

## ALL-DAY TOUR PLANNED FOR INSPECTION OF FSA PROGRAM IN COUNTY

### PLANS COMPLETED FOR ARMISTICE DAY OBSERVANCE AT RULE

Two-Days Celebration Expected To Attract Thousands

For their annual observance of Armistice Day, final plans were made this week in Rule for a two-days Armistice Celebration sponsored by the Rule post of the American Legion, to be held Friday and Saturday, Nov. 10-11. The affair is expected to attract thousands of war veterans and visitors from a wide section of West Texas and a diversified entertainment program has been arranged for the two days, which will include two parades, band and pep squad contests, dances, football, carnival shows and other attractions.

Members of the Stamford National Guard will have on display the latest army military equipment as a special attraction for visitors. Highlight of Saturday morning's program will be a Children's Pet Parade to be staged at 10 o'clock, with attractive cash prizes for the best three entries by children under 14 years of age.

A parade of decorated floats, bands and pep squads from surrounding towns, and a division for miscellaneous entries will be staged at 1 o'clock Saturday afternoon, with cash awards offered for the winning entries in each division.

**Booster Trips Scheduled**

To advertise the two-days celebration, a delegation of boosters visited the towns of Stamford, Anson, Hamlin, Aspermont, Old Glory and Sargent. On Saturday of this week the trippers will carry an invitation to Rochester, Knox City, O'Brien, Benjamin, Munday, Weinert and Haskell.

### COUNTY SCHOOL BUSES CHECKED BY INSPECTORS

State Highway Patrolmen Find Only Minor Defects in Check-Up

Thirty-three school buses operated by nine schools in the county, were inspected and checked for mechanical defects by Patrolmen Oder and Powell of the State Department of Public Safety, on Wednesday Oct. 25. Inspection of the buses was to determine if the machines conformed to standard provisions of the state department of education.

At the conclusion of the check-up, inspectors said that only minor defects were found, adding that the condition of the Haskell county bus fleet rated as highly as any they had inspected.

The inspectors examination chart recommended the following repairs: Lengthened exhaust pipes on 28 buses; provision of fire extinguishers on 24 buses; adjustment of brakes on 11 buses, and installation of new window glasses in five vehicles. Highlights on ten buses did not meet standard requirement, while one bus lacked suitable horn, and a defective windshield wiper was listed on another vehicle.

All defects revealed in the check-up will be remedied at once, County Superintendent Matt Graham said, in order to bring the vehicles up to required standards. Cost of the repairs will be slight, he added.

Haskell county schools operating buses, and the number of vehicles serving each school, were listed by Supt. Graham as follows: Paint Creek 5; Mattson 4; O'Brien 3; Sargent, Rule and Haskell, 2 each; and New Cook 1.

### Outstanding C. H. & Jail Warrants Are Now Payable

County Treasurer Willie Lane announced Thursday that all outstanding Courthouse & Jail warrants were payable upon presentation at his office in the courthouse. All C.H. & J. funds allotted last year for 1939 were exhausted several months ago, and warrants aggregating several hundred dollars were drawn on the fund, but could not be paid until 1939 county tax receipts became available, the county treasurer explained.

### LIVELY MURDER TRIAL CONTINUED UNTIL JAN. 10TH

Illness of Defense Counsel Is Basis for Continuance Plea

Murder trial of The State vs. Thos. L. Lively, Haskell merchant in connection with the death of W. H. Gaskin of Rule, called at 10 o'clock Monday in 39th district court was continued until Wednesday, January 10, 1940, due to the illness of Tom Davis, Haskell attorney and head of the defense counsel. The plea for continuance was presented by Joe A. Wheat, Seymour attorney and member of defense counsel.

State prosecutors District Attorney Ben Charlie Chapman, County Attorney Walter Murchison, and John D. McCombs, Jacksboro attorney assisting with the prosecution, announced ready when the case was called.

Mr. Lively, prominent Haskell dry goods merchant, was charged in the murder indictment as being the driver of an automobile which struck Mr. Gaskin, Rule druggist, as he was crossing a street in that city on the night of August 14, last. Mr. Gaskin died the next morning in a Knox City hospital.

For the trial this week, the State had summoned twenty-five witnesses while twelve were called by the defense.

The Haskell merchant also faces separate indictments charging him with driving an automobile while intoxicated, and with failure to stop and render aid, in connection with the fatal accident. Trial on these charges has also been re-set for the January term of District Court.

Petit Jurors summoned for the week were dismissed at noon on Monday until Thursday morning, when a compensation suit on the civil docket was set for trial. The action, styled B. T. Murphy by next friend W. C. Murphy vs. United Employers Casualty Co., is a suit to recover compensation by the plaintiff for injuries sustained while working on a road project near Haskell several months ago.

No other jury cases are scheduled for today and Saturday, final day of the current six-weeks term. Several divorce cases were cleared from the civil docket during this week.

During the six-weeks term, eleven criminal and eleven civil cases have been cleared from the docket, court records show. In addition, fifteen divorces have been granted, and judgments decreed in two hundred thirty-one tax suits, while 274 tax suits were dismissed from the docket.

### Mattson Defeats Sunset for Fifth Consecutive Win

The Mattson Mustangs six-man squad went into action early in their game with Sunset Thursday evening to defeat the Eagles 25-12. It was the fifth consecutive win for Coach Jones' spirited Mustangs now half-way through their round-robin conference schedule. The Mustangs' season record rates the team as by far the strongest contender for the Brazos Valley league title.

The Mustangs scored first in the second quarter on a running play starting on the Eagles' 30 yard stripe, with Robertson, Mattson quarterback, carrying over. From then on it was in the bag for the Mustangs, despite two pay-offs chalked up by the Eagles through the air. The Mattson squad piled up a total of four touchdowns and converted once with place kick for extra point. Starting line-ups: For Mattson—Mapes and Massie, ends; Chamberlin, center; Robertson, Newton and Cook, backs. For Sunset—Myers and Shannon, ends; Burton, center; Frost, Cude and Simmons, backs.

