Haskell, Haskell County, Texas. Friday September 18, 1942

VOLUME 57, NUMBER 37

Laboratory Farm Labor Camp Will Be Established Here

Field Instructor To Discuss
Wartime Firefighting Methods
at Meeting Here Sept. 22nd

37 REGISTRANTS ARE CLASSIFIED BY LOCAL BOARD

Classification or re-classification of thirty-seven Haskell county registrants has been listed by the Local Board during the past week. Of this number, six registrants were listed as having enlisted or been inducted into service, and a like number designated for re-examination pending re-classification.

Four Expected To Be Vacated By Lee Smith

For the first time in a number of years, cotton producers of this section will be afforded an opportunity to sell their cotton on a local buyers market, according to the announcement of the Darden & Co. offices upstairs over Payma Drug Company on the north side of the square, O. L. (Jim) Darden, former County Commissioner and gin operator, is in charge of the office.

Cotton Buying Office Opened Here This Week

The firm will buy cotton from producers, paying on the gross weight instead of net. They will buy on Government classing, but do not make a loan on cotton, and will try at all times to pay the producers more for their cotton than farmers would receive through the loan.

Hospital Notes

The following persons were listed at patients in the Haskell county hospital Thursday at noon:

Mrs. T. J. Ar buckle and Mrs. C. L. Lewis are patients in the Baylor hospital where they both underwent major surgery last Saturday. Mr. Ar buckle returned from Dallas Wednesday and reports both as doing nicely.

New Pastor Here

Rev. William N. Sholl, pastor of the First Presbyterian Church at Durant, Okla., for the past 15 years, has accepted a call to the ministry of the Presbyterian Church in this city. Rev. and Mrs. Sholl and their children will arrive in Haskell Friday, and he will preach at both morning and evening services Sunday.

Thirty-Seven Men From This County Inducted In Army

Thirty-seven Haskell county men were inducted into the U. S. Army at the Abilene induction station this week. Following their induction these men were transferred to the Enlisted Reserve Corps to permit them to return home for a two weeks furlough before reporting or active duty.

List of Grand Jurors Called For Sept. 28th

The following persons have been summoned to serve as Grand Jurors during the September term of District Court for Haskell county. Grand jurors have been notified to appear Monday morning, Sept. 28.

Army Is In Market For Items Sold By Retail Merchants

In a letter to John A. Couch, president of the Haskell Chamber of Commerce, Capt. Philip A. Hevener, purchasing and contracting officer, Headquarters 1848th Service Unit, advised that the office of the Quartermaster at Camp Hood, Texas, was purchasing in large and small quantities materials customarily supplied by merchants, manufacturers and wholesale dealers in many places of the United States.

Here From Sheppard Field

Corporal Hugh Anderson, who is stationed at Sheppard Field, Wichita Falls, spent Wednesday in Haskell with his father, Date Anderson and sister, Mrs. Marvin Gibson. Cpl. Anderson entered the Army three months ago. He is a brother of Pvt. Lindell Anderson, who has been reported missing in action since the fall of the Philippine Islands into hands of the Japanese.

Here From Camp Crowder, Mo.

Corporal Kenneth W. Beasley, who is now stationed at Camp Crowder, Mo., is here for a brief visit with his parents, Mr. and Mrs. Walter Beasley and other relatives and friends. Cpl. Beasley is attached to a medical detachment at Camp Crowder.

MORE TRUCKS AND WORKERS ENLISTED IN 'SCRAP' DRIVE

All Rural Areas In The
County Will Be
Visited

The collection of scrap metals and junk from the rural areas of the county has made substantial progress this week with the addition of another truck and more workers to make a thorough canvass that will take them to every farm in the county, it was announced Wednesday by P. W. Warren, WPA supervisor in charge of the trucks.

Under a plan devised last week, trucks gathering up the scrap are assigned a certain territory each day and make stops at every farm in the assigned area to weigh and pick up any scrap metal available. Under this plan, every farm in the county will be visited in order to get every pound of scrap metal available.

Tent Revival Meeting Will Be Held Here

With several other churches in this immediate section cooperating, the Foursquare Gospel Church of Haskell will inaugurate a Tent Revival Meeting in this city with the opening service to be held on Saturday night at 8:30 o'clock under the big tent erected at the corner of Day and Lamar streets, where comfortable seats have been arranged to accommodate a large audience and choir. Services will be held every night except Monday, during the meeting it has been announced.

Rationing Board Grants Permits For Purchase of Four New Cars, One Bicycle, 82 Tires and Tubes

The Haskell County War Price and Rationing Board issued certificates for the purchase of four new automobiles, one bicycle, and permits for the purchase of new tires and tubes and recapped tires to 82 applicants at their regular weekly meeting last Friday. Majority of the permits granted for purchase of tires were for obsolete tires, the list shows.

Stationed At Air Base In Santa Ana, Calif.

A/C Cecil Cooper is now stationed in the Army Air Base at Santa Ana, Calif. Cecil came home the 8th of May for a furlough and while here visited friends and relatives in Munday, Wichita Falls, Fort Worth, Sun Ray, Lubbock, Hamlin and Haskell. He stayed until the 19th of August returning to Santa Ana for schooling. He is the son of Mr. and Mrs. J. F. Cooper, formerly of Munday. He had a good time while here but was ready to get back in school.

Given Rating of Seaman, First Class

M. B. Cobb, son of Mr. and Mrs. M. M. Cobb who live in the southeast part of Haskell county and who volunteered for enlistment in the Navy at the beginning of this year, has been given the rating of Seaman First Class, relatives and friends here have been advised. Young Cobb was sent to the Great Lakes naval training station early in January of this year, and a month later was sent to Hawaii, where he has been stationed since that time at a Naval Air Base on Maui Island.

HHS Indians To Meet Munday Moguls In Season's Opening Grid Game Here Friday Night

Prisoner In Germany During
World War I to Speak Here
Under Auspices Lions Club

TOTAL OF 1002 BALES COTTON GINNED HERE

With ideal weather prevailing during the past week, gathering of Haskell county's banner cotton crop is getting under way rapidly this week with cotton in an increasing amount rolling onto gin yards in every town in the county. Up to Thursday noon, a total of 1002 bales had been ginned by Haskell's six gin plants, with receipts running above the 100-bale mark daily. Some of the local gin plants have already started nights runs, and all will likely go on a day-and-night operating schedule at an early date.

Game Will Be Played On Indian Field, Beginning at 8 o'clock

Coming through a strenuous grind of pre-season training in promising condition, the 1942 edition of the Haskell High School Indians will open their season's schedule here Friday night, when they meet the Munday Moguls on Indian Field in a non-conference game.

Food Stamps With Value \$15,238 Are Distributed Here

How the Food Stamp Program helps Haskell county farmers as well as under-privileged families was pointed out in a report released today by David G. Guthrie, Jr., Wichita Falls, Area Supervisor, Agricultural Marketing Administration.

Rev. Wm. N. Sholl Called As Pastor By Presbyterians

Rev. William N. Sholl, Presbyterian minister of Durant, Okla., has accepted a call as pastor of the First Presbyterian Church in this city to succeed the Rev. Clifford W. Williams, former pastor who was called to the Sweetwater church several weeks ago.

Classes In H-S-U. Extension Courses Will Be Organized

Hardin-Simmons University will offer extension courses for graduate and undergraduate work again this year. Classes will be organized Monday evening at 8:00 o'clock in the North Ward school with representatives from that institution present.

Announce Arrival of Daughter

Mr. and Mrs. Arthur McDonald are announcing the arrival of a daughter, born Sept. 5 at the Haskell hospital. The little girl weighed seven pounds and her name is Linda Frances.

Briefly Told News Items From Rochester

Woman's Literary Club Opens With Tea

The Woman's Literary Club met Thursday afternoon Sept. 10th for the first meeting of the year. The hostess for the occasion was Mrs. J. M. Hicks. The vice president Mrs. W. H. Carothers presided. The club opened with prayer led by Mrs. Bob Speck. Special piano numbers were rendered by Miss Joyce Johnston. After which Mrs. Carothers introduced the new president, Mrs. R. A. Shaver Jr. who brought the president's message "Facing Today's Challenge". Every member present answered the roll call with "My Response To Today's Challenge". A round table discussion of the year's work was led by Mrs. H. W. Buckner. At the close of the meeting punch and cookies were served by the social committee composed of Mrs. Vestus Alvis and J. E. Mansell to the following members: Mrs. W. H. Carothers, L. H. Christensen, Ruth Sitten, W. W. Corley, Felix Mullino, R. A. Shaver Jr., J. M. Hicks, Truett Alvis, A. B. Michael, W. J. Bragg, Bess Porter, A. L. Shaw, H. W. Buckner, Bob Speck, Hob Smith, J. E. Mansell, Vestus Alvis and Miss Joyce Johnston.

Mr. and Mrs. G. M. Sims accompanied by Mrs. Essie Anderson and daughter Doris, and Shirley Jean Smith shopped in Haskell Saturday.

