

PLANS FOR FAIR WILL BE DISCUSSED AT C-C BREAKFAST MEETING

Organization's Activities for Fall Months Will Also Be Outlined

Outline of the program of fall and winter activities of the Haskell Chamber of Commerce, with particular stress on the organization's plans for cooperating in putting over the 1939 Central West Texas Fair, will be the program keynote at the monthly C. C. membership breakfast to be held at the Tonkawa Coffee Shop Tuesday morning, Sept. 5th. Hour for the breakfast-meeting had been set at 7:15 o'clock.

School Trustees Tender Building For Library Use

Trustees of the Haskell Independent School District have tendered use of a small building on the high school grounds to the city for use as a municipal library building for a period of ten years, it was announced following a meeting of trustees and city aldermen Tuesday night.

WEINERT SCHOOLS BEGIN TERM WITH LARGE ENROLLMENT

Opening Day Enrollment Lists 143 High School Students; 307 In Grades

With the first day's enrollment total reaching the 450 mark, current term of the Weinert Public Schools began Monday, August 28, earliest opening date of any high school in the county. Of the total enrollment, 143 students were listed in High School, and 307 in the elementary grades. Additional scholastics are expected to boost the total enrollment to 550, officials predicted.

Opening of the term was observed with an appropriate program, which included talks by school officials, Rev. J. A. Engle and school patrons. A large audience of parents attended the opening exercises, held in the school auditorium.

Stephens Officers Arrest Suspect In Haskell Forgery

Walter C. Fitzgugh, sought for more than a month by Haskell county officers on a forgery complaint, was arrested this week at Breckenridge, Sheriff Olen Dotson said Thursday. The defendant will be returned to Haskell to face the charge, the sheriff said.

Clifton Crawford Accepts Position In Mexican Capital

Clifton Crawford who has been in Cleveland, Ohio for the past three years has been visiting his parents Mr. and Mrs. J. M. Crawford for several days. Clifton will leave Friday for Mexico City where he will be chemical engineer for the F. W. Stone Construction Company in that city. He will be stationed there for six months in a newly constructed plant. He will be accompanied by Mexico by Paul and Duffer Crawford who will remain for three weeks prior to their entering Texas Tech in Lubbock.

NEAR-ACCIDENTS THRILL FANS AT SUNDAY'S RACES

Wichita Falls Driver Wins Biggest Purse In All Events

Despite the fact that the list of entrants in Sunday afternoon's race program was decidedly small, with only five drivers entered, automobile racing fans were treated to some of the best races of the year, and were held breathless at times when the speeding racers crashed into guard rails on the dangerous turns of the five-eighths mile dirt track.

Roy Goodwin, Wichita Falls mechanic, whose daredevil driving thrilled the spectators, won first place in each of the three races on the afternoon's program, but not without taking chances during every minute of the contests. In the first race, Goodwin's light racer went out of control on the south turn of the track, and spun completely around twice but was righted to hold first place in the eight lap event. Cleo Glaze of Stamford was second.

In the second event, a 12-lap race, Goodwin crashed the guard rail on the north turn of the track but maintained his lead over Claude Gorin of Wichita Falls, runner-up for the second event purse.

In the final race, a 20-lap affair, Goodwin took a safe lead in the early stages of the event, but narrowly nosed out Glaze for the checkered flag after his machine had developed motor trouble. Sponsors of the races have announced that the program would be staged again next Sunday afternoon as a "Junk Car" affair with attractive purses offered. The track is expected to be in excellent condition for the program, which begins at 3:30 o'clock.

Bowen Bus Lines Will Inaugurate New Service Here

Beginning Friday, Sept. 1st, Bowen Motor Coaches of Fort Worth will inaugurate a new direct bus service through Haskell, from Stamford, to Throckmorton, Olney, Jacksboro, Fort Worth and Dallas. The new bus service will provide this section with the most direct route to Fort Worth and Dallas.

Under the schedule arranged for new line, the Bowen coach will leave Haskell at 7:15 a. m. daily for Throckmorton, Olney, Jacksboro, Fort Worth and Dallas, arriving in Fort Worth at 11:30 a. m. and Dallas at 12:30 p. m. This will enable passengers from Haskell to leave this city in the morning, spend six hours in Fort Worth or four hours in Dallas and return to Haskell the same day at 9:51 p. m.

Center Point School Will Begin Term On Monday September 4

Current term of the Center Point rural school will begin on Monday, Sept. 4th, Principal B. L. Moore announced Thursday. Mr. Moore has only recently returned from Hughson, Calif., where he spent the summer.

Grades through the seventh are taught at Center Point, and enrollment is expected to include between 40 and 45 pupils. Faculty includes Principal Moore and Miss Theima Bruton, primary grade teacher.

Modern Plant of Paint Creek Rural High School

Superintendent

Supt. C. E. Boyd will begin his second year as head of the Paint Creek Rural High School at the beginning of the current term on Monday.

Paint Creek Rural High School will begin its second year's work Monday with a large enrollment in prospect. The modern school plant has a notable record of progress in its first year's work, having gained full affiliation in sixteen accredited units.

PAINT CREEK SCHOOL WILL BEGIN SECOND YEAR'S WORK SEPT. 4

Rural High School Lists Notable Progress In First Year's Work

After setting the highest record of any school in Haskell county for its first year's work, Paint Creek Rural High School under the direction of Supt. C. E. Boyd will begin its second year's term Monday September 4th.

Total enrollment for the year is expected to reach the 300 mark, a decided increase over last year's figure. Students of the Ericksdale school have been contracted for the current term.

Teachers for the coming school year are listed as follows: High School—C. E. Boyd, superintendent; R. E. Everett, principal and athletic coach; W. B. Cowan, Jr., Vocational Agriculture, Pauline Duff, English; Mona Keeter, Home Economics.

Elementary and Primary—Della Foster, Principal Mrs. W. B. Eaton, first grade; Mildred Hoggan, second grade; Lula Faye Orem, third grade; Elouise Brenden, second and third grades; Mary Wells Mancill, fourth and fifth grades; Ada Mae Cook, fifth grade.

New Manager of Lively's Store Assumes Duties

Change in management of Lively's department store in this city was announced this week, following the resignation of Don Campbell who has been connected with the store since its establishment in Haskell in February 1938.

Ralph Lipford of Bonham, Texas who has been identified with a number of leading mercantile establishments in that section of the state, Monday assumed management of the local store. Mr. Campbell recently accepted a position as manager of the shoe department of J. C. Penny in Abilene, and will assume his duties in that capacity Sept. 1st. Mr. Campbell and his family left yesterday for their future home in Abilene.

Rochester Men Face Charges of Drunk Driving

Complaints of driving while intoxicated were filed this week by members of the sheriff's department against two Rochester men. One of the defendants was arrested Tuesday morning by Sheriff Dotson and later released under \$750 bond to await Grand Jury investigation. The second defendant whose whereabouts are unknown, has not been taken into custody, but his arrest is expected at an early date, officers said.

New Equipment To Be Installed By Local Woodworker

A. Tonn, proprietor of the Tonn Woodwork and Cabinet Shop in this city, returned Wednesday from a business trip to Fort Worth. Mr. Tonn stated that while in Fort Worth he purchased additional equipment for his shop, including a new band saw and a trimming lathe. The machinery is expected to arrive within a few days and will be installed and placed in operation next week, he added.

LIGHT RAIN HERE ACCOMPANIED BY ELECTRIC STORM

Service Disrupted and Heavy Damage Caused to Local Utilities

A slow rain which was general over the county Sunday morning was accompanied by a brief but severe electrical storm in the immediate vicinity of Haskell, resulting in disruption of electric service for more than thirty minutes in Haskell, Rule and Sagerton and considerable damage to the distribution system of the West Texas Utilities Company and the municipal water plant.

Precipitation at Haskell was gauged at .36 of an inch, bringing the year's total to 12.05 inches, slightly below the annual average for the first eight months of the year. Sunday's rain will benefit late feedstuffs and cotton in sections of the county where these crops were suffering from dry weather, but in the northwest section of the county the additional rainfall was not needed, farmers said.

Heaviest damage during the electrical storm was reported by the West Texas Utilities Company. Lightning striking near a transmission line burned out a transformer at the local sub-station, cutting off service to the entire city and in Rule and Sagerton until the unit could be replaced. Damage was estimated at \$2,500 by H. C. King, local manager. A large motor at the south wells of the municipal water plant was burned out when a heavy lightning charge reached the plant circuit, causing damage estimated at \$100.

Court Term for Kent County to Begin Sept. 14th

Three-weeks fall term of District Court for Kent county will open Monday, Sept. 4th at Clairmont, with Dennis P. Ratliff, judge of the 39th judicial district, presiding. District Attorney Ben Charlie Chapman will be in charge of criminal prosecution.

Grand Jury for the term will be impaneled Monday morning and will immediately begin investigation of cases booked on the Grand Jury docket. A light docket is in prospect for the three weeks term, according to court officials, unless a number of new cases are developed by the Grand Jury. Majority of the cases scheduled for hearing during the term are civil actions.

Former Resident of Haskell Dies In Clyde, Texas

W. P. Key, a former resident and businessman of this city, died at his home in Clyde, Texas, on Thursday August 24 following an illness of more than a year. Funeral services were held Friday afternoon in Clyde, with burial in the Clyde Cemetery.

QUALITY COTTON PRODUCERS PLAN REGIONAL MARKET

Farmers in Haskell, Baylor, Knox and Stonewall Counties have set up a market at Munday, Texas where they can sell their one-variety cotton on the basis of its merits. The market will be in charge of an experienced cotton man and will be operated on a factor or brokerage basis. That is, farmers will pay a small fee, probably 35 or 40 cents on each bale sold. Each bale will be graded and stapled by a U. S. Government licensed classer. Bales of like quality will be grouped and the lot sold to the buyer making the highest price.

Schedule Change Is Announced For Driver's License

All persons in Haskell county intending to apply for driver's license in the near future are reminded of a recent change in the schedule for examination and issuance of license in Haskell county. The State Highway Patrol announced recently. In the past, examinations and applications for license have been handled on Wednesday afternoon each week by inspectors of the Highway Patrol. Effective today (Sept. 1) the inspectors will be in Haskell on Tuesday afternoon each week from 2:30 to 5 o'clock for the purpose of issuing operators and chauffeurs license. Their headquarters will be maintained as in the past, at the Sheriff's office in the courthouse.

FIRST COTTON FROM '39 CROP IS GINNED IN HASKELL MONDAY

SAFETY ZONES IN SCHOOL DISTRICT BEING MARKED

Speed Limit of 15 Miles Will Be Enforced in Vicinity of City Schools

In order to minimize traffic hazards in connection with the opening of Haskell schools next week, City Marshal Sebo Britton this week is marking off traffic lanes and safety zones on Highway 30 in the vicinity of the High School, North Ward and South Ward schools. A speed limit of 15 miles per hour will be enforced in the safety zones, the officer stated.

To acquaint pupils and motorists with the traffic regulations, Marshal Britton and an assistant will patrol the zones next week at hours of assembling, dismissing and recess periods of school.

Unit of National Cotton Council to Be Formed Here

W. E. Moncrief, field representative of the Texas Unit of the National Cotton Council, visited Haskell county, August 25, 1939, to start organization of a permanent county committee. Through its local committee Haskell county will shortly begin full participation in the nationwide activities of the Cotton Council, the field representative said, adding its support to the Council's one goal of "increasing the domestic and foreign consumption of American cottonseed, and the products thereof."

The committee members will be chosen by the chairman of the State Unit and will represent the county in the state organization. In turn the 14 state units, embracing 19 states, are combined to form the National Cotton Council of America, which extends into every county of the Cotton Belt.

