### Several Parties of Deer Hunters Return To City

Venison and wild turkey have been added items on the menus in a number of Haskell homes recently, following the return of several parties of hunters from the deer and turkey country in Southwest Texas.

One hunting party reporting a successful season included County Clerk Jason Smith, Dr. L. F. Taylor and Alfred Pierson of Haskell, Sam D. Taylor of San Saba and A. F. Taylor of Eastland. The group hunted in the Big Bend country with Smith bagging a nice 10-point specimen, Pierson a 9-point and Dr. Taylor an 8-point buck.

Another party, composed of H. M. Smith, P. G. Kendrick, Sam Roberts, J. W. Gholson, Clarence Burson, R. B. Guess, C. O. Scott, Ed Fouts, Rev. H. R. Whately, Frank Reynolds and Jerry Carmichael had a successful hunting trip in Real county. Bagging nice specimens were Roberts with 2, Gholson, Burson, Guess and Scott one each. They report deer and turkey plentiful in that section, but difficult hunting because of the rough country. Misfortune dogged one member of this group, who was lucky enough to fatally wound a deer but could not track the animal to where it fell because of gathering darkness, and when the animal was found the next morning the carcass had been partially devoured by panthers.

Did you know Scott Whitaker can pick de "git-tar"? He can sing, too. Hear him at Negro Minstrel, December 15th.

## Rattles—

How good! All of you little boys or Old Saint Nick come to see you, I betcha. Particular reference to the week in Stamford last week when you met your match (did you boys?)

Football season ended in the same manner it began. But we're proud of you. We won't soon forget the Indians of '38. And shame on the boys for showing wildcats such a pleasant after the game.

It is a secret, but someone has another girl in school Friday. But we know him checking his own Monday morning when they knocked.

We have some winners in H. H. S. (besides I particularly like that "And Anchor" that you, Dorothy?

It's important, but we hope Parks had a red head Sunday night.

As long as we're on the subject, some blouses were sporting last week. The matter, Geary, can't consider so fast or perhaps just too busy.

If life is going to take all aspect before long for us—We hate to see you Jack Hunter. (And vice versa you boys—and we're have you too, Betty Jean

## Indians Lose Bi-District Tilt

After 60 minutes of hard fighting the Haskell Indians went down under the powerful Crowell Wildcats by a score of 18-0. This is the only team that has been able to defeat the Indians this year. Every man on the team played his best but "It's better to be a good loser than a bad winner."

It was hard for some of the senior boys to take a loss on their last high school game. But we will have boys back in there next year that will battle as these did, to the last second. Marvin Huff, Quinton Bailey, Fred Barnett, Chester Via, "Fat" Wilfong, Jack Simmons, J. C. Scott, Curtis Ballard, Sam Henshaw and Gene Rogers played their last football game for Haskell High School. These boys have done something that no other team has for Haskell High School. They played for a bi-district tilt.

There will be plenty of other boys that will be battling for top berth in District 9B next year for the Indians. Curtis Jordan, Bob Cousins, T. R. Odell, Paul Kuesler, Buster Gholson, Charles Reeves, Henry Post, Bradley Buford, Zeldon Thomson, Wayne Laird, Otis Henshaw, "Snort" Patterson and many other boys have fought hard this year but were just too small.

Indians we are proud of you and your coaches.

## "Swingsters" Give Program

Mont Frierson and his "Swingsters" a group of local boys played popular tunes for the high school assembly program last Thursday. This was probably the last program in which Jack Hunter, drummer for the "Swingsters" will be with them.

Due to having to work, two of the members, W. B. Harrison and Clovis McCurry, were unable to be with the orchestra at that time. Other members are Joe Maples, Jim Bob Webb, Archie Lee Jones, Zug Phelps, and Shirley Lees.

The students heartily enjoyed this program and thank them for coming.