### INDIANS MEET PIED PIPERS AT HAMLIN TONIGHT

Locals Resume Conference Play Tonight in First Out-of-Town Game

The Haskell Indians resume conference play tonight (Friday) after a two-weeks lay-off since their victorious encounter with the Anson Tigers, and will invade foreign territory for the first time this year to meet the Hamlin Pied Pipers in that city tonight. Kick-off is scheduled promptly at 8 o'clock.

The Pipers, rated as non-competitors in the District title race, still present a formidable threat against the locals' one-game defeat record of the season. The Pipers lost 13-0 to Stamford on the same night that the Indians drubbed Anson 19-0, but last week the strong Stamford Bulldogs added only 8 points to their score over Hamlin, 14-7—and it is still remembered that the Munday Moguls rolled up a 32-7 score against the Indians in their conference tussle this season. Last Friday the Hamlin squad took an easy 21-13 win from the Aspermont team.

The Indians, halfway through their conference schedule with a record of two wins and a loss, are expected to turn in an outstanding performance against Hamlin, with a win needed to keep the locals in the title race of the district.

The local squad will be accompanied to Hamlin by the High School band and pep squad, together with several hundred fans.

### Six Patients Admitted To New Hospital

Six patients were admitted to the new Haskell county hospital during the first week of operation, according to Mrs. Vera Harwell, superintendent. Patients admitted were:

Sam Armstrong of Haskell, for medical treatment; Billy Wayne Jackson of Krum, Texas, surgical patient; Mrs. Ira Townsend, Haskell, for surgery; French M. Robertson of Haskell, Mrs. W. R. Cox of Rule, and Byron Smith of Haskell were admitted for X-ray examination.

### Two Haskell Boy Scouts Get Eagle Badge at Abilene

Eight members of Boy Scout troop No. 35, accompanied by their scoutmaster, A. D. McClintock and Mrs. McClintock attended the Chisholm Trail Scout Circus held at Hardin-Simmons stadium in Abilene Saturday night, Oct. 28. Two Scouts in the group, Sam Hugh Smith, son of Mr. and Mrs. Clay Smith, and Frank Smith, son of M. R. Smith, received the highest honor in Scouting when they were presented the Eagle Badge by Dr. Adams, president of the Chisholm Trail Council, during the evening's program. Other Scouts in the group making the trip were Hassell Hunter, Dan Oates, Roy McClintock, Joe Ray Smith, Dan McClintock, and Jerry Cahill.

### ONE JAILBREAKER BACK IN CUSTODY; ANOTHER AT LARGE

Officers Capture One of Two Men Who Escaped From County Jail

Two inmates of the county jail, Floyd Tidwell and C. B. Bland, both under penitentiary sentences assessed during the current district court term, escaped from the jail sometime Friday night, but only a few hours freedom was enjoyed by Tidwell, who was recaptured Saturday afternoon by Sheriff Olsen Dotson and Deputies Isbell and Thompson.

Officers said that a description of Bland had been broadcast, and expressed the belief that the second jail breaker would soon be recaptured.

Tidwell and Bland, both of whom were confined in the state penitentiary, were brought to Haskell several weeks ago for trial on felony charges, in which additional prison sentences were imposed.

To make their escape the two convicts apparently had fashioned a key from a spoon or fork, officers believed, with which locks on two cell doors were picked. This allowed them to gain access to the third floor of the jail building, from where the prisoners could escape through an unbarred window. Although a number of other prisoners were confined in the jail at the time, none of them would join in the escape attempt, officers said.

Officers, instituting an intensive search for the jail breakers, learned that a man answering Tidwell's description had secured lodging at a rooming house one block from the jail Saturday morning. Investigating, the officers took the escaped prisoner in custody without resistance. Tidwell disclaimed any knowledge of his companion's whereabouts, telling officers that he and Bland separated immediately after making their escape.

### Attendance Lags At Lion's Club Meeting Tuesday

With several members absent from the regular meeting of the Lions Club Tuesday at noon, the usual entertainment program was not observed, members present turning their attention to a brief business session in which plans for club work were discussed. Sam A. Roberts, retiring county chairman of the Haskell chapter, American Red Cross, gave a report of the recent chapter meeting in which officers for the ensuing year were elected.

County Judge J. C. Davis, Jr., club president, presided during the luncheon-meeting, held in the Tonkawa Coffee Shop. Mr. and Mrs. Barton Welsh and Sam Robertson returned to their homes in Texas City and Houston Saturday after attending the funeral of their niece, Emily Robertson. Mr. and Mrs. Homer Ferguson and daughter Janet of Cisco visited his sister, Mrs. O. M. Guest and Mr. and Mrs. Buford Cox Sunday. Artie Pippin from San Antonio visited relatives in Haskell over the week end.

### SPECIAL TERM OF DISTRICT COURT SET FOR NOV. 27

Cases Growing Out of Morton Will Settlement Due For Hearing

A special term of 39th district court has been called to convene here Monday, Nov. 27. District Judge Dennis P. Ratliff said Monday. Docketed for hearing during the special session, which will remain open for five weeks, are hearings on four civil actions on the court docket involving settlement of the estate of Mrs. Kate F. Morton of Haskell. Settlement of the estate has been the basis of numerous court actions since the death in 1925 of Mrs. Morton, widow of a prominent early-day cattleman and landowner of this section, and a sister of ex-Governor James E. Ferguson. At the time of her death the Morton estate was reputedly worth \$500,000.

Presiding for the special court session under appointment of Governor O'Daniel will be Judge Wilburn S. Long of Abilene, judge of the 42nd judicial district on an exchange of benches with Judge Ratliff, who will preside in the Abilene court.

