GUESS WHO

How did you all come out on last week's Guess Who? Well, here are the answers: Senior, Hartsell Everett; Junior, Tommy Harrell; Sophomore, Gerry Barton; and Freshman, Ann Rike.

Now, let's see how good you can do on these:

Who is this Senior boy? He is one of our favorites. (Incidentally—Most Popular Boy.) He has black hair and gray eyes. He is very active in sports, especially football, which he has "lettered" for the past three years. Who is he? Can you guess?

Can you guess who this Junior girl is that has black hair and blue eyes? She plays tennis "and" she is very good at it too. She is very sweet, and has a lot of friends. Can you guess who this cute Junior is?

This little Soph boy is really swell. He has lots of friends and why shouldn't he with that wonderful personality. He has black hair and brown eyes. He is little but loud. Now, I know you can guess who this is! Who is he?

Last but not least we come down to this little Freshman boy. He is a very, very cute little guy that blushes every time the Soph girls wink at him. He is blond-headed and he has blue eyes. His initials are R. H. Guess who?

SENIOR SPOTLIGHT

Wilburn Rhoads, that big tackle on the Indian team last fall, is another boy we're all proud of. His friendly smile and pleasing personality make him a nice fellow to know and like.

His favorite sports are football and baseball. An offer for a scholarship at Baylor University was his reward for putting his all into football.

After school Wilburn will help on his father's farm and in August he plans to take advantage of the scholarship.

Wilburn received a gold football for being the best trainer last season. Also, he is a member of the "H" club.

He is the son of Mr. and Mrs. T. A. Rhoads.

SENIOR SPOTLIGHT

Another prominent member of the Senior class is Margaret Parks. Her sweet and unassuming ways have gained for her much popularity in Haskell high school.

As a hobby, she collects kodak pictures. Margaret's favorite sport is football. She has been a member of the Gypsy Ramblers since the season of '42 and was elected vice-president in her Senior year. Margaret also belongs to the Homemakers' Club, Spanish Club, Chorus Club, and the Dramatics Club.

She plans to attend Hardin-Simmons University next fall. Margaret is the daughter of Mr. and Mrs. T. F. Parks.

FFA NEWS

The annual get together of the fathers and sons of the F.F.A. chapter comes in the nature of a banquet this year. It really sounds swell and it will show our fathers that we get something out of our Vocational Agriculture.

We will have guest speakers, songs, talks on F.F.A. and the opening and closing ceremony of the chapter. Eat will be plentiful, so come on boys and bring your dads tonight to the banquet.

and show them that we have a REAL F.F.A. chapter.

ASSEMBLY PROGRAM

Last week we had an old-fashioned sing-song in assembly. The whole student body took part and the program was enjoyed by everyone. We enjoy a sing-song because we can all take part and forget our troubles while gathered with our friends.

STYLE SHOW

Last Friday night the first, second and third year Homemaking girls presented a style show. I will try to tell you about it as it was shown to me.

First the curtain was pulled and before us was a blue sky, green grass, and a white fence covered with red roses. To make the scene more dramatic soft music was heard during the complete program.

Hartsell Johnson stepped out and introduced the first year girls who were dressed in brunch dresses and house coats. The next treat was the second year girls dressed in sport and street dresses. Then the third year girls modeled their "Sunday-go-to-meetings."

While the judges picked the winners Miss Louise Loyd played a piano number and the Girls Chorus sang three numbers.

A silence came over the audience as Mr. Horton stepped on the stage with an arm full of gifts to be presented the winners, who were:

First year—Onah Sholl, first; Nancy Ratliff, second; Ruth Alvis, third.

Second Year—Eddie Bess Fouts, first; Mary Emma Reeves, second; Katherine Harrell, third.

Third Year—Mary Lou Webb, first; Eunice Kelso, second; Bannette Faye Edwards, third.

Hartsell Everett and "Red" Welch are the only two who will get to run in the State Meet from Haskell.

Welch won first place in the high jump clearing the bar at 5 feet 9 inches, placed third in the high hurdles, and tied with Alfred Pierson, and two boys from Brownwood for fourth place in the pole vault, vaulting 9 feet 6 inches.

Everett placed second in the high hurdles, and won third in the pole vault with a leap of 10 feet. Pierson tied for fourth place in the pole vault with "Red" and the two boys from Brownwood.

