Volunteers Fill County's First Quota In Draft Call

First Questionnaires Mailed To Registrants This Week

Haskell county was assigned a quota of five men in the first call for Selective Service trainees, but the quota will be filled by young men who have already volunteered for enlistment through the local Selective Service Board, Joe A. Jones, board chairman, said Thursday.

The five volunteers were: Joe Henry Sexton of Rule, Jesse Edward Isbell of Haskell, Preston Merlyn Davis of Rochester, James Alvy Mapes and Leroy Dewain Nollner of Haskell. The group will report to area headquarters of the Selective Service in Dallas Tuesday, Nov. 19th.

First questionnaires were mailed to Haskell county registrants this week, and Thursday a total of 100 had been mailed, Mrs. C. V. Payne, clerk of the board said.

The official list of order numbers for all Haskell county registrants has been released by the local Selective Service Board, and the first 250 numbers are published this week.

If the name of a registrant is not included in the first 250 order numbers as printed below, it can be reasonably assumed that he will not be called for military training for at least one year and maybe longer. This will depend largely upon the number of volunteers received before each call.

Following are the first 250 order numbers released for Haskell county. The first number is the order number and the second is the serial number.

- 1-158—Lenard Loyd Phemister, Haskell.
- 2-192—Bill Lorous Hunt, Rule.
- 3-105—Thadus M. Campbell, Weiner.
- 4-188—Alfred P. Grand, Haskell.
- 5-120—R. V. Perkins, Rochester.
- 6-846—Novis S. Ousley, Rule.
- 7-161—Russell Le Grand, Haskell.
- 8-14—William D. Johnson, Haskell.
- 9-57—Floyd Alvin Ulmer, Stamford.
- 10-153—Margin Hooks, (colored), Haskell.
- 11-15—Willie Lee Brown, Haskell.
- 12-766—Floyd L. McGuire, Haskell.
- 13-172—John Eldon Sparkman, Haskell.
- 14-126—Ossie J. Bartley, Haskell.
- 15-187—Otho Walter Nanny, Haskell.
- 16-187—Laure Anderson (colored), Haskell.
- 17-196—James C. Duncan, O'Brien.

Churches to Hold Union Service On Thanksgiving Eve.

In fitting commemoration of the Thanksgiving season, Haskell churches will sponsor a Union Thanksgiving Service at the First Baptist Church on Wednesday evening, November 27th, beginning at 7:30 o'clock. A beautiful and impressive program has been arranged, and sponsors of the program invite and urge the general public to attend, pointing out that this year all Americans have much to be thankful for.

Rev. Clifford W. Williams, pastor of the First Presbyterian Church will bring the Thanksgiving message, and Rev. Copeland, minister of the First Methodist Church will give the Scripture Reading, followed with Prayer by Rev. H. R. Whitley, pastor of the First Baptist Church. Music during the service will be furnished by the Harmony Club.

Mr. and Mrs. French Robertson were in Dallas this week end to see the A. & M.-S.M.U. football game.

Mr. and Mrs. H. C. King and children were in Throckmorton Tuesday to attend the Golden Wedding Anniversary celebration of his parents, Mr. and Mrs. H. C. King.

RED CROSS ROLL CALL CAMPAIGN UNDERWAY

PTA CARNIVALS CONTRIBUTE TO LUNCH PROJECT

Hallowe'en Fetes Net \$179 for Program in Various Schools

The School Lunchroom Projects being operated in Haskell county were given endorsement and generous support of school patrons at Hallowe'en Carnivals sponsored by Parent-Teacher associations in several schools of the county, with the result that approximately \$179 was contributed to the county lunchroom projects.

In Rule, proceeds from a Hallowe'en Carnival amounted to \$190, which has been used to buy china, glassware and silverware for their lunchroom. The Rule City Council also has contributed \$25 with which to buy screens for the lunchroom.

O'Brien celebrated Hallowe'en with a carnival which was well attended and liberally supported. About \$20 of their fund is soon to be spent for a heating unit for the dining room in their new lunchroom.

Hutto contributed the entire proceeds from their carnival to the lunchroom fund. This is a wide-awake two-teacher school, and patrons approve of their lunchroom 100 per cent.

New Mid, another progressive two-teacher school, is planning a "sock supper" Friday night, Nov. 22, with proceeds going to the lunchroom fund of the school. The public is invited to attend this affair, and are assured an enjoyable evening in addition to aiding a worthwhile cause.

Growing popularity of the lunchrooms which are being operated in eight schools in the county is shown by the fact that lunches were served 3,125 persons during last week, an increase over the previous week.

The cold weather has brought many more to the lunchrooms this week, reports of supervisors indicate, and in the Haskell project 185 lunches were served Wednesday.

Large Number of Turkeys Shipped From This City

More than fifty thousand pounds of turkeys were purchased on the Thanksgiving market by local buyers and shipped from this city, netting a substantial income to many farmers of this section who kept turkey flocks as a sideline to farm operations.

Average price paid on the Thanksgiving market, which closed last Saturday, was 13c per pound for No. 1 hens and 11c for toms. Through error, the price was listed at 14c for toms in an article last week, when this figure should have referred to the average weight of 14 pounds for toms, and nine pounds for hens of No. 1 grade.

The Christmas turkey market will open around December 5th, but the holiday crop of birds will be short, most growers taking advantage of the earlier Thanksgiving market to dispose of their flocks.

John L. McCollum of Washington, D. C. visited his parents, Mr. and Mrs. N. I. McCollum over the week-end. James R. Kennedy of Dallas was also an overnight visitor in the McCollum home Monday.

Mr. and Mrs. H. C. King and children, Beverly and Chan visited relatives in Gorman this week-end. Mr. King and Beverly went to Dallas to see the football game between A. & M.-S.M.U.

Community Chairmen Direct Ambitious Drive For Members

The 1940 Roll Call campaign of Haskell county chapter, American Red Cross, planned to enroll membership in chapter history, will be officially opened in Haskell today (Friday) according to Rev. Clifford W. Williams, county Roll Call chairman, and Curtis Pogue, sub-chairman in charge of the campaign in this city. Mr. Pogue succeeds Wm. P. Ratliff who was unable to devote his full-time services were required as a member of the Advisory Draft Board.

Mr. Pogue Thursday enlisted the services of local Boy Scouts in distribution of Red Cross Roll Call literature throughout the city, and teams of volunteer workers prepared to officially inaugurate the campaign Friday morning, in extending to every person in this city an invitation to join in helping support the mounting obligations of the Red Cross.

In other towns and communities of the county, sub-chairmen and volunteer workers have made similar plans to have the campaign well underway by the end of the week, according to reports made to Rev. Williams, county Roll Call chairman, and Miss Ruth Nunnally, chairman of the Haskell county chapter.

Sub-chairmen have been named in all but three communities in the county. Rev. Williams said, and at these points he expected volunteer posts to be filled within a few days. Directing the campaign in Rochester will be Hob Smith as sub-chairman; in Weiner Mrs. H. F. Monke is sub-chairman in Rule, F. E. Gaunt; and

Ladies' Night To Be Observed By The Lions Club

At the regular meeting of the Lions Club Tuesday, members decided to observe annual "Ladies' Night" of the club on Tuesday evening, November 26, when wives of all members will be special guests at a banquet and club program. The affair will be held at the Tonkawa Hotel coffee shop. Appointed as a committee on arrangements for the annual affair were L. R. Smith and Willie Lane, club secretary. Program for the evening will be arranged by A. C. Pierson.

Attendance at Tuesday's meeting was above the average, with only a few members absent. E. R. McCleatha, Dallas, was a guest at the meeting. C. B. Breedove, club president, presided and directed the brief business session.

Daughter of Mr. and Mrs. McLean Dies Here Monday

Lily Christeen, 7-year-old daughter of Mr. and Mrs. L. E. McLean, died in the Haskell hospital Monday evening at 6 o'clock, after an illness of about nine days. Surviving are the parents and one brother, Marshall. Mr. and Mrs. McLean and their family have lived in Haskell only a short time.

Funeral service for the little girl was held at Holden funeral chapel Thursday afternoon at 2 o'clock, with Rev. Wm. Priddy, pastor of the East Side Baptist Church officiating. Interment was in Willow cemetery with Holden funeral home in charge of arrangements.

Rev. Killingsworth of Lubbock visited relatives in Haskell over the Nov. 11th holiday.

Sagerton Queen

Miss Frances Kupatt, daughter of Mr. and Mrs. B. Kupatt was crowned queen of Sagerton High School at a recent carnival. Frances is a blonde, age 16, a member of the Junior class, leader of the pep squad, and editor-in-chief of the "Sagerton Eagle." Miss Kupatt was escorted by Jack Hastings.

HASKELL HUNTERS LEAVE FOR DEER-HUNTING GROUNDS

Several Groups From This City Leave Thursday on Annual Trek

Opening of the deer hunting season Saturday will find several parties of Haskell hunters at their favorite hunting grounds in the "Hill Country" of Texas, Nov. 16.

Most of the hunters, in several groups, left Haskell early Thursday in order to reach their destination and prepare for opening of the season in ample time. Without attempting to list all going from Haskell county, a partial list includes the following:

Hunting in Real county for their third consecutive season after bringing out a good bag the last two years were: Sam A. Roberts, C. O. Scott, Bert Hellums, and Frank Reynolds. Hellums is a new member of the party this year on the lease held by the Haskell group, which includes several others from Haskell who plan to hunt later in the season.

Leaving Thursday morning to be on hand for opening of the season in the Vaa Horn section were Henry Atkinson, proprietor of the Clover Farm Store in this city, and Wayne Perry, a former County Commissioner and his son, Hoyt Perry. They were to go to the Garren Ranch in that section, operated by a former early-day Haskell settler. The Perrys hunted there last year and had exceptionally good luck.

