Awarded Silver Star

Cpl. R. Lee Gannaway of this city was recently awarded the Silver Star for gallantry in action when U. S. troops invaded Arawa in the Southwest Pacific. He is the son of Mr. and Mrs. R. C. Gannaway of Haskell and has been in the service since 1940, and has served in the Southwest Pacific for the past 21 months. In a recent letter Cpl. Gannaway said he had received a kit from the Red Cross containing stationery and many other useful articles.

FARMERS ASSURED PRICE SUPPORT ON THIS YEAR'S CROPS

Price Schedule Continued By Action of Congress Recently

Assurance to Haskell county farmers that they can go ahead with an all-out production program this year without fear of a collapse in prices was given this week by John W. Brock, chairman of the County AAA Committee, who reviewed price schedules which were made effective by Congress' provision for carrying out the support price program.

A brief summary of the support price program for principle farm products grown in Haskell County is given below. Complete information on methods to be used for supporting prices on the various commodities may be obtained at the County AAA office or from community AAA committeemen.

WHEAT—Non-recourse loans at 85 percent of the parity price as of July 1, 1944 on wheat stored on farms or in warehouses.

COTTON—Non-recourse loans at 90 percent of the parity price as of August 1, 1944 on cotton stored on the farm or in warehouses.

PEANUTS—The War Food Administration will be the only authorized buyer of the 1944 crop of peanuts and will enter into contracts with shellers, crushers and producer cooperative association under which they will agree to purchase peanuts from producers for the accounts of the Administration at \$160 per ton for Spanish, Virginia and Valencia types and \$145 per ton for runner types.

GRAIN SORGHUM—Non-recourse loans on grain sorghums stored on farms or in warehouses at 95 cents per bushel No. 2 or better—a deduction of 7 cents per bushel for warehouse storage is paid through April 30, 1945.

HOGS—The W.F.A. will support until September 30, 1944, the price on good to choice hogs weighing 200 to 270 pounds at \$13.75, Chicago basis, and from October 1, 1944, through March 31, 1945 hogs weighing 200 to 240 at \$12.50. Good to choice hogs weighing 270 to 330 pounds will be supported for a limited period at \$13.75 Chicago basis.

EGGS—The W.F.A. will support prices to producers for eggs at 90 percent of parity price, but in no event less than a U. S. average farm price of 30 cents per dozen in the spring and early summer, and an annual average U. S. price of 34 cents per dozen.

BUTTER—U. S. Grade A or 92 score, 46 cents a pound, Chicago Illinois, basis.

Banks to Cash In On Boost in MO Order Charges

Banks are preparing to capitalize the competitive windfall that has fallen into their laps because of the steep increase in postal money order rates voted by Congress last week. Some already have increased their appropriations for advertising this department. They also will publicize in their offices the savings depositors and other may make through using banking rather than postal facilities.

Heretofore the banks always have enjoyed a rate advantage over the post-office in large remittances. Now for the first time they can undersell the Government on small ones. Under the new federal money order rate schedule effective March 26, postal money orders will cost 10 to 35 cents each according to amount compared with the 6 to 22 cents schedule of charges now in effect.

'V' Marked Egg Believed Omen of War's Ending

Mr. and Mrs. M. L. Sowell, who live on Route 2 out of Goree, Texas, believe they have found an omen of early victory in the present war in the form of an egg laid by a White Leghorn hen which had a perfect "V" embossed on the shell. Mrs. Sowell noticed the egg when she gathered the hens Tuesday morning from her flock of White Leghorns.

Leads Thunderbolt Flight Squadron

AN EIGHTH AAF FIGHTER STATION, ENGLAND—Captain Shelby J. Harris of Haskell, Tex., flight leader in a P47 Thunderbolt fighter squadron, is now flying as a member of a group furnishing protective escort to the AAF's heavy bombers hitting Germany's war production centers. His group is led by a fellow Texan, Lt. Col. Thomas J. J. Christian, Jr., of Sulphur Springs. A graduate of Texas Tech and a conservationist with the U. S. Soil Conservation Service before he joined the AAF, Capt. Harris began his primary flying instruction at Pine Bluff, Ark., in April 1942. From there he went to Randolph Field, Tex., for basic training and to Lake Charles, Fla., for advanced courses. He was commissioned a second lieutenant upon his graduation from Lake Charles on Nov. 10, 1942. The 24 year old fighter pilot was promoted to first lieutenant on April 21, 1943, and attained his present rank seven months later on Armistice Day. He is married to Mrs. Clothilde J. Harris of 1307 Ave. X, Lubbock. His parents, Mr. and Mrs. Shelby Harris live in Haskell, Texas.

Surgical Dressing Chairman Needed By Local Chapter

The Haskell county Red Cross chapter is below its quota of surgical dressings requested by the Army and Navy. Mrs. Carl Power chapter chairman, said Wednesday, and she expressed doubt whether the assignment given the local chapter could be met on schedule.

"We have plenty of material to be made into the required articles, but so far we have been unable to find anyone who will serve as Surgical Dressing Chairman to direct this work," Mrs. Power explained, in expressing the hope that some Haskell woman would volunteer for the post which is strictly a supervisory position but one that is required by the National Red Cross organization and the Government to insure that strict regulations are observed in making the surgical dressings.

Red Cross chapters have been called on to furnish 90 per cent of the dressings needed for wounded servicemen. Mrs. Power explained, and for that reason the Red Cross confidently counts on "home front" support to carry out the assignment given it.

Announce Birth of Daughter—M-Sgt. and Mrs. Paul A. Kuenstler are announcing the arrival of a daughter, Sandra, March 25 at the Haskell county hospital. Grandparents of the little Miss are Mr. and Mrs. Paul Kuenstler of Haskell and Col. W. A. R. Robertson of Washington, D. C. Mrs. Kuenstler has been overseas since February.

To Speak Here

Miss Harriett Dively, associate field secretary of Camp Fire Girls, will speak during the assembly period in Haskell high school Friday, April 21. Miss Dively will spend two days in Haskell in the interest of the work of the Camp Fire Girls.

FREEZE BLASTS PROSPECTS FOR EARLY GARDENS

Return of Winter Spoils Hopes of Early Spring Gardeners

Potential fruit crop in Haskell county was cut short this week when winter paid a return visit, bringing freezing temperatures to this section Tuesday night and blasting hopes of early Victory gardeners who had peas and other early vegetables already up in their gardens.

A large part of garden crops are expected to survive the freeze but there is little likelihood that any appreciable amount of fruit from peach, pear, and plum trees would come through the spell. The freeze is believed to have caused some damage to grain crops, especially where the grain had reached a rank stage. County Agent G. R. Schumann said, however, not many fields in the county had reached such an advanced stage, he pointed out. In most cases, fields planted to wheat and oats had been kept grazed down during the winter months, he said.

Singing Will Be Held at Roberts on Sunday Night

The regular Sunday night singing will be held at the Roberts church northeast of Haskell Sunday night April 2, and all singers and lovers of music are invited to attend and take part. One hundred new song books have been received and will be available for use during the program.

Mrs. Dert Harrison and daughter Shirley, and Mrs. Ora Stovall of Coleman spent the week-end with relatives and friends in Haskell.

Annual City Election Will Be Held Tuesday

Demonstration of Tree-Sawing Will Be Given on Lowe Farm

New Method of Clearing Pasture Lands Will Be Shown

A demonstration of the use of a power saw in the clearing of mesquite from pasture lands will be held Monday April 3, from 1:30 o'clock to 5 p. m. on the E. R. Lowe farm near Haskell. The farm is three miles southeast of Haskell and is known as the Buck Kendrick place.