The 440 yard relay team composed of Charles Greenway, Billy Ray Connally, Lynn Gregory and Rice Alvis were leading in that event until an unlucky pass was made with the baton and the anchor man fell behind.

Other boys who participated were Tommy Ray Foster and Dick Biechofhausen who teamed with Connally and Alvis in the mile relay.

Coach Horton is very proud of the showing of all these boys.

The coach and track team wish to express their thanks to Mr. and Mrs. Bill Reeves for assisting in the transportation.

So that the spirit of freedom which inspires men and women to create masterpieces of art in all forms shall endure forever, U. S. men are suffering and dying. Home folks can at least lighten their trials by buying War Bonds to furnish them with munitions, food and medical supplies.

Gratitude

The average American's most vivid impression of the Orient was acquired in less than an hour and came to him free with a bowl of chicken chow-mein. This is no discredit to the average American. He can't help it if Asia is mysterious. It is only an accident that we know a great deal more about Europe. Our ancestors came from that way, so we heard about it.

It is high time now, however, for every soul in the United States, who loves his happy home and peaceful surroundings, to learn more of the character of our straw-colored allies beyond the Pacific. We owe our national safety to them. If it were not for their native integrity we would be held in a nut-cracker between Germany and Japan at this hour, if we were yet able to fight at all.

We Admire Britain

Americans are a tender-hearted folk. We sympathize with other peoples and half-way try to understand them, but we don't usually admire them very much. We felt sorry for the Poles when the Nazi took them in 18 days. Our hearts went out to the Norwegians because they didn't last three weeks. We wept with our British relatives over Dunkirk, but we did more. We admired the British.

Late in 1937 the city of Nanking, China, fell to the Japanese. Far away over the sea strategists thought that was about the end. If China had folded up the next day few people would have blamed her. We Americans would have turned the spigot in our sympathy tank again and drawn out a generous sprinkling of tears for dear old China, and then tried to forget it. But forgetting it would have been impossible.

Must Admire China

If China had fallen in 1937, four years before the Pearl Harbor raid, any child can guess why we Americans would still be remembering it. But China did not fall. It would not be amiss for devout people to give thanks at the table three times a day that China did not fall. If China had fallen Japan could have knifed Russia on the unguarded side, right through Manchuria; surely would have done so.

Back in those early months of the present war when the Germans were all but knocking at the doors of Moscow, our big old globe, as now arranged, was coming unglued. If Japan could have drawn close enough to attack Russia from behind, the Germans would have marched into Moscow. Then, with no Russia to annoy him, Hitler would have parched London to a cinder.

Thanks to China

China stayed in and fought, so London remains. China stood the gaff, so we still have San Francisco. China could take privation and punishment; her share and ours too. As a consequence no bomb has struck an American city. Moreover, China's young men have made their fight as nearly bare-fisted as any army taking part in this war on either side, large or small.

In recent weeks there have been frequent criticisms of China; of Chinese fortitude, of China's disunity, of Chiang Kai-Shek's generalship. Let me close with this admonition: Criticism of China in America today, true or false, has one purpose and one only. It is to break up unity among our allies. Our enemies can hope to survive by so other means. Don't listen to it.

SENIOR SPOTLIGHT

Earlene Pearsey, better known to most of us as "Inky" is the "gal that everybody likes." Her friendly ways are a real asset to her already outstanding personality.

"Inky" has always taken an active part in school activities. She was a member of the HHS Band in '42 and '43. For two years she was a Future Homemaker. Her interest in the Gypsy Rambler Club, to which she has belonged for three years, gained her the position of secretary for this year of '44-'45. She was her class reporter in '42 and has worked with the Warwhoop Staff for the past two years.

She collects pictures and newspaper clippings. Football and tennis are her hobbies.

Earlene plans to attend Oklahoma University at Norman, Oklahoma next year, where she will

begin her work in the field of Journalism. She is the daughter of Mr. and Mrs. Leon Pearsey of Haskell.

SOPHOMORE SOUP

We have two new "bosom friends" in the soph class. Marjorie and Mary Emma. Why so chummy? Oh, yes! I almost forgot Jack Waynt and Jerry run around together.