Revival Meeting Begins Sept. 10 At Local Church

A series of revival services will be conducted with the Fundamental Baptist Church in this city beginning September 10th at 11 a. m. In announcing the meeting, church leaders said that outstanding features would be:

"Plain old time Bible preaching — congregational singing — a meeting where everyone can feel free, as there will be no formal cut and dried, fixed programs, but a meeting we trust under the leadership and power of the Holy Spirit."

"What an inspiration to worship in a church where there is fellowship, no time for criticisms, no undercurrents, no politics but 'All for one and one for all.' Together we are working to make Christ and His salvation known throughout Haskell and surrounding territory," the announcement concluded.

Offices of Leal Construction Co. Here Are Closed

Offices of the Leal Construction Company in this city were closed Wednesday, following completion of the company's contract for surfacing a seven mile stretch of Highway 120 in finishing the all-weather road from Haskell to the Throckmorton county line. R. D. Kutch, in charge of the local office, stated Tuesday that the office staff would be transferred to Crystal City, Zavalla county, where the company has a contract for a 1 1/2 mile highway project.

Three Bales Brought In Monday; Floyd Hester Gets First Bale Premium

Haskell's gins hummed this week to turn out first bales of cotton from the 1939 crop to be ginned in Haskell, forerunners of a busy fall season.

First bale honors—and a substantial premium—awarded by Haskell merchants—went to Floyd Hester, young farmer residing northwest of town, for a bale brought in Monday around noon and which was ginned at the plant of the Farmers Cooperative Society No. 1. The bale weighed 530 pounds, and was graded strict middling by classers.

Through the Chamber of Commerce, Haskell businessmen donated a cash premium of \$38.00 for the first bale. Two other bales were ginned in Haskell later Monday—afternoon, and another on Tuesday ginner's reported.

Second bale was brought in by Joe Patterson, farmer living southeast of Haskell and was ginned at the Producers Gin. Weight was listed at 403 pounds and strict middling grade was classed.

Monday's third bale was brought in by Lynn Pace, Jr., and was ginned at the plant of the Co-Op Society No. 1. Graded strict middling, the bale weighed 470 pounds. Mr. Pace also brought in his second bale of the season on Tuesday, a 505-pound bale.

SUNDAY AUTO RACES FAVORED BY PEOPLE IN STRAW VOTE POLL

In a "straw vote" referendum Tuesday, authorized by the City Council to determine sentiment for and against Sunday automobile races, a majority of the persons voted for the races, a tabulation of the 404 votes cast revealed. Tabulation was:

For the Sunday races, 212. Against the Sunday races, 192. The referendum was open to all residents of Haskell over 21 years of age, with no other qualifications required.

Following the referendum, Mayor Alexander stated that no action had been taken toward repealing or enforcing an ordinance banning the Sunday races, but indicated that the matter would be brought up for consideration at the next Council meeting. An ordinance prohibiting Sunday races has already been passed by the Council, but does not become effective unless the statute is published in a newspaper.

Work Progressing On Facilities In Watershed Project

Approximately 25,000 yards of earth have been removed in the construction of new stock ponds and cleaning out of old ponds in the California Creek Watershed Project, according to James M. Bird, of Stamford, Project Conservator.

These ponds have a storage capacity of 37 acres when full to cover 37 acres of land one foot deep. In addition, 10 windmills, 10 distribution systems, 10 overhead storage tanks, and 10 stock water troughs have been installed.

Service Station Loses Tires To Burglars Monday

The Moser Service Station just outside the north city limits of Haskell, was burglarized sometime Monday night, according to a report made to Sheriff Olen Dotson Tuesday. Mrs. S. A. Moser owner, stated that six new automobile tires were taken by thieves who picked the lock on the front door of the station to gain entrance.

Brief News Items From Weinert

Family Reunion in Walker Home

Mr. and Mrs. G. L. Walker entertained in their home Sunday and Monday with a family reunion of their children and grandchildren and several cousins and their families. The guests from a distance, some of whom had not met for forty-five years were: Mrs. Jim Heggie, descendant of the Gardner family of Robertson County; Mr. J. B. Stephens of Anson, a brother of Mrs. Heggie; Mr. W. V. Bozeman of Montgomery, Ala., a cousin of Mrs. Walker. Those in the home of Mrs. Walker Sunday and Monday were: Mr. W. B. Stephens Monday were: Mr. and Mrs. W. V. Bozeman and son Lynn and daughter, Mrs. Granville Curtis and son Granville J. all of Montgomery, Ala.; Mrs. Jim Heggie and granddaughter, Miss Jimmie Tate of Robertson County, Mr. and Mrs. Raymond Heggie and daughter Alma Ruth also of Robertson County, Mr. and Mrs. W. B. Stephens and daughter Lena of Anson, Mr. and Mrs. Edd Stephens and daughter Wanda Kay of Anson, Mr. and Mrs. Charles Stephens and children Dorothy, Lois, Mary and Jack of Anson, Mr. and Mrs. G. L. Walker, T. C. and George Jr., Mr. and Mrs. R. M. Walker, Erma, Fae, Luther Wesley, Mary Lena and Robert Donald of Weinert, Mr. and Mrs. M. L. Walker and Morris Weldon of Haskell, Mr. C. P. Walker and Willie Wade and Miss Fae Brooks of Anson. A bountiful basket lunch was spread both days which was enjoyed by all. The time was spent in talking over old times, with music on violin and organ. Pictures of the group were taken and a good time was had by all.

Weinert W. M. S. Meets For Bible Study

Monday, August 28 eleven women of the Weinert Methodist Missionary Society met at the church to begin the Bible Study. Songs in the Night by Mary DeBardleben. The opening hymn, "Footsteps of Jesus" was sung with Mrs. Marsh at the piano and Mrs. English leading a prayer led by Mrs. G. L. Walker was offered. Rev. John English gave a geographical survey of the lesson. Mrs. J. P. Joeslet gave the introductory and Miss Alma Joeslet very interestingly gave the first chapter. This study is taken from the book of Isaiah and is very instructive.

Those present were: the pastor Rev. John A. English, Mmes. English, H. A. Marsh, Ernest Griffith, P. F. Weinert, G. L. Walker, Everett Medley, Georgia Bell, P. J. Joeslet, J. W. Medley, H. Weinert and Miss Alma Joeslet.

Union Chapel W. M. S. Meets Thursday

Mrs. E. E. Lowe and Mrs. Frank Frey were hostesses for a very enjoyable social given Thursday afternoon at the Union Chapel Church. Delicious refreshments were served to: Mmes. Gill Wyatt, Gearard Stout, Morris Ford, Joe Gordy, John A. English, Henry Clark, J. B. Freeland, W. T. Ford, W. R. Parsons and the hostesses, Mrs. E. E. Lowe and Mrs. Frank Frey.

Entertains With Birthday Party

Janice Bird entertained a group of friends with a party Thursday afternoon, August 24. The occasion was her 3rd birthday. After games were enjoyed each guest was served a refreshment plate of ice cream and cake. Small plate favors were placed for: Carol Ann Bailey, Sue Guess, Mary Hinson, Jo Ella Weinert, Jeanine Turnbow, Nadine Weinert, Don Davis, Elvin Cure, Jerry English and Buford Duff.

Mesdames John English, Ernest Griffith and P. J. Joeslet are attending the Spiritual Life retreat of the Northwest Texas conference which is being held in Abilene from Tuesday, August 29th through Friday September 1st.

Attend Concert at Mattson

Mr. and Mrs. Frank West and children, Mr. and Mrs. Bailey Guess and children, Mr. and Mrs. Claud Jenkins, Mr. and Mrs. C. Winchester attended the concert at Mattson Friday night.

Mr. and Mrs. Tom Brown, Mr. Elbert Brown are visiting Mr. and Mrs. Elmer Smith at Walnut Springs. They will visit in Waco while away.

Mr. and Mrs. Cecil Jones and children, Mr. and Mrs. H. W. Johnston, Mr. and Mrs. Rals Loe and children were at Mattson Friday night to hear the concert which was given there.

Mr. and Mrs. Rals Loe and children left Tuesday for Brownfield to attend the family reunion of the Baker family, former residents of Haskell county and parents of Mrs. Loe.

Mrs. Edd Newton, Mr. Hayden McDonald, Mr. Glendon Newton and Miss Hazel Newton visited in DeLeon, Dublin and other points on the Texas Central where they met Mrs. Newton's mother and then went to Denton county to visit other relatives.

Mr. Arnold Edwards, student of N.T.S.C., Denton, is visiting his parents, Mr. and Mrs. Bob Edwards.

Will Display Texas Crops at State Fair

The map illustrates the wide diversity of county farm exhibits which will be an outstanding feature of the Fifty-first State Fair of Texas in Dallas, October 7 to 22. Every element of soil, climate and rainfall will be in the showings, which means that every agricultural product successfully grown in Texas will be on display. The exhibit will afford a handy meeting place for county reunions.

Restoration of Quail in Texas Aim of Project

Quail restoration work in Texas continues to advance with the announcement from Austin that the United States Soil Conservation Service and the Texas Game, Fish and Oyster Commission will cooperate in a 42,000-acre project in Falls, Milam, and Bell Counties on the North Elm Creek watershed, 18 miles northeast of Temple.

Agreement to use the solid block of 42,000 acres for the restoration of quail and for the demonstration of sound farming practices by the Soil Conservation Service was reached by Will J. Tucker, executive secretary of the Game Department, and Homer G. Towns, regional biologist in charge of the Soil Conservation Service wildlife program. The project is the largest attempted by the Game Department in quail restoration

work and it is believed by the overflow of quail to be raised on the project proper.

The Game Department and Soil Conservation Service are cooperating in providing natural and permanent improvements on the land which, it is believed, will restore quail to a ratio of approximately an average of one bird to six acres for the entire 42,000 acres.

Fenced areas ranging from one fourth to five acres in size will be constructed on each of the 240 farms in the North Elm Creek area. From one to ten of these will be placed on each farm, depending on the size of that specific land owner's acreage. These areas are fenced to exclude cattle and sheep and thus to prevent over-grazing of the foods and cover needed by Bob White. A large variety of shrubs, which will provide shelter for quail, will also be planted throughout the area. Large sections of fence rows which are now without vegetation of any kind will be

Mr. and Mrs. Rals Loe had as their guests for a couple of weeks Mr. Loe's mother, Mrs. S. A. Loe of Brawley, California. Two of her daughters Mrs. R. T. Tibbett and family of Albuquerque, N. M. and Mrs. H. C. Irvin and husband of Lamesa visited their mother while here.

Mr. and Mrs. Bob Edwards and children spent last week with relatives in Clovis, N. M.

Mr. and Mrs. Ernest Ingram and baby spent the week end with Weinert friends.

Mr. and Mrs. Al Marr and daughters, Misses Mary Helen and Joyce, Mr. Ernest Ridling and daughter Miss Robbie, of Plainview are visiting relatives and friends in Weinert.

Rev. and Mrs. John English, Jerry, Mr. and Mrs. Ernest Griffith, Clay and Mr. and Mrs. Sam Bird Jr. went to Elbert Friday night to hear the twenty-three year old evangelist, Rev. Franklin Ivey of Florence who has been holding a meeting there. After services they all went to the home of Mrs. Roy Paschal, Mr. Bird's sister and were served ice cream and cake.

Mr. and Mrs. Marvin Teaff and children, Mr. and Mrs. Archie B. Teaff and children visited Mr. and Mrs. Jess Owen at Booneville, Arkansas.

Mrs. Vera McGuire who spent several weeks with relatives returned last week to San Angelo.

Mr. and Mrs. H. Weinert and Miss Beatrice Weinert with Mr. and Mrs. Claud Farr of Westover.

Mmes. John English and Ernest Griffith were shopping in Munday Thursday.

Mr. and Mrs. Bob Caddell of Plainview spent Saturday and Sunday with relatives in Weinert.