Representatives of the factory will be on hand to demonstrate the use of the machine. Similar demonstrations have been held in adjoining counties in the past, but this will be the first time that the method has been demonstrated in Haskell county.

The power saw to be demonstrated is made with an attachment to fit nearly all types of farm tractors. The demonstration will be open to the public and anyone interested in seeing the saw in operation can do so if they will visit the Lowe farm Monday afternoon.

Promoted to Major

MAJOR JOHN E. FOUTS

Haskell Fighter Pilot Promoted to Rank of Major

FROM AN AIR BASE IN INDIA—Announcement is made of the promotion of John E. Fouts, Jr., 28, Haskell, Texas, from Captain to the rank of Major in the Air Corps.

Major Fouts has served with the Army Air Forces for 3 years and 6 months, enlisting in July 1940, Spartan, Okla. He has been in India for 18 months serving with a Fighter Squadron of the Tenth Air Force.

Major Fouts served at army posts at Randolph, Kelly Field, and in Puerto Rico.

He has been awarded the Distinguished Flying Cross and Air Medal for extraordinary and meritorious achievement in aerial flight.

His wife Mrs. John E. Fouts, resides at 2841 Ave. H, Ft. Worth, Texas.

OFFICERS OF RED CROSS CHAPTER TO BE NAMED APRIL 7

Annual Election Will Be Held at Meeting in Courthouse

The annual election of officers for the Haskell county chapter of the American Red Cross will be held Friday evening, April 7th in the district courtroom.

The meeting will begin at 8 o'clock p. m., at which time the nominating committee will submit their report, and all members of the chapter are urged to be present. Chapter officers elected at this meeting will serve for one year.

Post-War Plan of WTCC Explained At Meeting Here

Max Bentley, Activities Director of the West Texas Chamber of Commerce met with representatives from various communities of Haskell county March 24th at the Chamber of Commerce office to explain the fundamentals and purpose of organizing an Inter-County Agricultural and Improvement Contest as planned by the West Texas Chamber of Commerce and offered to all West Texas counties who care to participate.

The contest is offered as a post-war precaution as well as a present day help. He explained, the contest is assigned to three major divisions, namely: land and water conservation and utilization, agricultural and livestock production, and agricultural and livestock improvement.

The representatives were wholeheartedly in favor of the contest as a betterment of our own county's production. A temporary planning board was set up as follows: G. R. Schumann, County Agent, as Chairman, R. B. Crocker, AAA Administrator as Secretary, with D. E. Brown of Rochester and T. C. Cahill of Haskell representing the farmers and stockmen, D. M. Russell of Rochester representing Vocational Agriculture, and Jno. A. Couch representing the Chamber of Commerce.

Friday night, March 31, has been set for the appointment of the officers and committee who are to serve on the planning board.

Announce Birth of Daughter

Word was received here this week that Pvt. and Mrs. Andrew J. Stone are the parents of a baby daughter, Andra Gayle, born on March 24. Mrs. Stone and daughter are making their home in Graham at present. Pvt. Stone has been overseas since October and is stationed somewhere in Northern Ireland. Grandparents are Mrs. J. T. Stone of Haskell and Mrs. J. W. Cole of Graham.

Majority of Administrative Posts To Be Filled In Election

With a majority of the City's administrative offices to be filled for a two year term, the annual City Election will be held in the city hall Tuesday April 4th at which time qualified voters will ballot for selecting a Mayor, City Marshal, City Secretary and three Aldermen.

Joe A. Jones has been appointed presiding judge for the election, and the polls will open at 8 a. m. Tuesday.

Eleven names are listed on the election ticket for the four offices to be filled. These include:

- For Mayor—J. E. Leflar for reelection, and John A. Couch.
- For City Marshal—J. H. Ivey for reelection, B. W. Grooms, Arthur Hays and A. L. Conner.
- For City Marshal—J. Belmont Duncan, for reelection.
- For Aldermen, three to be elected—Hallie Chapman and J. M. Crawford for reelection, A. C. Boggs and R. A. Lane.

FUNERAL RITES FOR MRS. MULLINS, 71, HELD HERE SUNDAY

Death Occurred Saturday at Family Home Following Brief Illness

Mrs. Bettie Ann Mullins, 71, wife of W. J. Mullins, died at the family home in the Gilliam community last Saturday morning at 9:30 o'clock after an illness of only a few days.

A resident of Haskell county since 1916, when she and her husband brought their family to this section from Robertson county, Mrs. Mullins had been an active member of the church of Christ since 1921. Deceased was born June 29, 1872 in Robertson county and after reaching womanhood she married Mr. Mullins Oct. 26, 1897, and they made their home there until coming to Haskell county.

In addition to her husband, Mrs. Mullins is survived by seven daughters and two sons, Mrs. Larry Smith, Mrs. Horace Hood and Mrs. Willis Amnett of Haskell, Mrs. V. A. Pack of O'Brien, Mrs. P. O. Amnett of Floydada, Mrs. M. M. Cobb and Mrs. Kenneth Strickland of Haskell, Johnnie Mullins of Rule and George Mullins of Haskell; one brother W. H. Meadors of Dallas, and a sister, Mrs. Ellis Hampton of Houston. Thirty-six grandchildren and sixteen great-grandchildren also survive.

Funeral service for Mr. Mullins was conducted at the Church of Christ in this city Sunday afternoon at 4 o'clock, with Floyd J. Spivy, local minister officiating. Interment was in Willow cemetery with Holden funeral home in charge of arrangements.

Pallbearers were E. B. Calloway, Tommie Parks, Clay Kimbrough, Jr., Jasper Wheeler, T. A. Rhoades, I. S. Grindstaff, Jr., John L. Grindstaff, Johnnie Beckler.

Seymour, Goree Postmasters Are Given Sentences

Convicted in Federal Court in Wichita Falls Monday were former postmasters Wallace B. Alexander of Seymour and Levi C. Cowser of Goree on charges of embezzlement. Both entered pleas of guilty when arraigned before Federal Judge William H. Atwell.

Each of the postmasters were fined \$520.21 and assessed 60 days in jail. Alexander, 55, postmaster at Seymour, had been indicted on a charge of converting \$520.21 to his own use Jan. 28. Levi C. Cowser of Goree, where he was postmaster, was indicted for embezzling \$526.52 in December, 1943.

Mr. and Mrs. J. L. Dilbeck, Billy Alton and Mrs. C. F. Graham visited relatives in Fort Worth the past week.

Mrs. J. K. Stoker and Mrs. Oen Phippen and daughter Betty of Abilene visited Mrs. F. L. Peavy Friday of last week.

Glimpses of The Favorites

That dashing superman of the seniors, M. L. Cook, is the Football Hero of Haskell High. A good looking and a good sport, "Cookie" does all right for himself.

His favorite sport is football and sports (especially football) is his only hobby. After finishing school this spring, M. L. plans to join the Merchant Marines.

M. L. is a member of the Zombies—that "much-heard-of" Civic Club. He played football his senior year and came out for track in '42.

He is the son of Mr. and Mrs. A. T. Cook of this city.

Basketball Boys Receive Awards

In Assembly Tuesday, the Basketball boys who have stood up for Haskell in a very good way on the Basketball Court, were awarded Sterling Silver Basketballs with the letter H in raised letters on them. Each boy who lettered this year received one of the basketballs.

Presented by Mr. Roberson, our very able Coach, these awards were significant of the boys good sportsmanship, ability and willingness.

Basketballs were presented to: Claud Helweg, Hartill Everett, Joe Bob King, Gerald Welch, Tommy Foster, Earl Smith, Tommy Harrell, Lawrence Seelig, Charles Greenway, Jerry Johnston, Olen King, Otto Peiser, Truitt Reeves.

