THE COMMUNITY AND THE SCHOOL

The Haskell Schools belong to the citizens of the district. There is not a more powerful factor in the community than the school which works in harmony with the home and the church. The school derives its power from you as the parents of the children who come to it in pursuit of knowledge. The school teaches the child how to read and write, yes, but it must also teach him how to get along with his fellow man. The teachers are for the purpose of guidance rather than dictators who would rule or ruin. The school is no better than the teachers who are employed to guide your child. The finances of the school are the responsibility of each person in the community. The school that cannot provide an adequate compensation for its teachers is doomed to failure. When you seek clothes, you buy the best for

the money. When you buy an automobile, you buy the one that fits your need. The school is the best that can be had for the money you have provided or shall provide in future years. If you are to be trained in some art for the purpose of gaining a livelihood, you would study at the feet of the best teacher and the highest paid person you could find. The teachers of Texas have trained many of the citizenship of the state to make a hundred times more money than they make. Is it not just as important to give your child the best that can be had. What are you doing to help the situation in your community?

COOPERATION

How are you cooperating with the school? Do you feel that your child is getting what he should out of school? We invite your criticism if made to the school

personnel. We desire to give your child every educational advantage without favor to any. Do not ask special favors for your child but let us know what you want and your idea of how that should be gained. We desire that you contact the Superintendent or Principal of any of Haskell schools to discuss your problem. Where is your child going? Do you allow him to stay away from school promiscuously? Do you uphold him against his teachers? Is he taught by you to try to get by with anything that he can? What plans do you have for his future? The answer to these questions and many others will help us to more properly handle the problems of guidance that come to us every day. We invite your co-operation. Will you be as fair with your teachers who handle the greatest commodity in the world—the children of the world—as you would be with a business man who handles inanimate objects? We, the teachers, are citizens of the same country and county as you. We solicit your cooperation and your friendship in matters pertaining to the school. It is your school. Use it.

The date: 8:15 p. m. Friday April 20.

GUESS WHO

Answers to last week's guess who are: Senior, Earlene Pearce; Junior, Dorothy Toliver; Sophomore, Jerry Johnson; and Freshman, Glenn Murrug.

This week we start off with an extra special Senior. He is tall, dark and handsome. He has dark black wavy hair and brown eyes. He is popular with every one and has many admirers. He has a smile that you can't beat. Incidentally he is one of our Annual Favorites. Naturally you knew who I was talking about all the time? G.W.

Coming on down to the Juniors we see a good looking number. Yes, its another "He." Black hair, and brown eyes, medium height and weight. He is a "hum dinger" when it comes around to sports. When you think of a wonderful personality and real popular you naturally think of him. At the present his main interests are in Stamford. G.W.

One of the most cheerful persons in school is a good description of this girl. She is blonde headed and has blue eyes. She is rather tall. Her life is one of freedom, because she lets the others do the worrying. Because of her swell disposition she has many friends. Can you ever guess? G.W.

For the "Fish" this week we have a natural born actress. She is tall and slender. She has brown hair and eyes. She is a person who makes life worth while. You will find that she has many friends and is still finding more. She takes part in the Assembly Programs and I must say it is "Well." Who could it be?

ASSEMBLY PROGRAM

The High School assembly program April 12th was given by the Hardin-Simmons Symphony Band. Their program:

- Star Spangled Banner—Band.
 - My Dreams Are Getting Better—Trombone solo.
 - Old Familiar Tunes—Flute solo.
 - Hardin-Simmons Trio—Two numbers.
 - American Patrol—Band.
 - Don't Fence Me In, and Deep Purple—Solo.
- This assembly was sponsored by the Senior class, and all the students wish to thank you for such an enjoyable program.

SENIOR SPOTLIGHT

Ruby Grace McKelvain, a popular student of H. H. S., has attended all four years of her high school career here. She takes part in many of the school activities and was elected "Basketball Queen" this year. She is playing the role of Editor-in-

Chief of the Warwhoop Staff, Senior representative for the Student Council, Sports editor of the Annual, Who's Who, member of the Gypsy Ramblers, and the Home Economic Club. She was a member of the band in '41-'42 and in '42-'43 she acted as one of the twirlers. Ruby has served as a class officer three years.