In another party leaving Thursday for the Cedar Mountains in Llano county were Jesse Jones, Chas. Reese and M. A. Dumas of Haskell, accompanied by George Metcalfe of Chillicothe. That section was the scene of a successful hunt by the same parties last year.

Making up another group who left for Chisos Mountain country were Bill Griffin, Cleve Decker, Wes Brown and Paris Trimmer, with others planning to join the group if possible.

In a party of seven who were returning to a favorite hunting ground in Mason county were Giles Kemp, Bob Harrison, Paul Frierson, "Skinny" Tidwell, Clarence Murphy, E. O. Chapman, all of Haskell, Constable Ollie Kitley and Bill Kitley of Rule.

26,683 Bales of Cotton Ginned To Nov. 1 in County

Report of cotton ginning from the 1940 crop, as released Monday by W. P. Trice, special agent for the Department of Commerce, shows that 26,683 bales of cotton were ginned in Haskell county prior to November 1, as compared with 14,503 bales for the crop of 1939 at the same date.

It is probable that the total for Haskell county now stands around the 30,000 bale mark, although light rains during the past week halted gathering of the staple. Ginner and cotton buyers estimate that the crop in Haskell county will exceed 40,000 bales this year.

Merchants and Civic Leaders Will Discuss Holiday Season Plans

FOOD STAMP PLAN FOR FOUR-COUNTY AREA IS PROPOSED

Plans to Secure Program In This Area Discussed at Meeting

County officials and representative grocers from Haskell and three adjoining counties met in Throckmorton Tuesday night for the purpose of discussing the possibility of having the four-county area included in the Surplus Food Stamp Program of the Federal Surplus Commodities corporation, which heretofore has been confined principally to larger cities and more densely populated counties. Haskell, Throckmorton, Baylor and Knox counties would be grouped as a single district if the program can be secured sponsors of the meeting announced.

Details of the Food Stamp Plan were outlined at the Throckmorton meeting and initial steps taken to definitely ascertain whether the program can be secured for this area. Progress made on the proposition will be announced at future meetings to be held in other towns in the four counties.

About twenty-five businessmen and county officials from the four counties were in attendance at the meeting in Throckmorton. Attending from Haskell were County Judge J. C. Davis, Jr., R. J. Reynolds, Dick Frierson, and Ralph E. Duncan, secretary of the Haskell Chamber of Commerce.

MATTRESS PROGRAM FOR 1940 ACCEPTED IN HASKELL COUNTY

Program Similar To That of Last Year, With Few Major Changes

The Mattress Program for 1940 was accepted by the Haskell County Land Use Planning Committee when the group met here Tuesday afternoon. The new program will be similar to the one carried out during the past year but with several major changes.

One of the most important of these differences is the additional allowance in the family income bracket. Eligible for the 1940 mattress program are families with an income of not more than \$500, instead of the \$400 limit in the former program. An additional income of \$50 is allowed for each member when the family includes more than four persons. For example, a family of five persons would be eligible if their income was \$550 or less, while a family of six persons with a combined annual income of \$600 would be eligible to participate in the program. Each family will be entitled to one mattress for every two members of the family until the family has received three mattresses.

The 1940 program also calls for a 60c fee for each mattress instead of the 25c charge made last year. Twenty-five cents out of the mattress levy is allotted as supervisor's fee, and thirty-five cents defrays other expenses of the program.

Applicants may secure blanks and detailed information concerning the 1940 mattress program at the office of the Home Demonstration Agent, the County Agent, or the AAA office, in Haskell.

Miss Bonnie Cathey was in Clovis, New Mexico over the week end with her former room-mate, Miss Ann Bledsoe, who underwent a major operation. She returned home Thursday.

O. E. Patterson and son, David, Mr. and Mrs. Ben Charlie Chantman attended the A. & M.-S.M.U. football game in Dallas, Saturday.

C - C Sponsors Community Breakfast to Be Held Nov. 19th

With representatives from every business establishment in Haskell expected in attendance at the Community Breakfast of the Chamber of Commerce to be held Tuesday morning in the Tonkawa Coffee Shop, principal interest at the morning session will be centered on a full discussion and final adoption of plans for the holiday business season in Haskell. Any program adopted will have full cooperation of all civic organizations in the city. Chamber of Commerce officials were assured this week by heads of the various civic groups.

Mrs. C. L. Lewis, president of the Magazine Club, will present a plan suggested by the Club, in connection with the beginning of the holiday season.

Under consideration and slated for presentation at the breakfast are plans for a city-wide pre-holiday festival and entertainment program to be staged early in December which would usher in the Christmas holiday season. Coincident would be installation of Christmas lighting decorations in Haskell stores and throughout the business section.

Other plans and suggestions will be welcomed for discussion and study at the breakfast, and C. C. officials will urge each merchant or businessman to suggest changes or additions that any individual believes would improve any program under consideration.

Tickets for the Community Breakfast will go on sale today (Friday) and may be obtained until 5 o'clock Monday afternoon. Ticket reservations can be made by telephoning the Chamber of Commerce office before that time.

Coldest Spell of Winter Hits This Section Tuesday

Following slow soaking rains during the week which brought approximately one inch of rain to this section, winter struck with full force Tuesday afternoon with a severe blast that sent the mercury tumbling from a maximum temperature of 52 degrees at noon Tuesday to 23 degrees during the night. The extreme cold was the most severe at this season for several years past, and put an end to unprotected garden, and field crops which were still growing.

Freezing temperature prevailed again Wednesday night, when the mercury dropped to 32 degrees from a maximum of 42 during the day.

The severe cold wave was general over a wide area of the country, causing heavy damage in some sections of the north and north west.

S-S Teacher Takes Class Members To Game in Ft. Worth

Eleven Haskell youths, members of the Methodist Sunday School class taught by O. E. Patterson, were given their biggest thrill of the current football season Thursday night when they witnessed the game in Fort Worth between the Masonic Home Masons and the Arlington Heights Jackets for the district 7 title.

Mr. Patterson personally arranged the expense-paid trip for the boys, and together with Hill Oates and F. L. Daugherty carried the youths to Fort Worth in their cars. The party left Haskell early Thursday afternoon. In the group were: Dan Oates, Billy Kemp, Billy Clifton, Ben Clifton, Frank Spencer, Sam Hugh Smith, Jack Morris, Norman Peavey, Dave Breedlove, David Patterson and A. H. Wair, Jr.

Mr. and Mrs. H. C. Wyche and Mr. and Mrs. Richard Bischoff and son, Richard, Jr., spent Sunday and Monday in Ft. Worth and Dallas with relatives and friends.

PROJECT IS ASSURED EARLY CONSIDERATION BY W. P. A. OFFICIALS

FFA Sweetheart

Betty Jo Hester, popular member of the Junior class, has been elected Sweetheart of the Dave Persons chapter, Future Farmers of America. She is the daughter of Mr. and Mrs. Joe Hester of this city. As chapter "Sweetheart" Betty Jo was named honoree at a party given for the FFA boys. (See story on page 4).

Building, Other Improvements Will Cost Approximately \$90,000

David S. Castle, Abilene architect, has advised the Haskell School Board that he will be present or their regular meeting Tuesday, November 19, and present for final approval plans, specifications and detailed estimates in the form of an application to the Work Projects Administration for a project to construct a new high school building and make other extensive improvements to the local school plant. Since this work has been prepared in close collaboration, with representatives of the Board, it is expected that the Board will grant its final approval and that the application will be filed in the district office in Fort Worth Wednesday, November 20. WPA officials have agreed to do everything possible to expedite consideration of the application and have stated that it may be possible to secure presidential approval within six weeks after it is filed.

The application calls for one project to reconstruct the high school building at a total cost of approximately \$62,500, the owner's contribution amounting to approximately \$39,000 and the government's contribution approximately \$23,500.

A second project will call for erection of homemaking building, a farm shop building, and extensive ground improvements, including a water well and distribution system for irrigating the camps. This second project is expected to cost approximately \$30,000, the sponsor's contribution amounting to about \$10,000 and the government's contribution about \$20,000 thus making the total cost of \$30,000.

These projects, together with the NYA project already beginning to construct an activity building, if carried out, will complete the high school plant as the Board has for several years hoped that it might some time be able to do. It will give four buildings for high school use, the main building will have offices, ten classrooms, library reading room, and auditorium seating 450 people. With the exception of the auditorium section, the building will be of fire-proof construction.

The homemaking building will be located across Campbell St. immediately east of the main building. It will be approximately 50 feet by 72 feet, containing a foods laboratory and a clothing laboratory, each 22 by 40 feet, and a combination living room-dining room, a bed room and bath room. It will be constructed of the same type brick as those used in the main building, but will be arranged to give it partially a cottage type of architecture. The homemaking building will contain equipment of desks, closets, tables and other things of the very latest design. These will be arranged according to the most modern ideas. School authorities believe that it will be one of the nicest and most complete buildings

HASKELL LUMBER DEALERS HOSTS FOR AREA MEET

Quarterly Meeting Central West Texas Lumberman's Assn. Held Tuesday

Lumber dealers from a number of West Texas counties were present for the meeting of the Central West Texas Lumberman's association held Tuesday night in the Tonkawa Hotel, with Haskell lumber dealers hosts for the meeting. Preceding the business meeting of the association, a banquet was held in the coffee shop of the hotel.

John A. Couch of this city, president of the Association, presided for the business session, and was banquet toastmaster. Principal speakers during the evening were Grady Yates of Waco, official in the home office of R. B. Spencer Lumber Company, and J. R. Fielder of Abilene, member of the firm of Fielder & Dillingham. Matters relating to retail lumber and building supply materials were principal topics in a round table discussion.