The boys are very proud of these awards and will keep them as one of their most prized possessions.

The Atlantic Ocean lies west of the Pacific at Panama.

The More The Merrier

Have you heard?? By way of "ye ole grapevine" your nose news-hound heard that Lloyd Tankersley was keeping his eye on Uncle Sam's Navy. We'll sure hate to lose Lloyd and hope he will change his mind.

You've really missed something if you haven't seen that "sparkler" on Carolyn's third finger RIGHT hand. You scared us there for a minute gal.

What's this we hear about "Cookie" having it bad for a certain little Junior girl. That's just a little bit of right, M. L. Keep up the good work.

If we haven't done so a long time ago, we want to welcome Maxie Rhea Casey into the Senior Class. If we have pardon us, but it won't do any harm to tell her again how glad we are to have her.

Well, well, well, if we don't have a Movie Star right here in our own Senior Class. Doesn't that make us seem important. Yes, V. A. Brown played the role of the villain in the picture made in our community. No kidding, V. A. you did a mighty good job.

We're mighty proud to have Janice Pace back with us after an illness that lasted about a week. It just didn't seem like the old school house without Janice's bright and shining face.

What has Pat Speer got that all the girls go for? Well, all (at least several of our local gals) are trying to go "steady" with Pat. But he just doesn't give them a second thought. Come on, Pat break down and "give" with the charm.

Have any of you wondered why

Ylene Quattlebaum seems so oblivious to our Senior boys? Well I know why and with a little persuasion I might be inveigled into telling that she's "saving herself for Bill." And quite a Bill for my ideas.

For more low-down, just wait till next week and we'll let you in on some more "tasty little morsels of gossip".

SOPH SOUP

The Sophomore class, especially Elwanda, is certain glad to welcome Dan Guest from Grand Prairie to Haskell.

Confidentially everybody don't you think it is rather unpatriotic to let air out of tires. Come on kids, let's don't do it any more.

Thanks to the B.Y.F.U. certain members of the Soph class and lots of others certainly did have a swell time last Tuesday night, what with roasting weiners, and playing games. Here's hoping there's lots more nights like that, don't you?

Hey, don't you all think it is rather public to pass letters around during an English class, especially to boys, how about it Lora Jean?

Say, Gerald how come you so scared of a certain cute little soph. Couldn't be she knows something on you, could it? Shall we say blackmail?

Hey you kids, could anyone tell me where Elaine picked up the nickname "Cookie"?

V. R. S. why don't you wake up and live! I know a Soph that just simply thinks you are wonderful. (Namely E. D.)

Patsy, why don't we ever hear anything from your way? Are you trying to keep your boy friends in the dark? Pretty good for anyone.

Elaine sure does like to play tennis a lot. But she doesn't appreciate everyone aiming the balls at her head. Well, keed, guess you'll have to start slugging.

Lora Jean why don't you go for the soph boys? It seems quite a few go for you. Well, you're probably smarter than I am.

FRESHMAN FUNNIES

Ervin, what model airplane are you going to make next?

Corzine and King, pretty cute match, eh kids?

Wanna Lobster, Mister?

This little Indian boy fived into the sea and returned with this lobster, which he graciously offers to Pvt. H. Fordy, of County Durham, England. The village to which the little turbaned lad belongs was recently visited by 50 British soldiers, who toured the fishing hamlet, hundreds of miles from anywhere, and were later entertained by the villagers.

Raynell, you draw the cutest dolls.

What's this we hear about Margie getting letters from soldiers?

The thirteen Lucky Ladies all enjoy having Raleigh Conner in our class; now we have thirteen boys. Is that lucky or not?

The freshmen's newest organization is Cahashi (pronounced Ca has e), 17 members and big plans ahead! The boys are wanting to set in too—we'll set what we can do boys!

Wonder why Ola Murl likes to play tennis after school?

C. W., do you like small shoes with green laces in them?

We never hear anything from Finis. What's the matter boy, are you bashful?

Edna's own true romance is now in the Navy. In case you don't know who we mean, its W. C. Nance of Munday.

Wchder why Herbert dresses up so on Sunday? Is it a girl?

Tommy seems to be rushing you, Catherine, that basketball around your neck is so pretty and sorta proves it.

Joyce said she heard something last night while reading. Do you know who it was, Floyd?

A certain boy in Mrs. Stockdale's class was eating candy. I wonder who it was. I think we know don't we Bobby?

JUNIOR JUNK

Ge, Wilkens! Aren't these Spring holidays the most glorious we've ever had? The only cloud in the sky is returning to school next Monday, don't you agree?

During the Spring holidays, many H. H. S. students "flew the coop"! Jane, Duval, and Sarah chased down to Spur; Horace, Wallace, Duty and "gobs" of others journeyed down to Stephenville and Austin; not to mention the many others who ran over to Dallas and Fort Worth!

Boy! Those football jackets are the snazziest things! They are absolutely the best ever! But then, they belong to the best boys ever! (At least 95 percent of the girls think so!)

Isn't Spring a most wonderful time to patch up one's love affairs? At least Anne Dean and Curly Bird think so! But mark my words, Curly, Lloyd Kennedy is still on the loose!

I am still walking on a pink cloud from that divine dane last Friday! I really think it was the best one! It was really super!

I guess Haskell was doing all-right at the district meet! Eh, what? Our boys were really on the beam! And aren't we proud of them!

Did you notice all the smiling, but very blistered faces lately? After effects of the tennis mat-

From The Ex-Seniors

Several people have asked us: "Where is John Doe", or "How is Sally doing at school?" So we have decided to give you a hint about some of the Seniors of a year or two back.

Tommy Davis is a Private in the Air Corps and is going to school in Kingman, Arizona. Tommy has qualified as an expert gunner and (if he goes across) will make many a Jap unhappy.

Shirley White is in Fort Worth "working for her salt" and liking it fine. Rumor has it that "the most beautiful girl of '43" is about to make the trip to the altar.

Albert Holcomb, an Air Cadet now, is in Primary school learning to be a Bomber Pilot, at Santa Maria, California. Albert has really made good and should be back to see us in June—a Lieutenant.

Pearlita Ivy is a student at Abilene Christian College and is making a big success of her work. A. C. C. should be very glad to have Pearlita.

Dan McClintock, a Naval Aviation Cadet, at Arlington, was formerly a student at Texas University. Recently, however, he joined the Naval Air Corps and is doing very well in his work.

Betty Jane "Stinkie" Isbell is a loyal "Red Raider". At Texas Tech, Betty Jane is a Business Administration major. She was home last week-end, just as full of pep as ever.

Frank Smith is in the Navy and is already seeing action in the Pacific. We don't know exactly where Frank is but we'll bet wherever he is, he's making it "hot" for the Japs.

Also at Texas Tech is Patsy Pearsey, a major in Home Economics. Patsy is another of those gals that "are claimed by engagement rings". We've got plenty of confidence in Pat and know she'll make a success.

Lynn Williamson, in the Seabees, is also seeing action on foreign soil. We can't tell you where but we know the Seabees are proud to have Lynn.

We'll be back next week with more news of the Ex-Seniors. Drop around again this same time next week.

Help Us Fill The Trophy Case

Up to date we have 20 pictures of Service Men in our Trophy Case. You can see for yourself that there are many more that we do not have. YOU are the only one who can help us. Won't

you bring the picture of Your Serviceman today?