Mr. Floyd King of Fort Worth visited friends here Saturday.

Use of New V-Mail System Urged For All Foreign Mail

New Orleans—Admiral Chester W. Nimitz, Commander-in-Chief of the Pacific Fleet, has issued an appeal to families of service personnel to use the new, fast V-Mail system for correspondence from the Mainland to forces afloat and afield.

Pacific Fleet V-Mail authorities pointed out that speed, privacy and economy should make use of this microfilm service attractive to the armed forces.

Whereas regular airmail from the Hawaiian area to Pacific Coast points often takes many days—even going by cinvoy when mails are unusually congested—V-Mail to these same cities averages only four days. V-Mail for East Coast points takes only six days from the time of posting to arrival at its addressed destination.

In the Fleet, mail clerks have been supplied with special V-Mail forms. Letters written on these blanks and posted for censorship are not read again until they reach the addressee.

Hawaiian area V-Mail is photographed on 16-millimeter microfilm spools in Honolulu. These rolls, two of which contain as many letters as an ordinary mail-pouch, go to the Mainland by the FIRST AVAILABLE air transportation. They rate highest priority.

Mr. and Mrs. Carl Sims and son Jimmy accompanied by Betty and Bobby Lou Anderson spent the week end in Hamlin.

Miss Donna Gibson and Lois Dobbins visited Mr. and Mrs. H. M. Hicks and family of Stamford Sunday.

Mr. and Mrs. Melvin Morgan and daughter Wonnie left this week to make their home in Stamford.

D. J. Turner Jr. left Tuesday of last week for Mineral Wells to volunteer his services to his country for the Army.

Shop Here With Confidence!

Doubtless you can find values at any place you shop, but we certainly believe that this store consistently offers the housewives of this section a wider range of REAL VALUES on quality foods every day in the week. If you are finding it a growing problem to hold your food shopping within your budget, we believe you'll find it easier to do here.

BUSINESS OPPORTUNITY

For New Business or Established Merchant

Large National Corporation Has Open Franchise In Haskell

The business embodies a varied line of highly salable and necessary merchandise and assures you sufficient quantities and lines of goods to produce volume sales.

The company you will represent furnishes equipment, fixtures, supervision and proven sales programs that positively insure a successful business. It further provides a national radio program and engages national advertising in all leading magazines at no cost to dealer. It shares the expense of local newspaper advertising.

The company is interested in securing a dealer in Haskell with \$3000 to \$6000 capital or installing our lines of merchandise in reputable established mercantile store that wants to increase its profit possibilities and identify itself with one of the country's most outstanding quality merchandisers.

If you are interested in going into business or increasing the profit in present business from 10% to 20% net profit attainment, write for further details at once.

A complete model store is currently set up in Dallas for your inspection and full investigation.

Write today without delay as this franchise together with a limited number in other cities will be available for a short time only. Address your inquiry to:

P. O. Box 2111
Dallas, Texas

What You Buy With WAR BONDS

The Garand semi-automatic rifle, which is the standard issue today for the U. S. Army, is superior to the old Springfield rifle in many respects. We literally need millions of these fast shooting powerful rifles to equip our army. They cost \$85 each and are being manufactured at the rate of one a minute. They fire sixty 30-calibre shells a minute.

Every one of the 40,000,000 employed persons in America could easily buy one of these rifles for the army. Not that we need that many, but the reserve could go into shells and other much needed supplies. Buy more and more War Bonds and top the quota in your county by investing at least ten percent of your income every pay day.

Important Notice

WE ESPECIALLY SOLICIT AND URGE CUSTOMERS WHO HAVE HAD THEIR GAS SERVICE DISCONNECTED FOR THE SUMMER TO APPLY FOR RECONNECTION NOW

Don't get caught in a cold weather BOTTLENECK!

SERVICE RECONNECTIONS TO BE MADE IN THE ORDER APPLIED FOR

IN FAIRNESS TO ALL CUSTOMERS, SERVICE REQUESTS FOR METER RECONNECTION WILL BE COMPLIED WITH AS PROMPTLY AS POSSIBLE IN THE ORDER RECEIVED

So many of our skilled, experienced service men are now members of the armed forces or are engaged in war industries that we have no choice except to organize our many service calls well in advance of the usual fall rush in order that all customers can be accommodated in ample time for winter. During this emergency it will be our sincere desire to comply with each customer's request as soon as possible before cold weather. Skilled labor and conservation of rubber will continue to be vital factors in the serious business of winning the war. Therefore, we will appreciate your co-operation and personal assistance in all matters involving service calls. By taking good care of all your gas appliances for the duration you will be assisting our service organization to direct the major portion of its time to the serious responsibility of providing DEPENDABLE WAR-TIME GAS SERVICE.

Mrs. Pearl Brown, the Weinert telephone operator visited her sister in Wichita Falls Saturday and shopped while there.

Mrs. Frank Oman is in Mineral Wells for a few days for her health.

Little Helpers Sunbeam Band Meets
The Little Helpers Sunbeam Band held their regular Saturday meeting at the Baptist Church. Nine members answered roll call and Indian Chart was colored by James Bird and Joella Weinert. Seven personal service visits to shut ins and sick were reported. The Sunbeam Rally Cry and several Sunbeam songs were sung led by the song leader. The offering was taken and prayer was given in unison. The story of "The Sunbeam at Butterbean" was given by Mrs. Copeland. The band was dismissed with closing prayer and song.

Mr. Paul Schrubbe of Hardin-Simmons, Abilene is visiting in the home of Dr. and Mrs. J. F. Cadenhead, guest of Frank Cadenhead, Jr. who was a classmate while in Hardin Simmons.

Lowell Wright and Junior Manuel of Elbert spent the week end with their little friend, Max Copeland.

We are so happy to see Mrs. Theodore Jones back in our school. She is teaching in the primary grade and doing a good job.

Mr. McBeth and daughters, Maureen and Pauline and Clay Griffith drove to Denton last Sunday. The Misses McBeth are entering NTSTC for the fall term. Mr. McBeth and Clay returned home Sunday night.

To Unbalance the Axis

Official Canadian Government Photo
FROM a puny business employing only a handful of men and producing less than 4 planes a month, Canada's aircraft industry has grown into a giant enterprise turning out more than 400 crafts per month. Money expended on plant expansion, equipment and orders total half a billion dollars.

The Dominion's aircraft production program has now been narrowed down to nine models: an elementary trainer, the Fairchild Cornell; a single-engine advanced trainer, the North American Harvard; a twin-engine reconnaissance bomber (and bombing and gunnery trainer), the Bristol Bolingbroke; a coastal reconnaissance amphibian, the Catalina (Consolidated PB-5); a single-engine fighter, the Hawker Hurricane; a twin-engine fighter; a four-engine long-range bomber; and a navy dive bomber.

Except for the engine, and certain instruments which are imported, Canadian planes are Canadian built from Canadian materials. There are about eight main assembly plants, and some 100 component instrument and part manufacturers. Among these are a half dozen factories turning out hundreds of propellers of various types to supply the planes being produced in Canada.

The manufacture of constant speed propellers, which is a mechanical work of art, requires rigid balance tests in all stages. The top photo shows a completed metal aircrew as it undergoes inspection. Small cork and lead weights are used in this final test. If perfect balance has been achieved their weight is sufficient to start the propeller revolving. In the lower photo a technician is checking the balance of a blade in upright position.

Canada's output of aircraft has now been stepped up sufficiently to meet the greater part of the requirements of the British Commonwealth Air Training Plan.

In some 30 plants strategically located from Vancouver to Halifax, war and training planes are being constantly overhauled and reconditioned for flying. This is one of the Dominion's major war industries, representing an outlay of several hundred million dollars and keeping thousands of men busy maintaining in perfect condition Canada's war-time air armada.

ROAD TO VICTORY!

BELIEVE IT OR NOT
The World's Richest Man Found It Didn't Pay
(By Robert Ripley)

Ashurbanipal of Assyria, the richest man who ever lived, was worth a trillion and a half dollars—75 times as much gold as is held in the United States Treasury. Yet it availed him nothing! Neither he nor his son had the sense to use this wealth for the good of their people or for their protection.

And so it was comparatively easy for Nahopolassar and the King of the Medes to invade Assyria and enslave it. And finally, when defeat stared the great King in the face—when it was too late—Ashurbanipal in terror, had a tremendous platform built of polished wood, in the city of Nineveh, and on top of this he heaped all of his wealth—142,000 tons of gold in 2,500,000 bricks (or ingots) each brick 7 by 28 inches in size and each brick values at 50,000 dollars. This treasure formed a pyramid of shining gold nearly one hundred feet high, and in the intervening spaces he placed all of his jewels and personal belongings—his wives on golden beds—his children—even his pet dog.