The regional association embraces 13 counties, and representatives in attendance at the Haskell meeting were from Coleman, Taylor, Eastland, Nolan, Fisher, Jones, Runnels, Knox and Scurry counties.

Mrs. Ramie Lee Bradford visited relatives in Monday, Sunday.

Large Crowds Attend Rule Armistice Day Celebration

Parade and Address by Hon. John Lee Smith Highlights of Program

A holiday crowd estimated at more than five thousand people, including hundreds of World War veterans and their families, thronged Rule Monday for the fourth annual Armistice Day program, which was classed as one of the best and most successful ever staged. The celebration was sponsored by the Rule post of the American Legion and all war veterans in attendance were guests of the Rule post at an Armistice Day dinner.

The celebration, in reality a three-day affair, was opened Sunday with a service at the High School auditorium honoring ex-service men, but Monday, Nov. 11 was the stand-out day, with many entertainment features scheduled for visitors. Biggest attraction of the day was the Armistice Parade

at 1 o'clock in which school bands and pep squads from a number of towns took part.

In the school band division the Knox City band won first with Old Glory second, and Aspermont third. In the pep squad division, Rochester was first and O'Brien second.

For the best decorated float, the entry of the Rule Rotary club won first place, the Philadelphia Club float second, and Rule school float third.

Other afternoon attractions included a football game between Rule and Weiner in which the Bobcats defeated the Weiner Bulldogs 37-7 before a large crowd of fans, with dances and fireworks display winding up the night program.

Principal speaker on Armistice Day was Hon. John Lee Smith, Throckmorton attorney and Senator-elect, who addressed the gathering at 11 o'clock Monday morning.

THE WARWHOOOP

Official Newspaper of Haskell High School

Senior Assistants: Jack Morris, Curtis Cross, Betty Blake, Olin Ashley.
Junior Assistants: Dale Bartlett, Beunis Faye Ratliff, Billie Jack Speer, Carol Bledsoe

Students Have Access To Useful Reading Material

Although the high school has no library this year, the students are very fortunate in the fact that the school supplies them with a number of newspapers and magazines. There are five newspapers, which include our local Haskell Free Press, the Fort Worth Star Telegram, the Abilene Reporter-News, Dallas Morning News, and the Wichita Record News. Of the various magazines the most popular ones are Popular Science, Look, Science Digest, News Weekly, Photoplay, and Scholastic.

These periodicals are checked out by the students just as were the books of the former library. Instead of having a regular librarian there are five volunteer high school students who serve for that purpose one respective period a day each. Namely they are Connie Jo Norton, Charlene Leach, Jeffie Maud Tolliver, Fannie Mae Sellers, and Ross Lowe. The school is very grateful to these students for their helpful services.

Students Begin New English Scrapbook

Miss Vick's English classes have always kept a scrap book containing newspaper clippings, magazine articles, and photographs of famous writers. Twice they have had lovely scrap books, on which much time was spent, and twice these scrap books have been destroyed by fire. But being true Indians they never give up; they have started another book.

Some material for this new scrap book has already been collected. The material they value the highest was received from Grace Noll Crowell, once Poet Laureate of Texas, and Lexie Dean Robertson, the present Poet Laureate. Each of these poets sent an autographed picture of herself, some clippings, and one or two of her best poems.

The Gypsy Ramblers had a called meeting Nov. 4, 1940, for the purpose of voting in new members. The new members are Charlene Leach, Peggy Adams, Ida Jean Smallwood, Jeffie Maud Tolliver, Frances Bolin and Eunice Darnell. The Gypsy Rambler Club expects to initiate these new members in the near future.

Classes to Be Represented On P.-T. A. Calendar

The four classes of Haskell High School have selected four different months to be designated as their month on North Ward P. T. A. souvenir calendar. The month was selected by popular vote by each class. Each date in the month will bear a name of a student. The Senior class selected May as Senior month; the Juniors selected December. The Sophomores and Freshmen have as their months January and February, respectively.

Abilene District F.F.A. Meets

The Abilene District Future Farmers of America met November 6, 1940 at five o'clock, at the Abilene High School. The district officers were sworn in by R. I. Moore.

There were approximately fifty boys and advisers present. After the president had called the meeting to order the advisers of various Chapters discussed the areas and state leadership contest at Stephenville and Fort Worth, to be held later in the year. After this the president called for a report from one or more representatives of each chapter in regard to the work of the Chapters. Nine chapters were represented in this. It was learned that eight chapters will have one or more representatives at the National F.F.A. Convention to be held at Kansas City in November. The meeting was adjourned at 6:30 by the president.

More Boys Needed For Football

Coach Mason has asked for new men to join the squad, especially the Freshmen, because they have three more years in school. He would like to have Sophomores to join too. They need about thirty five new men in suits by the time we play Stamford. Between the last two games there is a lapse of two weeks for our boys to get in condition for the Stamford game, which will be played November 28, on the Haskell field.

There is no outward sign of true courtesy that does not rest on a deep moral foundation.—Goethe.

Mr. Ramsey demonstrated the new picture projector, and showed two travelogues on Colorado. Everyone enjoyed this very much. Games were played after this. Then with the assistance of Miss Breedlove and Mrs. Neal the refreshments were served. The refreshments were prepared by Miss Breedlove and two of the Homemaking girls. Those attending the party were: Betty Jo Hester, Billie June Weatherly, Elvira Miller, Dale Bartlett, Cora Faye Hayes, Bill Marie Shaeffer, Hazel Sellers, Nancy Collins, Marigene Sellers, Billie Jack Speer. J. M. Gay, Charles Reeves, Jerry Carr, Alton Irvin, Roy Clay Brock, Vernay Burson, Frank Snellings, J. W. Zahn, Buford Barton, Albert Holcomb, Jack Ford, Edwin Lusk, Pete Heath, Pat Speer, Billy Decker, Wayne Harris and Carol Bledsoe.

Pick-Ups

Mr. Haskell Stone, social science teacher, was absent from school one day last week because of illness. We missed Mr. Stone, and are glad that his illness was slight and he is back.

In the game with the Seymour Panthers, "Snort" Patterson received injuries to his stomach muscles that required a two weeks' rest.

The student body was very sorry to hear that Mrs. Terrell, the school matron, will not be with us any longer, as she has been employed in the lunch room. We are sorry to learn that in the scrimmage with the Rule Bobcats several of our boys received injuries. J. M. Gay broke his thumb on his right hand; Dan Oates is minus two fingernails, while Henry Post limps because of an injured ankle. Anita Faye Mapes re-entered school last week, after attending school in Tyler the first of this term. She was a freshman here last year, and receives a warm welcome back. Dale Dunlap has withdrawn from school and moved to Arizona.

W.S.C.L. of the Methodist Church Meets

Monday, Nov. 10, 2:00 p. m., the Woman's Society of Christian Service met for a year book program. The opening song "What a Friend We Have in Jesus," was sung with Mrs. H. A. Marsh at the piano. Prayer led by Mrs. V. P. Terrell, after a brief business session conducted by the president, Mrs. J. W. Medley directed a program, "Sharing The Message."

Mrs. H. Weinert, gave the topic "Investing Our Heritage in Personal Evangelism," telling the story of John Wesley's heroic zeal for Christianizing England. It is said that "he rode a horse 250,000 miles, going into every nook and cranny of rural England. We also have received an inheritance from the Fonders of our Woman's Missionary work—Mrs. P. F. Weinert told of our present-day work around the world, in China, Japan, Korea, India, Brazil, Africa, Cuba and the Homeland, by the Methodist Missionaries.

Mrs. Fred Trice told how we of today may invest the heritage. Those present were: Mmes. P. J. Josselott, V. P. Terrell, Fred Trice, Josie Price, H. Weinert, G. L. Walker, J. W. Medley, W. A. Marsh, Cecil Jones, Frank Ford, P. F. Weinert.

Football Fans to Rule

All football fans, including the school band went to Rule on Armistice Day to watch the game between Rule and Weinert, which resulted in Weinert losing the game. The score being 37-7.

Club Party at School Auditorium

The Weinert Matrons Club members gave a benefit 42 party at the high school building, Nov. 7. Each member sold tickets and furnished table for game, serving pie and coffee at the conclusion of the evening. There were forty present, despite the steady down-pour of rain, and all had a jolly good time.

This community received a nice rain over the week end. Rev. Allen from Abilene filled our pulpit Sunday and Sunday night. Everyone enjoyed the sermons. We had 43 present for Sunday morning. Mrs. Harry Beck and children of Seymour spent Sunday with her parents, Mr. and Mrs. S. N. Greene.

Will have conference at the church next Saturday night, Nov. 16. And Bro. Allen from Abilene will preach for us again Sunday and Sunday night. All members and every one are urged to be present and give a good turn-out. Sunday School Sunday morning at 10:00 o'clock. COME!

Umpire Couldn't Help, So 'Jawn' Made It Anyway!

COLLEGE STATION, (A&MC).—Jimmie Higgins, umpire in the Texas Aggie-University of Arkansas Razorback football game, had a good story to tell after the game.

At one of the time outs John Kimbrough, the great Aggie full-back, walked over to Mr. Higgins and Hans wondered what he was saying, so for the rest of the world, here is what passed between them:

"Mr. Higgins, you once told me I played a pretty good game of football, and another time you said I was a nice clean cut boy and a credit to the sport, and some other times you have said other nice things about me—maybe they were true or maybe they were not, but I rather feel that you are a friend I could call upon if I ever needed help." Kimbrough is reported saying.

"Certainly, John," Higgins replied. "What can I do for you? Just ask it and if it is in my power I'll do it."

"Well then," Jarrin 'Jawn' answered. "You don't seem to be too busy, so suppose you block out that big end for me on this next play for I want to go around that direction."

Jimmie didn't help John out, but just the same John did go in that direction for a nice gain.