At present we have pictures of: Buford Barton—Army. Vernay Burson—Air Corps. C. G. Burson—Navy. Cecil Bradley—Army. Roy Clay Brock—Coast Guard. Jerry Cahill—Navy. Jerry Carr—Navy. Edwin Cass—Army. Tommy Davis—Air Corps. Gordon Johnston—Navy. Cullen Heath—Army. John Miller—Army. Veltan Moore—Marines. Theo Moore—Air Corps. T. R. Odell—Marine Air Corps. Charles Reeves—Air Corps. Cecil Reeves—Air Corps. Edd Williams—Army. Let's fill the Trophy Case full of pictures of our boys in the service. Help us NOW!!

Football Jackets Received

When Mr. Scott called a special assembly of the students of H. H. S., the faces of all began to light up and shine as they saw the boxes in which the football jackets were packed. Above the noise and confusion, the name of the player was called and his jacket given to him. As the players stood before the student body, we found that the jackets were, of course, black and gold. Black bodies with gold sleeves, collar, and band around the bottom. The stripes adorned the collar and the sleeves. An H worked in gold chenille is seen in the upper right, with black stripes indicating the number of years the player had participated in the activity. The following boys received a jacket:

Claud Helweg, Vaughn Ray Stuart, Raymon Mobley, Lonnie Roy Davis, Royce Adkins, M. L. Cook, Leon Dodson, Joe Bob King, Pat Speer, Hartill Everett, Gerald Welch, Tommy Ray Foster, Dick Bischoffhaus, Wallace Henshaw, Otto Peiser, Truitt Reeves.

The girls who were being selected by the boys to help out with the tickets, but at the play in Don't you agree with us made a nice selection.

Dope An' Stud

From all appearances our girls, by accident, lost ter. "Gee I wish—" you had better be careful.

These basketball boys rowing from everyone I Tommy Ray has asked for shirt and Claud asked for TELL 'EM CLAUD.

Say have you noticed the is wearing not one, but two basketballs? How is she ing when some of us are to touch them?

Deen and Horace are making a good showing now; therefore we are they will put H. H. S. when they return from Saturday with high hono cause they are sure to be typing contest. Good job

Senior Spotlight

Joyce Sego
Joyce is the attractive daughter of Mr. and Mrs. H. H. Sego of Haskell. This is her first year to attend Haskell High, and we are glad to have her among us. She has been a member of the Gypsy Ramblers and the Zombies. During her years at Rochester, she was a member of the Home Ec. Club and also the Civics Club. Joyce says she has no particular hobby but we do know she is busy all the time with something. She plans to go either to Hardin Simmons or to a business college.

Joe Bob King
Joe Bob King, "Dusty" to you, came to Haskell High about the middle of his sophomore year. Since that time has had made many friends and has become an active participant of all school doings. He played basketball two years and was manager of the football team his senior year. After graduating from high school, "Dusty" plans to join the U. S. Navy. He is the son of Mr. and Mrs. F. D. King.

Raymon Mobley
Raymon Mobley, one of the most popular members of the Senior class, has attended Haskell Schools since the sixth grade. He played football two years and was Captain of the team last fall. He also had two seasons of track. He served as class treasurer in '41 and is now Student Council representative of his class. A two year member of the F.F.A., Raymon was Parliamentarian in '43. His plans are to join the Navy after graduating from high school this spring. His parents are Mr. and Mrs. R. Y. Mobley.

Don't Keep the Water Too Hot

It's hard on the heater and piping

ARE YOU taking good care of your water heater to make it last till we win this war? The factories can't make you a new one till it's over.

Nurse it along. Treat it as if it were the only one in town. It speeds up your wartime housekeeping and grooming at a surprisingly low price, because of your rich Natural Gas.

1. Don't set the thermostat too high; about 130 degrees is considered generally satisfactory.
2. Drain the sediment from your hot water tank at least once a month.
3. Keep burner adjusted.
4. Give your water heater "breathing space." The burner flame requires air for good combustion.

You Can Buy a Monel RUUD After the War

Nurses' Aides Notice Monel In Hospitals IT CANNOT RUST

"I'm certainly going to have a monel-metal water heater when the war is over," say many Nurses' Aides. While these volunteer workers are on hospital duty they see this silvery metal in action as serving-tables and laundry equipment, taking heavy treatment and coming up bright and perfect. Monel metal CANNOT rust. That's why parachute buckles, torpedo boat fittings, and other war goods are taking all the monel that's made these days.

But after the war you can buy the famous Ruud Water Heater with its tank of solid (not plated) Monel. It is so excellent that the factory gives you a 20-year guarantee against tank corrosion.

Maybelle Circle Meets Monday

The Maybelle Circle met last Monday, March 20, at 3:00 o'clock in the Naomi Bible Class room with Mrs. John E. Robison, Circle chairman in charge of a short business meeting.

With Mrs. John Fouts at the piano the mission study program opened by singing, The Great Physician. Mrs. Bert Orr gave the opening prayer. Mrs. V. A. Brown gave the devotional from the 2nd chapter of Daniel. Her subject was Nebuchadnezzar's Dream. How Daniel interpreted it, how the Kingdom of God took hold and he had dreams and visions of his own. How God did love him for his devotion.

Mrs. Walter Rogers led in prayer for the Kingdom of Righteousness on Earth. Mrs. John Fouts talked on Europe Today. The hope of God for permanent peace is challenging Europe. The wreckage of Europe must be replaced by the Kingdom of Righteousness if they arise out of today's wreckage, stated Mrs. Fouts as she further discussed this subject.

Christianity in Europe Today was Mrs. Charlie Quattlebaum's topic. We have had christianity in Europe ever since Paul by the riverside in Philippi won Lydia to Christ. "Why is Europe a wreck today?" she asked. Because this nation had not been true to God as Paul taught them. It would not be the broken, blighted continent she is today had it remained true for Europe had a perverted type of christianity at one time, continued Mrs. Quattlebaum in her talk.

Italy is one of Southern Baptist's oldest mission fields in Europe.

IF THROAT IS SORE

IF A COLD has given you a miserable sore throat, here's how to relieve the suffering.

DO THIS NOW—Melt a small lump of VapoRub on your tongue and feel the comforting medication slowly trickle down your throat—soothing the irritated membranes—bringing blessed relief where you want it, when you want it.

DO THIS REGULARLY—Rub throat, chest with VapoRub. Its long-continued poultice-and-vapor action loosens phlegm, relieves irritation, eases coughing, invites refreshing sleep.

Senior-Junior Magazine Club Has Regular Meeting

On Thursday evening, March 28th the Senior-Junior Magazine Club met in regular session with Mrs. Bill Woodson as director and Mrs. A. W. Cox, hostess.

The club house auditorium was beautifully decorated with bows of iris and flowering peach.

After a business session, Mrs. Bill Woodson presented Mrs. Fred Stockdale, who discussed "Religion in the Post-War World". Mr. Scott discussed "Freedom from fear, as promised through our government, through social security taxes and freedom of enterprise."

The Easter motif was stressed in the tea plate and was served to the following members and guests: Mrs. Willie Lane, G. P. Gipson, Joe Bowers, Fred Stockdale, E. M. Frierson, W. A. Lyles, T. R. Odell, Viars Felker, Garvin, Foote, A. W. Cox, Jim Ferguson, Crocker, Byrd, Newton, Taylor, Leon Pearsey, W. O. Holden, Bill Woodson, Cleo Scott and Mr. Scott.

Mothers Honored by Blue Birds

Mothers were guests of honor at a recent party given by the Blue Birds (Junior organization of the Camp Fire Girls, Inc.)

The Blue Birds met in their club room "Under the Eves" at the Mrs. Aline Cox home, who is leader of the group. They were assisted by Doris Jean Norton and Mary Emma Reeves, high school girls who helped with the group, make the clubroom ready for the soon-to-arrive guests. Then they decended to the kitchen where Mrs. Cox, Mrs. J. A. Byrd, Mrs. Ralph Merchant and Mrs. Thurman Bynum were waiting to lend a hand to the 23 little girls in popping the corn, fixing the lemonade and spreading the crackers with a cheese mixture and placing them, with the cookies, on the refreshment plates.