Football is the favorite sport of this brunette. She has no special hobby other than collecting a host of friends. Ruby's plans for the future are not definite, but she is thinking of the Cadet Nurse Corps. She is the daughter of Mrs. G. D. McKelvain.

Another popular member of the Senior Class is Dalton Kirby. Dalton is liked by all members of the Senior Class and of the High School.

He has attended the Haskell schools for the last three years. Before coming to Haskell he attended the school at Paint Creek. He took agriculture in '42, '43 and '44. He was also a member of the Future Farmers of America. Dalton doesn't have any particular hobbies, and when asked what he intends to do when he graduates, Dalton said, "More than likely I will work on the farm this summer and this fall I'll go to college."

He is the son of Mr. and Mrs. J. T. Kirby.

Julia Ann Marlow, known to most of us as just "Judy", is a popular and attractive red-head of the Senior Class. She entered Haskell High only this year, but she has already made many friends and has proved to all that she is an all-around, friendly, and loyal fellow student.

Judy collects snapshots for a hobby. Volley ball is her favorite sport. Interested in school activities, she is a member of the Gypsy Ramblers and the Future Homemakers. She plans to attend N.T.S.T.C. at Denton, Texas, next fall. She is the daughter of Mr. and Mrs. J. D. Marlow of Haskell.

Another of the Senior class's red-heads is Billy Boyd Howeth. His staunch character and his infallible personality make him liked by all. The ready smile and laugh that he has with him helps out too.

Billy took Agriculture in his Freshman, Sophomore and Junior years. He was Parliamentarian of the FFA club his Junior year. Sports other than P. E. haven't attracted Billy much, but he did come out for basketball his Junior year.

"Bill" has no definite plans for the future. Hunting and fishing are his two hobbies which he does very much.

He is the son of Mr. and Mrs. Howeth.

That tall, dark Senior with the black, wavy hair is Olen King. He is very popular and his winning personality and polite ways have a great deal to do with it.

Sports are a cinch for Olen. They are his hobby and he can do most anything from boxing to tennis. Football and basketball enter very much into his activities too. He lettered in Football this year and in basket ball the last two years. "Oli" is the champion of singles in tennis for HHS and many have wived be-

fore his wicked "serve." As much of his time as sports take up, he still manages to have time for all school activities. He is one of the most loyal supporters of the Senior class and Olen is Reporter for the 'H' Club and secretary of the Senior class. Olen moved here from New Mexico during his Junior year. He is already in 1-A so his future is pretty well set for Uncle Sam.

He is the son of Mrs. W. B. King. Good luck, "Oli!"

The Freshmen's trip to Stamford to see "Wilson" turned out rather wet. All our plans for a picnic at Stamford Park were shattered when a rain-storm appeared and forced us to be satisfied to eat our lunch in our activity building. Although we were disappointed about our picnic we enjoyed the trip and the show "Wilson." We want to thank those who let us go to Stamford and let us have a special skating party in the gym to raise money to buy the food for our picnic.

JUNIOR JAZZ
Five more weeks of school! Junior-Senior banquet! And football jackets are here! Who could ask for more!

"The five Junior boys that received football jackets are WONDERFUL!" Quote the Junior girls. By the way, the boys are Rice Alvis, Felton Everett, Tommy Harrell, Jake Whitaker, (Eddie Bess) and Charles Greenway!

What does Elaine mean when she says "Get About Chapman"? It could be because Mildred switches boys every week. Could be.

Felix, it seems to me you are a destructive boy! Do you know what I mean, S. L.!

The reason Jane is walking on air is because of the F.F.A. banquet. Father and Son Banquet. I wonder who shall be her "daddy" that night.

Got to stop—six weeks test.

SENIOR SLAUGHTER
My, my! Have you ever seen such an excited student body? With the Junior-Senior banquet, the Regional Track Meet and the Senior play coming off, who wouldn't be?

Congrats to Lloyd (Genius) Kennedy for the highest English score in the Senior Class!

To "Red" Welsh, who has changed that traditional "black and gold" jacket for "Navy blue." Best of luck! We'll be a "missin'!"

