in the wearing-out diseases, such as those attacking the nerves and heart, and the conquering of cancer. Untiring medical research, with the aid of modern hospital technique, is making progress in this direction."

A Chicago Tribune columnist reports the discovery of the most nonchalant man. When informed that his wife had eloped with the chauffeur, he was unperturbed, and only remarked: "Well, I was going to fire him anyway."

Do You Know TEXAS?

A reader of this newspaper can get the answer to any question of Fact by writing to A. Garland Adair, Curator of Patriotic Exhibits, Texas Memorial Museum, Box 1770 University Station, Austin, Texas.

Q. Is there a plant or shrub grown in Texas which is processed for wax? CMB.

A. The Candilla Plant (Euphorbia-Canifera) is found extensively in the western part of the state. It grows in bunches and in the years gone by the plant has been processed for its wax properties.

Q. Which state has the most cattle, Montana or Texas? D. W. Tudor, Globe, Arizona.

A. Texas. The 1935 reports show Texas with 7,222,369 head of cattle, while Montana had 1,530,000.

Q. What is the cost annually of Text books for the school children of Texas?

A Proclamation Designating the Week of April 29-May 4 City-Wide Clean Up Week

There are many reasons why the City-Wide Spring Clean-Up Campaign this year should receive the enthusiastic support of every resident of Haskell.

First: Because that a city that is clean and beautiful creates cheer and banishes gloom. Cheer produces courage and confidence, and no doubt most of us are badly in need of both these attributes at this particular time.

Second: Because every dollar destroyed in property by fire, which so frequently is the result of "careless" housekeeping in the home and in the average place of business, is a serious drain upon our economic condition.

Third: Because every job created in connection with a Clean-Up Campaign not only develops better fire protection, but supplies better sanitation and public health.

Now therefore I, J. E. Leflar, Mayor of the City of Haskell, do hereby designate the week of April 29th to May 4th, inclusive, as City-Wide Clean-Up Week in Haskell and most respectfully call upon all departments of the city, the service clubs, and all organizations of the city and our people in general to take an active part in this Clean-Up Campaign.

The City Council will arrange for trucks and wagons to haul off all trash and rubbish, but you are requested to place all rubbish and cans in piles in alleys accessible to the trucks.

In Testimony Whereof, I hereto sign my name and seal of office, this 25th day of April, A. D. 1940.

J. E. LEFLAR
Mayor of the City of Haskell
(Seal)

ATTEST: R. A. Coburn, City Secretary.

Who's Who In The Senior Class

Margaret Denson
"Janie" as she is affectionately called is a favorite among everyone because of her friendship, sportsmanship, and admirable personality. At the present time there seems to be some competition for Janie's affection, but we're betting on Delbert.

Cecil Morgan
Cecil, "Tuff" to his friends, is one boy in S. H. S. who just isn't interested in girls. At least it appears that way. "Tuff" is an all-around fellow, and he is noted for his comical and witty sayings. Cecil, here's hoping the cream of life's crop may be yours.

Emma Lou Tidwell
Emma Lou is an example to everyone in S. H. S. She is a good sport, has a charming personality, and is a friend to everyone. She has a nice voice and can carry a tune on the French harp. Emma Lou is one of the girl's star basketball players. Whatever life has in store for her, we sincerely hope it is the best.

Sybil Hudson
Sybil Hudson, oh! I beg your pardon—I mean Mrs. Lester Rinn has attended Sagerton all of her eleven years of school. She is an honor roll student and a favorite among her classmates. Sybil is very studious and is liked by all of her teachers. She is sympathetic and understanding. Here's wishing for you Sybil, much happiness and success.

Sagerton 4-H Club
The Sagerton High School girls had their weekly meeting April 19th. The meeting was opened with all the members present, conducted by their sponsor, Mrs. Lewis, singing "God Bless America."

Joyce Stegemoeller, president, directed the meeting. The minutes were read by Ruby Lee Newton. The girls hope to have some kind of entertainment soon.

There was a long interesting discussion on the trip to San Antonio in May.

May 2nd the 4-H girls will give a negro minstrel, and one-act play. Many negro songs and fun and joking for everyone will be given. The money made will go for the trip to San Antonio.

The Best Place in Town to Fill Up Your Car!

Stop at the nearest Humble sign and fill up with one of Humble's two great gasolines, now improved. Improvements in Humble give you new heights of performance; Esso Extra is a motor fuel without an equal.

Improvement of these gasolines results from our policy of CONTINUOUS IMPROVEMENT. Humble technical men are constantly experimenting, in the laboratory and on the road, with improved products for your car. This constant research results in continuous improvement of the gasolines, motor oils and other products you get under the Humble sign. The process of improvement is so continuous that specific improvements frequently are made without public announcement. It is only when marked improvements are made, like the improvement in quality of these fine gasolines, that your special attention is called to them.

It all adds up to this: we promise you that you will find Humble products second to none, that you can depend on continuous improvement to keep the quality of Humble products up with, or a little ahead of, the performance built into your car.

Local Whole Milk Market Developing More Farm Income

Establishment of a central market here for whole milk early last winter by Wilson & Co., has been instrumental in developing an increased income for farmers and owners of dairy herds, according to Mart Clifton, manager of the Clifton Produce Company, which operates the milk routes serving farmers throughout the section surrounding Haskell. Since the market was established in November, Mr. Clifton said more than 650,000 pounds of whole milk had been handled through the local market, and that approximately 180,000 pounds of milk are now being handled weekly, for which milk producers are receiving around \$2,000. The market will be maintained permanently, Mr. Clifton said.

Francis Fouts of Hardin-Simmons University spent the week end with her parents, Mr. and Mrs. Ed Fouts.