Listed on the court docket and set for hearing during the special five-weeks term are the following cases: No. 4514. Estate of Kate F. Morton, by A. M. Ferguson temporary administrator, vs. C. R. Elliott. Filed December 26, 1934. No. 4657. E. C. Brand, State Banking Commissioner (and successors) vs. A. M. Ferguson, temporary administrator of the estate of Kate F. Morton. Filed August 21, 1936. No. 4751. Joe Lee Ferguson vs. A. M. Ferguson, et al. Filed August 21, 1936. No. 4799. R. A. Chapman vs. Haskell Telephone Company. Filed November 27, 1937.

### Nov. 9 Date for Haskell - Albany Football Game

Date for the conference game between the Haskell Indians and Albany Lions, tentatively scheduled for Armistice Day was drafted at the beginning of the football season, has been definitely set for Thursday night, Nov. 9, in Albany. Announcement of this effect was made Thursday by Supt. C. B. Breedlove. Delay in announcing a positive date was occasioned by the fact that school officials did not want the locals' date to conflict with the traditional Stamford-Anson game. Following announcement made Thursday that the Stamford-Anson game would be played Friday night, Nov. 10, Haskell and Albany officials approved the Thursday night date for the Indians-Lions melee.

### ANNUAL RED CROSS ROLL CALL WILL BE HELD NOV. 11-30

Increased Membership Is Needed To Meet Growing Demands

The American Red Cross embarks on its greatest membership Roll Call in two decades November 11 when a half a million volunteers working in virtually every community in the nation will seek increased membership strength to meet growing demands for Red Cross services leaders, of the national organization have announced.

Frank Turner, chairman of the Haskell county chapter of the Red Cross and Wallace Sanders, Roll Call chairman said this week that plans were being drafted for an intensive membership drive in Haskell county during the period from Nov. 11-30. Appointment of community chairmen for all towns in the county will be made next week, chapter officials said.

Increased membership support has been prompted by an urgent need for extending Red Cross services not only in this country, but as a result of appeal from Red Cross societies in war-stricken European countries, according to Norman H. Davis, national chairman of the Red Cross.

"Although the Red Cross must meet the cries from war-stricken Europe, we of America must not slacken our efforts to reduce the peace-time forms of human suffering found in this country," Mr. Davis declared.

"The 5,700,000 American men and women who enrolled as members of the Red Cross last year enabled the organization to meet the needs of sufferers in 137 disaster during the year, as well as to train hundreds of thousands in First Aid, Life Saving and health education."

### Marriage License Issued 23 Couples During Past Month

Marriage license were issued to twenty-three Haskell county couples during the month of October according to records in the office of County Clerk Roy Ratliff. Of this number three couples requested their names be withheld from publication. Others to whom wedding permits were issued include:

### Thirty-Two Men Now Employed On Sanitary Project

With 32 men employed at the present time on a County-Wide Community Sanitation Project, additional clients are needed to maintain the quota of men employed, C. H. Neathery, project supervisor said Thursday.

Ample Federal funds are available to continue the project on a county-wide basis, Mr. Neathery said. The program is sponsored by Haskell county. Facilities of the project are available to farmers and property-owners in rural communities who will furnish only the materials required for actual construction work. All labor costs are paid with federal funds. Full information concerning the project will be furnished interested parties by Mr. Neathery, whose headquarters are listed with the Spencer Lumber Company here.

### BUSINESSMEN AND BANKERS WILL BE GUESTS FOR TRIP

### COUNTY TAX RECEIPTS AT RECORD MARK

Total of \$96,910 Collected During The Month of October

County tax collections during the month of October soared almost to the \$100,000 mark to set what is believed an all-time record for the month and to exceed by approximately \$41,000 the total amount collected during the three months period October through December last year, records in the office of Tax Assessor-Collector Mike B. Watson show.

Total collections during the past month amounted to \$96,910.06, compared to \$5,561.63 in October 1938. Taxes for the current year became payable October 1st last year. During the period from Oct. 1-Dec. 31, 1938 total collections amounted to \$55,119.88, or slightly more than one-half the total for the single month of October this year. All totals include county, state and county school tax levies.

October collections amount to more than one-half the total 1939 county tax levy, which is approximately \$188,153.52. Other taxing agencies City of Haskell and the Haskell Independent School District also report an upswing in current tax collections. School district taxes collected during October amounted to approximately \$1,400, compared with \$680 for the same month last year, and City tax collections for the month amounted to \$1,591.45, compared with receipts of \$1,042.81 in October, 1938.

Cotton ginnings in Haskell county from the 1939 crop have shown a decided slump from the last year's yield, according to the report of W. P. Trice, special agent for the department of commerce, bureau of the census.

The report, made public October 28, shows that 11,492 bales of cotton were ginned in Haskell county from the crop of 1939 prior to Oct. 18 as compared with 20,651 bales for the crop of 1938 on the same date.

The seven Haskell gins reported Thursday morning that a total of 3,831 bales had been ginned to date from the 1939 crop.

### Cotton Ginnings In County Show Decline from '38

Construction of a rock building on the campus of the Weinert public schools was started Monday by National youth administration project, with the Weinert school district as sponsor, according to Orman L. Kimbrough of this city, NYA area supervisor. The project will provide employment for twenty youths, and will require 60 days for completion. Estimated total cost of the building is \$1,500 the area supervisor said.

T. L. Hawkins, member of the Weinert school faculty, is project supervisor and Rev. J. A. English overseer of construction. Building walls will be of double rock, and native stone being used will be secured from the Swenson Ranch east of Weinert. When completed, the building will be turned over to Weinert troop No. 52, Boy Scouts of America, for use as their official scout cabin.