Mr. and Mrs. Jess Place spent last week-end in Port Arthur visiting their daughter-in-law and grandson, Mrs. Pete Place and Phil and other relatives and friends.

Mrs. O. J. McCain, Mrs. Weldon McCain and Sandra, Mrs. I. W. McCain and Herbie and Mrs. Ora Yarbrough were shopping in Abilene last Thursday.

E. B. Wharton transacted business in Dallas last week.

Mrs. W. L. McCandless and Lt. Maud Williams were the guests of Mrs. Floyd King in Haskell last Wednesday.

Mrs. John May of Knox City was a Rule visitor Thursday of last week.

Mr. and Mrs. Festus Hunt spent last week-end in Chillicothe the guests of her sister, Mrs. J. J. Williamson and Mr. Williamson. They were accompanied home by their daughter Donna, who had been visiting her aunt and uncle in Chillicothe.

Little Miss Robbye Nelle McCain of Pecos is spending a weeks vacation in Rule visiting her grandparents Mr. and Mrs. O. J. McCain and Mr. and Mrs. Robt. McCaul and other relatives.

Mrs. Newt Cole was a Haskell visitor last Friday.

Mr. and Mrs. Virgil Hunt were visitors in Clyde Monday.

Mr. and Mrs. Harry Yates of Stamford were Sunday guests of her parents, Mr. and Mrs. R. W. Cole in Rule.

Mr. and Mrs. Leslie Lewis spent last week-end in Memphis.

SISTERS FROM WEINERT MEET RECENTLY IN WASHINGTON
Marcelle Therwhanger, Ph. M. 2-C of Brooklyn, N. Y., recently spent the week-end in Wash-

ton, D. C. visiting her sister, Margaret Therwhanger, who is employed by the Army Service Forces (non-military) in the Pentagon building, office of General Somerville's staff.

This was the first time the girls had seen each other in over a year. Margaret left March 17 with 23 other girls from Abilene. She wrote of the Sunrise Easter service at the Lincoln Memorial where thousands of people met, then at the eleven o'clock service she went to the Mount Vernon Methodist Church which was wonderful with hundreds of Easter lilies for the five hundred men

be very excited over his homecoming.

A MYSTERY
By Keyhole Katty
Say did you ever see the like of grades. Boy, it's a good thing that we just have one more six weeks. Since there is a shortage of paper it seems foolish to have report cards, don't you think?

Say, Jack Akins, how's about letting us in on the news? Just who is this girl named Dorothy? Either give us the dope or else don't leave such letters in sight!

What's in a date? Well, Bonnie Faye and Roy Glenn seem to know—it seems they have a very special date on January 23, 1951.

What Sophomore girl made this statement? "Ha, I've got his bracelet and also I've got him?" It couldn't have been Dorothy Tolver could it? We think it could!

Gee! We're sure glad to have Tommie and Hartsell back but we can't be happy without Scamp!

Ruby, I hear your Lieutenant kinda slipped up on you Saturday night. My, goodness! That's what you get for always having a date. What's wrong, you don't seem to

WORD comes from Washington that the fat-salvage problem has got to be licked in the small cities, the towns and the farms.
We women have to save enough used fats from our kitchens to help make munitions, medicines, fabrics, soap for military and civilian use, and many other essentials.
The job, to date, has been done largely by city people, because arrangements for collecting the fats were made in the cities first. And these city folks are turning in more than twelve million pounds a month!
Now we're called on. And will the women on the farms and in the towns and small cities break that record?

One Hundred Camp Fire Girls Take Part In Grand Council Fire Observance

More than one hundred Camp Fire Girls took part in the Grand Council Fire held in the auditorium of the First Methodist church Monday April 16 at eight o'clock.

The girls made their entrance to the music of chimes played by Mrs. O. E. Patterson. Following the Hand Sign of the Fire the Camp Fire Chorus sang the Camp Fire Doxology. The Wobelo Candles were lighted by members of the Tandra Shandah Group, as well as the thirteen candles to Beauty. The chimes rang out between the lighting of each of the candles. The Camp Fire Chorus sang Nature Hymns.