Each little girl received her own mother at the door and took her through the clubroom and served her.

Mrs. Fred Stockdale gave a talk on the scope of program and its purposes. Mrs. Stockdale served as Guardian, instructor in handcraft for National Training Courses, summer camp councillor in Camp Fire as well as private camps for girls near Kerrville.

Mothers who responded to the handmade invitations and visited while the Blue Birds washed the dishes and cleaned the kitchen were: Mrs. Bob Herren and baby, daughter, Mrs. John Clifton, Mrs. Clay Kimbrough Jr., Mrs. Charlie Redwine, Mrs. Gerald Schumann, Mrs. Crocker, Mrs. Byrd, Mrs. Cox, Mrs. Merchant, Mrs. Stockdale.

Mildred Mapes Becomes Bride of Sgt. Hathaway

Miss Mildred Mapes, daughter of Mr. and Mrs. T. M. Mapes of Haskell, became the bride of Sgt. Robert Hathaway of St. Louis, Missouri in a ceremony performed Thursday evening at 7:30 o'clock in the Frederick Army Air Field Chapel, Chaplain Walter officiating in the ring service.

The bride wore a rich fuchsia short formal dress with black accessories. Her corsage was of white gardenias. The bridesmaid, Miss Gloria Oberlander of Frederick, wore a green dress with black accessories and a corsage of white carnations.

Mrs. Hathaway is employed at FAAF in the sub-depot maintenance department and Sgt. Hathaway is stationed at this field. After a three day honeymoon to Oklahoma City, Sgt. and Mrs. Hathaway return to their posts of duty and will make their home in Frederick.

CORRECTION

In last week's paper under Haskell County's Red Cross Chapter awards pins for 500 hours work should have read—Mrs. Henry Dobbins, chairman of packing and inspection committee.

Food chemists advocate steaming instead of boiling vegetables because boiling destroys valuable mineral matter.

Bank President 35 Years

Directors of Haskell National Bank recently placed an enlarged picture of their president in the banking quarters at Haskell, Texas. This bank is in its fifty-four years of existence has had only two presidents, M. S. Pierson from the date he organized the bank in 1890, until his death in 1909, and Mrs. M. S. Pierson who was elected president in 1909 and is still serving at the present time, having served for thirty-five years as its president.

M. S. Pierson was born at Tuscaloosa, Ala., in 1836, coming to Texas when he was eight years old, while Texas was a Republic. He served in the Confederate Army, was wounded at the battle of Mansfield. He came out of the army with nothing, borrowed a few household articles and married. In the day time he taught school and in the evening plowed and planted a crop. As a widower with five children he married Maggie Rice, and in 1890 they moved to Haskell where he established the Haskell National Bank.

Maggie Nancy Rice was born in Laclede County, Missouri, in 1863. After her mother's death her father brought his four children to Donaldton, Hunt county, Texas. Maggie was the oldest, being about ten years old. Mrs. Sally Donald took the motherless children into her home, and they lived with her for about a year. Mrs. Donald is still living at Ellenville.

Maggie grew up in Hunt and Rains Counties. Her father being a school teacher, she very often assisted him in his work. She studied and won a scholarship to Sam Houston Normal in a competitive examination. She went to school one year living in Sam Houston's old home, and taught school one year. After that Mr. Pierson changed her mind about being a school teacher.

Upon moving to Haskell in 1890, the lumber for their home was hauled by wagon from Abilene, and the brick from near Anson. One of the first ladies to call on the newcomers was Mrs. R. E. Sherrill, who wore a lovely blue silk dress. Mrs. Pierson remembers. The painters were still at work on the house and unfortunately Mrs. Sherrill carried away a streak of white paint on her blue dress. Mrs. Pierson and J. L. Jones were the first two people baptized in the baptistry of the old Baptist Church building. She was active in the ladies work and the church work, always insisting that all members of her family attend all services of the church.

Play Lady Theme at Meeting of Blue Birds Friday

Play Lady was the theme of the Blue Birds meeting Friday afternoon. Twenty-three little girls from seven through nine years, members of the Mesquite and Pecan "nests" met in their club room, under the eaves of the home of Mrs. Aline Cox, their leader. There they gressed up as ladies—complete with high heels, rouge, powder and lipstick. Putting on their hats and taking their children (dolls to you) they decided on a trip to town.

The "ladies" were headed by Maggie Frierson and Edna Mae Rainey, high school girl assistants and the line of parade was closed by Mrs. Cox and one of the mothers, Mrs. Thurman Bynum.

After "making the square" they visited Mr. Bynum's Mo'or Company where they were given gum. They visited one of the banks and were shown the vault by Mr. Casey. Mr. J. M. Crawford set the group up to ice cream and after visiting Ratliff and Ratliff law offices and Bynum Motor Co., they went to the court house and rested in the courtroom while its use was explained to them.

The "ladies" removed their high heeled shoes, and walked back to their club room barefoot, blistered feet and big smile were predominant.

A treasure hunt in the near future as well as a picnic at the Clay Kimbrough Jr. place are on the slate for April.

The members of the group are Joyce Rose, Beverly Gilstrap, Janice Crocker, Terry Ann Bynum, Earlene Blair, Jane King, Patty Jean Viney, Rhoda Lou King, Sally Sue Cox, Dawn Clifton, Betty Jo Herren, Louise Adams, Bobbie Annette Merchant, Jeanie Redwine, Mildred Pickering, Mammie Voyles, Patrice Case, Kathryn Schumann, Nancy Risley, Margaret Kim, Sue Byrd, Mary Lenda, Dale and Wanda Elaine Case.

Mrs. Jim Bird and Mrs. Sue Byrd are leaders of the Blue Birds. These women are members of the Senior-Junior Club that is sponsoring a new organization Blue Birds. Mrs. B. B. Crocker is sponsoring committee in Haskell. Mrs. R. B. Crocker, Alton Middleton, Mrs. Pittman and Mrs. Fred Case.

Rainbow Sewing Club Meets With Mrs. Jess Josselot

The Rainbow Sewing Club met in the home of Mrs. Jess Josselot March 21st. The house was decorated with lilacs, plum blossoms and pinks.

The meeting opened by singing. The Good Neighborly program was given. Mrs. Josselot gave a thought for the day. Mrs. Bill Reeves won a prize in needlework. The 15 minutes given to needlework was spent in singing favorite hymns.

The next meeting will be in the home of Mrs. I. A. War stamps were presented to the hostess.

A refreshment plate was served to the following: Misses Bass, J. B. Edwards, Bill Alvis Bird, A. L. Johnson, Bird, W. E. Adkins, O. W. Ker, Walter Rogers, W. E. son, R. P. Elmore, Frank nedy, Bill Pennington, Jesselot, Visitors, Mrs. H. A. man, Judy and Rudy Wain, Freepport, Texas.

Club Has Interesting Program

March 24 with Mrs. Fred as hostess and Mrs. H. M. as director one of the regular programs of the year was presented.

The program, the club gave a beautiful salute to the flag, which we shall give hereafter. "I count it a privilege to honor the flag of the United States of America. I believe in the principles for which it stands—freedom of speech, freedom of worship and equality of opportunity. It is my duty to respect to this emblem of our government which I enjoy. I am proud to salute the most beautiful flag in the world."

Community Flowering

A group of farmers gathered Friday March 24, and listed 160 acres of land for Billie Hutchens who has been ill for 3 months.