## Who's Who In The Senior Class

**MARGARET FRANCES McCLINTOCK**  
 The Senior class of 1939-1940 just couldn't get along without Margaret. She is secretary of the organization and perhaps the most humorous and the wittiest girl in H. H. S. Loved and admired by both students and teachers, she has had an average of A in all subjects and can write more humorous and cheerful poetry, and interesting short stories than all of her classmates combined.  
 Besides the honors which we have already mentioned, she is Editor-in-Chief of the Warwhoop; Vice-President of the Spanish Club; Sergeant-at-Arms of the Gypsy Rambler Club, a member of the Spains sextette, and a member of the high school trio. Margaret is very talented musically, and plays the piano as well as she sings.  
 She represented Haskell in tennis three years, played basketball two years, and volleyball three years. Judging from those facts one can see, readily that she is a perfect sport and fine athlete with a personality that no one can keep from admiring.  
 Her happiest moments take place when she is hunting or riding, and we have been informed that her pet peeve is a boy or girl who refuses to associate with or be friendly toward his fellow students.  
 Popularity is hers to the greatest extent as she has been in the pep squad four years, and the Home Economics Club and the

Gypsy Rambler Club four years each.  
 Margaret's ability to enjoy life and take things as they come will be her greatest stepping stone in the years to come. She is always ready, willing and able to help a person who is down, and enjoys doing so. May we, your classmates and those reporters, under you on the Warwhoop staff truthfully say that, "We hope there will be enough clouds in your life to make a beautiful sunset."

**CONNIE MORRIS**  
 Another of our most popular Seniors is Connie Morris. She is treasurer of the Senior class and is doing a good job of it. A great responsibility has been placed in her hands but the Seniors are not worried. Her copper-colored hair and lovely blue eyes are always a familiar and welcome sight. She is very pretty and a very good sport. This last fact was proved beyond a doubt at the initiation of the new Gypsy Ramblers this year.

Besides all of those other things she is the queen of the Senior class, and she was an attendant at the Junior Queen at the Central West Texas Fair. She is a member of the Gypsy Rambler Club, a member of the Spanish Club, and sings in the choral club.  
 Last year she played clarinet in the band and did a good job of it.  
 She came to Haskell from Monahan, Texas, and while she was at Monahan was the treasurer of the Freshman class. Connie has been with us only two years, but the fact that she has made her high school work in only three years explains everything. Also while at Monahan she had the distinction of being the Freshman favorite at the Junior-Senior prom. Her A average in all her subjects is another indication of her good character. She is always very neat and always lots of fun.  
 Alright students. One, two, three. Let's give fifteen "rahs" for Connie Morris. A good student for Haskell High School; a good friend for you.

## Spanish Club Sings At M. E. Church

The Spanish Club of H. H. S. sang three songs in Spanish at the Methodist Church last Sunday night lead by their sponsor Miss Willie Riley. The numbers that they gave were "Bellas Palabras de Vida", in English "Wonderful Words of Life"; "Mas de Jesus" or "More About Jesus"; "Jesus Mi Salvador" or "Near The Cross." Rev. Haynes suggested to the congregation that they follow us in their song books, so they would know what we were saying. Members of the club present were: Connie Morris, Madge Reese, Jean Conner, Margaret McClintock, Emma Pearl Graham, Gerry Akins, Wanda Dulaney, and Ethel Rebs Cough.

## 'Big Brother' Would Like To See John and Jack In Action

Head Coach Frank Kimbrough of the Hardin-Simmons University Cowboys in Abilene, didn't want his "kid brothers", John and Jack of the Texas A. and M. Aggies, to play football under his tutelage, but someday he'd like a chance to see them play.

However conflicting schedules for his own Ranchers and the Aggies, have prevented his seeing "Jarrin" John, hammering fullback of the Aggies who is the current scoring leader in the Southwest Conference, and Jack an end, in action.

Coach Kimbrough was an all-Texas Conference back in the mid twenties during undergraduate days at Hardin-Simmons, and four of his brothers have played football.

Bill, now county agent at Jayton, graduated in 1935 from A. and M. He made his senior letter during Homer Norton's first year at College Station. Ernest, now a practicing physician at Haskell, where his father practiced before him, played high school football, but studied medicine instead of following a grid career during college days.

Only time Frank's ever seen one of the brothers play, either in high school or college, was a game when John, then star back for Abilene High School, paced the Eagles to an Oil Belt district win over Sweetwater's Mustangs.

Today, Frank Kimbrough was sending the Cowboys through maneuvers designed to outsmart Dixie Howell's undefeated, untied and unscored on Arizona State eleven, on a neutral field at Odessa, Tex., November 4.

"I don't see a chance to watch the boys this season," the Head Rancher said as he looked ahead at conflicts for the rest of the fall. "Only chance is the A. and M. Thanksgiving game with Texas, and that's the day before our traditional battle with Howard Payne's Yellow Jackets. Which let's that out."

On their graduation from high school, John and Jack debated on whether or not to play college ball under "big brother Frank," at Hardin-Simmons. "You'd better not come out for my team," big brother told them. "I don't want to be embarrassed by your ability."

## FUTURE HOME MAKERS WIN \$5.00

The officers of the West Texas Fair at Haskell invited all the Home Economics departments of this county to have exhibits in the fair. All who had creditable exhibits were to win five dollars, and the Home Economics department of Weinert is proud to be one of these. Weinert and Mattson had their exhibit together.