Raynell Godfrey, Mary Emma Reeves and Doris Jean Norton, members of the first group of Camp Fire organized in Haskell in March, 1944, received the rank of Firemaker. The girls did this in less than a year which is most unusual. Mrs. Shelley Royal is the Guardian.

The first rank was taken by members of the Tandra Shandah and Dawana groups, the Trail Seekers rank having been completed in the six months since their organization. Mrs. Claud Harrison is the Guardian of the Dawana group and Miss Sue Pate is Guardian of the other group.

A new Camp Fire group with its Guardian Mrs. Aline Cox, and assistants, Mrs. Rogers Gilstrap and Mrs. Burnett was received into the circle.

The Blue Birds, the junior organization of Camp Fire were given their membership ribbons by their leaders, Mrs. J. A. Byrd and Mrs. Bob Cracker.

Candles placed around a globe were lighted after the girls were told the part Camp Fire is expected to play at the coming World Conference in San Francisco when their representative, Mrs. John L. Whitehurst, past president of the General Federation of Womens Clubs will sit with the leaders of the nations to plead the cause of youth. She is the newest Camp Fire Chairman, that of World Friendship. In response to her request the president of each Camp Fire Group and a representative of the Blue Bird group made a wish and

lighted the candles for the girls of the world. Betty Oates, Betty Clifton, Marinda Robertson, and Doris Strain lighted the candles. The Wobelo Candles were extinguished by the Dawana group.

The leaders then came and lighted their candles in the Friendship Candles and then each girl was given a light for her white candle. When all were burning the girls sang Sheltering Flame, one of the songs written exclusively for Camp Fire. As the organ softly played the girls filed out with their burning tapers.

The guests were welcomed and the Council Fire conducted by Mrs. Fred Stockdale, Executive of the West Texas Area of Camp Fire Girls. The guests were invited to the activity building of the Methodist Church where they were served "Birthdays Cake" which had been baked by the members of the three groups. Thirty cakes were entered in the contest.

Those taking part were Bobby Ann Harkin, Mary Beth Payne, Patsy Toliver, Rose Johnson, Virginia Frierson, Betty Oates, Elizabeth Grissom, Gloria Oneal, Evelyn Livville, Nancy Free, Mary Ann Nunnelly, Nabela Hassen, Betty Lou Connally, Gala Marie Holland, Nancy Burton, Margaret Dowdy, Betty Clifton, Elizabeth Glass, Doris Faye Johnson, Dolores Brock, Mary Tyler, Ann Harrison, Jane Weaver, Donald Merchant, Sue Busby, Rowena Lanier, Betty Jean Firestone, Ida Nell McDonald.

Tashipka Camp Fire Group: Sally Sue Cox, Marinda Robertson, Margaret Kimbrough, Beverly Casey, Billy Brock, Louise Adams, Dawn Clifton, Delores Burnett, Betty Jo Herren, Patsy Perdue, Joan Darden, Ruzee Easterling, Sharon Firestone, Patty Jean Viney.

The Blue Bird Group: Jean Bass, Nancy Lee Brown, Terry Bynum, Mary Sue Byrd, Barbara Campbell, Janis Crocker, Beverly Gilstrap, Sherry Kay Hammond, Janelle Hunt, Helen Kimbrough, Wanda June Long, Dawanna Matthews, Betty Jane Melton, Annette Merchant, Barbara Mullis, Ilene Myers, Evelyn McNeill, Elaine Oneal, Paula Ratliff, Jeanne Redwine, Carol Ann Sanders, Louise Scheets, Kay Francis Starr, Mary Linda Stockdale, Doris Strain. This group is under the sponsorship of the Junior-Senior Magazine Club.

Winners in Cake Baking
Winners of the Camp Fire Cake Baking Contest were:
Tandra Shandah Group—First, Virginia Frierson. Second, Patsy Toliver; Third, Nancy Burton.
The Dawana Group—First, Mary Elizabeth Glass; Second, Ann Harrison; Third, Betty Jean Firestone.
Tashipka Group—First, Marinda Robertson; Second, Louise Adams; Third, Sally Sue Cox.
Judges were Miss Dorothy Anderson, Home Economics teacher, Haskell high school, and Miss Lena Cassell, Haskell high school secretary.