Mrs. Julia Siddens of Long Beach, California came in Thursday for a visit to relatives.

Mr. and Mrs. Edd Hester and baby are vacationing in New Mexico and visiting Mrs. Hester's brothers, the Medley Brothers, pharmacists of Santa Rosa, New Mexico.

Miss Jane Holt of Haskell was a guest of Miss Pauline Riley on Thursday and Friday.

Mr. Dick Therwanger of Lamesa spent several days last week with his parents, Mr. and Mrs. J. T. Therwanger.

Many False Ideas Persist Concerning Cause of Cancer

"In spite of increased popular education on the cancer problem during the past decade, many false ideas regarding this disease still persist. Too often such conceptions are the basis of delay in diagnosis and treatment. Obviously, figures cannot be compiled, but it can be stated safely that a fair proportion of the thirty thousand preventable cancer deaths now occurring annually in the United States could be avoided if these mistaken notions were corrected," the State Health Department believes.

"The following acts are pertinent: (1) Cancer is not contagious; the victim cannot give it to any other person. (2) Cancer is not a blood disease. (3) Diet is not a cause or preventive of cancer;

vegetarians and meat-eaters are equally susceptible. (4) Aluminum cooking utensils do not cause cancer. (5) Constipation does not cause cancer. (6) Mental worry will not influence the development of cancer. (7) No age is free from cancer; babies are born with it, and the oldest persons can be its victims. However, it is largely a disease of adult life, occurring chiefly between the ages of forty and seventy. (8) Self-medication is a waste of time and frequently fatal because of the delay involved. (9) Serums, vaccines, colored lights, patent medicines, pastes, salves, and diets are valueless. (10) Quacks and their super-claims, through false hopes and delayed diagnosis, cause many cancer deaths but do not effect cures. (11) No warning comes from pain. In the early stages and in the pre-cancerous condition there is no pain or con-

scious health impairment. The only exception is bone cancer. "With a full appreciation of the above facts and the prompt seeking of medical advice when there are signs of cancer, it is conceivable that many thousands of deaths from this cause could be prevented. The danger signals are any lump in the breast or other part of the body; any persistent sore, particularly on the face or mouth; any unusual discharge or bleeding from any part of the body, such as vomiting of blood, passage of blood from the bowels, or unusual bleeding from any bodily passage, especially after middle age; and chronic indigestion. Procrastination in the face of any of these signs is dangerous and may even be fatal. It is true that any one of these symptoms may be caused by a condition other than cancer;

however, this fact is no excuse for delay in diagnosis, so that prompt treatment procedures may be instituted for if cancer is diagnosed sufficiently early, the results of treatment are usually good.

NOTICE TO HASKELL MERCHANTS

Office of the Leal Construction Company in Haskell have been closed. In the event that any local accounts have been overlooked, merchants are requested to mail bills to the Company at Crystal City, Texas, for payment.—Leal Construction Co.

REID'S DRUG STORE

Have you TRIED IT yet!

If you haven't, by all means drain your crankcase and refill with Humble's Balanced 97 Motor Oil today. We're not exaggerating when we say that you'll find it the motor oil for perfect performance in your car. Continuously improved over a period of years, further definite improvements in 97 have been made possible by recent additions to our manufacturing facilities at Baytown refinery, so that now you get—in 97—all the desirable qualities of a motor oil in perfect balance. . . . We haven't space enough here to go into a highly technical discussion of those qualities, but we can tell you what they mean in performance. BALANCED 97 will give you: a clean motor, low oil consumption, safe service, great stability at high and low temperatures, minimum engine wear, freedom from sticky gum and varnish-like formations on pistons and piston rings, easy starting in winter, instant lubrication, a perfect seal between piston rings and cylinder walls, low carbon, easy pumpability and circulation. . . . We know you're interested in a motor oil which will give you that kind of performance, because your friends and neighbors have already shown that they are—they're asking for Balanced 97 when they change oil. . . . Follow their lead. . . . Stop at the nearest Humble sign, and let a Humble salesman drain your crankcase and refill it with BALANCED 97 Motor Oil.

Your Electric Servant Provides Jobs for 1,000 Men and Women Who Serve You and Spend a \$1,300,000 Payroll in West Texas

IMAGINE a mountain of dollars—45 million of them! That is the cold cash invested in Electric Service facilities required to serve some 51,000 homes, business concerns and industries now on this company's 46,000 square-mile network of lines in West Texas.

A large part of this \$45,000,000 was attracted to West Texas from outside. All of it is invested in three big power plants having a total capacity of 65,000 horsepower of electric energy, 2,700 miles of major transmission lines, 2,400 miles of distribution lines, and the many, many other items of equipment necessary to maintain modern electric service.

ALL the people profit from this investment. Electric rates have dropped over 70 per cent since this company built the first transmission line in West Texas. Taxes paid to support city, county, state and federal governments and to build schools, highways, parks, etc., amount to \$9.75 per residential customer each year. Power plants each day consume 9,398,000 cubic feet of natural gas—making this company the largest individual consumer of one of West Texas' greatest natural resources. Hundreds of men and women are given employment. Other hundreds are small investors. So widespread are the benefits derived from Electric Service that ALL the people profit.

City Council Will Publish Periodical Financial Statements

The Board of City Council is making preparations for periodical publications of the financial condition of the City in the Stratford Star to furnish information for taxpayers. Reports have been completed for the first financial statement and publication will follow soon after members of the City Council return home from vacation.

One of the most profitable moves made during the last few years was the sale of the City water and light plants to the West Texas Utility Company, the report shows. Funds derived from the sale of the property which have been placed on time deposit have paid all the utility expenses of the City and have cleared approximately \$2,900,000 for the City since the plant was sold. The sale is also partially credited with lowering of the City tax from \$1.65 to the present rate of 80 cents. Tax exempt property which was sold to the West Texas Utilities pays some of the heaviest taxes to both the City and the local School of any in Stratford.

The City of Stratford now has transmission line electric service. The first transmission line in West Texas was built by this company in 1914 and extended 16.2 miles from Abilene to Merkel. By giving better service at lower cost, it made obsolete the small, isolated light plant of that day and time and gave birth to a new industry that serves all the people.

West Texas Utilities Company

New Dormitories at A. & M. Near Completion

Final touches are being given to the twelve new dormitories and dining hall at Texas A&M College and all of the buildings will be completed in time for the opening of school on Sept. 22. The new dormitories will have 1310 rooms and house 2620 of the students expected to attend the college this year. For the first time in several years there will be space enough to care for the entire student body in the halls or in the several project houses on the campus.

Brief News Items From

Bishofhausen Family Reunion Held In Comfort, Texas.

The following account of a family reunion of the Bishofhausen family held last week is taken from the Comfort News. G. W. Bishofhausen will be remembered as a leading farmer and prominent resident of this section for many years until failing health compelled his retirement from active work.

"An enjoyable family reunion was held at Comfort this week from Sunday to Wednesday, when the children of G. W. von Bishofhausen spent several days here. Mr. Bishofhausen has made his home at the Altheim for many years, except for such intervals when he visits with his children. The family made the Comfort Courts their headquarters and trips were made to Kerrville, Waring, and other nearby points of interest. Swimming was also enjoyed in the Guadalupe. Among the members of the family here for the happy affair were Mr. and Mrs. Richard Bishofhausen and son Dick, Mrs. Owen W. Cox and children, Elva Mae and Curtis, all of Haskell, and Mrs. C. S. Bothe of Beaumont."

Hattie Lucile Paxton To Speak For Fidels Class

Members of the Fidels Class of the Baptist Church are urged to be present, Sunday morning, for the talk by Hattie Lucile Paxton on her recent trip to Europe. Hattie Davis will give a vocal solo on the program. The Emory Menefee Bible Class of the Methodist Church will be guests for the morning.

Young People of First Methodist Church Have Meeting

Last Sunday the Young People of the First Methodist Church met at the regular hour for their League Service. A very interesting program on the use of alcoholic drinks was given. Young people between the ages of 16 and 23 are missing something very worthwhile by not attending these meetings. Too, the League is not able to carry out its aims and objectives as a group of leaguers should because of the poor attendance. By having a greater number present, we feel we can make the progress that is our goal.

Young People, please help to make this League one of the most accomplished and most outstanding in the district. You can do this by coming and bringing a friend with you next Sunday evening at 7:15. We are looking forward to your coming.

Breakfast Is Given For Bride-Elect Wednesday Morning

The first of the pre-nuptial parties for Gladys Fouts, bride elect of Lee Roy O'Neal was a breakfast given Wednesday morning. Hostesses for the occasion were Hortense and Saralee Walling and Zelma McMeans. Pink and white dahlias were used in the Walling home where guests brought gifts to the honoree. A two-course breakfast was served to the following: Misses Hazel Wilson, Gayle Roberts, Elva Mae Marshall, Beatrice Mobley, Ruth Josselot, Frances Fouts, Mmes. Dennis Wilson, Joe Jetton and the honoree.

Reunion of Adams Family Held Sunday At Bomarton

A reunion of the Adams families held Sunday August 27 at the home of Mr. and Mrs. Frank Adams Sr., near Bomarton was the occasion for the gathering of fifty-two relatives. It was the first time that all the living brothers and sisters had been together at the same time in forty years. The reunion was an all day affair, spent in interesting recollections of bygone days, games and other diversions, and a bountiful dinner at the noon hour.

Present for the enjoyable occasion, in addition to the host and hostess, were the following: Mr. and Mrs. Frank Adams, Jr., Mr. and Mrs. Eldon McKenny of Seymour, Curtis Adams of Bomarton, Mrs. Ida Lamb, Billy Deering, Miss Geraldine Deering and Donnie Lamb, all of Dalhart, Mr. and Mrs. Allen Adams and W. J. Adams of Weinert, C. H. and Boo Adams of Seymour, Miss Margaret Turner of Abilene, Mr. and Mrs. E. L. Turner Jr., Abie and Ikey Turner, all of Merkel, Mrs. Susan Shaw of Fort Worth, Mrs. Jayson Paul of Afton, Mrs. Doc Clark of Sunset, Mr. and Mrs. Lester Collier of Fort Worth, A. J. Paul of Afton, Helen Collier of Fort Worth, Peggy Sue and Budgie Clark of Sunset, Mr. and Mrs. Will Autman, Betty Fern and Janice Autman of Afton, Walter and Garland Autman of Lubbock, Mrs. Eddie Edwards, Freda Gale, Estylene and Lois Edwards of Weinert, Mr. and Mrs. Ophelia Pierce, and Ruti Pierce of Alvord, Mr. and Mrs. P. F. Cantrell, Patsy and Perry Cantrell of Alvord, Mr. and Mrs. Mac Allison of Vernon, Mr. and Mrs. M. P. Latimer of Merkel, Ben Walters of Lubbock.

Mrs. W. H. Little Is Honored With Shower

Mrs. George T. Spoon of Stamford and Mrs. Leon Collier of Haskell were joint hostesses Tuesday for a shower complimenting Mrs. W. H. Little, the former Laverne Bishofhausen. The party was held in the home of Mrs. Collier.

Present for the affair were: Mmes. Charlie Phillips, Jess Patton, P. D. Boddy, Lowell Patton, G. H. Taylor, John McGregor, W. W. Johnson, Wilburn Bishofhausen, Lena Cunningham, John D. Nichols, Misses Ardella Howard, Dorothy Phillips, Olive Sloan and LaVerne McDonald.

Those sending gifts were: Mmes. Frank Phillips, John Watson, J. C. Adkins, Nora Dunn, Winston Dismann, Reno McGregor, Dock Everett, Bob Loyd, and Miss Ava Nell Pinkerton.