And then a great quantity of oil was brought from Mosul and poured on top of this golden mass, and when the torch was applied, the King himself walked in and laid himself down among his wives—his family—his pet dog—and everything he valued in life. And so the great Ashurbanipal, the richest man in the world, was consumed in his own wealth—he immolated himself and became part of this great conglomerated melted mass of money—and so ended the Empire of the Assyrians. And it never rose again.

I was in Nineveh a few years ago. Only a few mounds marked the spot that was the glory of Ashurbanipal.

Why?

Because Ashurbanipal, who had practically all the money in the world, didn't do anything with it! And he and his country were lost. Even his conquerors—the Medes and the Persians—made the same mistake—they came, saw, conquered and confiscated this great golden molten mass of money that was once the king's and the wealth of the great Empire of Assyria!

Do You Know Your Military Insignia? Here's How to Spot a Naval Officer

"Well, if he's a Naval officer, then why is he wearing khaki?" About one-half of the general population are still asking that question, although the Navy has been wearing khaki since before Pearl Harbor.

And the explanation is simple—khaki is simply the "work" uniform of the Navy. Because of its durability, its coolness in hot weather and its capacity for cutting down laundry bills, it was the most logical material for such uniforms.

But John R. Public is still a little confused by many khaki uniforms. The Army has been in khaki for so many years it is perhaps justifiable for many persons to assume at first glance that a khaki uniform denotes an Army man or a Marine.

Another question frequently raised by Mr. and Mrs. Public is how to distinguish the various branches of the service. This has been the subject of how much intense publicity on the part of both the Army and Navy, for in war-time, one of the first duties of a good patriot is to know the service branches and to be able to distinguish them at a glance.

Necktie Easiest Rule
The easiest rule of recognition is the necktie. If the man in khaki uniform wears a black necktie in the Navy. It's as simple as all that because the Army men all wear khaki neckties.

Other methods of distinguishing service men are by the rank insignia. The Naval Officer always wears his on his collar, while the Army wears them on the shoulders. The caps too are different. Navy officers always wear anchors on the cap—but nary an anchor will you find on the Army officer.

Another problem worrying the average civilian is how to distinguish what did they do with it? Nothing!

They melted it into money again—and remelted it—and in generations since it has been remelted a thousand times—until Believe It or Not, it is mathematical fact that every golden coin used in the world today contains in it some minute particle of Ashurbanipal himself. The King who had all the money in the world but didn't know what to do with it!

What are we going to do with our money today. Enemies threaten us the same as they threatened Ashurbanipal in 626 B. C. The United States of today, like the Assyria of Ashurbanipal is the richest nation in the World. What will it avail us?

Nothing!

Surely nothing more than it did Ashurbanipal unless we do something with it. And there is only one thing to do—and that is to Buy Bonds and War Stamps and make our money directly available to our country—help our country—otherwise it will become a melted molten mass and we the people will be destroyed as Ashurbanipal was destroyed 2600 years ago.

SENIOR NEWS

The Seniors are having a time trying to have a party. First, we met with only one sponsor. Next we met with both sponsors but it seems the place we selected, for our party and watermelon feast has already been taken. Do you suppose we are making mistakes or just guilty of enjoying missing bookkeeping. What do you say gang? Could that be it?

LaVerne Linville is another of our "A" students. She is a blond, blue eyes, and is five feet tall. Her favorites are:
Subject—Bookkeeping
Song—"My Devotion."
Actor—John Payne.
Actress—Betty Grable.
Hobby—Studying.

Bruce Edwards is one of our high ranking Senior boys. He has black wavy hair, brown eyes and is five feet and eight inches tall. His favorites are:
Subject—Public Speaking
Song—"I'll Wait For You."
Actor—Gene Autry.
Actress—Rita Hayworth.
Hobby—Writing Notes.

JUNIOR NEWS

After meeting at the school house Friday night, September 11 for a theatre party, the Junior class got in several cars and were accompanied to the Haskell park by Miss Somerville, Mr. Denton, Miss Denton and Miss Thomas. After they had refreshments at the park they went to the Texas theatre where they saw Juke Girl.

SOPHOMORE NEWS

The Sophomore class met September 8 and decided to have a party with watermelons as refreshments. The refreshment committee is: Bethelone Raynes, Anna Dean Batten, Russell Johnson, and Billy Cooley.

GIRLS SPORTS NEWS

The girls are making good progress in volleyball. Although when the boys are using the gym they just sit around and do nothing. Some of the Freshman girls play volleyball all the sixth period.

BOYS SPORT NEWS

We were looking through some old things last week and what did we find but an old football? We put some air in it and during the noon period we played touch and pass. This just makes matters worse though I guess for it just brings back old memories of our football days. We surely regret that we are not getting to play football but just can't. Although we seniors will not be back next year, we hope the other boys can play.

EX-STUDENTS

Cecil Edwin Jones, an old member of the senior class was home over the week-end. He is in the army at Ft. Sill, Oklahoma training in field artillery. We wish that he could have stayed and visited school, but his country comes first. We were sorry to lose Cecil from school, but we know he will carry on there.

A few of our ex-seniors are going to college this fall: David Sanders is entering his second year at Texas University. Clay Griffith is going to T. C. U. Philip Cadenhead and Bernard Cooley are going to A. & M.; Lona Mae Sanders, Irene Havran, Maurine and Pauline McBeth, Brooksy Holt and Wilma Jo Burkman, our business teacher of last year, are attending NTSTC at Denton. Ray and Drey Lowe are going to John Tarlton; Cooper Rutherford is going to Hardin Simmons; and Margaret Thyrwanger is attending business college in Abilene.

PUPPY GROWLS FROM THE FIFTH GRADE

The fifth grade has been making a study of Indians since school started. Most of us decided we like our country better as it is today than when the Indians were roaming the plains.

These boys and girls are in the fifth grade: Mavis Alexander, Alvis Brown, Bobby Carroll, C. P. Comegys, Robert Gains, Deward Gordy, Wayne Hix, Tony Juarez, Carl Marshall, Cleo Merchant, Charles Sargent, Warren Short, Dorris Tuggle, James Yandell, Carolyn Batey, Patsy Brite, Janella Couch, Wanda Dunnam, Matilda Ejem, Lavon Ferguson, Dorothy Forehand, Dona Ruth Grimsley, Venita Heavington, Joanna Linton, Patsy Owens, Winona Pace, Jessie Mae Pickering, Maxine Scott, Bertie Lou Stewart and Patsy Whitworth.

Monday we had a new pupil Billy Mark from California. We hope he will be happy to work with us.

Jenella Couch visited her uncle who is in an Abilene hospital Sunday.

Patsy Brite visited in Goree Sunday.

Adolph, Benito and Hirohito—the three blind mice. Make them run with ten percent of your income in War Bonds every pay day.

Weekly Health Letter

By Dr. Geo. W. Cox, State Health Officer
Austin, Texas — Strengthening a campaign for the control of Typhus in Texas, Dr. Geo. W. Cox, State Health Officer, announced today that the State Department of Health in collaboration with the League of Texas Municipalities has prepared a pattern ordinance for the disposal of garbage which it is hoped will be widely adopted by cities and communities throughout the State.

"Rats, like any other animals, seek those fields which offer the most food and best shelter," Dr. Cox said. "Any typhus control program must necessarily hinge on making food inaccessible to rats. It has been found that the rat population in Texas is much greater in those towns where no regular garbage collection is maintained."

Dr. Cox said that this pattern ordinance conforming with war restrictions eliminates the use of critical materials substituting wooden garbage pails for the cast iron type formerly used. In order to eliminate the use of war materials for building incinerators the ordinance provides for the use of the land-fill method.

Some of the cities now considering the adoption of this ordinance are Brownwood, Mineral Wells, Killeen, Velasco, Ft. Stockton and other defense areas. Dr. Cox stated that full information concerning this ordinance can be had through the State Health Department and suggested that all cities and communities which might be benefitted by such protection consult the State Department of Health for full particulars.

Federal allotment for funds for garbage disposal have been made in some instances in defense areas where local funds were inadequate.

SOCIETY

Former Haskell Girl Weds In Glendale, Calif. Sept. 9th

In an impressive ceremony read in the chapel of the Wee Kirk O' the Heather in Forest Lawn Memorial Park, Glendale, Calif., Wednesday evening Sept. 9 at 7:30 o'clock Miss Lucille Kirkpatrick, daughter of Mr. and Mrs. W. E. Kirkpatrick of Dimmitt, Texas, became the bride of Lieut. Roger O. Townsend of Pampa, Texas.

Officiating for the ceremony was Dr. J. W. Brogher, pastor of the First Baptist Church, Glendale, Calif.

The bride wore a wedding gown of saluta blue crepe with crystal beaded trimmings and matching blue velvet veiled hat and her corsage carried on a Bible included gardenias, and staphenotis with white ribbon streamers. Maid of honor was Jane Kirkpatrick, sister of the bride, and she wore a wine velvet gown with touches of white lace and navy accessories and carried a corsage of pink gladioli.