20 tractors were used and the land was listed in a little more than 4 hours.

Several ladies came and brought dinner and helped to prepare dinner for the workers. Everyone enjoyed the gathering and the dinner which was served picnic style.

The following people helped: Uncle Pete Williamson, Guy Marshall, E. H. Tankersley, Jr., Jack Tankersley, Lynn Tankersley, Clifford Williamson, Cecil Hutchinson, Lloyd Stephens, Robert Hutchinson, John White, Cleve Angle, Abe Watson, Sexton McBeih, E. G. Victory Club Meets

The ladies of the Victory Home Demonstration Club met with Mrs. Billy Goode March 22. The subject for the day was "Storage Space". Mrs. Edgar Lowe gave a thorough and interesting talk on the subject.

The beautification of yards was studied, also furniture arrangements and style of drapes suited for each room.

Mrs. Goode outlined her plan for turning her large screened porch into a summer living room. Mrs. Pruitt told us about her kitchen screens. These screens are to be used about the table and built-in fixtures. Mrs. Putnam gave a very interesting and beneficial talk on eliminating doors and windows.

At the close of the meeting a delicious refreshment plate was served to Mesdames P. Pruitt, E. Lowe, Putman, V. Bowman, Merrill, Yandell, Earle and the hostess, Mrs. Goode.

Mrs. John Ivy Honored With Outing On Birthday

Mrs. John Ivy was surprised with an outing on her birthday with the pupils of her fifth grade. A committee headed by Doris Faye Johnston and made up of Geneva Bartley, Freddy Stockdale and Donald Tidwell made the arrangements. The party was held in the yard of Doris' parents Mr. and Mrs. W. C. Johnston. After playing games the children built a fire, and roasted weiners Marie Ivy, sister-in-law of the honoree, brought home made potato chips to go with the sandwiches. It was from Marie that the class found out the date. She also did the purchasing and helped out with ration points.

The fifth grade celebrated all day. Each time Mrs. Ivy would leave the room on her return they all sang "Happy Birthday To You". Mrs. Ivy is the wife of Captain John Ivy now in Italy. Mrs. Ivy and their 10 months old son, Johnny, live with Judge and Mrs. Ivy, the Captain's parents.

The members of the fifth grade are Billy Adkins, Eldon Ammonette, Ray Anderson, Arvil Brown, Robert Brock, J. L. Bouldin, Don Collins, Roland Dendy, Frank Dodson, Weldon Leonard, Hugh Gene Marion, Carl Meyner, Royce Mullins, L. G. Sanders, Don Smith, Fred Stockdale, Donald Tidwell and Temple Williams.

Birthdays Honored
Mrs. R. B. Fields

The ladies of the First Christian Church hosted a brunch on Monday morning, March 27th, in the Courtney Hunt home honoring Mrs. R. B. Fields on the 90th anniversary of her birth. White and purple lilacs were used throughout the entertaining suite. The dining table laid with a cut work cloth was centered with a bowl of lilacs. Green tapers burned in crystal holder. Mesdames W. A. Duncan and J. M. Glass poured coffee and tea from silver services. Ham and cheese sandwiches, pecan roll and jelly were served from crystal trays. Mrs. Hunt was assisted in the dining room by Mesdames D. P. Ratliff and A. A. Bradford. A number of gifts were sent by friends who could not be present.

Those bringing gifts and enjoying the brunch were: Mesdames Mode Collins (George Williams, Fouts and son, A. A. Bradford, D. P. Ratliff, Lon McMillin and son, J. M. Glass, Jimmie Crawford, Bertha McNeil, W. N. Huckabee, C. D. Grissom, Henry Atkinson, V. W. The following letter had been sent to Tom Bremaman Breakfast at Sardis in the hope that Mrs. Fields would be awarded the good neighbor orchid. Presumably our letter was not sent early enough for we are quite sure she merited the award.

Haskell, Texas, March 1, 1944
Tom Bremaman,
Breakfast at Sardis
Dear Tom Bremaman:

The ladies of the First Christian Church, Haskell, Texas, present a most worthy candidate for your worthy award. She is Mrs. R. B. Fields, 90 years old March 27, a charter member of the church and a regular attendant at all services, superintendent of the cradle roll department, teaching 3rd generation children of the Bible school. "Aunt Laura" as she is lovingly called has innumerable qualifications for your award. Here has been a life of continuous service as long as she was able to go herself she visited the shut-ins, nursed the sick and comforted the sorrowing. Now she "sees to it" that the church members perform these services always chastising us for our "alibis" when we speak disparagingly of others. She is truly our "guiding light" and inspiration. As a charter member of the church she mothered the young preachers who came to West Texas in the early days. She has knitted to date for the armed forces of World War II, 108 garments, the Red Cross chapter just recently presenting her for 500 hours work. We pray you consider these few of her many virtues entitle her to your "Good Neighbor Orchid".

Sincerely,
Ladies, First Christian Church

GEMS OF THOUGHT

Culture is then properly described not as having its origin in curiosity, but as having its origin in the love of perfection: it is a study of perfection.

Fire Facts

The Jap attack on Pearl Harbor was a military disaster for this country. And yet losses in material were confined to a few hundred planes and comparatively few ships.

This country has been prodigally careless with fire. Too few people realize that fires can start without the application of flame. Spontaneous ignition is a phenomenon that occurs in oily cloths, mops or waste and paint-stained rags or clothing.

Throuback to Barbarism

In the magazine Life, dated March 13, 1944, there appears a tale in pictures of acts as shocking as we might expect from Japanese barbarians.

beating to death of the exhausted animals. One picture reveals an 11-year-old child in the act of bringing a club down on the head of a prostrate fox.

It is unbelievable that such an incident could happen in a community that professes to represent a Christian civilization. Yet, as Life observes: "This is a true story. This happens in Holmes County every weekend."

Feeding People Tough Job

A food authority recently made the observation that: "The farmers of America are winning the battle of production on the food front, and the nation's consumers may reasonably expect that the 1944 food supply will equal or exceed the near record total of 1943."

Food is usually produced many miles from the point of consumption. No matter how much it is produced, it is of no benefit to consumers until it is distributed. The food distribution industry has been operating so efficiently during the emergency that few people recognize the vital link which it provides between the producer and consumer.

A short time ago, one representative of a large food chain told of the exhausting effort of a handful of butchers to supply retail outlets with cut meat where women serve as clerks in the meat departments. These butchers have kept pace with demand so far. The counters and cases display the same expert touch as when each shop was staffed by an expert butcher.

No one knows better than the retailer the difficulties of moving food from the farm to the table under wartime conditions.

An Up and Coming Grandfather

The flight of a grandfather or grandmother by airplane used to make a news story from the standpoint of age expressing youthful ideas. That is now an old story, as babies and grandmothers are as common on airlines as the bride and groom or traveling salesman.

The fact that age can adjust itself to the newest ideas is graphically illustrated by the Air Express Division of the 105-year-old Railway Express Agency.

The American people have long been accustomed to the best transportation service in the world, by land, air and water. During the past 16 years, the Railway Express Agency, through its Air Express Division, has completely coordinated air transport service into its activities and made available to the public the gathering power of a nationwide organization with a fleet of more than 15,000 motor vehicles, 60,000 employees and 23,000 places of business.

And that's what might well be called a real live grandfather who keeps one jump ahead of the growing needs of his grandchildren.

SAUL BECOMES A NEW MAN

LESSON TEXT: Acts 9:1-9, 13-19a. GOLDEN TEXT: If any man be in Christ, he is a new creature.—II Corinthians 5:17.

The lives of great men inspire us with an eagerness to make our own lives count for God and for country. Particularly is that true of the life of the apostle Paul, for he combined personal greatness with an absolute surrender and devotion to Christ, which made his life doubly effective.