Mrs. Bert Welsh Entertains Tuesday Bridge Club And Guests

Mrs. Bert Welsh was hostess for a bridge luncheon Tuesday for members of the Tuesday Bridge Club and guests. The three course luncheon was served in the Tonkawa Hotel Coffee Shop. Zinnias centered the tables for the luncheon and were used with sweet peas, roses and naturniums as decorations for her home.

Guest prizes were presented to Mrs. J. C. Christian of Alexandria, and Mrs. Virgil Reynolds. High score prize for club members was given to Mrs. Ernest Kumbrough. Other guests included: Mmes. Walter Murchison, Buford Cox, Ben Charlie Chapman, Clay Smith, A. E. McMullen, Ralph Duncan, T. W. Williams, William Ratliff and Marvin Bryan.

Naomi Bible Class Meets With Mrs. Chas. Smith August 25th

Naomi Bible Class met August 25th in the home of Mrs. Chas. Smith. Program opened by singing, "Did You Think To Pray". Prayer by Mrs. Trav Everett. Devotional by Mrs. I. N. Simmons. Subject "Open Mine Eyes". Scripture Jno. 4:31 to 39. Business meeting was held by the president, Mrs. John McMillin.

The meeting was turned over to Mrs. Tyler who conducted three very interesting games. Refreshments were served to the following: Mesdames Clarence Taylor, J. C. Alvis, Raymond Lusk, Trenton Everett, V. A. Brown, Jesse Josselot, L. D. Jones, Walter Adams, Jack Ratliff, Chas. Smith, Tom Holland, Jno. McMillin, Trav Everett, D. A. Jones, I. N. Simmons, Robert Ivey, J. D. Tyler, J. E. Robison, Earl Roberts.

Elsie Gholson Is Hostess For Steak Fry On Friday Night

Elsie Gholson was hostess for a steak fry last Friday night at the roadside park honoring her guest, Walter Hadley of Texaco, New Mexico. Haskell students in Tech were invited guests for the occasion. Those present were: Ralph Johnson, Mary Eleanor Diggs, Frank Baldwin, Jerry Conner, Tom Clifton, Helen Mable Baldwin, Wanda Dulaney, Buster Gholson, the hostess and honoree.

Foster Home Demonstration Club To Meet With Mrs. Yarbrough

The Foster H. D. Club will meet on Sept. 4 in the home of Mrs. J. O. Yarbrough, the kitchen demonstrator. Everyone is invited to see her improvements in her kitchen.

Rainbow Sewing Club Meets In Regular Meeting

The ladies of the Rainbow Sewing Club met in their regular fifth Tuesday meeting August 29th in the home of Mrs. John E. Robison with an all day quilting. At the noon hour sandwiches, devils food and cocoanut cake and iced drinks were served.

In the afternoon the following program was rendered: A Reading by Grace Robison; A Story by Tommie Robison; A Reading by Lavern Irvin A Song by Anita Robison.

After the meeting adjourned the ladies called to see Mrs. Tom Stewart as she had the misfortune of getting burned from a gas stove explosion.

The next meeting will be in the home of Mrs. Doyle Andrews.

Rainbow Sewing Club Meets In Home of Mrs. Wint Adkins

The Rainbow Sewing Club met in the home of Mrs. Wint Adkins August 22. Chinese checkers and forty two were played throughout the afternoon. All reported an enjoyable afternoon.

Refreshments were served to: Mmes. Tom Stewart, Gaines Irvin, Jess Josselot, Walter Rogers, Taylor Alvis, Doyle Andrews, J. T. Jackson, Harold Kirkpatrick, Lester Fore, John E. Robertson, two visitors, Mrs. Frank Kennedy and little Jimmy Frank Kennedy and the hostess Mrs. Wint Adkins.

Entertain With Picnic At Park Friday Night

Mmes. Sally Shriver and Marie Womble named out of town visitors, Frankie Ann White of Borger, and Anna Mae Brooks of Houston as honorees for a picnic Friday night. The guest went in a group to the park for an evening of games.

Refreshments were served to: Mary Elizabeth Womble, Betty Jane Isbell, Barbara Lee Jordan, Mary Helen Crandall, Patsy Pearsey, Bobbie Morris, Annette Laird, Josephine Parrish, Billy Kemp, Sam Hugh Smith, Neal Littlefield, J. L. Shriver, Dan Oates, Eloise Koonce, Hassel Hunter, Ray Everett, Jerry Cahill, Ross Lowe, Russell Shriver, P. A. Womble Jr. and the honorees.

Robert Barnett Speaks At Morning Meeting of W. M. U.

At a morning meeting Monday members of the W. M. U. of the Baptist Church were privileged to hear Robert Barnett talk on his recent trip to Ridgecrest, North Carolina. Robert joined other young Baptists in the annual retreat in this city.

At the business meeting that followed his talk the following officers were elected and installed: President, Mrs. R. J. Paxton; First Vice-President, Mrs. H. C. Cate; Recording-Secretary and Reporter, Mrs. J. E. Reeves; Corresponding-Secretary and Treasurer, Mrs. I. N. Simmons.

Cemetery Association Will Meet September 5th at Holden Funeral Home

The Haskell Cemetery Association will meet Tuesday, September 5th at 4 o'clock in the Holden funeral home. All members are requested to be present as a number of important matters are to be discussed at the meeting.

Presbyterian Church Members To Be Entertained At Home of Pastor

Rev. and Mrs. Clifford W. Williams will be "at home" Thursday evening to members of their congregation and other friends. Calling hours will be from 8:00 to 10:00.

Girls of the Pioneer group will serve and Mrs. Ira Hester and Misses Mary Pearsey and Mildred Vaughan will preside in the dining room.

Return From Vacation Sunday

Mr. and Mrs. John A. Couch returned home Sunday from a vacation that included stops in eight states. With the Dan Couches of Lubbock they went into New Mexico, Arizona, California, Idaho, Wyoming, Utah, Nevada and Colorado. They viewed the Painted Desert, the Petrified Forest, Boulder Dam, Grand Canyon, and the Red Wood Forest. They went to Catalina Island and saw the famous Wrigley's homes. In Hollywood, they saw movie production and the homes of the movie stars. Other points of interest included a trip to the Will Rogers Memorial in Colorado Springs and an interesting stay in Salt Lake City.

Mr. and Mrs. T. J. Cannon of Rule visited in Haskell Tuesday.

TEXAS OUT-O-DOORS

Because the Lesser Prairie Chickens saved several landowners as much as a bale of cotton per 8 acres those fine game birds are going to get much more protection in the Texas Panhandle in the future, or at least in Wheeler County, it is reported by State Game Warden P. D. Moseley of Canadian. The Prairie Chickens devoured huge numbers of army worms which seriously threatened the cotton crop in that section of the State.

T. D. Key, owner of large holdings in Wheeler County and many of his neighbors are now planning to plant food for the Prairie Chickens as a result of the birds having moved into their cotton fields and totally destroyed the army worm. These worms had eaten about one-third of the leaves from Mr. Key's cotton when the birds moved in. As many as 500 Prairie Chickens invaded the forty-four acre field at a time and the result is that Mr. Key estimates they saved him as much as five bales of cotton. Many neighbors had the same experience and now have a higher regard for those game birds. They have announced there will be no hunting for prairie chickens in that section during the remainder of the five-year closed season placed on the birds by the forty-fifth state legislature in 1937.

Mr. Key has planted seventy-one acres of sudan and red top cane for the birds to feed on and will raise as much maize and alfalfa corn for them. Other Wheeler County land owners are also going to provide feed for the birds.

L. C. Cole, state game warden, and Earl Watley thought they were seeing double the other day when they killed what appeared to be, while on the limb of a tree over their heads, two snakes, but what turned out to be a two-headed reptile which had one head in the usual place and the other at the root of its tail.

Snakes with two bodies or with two heads side by side are sometimes found, but this is the first time discovery of a snake with a head at each extremity has been reported in Texas. The reptile, about three feet long, had a normal sized head and a smaller one at the root of the tail. The normal head had a round, black tongue with two prongs extending from the end of it. It had no fangs. The smallest head had only one eye and its mouth was so small one could not put a pea in it. The tongue was pink and about half an inch long.

The snake was shot in the middle of its body, but the smaller head had struck out at the two men and that portion of the body even moved several feet before it died.

At least twelve big Opelousas catfish did their best to hatch a nest of eggs under a bank in the Trinity River near Paradise, Texas it is reported by Loyd Preskitt of Bridgeport and State Game Warden Harley Berg. An Opelousas cat weighing sixty-one pounds was taken from the nest by means of a seine on June 15. On eleven successive days thereafter a large Opelousas cat was taken off the same nest of eggs. They weighed from seventeen to thirty-five pounds.

Will J. Tucker, executive secretary of the Texas Game, Fish and Oyster Commission, could have collected \$21,000 for his first seven months service as game commissioner of Texas, but he took only \$2,100, or \$300 a month instead of \$3,000 a month, he recalled recently.

A stenographer's error or some other person's mistake had caused the law passed by the Legislature for the biennium ending Aug. 31, 1927, to read that the game commissioner should receive \$36,000 a year in salary. However, Tucker decided that the law should have read \$3,600 annually for his services each month from February, 1927 when he took charge of the department, until the biennium ended seven months later.

The heaviest concentration of canvasback ducks in Texas is on Surprise Lake in Chambers County, northeast of Galveston, it is reported by State Game Warden Delbert Conner, who declares that more than half of that species of migratory birds coming to the Lone Star State gather there. The canvasback is one of the four species of ducks that hunters are allowed only three a day during the open season. The others are redheads, buffheads and ruddy ducks.

CHURCHES

FUNDAMENTAL BAPTIST CHURCH

C. Jones, Pastor
C. W. Marion, Sunday School Supt.
Sunday, September 3, 1939
10 A. M. Sunday School Bible Study. John 16th chapter. Bring your Bibles and learn God's Word.
11 A. M. Sermon by Bro. H. G. Hammer.
8 P. M. Song Service.
8:30 Sermon by Bro. H. G. Hammer.

Prayer meeting each Wednesday night. Business session each first Wednesday night.

A series of old time revival services will be conducted in our church beginning September 10, 1939 at 11 A. M. Pray with us and for us that the Holy Spirit may lead us to Victory in Christ's name.

FIRST PRESBYTERIAN CHURCH

Rev. Clifford W. Williams, Pastor
9:45 Sunday School. Ira Hester, Superintendent. Anyone who does not have transportation to Sunday School see the superintendent.

11:00 Morning Worship "Fruit Bearers" by the pastor.
7:15 Pioneer Meeting at the church. Caroline Williams is the leader.

There will be no evening worship as the pastor has been invited to preside at the installation of Rev. Lyle Gregory of Throckmorton.

The Young People will have their meeting at 7:00 in Throckmorton, at which time they will present a playlet for the host church.

All visitors, both out of town and local, are cordially invited to attend the services of this church.

FIRST METHODIST CHURCH

Too many people conduct their lives on the cafeteria plan—self-service only. Christianity leads a person into larger living. Come, Worship God in the services of this Church is our invitation to you.

9:45 A. M. Church School. Start September by attending the Sunday School. There is a class for you and each member of the family.

11:00 A. M. Morning Worship. Does Christianity have a message for the world on Labor Day? Hear this sermon: "Working For God."
7:15 P. M. Attend one of the three Leagues: The Young People's League; The Intermediate League and The Junior League. Each League will have a good program.
8:00 P. M. Evening Worship. Are you afraid to hear the truth? Then don't hear this sermon: "After The Feast of Good Times."

Monday, 4:00 P. M. The Women's Missionary Society. Mrs. Guy Mays will direct the program. All members are urged to be present.
Wednesday, 7:00 P. M. Prayer Meeting. Attend this thirty minute heart-warming service.
Wednesday, 7:30 P. M. Choir Practice. Join the Choir and use Your voice for God and Your Church.