Best man was Lieut. T. E. Toyn, and ushers during the ceremony were Lieut. A. R. Oehl and Lieut. W. G. Walker.

Parents of the bride, Mr. and Mrs. Kirkpatrick are former residents of Haskell, moving to Dimmitt a number of years ago. Mrs. Townsend is a graduate of Dimmitt High School, and attended Baylor University, Texas Technological College, and West Texas State College.

Lieut. Townsend is the son of Mr. and Mrs. J. B. Townsend of Pampa, Texas, where he graduated from Pampa High School and later was connected with the Magnolia Oil Company in that city before entering the armed service.

After a wedding trip, Lieut. and Mrs. Townsend will be at home at Newport Beach, Calif., after Sept. 15.

Connie Morris and George Gates Married

Connie Morris formerly of Haskell and George Gates band director of Merkle High School were married last Saturday night at the men's dormitory at Hardin-Simmons University with Boyd Robinson, ministerial student and part time pastor of the Sweet-water church reading the wedding vows.

Mr. and Mrs. Gates are former students of Hardin-Simmons. Mrs. Gates graduated from Haskell high school and was a sophomore at H. S. U. last year.

Helen Bagby Circle Meets With Mrs. Paxton

The Helen Bagby Circle of the Baptist W. M. U. met in the home of Mrs. Paxton Monday evening Sept. 14th for a mission study. Meeting opened by singing "Sweet Hour of Prayer" followed with prayer by Mrs. Ellis. Mrs. Couch gave an interesting devotional from the 24th chapter of Ex. and Mrs. Arthur Merchant offered a prayer. Mrs. Paxton was program director for our lesson and discussed things learned in His Holy Word. We then sang "How Firm A Foundation" and Mrs. Taylor discussed Prayer and Faith and said prayer was the key which being turned by the hand of faith unlocks all God's treasures and faith was one of the greatest powers in the world. Mrs. DeBard offered a prayer and Mrs. Sides then told about soul winning and work in our cities, rural communities and the mountains. This was followed with prayer by Mrs. Taylor.

We had a brief business session in which the following chairmen were elected: Mrs. John Ellis, Bible teacher and assistant teacher; Mrs. Sides, Benevolence; Mrs. John Couch, Missions; Mrs. Jim Bailey, Personal Service; Miss Ida Crawford, House Chairman; and Mrs. Paxton, Educational.

Mrs. Paxton gave the closing prayer, dismissing 8 ladies and we were happy to have a new member, Mrs. Jack Merchant.

Miss Maurine Johnston Becomes Bride of Mr. Richard Mears Saturday Evening

In a ceremony performed in the home of Rev. W. T. Priddy, pastor of the East Side Baptist Church Saturday evening at 8 o'clock Miss Maurine Johnston of Wichita Falls became the bride of Richard Mears of Franklin, Texas. Rev. Priddy officiated for the bride.

The bride and groom were attended by the bride's sister and brother-in-law Mr. and Mrs. Bill Barton, Jr. of Sacramento, Calif. Mrs. Mears is the daughter of Mr. and Mrs. E. L. Johnston of Wichita Falls, former residents of this city where she attended Haskell High School and graduated with the class of '42.

The groom is the son of Mr. and Mrs. J. D. Mears of Franklin, Texas.

The couple plan to make their home in Sacramento, Calif., where Mr. Mears is employed.

In 1940 Texas harvested 41 million pounds of pecans.

Sunshine Sewing Club Meets With Mrs. Jack Ratliff

The Sunshine Sewing Club met Tuesday Sept. 15th in the home of Mrs. Jack Ratliff with nine members present. Mrs. Smith's baby was presented with a lovely gift from the club. The next meeting will be in the home of Mrs. J. D. Tyler.

Refreshments were served to: Mmes. V. A. Brown, Jim Fouts, Chas. E. Smith, D. A. Jones, L. D. Jones, Hallie Chapman, Jack Johnson, Jno. McMillin and the hostess.

Jimmy Ferguson Celebrates First Birthday Monday

Jimmy Ferguson celebrated his first birthday Monday, Sept. 7th and his mother, Mrs. Jim Ferguson entertained for him in the afternoon at the home of her mother Mrs. A. J. Josselet. The birthday cake that was decorated with one lighted candle centered the refreshment table. Sand pails were given each as favors.

Cake and punch were served to the following: Carolyn Sue Josselet, Florean Duncan, Rodney Douglas Davis, Linda Murriel Lane, Sharon English, Linda and Ann Davenport of Alpine, Mrs. J. E. Walling Sr., Mrs. Jane Bourland, Mrs. Estel Gilliland, Mrs. Joe Lee Ferguson, Mrs. Raymond Davis, Mrs. Marion Josselet, Mrs. W. J. Dunlany, Mrs. Dick Dunlany, Miss Anna Kate Ferguson of Alpine and the honoree.

W. M. S. of East Side Baptist Church Has Meeting

The W. M. S. of the East Side Baptist Church met in the home of Mrs. Philo Boddy Monday afternoon Sept. 14, 1942 for a business meeting and a Royal Service program with the president, Mrs. Emyr Anderson in charge.

The following officers were elected for the coming year: Vice President—Mrs. W. T. Priddy; Corresponding Secretary—Mrs. Clarence Oldham; Treasurer—Mrs. Willie Adress; Personal Service Chairman—Mrs. Cecil Lackey.

The treasurer gave a report of the past year.

Following the business meeting an interesting Royal Service program was given. The program was concluded in prayer by Mrs. C. E. Capers.

A short social hour was then enjoyed by everyone present. Refreshments were served by the hostess to the following: Mmes. Emyr Anderson, W. T. Priddy, M. H. Young, Willie Adress, Cecil Lackey, Bill Fought, May Kendrick, Bob Brock, C. E. Capers, Clarence Oldham and Philo Boddy.

UPPERCLASS ADVISERS AID FRESHMEN CO-EDS AT TEXAS UNIVERSITY

Austin, Tex.—Ready answers to the questions of perplexed freshman co-eds in University of Texas dormitories, this fall will come from a group of 80 "upperclass advisers."

The advisers' council in each of the seven women's dormitories was organized to help new students get acquainted and get started in their four-year stay at the University. Council members are expected to be able to solve almost any problem that might come up, from advice on courses and classes to questions on what to wear to the first party.

Upperclass advisers are appointed by the dean of women and the matrons of the dormitories, selections being made from a list recommended by the girls in each dormitory. Requirements are a good scholastic record, ability to understand people, and the willingness to take the time and trouble to work with new students.

Fourteen out of the eighty advisers this fall will be serving their second "term."

Among the upperclass advisers for the long session beginning September 21 is Martha Schmalenbeck senior home economics student from Sagerton.

What You Buy With WAR BONDS

Aside from the sixty-mile an hour Mosquito Torpedo Boats, the Sub Chasers are the speedsters of our Navy. Light and fast, they are the eyes of the Fleet on the water. They displace approximately 1,500 tons and cost about \$2,400,000 each.

Miss Francis Chapman, daughter of Mr. and Mrs. Hallie Chapman has entered Draughon's Business College at Lubbock.

Mr. and Mrs. Jim Bob Webb and Mr. and Mrs. Paul Roberts of Grand Prairie were in Haskell over the week end visiting relatives and friends.

CHURCHES

CHRISTIAN EDUCATION WEEK AT THE METHODIST CHURCH

A series of programs and activities are being arranged at the First Methodist Church for the week of September 20 to 27 to be known as Christian Education Week. Sunday, September 20, will be Rally Day in the Church School beginning at 9:45 A. M. At 10:35 the Children's division will present a program in the auditorium, under the direction of Mrs. Irene Ballard superintendent of the Children's Division, and the teachers of the division.

Monday evening the Board of Education will meet for organization and election of Church School Teachers for the new Church year which begins with October.

Tuesday evening is Youth Night under the direction of Miss Frances English, Superintendent of the Young People's Division, and the teachers of that division.

Wednesday evening the new General Superintendent of the Church School, Mr. Emory Menefee, will greet the officers and teachers of the Church School. Luncheon will be served in the basement after which Mr. Menefee will lay before the workers his general outline of work of the Church School for the new year.

Thursday evening is Adult Night. With Mrs. Hettie Williams Superintendent of the Adult Division, presiding, a special program will be conducted for the adults.

Friday afternoon the Children's Division will have their program and fellowship.

Sunday, September 27, is Promotion Day. At the 10:30 A. M. General Assembly of the Church School, following the class periods, General Superintendent Emory Menefee will present Certificates of Promotion to all children who are being promoted from one department to another.

The public, whether members of First Methodist Church School or not, is invited to any of these services. You will be doubly welcome.

FIRST METHODIST CHURCH Kenneth W. Copeland, Minister Emory Menefee Church School Superintendent

Sunday is Church School Rally Day. Special effort is being made to secure largest attendance possible. Church School convenes at 9:45. At 10:35 Special programs will be presented in the auditorium by the Children's Division. Mrs. Irene Ballard, Superintendent.