We recall, however, that this peerless leader for Christ was at first the bitter enemy of everything Christian and we ask, "What changed this man?" The answer is—the redeeming grace of God—but that is the story of our lesson. He became a changed man as he went—

I. From Threatening to Trembling (vv. 1-7).

The enemies of God and of our Christ are often loudmouthed and terror-spreading individuals, who, for a time, strike fear into the hearts of men. Such was Saul of Tarsus, and such are the antichristian leaders of our day. They seem to be so powerful and able to sweep all before them.

But wait! Luther said of God's arch-enemy, "One little word shall fell him," and it is true. See what happened to Saul. Off on his journeys of persecution and destruction, bold and determined, he met Jesus on the Damascus road, and the great threatener is found to be "trembling and astonished" (v. 6).

The Lord is still on His throne, and one day every mouth shall be stopped (Rom. 3:19), and all His enemies shall tremble before Him. Would that they would do it while there is time to repent.

II. From Persecuting to Praying (vv. 2, 8, 9; see also v. 11).

Paul utterly devoted to the rooting out of this hated sect of Christians was on his way with letters authorizing their imprisonment. It was all very official, zealous and marvelous in men's sight, until he met Jesus, and it all blew away.

Ananias, that faithful layman (may his tribe increase!), was called of God to go and speak to the stricken Saul. When he feared to go, God encouraged him (v. 15), for the powerful persecutor had now become a penitent pray-er (v. 11). That's what a face to face meeting with Jesus did for Paul—yes, and will do for any man or woman.

III. From Scolding to Suffering (vv. 1, 13-16).

Saul doubtless gloried in the breathing out of threatenings and slaughter of which we read in verse 1. He was riding high in the seat of authority and of official approval. It was satisfying to his fleshly pride to make known his dreadful purposes of destruction and imprisonment for these helpless Christians.

Did we say helpless? Oh, no, they had on their side all the power of the Eternal One. He who touches the people of God touches the Lord Himself. Paul thought he was fighting a little sect of Christians, but found that he was fighting the Lord Himself (v. 5).

But now that he had met Jesus and was ready to turn in devotion to His sacred cause, he was to learn what it meant to suffer. Let us note well that suffering for the sake of one's faith may be entirely within the will of God, yes, and for His glory.

IV. From Spiritual Death to Spiritual Life (vv. 17-19).

Men have tried to explain the experience of conversion on the ground of psychology, as a cataclysmic change in the life of an individual who has gone through some great sorrow or trial, but it simply will not go down. There is in real conversion a regeneration which means a completely changed life.

Saul did have a sudden and moving experience on the Damascus road, but it was not just because of a blinding light and a mighty voice. It was a light "from heaven" (v. 4) and the voice of the Lord.

Saul was "filled with the Holy Ghost," and received his sight. He was ready now to be used of the Lord as the greatest missionary evangelist and theologian that the world has ever known.

This change was one which reached down into his inmost being and transformed his beliefs. The Jesus he had hated, now became his all-consuming passion and love. He no longer looked to his works to save him, for now he knew the personal Saviour.

What happened within showed itself in his attitude toward those without. It always does. He now came to love the very people he had hated and persecuted, and turned every bit of his strength and ability into the task of working with them in the spreading of the gospel throughout the world.

Men and women—yes, boys and girls—today need this same change from death to life. Too long have we been trying to polish up the exterior of lives unchanged within.

LOOKING AHEAD BY GEORGE S. BENSON President Harding College Searcy, Arkansas

Simpler Taxes

America's federal income taxing machine is hopeless. We need a new one, a simpler model and heavier. I would favor taxing the average salaried person and wage earner more, in the hope of finishing this war with less national debt.

Most people who will vote in the 1944 elections can remember when paying income tax was a distinction. The man who paid one had a good car or his wife had a fur coat or both. The small brown envelope from Uncle Sam arriving early in March brought, I am told, a swell of pride to each addressee, a lift to offset the weak feeling that comes when paying for intangibles; but no more.

Gone the Glory

Absent from this year's pill is the sugar coating that used to feed the taxpayer's pride. About 50 million people will file returns this March—more than one person from every house; no distinction there, nor does this finish the bad news. This year's tax form is a masterpiece of mystifying muddles. I doubt if a certified public accountant could complete his own income tax return accurately in a day.

The most obvious drawback to 1944's revenue raising rumpus is its waste of time. Few of America's 50 million income tax payers are handy with figures like a C. P. A. but even if they all were, the needless figuring scheduled for March would total 50 million days. That's more than a year's work for men enough to form nine army divisions; too much to waste in times like these.

A Waste of Time

Whoever cooked up the formula for computing this year's taxes is pretty unpopular just now. So far he has managed to keep his name out of print but he may be a benefactor in disguise. His headaches already have begun to reconcile the American people to their almost inevitable sales tax. And if it's coming, the sooner it comes the better.

Nation-wide filing of forms is not all the time wasted by 1944's levy on small incomes. Government people must audit the forms; an endless chore. Back in 1913 when the income tax was born, one of the chief arguments for it and against sales tax was this: It is simpler to tax a few overpaid people than a huge number of retailers. That argument works backwards now.

There are about three million retailers in the United States. If auditing three million returns was too expensive of manpower in World War I, how can we afford to audit 50 million now? Besides being open and aboveboard, simple and easy to handle, a sales tax would release a small army of people from the Income Tax Bureau to do useful things for their country in a time of need.

Tax Big Incomes

I favor a sales tax. I oppose income taxes for all except the very well-paid class. I am aware that the term "well-paid" means one thing to a ribbon clerk earning \$25 a week and something else to an expert welder drawing \$250 a month but, with the help of statisticians, an arbitrary annual income figure could be named which at least would work no injustice on the nation's war effort.

We should not eliminate taxation of incomes entirely. But in general, the sales tax conserves manpower, it is honest and easy to handle, it encourages people to save money and thus helps fight off inflation. Nothing could be fairer to people of moderate income than to tax them in exact proportion to their willingness to spend.

The club party that was given in the home of Orbie Collins last Friday night was enjoyed by a large crowd of club women and their families. There was lots of sandwiches, cake and coffee and hot chocolate.

We are sorry to hear that Mr. and Mrs. Elbert Burnett's brooder house and three or four hundred several weeks old chicks burned Saturday night during the high wind and rain. They had to fight the fire hard to keep the home from catching fire, which was just south of the brooder house.

Weekly Health Letter

By Dr. Geo. W. Cox, State Health Officer

Austin, Tex.—Thousands of children and adults die each year from fly-borne diseases. Typhoid fever, tuberculosis, summer complaint, cholera, and intestinal diseases frequently resulting in death follow closely in the trail of the common housefly.

"The control of the fly menace comes at the top of the list of necessary public health measures which should be applied by every city and community in the State" said Dr. Geo. W. Cox, State Health Officer. "The most effective measure for control is to prevent breeding, and about eight days are required to complete a life cycle. During her lifetime of several months, one housefly lays from 600 to 1,000 eggs. Thus, it can easily be seen that in a season which usually begins in the spring of the year, the descendants from one fly number countless of thousands."

To eliminate flies, Dr. Cox said the breeding places must be destroyed. As flies breed in filth, manure piles, garbage, and other organic filth furnish the requirements of warmth, moisture and food necessary for the propaga-

tion of the fly. Flies should be kept from contact with food or drink or utensils in which such food and drink are prepared and served. Likewise they should be kept from access to privy vaults where they pick up the infections which they later spread to humans by contact with the food and drink, and by unwashed hands and utensils.