Vegetable Laxative Has Important Points

This laxative does three important things for most users. If simple directions are followed, it usually acts punctually, thoroughly, gently. You will like spicy BLACK-DRAUGHT'S way. Chief of its all-vegetable ingredients is an "intestinal tonic-laxative" which helps tone up bowels muscles. Next time, take BLACK-DRAUGHT. Economical, too: 25 to 40 doses, 25c.

SOCIETY

Cubs of Den No. One Hold Meeting At Home of Sponsor

The Cubs, of Den 1 of the Boy Scout organization met at the home of the Den Mother, Mrs. Carl Power Friday afternoon. The meeting was opened with the Cubs singing the Den Song. Indoor games were played. As November is Book Month, the Den Mother read two chapters of "Scouts to the Rescue." The book will be finished this month. Each cub decided to bring fruit at the next meeting to be given on Thanksgiving. The meeting closed with a prayer of thanks in unison.

Those present were: Cubs Ervin Frierson, Collins and Billy Bob Welsh, Rajah Hassen, Billie Stevenson, Bobby Kirkpatrick, Rex and Glenn Power, Jack Vogel. Field representatives of the Boy Scouts, met Tuesday afternoon with the Den Mothers and Den Chief to outline the year's work of the Cubs.

November has been designated as book month and cubs are expected to read a good book during the month and for handicraft make figures of characters depicted in the book. Den mothers will read parts of good books at each meeting and encourage cubs to finish the books between meetings.

December will be designated as goodwill month and old toys will be gathered and repaired to put in Christmas boxes for unfortunate. The pack meeting for December will be a Christmas party at which cubs will exchange gifts with brother cubs.

January will be bird month and birds will be studied and scrapbooks will be made on bird life. Bird houses and bird feeders will be made. Observation hikes will be held. Handicraft on birds will be displayed at the pack meeting for the month.

February is Scout anniversary month and the cubs will work up stunts and pantomimes to show classes in school. Studies will be made of Lincoln and Washington, whose birthdays fall in that month. An older Scout will be invited to the pack meeting and history of scouting will be depicted.

March will be hobby month and cubs will make model airplanes, kites and other handicraft. They will also work on tin can craft, bead work and leather work. A kite flying contest will be held on a Saturday afternoon for the pack meeting of the month.

April—Garden Month, May—"Kind to Animals Month," June—Picnic Month

July—Every Cub a Summer Month. The handicraft for each Den meeting in the month will be work that is suggested by the theme of the month at the pack meetings, once a month, where all parents of cubs are supposed to meet, all of the handicraft is displayed and stunts and pantomimes given. Each Cub is urged to attend this Den Meeting Friday.

Mr. and Mrs. J. P. Wilson of Perrin, Mr. and Mrs. J. T. Wilson and children of Archer City visited in the home of the former's daughter, Mr. and Mrs. C. B. Ramsey, Sunday.

Senior-Junior Magazine Club Has Program On South America

The Senior-Junior Magazine Club, held its regular meeting Thursday evening, Nov. 7.

In continuing the theme of the year, "Touring Latin American Countries," the travel extended through Brazil and Uruguay. Ruby Smith, director of the program for the evening pointed out the most important cities in Brazil on a large map and explained many interesting facts about Brazil as a great power of the future. Jerry Lane discussed the coffee industry and Eloise Couch told of research being made from the immature coffee berry. In talking of Uruguay, Elizabeth Mason told about the fascinating city of Montevideo and Marjorie Duncan brought out the social security program and public welfare work being done.

The club elected a delegate and an alternate—Lucile Atkins and Lena Bell English, to attend the State Federation convention at Austin on November 12. An invitation dance will be sponsored by the club on November 26.

Those present were: Faye Woodson, Eloise Couch, Marjorie Duncan, Elizabeth Malphurs, Mattie Letha Pippen, Estelle Scott, Leone Pearsey, Madge Arbuckle, Marie Womble, Lena Belle English, Janie Lyle Martin, Lucile Atkins, Mary Lane, Mrs. Matt Graham, Sponsor Jane Bernard, Robbie Pittman, Jerry Lane, Madelyn Breedlove, Ruby Faye Power, Arnolla Server, Elizabeth Mason, Ruby Smith, Vada Thomas, Mary Couch, Mattie Merle Felker, Frances Lane.

Regular Meeting of Brownies Held Friday

The Brownies met Friday, Nov. 8th, at 4:30 o'clock at the Methodist Church and despite the bad weather a good number of the troop members were present.

The hour was given to making a farewell gift for Dr. Geo. C. French and a poster on National Book Week to be displayed at the Library throughout the week. Each Brownie is urged to read a book during Book Week.

It was decided that the study of Early Settlers and Indians be taken up during the month of November. Each Patrol will plan its handicraft working toward an Indian Display in late November. The weaving of hammocks will be taken up again at the next meeting.

Haskell Student In Cast of H-SU Play

Miss Frances Fouts, student in H-SU and the daughter of Mr. and Mrs. Ed F. Fouts of this city, will have a prominent part in the cast of "Stage Door," to be presented in the university auditorium Monday and Tuesday night, November 18-19 by members of the Hardin-Simmons play production cast. Described as one of the biggest comedy hits of recent years, "Stage Door" had its original stage production at Music Box Theatre, New York City.

Christian Woman's Council

Mrs. R. B. Fields and Miss May Field were joint hostesses for the Christian Woman's Council of the First Christian Church for the October meeting.

Mrs. Westerly, president, presided for the business period. A box of clothing and jelly was sent to Juliette Fowler Homes, Dallas. Mrs. Guy Collins, leader for the program, gave as her devotional the very timely subject: "Have Faith In the Future," from Dr. Peale's Radio series—"The Art of Living."

The mission theme for the first six months study: "Shifting Populations in America," seeks to bring us understanding of the great groups of uprooted and displaced peoples in North America today, the causes that have set them adrift, the conditions under which they live, the efforts being put forth by the church and other agencies not only to better their condition, but also to remedy underlying causes. The subject for the October program: "Migrant Laborers," gives us a picture of those who travel about harvesting seasonal crops, or working in some other form of seasonal labor. To give us this word picture the following topics were discussed: "Food for My Table," Mrs. Guy Collins, "These Migrants—Who and What are They?" Mrs. W. P. Ratliff.

"The Migrant Problem and What the Government is Doing," Mrs. D. P. Ratliff. During the Fellowship period the hostesses served apple pie with whipped cream, pickles and tea to twelve members.

Mrs. Guy Collins was hostess to the Christian Woman's Council for the November meeting. Mrs. Weatherly presided for a brief business period.

The ladies of the church will send a box of cookies and jelly to Juliette Fowler Homes for Thanksgiving. Mrs. Tommy Hawkins was leader for the program: "Other Uprooted Peoples." Mrs. Hawkins gave as a devotional "I Will Build My Church—To Give Abundant Life," John 10:10; Isa. 58:6-9.

"Live and Let Live" was the call of the old, the call of the world when the world was cold. But live and help live! is the cry of the new, the cry of the world with a dream shining through.

The following members told of the "Uprooted Groups": "The Refugees" — Mrs. J. M. Glass.

"Youth Adrift" — Mrs. Mittie Weatherly. "Other Shifting Population Groups"—Mrs. A. A. Bradford. The hostess served pumpkin pie with whipped cream, pickles and coffee to twelve members.

Mrs. Jno. A. Couch Hostess For Magazine Club Meeting

The Magazine Club rooms were decorated with roses and chrysanthemums by the hostess, Mrs. J. A. Couch, for the regular meeting on Friday, November 8.

Mrs. J. U. Fields directed a program on the National Geographic Society and added interest to the talks by the use of particularly attractive copies of the magazine and of maps sent out with the magazine at intervals.

First, Mrs. Wallace Cox introduced Sue Busby, who sang "Brahm's Lullaby" and "The Man with the Mandolin." Sue was accompanied by her voice teacher, Mrs. Bert Welsh.

Mrs. B. C. Chapman gave us the history of the National Geographic Society from the year of its organization, 1888, until the present. The first copy of the magazine was sent to 165 homes while today it goes to well over a million.

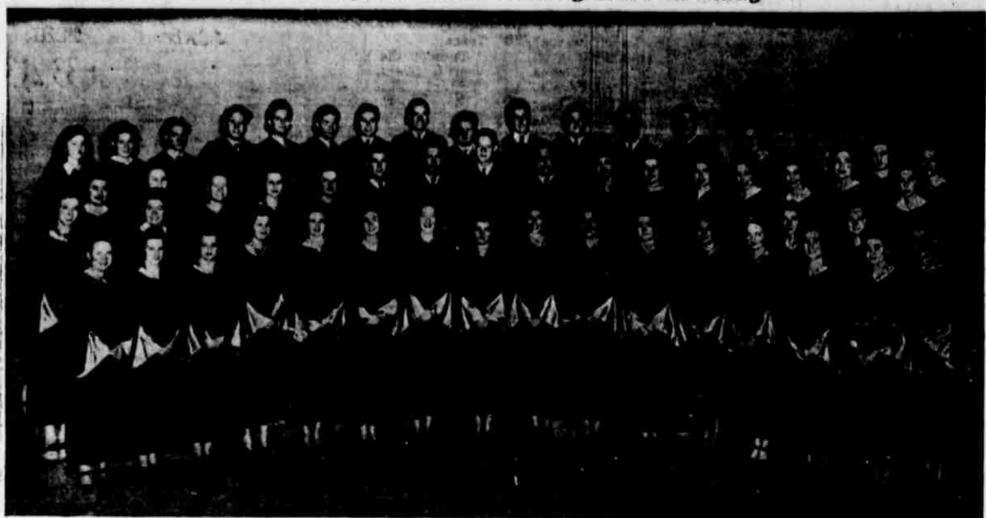

Mrs. Ben Bagwell told about the expeditions of the National Geographic Society, mentioning in particular their part in the development of the Carlsbad Cavern, the financing of the Byrd expedition, etc.