10:50 A. M. Morning Worship Service. Special music by the choir, Mrs. Bert Welsh, Director, Mrs. O. E. Patterson, Organist. Rally Day sermon by the minister, "There is a Lad Here."

7:30 P. M. Junior and Hi School Departments of the Methodist Youth Fellowship meet. All children and young people cordially invited to attend these services.

8:30 P. M. Evening Worship Service. Vested Youth Choir. Sermon by the minister, "Evangelism and the Saving of Souls." This is the third sermon in a series on the general theme, "What Has the Methodist Church to Say for Such a Time as This?" The public is cordially invited to hear these messages.

FIRST CHRISTIAN CHURCH C. N. Williams, Minister

9:45 A. M. Church School. 11:00 A. M. Worship Service. The Lord's Supper and Sermon. Subject of sermon, "The When, Where and How of the Church."

8:15 P. M. Evening Worship Song Service and Sermon. Subject "Light, Heat and Power."

On Wednesday evening Sept. 23 the Young Married People's Class combined with young women's will sponsor the social program in basement of church.

CHURCH OF CHRIST

Lord's Day morning: Bible School—9:45. Preaching—10:45. The Lord's Supper—11:45. Evening Service—8:45. Ladies Bible Class each Wednesday afternoon at 3 o'clock.

WILL SEND BOX TO BUCKNER'S ORPHAN HOME

The Woman's Missionary Society of the First Baptist Church are packing a box for Buckner's Orphan Home. Clothing or cash contributions will be appreciated. All donations must be in by September 28th.

Miss Francis Chapman, daughter of Mr. and Mrs. Hallie Chapman has entered Draughon's Business College at Lubbock.

Mr. and Mrs. Jim Bob Webb and Mr. and Mrs. Paul Roberts of Grand Prairie were in Haskell over the week end visiting relatives and friends.

NEWS IN THE WORLD OF RELIGION

World Wide Communion Sunday

"World Wide Communion Sunday" is to be celebrated in Protestant churches throughout the world on October 4. In the United States it is being sponsored by the Federal Council of the Churches of Christ in America, and overseas by the World Council of Churches and national and denominational groups. In various communities through interdenominational committees, laymen are making a "house to house canvass" and asking church members and non-members to sign cards agreeing to attend church service for six Sundays beginning Oct. 4. On that date itself it is believed that perhaps 15,000,000 Protestants will gather at the communion tables of their churches, some at union services.

Mrs. Ruth Mougey Worrall, of Columbus, Ohio, has been elected as the first executive secretary of the newly-formed United Council for Church Women—said to be the largest organization of women in the world. Mrs. Worrall will move to New York in September and open an office at 156 Fifth Avenue. For a number of years she has been in charge of the women's department of the Ohio Council of Churches and has been well-known in church circles as a producer of large-scale pageants and plays at conventions; and as a leader in the former Woman's Home Missionary Society of the Methodist Church.

Dr. George E. Haynes, of the Federal Council of the Churches of Christ in America, proposes the following as some points in a "charter for justice and goodwill between racial groups in America: the present conflict whatever race or color have a part in it; the equality and dignity of every citizen, no matter what his race or color; be a principle in everyday relations; justice for Negroes and other minority racial groups should determine the security of democracy; acknowledgment that all racial stocks have made contributions to our common American culture; the democratic circle made so wide as to include all colors and races; all races and classes welcomed to membership; fellowship and administration in the Christian church; the master-slave-serf complex removed from the minds of both whites and Negroes."

A fund of \$50,000 (Chinese) is being raised in West China for the erection of a memorial chapel in the Methodist Memorial Church, Chungking, to the late Rev. William Albert McCurdy, when the Church is re-constructed after the war. This twice-bombed institutional church was in itself a monument to twenty-five years of missionary service by Mr. McCurdy who died last December. The edifice has served the social and recreational needs as well as the religious life of thousands of people before it was bombed in 1939 and again in 1940 in Japanese raids. Chinese alumni of Northwestern University (Evanston, Ill.) which was also Mr. McCurdy's alma mater, are leading in the plans for this post-war memorial chapel.

"Morals and morale blended together are the soul of our national life," said Archbishop Francis J. Spellman of the Roman Catholic Church, recently. "Religion and patriotism support and strengthen each other. Without religion and moral standards, patriotism is but a cloak. With religion and high moral standards patriotism has a foundation, a strength and a permanence which comes from God. America's moral draws its strength not alone from natural courage but also from a just cause and from a just God."

"If you approach any man and ask him what he thinks of Christian principles he will agree with them 100 per cent," says Wallace C. Speers, New York businessman, and leader is the newly organized "Laymen's Movement for a Christian World." "But when he comes to applying them there are not interpretations of those principles as they apply in our complex world available to him. There is a distinct gap between principle and life which we must discover a technique for bridging. What better way can we do than by attempting, all of us, to make a Christian analysis of our everyday work. If a lawyer, doctor, merchant, politician will draw up such an analysis for other doctors, lawyers, merchants, politicians to criticize constructively, each profession could develop a general type of practical interpretation of Christian principles that will give of inestimable value. You will find hidden possibilities such a Christian yardstick will give you."

Miss Louvenia Shelley and Sgt. Claude Stevenson of Abilene visited in the home of her parents Mr. and Mrs. Arthur Shelley Sunday.

J. A. and Thurman Bynum returned Wednesday from Temple where Thurman has been a patient in the Scott and White Sanitarium for the past few days.

Organizer of Haskell High School

Mad Gets Way

Season has come again, the Pep Squad has been organized and the management of the pep squad is in the hands of the following officers: Head yell leader, L. E. Laid; co-leader, Annette Laid; cheerleaders, Wynona Quatner, Cora Faye Hayes, Carolyn Williams. The pep squad will have charge of the pep assembly on Thursday, Sept. 17. The pep squad will have charge of the pep assembly on Thursday, Sept. 17.

Random Comments

Due to student's schedule changes and various other irregularities, no staff has been named yet, but this issue comes to you through the handwork of several students. Those students are Patsy Fearsy, Marie Adams, Mary Frances Perdue, Shirley White, J. W. Casey and Cecil Gholson. We shall be able to announce the regular staff before long, we hope.

Well, students, we didn't get a very good start in our buying of war stamps and bonds, did we? Seems that nearly everyone forgot to bring his money last Friday. Summer vacation must have dulled that old memory quite a bit. But come on, students, Uncle Sam needs our dimes and quarters, and he needs them badly. Let's keep that money rolling and he'll keep those planes, tanks and guns rolling off the assembly line.

The happiest people in high school last Monday were the seniors when they heard that their rings had come. The long-awaited event is now a reality. But it may be two weeks before they get them, depending on when they get their money in, so here's betting that the seniors are going to get busy.

There's no news to bring you on the Student Council yet, but in all probability we shall have some news next week. There will be a meeting soon, for some preliminary discussion, and then the new officers will be elected by the student body. We should make this year's Council bigger and better even than the one last year, so everyone should be thinking seriously as to who will make the best officers.

Students Help With Collection of Scrap

Each student in Haskell High School received a card last week to take home to his parents concerning the National War Effort. On this card the parents were asked to state if they had scrap iron, steel or rubber, and to give the approximate weight of it. Many people in the United States can not join the colors, but they can give all their scrap iron and rubber.

By bringing these cards back so that they could be turned over to the agencies for collection of these materials, the students were able to contribute to the drive for scrap iron and rubber.

If there was more than one student in the family, they were asked to give the extra cards to neighbors without children in school.

Shorthand Class To Be Taught

Only one or two students in Haskell High School registered for first year Spanish this term, so for this reason the class is not being offered. As this gave Miss Riley an open period, she was able to offer shorthand. The class was open only to those who had taken or were taking typing.

Mr. Scott asked the seniors interested in shorthand to register for that subject. Eleven girls who had had typing or were taking it registered.

A limited number of outsiders may take this course provided they pay a tuition fee.

Work Is Resumed At School

Once again the doors of H. H. S. are open and the school and grounds are overrun with students. Classes have begun once more, and vacation is but a vague memory.

Upper-classmen went about with assurance on the first day, while the new students seemed somewhat uncertain. But we must note

that the day passed with almost no confusion. The freshmen seem pretty capable of finding their way about the building.

Assembly was held in the auditorium and Mr. Scott made several announcements. New teachers were introduced and heartily welcomed.

Though the seniors hate to admit it, it does seem rather lonesome without last year's seniors.

Classes Elect Officers

Last Monday morning the activity period was given over to class organization, after class sponsors were announced in assembly. Last year the classes elected their sponsors, but this year they were appointed. Acting as sponsors for the Senior Class are Miss Couch and Mr. Scott; Junior sponsors are Miss Vick and Mr. and Mrs. Green; sponsors for the Sophomores are Mrs. Ramsey and Mr. Thompson; and the Freshman sponsors are Mrs. Fambrough and Mr. Thomas.