"We must keep open connection between our own souls and that which is best about us."
A. C. Haynes, Minister

Announce Birth of Son

Mr. and Mrs. Buford Cass of Raymondville, are announcing the arrival of a seven pound son, Robert William, Saturday August 26. Grandparents of the young son are Mrs. Carrie McAnulty and Mr. and Mrs. W. M. Cass of Haskell.

Haskell Lodge of Oddfellows Host To Area Members

Haskell lodge No. 625, IOOF, was host to members of the order from Rule and Stamford on last Thursday night for the regular meeting of the Four-County Odd Fellows Association.

With a large number of visitors present, the Stamford and Rule degree team conferred initiatory degrees of order on candidates for membership in the local lodge. Following the lodge session, talks were made by a number of visitors and high officials of the order. Climaxing the evening lodge session and program, refreshments were served to members and visitors by the Haskell lodge.

Praise For The Post Office

Whoever heard of flowers being sent to the postmaster and the employees of the Post Office? This may be an unusual procedure, but here's a few—unsolicited and unsuspected.

The local office is one of many. There are in the United States more than 400,000 postmasters and postal employees who handle an astounding volume of business, which during the fiscal year ending June 30, handled 26,000,000 pieces of mail matter.

If private enterprise followed the same prompt, efficient practices of the post office, some of them at least would be going concerns which are now slipping businesses, static affairs and headed for the rocks of ruin.

Generally over the country the postal business does most excellent service and the people usually do not praise or even speak of efficient service. They expect promptness, regularity and courtesy.

The local postmaster is a partner in the world's largest business, public or private.

With the exception of the motor vehicles used in the service of some cities, the Department does not own any of the transportation facilities used, but depends upon the airlines, the railroads, steamships and other forms of service under contract to provide such vehicles for carrying the tremendous loads across the country and to foreign countries.

During the fiscal year, 1938, the Post Office Department paid out in salaries approximately \$585,000,000, paid more than \$99,000,000 to the railroads, in excess of \$14,000,000 to the airlines, about \$11,000,000 to steamship lines for ocean mail and approximately the same amount for star routes, \$15,000,000 for rent for post office quarters and the heat and light bill totalled approximately three million.

This huge business is maintained on a sound financial basis. Postmaster General Jim Farley states that "in 4 or 5 years, under the present Roosevelt administration, we have had a balanced budget; as a matter of fact, a surplus for that part of our service which we render to the public for hire."

Rules For A Son

Modern young men would hardly find to their liking the rules laid down by Alexander Hamilton, first secretary of the treasury for his eldest son, Philip. Somewhat condensed, they were as follows:

"From April to October 1 he will rise at 6 o'clock; the rest of the year not later than 7. Ten will be his hour of going to bed throughout the year.

"From breakfast until 9 he is to read law. At 9 he goes to the office to write and read law until dinner. After dinner he reads law at home until 5. From 5 to 7 he does what he pleases from 7 to

10 he reads or studies what he pleases.

"From noon on Saturday he is at liberty to amuse himself. On Sunday he will attend church, and may devote the rest of the day to innocent amusements."

Philip Hamilton was described as a youth of great promise, but he did not live many years under the rules prescribed for him. At the age of 17, for resenting disparaging remarks about his father he was challenged to a duel, in which he fell mortally wounded.

About three years later Alexander Hamilton, at the age of 47, was also mortally wounded in his famous duel with Aaron Burr, vice-president of the United States. Burr was thereafter virtually an out-cast from society.

A New Biggest Ship

Next year the British Cunard-White Star Line will celebrate its 100th anniversary by putting into transatlantic service the super-liner Queen Elizabeth, which will be the largest ship afloat.

It was on July 4, 1840, that the oldest regular passenger line between England and America set its first vessel, the Britannia, from Liverpool on her maiden westward voyage. The Cunard name was adopted later however, after the merger of two older lines.

About five years ago the White Star Line, established in 1869, was merged with Cunard under the present name, Cunard-White Star. This line owns the Queen Mary, which is the fastest liner in the world, and only slightly less in tonnage than the French Normandie.

The Queen Elizabeth is to have a registered tonnage of 85,000, as against the Normandie's 83,000 and the Queen Mary's 81,000, in round numbers. The Queen Elizabeth will be 1,019 feet in length, as against the Normandie's 981 and the Queen Mary's 975. These are the lengths between stem and rudder post, the over-all lengths being several feet greater.

These vessels cross the Atlantic in less than four days, an amazing speed as compared with that of the Britannia of a century ago, whose crossing time was 14 days 8 hours.

Higher Army Rank

By a recent act of Congress the rank of lieutenant general on the active list of the Army was revived, and the four senior major generals now in service have been advanced to that rank. They were already in command of the four field armies stationed in continental United States.

They are Hugh A. Drum, Stanley H. Ford, Stanley D. Embick and Albert J. Bowley, all holders of the distinguished service medal for "exceptionally meritorious and distinguished services" during the World War. Of the four, only Embick and Bowley are graduates of West Point. Drum received his academic training at Boston College, while Ford is a graduate of Ohio State University.

General Drum commands the First Army, with headquarters at New York; General Ford, the Second at Chicago; General Embick, the Third at Atlanta, and General Bowley, the Fourth at San Francisco.

The only active officer with higher rank than these four lieutenant generals is the chief of staff, who is a full general, at present General George C. Marshall, who was elevated to the Army's highest post this month. There are several full generals and lieutenant generals on the retired list.

The United States Army has never had an officer of the rank of field marshal, which is the highest of all military ranks, although most of the other larger powers have several.

Sidelights of Industry

INDUSTRY CELEBRATES A BIRTHDAY

(By W. R. Boyd, Jr., Executive Vice President, American Petroleum Institute.)

August 27 is more than just another day in the American petroleum industry. It is the industry's birthday, the 80th anniversary of the day on which, back in 1859, Colonel Edwin Laurentine Drake proved that man could drill for oil, and produce it in commercial quantities.

Anybody who visits the Drake Memorial Park at Titusville, Pa., can see a few inches of the original well casing protruding from the ground. And in the nearby museum they can view relics of the beginnings of an American industry.

Oil was used, and extensively, long before Drake and the syndicate which financed his drilling experiment completed their well. But the success of the experiment was the spark which set fire to men's imaginations, and which instigated the production of oil in huge quantities, so that people everywhere, could have it, and use it cheaply.

Widespread Production

Oil now is produced in some 22 of the United States. The daily output is enormous. America supplies the world with oil, although this country itself is the largest consumer. The spread of production is one substantial reason why oil and its products everywhere are available, and at reasonable prices. The spread of production also is the reason why the nation's oil reserves have increased, even have kept ahead of consumption.

Man is learning more about oil but while many of Nature's oil secrets still are unrevealed enough is known to establish confidence that the supply is generously adequate. Oil is being found where it was thought not to exist. It is being found at deeper levels, and far under fields once supposed to have been exhausted. Drake found oil at 69 1-2 feet. Oil now is being produced from 10,000 to 13,000 feet. Engineers are preparing to drill to three miles into the earth's surface in the belief that even more oil is available there.

Industrial History

Drake was a railroad conductor engaged by the Pennsylvania Rock Oil Co. and by the Seneca Oil Co. to undertake to drill for oil, just as men were drilling for salt.

Oil was being obtained from salt wells, or was dipped from seeps. It was needed in larger quantities, however to meet the demand for kerosene as an illuminant.

Drake reached Titusville in May, 1858. Encountering difficulties in obtaining working associates, for a year he experimented with dug wells by day, worked out drilling methods by night. In April, 1859, he obtained the services of William A. Smith, a Tarentum blacksmith, and of his sons, Samuel and James. Drilling operations with tools hand-made for the work were started in June on the bank of Titusville Creek, near an old oil spring. Numerous delays and discouragements annoyed the drillers, but pleased the onlookers, who called the job "Drake's Folly" even before rock was encountered at 36 feet.

Persistence Wins

Drake's persistence and "Uncle Billy" Smith's crude drilling machinery continued to be the butt of jokes. Even Drake's syndicate members became discouraged at the tedium and expense of drilling only three feet a day. But late one sultry afternoon when "Uncle Billy" and Sam set about to measure the depth, they found a dark brown liquid in the well. They rigged a pitcher pump, lifted several barrels of oil to the surface, and then proceeded to inform the countryside that the laugh was on someone else.

Health Teaching

Assembling of students in the schools of the State next month calls to public attention the definite health responsibility of parents and teachers, as well as health workers, and is the subject of an address from the State Department of Health to the citizenry.

"A public health education program is an outstanding factor in the development of the physical, mental, and social welfare of the school children of today," said Dr. Geo. W. Cox, State Health Officer. "Health teaching should be a basic part of every educational program."

"Practically every phase of the school system is related to health. Housing, screening, diet, disposal of wastes, exercise, rest, even the manner of daily contact with others, all have a direct bearing on health. Schools must treat the child as a whole—with his physical condition related definitely to his mental and emotional capacities."

"Prevention is the all important factor in the control of communicable disease. 'Communicable'—as we all know—describes that kind of disease which may be imparted or transmitted from

THIS INVOLVES PROTECTING HIM FROM BEING INJURED OR OPPRESSED BY THOSE OF SUPERIOR ACQUISITIVENESS AND FEWER LESS CONSCIENCE."

Industry Celebrates A Birthday

(By W. R. Boyd, Jr., Executive Vice President, American Petroleum Institute.)

August 27 is more than just another day in the American petroleum industry. It is the industry's birthday, the 80th anniversary of the day on which, back in 1859, Colonel Edwin Laurentine Drake proved that man could drill for oil, and produce it in commercial quantities.

Continuing Service

Never since that day in August, 1859, has oil ceased to flow from American wells, nor useful products reach markets from American refineries. Even though the population of the United States has grown, and the use of oil has increased so that today the consumption is something like 36 barrels per family per year, petroleum products have been available in unending supplies. In fact the record of the industry in supplying its products in necessary quantity and at constantly declining prices is outstanding in the industrial world.

Health Teaching

Assembling of students in the schools of the State next month calls to public attention the definite health responsibility of parents and teachers, as well as health workers, and is the subject of an address from the State Department of Health to the citizenry.

"A public health education program is an outstanding factor in the development of the physical, mental, and social welfare of the school children of today," said Dr. Geo. W. Cox, State Health Officer. "Health teaching should be a basic part of every educational program."

Full Text of the Controversial Senate Joint Resolution No. 12

(Editor's Note: Senate Joint Resolution No. 12, the so-called sales tax-natural resources amendment which kept the Legislature deadlocked for so long a time, is here published in full, in order that the people may know exactly what it provided. The reader will note that it would have placed a "ceiling" on natural resources taxes, and that funds raised in excess of the amounts appropriated would have been used to supplant state ad valorem taxes.)

A Joint Resolution

Proposing an amendment to Article 3 of the Constitution of the State of Texas by adding thereto a Section to be known as Section 51-E, the purpose of which is to provide for the assessment and collection of a Social Security Tax to finance:

(1) Old Age Assistance as authorized in Section 51-B of Article 3 of the Constitution.

(2) For assistance of the needy blind as authorized in Section 51-C of Article 3 of the Constitution.

(3) For the assistance of destitute children as authorized in 51-D of Article 3 of the Constitution.

(4) For the payment of the Teacher's Retirement Fund as authorized in Section 48-A of Article 3 of the Constitution.

(5) For the payment of pensions to disabled and indigent Confederate soldiers and sailors and their widows as authorized by Section 51 of Article 3 of the Constitution.