"See that your windows, doors, and porches are screened so that the stray fly from some careless neighbor will not endanger your family. See that your grocer keeps meat, vegetables and fruit screened from flies."

she said.

"All right. We're turning west at dawn." He held out one hand, palm up. "Here's rain coming. Indians won't travel in the wet, so we're safe enough tonight. Isn't that about it?" He glanced at the half ring of men to see what backing he would get. Some of them nodded.

"Spoils their feathers," said Rebel John. "They'll stay under cover now."

"Then we can count on that. If the rain holds tomorrow we can make better than twenty miles to the west. We'll be close to the Texas panhandle by that time. It's thin safety, I know, but we can call on the army if we have trouble out of Indian lands."

"Army!" Clay mocked. "You got any idea where that is?"

"That's all. Keep moving. Except we can make a fight of it if we have to."

"That all you got?" Clay asked. "That's all. Keep moving. Except we can make a fight of it if we have to."

"Sure. Against six hundred Indians!"

"Eleven men," he pointed out, "held off more than that at Adobe Walls. But there won't be six hundred bucks. Half of any tribe are squaws. He leaned back on his elbows. He needn't go on with an argument, and yet he wanted Clay to show his hand."

It came forced out with heat, where none was called for, as if Clay needed that fire of temper to bolster him up. "You're right about turning west. But the herd travels too slow. We'll send the wagons on ahead."

break up. Joe Wheat rose and came over in his casual walk, a thin slit

"This changes nothing."

of a man with a gaunt, morose face. But there was a thing behind Joe Wheat's morose silences that men understood.

In his quiet drawl he said, "Time for the first guard, ain't it, Lew?" He turned his deeply hollowed eyes on Clay. "Our watch."

It was Wheat's plain statement that there had been no change in bosses. And under those quiet hard eyes some of the stiffness went from Clay Manning's back. With no more the old man started away. Lew followed him past the fire.

"Not you, Joe," he said. "I'm riding guard in your place. You're going back to Doan's." He picked up his saddle, carrying it on to the night-guard horses. "We haven't come more than seventy miles. You can make it by daylight and lead the troop back. They said they wouldn't give me any help in the Nations, but they've got a young lieutenant. He'll come when he knows we have a girl along."

Saddling, he looked past the firelight toward her wagon. Steve was over there, leaning in across the endgate to where she lay motionless on the blankets, her head buried in her arms. It was strange how rarely he thought of them as brother and sister. There was never much between them to show that he was a brother.

They had made a good start, beating the dawn by an hour. The cattle had risen of their own accord from the wet bed ground and would not feed in the rain. They were walking fast. He figured they had already made better than ten miles. Still his main hope had been that when the wind came it would be out of the north—cold and stormy. What he felt against his cheek was a warm, melting breath from the south. It would clear the skies too soon.

In a dead silence, as the clacking thud of the longhorns passed on, he sat facing their back trail where even in this short time a breeze had begun to tear the gray curtain into shreds. As far as he could see the land was as flat as a floor, unbroken by any creek or dangerous hollows of ground.

News from Weinert

Mrs. Pearl B. Monke was the hostess for a delightful party given Friday night honoring Mr. and Mrs. Richard Weinert of San Antonio.

Who Must Make A Declaration

All business firms, and all individuals who receive wages which are not subject to withholding—for example, compensation for agriculture labor or domestic service—and every individual who receives income from dividends, interest, rents, or gains from property transactions or from a business or profession, must file a declaration if his income for 1944 is expected to exceed \$500 if single, or \$1200 if married, or his separate income is expected to amount to more than \$624.

There is a penalty provided for failure to file a declaration, and also for underestimating. You should file your declaration with accuracy and system. I will file your declaration, also make your Social Security and Withholding report for you at a very nominal service charge.

CITATION BY PUBLICATION

THE STATE OF TEXAS,
 To: E. H. Judd and G. W. Judd
 Greeting:

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 17th day of April, A. D. 1944, at or before 10 o'clock A. M., before the Honorable District Court of Haskell County, at the Court House in Haskell, Texas.

Said plaintiff's petition was filed on the 30th day of June, 1943. The file number of said suit being No. 7064. The names of the parties in said suit are: Haskell Co-operative Gin Company as Plaintiff, and E. H. Judd and G. W. Judd as Defendants.

The nature of said suit being substantially as follows, to wit: Plaintiff alleges that beginning on or about Nov. 21, 1941 up to and including the month of December, 1941 it sold to defendant, 171,120 pounds of cottonseed on the basis of \$4.50 per ton; said cotton seed was sold to defendants at their instance and request and that they agreed to pay to the plaintiffs in writing in Haskell County, Texas, the sum of \$3807.41; That they have paid on said account, \$1457.82, leaving a balance due of \$2349.59 and though requested to do so, said defendants have refused to pay said balance to the damage of plaintiffs in said sum of \$2349.59 with interest thereon.

Plaintiff prays judgment against said defendants for said sum of money with interest thereon.

Issued this 28th day of February, 1944.

Given under my hand and seal of said Court, at office in Haskell, Texas, this 28th day of February, A. D., 1944.

Farmers To Get 26c Dozen For Ungraded Eggs

Farmers in Haskell county will receive at least 26 cents a dozen for ungraded eggs because the War Food Administration announced they will purchase eggs for a temporary period from egg dealers on a "current receipt" basis. If dealers pay farmers at least 26 cents, Dan L. Boyd, 401 Federal Building, Fort Worth 2, Texas, Area Representative said today all dealers must have written contracts with WFA before they can participate.

Boyd said this new program is of an emergency nature and extends WFA's present ten-case egg program to include ungraded eggs. He emphasized the ten-case and carlot egg support programs. Buying eggs on a graded basis will continue. Egg dealers in Haskell county now under contract must secure amendments to their present contract to qualify under the temporary program. Dealers not holding contracts can secure forms from his office. In order to immediately support county egg prices, so farmers can continue to produce eggs, he urged all egg dealers in this area to contact him immediately.

Explaining the new program he pointed out, farmers are to receive 26 cents a dozen, 45 pound net case basis. Handlers receive 2 cents for services, including cases. Discount of 1 cent

HORACE ONEAL,
 Clerk Court Haskell County

per dozen each pound or fraction, on each case weighing less than 45 pounds net. Program will be administered by WFA through his office. WFA will take delivery any point served by common carrier in the county, in lots of 10 or more cases. Offers by fire or letter should be made direct to State Supervisor, Office of Distribution, Austin 15, Texas. Eggs are to be packed in new or good used standard cases and packing material. Dealers to furnish affidavit that farmers received not less than 26 cents a dozen.

Cold storage space is very limited, Boyd continued, and eggs purchased under this program will necessarily have to be distributed immediately and cannot be held in storage. These eggs will go to local Community School Lunch Programs and other surplus removal outlets.

County farmers have done a superb job in providing eggs for the war effort. They have found it difficult these past few days to find suitable egg markets due to the tremendous production. We hope this temporary program will help provide local markets. If county dealers cooperate, the program will be a success, Boyd concluded.

CARD OF THANKS

We wish to express our deep appreciation to the host of friends and neighbors for their kindness and sympathy extended during the brief illness and death of our beloved wife, mother and sister. WHAT'S INSIDE?

AS SEEN IN THE Ladies Home JOURNAL

Today... It's smarter than ever to be CURIOUS about INNER CONSTRUCTION! Insist on POLL-PARROT shoes

... because war has made great differences in the materials, construction, and wear-ability of children's shoes. You can't see these differences... yet they're vital in determining how long a shoe will wear and hold its shape. That's why you'll want to choose a brand you can trust... and you can trust Poll-Parrots. For even in wartime this familiar name means sturdy inner construction and rugged materials.