Evelyn Lewis Is Bride of Cpl. Cogburn

Mr. and Mrs. Leslie Lewis of Rule are announcing the marriage of their daughter Evelyn, to Cpl. Lee Cogburn, instructor at the Laredo Army Air Field.

The ceremony was performed by the Rev. Joe Amerine, pastor of the First Baptist church at Laredo, on March 31st at 8:30 p. m. in a double ring ceremony. The attendants were S-Sgt. and Mrs. John Hamilton of Wheeling, West Virginia.

The bride wore a street length blue dress with black and white accessories and an orchid corsage.

The bride is a graduate of the Rule high school and was employed at the Lubbock Army Air Field.

The groom is a son of Mr. and Mrs. Cogburn of Indianapolis, Ind., and is a graduate of Duncan (Okla.) high school and attended Lawton College.

The young couple are making their home in Laredo.

Ruby Marie Furrh Is Bride of Pvt. Elton Crow

Miss Ruby Marie Furrh of Weintert and Pvt. Elton L. Crow formerly of this city but stationed with the 701st M. P. Bn., Fort Custer, Mich., were united in marriage Saturday April 14th, Rev. Jordan Grooms officiating with the double ring ceremony.

Their only attendants were the groom's sister, Ora Faye Crow and Pvt. Clifford A. Thomas Jr., also home on furlough from the 701st M. P. Bn., Fort Custer.

The bride wore a blue crepe dress with white accessories. Her corsage was of sweet peas. The maid of honor wore a dress of lime green, her accessories were white with a corsage of carnations.

Mrs. Crow plans to join her husband in Fort Custer in a few weeks.

The bride is the daughter of Mr. and Mrs. B. Q. Furrh of Weintert, and the groom is the son of Mrs. Eula Crow of Haskell.

President Truman Sworn In As Successor To Roosevelt

With an entire nation in mourning, funeral service for the late President Franklin D. Roosevelt were held Saturday afternoon.

Death of the President occurred Thursday afternoon at Warm Springs, Ga., where Mr. Roosevelt had gone for a rest, following a breakdown in his health as a result of the tremendous burdens placed upon him.

Successor Sworn In
 Less than three hours after the death of Mr. Roosevelt, Vice-President Harry S. Truman was sworn in as thirty-second President of the United States.

President Truman, in his first proclamation, set Saturday as a day of national mourning, modified by the grim necessities of war. In his proclamation, President Truman urged all Americans to gather during the day at their places of worship and pay homage to the memory of his predecessor.

The post-office and all offices in the courthouse were closed during Saturday afternoon, and a majority of the stores were closed for a one hour period from 3 to 4 p. m. Saturday.

Flags will fly at half staff for 30 days throughout the United States and wherever the armed forces are deployed around the world.

WE COULD BE LESS CARELESS

A heartrending story came from across the Pacific the other day. A bomber crashed and a member of the crew was hopelessly trapped in the flaming wreckage. After a number of futile attempts to rescue, an officer among the horrified spectators, unable to stand the victim's screams longer, leaped up and ended the doomed man's life peacefully with his service 45. The officer was later exonerated at a military trial.

The foregoing incident was a tragedy of war. Yet it differs from similar incidents that happen regularly in peacetime only in respect to the method by which the person dying in the flames was put out of his misery. The ten-thousand-odd souls who die in fire in this country every year to it the hard way. They simply die until they are cooked.

If this sounds unnecessarily morbid and merciless, take a look at the nation's fire bill—upwards of half a billion dollars. When it comes to fire, America is really careless. We are careless in our homes. We are careless in our factories and around places of amusement. The result is fire destruction on a scale of almost unbelievable proportions.

We could do something about fire if we wanted to. We could be less careless. We could heed the lessons of experience and fire prevention authorities, which tell us over and over that real fire prevention is a highly individual business—a question of detail, of

putting out matches and cigarettes properly, cleaning up the basements and attics, keeping heating facilities in good order.

Most of these things could logically be done now. Spring is here and spring is clean-up time. Why not clean up right? Prevent fire, help save lives.