(6) For supplementing the Public Free School Fund of the State of Texas; fixing a tax at the rate of two (2%) per cent of the selling price paid or promised to be paid for each retail sale made in this State on and after September 1, 1939, defining "retail sales," naming exemptions of the tax by the ultimate consumer, user or recipient and fixing a tax at the rate of two (2%) per cent on the consideration charged and collected for services, privileges and uses that are performed, granted or sold within this State, and providing for the payment of the tax by the ultimate consumer, user or recipient; providing for the payment from the sources created of as much as but not in excess of Twenty Million (\$20,000,000.00) Dollars per annum to finance Old Age Assistance; as much as but not in excess of One and One-half Million (\$1,500,000.00) Dollars per annum to finance assistance for destitute children, not to exceed Five Hundred Thousand (\$500,000.00) Dollars to finance assistance for destitute persons who are blind; providing that as long as necessary as much as but not in excess of One and One-half Million (\$1,500,000.00) Dollars per annum for pensions for Confederate soldiers and sailors and their widows; and in addition thereto not to exceed Five Hundred Thousand (\$500,000.00) Dollars per annum to be used in retiring the deficit in the Confederate Pension Fund providing for the appropriation from the revenues obtained from the sources herein created a sufficient amount of money to meet the State's Constitutional obligation to the Teachers' Retirement Fund and such money as may be needed to balance said fund on September 1, 1941, and thereafter the Legislature may appropriate as much as but not in excess of Two and One-half Million (\$2,500,000.00) Dollars per annum to supply the State's contribution to said Teacher's Retirement Fund; prohibiting the Legislature from resorting to other sources of revenue and from making other appropriations for Old Age Assistance, the needy blind, destitute children, Confederate pensions and the Teachers' Retirement Fund; providing for the excess to be credited to the Available School Fund; repealing so much of Article 3, Section 51, relating to the ad valorem tax for the purpose of paying pensions to Confederate soldiers, sailors and their wives.

Be it Resolved by the Legislature of the State of Texas:

Section 1. That Article 3 of the Constitution of the State of Texas is hereby amended by adding thereto a section to be known as "Section 51-E" as follows:

Section 51-E. 1. The Legislature shall provide for the collection of the taxes levied by this Section of the Constitution and the revenue derived therefrom shall be used by it for the purpose of financing the following governmental functions, viz:

(1) Old Age Assistance as authorized by the provisions of Section 51-B of Article 3 of this Constitution.

(2) For Assistance of needy individuals who are blind, as authorized in Section 51-C of Article 3 of this Constitution.

(3) For Assistance of Destitute Children, as authorized in Section 51-D or Article 3 of this Constitution.

(4) For the payment of the State's contribution to the Teacher's Retirement Fund as authorized by Section 48-A of Article 3 of this Constitution.

Section 2. In order to provide the revenues for the purpose set out in this Amendment, taxes to be known and designated as Social Security Taxes are hereby levied upon transactions, services, activities and natural resources as follows:

(1) Upon every retail sale transaction of tangible personal property in this State the tax shall be one (1c) cent upon each Friday (50c) cents or fractional part thereof of the sale price.

(2) Upon every sale in this State of electric energy, and gas (natural or artificial) by private utilities, municipalities and governmental agencies, except on sales for industrial purposes, the tax shall be One (1c) Cent on each Fifty (50c) Cents for fractional part thereof of the sale price.

(3) Upon all sales of service to telephone subscribers and to others through equipment of telephone

subscribers for the transmission of messages and conversations both local and long distance, and upon the sale rental or leasing of all equipment or services pertaining or incidental thereto in this State the tax shall be One (1c) Cent for each Fifty (50c) Cents or fractional part thereof of the sale price.

Section 3. The taxes levied under Subsections (1) to (3) inclusive shall be collected from the purchaser by the seller, provided that the seller may, at his option, refrain from collecting the tax on sales of twenty-five (25c) cents or less but in such case the seller shall pay the tax to the Comptroller as herein provided; and, except as herein otherwise exempted on or before the 10th day of each month every such seller shall compute the amount of his total cash gross receipts for the preceding month from all transactions described in Subsection (1) to (3) inclusive and in settlement of the taxes thereon he shall pay to the Comptroller of this State two (2%) per cent on the amount of such total gross receipts. The Legislature shall enact suitable laws to enforce the collection of all taxes levied in this Amendment.

Section 4. Each person who owns, controls, manages, leases or operates, any sulphur mine, or mines, well or shaft, or who produces sulphur by any method, system or manner within this State shall pay a severance tax of Twenty-Five Cents per long ton, or fraction thereof, of all sulphur so produced within this State.

Section 5. A severance tax equivalent to three-fourths (¾) of one (1%) per cent of the market value of the total amount of gas produced and saved within this State is hereby levied.

Section 6. There is hereby levied a severance tax on all oil produced within this State of three-fourths (¾) cent per barrel of forty-two (42) standard gallons, said tax shall be computed upon the total barrels of oil produced or salvaged from the earth or waters of this State without any deductions; provided, however, that the severance tax herein levied on oil shall be three-fourths (¾) of one (1%) per cent of the market value of said oil whenever the market value thereof is in excess of one (\$1) Dollar per barrel of forty-two (42) standard gallons.

Section 7. Severance taxes herein imposed shall be paid to the Comptroller of this State, said taxes shall be the liability of the producer and such taxes shall be borne ratably by all interested parties including royalty owners. The Legislature shall enact laws prescribing the method of reporting and collecting all severance taxes and may require the purchaser of oil, gas and sulphur to deduct the tax on all oil, gas and sulphur purchased and pay same to Comptroller of this State. Until the Legislature shall otherwise provide, the provisions of the existing law providing for an occupation tax on oil, gas and sulphur with reference to paying such occupation tax, the records to be kept and records to be made in regard thereto, and all other administrative provisions of said law, insofar as they may be given application consistent herewith, shall apply and be followed in the enforcement and collection of the severance taxes herein levied.

Section 8. All of the revenue accruing to the State from the taxes herein levied shall be collected by the Comptroller of this State and paid to the Treasurer of this State and the Treasurer shall set up in his office a special fund which shall be known as "The Social Security Fund" and he shall credit to this fund all money received from the

Comptroller of this State from the taxes herein levied. Out of the revenue accruing to said fund the Legislature may appropriate for the fiscal year beginning September 1, 1939, and for each fiscal year thereafter not to exceed One Million Five Hundred Thousand (\$1,500,000) Dollars annually to finance Assistance for Destitute Children as provided for in Section 51-D of Article 3 of the Constitution of this State; not to exceed Five Hundred Thousand (\$500,000) Dollars per annum for the purpose of providing assistance to the Needy Blind as provided for in Section 51-C Article 3 of the Constitution of this State; not to exceed Two Million Five Hundred Thousand (\$2,500,000) Dollars per annum to supply the State's contribution to the Teacher Retirement Fund as provided in Section 48-A Article 3 of the Constitution of this State; provided that in addition to meeting current obligations to the Teacher Retirement Fund the Legislature shall appropriate from the Social Security Fund beginning September 1, 1942, and annually thereafter during the succeeding five (5) years such amounts as will be necessary to bring this fund in balance not later than September 1, 1947. After meeting out of the "Social Security Fund" each year the appropriations herein authorized for Dependent Children Needy Blind and Teacher Retirement, all of the remainder of such funds or so much thereof as may be necessary shall be used for the purpose of paying Old Age Assistance as authorized in Section 51-B of the Constitution of this State.

The Forty-Seventh Regular Session of the Texas Legislature and each succeeding Regular Session of the Texas Legislature is hereby authorized to examine the condition of the "Social Security Fund" herein established and when after meeting all obligations for the preceding biennium, it is found that the taxes herein levied are producing revenue in excess of the amount necessary to meet the obligations of the State herein authorized to be paid out of said "Social Security Fund," then, in that event, the Legislature may ratably reduce the rates of taxation herein levied so as to produce as nearly as possible only so much revenue as is necessary to meet the actual requirements under this Amendment, likewise any Regular Session of the Texas Legislature subsequent to the Forty-Seventh Regular Session of the Legislature shall restore ratably any reduction made in tax levies by a previous Regular Session of the Legislature in the rates of taxation levied, if an examination of the "Social Security Fund" reveals the fact that it is necessary to do so in order that the revenue going into the "Social Security Fund" be adequate to meet the state's obligation to pay social security services herein authorized to be paid out of the "Social Security Fund," provided, however, that the Legislature shall never increase the taxes herein to a rate higher than the rates fixed by the respective tax levies in this Amendment, provided further that nothing herein shall be construed as prevent the Legislature from levying additional taxes for other State purposes on the sources herein taxed.

If at any time the revenues derived from the taxes herein levied are inadequate to meet in full all of the obligations of the State to pay Old Age Assistance, then in that event the payments for Old Age Assistance shall be ratably reduced so as to avoid a deficit occurring in the "Social Security Fund."

Section 9. The Legislature shall not debate, amend or repeal any existing law which imposes taxes to supply revenues now allocated to the Texas Old Age Assistance Fund until such time as said taxes supply revenue which is allocated to said fund shall have produced the sum of Twenty Million (\$20,000,000) Dollars after January 1, 1940. On and after January 1, 1940, that portion of existing taxes which now provides revenue for the payment of Old Age Assistance shall be used exclusively for retiring the deficit now existing in the General Revenue Fund, and the Legislature shall provide for the collection of such taxes and the impounding of the revenue therefrom for the payment of the said deficit

until such time as Twenty Million (\$20,000,000) Dollars accrues after January 1, 1940. When said sum of Twenty Million (\$20,000,000) Dollars shall have accrued, the Legislature may repeal said tax laws or use the revenues therefrom as it sees proper.

Section 10. The provisions hereof providing for Old Age Assistance shall not be construed as a vested right in the recipient of such Old Age Assistance and neither the State, nor any of its agents, shall ever be liable in any way to any recipient for any deficit.

Section 11. On and after January 1, 1940, the State's obligation to pay Old Age Assistance as provided in Section 51-B Article 3 of the Constitution; the State's obligation to provide assistance for Needy Blind as authorized in Section 51-C Article 3 of the Constitution; the State's obligation to provide assistance to Destitute Children as authorized in Section 51-D Article 3 of the Constitution; the State's obligation to contribute to the Teachers' Retirement Fund as authorized by Section 48-A Article 3 of the Constitution, as well as the State's portion of the cost of collecting the taxes herein levied and the cost of administration of these Social Security services shall be paid exclusively from the revenue derived from the taxes herein levied and no appropriation shall thereafter be made out of any other State funds for any such purpose nor shall any other taxes be levied for these purposes.

Section 12. (a) The term "person" as used herein shall mean and include any person, firm, concern, receiver, trustee, executor, administrator, agent, institution, association, partnership, company, corporation, and any person acting under declaration of trust, as well as the trustees acting under such declarations of trust, or any other group or combination acting as a unit, and the plural as well as the singular number unless the intention to give it a more limited meaning is clearly disclosed by the context.

(b) "Sale" means any transfer of title or possession or both, conditional or otherwise, in any manner or by any means whatsoever of tangible personal property, for a consideration; and a transaction whereby the possession of property is transferred but the seller retains title as security for the payment shall be deemed a sale. A "Retail sale," or a "sale at retail" or a "retail sales transaction" means a sale to a consumer or to any person for any purpose other than for resale in the form of tangible personal property, and shall include all such transactions as the State Comptroller, upon investigation, finds to be in lieu of such sales; provided, however, "sale at retail" shall not include an isolated or occasional sale of tangible personal property by a person not engaged in such business.

(c) The term "tangible personal property" means personal property which may be seen, weighed, measured, felt, touched, or is in any other manner perceptible to the senses.

(d) The term "sale for industrial purposes" as used in connection with the sale of gas and electric energy, means and includes all sales made for industrial uses or purposes and all sales made for the purpose of resale.