The following members were present: Mesdames Sanders, Reid, S. R. Rike, Coody, Frierson, Sides, Patterson, R. C. Couch, J. A. Couch, Atchison, Cahill, Clay Smith, C. L. Lewis, Hussen, Hugh Smith, Vaughter, Reynolds, Cox, Hill Oates, O. E. Dates, Darnell, H. S. Wilson, B. C. Chapman, J. U. Fields, Ben Bagwell, Matt Graham.

FFA Sweetheart Is Honoree at Party Given Tuesday Evening

Betty Jo Hester, who was recently elected as FFA Sweetheart of the Dave Persons Chapter, was honored with a party Tuesday night, Nov. 5, 1940. All the chapter members were permitted to invite a girl, so the party was well attended by all classes of Haskell High School. Mr. Ramsey demonstrated the new picture projector, and showed 2 travelogues on Colorado. Everyone enjoyed this very much. Games were played after the demonstration. Then with the assistance of Miss Breedlove and Mrs. Neal, the refreshments were served. The refreshments were prepared by Miss Breedlove and two of the Home-making girls.

H-SU A Capella Choir Coming Here Monday

Hardin - Simmons University's A Capella Choir, a 50-member organization now on a week's tour to fill engagements in West Texas cities and towns, will appear in concert here at 2 o'clock in the afternoon.

Under the sponsorship of the Harmony Club, the Haskell appearance will be one of the concluding appearances in a week's tour covering 23 communities. It is under the direction of Mrs. Lola Gibson Deaton, H-SU voice department head.

Other engagements on Monday include an appearance in Munday at 11:00 a. m., and one in Rule, at 7:30 in the evening.

Featured on the concert programs are the girls' quartette and trio, the mens' octet and quartet, and thirteen soloists from the choir body.

Mrs. Bert Welsh Hostess to Tuesday Bridge Club

Mrs. Bert Welsh was hostess for the Tuesday Bridge Club this week with her home decorations of yellow chrysanthemums, pink and red roses and nasturtiums. Mrs. William Ratliff was presented a prize for having the highest score of the afternoon.

At refreshment time, potted begonias wrapped in colored papers were placed at each place and given as favors. A salad course was served to: Mmes. Walter Murchison, French Robertson, A. E. McMillen, Marvin Bryan, Ben Charlie Chapman, Clay Smith, T. W. Williams, William Ratliff, Ernest Kimbrough, Hill Oates, Jack Mickle, and Ralph Duncan.

Kappa Delta Sorority

Wynona Frances Post has pledged Kappa Delta sorority at the University of Wisconsin this fall. The daughter of Mr. and Mrs. Bailey Post, formerly of Haskell, Wynona attended the public schools in this city and Texas State College for Women in Denton last year.

One of the social events on the calendar is the Pan-Hellenic Ball which is to be preceded by a banquet at the chapter house with the deans of the college as guests.

Mrs. T. R. Odell Speaks Before PTA Group at Dallas Meeting

Mrs. T. R. Odell of this city, state chairman of the Juvenile Protection division of the Texas Congress of Parents and Teachers and graduate student in NTSTC, appeared on a symposium panel Thursday afternoon at the state meeting of the Texas Congress at the Adolphus Hotel in Dallas.

The subject of the panel, which was led by Dr. Alice Sewers of the University of Oklahoma, was "The Family in a Changing World." Friday morning in the gold room of the Adolphus, Mrs. Odell directed a Juvenile Protection Conference, on which Dr. Merl E. Bonney of the education faculty of NTSTC and Judge Sarah T. Hughes of Dallas appeared. Dr. Bonney's subject was "Psychological Factors in Juvenile Delinquency."

Honor Chapter President of Beta Chi

Honoring the Chapter president, Miss Madalin Hunt, Beta Chi members hosted a Patriotic luncheon at the High School building in Rule Saturday. Chapter members, Miss Ruby Fitzgerald, Miss Ada Mae Cook, Mrs. Raymond Liles, and Mrs. Scott W. Greene were hostesses for the occasion. Places were marked with decorative shields and members grouped around tables carrying the country's colors and concentrated on one thought, that of unity, as the map of North America portrayed the solemn prayer, God Bless America.

After a program of music, a discussion on legislation was given by Miss Helen Williams a business meeting concluded the program.

The following were present: Mmes. Wallace Cox, Irene Balard, Bess Porter, Iva Palmer, Hazel Weaver, Lucy Hattox, O. J. Emery, B. C. Coonee, E. T. Brannon, W. C. Cunningham, Misses Mary Emma Whitaker, Mary Wells Mancill, Mildred Butler, Helen Williams, Vera Evans, Mattie Letha Pippen, the honoree and hostesses.

Costume Party Given for Brownies Friday Night

On the afternoon of Friday, November 1, the Brownies enjoyed a costume party in the Methodist Church gymnasium. All arrangements for decorations, games, refreshments and favors were in charge of various groups of the Brownies.

After receiving an invitation to enter, all were seated in a circle around a lovely harvest scene, with Jack O' Lanterns furnishing the only lighting. Riddles and ghost stories, and the origin of Halloween, furnished much merriment. Before unmasking, pictures were made of the group.

Sandwiches, hot chocolate, and cake were served to thirty-two Brownies, two guests, Brownie leader Mrs. Bob Herren and the following mothers: Mrs. Pat Weaver, Mrs. John P. Payne, Mrs. Mart Clifton, Mrs. J. M. Glass, Mrs. Hill Oates and Mrs. E. M. Frierson.

Marriage of Miss Omega Lee and Raymond Ammons Is Announced

Miss Edna Omega Lee, daughter of Mr. and Mrs. I. A. Lee, Sr. and Raymond Ammons, son of Mr. and Mrs. Cliff Ammons of Weinert were united in marriage Nov. 4th at 7:30 p. m.

The wedding vows were read in the Baptist Parsonage by the Rev. Dick Obrien, of Stamford. The attendants were Miss Joan Stephens and Jimmie Turner.

The bride wore a navy blue dress with wine and black accessories. Mrs. Ammons was a Senior of the 1940 class and was very popular in school activities. A member of the "War Whoop Staff," and "Gypsy Ramblers," Mr. Ammons was a Senior of the 1940 class of Weinert. A real sport in athletics and one of the main players on the football team. Mr. and Mrs. Ammons will make their home in Berger after December 1st.

Unity

"A house divided against itself cannot stand." It couldn't in Lincoln's time, neither can it today. Unity and cooperation are as essential today as they were one hundred years ago. In many respects a nation and a school are the same.

They Are Off to The Convention

Wejnert is proud to say that they are being represented at the National Convention of the Future Farmers, which is being convened in Kansas City. Those fortunate enough to go were Mr. and Mrs. H. T. Sullivan, Phillip Cadenhead, Roderick Duff and Clifford Thomas.

Current Campus Comment

Edgar Simply adores the odor of beautiful flowers. To prove this statement he was seen sniffing an artificial one. What better proof could be needed?

Have You Bought Yours?

I am referring to ticket for the "Pig Roast." The place is Wejnert's Lake, the time is seventy-three, the bill of fare is roast pig, beans, potatoes, pickles, onions and bread. There will be plenty of food and fun for all.

The members of the bookkeeping class always look forward to class time. Is it because they enjoy class, or because they like to see a certain boy catch wasps? Guess! You can't miss it far. All day there is a continuous groaning of hammers and saws as our new school building slowly, but beautifully rises from the sawdust piles into the blue sky. We don't mind the noise when we think of what it will bring. Murleen certainly knows her English. One day she was heard to say: "Basil Lee you AIN'T got a lick of sense."

Future Home Makers Go To Vernon

Two representatives of Wejnert Future Home Makers went to the Area II meeting of the Future Home Makers at Vernon. The theme of the meeting was: "Our Part in National Defense." The program was enjoyed and instructive. The representatives of this chapter were Bernice Pickering and Margaret Duff. We had a call meeting and decided to invite the District Future

Homemakers here at Wejnert Dec. 7.

Bulldogs Defeat Stamford "B" Team

Last Tuesday the Wejnert Bulldogs went to Stamford and played the Stamford "B" a very thrilling game. The Wejnert Bulldogs were successful in defeating the Stamford team and a very good performance was turned in by David Sanders and Franzer Jenkins. Jenkins accounted for four touchdowns. Three of them he made on passes from Sanders and one on a run from mid-field. Sanders accounted for the touchdown when he intercepted a pass thrown by Stamford.

Monday the Bulldogs went to Rule where they were defeated to the score of 37 to 7. They were badly outweighed but they never quit trying. Jenkins made Wejnert's only touchdown on a long run, and Sanders carried the ball over for the extra point.

Saturday the Wejnert team will go to Haskell where they will play Rochester for the second time this year. The previous time the game ended in a nothing to nothing tie. The Bulldogs are confident that this game will be much more different from that one and feel sure that they will be on the winning side. The Bulldogs play their final game of the season November 22 with Paint Creek. Paint Creek has had a very successful season, and from reports received at Wejnert they plan to keep up the good work when they play us, but the Bulldogs are just as confident that Paint Creek is in for a big disappointment.

Draft Quota In Texas For Year Placed at 33,213

State Director of Selective Service General J. Watt Page, announced today that the estimated net quota for Texas for the remainder of the fiscal year (which ends June 30, 1941) is approximately 33,213 trainees. The estimated quota up to and including February 28, 1941, is approximately 16,959.

General Page pointed out that for the present the estimated net quota for each local Board will be prorated on a percentage basis according to the number of registrants in each county.

The maximum requirements for men, to include February 28, 1941, have been estimated for Texas by period: One call in November, not earlier than November 19, 1,573 men; one in December, probably by service, the first and tenth, 575; three calls in January—the first 2,077, the second 5,555, and the third 2,499; one call in February, 4,700.