LET THE RED POINTS KEEP YOU OUT OF THE BLACK MARKET

There is talk of meat scarcity around the entire country. There is actual scarcity in many areas crowded with war workers and far from the main meat producing centers. Any scarcity creates a condition in which a black market can flourish. But no black market, scarcity or not, can exist without customers. Farm housewives who buy meat at the store, or from a neighbor can prevent the meat black market from getting a foothold in their community by paying strict attention to ceiling prices and to ration points. Farmers who do their own slaughtering, and sell some of their meat to friends and neighbors can also help by charging no more than ceiling prices, and by collecting ration points to turn into their Boards.

A community which has "plenty of meat," yet limits its meat buying only to the amount that can be purchased with its ration points, makes some of its "surplus" meat available for meat scarce areas, and for army purchase.

THE FOUNDING OF THE NATION

LESSON TEXT—Exodus 18:19-24; 19:3-8
GOLDEN TEXT—Righteousness exalteth a nation; but sin is a reproach to any people.—Proverbs 14:34.

God has a purpose for the lives of men and of nations. Happy are those who seek His guidance so that their lives may be directed in right and useful channels.

God's threefold purpose for Israel, which we noted in our lesson of last week, could only be worked out in a nation which was separated unto Him, following holiness in its life and service.

Moses, one of the greatest and most able figures of all history, was God's appointed leader. His success is explained by his willingness to follow God's leading. He sought:

I. God's Counsel (18:19).
Jethro, the father-in-law of Moses, having observed how he was burdened constantly by the affairs of the people, came to offer him advice. He started in the right place, by urging Moses to continue to seek God, yes, to spend even more time in the Lord's presence, asking His

wisdom and guidance. No man can lead a people in the right way if he does not have his own life in constant touch with the throne of God. Much of the failure of our day centers right there. We talk much to other men about our national and international problems. There are multiplied meetings and conferences. They do have value, but very little, unless there is a seeking of God's will.

A day of national repentance and prayer would do more for us than many weeks of discussion and debate. We need to seek God's counsel.

Note that the coming of Moses to God concerned the daily affairs of His people. That reminds us that not only the life of our nation, but that of our own homes—and our personal beings—all need God's counsel.

To aid Moses in administering the affairs of the nation, Jethro recommended the appointment of men who were to serve as:

II. God's Counselors (18:20-24).
There has been not a little criticism of Moses for accepting this advice. It is pointed out that when God puts heavy burdens on us, the way out is not to shift the load on someone else, but to seek God's special grace to bear it and to do it acceptably.

There is value in such an interpretation; but when one considers the devout and careful approach of Jethro to the matter (vv. 9-12) and his evident desire to glorify God in it all, there is ground for believing that he was giving Moses good advice.

The great unorganized host of possibly two million people were going through a very difficult experience. The result was dissension and strife, often over trivial things, which needed to be settled. For all this to come to Moses seemed undesirable; therefore other men were chosen to be counselors to the people, interpreting for them the law and the will of God.

While each of us should carry every God-given responsibility with gladness, that does not mean that we are to assume that only we are able to do things. There is no more tragic figure than the pastor or church officer who tries to do everything. Why not put others to work? How can our young people and new converts ever find a place of service if older Christians hold on to every job in the church? Let us train them; then trust them with real responsibility. Counsel, encourage, pray, direct if need be, but do not try to do it all yourself!

Ample Gasoline Available For All Farm Purposes

The farmer who needs gasoline to operate a tractor, or other piece of farm machinery or equipment, may apply this season as last, to his War Price and Ration Board, for his off-highway ration.

The farmer estimates the amount of gasoline he will need for the next six months, and the Board issues him the approved amounts in two instalments of "E" and "R" coupons. The first installment amounts to 70 per cent of the total. The remaining 30 per cent is issued if and when it is needed.

This year farmers, and other users of off-highway gasoline, will be asked to keep a delivery record, on which the supplier will enter all purchases made with "E" and "R" coupons. Beginning

Now we come to the solemn and crucial moment when God was ready to establish His people and they were ready to accept:

III. God's Covenant (19:3-8).
In the sacred and awe-inspiring meeting place before Mount Sinai, where the Lord was to give them His law (Exod. 20), they made a solemn covenant with God.