Section 13. There is hereby exempted from the provisions of this Amendment and from the computation of the taxes levied, assessed, and payable under this Amendment, all dairy products, when such products are purchased from farmers, processors, distributors, and other persons engaged exclusively in the production, processing, distribution and sale of dairy products, the first sale by the producer of all horticultural, agricultural, livestock and poultry products, all sales of newspapers or magazines; all sales of gasoline or cigarettes; all sales of beverages having an alcoholic content of more than one-half of one percent by volume; all sales in interstate commerce to the extent, and to the extent only, that the State of Texas is prohibited by the Constitution of the United States or America from taxing such sales; all sales by or to the State of Texas or any subdivision thereof; and all sales to the United States Government; all sales involving the acquisition of tangible personal property for resale as a component part or ingredient of other tangible personal property, or for use in processing or treating other tangible personal property for sale to the ultimate consumer, or the acquisition of any tangible personal property to be manufactured, processed or refined where the product or products so manufactured, processed or refined is for sale.

Section 14. Said proposed Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at a special election to be held throughout the State on the third Saturday in August, 1939, at which election all voters favoring such proposed Amendment shall write or have printed on their ballots the words:

"For the Amendment to the State Constitution providing a system of Old Age Assistance, levying Social Security taxes for the payment of such Old Age Assistance and providing a source of revenue for the payment of Destitute Children's Assistance, Teachers' Retirement Benefits and Assistance to the Blind."

And all those opposed shall write or have printed on their ballots the words:

"Against the Amendment to the State Constitution providing a system of Old Age Assistance, levying Social Security taxes for the payment of Destitute Children's Assistance, and Teachers' Retirement Benefits, and Assistance to the Blind."

Section 15. The taxes levied by the adoption of this Resolution shall automatically expire on September 1, 1944, unless the qualified electors shall re-adopt the Constitutional Amendment at the General Election in the year 1942. At said General Election the question of repealing the Amendments to the Constitution shall be submitted in the following manner:

"For repeal of Section 51-E of Article 3 of the Constitution as adopted in the year 1939."

In the event the majority of the votes cast at said election favor repeal, the Amendment to the Constitution shall be eliminated therefrom. In the event the majority of the votes cast are opposed to repeal, then the Amendment as adopted in 1939 shall for all purposes be and remain in effect.

Section 16. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said election and have same published as required by the Constitution and laws of this State.

The sum of Twenty Thousand (\$20,000) Dollars or so much thereof as may be necessary is hereby appropriated out of any funds in the Treasury of this State not otherwise appropriated to pay the expense of such publication and election.

Comptroller of this State from the taxes herein levied. Out of the revenue accruing to said fund the Legislature may appropriate for the fiscal year beginning September 1, 1939, and for each fiscal year thereafter not to exceed One Million Five Hundred Thousand (\$1,500,000) Dollars annually to finance Assistance for Destitute Children as provided for in Section 51-D of Article 3 of the Constitution of this State; not to exceed Five Hundred Thousand (\$500,000) Dollars per annum for the purpose of providing assistance to the Needy Blind as provided for in Section 51-C Article 3 of the Constitution of this State; not to exceed Two Million Five Hundred Thousand (\$2,500,000) Dollars per annum to supply the State's contribution to the Teacher Retirement Fund as provided in Section 48-A Article 3 of the Constitution of this State; provided that in addition to meeting current obligations to the Teacher Retirement Fund the Legislature shall appropriate from the Social Security Fund beginning September 1, 1942, and annually thereafter during the succeeding five (5) years such amounts as will be necessary to bring this fund in balance not later than September 1, 1947. After meeting out of the "Social Security Fund" each year the appropriations herein authorized for Dependent Children Needy Blind and Teacher Retirement, all of the remainder of such funds or so much thereof as may be necessary shall be used for the purpose of paying Old Age Assistance as authorized in Section 51-B of the Constitution of this State.

The Forty-Seventh Regular Session of the Texas Legislature and each succeeding Regular Session of the Texas Legislature is hereby authorized to examine the condition of the "Social Security Fund" herein established and when after meeting all obligations for the preceding biennium, it is found that the taxes herein levied are producing revenue in excess of the amount necessary to meet the obligations of the State herein authorized to be paid out of said "Social Security Fund," then, in that event, the Legislature may ratably reduce the rates of taxation herein levied so as to produce as nearly as possible only so much revenue as is necessary to meet the actual requirements under this Amendment, likewise any Regular Session of the Texas Legislature subsequent to the Forty-Seventh Regular Session of the Legislature shall restore ratably any reduction made in tax levies by a previous Regular Session of the Legislature in the rates of taxation levied, if an examination of the "Social Security Fund" reveals the fact that it is necessary to do so in order that the revenue going into the "Social Security Fund" be adequate to meet the state's obligation to pay social security services herein authorized to be paid out of the "Social Security Fund," provided, however, that the Legislature shall never increase the taxes herein to a rate higher than the rates fixed by the respective tax levies in this Amendment, provided further that nothing herein shall be construed as prevent the Legislature from levying additional taxes for other State purposes on the sources herein taxed.

If at any time the revenues derived from the taxes herein levied are inadequate to meet in full all of the obligations of the State to pay Old Age Assistance, then in that event the payments for Old Age Assistance shall be ratably reduced so as to avoid a deficit occurring in the "Social Security Fund."

Section 9. The Legislature shall not debate, amend or repeal any existing law which imposes taxes to supply revenues now allocated to the Texas Old Age Assistance Fund until such time as said taxes supply revenue which is allocated to said fund shall have produced the sum of Twenty Million (\$20,000,000) Dollars after January 1, 1940. On and after January 1, 1940, that portion of existing taxes which now provides revenue for the payment of Old Age Assistance shall be used exclusively for retiring the deficit now existing in the General Revenue Fund, and the Legislature shall provide for the collection of such taxes and the impounding of the revenue therefrom for the payment of the said deficit

until such time as Twenty Million (\$20,000,000) Dollars accrues after January 1, 1940. When said sum of Twenty Million (\$20,000,000) Dollars shall have accrued, the Legislature may repeal said tax laws or use the revenues therefrom as it sees proper.

Section 10. The provisions hereof providing for Old Age Assistance shall not be construed as a vested right in the recipient of such Old Age Assistance and neither the State, nor any of its agents, shall ever be liable in any way to any recipient for any deficit.

Section 11. On and after January 1, 1940, the State's obligation to pay Old Age Assistance as provided in Section 51-B Article 3 of the Constitution; the State's obligation to provide assistance for Needy Blind as authorized in Section 51-C Article 3 of the Constitution; the State's obligation to provide assistance to Destitute Children as authorized in Section 51-D Article 3 of the Constitution; the State's obligation to contribute to the Teachers' Retirement Fund as authorized by Section 48-A Article 3 of the Constitution, as well as the State's portion of the cost of collecting the taxes herein levied and the cost of administration of these Social Security services shall be paid exclusively from the revenue derived from the taxes herein levied and no appropriation shall thereafter be made out of any other State funds for any such purpose nor shall any other taxes be levied for these purposes.

Section 12. (a) The term "person" as used herein shall mean and include any person, firm, concern, receiver, trustee, executor, administrator, agent, institution, association, partnership, company, corporation, and any person acting under declaration of trust, as well as the trustees acting under such declarations of trust, or any other group or combination acting as a unit, and the plural as well as the singular number unless the intention to give it a more limited meaning is clearly disclosed by the context.

(b) "Sale" means any transfer of title or possession or both, conditional or otherwise, in any manner or by any means whatsoever of tangible personal property, for a consideration; and a transaction whereby the possession of property is transferred but the seller retains title as security for the payment shall be deemed a sale. A "Retail sale," or a "sale at retail" or a "retail sales transaction" means a sale to a consumer or to any person for any purpose other than for resale in the form of tangible personal property, and shall include all such transactions as the State Comptroller, upon investigation, finds to be in lieu of such sales; provided, however, "sale at retail" shall not include an isolated or occasional sale of tangible personal property by a person not engaged in such business.

(c) The term "tangible personal property" means personal property which may be seen, weighed, measured, felt, touched, or is in any other manner perceptible to the senses.

(d) The term "sale for industrial purposes" as used in connection with the sale of gas and electric energy, means and includes all sales made for industrial uses or purposes and all sales made for the purpose of resale.

Section 13. There is hereby exempted from the provisions of this Amendment and from the computation of the taxes levied, assessed, and payable under this Amendment, all dairy products, when such products are purchased from farmers, processors, distributors, and other persons engaged exclusively in the production, processing, distribution and sale of dairy products, the first sale by the producer of all horticultural, agricultural, livestock and poultry products, all sales of newspapers or magazines; all sales of gasoline or cigarettes; all sales of beverages having an alcoholic content of more than one-half of one percent by volume; all sales in interstate commerce to the extent, and to the extent only, that the State of Texas is prohibited by the Constitution of the United States or America from taxing such sales; all sales by or to the State of Texas or any subdivision thereof; and all sales to the United States Government; all sales involving the acquisition of tangible personal property for resale as a component part or ingredient of other tangible personal property, or for use in processing or treating other tangible personal property for sale to the ultimate consumer, or the acquisition of any tangible personal property to be manufactured, processed or refined where the product or products so manufactured, processed or refined is for sale.

Section 14. Said proposed Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at a special election to be held throughout the State on the third Saturday in August, 1939, at which election all voters favoring such proposed Amendment shall write or have printed on their ballots the words:

"For the Amendment to the State Constitution providing a system of Old Age Assistance, levying Social Security taxes for the payment of such Old Age Assistance and providing a source of revenue for the payment of Destitute Children's Assistance, Teachers' Retirement Benefits and Assistance to the Blind."

And all those opposed shall write or have printed on their ballots the words:

"Against the Amendment to the State Constitution providing a system of Old Age Assistance, levying Social Security taxes for the payment of Destitute Children's Assistance, and Teachers' Retirement Benefits, and Assistance to the Blind."

Section 15. The taxes levied by the adoption of this Resolution shall automatically expire on September 1, 1944, unless the qualified electors shall re-adopt the Constitutional Amendment at the General Election in the year 1942. At said General Election the question of repealing the Amendments to the Constitution shall be submitted in the following manner:

"For repeal of Section 51-E of Article 3 of the Constitution as adopted in the year 1939."

In the event the majority of the votes cast at said election favor repeal, the Amendment to the Constitution shall be eliminated therefrom. In the event the majority of the votes cast are opposed to repeal, then the Amendment as adopted in 1939 shall for all purposes be and remain in effect.

Section 16. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said election and have same published as required by the Constitution and laws of this State.

The sum of Twenty Thousand (\$20,000) Dollars or so much thereof as may be necessary is hereby appropriated out of any funds in the Treasury of this State not otherwise appropriated to pay the expense of such publication and election.

part for resale as a component part or ingredient of other tangible personal property, or for use in processing or treating other tangible personal property for sale to the ultimate consumer, or the acquisition of any tangible personal property to be manufactured, processed or refined where the product or products so manufactured, processed or refined is for sale.

Section 14. Said proposed Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at a special election to be held throughout the State on the third Saturday in August, 1939, at which election all voters favoring such proposed Amendment shall write or have printed on their ballots the words:

The sum of Twenty Thousand (\$20,000) Dollars or so much thereof as may be necessary is hereby appropriated out of any funds in the Treasury of this State not otherwise appropriated to pay the expense of such publication and election.

Making Poor Lands Rich Is Result of Terracing Systems

COLLEGE STATION — If the terraces built by Texas farmers who took part in the AAA farm program in 1938 were put end to end like a rope, they would reach across the widest point in the United States and double back five times.

A final recapitulation of 1938 soil-building practices disclosed that these farmers decorated 208,200 miles of farm pasture with 580,500 feet of farm pasture ridging on the contour, and in this manner and otherwise, improved an estimated 8 million acres, or more than half the tillable surface of Texas.

The report did not list results of the '38 range program, which were to be tabulated later this week.

Although nearly twice as many farmers carried out soil-building practices under the program last year, compared with 1937, Texas operators failed by \$2,913,000 to earn the maximum available for this purpose.