Class meetings were held and class officers were elected. Officers for the Senior Class are: President—Jerry Cahill; Vice-President—Shirley White; Secretary and Treasurer—Gordon Johnston; Reporter—J. W. Casey.

Officers for Junior Class are: President, Claude Helwig; Vice-President, Bobby Dulaney; Secretary and Treasurer—Royce Adkins; Reporter—Cecil Gholson.

Officers for Sophomore class are: President—Eugene Risley; Vice-President—Deen Bartlett; Sec. and Treas.—Ruby McKelvain; Reporter—Sue Ratliff.

Officers of Freshman class are: President—Sue Collins; Vice-President—Jane Richey; Sec. and Treas.—Doris Holmesly; Reporter, To be elected.

New Teachers Out-number Old

High school began this year with six new teachers, including a new principal.

Our principal is Mr. J. Cleo Scott from Rule. He has been teaching in Rule Public Schools for several years. Mr. Scott teaches civics and keeps study halls. He holds a B. A. degree from Abilene Christian College. He and his family now reside on North Houston Street.

Mr. Green is our new coach. He played football four years in Texas Wesleyan College, and had a second position on the golf team. He has a B. S. degree from that institution. Last year he was principal of a rural school between Rotan and Aspermont. In addition to coaching duties, Mr. Green teaches math.

Mrs. Green taught in the school with Mr. Green last year, and is teaching science and history here this year. She also has charge of the girls' physical education and is sponsor of the Pep Squad. She has a B. S. degree from Texas Wesleyan College. Mrs. Green is the sister of our former science teacher, Miss Kennedy.

Mr. Thompson is our assistant coach and teaches physics and geometry. He is a former pupil of this school having finished here in the Spring of '38. He attended Hardin-Simmons and received his B. S. degree from there last spring. Mr. Thompson played on the Hardin-Simmons team for three years. He is the son of Mr. and Mrs. Carroll Thompson of Haskell. Mr. Thompson is a member of the Naval Reserves and is subject to call at any time, but he plans to remain here until called.

Mr. Thomas is teaching Vocational Agriculture. He taught in the Blanket schools last year. Mr. Thomas graduated from A. & M. College in the Spring of '39. He and his family reside on Mitchell Street.

Mrs. Fambrough is our new social science teacher. She taught in the Paint Creek School last year, where her husband was the teacher of vocational agriculture. He is now in the service. Mrs. Fambrough received her education in T.S.C.W., and has a B. A. degree. Her former home is in Woodson, Texas.

Mrs. Melton Haley and daughter Vivian of Tulsa, Okla., were visitors last week in the home of Mr. and Mrs. Giles Kemp.

Purchase of War Stamps Resumed

Our school is again selling war stamps and bonds. This is being carried on as formerly. Last year the stamps were sold once a week on Fridays, with each class striving to be hundred per cent purchasers. Last Friday the sales amounted to \$111.15. Since this was the first sale of this school year, a number of students forgot to bring their money but were urged to make double purchases next week. Special honors go to Miss Riley who bought a \$100 bond.

Come on students! Let's all be a hundred per cent next week.

Former Teacher Continues Studies

Mr. Haskell Stone, math teacher in this school last year, has moved his family to Lubbock, where he will attend Texas Tech this year. Mr. Stone plans to become a teacher of vocational agriculture, and hopes to finish his college preparation as soon as possible.

Office Has New Force

Along with our six new teachers and many new pupils come two new office girls to Haskell High School. They are Betty Ruth Blake and Anna Mae Brooks. Anna Mae came this week to take the place of Lomeda Keneda, who has accepted a position in the bank.

Betty was graduated from Haskell High School in 1941. Last year she attended North Texas State Teachers College in Denton, where she took a business course and the study of journalism. She is

serving as Mr. Breedloves secretary.

Anna Mae came to Haskell from Houston, and was graduated from Haskell High with the class of 1942. She is working in Mr. Scott's office.

Former Teachers Visit H. H. S.

Last week we were glad to have two of our former teachers visit us here at H. H. S. They were Mr. Ramsey, our former principal, and Mrs. Woods (the former Miss Madeline Breedlove) who had charge of the Homemaking Department two years ago.

For the past few weeks Mr. Ramsey has been in Chicago training as a civilian instructor in the Navy. He expects to be stationed as an instructor, in either Oklahoma or Tennessee. While he was here Mrs. Ramsey's duties in school were taken over by Mrs. Chapman.

Mrs. Woods, who is visiting her parents near Stamford, drove over to see us one day last week. At present her home is in Little Rock, Arkansas.

The students of H. H. S. were very glad to see both Mrs. Woods and Mr. Ramsey, and we hope we will be able to welcome them back soon.

Corp. Edwin C. Cass spent several days at home with his parents Mr. and Mrs. E. C. Cass. Edwin was en route from Camp Callon, Calif., to Camp Davis, N. C. where he will enter the officer's training school in anti-aircraft artillery.

Viars Felker and W. M. Johnson who are employed in San Antonio are spending this week in Haskell.

LOCALS

Mr. and Mrs. Sam A. Roberts spent the week-end in Byers where they visited in the home of his mother, Mrs. A. Roberts. From there they went to Fort Worth to spend Sunday with their daughter Gayle, who is assistant Home Demonstration Agent of Tarrant county.

Mr. and Mrs. Bill Barton Jr. and daughter Edith Kay of Sacramento, California, have been visiting in the home of Mr. Barton's mother and father, Mr. and Mrs. W. O. Barton of Haskell and Mrs. Barton's mother and father, Mr. and Mrs. E. L. Johnston of Wichita Falls, Texas. They have returned to their home and were accompanied by Mr. and Mrs. Richard Mears who will also make their home in Sacramento.

Mrs. Carl E. Sims and daughters Carol Dan and Carlon Ann of Henrietta spent last week with Mr. and Mrs. Joe Chapman of this city.

Miss Bobbie Nell Cass, a student nurse in Lubbock General Hospital, spent the week end with her parents Mr. and Mrs. E. C. Cass and Edwin returning to Lubbock Monday morning.

Mr. and Mrs. Pennington and daughter and son of Shamrock visited Mr. and Mrs. I. V. Marrs last week end.

Jane Holt, Jean Conner and Frank Spencer returned to Denton this week where they will reenter school.

Jack Morris and Theodore Pace Jr., made a business trip to Fort Worth the first of the week, returning Wednesday.

At Air Force Technical School

Scott Field, Ill., Sept 10—Pvt. Howard W. Howeth of Haskell, Texas has arrived at this technical training command post where he will receive an intensive course in radio operating and mechanics to fit him for duty as a member of a fighting bomber crew.

During his training period here, Private Howeth will be tested by experts as to aptitudes for special types of work, and when his course is finished he will be sent to more advanced training centers which are part of the vast network of technical training command schools under Maj. Gen. Walter R. Weaver. Upon graduation he will be well qualified for duty as an expert radio operator or technician wherever his services are required by the Army Air Forces.

Scott Field, known throughout the service as the "Radio University of the Air Forces" is located six miles from Belleville, Ill. in the "Looking Glass country" immortalized by Charles Dickens. Formerly a training ground for aviators in World War I, it is now devoted exclusively to the production of radio operators and mechanics.

In Southern Texas, dates, bananas, avocados, papayas and some other tropical fruits are growing in varying quantities.

Mr. and Mrs. Pyeatt McCollum of Stamford spent the week end here with her parents, Mr. and Mrs. J. M. Diggs.

Wasted money is wasted lives. Don't waste precious lives. Every dollar you can spare should be used to buy War Bonds. Buy your ten percent every pay day.

Making Classes Cottage

Making Cottage is a new addition to the school. This modern building consists of an attractive living room, bedroom, bathroom and kitchen. Laboratories for the study of home economics and clothing. Sewing department is furnished with several machines and irons. The large storage closets are very convenient. The cottage is very attractive and is a very desirable place for the girls to live. The cottage is a very attractive and is a very desirable place for the girls to live.

JOIN THE ATTACK ON TOKYO, . . . YOURSELF!
Every person in America may not fly over Tokyo, but every one's dollars can help produce the bombing planes that do!
You, you, you, can join the attack on Tokyo by saving at least 10% of your pay in War Bonds—by joining your company's pay-roll savings plan today or going to your local bank or post office and buying War Savings Bonds—at least 10% of your pay—every pay day.
Remember you can start buying War Bonds by buying War Stamps for as little as 10c and that you get a \$25 War Bond (maturity value) for only \$18.75.

GEMS OF THOUGHT

A man may fall into a thousand perplexities, but if his heart be upright and his intelligence be unclouded, he will issue from them all without dishonor.
—Robert Louis Stevenson

All Must Pay For War

The Economic Policy Committee of the American Bankers Association recently published a booklet on Treasury war borrowing which deserves wide reading.

The booklet points out that the Treasury should borrow from these groups in this order:

- First, and best, from the current income of individuals.
- Second, from idle money in the hands of non-bank holders.
- Third, from the commercial banks.
- Fourth, and worst, from the Federal Reserve System.