S. S. You have all heard about boys falling for their teacher. Well I am beginning to get suspicious. Tooley has been by to see Miss Anderson for the last two mornings. Now don't tell us its business.

S. S. Well, I thought we were supposed to save gas, but June saves the leather on her soles. Her boy friend brings her to school every morning. Looks suspicious.

S. S. We don't want to embarrass that shy Hollis Cogburn but guess who's name he has on his notebook? Dorothy Tolliver.

S. S. Herbert Vines can't sing "A Little On the Lonely Side." I saw him talking to his girl, Betty Jo New, the other day and neither looked very lonesome.

S. S. We're sorry to hear about Bonnie being operated on. Hurry up and get well, we all miss you.

S. S. What's this about "Baby Kemp" wanting to date Onah Sholl. Who is young beauty in grade school dating now?

S. S. Mrs. Odell reports that Eddie Bess is coming along nicely in her fifth period English class. The only thing it isn't in English—its "Love Letters to a Sailor"—What's more she never misses a day!

A MYSTERY

(By Keyhole Katty) To start with I'll say I think the Freshman class is the most thoughtful class we have!

A. M. Cora Lee, let us in on you and your love affair! He's cute!

A. M. Betty Jo, why is it you make such good grades? Couldn't be because you study hard.

A. M. I hear that Wanda is "A Little on the Lonely Side."

A. M. Lynn and Rex, you'll never know how happy we'll be when your hair grows out again!

A. M. Two lonely hearts have found each other in our mad school! Congrats, Pat and Kenneth.

A. M. Tommy and Red, we will miss you when you are gone.

A. M. Congrats, Edna! Your sailor is very cute!

Weinert Soldier At ASC Depot In England

An Air Service Command Depot in England—To meet the growing needs of American warplanes battering Germany, supply men of this largest Air Service Command depot handle 1,100 tons of vital aircraft parts and equipment daily and during 1944 speeded a record total of over 700 million pounds in combat bases.

Sharing in this job is Private Floyd A. Fullerton of Weinert, Texas, son of Mrs. Effie Fullerton of that city.

Last month supply men hung up a new record by answering over 271,000 demands for aircraft supplies. That's nearly 9,000 demands a day, requiring nearly 20 miles of paper work to put them into the hands of the airmen who use them against Germany.

Pvt. Fullerton, who is a Supply Expediter, attended Weinert high school. He was formerly employed by Cranner & Gault at Hereford, Texas. A brother, Sgt. Virgil Fullerton is in the Merchant Marines and is in Australia.

Dear Abigail:

I really have a problem. I am a Sophomore girl and I am deeply in love with a Senior boy. Oh, he is the most wonderful person. There is only one fault with him, he doesn't love me! I don't see how I can live without his love. I must make him love me. You see, my sun rises and sets where he is. Please, tell me a rapid solution to my problem.

PENDING BINGE

(From The Houston Post) Whether moved by the prospect of a vanished State deficit or merely by the boom fever of war prosperity—the spirit of "easy come, easy go"—the Texas Legislature has launched upon a spending binge which is fraught with grave danger.

able new tax burdens to pay the bills they would incur. Governor Stevenson estimates the amount of increased appropriations already in prospect at about 20 million dollars, which is approximately 14 million dollars more than the anticipated increase in revenues due to war-time conditions. And threats of still more extraordinary appropriations are in the offing.

Under the cash-on-the-barrel-head constitutional amendment, no appropriation is valid without a certificate by the State comptroller that funds to pay it are in sight—unless four-fifths of the legislative membership vote for it. Well, present prospects are that these extra appropriations will be passed first, and the comptroller will have to certify that revenue is available to take care of them. Then, when the regular biennial budget bills for the support of the State government are passed, there will not be sufficient prospective funds remaining to meet them, and the comptroller cannot give them the constitutional certificate. So the Legislature will have to give these measures a four-fifths vote to validate them. And then they will either have to levy new taxes to fund the excess of appropriations over revenue—or let the State go back on a deficit, and a huge one at that.

The danger of this spending spree is that when the war ends and State revenues drop back to normal—or lower—the State will be left holding the bag of excessive appropriations and shrunken income. Such a development could precipitate a fiscal crisis worse than that of 1933. The Legislature is pursuing a perilous course. It should call a halt before it is too late, and live within its income.