## Lettermen of 1938

There will be eighteen men to receive letters this year on the Haskell High School team. Ray Buford, a former Indian of the team who was hurt early in the season, will receive one and Jerry Carmichael will also receive one with "Mgr." on it. There are ten lettermen going out this year with six men left for next year. The following men with receive letters: Q. Bailey, Marvin Huff, seniors; Bob Cousins and Curtis Jordan, Juniors, ends Fat Wilfong, Chester Via and Fred Barnett, Seniors, tackles; J. C. Scott, Jack Simmons, senior, and Buster Gholson Junior, guards; Curtis Ballard, Senior, center; Gene Rogers and Sam Henshaw, Senior, backs, Wayne Laird, Junior, Otis Henshaw, Junior, Zeldon Thomas are also backs.

## When Do You Stand?

You have heard the expression "I always say things in the wrong places," haven't you? I have noticed an instance or two lately when the whole student body "stood in the wrong place".

The military piece "Taps" does not demand the attention of standing. "Taps" is played in the army and military schools and in military camps as a way of saying "Goodnight", upon retiring. "Reveille" is played when the rising of an army is commanded; not "Taps."

The State University students at Austin, Texas has the custom of standing when "Eyes of Texas" is played. That is because this is their school song and it is a custom of loyal students to stand while hearing their school song.

Maybe most of us in Haskell High stood when "Taps" was sounded because the stand when "The Kickoff" is played to the tune of "Taps" at our football games.

## Indians Named On All-District

We are very proud to have three men on the all-district team. The only man on the line to make the team was J. C. Scott, a senior guard who has lettered three years on the team and has proved to be a very valuable man on both offense and defense. In the backfield we have Sam Henshaw, the most dangerous brokenfield runner of this district, and Gene Rogers with his great punts and passes, his line driving and smart football that will make any team

**Cemetery Association Will Have Important Meeting Tuesday, Dec. 13th**  
 The Haskell Cemetery Association will meet in the Holden Funeral Home Tuesday Dec. 13. We shall be very glad to have a lot of people who have an interest in the cemetery to pay their 1938 dues and join our association. By doing so makes it possible for you to have a voice in all business concerning the cemetery.  
 We are working hard trying to raise sufficient money to lay a new and larger water pipeline to the cemetery. If you will give us a donation it will make our task easier and enable everyone who would like to water flowers or grass to have plenty of water even in the dry part of the cemetery.

## Woman's Missionary Society of Christian Church Has Meeting

Mrs. Guy Collins was hostess to the Woman's Missionary Society of First Christian Church, Monday December 5th.

Mrs. Hunt used for a devotional theme Helping Others. After a brief business session, Mrs. Murray Johnson directed the lesson "Christmas In The City", the Devotional theme, "Let This Mind Be In You which was also in Christ Jesus". The following topics were discussed in a very interesting and forceful manner: Making Christmas a Christian Festival—Mrs. Tommie Hawkins. If Christ Had Come To My City—Mrs. Roy Ratliff. Children Who Work For Me—Marjorie Ratliff.

Three pictures were presented of underprivileged children who work in fields, factories and fisheries to make Christmas and other days more comfortable for those who are more fortunate.  
 All of the members present felt that they wanted to do their part in helping to spiritualize instead of commercialize the birthday of the Christ.  
 The hostess served delicious salad wafers, cake and tea to ten members.

**Yelps From The Kennel**

Oh boy! Did Junior C. feel a bit "stuck up" Monday night? Three of the Rochester girls wanted to be introduced to him.

W. T. who were you with Friday night after the pie supper? Jean, what is this we hear about your "steady" boy friend. It could not by any chance be a certain sophomore, could it?

Leland seems to be the "man of the hour" of late at Weinert.

We wonder why Aleatha gets so excited at times that she forgets to give the car keys to the owner. Elizabeth is really getting industrious. She even has to study on Sunday night.

**Junior Basket Ball Game**

Everyone was very thrilled and excited about the first junior basket ball game to be played this year with Rochester, a very strong team. The starting line-up: Jack Johnson, J. L. Tolson, Melvin Stephens. Several substitutions were made during the game. The exciting point was made by B. L. Melton made a goal before the game was over. Weinert in the lead 13-10 expect to play Rochester next Friday.

See Sebbo at his best. Minstrel, Haskell High Dec. 15.

The fourth grade who is studying European countries began an exhibit of European products and pictures.

The pupils of the fourth and fifth grades have gotten great benefit out of the library and have enjoyed the books very much.