The exhibit was of Japanese flower arrangements, wild flowers available in Haskell county at this time of the year and lunches and lunch kits.  
 Three large pencil posters of Japanese arrangements of flowers were on the silver background. The border, which was of red haws, was very nice for a fall bouquet as well as a border and many other decorations.  
 Letratrice, castor beans, sun flowers, blood weeds, broom weeds, Johnson grass seeds, and goldenrods were some of the wild flowers available in the autumn. They were arranged as a bed of flowers.  
 There were two kinds of lunch kits, commercial and home made, also a poorly packed and well packed lunch in cellophane bags. Posters suggesting good lunch habits completed the exhibit.

his finger off trying to keep order) to make final plans for a party which was to be Saturday night. What or where it was going to be we didn't know. Finally we had a motion that we go on a hay ride. Putting a vote before the house wasn't necessary. Everyone was already standing.  
 Saturday afternoon at 6:30 o'clock the wagon and team wasn't there but about 7:30 here came the wagon. We all loaded in and decided that we would go to Weinert's lake and roast a few weiners and marshmallows. After we had been there several minutes as you might have known we heard "snake" and Bernice started running and screaming through the trees. After a few hours of fun and a few "hay fights" we loaded in the wagon much more crowded than we were coming and started home. After we got to Weinert we all played mouse. (Finding his hole).

## FRESHMAN PARTY HELD THURSDAY NIGHT

The freshman class had a party Thursday night October 26, at the home of Alva Ray Medley. Games were played and everyone was happy. Apple bobbing was the most fun. At least some of the freshmen had their faces washed. Alva Ray's wit and humor proved his ability as a host.

The freshman class got a new member this week when Thelma Jo Chandler enrolled again in our school. She attended the Weinert school when she was in the fourth grade, and we are happy to have her with us again.

## SENIOR CLASS HAS PARTY

The seniors had a delightful time at Aletha Liles' house last Thursday night. The house was decorated with Halloween figures and balloons. Games were played throughout the evening.  
 Refreshments were served to: Elizabeth Medley, Jeanette Weinert, Maureen McBeth, Joyce Jenkins, Earline Driggers, Wanda Daken, Maxine Owens, Mrs. Branman, Junior Owens, Aletha Liles and Mrs. J. W. Liles.

## SOPHOMORE HAY RIDE SATURDAY

Friday afternoon the sophomores had a meeting such as you might call it (with everyone talking at once and the president tapping

## WEINERT DEFEATS STAMFORD "B" TEAM

Led by Johnson, ace backfield man of the Bulldogs, the Weinert Bulldogs defeated Stamford "B" team 47-0. The Bulldogs scored on their first running play of the game and were never checked. Johnson, Ammons, Jenkins, Owens and Josselot all scored touchdowns for Weinert. The Stamford team although outclassed fought gamely. They never seriously threatened the Bulldog goal line.

The Bulldogs rest this week for an engagement with the Rule Bobcats November 11 at Rule.

# A Piece of BALING WIRE and a "GREASE GUN"

Time was, when an automobile owner could keep his car chugging right along if he used a "grease gun" at fairly regular intervals and kept a coil of baling wire under the front seat... But then days, as the saying goes, is gone forever... Today's automobiles are too complex in their requirements to run right and look good unless they get an expert's care... And that's why Humble Service Stations are so completely equipped and Humble Station salesmen are so carefully trained. The salesman, using the equipment at his disposal, can give your car expert attention. He knows, in other words, which kind of lubricant to use where, he knows the right grade of motor oil for your car, he can tell you things about spark plugs and batteries, he can supply you with a gasoline that's second to none in performance... It will pay you to shift the care of your car to his shoulders. Begin today; stop for service at the nearest Humble sign.

# Protect Your Home with Electric Light

A 25-watt bulb burns 8 hours for 1¢ and gives

# 2,144 Times More Light than a Penny Box of Matches

**WHY TAKE CHANCES with matches when Electric Service is cheaper and safer.** Remember that it is dangerous to strike matches to light dark places such as closets, stairways, or basements where it might cause explosions by igniting trapped gases. A small bulb gives better light—costs less.

Remember that "The Electric Way is the Safest Way to Live." It also is the most economical way and the most comfortable way. You can safely depend on Electric Service for Light, Cookery, Refrigeration and the many odd jobs around the home. The average daily cost is LESS than the tax on two packages of Cigarettes!

The full horror of Fire resulting from matches frequently is related in the daily press. In the interest of safety, use Electric Service to dispense with unnecessary fire hazards.

## CHURCH OF CHRIST J. G. Malphurs, Minister

Before our government declares war is the time for Christians to speak their opposition to killing, if they oppose it. There are people who refuse to enlist in the army because they are afraid they will get killed; others refuse because they sympathize with the enemy; others refuse because they believe they would disobey God if they should kill their fellowman for any reason, including both national and personal grievances.

They all know the Bible says: "Thou shalt not kill", but some think the command has to do only with personal grievances. There are others who insist that Christians should never shed the blood of their fellowman for any reason whatever. There are Christians who would fight if the government commands them; there are some who would refuse to kill if drafted. This will be our subject for the evening sermon: "Should Christians Fight If The Government Drafts Them?" You are urged to hear a frank discussion of the subject. Especially are boys and young men urged to come.  
All other services at usual hours. Come and worship God with us.

## Turkey Breeders of Texas Profit With Better Birds

COLLEGE STATION — For the past 30 years Texas has led the nation in total production of turkeys.

At the same time, in 1938 Texas' 3,285,000 turkeys returned \$6,866,000 or \$2.09 each, while California's sales of 2,625,000 brought \$8,348,000, or an average of \$3.19. The average 1938 United States price was \$2.75 per bird.

On the basis of these figures, recently released by American Institute of Poultry Industries, A. H. Demke, executive secretary of the Texas Poultry Federation, has estimated that Texas turkeys are penalized from 4 to 6 cents a pound on eastern markets. The aggregate penalty amounts to between two and three and a half million dollars a year.

Texas turkey growers began an improvement campaign in 1930 that is gradually bringing results. Prior to that time little attention was given to feeding and breeding programs. The new tax publication for Texans, published by the Taxpayers Research Bureau, Dallas, and edited by Peter Molyneux, widely known journalist, author, and economist, with Booth Mooney

as associate editor, points out these facts in its first regular issue, dated November 1.