"It is in the interest of the banks, the enterpriser, the worker, the farmer and everyone else who suffers from the blight of inflation that every possible dollar be borrowed from the first source," the booklet adds.

In short, the people must pay for this war. No one else can pay for it for them. And the people who are benefiting most from war are the working groups. The great bulk of excess purchasing power is in their hands. So far, they have not borne, by any means, their proper share of the tax load. And that in itself is a powerful inflationary influence.

The banks are doing their job—but they can't do it all by a long shot. It is time everyone realized that.

Live Frugally—Buy Bonds

In a recent interview, James J. Hunter, president of the Bank of California, advised the American people to live frugally and save their money through the purchase of War Bonds. No better advice can be given at this crucial period of our national existence.

At the present time, American business in many fields is exerting itself to the utmost to sell both Bonds and Stamps. The work of the banks and of retail stores has been especially noteworthy. Through advertising, displays, posters and other publicity methods they have told the War Savings story to tens of millions of Americans. The banks are the leaders in the sale of Bonds—and retail stores, including chains and independents alike, are the leaders in the sale of stamps.

As a result of such efforts, War Savings purchases have reached very high levels—in July alone, which marked the start of the "Retailers for Victory" Bond and Stamp drive, sales were in excess of \$900,000,000. But there must be further substantial increases in public purchasing before Treasury-established goals will be attained.

Everyone must play his part in financing this war. When you shop in a store, take all or part of your change in Stamps. When you visit a bank on pay day, buy a Bond.

Haskell County History

20 Years Ago—Sept. 22, 1922

At a recent meeting of the Commissioners Court the County Tax Rate was set at 55 cents this year, a reduction of three cents from the rate last year.

B. L. Jackson, Commissioner of Precinct 1, tendered his resignation to the Commissioners Court last week and J. S. Abernathy, the Democratic nominee in the August primary was appointed to fill out the unexpired term of Mr. Jackson.

Blackout

The term is descriptive of what is happening in the world today.

Blackout means much more than doing without artificial light. It is a symbol of the gradual destruction of human advancement. It means the breaking up of families, the death of millions of innocent people, the destruction of a free education and religious system. It is the forerunner of a type of government that makes slaves of all the people it touches.

Blackout symbolizes the end of civilization as we have known it. It is an ominous word. In a country like ours, imagination cannot conceive of the terror that follows in its wake. Blackout is the forerunner of a new type of enemy invasion that wherever successful actually does black out, or wipe out individual identity, opportunity, savings, family relations—for the children become mere pawns of the state—freedom of speech, freedom of worship, private enterprise—everything that symbolized America.

The fact that large sections of this nation are now living under dim-out and blackout regulations is a warning—an ominous shadow of what we face if we do not rush the forces that have caused almost a total blackout of the rest of the world.

There would be little labor trouble, or production trouble, or politics as usual if the people could visualize what blackout means. It's mere shadow should be enough to cement this nation into one irresistible unit of opposition.

Medical Progress Never Ends

The steady progress American medicine is making against the dread bacterial killers, is illustrated by some figures concerning typhoid which were recently published in the Journal of the American Medical Association.

Last year, this report says, there was a significant decrease in the typhoid death toll in the large cities of the country. In 1940, there were 24 cities with typhoid death rates exceeding one per hundred thousand population—and in 1941, there were only 11 such cities. And for the 78 cities for which data is available since 1910, the 1941 death toll was the lowest on record.

What is true of typhoid is true of a long list of other diseases. Typhus, tuberculosis, pneumonia, yellow fever—these are but a few of the killers which American medicine is defeating. In almost every case the death rates are declining.

All of us have heard of famous doctors who have made spectacular medical discoveries. But doctors whose names are virtually unknown, deserve a great share of the credit for medical progress. The fight against disease goes on in backwoods communities, no less than in shining research laboratories with the finest equipment money can buy. Obscure general practitioners are doing their part, no less than the most distinguished specialists. In American medicine, progress never ends—and each achievement is simply a challenge to greater achievements yet to come. American has reasons to be proud of its doctors.

Rubber Progress

Some experts now believe that, in the relatively near future enough rubber and rubber substitutes will be made available to keep a considerable proportion of our civilian cars in operation. If that happens, the much-maligned oil industry will deserve a goodly share of the credit.

The oil industry, its critics notwithstanding, has done outstanding work in developing various kinds of synthetic rubber. In many instances, it is operating government-owned synthetic rubber plants without any profit to itself. And the oil industry was the dominant factor in the recent and successful campaign to collect scrap rubber.

This industry, in short, is devoting its energies and resources to attempts to produce in adequate quantity rubber that can be used for making new tires and repping old casings. It has already made great progress in that direction, and its chemists believe that in time an inexpensive rubber substitute which will be superior to natural rubber in all ways will be developed. In the meantime the oil industry is wisely counseling the public to drive slowly at all times, to abandon all unnecessary driving, and to make tires and cars last to the limit.

On The Home Front

Plans for enforced conservation of rubber and further curtailment of transportation held attention on the Home Front in the Southwest this week.

On top of restrictions already in effect for most types of trucks and certain other vehicles, the Office of Defense Transportation announced that it soon will take control over the use of virtually all trucks, buses, taxicabs and similar commercial vehicles as a necessary step to conserve such equipment for war purposes.

In addition, further restrictions in the use of personal transportation will follow recommendations of the Baruch rubber committee.

These steps of necessity, with the orders freezing certain types of labor on war jobs, new orders on the use of war materials, and prospective expansion of price and other controls to bring further stabilization in the cost of living are driving home the fact that the war and our fight for survival is being waged on the prairies and along the bayous of this Southwestern section. If not before, it is becoming increasingly obvious that this war isn't being fought only with guns in the far reaches of the earth.

During the last week, the immediate concern of many individuals in this part of the country revolves around what is likely to happen to his own use of his property—his car, or his truck. In addition to patriotic response, the affected Home Front soldier can

in connection with our new railroad enterprise. Mr. Tinsley, chief of the surveying corps, was delayed several days from beginning work on the line south because of delay in arrival of some of his instruments. Friday morning he got his crew together and his supply wagon out and made a start on surveying the line, beginning at the north end of the depot grounds and running south, marking with stakes as he went.

The Fields fishing party came in Saturday evening, and reported having had fine success. They killed a lot of quail and squirrels and caught more fish than they could use, a forty pounder being their largest catch.

Messrs. Frank and Fleet Neal of Weatherford, uncle and cousin of our townsmen A. B. Neal are here this week visiting him and prospecting with the idea of buying land and locating in this county.

Messrs. Henry Alexander, Walter Tandy and Charley Hutchens of Stamford and Mr. E. H. Tinsley went out on Lake Creek the other day and bagged twenty-six teal ducks.

At the meeting of Camp Raines ex-Confederate veterans, held at the courthouse last Saturday, old officers were re-elected as follows: B. F. McCollum, commander; D. H. Hamilton, vice commander and S. L. Robertson, adjutant.

J. B. Baker had the misfortune to lose his fine black buggy mare last Saturday.

Messrs. J. W. Johnson & Son have bought Mr. Parsons' residence in the west part of town for \$1200.

Frank Glascock will leave Saturday morning for Galveston where he will enter the medical department of State University for a two-year course in pharmacy.

On The Home Front

take a realistic and practical view of the facts:

His auto or truck is a part of the essential transportation of his nation at war. It is a part of the war. The nation's cities and its agricultural and economic structure were built around the auto. Any failure now in auto-truck transportation would immediately and drastically cripple the war effort.

The auto and its tires are all the auto and tires that the average person is going to have until war is ended. Thus, it's up to him to use his auto for the duration only for absolutely essential driving.

Essential driving is the driving that he can't do without.

Anyone who wastes any part of his car-truck mileage on driving that isn't essential is wasting a part of the nation's vital transportation system. He isn't wasting something that belongs solely to him.

Personal comfort and pleasure are the two easiest contributions toward winning the war.

In his Labor Day speech, Donald M. Nelson put it into words: "The Axis powers have put winning the war ahead of everything else," he said. "They aren't letting anything stand in the way. They have just one aim—to beat us into complete and everlasting helplessness. They'll give up everything on earth for that."

"It is my measured conviction that unless we fight with the same determination and the same unity of purpose, we are going to lose this war."

Under the ODT orders to control use of trucks, beginning November 15 every vehicle affected will have to carry a certificate of necessity which will govern the maximum mileage that may be carried or the minimum loads that may be carried, or both. The certificate will be a requisite to obtain gasoline, tires, or parts.

The order applies to all types of trucks and other rubber-tired vehicles propelled by or drawn by mechanical power and built or rebuilt primarily for the transportation of property, except motorcycles, and all motor vehicles used in the transportation of passengers or which are available for public rental, including ambulances and hearses, but not including private passenger cars.

Applications for the certificates will be made on forms to be supplied to the operators by the ODT or return to the nearest ODT field office unless otherwise directed.