The periods and quotas have been worked out to conform to the program of the War Department for completion of housing facilities, hospitalization and supplies to take care of the increase at the various camps and stations. The figures on quotas are only estimated. After a national quota basis has been established, adjustments will be made from time to time, depending upon the number of men placed in Class I-A and the number of men joining the armed forces by entry other than through Selective Service. Headquarters will issue calls on local Boards for the actual number of selectees required not later than ten days before the day on which the first men to fill the call are to be inducted.

Mattson Defeats Knox City 32-12 On Muddy Field

In spite of a muddy field, the Mattson Mustangs, defending champions of District 19, six-man team, took the Knox City Greyhounds into camp by a score of 32 to 12 Friday afternoon on the Knox City field.

Mattson scored first, but Knox City came back to run over two markers to lead 12 to 6. Mattson soon regained the lead by long passes from Newton to Massie to lead the half 18 to 12. Knox City was unable to score in the second half, but Mattson ran over two more scores to lead 32 to 12 when the final whistle blew.

This was Mattson's third conference victory, the Mustangs having defeated Benjamin and O'Brien in previous games. Two more games remain for the Haskell County team. Truscott is to play Nov. 15 and Vera Nov. 22. Mattson is to play Sunset at Monday, Nov. 28 to end the season.

Officials: Chad Wilson, of Knox City, and Jimmy Wyatt, of O'Brien.
 Mattson Line-up: Massie, R. E.; Chamberlin, C. Stiewert, L. E.; Robertson, Q. B.; Newton, Half and Couch, F. B.
 Knox City: Jones, L. E. Barr, C. Carver, R. E.; Thomason, Q. B.; Hill, H. B.; King, F. B.

When we wait patiently on God and seek Truth righteously, He directs our path.

CHURCH COUNCILS

The first ecumenical (general or universal) council of the Christian church was called by the year 325, for the purpose of defining the Christian faith and dealing with the alleged heresy Emperor Constantine at Nice, in Asia Minor, in of Arius of Alexandria and his followers.

Arius contended that there is a difference between the Father and Son, making the latter secondary. The orthodox view was and still is, that the two are in all respects equal.

Little is known of the proceedings of the council except that they were marked by bitter controversies among the bishops present, finally resulting in the adoption of the Nicene Creed, sustaining the orthodox opinion by a decisive vote.

Other ecumenical councils were held from time to time, usually for the purpose of dealing with heresy and schism, or for further defining matters of faith and discipline. Twenty such councils are recognized by the Catholic church, while Protestant churches recognize the authority of only the first four, the Church of England the first five and the Greek church the first seven. Decisions of ecumenical councils were supposed to have been guided by the Holy Ghost and hence infallible.

The last general council of the Catholic church in 1870 decreed the infallibility of the Pope in matters of faith and morals, which decree seems to render any further councils for such purposes unnecessary for that Church.

THE CONSCIENCE FUND

In 1811 the Treasury at Washington started an account called the "conscience fund," into which was placed a remittance from a remorseful citizen who had evaded a federal tax.

In the 129 years since the fund was started it has received nearly a million dollars, a considerable amount of bail for guilty consciences.

A recent check came from a former doughboy who pilfered some chocolate candy bars from a

government supply truck in France during the World War. He sent \$2 to pay for the stolen sweets.

The "conscience fund" would swell to enormous proportions if all Americans who have evaded their indebtedness to the Government would follow the example of those who have already repented of their sins against Uncle Sam.

Every year, merchandise which would yield large sums in customs duties is sneaked into the country by tourists returning home after foreign vacations, as well as by professional smugglers.

There is widespread evasion also of many federal taxes, particularly the income tax, for which many have been severely punished.

The Americans who have poured money into the "conscience fund" apparently decided, after thinking it over, that one should be as honest with the Government as with his fellow citizens. Which is a thought many more could ponder with profit.

SOME QUEER REMEDIES

A complete list of superstitious ideas concerning the prevention or cure of diseases would be almost endless. In an address Dr. Joseph L. Miller, long a practicing physician among the hill folk of West Virginia, enumerating a few of them, including the following:

Soot or cobwebs stop bleeding a bag of asafetida hung around the neck prevents measles, diphtheria and whooping cough; amber necklaces prevent goiter; rubbing a greasy dishrag over a baby's face stops convulsions; piercing the ears aids weak eyes; nutmegs worn around the neck prevent indigestion and colic; blood from a black cat cures erysipelas; carrying horse chestnuts in the pocket prevents rheumatism; a coin held under the upper lip and a cold key dropped down the back will stop nosebleed.

The annoyance of hiccoughs may be readily abated by taking nine sips of water, counting nine backwards and turning around nine times, putting on a baby's clothes, first insures normal growth; wearing the knap cap of a sheep on the leg prevents cramps; placing a pan of water under the bed stops night-sweats; wearing a rattlesnake skin belt prevents lumbago; rubbing snake oil, skunk fat or fishing worm oil into the joints cures inflammation; wrapping a warm red woolen sock around the neck cures sore throat.

The ritual for curing asthma is more elaborate. Back the patient up against a tree, peg a lock of hair into a hole bored in its trunk and snip it off. When the bark grows over the hair the asthma will be gone.

All the foregoing are utterly foolish procedures, of course, but many persons believe in some or all of them.

All who have reached extreme old age, it seems have either used lots of tobacco and whisky, or none.

If your boy appears to be unusually dumb, don't despair. He may become a great economist some day.

Apothecaries say a dram contains three scruples, but some think if one takes a dram he has no scruples.

Socialists are too impatient. Why can't they wait until they get to heaven, when all will be equal, if any.

TEXAS OUT-O'-DOORS

Deer Trapping Season Hugh Success

AUSTIN, Texas. — Deer-trapping operations, which, before they are completed, may result in 500 to 1,000 bucks and does being trapped and transplanted on shot-out areas got under way auspiciously recently, according to reports received from field workers by the executive secretary of the Texas Game, Fish and Oyster Commission here, he announced today.

The Game Department, using a new-style trap, one which catches a deer at a time, and one in which deer cannot injure themselves, hopes to double or quadruple its former distribution of deer as a result of the success of the new traps. Fifteen of 122 traps built for the Department were set on a South Texas area

by Supt. T. L. Toland of Wichita Falls, Supt. Yoe of Hamlin, Supt. Lindsey of Stamford; Supt. Clark of Anson.

Homer Bivins returned from Austin Tuesday.
Emmett Robertson returned home Wednesday from Colorado City.

S. W. Scott has moved his law office to the courthouse, with the county treasurer.

Mrs. J. S. Rike and daughter, Miss Lillie, returned this week from a visit to relatives in Graham.

Dr. R. G. Litsey, late of Kentucky and a brother of Prof. Litsey of this place, has located here to engage in the practice of dentistry.

W. P. Lily left Wednesday for Arkansas Pass where he will spend the winter for his health's sake.

Rev. J. T. Bloodworth and wife are attending the annual Methodist Conference at Georgetown this week.

B. L. Frost returned this week from his trip to Arkansas, where he made a very good disposition of his horses in exchange for cattle.

Miss Laura Garren visited friends in town this week and was accompanied home Friday by Miss Etta James for a few days visit in the country.

Messrs. W. T. Hudson, J. A. Bailey, S. S. Cummings, R. M. Dickson, T. G. Carney and S. Bervers will start a shipment of beef cattle from Stamford to Kansas City today. We understand that the shipment will aggregate about 30 carloads.

A New Orleans dispatch dated Nov. 13th states English officers had just arrived there to purchase 3000 mules and 2000 horses. They will operate from Fort Worth, St. Louis and Kansas City.

The many friends of Mr. Will Pierson in this section will be pleased to hear that he was successful in his race for election to the legislature from the 15th district.

Several couples of young folks drove out to J. H. Cunningham's Monday night and enjoyed a very pleasant social evening.

and the first morning it was found that fourteen of the fifteen traps contained deer. The following morning each trap contained a deer, making a total of 29 in two days. When all traps are put into operation in South or Southwest Texas or in the Hill Country it is expected that they will work just as efficiently.

Traps are baited and set each night. When the deer enters to feed, a door slams behind him and he is trapped in an enclosure so narrow that he cannot injure himself. Field workers remove the deer each morning, place them on trucks and transport them to areas the Game Department is planting with game, areas upon which there is suitable food for deer, but from which the game had been shot off.

Deer are trapped in areas where they have become too numerous and there is not sufficient food.

The deer trapping project of the Texas Game Department is one of many by which the Commission hopes to eventually restock millions of acres of land in the Lone Star State with deer, turkeys, quail, javelinas, beaver and antelope. Antelope trapping is already under way for the second consecutive year. Other trapping projects will be started soon.

Fish Breaks Man Leg

A fish caught a man and broke his leg!

That occurred to a Texas coast fisherman recently. Dr. G. W. Wentz of Harlingen was the victim. The story told the Corpus Christi Times by his son, Bill, Wentz, goes like this: Dr. Wentz, fishing off the bulkhead bank of the third pass on the Mexican coast, hooked a big red. The fighter at the end of the line tripped the fisherman and caused him to fall down a 30-foot embankment. He suffered a fractured leg. Companions took Dr. Wentz to Harlingen for treatment.

For More Ducks

More ducks probably will be visiting for longer periods in Northeast Texas next year than they have formerly as a result of work being done by the State Game Department in co-operation with owners of private and club lakes in that region.

Ducks travel through that section of Texas, but generally do not remain long due to the scarcity of food suitable for them in the lakes and ponds. Experiments by Department biologists have determined which foods can be planted and raised in the acid lakes of the region. The birds like Wapato duck potatoes, pickerel weed, wild duck millet and banana waterlily. These and other plants are being raised successfully.