AMERICAN HEROES

by JULIAN OLLENDORFF

POSTHUMOUSLY a Silver Star was awarded to Pvt. Willis V. McFarland, St. Louis, Mo. When attempting to establish a beachhead on the Rapido River, Italy, Pvt. McFarland's unit was halted by enemy artillery fire. Dropping to the ground, he crawled over the shell-blasted shore to cut barbed wire, discharging his automatic rifle as he went. Thus he advanced through barbed wire entanglements until severely wounded. He gave his life fighting to free Italy, and the purchase of War Bonds will help continue that fight until all of the world is liberated from the Axis yoke.

SETTLEMENT AND STRUGGLES IN CANAAN

LESSON TEXT—Judges 2:6, 7, 11, 12, 18, 19; 6:11-16.
GOLDEN TEXT—Be strong and of a good courage; be not afraid, neither be thou dismayed; for the Lord thy God is with thee whithersoever thou goest.—Joshua 1:9.

God keeps his promises. Israel found that to be true as He brought them into the promised land of Canaan. Those who rebelled against

from the Grand Lodge convention of the K. of P. held in Houston. We are informed that a man who recently opened a bank in Throckmorton folded his tent and several thousand dollars deposited in the bank has not been accounted for, we were told.

While W. N. Haswell was in Judge Hammer's well a few days ago, cleaning it out, the bucket which Mr. Yoe was lowering to him became detached and fell, striking Haswell a glancing lick on the head and shoulder, stunning him for a while and inflicting painful bruises. However, he is now able to be about.

A number of witnesses and others from Stonewall passed through Haskell Thursday going to Albany to attend a trial in court at that place, in which a former Stonewall county official is involved.

S. R. (Bunk) Rike returned Tuesday from Fort Worth. Master Young Bell has returned from Fort Worth, where he has been for several months.

sum had died in the wilderness, but now a new generation had come into possession of the land.

Here they met the challenge of the heathen, and were victorious over them as they trusted the Lord. Joshua, their leader, after faithful services was ready to go to be with the Lord, but before doing so, reminded them of God's promise and of the danger of unbelief and sin. As our lesson opens, we find the people settled in the land, as far as they had taken it. We find:

I. God's Promise Fulfilled (2:6)
The Lord had promised the land to them as they went in and possessed it by faith in Him. He fully kept that promise in the measure that they believed Him. They never did take the whole land, but that was because of their failure, not God's.

The story speaks to us. God has provided a rich inheritance for the believer in Christ, but it must be appropriated by faith. How much have we taken out of the riches we have in Christ?

We are also reminded of the absolute faithfulness of God. There is little in this world in which we may repose complete confidence, but we may and should trust God. He has never failed anyone, and He will not fail us.

II. Man's Promise Broken (2:7, 11, 12)
The people had solemnly promised to keep God's commandments (see last week's lesson). That promise they had renewed in response to Joshua's farewell challenge (see Josh. 24:20, 21). They kept their word only as long as those who remembered Joshua were alive, and then they "forsook the Lord."

This fall of Israel has its counterpart in what is taking place in our land today. The great mass of decent people in America were reared in Christian homes. They know what is right, and they live on the spiritual and moral momentum received from their godly parents.

The next generation now coming into power, without the benefit of spiritual training in the home and church, are forsaking the Lord and following other gods, the gods of pleasure, of money, of lust.

III. God's Plan of Deliverance (2:18, 19)
One would have thought that God would give up a people so set on sinning. But He did not. He provided deliverance for Israel. That gives us courage, for we know that He has not given us up, but has provided in Christ a sure deliverance—if America will but turn to Him.

For Israel's deliverance God provided judges, who were not only judicial, but, in fact, primarily administrative in their work. They were God's men to call Israel back to Him. The repeated failure and backsliding of Israel brought

new acts of mercy on God's part in calling out new judges.

It is interesting to note that God works through men. Some of these judges were great men; others were just ordinary men. But each in his appointed place, at the appointed time, was God's man.

God is looking for men today who will serve Him. He wants brilliant, capable men, but He also calls the ordinary, everyday variety, and as they are faithful, He blesses them. Has He called you? Have you responded?

IV. God's Presence and Power (6:11-16)
Israel had long been under the oppression of the Midianites, who would sweep over the land and steal their crops and their flocks. Israel finally turned to God for help, and He met their need by calling Gideon as the fifth of the judges.