**CHAPEL PROGRAMS**

We have had three assembly programs the last month which have been very interesting. The first was a radio program by the seniors. Mrs. Taylor's room gave a radio program, and Mrs. Bowman's room gave a program with the chief theme being about books. The next assembly program will be given by the sophomores.

**6TH AND 7TH GRADE NEWS**

Mrs. Lanier—Walter, when did the Pilgrims land?

Mrs. Lanier—Did you study your lesson?

Walter—1620.

Mrs. Lanier—Giles, I was glad you remembered not to throw your orange peelings on the floor.

**CARD OF THANKS**

We can not find words to express our appreciation for the kindness shown us during the illness and death of our loved one. We wish to thank each and every one for the beautiful floral offerings. We can not understand but we know God doeth all things well. May his richest blessings be on each and every one of you. We realize our loss is heaven's gain.—Mrs. Brady B. Simpson, Mr. and Mrs. Ike Simpson, Laverne Simpson, Lawrence Simpson, Grandpa Harris. 1tp

**CARD OF THANKS**

We wish to express our sincere thanks to you who were so thoughtful and kind to us during the illness and death of our mother. May you each receive a blessing and find true friendship should sorrow enter your home is our wish.—Mr. and Mrs. A. W. Cox.

**CARD OF THANKS**

It's worth a quarter to hear Scott Whitaker laugh at his own jokes in the Negro Minstrel.

**Consideration**

Consideration is one of the most vitally important virtues there is. There is scarcely a person who shows all the consideration that he should for the other person.

People in this school, for example, are not considerate of the other person. If there is a group ready to go into a door, the boys will probably go in first and leave the girls standing.

In the halls, some students will run into anyone without considering the feelings of the person. When a group is around the water fountain, one person may have his hand on the faucet, but this does not keep some of the students from jumping ahead.

One of the most inconsiderate things that most of the pupils do is in the library. One person may check out a book and then he can keep it for two weeks. Two weeks is long enough for anybody to keep a book, but some recheck it for another week. For this reason, alone some students never get a chance to read the book of their choice.

Why don't we just take a week off and show that we can be considerate as well as inconsiderate?

**Wonder Why?**

They call Leland, Romeo and Marvino, Juliet?

Aletha got so excited on Sunday night?

Wanda and Maurine like the same boy? (What is it W. T.?)

Ray Lowe was trying to find the home of Maxine Owens.

Huland likes a certain blond that goes to school at Munday?

Clarence went with Margie Saturday night instead of Wanna Jean.

Some boys from Rochester were talking to Mildred and Geneva Monday night?

Maurine went with Foy Friday night and Leland Saturday night?

Joannah thinks one boy at Rule is just too "cute" for words?

Elizabeth said she didn't have a boy friend? (Personally I believe she has.)

Five certain girls were having so much fun Sunday?

**County Basketball**

The county basket ball this year will be played in the round robin form. The county is divided into the east half and west half. The east half consists of Mattson, Weinert, Paint Creek and Haskell. The west half consists of Rule, O'Brien, Sagerton and Rochester. The winner of the east half will play the winner of the west half to determine the county champion. The junior boys and volley ball girls will accompany the senior boys and play the respective teams of the opposing team. An all tournament team from each half is to be selected after the championship has been decided, and they will play. The proceeds from this game will go to the County Interscholastic League fund.

Weinert's schedule is:  
Dec. 16—Paint Creek at Weinert.  
Jan. 6—Weinert at Haskell.  
Jan. 13—Weinert at Mattson.  
Jan. 20—Haskell at Weinert.  
Jan. 27—Weinert at Paint Creek.  
Feb. 3—Mattson at Weinert.

**Seniors Trample Rochester Monday Night**

The Senior boys basketball team beat Rochester 44 to 19 in the Weinert gymnasium Monday night, December 4.

The Weinert Bulldogs had the game clearly from the start to the finish, due to the high scoring of Herman Joeslet, high point man, with fifteen points, and W. T. Jackson, our center, with 10 points.

It was a surprise to all the Weinert fans to see only one man come off with fouls, because it was the popular belief that Mr. Cure, the senior coach would need 50 men to play the game, due to their recent football games.

Marsh and R. S. Sanders, two of the best guards, we believe, in the county, played a great game, and it is our belief that if any team gets by these two it will earn its win.