Too, the Game Department hopes to eventually obtain control of lakes located twenty to forty miles apart, if not closer, and close them to hunting. It has been proved in other sections where ducks, even though shot at every day, will remain in the section where duck refuges, free of shoot-

ing, are established. The birds leave the refuges during the day to feed upon lakes and in marshes of the surrounding country-side and thus give hunters a chance to fill their bags.

Finds Boa Constrictor

The Fort Worth zoo is richer by one boa constrictor, which was recently found in a stalk of bananas in a store in Eastland, Texas. The constrictor, which is a native of Central and South America, was 26 inches long and was found by James Reid, a grocery clerk. A Mexican boy, who was in the store at the time, captured the snake as it attempted to escape. The reptile was taken to the Ft. Worth zoo.

The snake, if it reaches maturity, will measure thirty to forty feet in length and will weigh several hundred pounds.

ALASKA'S RESOURCES

When Secretary of State Seward negotiated the purchase of Alaska from Russia in 1867 for \$7,200,000, the transaction was severely criticized by many, and by some it was termed "Seward's folly." But subsequent events have proved it to have been a very

good buy after all. Since the discovery of gold in 1880, more than 400 million dollars worth of the precious metal has been produced, and the output still exceeds 10 million dollars a year. When the price of copper was high, from five to seven million dollars worth of that metal was mined each year, while the salmon pack value has ranged from 21 to 45 million dollars in recent years. The normal lumber cut from Alaskan forests is from 40 to 50 million board feet.

Alaska's present population is about 60,000, almost equally divided between whites and Indians. There are 88 elementary schools, besides 98 day schools and three industrial schools provided by the government for native children. Seven hospitals are maintained also.

The vast territory of 586,400 square miles is rich in natural resources yet untouched, and could support several times its present population. While the winters are severe in the interior, the temperature sometimes going to 60 degrees below zero, the climate on the coast is moderate, the thermometer rarely falling below zero or going above 80 degrees. Although the development of

Alaska is still in its infancy, the progress made has long since vindicated Secretary Seward's judgment. In years to come it will doubtless be one of our great national assets.

Jimmie Brawner lost his left arm Tuesday night while at work at the Haskell Oil Mill. The accident happened about one o'clock. He was working in the lint room and got his arm caught in one of the gin stands. He was carried immediately to the Haskell Sanitarium and his arm amputated at the shoulder. Physicians state he will recover.

Lieutenant Isaac B. Myers and Army Field Clerk J. B. Quayley of Dallas Recruiting Station will be in Haskell Tuesday, Nov. 16 to assist all ex-service men in making their applications for Victory Medals.

It is understood here that the American Public Service Association, which owns electric franchises at Abilene, Hamlin, Anson, Stamford and numerous other towns in West Texas, will not furnish "juice" for Stamford from its Abilene central station due to the fact that Stamford does not want the local plant in that city dismantled. Stamford asks that the company maintain the plant there, else it will condemn the local system and operate it by the municipality.

"The Place for Everything"

I had an idea what was coming, but I never batted an eye.

"I understand, Mr. Electric Light man," she said, "that you've been saying electric rates have been cut."

"Right," I said, "in fact, electric rates have been cut about 50% in the last ten years."

"Ha," she cried, "then maybe you can tell me why my electric bill runs higher now than it used to."

"Yes, madam," I said, "I can. Mine runs higher, too, and so, no doubt, does most everybody's in town. You see, all of us are using a whole lot more electricity now than we used to. Take your own case—I'll bet you've got a vacuum cleaner, a radio, an iron, maybe you're using those bigger and better light bulbs, and maybe you've got an electric box. The point is, you're probably using three or four times the electricity you did ten years ago!"

"Hmmm," she said, "I hadn't thought of that."

"Few people do think of that," I said, "and here's another thing—our customers not only get twice as much electricity for their money

—they get better service. We've got two and three plants on the line that brings electricity to your very house, so in case something happens in one point your service won't be crippled."

"Dear me," she said, "I never knew that either."

"And what does it cost?" I went on. "About a dime a day for most of our customers. Think of that—the convenience of electricity for less than most men spend on cigarettes."

I could see she was beginning to wilt, so I signed off with—"You not only get twice as much for your money, but you cut your own rate every time you use more. With our modern electric rates it's automatic—the more you use the lower the price."

She fished in her bag for her handkerchief and I thought maybe my oratory had moved her to tears! But she grinned and waved the handkerchief—

"Flag of truce," she cried. "I give up—electricity is a bargain all right."

Influenza Cases Increase During The Past Month

AUSTIN, Texas—Prevalence of influenza in Texas increased 89 per cent in the four-week period ending November 9 over the previous month's total cases, according to Dr. Geo. W. Cox, State Health Officer.

Doctor Cox pointed out that the present prevalence of colds and more serious affections of the upper respiratory tract places a definite responsibility upon the public. Mass control measures are not especially adaptable to this problem. However, personal concern, both for oneself and for others, can do much if not to reduce the number of infections, at least to effect the individual's satisfactory recovery.

In the current prevalence the influenza cases, while scattered over wide areas of the state, do not possess the virulence of peak influenza epidemics, though their seriousness by no means should be discounted by this fact. The more common form of attack involves an onset with symptoms similar to the ordinary cold or sore throat, the acute stage characterized by fever, weakness, generalized aching, coughing, and the convalescent period.

The termination of acute symptoms does not indicate complete recovery. Many persons, believing this to be true, have prematurely returned to their daily routine only to suffer a relapse. Others plod along in a weakened state, harbor a sub-acute cold and by continuing to lower their resistance invite prolonged trouble.

Persons under a physician's care will be properly advised as to convalescent care. The great danger lies with those who treat their "colds" themselves, and return to their duties too soon. On the preventive side, the general rules against acquiring contagions of this type are applicable—The thoughtful person will follow them as closely as personal conditions permit: (1) avoid crowds; (2) so far as possible, avoid close personal contact with those already ill; (3) wash hands before eating; (4) keep bodily resistance high by avoiding damp feet and drafts, by moderate eating, by obtaining adequate rest and sleep, and by keeping the

alimentary system regular; (5) upon the first sign of illness send for your family physician and implicitly follow his advice. While a reasonable application of these suggestions is no guarantee against acquiring one of the prevalent respiratory ailments, it should go a long way in that direction. Indeed, individual cooperation is the most potent weapon with which to fight influenza and the common cold. There are still nearly 39,000,000 rural people in the United States who do not have easy access to permanent public library services.

Pioneer Throckmorton Couple Observe 50th Wedding Anniversary In Home They Have Occupied for Half a Century

Mr. and Mrs. Henry Clay King, pioneer residents of Throckmorton county and the parents of H. C. King of this city, observed their 50th wedding anniversary Tuesday, November 12 at their home several miles west of Throckmorton where they have lived continuously for the past half century.

Mr. King, a native of Hunt county, came to the Throckmorton section in 1879 with the late W. T. Swagerty and they brought with them about 400 head of cattle. After deciding to locate permanently in West Texas, Mr. King was married to Miss Effie Ellen Woods, daughter of Dr. and Mrs. P. C. Woods, in San Marcos November 12, 1890 and brought his bride to the home which he had already built for her, and which they have occupied until this day.

Concerning the pioneer Throckmorton couple, the following excerpts are taken from a recent issue of the Throckmorton Tribune:

"In speaking of Throckmorton county at the time they came here, Mr. and Mrs. King stated that there were only about four or five hundred people in this section. The country was very thinly settled and there were no fences to speak of and very few mesquites. He said that the mesquites became thick here about twenty-five years ago.

"Mrs. King has known only two homes, that of her father in San Marcos and the present home at Throckmorton. At the time they moved to their home it was the only house on the road between Throckmorton and Haskell, except a two-room shack, at Irby. They had many visitors, however, as people going west to settle, often stopped at their home for the night. She stated that all denominations worshipped at the rock church in Throckmorton with each denomination having a Sunday each month for their services. Mr. and Mrs. King are Presbyterian and have been members of that church body for over fifty years.

"In speaking of the ranching business of that time, he stated that his cattle would often drift as far south as Coleman county during the cold winters and he would be off for a month or more on a cow hunt in the spring. His cattle were found as far north as Greer county, Oklahoma, where they had been driven by northern cattlemen returning home with their cattle. Other prominent ranchers of that time were, The Millets, who ranched from Miller creek to the Wichita river; E. P. Davis, East of Throckmorton; Reynolds Cattle Co. in the Southwest part of the county; O. J. Woods of Woodson and for whom the town was named; John Marlin; C. C. Mills and others.

"The courthouse in Throckmorton was built the same fall they were married. "Antelope were plentiful during those days. There were some deer in the post oaks and on the river, some catamounts, a few wild cats. There were no buffalo but the prairies were strewn with buffalo bones.

"Mr. King usually drove his cattle, with other ranchers, to Gainsville or Wichita Falls where they were carried by train to northern markets.

"Mr. and Mrs. King is the only couple who have lived in the same house continuously for 50 years, and recalled that Mr. and Mrs. O. C. Thomas, is the only couple here now that was here when they first settled in the county.

"Lumber for the King home was hauled from Seymour. Mr. King stated that they had never left their home during a storm to go to a cellar.

"Mr. King is 81 and Mrs. King is 75 and they both enjoy life. They have five children, H. C. Jr. of Haskell, Miss Leila of Bay City, Mrs. Coleman, Miss Nell and Frank King of Throckmorton. Two children died in infancy.

Notary Appointment Applications to Be Taken After Nov. 20

Applications for appointment as Notary Public may be filed in the office of County Clerk Roy Ratliff after November 20, as provided in the constitutional amendment adopted in the general election. Information to this effect was received by the County Clerk Wednesday.