Strictly soil-building features of the 1938 farm program in Texas cost the government \$3,677,000. But the value of terracing alone in three years would more than exceed the cost of the entire soil

building program, according to Extension Service estimates on terracing benefits.

George Slaughter, chairman of the State Agricultural Conservation Committee, remarked that "a good deal has been replaced of the soil fertility mined in the 20's and wasted on the glutted markets in the early '30's," and that the AAA is stressing even more this year the idea of "conserving soil and moisture and reinforcing land against wind, water and tractor erosion."

Among items which qualified for 1938 soil-building payments:

Approximately 125 water tanks on farms; 3,580,502 acres of contour farming, summer fallowing, contour listing of contour seeding of small grains; 6,177 acres of tree planting; 28,915 acres of sod replacement; 7,709,865 acres of green manure crops turned under or legumes planted; 2,171,803 acres of permanent pasture mixtures seeded; and nearly 4 million pounds of slag, phosphates, or ground limestone applied to ailing cropland.

You Will Find A Welcome In This Church Of The Glad Hand And Warm Heart.

Cotton Market—

(Continued From Page One) In sufficient volume to attract a comparatively large number of buyers thereby creating a highly competitive buyers market. Such a market necessarily should result in a higher price to the farmers for their cotton.

Although the market at Monday is being organized by the one variety communities, all farmers, regardless of the grade and staple of their cotton can use the facilities of the market by paying the brokerage fee.

Approximately 65,000 acres were planted by the members of one variety communities from pedigreed or certified seed. Most of this acreage was planted to Acala, Some Delta Pine Land,

Mebane, and Northern Star varieties however were selected by some committees. Crop prospect at the present time indicates that 15,000 to 20,000 bales of quality cotton will be produced in the four counties.

A committee of producers has been selected by the interested group to work with the County Agent of Baylor, Knox, Haskell and Stonewall counties in working out the details. The next meeting of the committee has been called for Sept. 4th at Monday for the purpose of hiring a market manager. The members of this committee are: A. J. Burt, Munday; M. E. Carothers, Rule; C. W. Loe, Bomarton; Sam N. Reed, O'Brien and Clyde Grice, Old Glory.

Paint Creek—

(Continued From Page One) was held Saturday, with all teachers present for an outline of the work planned for the coming term.

Accomplishments during the 1938 school year were listed by school officials as follows:

Organization of a consolidated Rural High School District and building a modern \$75,000 school plant.

Completely affiliating the school in only one year for a total of sixteen units.

First year in football. Runner-up for county championship in basketball.

Second ranking school in Haskell county in Interscholastic League work.

Complete Vocational Agriculture and Home Economics departments.

Forming of first year Band. The school operates one of the most efficient bus systems in the county, and boasts of one of the most cooperative school boards in the county.

Improvements planned during the coming year include the addition of another school bus, building of a new teaching, complete remodeling of Home Economics and Vocational Agriculture departments. Affiliating will also be sought in three additional units: Band Music, Vocational Agriculture III, and Speech.

Gratex Service Station

State Safety Group Will Visit Haskell Saturday Sept. 2

Members of the Texas Safety Council will visit Haskell, Saturday, Sept. 2, 1939, in the interest of Safety, and to confer with the heads of the Schools and Civic Organizations, offering the assistance of this association towards setting up a State Junior Safety Council of function during the next scholastic season.

Members of the party to visit here will include Capt. J. C. Tappe, who is in charge of the Traffic Department, who will visit principal points of the city and brief addresses on Safety will be made.

The heads of the Schools, Parent-Teacher organizations, and others interested in Juvenile will be interviewed during the day.

One of the white Safety Automobiles of the Council, which is equipped with loud speaking equipment, will visit different sections of the city.

Annual Meeting of NFLA Will Be Held Saturday Oct. 1 Last Day To Apply for '40 Wheat Allotment

Members of the Haskell National Farm Loan Association will hear Secretary-Treasurer W. H. McCandless and the board of directors' report on the association's progress at a meeting to be held at Rise Springs Park in Haskell on Saturday, Sept. 6th at 8 o'clock. Refreshments of watermelon and cold drinks will be served to all who attend. A program of music will be given, together with addresses by local members.

After reviewing the operations of the association the members will elect a director to serve for the ensuing year.

A special effort is being made to insure a large attendance at this important meeting. Previously the meetings were held in January, but often inclement weather prevented many members from attending. Attendance at the annual meeting, Mr. McCandless pointed out, affords members the opportunity to have a voice in the management of their own lending institution. The association's loans are made on long terms and low rates of interest, amortized over as much as 33 years. Repayment is made in reasonable semi-annual payments that gradually but systematically reduce the principal part of the loan. By this method, National Farm Loan Association members avoid the necessity of costly renewals and have the added advantage of lower rates.

Mr. McCandless explained. Invitations have been mailed to all members requesting their attendance and asking that they bring the family along for a little outing.

This meeting will begin promptly at 8:00 o'clock sharp and will last about one hour.

"Good Neighbor" Policy Urged On Part of Farmers

A good neighbor policy for Texas farmers was advocated by Peter Loran, Munday, president of the Texas division of the Farmers' Educational and Co-operative Union of America, which opened a one-day session at the Travelers Hotel Tuesday.

Referring to the problem of the needy unemployed in small rural communities, Loran suggested that farmers offer their unemployed neighbors small patches of their land to cultivate.

"This will provide food for the needy families, will develop better feeling in the community and will give the unemployed an opportunity for healthy work to maintain their self respect," Loran said. "I have watched these men hanging about city halls and county buildings in the small towns, moving around these public buildings doing nothing and looking dejected. A man can't stand that type of thing long without breaking. If we want to keep them good citizens, then we should help them in the way that we can."

Loran said the organization objectives were to promote the family farm of 100 to 200 acres, obtain a better adjustment in the price paid to farmers and the price the consumer pays for the produce and to work for a fairer working of the Federal farm program. Loran said that the small farmers benefits less than the larger farm proprietor under the present domestic adjustment program.

About 100 members of the organization from all sections of the state attended the meeting. J. E. Edwards of Munday is secretary-treasurer of the union which was organized in 1902.—San Antonio Express.

Elmer C. Watson, superintendent of the Mattson Rural High School for the past two years, who formerly connected with several rural schools of the county, left this week for Dimmitt, Castro county, where he has been elected superintendent of the Sunny-side district school for the coming year.

Will Discuss Cotton

Harold Mercer, manager of the Firestone Cotton Mills, Gastonia N. C., one of the largest tire fabric mills in the world, will be interviewed over Station WFAA on the Voice of the Farm program Saturday at 12:00. Everett Mitchell, noted farm commentator, will conduct the interview with the manager of one of the nation's largest cotton consuming industries.

Haskell County Display Planned for State Fair

Space has been allotted in the agricultural building of the State Fair of Texas, Dallas, October 7 to 22 to Haskell county as one of 64 Texas counties to be represented in this display of farm life.

Because of the geographical distribution of counties the display will show every form and variety of Texas farm product.

Counties from the Panhandle to the Rio Grande Valley and from the Louisiana line to the trans-Pecos are represented.

A prominent feature of the agricultural building, a 1x10 will be the individual showing of 4-H Club boys and girls. Future Farmers of America and individual growers.

Each county passing the standard test of a "sifting" committee will be awarded \$125 cash to assist in defraying the expense of installing the exhibit.

The exhibit of Haskell county will be a gathering place for those now living in the county, as well as for former residents who have moved away. A special date for a homecoming of former residents of the exhibit will be arranged.

State Fair officials have announced that the agricultural showing for this year will be perhaps the greatest in 51 years of this All-Southwestern event. More applications for space were received than could be arranged.

Mr. and Mrs. H. M. Cooner of O'Brien were visitors in Haskell Monday. Mr. Cooner stated that crop conditions in his section were only fair, and that the feed crop would be light, but that a good cotton yield was in prospect at this time.

CITATION BY PUBLICATION

THE STATE OF TEXAS: To The Sheriff or Any Constable of Haskell County, Texas Greeting.

YOU ARE HEREBY COMMANDED to summon EFFIE CONNER by making publication of this citation once each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in the nearest county where a newspaper is published, to appear at the next regular term of the DISTRICT COURT of Haskell County, Texas, to be held at the Courthouse thereof, in Haskell, Texas, on the 4th Monday in September, 1939, same being the 25th day of September A. D. 1939, then and there to answer a petition filed in said court on the 9th day of August A. D. 1939, in a suit numbered 5425 on the docket of said court, wherein T. H. CONNER, is plaintiff and EFFIE CONNER, is the defendant, said petition alleging in substance that plaintiff is and has been for a period of 12 months an actual bona fide inhabitant of the State of Texas, and that he has resided in Haskell County, Texas, for at least six months preceding the filing of this said petition. That plaintiff and defendant were legally married on or about the 20th day of April, A. D. 1930 at Erick, Oklahoma, and continued to live together as man and wife until on or about the 9th day of September A. D. 1936. That during the time defendant and plaintiff lived together as husband and wife plaintiff was kind and affectionate towards defendant and always provided for her support and maintenance but that defendant unmindful of the duties and obligations of her marriage vow soon began a course of unkind, harsh, cruel and tyrannical treatment towards plaintiff, which continued until plaintiff was forced and compelled to abandon defendant. That during the period

during which the plaintiff and defendant lived together that plaintiff was an oil field worker, and that by reason of such occupation it was necessary for him to change his place of residence from time to time in order to make a living for himself and his wife. That defendant a short while after their marriage utterly refused to follow him to his places of residence but insisted upon remaining with her people and friends in spite of the fact that plaintiff was able and did provide for her proper and suitable lodgings and places of residence and in spite of the fact that he resided at certain of said places for considerable periods of time, sometimes for as much as a year or more. That defendant failed and utterly refused to make for herself or this plaintiff a home or to manage the household affairs of plaintiff, descending from time to time to pay him no more than an occasional visit. That during said periods when defendant did reside with plaintiff as his wife and she often cursed and abused him and applied to him the most opprobrious and vilest epithets without cause or provocation. That defendant was a person of violent and unreasonable temper and extremely jealous of this plaintiff. That on or about the 9th day of September, 1936 defendant violently cursed this plaintiff, slapping him and rugging him out of his home with a chair, and informing him at said time that she was through with him, that she did not love him and had not for a long period. That since said time plaintiff had not seen his said wife or heard one word from her, and does not know her whereabouts and has never been able to get in touch with her although he has written her many letters at various places where he has had cause to think her residing or visiting.

That on many occasions prior to said last named occasion defendant violently cursed this plaintiff as aforesaid, and on several occasions struck plaintiff and accused him of associations with other women, and publicly accuse him of living in adultery with women other than his wife, which said accusations were false and untrue.

WHEREFORE plaintiff prays this Honorable Court that the defendant be cited to appear and answer herein and that on final hearing hereof he have judgement dissolving said marriage relation, for costs of court and for such other and further relief, special

and general in law and in equity as he may be justly entitled to.

HEREIN FAIL NOT, but have you this writ with your return thereon showing how you have executed the same before said court on the first day of the next term thereof.

WITNESS: Mrs. Hettie Williams, Clerk of the District Court of Haskell County, Texas.

GIVEN under my hand and seal of said Court in the City of Haskell, Texas, this 9th day of August A. D. 1939.

Mrs. Hettie Williams Clerk, District Court, Haskell County, Texas. 4tc

Anniversary Dates

Today is the 16th anniversary of the disastrous earthquake which caused millions of dollars worth of property damage in practically every large city in Japan on Sept. 1, 1923. Many of us recall the urgent appeals for help broadcast throughout the world in the wake of the disaster.

A present day view of the catastrophe acquaints us with the fact that insurance played a major role in enabling the Japanese to rebuild their cities and towns.

Insurance is your safest bulwark against all hazards.