In preparation for it He reminded them of what He had done for them in the past. God is the unchanging One. If He was tender and gracious toward them in the past, they could enter the future confident of His blessing. And so may we!

Note verses 5 and 6, for they give us God's great purpose for Israel. All they had to do was to obey His voice by keeping His covenant. This they, in solemn assembly, agreed to do (v. 8). How different their history—and that of the world—would have been had they kept their promise.

We lament their failure, but what about us who are so highly favored that we have Christ in our midst? Are we obedient?

Following the making of the covenant (which God will one day fulfill in spite of their failure), we have the giving of the Ten Commandments, and the establishment of Israel's center of worship in the tabernacle. It was the dwelling place of God among His people. How precious!

HASKELL COUNTY HISTORY

Brief Items Taken from Old Copies of The Free Press

20 Years Ago—April 17, 1915

W. D. Wallace is to be the new manager of the local office of the West Texas Utilities Company, succeeding George T. Scales, who is going to Lubbock.

Many new residences are being built in Haskell. Roy Gilbreth is building a new bungalow on West Walton street and Andrew Shriver is having a nice home built near the high school, and Dr. Smith's new home is nearing completion.

County Agent Trice spent Wednesday afternoon with the manual training class of the Post school, helping them build a Johnson chick brooder.

The Haskell high school baseball team defeated the Goree team in a 13-inning game here Friday by a score of 7 to 6.

A farewell party was held at the Baptist Church Friday evening for Rev. Leon Gambrell, the pastor, who is going to Oklahoma City, and O. B. Norman, Sunday School superintendent, who is moving to Lamesa soon.

W. A. Dunwoody recently sold the Rochester Reporter to A. S. Harper of Knox City. Mr. Dunwoody will return to Alford where he will edit and publish the Alford News.

C. C. Goodman has recently installed a large DeLco plant for Joe S. Smith of Sagerton, which will be used to light several business houses in that city.

Dr. Bailey Collins of Wichita Falls spent the week-end in the home of Judge A. J. Smith.

J. O. Chitwood, who recently moved to the Plains and took charge of a large ranch near the state line, was a business visitor here this week.

T. M. Betts, a colored lawyer of Fort Worth, will make a public address on the courthouse lawn Sunday afternoon at 3:30.

A new addition has been added to the Rochester cemetery recently.

30 Years Ago—April 17, 1915

The people of Sherman have just completed and presented to Austin College of that city a \$50,000 auditorium.

Courtney Hunt

After recovering from shrapnel wounds, Marine PFC Russell Halsey, 21, Roselle Park, N. J., returned to action in the Tinian Islands, shot a Jap sniper but sustained a broken hip in the action. Twice War Bond funds have helped restore him to health, and Bonds bought and held are healing hundreds of other service men's wounds.

Marine Sgt. Don Baird, Monmouth, Ill., smiles because War Bonds bought and held at home speeded his recovery from arm wounds suffered in an attack across a dummy flight strip at Saipan. An enemy 77 field piece hit him.

During beaching operations on a Pacific island, an LST struck a mine. Mr. M. M., 1/C, 22, Sandusky, Ohio, sustained multiple fractures of both legs and held by folks at home have helped provide treatments to look to the day when he will walk normally again. More invasions are daily in that area with more and more casualties, men who need all the can supply.

May first the delivery record form will be issued by the Boards to non-highway users with their ration coupons.

A year ago the civilian supply was in serious danger. Now, such steps as coupon endorsement, scientific tests, at verification centers, inventory deductions from dealers who have turned in stolen or counterfeit coupons, are helping to plug black market leaks. The more careful check made possible by the keeping of a purchaser's delivery record of off-highway gasoline is in line with the general policy of taking all possible steps to see that civilian gasoline supply stays out of black market, and in the tanks of the people who have to have it for farming and other essential civilian needs.