God knows better than to call an idle man, one who is sitting around waiting for opportunity to knock. He seeks out the busy person and gives him more to do.

Note the entirely adequate provision made for Gideon's success. "Surely I will be with thee." That means both the presence and the power of the eternal and omnipotent One.

Gideon at once began the tearing down of the heathen places of worship in his own community. It was the hardest place to start. It always is. But the one whose light is to shine afar must see that it shines brightest at home.

The humility of Gideon as he looked at himself (v. 15) is commendable. But note that he did not permit it to shut the door of faith, as he believed God and did mighty exploits for Him. Don't trust yourself, but do trust God!

THIS TAKES GOOD MANAGEMENT!

It's a neat feat to navigate a windy corner with a pile of packages and keep skirts down to a modest level.

We're facing a somewhat similar problem during these stormy war years—carrying bigger power loads, higher costs, heavier taxes—and still keeping prices at low pre-war levels.

We're rather proud that electricity hasn't been rationed and hasn't gone up, like so many household necessities. In fact, the average family actually gets about twice as much electricity for its money today as it did 15 years ago.

This takes good management, too.

 looks clean, but some don't show,
 so I disinfect it often. It's really no
 trouble with Dr. Schuyler's PAR-

 O-SAN is a powerful,
 but pleasant disinfectant,
 free of "dippy"

 against common

AAA NEWS

REPORTING WINTER COVER CROPS
May 16th has been established as the closing date for reporting performance under the 1945 AAA

Program on Winter Cover Crops. The payment rates for these crops are based on the number of pounds of seed planted or the acreage devoted to the crops.

Crops that are grown in Haskell county that qualify are as follows: Austrian Winter Peas, Vetches, Clovers seeded in fall of 1944. (Payment rate based on the number of pounds of seed planted.)
Fall seeded oats, barley, or rye not harvested for grain. (Payment rate 1.50 per acre.)
Producers are urged to report

these crops before the deadline of May 15, in order to receive the proper credit for carrying out the practice.
REVISED TRIPLE A FARM ALLOWANCE FOR 1945
On April 9, 1945, the formula for establishing an individual farm production practice allowance under the Triple A Program

was revised with an increase in the allowance from 60c per acre on cropland to 75c per acre. The allowance on grassland remained the same at 6c per acre.
For example a farm with 200 acres in cultivation and 100 acres in grass would have a limited farm allowance of \$150.00 on the cropland plus \$6.00 on pastureland, or a total limited allowance for the farm of \$156.00.

Haskell Soldier's Unit Is Given Praise

A letter commending the commanding officer and all men of the 169th Infantry Regiment by their commanding general, Leonard F. Wing, was received recently by Mrs. Joe Oldham in a letter from her brother Sgt. Robert C. Crawford. It reads:
"I want you to know that I realize you have marched more miles over very difficult and rugged terrain, met and killed more Japs, and suffered more casualties than any other unit in this campaign. Your splendid achievements are in keeping with the best traditions of the American Army and typify the fighting, shooting, slugging infantry."
"I, together with every member of this Division, are proud to be serving with you and commend you for your heroic action."
Sgt. Crawford was inducted into the Army in June 1943, received his basic training at Camp Roberts, Calif., and was sent overseas the following December. He took part in the beachhead landings on Luzon and the fighting that followed.
On January 24 he was slightly wounded but he has written that his wounds have healed. At the present time he is on an undisclosed Philippine island.

Knox City Soldier With Medical Unit In France

With the U. S. Service Forces in France.—The medical corps has been setting new records in the handling of casualties in this new chapter in medical history, written under the gruelling wartime conditions, being aided by many soldiers from Texas. Among the Texans working with the Medics are Pfc. Roy W. Aycock of Route 1, Knox City, Texas.
Coming from the United Kingdom to the continent after the invasion of France, the many medics set up their hospitals, dispensaries, aid stations behind the front lines to care for the wounded soldiers quickly and efficiently. During the grim battle for Brest these medics kept the death rate from casualties down to the minimum and many of these medical units are now doing the same thing behind the German west wall. Other of these medical organizations are caring for the wounded, both Allied and Axis, behind the lines of the "Forgotten Front" of St. Nazaire and Lorient.