The total tax bill of Texans for the fiscal year ended June 30, 1938 was not less than \$454,000,000. The Taxpayers Digest explains, while the combined value of all State crops, all wool and mohair, and all cash income from cattle and calves amounted in 1938 to \$452,200,000.

"The revenue of the State Government of Texas raised by taxation during that period amounted to \$111,650,527," the paper says, "and that of all the local governments of the state amounted to \$120,283,286. The Taxpayers Research Bureau estimates the Federal taxes paid by the people of Texas during that year as not less than \$221,600,000, an extremely conservative estimate. The total of these figures is \$454,000,000 and certainly the 1938 tax bill of the people of Texas was not below that sum."

Value of all the crops produced in Texas in 1938 was \$324,400,000 that of all the wool produced that year was \$19,100,000, that of all the mohair was \$6,750,000, and cash income from cattle and calves amounted to \$101,950,000.

"The total of these figures," The Taxpayers Digest concludes, "is \$452,200,000. That is \$1,800,000 less than the tax bill paid by Texans during the 1938 fiscal year."

## Texas Tax Bill and Texas Crop Value Compared

Total amount of taxes paid by the people of Texas during the fiscal year 1938 was equivalent to more than the value of all the field and non-field crops produced in the State that year, plus the value of all the wool and mohair, plus all the cash income from cattle and calves, according to the current issue of The Taxpayers Digest, Dallas.

The new tax publication for Texans, published by the Taxpayers Research Bureau, Dallas, and edited by Peter Molyneux, widely known journalist, author, and economist, with Booth Mooney

### GEMS OF THOUGHT

Be forgetful of favor given; be mindful of blessings received. —Chinese Proverb

### Are We A Race of Ostriches?

"Passing the buck" is a universal trait of the human race. When a man loses his job, he almost invariably and instinctively blames his employer. When the employer himself is in difficulty he blames "business conditions", the Democrats, the Republicans or some other equally vague and evasive agent. Seldom do people turn in retrospect and survey their own shortcomings.

In spite of rumors and indications of a "war boom", private savings in this country are still about as active as a dead dinosaur. And the savings of the private citizen must be coaxed out of hiding into the channels of investment and industry before there can be any sound prosperity.

The reasons savings have gone into hiding are largely political. And the average politician, like the rest of us, looks everywhere but at himself for a "sure" He goes into a bank and sees himself stacked on the counter and concludes that the banks are unconscionable hoarders. He "challenges" them to "supply money" to the economic system through virtually free loans, or else. He forgets that the banker is highly anxious to make loans. That is the banker's business. But to make loans there must be borrowers of sound credit standing. Loans made on any other basis would be an injustice to the community which the banker serves; would be against the law, and would violate the trust placed in him by those who own the money.

It is not the banker's job to supply money; rather, it is his first duty to meet the demands of the thrifty for a safe depository, and second to meet the loan requirements of legitimate enterprises. He should be congratulated upon a job that, on the whole, has been well done—not "challenged" to do the impossible.

### Something New Under The Sun

John T. Smith of Austin, a former member of the Texas Legislature from Travis County, one time a resident of Limestone County, and regarded as the greatest authority in the state on the subject of taxation, has just come out with a plan for financing the old age pensions without levying any new tax. He proposes to get the money from present tax evaders, who are causing heavier burdens to be laid on those now paying property taxes. Although the subject of taxation is as old as governments, this is a brand new idea on how to get the funds for the aged fathers and mothers. There may be more to his plan than one thinks at first, and it is suggested that to begin with, that taxes be collected from tax-evaders who are now on the payrolls of the taxpayers.

### General Winter and General Aversion Take The Field

It now begins to be more than possible that a general European war may be avoided. As George Bernard Shaw so forcibly pointed out, that possibility was evident from the day the first Russian soldier stepped over the Polish border to grab the Soviet share of the loot.

General Mud led the poles down fearfully, and thus their best ally never appeared on the field of battle. But General Winter is fast approaching the Western Front. The Germans invaded Belgium in early August, 1914, and it was about Sept. 6 when they began to be halted at the Marne. That is a full month.

This time the French border is better fortified than the British army (part of it, at least) is already in place in France, and both allies are fully mobilized. There is not reason to think the Germans could reach Paris as quickly this time as last. That means mid-November at worst.

By that time winter will have closed down on the Western Front, with its interminable rains, its bogs, its sleet and bogs. Flying is possible in all weather, of course, but mid-winter flying in northern Europe is under bad conditions. The blitzkrieg of the air would be more difficult and less effective in fog and sleet.

The submarine campaign, too, is less dangerous in the north Atlantic in this season, with submarines tossed about in storms, their decks and even periscopes awash.

Had Hitler been determined to attack France and England whatever happened, it is hard to see him tossing away these last few weeks of autumn weather. On the other hand, it is to the Franco-British advantage to delay over the proposed peace negotiations as long as they can. General Winter is on their side.

Also on the side of some kind of peace is General Aversion. The almost hysterical joy of the Germans at every peace rumor is notable, even though, having come off with the swag, they have most reason to be joyful.

And the rather grim "hateless" attitude of the British and French had been marked by every correspondent. There is no soldier in Europe, in any uniform, who would not be glad to go home, give the minute chance to save his country's face and the slimmest guarantee of peace in the future.

Let Americans be hesitant about criticism if peace should come. It is Europe's war, and it will be Europe's peace. It is not for those who are 3000 miles away and safe before their firesides to criticize too severely those other millions who have for more than a month felt death's hand on their shoulders.

Any such settlement will mean a new Europe, one whose alignments have changed utterly. It will mean that America must back off, survey the scene anew, and, casting aside tradition and hostility, adopt new attitudes which will reflect 1940, not 1793 or 1917.