Bonds Over America

CAESAR RODNEY
After a ride that rivals Paul Revere's, Caesar Rodney broke a tie vote in Delaware's delegation to the Continental Congress at Philadelphia on Lee's resolution for independence. Late on July 1, 1776, he arrived home after quelling a revolt in Sussex County where he received an urgent summons to Philadelphia. Mounting a horse, he rode through the night and arrived in the northern city in time to place Delaware with the other colonies backing the resolution. That spirit of service animates Delaware people in buying War Bonds today to insure liberty for future generations.

O'Brien Soldier At ATC Base in North Africa

ATC Air Base, Dakar, West Africa.—Pfc. Douglas Clay LaDuke, of O'Brien, Texas, a hard working and skillful operations GI is doing a job of which the North African Division of the Air Transport Command can justly be proud.

Knowing that the achievements of the maintenance section of the Dakar Base can only be realized by the combined efforts of every man, he has quite definitely registered results in the splendid record of his section. Without him and the cooperation of the aircraft mechanics and of all the shop men completion of the 50 hours' inspections of planes in five hours, instead of the usual eight, a rate maintained for 10 or more months, would be impossible.

As airplane mechanic, Pfc. LaDuke inspects and maintains transient and permanent aircraft. From Dakar planes must resume transportation of vital cargo, military personnel, or in some instances, of wounded soldiers to countries of the Middle and Far East, and in the case of

Two visitors and eight club members were present.
Visitors were Mrs. Dick Therwanger and Miss Edna Minnick. Members present were Mrs. Clyde Walker, Jack Walker, C. C. Childress, John Therwanger, Coy Hix, Durward White, Clyde Taylor, Guy Marshall and the hostess Mrs. Smith.

Warning Given On Delinquents of School Age
Because of the fact that there are numerous children of scholastic age that are not regularly attending school, and at the same time are not engaged in work of any nature, school officials and other officers charged with enforcement of the State school law are calling the attention of parents to the following Statutes:
"To Whom It May Concern: Notice is hereby given that the Statutes of this State provide requirements for school attendance for children between the age of 7 years and not more than sixteen years of age, as outlined in the

Statute governing such cases. "The Statutes of this State further provide that where no attendance officer is elected that the duties in connection with these Statutes shall devolve upon the School Superintendents and peace officers of such County or District.
"It has come to the attention of the parties responsible for the enforcement of these Statutes that many children of scholastic age are not attending school, as required by the Statutes of this State, and this notice is therefore given so that these children and the parents of these children may comply with the Statutes with reference to school attendance."
The above notice was signed by the Haskell Independent School District, J. Cleo Scott, superintendent; the following members of the board of trustees, W. D. Rogers, president; R. L. Burton, secretary; Frank Spencer, E. A. Howard, A. M. Turner, and Clay Smith; Mrs. Iva Palmer, County Superintendent; Mart Clifton, Sheriff; and J. H. Ivy, City Marshal.

Bluebirds Meeting Held Friday Afternoon
The Blue Birds met Friday afternoon at the High School Activity Building to plan for their part in the Vesper Service on Sunday and the Council Fire on Monday.
Jagis Crocker and Helen Kimbrough were hostesses for the meeting.
In addition to practicing for the special Camp Fire services, we continued our work on the cartoon books.

We had two guests at our meeting, Leada and Tommy Kay Stone of Abilene.
The following girls were present: Mary Sue Byrd, Barbara Campbell, Janis Crocker, Helen Kimbrough, Wanda June Long, Betty Jane Melton, Annette Merchant, Barbara Mullins, Irene Myers, Evelyn McNeill, Carol Ann Sanders, Kay Francis Starr, Doris Strain and Phyllis Underwood.
Major Littlefield, Regent of the University of Texas, and donor of the famous Wrenn library, died within two years of its opening.

Bonds Over America

DEVIL'S TOWER
The first national monument, Devil's Tower in Wyoming, stands as a sturdy emblem to this nation's policy of creating parks for the free enjoyment of citizens. The purchase of War Bonds keeps supplied the fighting forces engaged in protecting this land of ours and its glories. More than 20 million years old, the "lava blister" rises 985 feet above surrounding terrain. Its diameter at the base is about 1,000 feet. Sagebrush, ferns and grass flourish on the summit. Will Rogers and his wife, natives of the vicinity, climbed it in 1893. U. S. Treasury Department