For operators of private passenger cars, there will be other methods to enforce rubber conservation, including controls over gasoline marketing.

Citing the fact that it is a choice between "discomfort and defeat" the Baruch committee's recommendations to the President included a nationwide speed limit of 35 miles per hour, reduction of

essential driving to an average of 3,000 mile per car a year, allocation of rubber and tires to maintain essential civilian driving, compulsory tire inspection, and an intensive volunteer conservation program pending establishment of controls.

A definite step in the nation's conservation of manpower was taken when the War Manpower Commission issued orders to freeze workers on their jobs in Southwestern lumbering and non-ferrous mining and smelting industries.

This first of the moves that can be expected to maintain essential production will be effective especially in the mining and smelting area around El Paso, the smelting area around Amarillo, and the lumbering region of which Lufkin, Texas, is a center. Under the plan, it will be necessary for a man in one of the industries to have a certificate from the U. S. Employment Service before he can accept other employment.

With this policy set by the WMC labor becomes a tangible resource that will be allocated with raw materials and commodities to the one job ahead—that of winning the war.

MORE VICTORY STYLES ARE RECOMMENDED FOR DURATION OF THE WAR

COLLEGE STATION—Because cloth has many military uses, consumers' need to forget "keeping up with the Jones" and return to sturdier, more simple clothing for the duration of the war.

This is the advice brought by Mrs. Dora R. Barnes, clothing specialist for the A. and M. College Extension Service, from a conference on war-time clothing problems held recently in Birmingham, Ala. Consumers also will profit by buying better materials which will last longer and by insisting that labels in clothing give more definite information.

Some military uses for cloth, other than clothing, include camouflage nets, food and feed bags, tarpaulins, mattresses, hammocks, bandages and surgical dressings, bed linens, towels and tents. Because of these needs of the armed forces, civilians may expect 25 to 30 per cent reduction in available cotton goods. "That means we must streamline our clothes," Mrs. Barnes says.

Diminished supplies of rayon hosiery are to be expected, since rayon filament is being used in parachutes and tires. Only 10 per cent of high tenacity rayon yarn will be available for the manufacture of hose. With wool, the story is much the same. Three-fourths of the total wool output will be used for military purposes.

The possibility that a year-around cotton wardrobe for women might become popular is good news for Southern cotton growers, the specialist says. For cold weather apparel made of vel-

veteen and corduroy may be substituted for wool garments as a war-time measure. Outing sleeping garments and water-proofed cotton raincoats will be the "high style" for the seasons to come.

A LOOK AT THE BOOK

Having experienced the joy of the heart for fear, God is calm and confident. "For God hath not given us the spirit of fear; but of power, and of love, and of a sound mind" (II Timothy 1:7).

Fear and a sound mind are not found together. Fear makes a man act with unreasoning instinct, not with the logical accuracy of sound thought. Possessed by it the mind cannot function accurately and clearly. But love and a sound mind are a natural combination. Love stimulates life. Love motivates action and thought along the highest planes. Pure love can move men to the finest of creative effort and artistic endeavor and tireless activity.

Fear can become man's greatest enemy. Shakespeare said, "Cowards die many times before their deaths. The valiant never taste of death but once." Love is an ally that never knows defeat. Even death itself holds no terrors when love is by one's side.

The child of God is called to the "spirit of love," and he who lives up to that high calling is freed from the bondage of fear for "perfect love casteth out fear" (I John 4:18).

A LOOK AT THE BOOK

Having experienced the joy of the heart for fear, God is calm and confident. "For God hath not given us the spirit of fear; but of power, and of love, and of a sound mind" (II Timothy 1:7).

Fear and a sound mind are not found together. Fear makes a man act with unreasoning instinct, not with the logical accuracy of sound thought. Possessed by it the mind cannot function accurately and clearly. But love and a sound mind are a natural combination. Love stimulates life. Love motivates action and thought along the highest planes. Pure love can move men to the finest of creative effort and artistic endeavor and tireless activity.

Fear can become man's greatest enemy. Shakespeare said, "Cowards die many times before their deaths. The valiant never taste of death but once." Love is an ally that never knows defeat. Even death itself holds no terrors when love is by one's side.

The child of God is called to the "spirit of love," and he who lives up to that high calling is freed from the bondage of fear for "perfect love casteth out fear" (I John 4:18).

Our 1942 Taxes Would Blast Adolf, et al., With 55,200,000 Bullets Like These!

Our 1942 Taxes Would Blast Adolf, et al., With 55,200,000 Bullets Like These!

Bullets, not politics or words, will win this war. Bullets, guns, tanks, planes, and ships. These are all items that can't be just talked into existence—they must be MADE. And it takes MONEY and unselfish work. Money, real man power—and ample electric power. To make and use these weapons, men must be trained. In all the categories vital to the war effort, this company is taking an important part. As for MONEY—our payment in 1942 taxes will total not less than \$1,150,000... enough to buy 55,200,000 bullets at the Army's specified price of 25 cents a dozen. The company has bought \$50,000 in war bonds. Its employees are buying bonds in a united, organized program.

As for MAN POWER, a total of 122 men from this company are already in the armed forces where their experience and training in business, electrical engineering and distribution service has been of inestimable value to Uncle Sam. Twenty-one of them already commissioned officers... one lieutenant colonel, six majors, four captains, nine lieutenants, and one ensign. Both, money and man power, are things which are being given... must be given... by every West Texan, every American. These are contributions which each man, woman and child can make to the Victory cause. As for ELECTRIC POWER—it's a job for specialists. Today we can be thankful that America has men in non-political enterprises who can deliver the goods—with surplus!

West Texas Utilities Company

With the Colors

Receives Card From Grandson In Ireland

Mrs. J. T. Therwanger of this city received a postcard last week from a grandson, John N. Therwanger, who is with the U. S. Air Force Service Command in Ireland. He wrote that he was having lots of experiences and seeing lots of country that was altogether different from West Texas, and that it seemed to rain there every other day. He is the son of Mr. and Mrs. H. N. Therwanger of San Angelo, former residents of Weimer.

Colored Soldier Cables From Overseas

Sgt. Lorne Anderson, one of the first colored men inducted into the Army from Haskell county, last week cabled his cousin, Mrs. Willie Lee Sharp that he had arrived safely at an undisclosed overseas destination, and that he had received her letters. Previously Sgt. Anderson had advised relatives that he expected to embark from New York for some point overseas.

Former Haskell Boy Writes From Ireland

The following letter written by Coit Hudson, son of Mr. and Mrs. W. S. Hudson of Ralls, Texas, is reprinted from the Ralls Banner. They formerly lived southeast of Haskell, and young Hudson attended Paint Creek Rural High School. He is now with U. S. Army forces in Ireland.

August 15

Dearest Mother: I will endeavor to tell you something about this country. It is a very beautiful country. All the fields have rock walls around them. The houses are real large and very old. There are also a number of castles here. They were once occupied by Lord So-and-so. They are very beautiful and usually overlook the ocean or some lake.

Their principal crops are Irish potatoes, flax and oats. They have never seen any corn. They call their oats corn. Every farmer seems to have a small field of Irish snuds. The pastures are all covered with an even growth of green grass and have flocks of geese and ducks on them. All the lakes are covered with water lilies and have a large number of sea gulls and a large white swans on them.

I haven't seen a mule on this island. They have large horses and only work one horse to a wagon. They also have a few donkeys. They are used principally to pull water carts.

All the automobiles are real small (even smaller than our Austins). They are all left hand drive, therefore they drive on the left side of the road.

When you attend a movie it is similar to walking in the smoker on a modern passenger train. The people smoke all during the show, discuss current events, etc. Another oddity here is that it costs more to sit in the balcony than in the bottom floor.

The climatic conditions are very unusual. It rains some here every day and in the summer months they have only four hours dark-

ness each night. But during the winter they have sixteen hours darkness. It sure seems odd to go to bed after midnight and have to close the black-out curtains to shut out the light. The sun usually sets about 11 p. m.

Their chief means of transportation are bicycles and horse-drawn buggies. On some occasions you see a whole family walking three or four miles to town.

They have their First Monday and Trades Day here the same as in the States. They auction off everything from geese to horses.

Mother, I will write you as often as possible. But you can feel sure I am safe and in perfect health. So write often.

Love to all.

Coit.

CARD OF THANKS

We wish to thank our many friends and neighbors for their words of sympathy and kind deeds done during our recent bereavement in the loss of our loved one. We especially thank the Holden funeral home for their efficient service. Bro. Jones for his comforting words and for the beautiful floral offering in his memory. May you find the same comforting friends should sorrow enter your home—Mr. and Mrs. L. D. Holcombe and children; Mr. J. N. Furrh and children; Mr. and Mrs. J. H. Edwards; Mr. and Mrs. D. R. Holcombe; Mr. and Mrs. O. R. Conway.

Mrs. Clinton Herren left Tuesday for California to join her husband who was transferred there from Mississippi this week.