The applications will be forwarded to the Secretary of State for approval and appointment. Appointees will be required to file bond and oath of office as required by law.

School Bldg.— (Continued from Page 1)

of its kind constructed for high school use in Texas. On the east side of the block on Fannin street the farm shop building will be located. It will contain standard size classroom, rest room, office and storage rooms, and one shop room 24 by 50 feet. It will also be constructed of brick and its architecture will be similar to that of the other buildings.

Located between these two buildings will be the high school activity building now being constructed as an NYA project. This building, 60 feet by 80 feet, will contain a band room 24 feet by 26 feet, a kitchen of the same size and a hall 31 feet by 78 feet, which may be used as lunch room, banquet hall or other community functions.

In addition to the two buildings mentioned, the second WPA project calls for the digging of the well and laying of the distribution system, reworking the football field, and placing of six inches of additional soil on it, rearranging hedges and fencing and repairing of bleachers. New soil of four inches will be placed on other parts of the grounds and other extensive work in landscaping will be done.

Red Cross— (Continued from Page One)

at Paint Creek, C. E. Boyd Sub-chairmen remain to be named at O'Brien, Mattson and Sagerton.

In stressing the importance of supporting the Red Cross in the heaviest and most widespread peace-time program in history, and urging the support of all patriotic men and women, Rev. Williams said:

"We know that all Americans wish the Red Cross, the people's Red Cross, to be strong, alert and energetic in disaster relief, service to the army and navy and to veterans, in accident prevention, in preservation of health and in all of its accustomed fields."

To reach and maintain that goal, he explained, every man, woman and child can have a part by enlisting as a member of the Red Cross during the annual Roll Call, an opportunity to express national unity in great humanitarian purposes, in the works of peace as well as for national defense.

The minimum membership in the Red Cross is \$1.00 per year. Of this sum one-half remains with the local chapter, and one-half goes to the national organization.

No goal has been set for a county membership total, and workers will endeavor to enroll a majority of the citizenship of the county. The Roll Call campaign will continue throughout the month of November.

Gas Gas All Time ADLERIKA Mrs. Jas. Miller says: "I was on my stomach so bad I couldn't eat or sleep. Gas was seemed to be my heart. Adlerika brought the quick relief. Now, I eat and I sleep and never feel better."

Dailey Bros. Circus Coming to Haskell Tuesday Nov. 19

Dailey Bros. Circus, the first to visit this section in several years, will give two exhibitions here Tuesday, November 19th under auspices of the Haskell Fire Department. Their big tent will be located in Fair Park, and performances will be given at 2 and 8 p. m.

The circus is rated as one of the most modern on the road, presenting many sensational features for the first time in Texas, including acts by arena stars of international reputation.

All Landowner-Residents Eligible To Vote On Proposed New Soil District

Eligible to vote in the election December 14 relative to the creation of the Wichita-Brazos Soil Conservation District will be all landowners and their wives who reside in the district and who are otherwise qualified to vote in ordinary elections. Voters may live on their farms or ranches or in towns within the boundaries of the district.

The important point to remember is that, to vote within the proposed district, one must both own land and live in the district. Owning land in the district will not enable one to vote if he lives outside the district. Living in the district will not enable one to vote if he owns no farm or ranch land in it.

In addition to landowners and their wives, heirs to undivided land estates may vote provided they live within the district, have paid poll tax, and are otherwise qualified voters.

A large vote is urged by local sponsors of the district as a means of getting a full expression of the interest of landowners. This is important since the amount of assistance made available to the district in the future may depend upon interest.

The proposed Wichita-Brazos district includes all of Knox County and approximately the north one-half of Haskell County.

Polling superintendent for the election is Mr. August Schumacher of Knox County.

The voting boxes in Haskell County are: Voting Box No. 10—O'Brien School House, O'Brien, Judge: B. C. Cooner; Clerks: Paul Melton, J. R. Abernathy.

Voting Box No. 11—Rochester School House, Rochester, Judge: D. R. Brown; Clerks: Geo. Pool, H. D. Gamill.

Voting Box No. 12—Rule City Hall, Rule City, Judge: Joe Lowery; Clerks: L. H. Mathis, D. L. Hamilton.

Voting Box No. 13—Haskell City Hall, Haskell, Judge: W. H. Harrell; Clerks: Al Shelley, Frank Spencer.

Voting Box No. 14—Weinert School House, Weinert, Judge: V. R. Anderson; Clerks: A. V. Branch, Ivy Cybert.

Voting Box No. 15—Mattson School House, Mattson, Judge: Roy Weaver; Clerks: Floyd McGuire, T. C. Cobb.

Voting Box No. 16—Brushy School House, Brushy, Judge: G. C. Conwell; Clerks: R. L. Gaines, E. E. Lowe.

Bargain Rate of Free Press Attracts Many New Subscribers and Renewals From Our Readers

Since announcement of the annual Bargain Day Rate for new and renewal subscriptions to The Free Press, a large number of our readers have taken advantage of the opportunity to save a substantial part of the regular subscription rate and have renewed at the special Bargain Day rate of \$1.00 per year. Likewise many new subscribers have been added to the growing list of Free Press readers during the past ten days.

The Bargain Day offer is effective on new and renewal subscriptions in Haskell and adjoining counties. Outside that territory the regular rate of \$1.50 per year is still in effect.

In addition to the Bargain Day rate on the Free Press, special clubbing offers with daily newspapers afford an additional saving to subscribers on the price of their favorite daily newspaper. The following combination rates are now in effect:

The Free Press and the Ft. Worth Press, daily except Sunday, both for \$3.50.

The Free Press and the Abilene Reporter-News, daily and Sunday, both for \$5.45.

The Free Press and the Wichita Falls Times or Record-News daily and Sunday, one year \$6.00.

These special rates may be withdrawn at any time, so mail or bring in your new or renewal subscription today.

ELECTROCUING BUGS

Among the new inventions which promise relief to suffering humanity is the electric light insect exterminator, said to have been perfected by scientists of the University of California, and which may take its place among such well-known appliances as the electric toaster, the electric iron and the electric razor.

According to the United Press, the invention consists of a bulb which may be attached to any ordinary electric light socket. Among the uses to which it already has been put with success are:

In front of theaters to keep insects from annoying patrons at the box office; at filling stations for the same purpose; over outdoor swimming pools and in illuminated gardens on.

The light, which was invented especially as a protection against mosquitoes, has received so much attention that requests have come from as far as India and Africa for full information on its manufacture and use.

If the device really works as advertised, its inventors may be classed among the benefactors of mankind.

W. P. A. Builds Highways In All Texas Counties

SAN ANTONIO.—WPA workers have built or improved an average just short of 100 miles of roads per county for each of the 254 Texas counties, it was reported by State Administrator H. P. Drought.

Outlining physical accomplishments during five fiscal years of WPA operations, Drought pointed out that work has been completed on 24,348 miles of Texas highways, roads, and streets. Farm-to-market roads have received the major benefits from the WPA road-building program, 22,109 miles of rural routes have been constructed and improved. Towns and cities have utilized WPA assistance to pave and otherwise improve 2,062 miles of urban streets and alleys.

New and reconstructed bridges spanning 6,852 river and creek crossings have been completed and 24,118 culverts have been installed. Drainage ditch and pipe has been laid alongside 3,371 miles of Texas roads. Adding to the safety of night driving was the installation of 627 street and road lighting standards. Five grade crossings have been eliminated and traffic signs have been erected in 26,358 localities.

Air transportation facilities vital to the nation's defense equipment were augmented by WPA activities which affected 28 airports and landing areas in Texas, according to Drought. Construction and improvement of 345 airport buildings, including administrative buildings, hangars, dormitories, garages, warehouses, and officers' quarters added to accommodations available at Texas airports and military fields. Four landing fields were built, 21 improved, and two enlarged. WPA workers built and improved 187,845 feet of runways. Floodlighting was installed at six landing areas and 670 boundary light standards were erected. Airway markers were painted on 375 rooftops and five beacons were installed.

Dotting the map of Texas are 1,345 public buildings which have been erected or rebuilt by WPA workers. These include such structures as 456 schools, six libraries, sixteen auditoriums, 156 gymnasiums, fifteen hospitals, 255 public recreational buildings, 70 of office and administrative buildings, 70 jails, 248 dormitories, 22 fire houses, and 127 public storage buildings.

Adding to the open air recreational facilities of the state are such WPA-built edifices as 103 stadiums and grandstands, twelve outdoor theatres, 173 parks, 165 public playgrounds, 32 golf courses, 289 athletic fields, 648 tennis courts, 51 swimming pools, and 49 band shells.

WPA workers have built or reconstructed 99 public utility plants and built additions to five others. These include such facilities as incinerators, pumping stations, sewage and water treatment plants, hundreds of miles of water mains and distribution lines with thousands of water consumer connections, storage tanks and dams, and hundreds of miles of storm and sanitary sewers with thousands of manholes and catch basins. Elimination of insanitary conditions by the construction of 56,843 sanitary privies has been an activity sponsored by the health authorities in many sections of the state. Also in the interest of public health has been the drainage of 203,309 acres of lowlands and the laying of 741 miles of pipe and ditch to combat the malaria-bearing mosquito.

Conservation of the natural resources of Texas has been forwarded by such projects as the building and reconstruction of 11 fish hatcheries, planting of 3,700 trees, improvement of 18 miles of river bank and 418 miles of stream beds, and the construction of 57 conservation, flood and erosion control dams. Also included in the inventory of completed WPA jobs was the construction and improvement of 42 check dams, four diversions, dams and 11 other dams of various types. Irrigation systems involving 102,606 acres of land were extended and WPA improvements were added to 198 miles of irrigation canals and pipes.

We love ourselves notwithstanding our faults, and we ought to love our friends in like manner—Cyrus.