A squad of patrolmen in Boston, in response to a report of "shocking nudity," rushed out and found Bruce Bugbee Dorr, aged 11 months, taking a sun bath.

## TEXAS OUT-O-DOORS

AUSTIN, Texas—Texas continues to be one of the leading duck hunting states in the Union, a report received by the Game, Fish and Oyster Commission discloses. The Lone Star State was fifth in the sale of Federal duck stamps for the fiscal year ending June 30, with 58,704. Minnesota showed the way with a total of 116,461; Michigan was second, having a total of 80,458, and its neighbor, Wisconsin was third with 79,688. California ranked fourth with a total of 63,394.

During the last five seasons hunters purchased almost three and half million of the duck stamps. Over that lengthy period, Texas ranked sixth with a total of 208,100. Duck stamp sales show that each year since 1935 there has been an increase in the number of sportsmen who attempted to bag migratory waterfowl in the United States. Last year a total of 1,002,715 stamps were issued.

Just because the season is open is not a sign that all, even ardent, sportsmen take the field. It is generally recognized that in many sections of Texas the doves are still nesting when the season opens in September. Therefore a group of men who are known as the "Knights of the Sixteen Gauge Guns" who live in Weimar, Texas are opposed to hunting birds when the feathered tribe has not finished its job of family raising. So numerous Weimar hunters are awaiting another date on the calendar—December 1, when the quail season gets under way.

Although the duck season does not get underway until November 15th, a good many sportsmen purchased their Federal duck stamps early, according to reports received by the Game Department. Many post-offices report double their sales at the same time last year.

Cooperation plus—The telephone company at San Angelo, Texas, now includes in its telephone directory a full page of State game and fish laws.

Now is the time for landowners to start thinking about feeding quail during the rugged days of winter. With a marked increase in bobwhites being reported from most sections of Texas, it is more necessary than ever to leave food standing for these birds, it is pointed out by the Executive Secretary of the Game Department. A few rows of grain left standing at the field edges, close to natural covers, is the best insurance possible for carrying over the game and insectivorous birds.

Emergency feeding is not nearly

as effective as proper preparation against food shortages, the Executive Secretary pointed out. One of the best plans is that of leaving small grains near the edges of the fields. Hundreds of farmers in Texas are building shelters for quail under the supervision of the Game Department and all indications are that quail are in for a healthy cycle in Texas.

Boys in Austin, Texas, are giving a vivid demonstration of how birds can assist small and large landowners alike. This group of hustling boys rent ducks to housewives who turn the birds into their gardens. The ducks make a clean sweep of all insects without destroying the plants, and, incidentally, bring their owners 50c per day in rental fees. Texas has a large number of insectivorous birds and it is estimated by biologists that the birdlife of the State is worth 16c per acre for every acre in the Lone Star State due to their insect devouring habits.

It is rather unusual how sportsmen from communities band up in picking their sites for hunting. As an example, of 258 Dallas sportsmen checked on their file cards in the office of the Game Department, only seven hunted deer in the Trans-Pecos last year, the remainder going to the Hill Country. Of the 208 Fort Worth sportsmen checked, 54 hunted in the Hill Country and the remainder in the Trans-Pecos.

### YOUNG WILD TURKEYS FACE MANY DANGERS IN STRUGGLE TO LIVE

College Station — Young wild turkeys are subjected to many dangers in their struggle to live. Most of us are prone to think only of foxes, skunks and other so-called "vermin" as the enemies of young game birds. To this list we can now add an animal that ordinarily feeds on vegetation.

While camping near Junction, Kimble county, last June, Arthur H. Cook and W. Herman Henry, field biologists for the Texas Cooperative Wildlife Research Unit at College Station saw two black rock squirrels capture and eat two young turkeys about one week of age. The young turkeys were lost on a ledge of rocks and called for their mother when they were brutally attacked, killed and devoured.

According to Mr. Cook the moral of this story is "always expect the unexpected."

High School Press Association Theme of Abilene Meeting Plans for the organization of a West Central Texas High School Press Association, to be formed in Abilene on Saturday, November 11, were announced today with the mailing of invitations to the session to more than fifty sponsors of high school newspapers. The invitation list includes sponsors and staffs of Haskell, Weinert, Paint Creek, Mattson High School newspapers, all published in or by the Haskell Free Press. Student newspaper sponsors, together with the editors and business managers, and other key staff members, were invited to the organization session, to be held at Abilene with Hardin-Simmons University as host. Dr. F. L. McDonald, head of the department of journalism at Texas State College for Women, Denton, and director of the Texas High School Press Association, will attend, and affiliation with the statewide organization will be considered. In the afternoon, Hardin-Simmons University will have the visiting high school journalists as its guests for the Armistice Day football game, in which the H-SU Cowboys meet West Texas State, Canyon. A permanent organization will be formed, as attending delegates desire, and future meeting times set, said Herschel Schooley, H-SU department of journalism head.

### Mattson Carnival Has Record Crowd For Annual Event

The Halloween Carnival sponsored Tuesday night at the Mattson Rural High School was a decided success from every angle. Supt. F. M. McCarty said Wednesday. Attendance at the affair exceeded expectations, and the financial side of the venture was expected to show a profitable balance. Staged as a community affair and sponsored by the school, all proceeds will go to school improvement funds. It was announced.

Attractions provided visitors included a veritable array of carnival booths, including Bingo, fortune tellers, roulette, a "Crazy House", and food and entertainment stands.

Beginning the evening's entertainment was a Halloween program in the school auditorium, climaxed with the crowning of The Halloween "Queen", Miss Wanda Mapes, Princess of the Junior Class. Her attendants in the colorful affair were Adele Puschel, Seniors class Princess, Eva Lee Robertson, Sophomore class Princess, and Imogene Guess, Princess of the Freshman Class.