**Coming Events**

On December 13, there will be a basketball game in our auditorium with Sagerton.

On Dec. 16, we begin the "round robin" basketball season with Paint Creek as our opponent. Be sure to keep up with this game for Paint Creek, has already made it known that they think they have a better team than Weinert. Boys, are you going to let this be the truth?

A Christmas Pageant is to be presented here on Dec. 22. Mr. Hillson is in charge of the pageant, and it is sure to be worth your while to be present for it. More information will be given next week, so watch your paper.

**Weinert Girls Lose First Basket Ball Game**

The Rochester girls defeated the Weinert girls by one point in the volley ball game Monday night. Both teams played a nice game and it was "nip and tuck" to the end. The Rochester girls won the first two games and the Weinert girls the next two games. Then Rochester won the third game to win the first three out of five. These teams are to meet again Friday night at Rochester and it promises to be a good game between them.

# Indians Lose

(Continued From Page One)

Friday, all being covered by Crowell. Five pass interceptions also cost them what meager opportunities they had to score.

While Haskell's stubborn defense and the dash of the Henshaw brothers, Sam and Otis, kept the game from being called Crowell's until the gun, the trend was definitely in the Wildcat's favor after that first touchdown. The loose-hipped, 138-pound Joy was a constant that kept many of the Indians uncertain.

The 37-yard touchdown blow was all the more stunning to Indian hopes because of the fact that Haskell had just muffed its first, and one of its only, chances to score. Following an exchange of punts, Joy fumbled on his own 25-yard line and Otis Henshaw, quarterback, brains, and ground-

# CARD OF THANKS

We take this method of expressing our appreciation to our neighbors and friends for their assistance since the loss of our home and household goods recently by fire, and for the lovely and bountiful gifts which we have received. Your kindness has truly exemplified the old saying "A friend in need is a friend indeed" and we want each of you to know that we are grateful for your kindness.—Mr. and Mrs. Martin Arend.

After an exchange of pass interceptions and fumbles in the third quarter, the Wildcats final touchdown came when Joy lobbed an aerial over the goal to Fitzgerald for the score of 18-0 where it was when the game ended a few minutes later after Haskell's last march bogged down on the Crowell 20-yard line—another tribute to both Haskell's smashing persistence and Crowell's line.

**World's most modern tractor**

Again MINNEAPOLIS-MOLINE steps ahead and OPENS THE DOOR to a revolutionary advance in farm tractors. OPENS THE DOOR and seats the farmer in a cab as comfortable as that of his modern automobile. Of course, the MM is more than a tractor with a cab — it's a "COMFORTACTOR" with a cab as much a part of it as the cab on an automobile. There are comfortable cushion seats for two in the roomy air ventilated and temperature controlled cab with a hot water heater in cold weather and air circulation in hot weather. COMFORTABLY seated away from the dust and elements, the farmer has at his command FIVE SPEEDS forward — from a crawl to 40 M. P. H. Gears can be shifted "on the go". The variable speed governor is controlled like a footpedal. Before the operator are the speedometer, ammeter, oil pressure gauge, and water temperature gauge. Almost any convenience he may name is at his command including such luxuries as a radio and a cigar lighter. A self-starter and powerful electric head lights obey his touch. For night work there is a powerful spot light controlled from the cab that can be turned in any direction. Naturally, POWER and UTILITY have not been sacrificed to modern conveniences, and the new Special DE LUXE Model MM Tractor promises performance records as astonishing as its comfort features. SAFETY, TOO, has been a watchword — the Cab is made of Steel. Safety glass has been used throughout. Vision is excellent.

Tested and proved for several years in the Mohave Desert and under many other tough farming conditions we offer you this modern MM tractor that has every modern feature of the modern automobile. Windshield wipers, and an electric horn respond to a touch. Big Bendix "self-energizing" brakes and smooth action clutch are foot operated. See the heavy duty bumper; fenders, front and rear, and many other features you'll want to read all about. HIGH COMPRESSION for using regular "low lead" gasoline is standard equipment for this 3-4 plow tractor with 12 and 14 horsepower for every need on both power-take-off and on the drawbar in the field and on the highway.