Climaxing the evening's program was an amateur boxing tournament which held interest of practically all visitors during the staging. In all, six 3-round bouts were reeled off to decide winner of the night's program.

In the first preliminary match, Kenneth Bledsoe defeated Junior Brumman; and in the second Wayne Nicholson took out Ike Wilford for the judge's decision. In the third event Walter Merchant led with a handy left to outsmart D. C. Nicholson, and in the fourth event of the evening James Moore outpointed Hugh Lewellen. Chester Robertson vs. A. J. Lewellen in the semi-final event went the limit with Robertson getting the decision.

In the main bout of the evening, Alvin Moore gained a narrow decision over Albert Boring, with both fighters exhibiting speed and stamina in their encounter. Fight referee was Ross Jones of Munday.

### Southern Women Say

"So many women say CARDUI promotes appetite and digestion; builds up physical resistance!" says a Reporter who found that 1206 out of 1279 users queried say CARDUI has helped them. "Thus these women secure relief from the weak, rundown, nervous condition that so often attends functional dysmenorrhea due to malnutrition." 50 years of wide use speak for CARDUI's merit!

### Issuance of AAA Checks Speeded Under New Plan

A new payment process which will speed up delivery of checks 60 to 90 days and stimulate soil-building operations under the AAA farm program was announced here this week.

The new arrangement will apply to 1939 conservation payments, scheduled to start flowing to approximately 600,000 Texas farmers and ranchmen about October 20, B. F. Vance, assistant state AAA administrator, said.

Under previous regulations it would not have been possible to start paying 1939 conservation checks until December 31, the deadline for carrying out soil-building practices under the '39 program.

First applications received in the College Station state headquarters of the AAA were from Bosque county. Along with Delta and Williamson counties, Bosque will be among the first to receive any 1939 soil conservation payments, Vance said.

Vance explained that the new process allows a farmer to apply for his conservation payment as soon as he completes requirements for earning his full soil-building allowance. Many farmers, he said, already have finished this work.

"This will permit a more regular flow of applications for grant through the state office, and do away with the log-jams that have been partly responsible for delay in the past," Vance said. "It should also encourage greater use of funds allowed for terracing, planting legumes and green manure and cover crops, and other practices employed in improving or saving the soil."

"In the natural course of events the faster a man completes his soil-building requirements, the sooner he gets his conservation payment." Rapid delivery of 1939 wheat and cotton price adjustment payments is reported here.

From August 15 to October 15, around \$21,335,000 in cotton price adjustment payments had been received by Texas farmers for compliance with 1939 wheat and cotton acreage allotments. Hardly any application was more than 3 days going through the state office certification mill, it was reported.

### State Publishes Survey Report of Dr. R. E. Sherrill

The following article concerning the work of Dr. R. E. Sherrill, professor in the University of Pittsburgh, is taken from a recent issue of a Pennsylvania newspaper:

"A report which is expected to aid in the recovery of millions of barrels of oil has been completed by Dr. R. E. Sherrill, head of the department of oil and gas in the School of Engineering.

"The results of this geological survey which covered approximately 226 square miles of northern Butler and southern Venango counties have been published in booklet form by the Pennsylvania Department of Internal Affairs, according to William S. Livengood, secretary of this division.

"This report, written by Dr. Sherrill and L. S. Matteson, contains 243 oil well records, four maps showing the producing areas of the sands, the structure of the quadrangle.

"In the survey Dr. Sherrill collected more than 3,000 oil records of which 2,160 were located and elevations determined in making his study. Dr. Sherrill went on to state that oil and gas pools occupy about 58 square miles of the area studied.

"The field study was made with the hope that, by collecting and preserving the sub-surface data still available, assistance might be given in the selection of areas for further drillings and possibly in locating new pools."

Dr. Sherrill, a native of Haskell is the son of Mr. and Mrs. R. E. Sherrill of this city. His wife is the former Lucile Taylor, daughter of Dr. and Mrs. L. F. Taylor of Haskell.

### Wage-Earners May Learn Status of Their SS Account

Requests by wage earners for statements showing their standing on old-age insurance accounts are reaching the Social Security Board in steadily increasing numbers since the amendment of the Social Security Act, according to Roscoe L. Surles, manager of the Wichita Falls office of the Social Security Board. The total number received by the end of September was approximately 138,000. About 20 percent of these requests reached the Board after August 10, the day the President signed the bill revising the security law.

Increasing interest on the part of the country's wage earners in the standing of their wage accounts was attributed by Surles to their rapidly developing realization of the importance of these accounts. "The amended law," he said, "makes it even more evident that it is to a man's interest to see that he gets credit for every dollar of his wages. Under the amended law, the determination of benefits is based on the worker's average monthly wages; but the amount of this average depends, of course upon total earnings."

Surles said reports from Washington revealed only a small percentage of cases in which the employer had failed to report fully and accurately his employee's wages. "The Bureau of Old-Age and Survivors Insurance hopes however," he added, "that every wage earner who feels that an employer may have failed at one time or another to report his wages will ask for an accounting. For the employee's convenience a post card form has been prepared. Any worker can get one of these forms at any of the Board's field offices. All he has to do is fill it in and mail it to the Board. Within a short time he will get a statement showing the wages credited to him."

### Laymen's Meeting Held Tuesday At Christian Church

Monthly meeting and banquet for laymen of the Christian Church here Tuesday night, with a large attendance of church leaders from this city and surrounding towns. Banquet for the occasion was served by the ladies of the church.

Program for the evening included talks by prominent laymen of the church, with the principal address brought by Lewis Ackers, well-known rancher-merchant of Abilene. W. W. Gaines of Stamford presided for the evening's program.

Attending the affair were representatives from churches in Rule, Stamford and Haskell. A delegation from Abilene, accompanied by Mr. Ackers, were guests of the Haskell group.

Next laymen's meeting will be held with the Rule church during the latter part of this month.
